

Stronger 971

Chapter 971 How Is This Possible? (2)

"Of course, only if you surrender!

Even if you don't open the defenses of these Nine-Layered Thousand Cranes Grand Array, you can survive!

As long as you're willing to follow us back to the Holy Land of the Profound Yin Saint Sect, we can even stop attacking the Spiritual Crane Immortal City and the large Thousand Cranes Arrays of the Spiritual Crane Immortal Sect. We will no longer activate the Celestial Palace Sacred Sound, sparing every cultivator and Earth Immortal behind you. We will even persuade Saint Master Purlo, Celestial Banner Saint Monarch, Earth Fiend Saint Monarch, and Fenghuo Lin Saint Monarch to attack other Immortal Realm regions and no longer attack the Divine Dynasty Western Region, nor kill any Earth Immortal or cultivator in the Divine Dynasty Western Region!

How about this suggestion? In this way, not only will it enhance your reputation in the Immortal Realm Human Race, but you will also safely become a towering figure in our Profound Yin Saint Sect. This can be said to be a win-win with boundless merit!

We seventy-eight Saint Generals swear in the name of the Upper Realm Saint Monarch Guangfa Saint Monarch, if we deceive you with a single word, let the Celestial Monarch's Power within us run amok, condemning us to eternal damnation, never to be reborn!"

These seventy-eight demon generals of the Profound Yin Demon Sect at the Ninth-Grade Demon Artifact Level, are actually swearing by the name of the Upper Realm Celestial Demon and the power of the Celestial Demon?

Are these seventy-eight really serious?

Spare every Earth Immortal and cultivator present....

Spare every Earth Immortal and cultivator in the Divine Dynasty Western Region....

Achieve a great reputation for oneself in the Immortal Realm Human Race...

And ensure oneself to become a towering figure in the Profound Yin Saint Sect?

After hearing the various conditions of this Demon Buddha,

even Lin Xuankong couldn't help but show a slight smile,

If I hadn't possessed the only Vigorous in Old Age Life Plate in this Immortal Realm, if I hadn't prepared enough trump cards, if I hadn't formed a great enmity with the so-called Demon Child Gang Bone of the Profound Yin Demon Sect, perhaps I genuinely might have agreed to these conditions! But alas, alas, how can the words of these people from the Profound Yin Demon Sect be easily believed!

Moreover, now, I no longer need the disgraceful demon generals and demons of the Profound Yin Demon Sect to spare the numerous cultivators and Earth Immortals of the Spiritual Crane Immortal Sect and Spiritual Crane Immortal City behind me!

Thinking of this,

Lin Xuankong suddenly activated the endless Immortal Yuan within his body, silently lifted his right hand,

and instantly,

brilliant light erupted,

one dazzling stream after another, carrying extremely powerful Immortal Yuan fluctuations, spread to different positions around Lin Xuankong, and in the blink of an eye, they landed in thirty-six positions!

Immediately,

a light film of a Nine-Layered Thousand Cranes Grand Array abruptly appeared, enveloping the outer layers of the several dozen layers of Nine-Layered Thousand Cranes Grand Array set by the Cyan-forehead Qilin!

However,

unlike the numerous layers of the Nine-Layered Thousand Cranes Grand Array set by the Cyan-forehead Qilin,

the Nine-Layered Thousand Cranes Grand Array that Lin Xuankong set up with a wave of his hand emitted extremely strong Immortal Yuan fluctuations. The light film of the Nine-Layered Thousand Cranes Grand Array was densely covered with countless array patterns, appearing far more powerful than that set by the Cyan-forehead Qilin!

Upon seeing this scene,

innumerable cultivators and Earth Immortals within the Spiritual Crane Immortal City and the Spiritual Crane Immortal Sect couldn't help but tremble in their divine souls, carefully looking towards the thirty-six array hubs that Lin Xuankong had set up,

those with lower realms could barely sense that the Nine-Layered Thousand Cranes Grand Array just set by Lin Xuankong seemed more solid and powerful compared to the one previously set by the Cyan-forehead Qilin, the array patterns multiplying several dozen times. Yet, those Earth Immortals, upon seeing clearly the thirty-six array hubs in Lin Xuankong's Nine-Layered Thousand Cranes Grand Array, all froze, their faces showing disbelief.

Whether it be Sect Leader Li of the Spiritual Crane Immortal Sect,

or Chi Liuxia of the Wine Immortal Sect,

whether they were the elders of Ximang Immortal Sect and West Star Immortal Sect, or the sect leaders of other Immortal Sects,

all displayed expressions of total disbelief as they gazed at the thirty-six array hubs of the Nine-Layered Thousand Cranes Grand Array, not moving their eyes even slightly, their Immortal Yuan fluctuating violently, showing their extreme shock at this moment.

At this moment,

even in the presence of millions of cultivators, many Earth Immortals, within the Spiritual Crane Immortal Sect and the Spiritual Crane Immortal City, there was nearly absolute silence.

Only the two true disciples of the Guangqing Immortal Sect, Guang Ling'Er and Guang Yu'Er, upon seeing clearly the thirty-six array hubs of the Nine-Layered Thousand Cranes Grand Array, cried out with astonishment.

After exclaiming, Guang Ling'Er directly activated her Immortal Yuan, flying incredulously to a nearby array hub, staring at the Immortal Artifact arranged as an array hub, and exclaimed in shock, "I didn't see wrong, I didn't see wrong, this is actually a genuine Third-Grade Immortal Artifact!"

Before her voice fell, she once again transformed into a stream of light, darting to a nearby array hub, inspecting closely for a few moments, then exclaimed again in shock, "In the presence of the many ancestors of the Guangqing Immortal Sect! This, this, this is also a Third-Grade Immortal Artifact!"

Not far away,

similarly transformed into a stream of light, passing several array hub positions, Guang Yu'Er also shouted in astonishment, "It's not just those few array hubs. All these array hubs I've just checked, they're all arranged with Third-Grade Immortal Artifacts. My heavens, how can there be so many Third-Grade Immortal Artifacts in this world!"

These two true disciples of the Guangqing Immortal Sect, crying out as they quickly darted through each array hub position,

when the two had closely examined all the Immortal Artifacts set as array hubs and returned to Lin Xuankong's side, they revealed eyes shocked to the extreme, continuously looking at Lin Xuankong as if

the Third-Grade Earth Immortal they previously underestimated seemed like an incredibly astonishing monster!

Actually, one can't blame these two true disciples of the Guangqing Immortal Sect for being so shocked!

At this moment, Lin Xuankong arranged thirty-six array hubs for the Nine-Layered Thousand Cranes Grand Array, using indeed true Third-Grade Immortal Artifacts, wielding the same grade as the Cyan Nether Immortal Sword!

Suddenly coming across thirty-six Immortal Artifacts, how could Guang Ling'Er and Guang Yu'Er not be exceedingly astonished!

Even within the Guangqing Immortal Sect, after tens of thousands of years of accumulation, the Sect's Guardian Immortal Artifacts were only a few Second-Grade Immortal Artifacts! And these few Second-Grade Immortal Artifacts were treated as genuine treasures passed down for tens of thousands of years by the many elders and sect leader of Guangqing Immortal Sect, only usable by a few like Qiaan Yuan Daoist, Kunyuan Daoist, Sect Leader Guangqing, and the Grand Elder of the Guangqing Immortal Sect!

As for Third-Grade Immortal Artifacts....Guangqing Immortal Sect actually has none!

At this point,

these two true disciples of the Guangqing Immortal Sect are so certain that Lin Xuankong arranged the Nine-Layered Thousand Cranes Grand Array using all Third-Grade Immortal Artifacts,

therefore, countless cultivators and Earth Immortals within the Spiritual Crane Immortal Sect and Spiritual Crane Immortal City are no longer in doubt. Of course, the level of astonishment felt by these cultivators and Earth Immortals at this moment surpasses that of Guang Ling'Er and Guang Yu'Er, evidently even more shocked!

Quite a few Earth Immortals and cultivators cried out in amazement,

"Isn't this Tributor Mu of the Spiritual Crane Immortal Sect only supposed to possess one Third-Grade Immortal Artifact? It's said his Cyan Nether Immortal Artifact, being a true Third-Grade Immortal Artifact, can nearly rival the Third-Grade Immortal Artifact of our Central Divine Dynasty's Sect Leader! How can Tributor Mu have another thirty-six Third-Grade Immortal Artifacts? How, how, how is this possible?"

"Oh heavens, not long ago, Tributor Mu casually bestowed the Cyan-forehead Qilin Immortal with three thousand six hundred Immortal Artifacts. I initially thought witnessing thirty-six hundred First-Grade Immortal Artifacts appearing was the mightiest Immortal Artifact lineup I'd see in my lifetime, yet who could have imagined, who could have imagined, Tributor Mu would have as many as thirty-six Third-Grade Immortal Artifacts, those are Third-Grade Immortal Artifacts!"

"When I, Chi Liuxia, obtained this First-Grade Immortal Artifact Jade Gourd sixteen thousand years ago, I was thrilled for thousands of years, often taking it out to show off to friends! Yet, little did I know, Tributor Mu possessed thirty-six Third-Grade Immortal Artifacts, remaining so humble until today he finally revealed them! Compared to Tributor Mu.... sigh, comparing Immortal Artifacts is disheartening, comparing people is despairing!"

