Chapter 911: One Person Changes the Entire Immortal Realm's Situation

Upon hearing what Second Elder Panzhu of the Cyan Dragon Race said,

The two Grand Elders of the Black Tortoise Race and Fire Phoenix Race both turned to look at the Qilin Race Elder Clan Leader.

Seeing the burning eyes of the two Grand Elders looking over,

The Qilin Race Elder Clan Leader felt somewhat helpless.

A dozen days ago, during that battle on the outskirts of the Blood-colored Mist Forbidden Land, it had ordered the many Demon Kings of the Qilin Race not to disclose any details outside, to help Mr. Mu conceal some matters! After all, in the eyes of the Qilin Race Elder Clan Leader, if the events surrounding Mr. Mu were spread, countless Demon Kings in the Boundaryless Mountain Range would be thoroughly shocked!

Especially given that Mr. Mu somehow possessed hundreds of Immortal Artifacts... If such a thing spread, most Demon Kings would be astonished by Mr. Mu's power! But amongst both the Human Race and Demon Race, there are quite a few restless individuals!

The allure of hundreds of Immortal Artifacts,

is truly too great, the Qilin Race Elder Clan Leader cannot imagine how many Demon Kings would be unable to resist the temptation of the hundreds of Immortal Artifacts owned by Mr. Mu, should some reckless individuals come to the Qilin Race looking for Mr. Mu and making trouble, it would be quite troublesome!

Even with Mr. Mu's power, techniques, talent abilities, etc., he need not fear those below the Strongest Immortal Lord, and can even protect himself when facing beings of the Strongest Immortal Lord Level, yet should some reckless individuals come to disturb, it would ultimately be a bothersome issue!

But looking at the current situation,

there truly are no walls without leaks in this world!

No matter how many times the Qilin Race Elder Clan Leader ordered, no matter how many times it cautioned the numerous top Demon Kings of the Qilin Race, while the Demon Kings of the Qilin Race did not disclose the events of that day, nonetheless, other Demon Kings had seen what happened that day... Thinking about these, naturally, the Qilin Race Elder Clan Leader felt somewhat helpless.

It glanced around at the elders of the Black Tortoise Race, Fire Phoenix Race, and Cyan Dragon Race in front of it, sighing once before speaking:

"Second Elder Panzhu is correct, the battle that occurred at the Blood-colored Mist Forbidden Land involved the mysterious Human Race Earth Immortal Mr. Mu, who indeed utilized hundreds of Immortal Artifacts and set up the heavy protective Thousand Cranes Array merely by waving his hand, thus triumphing over the many Demon Kings of the Ba Xia Race!

At that time, this old one was also amazed and impressed by the mysterious Human Race Earth Immortal Mr. Mu each time he activated numerous Immortal Artifacts!

In over ten thousand years, this old one too saw for the first time a cultivator wielding as many as hundreds of Immortal Artifacts with a wave of the hand! Even in records from the Near Ancient Era, Ancient Era, distant Ancient Era, and Ancient Times, the immortals possessing the abundant resources that spread the Immortal Realm at that time, none of the Human Race Earth Immortals had ever wielded that many Immortal Artifacts with a wave of the hand!

Though one of the reasons the mysterious Human Race Earth Immortal Mr. Mu was able to defeat the Ba Xia Race was because their Clan Leader Gui Ying had much of his strength sealed by my Qilin True Words while engaged with me, but truthfully, this old one, at that time, would have found it immensely difficult to defeat those hundreds of Demon Kings of the Ba Xia Race!

On that day, the mysterious Human Race Earth Immortal Mr. Mu wielded hundreds of Immortal Artifacts, a scene indeed remarkable and unforgettable!"

After the Qilin Race Elder Clan Leader finished speaking, it fell silent,

yet, deep in its vast Qilin eyes, an expression of profound sentiment was revealed, clearly recalling that unforgettable battle from a dozen days ago!

The two Grand Elders of the Black Tortoise Race and Fire Phoenix Race, upon hearing the words of the Qilin Race Elder Clan Leader, had no more doubts in their hearts,

The two Grand Elders couldn't help but show expressions of astonishment, the Fire Phoenix Race's Grand Elder Yan Liao's eyes widened, the flames surrounding the Immortal Body became fresh and bright, evidently, this strong figure from the Fire Phoenix Race was quite emotionally affected at this moment!

It remained silent for a moment, unable to suppress the change in its gaze, then spoke:

"This time coming to celebrate the Qilin Race's joyous occasion for obtaining eighteen Immortal Artifacts, I actually harbored a thought to get to know the mysterious Human Race Earth Immortal Mr. Mu, see if I could expend some resources to obtain a few Immortal Artifacts from him, even spending a large amount of resources, being able to purchase one or two Immortal Artifacts from the mysterious Human Race Earth Immortal Mr. Mu would give me immense joy!

Now, looking at the number of Immortal Artifacts the mysterious Human Race Earth Immortal has, this matter actually seems quite likely to succeed! Excellent, excellent, truly excellent!"

Amid the sentiments of the Fire Phoenix Race's Grand Elder,

The Second Elder Panzhu of the Cyan Dragon Race then spoke:

"Now that the Qilin Race's Elder Clan Leader has affirmed that the mysterious Human Race Earth Immortal Mr. Mu indeed wielded as many as hundreds of Immortal Artifacts back in the day, there should be no more doubt from the Black Tortoise Grand Elder and Fire Phoenix Grand Elder!

As for what I mentioned about times having changed, the many Demon Races in our Boundaryless Mountain Range must change their attitudes, it is precisely because of this matter!

In fact, from what I know, the mysterious Human Race Earth Immortal Mr. Mu's victory over the hundreds of Demon Kings of the Ba Xia Race wasn't based solely on the hundreds of Immortal Artifacts, his array formation techniques, even if not comparable to those of the legendary foremost in Immortal Realm, the Immortal Lord Luoshui, Yaan Mingyu, aren't far off!

Regardless of not mentioning the array formation techniques of the mysterious Human Race Earth Immortal Mr. Mu, nor his various abilities and talents, simply with the mention of his hundreds of Immortal Artifacts, that alone should make many Demon Race clans within our Boundaryless Mountain Range reevaluate their attitudes towards the Immortal Realm Human Race and Profound Yin Demon Sect!"

Chapter 912: One Man Changes the Fate of the Immortal Realm (Part 2)

The Qilin Race Elder Clan Leader, upon hearing this, couldn't help but change his expression, then he said:

"Second Elder Panzhu is right!

Grand Elder Black Tortoise, Grand Elder Fire Phoenix, both of you know that our Qilin Race has recently acquired eighteen Immortal Artifacts, and with these artifacts, the strength of our clan has significantly increased. After all, the power a Cultivator can wield with an Immortal Artifact is vastly different from that without one!

And this is just eighteen Immortal Artifacts,

What if there were hundreds? That would be nearly four hundred Immortal Artifacts!

Not to mention the other skills, talents, and methods of that mysterious Human Earth Immortal Mr. Mu. Just these nearly four hundred Immortal Artifacts, once handed over to the powerful Ninth-Grade Earth Immortals of the Human Race, can immediately give a significant boost to the overall strength of the Immortal Realm Human Race!

At that time, even if the Immortal Realm Human Race remains at a disadvantage against the Profound Yin Demon Sect, at the very least, the alliance of newly acquired hundreds of Immortal Artifacts with the Spirit Platform Buddhism against the Profound Yin Demon Sect will greatly increase the chance of surviving this great war!

Moreover, to my knowledge, that mysterious Human Earth Immortal Mr. Mu doesn't just possess incredible Array Formation Talent and methods; he is actually an Artifact Refining Master, and it's highly likely that those Immortal Artifacts were all refined by him!

If, as I suspect, these nearly four hundred Immortal Artifacts were indeed refined by him, then in the continuation of the decades-long war between the Immortal Realm Human Race and the Profound Yin Demon Sect, the role Mr. Mu can play will be enormous, even potentially surpassing the influence of adding another Strongest Immortal Lord for the Human Race!

Therefore, in my view, how we, the Demon Race of the Boundaryless Mountain, should face the war between the Immortal Realm Human Race and the Profound Yin Demon Sect is not just about considering the previous strength of the Human Race, but also the potential power they might possess in the future after this mysterious Earth Immortal Mr. Mu has appeared!

