Chapter 731: The Panic-Stricken Western Region and the Prestige of a Seventh-Rank Spiritual Beast

Lin Xuankong was indeed a bit surprised! He had been so focused on studying arrays and cultivation recently that he hadn't closely monitored the Earth Immortals of the Spirit Cauldron Immortal Sect and the Profound Pure Immortal Sect for about half a month, and now such a major incident had occurred! Moreover, he was also somewhat puzzled. Had the Earth Immortals of the Spirit Cauldron Immortal Sect and the Profound Pure Immortal Sect eaten a hundred thousand bear hearts and leopard guts? The name of Immortal Lord Luoshui Yaan Mingyu was renowned throughout the Immortal Realm, listed in the records of every Immortal Sect. With such a Strongest Immortal Lord presiding over the Western Region, how did they dare to commit such an act?

White-forehead Qilin Bai E sighed at this moment and said, "Mr. Mu, there are things you may not know.

"Once the twenty-four-fold time flow speed in the Demon-Suppressing Immortal Carriage Grotto Heaven World is activated, my master, Immortal Lord Luoshui, as the Array Master of the Luo Water Grotto Heaven Array, cannot leave the Demon-Suppressing Immortal Carriage. If he does, although the offensive and defensive capabilities of the Immortal Palace Cave Heaven World will not be affected, the twenty-four-fold time flow speed effect will be immediately interrupted. To reactivate it would take many years!

"Furthermore, after the twenty-four-fold time flow speed is activated in the Demon-Suppressing Immortal Carriage, the Immortal Yuan fluctuations outside the Immortal Carriage will change.

"I estimate that some Earth Immortals from the Spirit Cauldron Immortal Sect, Profound Pure Immortal Sect, and others must have contacted the Profound Yin Demon Sect. They likely received guidance from the Profound Yin Demon Sect's Demon Lord, learned of this situation, and thus became certain that my Immortal Lord would not easily leave the Demon-Suppressing Immortal Carriage. This is why the Spirit Cauldron Immortal Sect, Profound Pure Immortal Sect, and others dared to act so brazenly, disrupting the entire Central Divine Dynasty Western Region!

"Moreover, since the Earth Immortals from the Spirit Cauldron Immortal Sect and Profound Pure Immortal Sect dared to act so boldly, they must have some backing. Perhaps they have already obtained powerful Demon Artifacts from the Profound Yin Demon Sect, or powerful Demon Generals from the Profound Yin Demon Sect have already infiltrated the Central Divine Dynasty Western Region!

"However, with such a major incident occurring in the Western Region, I fear my master will be provoked into taking action!

"After all, the Central Divine Dynasty Eastern Domain has suffered a great defeat, and the morale of countless Immortal Sects in the Immortal Realm has already plummeted. If this situation in the Western Region is not handled properly and news spreads to the other four regions of the Immortal Realm, not only will the Central Divine Dynasty Western Region be thrown into panic, but everyone in the entire Immortal Realm will live in fear!

"If that happens, the seeds of defeat might be sown even before the Immortal Demon War fully begins!"

Lin Xuankong fell silent upon hearing this.

If, after the twenty-four-fold time flow speed effect of the Immortal Palace Cave Heaven World is activated, Immortal Lord Luoshui cannot leave it and is thus unable to pursue the Earth Immortals of the Spirit Cauldron Immortal Sect and Profound Pure Immortal Sect, then this indeed presents them with an opportunity to act... Moreover, the twenty-four-fold time flow speed effect is very important to me! These next eight years are crucial for me to rapidly enhance my strength in all aspects. This time is extremely important for myself, and equally vital for assisting Immortal Lord Luoshui Yaan Mingyu in confronting the Profound Yin Demon Sect later on! If Immortal Lord Luoshui Yaan Mingyu were to angrily take action and leave the Demon-Suppressing Immortal Carriage because of the Spirit Cauldron Immortal Sect's affairs, then I wouldn't have eight years. I'd only have a little over a hundred days left before facing the invasion of the Profound Yin Demon Sect's army!

Thinking of this, Lin Xuankong said decisively, "Qilin Immortal, as it happens, I am free today. Let us go together to see Immortal Lord Luoshui!"

...

「In the Cyan Bamboo Tower,」

Immortal Lord Luoshui Yaan Mingyu furrowed his brows after hearing the report from White-forehead Qilin Bai E.

"Is there any news on the whereabouts of the twelve Immortal Sects, such as the Spirit Cauldron Immortal Sect and the Profound Pure Immortal Sect? What is the reaction of the Earth Immortals from the other Immortal Sects in the Western Region?"

White-forehead Qilin Bai E showed a bitter expression and said, "The Western Region is vast. It took my master several months just to travel from the border of the Western Region to the location of the Spiritual Crane Immortal Sect!

"This region is so vast that it's extremely difficult to determine where the Earth Immortals from the twelve Immortal Sects, including the Spirit Cauldron Immortal Sect and Profound Pure Immortal Sect, are hiding. They could all conceal themselves within the Celestial Demon Bone Secret Realm of a single Earth Immortal. That Earth Immortal could then carry the Celestial Demon Bone, activate an Immortal Artifact, and flee an immense distance away!

"As for the Earth Immortals of the other Immortal Sects..."

It sighed and continued, "Because the various Immortal Sects are quite far from the Spiritual Crane Immortal Sect, it will certainly take some time for them to arrive after hearing the news.

"However, according to Grand Elder Five Elements Wanderer of the Five Elements Immortal Sect and Sect Leader Li of the Spiritual Crane Immortal Sect, the Sect Leaders of the remaining hundred-odd Immortal Sects in the Western Region are all somewhat panic-stricken!

"The Earth Immortals of these Immortal Sects are currently most worried that the Earth Immortals from the twelve rogue Immortal Sects, like the Spirit Cauldron Immortal Sect and Profound Pure Immortal Sect, will unite and suddenly attack them!

"Although the ten annihilated Immortal Sects were small, they possessed a legacy of ten thousand years and had some foundations. Among them, three sects had Fifth Grade Sect Protection Grand Arrays. Yet, none could withstand the assault from the twelve Immortal Sects, including the Spirit Cauldron Immortal Sect and Profound Pure Immortal Sect. Their Immortal Arrays were easily breached, and they were plundered clean!

"Many Earth Immortals from various Immortal Sects believe that the Earth Immortals of the Spirit Cauldron Immortal Sect and Profound Pure Immortal Sect possess powerful Demon Artifacts, delivered in advance by the Profound Yin Demon Sect.

"At the very least, such powerful Demon Artifacts are capable of easily destroying Fifth Grade Grand Arrays.

"Moreover, they are also worried that the Profound Yin Demon Sect has already dispatched a few Demon Generals to infiltrate the Spirit Cauldron Immortal Sect and Profound Pure Immortal Sect!

"If that's the case, then even the Twelve Great Immortal Sects of the Western Region, such as the Five Elements Immortal Sect, the Western Nether Immortal Sect, and the Beimang Immortal Sect, would be unable to resist the slaughter by the Spirit Cauldron Immortal Sect and Profound Pure Immortal Sect!"

Chapter 732: The Panic-Stricken Western Region and the Prestige of a Seventh-Rank Spiritual Beast_2

Among them, dozens of Earth Immortals from various Immortal Sects have already transferred all their sect resources and disciples into the Celestial Demon Bone Secret Realm and are heading towards the Spiritual Crane Immortal Sect! Additionally..."

Immortal Lord Luoshui, Yan Mingyu, frowned slightly. "Is there more bad news?"

The White-forehead Qilin Bai E responded, "Additionally, there are several other Immortal Sects that even the Grand Elder of the Five Elements Immortal Sect, the Five Elements Wanderer; Sect Leader Li of the Spiritual Crane Immortal Sect; and the Wine Sword Immortal of the Wine Immortal Sect have been unable to contact. According to the speculations of the Five Elements Wanderer and Sect Leader Li, these Immortal Sects either suffered another attack from the Spirit Cauldron Immortal Sect or were frightened by the news released by the Spirit Cauldron Immortal Sect. Consequently, they don't dare to participate in this Immortal Demon War in the Western Region and have hidden themselves away in advance!"