Chapter 972 Only One-Tenth of a Breath Needed

At this moment, not only were the countless cultivators and Earth Immortals within the Spiritual Crane Immortal Sect and Spiritual Crane Immortal City astonished and amazed,

but also the over ten thousand demons and demon soldiers of the Profound Yin Demon Sect were in awe of the overwhelming Immortal Yuan fluctuations from the newly emerged Nine-Layered Thousand Cranes Grand Array, constantly gazing towards this direction!

Especially the seventy-eight Demon Artifact Level Demon Generals, these Demon Generals who used their own demon bodies as the array hub to set up the Celestial Demon Array, during the maintenance of the Celestial Demon Array, sensed the intense Immortal Yuan fluctuations from the Nine-Layered Thousand Cranes Array, and each allocated a strand of heart spirit to sense it here.

When they sensed the Nine-Layered Thousand Cranes Array arranged by Lin Xuankong, realizing that all thirty-six array hubs were actually Third-Grade Immortal Artifacts, each Demon Artifact Level Demon General's face drastically changed.

These were no less than thirty-six genuine Third-Grade Immortal Artifacts!

To put it this way, even if someone were to tell these seventy-eight Demon Artifact Level Demon Generals that there were as many as three hundred and sixty Ninth-Grade Earth Immortals appearing in the Spiritual Crane Immortal City, the originally confident Demon Generals wouldn't be as shocked as this!

The emergence of these thirty-six genuine Third-Grade Immortal Artifacts brought almost the same level of shock to the seventy-eight Demon Artifact Level Demon Generals as would the appearance of a few Strongest Immortal Lord-level presences in the Spiritual Crane Immortal City at this moment!

Not only those over ten thousand demons and demon soldiers of the Profound Yin Demon Sect, nor just those seventy-eight Demon Artifact Level Demon Generals, but also the Thirty-six Tribulation Demon Lord Purlo leading nearly two thousand demons and demon soldiers, and seventy-eight Demon Artifact Level Demon Generals was shocked at heart!

Far away, thousands of miles away, the Thirty-six Tribulation Demon Lord Purlo had its pair of giant, gray-white eyes fixated without blinking on Lin Xuankong's thirty-six genuine Third-Grade Immortal Artifacts,

Within its gray-white giant eyes, not only was there utter amazement, but also immense excitement!

As one of the top-ranked Demon Lords in the Profound Yin Demon Sect, the most important resource Purlo depended on for its fame was the thirty-six powerful demon artifacts it condensed while undergoing the Celestial Demon Tribulation through incomparably strong life force!

Yet no matter how powerful its thirty-six demon artifacts renowned throughout the Immortal Realm might be, how could they compare to thirty-six genuine Third-Grade Immortal Artifacts!

Purlo was acutely aware that even if it combined all thirty-six demon artifacts in its possession, it couldn't compare to the sole Third-Grade Immortal Artifact possessed by the Sect Leader of the Divine Dynasty of the Central Province, because of the limitations of artifact grade, even if all thirty-six of Demon Lord Purlo's demon artifacts were fully activated, it would never be possible to rapidly demonize a single Third-Grade Immortal Artifact!

But if it had even one Third-Grade Demon Artifact, it would be a different story...

However,

What appeared before it at this moment were actually thirty-six genuine Third-Grade Immortal Artifacts!

The most crucial point was that the one activating these thirty-six genuine Third-Grade Immortal Artifacts was merely a Third-Grade Earth Immortal!

If it could get hold of all thirty-six of these Immortal Artifacts and slowly demonize them one by one...

Thinking up to this point,

The demonic qi of the Thirty-six Tribulation Demon Lord Purlo surged with excitement, and the crimson pupils in its giant gray eyes suddenly contracted!

If it could have thirty-six demon artifacts in hand,

I, Purlo, could immediately become the First Demon Lord of the Profound Yin Demon Sect, with strength comparable to Lord Ganggu, who had obtained a sliver of Celestial Demon Power....

In the next instant,

The demonic essence throughout the Thirty-six Tribulation Demon Lord's body suddenly stirred, and an extremely grand and excited voice was transmitted into the ears of the seventy-eight Demon Artifact Level Demon Generals,

"Do it! Put all your efforts into capturing this person, capturing this person!"

The seventy-eight Demon Artifact Level Demon Generals immediately shouted in unison,

At once,

Seventy-eight intense columns of demonic qi rose high into the sky, connected with the colossal demon Buddha body.

Originally, the demon Buddha summoned by the Celestial Demon Array was already immense and filled with terrifying visual impact, and now, driven to its fullest by these seventy-eight Demon Artifact Level Demon Generals, its demon body became even more condensed, and the speed of the demonic qi circulating around it increased greatly!

In a flash,

The enormous demon Buddha, initially seated atop the black demon lotus, abruptly stood up from the black lotus, took a step forward with an incredibly terrifying aura, lifting a massive foot that seemed capable of crushing thousands of miles of mountains and rivers, and struck towards the light membrane of Lin Xuankong's Nine-Layered Thousand Cranes Grand Array!

At the same time,

This enormous demon Buddha shot out twenty-four incredibly giant black beams from its hands, each several thousand feet wide, blasting onto the light membrane of Lin Xuankong's Nine-Layered Thousand Cranes Grand Array!

Before this,

The terrifying demon Buddha summoned by the Celestial Demon Array, when faced with hundreds of Nine-Layered Thousand Cranes Array Spirits summoned by the Cyan-forehead Qilin, had neither initiated an attack nor moved even a little, merely using its enormous, nimble eighteen arms to fend off those Array Spirit attacks, clearly having not used its full strength!

At this moment,

As this terrifying demon Buddha summoned by the Celestial Demon Array unleashed its full power, the utterly terrifying aura caused even Guang Ling'Er and Guang Yu'er, who had witnessed numerous Strongest Immortal Lord-level powerhouses' actions, to change their expressions.

Guang Ling'Er cried out in her heart,

This indeed was already an attack of a Strongest Immortal Lord-level powerhouse!

Even when my master, Kunyuan Daoist, uses his full power, it is only slightly stronger than this formation scene!

It turns out the immensely terrifying demon Buddha, when fully exerting its power, is not just comparable to a Strongest Immortal Lord powerhouse but has actually touched the level of a Strongest Immortal Lord-level powerhouse!

Chapter 973 Only One-Tenth of a Breath (Part 2)

As Guang Ling'Er was just considering this thought,

the terrifying attack initiated by the demon Buddha had already fallen on the light membrane of the Nine-Layered Thousand Cranes Grand Array. In an instant, endless demonic qi transformed into billions of resentful souls, madly striking the light membrane. The shockwaves from these attacks made the earth tremble incessantly for hundreds of thousands of miles around, as if the apocalypse had truly arrived!

However, this was merely the beginning of the demon Buddha's terrifying attack,

a total of seventy-eight Ninth-Grade Demon Artifact level Demon Generals simultaneously supported it. Arranged into the Celestial Demon Array through secret techniques, it could provide seemingly endless demonic qi, making the demon Buddha's attack naturally nearly endless!

In merely one-hundredth of a breath,

this colossal, terrifying demon Buddha attacked the Nine-Layered Thousand Cranes Grand Array tens of thousands of times with its immense form!

The booming sounds of "Boom boom boom boom boom" directly merged into one,

and within the terrifying aftermath of the battle, the ground for tens of thousands of miles inward had sunken several miles deep!

Countless cultivators and Earth Immortals within the Spiritual Crane Immortal City and Spiritual Crane Immortal Sect watched the terrifying attack of the demon Buddha before them, their expressions drastically changing.

Every cultivator and Earth Immortal were fully convinced that if it wasn't for Lin Xuankong and the Cyan-forehead Qilin as well as Immortal Lord Luoshui setting up the Nine-Layered Array, protecting them, the Spiritual Crane Immortal City and the Spiritual Crane Immortal Sect might have already completely disappeared, and every cultivator and Earth Immortal within would have already perished!

"Is this the terrifying power of a Strongest Immortal Lord-level powerhouse in action? I, Chi Liuxia, prided myself on being at the Fifth-Grade Realm, considered average within the Immortal Realm, but in front of such an existence... I, Chi Liuxia, dare not even claim to be average, not even counting as an ant!"

Chi Liuxia, with a tense face, tightly grasped the wine gourd in hand, her expression constantly changing as she mumbled.

Hearing Chi Liuxia's voice,

the slightly tense Guang Ling'Er and Guang Yu'Er couldn't help but shake their heads repeatedly,

Guang Yu'Er thought in her heart: Strongest Immortal Lord-level powerhouses are already considered the top within the Immortal Realm, with their bodies, Immortal Techniques, Divine Souls, and Immortal Yuan purity having reached the pinnacle of this world. Facing such a powerhouse, let alone considering your small Fifth-Grade Earth Immortal nothing more than an ant... even I and junior sister Guang Ling'Er,

in front of our master, and in front of this terrifying demon Buddha, what could we count for? Likely not even as ants.

Let alone this demon Buddha, whose strength touches the Strongest Immortal Lord level, even those Ninth-Grade Demon Artifact level Demon Generals enhanced by the Celestial Demon Power are unparalleled opponents for normal Ninth-Grade Earth Immortals!

After Guang Yu'Er silently critiqued, she somewhat nervously looked up at the light membrane of the Nine-Layered Thousand Cranes Grand Array newly set up by Lin Xuankong,

under close scrutiny, a spark of brilliance appeared in Guang Yu'Er's eyes, her heart filled with praise.

