Chapter 921: Nine-Layered Array, Everything Is Ready (Part 2)

In the Seven Years within the Immortal Carriage Cave Heaven, the White-forehead Qilin who is not inferior in Talent Bloodline to the Cyan-forehead Qilin, has entered the Seventh Grade Demon King Realm. However, although both it and the Cyan-forehead Qilin are high-grade Demon Kings of the Seventh Grade, they are also the Mansion Guardian Spirit Beasts of Immortal Lord Luoshui. When they see Lin Xuankong, they are very courteous and humble!

Because after these full seven years have passed,

not only have many changes occurred in the Central Province Divine Dynasty Immortal Realm outside,

but many transformations have also silently unfolded within Immortal Lord Luoshui Yaan Mingyu's Immortal Carriage Cave Heaven!

Now, Lin Xuankong has already become the true disciple of Immortal Lord Luoshui Yaan Mingyu, and moreover, he is the only true disciple of this supreme Immortal Lord who ranks top three among all the twenty-eight Strongest Immortal Lords in the entire Immortal Realm!

As for the reason, it naturally lies in the events at the Boundaryless Mountain Range, the Blood-colored Mist Forbidden Land, and the Qilin Spirit Mountain, which the Cyan-forehead Qilin and White-forehead Qilin reported in detail to Immortal Lord Luoshui after returning to the Immortal Carriage Cave Heaven!

Immortal Lord Luoshui Yaan Mingyu had already highly regarded Lin Xuankong's Array Formation Talent and Artifact Refining Talent,

and upon hearing that Lin Xuankong single-handedly subdued hundreds of Demon Kings from the Ba Xia Race, and casually set up the ten-layered Eight-Layered Thousand Cranes Array multiple times, Immortal Lord Luoshui Yaan Mingyu hesitated no more and initiated the conversation with Lin Xuankong about accepting him as her first true disciple!

Lin Xuankong naturally agreed happily,

Immortal Lord Luoshui Yaan Mingyu's Path of the Array is profoundly mysterious, and her talent in the path of the array is acclaimed as the best in the Immortal Realm. Her Immortal Dao Realm is already ranked among the strongest Immortal Lords, having such a top-tier expert of the Immortal World as a master is something he could only wish for!

With the intimacy of this master-student relationship,

Lin Xuankong received more earnest guidance from Immortal Lord Luoshui Yaan Mingyu on the Path of the Array than ever before!

Over these seven years, Lin Xuankong's mastery of the Path of the Array has continually advanced,

although the difficulty of elevating the path from the Eighth to the Ninth Layer is extremely high, even Immortal Lord Yaan Mingyu herself took hundreds of years,

but Lin Xuankong is different,

now with guidance from the first Array Master of the Immortal Realm, Yaan Mingyu, his progress in the path of the array is much faster compared to when Yaan Mingyu was exploring on her own,

additionally, with a Supreme Realm Divine Soul, Lin Xuankong is flooded with inspiration and epiphanies while researching the path of the array, advancing at a frightening speed,

thirdly, thanks to the gift of a Vigorous in Old Age Life Plate, which also contributed to Lin Xuankong's rapid enhancement!

With such conveniences and talent support, just a few days ago, after spending seven years, Lin Xuankong finally refined his path of the array to the Ninth Layer realm!

At this moment, Lin Xuankong can easily set up the Ninth Layer Thousand Cranes Array, and naturally, the Array Spirit of the Ninth Layer realm is summoned! As for how powerful such an Array Spirit is once it launches an attack, how terrifying it would be upon self-detonation, even Lin Xuankong cannot say for

sure for now, and can only wait for the Immortal Demon War in the Divine Dynasty Western Region to test it out on the demons, demon generals and demon lords of the Profound Yin Demon Sect!

In just seven years,

the realm of the path of the array was elevated from the Eighth Layer to the Ninth Layer!

Such an astonishing speed of progress even surprised the well-experienced Immortal Lord Luoshui Yaan Mingyu, after all, she, hailed as the first Array Master of the Immortal Realm and a genius in arrays, took several hundred years just to elevate the ordinary Sect Protection Array realm from the Eighth Layer to the Ninth Layer!

As for the Cyan-forehead Qilin and White-forehead Qilin, they are utterly in awe of 'Mr. Mu'!

The Cyan-forehead Qilin and White-forehead Qilin have been alongside Immortal Lord Luoshui Yaan Mingyu for thousands of years, from the day they followed Immortal Lord Luoshui, these talented spiritual beasts of the Qilin Race began their study of the Path of Array Formation,

but now, thousands of years later, the array level of these exceptionally talented Qilin Race beasts is at most able to set up fourth or fifth-layer Sect Protection Arrays, comparing to Lin Xuankong's promotion to the Ninth Realm in just over ten years, is a world of difference!

Therefore,

faced with their own master, Immortal Lord Luoshui's only true disciple,

faced with this 'Mr. Mu' who swiftly advanced to the Third-Grade Earth Immortal Realm years ago,

the always proud White-forehead Qilin and Cyan-forehead Qilin are very respectful and courteous!

"Immortal Bai E, Immortal Cyan Forehead, what brings the two of you to my humble abode?" Lin Xuankong said standing at the entrance of his cave dwelling, looking at the Cyan-forehead Qilin and White-forehead Qilin hovering not far away.

The Cyan-forehead Qilin heard this and shook its head repeatedly, "Mr. Mu, I've told you many times before, although we are higher than you in the Immortal Path Realm, when it comes to talent in cultivation and the path of the array, Sister Bai and I fall short compared to you, in front of such an extraordinary genius like you, we dare not be addressed as Immortal!

Moreover, Mr. Mu, being the true disciple of our master, Immortal Lord Luoshui, you are to us like a young master, in front of a young master, we dare not be addressed as Immortal!

So, Mr. Mu, you must remember, do not call us Immortal in the future. If you do not mind treating Sister Bai and me as friends, you can call me Qing and Sister Bai as Bai from now on!"

The White-forehead Qilin nodded repeatedly on the side, agreeing with her younger sister Qing's notion.

Seeing both the Cyan-forehead Qilin and White-forehead Qilin insisting so, Lin Xuankong no longer indulges in false modesty, he nods slightly and says, "Then Mu Shiba shall abide by the two Immortals' preferences and call you Little Sister Bai and Little Sister Qing in the future!"

"Little Sister Bai, Little Sister Qing.... compared to your demon-level talent, we are far inferior, how dare we assume the title of sisters to such an astonishing genius as you!!" The Cyan-forehead Qilin shakes its head repeatedly, firmly opposing Lin Xuankong's decision to call them sisters.

Such a scene, if seen by other Earth Immortals in the Central Province Divine Dynasty Western Region, would likely cause jaws to drop!

After all, the Cyan-forehead Qilin and White-forehead Qilin as talents of the Qilin Race already hold a very noble status,

in addition to having become the Mansion Guardian Spirit Beasts of Immortal Lord Luoshui Yaan Mingyu, the status of the two Little Qilin Demon Kings has directly leaped into a higher tier!

Yet, these two geniuses of the Qilin Race, and Mansion Guardian Spirit Beasts of Immortal Lord Luoshui, are so polite to a Human Race Third-Grade Earth Immortal... probably only Lin Xuankong, this one Third-Grade Earth Immortal, holds such a standing in the world!

Seeing this, Lin Xuankong no longer insists, "Then I shall call the two Immortals as Bai and Qing from now on!"

The White-forehead Qilin and Cyan-forehead Qilin, hearing this, exchanged a look and both nod repeatedly, as the Cyan-forehead Qilin spoke:

"This time, Sister Bai and I came to Mr. Mu's cave abode by the owner's command, indeed for quite an urgent and important matter!

Moreover, this issue has alarmed every strong being in the Western Region, recently, two Strongest Immortal Lords from the Guangqing Immortal Sect in the Central State have arrived at our master's bamboo tower, discussing with our master Immortal Lord Luoshui, strategies to respond to this matter!"

Upon hearing the Cyan-forehead Qilin say this, Lin Xuankong could not help furrowing his brows, "Even Immortal Lord Luoshui and those two Strongest Immortal Lords were alarmed? They are probably discussing the Immortal Demon War in the Central Province Divine Dynasty Western Region!

By calculating the time, over a hundred days have passed in the outside world, the Profound Yin Demon Sect army that trekked billions of miles should be arriving at the Central Province Divine Dynasty Western Region's borders soon!"

The White-forehead Qilin sighed softly, "Indeed, it is related to the upcoming Immortal Demon War in the Central Province Divine Dynasty Western Region, you'll know the details once Mr. Mu arrives at our master's bamboo tower!"

Chapter 922: Is Battling a Demon Artifact Level Demon General Really Impressive?

Moments later,

Lin Xuankong and the streams of light formed by the Cyan-forehead Qilin and the White-forehead Qilin stopped outside Immortal Lord Luoshui Yaan Mingyu's Cyan Bamboo Small Tower.

The Cyan-forehead Qilin and White-forehead Qilin waited outside the tower, while Lin Xuankong walked alone through the profound mysterious maze outside the tower and entered inside. Standing at the entrance of the hall, Lin Xuankong raised his eyes and saw his master, Immortal Lord Luoshui, sitting in the house with two old Daoists dressed in white Daoist robes, their entire bodies emanating clouds of Immortal Yuan fluctuations. Behind these two old Daoists stood a young female Dao cultivator holding a duster.