Upon hearing this, Lin Xuankong couldn't help but shake his head. "The Profound Yin Demon Sect has mobilized all their forces. If the Central Province Immortal Realm cannot repel them, I'm afraid the entire Immortal Realm will fall into the hands of the Profound Yin Demon Sect. Where can they hide, and for how long?"

Immortal Lord Luoshui, Yan Mingyu's expression gradually became more solemn. She stood up, frowning, and said, "There are still nearly six months before the Profound Yin Demon Sect's invading army reaches the Western Region. The news of the great defeat in the Central Divine Dynasty's Eastern Domain has yet to reach the Western Region, yet the various Immortal Sects here are already in such chaos. If this continues, I'm afraid they won't even wait for the Profound Yin Demon Sect's army to arrive; half of the Western Region's Immortal Sects will have already fled!"

She then looked at Lin Xuankong.

"In the past twelve years within the Demon-Suppressing Immortal Carriage, Mr. Mu has refined two hundred Initial Tier Immortal Artifacts for me.

"Such a large number of Initial Tier Immortal Artifacts can not only allow the Immortal Lords assisting the Western Region to use the Third Layer Luo Water Grotto Heaven Array I've arranged, but also enable the Western Region to have nearly twenty additional First Layer Luo Water Grotto Heaven Arrays!

"However, these twenty Luo Water Grotto Heaven Arrays require a sufficient number of Earth Immortals to operate them together to unleash their full power. If these Earth Immortals flee out of fear before fighting, then those more than twenty Luo Water Grotto Heaven Arrays will be meaningless...

"Moreover, the great defeat in the Central Divine Dynasty's Eastern Domain has already caused the morale of countless Earth Immortals throughout the entire Immortal Realm to plummet.

"If the problems caused by the Spirit Cauldron Immortal Sect, Profound Pure Immortal Sect, and the other twelve Immortal Sects are not resolved, and this terrible news spreads to the other Immortal Realms, I fear the morale of countless Earth Immortals in the entire Immortal Realm will completely collapse. This Immortal Demon War would then have no chance of victory!"

At this point, a fluctuation of Immortal Yuan emanated from her Immortal Body. Her delicate, picturesque face took on a look of resolve. "This matter is of utmost importance. I must leave the Demon-Suppressing Immortal Carriage for a trip and personally capture the traitors from the Spirit Cauldron Immortal Sect and the other twelve Immortal Sects!"

Immortal Lord Luoshui is going to act and leave the Demon-Suppressing Immortal Carriage! If so, I won't be able to get the eight years of comprehensive improvement I need before the Profound Yin Demon Sect launches its large-scale invasion of the Western Region!

Lin Xuankong's heart tightened. He immediately cupped his hands and said, "Senior Immortal Lord Luoshui, if you leave the Demon-Suppressing Immortal Carriage, will the twenty-four-fold Time Flow Speed effect of the Luo Water Grotto Heaven Array stop immediately? And will it be impossible to reactivate it for hundreds of years?"

Immortal Lord Luoshui, Yan Mingyu, nodded slightly. "Indeed, the Luo Water Grotto Heaven Array of the Demon-Suppressing Immortal Carriage has this drawback!

"Activating the Time Flow Speed effect requires a trace of the Power of Time contained in the Luo Water Divine Diagram. Each activation then requires me to nurture the Luo Water Divine Diagram for nearly nine hundred years before it can be used again!"

She looked at Lin Xuankong, frowning as she continued, "Logically, with the Immortal Demon War in the Western Region imminent, I should remain in the Demon-Suppressing Immortal Carriage. This way, with another eight years, Mr. Mu could undoubtedly refine over a hundred more Initial Tier Immortal Artifacts!

"However, the actions of the Spirit Cauldron Immortal Sect and Profound Pure Immortal Sect this time will likely have far-reaching consequences, affecting the entire Western Region and even the entire Central Province Immortal Realm! By then, even an additional hundred-plus Initial Tier Immortal Artifacts and several more Luo Water Grotto Heaven Arrays would be useless!

"The main issue is the current decline of the Immortal Dao in the Central Divine Dynasty's Western Region.

"Apart from myself, I fear no one can subdue the over one hundred Earth Immortals from those twelve Immortal Sects, including the Spirit Cauldron Immortal Sect and Profound Pure Immortal Sect.

"Furthermore, their ability to so easily slaughter ten Immortal Sects strongly suggests they possess Demon Artifacts from the Profound Yin Demon Sect—powerful Demon Artifacts, at least capable of harming Sixth or Seventh Grade Earth Immortals!

"Even if I don't want to leave the Demon-Suppressing Immortal Carriage, even if I don't want to stop the twenty-four-fold Time Flow Speed effect, I have no other choice!"

Hearing Immortal Lord Luoshui's words, Lin Xuankong hesitated no longer and spoke decisively, "Senior Immortal Lord Luoshui, the Spirit Cauldron Immortal Sect, Profound Pure Immortal Sect, and the other ten Immortal Sects have brazenly attacked their fellow cultivators in the Western Region and are attempting to throw the entire region into chaos. Such heinous actions demand that everyone join in their condemnation and punishment!"

"As for the task of pursuing and capturing the traitors from the Spirit Cauldron Immortal Sect, Profound Pure Immortal Sect, and the others, why not entrust it to Mu Shiba?"

Upon hearing this, Immortal Lord Luoshui, Yan Mingyu, looked intently at Lin Xuankong. "Entrust it to you?"

"Mr. Mu, although you possess many Immortal Artifacts, your cultivation realm has only just reached... Huh? No, that's not right. It's only been twelve years, yet your cultivation realm has already advanced to the Perfection of the Second Grade Realm?"

At her side, the White-forehead Qilin Bai E's enormous eyes widened upon hearing its master. "Impossible!"

"How could anyone in this world cultivate so quickly!"

"Twelve years ago, Mr. Mu, when you first entered the Demon-Suppressing Immortal Carriage Grotto Heaven World, your cultivation realm was merely at the Perfection of a First Grade Earth Immortal. How could you possibly reach the Perfection of a Second Grade Realm in just twelve short years?"

Chapter 733: The Panic-Stricken Western Region and the Prestige of a Seventh-Rank Spiritual Beast_3

Immortal Lord Luoshui, Yaan Mingyu, slightly shook her head. "It is indeed somewhat surprising. Such a staggering cultivation speed has not appeared in the entire Central Divine Dynasty Immortal Realm in hundreds of thousands of years!"

The White-forehead Qilin Bai E nodded repeatedly. "The master is right. Even for our Qilin race, which is known as the fastest-advancing among the ten thousand demons, it would take at least over a thousand years to advance from a First-Grade Perfection Demon King to a Second-Grade Perfection Demon King! Never mind Qing and me; even the master, recognized as the Earth Immortal with the fastest cultivation speed in hundreds of thousands of years, took a full hundred years to advance from the First-Grade Perfection Realm to the Second-Grade Perfection Realm!"

At this point, the White-forehead Qilin Bai E showed a frustrated expression. "Mr. Mu is not only a super master in Artifact Refining but also praised by the master as a genius in Array Dao. It now appears that in Immortal Dao cultivation, Mr. Mu is likewise a monster-level talent! Compared to Mr. Mu, our Qilin race's cultivation speed is as slow as a snail!"

Lin Xuankong saw that Immortal Lord Luoshui Yaan Mingyu and the White-forehead Qilin Bai E were both so astonished, and he felt somewhat helpless. It wasn't that he wanted to show off his cultivation in front of Immortal Lord Luoshui Yaan Mingyu; his methods for concealing his cultivation simply weren't strong enough. He could hide it from a Sixth-Grade Spirit Beast like the White-forehead Qilin Bai E, but he absolutely couldn't hide it from Immortal Lord Luoshui Yaan Mingyu's perception!

After some thought, Lin Xuankong had no choice but to cup his fists. "I don't know why my cultivation speed has been so fast these past twelve years either. Maybe it's luck?"

The White-forehead Qilin Bai E looked incredulous. "How could anyone cultivate so quickly just by luck!"

