### Chapter 671: Buddha's Light, More Than One Miracle of the Immortal Realm

By this time, within the Spiritual Crane Immortal Sect, none of the Earth Immortals who could remain conscious under the pressure of the Thirty-Six Celestial Spirits World-Suppressing Array had any hope for Lin Xuankong. Each and every Earth Immortal urgently advised Lin Xuankong to flee; of the thirty-six stratagems, retreat was indeed the wisest choice.

However, as the terrifying thunderball in the sky descended faster and faster towards Lin Xuankong, expressions of despair became increasingly evident on the faces of those Earth Immortals.

At this moment, Lin Xuankong had already summoned the Third Grade Cyan Nether Immortal Sword back to his side. Watching the terrifying thunderball in the sky draw nearer and fall faster, Lin Xuankong no longer hesitated. He channeled a large amount of Immortal Yuan, instantly filling the Cyan Nether Immortal Sword with all the Immortal Yuan it could store.

[Cyan Nether Immortal Sword: Growth-type Immortal Artifact, can grow up to Third Grade Immortal Tier, can be activated for three breaths once fully nurtured. Nurturing Level: Immortal Yuan 500,000/500,000]

To fully imbue the Third Grade Cyan Nether Immortal Sword with Immortal Yuan required a total of five hundred thousand points. This enormous amount of Immortal Yuan was equivalent to the entire Immortal Yuan of fifty Initial Tier Earth Immortals. If another Initial Tier Earth Immortal were to attempt to fill this Third Grade Cyan Nether Immortal Sword, it would likely take several months.

For Lin Xuankong, with his strong Life Plate and remarkable storage capacity, filling this Third Grade Cyan Nether Immortal Sword took but the blink of an eye.

The moment the Third Grade Cyan Nether Immortal Sword was fully imbued with Immortal Yuan, it emitted an extremely clear sword hum. The massive Sword Body radiated brilliant light. Immediately, it transformed into an incredibly bright streak, piercing through space and leaving a pitch-black spatial rift behind. It then struck at the terrifying thunderball propelled by the combined efforts of the Thirty-Six Celestial Tribulation Creatures.

At this point, the terrifying thunderball was already moving incredibly fast. However, the Third Grade Cyan Nether Immortal Sword, a powerful Immortal Artifact of which even the Sect Leader of the Divine

Dynasty Immortal Sect from the Central Divine Dynasty possessed only one, far exceeded this terrifying thunderball in terms of flight speed.

Within a hundredth of a breath, the Third Grade Cyan Nether Immortal Sword crossed a distance of tens of thousands of zhang, striking the underside of the massive thunderball.

Instantly, an extremely dazzling light exploded between the Third Grade Cyan Nether Immortal Sword and the thunderball driven by the Thirty-Six Celestial Tribulation Creatures. The terrifying shockwave instantly spread out from the collision point, causing the surrounding space, ten thousand zhang in diameter, to collapse simultaneously, revealing the pitch-black chaotic world behind it. The sheer scale of the affected space hinted at the terrifying power unleashed by the collision between the Third Grade Cyan Nether Immortal Sword and the thunderball.

As the extremely dazzling light gradually faded, Lin Xuankong, who was fully channeling the Third Grade Cyan Nether Immortal Sword, frowned and looked intently. He saw the Third Grade Cyan Nether Immortal Sword, its sword tip pressing directly against the exterior of the terrifying thunderball, yet it had not caused even the slightest damage to the thunderball propelled by the Thirty-Six Celestial Tribulation Creatures. The countless thunder points on the thunderball still gleamed and shone, and the near-endless runes on its surface were equally unharmed.

Moreover, the downward trajectory of the bright thunderball was not impeded in the slightest by the Third Grade Cyan Nether Immortal Sword; instead, its descent seemed to accelerate. The Third Grade Cyan Nether Immortal Sword, straining against the thunderball, was pressed down along with it.

Seeing this, even though Lin Xuankong had mentally prepared himself, his brows furrowed tightly.

That was the Third Grade Cyan Nether Immortal Sword, one of only two Third Grade Immortal Artifacts currently existing in the entire Immortal Realm, and it was incredibly heavy. Its sharpness was such that even the Immortal Body of a Fifth-Grade Earth Immortal wouldn't dare to receive a direct blow. Such a Third Grade Immortal Artifact would be coveted and feared by any Cultivator from the Five Domains of the Central Divine Dynasty. Especially since it was being wielded by him, a First-Grade Earth Immortal in the Late Stage, and he had fully infused it with a staggering five hundred thousand points of Immortal Yuan!

However, this ferocious Third Grade Cyan Nether Immortal Sword, even with a full-force attack, could not cause any damage to that thunderball and was easily suppressed.

This thunderball, propelled by the combined efforts of the Thirty-Six Celestial Tribulation Creatures, was truly extraordinary. It was more than ten thousand times stronger than the Soul-Extinction Celestial Thunderball they had previously propelled!

"Even a Third Grade Immortal Artifact offers no resistance! An attack of this magnitude is far beyond what a First-Grade Earth Immortal can withstand! Tributor Mu, if you don't escape now, when will you?"

"Tributor Mu, if you don't flee now, there will be no chance at all!"

"Quick, quick, don't hesitate, Tributor Mu!"

The many Earth Immortals on the Second Spirit Peak of the Spiritual Crane Immortal Sect cried out anxiously, their faces tense. If not for the inability to approach Lin Xuankong during the Celestial Tribulation, Sect Leader Li and the others from the Spiritual Crane Immortal Sect would likely have flown over directly to drag him away...

At this very moment, Lin Xuankong, floating in mid-air, suddenly beckoned slightly towards the Golden Patterned Ghost Frog Pouch at his waist. From within the Golden Patterned Ghost Frog Pouch, a Glazed Jade Bottle, shimmering with brilliant colors, flew out.

As soon as the Jade Bottle appeared, Lin Xuankong infused it with a vast amount of Immortal Yuan. Instantly, harmonious, golden rays of Buddha's Light, carrying numerous Buddhist Secret Texts, illuminated the surroundings. This Buddha's Light not only completely enveloped Lin Xuankong's Immortal Body, which was over three thousand six hundred zhang tall, but also formed a spherical radiant aura around it.

This caused Lin Xuankong, on whose body countless Spiritual Crane phantoms already flickered, to not only exude a profound Immortal Qi but also to be imbued with a palpable sense of Buddhist harmony and sanctity.

Chapter 672: Buddha's Light, More Than One Miracle of the Immortal Realm\_2

Resonant Buddhist chants emanated from the Buddha's Light, spreading in all directions! Seeing this scene, the Earth Immortals, who had been pale and nervous, all showed expressions of surprise.

Sect Leader Li of the Spiritual Crane Immortal Sect couldn't help but exclaim in astonishment, "This Buddha's Light, these Buddhist sounds... it seems this Jade Bottle is very much like the legendary supreme Spiritual Treasure of Spirit Platform Buddhism, the Glazed Purification Bottle?"

As the mind-clearing Buddhist sounds passed by, many Earth Immortals of the Spiritual Crane Immortal Sect, whose Heart Spirits had previously faltered, regained their composure. Spiritual Crane Fairy Qu Qiao'Er also recovered her clarity. Hearing Sect Leader Li's words, she looked up. Upon seeing Lin Xuankong enveloped in flashing Buddha's Light, the Spiritual Crane Fairy paused for a moment, then exclaimed in astonishment, "It's not just 'like' it, this definitely is the Glazed Purification Bottle! More than two years ago, I personally witnessed Yikong Bodhisattva of Spirit Platform Buddhism use this Buddhist Spiritual Treasure in Spiritual Crane Immortal City. At that time, Yikong Bodhisattva relied on this very Buddhist Spiritual Treasure to withstand that special Celestial Tribulation, one whose might far surpassed an ordinary one! However... however, the Glazed Purification Bottle is renowned as one of the supreme Spiritual Treasures of Spirit Platform Buddhism. It's said to have been consecrated by the Great Success Yu Zhen Bodhisattva, who poured immense time and Buddha Power into it. It has always been that only Galin Bodhisattva could wield it! How could such a Buddhist Spiritual Treasure fall into Tributor Mu's hands?"