Immortal Lord Luoshui Yaan Mingyu, usually quite indifferent towards people and matters, was surprisingly respectful in front of these two old Daoists, speaking with a face full of respect, and seated at a lower position.

Although he had not seen them personally, the ones being respected by Immortal Lord Luoshui Yaan Mingyu were undoubtedly the two Strongest Immortal Lords from Guangqing Immortal Sect!

These two Strongest Immortal Lords from Guangqing Immortal Sect, although not ranked as high as Immortal Lord Luoshui Yaan Mingyu among the Strongest Immortal Lords, were well-known veterans of over a hundred thousand years, skilled in joint combat techniques, their strength extremely terrifying! It is said that these two Strongest Immortal Lords from Guangqing Immortal Sect, when teamed up, could stand undefeated even when facing the second-ranked Divine Dynasty Immortal Sect Grand Elder among the Strongest Immortal Lords!

Witnessing with his own eyes these two immensely renowned Strongest Immortal Lords, Lin Xuankong's heart unavoidably stirred with some curiosity, and he looked at them closely.

Sensing Lin Xuankong's arrival, the two Strongest Immortal Lords from Guangqing Immortal Sect, as well as their two True Disciples behind them, turned to look over, while the opposite seated Immortal Lord Luoshui Yaan Mingyu rose and waved subtly towards Lin Xuankong, "Kong, these are Qiaan Yuan Daoist and Kunyuan Daoist from Guangqing Immortal Sect, both Strongest Immortal Lords with reputations spanning over a hundred thousand years, their strength unfathomable!"

Being addressed as master and disciple with Immortal Lord Luoshui Yaan Mingyu, and receiving such openly shared teachings from this Strongest Immortal Lord, Lin Xuankong no longer concealed his true name from Immortal Lord Luoshui, hence the current reference by Immortal Lord Luoshui Yaan Mingyu calling Lin Xuankong "Kong!"

Lin Xuankong stepped forward, respectfully cupping his hands from afar to the senior Daoists who gained their fame over a hundred thousand years ago, "Junior greets the two Immortal Lords!"

Qiaan Yuan Daoist and Kunyuan Daoist smiled and nodded, then their gazes swept over Lin Xuankong, observing him carefully.

Entering the hall, Lin Xuankong was swept by the gaze of these two Strongest Immortal Lords; a peculiar sensation immediately arose in his heart, as if everything about him had no place to hide under their scrutiny!

Lin Xuankong was aware in his heart that these two Strongest Immortal Lords from Guangqing Immortal Sect must have mastered a highly advanced level of Qi Observation Technique and had already activated it, which is why their gaze created the illusion that everything about him could be exposed!

In reality, although this Qi Observation Technique could sense some aspects of one's past and future, it definitely couldn't achieve a comprehensive understanding; otherwise, if they could observe everything clearly, where would all these disputes among the Immortal Realm Human Race still exist!

Though aware that this Qi Observation Technique couldn't uncover many secrets about himself,

the two Strongest Immortal Lords from Guangqing Immortal Sect, upon first meeting, used this kind of spying Immortal Technique on him, causing the curious Lin Xuankong to feel somewhat uncomfortable. However, constrained by his own master Immortal Lord Luoshui's presence, he couldn't react rashly, and could only stand behind Immortal Lord Luoshui Yaan Mingyu with a furrowed brow.

Immortal Lord Luoshui Yaan Mingyu, seated on a rattan chair, naturally sensed the application of Qi Observation Technique by Qiaan Yuan Daoist and Kunyuan Daoist on Lin Xuankong. The Fairy couldn't help but furrow her brows and speak:

"Immortal Lords, my disciple has been under my wing for several years now, and before accepting him as a student, I was fully acquainted with all his past. He is definitely not someone secretly allied with Profound Yin Demon Sect!

Moreover, he once killed a demon cultivator sent by Profound Yin Demon Sect at the Spirit Cauldron Immortal Sect and even slain a powerful Demon General from Profound Yin Demon Sect. With these experiences, he can only become an enemy of Profound Yin Demon Sect in the future, it is absolutely impossible for him to be recruited by Profound Yin Demon Sect!

Why must the two of you be so cautious that you are even wary of my disciple and resort to Qi Observation Technique!"

Seeing his master Immortal Lord Luoshui advocating for him even before these two Strongest Immortal Lords from Guangqing Immortal Sect, Lin Xuankong's heart was inevitably touched. He first glanced at Immortal Lord Luoshui Yaan Mingyu before furrowing his brows at the two Strongest Immortal Lords from Guangqing Immortal Sect across.

Upon hearing Immortal Lord Luoshui Yaan Mingyu's words, Qiaan Yuan Daoist from Guangqing Immortal Sect stroked the pure white duster in his arms and sighed:

"Don't take it to heart, Immortal Lord Luoshui, indeed the recent times have been chaotic in the Immortal Realm, disturbed by those demons from Profound Yin Demon Sect. My Junior Brother Kunyuan and I have been cautious because of this!

The Qi Observation Technique we deployed is inherited from our ancestor Immortal Guangqing, capable of perceiving a trace of divine mechanisms, understanding a little of one's past and future. By activating this Guangqing Qi Observation Skill, one can foresee whether Immortal Lord Luoshui's outstanding disciple will fall in the Immortal Demon War, undergo demonization, or turn crisis into opportunity, achieving a higher realm and strength!

Chapter 923: Is Facing a Demon Artifact Level Demon General That Impressive? (2)

"Earlier, from what I observed, even though Luoshui Immortal Lord's esteemed disciple may not attain the high grade of Earth Immortal in the upcoming Immortal-Demon War, it's a relief to see no signs of demonization. This is ultimately a good thing, and everyone can rest assured!"

After Qiaan Yuan Daoist finished speaking, he nodded slightly towards Lin Xuankong, evidently to express a bit of apology for having used the Guangqing Qi Observation Skill on him just now.

In Qiaan Yuan Daoist's view, being a well-renowned veteran strongest Immortal Lord in the Immortal Realm, explaining himself for the use of the Qi Observation Skill earlier and nodding to Lin Xuankong as a gesture was already a great show of respect to this junior among juniors!

Seeing this, Immortal Lord Luoshui Yaan Mingyu refrained from saying more.

However, the young female Daoist, holding a duster behind Qiaan Yuan Daoist, seemed discontent seeing her teacher, an established strongest Immortal Lord of such stature, having to explain himself for using the Qi Observation Skill. She couldn't help but speak out:

"Immortal Lord Luoshui, my teacher Qiaan Yuan Daoist used the Qi Observation Skill on your esteemed disciple for the important discussions that are about to take place! After all, the recent events have had far-reaching impacts on the entire Immortal Realm!

Moreover, my teacher Qiaan Yuan Daoist has never faced dissatisfaction from any strongest Immortal Lord of other Immortal Sects when performing the Qi Observation Skill, yet a junior, a mere Third-Grade Earth Immortal, seemed displeased just from a simple observation, isn't it overly petty!"

After this seemingly youthful female Daoist finished speaking, a silence fell over the entire bamboo building.

Lin Xuankong frowned slightly and looked at the young, beautiful female Daoist. She was tall, with a picturesque appearance, surrounded by a strong Immortal Yuan fluctuation forming crimson cloud-like shapes... Though this beautiful female Daoist appeared just over twenty, she was actually a top Ninth-Grade Earth Immortal!

Yet, Lin Xuankong knew that cultivators who attain the Earth Immortal Realm often practice various Youth Maintenance Techniques. The young, beautiful Daoist in front of him, though looking only in her twenties and seemingly several decades younger than himself, could actually be thousands to tens of thousands of years old, or even forty-fifty thousand!

But regardless of how young and beautiful this female Daoist might be or how strong she is, her prideful demeanor was indeed a bit irritating!

Especially since it was those two strongest Immortal Lords from Guangqing Immortal Sect who first used the Qi Observation Skill without reason...

Lin Xuankong frowned, while in Immortal Lord Luoshui Yaan Mingyu's eyes flashed a sharp glint,

In nearly ten thousand years of cultivation, Luoshui Immortal Lord Yaan Mingyu had seen countless supreme geniuses of the Human Race in the Immortal Realm, like carps crossing the river, but never had any genius made this serene-minded Luoshui Immortal Lord feel the urge to accept a disciple!

Even the top talents of the Qilin Race from the Boundaryless Mountain Range, like the Cyan-forehead Qilin and White-forehead Qilin, had never tempted Luoshui Immortal Lord Yaan Mingyu to accept them as disciples.

Yet Lin Xuankong inspired an uncontrollable desire in this illustrious researcher of the Path of Array, Luoshui Immortal Lord, to accept him as a disciple! This indicates how much Luoshui Immortal Lord Yaan Mingyu appreciates, values, and favors Lin Xuankong!

Now, her most favored and only valued true disciple was being called petty, how could Luoshui Immortal Lord Yaan Mingyu possibly hold back,

The ordinarily mild-mannered Luoshui Immortal Lord Yaan Mingyu, with a sharp gaze, looked at the young female Daoist behind Qiaan Yuan Daoist of the Guangqing Immortal Sect, and spoke in a stern voice:

"This little fellow Daoist's temperament is quite unique, daring to reprimand a disciple of my Luoshui Immortal Sect. Is she a valued disciple of Fellow Daoist Qiaan Yuan?"

The strongest Immortal Lord Qiaan Yuan Daoist of the Guangqing Immortal Sect, hearing Luoshui Immortal Lord's words, gradually darkened his expression and said coldly, "These are just a few words from a junior; there's no need for an Immortal Lord like Luoshui to concern yourself with this disciple's remarks!"