What if,

What if in the future, the Immortal Realm Human Race won the victory because of Mr. Mu, who has extraordinary Array Formation Talent and Artifact Refining Talent..."

Saying this, the Qilin Race Elder Clan Leader paused his voice, looking towards the elders of the Fire Phoenix Race, Black Tortoise Race, and Cyan Dragon Race.

Second Elder Panzhu of the Cyan Dragon Race nodded repeatedly,

"The Elder Clan Leader of the Qilin Race is right! After getting the news, I immediately came to, on one hand, celebrate the joyful event with the Qilin Race, and on the other hand, because of the hundreds of Immortal Artifacts from this mysterious Human Earth Immortal Mr. Mu!

Those are hundreds of Immortal Artifacts. Once they play their part, there is certainly a slight possibility of changing the course of battles far beyond what we originally predicted in the wars of the Immortal Realm Human Race in the Western Region!

Previously, in my and my clan leader's predictions, even if the Immortal Lord Luoshui Yaan Mingyu arrived in the Western Region of the Immortal Realm Human Race, facing numerous Demons of the Profound Yin Demon Sect, Demon Generals, and several Demon Lords, it would be extremely difficult to reverse the entire battle!

But with these hundreds of Immortal Artifacts, Immortal Lord Luoshui Yaan Mingyu might set up many Grand Arrays capable of resisting the Ninth-Grade Demon Generals and even countering the attacks of Demon Lord-Level entities. In this case, at the very least, the Western Region of the Immortal Realm Human Race will become a tough nut for the Profound Yin Demon Sect to crack!"

Speaking of this, Second Elder Panzhu of the Cyan Dragon Race's face turned solemn,

"What if, in the Western Region of the Immortal Realm Human Race, with the hundreds of Immortal Artifacts provided by this mysterious Human Earth Immortal Mr. Mu, the tide of the battle gets completely reversed, repelling numerous Demons, Demon Generals, and several Demon Lords of the Profound Yin Demon Sect? At that time, the entire battle situation of the Immortal Realm Human Race will be profoundly affected, likely causing the Profound Yin Demon Sect to lose sight of the big picture, leading to their defeat!

After all, whether the Profound Yin Demon Sect has obtained a hint of Celestial Demon Power is something no one has seen or can confirm to this day. It is all hearsay, and merely the words of those Demonic Cultivators of the Profound Yin Demon Sect!

If the Immortal Realm Human Race wins, at that time it would be meaningless for us, the Demon Race of the Boundaryless Mountain, to try to befriend the Human Race!

Providing help when they need it most is far better than decorating success!"

Upon hearing Second Elder Panzhu of the Cyan Dragon Race say this, the two Grand Elders of the Black Tortoise Race and Fire Phoenix Race couldn't help but raise their eyebrows,

Fire Phoenix Grand Elder Yan Liao's eyes sparkled, "Second Elder Panzhu implies that the various Demon Races of the Boundaryless Mountain Range should establish an alliance with the Immortal Realm Human Race sooner and assist them?"

Second Elder Panzhu of the Cyan Dragon Race nodded slightly and then spoke decisively:

"Even if we do not establish a direct alliance, at the very least, we must show enough sincerity and secretly assist the Immortal Realm Human Race; this way, if they win in the future, they won't forget the assistance they received from us, the Demon Race of the Boundaryless Mountain in their time of need!"

The Qilin Race Elder Clan Leader couldn't help but sigh deeply upon hearing this,

He knew very well that if it were ten days ago, the always cunning Black Tortoise Race, the always arrogant Fire Phoenix Race, and the Cyan Dragon Race, the Royal Race of the Boundaryless Mountain would never make such a decision! At that time, the best scenario would be for these Spiritual Beast Clans of the Boundaryless Mountain and countless Demon Race clans not to join the Profound Yin Demon Sect, but just sit back and watch the fight!

But now,

only ten days have passed,

just because of a battle outside the Blood-colored Mist Forbidden Land,

just because of a mysterious Human Earth Immortal Mr. Mu,

the decision made by countless top experts among the Demon Races within the Boundaryless Mountain has undergone a complete transformation!

Across the entire Immortal Realm, the countless Demon Race clans within the Boundaryless Mountain Range are indeed a force that cannot be ignored. Now, because of Mr. Mu, an Earth Immortal of the Second Grade, this powerful force may move in the shadows to become the allies and supporters behind the scenes of the Immortal Realm Human Race in this Immortal Demon War!

An Earth Immortal of the Second Grade!

Yet he has achieved such an almost impossible feat!

Considering the situation from ten days ago, even if the renowned Immortal Lord Luoshui Yaan Mingyu went to the Boundaryless Mountain Range personally to meet with the Clan Leaders of the Black Tortoise, Fire Phoenix, and Cyan Dragon Races, he might not have been able to bring about such a change!

This Human Earth Immortal Mr. Mu is on the verge of changing the future stance of the entire Immortal Realm single-handedly!

A Cultivator capable of achieving such a feat is rare in the entire Immortal Realm, even the twenty-eight Strongest Immortal Lords of the Human Realm Immortal Race may not have the ability to influence the course of the Immortal Demon War as much as this mysterious Human Earth Immortal Mr. Mu!

As the Qilin Race Elder Clan Leader honored this thought, the three elders from the Black Tortoise Race, Fire Phoenix Race, and Cyan Dragon Race had already discussed and decided to propose, upon meeting that legendary mysterious Human Earth Immortal Mr. Mu, to form an alliance and secretly provide some assistance to the Immortal Realm Human Race!

Second Elder Panzhu of the Cyan Dragon Race then looked towards the Elder Clan Leader of the Qilin Race, "Our three clans have already made up our minds, and after reporting back to our respective Clan Leaders, the matter will be settled. I wonder what the decision of the Qilin Race is? The Qilin Race has always had a good relationship with the Human Race, so you probably wouldn't oppose this decision, right?"

The Elder Clan Leader of the Qilin Race nodded slightly. He had long wanted to persuade the Black Tortoise Race, Fire Phoenix Race, and Cyan Dragon Race to secretly assist the Immortal Realm Human Race!

"As one of the Four Great Spirit Beast Clans, our Qilin Race certainly won't oppose your three clans' opinions. Let's proceed as Elder Panzhu has suggested!"

Once the mysterious Human Earth Immortal Mr. Mu..."

At this point, it seemed he suddenly sensed something, turning towards the mountain gate, looking at the end of the distant mountain path!

Just at this moment, a stream of light rapidly raced along the mountain path towards the location of the Qilin Spirit Mountain's mountain gate!

Chapter 913: He's Here! The Human Race's Number One

When the radiance swiftly traversed to the gate of the Qilin Spirit Mountain,

the Qilin Race Elder Clan Leader waved to dissipate the Immortal Yuan soundproof barrier and looked at the nearby Qilin Race Demon King, Qi Xin, with an expression of discontent on his face,

"You look so hurried. Which clan's elder has come to our Qilin Spirit Mountain again?"

Qi Xin first bowed to the Qilin Clan Elder, the Cyan Dragon Race Second Elder, the Black Tortoise Race Grand Elder, and the Fire Phoenix Grand Elder, before responding:

"Clan Leader, it's not any clan's elder that's come to our Qilin Spirit Mountain,

it's that mysterious Second-Grade Earth Immortal Mr. Mu of the Human Race who has come to Qilin Spirit Mountain and is almost at the mountain path now!"

"Mr. Mu is here?"

The Qilin Race Elder Clan Leader who initially looked unhappy was immediately invigorated upon hearing Qi Xin say this, and his gaze turned toward the distant mountain path. Surrounding him, the Cyan Dragon Race, Fire Phoenix Race, and Black Tortoise Race elders all showed faces full of curiosity, turning their heads to look toward the far-away mountain path.

The top-tier Demon Kings and Clan Leaders from various races who were monitoring the commotion at the mountain gate of Qilin Spirit Mountain immediately widened their eyes and stared intently at the end of the mountain path upon hearing the conversation between the Qilin Clan Elder and Qi Xin!

This mysterious human Earth Immortal who gifted the Qilin Race with no less than eighteen Immortal Artifacts is undoubtedly the legendary figure that countless Demon Kings here today most wish to see in person!

