Chapter 1371: Xi Tang Dongfang again

“we came to take Feifei.” The two answered.

Ye Mo felt bewildered he thought the two were related to Ning Xuyan.

“who told you to come?” Ye Mo asked again.

“our corporate boss.”

“what is your corporation? What is your boss’s name?”

“Xi Tang corporation, boss is called Dongfang Chong.”

...

“Xi Tang, Xi Tang again. Our Ning family has given the entire company to Xi Tang, what else do you want? You want Feifei, keep dreaming. I won’t let Feifei leave no matter what...” Ning Xuyan raged.

Ye Mo sighed “don’t you understand? That Dongfang Chong is your husband, he came to steal your Ning family electronics.”

Ning Xuyan was dumbfounded, after a long while she suddenly said “that’s impossible, this is impossible. Fang Chong was that nice to me and even gave up his life for us two.”

Ye Mo said no more, it didn’t matter if Ning Xuyan believed it or not.

Xi Tang corporation, clearly this was related to the Dongfang family again. Dongfang Chong spent many years stealing the Ning family wealth. According to his knowledge of Dongfang Wang, this wasn't his style.

Even if this fortune was given to Dongfang Wang for free, he would at most nod. If Dongfang Wang planned this, Ye Mo was certain it would be less than half a year and the Ning family wealth would change name.

Ning Sishuang comforted Ning Xuyan "Xuyan, don't get agitated, let me ask clearly."

Ning Sishuang asked the two men "is Dongfang Chong Fang Chong? Was he at the Ning family corporation before?"

But Ning Sishuang's words had no power. Ye Mo grunted and the two men shivered reply "yes, yes, we were at the Ning family corporation with boss before..."

Ning Xuyan's face went pale immediately but she soon calmed down. When she saw clearly the two men's faces she pointed at the two "you two, you were the electronics specialists that Fong Chong brought to research bio-electronics?"

Ye Mo sneered, the two's hands were full of calluses. They were clearly killers.

"no, we didn't invent bio-electronic products."

Hearing this, Ning Xuyan realized what was going on. She didn't know why Fang Chong tricked her but she realised she was tricked.

Ye Mo released the two's binding. They were drenched in sweat and looked fearfully at Ye Mo not daring to do anything.

"did Fang Chong not die? Which body was it before?" Ning Xuyan asked powerlessly.

The two immediately replied “yes, boss sent us. Boss also told us not to harm you, he...”

“shut up...” Ning Xuyan yelled.

Ye Mo suddenly asked “Dongfang Wang wouldn’t use such trash means, where is Dongfang Wang?”

The two shivered, they were scared of Ye Mo’s the most. Ye Mo’s force made them unable to move. The slightly fatter man answered “young master went to the fabled small world. he left from the Duan Heng mountain ranges...”

Ye Mo was planning to kill Dongfang Wang first but he wasn’t here, lucky him.

“piss off.” Ye Mo said to the two coldly.

Hearing this, the two quickly rushed out but they were so desperate that they took a while to even open the door. They disappeared immediately as they left, Ye Mo was too scary for them.

Ning Sishuang and Ning Xuyan looked strangely at Ye Mo as though not expecting Ye Mo to let them go so easily. Ning Sishuang heard a lot of tales about her brother in law. It seemed that her brother in law was too easy to talk to now and some of the tales weren’t true.

According to the stories, her brother in law wouldn’t let these two go.

But she didn’t know what Ye Mo was thinking. If it was some ordinary robbery Ye Mo would turn them into dust but the Dongfang family was a different story. He needed to deal with Dongfang Wang, but Dongfang Wang wasn’t here. However there was that Dongfang Chong that he couldn’t allow to live.

He wanted to annihilate the entire family so he let the two go. With his spirit sense, as long as these two were still on earth, they wouldn’t be able to leave.

“Xuyan, don’t feel bad, brother in law had agreed you can come with my to Luo Yue city with Feifei. Luo Yue is really pretty.” Ning Sishuang said seeing Ning Xuyan’s pale face.

Ning Xuyan shook her head after a while “but the bio-electric Fang Chong brought back was real. It didn’t need any light power or electric power.”

Ning Sishuang also looked at Ye Mo not understanding what this was.

Ye Mo smiled “that rice cooker was definitely designed by Ye Xing, he likes to do these sort of things when he’s bored. The Dongfang family stayed in power at Luo Yue for so long, it’s normal they can bring out such things. As for power, this thing might not even be as good as light power. It’s using an energy source called extreme energy stone. This energy source is brought by asteroids, there’s none on earth.

“so that’s it.” Ning Xuyan murmured and felt powerless. Everyone had been tricked.

“brother in law, where is my sister?” Ning Sishuang asked.

Ye Mo answered “she can’t come back yet. When I’m done with these things, I will go to Luo Yue city but don’t worry, she’s very fine.”

Then, Ye Mo took out a crystal ball “this is where your sister and I live, have a look.”

Ning Sishuang took the crystal ball and immediately saw an extreme beautiful scene. This was recorded when Ye Mo took Qingxue and Luo Ying back to Mo Yue City.

“such a beautiful place, brother in law, is that sister Luo Ying? She’s so pretty, so is my sister...”

Ning Sishuang was very proud of her looks before but now seeing Luo Ying and Ning Qingxue, she felt uneasy.

But she forgot about that quickly and grabbed the crystal ball “how did you make this crystal ball? Can I have it?”

“take it.” Ye Mo nodded. He meant to give this to her anyways.

“brother in law, just stay here today, you can sleep in my room. I can squeeze with Xuyan and Feifei.” Ning Sishuang still had a lot to ask so she didn’t want Ye Mo to go.

Ye Mo shook his head “no need, I’m going immediately.” Then he looked at Ning Xuyan “I want to ask you, did your great grandpa ask back that fish tail?”

It was this indeed, Ning Xuyan guessed that Ye Mo came here to ask about that. Now it seemed she was right, so she answered without hesitation “yes, great grandpa knew that you took the two fish tails seriously so he went to Japan and got the two tails back.

Great grandpa was going to Luo Yue himself to give it to you but not long after, great grandpa’s health deteriorated so he gave the two fish tails to me before he passed away telling me to give it to you if I ever saw you. I let the fish tails in a safety box in a Ning Hai bank.”

Ning Sishuang suddenly said “I see, the key you told me to give to my sister was meant for my brother in law?”

“yes.” Ning Xuyan nodded.

Chapter 1372: Xi Tang is of the past

Seeing Ye Mo look at her, Ning Sishuang quickly said “the key isn’t on me, it’s in my dorm.”

“I’m also studying at Ning Hai university. I’ll be going back the day after tomorrow. Why don’t you stay here today and we can go back to Ning Hai together. Then we can go back to Luo Yue.”

Ye Mo breathed easy, the fish tails were safe. He got up and said “then I will go find you at Ning Hai uni, I still have some things tonight, I’ll be going.”

“huh...” Ning Sishuang didn’t expect Ye Mo to go this quickly. She was scared Ye Mo would leave for another decade again.

"it's so late, why don't you stay here for a night. We can find a place to stay tomorrow and then leave together the day after." Ning Xuyan said.

Ye Mo shook his head and said to Sishuang "I'll go find you at Ning Hai in two days." Feifei had fallen asleep so Ye Mo didn't disturb her.

After Ye Mo left for a long while, Ning Sishuang remembered Ye Mo didn't have a plane ticket and wanted to remind him but Ye Mo was gone.

