

## Strongest As 1381

Chapter 1381: Chu Dan's shock

"Sishuang, are you really quitting because of this?" Le Yan asked stutterly.

"yea, my brother in law said so, what do I need to be afraid of. Let's go, call Yi Ming and we'll go get a big meal." Ning Sishuang joyfully.

She didn't understand why her parents insisted on her studying here when there were so many good schools in Luo Yue.

"remember to pack your things and bring that key." Ye Mo reminded again. That key was very important to him. His spirit sense scanned Duan Heng ranges and found it to be surrounded by all sorts of buildings. Even if he could open the formation it would cause a huge commotion. Plus, Ye Mo didn't have any faith in starting that formation as the formation heart has been dug up.

Ning Sishuang just put a few simple things in her bag and said "don't worry, I've picked up the key already. There's nothing else here, let's go."

Then Ning Sishuang looked slyly at the students and said "okay, I'm not a student of Ning Hai university now, the student management center has no right to manage me."

The students there dazed not being able to say a word.

Ning Sishuang held Ye Mo's hand and waltzed out of the door and said to Le Yan "Yan Yan, when Yi Ming comes back I'll call you, we'll have a big dinner together."

The tall man saw Ye Mo and Ning Sishuang go down stairs and quickly said "that man has violated our school rules and went into our school's female dorms, he must be recorded."

Then, he took a step forward to grab Ye Mo but as soon as he got to the stairs, he fell down. The stairs were very wide but he eerily rolled a few times before spitting out a few teeth. Then, he was paralysed on the stairs.

Everyone who saw this were shook, the stairs were so wide and smooth and yet he fell like that.

The rest of the people couldn't care about Ye Mo and Ning Sishuang, they quickly helped the student up and sent him to the hospital.

Ning Sishuang laughed and felt very satisfied.

Ye Mo shook his head and sped out of the dorms coming into a small road outside the school.

"brother in law, wait for me." Ning Sishuang rushed up and grabbed Ye Mo's arm.

"aiyo, brother in law such intimacy. I heard you're quitting uni. Ning Sishuang I even feel a little guilty." Chu Dan spun out.

"I thought you were going to the student management centre and specially walked around but I still saw you. Sigh..." Chu Dan sighed.

Ye Mo frowned but didn't talk.

Ning Sishuang's tone suddenly went cold. "Chu Dan don't think that I don't know your'e behind this but I never even cared about the image representative. Plus, I quit when I want to quit, can you do that? You can only plot against people behind their backs, what are you?"

Ye Mo wanted to laugh, he could tell that Ning Sishuang cared about it but after all that happened, she knew she had no hope for it.

Chu Dan looked at Ning Sishuang and sneered "so what if I reported you. Dropping out of school first year in uni, what can you do? at most there would be an extra...."

Ning Sishuang's face burst red "I'm going back with my brother in law, what does that have to do with you. I'm not even going to stay here."

"of course I know you're not going to stay here? Brother in law, what a nice name. after I graduate I need to learn with you." Chu Dan said in contempt. "what can you do with your brother in law?"

Little did Ning Sishuang know that Chu Dan was cursing her for being lucky enough to find a man this handsome but she would never say that. Ning Sishuang was always better than her and that made extremely uncomfortable.

Ye Mo could tell that Ning Sishuang was no match for Chu Dan in an argument so he pulled her signaling her to stop talking. Then he said "Sishuang is going to cultivate to be an immortal with me, is that okay?"

"Brother in law..." Ning Sishuang was speechless, why not leave if we can't beat her in the argument, why talk about some immortal cultivation. She would have no face to come back.

Chu Dan dazed and suddenly laughed. She realized she didn't envy Ning Sishuang anymore. Her boyfriend was good looking but he was an idiot. He was nothing compared to her cunning boyfriend.

At this instant, she felt very satisfied. She finally beat Ning Sishuang.

"let's go." Ye Mo suddenly felt annoyed and took Ning Sishuang. Cloud appeared beneath his feet and they floated into the sky on this cloud in front of Chu Dan soon disappearing.

Chu Dan's laughter suddenly stopped. She looked dazily at Ye Mo and Ning Sishuang and suddenly rubbed her eyes and patted her head.

After a long while, she screamed. "flying, it's really flying..."

"Chu Dan, what happened to you?" two girls heard Chu Dan scream and came over.

Chu Dan pointed hysterically at the direction where Ye Mo and Ning Sishuang disappeared.

Yu Ping frowned "Chu Dan what happened to you? What is flying? Ning Sishuang she's quitting university. Regardless, you've succeeded, what are you worrying about?"

Chu Dan suddenly said to Yu Ping and Meimei "did you see Ning Sishuang? And the guy next to her? Did you see that they flew away?"

"Dan Dan, you're too good at acting, your expression seems so real." Another girl patted her chest and nodded. "yes, Ning Sishuang flew away."

"you saw it too right?" Chu Dan grabbed this girl.

The girl slapped Chu Dan's hands. "okay, we're about to have dinner. Everyone knows that Ning Sishuang was kicked flying by you."

Chu Dan calmed down and was certain she didn't see wrong. She knew that no one would ever believe her.

"Chu Dan, I feel you're a bit strange." Yu Ping noticed something.

Chu Dan realized her actions were too strange before. she forced a smile despite the shock in her heart "I was just joking haha, can't you take a joke."

"pfft..."

Yu Ping sighed "Dan Dan, you should go to performing arts, it's such a waste of your talent. You don't know how real your act was before."

"okay, today's incident let Dan Dan win. Let's go have dinner and celebrate." Mei Mei said.

Chu Dan said “not tonight, let’s do tomorrow, I’m a bit tired tonight I want to sleep.”

...

Ye Mo intentionally flew in front of Chu Dan and even formed clouds with his cultivation essence.

Before he left, he was going to set up level nine formation at Luo Yue anyways and help Qingxue’s parents cultivate so he might as well let Ning Sishuang know this earlier.

When Ning Sishuang was taken into the sky above the clouds, she was completely dumbfounded. It’s been so long and she hasn’t recovered. She felt scared right now, not surprise.

Chapter 1382: Return to Luo Yue City

Ye Mo gave Ning Sishuang a clear mind spell and only then did she wake up. She grabbed Ye Mo’s hand and asked nervously, “Brother in law, we’re flying?”

Ye Mo nodded. “Yes, this is the cultivation I was talking about. Your sister isn’t here so she can’t come see you, but if you want to learn I can teach you.”

“Of course I want to!” Ning Sishuang reacted and said in surprise and joy. She realized why her brother in law told her to quit, if she could cultivate, why would she go study?”

...

Chu Dan thought for an entire night in her dorm and the next morning, she ran to Ning Sishuang’s dorm.

Le Yan got up and saw it was Chu Dan and immediately looked unhappy. She said coldly, “Chu Dan, Sishuang was moved away because of you, what else do you want?”

Chu Dan had an apologetic face. "I came to apologise to her, I regret what I did yesterday. Give her number to me, I will apologise to her personally."

Hearing this, everyone in the dorm was dazed. Chu Dan had always been very dominant, it was absurd that she came to apologise.

Le Yan reacted quickly. "No need for apology, after we ate with Sishuang and her brother in law, they probably left Ning Hai."

"So you have Sishuang's number or do you know where her house is?" Chu Dan asked hopefully.

Le Yan was more vigilant, she shook her head. "I had her number but she doesn't use that phone anymore. She told me that if anyone called her just let them know that she had already left. As for her house, I don't know."

"Huh." There was disappointment in Chu Dan's eyes but she didn't fuss about it. She thanked Le Yan and left.

After Chu Dan left, Le Yan said, "Do you think this Chu Dan isn't very normal? I won't believe someone like her would apologise."

"Would this woman be jealous of Ning Sishuang's boyfriend and want to steal him?" Yi Ming asked.

Yi Xiaoshan crawled up and suddenly said, "That might really be possible. Chu Dan isn't a good person and she would never talk to us in such a low manner."

Le Yan rolled her eyes. "Sishuang already said that it was her brother in law."

