

## Strongest As 1401

Chapter 1401: Wu Lin's secret technique

"Zhuoxiang..." Wu Lin subconsciously called and then looked at Ye Mo next to her. Clearly, she was here due to this young man.

Wu Lin was confused. Even though Cang Hai palace was at its weakest, the young man shouldn't be able to come here. There were 6 truth realisation states before but now, only him and Simu Lin were left. Even though Simu Lin was truth realisation state level one, how could this young cultivator stop him? If not then how was he here?

Wu Lin scanned his spirit sense out and the next moment his face changed greatly. He found his spirit sense couldn't go out of this palace, meaning that someone had set up formation outside.

"you don't need to use spirit sense, it won't be able to scan out, I've set up a formation outside." Ye Mo said calmly.

Jing Hai and Wang Han went to gather up the remaining cultivators of the palace and didn't come in with Ye Mo. Ye Mo didn't want Wu Lin to know this. there were no more truth realisation state cultivators left and using the name of the old palace lord, Wang Han and Jing Hai should be able to take back the place.

"Wu Lin you bastard, what did my father and uncle Chen do wrong to you? You brought a wolf into our house and conspired with Yong Lanyi to annihilate our Cang Hai palace, animal..." Jing Zhuoxiang knew she was no match for him otherwise, she would've fought him already.

WU Lin's face was very bad but ignored Jing Zhuoxiang. If he could go back to before he definitely wouldn't do this.

Ye Mo scanned with spirit sense and saw that Wang Han and Jing Hai's situation didn't seem to be too well. It wasn't that someone was fighting them but they didn't have enough charisma to gather the people. He immediately said to Jing Zhuoxiang "sister Zhuoxiang how about you go out and help them, I'll deal with here."

Jing Zhuoxiang immediately understood what Ye Mo meant and nodded leaving the place without hesitation.

Wu Lin also realized there were things going on outside but before Jing Zhuoxiang reached the door, he grabbed with his cultivation essence giant hand. How could he let her leave.

Moments later, Wu Lin's face changed. Jing Zhuoxiang walked out of the palace unaffected while his cultivation essence giant hand disappeared like a joke.

"domain.... You're truth realisation state cultivator?" Wu Lin suddenly got up and a white ray appeared in his hand. It was an white sword without a handle.

Ye Mo said calmly "if I'm not truth realisation state, what would I be doing here?"

Ye Mo also released Zi Xu. He was prideful but he was only a truth realisation state level three, he didn't overestimate himself to the extent that he didn't need to use magic artefact against a truth realisation state level nine.

There were truth realisation state level nine cultivators more powerful than him. Suo Anshan, Shi Taa and that evil spirit.

If Suo Anshan wasn't heavily injured, he was definitely no match for him. Shi Taa also only had less than half of his power too.

If Suo Anshan wasn't injured then even though his body refinement was god state, he would at most be able to stay alive. It was impossible to kill Suo Anshan.

This Wu Lin was at most Di Xueming's level. Despite this, Ye Mo didn't underestimate him.

Wu Lin didn't hold back at all. His white sword instantly turned into countless sword rays.

These sword rays sliced across Ye Mo's domain unaffected. In the blink of an eye, they surrounded Ye Mo. Ye Mo was enveloped by these vibrant white sword rays.

While these sword rays passed his domain, Ye Mo was shook. There really were anything in the cultivation realm. there were sword ray that weren't affected by domain. With such speed and power, Ye Mo couldn't even use octagonal cauldron in time.

Thud thud thud.

Countless white sword ray splashed everywhere. Ye Mo was caught off guard and surrounded by these sword ray explosions.

Wu Lin's face was pale but he breathed easy. He used his secret technique straight up. He knew that Ye Mo would be no simple character to dare to come here.

Jing Zhuoxiang clearly went out to set people to rebel against him. He had to kill Ye Mo as quickly as possible, once Ye Mo was dead, Jing Zhuoxiang was just an insect.

The entire palace was rattling with the power of the explosion.

Ye Mo didn't expect Wu Lin to have such secret technique.

If it was before, he could only go hide in the golden page world but now, he didn't feel the threat of being killed.

The blades ravaged on his body. Ye Mo heard his armor and skin being ripped but even the most powerful one could only make a red mark on his skin.

Ye Mo exclaimed, the god state body refinement was too powerful. Even if he was no match for Wu Lin, it was very hard for Wu Lin to kill him.

The explosion disappeared quickly.

Wu Lin looked at Ye Mo in disbelief. Ye Mo only had some messy hair and clothes, and the blood marks were beginning to disappear from his body.

What person was this? he was completely fine under the explosion of his secret technique? He definitely used his body to stop the explosion.

How was this powerful? No matter how powerful the cultivator, he couldn't be unscathed.