"my brother in law doesn't even have a plane ticket how can he get to Ning Hai?" Ning Sishuang said desperately.

Ning Xuyan shook her head "I heard great grandpa say that if it's something your brother in law decides he can do it. don't worry."

...

Three hours later, when it was almost dawn. An ordinary SUV covered in dust parked outside a suburban mansion.

Two people got off, it was the two people planning to take Feifei.

As soon as they came out, they rushed into the mansion. Before they knocked, the door already opened. Clearly the person inside was waiting for these two.

"where is she?" they heard a cold voice.

"we didn't bring her back?" the skinnier man replied.

The man said coldly again "then what are you doing back here?"

"I let them come back." Ye Mo's voice sounded. Ye Mo saw there were already three people inside the mansion sitting around a round table as though waiting for the two.

The two men turned back in horror and said in shock "it's you?"

They didn't see anyone following them on the way either but someone did come here. How did this person follow them? The two really couldn't understand but thinking about how they couldn't even move in front of Ye Mo, they were very worried.

"it's you?" the man speaking before said in shock.

"you're called Dongfang Chong? The one who tricked Xuyan?" Ye Mo scanned the man.

"boss, we didn't finish the mission because of him." The fat man was scared of Ye Mo but more scared of his boss.

Ye Mo smiled and threw out two fire balls casually. The two men disappeared instantly without a sound.

The two men next to Dongfang Chong got up in shock. After a while, Dongfang Chong said "you're back indeed. Ye Mo, that's right, I'm the Dongfang Chong you're looking for."

Ye Mo shook his head in disappointment "the person I want to kill is Dongfang Wang. Sigh, it's only a small fish here. Where did that Dongfang Wang go? I'm certain he isn't here, otherwise how can he use such low means to trick that little wealth of the Ning family?"

Dongfang Chong gasped and said "the young master had left. One day, he would come back but not now."

"so you're continuing his dream to reestablish Xi Tang?" Ye Mo said calmly.

Dongfang Chong shook his head “no, I know I don’t have the ability. You forced young master to have nowhere to go. He hates you but he knows he’s no match for you. When the Duan Heng formation activated, he went there to go to the small world immediately.”

“you know you don’t have that ability but you still want to trick the Ning family company?” Ye Mo sneered, his tone was getting cold.

Dongfang Chong said again “whether you believe it or not, I didn’t plan to trick Xuyan, I love her and Feifei.”

Ye Mo snorted in contempt.

Dongfang Chong continued “when the thing happened, Xi Tang Dongfang was gone. Even the young master can’t change things much less me? the people of the Dongfang family split off and each went their own path. The only one of direct lineage still staying here is me, Dongfang Yi.

I’ve never wanted to rebuild Xi Tang, I, like brother Chong, just want the people of the Dongfang family to be able to eat and live happily. I know that no one of Xi Tang wants to rebuild it, they just want to live a happy and stable life.

Dongfang Chong sighed “brother Chong died at Luo Yue but I knew his last wish. It wasn’t to rebuild Xi Tang but to let everyone in the Xi Tang village to be able to live a happy life. I succeeded his will and changed my name to Dongfang Chong to fulfill this goal.”

Dongfang Chong said dejectedly “a lot of money is needed to rebuild Xi Tang. But after the Dongfang family split, we have no wealth. I chose for a long time before choosing the Ning family corporation. After marrying Xuyan I really did fall in love with her and I have no intentions of harming here. I was planning to bring her here.”

“so you went to abduct your own daughter?” Ye Mo sneered.

Dongfang Chong shook his head “other than Feifei, I have no other way to persuade Xuyan to come to Xi Tang. When they come to Xi Tang, I will let them live a happy life.”

Ye Mo shook his head speechlessly “you tricked and took the Ning family assets to build Xi Tang and you still expect Ning Xuyan to live a peaceful life with you? Did the Ning family get their wealth for free and they should give it to your Xi Tang?”

“Xuyan has married me, her assets are my assets. What difference is there?” Dongfang Chong rebuked.

“since there’s no difference why didn’t you tell her? Instead you this low mean to take it? that Xi Tang corporation is just an empty shell too right?” Ye Mo said coldly.

Dongfang Chong rebuked “I was afraid she wouldn’t agree and that would affect our relationship.”

Ye Mo couldn’t be bothered talking anymore.

He slapped Dongfang Chong’s head with cultivation essence giant hand. He wasn’t killing him, he wanted to see where this Xi Tang was.

But then, Ye Mo was speechless. This village had moved to Vietnam and there was less than 200 of them. They wanted to live a good life after stealing the fortune. But he was being genuine about helping his people escape poverty.

Without the three Dongfang brothers, Xi Tang village had fallen to such an extent. Ye Mo knew that from now on, Xi Tang would be history.

Ye Mo killed the rest except for Dongfang Yi. He still had some things for him to do.

...

The second day, Dongfang Chong suddenly had a press conference saying that he discovered his conscientious. He was of the Xi Tang corporation but he played dead and went into the Ning family to steal their fortune. As for the bio-electronics, it was bullshit.

With this, everyone was shocked out of their eyeballs. The most absurd thing was that after making this news press, Dongfang Chong jumped off a building ending his life in front of everyone.

No one believed Dongfang Chong found his conscientious but this really did happen.

“why is it like this?” Ning Sishuang looked at the newsreport in disbelief.

Chapter 1373: Same things but different people

Ning Xuyan saw Dongfang Chong jump and her eyes went red. Luckily Feifei didn't see this. regardless, this person was her father.

Ning Xuyan knew that this all happened because Ye Mo came back. She had heard of how decisive and cruel Ye Mo did things from her great grandpa. Now it really did seem so, Ye Mo only knew this last night but it was already resolved this morning.

Ning Sishuang didn't ask anymore, she guessed that Ye Mo might've done this was this was too unbelievable.

...

After Ye Mo did things to Dongfang Chong, he didn't bother paying attention to that anymore. At this moment, he was at Ning Hai.

Ning Hai was the place he had the most memories. It was the place he first came to and the place he had the most emotional ties.

He came to the small yard he once lived at, Ye Mo found that there was someone still cleaning this place. it was very clean inside and outside.

Ye Mo came in and realized that no one actually lived here but there was someone coming to clean this place every period of time. The belongings in the house were left untouched.

Ye Mo stood in this place for a few hours until someone entered the yard. Ye Mo just realized that it was daylight.

“who are you? How did you get in here?” it was a woman in her 50’s.

“I lived here before and I happened to come passing by so I came to visit. Who are you? I’ve never seen you before?” Ye Mo asked.

The woman looked at Ye Mo with uncertainty, “I was hired to clean here everyday.”

So this was it, Ye Mo nodded. It was probably the Ning Zhongfei couple hiring this woman.

Leaving this yard, Ye Mo scanned his spirit sense out. He came back to the same place but the people were different. Jingwen and Qingxue weren’t here.

He wanted to go visit Jingwen’s mother and then go back to Luo Yue city and see the old friends there before he went back to Luo Yue continent. Although this was where he lived before, he missed Mo Yue City more. his family was there.

But when Ye Mo scanned his spirit sense out he didn’t find Su Jingwen’s mother in the entire Ning Hai city.

Soon, Ye Mo saw a familiar person on the streets, it was that SU Mei he didn’t like. She wasn’t the young girl like before and seemed more like a mature married woman.

There was a woman in her thirties next to her and the two were walking on the streets.

Ye Mo quickly came and stopped in front of her.

Su Mei frowned but when she saw Ye Mo she screamed.