Seeing the light membrane of the Nine-Layered Thousand Cranes Grand Array set up by Lin Xuankong using a full thirty-six Third-Grade Immortal Artifacts, under the terrifying attack of that apocalyptic god-like demon Buddha, it was constantly emitting bright light, and countless dense array patterns continually emerged at every point of attack!

Although each terrifying attack from that colossal demon Buddha caused one or several array patterns to dissipate,

accompanied by the flickering spiritual light of the thirty-six Third-Grade Immortal Artifacts forming the Array Hub, numerous new array patterns instantly appeared, once more blocking the terrifying demon Buddha's attacks!

The demonic qi of that terrifying demon Buddha seemed infinite, its attacks similarly appearing infinite, but the array patterns on the Nine-Layered Thousand Cranes Grand Array set up by Lin Xuankong seemed similarly endless, continually appearing, disappearing, then reappearing...

Guang Yu'Er, with eyes gleaming with wonder, watched for a moment, unable to resist turning to look at Lin Xuankong, only to see him placidly calm, even with a slight smile on his face.

Facing such an immensely powerful terrifying demon Buddha, he can still smile? This guy... although reluctant to admit it, this guy indeed is beyond comparison to oneself, alas, the most critical part is, this guy is only at the Third-Grade Realm!

With elegant features and talent that stood out even among the numerous geniuses emerging in Guangqing Immortal Sect, Guang Yu'Er, looking at the calm Lin Xuankong, suddenly felt a heaviness in her heart, even a bit of self-abasement. The little pride of being a genius cultivator, a Ninth-Grade Earth Immortal, vanished entirely at this moment!

At this moment,

seemingly sensing Guang Yu'Er's gaze,

Lin Xuankong suddenly turned to look over,

As Guang Qing Immortal Sect's true heir disciple and genius disciple, Guang Yu'Er, encountering Lin Xuankong's gaze, suddenly felt somewhat guilty, lowering her head slightly, her heartbeat quickening, mind slightly in disarray.

"Senior Sister Guang Yu'Er, the previous bet should still count, right?"

Lin Xuankong's rather gentle and composed voice reached Guang Yu'Er's ears.

This true disciple of Guangqing Immortal Sect, upon suddenly hearing Lin Xuankong's words, couldn't help but look up in a daze, seeing Lin Xuankong looking at her with a touch of anticipation in his eyes.

Guang Yu'Er's mind was already somewhat in disarray, unable to help but ask blankly: "What? What bet?"

With a slight hint of anticipation in his eyes, Lin Xuankong said: "Of course it's the previously agreed contest! Senior Sister Guang Yu'Er wouldn't welsh, would she?"

Upon hearing this, Guang Yu'Er was stunned once more, quickly recovering, and with a peculiar expression said: "Mr. Lin, now we face a formidable enemy, and not just any formidable enemy, in front of us are essentially two Strongest Immortal Lord-level powerhouses and seventy-eight Ninth-Grade Demon Artifact-level Demon Generals besieging us, how long we can hold out is still unknown!"

At this moment, while speaking, Guang Yu'Er's face was peculiar but without a trace of arrogance. Her address to Lin Xuankong had even changed to Mr. Lin, clearly indicating that in this true disciple of Guangqing Immortal Sect's heart, she dared not take the small Third-Grade Earth Immortal before her as an opponent she could easily defeat, even less did she dare to act superior, flaunting her position as a senior sister in front of Lin Xuankong.

Nearby, Guang Yu'Er, hearing their conversation, couldn't help but drift over, similarly speaking with a peculiar expression:

"Master Lin... Mr. Lin's methods are astonishing, with numerous terrifying trump cards, in terms of combat strength, my senior sister and I would undoubtedly fall behind without dispute, the previous agreed contest, there's no way my senior sister and I could surpass Mr. Lin, but right now, with the formidable enemy besieging us, it is really not the time to discuss any bets!"

Seeing the two charming Daoist nuns speaking so, Lin Xuankong couldn't help but reveal a slight smile once more,

"A Strongest Immortal Lord-level powerhouse is indeed tremendously powerful, but this demon Buddha is after all merely an array spirit summoned by the Celestial Demon Array, ultimately lacking slightly compared to a true Strongest Immortal Lord-level existence. Repelling it is not a difficult task, probably only requiring one-tenth of a breath of time!"

"What?"

Upon hearing this, Guang Yu'Er's pretty face immediately showed an expression of complete disbelief.

"What? Mr. Lin, what did you say?"

Beside her, Guang Ling'Er similarly wore a face of disbelief, feeling as though the Lin Xuankong before her was speaking nonsense.

That was a demon Buddha summoned by the Celestial Demon Array, a truly terrifying demon creature touching the edge of a Strongest Immortal Lord-level powerhouse! Even if Master Kunyuan Daoist were

here, to defeat this terrifying demon Buddha would require going all out, utilizing the Guangqing Cold Extreme Skill cultivated for over hundreds of thousands of years along with the mighty Immortal Techniques of Guangqing Immortal Sect. Moreover, for Master Strongest Immortal Kunyuan Daoist to defeat the demon Buddha, it could not take merely a short one-tenth of a breath of time!

If Lin Xuankong before her said so, wouldn't that mean his combat strength, compared to her master Strongest Immortal Kunyuan Daoist, is even stronger? This guy is undoubtedly strong, astonishingly so, undoubtedly claiming the strength of being the first under the Strongest Immortal Lords, but even so, he boasted too outrageously about surpassing Master Kunyuan Daoist? Surely at this moment, every bull within the Immortal Realm would be blown skyward by his boasting!

Chapter 974: The True Counter-Slaughter

In the time of one-tenth of a breath,

to eliminate a terrifying Demon Buddha with power comparable to the Strongest Immortal Lord or the Demon Lord?

At this moment, even the White-forehead Qilin, who had always been full of confidence in Lin Xuankong, showed an expression of disbelief in his eyes.

The White-forehead Qilin had witnessed miracle after miracle created by Lin Xuankong, and had some confidence in Lin Xuankong being able to defeat this giant Demon Buddha before him!

However, having some confidence in Lin Xuankong does not equate to believing that Lin Xuankong can eliminate this Demon Buddha in the time of one-tenth of a breath!

In the eyes of the White-forehead Qilin, even if Immortal Lord Luoshui Yan Mingyu were here, even if Immortal Lord Luoshui Yan Mingyu activated the greatest array of the Immortal Realm, the Luo Water Cave Heaven Array, it would still be difficult to instantly defeat the Demon Buddha before him! After all, it's the concentrated force of as many as seventy-eight Ninth-Grade Demon Artifact Level Demon Generals!

Back then, the Strongest Immortal Lord Ling Wuji, faced with thirty to forty Ninth-Grade Demon Artifact Level Demon Generals, could not withstand the battle and was severely injured by being besieged by those Ninth-Grade Demon Artifact Level Demon Generals! Although Immortal Lord Luoshui Yan Mingyu

is stronger in reputation, status, and power than Immortal Lord Ling Wuji, yet at this moment, the situation in front is no longer just thirty to forty Ninth-Grade Demon Artifact Level Demon Generals!

While doubt flickered in the eyes of the White-forehead Qilin, the Cyan-forehead Qilin beside him gazed at Lin Xuankong excitedly, saying repeatedly: "Since the Young Master returned from the Boundaryless Mountain Range over these seven or eight years, surely his strength has greatly increased, and even has the confidence to kill this Demon Buddha in the time of one-tenth of a breath? Hahaha, Qing looks forward to it, Young Master, act quickly!"

Upon hearing the Cyan-forehead Qilin speak, and seeing the Seven-Grade Little Demon King of the Qilin Race so blindly trusting Lin Xuankong, the White-forehead Qilin couldn't help but shake his head helplessly.

Beside them, Guang Ling'Er and Guang Yu'Er shook their heads repeatedly,

Guang Ling'Er shook her head while sighing: "If Mr. Lin could defeat the terrifying Demon Buddha before us, that would be good; as for how long it would take to defeat..."

Before she finished, she suddenly felt the surrounding thirty-six glittering Third-Grade Immortal Artifacts suddenly emit a powerful Immortal Yuan fluctuation,

Immediately thereafter, a particularly loud crane call suddenly appeared above the light membrane of the Nine-Layered Thousand Cranes Array!

Guang Ling'Er's face changed as her speech was interrupted, she looked up and saw that above the light membrane of the Nine-Layered Thousand Cranes Array, a Immortal Crane with a body spanning over twenty thousand zhang had already appeared!

This newly emerged Array Spirit of the Nine-Layered Thousand Cranes Array is almost exactly the same size as the Array Spirit previously summoned by the Cyan-forehead Qilin, identical in shape and feathers, the only difference being the intense fluctuations emitted by the Immortal Body of this newly emerged Array Spirit!

The intensity of the Immortal Yuan fluctuations, compared to the Demonic Qi fluctuations emitted by the Demon Buddha continually attacking the Nine-Layered Thousand Cranes Array from the sky, is almost on par!

The most peculiar thing is,

The Immortal Yuan fluctuations emitted around this Immortal Crane revealed countless densely packed Array Patterns, those patterns were as complex as those on the membrane of the Nine-Layered Thousand Cranes Array, appearing to be mysteriously and overwhelmingly powerful!

Upon seeing this incredibly powerful Array Spirit, Guang Ling'Er, who had previously found Lin Xuankong's statement unbelievable, suddenly had a change of heart.