The hardest part about that move wasn't the explosion but encompassing the opponent with the sword ray. Some opponents could react fast and escape before being trapped.

Ye Mo was trapped and Wu Lin was certain his move worked but now, Ye Mo stood completely fine in front of him. To be able to be completely fine, Ye Mo must be a body refinement master, one who was at the top but Wu Lin didn't believe Ye Mo would be one.

Before Wu Lin could talk, Ye Mo hacked out with Zi Xu and said "this time, it's my turn."

Wu Lin was truth realisation state level nine but he didn't dare to take it head on. But in that instant, the purple ray was before him.

Wu Lin released the white sword forming a white veil blocking in front of him.

Crack.

The purple ray and the white veil clashed and a few black wrinkles appeared on the white veil. At the same time, the veil cracked again disappearing. A thin white sword was sent flying.

Wu Lin was shook, Ye Mo's purple ray was too fast. Just when he released another shield, he heard another crack.

The shield was sliced in half and blood splashed out.

“so powerful...” Wu Lin retreated tens of steps smashing against the wall of the palace while looking at Ye Mo in shock.

Ye Mo was about to attack again but Wu Lin suddenly stopped with his hand “wait, I’m no match for you and I don’t expect you to let me go. With your power you can dominate even in the Heartless Sea. why would someone like you help Jing Zhuoxiang? If you can tell me, I will die satisfied.”

Jing Zhuoxiang was that ugly, Wu Lin would never believe Ye Mo would be interested in her and came to help.

Ye Mo sneered “I’m not here to help Jing Zhuoxiang, I came here to kill Yong Lanyi, of course, Jing Xiangdong is my friend.”

“Jing Xiangdong has a friend like you...” Wu Lin said this in despair and then he emitted a withered chi.

Chapter 1402: Kill him

Moments later, Wu Lin’s body turned completely into cultivation essence and dissipated even his essence spirit dissipated.

Ye Mo sighed and took Wu Lin’s storage ring. Wu Lin knew he was no match for him and he ended his life by giving back to the world. this way, he didn’t lose his chance to go through samsara.

The spirit chi here was so dense that it couldn’t be explained with just spirit range. Just when Ye Mo wanted to check, a few people entered the palace.

“brother Ye Jing Xuecheng thank you for saving my life.” the leading man was Jing Xuecheng and there was a truth realisation state level four next to him.

Jing Zhuoxiang said “paid guest Na was originally planning to save my brother and now we happened to come.”

Ye Mo just realized that this truth realisation state was a paid guest that hadn't left. He clearly was someone decent to try to save Jing Xuecheng.

Seeing that Jing Xuecheng was fine, Ye Mo laughed and said "all is good as long as brother Jing is fine."

Jing Xuecheng sighed "when I made friends with brother Ye I knew you were no ordinary person. In such a few short years, brother Ye is already a truth realisation state master and yet I'm still stuck where I was. I was planning to help brother Ye before but eventually it turned out I needed your help."

Ye Mo answered "you still need to organize Cang Hai palace I believe you will be very busy. I'm leaving here, if I have time I will come visit brother Jing."

Jing Xuecheng nodded "okay, the reason that bastard Yong Lanyi didn't kill me was because I think he found out your whereabouts and wanted to kill me in front of you. He's much stronger than Wu Lin, brother Ye be careful."

Ye Mo laughed "okay, then I'll be leaving now. if you have any trouble, you can come find me at Mo Yue City in South Peace State."

Then Ye Mo disappeared from the golden palace.

"this person is so powerful." The truth realisation state cultivator next to Jing Xuecheng exclaimed.

"paid guest Na is right, Simu Lin was killed in one move by Ye qian bei. I believe palace lord Wu wasn't able to last very long either..." Wang Han added.

...

After Ye Mo left, he released his flying ship again. Since he came, he would definitely go kill that Yong Lanyi. In half a day's time, he came to the Ling island for the second time. He came here for one purpose only, to teach Wang Cang a lesson.

There was defense formation outside and Ye Mo couldn't scan the entire place but inside, his spirit sense blade could easily penetrate the spirit sense shielding formation of the alliance leader estate. But when he came in the island, he didn't find Wang Cang and was greatly disappointed. There were two truth realisation state primary stage at the alliance leader estate but he didn't know either of them.

With this, Ye Mo lost his interest left the island.

...

Tong Lin island was about the same area as Ling island and the Tong Hai cult was situated here.

The solo cultivators were most scared of the Tong Hai cult.

The cult leader was very cruel but as long as you didn't offend him, he usually wouldn't care about ordinary people.

But his son and daughter was even more cruel, any slight unhappiness and they would kill for no reason.

Yong Lanyi's son Yong Wuzi was very ugly and lustful. There were countless cultivators killed on the island by him. Yong Lanyi's daughter Yong Yuer was very beautiful but her heart was full of venom and killed more than Yong Wuzi.

