Chapter 951: Saint Monarch's Generals, Supreme Defense (2)

In the next moment,

the black demon clouds under the feet of these fifty or so First Grade Realm demon soldiers suddenly vanished, and one by one, they fell from mid-air, crashing to the ground, making a series of 'crackling' sounds, shattering into countless pieces!

Their mighty and robust demon bodies, under the torment of the Guangqing Cold Extreme Skill, became incredibly fragile, like porcelain!

Witnessing this scene,

the Second Grade and above demons and demon soldiers who were frantically resisting the Guangqing Cold Extreme Skill with demonic qi immediately changed their expressions and retreated, trying to avoid the attack of the Guangqing Cold Extreme Skill!

But how could Guang Ling'Er and Guang Yu'Er let these Profound Yin Demon Sect demons and demon soldiers go after their successful strike!

The two female cultivators chanted softly in unison, once again urging their Immortal Yuan,

immediately, the cold aura of the Guangqing Cold Extreme Skill, which was originally vast and powerful, expanded its range again, spreading at a terrifying speed towards the retreating demons and demon soldiers!

The mid-low grade demons and demon soldiers of the Profound Yin Demon Sect changed their expressions again, accelerating their retreat, but no matter how fast their escape speed was, it could not match the speed of Guang Ling'Er and Guang Yu'Er's Immortal Technique attack, whose realms were higher than theirs!

The cold aura of the Guangqing Cold Extreme Skill, like maggots on the bone, tightly surrounded the retreating demons and demon soldiers, continuously eroding their demonic qi and demon bodies!

As another breath of time passed,

nearly a hundred Second, Third, Fourth, and even Fifth, Sixth, and Seventh Grade Realm demons and demon soldiers of the Profound Yin Demon Sect, unable to withstand the terrifying attack of the Guangqing Cold Extreme Skill, were directly frozen to death, falling from the clouds to the ground, shattering into countless pieces, then dispersing into countless black demonic qis, completely perishing!

The Guangqing Cold Extreme Skill,

in one strike,

unexpectedly directly killed nearly two hundred Seventh Grade and below realm demons of the Profound Yin Demon Sect!

The Earth Immortals and cultivators within Spiritual Crane Immortal City and Spiritual Crane Immortal Sect, seeing the powerful Immortal Techniques of Guang Ling'Er and Guang Yu'Er, killed so many demons in less than three breaths of time and forced large numbers of demons to retreat constantly, their originally arrogant arrogance swept away, could not help but cheer excitedly one by one!

"The two Immortals are mighty! The Guangqing Cold Extreme Skill is mighty! It's worthy of being the first Immortal Technique among the nine great Immortal Techniques of the Guangqing Immortal Sect!"

"If it were on other Ninth-Grade Earth Immortals, even if they could kill the Seventh Grade Profound Yin Demon Sect demons, it would cost some effort!"

However, these Sixth and Seventh Grade Profound Yin Demon Sect demons, under the attack of the Guangqing Cold Extreme Skill of the two Immortals, are as weak as clay chickens and pottery dogs, falling at a single touch, hahaha, delightful, truly delightful!"

"One strike killed nearly two hundred demons of the Profound Yin Demon Sect, the two Immortals' achievements on this occasion, in this Immortal Demon War, can be considered an exhilarating major victory, hahaha!"

The many Earth Immortals and cultivators kept cheering, and many people's faces flushed with excitement, with their hearts' despair almost swept away!

In the Nine-Layered Array,

only the White-forehead Qilin Bai E and Cyan-forehead Qilin, the two demon kings of the Qilin Race, remained relatively calm,

they had both personally witnessed the time at the Boundaryless Mountain Range when Lin Xuankong urged the Grand Array Spirit to kill hundreds of high-grade and top demon kings of the Ba Xia Race with terror-stricken achievements! Those Ba Xia Race demon kings instantly killed by Lin Xuankong had a minimum strength of Seventh Grade, and most were Eighth and Ninth Grade demon kings!

In the eyes of the White-forehead Qilin Bai E and Cyan-forehead Qilin, although the achievements created by Guang Ling'Er and Guang Yu'Er at this moment were quite impressive, compared to Lin Xuankong's past achievements, they were much inferior!

What's more, that was Lin Xuankong of the past!

The current Lin Xuankong, his strength had already elevated by a major realm compared to that time, and his Path of Array was also improved by a major realm!

The White-forehead Qilin Bai E and Cyan-forehead Qilin couldn't even imagine what kind of astonishing achievements Lin Xuankong would have if he were to make a full effort now!

Under such circumstances, how could the White-forehead Qilin Bai E and Cyan-forehead Qilin be shaken by the achievements of Guang Ling'Er and Guang Yu'Er before their eyes?

In mid-air,

hearing the countless Earth Immortals' and cultivators' discussions and cheers within the Nine-Layered Array,

Guang Ling'Er and Guang Yu'Er couldn't help but exchange a smile, a hint of pride flashing in their eyes.

At this moment,

facing Spiritual Crane Immortal City,

the thousands of demon soldiers and demon heads of the Profound Yin Demon Sect near the Nine-Layered Array had already frantically retreated beyond the attack range of the Guangqing Cold Extreme Skill; these demons glanced over with a hint of resentment, staring at Guang Ling'Er and Guang Yu'Er in the Nine-Layered Array! However, these previously domineering demons of the Profound Yin Demon Sect, even if they hated Guang Ling'Er and Guang Yu'Er to the extreme, none dared to approach the range of the Guangqing Cold Extreme Skill anymore!

But,

in the blink of an eye,

three Ninth-Grade Demon Artifact Level Demon Generals with bodies nearly ten thousand feet tall mobilized the black demon clouds, flying towards the cold aura range of the Guangqing Cold Extreme Skill,

among them, the leading Ninth-Grade Demon Artifact Level Demon General, as it flew, slowly opened its mouth and said:

"Guangqing Cold Extreme Skill,

indeed has some skill!

If I'm not mistaken, you two should be the so-called true disciples of Elder Qiaan Yuan and Elder Kunyuan, Guang Ling'Er and Guang Yu'Er, right!

Not bad, not bad, with you two here, this battle can be considered slightly interesting!"

Hearing the voice of this Ninth-Grade Demon Artifact Level Demon General transmitting through the demon qi and seeing it flying non-stop towards the cold aura range of the Guangqing Cold Extreme Skill, Guang Ling'Er and Guang Yu'Er both furrowed their brows slightly, a hint of caution and a trace of battle intent rising in their eyes.

They both knew very well,

the most terrifying threat in today's Immortal Demon War came from that Thirty-six Tribulation Demon Lord Purlo, famous for hundreds of thousands of years! Besides that Demon Lord Purlo, there were eighty Ninth-Grade Demon Artifact Level Demon Generals! These Demon Generals, it is said, have all been changed by the Celestial Demon Power of the Demon Child Gang Bone, much stronger than before!

"Humph, interesting? What a big mouth! I want to see whether the defenses of you three Ninth-Grade Demon Artifact Level Demon Generals are formidable, or if my Guangqing Immortal Sect's Guangqing Cold Extreme Skill is stronger! If you dare, step into my Guangqing Cold Extreme Skill and see if you can withstand the absolute cold that can freeze all living things!"

Though there was a hint of caution and gravity in her eyes, Guang Yu'Er didn't hesitate, immediately snorting coldly.

Before her voice fell,

she and the Guang Ling'Er beside her once again urged their Immortal Yuan, making the already displayed Guangqing Cold Extreme Skill even fiercer!

In an instant, between the three Ninth-Grade Demon Artifact Level Demon Generals and the Nine-Layered Array, countless cold auras became even more frigid, turning the space between the array and the demon generals into a world of white!

And at this moment,

those three Ninth-Grade Demon Artifact Level Demon Generals suddenly began chanting in an extremely peculiar tone,

"Saint Monarch Xunbo above, may the Saint Monarch's power, the Saint Monarch's name, the Saint Monarch's might, spread across the myriad worlds!"

"Saint Monarch Xunbo above, may the Saint Monarch's power, the Saint Monarch's name..."

"Saint Monarch Xunbo above, may the Saint Monarch grant us supreme defense with unrivaled might!"

With the strange chanting of these three Ninth-Grade Demon Artifact Level Demon Generals, the highly concentrated demonic qi on their bodies began to swirl furiously, and on their demon armor and demon bodies, countless distorted human faces appeared, extremely eerie, twisted, without eyes, nose, or ears, only a giant mouth filled with black fangs, constantly opening and shutting!

As these eerie, twisted faces appeared,

the expressions of these three Ninth-Grade Demon Artifact Level Demon Generals turned extremely fanatic, even with a hint of bizarre smiles, looking incomparably eerie!

They no longer hesitated, taking their steps in unison, and with faces full of fanatic and bizarre smiles, crossed the tens of miles distance, stepping into the range of the Guangqing Cold Extreme Skill's cold aura!

Chapter 952: It's Your Turn to Act

Just a few breaths earlier,

the two true disciples of Guangqing Immortal Sect, Guang Ling'Er and Guang Yu'Er, used the Extreme Cold Technique,

to instantaneously slaughter nearly two hundred demons from Profound Yin Demon Sect, including some powerful Sixth and Seventh Grade demons!

Especially the Seventh Grade demon from Profound Yin Demon Sect, which was considered a high-grade expert. Such a demon would be almost invincible in the Central Divine Dynasty's Western Region! However, under the attack of the Guangqing Extreme Cold Skill, it was instantly frozen along with its demon body and demonic Qi, and directly shattered!

This shows,

the power of the Guangqing Extreme Cold Skill, as the number one among Guangqing Immortal Sect's nine inherited Immortal Techniques, is terrifying indeed!