Immortal Lord Luoshui Yaan Mingyu also stared at Lin Xuankong and shook her head repeatedly, clearly not believing his perfunctory explanation.

After the human and Qilin had sighed for some time, Immortal Lord Luoshui Yaan Mingyu smiled and said, "No wonder when you were undergoing the Celestial Tribulation, Mr. Mu, you encountered the Great Celestial Immortal Tribulation with thirty-six Celestial Tribulation Creatures. With your various fate-defying talents, I'm afraid even the Heavenly Dao finds it hard to tolerate and wants to ensure you perish prematurely!"

Lin Xuankong was speechless.

The Heavenly Dao wouldn't be so petty, would it?

But speaking of which, although I've encountered quite a few astounding talents over the years... like Third Princess Xiaoo Ying'Er with her astonishing cultivation speed, my Young Lady Lii Xiaolan, Zhao Yufei who can cultivate the Nine Gates Celestial Eye, the Artifact Refining genius Miss Xiao Xiuyi, and Immortal Lord Luoshui, who is called one of the Strongest Immortal Lords in the Immortal Realm. Yet, when it truly comes to talent, the various talents awakened by my Vigorous in Old Age Life Plate are indeed fate-defying. Each one, if revealed, would be enough to shock the world! Could it be that they're truly so strong they defy natural order???

While Lin Xuankong was secretly feeling a bit pleased with himself, Immortal Lord Luoshui Yaan Mingyu said, "Mr. Mu, with your incredibly astonishing talents, if you continue to develop, you will undoubtedly stand at the pinnacle of the Immortal Realm, an earth-shattering figure capable of influencing the entire Immortal Realm. Perhaps thousands, or even tens of thousands of years from now, your achievements will overshadow even those of the Great Success Yu Zhen Bodhisattva, renowned for slaying the Demon Lord!

"However, it is precisely for this reason that a genius like you, Mr. Mu, must not recklessly venture into danger!

"The twelve Immortal Sects, including the Spirit Cauldron Immortal Sect and the Profound Pure Immortal Sect, have over a hundred Earth Immortals combined. Among them, there are about twenty Fifth-Grade Earth Immortals, all veteran Earth Immortals who have cultivated for over ten thousand years!

"Even an Earth Immortal of the Sixth-Grade Realm would find such a lineup difficult to suppress, not to mention they most likely possess powerful Demon Artifacts. If that's the case, even a Seventh-Grade Earth Immortal might not be their match!

"Under these circumstances... no matter what, I, Yaan Mingyu, cannot allow you, Mr. Mu, to confront those traitors from the Spirit Cauldron Immortal Sect!"

The White-forehead Qilin Bai E also nodded repeatedly. "Mr. Mu, with your astonishing cultivation speed, if given several thousand years, you would absolutely have the chance to glimpse the Ninth Grade, perhaps even the Ninth Grade Perfection Realm!

"The Spirit Cauldron Immortal Sect, the Profound Pure Immortal Sect, and the other ten Immortal Sects—twelve in total—dared to betray the Central Divine Dynasty while my master is presiding over the Western Region. They must have something they're relying on. Such dangerous opponents can likely only be handled easily by my master. Mr. Mu, you should stay in the Demon-Suppressing Immortal Carriage!

"Otherwise, if any harm comes to you, it would be a terrible waste of your exceptional Artifact Refining Talent, Array Talent, and Immortal Dao Cultivation Talent!"

Immortal Lord Luoshui Yaan Mingyu and the White-forehead Qilin Bai E naturally meant well, but at this moment, Lin Xuankong was determined to acquire those eight years in the Demon-Suppressing Immortal Carriage Grotto Heaven World!

Most importantly, the improvements in my various abilities over the past twelve years, especially the two newly awakened talents, have given me immense confidence... As for what Immortal Lord Luoshui said about there being around twenty Fifth-Grade Earth Immortals among the twelve Immortal Sects, including the Spirit Cauldron Immortal Sect and the Profound Pure Immortal Sect, all of whom are veteran Earth Immortals who have cultivated for over ten thousand years—that's actually wonderful from my perspective! It would be even better if they were Earth Immortals at least twenty thousand years old!

After a moment of contemplation, a determined look appeared on Lin Xuankong's face. He stretched out his right hand, gently opened his palm, and a pale yellow Jade Talisman floated above it.

As soon as this Jade Talisman appeared, the gazes of Immortal Lord Luoshui Yaan Mingyu and the White-forehead Qilin Bai E fell upon it. Immortal Lord Luoshui Yaan Mingyu remained composed, but the White-forehead Qilin Bai E stared unblinkingly for several moments before speaking, "It's the Buddha-Calling Jade Talisman of the Great Success Yu Zhen Bodhisattva from Spirit Platform Buddhism! It's known as the Immortal World's First Jade Talisman and can summon a Seventh-Grade projection avatar of the Great Success Yu Zhen Bodhisattva, possessing combat power close to the Eighth Grade! So, this Buddha-Calling Jade Talisman is indeed in your possession!"

Chapter 734: The Panic-Stricken Western Region and the Prestige of a Seventh-Rank Spiritual Beast_4

Lin Xuankong nodded slightly and looked at Immortal Lord Luoshui Yan Mingyu.

"Honored Immortal Lord Luoshui, with this Buddha-Calling Jade Talisman in hand, a Fifth-Grade Earth Immortal would be utterly defenseless against me. Even a Sixth-Grade Earth Immortal could not endure

multiple attacks from the Buddha-Calling Jade Talisman, and a Seventh-Grade Earth Immortal would also be suppressed!

The Earth Immortals from the twelve Immortal Sects, such as the Spirit Cauldron Immortal Sect and the Profound Pure Immortal Sect, are at most Fifth-Grade Earth Immortals. Even if they possess Demon Artifacts, they would struggle to match the projection of the Great Success Yu Zhen Bodhisattva summoned by the Buddha-Calling Jade Talisman. At the very least, with the Seventh-Grade projection of the Great Success Yu Zhen Bodhisattva, I will face no life-threatening danger from those Spirit Cauldron Immortal Sect members!

Please entrust me with the task of pursuing the more than one hundred Earth Immortals from the twelve Immortal Sects, including the Spirit Cauldron Immortal Sect and the Profound Pure Immortal Sect!

With opponents whose strongest is merely a Fifth-Grade Earth Immortal, it shouldn't require your personal intervention, Honored Immortal Lord Luoshui!"

Immortal Lord Luoshui Yan Mingyu glanced at the Buddha-Calling Jade Talisman for a few moments, contemplated briefly, then nodded slightly and said,

"It seems your strength has greatly improved recently, and you are indeed eager for action after a period of quiet cultivation!

Very well. Since Mr. Mu insists on going, I will not stop you. However, the Luo Water Grotto Heaven Grand Array that I personally laid down requires dozens of Earth Immortals to activate, so you won't be able to use it in this pursuit. I won't be able to help you much either!"

At this, she turned to the White-forehead Qilin. "Hasn't Qing recently advanced to the Early Stage of the Seventh-Grade Demon King Realm? Bai, go summon Qing, and you both accompany Mr. Mu on this journey!"

The White-forehead Qilin immediately nodded. "I faithfully obey Master's command!"

Immortal Lord Luoshui Yan Mingyu looked at the White-forehead Qilin, her expression gradually turning solemn.

"Mr. Mu is the greatest prodigy I, Yan Mingyu, have ever seen in my lifetime. His skills in the Artifact Refining Technique, the Path of Array Formation, and Immortal Dao Cultivation are those of a peerless talent unseen in hundreds of thousands of years!

This time, as you and Qing accompany Mr. Mu to capture the Earth Immortals of the Spirit Cauldron Immortal Sect, Profound Pure Immortal Sect, and the other sects, you absolutely must remember: no matter the cost, even if it means sacrificing both your lives, you must ensure Mr. Mu's safety. If Mr. Mu suffers any serious injury or meets with any mishap during this expedition, I will definitely not spare you!"

Upon hearing this, the White-forehead Qilin immediately knelt. "Master, rest assured! Even if Bai and Qing perish and our Dao is extinguished, we will never allow Mr. Mu to suffer even the slightest harm!"

