Chapter 941: You Weren't Like This Back Then (Part 2)

At this moment, Lin Xuankong suddenly realized that he was somewhat looking forward to those demons from the Profound Yin Demon Sect arriving soon at the Spiritual Crane Immortal City and Spiritual Crane Immortal Sect!

....

Three days later,

At the entrance of the Demon-Suppressing Immortal Carriage, Lin Xuankong was floating in mid-air, silently guarding the Spiritual Crane Immortal City below. Beside him, the Cyan-forehead Qilin suddenly moved its eyes, opened its giant mouth, and a Communication Jade immediately flew out from its mouth.

After glancing at the contents on the Communication Jade, the Cyan-forehead Qilin couldn't help but furrow its brow and looked at Lin Xuankong,

"Master and the two Immortal Lords of Guangqing Immortal Sect, Qiaan Yuan Daoist and Kunyuan Daoist, have already confronted the three Demon Lords of Celestial Banner Earth Fiend Wind Fire Forest from Profound Yin Demon Sect! According to the information passed back by Master, there shouldn't be any issues with the Nine-Layered Array on Wine Immortal Sect's side for now. However, the battle between Master, Immortal Lord Qiaan Yuan, Immortal Lord Kunyuan, and Celestial Banner Earth Fiend Wind Fire Forest should last for at least several dozen days.

During this time, the army of Profound Yin Demon Sect may seize the opportunity to attack the various Immortal Sects of the Divine Dynasty Western Region. Master instructed me to remind the Young Master to ensure Spiritual Crane Immortal City is well-protected! In case any of the Nine-Layered Arrays at other Immortal Sects in the Western Region are broken, as long as Spiritual Crane Immortal City stands, the Earth Immortals of those other Immortal Sects will have a place to go!"

After saying this, a tinge of worry appeared in the eyes of the talented Seventh-Grade Little Demon King of the Qilin race,

Having been with Immortal Lord Luoshui Yaan Mingyu for thousands of years, the Little Demon King's feelings for Immortal Lord Luoshui are even deeper than those for its own Qilin race. Now that Immortal Lord Luoshui is fighting against Demon Lords who have been renowned for hundreds of thousands of years in Profound Yin Demon Sect, how could it not be worried!

The White-forehead Qilin beside it, although silent, was also uneasily moving its hooves. Being gentle and delicate in nature, the White-forehead Qilin felt even more worried about its master Immortal Lord Luoshui Yaan Mingyu than the straightforward and carefree Cyan-forehead Qilin.

Lin Xuankong nodded slightly, then frowned and looked towards the extremely distant west,

With a Divine Soul of the Supreme Realm, coupled with the powerful sensing ability of the Nine Gates Celestial Eye, even though he couldn't clearly see what was happening billions of miles away, he could sense the intense Immortal Yuan fluctuations continuously coming from the far west, indicating terrifyingly strong adversaries were in battle....

"Even though Master's Immortal Technique and Immortal Path Realm have only stepped into the Strongest Immortal Lord Realm for a few thousand years, her Path of Array is unfathomable. Even grand arrays like the Immortal Carriage Cave Heaven can be set up by her. Her accomplishments in the Path of Array are unparalleled, even compared to the most prosperous times of the Human Race in the Immortal Realm tens of thousands of years ago, no Earth Immortal from the Human Race could compare!

Those three Demon Lords from Celestial Banner Earth Fiend Wind Fire Forest, despite being leaders among the Seventy-Two Demon Lords of Profound Yin Demon Sect, should find it very difficult to gain the upper hand against Master and the two Strongest Immortal Lords of Guangqing Immortal Sect! Qing, Bai, you two don't need to be overly worried, we three just need to follow Master's orders to guard well the Nine-Layered Array here at Spiritual Crane Immortal City, and protect the Human Race cultivators here. I believe Master will surely return victorious!"

Lin Xuankong, aware of the worries of the Cyan-forehead Qilin and the White-forehead Qilin, gently spoke to comfort them.

The White-forehead Qilin reluctantly nodded, "Hopefully so! Master came from the Central State, countless billion miles away, to help the many Earth Immortals in the Western Region defend it. Such a Strongest Immortal Lord, throughout Central State, only Immortal Lord Qiaan Yuan and Immortal Lord Kunyuan are like her!"

Hearing this, the Cyan-forehead Qilin couldn't help but snort loudly, "The two Immortal Lords from Guangqing Immortal Sect, Qiaan Yuan Daoist and Kunyuan Daoist, traveled countless billion miles here and are esteemed as revered elders. However, their two True Disciples are indeed somewhat arrogant and quite annoying!"

It complained while looking towards the direction where Guang Ling'Er and Guang Yu'Er, the two True Disciples of Guangqing Immortal Sect, were located.

These two True Disciples of Guangqing Immortal Sect, along with Lin Xuankong, the Cyan-forehead Qilin, and the White-forehead Qilin, had also been guarding the Nine-Layered Array set by Immortal Lord Luoshui Yaan Mingyu for the past three days, continuously without rest.

Upon hearing the Cyan-forehead Qilin's words, the White-forehead Qilin's eyes moved slightly, and it gently said, "Qing, these two True Disciples of Guangqing Immortal Sect are genius disciples taught by Strongest Immortal Lords for over ten thousand years, and they are Ninth-Grade Perfect Earth Immortals. Additionally, they must have profound insight into the various powerful heritage Immortal Techniques of Guangqing Immortal Sect!"

Your impulsive challenge to them this time was somewhat reckless... Sigh, forget it, now my greatest hope is that those demons from Profound Yin Demon Sect won't come to attack the Spiritual Crane Immortal Sect!"

It was clear from the White-forehead Qilin's tone that it lacked confidence in its sister, the Cyan-forehead Qilin.

Hearing her words, the Cyan-forehead Qilin furrowed its brow but was helpless,

Before outsiders, it could put on a brave front, but before the familiar Sister Bai, how could it confidently proclaim "I will definitely win," especially when the opponents are the two Ninth-Grade True Disciples of Guangqing Immortal Sect's Strongest Immortal Lords!

As for whether it could win the match, this Qilin race Seventh-Grade Little Demon King actually didn't have much confidence! However, it didn't regret it, as those two True Disciples from Guangqing

Immortal Sect were overly arrogant, and if given another chance, it wouldn't back down! Its only frustration was...

"Alas, the Young Master shouldn't have used the Third-Grade Immortal Sword, Cyan Nether Immortal Sword, as the prize! Of course, the Young Master would win against those two from Guangqing Immortal Sect, but as for me, sigh, I will surely give it my best shot!" The Cyan-forehead Qilin, quite frustrated, looked distantly at the Third-Grade Immortal Sword, Cyan Nether Immortal Sword, atop the tower of Spiritual Crane Immortal City and spoke gloomily.

Hearing the Cyan-forehead Qilin's words, Lin Xuankong couldn't help but deliberately put on a stern face and spoke in a deep voice:

"That day when you were arguing with the two True Disciples of Guangqing Immortal Sect, you didn't say this!

I thought you, the talented Demon King of the Qilin race, were particularly confident, which is why you decisively threw out the Third-Grade Immortal Sword, Cyan Nether Immortal Sword, as the prize! Who would've thought, who would've thought, that you, this Little Demon King of the Qilin race, didn't have much faith in yourself! Oh dear, now it's put me in a bind, if you lose the match, my Third-Grade Immortal Sword, Cyan Nether Immortal Sword, which I've used for many years and have feelings for, will become someone else's!"

Upon hearing this, the Cyan-forehead Qilin felt even more frustrated, its scales seemed to dim under the influence of its bad mood.

The White-forehead Qilin, on the side, sighed repeatedly, glaring at the Cyan-forehead Qilin, clearly expressing its complaint about its sister Qing's impulsiveness, straightforwardness, and impatience.

Seeing the Cyan-forehead Qilin and the White-forehead Qilin like this, Lin Xuankong couldn't help but shake his head repeatedly, and softly laughed.

The Cyan-forehead Qilin saw Lin Xuankong laughing softly and couldn't help but snort repeatedly and said: "Young Master, your Third-Grade Immortal Sword, Cyan Nether Immortal Sword, might not be safe, yet how can you still find it in you to laugh? I'm about to die of frustration!"

Lin Xuankong, looking at this dejected Little Demon King of the Qilin race, smiled lightly and said:

"Don't worry, if those demons from Profound Yin Demon Sect really seek death and come to attack Spiritual Crane Immortal Sect, I will surely think of a way to let you, this Little Demon King of the Qilin race, shine in the great battle here at Spiritual Crane Immortal City, amaze everyone, and even triumph over those two True Disciples of Guangqing Immortal Sect!"

Upon hearing this, both the Cyan-forehead Qilin and the White-forehead Qilin couldn't help but look up at Lin Xuankong, their eyes showing some signs of doubt.

"Young Master, do you really have a way for me to triumph over those two True Disciples of Guangqing Immortal Sect? They are two Ninth-Grade Perfect Earth Immortals, and not ordinary Ninth-Grade Perfect Earth Immortals!" The Cyan-forehead Qilin, though puzzled, seemed to gain a bit of spirit.

Just at this moment,

Lin Xuankong's expression suddenly changed, and he abruptly looked toward the west, his brow slightly furrowing.

Seeing Lin Xuankong's reaction, both the Cyan-forehead Qilin and the White-forehead Qilin's expressions changed as they looked towards the west. However, these two Seventh-Grade Demon Kings of the Qilin race couldn't match Lin Xuankong's Eye Power and couldn't see what Lin Xuankong was seeing at the moment.