SU Mei pointed at Ye Mo “it’s you, you’re Ye Mo, how can you not have changed at all?”

The eyes of the woman next to Su Mei lit up immediately upon seeing Ye Mo. Seeing that Su Mei knew Ye Mo, she was even more happy. She didn’t expect there to be such a perfect man. His temperament and body was exactly what she was looking for.

“Meimei, you know him? Introduce us.” The woman pushed Su Mei.

Su Mei quickly said “wait.”

Ye Mo didn’t ask anything. He waited till Su Mei calmed down completely before asking politely “Su Mei, I want to ask where is Jingwen’s mother?”

Hearing this, she raged “Ye Mo, where did you get sister Jingwen to go? Tell me, where is she?”

Ye Mo frowned, he didn’t want to talk to her but he had to ask her about Su Jingwen’s mother.

Realizing this, Ye Mo resisted the urge to leave and just wanted to speak when the woman next to her said “Mei Mei don’t get so excited. Talk slowly, is he called Ye Mo?”

Ye Mo saw this woman help him and studied her. She was on par with Su Mei in looks and her body was even bustier than Su Mei. Her eyes had a peachy look. Ye Mo frowned, this woman’s chi was very mixed. More so than the green robed woman he saw in the sand river, one could see how promiscuous she was.

But Ye Mo nodded to her politely “yes, I’m Ye Mo.”

Su Mei finally calmed down a little and sneered “Ye Mo, where is my cousin? What did you do to her?”

Ye Mo said calmly “she’s with me, she’s very well now you don’t need to worry. I came to you just to ask where aunty Mu is.”

“very well? And there’s no news of her for more than a decade? No phone call for more than a decade.”
SU Mei wanted to grab Ye Mo’s collar.

Ye Mo grabbed her wrist and said calmly “it’s up to you if you believe it but only I need to know she’s fine.”

Ye Mo saw with his own eyes Blue Moon charging out of the region of the sea quake. With Blue Moon’s speed, even if Ji Ling wasn’t truth realisation state cultivator, they would be able to arrive at Mo Yue City safely much less Ji Ling was a truth realisation state cultivator.

Plus, he had slept with Su Jingwen and thus if something happened to her, he would be able to sense it with his sixth sense.

If it wasn’t that Su Mei was Su Jingwen’s cousin and she was indeed worried about Su Jingwen, Ye Mo would’ve searched her mind already.

Seeing more and more people watch them, Ye Mo frowned. He even wanted to forcefully read SU Mei’s memory but at this moment a man in his 40’s saw Ye Mo and suddenly walked up to Ye Mo. Just when Ye Mo didn’t know what this guy wanted, he suddenly knelt down.

Su Mei and her friend dazed and so did everyone.

He was clearly a wealthy person, his dress showed that he had no simple status but someone like that knelt down.

Then, the man said “Master Mo, I’ve finally found you.”

Then as though feeling he recognized the wrong person he quickly got up and bowed to Ye Mo “may I ask if you’re a descendant of master Mo? I saw you looked exactly the same as master Mo but the last time I saw him was more than a decade ago, you two look exactly the same...”

Ye Mo was confused what this guy was on about.

Seeing this, the middle aged man said respectfully “many years ago, my father and I met the almighty master Mo on a plane. Master Mo and master Meng Jiushan were together but my father missed the opportunity to know master Mo for being rude. Then my Mi family went to find master Meng Jiushan but even he didn’t know where master Mo went. We’ve been searching for master Mo all these years and I see that you look exactly the same as master Mo, so....”

Ye Mo looked at this man and said “I remember, your father said I was a fraud on the plane. I said your father has heart problems but he didn’t believe me. by the way how is your father?”

“huh....” The man dazed and immediately was about to kneel down again.

Ye Mo quickly stopped him “if there’s anything just say it.”

“I am really blind, I didn’t know you are master Mo. Master Mo is almighty, how can you age like us mortals...” the middle aged man said in agitation.

“Ye Mo, come with me to Ming Xin hospital now. sister Jingwen’s mother is about to leave, if it wasn’t that she missed Jingwen, she would’ve long left.” Su Mei suddenly said.

Chapter 1374: Su Jingwen mother’s suspicion

Knowing this, Ye Mo immediately scanned with spirit sense and soon found the hospital. It wasn’t in the city center but it was very luxurious.

Knowing this, Ye Mo didn’t want to waste time talking to Su Mei anymore and dashed out. No one watching could feel Ye Mo leaping away.

Ye Mo didn’t use any extraordinary means as disappearing into thin air was too absurd but when Ye Mo leaped out, another person stopped him.

“patron Ye’s killing intent is too dense, come with me to cultivate in serenity for a while.” A peaceful voice sounded before Ye Mo.

Seeing this person to be Wu Dao monk, Ye Mo was speechless. He only killed a few Xi Tang people after coming back and this was considered too murderous. But Ye Mo felt strange, he only killed the Dongfang people last night, how did Wu Dao know?"

"old monk, long time no see." Ye Mo smiled. Wu Dao was no match for him before and now, he wouldn't even need to move to annihilate him. But Ye Mo had a good impression of this old monk who didn't mind his own business so he didn't attack. "old monk, I have some business to do. if you want to find me, then go to Ming Xin hospital quickly or I won't wait for you."

"patron Ye, you might not be able to leave now." then, Wu Dao grabbed at Ye Mo's wrist.

Seeing this, Ye Mo knew that Wu Dao improved a lot. He was on par with Li Cheng of the small world but he didn't have time to waste with this old man. He leaped out again.

Wu Dao didn't mind seeing that Ye Mo tried to escape. He thought it was impossible for Ye Mo to leave in front of him.

But then he was dazed. He missed and Ye Mo was nowhere to be seen. He spun around and Ye Mo was nowhere to be seen.

At this moment, a voice sounded by his ear "old monk, those people I killed last night deserved it, you wouldn't think I killed wrongly right?"

Wu Dao was extremely shocked. He instantly knew that Ye Mo's power wasn't something that he could even fathom. He immediately disappeared in the crowd and headed towards Ming Xin hospital.

"hmm, where is he?" the woman with Su Mei asked in shock.

"hmph, this guy has always been sneaky." Su Mei was confused why Ye Mo disappeared but she was still unhappy.

“master Mo went to Ming Xin hospital.” The middle aged man reacted quickly and immediately dashed out clearly heading for the hospital.

....

In the Ming Xin hospital, Ye Mo saw the old and feeble Mu An in a top grade room. heh sighed, Tang Mengrao was many times older than MU An but she was so young.

“is Wenwen back?” Mu An was about to pass away but she seemed to know Ye Mo coming in and struggled to sit up.

Ye Mo really wanted to give Mu An some pills but then he realized it was inconvenient for him.

He had many good pills but they all removed poison and impurities from the body. Who would help her wash? He should’ve brought Su Mei here.

“Jingwen isn’t back, she’s very well, I came to visit you first.” Ye Mo said.

“you’re Ye Mo? That rune master...” Mu An recognized Ye Mo and called out in joy. she knew her daughter was in love with Ye Mo and went to find him.

She asked again “is JIngwen alright? Did she find you? Did she come back?”

Hearing this, Ye Mo thought of that snowy day on the streets of a small city where JIngwen almost died. If she did, how would he face this mother?”

Seeing her expectant eyes, Ye Mo comforted Mu An’s body with his cultivation essence and said. “aunty don’t worry, Jingwen is with me. she didn’t come back this time but she will come back and visit you in the future.”