Sect Leader Li of the Spiritual Crane Immortal Sect was clearly very surprised. "It truly is one of the supreme Spiritual Treasures of Spirit Platform Buddhism, the Glazed Purification Bottle? If it really is the Glazed Purification Bottle, this is indeed a tremendously good thing! Regardless of how it fell into Tributor Mu's hands, at the very least, with such a Spiritual Treasure capable of significantly reducing the might of a Celestial Tribulation, Tributor Mu's chances of passing this Double Celestial Tribulation have indeed increased!"

Upon seeing this Buddhist Spiritual Treasure, many of the Great Crane Ancestor of the Spiritual Crane Immortal Sect's previously bristled, snow-white feathers smoothed down. After letting out a cry, the Great Crane Ancestor looked at Lin Xuankong and said, "Tributor Mu, you possess such a mysterious and profound Buddhist Spiritual Treasure, why didn't you bring it out sooner? You made us old folks worry for nothing!"

Seeing Lin Xuankong suddenly employ the Glazed Purification Bottle, his body alight with shimmering Buddha's Light, the Earth Immortals of the Spiritual Crane Immortal Sect, who had been fraught with anxiety and fear, felt a significant portion of their worries lift. They no longer held the one-sided belief that Lin Xuankong would absolutely be unable to pass this Double Celestial Tribulation. This truly showed the immense renown of this Buddhist Spiritual Treasure!

However, Lin Xuankong did not relax in the slightest. The power of the Thunderball, jointly activated by the thirty-six Celestial Tribulation Creatures, had exceeded his prior expectations. He was now a First-

Grade Late Stage Earth Immortal. Yet, even when he fully unleashed the power of his Third-Grade Cyan Nether Immortal Sword, he found he couldn't impede the Thunderball in the slightest... Faced with this situation, Lin Xuankong naturally wouldn't place all his hopes solely on the Glazed Purification Bottle!

His Heart Spirit had already connected to the numerous Immortal Artifacts within the Golden Patterned Ghost Frog Pouch. Whether they were Initial Tier Immortal Artifacts; Second-Grade, Third-Grade, Fourth-Grade, Fifth-Grade, or Sixth-Grade Immortal Artifacts; or even the sole Seventh-Grade Immortal Artifact, all of them trembled slightly within the Golden Patterned Ghost Frog Pouch. Their sword bodies glowed, ready to be unleashed the moment the Buddha's Light failed to hold off the Thunderball!

Of course, that meant tens of thousands of Initial Tier Immortal Artifacts, and a large number of even more powerful Cyan Nether Immortal Swords of various grades. If all were unleashed at once, who knew how vast, how astonishing the scene would be? It would absolutely cause an unpredictable sensation!

Unless it was the absolute last moment, Lin Xuankong would definitely not play all of his tens of thousands of trump cards at once! However, if the Thunderball, jointly activated by those thirty-six Celestial Tribulation Creatures, truly threatened his life, he naturally wouldn't just sit idly by and await death...

It all depended on whether the Thunderball, jointly activated by these thirty-six Celestial Tribulation Creatures, could break through the Buddha's Light from the Glazed Purification Bottle in his hand!

Thinking this, Lin Xuankong raised his eyes towards the Thunderball rapidly accelerating in the sky!

Half a breath later, that terrifying Thunderball, glowing brilliantly and covered in countless runes, finally overwhelmed the Third-Grade Cyan Nether Immortal Sword and descended upon Lin Xuankong, entering the range of the Buddha's Light!

The next instant, under the illumination of countless rays of Buddha's Light and amidst the vibrations of countless Buddhist sounds, the once incomparably mighty and terrifying Thunderball suddenly trembled. Its speed of descent abruptly slowed countlessfold, as if a movie playing at high speed had suddenly been paused!

Then, the terrifying Thunderball, originally five hundred feet in diameter, began to vibrate rapidly. It then gradually shrank, continuously shrinking, like a giant balloon slowly being deflated!

Seeing this, Lin Xuankong couldn't help but raise his eyebrows, a hint of joy appearing in his eyes. The Glazed Purification Bottle, temporarily granted to him by Galin Bodhisattva, truly lived up to its name! It was indeed the powerful Spiritual Treasure that the Great Success Yu Zhen Bodhisattva had spent immense time and Buddha Power to consecrate. It could actually affect the Thunderball summoned by the Celestial Tribulation Creatures!

Three breaths later, under Lin Xuankong's slightly joyful gaze, the terrifying Thunderball, originally five hundred feet in diameter, had shockingly shrunk to a mere fifty feet in diameter. Its terrifyingly immense pressure and aura, which seemed capable of destroying everything, had also weakened considerably!

### Chapter 673: More Than One Buddha's Light, Immortal Realm Miracle\_3

After all, this was the Thunderball jointly summoned by the Celestial Tribulation Creatures of the Thirty-Six Great Celestial Immortal Tribulations. Even Buddha's Light could not completely obliterate the summoned entity as it could with other attacks.

However, by this time, the power carried by the terrifying Thunderball had weakened by dozens of times. Illuminated by Buddha's Light, it was temporarily unable to descend. At this point, it no longer posed a lethal threat to Lin Xuankong.

Lin Xuankong naturally refused to let this terrifying Thunderball go. He immediately mobilized the massive Immortal Yuan within his Third Grade Cyan Nether Immortal Sword, commanding it to continuously attack the Thunderball, which was fifty units in diameter.

Pierce, slash, chop, hack, slice, stab, flick, wipe... Under Lin Xuankong's control and supported by immense Immortal Yuan, the Third Grade Cyan Nether Immortal Sword frantically attacked the seemingly indestructible and terrifying Thunderball.

Thirty-six breaths later, the attacks of the Third Grade Cyan Nether Immortal Sword finally produced a slight effect. One of the countless lightning runes composing the terrifying Thunderball—a minuscule one—finally broke under millions of attacks from the Third Grade Cyan Nether Immortal Sword.

When this minuscule rune shattered, it immediately fragmented into Celestial Tribulation Special Immortal Essence. Seeing this, Lin Xuankong did not stop. He instantly absorbed the Celestial Tribulation Special Immortal Essence and then urged the Third Grade Cyan Nether Immortal Sword to attack the terrifying Thunderball with even greater ferocity.

With the first minuscule rune shattered, it was as if a dam's foundation had been compromised by an anthill. The seemingly indestructible Thunderball suddenly became much more fragile. One tiny lightning rune after another shattered under the fierce attacks of the Third Grade Cyan Nether Immortal Sword. They constantly transformed into Celestial Tribulation Special Immortal Essence, which flowed into Lin Xuankong's Immortal Body, making his Immortal Body and Six Paths Golden Core grow even stronger.

As the Thunderball's power waned and his own waxed, a hundred breaths later, the terrifying Thunderball—the mere sight of which made every powerful Earth Immortal of the Spiritual Crane Immortal Sect and the Five Elements Immortal Sect turn pale—had been whittled down by Lin Xuankong by nearly half. The vast amount of Celestial Tribulation Special Immortal Essence released from its destruction significantly augmented Lin Xuankong's Immortal Body, expanding it to a height of over three thousand seven hundred units.