Immortal Lord Luoshui Yan Mingyu then looked at Lin Xuankong.

"This pursuit is fraught with uncertainty. If you can capture these traitors to the Immortal Realm, it will naturally be a matter of great joy. I, Yan Mingyu, will thank Mr. Mu on behalf of the countless living beings of the Central Province Immortal Realm. At that time, whatever request Mr. Mu has, Yan Mingyu will agree to it!

However, Mr. Mu, please remember: retreat immediately at the first sign of danger. Do not try to hold out. The Great Success Yu Zhen Bodhisattva projection from the Buddha-Calling Jade Talisman should be able to withstand several attacks from even a peak Eighth-Grade Earth Immortal, which will be sufficient for Mr. Mu to escape!"

Any request will be granted? What about calling me husband?

Lin Xuankong mused inwardly.

But recalling the formidable cultivation of this Honored Immortal Lord Luoshui, Lin Xuankong quickly extinguished the thought.

However, a moment later, a glint of joy appeared in his mind. With the red glow of the Nine Gates Celestial Eye marking Jiang Huanglong and the others from the Spirit Cauldron Immortal Sect, finding their whereabouts shouldn't be difficult! Even if they possess Demon Artifacts, with the Buddha-Calling Jade Talisman, the pre-prepared Eight-Layered Thousand Cranes Array, and my various trump cards and talents, my chances of victory should be ninety-nine percent!

If I succeed, and Immortal Lord Luoshui Yan Mingyu indeed keeps her word and agrees to any condition I propose... even if I wouldn't dare ask her to call me husband, at the very least, I could request that she take the time to personally guide my Path of Array Formation. Once my Path of Array Formation breaks through to the Ninth Layer, then relying on my vast collection of Immortal Artifacts, I would have the strength to contend with Ninth-Grade Demon Generals and Ninth-Grade Demon Lords...

At this thought, a hint of confidence appeared on Lin Xuankong's face. He cupped his hands and said,

"Honored Immortal Lord Luoshui, please rest assured. On this trip, I, Mu Shiba, will definitely not disappoint you. I will ensure all those Immortal Realm traitors who caused chaos in the Western Region and conspired to sabotage the Western Region's Immortal Demon War meet their end!"

「Moments later,」

Lin Xuankong, along with the White-forehead Qilin, found the Cyan-forehead Qilin, who was leisurely wandering around the Immortal Palace Cave Heaven World.

This Cyan-forehead Qilin, just as Immortal Lord Luoshui Yan Mingyu had said, had indeed advanced to the Early Stage of the Seventh-Grade Demon King Realm. The Immortal Yuan fluctuations it emitted were several times stronger than those of the White-forehead Qilin, and the cyan scales on its forehead had spread considerably further down its neck!

After Lin Xuankong and the two beasts left the Immortal Palace Cave Heaven World, they went straight to the Sect Leader's Hall on the Second Spirit Peak.

At this moment, many Earth Immortals had already gathered in the Sect Leader's Hall of the Spiritual Crane Immortal Sect. These included Earth Immortals from the Beimang Immortal Sect, Western Nether Immortal Sect, West Star Immortal Sect, Wine Immortal Sect, Five Elements Immortal Sect, and others, totaling over two hundred. However, all these Earth Immortals wore quite solemn expressions, their eyes filled with even more anxiety!

When they saw Lin Xuankong and the two spiritual beasts from the Luo Water Immortal Sect enter the hall, the numerous Earth Immortals all bowed in greeting.

The Grand Elder of the Five Elements Immortal Sect, the Five Elements Wanderer, stepped forward with a worried expression. He cupped his hands towards Lin Xuankong and the two spiritual beasts, asking, "Greetings to the two Qilin Immortals and Tributor Lin! Honored Qilin Immortals, what was Honored Immortal Lord Luoshui's reply? Will she personally take action to capture the traitors from the Spirit Cauldron Immortal Sect and the Profound Pure Immortal Sect?"

Chapter 735: The Uneasy Western Region, The Prestige of a Seventh-Rank Spiritual Beast_5

The Cyan-forehead Qilin, being somewhat impatient by nature, immediately shook its head and said,

"Humph, they're merely a group of Earth Immortals, Fifth Grade at the highest, so there's no need for my Master to personally intervene!"

This time, Master has already ordered Mr. Mu to bring Sister Bai and me to capture those traitors together!

Rest assured, it won't be long before those more than one hundred Immortal Realm traitors are captured and subjected to Soul Extraction and Refining!"

The Five Elements Wanderer couldn't help but be stunned at these words. He looked at Lin Xuankong and then at the two Spiritual Beasts, and the worry in his eyes deepened further.

Clearly, this Grand Elder of the Five Elements Immortal Sect was anxious. This was because twelve Immortal Sects, including the Spirit Cauldron Immortal Sect and the Profound Pure Immortal Sect, had ruthlessly slaughtered ten other Immortal Sects and possibly possessed Demon Artifacts. And, in his heart, he did not believe Lin Xuankong, with just these two Spiritual Beasts, could resolve the matter!

But since the Spiritual Beasts of the Luo Water Immortal Sect had spoken, even with doubts and concerns in his heart, how could he dare to voice them?

The Earth Immortals of the Spiritual Crane Immortal Sect, the Beimang Immortal Sect, and other assembled Earth Immortals were also worried, slightly doubting whether Lin Xuankong and the two Spiritual Beasts could handle the situation. After all, they had initially hoped for Immortal Lord Luoshui to intervene personally!

For a moment, the great hall fell somewhat silent.

Seeing the expressions on the faces of the many Earth Immortals, the Cyan-forehead Qilin grew irritable. It snorted heavily and bellowed, "What? You don't believe in our combined strength? You think the three of us can't handle those more than one hundred Middle-Low Grade Earth Immortals from the Spirit Cauldron Immortal Sect and the Profound Pure Immortal Sect?"

Hearing the Cyan-forehead Qilin's words, the assembled Earth Immortals immediately felt daunted. This was especially true for the Earth Immortals of the Five Elements Immortal Sect, who all lowered their heads, daring not show the slightest objection.

In contrast, the Earth Immortals from the Spiritual Crane Immortal Sect, the Beimang Immortal Sect, and others looked towards Lin Xuankong, their eyes filled with concern.

Among them, Sect Leader Li of the Spiritual Crane Immortal Sect chose his words carefully, then hesitated before speaking,

"With two Qilin Immortals and Tributor Mu taking action together, the traitors from the twelve Immortal Sects, such as the Spirit Cauldron Immortal Sect and the Profound Pure Immortal Sect, should indeed be unable to resist!

But... however, according to fellow Daoist Five Elements Wanderer, the annihilation of those ten Immortal Sects was exceedingly swift, and not a single Earth Immortal escaped. This situation is too bizarre. It is highly likely that the Spirit Cauldron Immortal Sect or the Profound Pure Immortal Sect had already gained support from the Profound Yin Demon Sect, and it's highly probable they possess powerful and ferocious Demon Artifacts!

Under these circumstances, all of us fellow Daoists here hope the three of you will not be careless, lest you inadvertently fall into the traitors' schemes!"

The Cyan-forehead Qilin snorted and nodded, saying,

"Rest assured. My Master has already considered the possibility that they possess Demon Artifacts! I have now advanced to the Initial Tier of the Seventh-Grade Demon King Realm. With Sister Bai and Tributor Mu's numerous Immortal Artifacts and techniques, even if those traitors possess Demon Artifacts, we can certainly contend with them!"

Upon hearing the Cyan-forehead Qilin's declaration, the spirits of the assembled Earth Immortals were instantly lifted.

Sect Leader Li of the Spiritual Crane Immortal Sect, Grand Elder Five Elements Wanderer of the Five Elements Immortal Sect, the Wine Sword Immortal, and others all cupped their hands. They congratulated the Cyan-forehead Qilin on its advancement to the Initial Tier of the Seventh-Grade Demon King Realm!

At this moment, a glimmer of hope appeared in the eyes of the more than two hundred Earth Immortals who had previously been fraught with worry.