There was a sliver of disappointment in her eyes and she said “you need to treat her well. She’s a little emotional and very stubborn on some things...”

Then, she said again “I heard you have two wives?”

Ye Mo nodded awkwardly. He had more than two.

Mu An sighed “Jingwen has to like you. She came later on, don’t look down on her sigh...”

“where is Jingwen? I’m going, I really want to see her?” Mu AN couldn’t resist asking.

Ye Mo could only say “Jingwen is in a place cultivating to become an immortal. When her cultivation is ready she can come and visit you.”

“you...” even though she knew Ye Mo had the ability to make runes, she was still so angry she fainted upon hearing this.

Ye Mo could only wake her with cultivation essence as he said helplessly “aunty, everything I said is real.”

Ye Mo quickly said “don’t you feel much better than just then, this is treatment with cultivation essence.”

He also quickly took out the crystal ball of when Su Jingwen reached hollow spirit state “aunty, if you still don’t believe me, look at this. it’s when Jingwen reached a milestone in cultivation.”

Looking at Su Jingwen flying around in the sky after the divine damnation, she was dazed. Her daughter was younger than before and even prettier. Was there really immortals in this world? was her daughter an immortal?

But then, she realized she was tricked and said melancholically to Ye Mo “don’t trick me with these computer synthesized images. Jingwen is my baby tell me, where is she?”

Ye Mo was speechless, “aunty, see if I have aged. I’ve been cultivating too so i look very young.”

“huh...” Mu An just remembered that the last time she saw Ye Mo was many years ago and he was still this young now. was he really an immortal?

But then, she realized that Ye Mo was a rune master, he would have the ability to keep himself looking young. She tried to calm herself and said to Ye Mo “Ye Mo I just want to know where my daughter is. Don’t lie to me saying it’s cultivation. Okay, even if she’s cultivating, I think it’s fine for me to see her right?”

Seeing that Ye Mo was speechless, Mu An said with despair “you say you’re an immortal. Then treat my illness and make me look young again. If you can’t even treat me, why lie to me that you’re an immortal? I know you’re a rune master and I have this energy now due your treatment before. but I really miss my daughter. Ye Mo, please I beg you. Let me see my daughter.”

Ye Mo’s heart was aching hearing this. he knew that Su Jingwen was very close to her mother while her father was focused on his career.

If possible, he really would like to bring Mu An to see Su Jingwen but he couldn’t.

Ye Mo said seriously “aunty I can make you a few decades younger and treat your illness in less than an hour. But I can’t do it here, if you regain your youthful look it would cause an uproar.”

Mu An smiled but there was no real smile on her face. It was like her watching the show of a liar “cure me. if you can really cure me in an hour then I will believe you. Otherwise, please tell me if Su Jingwen is alive or dead.”

Chapter 1375: Heartless Sea disaster

Ye Mo could only say “I was thinking that too, come out of the hospital with me and then go home to eat the pills. After you eat the pills there will be waste expunged out of your body. You need to wash it in time, when SU Mei is back she can help you.”

Mu An's eyes didn't even flinch and she said calmly "according to what you say, if I can turn youthful I wouldn't need someone to help me? plus, you would tell me that pill would only work after a long time right?"

Pausing for a moment, Mu An's tone grew calm instead "master Ye, I know you're a powerful person. No matter if you made the clear spirit rune or you got it somewhere else, it's your capability. But I know my condition, I can't survive till the day Jingwen comes back. Just tell me, how is Jingwen?"

Ye Mo helplessly took out three pills "these three pills..."

Before Ye Mo even finished, Mu An ate the three pills. It immediately turned into a spirit liquid that was digested by the organs.

Ye Mo could stop it but he didn't. since she wanted to try now, he would let her try.

After eating the pill, she showed a self mockery expression "I've eaten the pills now, can you tell me what happened to Su Jingwen?"

Ye Mo sighed "aunty, I think you should go to the bathroom and wash first."

This was high class room and there were top quality bathrooms.

Just when she wanted to say something, her face suddenly changed. There was a huge rustling in her body which then turned into huge pain. Then, a cool and soothing spirit liquid swept over almost making her moan.

A few minutes later, she felt every part of her body was turning and there was a burning sensation. It slowly expanded outwards until it burned the skin. After this burning, there was a cooling chi slowly flowing.

This felt very strange but Mu An felt it indeed. Was this real? She thought of the effect of the rune Su Jingwen said before and felt more and more that Ye Mo might be telling the truth.

Before she could ask, there was this putrid smell seeping out of her body. Looking at it, Mu An saw it was black sweat mixed with this mud like substance.

Mu An instantly realized that Ye Mo was telling the truth. She felt embarrassed and quickly went into the bathroom.

She didn't even realize how she could get up so quickly and charge into the bathroom. She couldn't even get up before.

Water splashed and just when Ye Mo wanted to leave a nurse came in with a trolley.

She immediately asked "who are you? Why are you here without permission?"

Ye Mo rubbed his nose and before he said anything, the nurse screamed "where is the patient? Where did the patient go? What is this smell?"

Ye Mo waved his hand and the strange smell disappeared. There was an anxious voice in the bathroom "is it Xiao Yu? I'm in the bathroom I'm fine, just wait for me outside."

"auntie Mu, how did you get in the bathroom yourself? How is that possible?" the nurse's face went into a worry.

She checked not long ago that Mu An couldn't move.

Mu An completely understood what Ye Mo said now. she didn't even dare to believe this. in the big mirror, she didn't look at all, she looked like a woman in her 40's. her skin was smoother than it was when she was actually this age. Her body was so smooth that she was a little embarrassed to look at it.

How is this possible? But it happened indeed. That instant, Mu An believed Ye Mo. Her daughter was really cultivating to be an immortal. The crystal ball Ye Mo gave her was real. Or perhaps she just needed to ask if Ye Mo could fly and she would know.

She even regretted forcing Ye Mo to take out the pill. if word got out, the whole world would be asking for her secret.

...

Ye Mo walked out of the room.

In the broad corridor, Ye Mo sat down on the chair.

Su Jingwen's mother was thirty years younger, clearly she can't stay in Ning Hai anymore. He had planned to take her to Luo Yue city when he left so settle with Ning Qingxue's parents.

In his spirit sense, an old monk rushed here. Other people wouldn't be able to see him clearly but Ye Mo smiled, this old monk wasn't slow. After this monk reached great heaven state, he turned younger.

"patron Ye." Wu Dao saw Ye Mo sitting on the bench.

Ye Mo patted the chair "have a seat, big monk, long time no see your martial arts have improved, you've reached the real great heaven, not bad."

Wu Dao didn't sit down and instead said "patron Ye's prowess is through the heavens, you've surpassed great heaven. I've been sitting in a well."

Ye Mo smiled "I've been out for more than a decade but you say my killing intent is too dense, where did you get this from?"

Wu Dao frowned and said after a long while " Were Hong Martial sect, Dian Cang sect, Jiu Ming academy and these sects not annihilated by you? You annihilated the Gourd Cove and forced Dian Cang to seal their sect..."

"when did this happen?" even Ye Mo wanted to know who annihilated these hidden sects. Even if the person had conflict with an individual sect, there was no need to annihilate them all. Plus, that needed

power. Because of the teleportation formation to the small world opening, almost all the masters of the hidden sects had left but there were still some masters left.

Wu Dao realized this had nothing to do with Ye Mo but he still answered. "it's been three months. These three months, hidden sects kept being found and annihilated. Some sects didn't even have any livestock left."