By this time, the initially extremely solid and terrifying Thunderball could no longer withstand the attacks from the Third Grade Cyan Nether Immortal Sword. The hundreds of Divine Thunder Roots that composed it trembled simultaneously before shattering under the onslaught, transforming into even more Celestial Tribulation Special Immortal Essence.

Lin Xuankong did not hesitate in the slightest. He inflated his chest, now hundreds of units thick, and took a deep breath. All the massive Celestial Tribulation Special Immortal Essence was instantly drawn into his body as if by a tornado, not even the slightest trace escaping him.

As the massive Celestial Tribulation Special Immortal Essence entered his body and rapidly nourished his Immortal Body and Six Paths Golden Core, Lin Xuankong felt his body swell once again in an instant, and the Six Paths Golden Core began to spin rapidly once more. Mere breaths later, his Immortal Body had astonishingly reached a height of nearly three thousand eight hundred and eighty units—just a dozen or so units short of the limit for a First Grade Earth Immortal's Immortal Body.

At this moment, after the terrifying Thunderball, propelled by the combined efforts of the thirty-six Celestial Tribulation Creatures, disappeared, the countless Earth Immortals who had been suppressed by its terrifying pressure immediately felt the strain on their bodies and Divine Souls vanish. Many Earth Immortals looked up. Seeing Lin Xuankong, who had transformed his body once again, and noticing the Thunderball in the sky had vanished, their expressions changed dramatically, their eyes filled with astonishment and envy.

Grand Elder Sui He trembled with excitement once again. His face, resembling old, dry tree bark, had muscles and skin twitching continuously, like an old tree in an earthquake. A slightly trembling voice resonated from his mouth as he said,

"Close... close to three thousand nine hundred units! Close to three thousand nine hundred units!

"This... this... this is a height only an Immortal Body at the Perfection Realm of a First Grade Earth Immortal could achieve!

"Tributor Mu actually advanced his realm again, reaching the Perfection Realm of a First Grade Earth Immortal? If I hadn't seen it with my own eyes, I would die before believing that anyone could, within the span of a few cups of tea and under the assault of a Double Celestial Tribulation, continuously break through several realms, advancing from the Transcendence Realm straight to the Perfection Realm of a First Grade Earth Immortal!"

Sect Leader Li of the Spiritual Crane Immortal Sect was also visibly excited and had just begun to speak when he was interrupted by the cries of the Great Crane Ancestor and the Little Crane Ancestor, with their snowy white feathers.

The two Spiritual Cranes, who had lived for tens of thousands of years, began to flap their wings excitedly, flying around each other. Though ancient, the two Spiritual Cranes had pristine white feathers and light bodies, and were wreathed in Spiritual Qi. Flying around each other thus, they appeared full of Immortal Qi and spiritual charm.

The Great Crane Ancestor squawked loudly as he flew, exclaiming,

"I have lived for tens of thousands of years, witnessing the countless rises and falls of heaven's favored individuals in the Central Divine Dynasty Western Region, and I have perused innumerable records in the Immortal Realm! I am exceedingly certain that the Double Celestial Tribulation Tributor Mu successfully endured today is unequivocally the first in the entire Central Province Divine Dynasty Immortal Realm—a miracle never before seen in the Immortal Realm!

"Tributor Mu's breakthrough from the Transcendence Realm to the Perfection Realm of a First Grade Earth Immortal within the span of a few cups of tea is likewise a miracle unprecedented in the Central Province Divine Dynasty Immortal Realm!

"Today, to be able to witness such a miracle with my own eyes alongside fellow Daoists is truly a moment of incomparable joy, truly incomparable joy!"

Chapter 674: More Than One Buddha's Light, Immortal Realm Miracle\_4

The little Crane Ancestor flying around the Great Crane Ancestor was equally excited and began to chirp joyfully,

"HAHAHA, Crane University, what you said is not correct. The miracles Tributor Mu created today are not only unprecedented in the entire Central Province Divine Dynasty's Immortal Realm! For hundreds of thousands of years, counting Spirit Platform Buddhism, Profound Yin Demon Realm, and Boundaryless Mountain Demon Realm, no cultivator has ever accomplished such miracles!

"After today, the name of Tributor Mu will spread throughout the Central Province Divine Dynasty Immortal Realm, even reaching the Profound Yin Demon Realm and Boundaryless Mountain Demon Realm!

"In my opinion, it won't be long before top-tier Immortal Sects from Central Earth of the Central Divine Dynasty will send people over!

"This kind of genius who can amaze the entire Immortal Realm, Demon Realm, Buddha Land, and Demon Realm will definitely catch the attention of top-tier Immortal Sects from Central Earth, and our Central Divine Dynasty Western Region and our Spiritual Crane Immortal Sect will become bustling, HAHAHA!"

These two Crane Ancestors, who always held a high position in the Spiritual Crane Immortal Sect with an extended lifespan, were now acting as lively and adorable as young spiritual cranes, completely forgetting to maintain their dignified demeanor as Crane Ancestors!

Seeing the two Crane Ancestors so happy, the other Earth Immortals also echoed their joy.

When these Earth Immortals looked up at Lin Xuankong, their eyes not only showed envy, yearning, and anticipation, but also a deep sense of reverence from many of them.

Back then, Lin Xuankong, with his astonishing Artifact Refining Technique and the powerful Buddha-Calling Jade Talisman, once subdued the Seventy-Six Immortal Sects Alliance in the Central Divine Dynasty Western Region. At that time, Lin Xuankong was undoubtedly strong, but he was merely a Transcendent Realm cultivator, relying solely on external objects and the Artifact Refining Technique to maintain his status!

At this moment, Lin Xuankong, who had resisted the Thirty-Six Great Celestial Immortal Tribulations and the Double Celestial Tribulation, had achieved the Perfection Realm of a First Grade Earth Immortal in one go. Now, with the Tier Three Cyan Nether Immortal Sword in his hand, his strength was no less than any Earth Immortal present. Furthermore, his talent and bloodline could attract the Thirty-Six Great Celestial Immortal Tribulations. The numerous Earth Immortals were certain that Tributor Mu's strength would rise rapidly, faster than anyone else's.

Such Lin Xuankong was no longer just an Artifact Refining Master they needed to respect. He was an emerging formidable figure, one with terrifying strength that would only grow stronger!

Thinking of this, how could the numerous Earth Immortals not be filled with envy and respect!

However, no one among the Earth Immortals present knew that the strength and treasures Lin Xuankong displayed at this moment were just a small part of his countless cards!

The various enhancement methods that Lin Xuankong could use to instantly boost his strength had not been used yet.

His forty-eight times Great Enhancement Technique obtained from the Celestial Demon Bone had not been used.

His nearly limitless growth, which could provide almost infinite resources—the Tier Nine Celestial Demon Bone and Great Reincarnation Technique—was known to few.

As for the tens of thousands of Initial Tier Immortal Artifacts and a large number of First, Second, Third, and Middle-High Grade Immortal Artifacts, he had not used them either!

If Lin Xuankong displayed all these methods right now, the numerous Earth Immortals present wouldn't know to what extent they would be shocked....

While the numerous Earth Immortals were sighing in admiration, Lin Xuankong, floating in mid-air, showed a hint of anticipation on his face. He controlled the Tier Three Cyan Nether Immortal Sword and looked up at the thirty-six Celestial Tribulation Creatures under the Celestial Tribulation Clouds.

Now that his realm had rapidly soared to the Perfection Realm of a First Grade Earth Immortal, his immortal body had grown to over three thousand eight hundred zhang. He was just a dozen zhang short. He only needed a little more Celestial Tribulation Special Immortal Essence to reach the point where he could consume the Immortal Ascension Treasure Pill again!

At this moment, Lin Xuankong naturally hoped that those thirty-six Celestial Tribulation Creatures would launch some more attacks at him....