"Pfttt."

Chu Dan didn't go back to her dorm but instead called her father Chu Hang.

“Father, do you think there are immortals in this world?” Chu Dan didn’t like people being stronger than her but she respected her father a lot.

Chu Hang was just ready to go to his office and received this strange call. “Dan Dan, why are you thinking of something this strange in the morning? There’s a meeting at the company, I’m busy.”

“Dad, just answer me, are there people who are able to fly on clouds?” Chu Dan interrupted.

Chu Hang frowned but didn’t reproach his daughter. “You can’t say it’s impossible. Our Chu family ancestor seems to be involved in cultivation. Our Chu family dragon door disk is passed down from our ancestor.”

Chu Hang said, “You only need to know it’s possible, focus your efforts on studying. It’s not something you should be caring about now.”

“Then dad, you taught brother to meditate and practice Qi Gong, is that passed down from ancestor?” Cu Dan asked.

Chu Dang agreed, “You don’t even want to learn those things why are you asking now? That’s right, it’s passed down from our ancestor but it’s only some Qi Gong to strengthen the body. It’s very different than ancient martial arts and rarely do the people in our family get sick. We live long lives also due to this. If you’re interested, I can teach you when I come back.”

“Dad, if I told you I saw someone fly on the clouds yesterday would you believe it?” Chu Dan suddenly felt her Chu family wasn’t ordinary.

“Blasphemy! I’m going to have a meeting, don’t think too much. It’s going to affect your studies. We can talk at night.” Chu Hang hung up.

Chu Dan was dazed for a moment before saying to herself, “I knew you guys wouldn’t believe it.”

...

At this moment, Ye Mo got the last two fish tails and was with Mu An and Ning Sishuang.

Mu An saw Ye Mo land in the backyard from the sky with Ning Sishuang and completely believed Ye Mo's words. She really didn't expect there was something such as cultivation in this world.

But after knowing that her daughter was no longer on earth but on Luo Yue continent, she couldn't control her longing for her daughter.

However, Ning Sishuang was getting more and more excited, stars were about to pop out of her eyes.

Looking at the two fish tails, Ye Mo was thankful to Ning Xuyan. If these two fish tails were lost, it wouldn't be easy to find them even with his spirit sense.

"Ye Mo is it hard to come back after we go to Luo Yue City this time?" Mu An asked.

Ye Mo shook his head. "After going to Luo Yue City, I will be leaving. It's very hard for me to come back but if you want to go to Ning Hai you can go at anytime. However I suggest not to come back too often, you need to have a peaceful heart for cultivation. Otherwise, your progress won't be much. Who knows when will be the next time I can come back with Jingwen and them? Maybe ten years or maybe 100 years..."

Ye Mo didn't say that if he ascended into the immortal ascension it would be even harder to come back to Earth.

The dimension was much sturdier in the immortal realm than in the cultivation realm.

"Brother in law, didn't you fly back with me on a cloud? Why is it a flying boat now?" Ning Sishuang thought flying on the clouds was much cooler.

Ye Mo was speechless. "Using clouds is not practical. It's slow and wastes cultivation essence."

...

Even though Ye Mo used a top grade spirit artifact, they still reached back Luo Yue City in a very short time.

Although he had seen Luo Yue City's prosperity in his spirit sense, when he truly saw it, Ye Mo was still excited. Although he didn't build everything, it was founded by him.

Seeing Ye Mo come back, Ning Zhongfei and Lan Yu's eyes turned red. They wanted to ask Ning Qingxue's whereabouts immediately but they knew Ye Mo would tell them.

Ye Mo spent more than half the day explaining to them what he said to Ning Sishuang and Mu An last night.

The couple were disappointed that Qingxue wasn't back but thinking that if they focused on cultivation, they might be able to see their daughter again, they forced themselves to calm down.

Just when Ye Mo wanted to go see Huang Yinian and them, Lan Yu asked, "Ye Mo, did you see Chi Wanqing there?"

Ye Mo immediately remembered and felt guilty. She wasn't his wife but she went with Jingwen and them to Luo Yue and disappeared. But he never thought of visiting her parents.

"Her parents came to Luo Yue a few times asking if you were back. Eventually, they just moved to Luo Yue City waiting for you and retiring here," Ning Zhongfei said.

Ye Mo scanned his spirit sense out and soon saw a row of small houses in which Tang Qianping lived. Her face looked very similar to Chi Wanqing and Ye Mo guessed she was Chi Wanqing's mother. It should be her father next to Tang Qianping.

Ye Mo frowned. "Why are they living on the outskirts?"

Ning Zhongfei sighed.

## Chapter 1383: Wrong, You're Not

"What's going on?" Ye Mo asked. He had a good impression of Chi Wanqing and she was lost in Luo Yue continent due to him. He should stand up for Chi Wanqing's parents.

Lan Yu looked at Ye Mo's face and knew he thought that what happened with the Dongfang Family happened again.

Lan Yu quickly said, "Her parents were very worried that Chi Wanqing left. After her father retired, he didn't stay in the military and moved to Luo Yue City. Luo Yue City has become the world's prettiest city under the work of city lord Huang and them."

Mu An nodded. "Yes, in order to find JIngwen, I came here a few times. I heard that those who live in Luo Yue City have better health on average."

Lan Yu nodded. "But it's a pity, there are too many people wanting to come to Luo Yue City. Because of this, Luo Yue City's land prices are soaring higher and higher. It's not something ordinary people can afford. Wanqing's parents have some savings but they can't afford a better place."

Ye Mo frowned and asked, "Wanqing's mother has a big company and their family is wealthy, how can they not afford to live better?"

Lan Yu sighed. "After Wanqing went missing, her mother didn't have the mind to run her company and it soon started losing money. Soon, it was taken over by another company. They didn't care about the company profits so they just came to Luo Yue City."

Just when Ye Mo wanted to talk, his spirit sense scanned that at the centre of Luo Yue City. Huang Yinian and them were having a meeting. There was a man in his thirties sitting next to Huang Yiniang. He slammed the table, seeming very angry.

But neither Huang Yinian nor Yu Miaodan and them said anything. Instead they listened to the man yell at them.

Ye Mo was immediately unhappy, regardless if Huang Yinian was right or wrong, he was the city lord. How dare someone slam the table in front of him? This was too absurd! Huang Yinian led Luo Yue City to such prosperity, how could he allow such person to be in the city lord estate meeting?

Ye Mo got up and said to Lan Yu, "Aunty I'm going to the city lord estate once. I want you to bring Wanqing's parents to live at Luo Yue Lake too. It's pretty big after all. Of course, I want you to tell them what I told you. If they want to see Wanqing again, they have to cultivate at Luo Yue Lake."

Then, Ye Mo took out three bottles of pills and gave them to Mu An. "Aunty Mu, you've had these pills already, just give everyone one."

Lan Yu and them hadn't seen these pills but they knew they were substantial. Mu An was a prime example. They hadn't seen her for so long and yet she seemed so young. Clearly this wasn't normal.

"Go do what you need to do, I will go check on Wanqing's parents with Zhongfei soon," Lan Yu quickly said.

...

"City lord Huang, I don't get why not? You've seen the development of Luo Yue City in recent years. I'm not wrong – if we change that to be the world trade and economic center, it would boost Luo Yue's economy again." The middle aged man slammed his hand.

Huang Yinian waited till the man was done and said, "If I say no, then no. Other places are fine but not there. Suo Zhen, I know Luo Yue's development is inseparable with your planning but that is non negotiable."

Huang Yinian called him by his full name, clearly city lord Huang was unhappy too. Suo Zhen slammed the table again and got up in agitation. He was almost yelling, "City lord Huang, why is your brain as hard as wood? Luo Yue Lake is taking up such a huge place and only the Ning Zhongfei couple are living there. This is a waste! And Luo Yue Lake's owner Ye Mo didn't do any procedures, one could say that land belongs to the government. We're not saying they can't live here, but we're just telling them to change places and make Luo Yue Lake the economic center. Look at all these economic policies I've made, which one was wrong?"