Yong Wuzi would at least find a reasonable excuse to kill but Yong yuer killed completely as she pleased.

Yong Lanyi didn't restrict his children at all but instead spoil them. His son was killed at the Qu 18 disks but he couldn't get revenge for him and countless cultivators were harmed due to this. hundreds and thousands of female cultivators were assaulted just so Yong Lanyi could have another child. The Tong Lin island was full of mourns.

Everyone guessed that continuing like this Tong Hai cult would be the first to be annihilated but instead, it made the other two powers become a part of it.

A powerful wind chariot stood above the air tens of thousands of miles from Tong Ling island. A low grade cultivation artefact flying ship was stopped by this chariot.

Ye Mo slowed down and when the girl on the chariot saw Ye Mo's flying ship she immediately yelled "stop that flying ship."

The disaster transformation state cultivator on the chariot was planning to move anyways but soon he stopped, he saw that the flying ship didn't run and instead moved closer.

"miss, this person is gifting his ship over." That disaster transformation state level three sucked up to the girl and said.

The young girl saw who was on the ship and dazed for a moment. Then, she screamed "it's him, he's Ye Mo, he killed my brother. Stop him quickly, I'm going to drink his blood and slice off his flesh to feed the dogs."

It was of course Ye Mo who came and he saw Yong Yuer from very far. A few years has passed and she grew even more bustier, her skin was so silky smooth and her wavy hair was like a beautiful young girl of fairy tales. But Ye Mo knew this was a wretched woman.

The last time he saw her, she had two cauldron filling state cultivators. This time, it was a disaster transformation state cultivator. Yong Lanyi was probably scared of something happening to his daughter so he sent more power to protect her.

"Ye Mo..." Yong Yuer was also condescending and now seeing Ye Mo waltz over, she was furious even though she knew Ye Mo was about to be caught.

Ye Mo stopped and smiled "are you about to ask why I dare to come over? I purposely came over. Last time I told your father I would be back to visit him, see, I'm so credible, I came back so quickly. I thought I would have to break the turtle shell of Tong Lin island first but I encountered you instead."

Then, Ye Mo sighed and scanned her body a few times “last time, I looked at you once and you were going to kill me. this time, do you think I should rape and kill first or kill then rape. Hmm, maybe not, you’re a female but you’re half beast, you really can’t get me aroused.”

Last time, Ye Mo just glanced at her a little and she went crazy trying to kill him but this time, he said such words and eye raped her.

Yong Yuer’s lips were purple with fury as she couldn’t resist spitting blood. Since when was she angered like this, who dared to say such things in front of her?

“I’m going to skin him alive...” Yong Yuer finally said.

But the two disaster transformation state cultivators next to her watched Ye Mo vigilantly. Ye Mo didn’t release his power but acting so cockily in front of them two, clearly he was no ordinary person. Plus, the flying ship below Ye Mo’s feet was extreme grade cultivation artefact flying ship. All those who owned such flying magic artefact were all powerful beings.

“what are you guys afraid of? A few years ago this guy was only body condensation state. what can he be now? kill him?” Yong Yuer said unhappily.

The man and woman stopped on the flying ship by Yong Yuer dazed. They ran out from the Tong Ling island and knew that Yong Yuer was a demon and yet this young cultivator dared to say such words to this demon. Did he not know that sometimes there were things worse than death?

“okay miss.” The disaster transformation state level five felt he was thinking too much. Ye Mo was standing cockily here but who knows if he was acting? Plus, he was this young, what state can he reached? At most cauldron filling state?

Realizing this, the disaster transformation state level five immediately released a net shaped magic artefact and flew out of the chariot attacking Ye Mo.

Chapter 1403: Kill Yong Yuer

Yong Yuer's face calmed a little seeing her servant attack. There was cruelty and contempt on her face, she was going to let Ye Mo realise that sometimes, death is a rather fortunate thing.

Imagining Ye Mo's pitiful fate, Yong Yuer licked her lips with her vibrant red tongue. Even the two cultivators whom she stopped saw this and exclaimed, she was a natural seductive beauty.

Pity she had such a venomous heart.

The disaster transformation state cultivator saw his net loom over Ye Mo without resistance and breathed easy. It seemed he was too careful before. so what if he had extreme grade cultivation artefact flying ship. He was this young.

Before he could recover his senses, he saw a huge cultivation essence giant hand appear in the air. He was completely dazed.

"truth realisation state cultivator..." the disaster transformation state level five said this in shock. He then felt that he and his net was caught by the cultivation essence giant hand and couldn't move at all.

Splurge, blood splashed everywhere and Ye Mo didn't even want his storage ring. The disaster transformation state level five was crushed into nothing along with his magic artefact.