If the numerous Earth Immortals knew Lin Xuankong's current thoughts, they would probably show extremely peculiar expressions. In their view, Lin Xuankong had already achieved incredible feats. He had endured the Thirty-Six Great Celestial Immortal Tribulations, withstood the Double Celestial Tribulation, and, in one fell swoop, ascended to the Perfection Realm of a First Grade Earth Immortal. Such achievements, miracles, and rapid advancement would make these Earth Immortals beam with joy and pride for a thousand years if it were them!

However, it seemed that the thirty-six Celestial Tribulation Creatures had no intention of attacking again at this moment.

When Lin Xuankong looked up at them, the thirty-six Celestial Tribulation Creatures forming the Thirty-Six Celestial Spirits World-Suppressing Array all looked at Lin Xuankong. After staring at him for several breaths, the thirty-six Celestial Tribulation Creatures suddenly shrunk. Their bodies, initially ten thousand zhang tall, shrank to mere specks of light in less than a tenth of a breath, and then flew into the Celestial Tribulation Clouds!

Immediately after, the massive Celestial Tribulation Clouds that covered the entire sky began to dissipate at a rapid pace. In the blink of an eye, they vanished completely, revealing the scorching sun behind the thick tribulation clouds!

As the thirty-six Celestial Tribulation Creatures and the vast Celestial Tribulation Clouds dispersed, the millions of cultivators, who were previously suppressed to kneel by the Thirty-Six Celestial Spirits World-Suppressing Array, finally looked up one by one, still shaken. Upon seeing the blazing sun in the sky, they were momentarily stunned, then turned their gazes collectively toward the direction of the Spiritual Crane Immortal Sect.

#### Chapter 675: More Than One Buddha's Light, Immortal Realm Miracle\_5

When they saw Lin Xuankong floating mid-air, completely unscathed, his Immortal Body having expanded to a height of over thirty-eight hundred units, the millions of Cultivators within Spiritual Crane Immortal City, and the tens of thousands of Immortal Sect Disciples and Immortal Servants of the Spiritual Crane Immortal Sect, all gasped in astonishment.

"My heavens! What happened? Tributor Mu of the Spiritual Crane Immortal Sect is unscathed? That terrifying Grand Array set up by the thirty-six Celestial Tribulation Creatures... its pressure alone caused my Divine Soul to stagnate, leaving me unable to think or perceive! Yet Tributor Mu is unharmed? How did he withstand the attacks from those thirty-six Celestial Tribulation Creatures?"

"Who knows? Weren't we all floored and completely stunned?"

"No, no, this Tributor Mu wasn't unharmed at all; his Immortal Body has clearly grown much larger. This means Tributor Mu must have absorbed a considerable amount more Celestial Tribulation Special Immortal Essence. It proves he definitely endured the attacks from the thirty-six Celestial Tribulation Creatures and withstood them!"

"The pressure alone was so terrifying that not one of the millions of Transcendence Realm Cultivators could withstand it. Imagine how dreadful the subsequent attacks from the Celestial Tribulation Creatures must have been! How did Tributor Mu possibly survive?"

Now that the pressure had dissipated, the millions of Cultivators began to discuss incessantly. However, the pressure created by the Thirty-Six Celestial Spirits World-Suppressing Array had been so horrifying that none of these millions of Cultivators had sensed what actually happened...

「At the entrance of the Sect Leader's Hall on the Second Spirit Peak of the Spiritual Crane Immortal Sect」

A figure in green suddenly floated up from the ground, flying towards Lin Xuankong. This figure in green attire was, naturally, Lin Xuankong's most cherished Young Lady Li Xiaolan. Under the pressure of the Thirty-Six Celestial Spirits World-Suppressing Array, even as a Late Stage Transcendence Realm Cultivator, she couldn't withstand it and had lost consciousness.

As the pressure dissipated, Young Lady Li Xiaolan saw that the Celestial Tribulation Clouds and the thirty-six Celestial Tribulation Creatures had vanished, and Lin Xuankong's Immortal Body had grown significantly larger. How could she not understand then? Her husband had finally passed the terrifying Celestial Tribulation that almost everyone believed he could not survive!

"The pressure just now was too terrifying. Under that kind of pressure, I couldn't even move a finger or form a single thought. I was completely stupefied!

"I thought... As long as you're unharmed, that's all that matters! It's good that you're alright!"

As Young Lady Li Xiaolan floated closer, the worry on her face completely vanished, replaced by a look of pure joy.

Lin Xuankong looked down and saw this Young Lady of his flying towards him, a gentle look filling his eyes. The many Earth Immortals and Cultivators present were mostly excited because he had created yet another miracle, or they were in awe of his greatly increased power. Only this Young Lady was solely concerned for his safety! She only cared if he was alright or not...

This girl! Lin Xuankong shook his head slightly, a smile on his face as he reached out to meet Young Lady Li Xiaolan.

A few moments later, Young Lady Li Xiaolan, dressed in green, landed steadily in the palm of Lin Xuankong's right hand.

Lin Xuankong, with his Immortal Body standing over thirty-eight hundred units tall, held Young Lady Li Xiaolan in his enormous right palm, bringing it close to his face. "Don't worry," he said, "your husband has never done anything he wasn't confident about. That was true before, it's true now, and it will be true in the future. I'll definitely be fine!"

Young Lady Li Xiaolan stood in Lin Xuankong's palm and nodded vigorously.

She carefully examined the now immensely larger Lin Xuankong, gazing into his deep eyes. After studying him for a long moment and confirming he had no injuries, her lips suddenly curved into a smile. "Grand Tributor Mu," she said playfully, "now that you've completed your Tribulation Crossing and your power has greatly increased, this is truly a joyous occasion worth celebrating! You absolutely must treat me to a grand feast!"

"Huh? I went through such a difficult Celestial Tribulation; shouldn't you be celebrating for me and treating me to a meal? How come you're still thinking of having me treat you?"

"Oh my goodness! Your appetite was already terrifying—you'd eat over a hundred thousand pounds of food at a meal! Now that your body has grown so much larger, your appetite must be even more horrifying. I can't possibly afford to treat you! All the Grade-Entering Profound Truth Jade and materials I've painstakingly saved are for Refining the Immortal Ascension Treasure Pill! You treat! You absolutely must!"

"Alright, I can treat. You pick the place. Besides, I have plenty of Grade-Entering Profound Truth Jade right now! But let's get this straight: I'll treat, and you can eat your fill, but absolutely no using your Ghost Frog Pouch to sneak food away! The last few times I treated you and Yu Fei, each of you used a Ghost Frog Pouch to haul away heaps of food. That was just too much!"

"What are you talking about? How could I possibly do such a thing? Go on, find a witness! Am I, Lii Xiaolan, the kind of person who can't finish her food and then uses a Ghost Frog Pouch to carry it away?" Young Lady Li Xiaolan instantly puffed out her cheeks, looking indignant.

Seeing this, Lin Xuankong couldn't help but laugh heartily.

Holding his Young Lady in his palm, he floated in mid-air and gazed down at the countless Earth Immortals and Cultivators staring up at him.

Looking at the expressions of those countless Cultivators and Earth Immortals, a sense of pride welled up in Lin Xuankong's eyes. He knew that from this day forward, his status in the Central Divine Dynasty Western Region was bound to change again, and the status of the Spiritual Crane Immortal Sect in the Central Divine Dynasty Western Region was also set to transform!

However, the most important thing was that the gains from this Celestial Tribulation were tremendous. Besides the significant increase in my power, allowing me to step into the Perfection Realm of a First-Grade Earth Immortal capable of freely wielding numerous Immortal Artifacts, I also gained some insights into the Thirty-Six Celestial Spirits World-Suppressing Array!