She thought quietly: With a full thirty-six Third-Grade Immortal Artifacts forming the Nine-Layered Thousand Cranes Array, the summoned Array Spirit is indeed different from the one summoned by thirty-six First-Grade Immortal Artifacts! Perhaps, perhaps this Array Spirit could really handle the terrifying Demon Buddha before us?

Thinking of this, she couldn't help but turn her head again to look at Lin Xuankong, thinking to herself that even if others knew how powerful the Array Spirit summoned by this method is, there's no one else who could replicate Mr. Lin's approach!

There's no one else who could, like Mr. Lin, bring forth thirty-six Third-Grade Immortal Artifacts!

Even the Sect Master of the Divine Dynasty Immortal Sect, the foremost of the Human Race in the Immortal Realm, only possesses one Third-Grade Immortal Artifact!

However,

At this moment, filled with reflections in heart, Guang Ling'Er had no idea,

that a mere thirty-six Third-Grade Immortal Artifacts meant nothing to Lin Xuankong now?

Seven or eight years ago, Lin Xuankong already possessed a large number of Third Grade and above, Fourth, Fifth, and Sixth Grade Immortal Artifacts. Now, with seven or eight years passing, the Golden Patterned Ghost Frog Pouch at Lin Xuankong's waist already contains Fourth, Fifth, and Sixth Grade Immortal Artifacts as numerous as cattle, and even Seventh-Grade Immortal Artifacts exceed thirty-six pieces!

Unfortunately, this Immortal Demon War came too fast and did not give Lin Xuankong and the Artifact Refining Genius Xiao Xiuyi enough time, otherwise, if the two were given another few decades, perhaps even Eighth and Ninth Grade Immortal Artifacts might pile up!

Now the Array Spirit has appeared,

Guang Ling'Er in a daze of thoughts,

Lin Xuankong's rather leisurely voice reached Guang Ling'Er's ears,

"Start counting from now!"

Upon hearing this, Guang Ling'Er paused and suddenly felt that perhaps the serene Lin Xuankong before her might actually be able to eliminate the Demon Buddha that even the Strongest Immortal Lord Kunyuan Daoist couldn't kill quickly, in the time of one-tenth of a breath!

Before Lin Xuankong finished speaking,

the powerful Nine-Layered Thousand Cranes Array Spirit let out a long cry, transformed into a phantom ray of light, extremely swiftly heading towards the massive chest of the Demon Buddha!

The incredibly huge Demon Buddha, upon seeing a newly appeared Array Spirit, had already become alert, its gaze locked on the Immortal Body of the Nine-Layered Thousand Cranes Array Spirit, while its twenty-four enormous palms waved before it into an incredibly dense blur, trying to catch the Nine-Layered Thousand Cranes Array Spirit!

Chapter 975: The True Reversal_2

The terrifying Demon Buddha, whose strength rivals that of the Strongest Immortal Lord, swung its arms with incredible speed.

Let alone an ordinary Ninth-Grade Earth Immortal, even the two true disciples of Guangqing Immortal Sect, Guang Ling'Er and Guang Yu'Er, would be unable to escape from a single sweep of the Demon Buddha's palm, and would be struck within a fraction of a second, their Immortal Bodies obliterated!

However, at this moment, the array spirit summoned by Lin Xuankong using thirty-six Third-Grade Immortal Artifacts displayed astonishing agility,

No matter how the terrible Demon Buddha's twenty-four massive arms swung, it could never capture its Immortal Body, as each time the spirit of the Nine-Layered Thousand Cranes Grand Array narrowly evaded by progressing continuously!

As time elapsed to one-twentieth,

In the gaps between the wildly swinging arms of the Demon Buddha, the array spirit of the Nine-Layered Thousand Cranes Grand Array approached within several ten thousand zhang of the Demon Buddha's chest, and probably within only three to four-twentieths of a breath, the array spirit could breach the Demon Buddha's chest!

Witnessing this situation,

The terrifying Demon Buddha, who seemed poised to destroy the entire Spiritual Crane Immortal Sect and Spiritual Crane Immortal City just a moment ago, appeared to show a hint of apprehension in its enormous eyes,

It suddenly howled, its once benevolent face turning exceedingly ferocious, as the demonic qi surged and its enormous demonic body retreated at high speed!

The Demon Buddha, whose strength rivaled the Strongest Immortal Lord, was retreating at full force....

Naturally,

With such formidable strength, the Demon Buddha's retreat was at an incredible speed, far surpassing the Ninth-Grade Perfect Level Earth Immortals like Guang Ling'Er and Guang Yu'Er, who couldn't catch up even with the use of a Second-Grade Immortal Artifact!

Regrettably,

The one attacking this gigantic Demon Buddha was the array spirit summoned by thirty-six Third-Grade Immortal Artifacts!

A clear and resonant cry erupted from the mouth of the array spirit of the Nine-Layered Thousand Cranes Grand Array, and then, the array patterns formed by the Immortal Yuan around its Immortal Body suddenly adhered to its surface!

In the next instant,

The speed of the Nine-Layered Thousand Cranes Grand Array spirit, already incredibly swift, increased once more, now surpassing the retreating speed of the enormous Demon Buddha!

As time elapsed to one-fifteenth of a breath,

The rapidly speeding array spirit of the Nine-Layered Thousand Cranes Grand Array suddenly collided with the gigantic body of the Demon Buddha, transforming directly into a shadow as it penetrated inside...

The array spirit summoned by as many as seventy-eight Ninth-Grade Demon Artifact-level Demon Generals, comparable to a powerhouse of Strongest Immortal Lord level, caused the enormous demonic body to shudder, a trace of pain flickering in its enormous eyes.

In the following moment,

The immense and terrifying Demon Buddha's entire demonic body began to tremble violently, as countless cracks appeared on its once indestructible form, from which surged an uncontrollable, devastating energy!

It was the array spirit of the Nine-Layered Thousand Cranes Grand Array,

Self-destructing within its gigantic demonic body!

The array spirit summoned by thirty-six First-Grade Immortal Artifacts by the Cyan-Forehead Qilin could easily annihilate a Ninth-Grade Demon Artifact-level Demon General, and now it was the array spirit summoned by thirty-six Third-Grade Immortal Artifacts self-destructing within the gigantic Demon Buddha's body, its power unfolding internally, something even a Strongest Immortal Lord-level powerhouse could not withstand!

As time elapsed to one-tenth of a breath,

The once violently trembling Demon Buddha suddenly paused, and its immense demonic body shattered!

"Boom"

The entire infinite land of the Central Divine Dynasty Western Region suddenly trembled at this moment!

The dreadful explosive power spread outward from the Demon Buddha's body at a terrifying speed, reaching the seventy-eight Ninth-Grade Demon Artifact-level Demon Generals' position within one-twenty thousandth of a breath, reaching the Spiritual Crane Immortal Sect and Spiritual Crane Immortal City within one-ten thousandth of a breath, and reaching the position of more than ten thousand Profound Yin Demon Sect demons and demon soldiers within one-five thousandth of a breath!

At this moment,

Countless cultivators and Earth Immortals within the Spiritual Crane Immortal Sect and Spiritual Crane Immortal City couldn't help but close their eyes, not daring to gaze at the incomparably bright explosion center!

All cultivators and Earth Immortals at this moment hoped fervently that the explosion of the terrifying Demon Buddha's body wouldn't destroy the dozens of layers of the Nine-Layered Thousand Cranes Grand Array...

Three breaths later,

The terrifying explosion power, which swept across hundreds of thousands of miles, gradually subsided!

The numerous cultivators and Earth Immortals within the Spiritual Crane Immortal Sect and Spiritual Crane Immortal City, still dazed, opened their eyes one by one and looked towards the sky, only to see that the light veil of the dozens of layers of the Nine-Layered Thousand Cranes Grand Array, which once guarded the Spiritual Crane Immortal Sect and Spiritual Crane Immortal City, had now only seven layers left...

These were arrays capable of resisting the full-force attacks of a Strongest Immortal Lord-level powerhouse for days, and in the recent moments, more than thirty layers were directly obliterated by the terrifying explosion power!

Needless to say,

The power of the explosion involving the array spirit of the Nine-Layered Thousand Cranes Grand Array and the terrifying Demon Buddha was unfathomably dreadful, astonishing, and terrifying!

"Such earth-shattering power, I fear I would be annihilated if I were hiding three thousand miles away!" In the crowd, a First-Grade Earth Immortal muttered with wide-open mouth.

"No, you should drop the word 'fear.' The terrifying power just now was an explosion of the demonic body of a Demon Buddha with strength comparable to the Strongest Immortal Lord, equivalent to the combined attack of a Strongest Immortal Lord-level powerhouse condensed into a single instant!

Even if you were three thousand miles away, a Fourth-Grade Earth Immortal like me would have my Immortal Body obliterated!" A Third-Grade Earth Immortal immediately negated the First-Grade Earth Immortal's statement with a face full of shock!

"The Demon Buddha is dead?

It was really defeated by the array spirit summoned by Mr. Mu?"

"My heavens, I've heard Mr. Mu's cultivation realm is only at the third layer! A Third-Grade Earth Immortal, defeating a Strongest Immortal Lord-level powerhouse???"

Countless cultivators and Earth Immortals, relieved to have survived the disaster, began to discuss it.

In mid-air,

The Cyan-forehead Qilin shouted with excitement,

"Hahahaha, as expected of my Young Master, praised by Immortal Lord Luoshui as the greatest genius in the Immortal Realm, Young Master, you really took down that huge creature in one-tenth of a breath, hahahaha, how exhilarating, how exhilarating!"