Chapter 942: Eighty-One Demon Generals

At that very moment,

a dozen figures flew over from afar, led by Sect Leader Li of the Spiritual Crane Immortal Sect. Behind him were other sect leaders whose expressions were shifting unpredictably. Elders from numerous sects, such as the Beimang Immortal Sect, the Western Nether Immortal Sect, the West Star Immortal Sect, the Profound Pure Immortal Sect, the Shangqing Immortal Sect, and the Wine Immortal Sect, were among them.

"Tributor, something has happened, something big has happened!"

Before even reaching Lin Xuankong, Sect Leader Li of the Spiritual Crane Immortal Sect anxiously transmitted his voice from afar.

Lin Xuankong withdrew his gaze from the distance, frowning as he said, "The gathering of elders from numerous Immortal Sects here, is it because the army of the Profound Yin Demon Sect has already begun attacking the various sects?"

Sect Leader Li of the Spiritual Crane Immortal Sect cupped his hands and said, "What the Tributor said is correct! Just now, numerous Immortal Sects such as the Beimang Immortal Sect, the Western Nether Immortal Sect, the West Star Immortal Sect, the Profound Pure Immortal Sect, the Shangqing Immortal Sect, and the Wine Immortal Sect all suffered attacks from the Profound Yin Demon Sect army. Moreover, those attacking these sects included at least a dozen Ninth-Grade Demon Artifact Level Demon Generals and hundreds of middle-high grade demons!"

The elders of the Beimang Immortal Sect, the Western Nether Immortal Sect, the West Star Immortal Sect, the Profound Pure Immortal Sect, the Shangqing Immortal Sect, and the Wine Immortal Sect all nodded in unison, their faces looking quite grim.

Chi Liuxia from the Wine Immortal Sect frowned and said:

"The three Demon Lords of the Profound Yin Demon Sect, Celestial Banner Earth Fiend Wind Fire Forest, have tied down Senior Immortal Lord Luoshui, Senior Immortal Lord Qiaan Yuan, and Senior Immortal Lord Kunyuan. The Demon Sect army took this opportunity to attack the various Immortal Sects in the Western Region!

Although each sect has a Nine-Layered Array set up in advance by Senior Immortal Lord Luoshui, which allows them to protect their sect for a long time, in such circumstances, it is simply impossible for them to protect the nearby cities and cultivators, let alone countless smaller and larger dynasties affiliated with those sects!

If those demon armies attacking each sect send a part of their demons to slaughter the surrounding areas, in just a few months, the Western Region would become purgatory, with countless human race cultivators and citizens becoming resentful souls to be used by the Profound Yin Demon Sect's demons for crafting demon artifacts!"

As Chi Liuxia spoke, he grasped the wine gourd in his hand so tightly that it creaked. This Fifth Grade Earth Immortal from the Wine Immortal Sect, who appeared to love wine and be carefree, actually had a rather kind heart, and although he always feared the power of the Profound Yin Demon Sect, his heart still burned with passion... Alongside his fear of those demons from the Profound Yin Demon Sect, there was also a deep hatred.

The other Earth Immortals, such as those from the Beimang Immortal Sect, the Western Nether Immortal Sect, and the West Star Immortal Sect, had always stood with the Spiritual Crane Immortal Sect when they faced numerous clashes against Earth Immortals, showing themselves to be principled and upright individuals.

In fact, facing the crisis of the large-scale invasion by the Profound Yin Demon Sect, those who remained in the Central Divine Dynasty Western Region and did not flee like the Earth Immortals from the Five Elements Immortal Sect typically stayed not only to uphold their sect's foundation and legacy but because they harbored a fierce hatred for evil and righteousness in their hearts!

At that moment, each of these Earth Immortals looked quite grim-faced, clearly heavily affected by Chi Liuxia's words, filled with indignation.

Their worries and indignation were not unfounded. Back then, a Sect Master of the Spirit Cauldron Immortal Sect had killed millions of cultivators and countless ordinary people while crafting a demon artifact. Facing the numerous demon sect cultivators attacking the Western Region now, their methods for crafting demon artifacts are bound to be even more brutal!

Even a simple deduction would reveal that unless a way is found to stop the Profound Yin Demon Sect demons from attacking various locations, despite the fact that these Immortal Sects may protect their sects within the Central Divine Dynasty Western Region, the entire Western Region will turn into purgatory through this Immortal Demon War, leaving countless living beings as resentful souls trapped within demon artifacts!

Hearing Chi Liuxia's words, Lin Xuankong couldn't help but think of the Great Xia Dynasty, far, far away.

Although those closest to Lin Xuankong, like Young Lady Lii Xiaolan, Second Lady Zhao Yufei, Third Princess Xiaoo Ying'Er, Little Hu, and others, all lived in the Celestial Demon Bone Secret Realm under Lin Xuankong's care and need not worry about their safety, there were still many of Lin Xuankong's old friends in the Great Xia Dynasty, like the Sect Leader of the Yin Talisman Sect, Jiang Yuran of the Yin

Talisman Sect, his former boss Ma Jiang, as well as Zhao Yufei's family, and those related to Third Princess Xiaoo Ying'Er as well....

If these demons from the Profound Yin Demon Sect are not repelled, then even though the Great Xia Dynasty is billions of miles away from the Central Province Immortal Realm, it would eventually be affected — there is no complete egg under a broken nest!

However, as the Great Xia Dynasty is extremely far from the Immortal Realm, even if the demon army wants to strike from the Central State to various dynasties and the Great Xia Dynasty, it would take some time, at least a few months, which may be the last glimmer of hope for innumerable living beings....

With these thoughts, Lin Xuankong managed to suppress a hint of worry in his heart and looked towards Sect Leader Li of the Spiritual Crane Immortal Sect and the other Earth Immortals from various sects,

"Have you come to seek my help to deal with the Demon Generals and demons from the Profound Yin Demon Sect attacking various Immortal Sects, to prevent them from wreaking havoc on the cultivators and mortal citizens across the Immortal Realm?"

Upon hearing this, Sect Leader Li of the Spiritual Crane Immortal Sect glanced at the surrounding Earth Immortals and then sighed:

"Senior Immortal Lord Luoshui entrusted you to guard the Spiritual Crane Immortal City and the countless cultivators gathered here, so naturally, your priority must lie in protecting this place... However... However..."

Chapter 943: Eighty-One Demon Generals (Part 2)

Speaking until this point, the Sect Leader of the Spiritual Crane Immortal Sect suddenly hesitated somewhat.

Chi Liuxia from the Wine Immortal Sect glanced at Sect Leader Li of the Spiritual Crane Immortal Sect, took a hefty swig from the gourd of spirit wine he held, and decisively said:

"Sect Leader Li's words are so hesitant. We've all discussed it, but you're hesitating now! Tributors, our purpose in coming together isn't to have you leave the Spiritual Crane Immortal City, to hunt down

those Demon Generals and Demons of the Yin Demon Sect near other sects. After all, staying here to protect Spiritual Crane Immortal City is the most important!

However, the two True Disciples from the Guangqing Immortal Sect are incredibly strong... We all mean to ask if you can speak with those two immortals from the Guangqing Immortal Sect, to have them assist and venture out to other sects' regions, to offer help!

Those two True Disciples of the Guangqing Immortal Sect are Ninth-Grade Perfection Realm Immortals, holding a high status! Moreover, we are weak in strength and low in status, having never interacted with those two Earth Immortals, so we simply can't speak to them. Thus, we can only ask you to open your mouth!"

The Earth Immortals of the Beimang Immortal Sect, Western Nether Immortal Sect, West Star Immortal Sect, Profound Pure Immortal Sect, Shangqing Immortal Sect, and other sects bowed to Lin Xuankong, indicating that they came specifically for this purpose.

Hearing this, Lin Xuankong couldn't help but frown slightly.

I am also not familiar with those two True Disciples from the Guangqing Immortal Sect! Besides, for assisting other sects, where is the need...

At this moment, two streaks of light shot over from afar, landing instantly above Lin Xuankong, White-forehead Qilin, Cyan-forehead Qilin, and many Earth Immortals; it was the two True Disciples of the Guangqing Immortal Sect, Guang Yu'er and Guang Ling'er.

Guang Yu'er, dressed in a white Daoist robe with stunning looks, glanced down and chuckled lightly:

"Fellow Daoists, my junior sister Guang Ling'er and I have already heard your words! Fellow Daoists originally came to Spiritual Crane Immortal City, so you don't have to worry for your safety, but you still care for your sects and the Cultivators and civilians of the Western Region; this could be considered kind-hearted!

Rest assured, my junior sister Guang Ling'er and I came from Central State primarily to protect the numerous Cultivators and beings of the Western Region, how could we allow those Demonheads of the Yin Demon Sect to ravage the Western Region!"

Guang Ling'er also chuckled lightly, flicked her duster, and said:

"Haha, by not inviting the esteemed disciple of Immortal Lord Luoshui, you seem to have some insight! Of course, I think what you're pondering is that this esteemed disciple of Immortal Lord Luoshui's power is just Third-Grade, so safeguarding themselves amidst the Immortal Demon War might be precarious; how could they assist you all, am I right?"

Upon hearing Guang Ling'er speak,

The expressions of the Earth Immortals from the Central Divine Dynasty Western Region were exceedingly complex.

For them to openly acknowledge Guang Ling'er's words, how could they? Lin Xuankong's strength, since long ago, already positioned him as the foremost in the Central Divine Dynasty Western Region; he effortlessly handled the siege by numerous sects previously, and performed numerous astonishing feats thereafter!