After all, a Sixth-Grade Qilin Spirit Beast, though extremely powerful, was only one grade higher than the Fifth-Grade Earth Immortals present. If they could withstand the initial Qilin Spirit Roar, dozens of Fifth-Grade Earth Immortals attacking in succession might still be able to resist a Sixth-Grade Spirit Beast. This was especially considering that the traitors from the twelve Immortal Sects, such as the Spirit Cauldron Immortal Sect and the Profound Pure Immortal Sect, might possess powerful and strangely effective Demon Artifacts!

However, a Seventh-Grade Demon King-Level Qilin was an entirely different matter! Seventh Grade is already a High-Grade Realm. An existence of such a realm could easily suppress even a Sixth-Grade Earth Immortal, let alone Fifth-Grade Earth Immortals. The latter would be utterly unable to resist; their Immortal Bodies would likely be shattered, Golden Cores cracked, and Divine Souls annihilated within a few exchanges!

Moreover, throughout the Central Province Divine Dynasty Immortal Realm, the Domain of Ten Thousand Demons, the Profound Yin Demon Realm, and the Spirit Platform Buddha Realm, apart from the High-Grade Immortal Artifacts that appeared in the Near Ancient Era, very few Treasures or Demon Artifacts could actually suppress a Seventh-Grade Earth Immortal. Even the legendary Immortal World's First Jade Talisman could only contend with a Seventh-Grade Demon King or Earth Immortal, not easily slay one!

Thinking of this, many of the Earth Immortals present secretly breathed a sigh of relief.

After all, if the matter of the Spirit Cauldron Immortal Sect could be resolved, it would be a tremendously good thing! Otherwise, with twelve Immortal Sects, including the Spirit Cauldron Immortal Sect and the Profound Pure Immortal Sect, having defected from the Western Region, who knew if other Immortal Sects might also be swayed? They could secretly align with the Profound Yin Demon Sect and launch surprise attacks on some of the Earth Immortals gathered here!

Instantly, everyone flocked around the Cyan-forehead Qilin, offering congratulations. Their faces were filled with envy and adulation. Lin Xuankong, usually the center of attention among the Earth Immortals, found his surroundings suddenly rather deserted.

Chapter 736: Pursuing the Criminal in the Western Region, the Supreme Spirit Fruit of Dragon Blood

Medicine Immortal Qu Wan'Er, the master of Young Lady Li Xiaolan, was the first to walk to Lin Xuankong.

She frowned slightly and looked at Lin Xuankong, saying, "Tributor Mu, I know you possess many Immortal Artifacts and are protected by powerful Jade Talismans, but this pursuit of the Earth Immortals from the Spirit Cauldron Immortal Sect might bring unforeseen dangers! For Lan, and for your incredible Artifact Refining Talent, I hope you can ensure your own safety and return unharmed!"

Lin Xuankong nodded slightly. "Fairy Qu, please rest assured. With two Qilin Immortals accompanying me, there should be no danger this time!"

Even as he said this, the numerous Earth Immortals from the Spiritual Crane Immortal Sect, Beimang Immortal Sect, Western Nether Immortal Sect, West Star Immortal Sect, and Wine Immortal Sect still looked at him with some concern in their eyes.

At this moment, the Earth Immortals gathered near the Cyan-forehead Qilin noticed Lin Xuankong.

The Grand Elder of the Five Elements Immortal Sect, Five Elements Wanderer, walked to Lin Xuankong and cupped his hands, saying, "With two Qilin Immortals accompanying you, Tributor Mu is unlikely to face any danger. However, to ensure your safety, I, Five Elements Wanderer, am willing to accompany the two Qilin Immortals and Tributor Mu in pursuing the traitors from the Spirit Cauldron Immortal Sect!"

This Grand Elder of the Five Elements Immortal Sect was as adept as ever in handling matters!

The Earth Immortals from other Immortal Sects, including the many Earth Immortals from the Spiritual Crane Immortal Sect, spoke up one after another, expressing their willingness to join the two Spirit Beasts and Lin Xuankong in the chase of those twelve Immortal Sect traitors!

For a moment, everyone was filled with zeal, a stark contrast to the low morale before the Cyan-forehead Qilin had announced its cultivation level!

This made Lin Xuankong rather emotional. At the Earth Immortal Realm, every step indeed felt like a Heavenly ascent; a Sixth Grade Qilin Spirit Beast versus a Seventh Grade Qilin Spirit Beast instilled vastly different levels of confidence in these Earth Immortals!

The Cyan-forehead Qilin saw the many Earth Immortals' reactions and couldn't help but feel a bit proud, while the White-forehead Qilin Bai E beside it shook its head slightly and said, "This time, Qing and I will accompany Mr. Mu in pursuing the Western Immortal Realm traitors. We have no idea what kind of dangerous battles we might face, nor when we will find their trail! In my opinion, Fellow Daoists, you should stay in the Spiritual Crane Immortal Sect and preserve your strength for now. After all, our Patriarch's Demon-Suppressing Immortal Carriage is here. With our Patriarch present, you will be absolutely safe! Of course, Fellow Daoist Five Elements Wanderer can come with us, given you have the most comprehensive information!"

Upon hearing this, the expressions of many Earth Immortals changed; they exchanged glances and began to calculate in their minds.

The three Grand Elders of the Spiritual Crane Immortal Sect, Sui He, Qing He, and Cang He, along with Wine Sword Immortal Chi Liuxia, walked out of the crowd.

Sui He cupped his hands, saying, "Qilin Immortals, with both of you and Tributor Mu, you should surely return victorious. However, during the chase, you might encounter many trivial matters. We four are willing to follow Tributor Mu and the two of you, ready to be at your disposal at any time!"

Seeing Sui He say this, the White-forehead Qilin Bai E glanced at Lin Xuankong and, seeing no objections from him, nodded slightly. "Since that's the case, you four can join us in pursuing those Immortal Realm traitors!"

「A moment later,」

Lin Xuankong, the Cyan-forehead Qilin, the White-forehead Qilin Bai E, the three Grand Elders Sui He, Qing He, and Cang He, Chi Liuxia, and Five Elements Wanderer left the Sect Leader's Hall of the Spiritual Crane Immortal Sect and flew towards the outskirts of Spiritual Crane Immortal City.

They all possessed Immortal Artifacts and traversed swiftly through the high skies. In the blink of an eye, they had traveled hundreds of miles, leaving the bounds of Spiritual Crane Immortal City.

The White-forehead Qilin Bai E called Five Elements Wanderer to its side and asked, "Fellow Daoist of the Five Elements, your Five Elements Immortal Sect is much closer to the Spirit Cauldron Immortal Sect than either the Spiritual Crane Immortal Sect or the Wine Immortal Sect. Moreover, your sect has always had dealings with, and relatively close relations to, both the Spirit Cauldron Immortal Sect and the Profound Pure Immortal Sect. You were also the first to receive news from those few survivors. According to the information you possess, where are the Earth Immortals from the twelve traitorous sects, such as the Spirit Cauldron Immortal Sect and the Profound Pure Immortal Sect, most likely headed?"

Upon hearing this, Five Elements Wanderer immediately put on a solemn expression and swore, "Qilin Immortal, the Five Elements Immortal Sect has always conducted itself righteously. We occasionally deal with the Profound Pure Immortal Sect and the Spirit Cauldron Immortal Sect for some material trades, and nothing more. Our relationship truly isn't that close! And I, Five Elements Wanderer, have always despised the conduct of those traitors from the Profound Pure Immortal Sect and the Spirit Cauldron Immortal Sect. I have never associated with them! If not for the fact that we all belong to the Central Divine Dynasty Western Region, I would have long ago led the Earth Immortals and disciples of the Five Elements Immortal Sect to punish these twelve notorious and vile Immortal Sects! I, Five Elements Wanderer, swear by my Immortal Path! There is absolutely no collusion between my sect and the Spirit Cauldron Immortal Sect or the Profound Pure Immortal Sect. I implore you, Qilin Immortal, to discern the truth!"

This Five Elements Wanderer clearly feared that the White-forehead Qilin Bai E was suspicious of the Five Elements Immortal Sect, so he quickly distanced himself from the Spirit Cauldron Immortal Sect and Profound Pure Immortal Sect!