This strongest Immortal Lord from the Guangqing Immortal Sect, Qiaan Yuan Daoist, at this moment, not only showed no intention of restraining his disciple but also expressed a noticeable bias and protective tone when speaking,

For a time,

the atmosphere in this bamboo building became quite delicate.

The strongest Immortal Lord Kunyuan Daoist from the Guangqing Immortal Sect, sitting beside Qiaan Yuan Daoist, noted the situation, his eyes flickering, and suddenly laughed heartily, "Hahaha, senior brother, Immortal Lord Luoshui, why take these matters of the juniors so seriously!"

He looked at Immortal Lord Luoshui Yaan Mingyu, continuing,

"The junior who just spoke is my senior brother Qiaan Yuan Daoist's foremost disciple among his three true disciples, named Guang Yu'er. Although her strength is not extremely powerful, far from reaching the realm of a strongest Immortal Lord, or achieving the pinnacle of any specific Immortal Dao domain, she has entered the late stage of the Ninth-Grade Earth Immortal Realm at just fourteen thousand years old, and has also shown remarkable mastery of the many Immortal Techniques in our Guangqing Immortal Sect!

Five hundred years ago, this niece of mine even confronted, alone, three Ninth-Grade Demon Artifact-level Demonic Generals from the Profound Yin Demon Sect and held her own! Within our Guangqing Immortal Sect, my niece is hailed as the foremost below the four strongest Immortal Lords, renowned as Yu Ling Immortal. Surely, Immortal Lord Luoshui has heard of her!"

On the opposite, Lin Xuankong, hearing the strongest Immortal Lord Kunyuan Daoist of Guangqing Immortal Sect speak of this, could not help but glance at Guang Yu'er,

He had once personally confronted a Ninth-Grade Demon Artifact-level Demonic General from the Profound Yin Demon Sect at the ruins of the Spirit Cauldron Immortal Sect and was well aware of the formidable strength such a Demonic General possessed! Such level of Demonic Generals, even a top Earth Immortal in the Ninth-Grade Perfection Realm, would struggle to counter without a sufficiently powerful Immortal Technique!

This young female Daoist known as Yu Ling Immortal, whose Immortal Path Realm is still in the late Ninth Grade, yet can face three Ninth-Grade Demon Artifact-level Demonic Generals alone, possesses quite impressive strength!

At the very least, each Ninth-Grade Demon Artifact-level Demonic General can contend with the Array Spirit of my former Eight-Layered Thousand Cranes Array, even one strengthened by my various Talent Abilities, meaning this young female Daoist before me, though seemingly gentle and amiable, in actual strength, is quite formidable, capable of matching three of my Eight-Layered Thousand Cranes Array's Array Spirits!

No wonder the girl spoke with such arrogance, even the great name of my teacher, Immortal Lord Luoshui, did not suppress her!

However... had it been over a hundred days ago, encountering such a powerful being might have made me somewhat apprehensive, yet the present me wields the mastery to lay down the Nine-Layered Thousand Cranes Grand Array with a wave, rendering the prowess of this Yu Ling Immortal completely unremarkable!

As Lin Xuankong contemplated in his heart, Luoshui Immortal Lord Yaan Mingyu, having listened to Kunyuan Daoist, slightly raised an eyebrow,

"Confronting three Ninth-Grade Demon Artifact-level Demonic Generals at the late Ninth Grade sounds impressive,

However, my disciple behind me, had already slain a Ninth-Grade Demon Artifact-level Demonic General alone at the Second-Grade Earth Immortal Realm six months ago!

And perhaps, Fellow Daoist Kunyuan has yet to hear,

that half a year ago, in the Boundaryless Mountain Range, my disciple, alone, confronted several hundred top Demon Kings of the Overlord-class Ba Xia Race, not only remained unscathed but also slew dozens of Demon Kings of the Ba Xia Race on the spot, forcing the clan chief called Gui Ying to concede defeat and surrender with several hundred Ba Xia Demon Kings to my disciple!

My disciple's battle achievements should not pale in comparison to Qiaan Yuan Daoist's true disciple, Yu Ling Immortal, don't you think!"

After finishing, Luoshui Immortal Lord glanced at Qiaan Yuan Daoist and the Yu Ling Immortal behind him, a hint of utmost confidence in her gaze.

The two Immortal Lords from Guangqing Immortal Sect, Qiaan Yuan Daoist and Kunyuan Daoist, after hearing Luoshui Immortal Lord Yaan Mingyu's words, their faces changed slightly, showing a trace of astonishment as they looked towards Lin Xuankong standing behind Luoshui Immortal Lord Yaan Mingyu.

Chapter 924: Celestial Demon Surrender Order, Three-Day Deadline

Even the two Strongest Immortal Lords from the Guangqing Immortal Sect couldn't help but be slightly astonished after hearing Immortal Lord Luoshui's words.

The Yu Ling Immortal standing behind Qiaan Yuan Daoist widened her beautiful eyes and repeatedly glanced at Lin Xuankong, her bright eyes full of surprise and doubt.

This Yu Ling Immortal had personally faced a Demon General at the Ninth-Grade Demon Artifact Level equipped with 'Absolute Defense' Demon Armor, and thus understood the formidable strength of a Demon General from the Profound Yin Demon Sect!

Such a Ninth-Grade Demon Artifact Level Demon General is easy to confront, but killing them is as hard as ascending to heaven!

The so-called Absolute Defense Demon Armor they possess can almost only be breached by those at the Strongest Immortal Lord Level!

Yet before them, this Earth Immortal, at most a Third Grade, has already slain a Ninth-Grade Demon Artifact Level Demon General? How is that possible! This is absolutely impossible to achieve!

While Yu Ling Immortal was mired in doubt and surprise,

the two Strongest Immortal Lords from the Guangqing Immortal Sect, Qiaan Yuan Daoist and Kunyuan Daoist, exchanged a glance and then shook their heads slightly.

It was evident that these two Strongest Immortal Lords were skeptical about Immortal Lord Luoshui Yaan Mingyu's words and did not fully believe them.

Nonetheless, given Immortal Lord Luoshui's rank among the top three of the twenty-eight Strongest Immortal Lords, neither Qiaan Yuan Daoist nor Kunyuan Daoist could openly question, so they remained silent after shaking their heads.

A moment later, Kunyuan Daoist, who was slightly more tactful, smiled and said:

"Immortal Lord Luoshui's True Disciple is so strong in talent and power, it's quite surprising!

However, after observation through the Guangqing Qi Observation Skill, regardless, my Senior Brother Qiaan Yuan and I are extremely certain that Immortal Lord Luoshui's True Disciple will surely not fall into the Demon Dao in the future, and that is enough!

Next, let's discuss the matter concerning the Celestial Demon Power!

After all, this issue is urgent and significant, concerning the future of the entire Immortal Realm Human Race and even all life in the Immortal Realm!"

Lin Xuankong, standing behind Immortal Lord Luoshui Yaan Mingyu, moved slightly at these words,

He thought to himself: No wonder when I just arrived, Qiaan Yuan Daoist and Kunyuan Daoist used that peculiar Guangqing Qi Observation Skill to probe me; it turns out my master Immortal Lord Luoshui and the two Strongest Immortal Lords were going to discuss something related to the Celestial Demon Power from the Profound Yin Demon Sect!

According to legend, the Celestial Demon Power comes from the Upper Realm and is the reason for the grand-scale Immortal Demon War initiated by the Profound Yin Demon Sect this time! This matter is indeed of great importance, not to be underestimated!

Immortal Lord Luoshui Yaan Mingyu frowned slightly at these words, withdrew her intense gaze from Yu Ling Immortal and said:

"According to the information given to me by the Divine Dynasty Immortal Sect Grand Elder, although the Profound Yin Demon Sect obtained a trace of Celestial Demon Power transmitted from the Upper Realm to the Lower Realm through the Profound Yin Altar, they have not been able to master that trace of Celestial Demon Power due to the lack of a compatible Demon Seed candidate!

Therefore, although the Profound Yin Demon Sect has instigated the Immortal Demon War this time, the Divine Dynasty Immortal Sect and all the Strongest Immortal Lords have not held a pessimistic view of the Immortal Realm's future due to the extensive invasion of the Profound Yin Demon Sect. After all, the Immortal Demon Wars launched by those demons of the Profound Yin Demon Sect over thousands to millions of years have always ended without results due to excessive losses!

But the news from a few days ago... Fellow Daoists Qiaan Yuan, Kunyuan, are you sure the news you received is accurate?"

Kunyuan Daoist nodded solemnly,

"This matter is of great importance; how could my Senior Brother Qiaan Yuan and I joke with Immortal Lord Luoshui!

The news was sent back by a disciple from my Guangqing Immortal Sect who was lurking in the Profound Yin Demon Sect. That disciple bears the Guangqing Seal of my Guangqing Immortal Sect and could never betray it, so the news he sent back is absolutely trustworthy!

According to the message he sent back, a few days ago, the Profound Yin Demon Sect indeed found a Demon Seed perfectly compatible with the Celestial Demon Power. It is called Gang Bone, said to be a Demon King of the Demon Race from the Boundaryless Mountain Range. Its bloodline, Immortal Body, and Divine Soul are extremely compatible with the Celestial Demon Power...

Based on the timeline, this Demon King of the Unbounded Mountain Demon Race named Gang Bone should have nearly completed the fusion of the Celestial Demon Power and is about to awaken from fusion!