The current Lin Xuankong is now the True Disciple of Immortal Lord Luoshui Yaan Mingyu; this kind of strength and status isn't something they could challenge! Those two True Disciples from the Guangqing Immortal Sect, Guang Ling'er and Guang Yu'er, might jest and underestimate Lin Xuankong, but none among them dare to look down on Lin Xuankong even slightly!

Yet to publicly oppose Guang Ling'er's words, they dared not as well!

At present, the Earth Immortals from the Beimang Immortal Sect, Western Nether Immortal Sect, West Star Immortal Sect, Profound Pure Immortal Sect, Shangqing Immortal Sect, Wine Immortal Sect, and other sects eagerly hoped for Guang Ling'er and Guang Yu'er, these Ninth-Grade, Strongest Immortal Lord's True Disciples from the Guangqing Immortal Sect, to assist and save countless Cultivators and lives of the Western Region!

At such a moment, if they voiced opposition against Guang Ling'er and Guang Yu'er, what if they don't lend their aid?

Hence, upon Guang Ling'er's inquiry, all Earth Immortals present were left with complex expressions, speechless and unable to utter a word!

In her white Daoist robe, Guang Ling'er saw this and couldn't help but raise her eyebrows, coldly saying: "Fellow Daoists' behavior like this means you don't agree with me, and don't intend for my senior sister and me to act, to go to your sects?"

The Earth Immortals frowned upon hearing that, yet as they exchanged glances, none dared to respond.

Just at this moment,

Lin Xuankong's expression shifted suddenly, and he spoke:

"Fellow Daoists from the Guangqing Immortal Sect, it seems that you won't be able to leave Spiritual Crane Immortal City anytime soon, so don't trouble these Western Region Daoist friends anymore!"

Guang Yu'er and Guang Ling'er of the Guangqing Immortal Sect turned their heads to Lin Xuankong upon hearing this, Guang Ling'er coldly said: "Whether my senior sister and I leave Spiritual Crane Immortal City isn't something Fellow Daoist Lin can dictate! Although Fellow Daoist Lin is a disciple of Immortal Lord Luoshui, you joined too late, your cultivation is still shallow, by no means can you sway our decision!"

Lin Xuankong wasn't in the mood to argue with this proud junior Ninth-Grade of the Guangqing Immortal Sect,

He stood tall, gazed toward the west, and suddenly spoke:

"Sect Leader Li, Fellow Daoist Chi, fellow Daoists, each return to where my master Immortal Lord Luoshui has arranged, activate the Nine-Layered Sect Protection Array, and prepare to face the army of

the Yin Demon Sect; they are arriving, in large numbers, with eighty-one Demon Generals, over twenty thousand Demonheads and Demon Soldiers!"

"What? The army of the Yin Demon Sect is approaching? Are you certain, Tributor?"

Sect Leader Li of the Spiritual Crane Immortal Sect's complexion changed, following Lin Xuankong's gaze toward the west.

"Eighty-one Demon Generals, over twenty thousand Demonheads and Demon Soldiers? How could there be so many? According to messages from the Communication Jades of fellow Daoists, even the Demonhead siege facing my Beimang Immortal Sect was at most eighteen Demon Generals, three thousand Demonheads and Demon Soldiers!"

The elder from the Beimang Immortal Sect, upon hearing Lin Xuankong's words, his complexion changed continuously.

Elders and Earth Immortals from other sects, too, had their expressions altered drastically.

Not to mention the terrifying count of over twenty thousand Demonheads and Demon Soldiers, just the eighty-one Demon Generals are enough to put any Earth Immortal present into deep fear!

This is not like the previous Demon Generals of the Yin Demon Sect wielding Ninth-Grade Demon Artifact levels; since the news from the Eastern Domain revealed that Gang Bone, the Demon Child of the Yin Demon Sect, merged with the power of the Celestial Demon, every appeared Demon General is a new Ninth-Grade Demon Artifact level Demon General with extremely unique abilities!

These Demon Generals, in terms of Demon Techniques, defense, speed, recovery ability, terrifying nature, overwhelmingly surpass the previous Demon Generals of the Yin Demon Sect! Even the renowned Strongest Immortal Lord Ling Wuji was severely injured under the siege of dozens of new Demon Generals, nearly falling there; that was against the famously experienced Strongest Immortal Lord Ling Wuji!

Yet Lin Xuankong now informs the Earth Immortal assembly that a total of eighty-one Demon Generals will be attacking the Spiritual Crane Immortal Sect...

That's eighty-one Demon Generals, eighty-one who are feared within the Yin Demon Sect and influenced by the Celestial Demon power, capable of severely injuring a Strongest Immortal Lord-level powerhouse!

The assembled Earth Immortals were each in terror, constantly looking toward the west,

Even the two True Disciples from the Guangqing Immortal Sect, Guang Ling'er and Guang Yu'er, had their complexions slightly altered, turning their heads toward the west.

These two True Disciples of the Guangqing Immortal Sect, Ninth-Grade level, have remarkable strength, and both feel quite confident that facing several new Ninth-Grade Demon Artifact level Demon Generals, relying on the immortal techniques and treasures passed down by their master, they stand a chance to fight and win!

But if what is coming to attack Spiritual Crane Immortal Sect is as many as eighty-one Demon Generals...—forget about just the two True Disciples from the Guangqing Immortal Sect, even their masters, Qiaan Yuan Daoist and Kunyuan Daoist, wouldn't dare face them alone, otherwise even a Strongest Immortal Lord-level powerhouse would be severely injured fighting against so many Demon Generals!

Chapter 944: Demon Flame Soaring to the Heavens

Many Earth Immortals channeled their Immortal Yuan and enhanced their eye power, gazing into the distance.

Yet, they saw the western sky as blue as porcelain, without a trace of clouds, let alone any soaring Demonic Qi!

Gradually, the Earth Immortals frowned, clearly harboring doubts. However, due to Lin Xuankong's strength and status, none of the Earth Immortals from the Central Divine Dynasty Western Region voiced their skepticism.

The two true disciples of the Guangqing Immortal Sect, Guang Ling'Er and Guang Yu'Er, began to grow impatient. Guang Yu'Er couldn't help but speak up:

"I have practiced the Guangqing Qi Observation Skill under Master for many years; no fluctuations of Immortal Yuan, Demonic Qi, or Demon Qi within ten thousand miles can escape my eye power. But now I've observed the west for a long time and found nothing. Tributor Lin, perhaps you have misjudged!"

Guang Ling'Er also shook her head repeatedly, "After the Demon Child Gang Bone of the Profound Yin Demon Sect fused with Celestial Demon Power, although the Profound Yin Demon Sect's strength surged, and almost all Demon Generals increased in power due to Gang Bone's Celestial Demon Power, the number of Ninth-Grade Demon Generals in the Profound Yin Demon Sect is ultimately limited, and they need to be spread across the major domains of the Immortal Realm!"

The Central Divine Dynasty Western Region, though filled with spirit mountains compared to the outside world, still lags behind the Central State, Eastern Domain, Northern Domain, and Southern Domain. The Profound Yin Demon Sect sending three Demon Lords with nearly two hundred Demon Generals to attack this place was already beyond my master Kunyuan Daoist's expectations. Under such circumstances, how could the Profound Yin Demon Sect send even more Demon Generals?

Moreover, though the Spiritual Crane Immortal City has gathered many cultivators of the Western Region, the Profound Yin Demon Sect may not know about it. How could they suddenly dispatch as many as eighty-one Demon Generals here? Tributor Lin, you're exaggerating too much! Haha!"

Hearing such distrust from Guang Yu'Er and Guang Ling'Er, the Earth Immortals present from the Western Region of the Central Divine Dynasty felt uncomfortable but remained silent. After all, each of these Earth Immortals had already channeled their Immortal Yuan and enhanced their eye power to gaze for a long time, yet they found nothing!

If what Lin Xuankong said were true, that would be a full eighty-one Demon Generals, coupled with numerous Demons and Demon Soldiers. As they marched and floated, there would certainly be overwhelming demon flames, presenting an extremely shocking scene!

Among the many cultivators present, only the Cyan-forehead Qilin and the White-forehead Qilin Bai E looked firm and had no doubt about Lin Xuankong's judgment!

At this moment,

Lin Xuankong, also gazing towards the distant west, suddenly furrowed his brow and said:

"I did indeed see it wrong!"

Upon hearing this, Guang Yu'Er and Guang Ling'Er couldn't help but chuckle lightly, shaking their heads, and their gaze at Lin Xuankong brought a hint of obvious disdain.

The Earth Immortals of the Central Divine Dynasty Western Region were left speechless; the mention of eighty-one Demon Generals coming from the west had truly frightened them.

Both the Cyan-forehead Qilin and the White-forehead Qilin appeared somewhat surprised by Lin Xuankong's statement. The Cyan-forehead Qilin shook its head in frustration and said, "Young Master, at a time like this, you shouldn't be joking! Everyone's on edge preparing for battle, extremely tense, and yet you... tsk tsk!"

But Lin Xuankong ignored the doubts and frustrations of the crowd and directly said:

"I indeed saw it wrong just now,

What's coming from the west in overwhelming numbers are not eighty-one Ninth-Grade Demon Generals of the Profound Yin Demon Sect, but eighty Ninth-Grade Demon Generals of the Profound Yin Demon Sect!

Among those Demon Generals, the one at the center has Demon Qi incredibly concentrated, more formidable and with surging demon flames compared to the others. If I'm not mistaken, it should be a Demon Lord level powerhouse from the Profound Yin Demon Sect!"

Upon Lin Xuankong's words, the Earth Immortals of the Western Region, who had just sighed in relief, suddenly all turned pale.