But at this moment,

when those three Demon Artifact Level Ninth-Grade Demon Generals stepped into the area of the Extreme Cold Technique's chill, they were barely affected!

The bizarre human faces formed by the demonic Qi around their bodies continued to twist and howl, their movements remained incredibly swift, and their bodies, which were ten thousand feet tall, were very agile. In the blink of an eye, they flew to the top of the Nine-Layered Array!

The true disciples of Guangqing Immortal Sect, Guang Ling'Er and Guang Yu'Er, both had a slight change of expression, crying out softly as they drove their Immortal Yuan even more fiercely.

However,

no matter how frantically they drove the Immortal Yuan and Guangqing Extreme Cold Skill,

no matter how the cold air of the Extreme Cold Technique ravaged outside the Nine-Layered Array,

the three Ninth-Grade Demon Generals at the Demon Artifact Level still exuded towering demonic Qi, and that terrifying cold air simply couldn't break through their defense!

When their three gigantic figures cast a massive shadow over the Nine-Layered Array, the foremost of the Ninth-Grade Demon Artifact Level Demon Generals, with a fanatical glint in its eyes, said:

"The power of the Saint Monarch has already been mastered by our sect's Holy Son Gang Bone. Blessed by the Saint Monarch's Power, only your Immortal Realm Human Race's strongest Immortal Lord Level experts have a slight chance to break our defense! As for your Guangqing Extreme Cold Skill... it merely feels refreshing, nothing more!"

Hearing these words from the Ninth-Grade Demon Artifact Level Demon General,

the expressions of Guangqing Immortal Sect's true disciples Guang Ling'Er and Guang Yu'Er became rather grave.

Twenty thousand years ago, Guang Yu'Er and Guang Ling'Er had followed Qiaan Yuan Daoist and Kunyuan Daoist and fought against the demons and Demon Generals of Profound Yin Demon Sect. At that time, although they hadn't reached their current level in cultivating the Guangqing Extreme Cold Skill, they had once joined forces to injure a Ninth-Grade Demon Artifact Level Demon General!

For this reason, two thousand years later, their increased strength and higher cultivation gave them confidence in the Immortal-Demon War, even thinking that in the Immortal-Demon War of the Central Divine Dynasty's Western Region, even if they couldn't combat Demon Lord Level experts, killing some Ninth-Grade Demon Artifact Level Demon Generals would not be a difficult task!

For this reason, back then, Guang Yu'Er and Guang Ling'Er were filled with absolute confidence regarding the competition, believing that Lin Xuankong, who was merely in the Third Grade Realm, could never have a better record against Ninth-Grade Demon Artifact Level Demon Generals than the two of them!

However,

seeing the new type of Ninth-Grade Demon Artifact Level Demon General floating above the Nine-Layered Array and completely ignoring their attacks, Guang Ling'Er and Guang Yu'Er finally understood why the Eastern Domain side, even when gathering experts from various Immortal Sects and the strongest Immortal Lords, was still being overwhelmed like a sweeping force by the Profound Yin Demon

Sect, occupying most of the Eastern Domain's resources and even heavily injuring a top-notch Immortal Lord!

And at this moment, within the Nine-Layered Array,

all the Earth Immortals and countless cultivators who initially placed their confidence in Guang Ling'Er and Guang Yu'Er had their expressions changed dramatically.

To the Earth Immortals and cultivators in the Spiritual Crane Immortal City and Spiritual Crane Immortal Sect, the mid-low grade demons and demon soldiers that previously attacked the Nine-Layered Array were already entities that caused them immense fear!

And these three Ninth-Grade Demon Artifact Level Demon Generals, who could easily resist the Guangqing Extreme Cold Skill, were not opponents they could contend with. These were terrifying Demon Generals that even the Ninth-Grade Realm true disciples of Guangqing Immortal Sect were helpless against!

In an instant,

almost every cultivator and Earth Immortal had an obvious look of despair on their faces,

even the resolute Sect Leader Li of Spiritual Crane Immortal Sect and Chi Liuxia of Wine Immortal Sect felt a heavy heart and no longer had any confidence in the coming battle!

At this time,

the three Ninth-Grade Demon Artifact Level Demon Generals, looking through the light membrane of the Nine-Layered Array, saw the expressions of those Earth Immortals and cultivators within the array and became even more excited,

the previously speaking Ninth-Grade Demon Artifact Level Demon General, opened its huge mouth and let out a heaven-shaking laugh, then boomed:

"Our Saint Master Lord Purlo had already mentioned before, you have a way out, as long as you join forces to deal with that Mu Shiba of Spiritual Crane Immortal Sect. Even if you can't kill him, injuring him is sufficient. Even if you all simply unite to attack Mu Shiba, our Profound Yin Saint Sect will grant you a path of survival. Now, you should know what choice to make!"

This Ninth-Grade Demon Artifact Level Demon General obviously practiced some kind of mental-type Demon Technique,

after it spoke, within the Nine-Layered Array, faces of countless cultivators and Earth Immortals continually flickered, and then one by one, they turned their heads towards Lin Xuankong with a glint of hidden fanaticism in their eyes!

Even at this moment, countless cultivators and Earth Immortals were looking fanatically at Lin Xuankong, surging their True Qi or Earth Immortal powers, and clenched the Immortal Artifacts, Magical Artifacts, and weapons in their hands!

Chapter 953: It's Your Turn to Act (2)

Seeing this scene, Lin Xuankong, floating in mid-air, couldn't help but frown slightly.

Now, equipped with various trump cards, he certainly wouldn't fear the assault of countless cultivators and Earth Immortals within the Nine-Layered Array. However, if a large number of cultivators and Earth Immortals were to attack him now, it would indeed be a bit bothersome! This Ninth-Grade Demon Artifact Level Demon General's spiritual attack techniques are indeed somewhat shameless!

At this moment,

The two True Disciples of Guangqing Immortal Sect, Guang Ling'Er and Guang Yu'Er, let out a long howl simultaneously.

The sound emitted by the two clearly carried a special fluctuation of Immortal Yuan. When their voices, driven by Immortal Yuan, reached the ears of the cultivators and Earth Immortals within the Nine-Layered Array, those who were originally affected by the spiritual influence of the Profound Yin Demon Sect's Ninth-Grade Demon Artifact Level Demon General suddenly had their Spirit Platforms shaken, their eyes restored to clarity, and the fervor on their faces dissipated instantly!

These cultivators and Earth Immortals, having regained their senses, recalled the murderous intent that had just emerged in their hearts and the impulse to collectively attack Lin Xuankong. Their expressions immediately turned extremely ugly, and a deep fear and dread flickered in their eyes!

This spiritual attack technique of the Ninth-Grade Demon Artifact Level Demon General could unconsciously influence them and directly affect their Divine Souls through the protection of the Nine-Layered Array. How could they not be fearful and dread it!

Seeing everyone regain clarity, Guang Yu'Er let out a slight breath of relief. She looked up at the enormous body of the Ninth-Grade Demon Artifact Level Demon General above the Nine-Layered Array and shouted:

"The petty tricks of the Profound Yin Demon Sect, yet you plan to affect the Divine Souls of our Human Race cultivators in front of the disciples of Guangqing Immortal Sect? Truly delusional!"

Afterwards,

Guang Yu'Er and Guang Ling'Er glanced at each other, both once again reviving their spirits, channeling the profound Immortal Yuan within them and once more displaying the Guangqing Cold Level Technique!

Not far away, Lin Xuankong witnessed this scene, causing his eyes to brighten.

He secretly thought: The various legacies of Guangqing Immortal Sect are indeed miraculous. Just the Immortal Technique that Guang Yu'Er deployed a moment ago, which can restore the sanity of countless cultivators influenced by Demon Technique with a mere shout, cannot be achieved by the Immortal Techniques of other Immortal Sects. Only the Qilin Spirit Roar of the Qilin Race could possibly compare! But the Qilin Race can perform the Qilin Spirit Roar because they possess a unique Spiritual Beast bloodline, whereas the Immortal Techniques of Guangqing Immortal Sect are different, they can be learned and used by oneself!

With this thought, Lin Xuankong became even more expectant of the Guangqing Illusion Technique from Guangqing Immortal Sect.

The trio of Ninth-Grade Demon Artifact Level Demon Generals in the sky, upon seeing their Demon Technique broken, showed no sign of disappointment. The leading one among them coldly remarked:

"The Immortal Techniques of Guangqing Immortal Sect are indeed impressive, even possessing means to restore clarity to targeted Divine Souls. However, now that the Holy Sect's army has arrived, do you think two small Ninth-Grade Earth Immortals can resist just by relying on some Immortal Techniques? It's merely a mantis trying to stop a cart!"

Before the words were finished,

This Ninth-Grade Demon Artifact Level Demon General waved its hand in the air.

Immediately, the demonic qi rising around its body gathered towards its right hand. In less than a breath, the countless refined demonic qi, under its manipulation, transformed into a colossal human-headed hammer measuring several thousand zhang in length!

The other two Ninth-Grade Demon Artifact Level Demon Generals beside it did the same, each raising their right hand with a wave, promptly gathering countless demonic qi, revealing each with a gigantic white bone hammer in their hands!

Seeing the actions of these three Ninth-Grade Demon Artifact Level Demon Generals,

Within the Nine-Layered Array, countless cultivators and Earth Immortals had their pupils contract sharply, sweat faintly appearing on their foreheads!