With this transformation in strength and these insights into the Thirty-Six Celestial Spirits World-Suppressing Array, my chances of preparing to deal with the Fiends, Demon Generals, and Demon Lords of the Profound Yin Demon Sect will be greatly enhanced!

Chapter 676: The Protagonist of the Western Region Banquet, Divine Beast Immortal Carriage

In the blink of an eye, twenty days had passed.

At dawn, within the grand hall of the First Spirit Peak of the Spiritual Crane Immortal Sect, Lin Xuankong gazed at a round sand table more than a zhang in diameter before him. On this sand table, all the buildings and peaks within the Spiritual Crane Immortal Sect were arranged, only much smaller in size. Whether it was the thirty-six Spirit Peaks of the Spiritual Crane Immortal Sect or other Lingxiu Peaks and majestic grand halls, they were all accurately scaled and placed on the sand table. The difference from the true buildings and peaks of the Spiritual Crane Immortal Sect was that in the positions of many peaks, spirit peaks, and grand halls on this sand table, some small and scaled-down immortal artifacts were arranged. Moreover, the arrangement of those immortal artifacts carried a hint of the aura of the Thirty-Six Celestial Spirits Tribulation Suppression Array...

Staring at the round sand table, Lin Xuankong pondered carefully, continuously moving the positions of those scaled-down immortal artifacts. After moving each immortal artifact, he would stop, silently calculate for a moment, and then adjust its position again.

After more than an hour, the day had already brightened. Having adjusted his array formation the entire night, Lin Xuankong let out a slight breath and put the sand table into the Ghost Frog Pouch. He furrowed his brows and pondered for a moment, then immersed his Heart Spirit into his sea of consciousness.

[Thousand Cranes Array: Fifth Layer of Earth Tier: 231/500]

Since crossing the Thirty-Six Great Celestial Immortal Tribulations a few days ago, through careful observation of the Thirty-Six Celestial Spirits World-Suppressing Array formed by the thirty-six Celestial Tribulation Creatures, he gained many insights, and Lin Xuankong's array formation skills began to improve rapidly. Initially, his array level at the Fifth Layer of Earth Tier was only 28 proficiency points, but in these twenty days, it directly increased by more than 200 points, reaching 231 proficiency points! This improvement speed far exceeded the proficiency gains from Lin Xuankong's previous study of arrays.

It should be known that due to the blessing of the Nine Gates Celestial Eye, Lin Xuankong already possessed a talent in arrays many times greater than that of an ordinary Earth Immortal. With the added boon of [Old and Wise], his speed in studying arrays and improving his skills was far beyond that of any other cultivator. His two years of array study might be equivalent to several hundred or even a thousand years for other Earth Immortals! Even so, after more than two years of diligent study, his ability to set up the Thousand Cranes Array had only barely reached the Fifth Layer of Earth Tier!

Now, continuously reflecting on those insights from the Thirty-Six Celestial Spirits Tribulation Suppression Array, his progress in array formation had surprised even himself, reaching the mid-stage of the Fifth Layer of Earth Tier in just about twenty days. It's estimated that with another twenty to thirty days, he would be able to reach the Sixth Layer of Earth Tier, capable of setting up the Sixth-Grade Sect Protection Array, which only the founder of the Spiritual Crane Immortal Sect could arrange!

These insights into the Thirty-Six Celestial Spirits Tribulation Suppression Array were extremely valuable and significant, arguably one of Lin Xuankong's most important gains during his tribulation crossing!

In fact, this was quite normal. According to the Great Crane Ancestor and Grand Elder Sui He of the Spiritual Crane Immortal Sect, this Thirty-Six Celestial Spirits Tribulation Suppression Array is a legendary formation that only beings from the Upper Realm can arrange. No one in the Immortal Realm was capable of setting it up. Having this Celestial Tier Array for reference, Lin Xuankong found studying Earth Tier arrays much more favorable, progressing swiftly!

However, because when the Thirty-Six Celestial Spirits Tribulation Suppression Array appeared, only Lin Xuankong remained calm, carefully observing that Thirty-Six Celestial Spirits Tribulation Suppression Array from the Upper Realm, this astounding gain and fortune naturally belonged to Lin Xuankong alone!

In these twenty days, aside from the rapid improvement in array skills, Lin Xuankong's other cultivation techniques were also steadily and quickly advancing. The proficiency in Alchemy Technique, Artifact Refining Technique, Heart Thought, Nine Gates Celestial Eye, Blood Eating Technique, and the nurturing level of the Tier Nine Celestial Demon Bone were all continuously progressing.

Apart from this, after advancing to the Perfection Realm of First Grade Earth Immortal, Lin Xuankong's lifespan astonishingly surged again, increasing by more than twenty thousand years on the basis of an Initial Tier Earth Immortal!

Chapter 677: The Protagonist of the Western Region Grand Gathering, Divine Beast Immortal Carriage\_2

This extended Lin Xuankong's Lifespan limit to an astounding nearly fifty thousand years... Such a Lifespan limit is almost equivalent to that of High-Grade Earth Immortals. Even the two highly experienced Crane Ancestors of the Spiritual Crane Immortal Sect have not lived this long!

This massive increase in his Lifespan limit was beyond my expectations, Lin Xuankong thought. Although I'm quite delighted, I can't help but feel puzzled.

Thus, regarding the increase in Lifespan after the advancement of the Earth Immortal Realm, Lin Xuankong had recently sought insights from the two Crane Ancestors and Grand Elder Sui He.

According to these veteran Earth Immortals, for a regular member of the Human Race, ascending from an Initial Tier Earth Immortal to the First-Grade Earth Immortal Realm typically results in a Lifespan increase of around two thousand years.

In other words, Cultivators at the First-Grade Earth Immortal Realm, if they do not consume special Life-extending Treasure Medicine, can mostly only live up to around ten thousand years before their Lifespan runs out.

As for why Lin Xuankong's Lifespan increased so dramatically, through some inquiries, he concluded that, according to the Great Crane Ancestor of the Spiritual Crane Immortal Sect, although the Lifespan of a Human Race Earth Immortal is long, it ultimately has a limit unless they encounter a great fortune—consuming a Sixth Celestial Vein Spiritual Object and forming the Six Paths Golden Core!

According to the Great Crane Ancestor of the Spiritual Crane Immortal Sect, those who possess the Six Paths Golden Core are considered highly likely to achieve the Ninth-Grade Earth Immortal Realm or even have a chance to glimpse the Celestial Immortal Realm. This is not just due to the various wonders and powers of the Six Paths Golden Core, but also because its possessors, within the Earth Immortal Realm, will have Lifespans far exceeding their Same Tier counterparts!

With such a long Lifespan, those lucky individuals who possess the Six Paths Golden Core can naturally prepare their resources and Treasures more thoroughly, thereby increasing their chances of surviving multiple Celestial Tribulations...

However, the yield of the Sixth Celestial Vein Spiritual Object is extremely low, appearing only once in nearly ten thousand years. Additionally, the chance of forming the Sixth Celestial Vein after consuming it is very low. Therefore, even if all Cultivators of the Central Province Divine Dynasty Immortal Realm are combined, the number of Cultivators with the Six Paths Golden Core remains pitifully small!

This revelation naturally resolved Lin Xuankong's doubts and filled him with immense joy.

Apart from himself, Young Lady Lii Xiaolan, Second Lady Zhao Yufei, Third Princess Xiaoo Ying'Er, Miss Xiao, and the Lin Family Seven Tigers had all formed the Sixth Celestial Vein! This meant that if they could also safely pass future Celestial Tribulations, their current bodies, like his own, would have Lifespans far exceeding other Earth Immortals of the Same Tier, allowing them to accompany me through long years of Cultivation—this is truly a joyous event worth celebrating!