The news of eighty Demon Generals coming to attack the Spiritual Crane Immortal Sect already had their hearts racing and their Immortal Yuan in disarray. A Demon Lord level powerhouse...

The Profound Yin Demon Sect had a total of seventy-two Demon Lords, each renowned for hundreds of thousands of years, even more famous than the strongest Immortal Lords of the Central Divine Dynasty! Every catastrophe in the Immortal Realm was due to the deployment of Demon Lord level powerhouses by the Profound Yin Demon Sect!

It can be said that those demons and demon soldiers of the Profound Yin Demon Sect are entities that send shivers down the spine of every Immortal Realm human race. Especially those newly appeared Ninth-Grade Demon Artifact Level Demon Generals during this Immortal Demon War, after severely injuring the strongest Immortal Lord Ling Wuji, have become a nightmare for the Human Race Earth Immortals!

And a Demon Lord level powerhouse... those Demon Lord level powerhouses of the Profound Yin Demon Sect are entities that only supreme Earth Immortals at the strongest Immortal Lord level can contend with in every Immortal Realm human race Earth Immortal's mind!

At this moment, even without seeing the Demon Lord mentioned by Lin Xuankong in person, the Earth Immortals present were already chilled to the bone with Immortal Blood. If not for their ample Immortal Yuan, the Earth Immortals present would have been trembling!

Even the usually bold Cyan-forehead Qilin, at this moment, swallowed a few times, widened its eyes looking at Lin Xuankong, and said, "Young Master, are you sure you didn't see it wrong, are you sure there really are eighty Demon Generals and one Demon Lord heading our way?"

Lin Xuankong nodded slightly, his face being quite serious, confident as always in his abilities.

Seeing Lin Xuankong like this, the Cyan-forehead Qilin no longer had doubts but took out its Communication Jade nervously, "If indeed eighty Demon Generals and one Demon Lord are coming to attack, even with the Nine-Layered Array and the Demon-Suppressing Immortal Carriage left by the Master here, it might only hinder them for a few days at best! No, I must report to the Master immediately to see if there's a way to send reinforcements to the Spiritual Crane Immortal City!"

Chapter 945: Demon Flame Soaring to the Heavens (2)

Lin Xuankong slightly shook his head, stopping the impulse of the Cyan-forehead Qilin to contact Immortal Lord Luoshui Yaan Mingyu using the Communication Jade.

Floating above them were Guang Ling'Er and Guang Yu'Er, both frowning tightly. Guang Ling'Er shook her head and said, "The Demon Lord-level masters of the Profound Yin Demon Sect are all incredibly terrifying legendary-level existences. Only the Strongest Immortal Lord-level masters can counter them! But this time in the Immortal Demon War, the main targets of the Profound Yin Demon Sect should be Central State and several other resource-rich Great Domains, especially Central State and Spirit Platform Buddhism, which gather cultivators far exceeding those in the Western Region. For those Demon Lords, that is where they should focus their Demon Techniques and Demon Artifact refining!

Those Demon Lords of the Profound Yin Demon Sect are all ruthless demons who never miss a chance for profit. It's already beyond my master's expectations that three Demon Lords are mobilized in the Western Region, how could there be another one...?"

Before she finished her words, Guang Yu'Er suddenly exclaimed, "No, no, there's demonic Qi in the west, and it is soaring into the sky, clearly it has gathered considerable numbers of Profound Yin Demon Sect masters!"

Upon hearing this, Guang Ling'Er immediately activated her Immortal Yuan and Guangqing Qi Observation Skill, carefully looking toward the west. Soon, this true disciple of the Guangqing Immortal Sect found her complexion continuously changing, clearly seeing scenes that startled her greatly!

Seeing this,

The many Earth Immortals present in the Western Region dared not delay any longer. The Earth Immortals from Spiritual Crane Immortal Sect, Beimang Xianxi Ming Immortal Sect, and other Immortal Sects all took out their Communication Jades, notifying their sect's Earth Immortals and disciples gathered in Spiritual Crane Immortal City to quickly prepare to defend the Grand Array!

After a chaotic moment among the immortals,

Guang Yu'Er and Guang Ling'Er, true disciples of the Guangqing Immortal Sect, suddenly remembered something, looking at Lin Xuankong with a face of surprise.

Guang Yu'Er silently thought: Following Master Qiaan Yuan Daoist, I've cultivated the Guangqing Qi Observation Skill for over ten thousand years. This skill, renowned throughout the Immortal Realm, has been cultivated by me to near perfection. Among the Guangqing Immortal Sect, and even the entire

Immortal Realm, only Master Qiaan Yuan Immortal Lord and Elder Kunyuan Immortal Lord's mastery of the Qi Observation Skill exceeds mine. After all, as Strongest Immortal Lord-level beings, Master Qiaan Yuan Immortal Lord and Elder Kunyuan Immortal Lord have made great breakthroughs in Immortal Techniques, reaching the realm of near Dao mastery!

Besides that, only the Sect Master of the Divine Dynasty Immortal Sect, with his supreme realm Divine Soul, can surpass both my sensing ability and that of Master Qiaan Yuan Immortal Lord and Elder Kunyuan Immortal Lord!

Yet the disciple standing before me, Immortal Lord Luoshui Yaan Mingyu's true disciple, clearly couldn't have received the Guangqing Qi Observation Skill's inheritance. How could he have discovered the tracks of those Profound Yin Demon Sect demons tens of thousands or even hundreds of thousands of miles away half an incense stick ago?

This terrifying sensing power likely rivals that of Master Qiaan Yuan Immortal Lord and Elder Kunyuan Immortal Lord!

Yet he's merely a little Earth Immortal of the third-grade realm!

Guang Yu'Er looked at Lin Xuankong with surprise and bewilderment, suddenly feeling unable to see through this third-grade Earth Immortal!

Beside her, Guang Ling'Er evidently shared her sister's full-hearted confusion, similarly staring at Lin Xuankong intently!

But at this moment, Lin Xuankong was gazing tens of thousands of miles away, fixated on the numerous Demon Generals and that Demon Lord of the Profound Yin Demon Sect, completely ignoring the two true disciples of the Guangqing Immortal Sect!

Guang Yu'Er and Guang Ling'Er stared at Lin Xuankong for a while, then dejectedly withdrew their gazes.

The two female daoists exchanged a look, understanding each other's thoughts. Although they were deeply curious and puzzled about Lin Xuankong, they knew now was not the time to delve into the

matter as the arrival of countless demons and demon soldiers, eighty Demon Generals, and one Demon Lord from the Profound Yin Demon Sect was imminent.

This was certainly a catastrophe for every cultivator in Spiritual Crane Immortal City,

A calamity with nearly no way out!

With the Demon Lord descending and Demon Generals attacking, even a Nine-Layered Array could only hold on for a few days at most!

Yet now, even if they wanted to flee, there was no chance!

In the present Central Divine Dynasty Western Region, all remaining Immortal Sects had already been attacked by the Profound Yin Demon Sect army. Even if they wanted to flee, where could they escape to? Moreover, even if they wanted to flee, could they be faster than the terrifying escape speed of the Demon Lord-level existences from the Profound Yin Demon Sect?

The two female daoists internally sighed, then each activated their Immortal Yuan and gripped the Guangqing Immortal Brush, a first-grade Immortal Artifact.

Facing a huge crisis now, neither took out their Communication Jade to inform their respective masters, knowing that their masters were engaged in battle with the Demon Lord of the Profound Yin Demon Sect. Even if they reported the situation, both Qiaan Yuan Immortal Lord and Kunyuan Immortal Lord definitely couldn't leave!

When engaging in battle between legendary-level Demon Lord masters and Strongest Immortal Lords, it couldn't be concluded in less than several dozen days and nights, making it impossible to leave!

To them, at this point, they could only rely on their tens of thousands of years of cultivation, their Immortal Artifacts, and the various miraculous inherited Immortal Techniques of the Guangqing Immortal Sect, and the Nine-Layered Array set by Immortal Lord Luoshui Yaan Mingyu!

As the two sighed,

Around them, the Sect Leaders and Earth Immortals of various Immortal Sects in the Western Region, had already notified their sects' disciples gathered at Spiritual Crane Immortal City using Communication Jades!

In no time, the vast sect grounds of Spiritual Crane Immortal Sect and the Immortal City were filled with floating Earth Immortals and cultivators, densely covering the sky. Countless waves of Immortal Yuan and True Qi emerged from everywhere! The originally oppressive Nine-Layered Array above Spiritual Crane Immortal City and Spiritual Crane Immortal Sect began to flash with a layer of bright, seven-colored rays, clearly indicating that the multitude of Earth Immortals and cultivators responsible for guarding the array started activating it with all their might!

At this moment, every cultivator and Earth Immortal who received the message looked tensely toward the west, clutching their Immortal Artifacts and Magical Artifacts!

Floating not far from Lin Xuankong, Sect Leader Li of Spiritual Crane Immortal Sect suddenly called out, "They're here, those demons of the Profound Yin Demon Sect have arrived!"

The crowd urged their eye power to look carefully, and immediately everyone narrowed their pupils and shuddered.

With Sect Leader Li's call,

The sky, originally as bright as a washed blue crystal, suddenly turned gloomy. Clusters of ink-black, demon Qi-soaked black clouds appeared from the western horizon, swiftly moving towards the Spiritual Crane Immortal Sect and Spiritual Crane Immortal City, soon covering most of the sky!

On those black clouds, there were bizarrely shaped, demon Qi-laden soldiers and demons of the Profound Yin Demon Sect!