Yu Miaodan suddenly got up and said, "Suo Zhen, if you dare to call city lord's name straight out like that I will remove you from the list of future city lords. No one who doesn't respect the city lord deserves to become the city lord. City lord is being polite saying that Luo Yue belongs to everyone, but Luo Yue City is city lord Ye Mo's city. Agree or not, that's the reality."

Suo Zhen looked calmly at Yu Miaodan and said, "Does vice city lord Yu think this is a fascist time? You can remove my name however you like? One person's city? Luo Yue is now a democratic city, no one dares to call it one person's city."

Huang Yinian got up. "I agree with vice city lord Yu on this. Luo Yue City is one person's city, Ye Mo's city. No one can change that. Those who agree with us can stand up, those who don't can remain seated."

Lu Lin, Guo Qi, Li Sandao, Shi Xie, and Fang Wei got up without hesitation. Shen Qianqian also got up after a slight hesitation.

There were more than ten people in here and more than half got up. Suo Zhen looked at Shen Qianqian with annoyance. "Director Shen, do you think I'm wrong? During these years, which of my policies didn't encourage the development of Luo Yue? Which one was of selfish intent?"

Shen Qianqian's face changed and after a while she said, "Vice city lord Suo, you're right and your contribution to Luo Yue City these years are undeniable, but I really don't get why you must take that Luo Yue Lake?"

"I've said it many times, it's the place that can allow Luo Yue to soar into the skies," Suo Zhen said unhappily.

Shen Qianqian shook her head. "I don't really mean it when I say I don't get it. Due to your contribution to Luo Yue knowing that city lord Huang and Yu won't agree, I haven't said anything. But every meeting, you're trying to force this matter."

"Oh, then tell me director Shen. Everyone sees how wholeheartedly I worked for Luo Yue City. There's nothing I can say." Suo Zhen calmed down.

Shen Qianqian continued, "If it was something else I would agree, but I owe brother Ye a great deal. Without him, there wouldn't be me today. I love business, but after all these years, I've already realized my dream. I stay here not for my ideals but to genuinely help brother Ye's Luo Yue City."

Shen Qianqian looked coldly at Suo Zhen. "Do you know why I didn't stand up immediately? It's because I really don't want you to have conflict with everyone. Everyone knows vice city lord Suo's capabilities and this is the main reason city lord Huang lets you off. In here, no one is more suited to be the next city lord besides you, but you're doubting who Luo Yue City belongs to. I'll tell you right now, Luo Yue City is brother Ye's no matter the time. I know you might not work wholeheartedly for Luo Yue City after this, but this is reality."

Suo Zhen grunted, "No matter what you say, my passion for Luo Yue City won't be lesser than any of you. No matter what opinions you have of me, I will still work for Luo Yue City. Everyone isn't calm now, I suggest to end the meeting and discuss it next time."

Shen Qianqian shook her head. "Since I chose to speak out today I don't intend to discuss it next time. I know what you want, you indeed don't intend to harm Luo Yue City, but you're too selfish."

Suo Zhen was about to say something but Shen Qianqian waved her hand. "Don't get agitated, let me finish. I'm saying you're selfish because of Luo Yue Lake. Brother Ye chose that place himself. It's the best place in Luo Yue City. It's not just a place anymore, it's a symbolism of Luo Yue's creator. The longer the time passes, the more the citizens of Luo Yue City will respect it, and you..."

"You want to take it first because that's the best place, but more importantly your ambitions are too great. You want to replace brother Ye and when the world economic center is built, people will gradually forget the founder of Luo Yue, Ye Mo, and only remember the person who built this economic center, which would be you."

Suo Zhen's face looked bad. "This is a democratic world, not individual heroism. Director Shen, please don't say things like that."

Shen Qianqian said calmly, "You know you're definitely the next city lord so you just want everyone to remember you."

"I am the next city lord, but..." Suo Zhen grunted.

“Wrong, you’re not the next city lord,” a calm voice interrupted him.

#### Chapter 1384: Dominant Ye Mo

“city lord Ye...” everyone who stood up called out in surprise and joy. Ye Mo didn’t change at all, instead he looked even younger.

Huang Yinian was overjoyed. He didn’t expect to be able to see Ye Mo again as none of those who went to the small world could come back but Ye Mo came back.

Huang Yinian got off his seat without hesitation and said “city lord Ye sit here.”

No one felt strange that Huang Yinian moved aside, as Ye Mo was back.

“city lord... Ye Mo...” Suo Zhen called out in shock.

Ye Mo ignored him and smiled “sister Yu, Lu Lin, Guo Qi, Li Sandao, Shi Xiu, Fang Wei, director Qianqian, long time no see.”

The heavy atmosphere in the meeting room became lightened.

After Ye Mo sat down on Huang Yinian’s seat and let everyone sit down, he said to Huang Yinian “city lord Huang, thank you for leading Luo Yue city to such prosperity, sit beside me.”

Huang Yinian was overjoyed that Ye Mo approved of his work and sat down next to Ye Mo without hesitation.

Seeing Ye Mo sit down in the city lord seat without hesitation, there was a sliver of discomfort in Suo Zhen’s eyes but he said nothing.

Suo Zhen's discomfort was caught by Li Sandao. Li Sandao sneered, how dare he act like that in front of Ye Mo. Even powerful people like Qian Longtou and Dongfang family were annihilated clean by Ye Mo. There was blood everywhere in this meeting room but Suo Zhen was too young and didn't see it.

Suo Zhen wanted to remove Ye Mo's status in Luo Yue city just because he made some contributions to Luo Yue city. He was mad. Luckily he didn't tell Ye Mo to leave like the Dongfang family or no one would be able to save him.

Ye Mo said "I've left Luo Yue for more than ten years and Luo Yue is looking so prosperous. Clearly everyone here has worked hard, I thank you for that."

"Luo Yue city is our city, we are willing to do all that." Suo Zhen said.

How could everyone not know what Suo Zhen meant, he was implying that Luo Yue isn't the Luo Yue before, it has nothing to do with you. We're not doing this for you but for Luo Yue city.

It was natural that capable people were cocky but this guy dared to try take away Luo Yue lake, this touched Ye Mo's bottom line. He established Luo Yue to build a peaceful environment but it was important that Qingxue, Luo Ying and them liked this environment.

Put straight forwardly, he built this place for his family and friends, not to maintain world peace and equality. He wasn't that noble. He didn't allow anyone to assault anyone especially anyone to assault his family and friends.

Huang Yinian heard this and immediately knew things weren't good. Suo Zhen was capable but his words already angered Ye Mo and so he quickly said "Luo Yue city looks like this today mostly due to director Qianqian and vice city lord Suo."

Ye Mo nodded "I heard that Luo Yue city land prices are very high. City lord Ye, tell me the recent policies."

Ye Mo wasn't going to intervene in politics and economy here but since it involved Luo Yue lake, he wasn't going to go easy.

“yes.” Huang Yinian sighed. He knew Ye Mo’s character decently. He was old and didn’t mind losing some face in front of young people for Luo Yue. After all, when he retired, Luo Yue would depend on these young people. But the founder was Ye Mo and he wouldn’t allow anyone to do that.

“Luo Yue city’s immigration policy was changed. It’s arranged due to assets only those with certain financial power can move to Luo Yue city. Those poor families can give their residence to wealthier people to live here.” Huang Yinian said.

Ye Mo immediately said coldly “from today on, Luo Yue city will stop migration, as for those who forcefully make poorer families move out of Luo Yue, kick them out of the city.”

“yes.” Huang Yinian immediately nodded.

Huang Yinian knew this would let Luo Yue become wealthy rapidly but it wasn’t the best long term plan. Suo Zhen’s face was very bad but he didn’t say anything, he made this policy.

Ye Mo scanned his spirit sense and saw ships loaded with weapons about to leave and immediately asked “why is Luo Yue weapons being shipped out?”

“because our weapons are leading the world and many countries have ordered from us. If we sell weapons we can earn large amounts of foreign income.” Suo Zhen said.

“who made this policy?” Ye Mo asked.