Once this Demon King of the Demon Race named Gang Bone fully masters all the Celestial Demon Power,

Then the Demon Seed Gang Bone found by the Profound Yin Demon Sect will possess the Celestial Demon Power that is extremely difficult for Earth Immortals of the Immortal Realm to resist, leading to an extremely dreadful defeat for the entire Immortal Realm Human Race in the war against the Profound Yin Demon Sect!

Before we came to you, Immortal Lord Luoshui, my Senior Brother Qiaan Yuan and I had already sent the news back to the Guangqing Immortal Sect and notified the Elders of the Divine Dynasty Immortal Sect. However, we really have no ideas on how to address this matter and have come here to seek your guidance, hoping to find some ways to counter this crisis after consultation together!"

Standing behind Immortal Lord Luoshui, Lin Xuankong's eyes shifted upon hearing Kunyuan Daoist say this, and his expression became quite peculiar.

He was very familiar with the name Gang Bone!

If it wasn't for Gang Bone, he would probably still be in the Blood-colored Mist Forbidden Land searching for the Celestial Demon Blood Fruit Tree! It was because Gang Bone had led several elders of the Ba Xia Race to attack him and the Demon Kings of the Qilin Race that he managed to subdue those elders of the Ba Xia Race in a counterattack and thus obtain the exact location of one of the three Celestial Demon Blood Fruit Trees, thereby acquiring twelve Celestial Demon Blood Fruits!

Chapter 925: Celestial Demon Surrender Order, Three-Day Deadline (Part 2)

Later, it was all because of this Ba Xia Race genius top Demon King named Gang Bone that I found myself repeatedly besieged by hundreds of high-grade and top Demon Kings of the Ba Xia Race outside the Blood-colored Mist Forbidden Land. In the end, I was able to subdue hundreds of Demon Kings of the Ba Xia Race and force the clan leader Gui Ying to disclose the exact location of the remaining two Celestial Demon Blood Fruit Trees, allowing me to acquire dozens of invaluable Celestial Demon Blood Fruits!

One could say,

that although this genius top Demon King of the Ba Xia Race, Gang Bone, repeatedly opposed me, it was ultimately because of him that I was able to repeatedly claim victory and gleefully acquire dozens of Celestial Demon Blood Fruits. Furthermore, I gained recognition from countless demon races within the Boundaryless Mountain Range, earning acceptance from the Four Great Spirit Beast Clans in a secret alliance of offense and defense!

Unbelievable, just unbelievable.

In just over a hundred days,

this genius top Demon King of the Ba Xia Race, Gang Bone, who once facilitated my abundant rewards, has unexpectedly joined the ranks of the Profound Yin Demon Sect's demons and has become its sole Demon Seed capable of exerting the power of the Celestial Demon!

What a coincidence indeed!

Thinking of these matters, Lin Xuankong subtly shook his head,

This Immortal Realm is undoubtedly vast,

yet from the situation of Gang Bone, the world appears quite small. Once a genius top Demon King of the Ba Xia Race, Gang Bone has now transformed into a demon of the Profound Yin Demon Sect, again becoming an adversary I must face in the upcoming Immortal Demon War?

While Lin Xuankong contemplated, Immortal Lord Luoshui, Yaan Mingyu, furrowed her brow,

"Since the Celestial Demon Power is transmitted from the Upper Realm, it will surely grant the one possessing it, like Gang Bone, exceedingly formidable battle strength and at least the capability to severely damage the Strongest Immortal Lord!

However, the various demonic techniques mastered by demonic cultivators are distinct, and the Celestial Demon Power integrated by Gang Bone, what sort of attack means does it possess, and from which demonic technique did this power stem? This information is crucial, as it is pivotal for the

subsequent strategies taken by our Immortal Realm Human Race; whether that Guangqing Immortal Sect friend, who has infiltrated the depths of the Demon Sect, possesses this crucial intel is unknown?"

The Strongest Immortal Lord Kunyuan Daoist of the Guangqing Immortal Sect slightly shook his head with a regrettable frown:

"Our Guangqing Immortal Sect's friend, who mingled within, has merely become a leader within the Profound Yin Demon Sect, still far from attaining the rank of Ninth-Grade Demon Artifact Level Demon General, rendering access to such key information unattainable! It's due to the recent mass celebration organized by Profound Yin Demon Sect headquarters, the 'Myriad Saint Bliss Gathering,' that he's managed to probe and obtain this astonishing news!

Regarding the exact nature of attack tactics the Celestial Demon Power integrated by Gang Bone possesses, and its precise category, these details are definitely among the core secrets of Profound Yin Demon Sect and cannot be uncovered without a period of covert exploration!"

"This poses quite the dilemma! Knowing our enemy and ourselves is key to preparing appropriate measures!

Currently, we are aware that someone within the Profound Yin Demon Sect has merged with Celestial Demon Power but have no understanding of which specific power or method of counteraction!

Furthermore, having found a suitable Demon Seed to integrate the Celestial Demon Power, the Profound Yin Demon Sect will likely become even more audacious!"

Immortal Lord Luoshui, Yaan Mingyu, furrowed her brow.

At this moment, an urgent voice from the White-forehead Qilin Bai E sounded outside the bamboo house, "Immortal Lord, Sect Leader Li of Spiritual Crane Immortal Sect, Elders from Five Elements Immortal Sect, and others have arrived outside the Immortal Carriage Cave Heaven, claiming they have extremely critical and urgent matters to report!"

Immortal Lord Luoshui, Yaan Mingyu, upon hearing this, looked outward, her eyes seemingly penetrating the expansive world of Immortal Carriage Cave Heaven, observing the situation beyond.

Then she slightly raised her right hand, instantly causing a shimmering Spirit Vein Transference to appear outside the bamboo house,

the next moment,

the anxious and astonished Sect Leader Li of Spiritual Crane Immortal Sect and Grand Elder of Five Elements Immortal Sect, among others, were conveyed outside by the Spirit Vein Transference.

Immortal Lord Luoshui, Yaan Mingyu, furrowed her brow and spoke: "I've established Ninth Realm Sect Protection Arrays within Spiritual Crane Immortal Sect, Five Elements Immortal Sect, Wine Immortal Sect, and other sects. Even a surprise attack by a Demon Lord Level expert from Profound Yin Demon Sect would still encounter a significant delay due to these arrays!

What urgent matters are prompting you to leave your own sects' protection arrays for such a hasty visit to report at Spiritual Crane Immortal Sect?"

Sect Leader Li of Spiritual Crane Immortal Sect, Grand Elder of Five Elements Immortal Sect, Wine Immortal Sect's Chi Liuxia, and others immediately knelt on one knee out of respect towards Immortal Lord Luoshui, Yaan Mingyu, and the two Strongest Immortal Lords from Guangqing Immortal Sect,

Among them, Sect Leader Li of Spiritual Crane Immortal Sect glanced at Lin Xuankong before respectfully addressing Immortal Lord Luoshui, Yaan Mingyu:

"Immortal Lord Luoshui, respected elder, it concerns the Profound Yin Demon Sect! Just over an hour ago, numerous sects in the Western Region of the Central Divine Dynasty simultaneously received the Celestial Demon Surrender Order from Profound Yin Demon Sect!

The order stated that the so-called Supreme Saint Heir Gang Bone of Profound Yin Demon Sect has fully integrated the Celestial Demon Power and now holds unrivaled might across the Immortal Realm, eradicating all uncertainty in the imminent Immortal Demon War!

Therefore, Profound Yin Demon Sect commands that every sect within the Immortal Realm must pledge allegiance in three days, hanging Celestial Demon Sacred Statues of their sect in devotion and constant

worship! Any defiance will be met with the wrath of Celestial Demon Power, condemning offenders to a fate of eternal Demon Slavery!"

Chi Liuxia of Wine Immortal Sect further added with tightly knitted brows: "The Celestial Demon Surrender Order somehow disseminated by a Demon Lord from Profound Yin Demon Sect was conveyed simultaneously above each sect's grand array, materializing into gigantic words akin to heavenly scriptures dominating the skies! Such methods defy the imagination and comprehension of us cultivators from the Western Region's immortal sects!

The whole Western Region has plunged into chaos; several sects previously contemplating resistance using the arrays set by Immortal Lord Luoshui are now in a state of anxiety, planning to flee Western Region of Central Divine Dynasty within the remaining three days!"

"Immortal Lord Luoshui, esteemed elder, this matter is of extreme significance, requiring your personal intervention to stabilize the situation; otherwise, the Immortal Demon War in the Western Region of Central Divine Dynasty may not even commence before seventy or eighty percent of cultivators escape!"

"Celestial Demon Surrender Order? Spread throughout the entire Western Region simultaneously? A three-day deadline? Profound Yin Demon Sect indeed indulges in extreme audacity, daring to demand the surrender of the multitude of cultivators from the Immortal Realm Human Race in mere three days to worship their filthy Celestial Demon!"

Immortal Lord Luoshui, Yaan Mingyu, raised an eyebrow upon hearing the reports from Sect Leader Li of Spiritual Crane Immortal Sect and Chi Liuxia, her gaze icy as she rose from the rattan chair.

The two Strongest Immortal Lords, Qiaan Yuan Daoist and Kunyuan Daoist of Guangqing Immortal Sect, also stood from their chairs with somber expressions upon listening,

Kunyuan Daoist couldn't resist shaking his duster, speaking coldly: "Profound Yin Demon Sect acted swiftly. Just as our Guangqing Immortal Sect's information was transmitted back, Profound Yin Demon Sect began exploiting the fusion of Celestial Demon Power to create significant turmoil, aiming to disrupt the Dao Heart of countless cultivators from the Immortal Realm Human Race!"