Hearing this, Ye Mo scanned with his spirit sense. he cared about Serenity. That was where Susu was at before.

But Ye Mo didn't find anyone there. He asked. "big monk, where did the Serenity Sect people go?"

Wu Dao sighed "when I got to Serenity, they might've been slaughtered already. Other than Jing Hui who went out, there might be no one left from Serenity? When did you go to Serenity?"

Ye Mo couldn't keep his calm face anymore and got up abruptly. He thought of the kind and amicable Jing Xian nun and was furious.

"patron Ye, I've been to Serenity and I saw a few people getting killed. The rest of the people might not be killed. They might've gone into hiding under the leadership of sect leader Jing Xian." Seeing Ye Mo's fury, the monk quickly said.

Ye Mo sneered "monk, no matter who did this, I'm intervening for sure. You don't need to worry, I will solve this matter within a day."

Wu Dao just wanted to say something but saw Su Mei and that middle aged man come in. that friend of Su Mei was behind her.

"Ye Mo when did you come? How did you come this fast? Did you see Jingwen's mother?" Su Mei asked.

Ye Mo frowned "Aunty is fine, don't worry, she will come out soon."

Su Mei raised a brow “do you have any conscientious? Aunty is sick like that and you say she’s fine, are you a human?”

Chapter 1376: The grey robed man in the ancient town

“Xiao Mei, I’m really fine, don’t blame Ye Mo.” Mu An said shakily and the nurse behind her was still full of shock.

“you...” Su Mei like the nurse looked at Mu AN with extreme shock. After a long while, she said “you’re, aunty?”

Mu An nodded to Su Mei and said “Xiao Mei, it’s not convenient to tlak here, let’s go back first. Ye Mo come with us too. I have a lot to ask you.”

Ye Mo nodded to Su Mei “Su Mei, go back with aunty first, I’ll come over in a bit, I still have some things here.”

Mu An nodded and pulled Su Mei out of the hospital.

“master Mo....” The middle aged man came up and asked carefully.

Seeing this, Ye Mo said. “is your father still alive? You want me to treat your father?”

“yes, yes...” the middle aged man quickly said “when my father went back, his heart condition soon deteriorated but by then, we couldn’t find master Mo anymore. My father sent people to find Mrs. Qing Kui and hearing that she was treated by you, my father went to find master Meng Jiushan but we didn’t get any news of you...”

“your father is not bad, surviving till now.” Ye Mo approved. When he was on the plane, he saw that the man didn’t have much time to live.

The middle aged man quickly said “it’s because my father always uses Luo Yue’s heart preserving pill and thus he was able to save his life.”

Ye Mo nodded, being able to use the heart preserving pill so frequently, they weren’t just ordinary wealthy people. He took out a paper casually and drew a few runes on it before giving it to the middle aged man “take this back and put it on his chest, he would be fine an hour later.”

Although Ye Mo was no rune master but with his truth realisation state level three power, it was too easy to cure a heart disease patient with rune. His pills were too precious and there was no need to waste them.

The middle aged man took the paper reverently and after putting it away, he took out a card. He knew Ye Mo’s rules.

Ye Mo waved his hand “I have no need for money, you can go.”

The middle aged man saw that Ye Mo was waiting for Wu Dao and knew Ye Mo had more important things. He quickly put away the card and thanked Ye Mo again before leaving.

Then, Ye Mo asked Wu Dao “do you have any clues on the culprits for annihilating the hidden sects?”

If there was any clue, Ye Mo would be able to find it with his spirit sense no matter where these people hid.

Wu Dao shook his head “no clues, a surviving black level ancient martial artist from the Jiu Ming academy saw they wore grey robes. They are very powerful and have extremely powerful weapons.”

“do they have marks on the clothes?” Ye Mo asked. This would help him find them faster. Grey clothes were useless clues to other people but for Ye Mo, this was enough.

“no.” Wu Dao answered.

Ye Mo nodded and didn't talk.

WU Dao sighed. He knew that Ye Mo's power was far beyond his. Something that he wasn't able to do might truly be done by Ye Mo. He suddenly really wanted to ask Ye Mo what was above great heaven but just when he was about to ask, he realized, what was the point of asking if he wasn't at that state.

Realizing this, he didn't disturb Ye Mo and disappeared into the streets.

Ye Mo stood in the hallway of the hospital and closed his eyes. His spirit sense expanded out. It was hard to search for one grey clothed man but it wasn't hard to search for a group of them.

Ye Mo stood in the hallway with his eyes closed not moving at all. Many people felt this was strange. But no one would ask Ye Mo anything. Only a nurse bit her lips waiting by Ye Mo's side.

"Xiao Yu, what are you doing there?" another nurse asked.

Xiao Yu quickly said "wait for me, I'll come soon."

The nurse looked at the two and nodded in confusion.

Xiao Yu was the nurse in Mu An's room. seeing Mu An's change and how Ye Mo gave that middle aged man a white paper and that middle aged man took out a bank card, she knew Ye Mo was no ordinary person.

She didn't dare to disturb Ye Mo.

An hour later, Xiao Yu's legs were sore and she wanted to sit down but Ye Mo suddenly opened his eyes.

He grunted. His spirit sense stopped at a place a few thousand kilometers from Ning Hai called Mang river. It was close to the sea and many illegal immigrants came from there. At this moment, Ye Mo's spirit sense landed in an insignificant town there.

It didn't seem like there were a lot of people here. Theoretically being a coastal city town it should be quite prosperous but instead, it was more like a shanty town.

There were large rows of ancient styled constructs and a row of old walls encompassing these buildings forming a separate district.

There were some huge family ancestral halls that were also very run down. However, there were still people living here.

Ye Mo's spirit sense landed in this ancestral hall, it was very big but there were nearly 200 people in here and tens of people outside.

Half of them were grey robed and the other half Ye Mo felt was hidden sect ancient martial artists. Ye Mo couldn't hear them talk but he could tell the atmosphere wasn't good.

Ye Mo took back his spirit sense and planned to go there, these people might be the culprits for annihilating the hidden sects.

"big brother, that uncle told me to give this to you." The nurse quickly came up and took out a card.

Ye Mo waved his hand "thanks for taking care of aunty Mu, you can have the card."

Ye Mo turned and disappeared at the door of the hospital. Money was useless to him, if he needed money he can take out a golden brick at any time.

"huh..." the nurse didn't know what to do.

Chapter 1377: South Mountain Wang family

Mang River was near the sea but it wasn't very well developed, the people here were chaotic. It wasn't as bad as Flowing Snake but not that much better either.

Xie Yang town belonged to Mang River but it was at the border. This town was nearly 200km from Mang River and because of transportation issues, this town was excluded from development.

Amidst the ancestral hall, a short figured man suddenly roared “Wang Lingfa, are you going to keep us all here if we don’t agree to you?”

“Gu Yanghe, what do you mean? I’ve already annihilated the Gourd Cove and Jiu Ming Academy. We South Mountain Wang family is the third biggest sect in the hidden sects. For this, we exposed ourselves to take leadership just to protect the hidden sects. Otherwise, it would be difficult for us to even remain.” A skinny man in his 50’s sneered.

“then sect leader Wang, who do you think is attacking so many of our hidden sects and using such bloody means?” a middle aged woman said.

Wang Lingfa said slowly “I think everyone knows who annihilated Gourd Cove. It’s Luo Yue city Ye Mo and then he made Dian Cang seal sect. now that this is happening again, do we really need to guess?”