As Lin Xuankong was contemplating his gains and growth over the past twenty-odd days since the Celestial Tribulation, he suddenly heard footsteps outside the hall.

He turned his head and saw Young Lady Lii Xiaolan standing at the entrance of the hall with Sect Leader Li of the Spiritual Crane Immortal Sect, Grand Elder Sui He, Medicine Immortal Qu Wan'Er, and others.

Sect Leader Li of the Spiritual Crane Immortal Sect cupped his hands from a distance and said to Lin Xuankong, "Tributor Mu, all the Spirit Wine, Spirit Fruit, and celebration arrangements are ready. The Earth Immortals from one hundred twenty-six Immortal Sects of the Central Divine Dynasty Western Region are waiting in the main hall of the Second Spirit Peak, just waiting for your arrival!"

Upon hearing this, Lin Xuankong shook his head slightly. "It was just one Celestial Tribulation. Is there a need to make such a big commotion, requiring the Earth Immortals from one hundred twenty-six Immortal Sects to travel countless miles to our Spiritual Crane Immortal Sect?"

It wasn't that Lin Xuankong didn't want to meet these Earth Immortals or participate in the multi-day grand event of the Immortal Realm. It was just that the crisis of the Profound Yin Demon Sect was imminent. In his view, it would be more worthwhile to use this time to further study Arrays and strive to elevate his mastery to the Sixth Layer, Seventh Layer, or even higher...

Sect Leader Li of the Spiritual Crane Immortal Sect quickly smiled apologetically, "Tributor Mu, you've just overcome the Thirty-Six Great Celestial Immortal Tribulations, as well as the Double Celestial Tribulation, and even showcased a Third Grade Immortal Artifact. You've ascended from the Transcendence Realm to the Late Stage of the First-Grade Earth Immortal Realm in one leap. All these miracles have never been seen in the Central Divine Dynasty Western Region, nor in the entire Central Divine Dynasty. It's the greatest celebration for our Central Divine Dynasty Western Region!

These Earth Immortals from the one hundred twenty-six Immortal Sects of the Central Divine Dynasty Western Region all came uninvited, specifically to celebrate this joyous event at our Spiritual Crane Immortal Sect!"

Ever since Lin Xuankong used the Third Grade Immortal Artifact during the Celestial Tribulation and easily passed the Thirty-Six Great Celestial Immortal Tribulations and the Double Celestial Tribulation, his status in the Spiritual Crane Immortal Sect was like the sun at high noon. Even the three Grand Elders and the two Crane Ancestors of the Spiritual Crane Immortal Sect were respectful in his presence, let alone Sect Leader Li. Seeing that Lin Xuankong was reluctant to meet the Earth Immortals, Sect Leader Li could only smile and try to persuade him.

As Lin Xuankong was about to speak, Young Lady Lii Xiaolan, her dress fluttering, quickly walked to his side. Glancing at Lin Xuankong, she playfully held his hand and said with a smile, "One hundred twenty-six Immortal Sects and over twelve hundred Earth Immortals from the Central Divine Dynasty Western Region have gathered at the Spiritual Crane Immortal Sect. It is a rare grand event, one not seen in tens of thousands of years, and they all came because of you, husband. You must show your face! Besides, this celebration has all kinds of Spirit Fruit, Spirit Wine, and delicacies, all treasured by each Immortal Sect and rarely tasted at other times!"

Spirit Fruit, Spirit Wine, delicacies... Lin Xuankong glanced at his foodie Young Lady. Feeling somewhat helpless, he could only nod.

Chapter 678: The Protagonist of the Western Region Gala, Divine Beast Immortal Carriage\_3

After a moment, Lin Xuankong, along with Young Lady Lii Xiaolan, Sect Leader Li of the Spiritual Crane Immortal Sect, the three Grand Elders Sui He, Qing He, and Cang He, Medicine Immortal Qu Wan'Er, and others, floated towards the vicinity of the main hall entrance of the Second Spirit Peak of the Spiritual Crane Immortal Sect.

At this moment, more than 1,200 Earth Immortals from 126 Immortal Sects were already waiting at the main hall entrance. They had received word from Sect Leader Li of the Spiritual Crane Immortal Sect.

These more than 1,200 Earth Immortals had not altered their Immortal Body sizes. However, powerful Immortal Yuan fluctuations emanated from their Immortal Bodies, forming various unique phantasmal images around them: dancing spiritual cranes, swirling flames, flowing water, and blooming flora. Each radiated Immortal Charm, appearing utterly otherworldly.

Aside from a few Earth Immortals in seclusion, nearly all representatives from these 126 Immortal Sects were present.

These Earth Immortals, being true Immortals, naturally held prominent positions within their respective Immortal Sects. However, upon seeing Lin Xuankong and several Earth Immortals from the Spiritual Crane Immortal Sect approach, these more than 1,200 Earth Immortals respectfully cupped their hands. They announced in unison, "Welcome, Tributor Mu! Congratulations, Tributor Mu, on overcoming the Celestial Tribulation and achieving the First-Grade Earth Immortal Realm!"

The respectful reception by more than 1,200 Earth Immortals showcased their collective status and imposing aura. When the disciples of the Spiritual Crane Immortal Sect on other Spirit Peaks witnessed this, tens of thousands of them became visibly excited, their faces brimming with pride.

Excitement wasn't limited to the tens of thousands of Transcendence Realm disciples of the Spiritual Crane Immortal Sect; the Earth Immortals floating beside Lin Xuankong also showed thrilled expressions.

Upon witnessing this scene, Sect Leader Li of the Spiritual Crane Immortal Sect became so excited that he continuously stroked his three long strands of beard, smoothing them out completely... The other three Grand Elders, two Crane Ancestors, and two Vice Sect Leaders of the Spiritual Crane Immortal Sect also displayed joyful expressions, nodding repeatedly.

This was especially true for the two Crane Ancestors of the Spiritual Crane Immortal Sect, who had co-founded the sect with Ancestor Li. Back when Ancestor Li was alive, the Spiritual Crane Immortal Sect, at its most prosperous and powerful, had only managed to rank among the Twelve Great Immortal Sects of the Central Divine Dynasty Western Region. Despite a constant increase in disciples over thousands of years, it had never broken into the top three among the numerous Immortal Sects in the Central Divine Dynasty Western Region.

However, since Lin Xuankong joined the Spiritual Crane Immortal Sect just over two years ago, the sect had not only firmly become the foremost among the Twelve Great Immortal Sects of the Central Divine Dynasty Western Region, but it had now also achieved the feat of receiving homage from 126 Immortal Sects throughout the Central Divine Dynasty Western Region!

This achievement, this grand spectacle, was a long-held dream—one they had scarcely dared to hope for—finally realized for the two Crane Ancestors. With it all unfolding right before their eyes, how could they not be ecstatic!

For a moment, the Immortal Yuan of the two Crane Ancestors fluctuated intensely. They began to cry out in unison, circling above Lin Xuankong's head and bowing frequently.

Among the more than 1,200 Earth Immortals, the sect leaders of the Beimang Immortal Sect, Western Nether Immortal Sect, West Star Immortal Sect, and Wine Immortal Sect, led by Wine Sword Immortal Chi Liuxia, floated up to greet Lin Xuankong.

There were over one hundred Immortal Sects in the Central Divine Dynasty Western Region. Among them, the Seventy-Six Immortal Sects Alliance (excluding the already destroyed Fire Spirit Immortal Sect) had seen its strength continuously decline due to years of paying tribute. Even the Five Elements Immortal Sect, which had once been faintly ranked first, had now been surpassed by these four major Immortal Sects, including the Beimang Immortal Sect.