At this precise moment,

Qiaan Yuan Daoist suddenly sensed something, reaching into his waist Golden Patterned Ghost Frog Pouch to retrieve a Communication Jade.

He furrowed his brows, meticulously examining the freshly retrieved Communication Jade, his expression swiftly altering after digesting the dense script engraved upon it!

This venerable Strongest Immortal Lord from Guangqing Immortal Sect, renowned for over a hundred thousand years, has witnessed a multitude of substantial events within the Immortal Realm, yet at present, Qiaan Yuan Daoist, upon scrutinizing the Communication Jade's conveyed information, found his expression fluctuating dramatically, his composure unsteady.

Chapter 926: Holy Son Gang Bone and the Mysterious Demon General

The fact that such news can disturb a Supreme Immortal Lord, who has been renowned for over a hundred thousand years, must be extraordinarily significant!

Sect Leader Li of the Spiritual Crane Immortal Sect, Grand Elder of the Five Elements Immortal Sect, Chi Liuxia of the Wine Immortal Sect, and others witnessed this scene, all looking grim and deeply shaken.

Kunyuan Daoist, standing beside Qiaan Yuan Daoist, clenched the pure white duster in his hand upon seeing his senior brother in such a state, and with a hint of doubt in his eyes, he asked, "What news has come from the sect that has affected you so, Senior Brother?"

Immortal Lord Luoshui Yaan Mingyu also looked somewhat puzzled towards Qiaan Yuan Daoist, while the beautiful young lady behind Qiaan Yuan Daoist, Guang Yu'er, furrowed her brows tightly. Following her master's side in cultivation for many millennia, she had never seen her master show such an expression of unease.

Qiaan Yuan Daoist noticed the crowd watching him with confusion and unease, sighed slightly, and glanced at Sect Leader Li of the Spiritual Crane Immortal Sect and others,

Immortal Lord Luoshui Yaan Mingyu understood the meaning of the Supreme Immortal Lord's expression, and her face gradually calmed as she spoke in a steady voice:

"Sect Leader Li, Chi Immortal, all of you can rest assured. Since Fellow Daoist Qiaan Yuan, Fellow Daoist Kunyuan, and I have arrived here in the Central Divine Dynasty Western Region, no matter what actions the Profound Yin Demon Sect takes, we three will have corresponding countermeasures!

The widespread dissemination of the Celestial Demon Surrender Order throughout all the immortal sects in the Western Region is merely a clever technique in the use of demon techniques and is not worth excessive alarm. As for the impact of the Celestial Demon Surrender Order... If, within these three days, any cultivator from any immortal sect wishes to escape to lesser realms outside the Immortal Realm, let them go!

To win this Grand Celestial War depends on steadfast allies. If they wish to flee, let them flee. If they are forcibly kept and have no heart for battle, it will not be much help in the war! Furthermore, their departure from the Immortal Realm will free up numerous resources. Once the Immortal Realm Human Race expels the Profound Yin Demon Sect, those who participated in the battle will naturally receive more resources, so there are both advantages and disadvantages!

As for other arrangements, Fellow Daoist Qiaan Yuan, Fellow Daoist Kunyuan, and I will discuss them and naturally let the Cyan-forehead Qilin and White-forehead Qilin notify you all!"

Although Sect Leader Li of the Spiritual Crane Immortal Sect, Grand Elder of the Five Elements Immortal Sect, Chi Liuxia of the Wine Immortal Sect, and the others were curious about what Supreme Immortal Lord Qiaan Yuan Daoist saw in the Communication Jade, upon hearing Immortal Lord Luoshui Yaan Mingyu's words, none dared disobey orders. They each bowed respectfully and obediently left the bamboo building, flying toward the entrance of the Immortal Carriage Cave Heaven.

While flying, Sect Leader Li of the Spiritual Crane Immortal Sect, Grand Elder of the Five Elements Immortal Sect, and the others looked back at the bamboo building, their gaze falling upon Lin Xuankong. They all knew that Lin Xuankong had become Immortal Lord Luoshui's only true disciple, and naturally, they envied him immensely!

After all, Immortal Lord Luoshui was a figure known to all in the Immortal Realm, ranking among the top three Supreme Immortal Lords in the entire Human Race of the Immortal Realm!

Yet, Sect Leader Li of the Spiritual Crane Immortal Sect, Grand Elder of the Five Elements Immortal Sect, Chi Liuxia of the Wine Immortal Sect, and the others could not know that Immortal Lord Luoshui Yaan Mingyu gained significant benefits from accepting Lin Xuankong as a disciple!

The saying goes, "A day as a teacher, a lifetime as a father." With dedication, Immortal Lord Luoshui guided Lin Xuankong, who sincerely recognized her as his master. Consequently, under the influence of Lin Xuankong's mysterious talent of [Wives, Children, Elders, and Youngsters], Immortal Lord Luoshui Yaan Mingyu's cultivation speed and array research speed both increased tenfold. However, since her Immortal Path Realm had already reached Ninth Grade Perfection and she could not advance without breaking the Celestial Tribulation, and due to her inherently profound array realm, she hadn't noticed the enhancement for a while!

Yet as time elapsed, Immortal Lord Luoshui Yaan Mingyu's array realm would likely become increasingly terrifyingly profound. After all, her array talent was certainly better than Lin Xuankong's, and with a tenfold enhancement, her array talent was likely to grow to an extremely frightening extent!

At this moment,

within the bamboo building,

with Sect Leader Li of the Spiritual Crane Immortal Sect and others having departed, Qiaan Yuan Daoist turned his serious gaze towards Kunyuan Daoist and Immortal Lord Luoshui Yaan Mingyu, and solemnly spoke:

"Junior Brother, Immortal Lord Luoshui, something serious has occurred!

I just received a communication from Sect Leader Ling of the Guangqing Immortal Sect. The Guangqing Immortal Sect, Divine Dynasty Immortal Sect, Luo Water Immortal Sect, and all major and medium immortal sects in the Central State of the Immortal Realm have also received the so-called Celestial Demon Surrender Order at the same time, identical to the content mentioned by Sect Leader Li of the Spiritual Crane Immortal Sect, and similarly, countless demonic essence characters spanned the sky!

Moreover, according to Sect Leader Ling, not only did the major and medium immortal sects in the Central State of the Immortal Realm receive the Celestial Demon Surrender Order simultaneously, but also every immortal sect in the Eastern Domain, Western Region, Southern Domain, and Northern Corner, including Spirit Platform Buddhism and the Divine Mountains of the Four Great Spirit Beast Clans in the Boundaryless Mountain Range!

Now, the unsettling Celestial Demon Surrender Order has spread throughout the entire Immortal Realm, and it's feared that the entire Immortal Realm is aware that Gang Bone of the Profound Yin Demon Sect has fused with the Celestial Demon Power. It's likely that countless cultivators of the Human Race and Demon Race in the Immortal Realm are filled with apprehension!"

Upon hearing this, Kunyuan Daoist furrowed his brows tightly, "The entire Immortal Realm, including Spirit Platform Buddhism and the Boundaryless Mountain Range, has been disseminated with the Celestial Demon Surrender Order all at the same time? The vastness of the Immortal Realm is immense, and even when we traveled at full speed from the Central State to the Western Region of the Divine Dynasty, it took us seven or eight months....

Chapter 927: Holy Son Gang Bone and the Mysterious Demon General (Part 2)

Even the Sect Leader of the Divine Dynasty Immortal Sect in our Immortal Realm Human Race, hailed as possessing a Supreme Divine Soul, would take more than half a day to traverse the entire Immortal Realm with a Third-Grade Immortal Realm artifact!

What means did the Profound Yin Demon Sect use to simultaneously stir up the Immortal Yuan around countless Immortal Sects across the Immortal Realm, forming the Celestial Demon Surrender Order in the sky?

Could such a technique truly be derived from the power of Upper Realm Celestial Demons?"

As he spoke, a trace of dread gradually appeared in the eyes of the Strongest Immortal Lord of the Guangqing Immortal Sect.

For a Strongest Immortal Lord like him, having seen or heard of most immortal techniques, demon techniques, and magic powers possessed by cultivators in the Immortal Realm, including those from the Profound Yin Demon Sect, Spirit Platform Buddhism, and the Boundaryless Mountain Range, he realized that no known immortal techniques, demon techniques, or magic powers could manifest an order simultaneously across countless Earth Immortals in the entire Immortal Realm!

Standing behind Immortal Lord Luoshui, Yaan Mingyu, Lin Xuankong couldn't help but raise his eyebrows slightly.

He was very familiar with the name Gang Bone mentioned by the two Strongest Immortal Lords of the Guangqing Immortal Sect. After all, in the Blood-colored Mist Forbidden Land and its outskirts, he had

crossed paths with that genius top Demon King of the Ba Xia Race more than once, leaving that genius top Demon King Gang Bone disgraced every time!

But who could have imagined that in just over a hundred days,

that former genius top Demon King of the Ba Xia Race would transform from a genius top Demon King of the Overlord Level clan in the Boundaryless Mountain Range into the so-called Holy Son of the Profound Yin Demon Sect, a major threat to the entire Immortal Realm Human Race, and would even merge with the rumored Celestial Demon Power from the Upper Realm!

Could it be that this guy, who once fled with his tail between his legs, suddenly became arrogant?