After all, someone who could stir up the entire Boundaryless Mountain Range and cause the elders from the Black Tortoise Race, Fire Phoenix Race, and Cyan Dragon Race to travel countless miles to see him is naturally a source of immense curiosity!

Amidst the focus of the many Demon Kings,

the mist at the end of the mountain path dispersed, revealing a figure from afar!

Upon seeing this silhouette, the Qilin Race Elder Clan Leader dispelled any doubts he had, immediately activating his Immortal Yuan, floating up to greet the figure in the distance!

The elders from the Black Tortoise Race, Fire Phoenix Race, and Cyan Dragon Race, seeing the Qilin Race Elder Clan Leader's actions, hesitated no longer, also activating their Immortal Yuan to float upward, swiftly following the Qilin Race Elder Clan Leader to greet the distant figure!

As they floated, the Qilin Race Elder Clan Leader's face was full of smile,

"Mr. Mu, for over ten days now, the Demon Kings of our Qilin Race have been meticulously preparing to welcome your arrival. And now you have indeed returned safely from the Blood-colored Mist Forbidden Land, hahaha, truly worthy of Mr. Mu!"

At this moment,

the Qilin Race Elder Clan Leader's full smiling demeanor showed even more enthusiasm in welcoming Lin Xuankong than when he previously greeted the Cyan Dragon Race's Second Elder Panzhu!

It's noteworthy that the Cyan Dragon Race's Second Elder Panzhu is an indisputable powerhouse, a Strongest Immortal Lord Level practitioner who awakened his Bloodline Power twice over ten thousand years ago!

In the eyes of the Qilin Race Elder Clan Leader, Lin Xuankong, before him, seemed to hold a status and importance exceeding that of the Cyan Dragon Race Second Elder Panzhu!

In the distance on the mountain path, Lin Xuankong looked somewhat surprised at the expansive gathering of top Demon Kings from various clans on the mountains of Qilin Spirit Mountain,

he glanced considerably a few times before turning to the top Demon King of the Qilin Race beside him, Qi Ku, "What major event is happening today for the Qilin Race to have so many top-tier Demon Kings from various clans gathered here?"

At this moment, the gathering of various clans' top-tier Demon Kings, elders, and clan leaders on the Qilin Spirit Mountain path collectively far surpassed the number of High Grade and top Demon Kings of the Ba Xia Race from earlier, which naturally made Lin Xuankong somewhat surprised!

After all, such a grand scene was unprecedented for Lin Xuankong, a figure who hailed from the remote Great Marsh Prefecture of another dynasty. Even later, in the Central Divine Dynasty Western Region, at the Spiritual Crane Immortal Sect, what he saw consisted only of hundreds or a thousand Earth Immortals, never had he seen so many powerhouses rivaling Ninth-Grade Earth Immortals!

The Qilin Race's top Demon King guiding Lin Xuankong, Qi Ku, couldn't help but show a somewhat peculiar expression,

He turned to Lin Xuankong, with a slightly odd demeanor, said:

"Mr. Mu, indeed, the gathering of top-tier Demon Kings, elders, and clan leaders from various clans at Qilin Spirit Mountain today can be said to be due to you!"

"Due to me?" Lin Xuankong couldn't help but furrow his brow slightly.

At this moment,

the group of Demon Kings led by the Qilin Race Elder Clan Leader, swirling from the Qilin Spirit Mountain gate, had already greeted Lin Xuankong nearby,

the Qilin Race Elder Clan Leader, along with the Cyan Dragon Race Second Elder, Black Tortoise Race Grand Elder and Fire Phoenix Race Grand Elder, all descended, gracefully landing. The Qilin Race Elder Clan Leader, with a full face of enthusiasm, spoke:

"Although Qi Ku tends to be unreliable at times, this is one time he got it right. These sprawling Demon Kings from various clans indeed are here because of Mr. Mu! Had it not been for Mr. Mu's gift of eighteen Immortal Artifacts to our Qilin Race, where would these Demon Kings and clan leaders have had the leisure to travel countless miles to our Qilin Race's Spirit Mountain? Hahaha!"

Beside them, the Cyan Dragon Race Second Elder, Panzhu, then carefully observed Lin Xuankong, sensing his Immortal Yuan fluctuations. After a moment, this Cyan Dragon Race Second Elder couldn't help but exclaim:

"Based on the fluctuations I sense and the details I observe, this Human Race Earth Immortal Mr. Mu likely hasn't exceeded a thousand years of age, right?"

Unbelievable, truly unbelievable, the mysterious Human Race Earth Immortal stirring up the entire Boundaryless Mountain Range in recent days is actually so young!

Chapter 914: He's Here! The Human Race's Number One (Part 2)

Indeed, the river's waves push the waves ahead, and each new generation replaces the old! So young, yet achieving such earth-shattering feats, it's truly unimaginable. If I hadn't seen it with my own eyes, I, Panzhu, would never have believed it!"

The Grand Elder of the Black Tortoise Race heard this and was somewhat surprised, "Elder Panzhu, can you really be sure that this human Earth Immortal Mr. Mu before us is less than a thousand years old? Within a thousand years, there are not many from the Human Race who can achieve the Perfection Realm of the Second-Grade Earth Immortal. Almost every one of them who grows up to this level becomes one of the Strongest Immortal Lords in the Human Race Immortal Realm!"

The Grand Elder of the Fire Phoenix Race was also somewhat surprised, "Before seeing this Mr. Mu, I had always considered that a human expert capable of employing powerful array formation techniques

and repelling hundreds of High-Grade and Top Demon Kings from the Ba Xia Race must have cultivated for at least several thousand to tens of thousands of years!

I didn't expect him to be so young, under a thousand years old?"

Elder Panzhu of the Cyan Dragon Race raised an eyebrow and said, "One of the demon techniques our Cyan Dragon Race is quite skilled at is called the Cyan Dragon Qi Observation Skill. The effect of this technique is to sense the other party's realm and approximate age. That's why I'm certain that this Mr. Mu is indeed very young!"

Opposite them, Lin Xuankong paused when he heard the discussions of these demon elders,

and thought to himself: Probably only these old demons who don't know which demon race they belong to would call someone with a thousand-year lifespan a young cultivator!

In the territory of the Human Race, in the Great Xia Dynasty, anyone over a thousand years old would be considered an old monster!

But even though the Cyan Dragon Race's Qi Observation Skill is formidable, it can tell with a glance that I am not yet a thousand years old. However, the precision is slightly off. I'm not only under a thousand; I've lived less than a hundred years in this cultivation world!

If I were already a thousand years old, with the effects of my Vigorous in Old Age Life Plate, I wonder how many wondrous talents would awaken!

Moreover, if I were now a thousand years old, my cultivation speed, under the Talent of Old and Wise, would indeed be a thousand times higher, and the effect of consuming exotic treasures and elixirs would also be enhanced a thousandfold!

I do hope that I am already that 'young' thousand-year-old guy now!

As Lin Xuankong secretly ridiculed himself,

the elder clan leader of the Qilin Race smiled broadly and cheerfully said:

"Mr. Mu, Elder Panzhu, Grand Elder of the Black Tortoise, Grand Elder of the Fire Phoenix, you are all the most honorable guests of my Qilin Race today; let's not chat idly here, or the Demon Kings of other races will definitely say our Qilin Race hospitality is insufficient, letting esteemed guests catch the wind on the mountain path! Now, in the back mountain of the Qilin Spirit Mountain, a bountiful feast has already been laid out, just waiting for you all to attend!"

....

In the back mountain of Qilin Spirit Mountain,

the vast valley holds over a thousand banquet tables, adorned with various spirit fruits and spiritual vegetables that continuously emit spiritual energy. The aroma makes one's mouth water and appetite grow!

This time over ten thousand Demon Kings from various races have come to celebrate with the Qilin Race for acquiring eighteen Immortal Artifacts. Although not all are top Ninth-Grade Demon Kings, since they have come from afar, as one of the Four Great Spirit Beast Clans, the Qilin Race naturally cannot neglect the guests. So each table is almost identical, with exquisite spirit fruits and spirit medicine unique to Qilin Spirit Mountain!