The earlier siege by thousands of Demon Heads and Demon Soldiers from the Profound Yin Demon Sect had already caused the protective membrane of the Nine-Layered Array to quiver continuously. The attack launched by these three Ninth-Grade Demon Artifact Level Demon Generals using powerful demon artifacts would definitely be stronger than those Demon Heads and Demon Soldiers!

However, given the current situation and such a vast disparity,

No matter how fearful or anxious the countless Earth Immortals and cultivators were, none dared to raise their weapons and launch an attack on these three Ninth-Grade Demon Artifact Level Demon Generals!

As for the reason... Firstly, it's because these three Ninth-Grade Demon Artifact Level Demon Generals can effortlessly remain in the Guangqing Cold Extreme Skill, while the Guangqing Cold Extreme Skill can't harm these three Ninth-Grade Demon Artifact Level Demon Generals. How could they possibly harm these fellows? Even attacking would be in vain!

Another reason is that at this moment, these countless cultivators and Earth Immortals, faced with these Demon Generals, have already lost most of their fighting spirit.

Almost none of the cultivators or Earth Immortals believed they could survive until the end!

Amid the despair and sighs of numerous cultivators and Earth Immortals, the three Ninth-Grade Demon Artifact Level Demon Generals, wearing sinister smiles, raised the white bone demon artifacts high, then smashed them down onto the light membrane of the Nine-Layered Array at terrifying speed!

"Boom boom boom boom boom"

Deafening and terrifying sounds erupted between the demon artifacts of the Ninth-Grade Demon Artifact Level Demon Generals and the light membrane.

Countless ripples from the shockwaves spread continuously into the distance!

The Nine-Layered Array,

Personally arranged by Immortal Lord Luoshui, Yaan Mingyu, is undoubtedly extremely sturdy, stronger than most Sect Protection Arrays of the Central Divine Dynasty Immortal Sect, normally, even if Ninth-Grade Earth Immortals, Demons, and Demon Heads attacked with all their might, this Nine-Layered Array wouldn't sustain significant damage!

However,

These three Ninth-Grade Demon Artifact Level Demon Generals are far from ordinary Ninth-Grade Demon Heads!

Ever since the Holy Son Gang Bone merged with Celestial Demon Power and passed some of that power to these Demon Generals, their strength has long surpassed the strength recorded in the ancient texts of the Immortal Realm as the power level of Ninth-Grade Demon Artifact Level Demon Generals from tens of thousands of years ago. Otherwise, the gap between Ninth-Grade and Strongest Immortal Lord Level would be like a chasm, how could they possibly heavily wound the Strongest Immortal Lord Ling Wuji!

With such strength, these three Ninth-Grade Demon Artifact Level Demon Generals attack ferociously, swinging their hammers as if intending to smash the entire world into oblivion!

Even more critical is that,

The two True Disciples of Guangqing Immortal Sect, Guang Ling'Er and Guang Yu'Er, have never stopped channeling the Guangqing Cold Extreme Skill, yet have failed to exert much influence on these three Ninth-Grade Demon Artifact Level Demon Generals, at most leaving their bodies covered in white frost!

Witnessing these three Ninth-Grade Demon Artifact Level Demon Generals, ferocious and powerful to such a degree,

Guang Ling'Er and Guang Yu'Er, desperately deploying Immortal Techniques, couldn't help but feel a gradual rise of despair in their hearts.

Now only three Ninth-Grade Demon Artifact Level Demon Generals are attacking the Nine-Layered Array, which has already left countless cultivators and Earth Immortals frightened. Should eighty Ninth-Grade Demon Artifact Level Demon Generals strike simultaneously...

The two faced with this scene were clear in their hearts that today's battle, fearing they wouldn't wait for their master to return to the Spiritual Crane Immortal City!

In the gaps of deploying Immortal Techniques, Guang Yu'Er couldn't help but lightly sigh, frowning, gazing at Lin Xuankong, then shaking her head somewhat disappointed. Such an Immortal, this True Disciple of Guangqing Immortal Sect, at this moment, had already left her feeling quite contemptuous!

Floating mid-air, Lin Xuankong, however, paid no attention to the disdainful gazes cast upon him by Guang Ling'Er and Guang Yu'Er.

He turned to look at the Cyan-forehead Qilin and then took down a Golden Patterned Ghost Frog Pouch from his waist, lightly tossing it towards the Cyan-forehead Qilin, saying:

"Qing, you've followed Master by the side of Luo Water Immortal Technique for thousands of years, though you haven't yet mastered the knack of setting up arrays above the Fifth Grade, you and Bai can activate the array without issue, right?"

The Cyan-forehead Qilin caught the Golden Patterned Ghost Frog Pouch with Immortal Yuan, then probed into the pouch with Immortal Yuan, sensing the contents within, this Seventh-Grade Demon King of the Qilin Race was momentarily stunned!

Lin Xuankong's voice calmly came through,

"Master arranged the Nine-Layered Array, how could it allow unrestrained attacks from shameless Demon Heads from the Demon Sect? Qing, it's your turn to act!"

Chapter 954: Lin Xuankong's Nine-Layered Array

Lin Xuankong orders the Cyan-forehead Qilin to act?

The numerous Earth Immortals present, along with Guang Ling'Er and Guang Yu'er who were channeling the Guangqing Cold Extreme Skill, couldn't help but turn their heads to look at Lin Xuankong.

Guang Yu'er, who had been fruitlessly attacking, couldn't help but shake her head repeatedly.

The innate bloodline abilities of the Qilin Race were certainly something she was aware of. She knew that these spiritual beasts from the Boundaryless Mountain Range possessed the Qilin Spirit Roar ability, which could almost ensure their invincibility, effortlessly suppressing any opponent of the same tier!

But now, attacking the Nine-Layered Array,

there are Demon Artifact Level Demon Generals of the Ninth Grade Realm!

As a disciple of the Qiaan Yuan Immortal Technique from the Guangqing Immortal Sect, no matter how profoundly she cultivated the Guangqing Cold Extreme Skill, she couldn't inflict any harm on these three Ninth-Grade Demon Artifact Level Demon Generals!

If this Cyan-forehead Qilin were a Ninth Grade Perfection Level Qilin Demon King, perhaps it could suppress the opponent's demonic qi with its Qilin Spirit Roar, thereby assisting her in injuring these three Ninth-Grade Demon Artifact Level Demon Generals. However, it's only at the Early Stage of the Seventh Grade Realm. What use could such a Seventh Grade Early Stage Qilin Demon King be?

Thinking of this, Guang Yu'er shook her head silently, not even interested in refuting Lin Xuankong or the Cyan-forehead Qilin.

Subsequently, this True Disciple of Immortal Lord Qiaan Yuan, along with Guang Ling'Er, once again fully channeled their Immortal Yuan, continuously attacking those three Ninth-Grade Demon Artifact Level Demon Generals using the Guangqing Cold Extreme Skill!

Sect Leader Li of the Spiritual Crane Immortal Sect, Chi Liuxia of the Wine Immortal Sect, and the many Earth Immortals from the Ximang and West Star Immortal Sects also shook their heads silently.

Sect Leader Li of the Spiritual Crane Immortal Sect couldn't help but speak anxiously:

"Tributor, the attacks of these three Ninth-Grade Demon Artifact Level Demon Generals are so terrifying. If we let them continue, I'm afraid the Nine-Layered Array arranged by Immortal Lord Luoshui will be increasingly weakened! Before leaving the Luo Water Immortal Sect, Immortal Lord Luoshui should have handed the core Array Hub of the Nine-Layered Array to you for manipulation, right? Please quickly activate the core Array Hub to summon the Nine-Layered Array Spirit arranged by Immortal Lord Luoshui, to suppress these three Ninth-Grade Demon Artifact Level Demon Generals, or else I'm afraid the power of the Array Spirit will keep diminishing!"

Chi Liuxia of the Wine Immortal Sect also couldn't help but speak:

"Tributor Mu, please act quickly!

These three Ninth-Grade Demon Artifact Level Demon Generals couldn't even be handled by the Guangqing Cold Extreme Skills of the two Immortals of Guangqing Immortal Sect. I'm afraid even the Cyan-forehead Qilin Immortal would find it difficult to shake these three Ninth-Grade Demon Artifact Level Demon Generals!

If this continues, allowing these three Ninth-Grade Demon Generals to destroy the array, countless Earth Immortals and cultivators within the Spiritual Crane Immortal Sect and Spiritual Crane Immortal City will become resentful souls trapped within these Demon Generals' Demon Artifacts!

Quickly act, if you act now, I will immediately gift you the jar of Nine Revolutions Spirit Essence Wine, which has been treasured for ninety thousand years!"

This elder of the Wine Immortal Sect has always loved wine to death, prioritizing top-grade fine wine even over life itself. Yet, in his anxiety, he was even willing to offer the thousands-of-years-old top-grade spirit wine to Lin Xuankong, showing that his heart was already in turmoil, as anxious as an ant on a hot pan!

The elder from the Beimang Immortal Sect, unable to hold back, fully channeled his Immortal Yuan to continuously launch Immortal Techniques against those three Ninth-Grade Demon Artifact Level Demon Generals.

The other Earth Immortals from other sects did the same, unable to restrain themselves any longer, each channeling their Immortal or Magical Artefacts to attack those three Ninth-Grade Demon Generals with all their might!

Unfortunately,

the two True Disciples of Guangqing Immortal Sect, Guang Ling'Er and Guang Yu'er, bore Immortal Artifacts and were at the Ninth-Grade Perfection Realm, also disciples of the Strongest Immortal Lord, and had channeled the Guangqing Immortal Technique, reputed to be the pinnacle of all Immortal

Techniques. Yet even all this couldn't handle these three Demon Artifact Level Demon Generals possessing a trace of Celestial Demon Power. The Immortal Technique attacks of these Fourth and Fifth Grade Earth Immortals, landing on those three Demon Artifact Level Demon Generals, did not even count as a scratch!