The woman sneered “sect leader Wang, I think it’s because Ye Mo killed your brother and didn’t leave a single person of the Wang family at Broken Top mountain and that’s why you hate him so much.”

Wang Lengfa said hatefully “that’s right, that Ye Mo has great enmity with my Wang family how can I let him go. But now, this bastard is this crazy, he wants to annihilate us hidden sects, thus we Wang family need to stand out.”

GU Yanghe was quite close to Ye Mo and approved of Ye Mo’s character at the hidden sect tournament. Hearing the undermining words against Ye Mo, he helped Ye Mo again “sect leader Wang, I was there when it happened. I won’t talk about who’s right and who’s wrong. Ye Mo went to the small world through the teleportation formation. Everyone knows this but sect leader Wang still wants to say that Ye Mo did it. is this because of the conflict between you two?”

Wang Lengfa immediately reproached “did you see with your own eyes that Ye Mo went to the small world? I know Ye Mo helped you before and you can help him make excuses but please don’t put the fate of the hidden sects at risk. Plus, who else other than Ye Mo can annihilate so many hidden sects in such a short few months?”

“oh, then what do you mean sect leader Wang?” another middle aged man got up and asked coldly.

Wang Lengfa said “many hidden sects were tricked to go to Luo Yue city by Ye Mo and now the remaining hidden sects were attacked. I think we should join up to against Ye Mo including the hidden sects that went to Luo Yue.”

“attack Ye Mo?” the middle aged man sneered “Ye Mo represents Luo Yue city. Luo Yue is just a city but it’s more powerful than some countries? Sect leader Wang, your ambitions are really great.”

Wang Lengfa also sneered “of course it’s not enough with just us but we can also join up with other people. Large amounts of hidden sect masters left through the teleportation formation to the small world. we have more than 90% of the hidden sect masters gathered here. Plus, we’re not fighting against the entire Luo Yue. Ye Mo representing Luo Yue is the past, now, Luo Yue is a democratic city. I just want the hidden sects to have a place to survive. Ye Mo annihilated so many of our hidden sects, is it wrong to ask for a place to stay in Luo Yue?”

The middle aged man didn’t fear Wang Lengfa at all and yelled “Wang Lengfa, don’t think of everyone as idiots. Don’t think we don’t know that you annihilated Hong martial sect, Dian Cang and Jiu Ming academy. If Ye qian bei is still in Luo Yue would you dare to call for an attack against him? If Wang Yijian and Zeng Zhengxia and these qian beis were still here would you dare to be this cocky?”

Wang Lengfa took out a soft sword and pointed at the middle aged man “Zhang Hua, Ye Mo saved your life in the hidden sect tournament and thus you can’t even tell the difference between right and wrong. Now you dare to undermine the Wang family. No matter how powerful we are, how can we annihilate Dian Cang and Jiu Ming academy? Today, I’m going to experience the power of masters from the Guang Yao temple.”

Zhang Hua pulled out a thin blade from his back and said “when the teleportation formation was opened, your Wang family was still in sect seal. Of course you can preserve your power but Wang Yijian and Zeng ZHengxia these masters had already left. It’s no wonder that Jiu Ming academy’s power declined. Plus, Wang Lengfa you conspired with those grey robed people, don’t take everyone as idiots.”

Then, Zhang Hua flicked his sword and said “dao friends, I believe everyone knows in their heart that South Mountain Wang family conspired with foreigners to steal the resources of our hidden sects and also tries to trick us into fighting Luo Yue city. Can we really fight the Luo Yue city? I believe everyone knows that the Wang family just wants us to die. Although I don’t know why they’re doing this but if we still don’t wake up, we’ll be devoured whole eventually.”

“dao friend Zhang Hua, those grey robed people are the mortal world powers of the Wang family, what evidence do you have to say they’re foreigners?” an old man got up.

“so it’s Will Sword sect leader Yu Tao. Sect leader Yu has been in solitary cultivation so it’s no wonder you don’t know this. People have long noticed that Wang Lengfa conspired with those grey robed people. Even Wu Dao qian bei knows a little because...”

An earth level primary stage ancient martial artist got up and said “that’s right, a friend escaped from the Jiu Ming academy and he saw the killers were those grey robed people. Now that I see these grey robed people I know we’re trapped.”

“now it seems that not only did they conspire but they’re not afraid of exposing it at all or they wouldn’t let these grey robed people come out into the public. Sect leader Wang, if we don’t agree to you, we probably won’t be able to leave here right?”

Wang Lengfa sneered “you’re right, those who don’t agree to me will disappear. I’ve been doing my best for the hidden sects.”

Then, Wang Lengfa took a step back and the two grey robed men next to him raised their weapons.

Two dark rays flew out extremely rapidly. It wasn’t even able to be seen much less blocked. Black level can dodge ordinary pistol bullets and earth level can dodge custom made pistol bullets.

But these two rays were many times faster than bullets. The shadow already reached Zhang Hua and the other earth level’s head.

Zhang Hua who was vigilant raised his sword without hesitation and in a clank, a small black line was flicked away but that also made Zhang Hua take a step back.

Meanwhile, the other earth level’s head was pierced in a stream of blood.

The other ancient martial artists were all dazed.

Now, everyone realized that what Zhang Hua said was real.

There were about 50 grey robed people and 30 from the Wang family. There was definitely more people outside.

An earth level primary stage was easily killed, Zhang Hua was earth level tertiary stage but only barely stopped it. who would dare to fight such power.

Wang Lengfa sneered “those who wants to join up with us against Luo Yue Ye Mo can stand on my side. Those who don’t want to can go outside.”

A few people already walked over. More and more people went over as fighting with Wang Lengfa meant 90% death.

Zhang Hua suddenly laughed “I won’t go with your Wang family, what can you do?”

Chapter 1378: What do they want to do

“count me in too.” Gu Yanghe said and stood by Zhang Hua.

Seeing so many people still hesitating, Wang Lengfa sneered “kill them.”

A few grey robed men raised their weapons. Gu Yanghe and Zhang Hua wanted to charge out of the hall but as soon as they turned, they saw the entrance was filled with grey robed people each having the same weapon.

Zhang Hua and Gu Yanghe’s heart sunk.

Thud thud.

This was the familiar sound that killed the earth level before.

With this many sounds, it was obvious that Gu Yanghe and Zhang Hua couldn't live at all.

But after the sound Gu Yanghe and Zhang Hua were completely fine, but an extra person appeared here.

"brother Ye..."

"Ye qian bei."

"city lord Ye."

....

Many people knew Ye Mo but many didn't as well. Ye Mo was a judge for the hidden sect tournament before.

"Ye Mo." Wang Lengfa's eyes narrowed, that hatred was unable to be hidden.

"thank you for saving me Ye qian bei, you've saved me twice already." Zhang Hua said.

Ye Mo also recognized this middle aged man and nodded "not bad, it's only been this long and you reached earth tertiary stage from yellow level."

"haha, brother Ye do you still remember me?" Gu Yanghe laughed.

Ye Mo saluted with his fists "of course I do, you've improved quite a lot brother Gu."

Gu Yanghe knew Ye Mo didn't say that his cultivation level increased but his courage increased. His power almost didn't increase at all but the way he did things changed a lot.

Wang Lengfa shook, he just remembered that the bullets that shot towards the two were gone and Ye Mo suddenly came. Could he catch those bullets? Ancient martial arts can be powerful to this extent?

If Ye Mo was this powerful, how could he fight him? Didn't he go to the small world? how is he here?