Suo Zhen immediately replied “I did, those economic policies that allowed Luo Yue to rise up shortly were all made by me.”

“yes, the reason Luo Yue can have today is due to vice city lord Suo’s economic plans. Due to this, he is the anointed next city lord. Everyone agrees to this and so does the people of Luo Yue.” Another man in his 30’s got up and said.

Seeing Ye Mo look at this person, Yu Miaodan quickly said “this is our new Luo Yue commercial vice director, Luan Ming. He’s the next commercial director. He graduated from Harvard university.”

Ye Mo said plainly “the next city lord will be Shi Xiu, the next commercial director will be decided by Shen Qianqian. Choose someone who came from Luo Yue. As for Suo Zhen and Luan Ming, from today onwards won’t have any duties in Luo Yue city...”

“city lord Ye, you...” Suo Zhen got up furiously seeing Ye Mo kick him out. “Luo Yue is everyone’s I worked arduously for Luo Yue for so many years. What right do you have to do this? you have no position in Luo Yue right now and left Luo Yue for so many years. What right do you have to point fingers at Luo Yue management. Luo Yue belongs to everyone, not someone, you have no authority to do this.”

Ye Mo said coldly “I said Luo Yue is everyone’s not you.”

Suo Zhen’s face was green. Ye Mo meant that he didn’t have the right to say Luo Yue is everyone’s.

Ye Mo asked “Suo Zhen’s details.”

No one knew what Ye Mo meant but only Lu Lin. Moments later, a girl came into the meeting room.

Luo Yue’s security was on par with military bases. Ye Mo was powerful and thus he could come in without being noticed but this girl wasn’t stopped too.

The girl held a paper but she didn’t come in and just read at the door “Suo Zhen, parents are American citizens. Graduated at Harvard 13 years ago and went to Cambridge, after studying for four years he graduated and came to Luo Yue. He came into the city lord estate within three years due to his knowledge and cleverness. Four years ago, he was vice commercial director two years ago, he became vice city lord and was anointed the next city lord. During his term as vice city lord, he was in content with American business tycoon Aircy. Aircy also has another identity, he’s a member of a spy organization.”

Suo Zhen was shivered hearing this, he had only been in contact with Aircy once and this was investigated. Not only this but even Aircy’s identity was exposed. Just how many secrets were in Luo Yue that he didn’t know?

“Luan Ming, graduated from Yale ten years ago. He has been in contact with Meduci from the CIA during his time studying. 6 years ago, he came to Luo Yue city and became the vice commercial director.” The girl read emotionlessly.

Chapter 1385: Fish but no gate

“during their terms, Luan Ming and Suo Zhen spilled military secrets twice and commercial secrets five times and used their means to launder few hundred million Luo Yue dollars. The Luo Yue safety department has decided to execute Suo Zhen, Luan Ming, Yu Zhenshen, Bu Weizhang.... on the day Suo Zhen takes over as city lord and declare publicly their sins.”

Then, the girl bowed and exited the meeting room.

The meeting room fell intent silence.

Ye Mo sneered, he could easily make Suo Zhen say what he has done but he wouldn't be the one managing Luo Yue later. Doing this had greater effect on fearing those with bad intentions. After all, the old people would retire and Luo Yue needed fresh blood.

After the Dongfang family incident, Ye Mo was vigilant. He anointed Lu Lin and she didn't disappoint him. Although she didn't take any actions, the investigation was very clear.

Yu Miaodan and Huang Yinian sighed, after what happened last time, there was no way Ye Mo would let the same thing happen again. It was indeed so.

Pity that Suo Zhen, he was indeed capable. The reason Luo Yue was so developed was indeed greatly due to Suo Zhen. So even though Suo Zhen made some small mistakes, Huang Yinian pretended he didn't see. But Huang Yinian didn't know he spilled military secrets.

“take him away.” Ye Mo said coldly.

Suo Zhen yelled “Ye Mo you have no right to do this to me. you're not a member of Luo Yue city government. This is dictatorship, this is desecration of human rights.”

But no matter how he yelled, he was taken away by Guo Qi.

Ye Mo shook his head, if this was Mo Yue City he would've threw a fireball over already but this was Luo Yue city and many of them would be managing Luo Yue city. If he did this, it wouldn't be good. If he was going to stay here for long term it was fine but he was going to leave soon.

After that, Ye Mo didn't involve in the discussion of Luo Yue matters but just stayed on the side and listened. He also suggested that Luo Yue shouldn't be selling weapons as their main source of income. Luo Yue pharmaceuticals was the best economic source.

No matter what Suo Zhen did, when Ye Mo came, all his means were rendered useless. Even if he took over Luo Yue lake, what awaited him would be certain death.

Luo Yue's martial academy not only protected the safety of high authorities in the city but also protected Ye Mo's Luo Yue city. If Suo Zhen took over Luo Yue lake and kicked Ye Mo's family away, how can the martial academy let him go? Suo Zhen was dominating politically in Luo Yue city but he didn't know where Luo Yue's power truly laid.

Even though Ye Mo said nothing but him sitting here sped up the discussion. Shi Xiu didn't have Suo Zhen's brains but there wouldn't be a huge problem with him managing the city.

...

Ye Mo didn't participate in the afternoon discussion and just went back to Luo Yue lake. Chi Wanqing's parents were already here and they clearly all ate his pills.

Chi Wanqing's mother immediately asked Ye Mo where Chi Wanqing was but Ye Mo didn't know where she was as well. He could only say that she was safe in North Far State with little wolf.

In the next few days, Ye Mo taught them cultivation and regardless if they had spirit root or not, Ye Mo gave them a five essence pill.

During this time, Ye Mo also spent a week planting three extreme grade spirit range below Luo Yue lake and two below Luo Yue city. Then, he set up a level nine attack formation, level nine defense formation and level nine spirit gathering formation next to Luo Yue lake. He also set up another level nine attack and defense formation outside Luo Yue city.

With this, even missiles wouldn't be able to get into Luo Yue plus Luo Yue had its own anti missile system. Luo Yue's spirit chi was so dense now that it could compare with South Peace State Pill City.

Ye Mo didn't give the jade card to controlling the formation to the city lord estate but gave it to his father in law Ning Zhongfei.

After that, Ye Mo was completely free. Although Ning Sishuang wanted Ye Mo to take her around and fly but seeing everyone was cultivating, she didn't want to be dropped behind so she cultivated too.

Ye Mo didn't piece together the yin yang fish. Instead, he found a quiet place and searched for Yun Bing and Ting Ting with his spirit sense. If they weren't living well Ye Mo would bring them over but if they were he wouldn't disturb them.

He spent an entire morning and even left Luo Yue city just to cover all the countries on earth but Ye Mo was disappointed, he wasn't able to find them.

Half a day had passed and Ye Mo was very tired. He used a spirit recovery pill and rested for half a day before barely recovering his spirit sense.

Although he knew Yun Bing wouldn't go back to Beijing Yun family but he still decided to go there and ask after he pieced together the yin yang fish.

Ye Mo was level nine forgery grand master and formation grand master. He really wanted to know what level Chu Jiuyu's forgery and formation skills were at to be able to create such a formation disk.

Soon, the pieces were connected.

Crack, the yin yang fish had no spirit waves or power but it closed together tightly. One could not tell that they were pieces just then.

This wasn't it, the dull yin yang fish turned very lustrous after rejoining together.

Ye Mo took in a cold breath, he realized that this fish was a formation disk formation heart. He thought Fish Jump Through Dragon Gate was a one way teleportation formation but now it seemed he was wrong.

He didn't think he would be able to make such a formation disk. Thus, that Chu Jiuyu was at least a low grade immortal formation master.

Ye Mo sighed, compared with Chu Jiuyu, his talent wasn't talent. He had this accomplishment today due to luck but what did Chu Jiuyu rely on?

He flipped the fish around and was helpless. He could tell this was a space travel formation disk. It had the same use as space transmission rune but it was better than that. The rune needed extremely powerful spirit chi to activate but this didn't.