And this voluminous attack from the Earth Immortals, when it landed on the vast Demon Bodies of the Demon Generals, failed even to dispel a sliver of their demonic qi!

The terrifying defense of the Ninth-Grade Demon Artifact Level Demon Generals, which holds a trace of Celestial Demon Power,

at this moment, was on full display before these cultivators and Earth Immortals from the Central Divine Dynasty Western Region of Central State.

Every cultivator and Earth Immortal within the Spiritual Crane Immortal Sect and Spiritual Crane Immortal City, witnessing this scene, were pale-faced and filled with endless despair!

A moment later,

The elder from the Beimang Immortal Sect could hold back no longer. While continuously channeling Immortal Yuan to attack those three Demon Artifact Level Demon Generals, he spoke anxiously:

"Tributor Mu, we truly admire your mental fortitude, to remain so calm until now!

But if you remain this calm, the Nine-Layered Array arranged by Immortal Lord Luoshui might truly be broken by those damned Demon Heads of the Profound Yin Demon Sect! Tributor Mu, please act quickly, there's no time left!"

Guang Ling'Er and Guang Yu'er, who continued to channel the Guangqing Cold Extreme Skill fully, heard the words of many Earth Immortals, and couldn't help but glance at one another.

Guang Ling'Er shook her head slightly, thinking to herself:

These Earth Immortals from the Central Divine Dynasty Western Region are truly muddleheaded! Our Guangqing Cold Extreme Skill, which stands at the pinnacle of all techniques, couldn't deal with these three Demon Artifact Level Demon Generals, unable to penetrate their demonic qi defenses. Yet, what can a Third Grade Earth Immortal do? Even if Lin Xuankong acts, what difference will it make?

Chapter 955: Lin Xuankong's Nine-Layered Array (Part 2)

After silently sighing, she activated the Guangqing Cold Extreme Skill and once again took out the communication jade, sending a message to her master, Kunyuan Daoist,

At this moment, the only hope in the hearts of Guang Ling'Er and Guang Yu'Er was that their masters, Qiaan Yuan Daoist and Kunyuan Daoist, could reinforce this side!

Lin Xuankong glanced at Sect Leader Li of the Spiritual Crane Immortal Sect, Chi Liuxia of the Wine Immortal Sect, the Elder of the Beimang Immortal Sect, and the Grand Elder of the West Star Immortal Sect, all of whom were anxious, and slightly shook his head,

He fished out a small second-grade immortal artifact from his bosom, gently caressed it, and decisively said,

"The Nine-Layered Array left by my master, Immortal Lord Luoshui, is much more exquisite than any array I could arrange. The array spirit it can summon is far superior to the ones I can summon, almost reaching the level of the Strongest Immortal Lord! Such an array spirit of the Nine-Layered Array cannot be easily used!"

Saying this, Lin Xuankong raised his head to look at the three Demon Generals of the ninth-grade demon artifact level, whose demon bodies blocked out the sun, and continued,

"Currently, the Profound Yin Demon Sect has only dispatched three Demon Generals of the ninth-grade demon artifact level, and in the distance, there are another seventy-seven Demon Generals of the same level eyeing us, not to mention the Thirty-six Tribulation Demon Lord Purlo, who has been recorded in the ancient texts for hundreds of thousands of years, stationed at the rear!

In such times, when the enemy has not used their full strength, how can I casually use the trump card left by my master, Immortal Lord Luoshui!

There's no need for all of you to worry, with Qing acting, the current situation will be handled!"

Despite speaking confidently, Lin Xuankong thought to himself,

He had many cards up his sleeve, but now was not the time to play them all!

Even though these Demon Generals are immensely powerful, almost close to the level of the Strongest Immortal Lord, the Thirty-six Tribulation Demon Lord Purlo alone cannot be underestimated!

Before seeing this Thirty-six Tribulation Demon Lord Purlo make a move, and understanding his power and means, how could Lin Xuankong expose too many of his cards, allowing this famed old demon to understand his foundation...

The Sect Leader Li of the Spiritual Crane Immortal Sect, Chi Liuxia of the Wine Immortal Sect, the Elder of the Beimang Immortal Sect, and the Grand Elder of the West Star Immortal Sect, were unaware of Lin Xuankong's thoughts at this moment,

These Earth Immortals of the Central Divine Dynasty Western Region, hearing Lin Xuankong speak with such determination and undisputable tone, could only close their mouths, not daring to argue, quietly shaking their heads.

All these Earth Immortals felt a sense of helplessness; if the array spirit of the Nine-Layered Array left by Immortal Lord Luoshui is not used now, when should it be used? Waiting until it's broken would be too late! Especially against the Demon Generals of the ninth-grade demon artifact level, what can a mere seventh-grade Qilin Demon King do?

However, even though the Sect Leader Li of the Spiritual Crane Immortal Sect, Chi Liuxia of the Wine Immortal Sect, the Elder of the Beimang Immortal Sect, the Grand Elder of the West Star Immortal Sect, and the Grand Elder of the Western Nether Immortal Sect were extremely anxious, due to Lin Xuankong's high prestige in the Western Region of the Central Divine Dynasty over the years, they dared not speak against him!

At this moment,

the Cyan-forehead Qilin, upon seeing the items inside the Golden Patterned Ghost Frog Pouch, couldn't resist and soared up, channeling its Immortal Yuan, and with a determined expression, loudly declared,

"Elders and sect masters, do not worry. I, Qing, am here with you. Even if I exhaust my last bit of Immortal Yuan, I will not allow these damned demons of the Profound Yin Demon Sect to destroy the Nine-Layered Array left by my master!"

Numerous Earth Immortals, seeing the Qilin's determination, felt somewhat puzzled, a slight curiosity rising in their hearts.

Before they could think further,

the Cyan-forehead Qilin had already flown to the vicinity of the light membrane of the Nine-Layered Array. It began chanting rapidly, channeling its Immortal Yuan into the Golden Patterned Ghost Frog Pouch given by Lin Xuankong!

The next moment,

The seemingly ordinary Golden Patterned Ghost Frog Pouch immediately emitted a dazzling radiance. Beams of light pierced through space, passing through the light membrane of the Nine-Layered Array placed by Immortal Lord Yaan Mingyu, shining upwards. Subsequently, thirty-six first-grade immortal artifacts shot out from the pouch!

The brilliance of these thirty-six first-grade immortal artifacts instantly attracted everyone's attention and caught the eye of the three Demon Generals, even making the seventy-seven distant Demon Generals turn and look!

After all, these were thirty-six first-grade immortal artifacts, each engraved with extremely complex array patterns, making them even more extraordinary, filled with an astonishing aura!

Under the gaze of countless cultivators and Earth Immortals in the Spiritual Crane Immortal Sect and Spiritual Crane Immortal City,

under the somewhat surprised watch of Guang Ling'Er and Guang Yu'Er, two True Disciples of Guangqing Immortal Sect,

under the vigilance and watch of numerous Demon Generals, demons, and demon soldiers of the Profound Yin Demon Sect,

the glowing, astonishing immortal artifacts transformed into thirty-six streams of light, shooting towards different locations, instantly forming a mysterious array!

Although the Cyan-forehead Qilin's talent and comprehension in the path of arrays were far inferior to Lin Xuankong or Immortal Lord Yaan Mingyu, it was nonetheless one of the top talents of the Qilin Race and had undergone thousands of years of study on arrays under the guidance of Immortal Lord Yaan Mingyu!

Its understanding of arrays couldn't compare to Lin Xuankong, nor to Immortal Lord Yaan Mingyu, but it was considerably superior to the other array masters of the Central State Human Race!

Moreover, the immortal artifacts given by Lin Xuankong in the Golden Patterned Ghost Frog Pouch were pre-engraved with countless array patterns, needing no concern from the Cyan-forehead Qilin. It only needed to place the thirty-six immortal artifacts at extremely precise positions according to the arrangement taught by Immortal Lord Yaan Mingyu, thus completing the array setup!

And the array formed by these thirty-six immortal artifacts,

was precisely the Nine-Layered Thousand Cranes Grand Array that Lin Xuankong could arrange only after years of further study!

In the blink of an eye,

the Nine-Layered Thousand Cranes Grand Array, arranged by the Cyan-forehead Qilin, was completed, emitting strong fluctuations, forming countless massive and fierce Immortal Crane phantoms!

Following this, the numerous Immortal Crane phantoms flowed together, transforming into a seemingly fragile light membrane, shielding the light membrane of the Nine-Layered Array set by Immortal Lord Yaan Mingyu!

Evidently,

at this moment, the Cyan-forehead Qilin could no longer tolerate the three Demon Generals of the ninth-grade demon artifact level randomly attacking the array set by its master, thus using the light membrane of the Nine-Layered Thousand Cranes Grand Array to shield the outside of Immortal Lord Yaan Mingyu's Nine-Layered Array!

Seeing the newly appeared Nine-Layered Array and the light membrane of the Nine-Layered Array,

the three Demon Generals wielding terrifying White Bone Demon Artifacts were taken by surprise.

Although these three Demon Generals were not like the Thirty-six Tribulation Demon Lord Purlo, famed for hundreds of thousands of years, they were demons of over a hundred thousand years and had participated in numerous Immortal Demon Arrays, attacking several Immortal Sects of the Central Province Immortal Realm multiple times, naturally witnessing many sect protection arrays of Immortal Sects, and seen more than one Nine-Layered Sect Protection Array!