I'm just wondering, now that I can easily set up a Nine-Layered Thousand Cranes Grand Array, if I were to confront this guy wielding the Celestial Demon Power, would I stand a chance against him?

But no matter what, that Gang Bone who once fled from me definitely holds a grudge. I'm certain that the Celestial Demon Surrender Order issued by the Profound Yin Demon Sect wouldn't include me, even if I wanted to join the Demon Sect, Gang Bone would surely make an example out of me!

Now it's clear, I have no choice but to fight the Profound Yin Demon Sect until the end!

Thinking of this, Lin Xuankong's gaze gradually became determined,

Though the Celestial Demon Power is strong, my Vigorous in Old Age Life Plate, along with my century of cultivation, may not be inferior to that so-called Celestial Demon Power. As to who will ultimately prevail....

As Lin Xuankong pondered this,

Immortal Lord Luoshui, Yaan Mingyu, suddenly frowned and said:

"Fellow Daoist Qiaan Yuan, I saw your expression change erratically, and your eyes appeared uneasy, is it merely because of this Celestial Demon Surrender Order?"

The technique to unleash the Celestial Demon Surrender Order, while somewhat profound, is ultimately minor and cannot form combat strength. At most, it influences some of the already weak-willed cultivators in the Immortal Realm Human Race. Our grand strategy against the Profound Yin Demon Sect wouldn't fail simply because of this one Celestial Demon Surrender Order!

As for the matter of that demon race member named Gang Bone merging with the Celestial Demon Power...after all, it's the Upper Realm Celestial Demon, but the power transmitted through the Immortal Realm Wall to us is weakened by the wall and likely can't even unleash one-hundredth or one ten-thousandth of the Upper Realm Celestial Demon's combat power!

Moreover, the power that can be transmitted through our Immortal Realm Wall and tolerated by the Immortal Realm Celestial Tribulation cannot possibly break through the ceiling of this Immortal Realm, meaning that no matter how strong the Celestial Demon Power, or how strong Gang Bone is after merging with it, there must be a limit, and it's not like the Immortal Realm Human Race would have no one able to resist!"

After speaking, Immortal Lord Luoshui, Yaan Mingyu, fixed his gaze on the Strongest Immortal Lord of the Guangqing Immortal Sect, Daoist Qiaan Yuan.

Daoist Qiaan Yuan remained silent for a moment, then suddenly let out a heavy sigh,

"Luo Water Daoist, if the message transmitted through the Communication Jade by our sect's Sect Leader Ling was only about the Celestial Demon Surrender Order, why would I be like this?"

Originally, I and Junior Brother Kunyuan came to this Immortal Carriage Cave Heaven to discuss countermeasures against the Profound Yin Demon Sect's so-called Holy Son Gang Bone. I wouldn't possibly have already felt terrified and panicked before even engaging with the Holy Son Gang Bone!"

Kunyuan Daoist beside him showed a change in his expression, "Senior Brother Qiaan Yuan, could it be that there is something worse in the message Sect Leader Ling transmitted?"

Daoist Qiaan Yuan nodded gravely, "Indeed, the message Sect Leader Ling passed on details an event that occurred today in the Central Divine Dynasty Eastern Domain! In the Central Divine Dynasty Eastern Domain, just a few Hours ago, forty-nine unprecedented and peculiar Demon Generals appeared!

These Demon Generals are all at the Ninth-Grade Demon Artifact Level, but their entire Demon Armor is covered with extremely profound Demon Patterns, vastly different from the 'Absolute Defense' Demon Armor seen by the fellow Daoists in the Eastern Domain from prior Ninth-Grade Demon Artifact Level Demon Generals!

The most damning thing is, those Ninth-Grade Demon Generals with special Demon Patterns possess terrifying defense, speed, and demonic power, each almost akin to those Demon Lords with tens of thousands of years of renown!

Our fellow Daoists in the Central Divine Dynasty Eastern Domain, suddenly facing these Demon Generals, suffered significant losses in an extremely short amount of time!

Those Demon Generals not only have fearsome defense, completely ignoring attacks at the Ninth-Grade Earth Immortal Level but also can unleash demonic power with a wave of a hand that is equivalent to a Ninth-Grade Earth Immortal self-destructing, causing deadly harm upon impact!

In the short Hour of battle, over seventy High-Grade Earth Immortals perished, including twenty-six Ninth-Grade Earth Immortals,

And in aiding the Daoists in the Central Divine Dynasty Eastern Domain, the Strongest Immortal Lord Ling Wuji was also heavily injured while simultaneously being besieged by twenty-seven of these new-type Demon Generals, almost having all his Immortal Yuan obliterated and nearly being demonized! If it weren't for the strongest Escape Technique of the Divine Movement Immortal Sect owned by the Strongest Immortal Lord Ling Wuji, he might have lost his Immortal Body and his cultivation of over a hundred thousand years would have vanished!

The Strongest Immortal Lord Ling Wuji is the only Strongest Immortal Lord wounded by a Ninth-Grade Demon Artifact Level Demon General since the Eastern Domain Immortal Demon War began!

Moreover, since two Strongest Immortal Lords stationed in the Eastern Domain have already sustained injuries to their Immortal Bodies, the Central Divine Dynasty Western Region has already begun a large-

scale collapse and retreat, and the Central Divine Dynasty Eastern Domain will likely fall entirely into the Profound Yin Demon Sect's Demon Realm by tomorrow!

This would be, for the first time in hundreds of thousands of years, the Immortal Realm Human Race losing an entire Great Domain!

In the countless battles over these hundreds of thousands of years between the Immortal Realm Human Race and the Profound Yin Demon Sect, not once has there been such a crushing defeat. Even during that time when the Immortal Realm Human Race couldn't withstand it and asked for the Spirit Platform Buddhism Great Accomplishment Yu Zhen Bodhisattva to intervene, the casualties were not as heavy as they are this time!"

Having heard this, Kunyuan Daoist's expression changed rapidly, "Could this be true? The entire Eastern Domain of the Central Divine Dynasty is about to fall!

Such an occurrence hasn't happened in hundreds of thousands of years, according to our Guangqing Immortal Sect's records, even in the Near Ancient Era, Ancient Era, or Ancient Times, during the zenith of the Profound Yin Evil Demons, the Immortal Realm Human Race never lost an entire Great Domain!

Moreover, as a long-established Strongest Immortal Lord, the offensive techniques and escape techniques possessed by the Strongest Immortal Lord Ling Wuji are extremely powerful, nearly equal to you and me, how could such a strong individual be severely wounded by Ninth-Grade Demon Artifact Level Demon Generals? No matter how many of those Demon Generals there are, it shouldn't be possible to harm him!

Could it be that those Ninth-Grade Demon Generals with special Demon Armor and formidable combat strength are related to the Celestial Demon Power of the Profound Yin Demon Sect? Related to that so-called Holy Son Gang Bone of the Profound Yin Demon Sect?"

Chapter 928: I Want to See Just How Strong That Demon General Is

The Eastern Domain of the Central Divine Dynasty is about to fall!

This news is truly quite thrilling!

Within the bamboo loft,

Aside from the Supreme Immortal Master Kunyuan Daoist from the Guangqing Immortal Sect, constantly exclaiming, everyone else, whether it was Immortal Lord Luoshui Yaan Mingyu, or Lin Xuankong standing behind her, the beautiful Daoist Nun Guang Yu'er behind Qiaan Yuan Daoist, or the lovely Daoist Nun behind Kunyuan Daoist, everyone had their brows tightly knit!

All at once,

In the bamboo loft, except for Kunyuan Daoist, everyone else's expressions were grave, silent.

After a long while,

Qiaan Yuan Daoist, deep in thought, shook his head, took a deep breath, and said:

"Perhaps it's because those new Demon Generals haven't reached Demon Lord Level that the Strongest Immortal Lord Ling Wuji was somewhat careless! However, the emergence of these Demon Generals and the injuries suffered by Fellow Daoist Wuji during this incident are extremely impactful on the Immortal Demon War throughout the Immortal Realm!

No matter if those new Ninth-Grade Demon Artifact Level Demon Generals emerged due to the influence of Celestial Demon Power, we cannot afford to be careless!

After all, since such new Ninth-Grade Demon Artifact Level Demon Generals have appeared in the Eastern Domain of the Central Divine Dynasty, there's a possibility they could emerge in the Northern Corner, Southern Domain, Central State, and Western Region as well!"

Upon hearing this, Immortal Lord Luoshui Yaan Mingyu raised an eyebrow and nodded:

"Fellow Daoist Qiaan Yuan is absolutely right. Although these new Ninth-Grade Demon Artifact Level Demon Generals sound formidable, they ultimately relied on the siege by twenty-seven Demon Generals to injure Fellow Daoist Wuji! But when the Immortal Demon War is initiated in the Western Region of the Central Divine Dynasty, all Fellow Daoists will be protected by the Nine-Layered Array I've set up, ensuring those new Demon Generals won't have any opportunity!

As long as everyone remains careful and cautious, making preparations in advance, our Western Region of the Central Divine Dynasty certainly won't fall like the Eastern Domain, becoming a ravaged land for those Demons from the Profound Yin Demon Sect!"

Seeing her master Qiaan Yuan Daoist and Immortal Lord Luoshui Yaan Mingyu speak in this manner,

Ninth-Grade Earth Immortal Guang Yu'er, initially shocked, gradually regained her composure. Her eyes moved nimbly, then she proudly spoke:

"Master and Immortal Lord Luoshui's words are correct!