Thus, it was clear that either Chu Jiuyu didn't know rune making or he knew that space transmission rune wouldn't work on earth so he changed the rune into a formation disk. This not only required solid formation skills but also very powerful forgery skills and knowledge of tearing dimensions.

Ye Mo was helpless because he could tell that the pieces were joined but he couldn't activate it.

This was a formation heart, it still lacked a formation disk. Only when the two combined together could he use this.

This meant that he had the fish but not the gate and thus he can't jump through it. Ye Mo knew that if his formation skills were a little higher, he would be able make this formation disk himself.

Ye Mo put the fish away and had decided to check on An Zaishan again. When he scanned his spirit sense there at his antiques shop, he didn't see An Zaishan but his grand daughter An Ning was there.

## Chapter 1386: Re-encounter Chu Dan

In a restaurant outside the Ning Hai uni, Chu Dan's father Chu Hang's face kept changing.

Chu Dan set opposite him but didn't dare to talk. The reason Chu Hang came was because she had thought about things for a week and called him again.

This time, Chu Dan said more certainly. She said she definitely saw Ye Mo fly and fly on clouds. He felt his daughter wasn't lying but he was worried that something was wrong mentally with her and that's why Chu Hang rushed to Ning Hai.

"I really saw it, I was dumbfounded at the time so I didn't capture it with my phone." Chu Dan said again.

Chu Hang waved his hand "I know you're telling the truth. I checked your university's recording, there was no sign of Ning Sishuang leaving. As for her brother in law, there was no footage of him going in or not. It was though he appeared out of nowhere and disappeared into nothing. Plus, the pictures your university's news department was also blurry. It was too much of a coincidence to say the cameras happened to break at that time. So, I know you're telling the truth."

"then what do we do?" Chu Dan's voice was desperate. Thinking that Ning Sishuang dropped out of university to pursue cultivation, her heart was burning like fire. She couldn't bear that her opponent was on the path to immortality while she was fighting over an image representative.

Chu Hang sighed "we have no way, we can't find the person taking Ning Sishuang to cultivate but even if we find him what can we do? I really didn't expect there is such thing in the world."

"what does that Ning Sishuang have? Why was that little girl chosen by the cultivator?" Chu Dan asked desperately.

Chu Hang knew his daughter better than anyone. He knew that her daughter was being jealous. He felt that she should wake up from this. if she was sunk into this, she perhaps would have no future.

Thinking about this, Chu Hang said seriously " Dan Dan, it's said that those cultivators need to balance yin and yang and thus they're especially interested in virgin girls. So it might not be a bad thing that you didn't encounter him. If it's a powerful cultivator who wants to take you away, it's useless to even call the police."

Chu Dan raised her lips but didn't argue. She clearly didn't agree to her father's words, as long as she could cultivate she would be willing to do anything.

She even cursed Ye Mo's eyes, what did Ning Sishuang have? Her chest was that small and was a far cry compared to her. She still seemed like a baby? That cultivator must be blind to take this little girl.

...

An Ning was playing with a jade in her boredom but her eyes weren't focused on the jade.

"long time no see, An Ning." Ye Mo walked in and she didn't even notice.

Seeing this, An Ning looked up and immediately recognized Ye Mo. She said in shock "you're Ye Mo? You're back?"

Ye Mo looked at An Ning's necklace, after all these years it was still the same.

Ye Mo nodded "I just came back, where is your grandpa?"

"you came to find my grandpa?" An Ning subconsciously asked "I thought you came to find Zhiqi."

Ye Mo just remembered "how is Zhiqi?"

An Ning said dejectedly "she has been missing for more than a decade. Sister Yun brought Ting Ting to find you at Luo Yue but met Ziqi who just came back. She said that you had left Luo Yue city. Sister Yun

was very disappointed and left with Ting Ting. Zhi Qi said she would send sister Yun back and they disappeared.”

“you’re saying Yun Bing came to Luo Yue to find me?” Ye Mo asked in shock.

“mhm.” An Ning nodded.

Ye Mo fell silent. Missing for more than a decade, did they go to the teleportation formation at Duan Heng ranges too? A lot of people left Luo Yue city to go to the teleportation formation too including Erhu, Zang Jiayan, Xu Yuehua, Fang Nan and so. Yun Bing came at that time, who knows if she went in too?

But that also meant that Yun Bing didn’t go back to the Yun family so he didn’t need to go visit there.

An Ning suddenly said “my grandpa passed away three years ago, did you need something?”

Hearing this, Ye Mo sighed. On earth, if you don’t cultivate, so what if you live more than 100 years? You would still end up as earth.

Ye Mo asked “I traded the fish eye your grandpa gave you and he also gave me a jade card. He said that Zhang Zhihui gave it to him. Do you know where Zhang Zhihui got it?”

An Ning shook her head. “I don’t know I never ask grandpa about these things.”

Ye Mo didn’t have the mood to stay anymore and thanked her before turning to leave.

An Ning said at this moment. “city lord Ye, when sister Yun left she said that if you came back you can go to where she lived in Ning Hai, she says she has something for you. Although she’s gone but I feel I need to tell you that.”

Ye Mo nodded and left the shop unhappily.

After going back to Luo Yue lake, Ye Mo told Ning Qingxue's parents that he would be leaving Luo Yue again. They didn't say anything they knew that Ye Mo couldn't stay and they couldn't leave with him. Perhaps one day when they reach a level of cultivation they can leave with Ye Mo to visit their daughter in Mo Yue City.

Ye Mo had decided to visit Yun Bing's palace first and then set up a few level nine attack formation in the wilderness and attack the void. Then he would try to tear the dimension. If that didn't work, he would go see if he can repair the formation at Duan Heng ranges.

Leaving Luo Yue, Ye Mo suddenly felt sad. He actually didn't know where his home was nor where he should go.

He didn't fly high. Seagulls passed below his feet on the Indian ocean.

Ye Mo suddenly was shook, why was he hesitating. He needed to get to Mo Yue City, his wife and friends were all there.

Realizing this, Ye Mo's heart opened up. He felt his understanding of state increased and his domain was perfected more.

Ye Mo howled and disappeared on Zi Xu in the sky. The worst thing for cultivators was hesitation. Luckily he had been cultivating next to the bitter bamboo or his mind would've been invaded by the heart demon.

...

Ning Hai, Ye Mo was planning to go to Yun Bing's house but his spirit sense scanned Ning Xuyan. She was still at Ning Hai university.

Thinking about this, Ye Mo realised why she was here. She was probably here to find Ning Sishuang. Ning Xuyan didn't seem to be in a good mood. She probably didn't find Ning Sishuang and was sitting dazily by the lake.

Ye Mo had decided to tell her but as soon as he walked into the forest, an extremely excited voice stopped him.

“brother in law, I found you again. Please don’t fly away again, whatever Sishuang has, I have too. Mine is better than hers.” That voice said shakily.

It was Chu Dan, he didn’t even need to think why she stopped him.

Chapter 1387: Chu family descendants

Before Ye Mo could talk, Chu Dan suddenly pulled down her top and even half of her blue bra showing two huge snow white rabbits.

The sturdy red points on the white rabbits were very vibrant. Even Ye Mo had to approve that her chest was extremely beautiful.

Although Ye Mo could stop her from doing that, he didn’t do it. what she did had nothing to do with him. Even if she was going to strip herself naked it had nothing to do with me.

“look, I won’t be any worse than Ning Sishuang, I’m a virgin I definitely am. I promise I will listen to you and I will do anything you tell me to...” Chu Dan said as though fearing Ye Mo would fly away.

Then she reached out her hand to grab his hand as though wanting to let Ye Mo feel her chest. Ye Mo sneered, how could he let Chu Dan grab his hand. He didn’t want to talk to her anymore but as he was about to leave, Ning Xuyan ran over.

Ning Xuyan saw Chu Dan with messy clothes and a worried face and also saw Ye Mo sneering. She was shook, she really didn’t understand why Ye Mo was doing this here.

Before she could speak, a few other students saw this and also ran over.

Ning Xuyan quickly helped Chu Dan pull up her clothes covering er chest before pulling Ye Mo away.