Wang Lengfa immediately got the conclusion that he must kill Ye Mo immediately or everyone else here would fight against him.

"all of you attack, kill this man." Wang Lengfa said.

Thud thud, this time, it was much denser than before.

These grey robed people were well trained and some were even above yellow level so as soon as Wang Lengfa ordered, they attacked at the same time. This was a new type of firearm, it was much more powerful than guns.

Ye Mo didn't move, he just reached out his hand and looked at the green pea sized things in his hand. They were black but Ye Mo's spirit sense scanned that they had an explosive substance. If he didn't control it with his cultivation essence, these things wouldn't exploded already.

Everyone saw Ye Mo look at this hand and thus all turned to look at his hand. Immediately, they realized that Ye Mo's casual grab caught all those bullets shooting at him at that speed.

What was this power?

Zhang Hua looked dazily at the Ye Mo's hand. He took a step out wanting to block a few bullets for Ye Mo but in such a short time, Ye Mo caught all of them.

At this moment, Zhang Hua felt dejected. He swore that he would reach Ye Mo's height one day but when he saw Ye Mo again, he realized that the gap between them was getting bigger and bigger.

Ye Mo sneered and flung the bullets in his hands out.

Splurge.

Another densely cluttered wave of sounds and bullet shot out from the head of those grey robed men. Some bullets even exploded in their heads.

When they fell down one by one, only then did the ancient martial artist realise that Ye Mo did this.

They all took a cold breath in. cultivating ancient martial arts to the extreme can be this powerful? Or was Ye Mo truly a great heaven?

After what happened at the Jing Ming academy, all the ancient martial artist realized that above earth level was heaven level and only surpassing that was truly great heaven.

The ancestral hall was covered in blood and some timid ancient martial artists were feeling nauseous.

Ye Mo killed 70 people just then, the only grey robed alive was the one next to Wang Lengfa.

Even an idiot knew that Ye Mo intentionally left him.

Wang Lengfa's face was pale and his back was drenched in sweat.

Those few ancient martial artists who went to Wang Lengfa's side quietly came back to Ye Mo's side.

Ye Mo didn't seem to see this and looked coldly at Wang Lengfa "you're from Souh Mountain Wang family? I killed Wang Lenchan and a few people from his family and I heard that the Wang family was going to seal mountain for 50 years. How long has it been and you guys popped out again?"

Ye Mo didn't intend to ask Wang Lengfa properly. His power rose. All the ancient martial artists here couldn't even breathe much less Wang Lengfa who was targeted by Ye Mo. However, Ye Mo didn't even use one-ten thousandth of his real power.

"tell me your purpose, who are these grey robed people?" Ye Mo asked plainly.

Wang Lengfa didn't want to talk but he found he couldn't resist at all "I only know a little about those grey robed people. They come from a big organization and have powerful weapons and military might. Their sole purpose of cooperating with us is to move into Luo Yue city with the hidden sects."

Ye Mo sneered, if Luo Yue city was so easily taken over it wouldn't need to exist. Even though he and Ye Xing left, it wouldn't be so easily taken over.

"I rejected at first because I know that Luo Yue city can't be conquered so I didn't agree to their request. Later, I realized that they weren't going to attack Luo Yue city. They don't even want to have much contact with Luo Yue government." Wang Lengfa said.

Ye Mo frowned but asked coldly "then what do they want to do?"

Chapter 1379: Second friend Wang Ying

"I only know it's a type of ore. Our Wang family is responsible for gathering the power of the hidden sects and use pressure or some other way to make the Luo Yue government give the forest outside the city as the hidden sect grounds. Then we are to give these grounds to them." Wang Lengfa said. Even he felt something was wrong but he couldn't reject.

"then what did they give the Wang family?" Ye Mo's tone grew cold.

Wang Lengfa shivered and suddenly spat a mouthful of blood. Ye Mo's force was too powerful but he answered "they would get revenge for the Wang family and then combine the entire hidden sect so the Wang family controls all the resources..."

Hearing this, everyone was furious.

Wang Lengfa woke up due to this fury but he immediately knew he uncontrollably spilled all the top secrets. There was despair in his eyes and before Ye Mo asked again, he pulled out his sword and sliced across his neck.

Ye Mo didn't stop this. he grabbed that grey robed man with cultivation essence giant hand and searched his soul. Moments later, he dumped him and said to Zhang Hua and Gu Yanghe "I'm going, if you guys want to go to Luo Yue, Luo Yue will welcome you."

The rest of the Wang family people wanted to leave the ancestral hall but now that the grey robed people were dead, how could the other ancient martial artists let them go.

...

An hour later, a private island near the north pacific suddenly exploded and was obliterated into nothing. No one knew the cause of the explosion but no one on the island lived.

Of course Ye Mo did this, only the US knew that Luo Yue had a special ore. This must be the joint work of the US and some other people. Ye Mo just set up a formation and detonated it there.

This way of annihilation was quicker and more satisfying.

...

Returning to Ning Hai, Ye Mo saw that Mu An and Su Mei were still talking. He didn't go over immediately. He reached out his spirit sense wanting to see if Yun Bing was still in Ning Hai. And Ting Ting should be a girl now after all these years.

But after searching many times, Ye Mo didn't find Yun Bing with his spirit sense. he reached his spirit sense to Beijing and saw ZHuo Aiguo and Wang Ying. Ye Mo recognized those people whom he had only seen a few times but he didn't see Yun Bing and Ting Ting. Ye Mo suddenly felt annoyed.

Ye Mo was shook, he didn't know why he had such emotions but after he calmed down he found that he was looking forward to seeing the two.

Ye Mo shook his head. He really wanted to scan his spirit sense over the entire earth now to see if Yun Bing was here and sister Yan.

But Ye Mo resisted the urge. His spirit sense was powerful but earth was arid in spirit chi, it would take at least half a day to a day to do that. It was also taxing on his spirit sense, even if he was to do that he would need to get back to Luo Yue city first.

The business at Ning Hai was over and after he got the fish tails and visited the people at Luo Yue, he would leave.

Ye Mo stood for a moment and decided to go see Wang Ying at Beijing and give her two pills. Wang Ying helped him quite a lot of Ning Hai.

...

Wang Ying was drinking at a bar with a colleague but she looked up and saw Ye Mo. She got up in shock "Ye Mo? No you're Ye Mo's son?"

Ye Mo laughed "Wang Ying, I came to Beijing to visit you."

"you're really Ye Mo?" Wang Ying said joyfully. She didn't care that Ye Mo was a man and just hugged him "Ye Mo, I really didn't expect to be able to see you after all these years. What immortal pill did you eat, why didn't you change at all? But I see you're in a good mood, you've gotten over that break up right?"

Wang Ying said to the female colleague next to her "Yin Yue my old school mate is here. I can't drink with you tonight, I need to stay with him, I might even need to stay with him for the night, hehe."

The female colleague got up and said "slow down, you still need to work tomorrow, don't get stuck in bed. See you tomorrow."

Ye Mo was speechless, Wang Ying didn't change at all. He also felt warm at heart, he felt Wang Ying's lifestyle was the happiest.

"Ye Mo's let's come to my place." Wang Ying grabbed Ye Mo, she felt very safe with Ye Mo.

Ye Mo didn't plan to go back with her, he just wanted to come see her. He shook his head "I just happened to walk past here and saw you drinking so I came to say hello. I'm leaving Beijing tonight and I don't know when I can come back again. You've helped me before in Ning Hai so I came to thank you."