The other dozens of Immortal Sects had not changed significantly, but their strength was now far surpassed by the Beimang Immortal Sect, Western Nether Immortal Sect, West Star Immortal Sect, and Wine Immortal Sect.

The reason for this was clear: when the Seventy-Six Immortal Sects Alliance had attacked the Spiritual Crane Immortal Sect, the Beimang Immortal Sect, Western Nether Immortal Sect, West Star Immortal Sect, and Wine Immortal Sect had provided crucial support. They did so despite the dangers, out of gratitude for their friendship with the Spiritual Crane Immortal Sect.

Although the Seventy-Six Immortal Sects Alliance had been primarily repelled thanks to Galin Bodhisattva and Lin Xuankong's Buddha-Calling Jade Talisman, the critical decision of the Beimang Immortal Sect, Western Nether Immortal Sect, West Star Immortal Sect, and Wine Immortal Sect to stand with them ensured Lin Xuankong would reciprocate.

He now possessed tens of thousands of Immortal Artifacts, enough to fill four or five Ghost Frog Pouches completely!

Now fabulously wealthy, Lin Xuankong was naturally not stingy. Besides gifting the Spiritual Crane Immortal Sect dozens of Initial Tier Immortal Artifacts and several First-Grade Immortal Artifacts, he also gave several Immortal Artifacts to each of those four allied sects.

It wasn't that he was unwilling to give these vital allies more Immortal Artifacts; rather, he didn't wish to be too ostentatious. Lin Xuankong was currently the most prominent figure in the Central Divine Dynasty Western Region. If he were to casually distribute large quantities of Immortal Artifacts to other sects, who knew what kind of repercussions might follow...

Of course, even though he had only given a few Immortal Artifacts to each of the Beimang Immortal Sect, Western Nether Immortal Sect, West Star Immortal Sect, and Wine Immortal Sect, this gift still significantly boosted their collective strength. It elevated them to become the top four Immortal Sects in the Central Divine Dynasty Western Region, second only to the Spiritual Crane Immortal Sect.

Even the Five Elements Immortal Sect, which had once been faintly ranked as the top Immortal Sect in the Central Divine Dynasty Western Region, could no longer compare to these four and was now thoroughly overshadowed.

Thus, the Beimang Immortal Sect, Western Nether Immortal Sect, West Star Immortal Sect, and Wine Immortal Sect reaped enormous benefits simply for having assisted the Spiritual Crane Immortal Sect at that critical moment.

Chapter 679: The Protagonist of the Western Region Gala, Divine Beast Immortal Carriage\_4

The other more than one hundred Immortal Sects in the Central Divine Dynasty Western Region were filled with envy, but all they could do was envy. After all, those other Immortal Sects had either attacked the Spiritual Crane Immortal Sect or dared not provoke the Seventy-Six Immortal Sects Alliance back then!

At this moment, the Earth Immortals of the four major Immortal Sects, led by Chi Liuxia, rapidly approached Lin Xuankong, forming two rows before him in a special welcome.

Chi Liuxia, holding his Wine Gourd Immortal Artifact and exuding a rich fragrance of wine, approached Lin Xuankong, shaking his head and sighing, "More than two years ago, when I first met Tributor Mu, I, Old Chi, already sensed he was an extraordinary person. However, even if I had racked my brains back then, I never would have imagined that in just two short years, Tributor Mu would condense a Six Paths Golden Core, become a First-Grade Perfection Realm Earth Immortal, craft numerous Immortal Artifacts, and achieve one miracle after another!

If I had known Tributor Mu's talent, bloodline, and methods were so astonishing back then, I would have invited him to join our Wine Immortal Sect without hesitation! If that had happened, our Wine Immortal Sect would be the First Immortal Sect in the Central Divine Dynasty Western Region!"

Sect Leader Li of the Spiritual Crane Immortal Sect burst into laughter upon hearing this. "Old Chi, stop dreaming. Tributor Mu is doing perfectly well in our Spiritual Crane Immortal Sect. How could he possibly join your Wine Immortal Sect and mix with you lot of wine guzzlers!

If I were you, I'd have the many Earth Immortals and disciples of the Wine Immortal Sect brew a few more jars of unparalleled Spirit Wine and present them to Tributor Mu. If Tributor Mu is pleased after tasting the fine wine, he might just refine an Initial-Tier Immortal Artifact and bestow it upon your Wine Immortal Sect. Now that would be a sensible approach!"

Upon hearing this, Chi Liuxia's expression flickered, a hint of pained reluctance showing. "That's not such an easy task... Old Li, do you think unparalleled Spirit Wine is so simple to brew? Spirit Wine potent enough to intoxicate an Earth Immortal often takes thousands of years to concoct!"

Sect Leader Li of the Spiritual Crane Immortal Sect shook his head repeatedly. "In my opinion, it's not that unparalleled Spirit Wine is difficult to brew; it's that once it's brewed, you, you old wine-soak, can't resist secretly drinking it yourself! HAHAAAAHA!"

The Earth Immortals from the Spiritual Crane Immortal Sect, Beimang Immortal Sect, Western Nether Immortal Sect, West Star Immortal Sect, and Wine Immortal Sect all roared with laughter upon hearing this.

Initially, the numerous Earth Immortals were somewhat nervous due to Lin Xuankong's arrival. However, upon seeing Sect Leader Li of the Spiritual Crane Immortal Sect and Chi Liuxia joking around, they all relaxed considerably. The Second Spirit Peak of the Spiritual Crane Immortal Sect was then filled with a joyous atmosphere.

After laughing heartily for a moment, Grand Elder Sui He bowed slightly towards Lin Xuankong and cupped his hands. "Tributor Mu, the Sect Leader's Hall has been prepared with all kinds of Spirit Wine, Spirit Fruits, and delicious delicacies. Please, come in!"

The many Earth Immortals made way, all cupping their hands in salute to Lin Xuankong.

Lin Xuankong nodded slightly, returned the salute to the assembled immortals, and then, with Young Lady Li Xiaolan, flew towards the entrance of the Sect Leader's Hall on the Second Spirit Peak.

Leaning against Lin Xuankong and holding his arm, Young Lady Li Xiaolan gazed at the surrounding more than one thousand powerful, Immortal Qi-radiating Earth Immortals. Observing their deeply respectful and deliberately fawning demeanor towards Lin Xuankong, a smile couldn't help but touch her lips.

She thought about the man beside her. Eight or nine years ago, he was just an unremarkable seller of flatbreads in Wutong Village of Great Marsh Prefecture in the Great Xia Dynasty. Now, however, he had transformed into a powerful Earth Immortal who commanded the respect of all Earth Immortals in the Central Divine Dynasty Western Region. A dream-like sensation welled up in Young Lady Li Xiaolan's heart.

Eight or nine years ago, even if she were beaten to death, she would never have believed that her husband could reach such heights and achieve such a status today!

As Young Lady Li Xiaolan was lost in her myriad emotions, Lin Xuankong's voice suddenly reached her. "I wonder if, among the thousands of delicious dishes prepared in the Sect Leader's Hall, there are any of those chive pancakes you like!"

Young Lady Li Xiaolan's expression paused for a moment, her beautiful eyes turning to Lin Xuankong. "Hmm, speaking of which, I do rather miss the chive pancakes from Wutong Village, and also those few small buildings I personally supervised the craftsmen in building. I wonder how Sister Little Chun, who is so good at cooking, and that old willow tree at home are doing."

Lin Xuankong chuckled upon hearing her words. "Matters in the Immortal Realm are not yet settled. Once things here are concluded, I will go back to Great Marsh Prefecture with you. We haven't seen many old friends there for several years; I wonder how they are. I hope they are all safe and well."