Ye Mo was looking for her anyways so he didn't resist her pulling him away. when Chu Dan realized what was going on, Ye Mo and Ning Xuyan had turned a corner and disappeared into the trees.

Ning Xuyan was very worried, harassing a female student in the school and tearing off her bra, if Ye Mo was caught he would be sent to jail. Ye Mo had the capability to not go jail but he was Luo Yue city lord, if news got out he would be ashamed.

She really didn't understand why Ye Mo would publicly do this to a girl. Plus, even if Ye Mo did something how could he let other people see it.

"Ye Mo..." Ning Xuyan's hands were shaky and her face was very bad "we should leave quickly, if other people see you do this, you're over...."

Ye Mo smiled and pulled away his hand "don't worry..."

Seeing that Ye Mo wasn't worried at all, Ning Xuyan said more anxiously "it's all too easy to take photos now, we should leave quickly. If you really need it, even I'm, even I'm fine, don't do this to students here... Sishuang's parents care about their face..."

Ye Mo looked at Ning Xuyan strangely, not expecting her to do this.

Ning Xuyan knew Ye Mo misunderstood her and quickly explained "I'm saying even if you do something to me you can't do that to the students here, or not now..."

Ning Xuyan felt she was getting too desperate so she stopped talking. She knew Ye Mo had understood her meaning.

Ye Mo sighed, compared to the Ning Xuyan a decade ago, this Ning Xuyan changed so much. Perhaps due to the fall of the Ning family, she learned a lot of things.

Ye Mo waved his hand "Xuyan, don't worry. I'm not that desperate, it's a misunderstanding before. I came here to find you."

Ning Xuyan didn't believe this at all, first of all Ye Mo didn't even know she was here, second, she saw that girl's bra being pulled down. That girl wasn't crazy, why would she do that to herself? Clearly Ye Mo did it.

But before she said anything, Chu Dan ran over. She didn't even tidy up her clothes. Ning Xuyan's face changed again and wanted to pull Ye Mo away but Chu Dan ran over and knelt on the ground "immortal master I can do anything, just please take me in as a disciple..."

Ning Xuyan dazed, what was going on? Was this girl mentally challenged? What did she mean kneeling on the ground and calling Ye Mo an immortal master? Looking at her pretty face and desperate eyes, she clearly wasn't mentally ill. It was obvious just looking at her face that she was very cunning.

Ye Mo knew what Chu Dan wanted but there was no way he would take someone like her as a disciple. whether it was what she did to Ning Sishuang or what she did just then, it all showed that she was a woman who would do anything to get what she wanted. Ye Mo really disliked this.

"let's go." Ye Mo said to Ning Xuyan.

Ning Xuyan also seemed to realized that Ye Mo didn't harass this girl but this girl did it herself.

Seeing that Ye Mo was going to go, Chu Dan was desperate and quickly crawled up to pull Ye Mo's clothes but she felt that she couldn't move at all. She further confirmed her guess in her heart and was overjoyed and desperate.

"immortal master, my Chu family used to cultivate too. Now, we still have a dragon door disk that was passed down..." Chu Dan said desperately.

She didn't need to say no more as Ye Mo stopped. He heard that dragon door disk and he realized that her name was Chu.

Ye Mo turned around and she was overjoyed. She didn't know why Ye Mo turned around but she knew she had hope now.

“your Chu family has a dragon door disk?” Ye Mo asked.

Chu Dan quickly said “yes, my Chu family ancestor passed it down. My father called it dragon door disk, if immortal master wants to take me in as disciple I can get my father to give the disk to you. I’m also willing to serve by your side.”

Ning Xuyan completely realized what was going on. She knew Ye Mo was very powerful but she was still doubtful about him being an immortal master. She felt quite embarrassed that she thought Ye Mo was very horny before.

“where is your house?” Ye Mo asked and Chu Dan felt she could move again.

Chu Dan was so overjoyed that her heart was palpitating rapidly. She quickly said “Luo Cang...”

Ye Mo didn’t expect Chu Dan to be from Luo Cang, he had been there a few times and bought a house there.

Ye Mo asked again “be specific.”

“Xian Yun road, 763, it’s a private mansion...”

Ye Mo’s spirit sense already scanned there. It was a very big private mansion, it was luxurious and had a lot of land. Clearly, the Chu family was very wealthy.

Ye Mo scanned his spirit sense in and didn’t take much time to find a dragon door disk contained in a huge jade box inside a safety keep in the main bed room.

Just that huge jade box was priceless. Ye Mo saw the dragon door disk and knew it was the thing he was looking for.

Ye Mo realized, this Chu Dan quite possibly was Chu Jiuyu's descendant and Lin Yiban's wan bei. Thinking about the loyal Lin Yiban Ye Mo was hesitating. If it was some ordinary person, he would take the dragon door disk and give some compensation. But Lin Yiban was his helpful assistant.

He clearly can't agree to her being his disciple. but if he disagreed, he would feel guilty to Lin Yiban. He really didn't like this Chu Dan.

Chapter 1388: When I was born you weren't yet

Ye Mo said to Chu Dan "go wait for me at the school gates, I'm busy I'll go find you later."

Chu Dan showed her wits now and let immediately. She knew that if Ye Mo was really going to leave, there was no point of her staying here.

Then, Ning Xuyan asked in confusion "what, what is this?"

"how is your company?" Ye Mo asked casually.

Ning Xuyan nodded "I'm planning to give the Ning family corporation to Ning Yang for management, I'm going to move to Luo Yue."

Ye Mo said casually "Sishuang has gone back to Luo Yue, if you want to go to Luo Yue then go to Luo Yue lake to find Sishuang. If you want to cultivate, then cultivate with Sishuang. If you don't want to cultivate, settling in Luo Yue is a good choice too."

Ning Xuyan shook her head clearly not interested in cultivation.

Ye Mo saw this and didn't say much "I'm going."

"what, already?" Ning Xuyan subconsciously asked.

“yes, if you have anything you can ask Sishuang’s father for help. Good bye.” Ye Mo disappeared in front of her.

Ning Xuyan stared dazily at this scene and after a long while, she sighed and walked towards the uni gates.

...

Chu Dan stood in the middle of the school gates, even though the security guards reminded her a few times she didn’t want to move to the side fearing that Ye Mo wouldn’t see her.

But she knew that it was impossible. She was more scared that Ye Mo didn’t take her seriously and forgot about it.

Just when she was still nervous, she suddenly felt she was grabbed into the air. She was shook, but then she immediately rejoiced. She guessed that only that brother in law would have such heavenly means.

Ye Mo wasn’t going to give up on her, he could easily take the dragon door disk but he couldn’t do that. Even stealing from an ordinary family was lowering his identity. Plus Chu Dan was Lin Yiban’s wan bei.

Chu Dan was standing on Ye Mo’s flying ship spirit artefact and although in a better state than Ning Sishuang, she was still shaking. Little did she know that Ye Mo was also excited. He didn’t think the dragon door disk was so easily obtained. He can easily leave earth and head to Luo Yue continent now.

When Chu Dan calmed down, he asked plainly “I do need that dragon door disk but I won’t take you in as a disciple. you can either choose to have eternal youth or I can give you the cultivation resource and cultivation method and you cultivate yourself.”

“huh...” Chu Dan’s joy cooled down by half. She already said she could do everything Ning Sishuang was doing, why didn’t he want to take her in.

“I can do everything Sishuang can do, I can do it better than her...” Chu Dan wanted to fight for it regardless.

Ye Mo's tone went cold "I'll say it one more last time, which one do you want?"

Ye Mo had decided that if Chu Dan was still going to pester him he would just take the dragon door disk and take away both options. He approved of her attitude to cultivate at all costs but he really didn't like her as a person.

Her emotional quotient was much higher than Ning Sishuang and the second time Ye Mo asked this she knew there it was non negotiable. She said without hesitation "I want cultivation method and resource."

She wasn't dumb, one clearly would preserve her youth if she achieved something in cultivation.

Ye Mo nodded "then go get your dragon door disk."