Lin Xuankong couldn't help but shake his head secretly from the side. Back when the Seventy-Six Immortal Sects Alliance was formed, though it was instigated by those fellows from the Fire Spirit Immortal Sect, it was led by Five Elements Wanderer of the Five Elements Immortal Sect. Now this old guy is washing his hands clean and acting like a good person. He is nothing more than a turncoat who switches sides as soon as he sees the wind favoring one side! A despicable old fellow, who now shows great respect and continually offers tribute to the two Spirit Beasts of the Luo Water Immortal Sect and myself.

Chapter 737: Pursuing the Criminal in the Western Region, the Supreme Spirit Fruit of Dragon Blood - Part 2

But if in the future, once the Immortal Demon War in the Central Divine Dynasty Western Region starts, and the alliance on the Western Immortal Realm side suffers setbacks, falling into a disadvantaged position, I'm afraid Earth Immortals like Five Elements Wanderer will not hesitate to throw themselves into the arms of the Profound Yin Demon Sect! It is precisely because the Luo Water Grotto Heaven Array laid down by Immortal Lord Luoshui requires a large number of Earth Immortals to control it that it's necessary to win over many Earth Immortals from the Central Divine Dynasty Western Region and stabilize the hearts of these Earth Immortals. Otherwise, fellows like Five Elements Wanderer should be left out in the cold!

As Lin Xuankong pondered, the Cyan-forehead Qilin snorted and said, "Alright, Sister Bai is asking you about the likely destinations for the twelve Immortal Sects, such as Spirit Cauldron Immortal Sect and Profound Pure Immortal Sect. If you know, then say so. If you don't, then say you don't. Why so much nonsense! Since Sister Bai and I brought you along to hunt down those Immortal Realm traitors, it means we don't have any suspicion towards you. Otherwise, we wouldn't be taking you along for my master's tasks, and would have long captured everyone in your Five Elements Immortal Sect, throwing them into my master's Grotto Heaven World for Soul Extraction and Refining!"

Five Elements Wanderer, being berated by the irritable, hard-headed, and straightforward Cyan-forehead Qilin, blushed and said hesitantly, "The Immortal's reproach is right, the Immortal's reproach is right. It is indeed Five Elements Wanderer who has talked too much!"

Sui He, Qing He, and Cang He, the three Supreme Elders of the Spiritual Crane Immortal Sect, and Chi Liuxia, the Wine Sword Immortal, couldn't help but hold in their laughter. Since Immortal Lord Luoshui arrived in the Central Divine Dynasty Western Region, the Earth Immortals from Five Elements Immortal

Sect and some other Immortal Sects frequently visited the Spiritual Crane Immortal Sect. They offered various Spirit Fruits and delicious Demon Beast Flesh to White-forehead Qilin Bai E, striving to win the favor and guidance of the Spiritual Beasts of Luo Water Immortal Sect. In doing so, they completely lost any semblance of the dignity proper to Earth Immortals of the Immortal Realm! Although Sui He, Qing He, Cang He, Chi Liuxia, and the Earth Immortals of Spiritual Crane Immortal Sect, Wine Immortal Sect, and Beimang Immortal Sect also held high respect and admiration for the supreme Earth Immortal of Luo Water Immortal Sect, they despised the toadying behavior of Earth Immortals like Five Elements Wanderer.

White-forehead Qilin Bai E, who was more temperate in nature, shook her head slightly when she saw the Cyan-forehead Qilin berating Five Elements Wanderer, and said, "Alright, there's no need to be so cautious. Fellow Daoist of the Five Elements, do you have any information on the whereabouts of the twelve Immortal Sects, such as Spirit Cauldron Immortal Sect and Profound Pure Immortal Sect?"

Five Elements Wanderer cupped his hands and said, "Reporting to Qilin Immortal, the twelve Immortal Sects, such as Spirit Cauldron Immortal Sect and Profound Pure Immortal Sect, though not far from Five Elements Immortal Sect, are all located in the southern part of the Central Divine Dynasty Western Region. However, before this incident, they revealed no flaws, so I did not have anyone closely monitor these twelve Immortal Sects!

Moreover, the Earth Immortals of these twelve Immortal Sects, such as Spirit Cauldron Immortal Sect and Profound Pure Immortal Sect, all possess Tier Three Celestial Demon Bones and their own vast Secret Realms. If they wanted to hide, they could gather all their resources and disciples into their Secret Realms and then conceal any Immortal Yuan Fluctuation. In such a situation, tracking the whereabouts of these Earth Immortals would be an almost impossible task!

In my humble opinion, the only way to find their traces is likely to wait for them to act again. Among these twelve Immortal Sects, the Sect Leader of Spirit Cauldron Immortal Sect, Jiang Huanglong, has already sent out word through a few survivors. He stated that the Immortal Sects of the Central Divine Dynasty Western Region should submit to the Profound Yin Demon Sect as soon as possible, lest they face the calamity of their sects' annihilation! Since they're making such bold claims, they must be planning something. Otherwise, such threats are merely empty words with no substance!

So, my suggestion is this: immediately contact all the Immortal Sects and Dynasties under the jurisdiction of the Central Divine Dynasty Western Region. Then, obtain Communication Jade from these Immortal Sects and Dynasties. This way, no matter which Immortal Sect or Dynasty is attacked by the traitors from Spirit Cauldron Immortal Sect and others, we can receive the information quickly and rush there in time!"

Upon hearing this, White-forehead Qilin Bai E slightly shook her head and said, "This plan is too passive. On this hunt, we must quickly capture the traitors from the twelve Immortal Sects, including Spirit Cauldron Immortal Sect, to change the current state of fear among the people of the Central Divine Dynasty Western Region. If we follow your plan, we'll be passively waiting. If the traitors from these twelve Immortal Sects do not act again, or if they hide and escape to Boundaryless Mountain or the Sea of Ten Thousand Abysses, we'll never find them."

The Cyan-forehead Qilin also shook his head repeatedly. "What kind of idea is that? Passively waiting for others to act? The Central Divine Dynasty Western Region is so vast. What if the traitors from these twelve Immortal Sects are attacking an Immortal Sect or Dynasty too far from us for us to get there in time? If more Immortal Sects or Dynasties are slaughtered by the traitors from Spirit Cauldron Immortal Sect and others, the morale of the Earth Immortals and Cultivators in the Central Divine Dynasty Western Region will plummet! And we, making such a grand show in hunting them, yet failing to catch any, would lose all face!"

Five Elements Wanderer nodded repeatedly.

Chapter 738: Pursuing the Criminal in the Western Region, the Supreme Spirit Fruit of Dragon Blood - Part 3

"Yes, yes, the two Qilin Immortals are correct. It was indeed my poor consideration. However, if the traitors from Spirit Cauldron Immortal Sect and the other eleven Immortal Sects truly wish to hide, there are countless ways they can do so. For example, if they all gather in the Celestial Demon Bone Secret Realm of an Earth Immortal, how could we possibly find them? If there were another feasible method, I would certainly propose it. But if an Earth Immortal with a Celestial Demon Bone Secret Realm is determined to hide, it is extremely difficult to locate them!"

White-forehead Qilin and Cyan-forehead Qilin exchanged a glance, both frowning deeply.

Sui He, Qing He, and Cang He from the Spiritual Crane Immortal Sect, and Chi Liuxia from the Wine Immortal Sect, were all quite troubled as well.

White-forehead Qilin sighed and said, "As things stand, we have no choice but to first visit the sites of the ten annihilated Immortal Sects and the sect locations of Spirit Cauldron Immortal Sect and others to carefully investigate and see if there are any clues! In any case, we cannot just passively wait for them to make a move!"

Cyan-forehead Qilin irritably kicked its hooves a few times. "It's a pity that we are in the Central Divine Dynasty Western Region. If we were at Luo Water Immortal Sect, and if we had some traces from the Earth Immortals of Spirit Cauldron Immortal Sect, we could use our Luo Water Immortal Sect's Nine Profound Inference Stone to deduce their approximate location! Right now, we can only visit the sect locations of those Immortal Sects and try our luck!"