These soldiers and demons, though possessing physiques similar to the Human Race Earth Immortals of the Immortal Realm, were clad in Demon Armor covered in twisted Demon Patterns, their faces strangely shaped, most had huge fangs, and their faces displayed a cyan-grey color, resembling dead humans. Their eyes were also fully gray, with a narrow streak forming red-colored pupils, flashing eerie red light!

What chilled the hearts of countless Earth Immortals and cultivators in Spiritual Crane Immortal City,

Was that even these demon soldiers, the ones with the lowest realm, all possessed demon bodies over three thousand feet tall,

And all were at least 'Earth Immortal Level' strong, furthermore, these demon soldiers numbered over ten thousand!

Especially, these demon soldiers' demon armor was extraordinarily magnificent, each wielded bone-crafted Demon Artifacts, with their comprehensive demon Qi soaring into the skies, appearing many times more imposing than Spiritual Crane Immortal City's forces!

At this moment,

Lin Xuankong's mention of the Demon Lord and eighty Demon Generals had not yet appeared,

Just the aura of those over ten thousand demon soldiers riding the black clouds was enough to make every cultivator and Earth Immortal within Spiritual Crane Immortal City and Spiritual Crane Immortal Sect feel Tao stagnation and True Qi freezes, with chills running down their spines!

Chapter 946: Are the Tribulation Demon Lord Purlo and the Strongest Immortal Lord Inferior?

Among the many Earth Immortals,

only Lin Xuankong, Cyan-forehead Qilin, White-forehead Qilin, Guang Ling'Er, Guang Yu'Er, and those Fourth- and Fifth-Grade Earth Immortals remained relatively calm!

At this moment, over ten thousand Demon Soldiers that had covered the sky stopped propelling the black clouds beneath their feet as they hovered a few hundred miles outside the Nine-Layered Array, then spread out to the left and right,

then,

dozens of figures nearly ten thousand feet tall floated out from among the Demon Soldiers,

these powerful cultivators from the Profound Yin Demon Sect had Demonic Qi condensed into substance around them, forming countless hideous ghostly heads that spun around them, emitting extremely piercing shrieks!

The sky had long been shrouded in black clouds, dark and devoid of light. Over ten thousand grotesque and fierce Demon Soldiers and Demon Heads, along with dozens of Ninth-Grade Demon Artifact Level Demon Generals, made the area around Spiritual Crane Immortal City look like a Demon Realm!

Seeing the appearance of fully eighty Ninth-Grade Demon Artifact Level Demon Generals,

the Fourth- and Fifth-Grade Earth Immortals of Spiritual Crane Immortal City and Spiritual Crane Immortal Sect, who had just managed to remain calm, furrowed their brows tightly, the last shred of fortunate hope in their hearts completely dissipating!

However, Guang Ling'Er and Guang Yu'Er from Guangqing Immortal Sect, upon seeing that there were indeed exactly eighty Ninth-Grade Demon Artifact Level Demon Generals, couldn't help but show a trace of surprise on their faces as they turned to glance at Lin Xuankong.

These two True Disciples from Guangqing Immortal Sect had always been proud of the powerful inheritances of Guangqing Immortal Sect, among which the Guangqing Qi Observation Skill, a Divine Marvelous Immortal Technique for inspecting opponents' scenarios and investigating various situations, stood out as a unique inherited Immortal Technique. Yet, even when those Demon Generals from the Profound Yin Demon Sect were within ten thousand miles, Guang Ling'Er and Guang Yu'Er could only roughly discern through the Guangqing Qi Observation Skill that many strong individuals from the Profound Yin Demon Sect were coming and couldn't accurately see how many Ninth-Grade Demon Artifact Level Demon Generals from the Profound Yin Demon Sect were actually approaching!

Yet Lin Xuankong had, a stick of incense's time ago, already sensed the exact number of Demon Generals from the Profound Yin Demon Sect while they were still tens of thousands of miles away!

This extraordinary sensing method truly made these two True Disciples from Guangqing Immortal Sect quite astonished and curious!

For a moment,

Guang Ling'Er and Guang Yu'Er suddenly felt that the True Disciple of Immortal Lord Luoshui, Yaan Mingyu, before them might really have some skill, perhaps not as weak as they had assumed before!

However, as the massive army of the Profound Yin Demon Sect attacked, although these two female Daoists were quite astonished and curious, they had neither the time nor the disposition to inquire how Lin Xuankong managed to do it!

At just this moment,

the eighty Demon Generals, who were greatly revered by the more than ten thousand Demon Soldiers and Demon Heads from the Profound Yin Demon Sect and respectfully made way for them, suddenly split to the sides once again, creating a path!

The next moment,

a ferocious black horse, completely black, with four hooves, eyes, and mouth constantly spewing out crimson flames,

slowly trotted from the rear of the Profound Yin Demon Sect's army, passing through the position of the eighty Demon Generals to the forefront of the army. This black flaming Demon Sect steed, nearly seven thousand feet tall, seemed to move leisurely as it trotted but was astonishingly fast, clearly possessing special space-moving abilities!

Seated atop this gigantic black flaming horse was a Demon Sect powerhouse clad in red-rimmed Demon Armor. Though its Demon Body was similar in size to those eighty Ninth-Grade Demon Artifact Level Demon Generals, its Demonic Qi was condensed to the utmost, forming thirty-six bizarrely shaped black weapons that circled around this Demon Sect powerhouse.

As this powerhouse reached the forefront of the army riding the gigantic black flaming horse and stopped, the over ten thousand Demon Soldiers and Demon Heads and the eighty Ninth-Grade Demon Artifact Level Demon Generals behind it all instantly knelt down on one knee, chanting reverently.

The language of these Demon Soldiers, Demon Heads, and Demon Generals was quite peculiar, carrying an aura of ominousness.

On the side of Spiritual Crane Immortal City and Spiritual Crane Immortal Sect,

countless cultivators and Earth Immortals, who had already turned pale at the sight of over ten thousand Demon Soldiers and Demon Heads, found their blood running cold at the sight of the eighty Ninth-Grade Demon Artifact Level Demon Generals, and now, seeing this Demon Sect powerhouse on the black flaming giant horse, their faces turned even grimmer, with many showing expressions of extreme despair!

Sect Leader Li of the Spiritual Crane Immortal Sect, floating not far from Lin Xuankong, also had an extremely grim expression,

As the Sect Leader of the Spiritual Crane Immortal Sect, having Lin Xuankong, Guang Ling'Er, and Guang Yu'Er stationed at Spiritual Crane Immortal City had given him a sliver of confidence in the Spiritual Crane Immortal Sect surviving this Immortal Demon War in the Divine Dynasty Western Region. But seeing the Demon Lord for whom the tens of thousands of Demons knelt in reverence, his heart grew incomprehensibly heavy.

He forcefully activated his Immortal Yuan, dispersing the panic in his heart, and with a grim expression, he spoke:

"This... this... this, my Spiritual Crane Immortal Sect is but a small Immortal Sect in the Central Divine Dynasty Western Region, why would the Profound Yin Demon Sect dispatch over ten thousand Demon Heads and Demon Soldiers, eighty Ninth-Grade Demon Artifact Level Demon Generals? Is that still not enough? They even sent a terrifying Demon Lord whose infamy surpasses the three Demon Lords of the Celestial Banner Earth Fiend Wind Fire Forest!

Demon Mane!

Red Flame!

Thirty-Six Soldiers!

In the records of the classics, this is the third-ranking Demon Lord among the Seventy-Two Demon Lords of the Profound Yin Demon Sect, the Thirty-Six Tribulation Demon Lord Purlo!

Chapter 947: Are Even the Tribulation Demon Lord Purlo and the Strongest Immortal Lord Inferior? (Part 2)

It is said that this Thirty-six Tribulation Demon Lord Purlo is the only one among the Seventy-Two Demon Lords of the Profound Yin Demon Sect who has survived after enduring thirty-six Great Celestial Demon Tribulations, and although he hasn't ascended to the Celestial Demon Realm, he still remains alive as a terrifying existence. Moreover, each time he survives the Great Celestial Demon Tribulation, this Demon Lord Purlo absorbs a significant amount of Demonic Qi from the tribulation and forges a Demon Tribulation Weapon!

Each of his Demon Tribulation Weapons is reputed to possess extremely fearsome and unique attack means, surpassing even the Immortal Artifacts of the Earth Immortals from the Immortal Realm Human Race!

Damn it, damn it, damn it, this is serious trouble now; such a fearsome Demon Lord can barely be resisted by experts like Immortal Lord Luoshui, Immortal Lord Qiaan Yuan, or Immortal Lord Kunyuan. As for the Nine-Layered Array left by Immortal Lord Luoshui and the Demon-Suppressing Immortal Carriage, without activation by a Strongest Immortal Lord-level powerhouse, it probably won't withstand long under its attack!"

At this moment, not only Sect Leader Li of the Spiritual Crane Immortal Sect was panicking at the sight of this Demon Lord, but even the two True Disciples of the Guangqing Immortal Sect, Guang Ling'Er and Guang Yu'Er, looked bitter.

Faced with over ten thousand Demon Soldiers and Demons from the Profound Yin Demon Sect, these two True Disciples of the Guangqing Immortal Sect managed to remain calm, but when faced with eighty Ninth-Grade Demon Artifact level Demon Generals of the Profound Yin Demon Sect, they already felt outmatched. Now, having seen the infamous Thirty-six Tribulation Demon Lord Purlo, Guang Ling'Er and Guang Yu'Er have lost the last bit of confidence in the upcoming defense battle!

This is one of the most brutal and powerful Demon Lords of the Profound Yin Demon Sect recorded in the annals of various Immortal Sects. Even the reputations of Immortal Lord Qiaan Yuan and Immortal Lord Kunyuan cannot compare to this Profound Yin Demon Sect Demon Lord Purlo!