"we're already here?" Chu Dan looked at the mansion in shock. This was clearly her house, how long has it been and they were here?

...

Chu Hang came home with fatigue but before he sat down, the maid said "Dan Dan is back."

"what?" Chu Hang asked in shock. He just came back from Ning Hai and when he left his daughter was still at uni. How could she be at home so quickly? How can things be this eerie?

Maid asked in shock "CEO, didn't you go to Ning Hai? I thought you came back with Dan Dan. Dan Dan brought back a friend and they've been upstairs for three hours."

"what friend?" Chu Hang asked nervously.

"a very handsome young boy..." Before she finished, Chu Hang already dashed upstairs.

He knew his daughter was in a relationship and he didn't disapprove but she was not allowed to bring him home.

When he forced open his daughter's room, he remembered that the answer to how she was even here wasn't even solved. Thinking about this, he was cold.

"dad, I gave the dragon door disk to someone else." Chu Dan said.

Chu Hang was furious. He roared "are you crazy, that's passed down by our ancestor. Who took it? tell me, I'm going to ask for it back again."

Chu Dan put down a few jade bottles and said calmly "it's that immortal I told you about. I met him again and he flew me back. He took the dragon door disk and gave me a bunch of cultivation resource. Dad did I do things wrong? At least I can cultivate now."

Chu Hang's fury dissipated and he calmed down. He already believed his daughter already. If she wasn't flown back how could she come back so quickly?

"are you for real? Where is the cultivation method?" Chu Hang asked.

Chu Dan pointed her at head "that person is too powerful, he says I can't read jade slips so he just inserted the cultivation method in my brain. It's as clear as if I'm reading a book. I was just looking at the chi increasing pill."

Chu Hang took a cold breath in "for real?"

He suddenly thought of something and asked nervously "did he do anything to you such as..."

Chu Dan sneered "if that happened it would be great. Dad I thought you said he would take me as his disciple if I was willing to do anything for him but he didn't even want to look at me. I really don't get why that Ning Sishuang is better than me. even though she's his disciple, I will surpass her with my own effort."

Chu hang took a cold breath in, he felt he was far from understanding his daughter.

...

Ye Mo came to Yun Bing's place after taking the dragon door disk.

There was a layer of dust on everything and Ye Mo casually swiped them away.

That time, he disabled Zheng Wenqiao and another man and soon, so many years had passed.

Ye Mo came into her room. the colors was still so simple and a picture of her and Ting Ting hung on the wall.

Ye Mo took the picture, he would keep it for memory.

Suddenly, he saw a faint blue letter stuck behind the photo.

Ye Mo opened it and saw "if you came and still remember us, you can see the letter, Yun Bing."

There was another line of small worlds "when I was born, you weren't, when you were born, I'm already old. I regret not being born the same time as you, and spend everyday with you..."

Ye Mo looked at this and sighed. He couldn't repay her feelings, he couldn't even find her.

Ye Mo put the picture and storage ring in his storage ring.

When Ye Mo left Ning Hai again, he knew that everything here would not be related to him anymore. He was leaving here, there was a lot of people waiting for him at Mo Yue City.

Moments later, Ye Mo came to the depth of the desert Taklamakan desert to activate the formation disk.

Chapter 1389: You think you can go whenever you want?

1000 extreme grade spirit stones were set into a spirit gathering formation. This formation disk didn't need a lot of spirit chi but just in case he still set this up. He only had one chance.

He knew that less than one percent of these spirit stones would be used after the activation but he didn't mind.

Whoever can get those unused spirit stones would be their fortune. These spirit stones can keep one healthy and extend one's life even if they weren't absorbed.

Then, Ye Mo took out the Fish Jump Through Dragon Gate formation disk and placed the yin yang fish and the dragon door disk together. Ye Mo placed the formation disk in his hand and started inserting cultivation essence. soon, it left Ye Mo's hand and started spinning quickly.

It started off slow but as it devoured the spirit chi from Ye Mo's spirit gathering formation it spun rapidly until a faint light enveloped Ye Mo.

15 minutes later, there was a sudden explosion and a black figure disappeared. Nothing was left in this desert but only the remnant broken dragon door disk showed that someone had left here.

Ye Mo realized that instant that even if he didn't use extreme grade spirit stones, this space transmission formation disk would still be useful but Ye Mo didn't care. He cared about if he could use this opportunity to learn about space transmission.

But Ye Mo realized he overestimated himself. Even with his powerful spirit sense, he was a little dizzy. He couldn't check his surrounding at all. If it was some ordinary person, he would've fainted already.

Thud. Ye Mo woke up and he found he was on an island.

Heartless Sea? Ye Mo looked around and rejoiced. He knew he came back to the Heartless Sea indeed. It didn't teleport him to any big state and he still landed in the Heartless Sea. Some minor problems probably happened to the space formation disk. Otherwise, he wouldn't be falling into the Heartless Sea.

Not everyone could leave the Heartless Sea safely but Ye Mo didn't mind. He still had a flying ship from Yin Xu and that flying ship's speed is just a little lesser than Blue Moon. With his current power, it would be completely for it to fly back to South Peace State.

Ye Mo stood on the coral island and sighed. He just needed to confirm how far South Peace State was.

Ye Mo took out a compass and wanted to see where he was in the Heartless Sea. Just a few thousand km ahead, there was a powerful cultivation essence wave.

People were fighting? Ye Mo scanned his spirit sense over and soon, he was speechless to find that he knew all three of them.

It was a truth realisation state level six and a truth realisation state level nine wanting to stop a truth realisation state level four female cultivator. This female cultivator had low cultivation level but was very powerful and charged out of their barricade many times.

That truth realisation state level nine and truth realisation state level six were the cultivators Ye Mo had seen in the Dragon Teng palace. The female cultivator was the Lost Soul Ruins nude female cultivator Miao Huizhen. After his deal with her, she said he saved her and would forever treat him as her benefactor.

Ye Mo didn't mind as if he didn't save her, she wouldn't let him go. Luckily, she was credible and didn't attack him after he saved her.

But even though she was very powerful, she was only truth realisation state level four and was heavily injured under the combined attacks of the other two cultivators.

Ye Mo didn't intend to join this battle and just when he was about to leave, he saw her flying towards him. Ye Mo immediately knew that her spirit sense scanned him and wanted to use him.

Ye Mo cursed her, she completely forgot what she said about him before.

Ye Mo hid his power again. He was scared of trouble but he wasn't scared of these truth realisation state cultivators.

Moments later, they came to where Ye Mo was.

"it's you?"

The three said in unison.

Miao Huizhen frowned after saying this but the other two were overjoyed.

"I've been searching for you for so long. I finally see you again today. Great, this is great. I'm Lan Qirui, Qitian island leader." That truth realisation state level nine quickly said.

Heaven grade level seven pill king, one that was about to reach heaven grade level eight pill king. What was more enticing than this in the Heartless Sea.

"I'm Huang Qi of Yi Lin island." The other truth realisation state level six introduced. If it was some ordinary low level cultivator, he would've kicked him away already.

"so it's island lord Lan and island lord Huang, I didn't expect for us to meet again so quickly." Ye Mo saluted with his fists calmly. He wanted to get back to South Peace State as quickly as possible but he could ask the two the way.

Ye Mo said to Miao Huizhen "sister Miao, we met again so quickly too."

Before she could talk, Lan Qirui laughed "so sister Miao is pill king Ye's friend, then you're our friend, apologies for the offense before."

Moments later, Miao Huizhen realized she went from being hunted to being a friend. Ye Mo hid his power but Miao HUizhen knew Ye Mo was only cauldron filling state level two. Ye Mo was this young, how could he be a pill king?

“this place isn’t very far from my Qi Tian island, come with us to my island pill king Ye, it’s a shabby island but we won’t mistreat pill king Ye. We can have a celebration, by the way, you must come haha.” Lan Qirui said.

Miao Huizhen was locked up in the Lost Soul Ruins but she knew from these simple words that Ye Mo really was a pill king and these two clearly didn’t want to let Ye Mo go.