The Eastern Domain of the Immortal Realm was taken by surprise in the battle against the Profound Yin Demon Sect, and many peers and predecessors weren't prepared, allowing those from the Profound Yin Demon Sect to exploit the situation!

When those folks from the Profound Yin Demon Sect attack our Eastern Domain of the Central Divine Dynasty, with Master, Master Uncle, and the Nine-Layered Array set up by Immortal Lord Luoshui as reliance, there definitely won't be any problems!"

This said, her gaze suddenly shifted towards Lin Xuankong behind Immortal Lord Luoshui Yaan Mingyu, then she lifted her chin and said:

"Junior Brother, dare you compare with me? When the Immortal Demon War officially begins in the Western Region of the Central Divine Dynasty, let's see who can slay more savage Demons and Demon Generals?

Junior Brother, you're the only True Disciple taken by Immortal Lord Luoshui over thousands of years, even if your Realm is only Third Grade, your skills in arrays must undoubtedly be strong! Moreover, in a contest with me, your Ninth-Grade Senior Sister, I won't take advantage of you. I will count three Demons slain by me as equal to one slain by you for comparison, a one-to-three ratio, quite fair, right?"

Upon hearing Ninth-Grade Earth Immortal Guang Yu'er say this,

The charming Daoist Nun behind Kunyuan Daoist also showed interest, "Senior Sister Guang Yu'er, Junior Brother Lin, just the two of you comparing is not interesting, why not add me to the mix? I'll also use the one-to-three ratio when competing with Junior Brother Lin! What do you think, Senior Sister, Junior Brother Lin?"

These two beautiful Daoist Nuns seemed eager to try,

Yet Lin Xuankong felt rather uninterested. His mind was on whether there was a chance to deal with Gang Bone, the Demon Sect Saint Son from the Profound Yin Demon Sect. The Celestial Demon Power integrated by Gang Bone is the reliance upon which the Profound Yin Demon Sect dares to invade the Immortal Realm again. The most critical solution to ending the Immortal Demon War plaguing the entire Immortal Realm thoroughly might just be eliminating Gang Bone who possesses Celestial Demon Power...

As for other Demon Generals and Demons, Lin Xuankong had no interest whatsoever, as slaying these Demons and Demon Generals wouldn't 'drop' any good items or treasures!

Lin Xuankong lacked enthusiasm,

while the two beautiful Daoist Nuns still seemed excited, waiting for his response.

The Supreme Immortal Master Qiaan Yuan Daoist from the Guangqing Immortal Sect carefully observed his True Disciple Guang Yu'er and his niece Guang Ling'Er,

Noticing the two full of fighting spirit, showing no sign of cowardice despite the incident of Fellow Daoist Wuji being injured by the Demon Generals, the Supreme Immortal Master from Guangqing Immortal Sect couldn't help but nod in satisfaction, gently stroking his long beard, and said:

"Truly, the younger generation is formidable!

Kunyuan, while we old fellows are worried about the fall of the Eastern Domain of the Central Divine Dynasty,

These two youngsters are already brimming with battle intent, planning to compare who can eradicate more Demons and Demon Generals!"

Kunyuan Daoist could not help but smile,

"Very good, very good, my disciple, and Guang Yu'er, my niece, if all the Immortal Realm Human Race Earth Immortals were as you two, possessing such high spirits for combat, then no matter how severe the situation, ultimately, victory will surely belong to the Immortal Realm Human Race!"

Chapter 929: I Want to See Just How Strong That Demon General Is (Part 2)

After speaking, this Kunyuan Daoist turned his head to look at Immortal Lord Luoshui, Yaan Mingyu,

"The juniors have a competitive spirit, and this is a good thing! Why don't I add an incentive? Among these three, whoever wins can choose one of the nine immortal techniques of the Guangqing Immortal Sect to receive its inheritance! What do you think, Fellow Daoist Luoshui?"

Immortal Lord Luoshui, Yaan Mingyu, did not immediately agree. She turned her head to look at her true disciple Lin Xuankong, "Disciple, what do you think?"

Lin Xuankong saw Immortal Lord Luoshui, Yaan Mingyu, asking him, and couldn't help but frown slightly. Given his usual preference for staying low-key, he naturally didn't want to participate in such a competition!

Immortal Lord Luoshui, Yaan Mingyu, seeing her disciple frown, couldn't help but smile, "Kong, do not underestimate the reward set by Immortal Lord Qiaan Yuan. The Guangqing Immortal Sect is one of the top five immortal sects of the Immortal Realm's human race, renowned for its comprehensive and all-encompassing immortal techniques!

The nine immortal techniques of the Guangqing Immortal Sect include the Longevity Technique, Qi Observation Technique, Transformation Technique, Qiankun Reversal Technique, Guangqing Illusion Technique, Guanghan Yinji Technique, among others,

which are all top-tier and strongest immortal techniques among the many top cultivation techniques of the Immortal Realm's human race.

Even I, the Immortal Lord of Luo Water, am slightly inferior to the two Strongest Immortal Lords of the Guangqing Immortal Sect in terms of immortal techniques!"

Lin Xuankong originally had no interest in this competition, but upon hearing this, his expression changed slightly,

since he achieved the Supreme Divine Soul Realm in the Boundaryless Mountain Range and returned to the Spiritual Crane Immortal Sect, he has been wanting to find a refined illusion technique! After all, the Sect Leader of the Divine Dynasty Immortal Sect rose to the top of the Immortal Realm's human race by having profound cultivation, a Supreme Divine Soul, and a powerful illusion technique, leading the Divine Dynasty Immortal Sect to become the first sect of the Immortal Realm, thereby commanding the Immortal Realm! If Lin Xuankong, who now possesses a Supreme Divine Soul, also obtains a powerful illusion technique, even if restricted by his current cultivation, he would greatly enhance his combat strength and have a more powerful trump card!

However, during the few years inside the Immortal Carriage Cave Heaven, which was over a hundred days in the outside world,

although Lin Xuankong had obtained several nice illusion techniques from the Spiritual Crane Immortal Sect, Wine Immortal Sect, Five Elements Immortal Sect, and Immortal Lord Luoshui, Yaan Mingyu, none of them satisfied him! After cultivation, those illusion techniques could confuse other Earth Immortals of the same realm as Lin Xuankong, even Seventh and Eighth Grades, but had no effect on Ninth-Grade Divine Soul's Ninth-Grade Earth Immortals, let alone the Strongest Immortal Lord Level experts!

Left with no choice, Lin Xuankong had to temporarily set aside the illusion technique matter and fully immerse himself in artifact refining and array formation!

But in Lin Xuankong's mind, the desire to acquire a powerful illusion technique never faded!

Now hearing his master, Immortal Lord Luoshui, Yaan Mingyu, say that the Guangqing Immortal Sect holds the most extensive and rich array of immortal techniques, including a powerful one called 'Guangqing Illusion Technique,' he naturally became interested!

Immortal Lord Luoshui, Yaan Mingyu, saw Lin Xuankong's expression change and couldn't help but smile, "Other things don't stir you, but hearing about refined immortal techniques makes your eyes shine!"

Seeing his master teasing him, Lin Xuankong replied helplessly:

"With esteemed masters like Immortal Lord Qiaan Yuan, Immortal Lord Kunyuan, and yourself proposing this competition among us juniors, how could I, as a junior, disrespect the three Immortal Lords? However, I do have one request for participating in this competition!"

Immortal Lord Luoshui, Yaan Mingyu, nodded slightly, "Let's hear it!"

Immortal Lord Qiaan Yuan and Immortal Lord Kunyuan both smiled and stroked their beards, clearly full of confidence in their own true disciples, not worried at all that the true disciple of the Guangqing Immortal Sect might lose to the third-grade true disciple of Immortal Lord Luoshui, Yaan Mingyu!

The youthful and beautiful true disciple of Immortal Lord Qiaan Yuan, Guang Yu'er, raised her brows in response, "Junior Brother Lin's cultivation is still shallow, only at the third grade. Perhaps a three to one ratio is still a bit unfair to you! Whatever request you have, just speak up. Even if the ratio changes to four to one, five to one, or six to one, it's fine!"

The charming female Daoist Guang Ling'Er beside her nodded slightly, "I agree too, after all, Senior Sister Guang Yu'er and I both entered the Ninth Grade thousands of years ago, while Junior Brother Lin is currently only at the third grade! Even a nine to one ratio would be acceptable!"

Lin Xuankong, however, ignored the two charming and beautiful female Daoists. He looked seriously at Immortal Lord Luoshui, Yaan Mingyu, and Daoists Qiaan Yuan and Kunyuan, and spoke solemnly:

"Since I am the true disciple of Immortal Lord Luoshui, representing my master and two senior sisters in the competition, I cannot shame my master! I want no three to one ratio, nor any four, five, six, seven, eight, or nine to one ratio. If we compete, let it be one to one!"

Additionally, if I luckily surpass the two senior sisters of the Guangqing Immortal Sect, I only hope that by then, Elder Qiaan Yuan and Elder Kunyuan won't hesitate to teach me about immortal techniques!"

Lin Xuankong's words were quite firm, and his voice was resolute and powerful.

The people present couldn't help but look at Lin Xuankong with some surprise after hearing this.