Upon saying this, its large eyes suddenly brightened as it looked at Lin Xuankong, a hint of joy in its eyes, and said, "Oh, I almost forgot! Doesn't Mr. Mu have a Third-grade Immortal Artifact? With a Third-grade Immortal Artifact, we could travel from the Central Divine Dynasty Western Region to Luo Water Immortal Sect in Central Divine Dynasty Central Earth within twenty-four Hours! In this way, as long as we can obtain traces of those Immortal Realm traitors from the ten annihilated Immortal Sects, we can bring them to Luo Water Immortal Sect to deduce their approximate location. If so, our chances of capturing them would be much higher!"

Having said this, Cyan-forehead Qilin turned to Lin Xuankong. "Mr. Mu, I know that a Third-grade Immortal Artifact is extremely precious. Even in the entire Central Divine Dynasty Immortal Realm, only the Sect Master of the Divine Dynasty Immortal Sect possesses one. However, this time, concerning the matters of Spirit Cauldron Immortal Sect, Profound Pure Immortal Sect..."

Just as Cyan-forehead Qilin reached this point, Lin Xuankong raised his hand, unfastened the Third-grade Immortal Artifact hanging at his waist, and handed it to Cyan-forehead Qilin. "If the Qilin Immortal needs it, please take it! Besides, whether we can capture these Immortal Realm traitors is crucial to the outcome of the Immortal Demon War!"

Cyan-forehead Qilin was momentarily stunned, seeing Lin Xuankong hand over the Third-grade Immortal Artifact so readily. Its huge eyes darted between the Third-grade Immortal Artifact and Lin Xuankong, its expression one of utter disbelief! After all, even Cyan-forehead Qilin, accustomed to seeing various treasures in the Immortal Realm and hailing from the second largest Immortal Sect in the Immortal Realm, had never witnessed such a scene—someone so simply, so casually handing over an invaluable treasure like a Third-grade Immortal Artifact!

If Cyan-forehead Qilin was so surprised, then Five Elements Wanderer, the three Supreme Elders from the Spiritual Crane Immortal Sect—Sui He, Qing He, and Cang He—and Wine Sword Immortal Chi Liuxia were naturally even more astonished, their eyes fixated on the Third-grade Immortal Artifact, their expressions full of disbelief!

That's a Third-grade Immortal Artifact! The entire Immortal Realm only has two such artifacts! Yet this Mu Shiba just handed it over so casually, without even a formal ceremony, without any hesitation???

Five Elements Wanderer felt severely shaken, exclaiming continuously within his heart.

After a moment of exclamation, the Five Elements Wanderer lowered his head to gaze at his own First-grade Immortal Artifact, which he had always treasured immensely, a bitter taste filling his mouth. Ever since receiving this First-grade Immortal Artifact—the only one in the entire Five Elements Immortal Sect—from the previous Grand Elder, the Five Elements Wanderer, who had just entered the Fifth Grade at the time, had been immensely proud for thousands of years. After all, First-grade Immortal Artifacts were incredibly rare in the entire Central Divine Dynasty Western Region!

But now, seeing Lin Xuankong casually hand over a Third-grade Immortal Artifact to someone else as if it were trash, Five Elements Wanderer was utterly shocked!

The feeling Five Elements Wanderer had at this moment could be likened to someone on Earth: the goddess they had longed for was kneeling before another, begging for a night of 'favor,' only to be kicked aside and cursed as a slut...

"This... so casually? This is a Third-grade Immortal Artifact; aren't you worried at all?" Cyan-forehead Qilin circulated a wisp of Immortal Yuan, causing the Third-grade Immortal Artifact to float before it, then stared intently at Lin Xuankong.

Lin Xuankong smiled and said, "The Qilin Immortal is only borrowing it; it's not as if it won't be returned to me! Besides, I've spent so much time in Immortal Lord Luoshui's Grotto Heaven World and have known both Qilin Immortals for a long time. Naturally, I trust you both!"

"Alright... alright!" Cyan-forehead Qilin nodded, its expression peculiar.

Nearby, White-forehead Qilin looked on somewhat enviously, her gaze repeatedly drifting to the Third-grade Immortal Artifact above Cyan-forehead Qilin's head. She snorted and said, "Controlling the Third-grade Immortal Artifact to travel from the Central Divine Dynasty Western Region to our Luo Water Immortal Sect takes a full twenty-four Hours and consumes a great deal of Immortal Yuan. Qing, you have just advanced to the Seventh Grade Realm and need to properly stabilize your Realm. How about this... once we reach those ten Immortal Sects and obtain the traces of those Immortal Realm traitors, I will take those traces and use the Third-grade Immortal Artifact to travel to our Luo Water Immortal Sect!"

"No!"

The Cyan-forehead Qilin shook its head resolutely and immediately activated its Immortal Yuan, floating forward swiftly!

"I don't want to! Sister Bai, what's wrong with you? You always let me have the good stuff. This time, with the opportunity to enjoy this third-grade Immortal Artifact, surely you won't snatch it from me, right?"

As the Cyan-forehead Qilin shouted, it flew dozens of miles away, clearly afraid that its sister would compete with it to use the third-grade Immortal Artifact.

Seeing the Cyan-forehead Qilin acting like this, the White-forehead Qilin showed a helpless expression and smiled, "Qing, you little rascal!"

"Hurry up! Let's reach the nearest of the ten Immortal Sects as soon as possible. We need to find the aura of those traitors to the Immortal Realm quickly so I can use this third-grade Immortal Artifact—one of only two in the entire Immortal Realm—and complete this mission swiftly!" The Cyan-forehead Qilin's voice echoed from afar.

The White-forehead Qilin turned back helplessly to Lin Xuankong and the others. "Well, fellow Daoists, we'd better hurry and set off!"

Everyone nodded in agreement, activating their Immortal Artifacts and Immortal Yuan, and followed behind the White-forehead Qilin, heading south rapidly. Lin Xuankong flew among them, a hint of a smile in his eyes.

It was just a third-grade Immortal Artifact, and just letting this Cyan-forehead Qilin Immortal use it for a while made it so excited. If I took out the pile of fourth, fifth, sixth, and seventh-grade Immortal Artifacts from the Ghost Frog Pouch and let it use a few, I wonder how this Cyan-forehead Qilin Immortal would feel!

Everyone didn't hesitate to expend a large amount of Immortal Yuan, continuously flying with their Immortal Artifacts at an extremely fast speed.

Even though the Central Divine Dynasty Western Region was vast, after two days, they still arrived at Yang Immortal Sect, the nearest to Spiritual Crane Immortal Sect among the ten annihilated Immortal Sects.

Floating mid-air, Lin Xuankong and many Earth Immortals looked down. Whether it was Lin Xuankong, the two Qilin Spirit Beasts, Elder Cang He, or the others, they all furrowed their brows.

Although Yang Immortal Sect was just a small Immortal Sect in the Central Divine Dynasty Western Region, it boasted a legacy of over ten thousand years. It was a dignified Immortal Sect with several Earth Immortals, ten thousand disciples, and seven Spirit Peaks. The nearby cultivator city, though not as grand as Spiritual Crane Immortal City, was still large enough to house seven to eight hundred thousand people!

One could imagine that just a few months ago, Yang Immortal Sect and Yiyang Immortal City were surely shrouded in Immortal mist, brimming with Immortal charm, and bustling with cultivators flying to and fro.

But at this moment, looking down from the sky, the once Immortal Dao Sect, Yang Immortal Sect, had been reduced to ruins.

The seven elegant Spirit Peaks had long been blasted flat; even the Spirit Veins beneath were completely destroyed.

Within the once prosperous Yiyang Immortal City, decayed and shattered corpses were strewn everywhere. People of all ages and genders had met tragic deaths, and an overwhelming stench from the bodies assaulted the senses incessantly.

Moreover, black smoke swirled throughout the Immortal Sect and Immortal City, filled with haunting, resentful ghostly wails. The entire area now resembled a hell on earth.

Lin Xuankong's keen vision swept over the area, taking in the entirety of the gruesome scene in this part of the Immortal Realm. Even though he had mentally prepared himself, a surge of anger still rose in his heart.