Realising this, Miao Huizhen got a headache. She had sworn before to treat Ye Mo as her savior but she can’t even save herself now, clearly it was impossible to save Ye Mo.

But if she didn’t help, her oath was very deadly. Divine damnation devouring her heart, that was breaking off her dao path. Thinking about this, Miao Huizhen regretted coming here.

Ye Mo smiled plainly “very sorry but I have other business, I can’t go with you to your shabby island.”

Lan Qirui was being humble saying his island was shabby, and he invited Ye Mo with underlying threat intentions. This pill king Ye was too cocky. Lan Qirui’s face sunk immediately.

Huang Qi suddenly reached out with his cultivation essence giant hand and sneered “it’s not up to you.”

Ye Mo sneered and released his power. His domain expanded and before Hang Qi’s cultivation essence giant hand reached Ye Mo, it crippled. Immediately, Huang Qi felt he was bound completely.

“perfect domain...” Huang Qi said in shock wanting to break free.

He did break free but because of his underestimation, he doesn’t have the chance to release his magic artefact. One purple ray flashed and Huang Qi was split in half. An essence spirit was then crushed by Ye Mo’s cultivation essence giant hand.

One move, one move and Huang Qi was dead. No matter how Huang Qi underestimated Ye Mo, he was a truth realisation state middle stage. Lan Qirui's face looked bad and Miao Huizhen was so shocked she couldn't speak.

Lan Qirui immediately realized Ye Mo was definitely a truth realisation state cultivator, a very powerful one. He definitely hid his power last time.

With Ye Mo's lethal strike, Lan Qirui estimated that even he was no match for Ye Mo. Such a powerful truth realisation state cultivator and a high level pill king, Lan Qirui didn't want to be enemies with him. He smiled awkwardly and saluted with his fists "since pill king Ye doesn't want to come to my shabby island then I'll be leaving first."

Then he was about to leave.

But Ye Mo said calmly. "island lord Lan is so free, coming and going as you please."

Chapter 1390: I'm going to keep you

Ye Mo took Huang Qi's storage ring and then flicked Zi Xu as he looked calmly at Lan Qirui.

Lan Qirui's face changed. Although he knew that he was no match for Ye Mo but Ye Mo's words were too abusive. He was a truth realisation state level nine cultivator and he wasn't even allowed to go.

Miao Huizhen finally woke up from her shock. The age she was at was far older than Lan Qirui and Ye Mo. She wasn't an ancient cultivator but she had been through countless times. She had never seen a young and dominant cultivator like Ye Mo. A truth realisation state level nine wasn't even allow to go in front of him.

Even if some cultivator dared to say this, he would be extremely powerful, how many could be young like Ye Mo? At the same time she also didn't understand, she fought with Ye Mo. He was only cauldron filling state level two before so how did he reach truth realisation state in such a short time that she can't even see his power level.

“pill king Ye, do you want to forcefully keep me here?” Lan Qirui said and exploded his power.

Ye Mo sneered, his force was powerful but his domain was weak. In other words, he was a tiger made of paper. Ye Mo was certain that if Yin Xu and Lan Qirui fought, Lan Qirui would be killed soon if he doesn't run.

“you're right, I'm going to keep you, what are you going to do?” Ye Mo didn't like trouble but for those who messed with him, he wouldn't mind having some trouble.

“you...” Lan Qirui's face was red, he said those words and released his power to let Ye Mo know he was a truth realisation state level nine cultivator and let Ye Mo have some concerns. Then, he would give something to compensate him and so he can leave.

But Ye Mo wasn't affected by his chi at all and still didn't show any respect.

Lan Qirui waved his hand and a golden light circulated around his body before landing in his hands.

Ye Mo saw it was a pair of phoenix rings. They were entwined and an extreme grade cultivation artefact.

Ring shadows flew around Lan Qirui and even without attacking, the spinning rhythm and the cultivation essence waves made even Miao Huizhen dizzy.

Seeing this, she felt very lucky that she was even able to escape for that long from Lan Qirui.

The ring hadn't attacked but it already made buzzing sounds and that force made people feel that if you were encompassed inside you would be obliterated.

Lan Qirui didn't attack and just looked coldly at Ye Mo meaning that if you want to fight I'm not scared of you.

Ye Mo smiled, he had even fought Suo Anshan and Shi Taa. This ordinary truth realisation state level nine really didn't concern him at all.

Ye Mo hacked out with Zi Xu, Illusion Cloud Hua Mountain strike. Only this move could made Ye Mo feel free. Ever since going into the void, Ye Mo hadn't been able to fight freely.

Lan Qirui saw this and released the rings with full power.

The golden rings immediately expanded into two nearly 300 meter long golden rings. At the same time, the countless smaller golden rings formed a golden ring pillar wanting to attack Ye Mo from inside the golden circle.

There was an extreme scorching sensation and the two 300 meter long rings had a powerful suction force.

Ye Mo sneered and released his power again, with the surge of his cultivation essence, the space around him was about to freeze.

Lan Qirui felt his dual ring start to slow down and the two main rings shrink. His face changed greatly.

There had been all too many truth realisation state cultivators on Luo Yue continent since the ancient times but which of them could perfect his domain? But now he believed it, Ye Mo truly perfected his domain. His dual rings had been suppressed and if he cant break free of Ye Mo's domain quickly, they would be completely subjugated.

If his magic artefact was subjugated then he would be in danger.

Lan Qirui started burning his essence blood without hesitation. When the dual rings loosened he breathed easy and was about to retreat.

Rumble.

Before he retreated, Zi Xu hacked onto the dual rings. The unfinished ring pillar instantly crippled splashing golden light everywhere.

The purple ray wasn't done yet, it also sliced across Lan Qirui's chest.

Splurge, Lan Qirui's cultivation artefact armor was hacked open bring a stream of blood flying out in the air.

At the same time, Lan Qirui's cultivation essence back lashed on him and he spat blood flying out a few hundred meters. Mid way, he ate a pill and quickly yelled "pill king Ye, I admit defeat please forgive me for my past offense."

Ye Mo didn't keep hunting Lan Qirui. He knew that Lan Qirui wasn't heavily injured. If he used his full power, he could kill Lan Qirui but it would be troublesome.

The main thing was that the dual rings were strange and Ye Mo felt Lan Qirui didn't use its full power, not even half. He didn't know if it was that Lan Qirui couldn't control it or he hid his power.

Regardless, if Lan Qirui was willing to pay compensation then he wouldn't mind letting him go. His main goal now wasn't to fight this island lord but get back to Mo Yue City.

Seeing Ye Mo stopping, Lan Qirui breathed easy. He didn't think of running away from Ye Mo, if he could then Ye Mo wouldn't be so casual.

He was cursing in his heart, Ye Mo you top level truth realisation state cultivator, why would you be so bored to pretend to be a low level cultivator. Even if he wanted Ye Mo to concoct pills for him, he would connect with him and show his genuine attitude.

Miao HUizhen looked at Ye Mo in shock rejoicing that she didn't try to run away. she didn't expect Ye Mo to be this powerful. She knew how powerful Lan Qirui was and if it wasn't that she had a few ancient escape techniques, she would've died many times already.

Yet a truth realisation state level nine like this was injured in moments to Ye Mo and he admitted defeat. Cultivators had pride and admitting defeat wasn't easy.

Lan Qirui hesitated for a long while before taking out a jade box to Ye Mo "pill king Ye, you're a level nine pill king, I happen to have a level nine spirit herb marrow essence mushroom, now it's yours pill king Ye."

Hearing this, Ye Mo's face sunk. It was rather precious in the Heartless Sea, any spirit herb that was level nine was precious but Ye Mo had a whole pile of them in the golden page world.

Seeing this Lan Qirui immediately knew things wasn't good. Suddenly, Ye Mo's power rose drastically. Lan Qirui was shook, this power was much more dominant than before. did Ye Mo not even use his full power?

Thinking about this, Lan Qirui didn't dare to hesitate at all and took out a faint blue jade box "I have something here that pill king Ye might be interested in."