Guang Yu'Er's face kept changing subtly, and after a moment, she let out a heavy breath and said with tightly furrowed brows:

"Is that Demon Child Gang Bone of the Profound Yin Demon Sect insane? Why would he send such a formidable Thirty-six Tribulation Demon Lord Purlo to attack the rather barren Western Region, and why send Purlo to attack Spiritual Crane Immortal City?

Such a powerful Demon Lord should be sent to the Immortal Realm Central State to deal with the myriad Earth Immortals there, or perhaps sent to Spirit Platform Buddhism to ward off the numerous powerful Buddhist sects there, shouldn't he?

What merits does the Western Region have, what merits does Spiritual Crane Immortal City have, to attract a Demon Lord of this magnitude from the Profound Yin Demon Sect?"

Guang Ling'Er, unable to contain her unease, swiftly took out the Communication Jade from her waist, quickly relayed a message, and said with a frustrated expression:

"I didn't want to disturb Master while he was dueling against the Demon Lord of the Profound Yin Demon Sect, yet... yet why would the Thirty-six Tribulation Demon Lord Purlo come here? Such a demon lord is far beyond what Sister and I can repel or resist; even if Master arrived, he likely would need to join forces with Uncle-Master to suppress this Purlo Demon Lord; if it were one-on-one...

Sigh! Hopefully, when Master, Uncle-Master, and Immortal Lord Luoshui are battling the three demon lords of Celestial Banner Earth Fiend Wind Fire Forest, they can quickly gain the upper hand and come to aid Spiritual Crane Immortal City swiftly; otherwise...

What Guang Ling'Er didn't finish saying was: if faced one-on-one, even Master may not be the match for this Thirty-six Tribulation Demon Lord!

Listening to these two True Disciples of Guangqing Immortal Sect,

The many Western Earth Immortals, already somewhat panicked, looked even more grim.

Initially, in their minds, these two Ninth-Grade Perfection Realm True Disciples of Guangqing Immortal Sect were stronger than Lin Xuankong, and the backbone of their defense of Spiritual Crane Immortal City. Now, the backbone seemed shattered in fear, leaving them in disarray!

At this moment, even Cyan-Forehead Qilin and White-Forehead Qilin Bai E were no longer calm, their expressions changing rapidly.

Cyan-Forehead Qilin muttered,

"A demon lord is one thing, but it had to be such a formidable presence. With it coming, how can Spiritual Crane Immortal City's Nine-Layered Array withstand? Even if the master laid it himself, without activation by a Strongest Immortal Lord-level force, it won't hold for long, and at most in two days, the Nine-Layered Array will be broken! The only uncertainty now is whether the Thirty-six Tribulation Demon Lord Purlo can breach the Demon-Suppressing Immortal Carriage; hopefully... hopefully, it cannot!"

This Seventh-Grade talented Demon King of the Qilin Race, facing over ten thousand Demon Soldiers and Demons, eighty Ninth-Grade Demon Artifact level Demon Generals, and Thirty-six Tribulation Demon Lord Purlo, was beginning to doubt the Demon-Suppressing Immortal Carriage!

Even Lin Xuankong, at this moment, furrowed his brows.

In these nearly twenty years, he has been relentlessly cultivating and studying the Path of Array Formation. During brief breaks, he would read the Spiritual Crane Immortal Sect's archives, and naturally came across the records about Thirty-six Tribulation Demon Lord Purlo of the Profound Yin Demon Sect!

Thus, Lin Xuankong, like Guang Ling'Er and Guang Yu'Er, understood Purlo well; because of this, Lin Xuankong felt a certain anxiety!

After all, this is a Demon Lord-level powerhouse, comparable to the Strongest Immortal Lord levels, a leader among Demon Lords whose reputation almost matches Sect Leader of the Divine Dynasty Immortal Sect and Great Accomplishment Yu Zhen Bodhisattva!

However, as Lin Xuankong was pondering, looking at the distant Demon Sect army and the Thirty-six Tribulation Demon Lord Purlo, he suddenly thought of something...

All of a sudden,

The Thirty-six Tribulation Demon Lord Purlo, sitting atop a mighty flaming black horse of the Ninth-Grade Demon beast, moved his gaze and landed it on the two True Disciples of the Guangqing Immortal Sect. A deep, heart-shaking voice followed,

"Son of Celestial Saint,

Saint Son Gang Bone sent me here for one purpose,

And that is to capture Tributor Mu Shiba of the Spiritual Crane Immortal Sect alive!

The rest of you, if you don't wish to become resentful souls within a Sacred Artifact, you may leave here, or capture Mu Shiba and deliver his head to me!

I'll give you these ants thirty breaths to decide: either escape, or join the Saint Sect and kill Mu Shiba!

In the name of Celestial Saint, in the name of Saint Son, upon my tens of millenniums of Immortal Path, I swear that should any Human Race Earth Immortal accomplish this within the Hour, they shall preserve their life, and even choose to join my Profound Yin Saint Sect, directly becoming a Saint of mine!"

Upon finishing these words, his red vertical pupils swept over every cultivator of Spiritual Crane Immortal City and Spiritual Crane Immortal Sect, finally resting among the Earth Immortals in the Nine-Layered Array on Lin Xuankong.

This Demon Lord Purlo clearly possessed an exceptionally special Demon Technique, and in half a breath, he locked onto Lin Xuankong among countless cultivators and Earth Immortals!

Within the Spiritual Crane Immortal Sect and Spiritual Crane Immortal City,

The cultivators and Earth Immortals, after being swept by the gaze of Thirty-six Tribulation Demon Lord Purlo, felt their originally hesitant True Qi and Immortal Yuan stagnate even more!

Especially after hearing the words of Thirty-six Tribulation Demon Lord Purlo,

Countless cultivators and Earth Immortals immediately focused their gaze on Lin Xuankong, all filled with panic and doubt!

The panic emerged naturally from the overwhelming presence and terror of the eighty Demon Generals, over ten thousand Demon Soldiers and Demons, and Thirty-six Tribulation Demon Lord Purlo!

As for the doubt... every cultivator and Earth Immortal present was speculating randomly as to why this Thirty-six Tribulation Demon Lord targeted Lin Xuankong specifically and publicly promised that should anyone kill Lin Xuankong, their life would be guaranteed!

Since when did Tributor Lin offend the Profound Yin Demon Sect so deeply?

Why would Tributor Lin's head be worth such a price to Thirty-six Tribulation Demon Lord Purlo of the Profound Yin Demon Sect?

What is going on?

Numerous Earth Immortals, overwhelmed with panic and doubt, turned their eyes toward Lin Xuankong.

Upon hearing the words of Thirty-six Tribulation Demon Lord Purlo, in his heart, Lin Xuankong pondered secretly:

That Gang Bone, having betrayed the Ba Xia Race and fled to the Profound Yin Demon Sect, encountered such tremendous fortuity, not only becoming the so-called Saint Son of the Profound Yin Demon Sect and merging with a strand of Celestial Demon Power, but he can command the third of the Seventy-Two Demon Lords, Purlo!

However, his head isn't something that can be easily obtained!

Chapter 948: Inheritance: Guangqing Cold Extreme Skill

As Lin Xuankong inwardly harbored resentment,

the Third Demon Lord of the Profound Yin Demon Sect, Demon Lord Purlo, gazed at the countless Earth Immortals and cultivators within the light veil of the Nine-Layered Array and coldly said:

"There's only three Hours left, everyone act decisively! Mu Shiba only has one head, those who act first will have the chance! This is the best opportunity to pledge allegiance to our Profound Yin Saint Sect!"

Speaking of which,

its gaze shifted away from Lin Xuankong, landing on the Guangqing Immortal Sect True Disciples, Guang Ling'Er and Guang Yu'Er, within the Nine-Layered Array, then slowly spoke:

"These two auras are quite familiar!

It seems you are indeed Guang Yu'Er and Guang Ling'Er, the True Disciples of Elder Qiaan Yuan and Elder Kunyuan!

I've heard that you two have long ascended to the Ninth-Grade Earth Immortal Realm and possess the so-called inherited Immortal Techniques of the Guangqing Immortal Sect! Either one of you could probably easily take down that Mu Shiba. Act quickly and surrender swiftly, seize the opportunity now!"

This powerful Demon Lord from the Guangqing Immortal Sect is indeed different from those reckless and brutal demons and demon generals of the ordinary Profound Yin Demon Sect,

it possesses not only formidable demon techniques and strength but also quite a bit of cunning, actually intending to persuade the two True Disciples of the Guangqing Immortal Sect and the countless Earth Immortals and cultivators present to incite infighting among the Spiritual Crane Immortal City and Spiritual Crane Immortal Sect, so it can reap the benefits of the conflict!

This guy is not only an extremely powerful Demon Lord of the Profound Yin Demon Sect but also so insidious!

However,

what made this Profound Yin Demon Sect Grand Demon Lord raise an eyebrow was that Guang Yu'Er, the True Disciple of Qiaan Yuan Daoist, suddenly activated her Immortal Yuan and spoke: "Shameless, despicable, vile demon sect spawn, daring to incite our Immortal Realm Human Race to fight among ourselves!

Yet your words wouldn't fool even a ghost!

How could countless Earth Immortals and cultivators present fall for your trick!

Who can guarantee, after we slay Tributor Lin, that you would abide by your promise and spare the countless Earth Immortals and cultivators of Spiritual Crane Immortal City and Spiritual Crane Immortal Sect? As for your nonsense promise, it's absurd to expect the deceitful demons of the Profound Yin Demon Sect to keep their word!