Upon hearing this, Young Lady Li Xiaolan raised an eyebrow. "Oh? You're not, by any chance, thinking about that pretty little Daoist nun Jiang Yuran from the Yin Talisman Sect, are you?"

Lin Xuankong was rendered speechless.

The grand banquets of an Immortal Sect are naturally unlike those of the mortal world.

If this were in Great Marsh Prefecture, even the banquets of the most prominent families could not possibly feature Spirit Wine and Spirit Fruits with such varied spiritual effects, let alone delicious dishes made from the Demon Flesh of Tier Nine and even Demon King-level beasts!

These Spirit Wines, Spirit Fruits, and delicacies made from Demon King-level Demon Flesh contained vast amounts of Immortal Yuan, comparable to top-grade Spirit Herbs and Elixirs. If ordinary people consumed them, even if they couldn't retain the Immortal Yuan, their physical constitution would improve under its influence, prolonging their lives and curing all illnesses!

For Lin Xuankong, these Spirit Wines, Spirit Fruits, and delicious dishes naturally became excellent sustenance for replenishing his massive reserves of Immortal Yuan.

Lin Xuankong had now reached the First-Grade Perfection Realm as an Earth Immortal. The storage limit for his Life Chart Immortal Yuan had reached a terrifying 240,000,000 points. A normal First-Grade Earth Immortal, by contrast, could store at most 20,000 points of Immortal Yuan. The difference between such an immortal and Lin Xuankong was simply worlds apart!

Chapter 680: The Protagonist of the Western Region Gala, Divine Beast Immortal Carriage\_5

If it were an ordinary First-Grade Earth Immortal, consuming tens of thousands of catties of Spirit Fruits and hundreds of catties of Spirit Wine would cause their Immortal Yuan to gradually overflow. Lin Xuankong, however, was different. Even if he consumed hundreds of thousands of catties of Spirit Fruits and Spirit Wine in a single day, the abyss-like storage capacity of the Life Plate within his body would still be far from full!

However, with over a thousand Earth Immortals from one hundred twenty-six Immortal Sects offering various Spirit Wines, Spirit Fruits, and delicious food, Lin Xuankong's speed of replenishing Immortal Yuan increased significantly! This made Lin Xuankong, who had initially been reluctant to attend the banquet and waste time, quite surprised and pleased!

This grandest Earth Immortal banquet in the Central Divine Dynasty Western Region lasted for thirty-three days. During the daytime, Lin Xuankong would leave the banquet to continue his Array deduction and Cultivation. At night, however, he would revel with over a thousand Earth Immortals from all corners of the land, feasting extravagantly to frantically replenish his Immortal Yuan!

Lin Xuankong's Blood Eating Technique had already significantly increased his appetite. After his physique advanced into a powerful Immortal Body at the First-Grade Perfection Realm, his appetite expanded many times further. This made Lin Xuankong the one at the banquet who could eat the most, drink the most, and put on the most dazzling display of consumption!

Many Earth Immortals were once again shocked by Lin Xuankong's terrifying appetite. However, shock aside, those Earth Immortals who had brought various Spirit Wines and Spirit Fruits from their respective Immortal Sects all fervently wished Lin Xuankong would eat and drink with even greater

pleasure. If he became happy enough to reward one of them with an Immortal Artifact, it would be an immense profit, countless times over!

「This evening,」

In the Sect Leader's Hall of the Second Spirit Peak of the Spiritual Crane Immortal Sect, disciples from the Steward Hall, responsible for miscellaneous affairs, had just finished arranging various Spirit Wines and Spirit Fruits, preparing to welcome Lin Xuankong and the more than one thousand Earth Immortals attending the banquet. Suddenly, a melodious and resonant bell chime echoed from the Thirty-Sixth Spirit Peak, located on the very periphery of the Spiritual Crane Immortal Sect!

The bell tolled a full nine times, its sound spreading throughout the Spiritual Crane Immortal Sect, which spanned millions of acres!

At the entrance of the Sect Leader's Hall on the Second Spirit Peak, Lin Xuankong, who had just finished deducing an Array and was planning to drink again with the more than one thousand Earth Immortals, turned his head to look towards the Thirty-Sixth Spirit Peak, a hint of confusion flickering in his eyes.

Among the more than one thousand Earth Immortals, Sect Leader Li of the Spiritual Crane Immortal Sect quickly stepped out from the crowd to stand beside Lin Xuankong. With a solemn expression, he cupped his hands and said, "Tributor Mu, the Thirty-Sixth Spirit Peak is the tallest among our many Spirit Peaks. Spiritual Crane Fairy Qu Qiao'Er, who is currently on duty guarding the Spiritual Crane Immortal Sect, is stationed on that Spirit Peak! Normally, even if we encounter enemy attacks or disturbances from Demons, our Spiritual Crane Immortal Sect's World Awakening Bell would only be rung three times! Only when an extremely powerful Earth Immortal or Demon is discovered will the bell be rung nine times! I will contact Spiritual Crane Fairy Qu Qiao'Er immediately to see what she has discovered there."

With that said, Sect Leader Li of the Spiritual Crane Immortal Sect quickly took out the Communication Jade Token from his waist and began contacting Spiritual Crane Fairy Qu Qiao'Er.

Lin Xuankong nodded slightly, his Double Pupils faintly manifested as he gazed towards the Spiritual Crane Immortal Sect's Thirty-Sixth Spirit Peak.

Now that his physique had advanced to an Immortal Body, his eyesight far surpassed that of ordinary Transcendent Realm Cultivators by tens, even hundreds, of times. Coupled with the powerful

enhancement from his Nine Gates Celestial Eye, he could perceive scenes hundreds of miles away in perfect clarity when he focused!

The sight that met his eyes, however, brought an expression of surprise to Lin Xuankong's face.

In the direction of the Spiritual Crane Immortal Sect's Thirty-Sixth Spirit Peak, an enormous Immortal Carriage was rapidly approaching through the sky, eight hundred miles away. This carriage was entirely forged from white Profound Iron, inlaid with Glazed Glass, Colorful Jade, and Profound Truth Jade, with several ribbons adorning its sides. Despite its high-speed flight, the carriage remained as stable as a mountain. Even the colorful ribbons merely swayed gently, seemingly unaffected by the air turbulence around it.

What surprised Lin Xuankong the most were the two Spiritual Beasts pulling the carriage. These two Spiritual Beasts had heads like sheep and hooves like wolves. Their heads were round, their bodies were covered in colorful scales, and they resembled musk deer, but with tails like those of Flood Dragons. Atop each of their heads sat a single, sharp, long horn, upon which were precisely six rings that resembled White Jade!

This peculiar appearance involuntarily brought to Lin Xuankong's mind the mythological legends from his past life about the Ninth Son of the Divine Dragon—the Spiritual Beast Qilin!

Indeed, the various records of the Spiritual Crane Immortal Sect also contained mentions of the Qilin. However, most Qilin sightings recorded were in the Domain of Ten Thousand Demons, deep within the Boundaryless Mountain. It was said that this type of Spiritual Beast possessed an exceptionally powerful Talent Bloodline and an incredibly long Lifespan. Even as newborns, these young beasts wielded formidable power, equivalent to that of High-Grade Transcendent Realm Cultivators, and could fly innately. Once mature, they could directly ascend to the Demon King Realm, becoming mighty Demon Kings capable of dominating an entire region!

Yet, at this moment, in the distant sky, this Immortal Carriage was actually being pulled by two Qilin. It was evident that the passenger within this Immortal Carriage had to be an exceedingly powerful figure in the Immortal Realm. At the very least, within the Central Divine Dynasty Western Region, no Earth Immortal was capable of such a feat!

Such a powerful visitor, yet their intentions are unknown... Lin Xuankong's brow furrowed, and the Immortal Yuan within his body began to circulate covertly.