In the Human Race Immortal Realm, any one of these tables could be sold for hundreds or thousands of Profound Truth Jade Stones!

The Qilin Race has gained immense prestige this time but has also spent quite a bit of their reserves!

However, the one most in the spotlight today is not the Qilin Race who spent generously, but Lin Xuankong sitting at the main table!

Lin Xuankong is not the type who likes to show off or flaunt status, repeatedly trying to give up the main seat for either the Second Elder of the Cyan Dragon Race or the elder clan leader of the Qilin Race, as these two Strongest Immortal Lord Level Demon Kings have reputations that resonate far and wide in the Boundaryless Mountain Range, with extraordinary statuses!

In Lin Xuankong's view, even the Grand Elder of the Black Tortoise Race or the Grand Elder of the Fire Phoenix Race, who have cultivated for over a hundred thousand years, are more qualified to sit at the premier position than he is!

However, the Qilin Race elder clan leader, the Second Elder of the Cyan Dragon Race, the Grand Elder of the Black Tortoise, and the Grand Elder of the Fire Phoenix were insistent, stubbornly asking Lin Xuankong, this 'young' human Earth Immortal, to take the primary seat!

Helplessly, Lin Xuankong had to respect the Qilin elder clan leader's demands and sit at the head of the entire Qilin Back Mountain feast!

The banquet began,

Lin Xuankong's seat immediately became the focal point of the entire feast,

whether from the Cyan Dragon Race's Demon Kings or the Fire Phoenix Race's Demon Kings, whether from the Qilin Race's Demon Kings or those from the Black Tortoise Race, or even Demon Kings and clan leaders from various demon races of the Boundaryless Mountain, all came friendly, one by one, to share a drink with Lin Xuankong!

Their enthusiasm almost gave Lin Xuankong an illusion, feeling as if today's feast was his wedding banquet, where he was the groom at the center of attention...

Of course, the appearances of the Demon Kings and clan leaders from each of the demon races coming to toast were nothing like wedding guests. These guys had huge bodies, emitted Immortal Yuan fluctuations in various strange shapes, and their looks had none of the 'joy' associated with such events, being either lion-headed and human-bodied, or human-headed and lion-bodied, not dog-headed on human torsos, then human-headed on wolf bodies! In Lin Xuankong's eyes, the demon kings present were more like being in a zoo of mutated animals!

In the area of the Qilin Race's many Demon Kings,

The Cyan-forerhead Qilin, the White-forerhead Qilin, and some of the younger Demon Kings of the Qilin Race sat at the same table,

Though these Demon Kings were referred to as the Qilin Race's juniors, supposedly young, even the youngest among them was over ten thousand years old, several thousand years older still than the Cyan-forerhead Qilin and White-forerhead Qilin...However, at other tables, even the youngest Demon Kings were at least thirty to fifty thousand years old, making these ten-thousand-year-old Qilin Race Demon Kings only 'young juniors' in comparison!

Watching the Demon Kings from table to table leave their seats to head over to where Lin Xuankong was seated for a cup, the White-forerhead Qilin couldn't help but sigh:

"I remember thousands of years ago, when our master, the Immortal Lord Luoshui, came to Qilin Spirit Mountain, our Qilin Race also set up a grand banquet to welcome our master Luoshui Immortal Lord. However, although that banquet was grand, compared to today's feast, it was much smaller!"

Hearing this, the Cyan-forerhead Qilin shook its head repeatedly, its eyes burning as it gazed at Lin Xuankong at the head of the banquet,

"Sister Bai, that statement is erroneous. When our master, the Immortal Lord Luoshui, came to the Qilin Race, although we also set up a grand feast, at that time, aside from our Qilin Race's Demon Kings, only some elders and Demon Kings from the Fire Phoenix Race and the Black Tortoise Race attended; the Cyan Dragon Race's elders and Demon Kings did not travel from millions of miles away!

Moreover, at that event, there weren't nearly as many Demon Kings attending as there are now, with thousands of top-tier Demon Kings and clan leaders from demon clans present today!

Those present now likely encompass over ninety percent of the medium to large demon clans in Boundaryless Mountain!

From what I know, today's scene....compared to the entire human race in the Immortal Realm, probably only when the Sect Master of the Central Divine Dynasty Immortal Sect comes to Boundaryless Mountain can match this scene! Apart from that Sect Master of Divine Dynasty Immortal Sect, among the billions of cultivators of the Human Race, the only one who could be so honored by the countless demon clans of Boundaryless Mountain range is likely Mr. Mu!

The most astonishing thing is Mr. Mu's age.... If he cultivates for several hundred to a thousand years more, who knows what level he will reach!"

Chapter 915: The Promise of the Immortal Demon War

As the Cyan-forehead Qilin and White-forehead Qilin chatted,

Qixin, the top Demon King of the Qilin Race at the next table, couldn't help but join the conversation.

He sat down at the table with the younger members of the Qilin Race, glanced at the Cyan-forehead Qilin and White-forehead Qilin, and spoke with admiration:

"Qing and Bai, you are still young and have seen fewer grand events. It's natural that you haven't witnessed an event like today!"

Hearing this, the Cyan-forehead Qilin couldn't help but glare at Qixin, snorting lightly, clearly disinclined to agree with the top Demon King's words.

Nonetheless, Qixin continued:

"But speaking of which, the hospitality Mr. Mu received from the Boundaryless Mountain Demon Race today is truly unprecedented. Among the Human Race Earth Immortals, over hundreds of thousands of years, it is indeed only the Sect Leader of the Divine Dynasty Immortal Sect and Mr. Mu!

Moreover, I reckon that even the Sect Leader of the Divine Dynasty Immortal Sect, known as the strongest among the twenty-eight Strongest Immortal Lords of the Human Race, has never been toasted simultaneously by thousands of Demon Kings!"

Seeing Qixin speak so affirmatively about Lin Xuankong's glory today, the expression of the Cyan-forehead Qilin finally softened, no longer showing displeasure to this top Demon King. "Hmph, being such a peerless talent that my master Immortal Lord Luoshui values is deserving of such hospitality!"

The top Demon King Qixin took a sip of wine and replied:

"Qing is right! In fact, this Earth Immortal Mr. Mu of the Human Race, receiving the hospitality of numerous Demon Kings from our Boundaryless Mountain Range, is indeed only natural! Since the Ancient Era, the Human Race and the Boundaryless Mountain Demon Race have always had an on-and-off relationship, with rarely long periods of peace!

Between Human Race Earth Immortals and Demon Race Demon Kings, more often, they are antagonistic, seeing each other as delicacies!

This time,

this Earth Immortal Mr. Mu not only helped innumerable demons of our Boundaryless Mountain by disciplining the ever-domineering Ba Xia Race, but also gave our Qilin Race a full eighteen Immortal Artifacts! Such great things for the Demon Race of Boundaryless Mountain have never been done by any Earth Immortal of the Human Race!

Mr. Mu is the first to bring such benefits to the Demon Race, so of course, he deserves the hospitality of countless Demon Kings from the Boundaryless Mountain Range!

Moreover, as I see it, these old Demon Kings are treating Mr. Mu so hospitably, likely because they are interested in Mr. Mu's Artifact Refining Talent and numerous Immortal Artifacts!

I've heard that even among the humanoid races in the Immortal Realm, within the Five Immortal Realms, with countless Immortal Dao Sects, and innumerable Artifact Refiners, not many can, like Mr. Mu, wield hundreds of Immortal Artifacts with a wave of his hand!

I guess these old fellows are planning to take advantage of their toasts to negotiate with Mr. Mu, to see if they can exchange some treasures, Spirit Fruits, and Spirit Medicines of the Boundaryless Mountain for some precious Immortal Artifacts!"

Hearing Qixin say this, the Cyan-forehead Qilin raised his chin slightly, somewhat proudly, and said:

"Mr. Mu's various talents are unparalleled, why compare to the Artifact Refiners of other Immortal Sects in the Human Race of the Immortal Realm? Even the strongest Artifact Refiners in my master Immortal Lord Luoshui's Luo Water Immortal Sect are far inferior to Mr. Mu!

There's a saying among the Human Race of the Immortal Realm: that comparing oneself to others leads to despair, comparing goods leads to discarding. This saying fits perfectly when describing Mr. Mu and those mediocre Artifact Refiners!"