Next to him, the White-forehead Qilin couldn't help but look outside, and upon seeing the situation outside, this Seventh-Grade Demon King of the Qilin Race exclaimed, "Look outside, look outside!"

Hearing the White-Forehead Qilin's exclamation,

The many Earth Immortals present, along with Guang Ling'Er and Guang Yu'Er, turned their heads to look,

Only to see, several thousand miles away, the gathering location of the Profound Yin Demon Sect's demons and demon soldiers had already dissipated most of the demonic qi, with more than ten thousand demons and demon soldiers vanishing by ninety percent, leaving only a few hundred Fifth-

Grade and above demons, each with their demonic bodies covered in hideous scars and demonic qi dissipating!

As for the seventy-eight Demon Generals arranged in the Celestial Demon Array, being so close to the explosion's center, they bore the brunt of the Strongest Immortal Lord-level powerhouse's attack billions of times over, facing even more tragic results!

At least fifty Ninth-Grade Demon Artifact-level Demon Generals had their demonic qi completely dissipated, lifelessly floating in mid-air, evidently fallen!

The remaining twenty-odd Ninth-Grade Demon Artifact-level Demon Generals likewise bore terrible scars that could not easily heal, with most of their demonic qi dissipated!

The only one remaining intact on the Profound Yin Demon Sect's side was the long-renowned Thirty-six Tribulation Demon Lord Purlo!

Chapter 976: I'll Be Back

A moment ago,

The nearly twenty thousand demon soldiers and demon generals of the Profound Yin Demon Sect had driven countless cultivators and Earth Immortals of the Spiritual Crane Immortal Sect to despair!

Not to mention, there were also as many as eighty Ninth-Grade Demon Artifact Level Demon Generals, terrifying existences that even a powerhouse like Ling Wuji of the Strongest Immortal Lord Level couldn't defeat!

Additionally, with the Thirty-Six Tribulation Demon Lord Purlo, whose strength was only second to established Demon Lords like Celestial Banner Earth Fiend Wind Fire Forest, the cultivators and Earth Immortals within the Spiritual Crane Immortal Sect and Immortal City could hardly see a glimmer of survival!

However,

A moment later,

The nearly twenty thousand demons and demon soldiers that once covered the skies and even swept across a large Immortal Sect were now almost wiped out!

The numerous demon generals that had once intimidated countless Earth Immortals and cultivators of the Immortal Realm Human Race were now miserably reduced to over twenty.... Before the battle started, who could have thought that such powerful Ninth-Grade Demon Artifact Level Demon Generals would be so vulnerable before the array spirits summoned by the Nine-Layered Thousand Cranes Grand Array arranged by Lin Xuankong!

At this moment,

The only pressure left on the countless cultivators and Earth Immortals within the Spiritual Crane Immortal Sect and Immortal City was the Thirty-Six Tribulation Demon Lord Purlo, who had shaken the entire Immortal Realm!

Thousands of miles away from the Spiritual Crane Immortal Sect,

The Thirty-Six Tribulation Demon Lord Purlo, whose body was tens of thousands of feet tall, had eyes of a giant, grayish-white hue, filled with shock, apprehension, and confusion.

It couldn't comprehend,

Simply couldn't fathom,

Even with its countless years of experience, it couldn't understand the scene before its eyes!

A mere human Little Earth Immortal, seemingly at only the Third-Grade Realm, had easily destroyed over ten thousand strong entities from the Holy Sect before its eyes. Even nearly sixty Ninth-Grade Sacred Level Saint Generals had fallen. If it weren't for its own strength and quick reaction, using endless demonic qi to form a defense before the explosion of the Nine-Layered Thousand Cranes Grand Array and the Demon Buddha, it might have also been injured in that terrifying explosion!

Yet it was thousands of miles from the explosion's center!

And that mere human Little Earth Immortal, seemingly at only the Third-Grade, had clearly set up a Nine-Layered Array, summoning spirits of the Ninth Realm! Such an array spirit, even exploding within the body of the Demon Buddha, summoned by the Celestial Demon Array, shouldn't have been able to destroy its formidable body, right?

This was just too abnormal, too bizarre!

Numerous thoughts flashed through the mind of the Thirty-Six Tribulation Demon Lord Purlo in an instant,

A breath later, its gaze fell upon Lin Xuankong within the Nine-Layered Thousand Cranes Grand Array.

At this time, Lin Xuankong had already gathered up the thirty-six Third-Grade Immortal Artifacts that had fallen to the ground, storing them one by one into the Golden Patterned Ghost Frog Pouch at his waist. Even though they were Third-Grade strong Immortal Artifacts, once used as an array hub, if the array spirit self-detonated or was destroyed, they would be greatly affected, causing chaos within the artifact for a time, rendering them unusable as array hubs!

As the Third-Grade Immortal Artifacts, shining with spiritual light, were stored inside the Golden Patterned Ghost Frog Pouch,

Gazing at the Golden Patterned Ghost Frog Pouch on Lin Xuankong's waist, a gleam of greed flashed in the gray and white eyes of the Thirty-Six Tribulation Demon Lord Purlo.

Yet, also due to noticing those thirty-six genuine Third-Grade Immortal Artifacts, the Thirty-Six Tribulation Demon Lord Purlo pondered, perhaps... the terrifying attack speed and self-detonation power of the Nine-Layered Thousand Cranes Grand Array's array spirit, which annihilated the Demon Buddha summoned by the Celestial Demon Array on the spot, was because the Nine-Layered Thousand Cranes Grand Array was entirely composed of Third-Grade Immortal Artifacts?

Though it considered this a possible reason,

The Thirty-Six Tribulation Demon Lord Purlo still dared not be certain.

For despite its hundreds of thousands of years of age, witnessing the flourishing Near Ancient Era of the Immortal Realm Human Race, even hearing that during those times, Earth Immortals of the Immortal Realm Human Race had refined Fourth or even Fifth-Grade Immortal Artifacts, all those Fourth and Fifth-Grade Immortal Artifacts were exceptionally rare top-tier artifacts of the time, with only one or two in existence! Where had any Earth Immortal of the Immortal Realm Human Race ever possessed thirty-six Third-Grade Immortal Artifacts simultaneously? Did anyone really think such precious Third-Grade Immortal Artifacts were as common as cabbage?

For this reason, not even the Thirty-Six Tribulation Demon Lord Purlo had ever heard of any human Earth Immortal who had used as many as thirty-six precious Third-Grade Immortal Artifacts as the array hub! No generation of the Immortal Realm Human Race had done it, neither in the Near Ancient Era, nor in the Ancient Era!

But,

The Thirty-Six Tribulation Demon Lord Purlo had no idea,

Although Lin Xuankong used as many as thirty-six Third-Grade Immortal Artifacts to arrange the Nine-Layered Thousand Cranes Grand Array, summoning array spirits that were indeed stronger than those summoned by the Ninth-Layered Array using First-Grade Immortal Artifacts by the Cyan-Forehead Qilin, they still couldn't reach the level of being able to explode the Demon Buddha!

After all, that Celestial Demon Array was summoned by seventy-eight Ninth-Grade Demon Artifact Level Demon Generals using their bodies as array hubs. That Demon Buddha was nearly on par with the existence of the Strongest Immortal Lord Level!

The reason the powerful array spirit summoned by Lin Xuankong's Nine-Layered Thousand Cranes Grand Array could unleash such extreme speed and kill a Demon Buddha within a tenth of a breath was primarily because of Lin Xuankong's Vigorous in Old Age Life Plate, with talents of bullying the old and weak and Piercing the Mountain and Hitting the Ox! The demonic qi forming the terrifying Demon Buddha came from those Ninth-Grade Demon Artifact Level Demon Generals, each with a lifespan of at least tens of thousands of years!

Chapter 977: I'll Be Back (Part 2)

In this situation, the array spirit summoned by Lin Xuankong's Nine-Layered Thousand Cranes Grand Array can naturally unleash several times the power!

It could even be said that the array spirit summoned by the Nine-Layered Thousand Cranes Grand Array just now, with the various enhancements from Lin Xuankong, has explosive power that is almost equal to the self-destructive power of a true Strongest Immortal Lord-level powerhouse!

However, ever since the Immortal Realm has cultivators, and the Demon Realm has demons, since the Ancient Era, there has never been a self-destruction of a Strongest Immortal Lord-level powerhouse... At this tier, they are virtually in a stage of immortality in the Immortal Realm, and the only things that could cause their demise are the Celestial Tribulation or Celestial Demon Tribulation!

Unfortunately, even with innumerable experiences and hundreds of thousands of years of past, Thirty-Six Tribulation Demon Lord Purlo could not have foreseen that this small Human Race Third-Grade Earth Immortal in front of him possesses the unique Vigorous in Old Age Life Plate alongside various heavens-defying talents!

Thus,

After numerous thoughts flashed through his mind, the apprehension and doubt in the eyes of Thirty-Six Tribulation Demon Lord gradually faded, replaced by an obvious look of greed and fervor.

Thirty-Six Tribulation Demon Lord Purlo is acutely aware that if those genuine, invaluable Third-Grade Immortal Artifacts that Lin Xuankong just received from the Golden Patterned Ghost Frog Pouch can fall into his hands, and once fully demonized, his strength would see an explosive increase, directly surpassing the Celestial Banner Earth Fiend Wind Fire Forest and other old guards of the Demon Lord rank, becoming the undisputed first Demon Lord of the Profound Yin Demon Sect, possibly even surpassing First Demon Lord Fan Yu, who is said to have lived for 1,247,000 years!