Over the past two days, I've been secretly activating the Nine Gates Celestial Eye, monitoring the whereabouts of Spirit Cauldron Immortal Sect's Jiang Huanglong and other Earth Immortals. After all, even before arriving at Yang Immortal Sect, I suspected that these traitors of the Immortal Realm, having colluded with the Profound Yin Demon Sect and intent on joining them, would certainly commit heinous acts as proof of their allegiance! In such a situation, finding their tracks earlier would allow us to prevent further atrocities. Fortunately, for the past two days, the Earth Immortals from Spirit Cauldron Immortal Sect, Profound Pure Immortal Sect, and the other ten Immortal Sects have been hiding in a Celestial Demon Bone Secret Realm, still undecided on their next target and timing! These traitors have some self-awareness, knowing that if they provoke Immortal Lord Luoshui Yaan Mingyu, they won't have a chance to survive. So, they planned to lay low for a while and observe the situation before acting. That's why I haven't immediately disclosed the whereabouts of Jiang Huanglong and the others to the Qilins. After all, such an extremely divine and mysterious tracking method is an important ace up my sleeve—more critically, this Nine Gates Celestial Eye tracking technique comes from the Profound Yin Demon Sect, making it inappropriate for me to reveal it in front of these Earth Immortals!

At this moment, seeing the tragedy of Yang Immortal Sect and Yiyang Immortal City and the strange black smoke, the eyes of the White-forehead Qilin, Cyan-forehead Qilin, the three Grand Elders, and Chi Liuxia all flared with anger, though the Five Elements Wanderer showed some fear.

The Cyan-forehead Qilin descended from the clouds, approaching the black smoke. It carefully sensed the area, a glint of anger in its eyes.

"This is the aura of Demon Artifacts frequently used by those fiends from the Profound Yin Demon Sect! The traitors from Spirit Cauldron Immortal Sect, Profound Pure Immortal Sect, and the other ten Immortal Sects dared to strike so brazenly because they had obviously received Demon Artifacts from the Profound Yin Demon Sect beforehand!"

It glanced at the countless broken corpses.

"These bodies were attacked by Demon Artifacts; their souls have been extracted and demonized! Hmph! The traitors from Spirit Cauldron Immortal Sect, Profound Pure Immortal Sect, and the other ten Immortal Sects, just to present proof of their allegiance, committed such monstrous slaughter! Despicable, utterly despicable! All those traitors deserve to die!"

Chapter 740: Pursuing the Criminal in the Western Region, Supreme Spirit Fruit Dragon Blood Fruit - Part 5

As they spoke, the Cyan-forehead Qilin snorted continuously, its entire body pulsating with Immortal Yuan, clearly infuriated!

Grand Elder Sui He, Qing He, Cang He, and Chi Liuxia also couldn't help but rest their hands on the Immortal Artifacts at their waists, their faces gloomy.

A hint of sorrow emerged in the eyes of the White-forehead Qilin. After a moment of silence, it landed near the Cyan-forehead Qilin.

"Qing, I know you have always fiercely hated evil, but now is not the time for anger. These clouds of Demonic Qi contain substantial traces of the Demon Dao. Quickly collect some and return to our Luo Water Immortal Sect. Have the Sect Leader activate the Nine Profound Inference Stone to track down those traitors!"

After the Cyan-forehead Qilin collected some black clouds of Demonic Qi and left the Yang Immortal Sect, Grand Elder Cang He of the Spiritual Crane Immortal Sect sighed lightly and said, "6,000 years ago, when I first saw Wang Qizhen, the founding ancestor of the Yang Immortal Sect, he had just advanced to the late Ninth Layer and intended to join the Spiritual Crane Immortal Sect. Unfortunately, he was defeated by Qu Er during that disciple recruitment ceremony.

I thought Wang Qizhen would be disheartened. However, he later obtained a Dragon Blood Fruit in Boundaryless Mountain. His Heart Thought Grade then advanced to the Fifth Grade of the Immortal Tier, making him the only peerless genius in the Central Divine Dynasty Western Region who possessed an Immortal Tier Divine Soul while still in the Transcendence Realm! Later, he acquired the One Yang Immortal Technique, founded his own sect, and became the founding ancestor of the Yang Immortal Sect!

Given time, if he had been granted a few more thousand years, it's possible that his Yang Immortal Sect could have become one of the Twelve Great Immortal Sects in the Central Divine Dynasty Western Region, and he himself might have become a Sixth or even Seventh-Grade Earth Immortal!

Unfortunately, just as the great Immortal Demon War that swept through the Divine Dynasty Immortal Realm began, he perished, his Dao extinguished! Alas, I wonder how many more peerless geniuses, who could have grown to be great powers in the Immortal Realm, will fall in this catastrophe!"

Hearing this, Lin Xuankong couldn't help but furrow his brows.

The Profound Yin Demon Sect indeed casts a huge shadow over the hearts of countless Earth Immortals in the Immortal Realm. For hundreds of thousands of years, the Profound Yin Demon Sect has repeatedly invaded the Immortal Realm. This time, having gained Celestial Demon Power, they've invaded with full force, claiming they will root out both the Central Divine Dynasty Immortal Realm and the Buddha Realm of Spirit Platform Buddhism! To survive this catastrophe, where even Ninth-Grade Earth Immortals and the Strongest Immortal Lords may fall, my current Power is not enough. My Realm and Array mastery must become stronger to truly unleash my Talent!

At this point, the White-forehead Qilin couldn't help but exclaim in surprise, "Dragon Blood Fruit? That Spirit Fruit, said to be formed from Celestial Demon Blood, is extremely rare, even in the Central Divine Dynasty Central Earth! According to what my Immortal Lord told me, the Sect Master of the Divine Dynasty Immortal Sect managed to condense the current strongest Divine Soul in the entire Immortal Realm only after consuming 72 Dragon Blood Fruits, enabling him to cast devastating Illusion Techniques capable of deceiving the Divine Souls of Ninth-Grade Earth Immortals! I never expected someone in the Central Divine Dynasty Western Region to encounter such a great fortune and consume this Spirit Fruit!"

Grand Elder Sui He nodded and said, "Indeed! Because he obtained the Dragon Blood Fruit, the Divine Dynasty Immortal Sect sent an Immortal Envoy to exchange the One Yang Immortal Technique for the full account of how he obtained the Immortal Fruit. However, it's unclear whether the Divine Dynasty Immortal Sect's Immortal Envoy managed to find more Dragon Blood Fruits near the location Wang Qizhen mentioned."

The White-forehead Qilin frowned and said, "Unfortunately, Wang Qizhen and his Yang Immortal Sect have now been completely annihilated. Otherwise, we could have exchanged some valuable items for the full account of how he obtained the Immortal Fruit. If there were a chance to obtain such Dragon Blood Fruits, it would greatly enhance Divine Soul Strength, far surpassing any Immortal-grade Elixir in the Immortal Realm!"

Hearing this, Lin Xuankong's interest was piqued.

Back when I was in the Transcendence Realm, I had easily defeated opponents with higher Realms due to my powerful Heart Thought Grade. I had even defeated opponents two Realms above my own level! Thus, I deeply understood the benefits of a powerful Divine Soul... At the very least, with a strong

enough Divine Soul, I could easily resist Illusion Techniques from the Demon Sect or some top-tier experts!

He thought to himself, I wonder if Jiang Huanglong and his cohort from the Spirit Cauldron Immortal Sect have completely obliterated Wang Qizhen's Immortal Body and Golden Core! If there's a chance to obtain Wang Qizhen's Immortal Body or Golden Core, even if Wang Qizhen's Divine Soul was destroyed, my Great Reincarnation Technique might still summon his Divine Soul back. If so, I would have the opportunity to ask him for information about the Dragon Blood Spirit Fruit! This means that pursuing the traitors from the Twelve Great Immortal Sects, like the Spirit Cauldron Immortal Sect and the Profound Pure Immortal Sect, might not only positively influence this Immortal Demon War but also offer a chance to gain information about the Supreme Spirit Fruit, the Dragon Blood Fruit!