Saying this, the Cyan-forehead Qilin turned to the top Demon King of his clan, Qixin, "Oh, Demon King Qixin, why aren't you at your table drinking with those old Demon Kings, suddenly coming over to chat with us? Didn't you always consider Sister Bai and me as little ones, not bothering to hang out with us?"

Upon hearing this, the top Demon King Qixin's face froze momentarily, pausing for a few breaths, then continued:

"Hahahahaha, when did I consider you and Bai as little ones! Since both of you were born in the Qilin Race, like the Elder Clan Leader, I have always held you two in high regard!"

The Cyan-forehead Qilin looked doubtful, "Really? In the past, it didn't feel like you valued Sister Bai and me much. I remember thousands of years ago, before Sister Bai and I left the Qilin Spirit Mountain, when you and Demon King Qi Ku trained us little Qilins, you were very strict with Sister Bai and me, never gave us any special treatment!"

"This this this... Although I favor you and Bai, as a mentor to the younger generation of the Qilin Race, I must treat all Qilin juniors equally, hahahahaha!"

Qixin looked embarrassed, taking a few sips of wine in silence,

and after a few breaths, he spoke again: "Ah, I'm truly curious about this Mr. Mu! You two have quite a good relationship with Mr. Mu, surely you know whether he is accompanied by any Spiritual Beasts, right! Aren't the powerful Earth Immortals of the Human Race in the Immortal Realm fond of inviting a few Spiritual Beasts from the Boundaryless Mountain to be their Sect Guardian Divine Beasts? Does the Mr. Mu you know have such intentions?"

Hearing the top Demon King Qixin speak of this,

the two young Demon Kings, the Cyan-forehead Qilin and the White-forehead Qilin, couldn't help but glance at each other,

then the Cyan-forehead Qilin chuckled and said,

"Ah, I see now! The Demon King Qixin, whose status in the Qilin Race is second only to a few Elders, why would he suddenly be interested in coming over to chat with me! It turns out the Demon King Qixin plans to leave the Qilin Spirit Mountain and follow Mr. Mu, to become his Sect Guardian Spiritual Beast!"

Chapter 916: The Immortal Demon War Promise (Part 2)

Tsk, tsk, tsk, Qixin Demon King, oh Qixin Demon King, your plan is quite brilliant!

Those other clan demon kings, including the other top demon kings of our Qilin Race, only know how to rush over to toast Mr. Mu, hoping to get acquainted so they can exchange for an immortal artifact from him in the future. But you are very cunning, wanting to go straight to the point by becoming Mr. Mu's partner, his sect guardian spirit beast!

Hmm, hmm, hmm, if your plan succeeds, it would surely be easy to acquire a few immortal artifacts while following around Mr. Mu in the future!"

After saying this, the Cyan-forehead Qilin looked up and down at this Qi Xin Demon King of their own clan, "What a cunning fellow!"

The top demon king of the Qilin Race, Qi Xin, seeing his plan being exposed by the little demon king in front of him, the Cyan-forehead Qilin, became even more awkward, hesitantly saying, "Hahaha, no, no, Qing, don't talk nonsense, I was just casually asking, I didn't have such thoughts!"

The White-forehead Qilin beside them, seeing the Cyan-forehead Qilin teasing the Qi Xin Demon King, and seeing the esteemed Qi Xin Demon King of the Qilin Race being rendered awkward by the Cyan-forehead Qilin, couldn't help but shake its head and chuckle softly.

It carefully observed the Qi Xin Demon King, secretly sighing:

Among those strong Earth Immortals of the Human Race in the Immortal Realm, indeed some of the strongest Immortal Lords invited a few top demon kings with extremely powerful bloodline talents from the Boundaryless Mountain Range to become sect guardian spirit beasts in their Immortal Sects! It's said that the Qi Xin Demon King, whose strength is only second to the elders of the Qilin Race, if he desires to become the spirit beast of one of the strongest Immortal Lords of the Human Race, he is indeed qualified!

But Mr. Mu is currently not some strongest Immortal Lord, nor a sect master of a large Immortal Sect. Though Mr. Mu has astonishing talent and outstanding strength, he remains a Second-Grade Earth Immortal, a tributor of the small Immortal Sect, the Spiritual Crane Immortal Sect!

And yet, such a 'little Second-Grade Earth Immortal', a tributor of a small Immortal Sect, could spark such desire in the Qi Xin Demon King, second only to a few elders of the Qilin Race, making him eager to become Mr. Mu's sect guardian spirit beast!

Within the entire Human Race Immortal Realm, that a Second-Grade Earth Immortal could achieve such is unique to Mr. Mu! It hasn't happened before, and it might be quite unlikely in the future!

One could truly describe Mr. Mu as "unprecedented and unparalleled"!

...

No matter how grand the banquet may be, it must eventually come to an end!

This grand banquet of the Qilin Race lasted for a full three days. Despite the mighty immortal bodies present, countless top demon kings and clan leaders from various clans were still drunk under the influence of the spirit wine brewed from the thousand-year-old spirit fruits of the Qilin Race!

Those who drank the most were those demon kings from the Cyan Dragon, Black Tortoise, and Fire Phoenix clans!

After all, these demon kings come from the top demon king clans of the Boundaryless Mountain Range; the demon kings and clan leaders from other small and medium-sized demon clans naturally sought out these demon kings from the Cyan Dragon, Fire Phoenix, and Black Tortoise clans to toast them!

Subsequently, those who drank even more were the top demon kings and several elders of the Qilin Race!

As the protagonist clan of this banquet, the fact that the Qilin Race obtained eighteen immortal artifacts indeed made other clans' demon kings envious. Moreover, with these eighteen immortal artifacts, the strength of the Qilin Race increased significantly, making other top demon kings and clan leaders want to establish a good relationship with the Qilin Race during this banquet!

Of course,

throughout the banquet,

the one who drank the most was Lin Xuankong!

Throughout the banquet, Lin Xuankong became the prime target of countless demon kings' toasts. Demon kings from all over the Boundaryless Mountain Range wished to approach Lin Xuankong, this mysterious Human Race Earth Immortal owning hundreds of immortal artifacts, to have a good chat and become well acquainted!

Fortunately, Lin Xuankong had a high-level Blood Eating Technique, easily digesting even some powerful poisons in the Immortal Realm... With this Blood Eating Technique, Lin Xuankong was able to withstand the innumerable rounds of toasts from thousands of top demon kings!

Otherwise, not to mention Lin Xuankong's Second-Grade Earth Immortal body, even a Ninth-Grade Perfection Level Earth Immortal body would not withstand the amount of spirit wine brewed from such a vast amount of thousand-year-old spirit fruits!

On this day,

at the mountain gate of the rear mountain of Qilin Spirit Mountain,

Lin Xuankong stood before numerous demon kings and elders from the Qilin Race, Cyan Dragon Race, Fire Phoenix Race, and Black Tortoise Race, smiling and clasped his hands in greeting:

"In my lifetime, the amount of wine I've drunk altogether doesn't surpass what I consumed in these three days. This banquet of the Qilin Race truly allowed me to drink to my heart's content. The enthusiasm from you demon kings and those clan demon kings towards me, a Human Race Earth Immortal, left a deep impression on me!

Cyan Dragon Elder, Fire Phoenix Elder, Black Tortoise Elder, I will remember your matters in my heart. Once I return to the Spiritual Crane Immortal Sect, I will surely report back to the senior Immortal Lord Luoshui!

With the help of many demon clans from the Boundaryless Mountain, our Human Race should have the opportunity to turn the tide in this Immortal Demon War!"

He retrieved as many as twenty-four immortal artifacts from the Golden Patterned Ghost Frog Pouch at his waist, handing them respectively to the Elder Clan Leader of the Qilin Race, the Second Elder of the Cyan Dragon Race, the Grand Elder of the Fire Phoenix Race, and the Grand Elder of the Black Tortoise Race, then continued:

"The spirit fruits and elixirs you demon kings gave me are rare specialties of the Boundaryless Mountain, many of which are crucial ingredients for refining the Immortal Ascension Treasure Pill!