Therefore,

even if these three Demon Generals of ninth-grade demon artifact level couldn't arrange arrays, they could still sense, the strength of the Nine-Layered Array set by the Cyan-forehead Qilin using those immortal artifacts!

Although the new Nine-Layered Array arranged by these immortal artifacts was slightly weaker in momentum and fluctuation compared to the Nine-Layered Array arranged by Immortal Lord Yaan Mingyu, it was stronger than any other sect arrays seen by the Demon Generals!

Yet at this moment, the three Demon Generals of ninth-grade demon artifact level were somewhat surprised but not willing to show it,

The leading Demon General of the ninth-grade demon artifact level wore a cold expression, channeling demonic qi to speak,

"Little Qilin, you've been hanging around under Immortal Lord Luoshui for thousands of years, not in vain, to be able to arrange a Nine-Layered Array!

But even the Nine-Layered Array arranged by Immortal Lord Yaan Mingyu cannot withstand our attack and will soon be broken, the one you arranged can hardly withstand the offensive from our Profound Yin Saint Sect!"

Before these words had fully settled, the Demon General of the ninth-grade demon artifact level slowly raised the gigantic White Bone Demon Artifact and hurled it towards the light membrane of the newly appeared Nine-Layered Thousand Cranes Grand Array!

Chapter 956 Those Can't All Be Immortal Artifacts, Right?

"Boom"

A deafening explosion shook the heavens and the earth,

detonating at the light film of the Nine-Layered Array set up by the Cyan-forehead Qilin!

Where the White Bone Demon Artifact met the light film of the Nine-Layered Thousand Cranes Grand Array, endless demonic qi and the grand array pattern collided like thunder, transforming into a shockwave that spread thousands of miles, seemingly splitting the world within a radius of thousands of miles in half!

The light film of the Nine-Layered Thousand Cranes Grand Array was deeply caved inward, a full several hundred feet deep, only to restore to its original shape several breaths later!

The leader among the Ninth-Grade Demon Artifact Level Demon Generals obviously unleashed a more powerful force and more demonic qi with this strike. Compared to its earlier attack against the Nine-Layered Array arranged by Immortal Lord Luo Shui Yaan Mingyu, the indentation caused was several times greater!

Under the protection of two Nine-Layered Arrays, within the Spiritual Crane Immortal Sect and Spiritual Crane Immortal City, countless cultivators and Earth Immortals experienced myriad changes in their expressions,

Every single cultivator and Earth Immortal was in awe of the mighty blow by the Ninth-Grade Demon Artifact Level Demon General.

All the cultivators and Earth Immortals felt with utmost clarity the gap between them and the Ninth-Grade Demon Artifact Level Demon General. Every Earth Immortal from the Central Divine Dynasty Western Region was assured that, had the recent strike by the Ninth-Grade Demon Artifact Level Demon General not been blocked by the Nine-Layered Array, nine-tenths of the present cultivators and Earth Immortals would certainly have perished directly!

Of course, seeing the Nine-Layered Thousand Cranes Grand Array set up by the Cyan-forehead Qilin Immortal with his own hands manage to withstand the earth-shattering strike from the Ninth-Grade Demon Artifact Level Demon General, and that the array pattern wasn't much worn away, those within the Spiritual Crane Immortal Sect and Spiritual Crane Immortal City, both Earth Immortals and cultivators, breathed a sigh of relief.

However, the demons and demon soldiers on the Profound Yin Demon Sect side were not so fortunate,

Without the protection of the Nine-Layered Thousand Cranes Grand Array, and being merely several hundred miles away from the Nine-Layered Array, the dreadful shockwave from the Ninth-Grade Demon Artifact Level Demon General's earth-shattering strike immediately scattered their formation to pieces!

A vast number of middle-low grade demons and demon soldiers already activated demonic qi to protect their demon body at the moment their Ninth-Grade Demon Artifact Level Demon General prepared to exert full force,

However,

The Fourth and Fifth Grade demons fared slightly better,

but those First, Second, and Third Grade demon soldiers and little demons, when caught by the terrible shockwave that spread past, immediately let out screams, the demonic qi protecting their demon bodies shattered with a bang, even their immensely sturdy demon bodies were knocked flying back hundreds of miles, covered in cracks, each spewing mouthfuls of black demon blood.

At this moment,

these demon soldiers and demons dared not utter a complaint nor expose even a trace of anger, hastily activating demonic qi, stepping on demon clouds to retreat thousands of miles away!

Within the Profound Yin Demon Sect, the hierarchy among cultivators was extremely rigid, starkly different from the comparatively harmonious cultivation atmosphere of the Central Divine Dynasty Immortal Realm; within the Profound Yin Demon Sect, it was common for those in higher positions to kill those in lower positions. Hence, the Profound Yin Demon Sect was filled from top to bottom with a frenzied desire for external expansion; every demon and demon soldier cultivated furiously, striving to climb upward!

After unleashing a strike, the Ninth-Grade Demon Artifact Level Demon General turned to witness the scene, sneering coldly,

paying no heed to the demons and demon soldiers heavily injured by its shockwave, once more turned to face the Cyan-forehead Qilin controlling the Nine-Layered Thousand Cranes Grand Array and abruptly spoke:

"Looks like that woman Immortal Lord Luo Shui Yaan Mingyu hasn't skimped on teaching you, Little Qilin, the path of array formations. Your Nine-Layered Array, although not as formidable as the one arranged by Yaan Mingyu herself, is much stronger than the Nine-Layered Sect Protection Arrays in other Immortal Sects of the Central State Immortal Realm!

But if you intend to rely on these two Nine-Layered Arrays to block our Holy Sect's army, you are undoubtedly overestimating yourself!

Breaking through Yaan Mingyu's Nine-Layered Array might require several days of warfare, but breaking through your Nine-Layered Array will take no more than three days—and that's just the three of us taking action!"

While speaking, the Ninth-Grade Demon Artifact Level Demon General nodded slightly to the two other Ninth-Grade Demon Artifact Level Demon Generals behind it,

The next moment, the three Ninth-Grade Demon Artifact Level Demon Generals all simultaneously let out a howl, their entire beings surged with demonic qi and aura once more, followed by the three wielding their colossal White Bone Demon Artifacts, relentlessly hammering the light film of the Nine-Layered Array set by the Cyan-forehead Qilin!

"Boom boom boom boom boom"

Incessant, deafening explosions rang out continuously,

shockwaves instantaneously spreading thousands of miles appeared densely!

The sky and earth within this radius were constantly trembling under the residual power of these three Ninth-Grade Demon Artifact Level Demon Generals' frenzied assault!

Such earth-shattering attacks rained like a storm, heavyening the hearts of countless cultivators and Earth Immortals within the Nine-Layered Thousand Cranes Grand Array!

Floating in mid-air, Lin Xuankong's face at this moment revealed a hint of chill,

Immortal Lord Luo Shui Yaan Mingyu had bestowed upon him nearly twenty years of guidance; since traversing to this realm, this exceptionally revered Immortal Lord was the mentor he respected the most!

Yet, that Ninth-Grade Demon Artifact Level Demon General incessantly spewed foul language against Immortal Lord Luo Shui Yaan Mingyu. How could Lin Xuankong tolerate this behavior? Even if the Ninth-Grade Demon Artifact Level Demon General spewed foul language at him, considering his relatively humble nature, he might not have been so angered!

Chapter 957 Those Can't All Be Immortal Artifacts, Right? (Part 2)

At this moment, Lin Xuankong couldn't hold back any longer for the first time!

"Qing Er, you can use any and all Celestial Artifacts in that Golden Thread Ghost Frog Pouch as you please. My only request of you is to kill this filthy thing that dared to speak rudely to your master within three breaths!"

Lin Xuankong's voice, carrying a bone-chilling coldness, spread out under the shock of Immortal Yuan, overshadowing the explosion of the light membrane from the attacks of the three Ninth-Grade Demon Artifact Level Demon Generals. It echoed in the ears of the Cyan-forehead Qilin, as well as countless cultivators and Earth Immortals in the Spiritual Crane Immortal Sect and Spiritual Crane Immortal City, and was transmitted through the light membrane of the Nine-Layered Thousand Cranes Grand Array to the ears of those three Ninth-Grade Demon Artifact Level Demon Generals!

Immediately,

The expressions of these cultivators, Earth Immortals, and the three Ninth-Grade Demon Artifact Level Demon Generals became quite varied!

Countless cultivators and Earth Immortals within the Spiritual Crane Immortal Sect and Spiritual Crane Immortal City showed strange expressions.

To them, who could only hide within the Nine-Layered Thousand Cranes Grand Array, the three Ninth-Grade Demon Artifact Level Demon Generals were invincible existences capable of killing tens of thousands or even millions of cultivators with a single strike!

They hid in the Nine-Layered Thousand Cranes Grand Array, relying on its protection, unable to even disperse a wisp of the Demonic Qi from the three Ninth-Grade Demon Artifact Level Demon Generals, despite launching numerous attacks through the array's light membrane!

It is imaginable how heavy their hearts were at this moment!

Even in this moment, facing the infinitely ferocious Ninth-Grade Demon Artifact Level Demon Generals, most Earth Immortals and cultivators felt that even if Immortal Lord Luoshui, Yaan Mingyu, or Kunyuan

Daoist and Qiaan Yuan Daoist were here, they might not be able to eliminate these three Demon Generals in a short time even with all their might!

Yet Lin Xuankong, at the Third Realm, wanted the Cyan-forehead Qilin at the Seventh Realm to kill a Demon General of the Ninth-Grade Demon Artifact Level within three breaths!

Is this a joke or a joke?

Is this boasting or boasting?