The Kunyuan Daoist of the Guangqing Immortal Sect nodded slightly, smiling as he said:

"Not bad, not bad, truly worthy of being the true disciple of Fellow Daoist Luoshui. Though your realm has yet to reach Middle Grade or High Grade, your pride is commendable! Furthermore, you can rest assured, Little Nephew Lin, if you truly have extraordinary abilities and can exceed my disciple Guang Ling'Er and Senior Brother Qiaan Yuan's true disciple Guang Yu'er in the number of slain Demon Generals, you can choose any of the nine immortal techniques from the Guangqing Immortal Sect. I, Kunyuan Daoist, can guarantee with the Immortal Path ahead that you will be taught the complete immortal technique without any reservations!"

This Kunyuan Daoist had quite a good temper, but his senior brother Qiaan Yuan's true disciple Guang Yu'er couldn't help but shake her head and smile after hearing Lin Xuankong's words,

"Junior Brother Lin's cultivation is only at the third grade, yet he possesses such astonishing confidence! If there are a sufficient number of Ninth-Grade Demon Artifact Level Demon Generals, even an existence at the Strongest Immortal Lord Level could be severely injured through joint attack. But at your third-grade level, you're already confident in slaying Demon Generals and comparing the number of slain ones with me or Junior Sister Guang Ling'Er?"

I hope your achievements in the coming days can be as astonishing as your confidence!

Just don't end up unable to kill a Demon General and instead be captured by those Ninth-Grade Demon Artifact Level Demon Generals of the Profound Yin Demon Sect! Of course, with Junior Sister Guang Ling'Er and I fighting alongside you, we will surely look after you, so the possibility of you being captured by Demon Generals isn't too high!"

After saying this, she continuously shook her head, clearly confident that Lin Xuankong wouldn't win.

The charming Guang Ling'Er beside her couldn't help but giggle, leaning against Guang Yu'er while constantly glancing at Lin Xuankong.

Daoist Qiaan Yuan saw his disciple speaking so directly and couldn't help but slightly frown. However, this Strongest Immortal Lord from the Guangqing Immortal Sect clearly usually indulged his true disciples, so although he slightly frowned at this moment, he remained silent.

Immortal Lord Luoshui, Yaan Mingyu, observed the demeanor of the two true disciples from the Guangqing Immortal Sect and couldn't help but furrow her brows,

She coldly gazed at Guang Ling'Er and Guang Yu'er before speaking:

"Though my disciple Lin Xuankong's Immortal Path Realm is only third grade, his attainments in arrays have already reached a quite profound level!

No matter how the others present see him, I have considerable faith in him!

Since Fellow Daoists Qiaan Yuan and Kunyuan are willing to offer powerful immortal techniques as rewards for this competition, I, Immortal Lord Luoshui, should naturally support my disciple. For this competition, I, Immortal Lord Luoshui, Yaan Mingyu, am willing to offer three Celestial Demon Blood Fruits, recently acquired, as stakes!

For this competition, regardless of which of the three wins, these three Celestial Demon Blood Fruits can be used as rewards for the victor to consume!"

Chapter 930: The Celestial Demon Blood Fruit's Temptation

"Celestial Demon Blood Fruit? Three?"

"Celestial Demon Blood Fruit!"

"Oh my heavens, Celestial Demon Blood Fruit!"

Upon hearing the words of Immortal Lord Luoshui, Yaan Mingyu,

the Qiaan Yuan Daoist, Kunyuan Daoist, Guang Yu'er, and Guang Ling'Er inside the bamboo loft were all rather astonished.

The Strongest Immortal Lord Kunyuan Daoist of Guangqing Immortal Sect couldn't help but gaze at Immortal Lord Luoshui Yaan Mingyu and repeatedly ask:

"Celestial Demon Blood Fruit? Luo Water Daoist truly possesses Celestial Demon Blood Fruit? Luo Water Daoist, you actually obtained no less than three Celestial Demon Blood Fruits?

That Celestial Demon Blood Fruit is known as the Immortal World's First Spirit Fruit. Across tens of thousands of years in the Immortal Realm, their appearance has been scarce! That Sect Leader of the Divine Dynasty Immortal Sect acquired a world-shattering opportunity, obtaining no less than seventy-two Celestial Demon Blood Fruits, thus rapidly advancing from an ordinary Earth Immortal with mediocre aptitude to become one of the strongest Immortal Lords in the Immortal Realm, claiming his illusion techniques to be invincible. Even Demon Lord Level and Strongest Immortal Lord Level experts fall prey to his Supreme Divine Soul-induced illusions and become trapped in a wondrous illusory world!

Moreover, without possessing seventy-two Celestial Demon Blood Fruits, obtaining any single Celestial Demon Blood Fruit greatly aids the growth and Metamorphosis of the Divine Soul!

Especially for the formidable Demon Dao spiritual attack techniques wielded by Demon Lords of the Profound Yin Demon Sect, having a Celestial Demon Blood Fruit means one need not worry about having one's Divine Soul gravely injured when confronting those adept in spiritual attack techniques!

This Celestial Demon Blood Fruit possesses many miraculous effects, making it a Supreme Spirit Fruit coveted by every Immortal Realm Human Race Earth Immortal!

For nearly seventy to eighty thousand years, our Guangqing Immortal Sect has dispatched countless Earth Immortals to search the Immortal Realm for the whereabouts of the Celestial Demon Blood Fruit, yet all efforts have been fruitless!

It is rumored that among the Four Great Forbidden Lands, Celestial Demon Blood Fruit Trees might still grow in very small numbers. Yet those places are exceedingly perilous; even Ninth-Grade Top Earth

Immortals entering those lands may meet their end, and even Strongest Immortal Lord Level beings entering them may suffer setbacks or even severe injuries!

Luo Water Daoist, you truly have encountered such an incredible blessing, obtaining no less than three Celestial Demon Blood Fruits?"

This Strongest Immortal Lord from Guangqing Immortal Sect was evidently somewhat flustered before the news of the Immortal World's First Spirit Fruit, a cultivation mindset honed over ten thousand years failing to remain calm!

Immortal Lord Luoshui, Yaan Mingyu, slightly nodded,

"I've encountered some opportunities, although obtaining the Celestial Demon Blood Fruit was somewhat convoluted. It's considered one of my secrets, so Fellow Daoist Kunyuan need not inquire further!"

Kunyuan Daoist saw Immortal Lord Luoshui Yaan Mingyu's response and couldn't help but show a hint of disappointment. After pondering for a moment in silence, this Strongest Immortal Lord reluctantly spoke:

"Celestial Demon Blood Fruit is extremely precious, truly the Immortal World's First Spirit Fruit. Since Luo Water Daoist obtained a magnificent blessing with some Celestial Demon Blood Fruits, such chances understandably cannot be easily shared with others, which I do understand!"

The Qiaan Yuan Daoist, though remaining silent throughout, revealed a hint of disappointment on his aged face upon hearing this. Clearly, the news and origins of the Celestial Demon Blood Fruit also greatly tempted this Qiaan Yuan Daoist, yet he fully understood that, let alone Immortal Lord Luoshui Yaan Mingyu, no cultivator who obtained such a Supreme Spirit Fruit would casually divulge its details to others!

Positioned behind the Qiaan Yuan Daoist and Kunyuan Daoist, Guang Yu'er and Guang Ling'er were becoming excited, the two beautiful and charming female Daoists exchanging looks, eyes full of unconcealable excitement and delight.

The True Disciple of the Qiaan Yuan Daoist, Guang Yu'er, couldn't help but bow to Immortal Lord Luoshui Yaan Mingyu, "Immortal Lord Luoshui Senior, are you truly willing to offer three Celestial Demon Blood Fruits as the stakes in this competition? Those are incomparably precious Celestial Demon Blood Fruits; Senior's generosity truly moves Yu'er!"

Immortal Lord Luoshui Yaan Mingyu glimpsed at Guang Yu'er and replied:

"Though my reputation in the Immortal Realm came late, over the past few millennia, I've never broken my word!

Fear not, Yu'er Scion. Should you and Guang Ling'Er Scion genuinely establish great contributions to the Immortal Realm's Human Race during the Central Divine Dynasty Western Region's imminent Immortal Demon War by slaying a plethora of newly advanced Ninth-Grade Demon Artifact Level Demon Generals of the Profound Yin Demon Sect, surpassing my disciple Lin Xuankong's tally, I assuredly won't renege; I'll personally present three Celestial Demon Blood Fruits to either you or Guang Ling'Er Scion!"

Upon hearing this, Guang Yu'er and Guang Ling'Er promptly bowed to Immortal Lord Luoshui Yaan Mingyu, jointly stating, "As juniors, we thank Immortal Lord Luoshui Senior in advance!"

These two alluring and charming female Daoists at this moment spoke with hearts full of delight, evidently feeling they had secured victory in the contest, ready to claim the three Celestial Demon Blood Fruits from Immortal Lord Luoshui Yaan Mingyu!

...

Moments later,

The Qiaan Yuan Daoist, Kunyuan Daoist, and Immortal Lord Luoshui Yaan Mingyu continued to discuss the arrangements for the Central Divine Dynasty Western Region's upcoming Immortal Demon War, after which the Qiaan Yuan Daoist and Kunyuan Daoist departed the Immortal Carriage Cave Heaven with Guang Ling'Er and Guang Yu'er.

Once the Qiaan Yuan Daoist and Kunyuan Daoist had left,

Lin Xuankong couldn't help but look towards his master, Immortal Lord Luoshui Yaan Mingyu, "Master, those three Celestial Demon Blood Fruits are what your disciple obtained by chance within the Boundaryless Mountain Range, specially offering them to Master; Master hasn't consumed them?"