Were I to gather them myself, it would likely require considerable time and energy to collect so many spirit fruits and elixirs for refining the Immortal Ascension Treasure Pill!

I don't have much else of rarity here; these twenty-four immortal artifacts, given to your four families—six per family—are a small gesture of my gratitude. Firstly, to thank you demon kings for your hospitality, secondly for the promised assistance to the Human Race in the Immortal Realm, and thirdly for the spirit fruits and elixirs given!"

Lin Xuankong gave away these twenty-four immortal artifacts easily and spoke casually and pleasantly,

while the Second Elder of the Cyan Dragon Race, the Elder Clan Leader of the Qilin Race, the Yan Liao Elder of the Fire Phoenix Race, and the Grand Elder of the Black Tortoise Race, after each receiving their six immortal artifacts, could hardly hide their extreme joy!

Lin Xuankong, this guy with over a hundred thousand immortal artifacts, didn't think much of six immortal artifacts, but for these demon kings of the Boundaryless Mountain, it was a rare fortune to acquire so many immortal artifacts all at once!

For a while,

these demon kings were almost too delighted to speak!

After a while,

the Elder Clan Leader of the Qilin Race finally sighed and said, "Mr. Mu, you've already gifted my Qilin Race as many as eighteen immortal artifacts before, and now we've merely given you some simple wine and vegetables, how could we dare accept another six extremely precious immortal artifacts!"

The Second Elder of the Cyan Dragon Race also sighed, holding the six immortal artifacts in its giant claw, its expression gradually becoming solemn,

"Mr. Mu has been so generous to our demon clans of the Boundaryless Mountain, we will certainly not let down Mr. Mu's sentiment!

Rest assured, Mr. Mu, once I return to the Cyan Dragon Divine Mountain, I will certainly persuade my Clan Leader. In the upcoming struggle of the Central Divine Dynasty Western Region against the Profound Yin Demon Sect, should there be any need, our Cyan Dragon Race will spare no effort to assist!

The Grand Elders of the Black Tortoise and Fire Phoenix clans also spoke up, promising to unite with the Human Race and provide all necessary resources for the Human Race in the upcoming Immortal Demon War!

Lin Xuankong, seeing this, nodded slightly and said: "This Immortal Demon War was initially uncertain, but with the assistance from all of you from the Boundaryless Mountain, at least the situation in the Central Divine Dynasty Western Region shouldn't be overly passive! As time goes on, noble demon kings, let us part ways now!"

Saying this, the Immortal Yuan within his immortal body fluctuated slightly, his immortal body gradually began to float up, and moments later, together with the Cyan-forehead Qilin and White-forehead Qilin beside him, transformed into three streams of light, heading rapidly towards the outskirts of the Boundaryless Mountain!

Chapter 917: The Marvel of the Supreme Divine Soul

In mid-air,

the Cyan-forehead Qilin floating alongside Lin Xuankong looked at Lin Xuankong and couldn't help but say:

"Mr. Mu, those old folks from the Cyan Dragon Race, Black Tortoise Race, and Fire Phoenix Race, although they are influential figures in the Boundaryless Mountain, with unimaginable resources at their disposal, your celestial artifacts are equally invaluable. Any single celestial artifact placed in the Boundaryless Mountain would make countless Demon Kings envious!

Even though the old folks from the Cyan Dragon Race, Black Tortoise Race, and Fire Phoenix Race promised to assist the Immortal Realm Human Race in the future Immortal Demon War, gifting one celestial artifact to each race would suffice, yet you sent out six in total...

Tsk, tsk, I feel heartache on your behalf!"

This straightforward Little Demon King of the Qilin Race,

when leaving the Spiritual Crane Immortal Sect with Lin Xuankong, departing from the Immortal Carriage Cave Heaven, would always speak to Lin Xuankong in a respectful manner, never using the 'you, you, you' address like this!

During this trip to the Boundaryless Mountain, after witnessing Lin Xuankong's various displays of strength and talent, this Little Demon King of the Qilin Race, Cyan-forehead Qilin, was filled with respect when speaking to Lin Xuankong!

Upon hearing this, Lin Xuankong slightly shook his head, "As far as I know, although there has always been an alliance between the Immortal Realm Human Race and the Boundaryless Mountain Demon Race, it was merely an agreement to refrain from waging Earth Immortal level wars against each other, never involving assistance from the Boundaryless Mountain Demon Race to the Immortal Realm Human Race!

This time, the elders of the Cyan Dragon Race, Fire Phoenix Race, and Black Tortoise Race have changed their attitude, personally promising in front of many Demon Kings of the Qilin Race to aid my Human Race in the upcoming Immortal Demon War!

Keep in mind,

this promise is made in the context where the Profound Yin Demon Sect possibly gained the Celestial Demon Power from the Upper Realm!

For the elders of the Cyan Dragon Race, Fire Phoenix Race, and Black Tortoise Race to hold Mr. Mu Shiba in such esteem, willing to get involved in this Immortal Demon War for my sake, how could I be too stingy!"

Speaking of this, Lin Xuankong mused silently: Were it not for fear of causing a great sensation, I could have gifted all those hundreds of celestial artifacts to the Qilin Race, Cyan Dragon Race, and others to vastly increase the power of their demon kings, after all, with stronger allies, they can play a greater role in assisting the Immortal Realm Human Race in the future!

It's just unfortunate, my current strength, although decent and with strong foundations, is still some distance from contending with the Strongest Immortal Lord level powers! Under such circumstances, it's not the time to blatantly shine, displaying too many of my trump cards!

Hearing Lin Xuankong say this, the Cyan-forehead Qilin still felt quite heartache over the twenty-four celestial artifacts. The White-forehead Qilin, however, nodded slightly, "Mr. Mu is right, before, among the Four Great Spirit Beast Clans in the Boundaryless Mountain Range, only our Qilin Race maintained a

relatively good relationship with the Luo Water Immortal Sect of the Immortal Realm Human Race, while the other three Great Spirit Beast Clans and the Immortal Realm Human Race were more like wary of each other, with a relationship of mutual checks and balances!

Now, due to Mr. Mu, the Cyan Dragon Race, Black Tortoise Race, and Fire Phoenix Race have changed their attitude and wish to establish a deeper alliance with the Human Race, indeed a great blessing for the Human Race!

However, it's truly admirable that Mr. Mu could so generously gift twenty-four celestial artifacts based on the promises from these three Great Spirit Beast Clans!"

As the three of them chatted leisurely, they moved towards the outskirts of the Boundaryless Mountain Range,

Lin Xuankong caressed one of the Golden Patterned Ghost Frog Pouches at his waist, his eyes showing a hint of anticipation.

This time, returning to the Blood-colored Mist Forbidden Land, following the booklet provided by the Ba Xia Race, indeed led to discovering another two Celestial Demon Blood Fruit Trees, guarded by some top Demon Kings of the Ba Xia Race!

Even though the Ba Xia Race is fierce and domineering, they did not use the booklet to deceive me, which is quite commendable!

Moreover, the Clan Leader of the Ba Xia Race had apparently informed those top Demon Kings guarding the Celestial Demon Blood Fruit Trees in advance through Communication Jade!

When I reached the locations of those two additional Celestial Demon Blood Fruit Trees, the Demon Kings of the Ba Xia Race guarding the trees not only did not trouble me or stop me from taking the Celestial Demon Blood Fruits, but instead actively aided me in picking those Celestial Demon Blood Fruits!

This second trip to the Blood-colored Mist Forbidden Land netted me twenty-three Celestial Demon Blood Fruits, combined with the twelve Celestial Demon Blood Fruits I had left from before, making the total count of Celestial Demon Blood Fruits in my possession over thirty!

Out of them, I gave one Celestial Demon Blood Fruit each to the Cyan-forehead Qilin and White-forehead Qilin, to help these two Little Demon Kings of the Qilin Race alleviate the intense, ongoing agony caused by Divine Soul injuries!

Even so, the number of Celestial Demon Blood Fruits I have still amounts to thirty-three!

Normally, thirty-three Celestial Demon Blood Fruits, even if consumed entirely by one cultivator, still would not enable that cultivator's Divine Soul to undergo a fundamental Metamorphosis, reaching the Supreme Divine Soul Realm like that of the Sect Leader of the Divine Dynasty Immortal Sect and myself!