Is this impotent rage or impotent rage?

Although at this moment, every cultivator and Earth Immortal hoped for a miracle, that a heavenly figure might take action to save them!

But undoubtedly, almost every cultivator and Earth Immortal did not believe that Lin Xuankong and the Cyan-forehead Qilin could repel the Ninth-Grade Demon Artifact Level Demon Generals whose power was close to the Strongest Immortal Lord's level, let alone kill one within three breaths...

The two true disciples of Guangqing Immortal Sect, Guang Ling'Er and Guang Yu'Er, also had strange expressions on their faces at this moment,

Hearing Lin Xuankong's words, these two true disciples of Ninth Grade Perfection Level and Strongest Immortal Lord Level both shook their heads with strange expressions, then once again exerted all their Immortal Yuan, fully employing the Guangqing Cold Extreme Skill, attacking the three Ninth-Grade Demon Artifact Level Demon Generals outside!

They two understood Lin Xuankong's legendary deeds even less than those Earth Immortals from the Central Divine Dynasty Western Region. In such circumstances, these two always proud true disciples of the Immortal Lord undoubtedly believed overwhelmingly that Lin Xuankong was bragging!

But at this point, it seemed Lin Xuankong could only vent verbally! Fine, let him be, there's no need to hit him even more at this moment, after all, neither she nor her junior sister Guang Ling'Er was a match

for these Ninth-Grade Demon Artifact Level Demon Generals. Even employing the Guangqing Cold Extreme Skill couldn't break through the defenses of these Generals imbued with the Celestial Demon Power! Guang Yu'Er thought helplessly to herself.

At this moment,

Hearing Lin Xuankong's words, the three Ninth-Grade Demon Artifact Level Demon Generals immediately paused and burst into laughter.

Amidst the wild laughing,

The three Ninth-Grade Demon Artifact Level Demon Generals even stopped their actions against the Nine-Layered Thousand Cranes Grand Array light membrane, each looking down at Lin Xuankong from above.

The leading Ninth-Grade Demon Artifact Level Demon General, with a mocking expression, looked at Lin Xuankong and said with a laugh:

"Despite not knowing why the incredibly venerable Saint Heir of our Profound Yin Saint Sect ordered us to capture you, this wood Shiba, alive or dead, I seem to understand a bit now. Could it be because you, kid, liked to boast, and thus offended our venerable Saint Heir? Hahaha!

Alright, alright, let me see what impressive items are in the Golden Patterned Ghost Frog Pouch given to that Seventh-Grader Qilin, enabling such a petty thing to kill me on the spot!

Also, kill me within three breaths?

Come, come, come, I'll stand right here, let that Seventh-Grader Qilin attack me as it pleases. Not to say three breaths, even within thirty breaths, three hundred breaths, thirty thousand, thirty million breaths, if it can hurt even a hair of me, I, Mo General Hongli, will willingly retreat!"

Another Ninth-Grade Demon Artifact Level Demon General beside him also burst into laughter,

"We have all completed the metamorphosis of Holy Body and Holy Qi under the incredible grace of Saint Son Ganggu, and contain a trace of the Upper Realm Saint Monarch's power. Our defense ability is only slightly inferior to that of your Human Race's Strongest Immortal Lord, is it something a Seventh-Grade Qilin could damage?

Not to mention a Seventh-Grade Qilin, but even your Immortal Realm Human Race's renowned Strongest Immortal Lord Ling Wuji, during his full power, could only inflict slight injuries on a dozen Saint Generals. That Ling Wuji ranks only a few positions lower than Yaan Mingyu among your Immortal Realm Human Race's Strongest Immortal Lords!

Ling Wuji had no means against us, let alone you Western Region's little Earth Immortals and cultivators, Little Demon!

Not to mention our already metamorphosed Holy Body and Holy Qi,

Even before we underwent the metamorphosis, we weren't something a Seventh-Grade Little Demon King could damage! It's absurdly laughable!"

After speaking, the Ninth-Grade Demon Artifact Level Demon General turned to look at another Ninth-Grade Demon Artifact Level Demon General and Mo General Hongli beside him, then all three Demon Generals laughed heartily together, as if they'd heard the funniest joke in the world!

Seeing this, Lin Xuankong remained unmoved, though a flash of killing intent crossed his eyes.

Yet the Cyan-forehead Qilin, ever straightforward in temper, could not tolerate this,

It activated its Immortal Yuan and suddenly let out a long howl,

"With the Young Master's orders, Qing Er will undoubtedly comply. Within three breaths, I will certainly see to it that this Ninth-Grade Demon Artifact Level Demon General Hongli falls here!"

Before the words fell, it had already activated its Immortal Yuan, fully directing it into the Golden Patterned Ghost Frog Pouch. That vast Immortal Yuan surged into the pouch like rivers and seas breaking their banks!

In the next instant,

Streaks of flowing light suddenly appeared, shooting out in different directions like a torrential rain,

In less than one-hundredth of a breath, a total of three hundred sixty Immortal Artifacts flew out from the Golden Patterned Ghost Frog Pouch. Seemingly chaotic, they were actually falling into different positions in an orderly manner, forming Array Hubs for one Nine-Layered Thousand Cranes Grand Array after another!

However, this was just the beginning,

As time elapsed to a tenth,

Altogether three thousand six hundred Immortal Artifacts shot out from the small Golden Patterned Ghost Frog Pouch, falling into different ranges!

Such a gigantic number of Immortal Artifacts, flashing dazzling spiritual light at different positions high in the sky, were like countless brilliant stars falling in the night sky, surrounding the Cyan-forehead Qilin!

It was only at this point that the Cyan-forehead Qilin ceased infusing Immortal Yuan, its enormous eyes filled with a piercing killing intent, fixed on the leader of the three Ninth-Grade Demon Artifact Level Demon Generals, Mo General Hongli.

This scene,

Caught in the eyes of countless cultivators and Earth Immortals in the Central Divine Dynasty Western Region, immediately caused the entire Spiritual Crane Immortal Sect and Spiritual Crane Immortal City to fall silent.

Those countless eyes were firmly staring at the Immortal Artifacts glistening around the Cyan-forehead Qilin, and countless faces showed expressions of extreme astonishment!

"Pff... cough cough cough, am I seeing things! Those, those, those can't all be Celestial Artifacts, right? It can't be, this absolutely can't be! How is it possible for this world to have so many Celestial Artifacts!"

The Elder Chi Liuxia of the Wine Immortal Sect, who was originally drinking with a strange expression, sprayed all the wine from his mouth upon witnessing this scene, exclaiming in utter astonishment, stumbling over his words.

Chapter 958 A Hundred Cranes Gather, Countless Stand in Awe

At this moment, seeing three thousand six hundred immortal artifacts appear simultaneously,

not only did Chi Liuxia from the Wine Immortal Sect lose composure in shock, but Sect Leader Li of the Spiritual Crane Immortal Sect, the Grand Elder of the Beimang Immortal Sect, and the elders from other sects such as West Nether West Residence were all equally astounded.

Lin Xuankong had joined the Spiritual Crane Immortal Sect for several years,

and every so often, gifted the Spiritual Crane Immortal Sect over a hundred immortal artifacts!

These over a hundred immortal artifacts had already propelled the Spiritual Crane Immortal Sect to become the undisputed First Immortal Sect in the Western Region of the Central Divine Dynasty!

Sect Leader Li of the Spiritual Crane Immortal Sect had high hopes for the future of the sect due to these over a hundred immortal artifacts, and everyone in the Spiritual Crane Immortal Sect believed that once they got past this Immortal Demon War, the sect would one day be able to compete with the top Immortal Sects on the Central State side!

It wasn't just the many Earth Immortals and disciples of the Spiritual Crane Immortal Sect who thought this way; a lot of Earth Immortals from various Immortal Sects in the Western Region of the Central Divine Dynasty envied the Spiritual Crane Immortal Sect, whispering among themselves that with these over a hundred immortal artifacts, given a few thousand or ten thousand years of development, the Spiritual Crane Immortal Sect would certainly find its place among the top Immortal Sects!

However,

that was merely over a hundred immortal artifacts!

And now, between the movements of the Cyan-forehead Qilin's immortal yuan, there appeared over three thousand six hundred immortal artifacts!

When Immortal Lord Luoshui Yaan Mingyu came to the Western Region of the Central Divine Dynasty, she didn't even have several hundred immortal artifacts, let alone several thousand! And what incredible strength, prestigious status, and powerful background did Immortal Lord Luoshui Yaan Mingyu possess? Ranked third among the only twenty-eight Strongest Immortal Lords in the Immortal Realm Human Race, she held a position higher than the Sect Master in the most top-tier Immortal Sect, Luo Water Immortal Sect, and could command the entire Luo Water Immortal Sect with a single word! Even she didn't have nearly this many immortal artifacts...

Back when Lin Xuankong was in the Boundaryless Mountain Range, gifting the Four Great Spirit Beast Clans there with dozens of immortal artifacts had already caused a sensation throughout the mountain range!

Now Lin Xuankong waved his hand and gifted the Cyan-forehead Qilin with three thousand six hundred immortal artifacts!

With these shocking, unprecedented numbers of immortal artifacts in front of them, it would be strange if the Earth Immortals and cultivators within the Spiritual Crane Immortal Sect and Spiritual Crane Immortal City weren't utterly shocked!

"I didn't expect that in my lifetime, I would witness the scene of thousands of immortal artifacts emerging simultaneously. No regrets in this life, no regrets at all!"