Furthermore, at this moment,

Thirty-Six Tribulation Demon Lord Purlo believes,

If he could acquire these thirty-six invaluable Third-Grade Immortal Artifacts... or acquire more than twenty Immortal Artifacts, then transform them into Demon Artifacts, his strength would sharply increase to an extremely formidable level, possibly able to contend with the dominion over the entire Profound Yin Demon Realm held by Saint Heir Gang Bone, and even if he can't match the Saint Heir Gang Bone who wields the Saint Monarch's Power, he could at least put up a fight!

Additionally, after obtaining these thirty-six invaluable Third-Grade Immortal Artifacts, he would likely have seventy to eighty percent assurance to overcome the next Ninth-Grade Celestial Demon Tribulation!

Upon thinking of these,

Thirty-Six Tribulation Demon Lord Purlo disregards the scores of Ninth-Grade Demon Artifact level Demon Generals behind him and instead moves alone, traversing thousands of miles in an instant, floating above the Nine-Layered Thousand Cranes Grand Array!

Simultaneously,

This renowned figure of hundreds of thousands of years, known as the undying demon, Thirty-Six Tribulation Demon Lord Purlo, directly channels his Endless Demonic Qi refined over hundreds of thousands of years and then looks down into the Nine-Layered Thousand Cranes Grand Array, his originally grayish-white eyes gradually transitioning to pure black,

The voice, full of demonic nature and oppressive force, booms out, echoing in the ears of every cultivator and Earth Immortal under the protection of the Nine-Layered Thousand Cranes Grand Array,

"The array spirit summoned by the Celestial Demon Array can battle even the Strongest Immortal Lord-level powerhouses, yet Mu Shiba, you annihilated it completely with a mere Third-Grade Realm and an insignificant Nine-Layered Thousand Cranes Grand Array! If word of this battle's result spreads, the entire Immortal Realm, the whole Profound Yin Sacred Domain, even the Boundaryless Mountain Range and Spirit Platform Buddha Realm, will be shaken by you!

Young age, humble realm, yet you make a striking entrance, destined to be famed throughout the Four Immortal Realms, impressive indeed!

No wonder our Saint Heir Gang Bone instructed me to personally lead eighty Ninth-Grade Sacred Artifact level Saint Generals along with tens of thousands of Holy Soldiers to meet you!

Just from this battle alone, you Mu Shiba, are enough to be my opponent!

It's a pity,

It was the Saint Generals' summoned Saint Buddha that exchanged blows with you, not me personally, which is a bit regrettable!

If I continue to confront you now, it truly feels like bullying the weak! Yet the Saint Heir has given orders, and this time, must take you!"

Hearing the words of the renowned Thirty-Six Tribulation Demon Lord Purlo of hundreds of thousands of years,

Countless Earth Immortals and cultivators within the Spiritual Crane Immortal Sect and Spiritual Crane Immortal City tightened their gazes, and their hearts gradually rose in alarm.

A Demon Lord-level powerhouse is finally about to make a move!

Even without thinking, everyone knows that once the legendary Thirty-Six Tribulation Demon Lord Purlo acts, it will naturally be far more fierce, more frightening, and more striking than the just encountered enormous Demon Buddha of the Celestial Demon Array!

At this time,

Even the True Disciples of the Guangqing Immortal Sect, Guang Ling'Er and Guang Yu'Er, appeared tense, even more so than when they first witnessed the terrifying Demon Buddha of the Celestial Demon Array!

Of course,

Lin Xuankong's recent action,

Amazed numerous people and gave countless cultivators and Earth Immortals present a glimpse of hope to survive!

But in truly facing this oppressive presence of the terrifying demon that has reigned for hundreds of thousands of years, not one cultivator or Earth Immortal dares to underestimate him!

After all, this Thirty-Six Tribulation Demon Lord Purlo is indeed a figure recorded in the annals of various sects, having caused the downfall of countless Immortal Realm Human Race Earth Immortals in numerous Immortal Demon Wars!

Most critically,

Although Lin Xuankong has just defeated the extremely frightening Demon Buddha of the Celestial Demon Array, achieving a feat shocking the entire Immortal Realm, Profound Yin Demon Realm, Boundaryless Mountain Range, and Spirit Platform Buddha Realm, a feat worthy of being chronicled in the annals of every sect of the Immortal Realm Human Race, he has already exhausted the might of the thirty-six Third-Grade Immortal Artifacts used to defeat the demon Buddha, needing several, even scores of years before they can be reused as an array hub!

Next steps,

How will Lin Xuankong confront this legendary demon lord of hundreds of thousands of years?

Guang Ling'Er and Guang Yu'Er, upon realizing this, found their excitement and ardor from Lin Xuankong's triumphant battle against the terrible demon Buddha to abruptly vanish, manifesting rather nervous expressions.

At this moment, the Cyan-forehead Qilin flying beside Lin Xuankong still bears an expression of excitement and thrill,

Having listened to Priro's speech, the Cyan-forehead Qilin immediately chirped, "Look at you, babbling away; if you're going to act, then do so! Though my master has already utilized thirty-six Third-Grade Immortal Artifacts, incapable of being activated short-term, yet you, a mere demon lord, attempting to breach our defenses, is likely not simple! Without the support of nearly twenty thousand demons and those Ninth-Grade Demon Artifact level Demon Generals, you alone seeking to destroy my forty-plus layers of Nine-Layered Thousand Cranes Grand Array, my master's Luo Water Immortal Lord's Nine-Layered Array, would probably require over a hundred days to accomplish!

After more than a hundred days, my master, Luo Water Immortal Lord, may have already expelled your so-called Celestial Banner Earth Fiend Wind Fire Forest, returning triumphantly to smack you on the backside!

Oh no, wait, not right! Maybe before my master Luo Water Immortal Lord returns, in over a hundred days, my Young Master might just forge heaps of Immortal Artifacts; by then, it might be my Young Master who gives you a beating! Hahaha!"

At present, this Seventh-Grade Little Demon King of the Qilin Race, under the protection of the forty-plus layers of Nine-Layered Thousand Cranes Grand Array arranged with a plethora of Immortal Artifacts gifted by Lin Xuankong, evidently devoid of any panic, even banters with impudence, entirely disregarding the renowned demon lord of hundreds of thousands of years!

Even Lin Xuankong upon hearing the Cyan-forehead Qilin's statements could not help but cast a smile at this straightforward Little Demon King.

The Thirty-Six Tribulation Demon Lord Purlo up in the high skies, hearing the Cyan-forehead Qilin's irreverent words, did not fly into rage, maintaining an aloof posture of looking down from above.

With hundreds of thousands of years of accumulated experience, how could Thirty-Six Tribulation Demon Lord Purlo be incited to anger by the provocation of a tiny Seventh-Grade Little Demon King!

However, not growing angry does not mean tolerating the taunts of a Seventh-Grade Little Demon King. As a Demon Lord-level dreadful powerhouse, how could he permit mockery by a little demon! Before the Cyan-forehead Qilin could finish speaking, still guffawing with its head held high, the purposed black eyes of Thirty-Six Tribulation Demon Lord Purlo turned menacingly upon the Cyan-forehead Qilin, abruptly spinning with rapid speed, increasingly faster, looking exceedingly uncanny!

Chapter 978: Spirit Charm Compassion Voyage and Heart-Submerging Lotus

The spiritual attack secret technique of the Profound Yin Demon Sect!

Seeing this scene, Lin Xuankong's heart involuntarily tightened.

"It's the Profound Demon Eye! It originates from the Profound Ink Eye of the Fenghuo Lin Demon Lord, reputed to inflict soul damage on the attacked in an extremely short time! Cyan Forehead, quickly close your eyes and move around rapidly, do not make eye contact with it, and do not let its gaze lock onto you!"

Guang Yu'Er, a true disciple of the Guangqing Immortal Sect, who was floating nearby, witnessed the situation, and immediately her expression changed, her tone urgent, as she reminded them.

But at this moment, the Cyan-forehead Qilin was obviously already caught by the Thirty-six Tribulation Demon Lord's trick, its body shook violently, stood motionless in mid-air, while its face showed a variety of complex expressions, and even its body began to tremble gradually, clearly already trapped in some frightening illusion.

"Qing, Qing, quickly focus your heart spirit, do not be deceived by the illusion of the Thirty-six Tribulation Demon Lord! Qing, Qing, wake up!"

The White-forehead Qilin next to it repeatedly called out to the Cyan-forehead Qilin, but still saw no response from the Cyan-forehead Qilin, even when it leaned over, continuously shaking the Cyan-forehead Qilin's body, it still could not awaken the Cyan-forehead Qilin who had fallen victim to spiritual attack techniques.

Lin Xuankong, nearby, couldn't help but frown, he certainly knew very well how terrifying and powerful the spiritual attack secret techniques of the Profound Yin Demon Sect were!

The Fenghuo Lin Demon Lord back then, even from billions of miles away, could launch a spiritual attack on him through the Profound Demon Eye secret technique of the Profound Yin Demon Sect and a wisp of demonic qi from a Demon General, causing severe soul damage and forcing him to go to the Boundaryless Mountain Range to seek the Celestial Demon Blood Fruit!

Most terrifying of all,

such spiritual attack techniques cannot be defended against by the Nine-Layered Thousand Cranes Grand Array!

The huge Demon Buddha summoned by the previous Celestial Demon Array had managed to use its eerie demon sound to plunge countless cultivators and Earth Immortals within the Nine-Layered Thousand Cranes Grand Array into illusions, almost causing everyone to fall for it!