However, those whom I've planned to gift these Celestial Demon Blood Fruits to are all 'unusual'!

Whether it's Young Lady Li Xiaolan, Second Lady Zhao Yufei, or Third Princess Xiaoo Ying'Er, the Artifact Refining Genius Miss Xiao, or my adopted son Little Hu, they are all those with whom I have extremely close relations; they are my Wives, Children, Elders, and Youngsters!

Chapter 918: The Marvels of the Supreme Divine Soul (Part 2)

With the mystical talent of being Old and Wise enhancing him, Young Lady Lii Xiaolan and Second Lady Zhao Yufen, Third Princess Xiaoo Ying'Er, Miss Xiao, and Little Hu, all possess half of his Old and Wise talent. In other words, if nothing unexpected occurs, he will be able to reach the Supreme Divine Soul Realm by consuming one Celestial Demon Blood Fruit, and Young Lady Lii Xiaolan and Second Lady just need to consume two to similarly achieve his Supreme Divine Soul Realm!

Thus, if the situation goes as he anticipates, these thirty-three Celestial Demon Blood Fruits will undoubtedly accomplish at least five individuals possessing the supreme divine soul!

When he returns to the Spiritual Crane Immortal Sect's Immortal Carriage Cave Heaven and gets settled, letting Young Lady Lii Xiaolan and them consume these Celestial Demon Blood Fruits, he wonders how happy they will be...

Calculating like this,

This trip to Boundaryless Mountain,

His harvest truly is enormous!

Not only did he obtain the Celestial Demon Blood Fruit he initially hoped for, directly advancing to the Supreme Divine Soul Realm, but he also obtained over thirty of them!

Furthermore, during this Boundaryless Mountain journey, he established an alliance with the Four Great Spirit Beast Clans. In future Immortal Demon Wars with the Central Divine Dynasty Western Region, he may gain assistance from many top demon kings of Boundaryless Mountain, and possibly some Strongest Immortal Lord Level demon kings!

Thinking of this, Lin Xuankong couldn't help his eyes flashing, a hint of battle intent gradually emerging in his gaze,

His confidence in the imminent Immortal Demon War is increasingly heightened...

....

Several days later,

Within the Immortal Carriage Cave Heaven, inside Lin Xuankong's sanctuary,

He gazed at the jade scroll before him, a hint of delight arose in his eyes.

Two days prior, Lin Xuankong had returned to the Spiritual Crane Immortal Sect, entering the Immortal Carriage Cave Heaven together with Cyan-forehead Qilin and White-forehead Qilin.

The Cyan-forehead Qilin and White-forehead Qilin, of course, rushed to their master, Immortal Lord Luoshui's bamboo house, intending to report all happenings during their journey to the Spirit Cauldron Immortal Sect. Unfortunately, that Immortal Lord Luoshui, deeply absorbed in array research, was in

isolated meditation, so Cyan-forehead Qilin and White-forehead Qilin had to patiently wait outside Luoshui Immortal Lord Yaan Mingyu's bamboo tower.

After Lin Xuankong returned to the Immortal Carriage Cave Heaven, he activated the Tier Nine Celestial Demon Bone, opened the Spirit Vein Transference, and found Young Lady Lii Xiaolan, Second Lady Zhao Yufei among them, distributing the obtained Celestial Demon Blood Fruits—two to Young Lady Lii Xiaolan, two to Second Lady Zhao Yufei...

It's just that Young Lady Lii Xiaolan, Second Lady Zhao Yufei, Third Princess Xiaoo Ying'Er, although they have already advanced to the Earth Immortal Realm and possessed Earth Immortal Bodies, their ability to digest and absorb has long surpassed Mortal Tier Cultivators by who knows how many times, yet they still cannot compare to Lin Xuankong, who possesses the Blood Eating Technique at a High Realm!

That enormous Celestial Demon Blood Fruit, Lin Xuankong could completely absorb and digest in a short time,

While Young Lady Lii Xiaolan, Second Lady Zhao Yufei, Third Princess Xiaoo Ying'Er, Artifact Refining Genius Miss Xiao, and Little Hu simply can't consume them that fast!

The extremely potent Celestial Demon Blood Fruits will require at least ten days for Young Lady Lii Xiaolan and them to eat and digest...

Lin Xuankong promptly decided not to waste time waiting slowly; he directly left the enormous Ba Mountain Secret Realm that the Tier Nine Celestial Demon Bone had evolved into, returned to the Immortal Carriage Cave Heaven to his sanctuary, and continued researching the Path of Array!

The result was,

After he opened the array jade scroll gifted by Immortal Lord Luoshui Yaan Mingyu and researched for merely several hours, he discovered a change that greatly delighted him!

Previously, Lin Xuankong had the mystical talent of being Old and Wise from his Vigorous in Old Age Life Plate, assisting him in the research and deduction of the Path of Array, with a speed already incredibly terrifying, much faster than Immortal Lord Luoshui Yaan Mingyu's initial speed in array research!

But now Lin Xuankong, after again researching the array understanding of Immortal Lord Luoshui Yaan Mingyu, was astonished to find that in his research, he was now clear-headed and full of inspirations, comprehending the Path of Array at least four to five times faster than before!

This is no ordinary four or five times!

Because Lin Xuankong's array research speed, under the enhancement of the mystical Old and Wise talent from the Vigorous in Old Age Life Plate, was already at a horrifying level, and now, it's further boosted by a solid four to five times!

Previously, Lin Xuankong needed at least a decade to deduce the Path of Array to the level of the Eight-Layered Thousand Cranes Array, but now, if he starts anew, he would at most need two years to deduce the Path of Array to the level of the Eight-Layered Thousand Cranes Array!

In surprise,

Lin Xuankong quickly understood,

The reason for the drastic increase in his array research speed is likely because he consumed a Celestial Demon Blood Fruit, directly elevating his Divine Soul Realm to the Supreme Divine Soul Realm, one of only two in the Immortal Realm!

With such an increase in divine soul strength, continuing to expend mental effort to deduce arrays will naturally be several times faster!

Realizing this,

Lin Xuankong's eyes were already filled with excitement and battle intent,

Originally in his conception, because deducing arrays toward the late stage becomes increasingly difficult, even if he spent the remaining time entirely within the Immortal Carriage Cave Heaven, with the time alteration factor of twenty-four times, he wouldn't be sure to deduce the Path of Array to the

Nine-Layered Array level. Now, with the Supreme Divine Soul Realm, the possibility has directly increased by four to five times!

Chapter 919: The Marvels of the Supreme Divine Soul (Part 3)

Calculating like this, I am highly likely to push the Path of Array to the Ninth Layer before the numerous Demon Lords, Demon Generals, and Demons of the Profound Yin Demon Sect arrive at the Central Divine Dynasty Western Region!

The Array Spirit of the Eight-Layered Thousand Cranes Grand Array, with the addition and enhancement of my various talents, can easily take down Ninth-Grade Demon General level challengers, and can easily obliterate the Immortal Body of Ninth-Grade Demon King level challengers. What about the Array Spirit of the Nine-Layered Thousand Cranes Grand Array?

Once summoned, this Array Spirit of the Nine-Layered Thousand Cranes Grand Array, blessed with my various talents and abilities, should have the opportunity to confront Demon Lord level and Strongest Immortal Lord level challengers, and might even be able to wound challengers of this level!

Nine-Layered Thousand Cranes Grand Array!!!

Lin Xuankong felt quite emotional. Ever since receiving the news that the Profound Yin Demon Sect might invade the Immortal Realm, he has been seizing every moment to continuously improve his strength and enhance his Array Realm to protect himself in the coming Immortal Demon War. At that time, he had little confidence in confronting the terrifying Demons of the Profound Yin Demon Sect!

But now, with the Supreme Divine Soul Realm, I am highly likely to independently confront a powerful Demon Lord level presence in the future Immortal Demon War!

At this thought,

Lin Xuankong did not delay any longer. He grasped the jade scroll gifted by Immortal Lord Luoshui's Yaan Mingyu and continuously researched the Path of Array!

....

Cultivation knows no years,

In a flash,

Seven full years have passed within the Immortal Carriage Cave Heaven!