Old demon, if you want a fight, then fight, save your blather; our Immortal Realm Human Race will never turn against each other at a time like this, nor fall for your old demon's trick!"

Below, Lin Xuankong, who was floating, listened to Guang Yu'Er's words and couldn't help but glance at this Guang Yu'Er with a hint of surprise,

unthinkable, truly unthinkable, this Guangqing Immortal Sect True Disciple who has always been posturing as the most powerful since meeting me, actually would abandon debate and fiercely criticize the Thirty-Six Tribulation Demon Lord at this moment!

Guang Yu'Er, however, moved her gaze, glanced at Lin Xuankong, and spoke to him:

"Junior Brother Lin, rest assured, though countless Earth Immortals and cultivators are within Spiritual Crane Immortal City and Spiritual Crane Immortal Sect, anyone with sense will recognize the insidious intent of the Thirty-Six Tribulation Demon Lord! Junior Sister Ling'Er and I will certainly join forces to fend off these obnoxious Profound Yin Demon Sect fellows and render their schemes futile!"

Lin Xuankong nodded slightly afterward, silently thinking: Despite the aloof and somewhat annoying nature of these two disciples from the Guangqing Immortal Sect, during such a crucial time, they display persistence and principles, genuinely fighting for the Western Region and Spiritual Crane Immortal City, Spiritual Crane Immortal Sect!

Across from Spiritual Crane Immortal City,

the Thirty-Six Tribulation Demon Lord, surrounded by countless demons, upon seeing the situation, directly turned the head of the black flaming giant horse beneath him towards the rear,

its voice, filled with murderous intent, resounded thunderously, instantaneously spreading across the skies and earth, reaching the ears of every cultivator and Earth Immortal within Spiritual Crane Immortal City and Spiritual Crane Immortal Sect,

"Kill!

Capture Mu Shiba alive, leave none others!"

The demon soldiers, demons, and demon generals who were kneeling on one knee respectfully towards the Thirty-Six Tribulation Demon Lord, immediately responded in unison, then began to roar madly, their voices carrying an overwhelming intent to kill!

When the Thirty-Six Tribulation Demon Lord, riding the black flaming giant horse, floated to a distance a thousand miles away from Spiritual Crane Immortal City, amidst the many demon soldiers and demons, numerous voluptuous and scantily clad demonesses continuously flew out, landing on the Thirty-Six Tribulation Demon Lord!

The Thirty-Six Tribulation Demon Lord, towering a myriad feet tall, surrounded and served by countless demonesses, leisurely gazed towards the far-off Spiritual Crane Immortal City a thousand miles away,

exuding such extreme relaxation as if the countless cultivators and Earth Immortals within Spiritual Crane Immortal City and Spiritual Crane Immortal Sect were mere ants not worthy of its action, even the Nine-Layered Array carefully set by Immortal Lord Luoshui Yaan Mingyu seemed unable to stir its interest to strike directly!

And at this moment,

those over ten thousand demon soldiers and demons stepping on black clouds simultaneously shouted, wielding their demon artifacts, and launched an attack on the Nine-Layered Array safeguarding Spiritual Crane Immortal City and Spiritual Crane Immortal Sect!

In an instant,

tens of thousands of black, crimson, and dark yellow magical qi transformed into various forms of resentful souls, beams of light, ripples, slicing across hundreds of miles, landing on the veil of the Nine-Layered Array!

Deafening sounds erupted one after another, densely resonating,

above the skies of Spiritual Crane Immortal City and Spiritual Crane Immortal Sect, terrifying magical qi attacks frenziedly ravaged,

this Nine-Layered Array, personally set by Immortal Lord Luoshui Yaan Mingyu and employing the immortal artifact refined by Lin Xuankong as the Array Hub, and each Array Hub filled with cultivators and Earth Immortals expending True Essence and Immortal Yuan to activate, yet, the array's veil still violently trembled, appearing with extremely visible depressions!

Chapter 949: Inheritance: Guangqing Cold Extreme Skill (Part 2)

Even though this Nine-Layered Array is more solid than any other Immortal Sect's Nine-Layered Array and is thousands or tens of thousands of times stronger and firmer than the original Sect Protection Array of the Spiritual Crane Immortal Sect, at this moment, the attack on the array is simply too fierce—nearly twenty thousand demons and demon soldiers are launching a simultaneous attack, and among these demon soldiers, even the weakest are in the First Grade Realm and above!

Even ants in large numbers can kill an elephant,

let alone the ones attacking the Nine-Layered Array now are not ordinary 'ants'!

Within the Spiritual Crane Immortal City and the Spiritual Crane Immortal Sect, aside from the cultivators and Earth Immortals assigned by Lin Xuankong and Sect Leader Li of the Spiritual Crane Immortal Sect to guard the Array Hub, countless other cultivators and Earth Immortals are watching as the light membrane of the grand array in the sky trembles continuously, observing the wrathful souls, beams of light, and ripples rampaging across the light membrane. Their faces are extremely grim, their hands and feet are cold, and there is a trace of despair in their eyes!

Even Sect Leader Li of the Spiritual Crane Immortal Sect, Chi Liuxia from the Wine Immortal Sect, and Fifth Grade Elders from the Beimang Immortal Sect, the Western Nether Immortal Sect, and the West Star Immortal Sect are all stunned in place, intimidated by the terrifying power of the attack executed by more than ten thousand demons and demon soldiers!

In the eyes of every cultivator and Earth Immortal within the Spiritual Crane Immortal City and the Spiritual Crane Immortal Sect, the Nine-Layered Array personally set up by Immortal Lord Luoshui, Yaan Mingyu, is almost unbreakable!

Yet,

the enemy forces are formidable,

extremely so!

Just then,

a very loud and clear shout suddenly came from mid-air. The sound was so clear and resonant that it surprisingly overwhelmed the terrible and dense noise generated by more than ten thousand demons and demon soldiers attacking the array within a short time,

"Fellow Daoists, what are you still dazed for?"

Although the Nine-Layered Array arranged by my master, Immortal Lord Luoshui, is remarkably powerful, if we let these damn demons continue their siege, it might be breached in less than three days!

If you wish to survive in this Immortal Demon War, please stand together against the common foe and attack those damned demons of the Profound Yin Demon Sect!

Life or death is determined in this battle before us!

Charge and kill!"

Attracted by this exceedingly loud voice, countless cultivators and Earth Immortals of the Spiritual Crane Immortal Sect and Spiritual Crane Immortal City all raise their heads to look towards the Cyan-forehead Qilin who is shouting,

Under the influence of the special Qilin Bloodline Power contained in the voice, those cultivators and Earth Immortals who initially felt cold and fearful, full of despair, suddenly felt invigorated. The panic in their hearts dissipated, and the operation of Immortal Yuan and True Qi became more fluid!

Floating in mid-air, Lin Xuankong saw this and couldn't help but nod slightly towards the Cyan-forehead Qilin, who kept shouting. He thought to himself:

This Cyan-forehead Qilin is indeed a genius of the Qilin Race. The Qilin Spirit Roar it has unleashed not only can launch a special true word attack, stagnating opponents' Immortal Yuan and True Qi, but it also serves a 'reverse' function, boosting morale and accelerating the flow of cultivators' Immortal Yuan and True Qi!

At this moment, influenced by the Cyan-forehead Qilin, those numerous invigorated Earth Immortals and cultivators couldn't help but respond as well,

"Kill! Kill those bastards! What the Qilin Immortal said is true; our life and death are determined in this battle right before us! Damn it, these bastards of the Profound Yin Demon Sect want to break Immortal Lord Luoshui's Nine-Layered Array; let's see if the Wine Immortal Gourd in my hand will allow it!"

"Hahahaha, as expected, the Qilin Immortal is indeed the Spiritual Beast of Immortal Lord Luoshui. That roar made me, Wei Quan, feel my blood boil. It has been several millennia since I last felt this fervor! All Earth Immortals and disciples of the Beimang Immortal Sect hear my command: give it your all and strike those damned demons of the Profound Yin Demon Sect dead!"

"All disciples and Earth Immortals of the Spiritual Crane Immortal Sect hear my command, give all your power, protect the grand array, and slay the demons! Our Spiritual Crane Immortal Sect has a legacy spanning tens of thousands of years; how can we let these filthy and shameless demons run rampant here? Kill, kill, kill, kill, kill..."

"All disciples of the Western Nether Immortal Sect, hear my command, unleash your respective Nether Spirits, and slay the demons..."

With the shouts from the various Sect Leaders, Elders, and Tributors of each Immortal Sect, countless streaks of light instantly soared from within the Spiritual Crane Immortal Sect and Spiritual Crane Immortal City!

Although the initial attack by numerous demons from the Profound Yin Demon Sect left the cultivators and Earth Immortals flustered, they each pushed their Immortal Yuan and True Qi to the limit, flying speedily to the area near the Nine-Layered Array's light membrane and initiating their respective Immortal Techniques, Magical Artifacts, and Immortal Artifacts to attack through the light membrane towards the outside!

Suddenly,

numerous Magical Artifacts and Immortal Artifacts shimmered with Spiritual Light,

transforming into light beams, targeting those resentful souls, light beams, and ripples, attacking the demons and demon soldiers of the Profound Yin Demon Sect!

The number of cultivators and Earth Immortals in the Spiritual Crane Immortal City and Spiritual Crane Immortal Sect, when combined, naturally far exceeds the number of demon soldiers and demons outside from the Profound Yin Demon Sect; after all, nearly one-third of the cultivators and Earth Immortals in the entire Western Region are gathered here!