"In all the countless records of my Beimang Immortal Sect, even in the times of the ancient era where immortal artifacts were frequent, even in the Near Ancient Era when the Immortal Realm Human Race was most prosperous and Earth Immortals ascended frequently, there has never been a record of any Earth Immortal or sect possessing thousands of immortal artifacts at once! Thousands of immortal artifacts... even my Beimang Immortal Sect doesn't have that many high-grade spiritual artifacts!"

"I always believed that Tributor Mu's Path of Artifact Refining far surpassed all the artifact refining masters of this era's Immortal Realm Human Race! But it turns out, I was wrong!

Tributor Mu's Path of Artifact Refining not only surpasses all artifact refining masters of this era's Immortal Realm Human Race, but no one from the ancient era, the Near Ancient Era, or this generation of the Immortal Realm Human Race can compare to Tributor Mu!"

"Thousands of immortal artifacts dancing in the sky, as dazzling as the star river! Unbelievable, utterly unbelievable, completely unimaginable!"

Earth Immortals and cultivators of the Spiritual Crane Immortal Sect and Spiritual Crane Immortal City, gazing at the thousands of immortal artifacts continually twinkling in the sky, were all astounded, each expressing their amazement.

Some even had hope in their eyes,

Faced with the army of the Profound Yin Demon Sect, confronting as many as eighty Ninth-Grade Demon Artifact Level Demon Generals, and the thirty-six Tribulation Demon Lord Purlo known for his fierce reputation shaking the Immortal Realm, most Earth Immortals and cultivators had almost lost all hope,

Yet, when these three thousand six hundred immortal artifacts danced in the sky,

a flicker of hope suddenly rose within their hearts!

The True Disciples Guang Yu'er and Guang Ling'Er from the Guangqing Immortal Sect, coming with Kunyuan Daoist and Qiaan Yuan Daoist,

were doing not much better than those Earth Immortals from the Western Region of the Central Divine Dynasty; these two beautiful and powerful female daoists were equally stunned into a daze, even forgetting to activate their Guangqing Cold Extreme Skill!

Guang Yu'er slightly parted her lips, gazing at the countless immortal artifacts endlessly shimmering with spiritual light around her, as if in a dream, at a loss for words!

Beside her, Guang Ling'Er couldn't help but exclaim softly, "Our Guangqing Immortal Sect, as one of the top five Immortal Sects of the Immortal Realm Human Race, is not inferior to the Divine Dynasty Immortal Sect and Luo Water Immortal Sect, but altogether, the entire Guangqing Immortal Sect has only four hundred and thirty-six immortal artifacts! Yet, this Lin Xuankong brought out more than three thousand six hundred immortal artifacts by himself?

Our Guangqing Immortal Sect boasts over ten Earth Immortal Level artifact refining masters, continuously refining immortal artifacts for countless years, and after countless years, we only have a few hundred immortal artifacts!

I've long heard that Lin Xuankong from the Spiritual Crane Immortal Sect is quite formidable in the technique of refining immortal artifacts, but being good at the technique doesn't make you this good. How can the immortal artifacts he refined alone surpass the number crafted by countless artifact refining masters in the entire Immortal Realm? He... he... he..."

At the end, this True Disciple from the Guangqing Immortal Sect, who was once quite proud, was at a loss for words to describe her feelings at this moment, and didn't know what words to use to describe Lin Xuankong before her!

By her side, Guang Yu'er also snapped out of her daze, looking at Lin Xuankong with a face full of shock, muttering to herself:

Chapter 959 - A Hundred Cranes Gather, The Multitude Stunned (Part 2)

"No wonder, no wonder Lin Xuankong seemed so calm when he accepted the challenge in front of the master!

Back then, I merely thought Lin Xuankong was arrogant and couldn't recognize his own strength. Now it seems, even if he's only at the Third Grade realm, perhaps he really can achieve what the two of us cannot, perhaps he could really defeat this Ninth-Grade Demon Artifact Level Demon General before us!"

Upon hearing her senior sister's words, Guang Ling'Er felt a slight discomfort in her heart, even more so because recalling her previous arrogance and disdain made her extremely embarrassed,

but when she turned to look closely at the thousands of immortal artifacts around, she could not help but admit that this Lin Xuankong, only in the Third Grade realm, might indeed have combat power far beyond what the two of them possess!

While the two true disciples of the Guangqing Immortal Sect were reflecting,

the Cyan-forehead Qilin was already chanting incantations,

along with its massive consumption of Immortal Yuan, as it recited the somewhat profound and convoluted incantations,

the 3,600 immortal artifacts originally arranged in different areas instantly flashed with extremely bright light, followed by countless Nine-Layered Thousand Cranes Grand Array light membranes full of profound array patterns appearing on the outside of the original Nine-Layered Array light membrane!

In the blink of an eye,

as many as a hundred layers of Nine-Layered Thousand Cranes Grand Array light membranes appeared, shielding the outer side of the Nine-Layered Array light membrane set by Immortal Lord Luoshui Yaan Mingyu!

Seeing this scene,

countless cultivators and Earth Immortals of Spiritual Crane Immortal City and the Spiritual Crane Immortal Sect were filled with hope.

To these Earth Immortals and cultivators, despite the Cyan-forehead Qilin previously activating thousands of immortal artifacts, using thousands of immortal artifacts for battle is no easy task; after all, no matter the talent of the Qilin race, multitasking in thousands of places, simultaneously controlling thousands of immortal artifacts in battle, is absolutely impossible!

But seeing the Cyan-forehead Qilin directly set up a hundred layers of Nine-Layered Thousand Cranes Grand Array,

the last bit of worry in the hearts of the countless cultivators and Earth Immortals disappeared!

"It's stable now, hahaha, it's stable! A hundred and two Nine-Layered Thousand Cranes Grand Arrays, as many as a hundred and two Nine-Layered Thousand Cranes Grand Arrays! Such solid and extremely astonishing defense, even the most powerful Immortal Sects of the Immortal Realm couldn't set this up!"

"Of course! A hundred and two Nine-Layered Arrays require as many as 3,000 immortal artifacts!"

"With so many Nine-Layered Thousand Cranes Grand Arrays, layered one after another, even if the army of the Profound Yin Demon Sect attacked en masse, even if those eighty Demon Generals took action together, even if that notorious Thirty-six Tribulation Demon Lord Purlo attacked, it's unlikely to be breached in a short time!"

"At least we can hold on for several hundred days, if we can last that long, Immortal Lord Luoshui Yaan Mingyu and Immortal Lord Qiaan Yuan, Immortal Lord Kunyuan's battles on those fronts would surely have ended, and they could return to support us. This time, Spiritual Crane Immortal City is saved, the Spiritual Crane Immortal Sect is saved, we are all saved!"

"It's truly heaven's will! At such a critical moment in this Immortal Demon War, someone like Tributor Mu, an earth-shattering figure, appeared and refined so many immortal artifacts, placing array patterns on all of them! An extraordinary talent like Tributor Mu appearing is a sign that the Human Race of the Immortal Realm will not perish, the Profound Yin Demon Sect is doomed to fail this time, hahaha!"

The many cultivators and Earth Immortals gazed upon the extremely sturdy layers of the Nine-Layered Thousand Cranes Grand Array, and their hearts gradually relaxed, all revealing eyes filled with hope!

The panic and fear caused earlier by the arrival of the army from the Profound Yin Demon Sect, the appearance of eighty Ninth-Grade Demon Artifact Level Demon Generals and the Thirty-Six Tribulation Demon Lord Purlo, were already beginning to dissipate from their hearts!

By this moment,

even the three Ninth-Grade Demon Artifact Level Demon Generals floating above the grand array were looking in disbelief at the over a hundred layers of Nine-Layered Arrays, repeatedly and incredulously glancing at the over 3,000 immortal artifacts, finally, their gaze fell on Lin Xuankong.

Gazing at the grand array, the immortal artifacts, and Lin Xuankong,

the Ninth-Grade Demon Artifact Level Demon General Hong Li, who had been full of confidence, after a brief daze, spoke heavily:

"Hong Jiu, immediately report to the Thirty-Six Tribulation Saint Master Lord Purlo that the situation has changed here!"

The Ninth-Grade Demon Artifact Level Demon General nearby gave a slight bow, instantly transforming into a stream of demonic qi, escaping to a distance of several thousand miles away.

Then,

the leading Ninth-Grade Demon Artifact Level Demon General Hong Li took a deep breath, suppressing the shock and unease in his heart, forcing a cold smile,

"Hmph, so what if there are over 3,000 immortal artifacts? So what if there are over a hundred layers of Nine-Layered Thousand Cranes Grand Array?

The outcome of this Immortal Demon holy war has already been decided, across the entire Immortal Realm, even the 28 Strongest Immortal Lords of your Human Race cannot go against destiny and change the situation!

However, now I am somewhat grateful, grateful to have followed the Thirty-Six Tribulation Saint Master to this place!

Hmph, over 3,000 immortal artifacts, truly impressive, when my brothers arrive, when the Thirty-Six Tribulation Saint Master Purlo takes action, these over a hundred layers of the Nine-Layered Thousand Cranes Grand Array will eventually be breached, by then these immortal artifacts will belong to our Holy Sect, and I can take dozens to transform into Sacred Artifacts!"

Upon hearing this Ninth-Grade Demon Artifact Level Demon General Hong Li's continued bravado,

the Cyan-forehead Qilin couldn't help but let out a long howl,

"What big talk, do you really think your so-called Ninth-Grade Demon Artifact level defense can withstand the retaliation of over a hundred grand arrays?"

Hong Li, you previously spoke to humiliate my master, now it's time for you to pay the price!"