Although that demon sound couldn't affect Fourth and Fifth Grade Earth Immortals, the spiritual attack secret technique performed by this Thirty-six Tribulation Demon Lord in front of them was clearly many times stronger than that of the Demon Buddha's spiritual attack methods, even the Cyan-forehead Qilin of the Seventh Grade realm fell into it instantly!

Furthermore, according to Guang Yu'Er, a true disciple of the Guangqing Immortal Sect, the Profound Demon Eye of the Thirty-six Tribulation Demon Lord Purlo here was passed down from the Fenghuo Lin Demon Lord... The Fenghuo Lin Demon Lord's spiritual attack methods were among the top-ranked among the Seventy-Two Demon Lords of the Profound Yin Demon Sect, capable of causing severe soul damage!

If this attack continues, the Cyan-forehead Qilin will definitely be in serious trouble!

Thinking of this,

Lin Xuankong dared not hesitate any longer, immediately moved his body, directly blocking in front of the Cyan-forehead Qilin, blocking the line of sight between the Cyan-forehead Qilin and the Thirty-six Tribulation Demon Lord Purlo, then looked up with a hint of coldness at the Thirty-six Tribulation Demon Lord Purlo!

"Absolutely not! One cannot block the Profound Demon Eye with their body, nor forcibly block it when the opponent is performing it, otherwise it will cause a fluctuation in the Profound Demon Eye, resulting in even more terrifying soul damage to the blocker!" Guang Yu'Er saw Lin Xuankong doing this and couldn't help but get nervous, speaking rapidly to remind him.

Guang Ling'Er also showed a tense expression on her face,

"Mr. Lin, quickly close your eyes, the Profound Demon Eye displayed by this Thirty-six Tribulation Demon Lord Purlo, even if it doesn't compare to that of Fenghuo Lin Demon Lord, he has cultivated for hundreds of thousands of years, far surpassing the ordinary Ninth-Grade Perfect Level Earth Immortal in divine soul strength. Under such a huge gap in divine soul strength, your Third-Grade realm's divine soul, may not even be able to resist as long as Cyan Forehead! Close your eyes quickly, close your eyes!"

At this moment,

these two true disciples of the Guangqing Immortal Sect were extremely nervous.

After all, within the entire Spiritual Crane Immortal Sect and Spiritual Crane Immortal City, the only one with a slight chance of resisting this Thirty-six Tribulation Demon Lord was none other than Lin Xuankong before them; if Lin Xuankong were to suffer any mishap, with his soul directly receiving heavy damage, then afterward, all the cultivators and Earth Immortals within the Spiritual Crane Immortal Sect and Spiritual Crane Immortal City would have no choice but to watch helplessly as this Thirty-six Tribulation Demon Lord Purlo wreaks havoc!

But no matter how Guang Ling'Er and Guang Yu'Er called out, Lin Xuankong remained unmoved, still standing in front of the Cyan-forehead Qilin, then directly confronting the Thirty-six Tribulation Demon Lord Purlo, who Guang Ling'Er and Guang Yu'Er feared so much!

Guang Yu'Er couldn't help but panic, immediately channeling her entire body of Immortal Yuan, transforming into a stream of light that flew to Lin Xuankong's side, then turned her back to the Thirty-six Tribulation Demon Lord Purlo, reaching out to pull Lin Xuankong away.

But just as her hand was about to reach Lin Xuankong's arm, she seemed to discover something unbelievable and paused in mid-air.

Because at this moment,

With Lin Xuankong's blocking and rescue, the Cyan-forehead Qilin had already started to regain its clarity of mind, though hit by a spiritual attack secret technique, this previously lively Little Qilin had become somewhat lethargic, clearly somewhat lacking in spirit!

But Lin Xuankong was completely different...

According to Guang Ling'Er and Guang Yu'Er,

once someone forcibly enters the direction of the Profound Demon Eye's attack and directly looks into the opponent's Profound Demon Eye, it will cause a change in the Profound Demon Eye, resulting in the enhancement of the spiritual attack secret technique's power!

Therefore, Guang Ling'Er and Guang Yu'Er estimated that Lin Xuankong, under the Profound Demon Eye's attack, could barely hold on for even a breath's time before his divine soul suffers severe damage, fainting on the spot! After all, in their view, Lin Xuankong's array formation techniques were incredibly astonishing, artifact refining methods unbelievably extraordinary, capable of annihilating countless demons and demon generals with formations, even capable of eliminating a Demon Buddha with power equivalent to that of a Demon Lord with array spirits, certainly extremely powerful, but ultimately, he was still a Third-Grade realm Earth Immortal!

Chapter 979: Spirit Charm Compassion Voyage and Heart-Submerging Lotus (2)

In their understanding, throughout the entire Immortal Realm, almost every Earth Immortal's Divine Soul Realm and Immortal Path Realm are complementary!

Under such circumstances, how could a weak Tier Three Divine Soul withstand the Spiritual Attack Secret Technique Profound Demon Eye of the Thirty-Six Tribulation Demon Lord Purlo? If you didn't dodge or close your eyes, wouldn't that be courting death!

Yet what was unfolding before Guang Ling'Er and Guang Yu'Er's eyes was completely unexpected!

In their view,

Lin Xuankong, who was withstanding the attack of the Thirty-Six Tribulation Demon Lord Purlo's Profound Demon Eye,

not only did not turn peculiar or tremble all over like the Cyan-forehead Qilin but rather appeared relaxed and at ease, showing no signs of abnormality!

Even when Guang Yu'Er reached out her hand to pull Lin Xuankong's arm, Lin Xuankong turned to look at Guang Yu'Er and gave her a slight smile, nodding slightly, before turning his head back to continue watching the Thirty-Six Tribulation Demon Lord Purlo!

Lin Xuankong's demeanor,

seemed as if he was not enduring the attack of the powerful Secret Technique Profound Demon Eye of the Profound Yin Demon Sect, but rather enjoying some special service, relaxed and comfortable!

"This... how is this possible,

you did not fall into an illusion?

You can actually remain conscious?

There's nothing abnormal about you?

You even smiled at me?"

Guang Yu'Er's white, delicate hand stopped in mid-air, looking at Lin Xuankong as if he were some kind of monster.

Guang Yu'Er kept shouting in her heart; this was the Spiritual Attack Technique of the Thirty-Six Tribulation Demon Lord Purlo, known for hundreds of thousands of years, using the very famous Profound Demon Eye of the Profound Yin Demon Sect—a terrifying spiritual secret technique passed down from the Fenghuo Lin Demon Lord—but Lin Xuankong seemed utterly unscathed, without any hint of pain or damage!

Guang Ling'Er, who was also tense, had flown over with her back turned to the Thirty-Six Tribulation Demon Lord Purlo. Seeing this scene, she froze in mid-air.

She opened her mouth wide, her eyes carefully observing Lin Xuankong's expression and gaze, looking him up and down as if she couldn't believe the sight before her.

"What... what on earth is happening? The Thirty-Six Tribulation Demon Lord Purlo personally cast the Profound Demon Eye, and even with a Divine Soul Strength of Tier Nine of Immortal Grade like me and my senior sister, surely we couldn't endure—once our gaze meets, we would quickly fall into the Illusion Realm! Moreover, the Profound Demon Eye is renowned; even my master, Kunyuan Daoist, would need to employ spiritual techniques of the Guangqing Immortal Sect to resist the Demon Techniques of the Thirty-Six Tribulation Demon Lord! And yet, you, you, you, you, you're unscathed?"

At this point, Guang Ling'Er suddenly thought, this situation is too abnormal, too abnormal; it must mean I've fallen into the illusion of the Thirty-Six Tribulation Demon Lord Purlo's Profound Demon Eye, and everything I see now is an illusion!

She bit her lip and then activated her Immortal Yuan, using her white, slender hand to pinch hard on her own thigh!

With a dull "bang" sound,

this true disciple of the Guangqing Immortal Sect clearly used all her strength, even employing an Immortal Technique to clear her Divine Soul and invigorate her spirit when pinching her slender thigh!

The Magic Artifact Daoist Robe she wore produced a strong Immortal Yuan fluctuation at her thigh, and her exceedingly sturdy robe was pinched into a large hole by herself, causing her thigh to turn blue and red!

"Hisssss"

The intense pain and special Immortal Technique immediately revived this true disciple of the Guangqing Immortal Sect, Guang Ling'Er, causing her to take a series of sharp breaths.

However, as she was taking those sharp breaths, looking at Lin Xuankong, she suddenly discovered that Lin Xuankong still appeared as relaxed as before, showing no signs of suffering from any terrible spiritual attack techniques!

It was due to her pinching her own Daoist Robe at her thigh that Lin Xuankong couldn't help but turn his head to look, revealing a rather peculiar expression.

Seeing Lin Xuankong glance at her injured area, Guang Ling'Er was startled, then, disregarding a trace of shyness that rose in her heart, repeatedly asked: "Mr. Lin, are you really okay? Didn't the Profound Demon Eye cause you to enter an Illusion Realm? It seems not to have affected you at all; why are you behaving so normally?"

Lin Xuankong shook his head slightly speechlessly, paused, and then, rather seriously, said: "I'm indeed fine! But Junior Sister Ling'Er, you're acting a bit odd!"