Though seven years have passed within the Immortal Carriage Cave Heaven, only a hundred days have passed outside. Yet during these hundred days, many significant events have occurred outside!

First, concerning the war situation of this Immortal Demon War initiated by the Profound Yin Demon Sect,

During the time of over a hundred days, although the main army of the Profound Yin Demon Sect has yet to fully arrive in various regions of the Human Race Immortal Realm, the battle in the Central Divine Dynasty Eastern Domain that has already commenced is exceptionally intense!

Whether it is the Profound Yin Demon Sect or the Human Race Immortal Realm side, both have invested numerous Cultivators into the Central Divine Dynasty Eastern Domain!

That Central Divine Dynasty Eastern Domain has nearly become a meat grinder battlefield between the Profound Yin Demon Sect and the Human Race Immortal Realm,

In only over a hundred days, the Profound Yin Demon Sect has been slain by the Human Race Immortal Realm for over two hundred Demon Generals, with countless numbers of Demons and Demon Soldiers!

Still, within over a hundred days, the losses on the Human Race Immortal Realm side are much greater,

According to the information obtained by Lin Xuankong, within over a hundred days, the Human Race Immortal Realm has suffered the loss of around fifty Ninth-Grade Earth Immortals, and over a hundred forty high-grade Earth Immortals of the Eighth and Seventh Grades have fallen. As for middle-grade Earth Immortals and low-grade Earth Immortals, the numbers are terrifyingly high! This quantity of Earth Immortal deaths practically equates to the Human Race Immortal Realm losing a top-tier large Immortal Sect within over a hundred days!

Based on previous circumstances, every brutal Immortal Demon War initiated by the Profound Yin Demon Sect would last at least a dozen years... Calculating like this, if this Immortal Demon War also lasts a dozen years, the number of fallen Earth Immortals on the Human Race side will be unbearable for the Human Race Immortal Realm!

What frustrates countless Earth Immortals of the Human Race Immortal Realm the most is that due to the severe losses, numerous territories have already been lost, with nearly half of the Immortal Realm territories in the Central Divine Dynasty Eastern Domain having fallen into the hands of the Profound Yin Demon Sect!

This war, having just begun for over a hundred days, has already seen the Human Race Immortal Realm falling into decline!

Chapter 920: Nine-Layered Array, Everything Is Ready

In the past hundred days of the Immortal Demon War,

not only did fierce battles occur between ordinary Earth Immortals and the demons and Demon Generals of the Profound Yin Demon Sect,

but the high-level confrontations between the Immortal Realm Human Race led by the Divine Dynasty Immortal Sect were also unfavorable!

At the beginning of the battle, the Divine Dynasty Immortal Sect sent three Strongest Immortal Lord-level Elders to participate, along with six Strongest Immortal Lord-level powerhouses from top large Immortal Sects like the Luo Water Immortal Sect and Guangqing Immortal Sect!

However,

these nine Strongest Immortal Lords of the Human Race were ambushed by twelve Demon Lord-level powerhouses from the Profound Yin Demon Sect,

After the battle, although the nine Strongest Immortal Lord-level beings did not fall due to their extremely miraculous Immortal Techniques, three of them suffered damage to their Immortal Bodies, injuries to their Divine Souls, and their meridians were polluted by the refined Demonic Qi of the Demon

Lord-level powerhouses... If not for the three Elders of the Divine Dynasty Immortal Sect, who wielded the Sect Leader of the Divine Dynasty Immortal Sect's Third-Grade Immortal Sword and hundreds of Immortal Artifacts, and teamed up with a Strongest Immortal Lord from the Luo Water Immortal Sect to set up the Nine-Layered Array, the resistance alliance of the Human Race in the Eastern Domain of the Central Divine Dynasty would have completely collapsed!

Even with the resistance of these Strongest Immortal Lord-level powerhouses,

it's estimated that the Immortal Demon War in the Eastern Domain of the Central Divine Dynasty won't last much longer for the Immortal Realm Human Race...

The most crucial thing is,

the decline of the Immortal Realm Human Race,

brings not only the massive loss of powerful cultivators,

but the morale of countless cultivators in the entire Immortal Realm Human Race is hit hardest!

This is just the beginning of the Immortal Demon War, and the Immortal Realm Human Race is already experiencing repeated setbacks. This situation persists even though the Profound Yin Demon Sect has not deployed their strongest Demon Lords or used the Celestial Demon Power they possess...

Currently, almost all large Immortal Sects and the Earth Immortals of the medium and small Immortal Sects in the Western Region hold a very pessimistic attitude toward this Immortal Demon War!

In an atmosphere of fear,

whether in the Central State of the Divine Dynasty or the other four domains, many Immortal Sects have evacuated from the Immortal Realm, escaping to smaller realms outside of the Immortal Realm! In the Western Region of the Central Divine Dynasty, the situation of these small Immortal Sects fleeing is even more frequent!

Even the once bustling Spiritual Crane Immortal City of the Spiritual Crane Immortal Sect is now far from crowded, rather it is quite deserted!

Even the arrival of two Strongest Immortal Lords from the Guangqing Immortal Sect at Spiritual Crane Immortal Sect has not changed this situation!

A year ago, when Immortal Lord Luoshui Yaan Mingyu came to Spiritual Crane Immortal City and the Spiritual Crane Immortal Sect held a conference, the Western Region of the Central Divine Dynasty could gather over a hundred Immortal Sects and thousands of Earth Immortals. Now, a year later, when the two Strongest Immortal Lords from Guangqing Immortal Sect arrived, the number of gathered Western Region Immortal Sects had nearly halved, and the number of Earth Immortals had also decreased by nearly half!

This situation is normal, as cultivators embark on the Immortal Path in pursuit of carefree longevity. From the perspective of those Earth Immortals fleeing the Western Region of the Central State, although the Western Region of the Central Divine Dynasty has abundant resources and countless Immortal Mountains, they are unwilling to lose their lives of thousands or even tens of thousands of years of cultivation for those resources, let alone sacrifice for the Human Race of the Immortal Realm!

Those Immortal Sects that chose to stay are mostly those that have a long heritage of several dozen generations in the Western Region of the Central Divine Dynasty. For the Earth Immortals of these sects, leaving behind the rich resources and Spirit Mountain Treasure Lands left by their predecessors to begin anew in wastelands outside the Immortal Realm is equally undesirable!

However, even the Immortal Sects that decided to stay have already arranged for their Elders or elite members to lead the transfer of their sect's cultivation techniques and some young talents in advance! This way, even if the upcoming battles in the Immortal Demon War in the Western Region of the Central Divine Dynasty end in defeat, these Immortal Sects will still have their heritage intact!

In summary, in the hundred days since Lin Xuankong returned to the Spiritual Crane Immortal Sect,

both the Earth Immortals of the Immortal Sects on the side of the Central Divine Dynasty and those in the Western Region have largely held a pessimistic attitude towards the ongoing Immortal Demon War, with morale extremely low!

Of course, the most troubled ones are Sect Leader Li of the Spiritual Crane Immortal Sect, Medicine Immortal, and others.

Not long ago, the Spiritual Crane Immortal Sect was thriving and rapidly rising thanks to Lin Xuankong's arrival. Sect Leader Li even thought that with 'Tributor Mu' present, it might be possible for the Spiritual Crane Immortal Sect to become the only top large Immortal Sect in the Western Region of the Central Divine Dynasty in the future!

However, this hopeful and optimistic feeling did not last long, as it was completely destroyed by the downturn in the war situation in the Eastern Domain of the Central Divine Dynasty...

Lately, Sect Leader Li of Spiritual Crane Immortal Sect has been the most agitated and distressed, constantly pondering why the Spiritual Crane Immortal Sect did not encounter Tributor Mu sooner, but only before the Immortal Demon War, leaving them no time to develop before facing the most challenging Immortal Demon War in history!

At this moment,

Lin Xuankong, who was constantly being mentioned by Sect Leader Li of the Spiritual Crane Immortal Sect, had just stepped out of his residence within the Immortal Carriage Cave Heaven,

and at the side of his residence's entrance, the Cyan-forehead Qilin and White-forehead Qilin emitting Seventh-Grade Immortal Yuan fluctuations both bowed simultaneously to Lin Xuankong as they saw him emerge.