Before the words fell,

the Cyan-forehead Qilin began chanting incantations again,

immediately,

upon the light membranes of the 102 layers of the Nine-Layered Thousand Cranes Grand Array, a massive array spirit appeared, with wings spanning over 20,000 feet wide, looking like the mythical Kunpeng, immense and filled with an aura of intimidation!

As soon as it appeared, this enormous Nine-Layered Array Spirit Immortal Crane fixed its gaze on Hong Li, one of the Ninth-Grade Demon Artifact Level Demon Generals, its massive immortal yuan beginning to circulate madly throughout its body, with its wings slightly fluttering, seemingly about to flap its wings to unleash a cataclysmic attack at any moment!

Seeing the Cyan-forehead Qilin has summoned the Nine-Layered Thousand Cranes Grand Array Spirit, the Ninth-Grade Demon Artifact Level Demon General Hong Li, who had just been boasting, once again

had a serious expression on his face, his entire body's demonic qi swirling, his hands gripping tightly the bone-filled demon artifact.

At this moment, the Cyan-forehead Qilin spoke slowly, "The countdown begins at three breaths, Hong Li, these are your last moments in this world, maybe it's time to reflect on the countless evil deeds you've done in your life!"

Provoked by the Cyan-forehead Qilin,

the Ninth-Grade Demon Artifact Level Demon General Hong Li showed a trace of anger and said coldly:

"The battle has just begun, it seems like it's only a little Seventh-Grade Qilin like you who has won! Our Profound Yin Saint Sect's incomparably noble Saint Son Ganggu has long since used Celestial Demon Power to metamorphose the demon bodies for all of us Demon Artifact Level Demon Generals, the demon armor we wear now is far more potent than the absolute defense of the past, how could you possibly rely on merely an array spirit of a Nine-Layered Thousand Cranes Grand Array..."

Just at this moment, the Ninth-Grade Demon Artifact Level Demon General Hong Li's voice abruptly stopped,

because in an instant,

he suddenly sensed one after another powerful immortal yuan fluctuations appearing around him,

in less than a tenth of the time, one massive Nine-Layered Thousand Cranes Array Spirit after another appeared around Hong Li, thoroughly enclosing him and the Ninth-Grade Demon Artifact Level Demon General beside him!

At this point,

the Cyan-forehead Qilin's voice, filled with intense killing intent, echoed,

"Another half a breath has passed, Hong Li, your time left in this world is down to just two short breaths!"

"Gulp,"

a clearly audible gulping sound emerged,

the Ninth-Grade Demon Artifact Level Demon General Hong Li's gigantic throat bobbed up and down,

this demon, who counts as a strong figure among the many Ninth-Grade Demon Artifact Level Demon Generals in the Profound Yin Demon Sect, suddenly felt that his hands clasping the bone demon artifact were somewhat weak and powerless! With its bravado, sensing a trace of panic from deep within, its eyes constantly darted about!

Chapter 960 Celestial Demon Power

At this moment,

facing the overwhelming threat of the array spirit of the Nine-Layered Thousand Cranes Grand Array with a hundred heads,

the previously imposing Ninth-Grade Demon Artifact Level Demon General, Hong Li, already sensed a deadly threat!

That was the array spirit of the Nine-Layered Thousand Cranes Grand Array with a hundred heads, equivalent to a hundred Ninth-Grade Perfection Level powerhouses. Moreover, the array spirits are much more powerful compared to ordinary Ninth-Grade Perfect Level Earth Immortals; they often possess a larger Immortal Body, frightening defensive capabilities granted by the grand array, and nearly limitless Immortal Yuan provided by tens of array hubs!

In such a scenario,

any one of the array spirits from the Nine-Layered Grand Array,

could almost compare to the strength of the two True Disciples of Guangqing Immortal Sect, Guang Ling'Er and Guang Yu'Er!

This Ninth-Grade Demon Artifact Level Demon General, Hong Li, relying on his strong defense, might indeed hold off Guang Ling'Er and Guang Yu'Er's Immortal Technique, but they were only two Ninth-Grade Perfect Level Earth Immortals, whereas the array spirits before him numbered over a hundred! An overwhelming number of ants can kill an elephant, let alone the 'ants' of two thousand fathoms Immortal Bodies!

Just as the Ninth-Grade Demon Artifact Level Demon General Hong Li felt a trace of panic and planned to retreat at full speed,

within the light membrane of the Nine-Layered Thousand Cranes Grand Array, the Cyan-forehead Qilin suddenly opened its great Qilin mouth, unleashing the most potent bloodline talent of the Qilin Race—the Qilin Spirit Roar!

The Qilin Spirit Roar, as a powerful bloodline talent unique to the Qilin Race, although its effects diminish due to the differences in Realm, is far stronger than that of an ordinary Seventh-Grade Demon King given the Cyan-forehead Qilin's status as a top-notch prodigy descendant of the Qilin Race, comparable even to an Eighth-Grade Qilin Race Demon King!

At this moment,

when the effects of the Qilin Spirit Roar's words fell upon Hong Li and another Ninth-Grade Demon Artifact Level Demon General,

both of the Ninth-Grade Demon Artifact Level Demon Generals' brows furrowed suddenly,

they could clearly feel that the originally active and condensed demonic qi within their bodies and surroundings suddenly became somewhat stagnant!

As Ninth-Grade Demon Artifact Level Demon Generals, the Qilin Spirit Roar's effect on them couldn't be as immediate as on Seventh or Sixth-Grade Earth Immortals or Demons, rendering them completely

stagnant and unable to operate immediately; the Qilin Spirit Roar of the Seventh-Grade Little Demon King Cyan-forehead Qilin could only make their demonic qi operation stagnate by two or three tenths!

However,

in a battle between the strong, often the difference lies precisely in that two or three tenths which cannot be ignored!

When the Qilin Spirit Roar caused the operation of demonic qi of these two Ninth-Grade Demon Artifact Level Demon Generals to stagnate by two or three tenths, the chilling aura of Guangqing Cold Extreme Skill began to affect their bodies!

In an instant, the terrifying cold aura of Guangqing Cold Extreme Skill made the bodies of these two Ninth-Grade Demon Artifact Level Demon Generals covered in frost, freezing their fierce Demon Armor with crackling sounds, turning their powerful Demon Bodies into white!

It must be noted that previously, Guangqing Immortal Sect True Disciples Guang Ling'Er and Guang Yu'Er desperately invoking Guangqing Cold Extreme Skill couldn't penetrate the defenses of two Ninth-Grade Demon Artifact Level Demon Generals; now with the Qilin Spirit Roar exerting its effect, the cold aura of Guangqing Cold Extreme Skill could finally inflict chilling harm upon these two Demon Generals!

The bloodline talent ability of the Qilin Race, the Qilin Spirit Roar, is indeed a reason why it allowed the Qilin Race to make a name for itself and dominate; this talent ability is undoubtedly the most potent and mystical auxiliary demon technique!

At the same time,

the array spirits of the Hundred-headed Nine-Layered Thousand Cranes Grand Array surrounding high above the sky all let out a cry,

the leading two array spirits of the Nine-Layered Thousand Cranes Grand Array rapidly flapped their wings, transforming into two streams of white light, instantly rushing to the front of the two Ninth-Grade Demon Artifact Level Demon Generals!

Meanwhile,

these two array spirits of the Nine-Layered Thousand Cranes Grand Array,

had thousands of their incredibly resilient feathers instantly fall off, piercing towards the two Ninth-Grade Demon Artifact Level Demon Generals,

and the long beaks of the array spirits swiftly pecked at the heads of the Demon Generals with lightning-fast speed,

while their giant crane claws were lifted high, reaching for the Demon Bodies of the Demon Generals!

At this moment, the two Ninth-Grade Demon Artifact Level Demon Generals, though affected by the Qilin Spirit Roar and Guangqing Cold Extreme Skill's frightening cold aura, had not completely lost their combat abilities,

facing the two array spirits of the Nine-Layered Thousand Cranes Grand Array attacking madly at their front, Hong Li and the other demon general shouted fiercely, forcefully mobilizing demonic qi to disperse the surrounding frost and cold aura, then each wielding their giant White Bone Demon Artifacts, engaged in combat with the array spirits!

Instantly,

the startling immense sounds of "Boom boom boom boom, bang bang bang" continued to erupt,

countless shockwaves caused by demonic qi and Immortal Yuan spread wildly towards the surroundings!

Ninth-Grade Demon Artifact Level Demon Generals are formidable beings in the Profound Yin Demon Sect second only in strength to Demon Lord Level beings; what's more, they are strengthened by the Celestial Demon Power from the Demon Child Gang Bone, greatly enhancing their strength, even under the effects of Qilin Spirit Roar and Guangqing Cold Extreme Skill, still bearing terrifying combat power!

As Hong Li and another Ninth-Grade Demon Artifact Level Demon General were wielding the White Bone Demon Artifacts, the demonic qi rampaged madly, the Power of Resentful Spirits from innumerable resentful souls surged constantly on the White Bone Demon Artifacts, attacking the Immortal Bodies of the Nine-Layered Thousand Cranes Grand Array array spirits!

The two array spirits from the Nine-Layered Thousand Cranes Grand Array are refined by the top Artifact Refiner Lin Xuankong, their Immortal Artifacts serving as the array hub, combined with numerous array patterns from the Thousand Cranes Grand Array, naturally making them beings with exceptionally powerful combat strength; their immense Immortal Bodies were multiple times sturdier than ordinary Ninth-Grade Earth Immortal Level powerhouses' Immortal Bodies, and their thousands of feathered attacks were almost equivalent to the simultaneous activation of thousands of magical artifacts' power, while their long beaks and giant crane claws were comparable to Immortal Artifacts!