"This isn't right! This isn't right at all! That's the Thirty-Six Tribulation Demon Lord Purlo's spiritual attack, the famous Profound Demon Eye. How can your Tier Three Divine Soul be unaffected?" Guang Ling'Er looked at Lin Xuankong, unable to understand after thinking hard.

Beside her, Guang Yu'Er suddenly seemed to recall something. She looked at Lin Xuankong, revealing a somewhat enlightened expression, "I think I know the reason! Mr. Lin, your Artifact Refining Technique, incomparable to the numerous Artifact Refining Masters of the present Immortal Realm, has never been recorded even in the Near Ancient Era, Middle Ages, or Ancient Era! For a Tier Three Artifact Refining Master to refine a Third-Grade Immortal Artifact is unprecedented, let alone having refined as much as thirty-six Third-Grade Immortal Artifacts!

I've seen records in the Sect's books about various Immortal Artifacts. It's said that in the Near Ancient Era, over 1.2 million years ago, there was an Immortal Sect called Spirit Charm Compassion Voyage, and the Artifact Refining Master of that sect refined an Immortal Artifact called the Heart-Submerging Lotus! That kind of Immortal Artifact, when worn on the body or stored in the Dantian, not only clears the Divine Soul but also resists ninety-nine percent of the Demon Sect's Spiritual Attack Techniques!

Mr. Lin must have obtained some mysterious inheritance, perhaps from the Spirit Charm Compassion Voyage Immortal Sect, and refined an Immortal Artifact that can protect the Divine Soul!"

Speaking to this point, the true disciple of the Guangqing Immortal Sect brightened her eyes, sweeping her gaze over Lin Xuankong up and down, even seeming to activate some sort of probing Secret Technique... she seemed intent on thoroughly inspecting Lin Xuankong, inside and out, to see if he was

wearing the mysterious Heart-Submerging Lotus Immortal Artifact, and eager to discover where Lin Xuankong might have hidden it!

Guang Yu'Er's intense gaze seemed intent on seeing every hair on Lin Xuankong... in her excitement, this pretty-faced Daoist maiden of the Guangqing Immortal Sect completely forgot the propriety between men and women, looking repeatedly without any reservations!

Seeing the true disciple of the Guangqing Immortal Sect so excited, Lin Xuankong was speechless once more,

wanting instead to obtain some mysterious inheritance, a method to refine the Heart-Submerging Lotus! Even if he couldn't refine it himself, if he could hand the refining method over to the Artifact Refining Genius Miss Xiao, perhaps she could, within a few days, just refine a bunch, or even refine even more wondrous Immortal Artifacts like it!

But this did remind him, under Heaven, the wonders of various Immortal Artifacts, and that he could delve deeper into discussions with the Artifact Refining Genius Miss Xiao in the future to see if they could refine even more wondrous Immortal Artifacts, not limited to just offensive and defensive ones!

However, the most urgent task at hand was dealing with the Thirty-Six Tribulation Demon Lord Purlo planning to 'bully' Qing!

As to why he could withstand the opponent's powerful Spiritual Attack Secret Technique Profound Demon Eye!

Joking aside, he was not just a Qing who had merely taken a Celestial Demon Blood Fruit, nor was he Guang Ling'Er or Guang Yu'Er! Not to mention Guang Ling'Er and Guang Yu'Er, even their masters, in terms of the Divine Soul Realm alone, were far from being comparable to him! He had long since reached the Supreme Realm of the Divine Soul and couldn't be so easily afflicted by the opponent's spiritual attack methods!

Chapter 980: Could This Be a Fourth-Grade Immortal Artifact?

But the fact that Lin Xuankong already possesses the Supreme Divine Soul,

is something even Immortal Lord Luoshui Yaan Mingyu, the White-forehead Qilin, and the Cyan-forehead Qilin are unaware of, so how could others know!

Likewise, the Thirty-six Tribulation Demon Lord Purlo, who is activating the Profound Demon Eye at this moment, has no idea that Lin Xuankong has long possessed the Supreme Divine Soul. This Thirty-six Tribulation Demon Lord Purlo originally intended to attack Lin Xuankong with the Profound Demon Eye; previously using it against the Cyan-forehead Qilin was merely to provoke Lin Xuankong into interference, thereby subjecting him to an even more terrifying spiritual attack!

Seeing Lin Xuankong show no sign of being wounded under his Profound Demon Eye attack, this Thirty-six Tribulation Demon Lord Purlo, known for tens of thousands of years, couldn't help but be filled with doubt.

However, having already unleashed the powerful Profound Demon Eye, the persistently tenacious and crazed Thirty-six Tribulation Demon Lord Purlo is not willing to give up easily!

Thus,

High above, the Thirty-six Tribulation Demon Lord Purlo frantically manipulates the demonic energy within, mobilizing his demon soul honed over tens of thousands of years, pushing the Profound Demon Eye to its limit!

His huge, black eyes open wider and spin faster, looking extremely eerie!

At this moment,

even countless cultivators and Earth Immortals within Spiritual Crane Immortal City and Spiritual Crane Immortal Sect, upon seeing this scene, felt dizzy and hallucinated, with at least hundreds of thousands of cultivators immediately screaming in agony, convulsing and fainting on the ground!

Suddenly, countless cultivators and Earth Immortals within Spiritual Crane Immortal Sect and Spiritual Crane Immortal City lowered their heads, using their respective cultivation techniques to calm their spirits, not daring to look up again at the Thirty-six Tribulation Demon Lord Purlo!

Just seeing the side of Thirty-six Tribulation Demon Lord Purlo's eyes, and not being his attack targets themselves, the impact was so terrifying, instantly affecting the spirits of hundreds of thousands of cultivators, rendering them unconscious; one can imagine how terrifying the power of the Profound Demon Eye activated by this Thirty-six Tribulation Demon Lord Purlo is at the moment!

Even if his Profound Demon Eye attack power is incomparable to that of the Fenghuo Lin Demon Lord, who has been famous for seventy to eighty thousand years, it is already considered extremely terrifying! It's just that he has no inclination or interest in attacking those ordinary cultivators and Earth Immortals he deems worthless, otherwise, just a glance around would likely shatter the divine souls of at least hundreds of thousands of cultivators and Earth Immortals within Spiritual Crane Immortal Sect and Spiritual Crane Immortal City, causing them to fall instantly!

Yet,

Lin Xuankong, who is currently enduring the direct attack of the Profound Demon Eye, remains calm and composed,

No matter how the Thirty-six Tribulation Demon Lord Purlo activates the Profound Demon Eye, he still cannot inflict any divine soul damage on Lin Xuankong!

After the passage of a few breaths of time,

the Thirty-six Tribulation Demon Lord Purlo, who pushed the Profound Demon Eye to the limit, was already filled with astonishment.

His Profound Demon Eye, although not as good as Fenghuo Lin's Profound Demon Eye, normally even the strongest Immortal Lord-level powerhouses of the Immortal Realm can't deal with it so calmly! Nor did this Mu Shiba even use any heart method to resist, just calmly watching me like that?

Could it be that this guy really acquired the Heart-Submerging Lotus refining method from the Spirit Charm Compassion Navigation Immortal Sect, as that little Ninth-Grade Female Daoist said, whereby refining such an ancient secret treasure he could protect his own divine soul? Otherwise, in the entire Immortal Realm, even the top-ranked Immortal Lord Luoshui Yaan Mingyu, Qiaan Yuan Daoist, Kunyuan Daoist, and other strongest Immortal Lords couldn't possibly face the Profound Demon Eye so easily!

At this moment,

Lin Xuankong within the Nine-Layered Thousand Cranes Grand Array also revealed a hint of doubt in his eyes,

The Profound Demon Eye spiritual attack secret technique that once hurt his divine soul with one glance, has this little power? After achieving the Supreme Divine Soul, it can't even cause a ripple on my divine soul? Is my Supreme Divine Soul too strong, or is this Thirty-six Tribulation Demon Lord's talent in cultivating the Profound Demon Eye too weak, far inferior to the Profound Demon Eye cast by the Fenghuo Lin Demon Lord back then?

Have I overestimated this Thirty-six Tribulation Demon Lord Purlo's spiritual attack secret technique?

After pondering for a moment,

Lin Xuankong shook his head somewhat boredly, placing his right hand on another Golden Patterned Ghost Frog Pouch, looking at the Thirty-six Tribulation Demon Lord Purlo from afar, and said: "Have you seen enough?"

Upon hearing Lin Xuankong say this, Guang Ling'er and Guang Yu'er, true disciples of Guangqing Immortal Sect, paused their gazes, looking at Lin Xuankong with strange expressions,

What does 'seen enough' mean?

Are they looking at you?

Are they checking if you look good?

This Thirty-six Tribulation Demon Lord Purlo is using the renowned spiritual attack secret technique Profound Demon Eye of the Profound Yin Demon Sect on you!

This guy seemed so low-key before, why is he so arrogant when facing the strongest person sent by the Profound Yin Demon Sect this time!

These two true disciples of Guangqing Immortal Sect were suddenly speechless.

With a "pfft" sound,

The Cyan-forehead Qilin, shielded by Lin Xuankong, couldn't help but laugh at this moment.

This Seventh-Grade Little Demon King of the Qilin Race, protected by Lin Xuankong, had once consumed a Celestial Demon Blood Fruit, having unknown times the mental strength than a normal Seventh-Grade Demon King, and was a prospective disciple of Yaan Mingyu of Luo Water Immortal Sect, naturally having also practiced some spirit secret techniques, so it recovered quickly, and now its divine soul is evidently completely normal!