However,

at this moment, even though countless cultivators and Earth Immortals within the Nine-Layered Array have simultaneously taken action,

the Immortal Techniques, Magical Artifacts, and Immortal Artifacts they have activated, very few could penetrate the attacks of the demons and demon soldiers of the Profound Yin Demon Sect. Most of the Spiritual Light was extinguished in the attacks from the demons and demon soldiers!

Only a few, such as Chi Liuxia's Wine Gourd, Sect Leader Li's Immortal Sword from the Spiritual Crane Immortal Sect, the Magical Artifacts refined from their own feathers by the two Crane Ancestors, and Immortal Artifacts from Elders of the Beimang Immortal Sect, managed to penetrate the attacks of the demons and demon soldiers, but during the process of attacking those demons and demon soldiers, they were hit by the subsequent wave upon wave of Demonic Qi, causing the Spiritual Light to tremble and regretfully retreat!

Seeing this scene,

numerous cultivators and Earth Immortals within the Spiritual Crane Immortal Sect and the Spiritual Crane Immortal City, though still gritting their teeth and unleashing attacks, all had a hint of helplessness in their eyes.

Indeed, they felt helpless; although the number of cultivators in the Spiritual Crane Immortal City and the Spiritual Crane Immortal Sect far exceeded the number of demons outside, ninety-nine percent of the cultivators were at the Mortal Tier Seventh, Eighth, and Ninth Grades below the Earth Immortal level, and there were only a few hundred Earth Immortals...

While the number of demons and demon soldiers from the Profound Yin Demon Sect outside reached nearly twenty thousand,

the disparity between the two sides was indeed considerable,

In such a situation, even though the countless cultivators and Earth Immortals of the Spiritual Crane Immortal City could rely on the Nine-Layered Array without worrying about attacks from the demons, they still could not gain a slightest advantage!

Amidst the helplessness of many Earth Immortals and cultivators, they suddenly saw Guang Ling'Er and Guang Yu'er, two True Disciples of the Guangqing Immortal Sect, moving towards the light membrane of the Nine-Layered Array!

Guang Yu'er, in particular, raised the duster in her hand, with a hint of battle intent in her eyes, looking towards the more than ten thousand demons and demon soldiers besieging the Nine-Layered Array,

the eighty Demon Generals of the Ninth-Grade Demon Artifact level and the Thirty-Six Tribulation Demon Lords had not yet taken action, how could these middle and low-grade demons and demon soldiers be taken seriously by her, especially since she had the light membrane of the Nine-Layered Array to protect her, thus standing invincible in the short term!

"Junior Sister, those Demon Generals of the Ninth-Grade Demon Artifact level have not yet made a move, so let's first use these demons and demon soldiers to try out the Immortal Techniques our Master and Uncle have taught us! Let's see who can kill more demons and demon soldiers, how about that?"

The True Disciple Guang Yu'er of the Guangqing Immortal Sect suddenly said.

"Great! This will indeed be fun; if I kill more demons and demon soldiers, how about you let me wear that Nine-coin Dharma Robe our Senior Uncle bestowed upon you?"

Guang Ling'Er was equally full of battle intent, gripping the duster in her hand tightly.

"Alright, alright, alright! It's a deal!"

Guang Yu'er laughed heartily, and the Immortal Yuan around her Immortal Body began to fluctuate violently,

"Among the many offensive Immortal Techniques taught to us by Master and Uncle, the Guangqing Extreme Cold Technique is the strongest and is listed as the first of the Guangqing Nine Great Immortal Techniques!

Today, you and I will perform the Guangqing Cold Extreme Skill together to see whose Cold Extreme Skill is more refined and skilled!"

Chapter 950: The Saint Monarch's General, Supreme Defense

Floating in the mid-air, Lin Xuankong,

Originally intended to act, hearing the two true disciples of Guangqing Immortal Sect speak, his eyes moved, he released his grip on the Third-Grade Immortal Sword, and looked closely at Guang Yu'er and Guang Ling'Er.

What Lin Xuankong desires most now is to learn one of the Guangqing Immortal Sect's Nine Great Immortal Techniques, the Guangqing Illusion Technique,

However, the Nine Great Immortal Techniques of Guangqing are renowned in the Immortal Realm, and the Guangqing Cold Extreme Skill is acclaimed as the foremost among them, more famous than the Guangqing Illusion Technique, known as "one skill released, thousand miles are frozen"!

Such a powerful Immortal Technique, if compared to the inherited techniques of Spiritual Crane Immortal Sect, is like comparing heaven and earth; even the Immortal Techniques of Luo Water Immortal Sect are far inferior when compared to this Guangqing Cold Extreme Skill! After all, Luo Water Immortal Sect is different from Guangqing Immortal Sect, Profound Pure Immortal Sect, and Divine Dynasty Immortal Sect; Luo Water Immortal Sect's legacy in Immortal Techniques is ordinary, its strongest heritage lies in the path of array formation!

As Lin Xuankong just focused his attention on Guang Yu'er and Guang Ling'Er,

these two true disciples of Guangqing Immortal Sect have already pushed their Immortal Yuan to the extreme, and the white dusters in their hands began to flicker with Spiritual Light, strands of visible cold qi spread continuously from around their Immortal Bodies, around the dusters!

"Guangqing Cold Extreme Skill, thousand-mile ice domain!"

Guang Yu'er and Guang Ling'Er exclaimed in unison, flicking the dusters in their hands,

Instantly, centered around their dusters, a vast expanse of cold qi rapidly spread towards the west, penetrating countless attacks from the Profound Yin Demon Sect's demons and demon soldiers, through numerous resentful souls, beams of light, and fluctuations of demonic qi, directly spreading hundreds of miles away!

In an instant, countless cold currents appeared in the skies, and the earth instantly turned white; this was the terrifying cold brought by the Guangqing Cold Extreme Skill, while the west side of Spiritual Crane Immortal City, in this moment, transformed into a true ice domain!

Seeing this scene,

numerous cultivators and Earth Immortals within Spiritual Crane Immortal Sect and Spiritual Crane Immortal City were invigorated, their faces showing deep admiration and astonishment.

"Indeed worthy of one of the Upper Sect's Nine Great Immortal Techniques! Such a decree, driven by Immortal Yuan, can transform hundreds of miles into a terrifying ice domain!"

"This is truly a powerful Immortal Technique! Even though separated by the light screen of the Nine-Layered Array, I can actually feel the biting cold. I'm sure, that rapidly spreading cold qi must force even the Mid-grade Realm demons of the Profound Yin Demon Sect to retreat!"

"Hahaha, a Ninth Grade Perfection Immortal activates an Immortal Technique, naturally it's incredibly formidable!"

"To personally witness the renowned Guangqing Cold Extreme Skill, famous throughout the Immortal Realm today... It's said that any Immortal Technique from Guangqing Upper Sect requires extremely high talent, and these two Upper Sect Immortals have already cultivated such a powerful and difficult Immortal Technique to this degree?"

"With these two Upper Sect Immortals from Guangqing Immortal Sect present, the Nine-Layered Array should be able to sustain for several times longer, allowing us not to worry as much about the Nine-

Layered Array's collapse under the attacks of those disgusting and shameless Profound Yin Demon Sect's demon soldiers and demons!"

As numerous Earth Immortals and cultivators sighed,

far away, hundreds of miles away, countless strands of the spreading icy breath were approaching the Profound Yin Demon Sect's demons and demon soldiers!

The demons and demon soldiers from Profound Yin Demon Sect, who were fully attacking the Nine-Layered Array, sensing the terrifying cold approaching, were immediately forced to cease their attacks, gather demonic qi to protect themselves, and layer upon layer of defense formed around their massive and ferocious demon bodies with the demon artifacts they've condensed!

However,

the Guangqing Cold Extreme Skill, known as the top of the Nine Great Immortal Techniques of Guangqing Immortal Sect,

is not so easily defended against!

Even though the practitioners of Guangqing Cold Extreme Skill aren't the two strongest Immortal Lords, Qiaan Yuan Daoist and Kunyuan Daoist of Guangqing Immortal Sect, but merely true disciples of the two strongest Immortal Lords, the Guangqing Cold Extreme Skill at this moment is still incredibly terrifying!

Guang Ling'Er and Guang Yu'er, as the best talented true disciples among countless cultivators of Guangqing Immortal Sect, have cultivated for tens of thousands of years under the guidance of the strongest Immortal Lords, their execution of the Guangqing Cold Extreme Skill already second only to Qiaan Yuan Daoist and Kunyuan Daoist!

In a flash,

the bone-chilling cold qi, seemingly capable of freezing everything, enveloped nearly a thousand demons and demon soldiers of Profound Yin Demon Sect who were attacking the Nine-Layered Array completely!

Those demons and demon soldiers of Profound Yin Demon Sect, with their lowest strength being above the First Grade Realm, naturally their protecting demonic qi was well-condensed; if attacked by some Earth Immortals and cultivators within Spiritual Crane Immortal City, those protective demon qi might not even be broken!

Yet the cold qi of Guangqing Cold Extreme Skill surpasses the Immortal Techniques launched by ordinary Earth Immortals of other Immortal Sects,

In merely a breath's time,

dozens of demon soldiers from Profound Yin Demon Sect had their demonic qi invaded by the terrifying cold qi, directly condensing into strands of ice threads; then, those dozens of First-Grade Realm demon soldiers from Profound Yin Demon Sect, before having a chance to retreat, were intruded by the cold qi into their demon bodies, frozen to lifelessness!

Their massive, black demon bodies were directly frozen solid, covered in frost, even their originally gray-white eyeballs had countless cracks, and their blood-red pupils lost their luster, turning white like blocks of ice!