"pfft..." Wang Ying snorted "you've thanked me a few times already. You must come tonight. Those old friends are all in hiding and now I've finally caught one today how can I let you go. Don't be scared I won't eat you, of course I'm not scared of you eating me."

"look." Wang Ying hugged Ye Mo and rubbed "I'm going to take advantage of a young handsome man..."

But Wang Ying suddenly stopped and subconsciously looked down and called "Ye Mo, you're okay now? when did this happen?"

Ye Mo was awkward. He didn't have any mental preparation for this. he knew Wang Ying was just like this, but she didn't really think like that in her heart.

Wang Ying felt happy "how about I go find a way to contact Qingxue and ask for you..."

He took out two pills for her "Wang Ying, I got some good pills that can preserve your beauty. You can eat it when you like."

Wang Ying took it and put it in her bag before calling to the waiter "bring two jugs of beer."

Then she laughed at herself "I'm already old, I don't need to keep my looks. So what if I keep it, he saw that I was getting old so he divorced me and found a younger and prettier one."

Ye Mo sighed and silently listened to her talk until she was drunk. Then he found her address based on her identity card and sent her home.

Ye Mo left behind a purple card and a letter explaining who he was. He didn't need the money in this card so he might as well give it to Wang Ying.

...

When Ye Mo came to Ning Hai again, he saw that Ning Sishuang was in her dorms. Thus, Ye Mo went directly to Ning Hai uni.

Chapter 1380: Ning Sishuang also has fights

Ning Sishuang sat in her dorm dazing. The night Ye Mo left, she realized that she didn't leave her brother in law's number nor give him hers. How would brother in law find her?

"sister Shuang, didn't you say you were going on a holiday with a friend? Why do you look so lost coming back, are you in love and you lost that love?" a chubby girl asked.

The other girl immediately answered "Sishuang losing love, how can you even imagine. Which idiot would break up with Sishuang? Plus, the handsome guys wanting to chase Sishuang can line up all the way around the school.

Ning Sishuang regained her senses and said "don't bullshit, good things happened yesterday indeed. Where is Yi Ming let's go have a big meal, I will treat."

"really, sister Shuang, thank you. I'll call Yi Ming back immediately." The chubby girl shrieked and was about to make a call.

Ning Sishuang was indeed happy. She hasn't told her parents that Ye Mo was back as she wanted to go back with him to give them a surprise.

As soon as Ye Mo came to the door, he heard that Ning Sishuang was going to treat people and he quickly knocked on the door.

“Yi Ming is back, I haven’t even called yet. She must’ve heard that there’s food.” The chubby girl opened the door and saw Ye Mo.

“who are you? How did you come up here?” the chubby girl looked dazily at Ye Mo not understanding how a guy came to the female dorms. The female dorms were under strict management and no guys were allowed up here.

“I’m here to find Ning Sishuang.” Ye Mo said politely and didn’t go in.

“brother in law, I was thinking about how to let you know my contact details but you’re this powerful and found me.” Ning Sishuang rushed over in joy and pulled Ye Mo inside.

What she didn’t expect was that another girl in the corridor saw this and seemed surprised but she quickly left.

Moments later, she came to another dorm and charged in.

“Yu Ping, what are you doing?” the girl wearing black glasses said unhappily.

Yu Ping rushed to another girl next to the mirror saying “Chu Dan I saw...”

Chu Dan also frowned and turned around showing an extremely pretty face. In terms of looks, she was on par with Ning Sishuang and seemed more feminine. Ning Sishuang’s body was not grown out yet but Chu Dan was very curvaceous. “YU Ping what did you see?”

Yu Ping calmed herself down first and said “Chu Dan, I saw a man being dragged into Ning Sishuang’s dorm by her.”

Chu Dan immediately threw down her makeup pen and said in surprise and joy “Yu Ping, are you serious?”

“of course.” Yu Ping said.

“Yu Ping, hurry up and call the school management and the Mei Mei school news. Tell them to bring cameras immediately.” Chu Dan said desperately.

Then, Chu Dan’s beautiful face showed a smile “little slut, can’t keep your pants on how dare you fight with me.”

...

“brother in law, you’re really powerful. As soon as I came back, you’re back. How did you find me? who did you ask?” Ning Sishuang couldn’t control her joy.

Ye Mo smiled but didn’t say anything.

“wow, sister SHuang, you’re not nice. You found a boyfriend but you’re hiding it from us. Brother in law, so cringe but I like this title. If I find a boyfriend, I’ll call him brother in law too. Hahaha...” the chubby girl joked.

But immediately she thought about the big meal “hehe, sister Shuang, you’ve got good eyes, this handsome guy, hehe...”

“you didn’t forget about the big meal later right?”

“all you know is eat, look at how chubby you are.” Another girl said.

Ning Sishuang quickly said to her two dormmates “don’t misunderstand, this is really my brother in law. Brother in law, they’re my dorm mates, the chubby one is Le Yan and this one is Yi Xiaoshan. Yi Ming isn’t back yet.”

"he really is your brother in law?" Yi Xiaoshan asked in shock.

"yes." Ning Sishuang said affirmatively.

Le Yan was confused too. Ning Sishuang's sister has been out for so many years, even if her brother in law came back, he can't be this young.

Seeing that they were going to chat non stop Ye Mo quickly said "Sishuan, I'm going back soon, just give me that key."

"don't be in such a rush, you're sister Shuang's brother in law, you finally came, of course you need to treat us to dinner. We've been exhausting our brains helping sister Shuang recently." Le Yan said.

Seeing this, Ye Mo knew he couldn't get away from this so he nodded "in that case let's go eat. Sishuang remember to bring the key..."

Just at this moment, Yi Xiaoshan looked at her phone and quickly said "Sishuang, the student management department people are here and the school news department. We should quickly go, it must be that Chu Dan. She saw you bring your brother in law and wants to look for trouble."

Ning Sishuang said in contempt "so what if they're here, I'm not scared. So what if my brother in law is here? I don't have about being a image representative."

Ye Mo's spirit sense scanned two groups of people going up the stairs coming towards their direction and asked "what's image representative?"

Le Yan immediately said "being the image representative for Ning Hai. There's only two spots and one of them is in our school. Your identity and status will...."

The dorm doors were opened and more than ten people were hustled towards with all sorts of flash lights.

Ning Sishuang's hands were still clutching Ye Mo's arm and these were all caught by the cameras. But Ye Mo didn't care at all, he simply used a cultivation essence barrier and their cameras would be empty.

But Le Yan's face changed, she didn't expect the people came this fast. With this news, Ning Sishuang's image was ruined.

But before she could talk, a few students with bages came in.

"Ning Sishuang, you've broken the rule of bringing a male into the female dorms, please come with us to the student management centre." The student saw Ye Mo and his eyes flashed with jealousy.

"can't my family come to visit me? since when did the school rules say that family members aren't allowed to visit?" Ning Sishuang said in contempt.

Another student argued "we'll know if he's your family member after going to the student management center. Even if he is family, males aren't allowed in the female dorms."

"brother in law..." Ning Sishuang looked at Ye Mo unhappily.

Ye Mo smiled "then don't bother studying here, come back with me."

"huh..." Ye Mo's words shocked everyone here. Ning Hai uni was one of the three most famous universities in the country. Countless people wanted to come in and yet Ning Sishuang's boyfriend just said don't study here.

Ning Sishuang immediately rejoiced and hugged Ye Mo's arm even tighter "but my parents want me to study here, what do I do?"

How could Ye Mo not know what she wanted, he smiled "I'll speak with them about this."