"truth realisation state cultivator..." the other disaster transformation state level three on the chariot murmured. He reacted and the first thing he did was charge out of the chariot. At the same time, he activated a rune, disregarding Yong Yuer's life.

How could Ye Mo let him activate the transmission rune? He threw over a lightning sword and this disaster transformation state level three was pulverized without even making a sound.

"truth realisation state, you, you're truth realisation state..." Yong Yuer reacted and looked at Ye Mo with worry while murmuring "how is this possible, you were just a body condensation state before..."

After a long while, she remembered to take out a rune and shakily activated yet.

Ye Mo didn't stop it because he knew she was notifying Yong Lanyi. He came to kill Yong Lanhyi it would be best if he could kill him here.

"qian bei, wan bei also ran out from Tong Ling island, Yong Lanyi is a demon..." that male cultivator quickly saluted with his fists and said.

The man and women were both cauldron filling state primary stage and were perhaps a couple. So before the male finished, he waved his hand "go first, when Yong Lanyi is here, you guys might get caught in the cross fire."

"yes, thank you qian bei." The two cultivator bowed and quickly flew away.

"big brother, I, I know I'm wrong..." seeing that her father didn't come in time, Yong Yuer was worried and quickly apologized. She was afraid Ye Mo would kill her immediately.

Ye Mo sneered "you don't need to act pitiful, I know what sort of person you are. Don't worry, before Yong Lanyi is here, I won't kill you."

Ye Mo was planning to wait for Yong Lanyi to come and kill Yong Yuer in front of him.

"brother Ye I can be your woman. Look, you can look all you want." Then Yong Yuer took off her dress showing her pink inner clothes. As long as she could stay alive she was willing to strip naked.

He must admit Yong Yuer's body was busty to an extreme. If this woman had anything good about her he really wasn't willing to kill her, this was an appreciation for beauty. But for Yong Yuer, Ye Mo was certain on killing her.

She so casually said she was going to burn his soul. If he didn't escape from the Qu 18 disks, he would've been dead already.

Yong Yuer only took off her jacket but even if she striped herself naked it wasn't going to stop Ye Mo from killing her.

Yong Yuer was evil but she knew her attractiveness. But seeing Ye Mo only sneer she was worried.

If her father didn't come and Ye Mo wasn't interested in her, she would be dead. She sent a news and Ye Mo didn't even stop it. Yong Yuer knew that Ye Mo might not even be scared of her father.

Just when Yong Yuer was about to take off her inner clothes, a dashing light came not far from Ye Mo and Yong Yuer.

"Yuer what happened to you?" Yong Lanyi saw Yong Yuer who already took off her jacket and was about to take off her inner clothes and called out in shock.

"Father...." Yong Yuer cried out "Ye Mo wants to rape me, father save me."

"Ye Mo, if I don't let you regret why you're still alive, I will die to divine damnation..." Yong Lanyi said.

A cultivator swearing he would die to divine damnation was the cruelest oath he could make. One could see how much hate Yong Yuer had for Ye Mo.

Ye Mo said calmly "Yong Lanyi, when I left I said I would be back to see you. Outside the Qu 18 disks, you said in front of the other two powers to me "I'm going to kill you, what are you going to do?"

Yong Lanyi laughed "even now, I'm going to kill you, what are you going to do?"

Ye Mo laughed "then I will kill your daughter first and then kill you, what are you going to do?"

"how dare you..." Yong Lanyi took a step before Ye Mo did anything but his face changed immediately. Soon, his face was shook as his step didn't bring him to his daughter but only one small step.

"domain..." Yong Lanyi called out in shock "truth realisation state cultivator with great completion domain..."

He immediately realized now wasn't the time to think about it. saving his daughter was more important. Killing his daughter for a truth realisation state was in the matter of waving of hand.

Yong Lanyi's cultivation essence burst out and broke free of Ye Mo's domain quickly. But at this moment, a black lightning arc flashed across his eyes.

Yong Yuer tried to move the chariot closer to her father when Ye Mo was talking. But then, she realized her chariot was moving slow like a snail. Then, a black lightning sword struck down.

"no..." Yong Lanyi could only say this before her perfect body was turned to dust. A dark figure flew out from the dust.

Seeing this, Ye Mo knew it was her essence spirit. The reason her essence spirit could escape was because she had an extremely precious essence protection rune.

Ye Mo waved another lightning sword over.

Seeing Ye Mo not even willing to let his daughter's essence spirit go, Yong Lanyi's eyes were about to crack open. He was very cruel but he loved his daughter a great deal. After breaking free of Ye Mo's domain, he blocked in front of that black lightning sword without hesitation.

He didn't have time to use defense magic artefact and thus there was no other way but blocking it with his body.

Rumble.

The lightning sword instantly tore off one of his arm. Yong Lanyi spat blood and flew out a few hundred meters.

Due to this, Yong Yuer's essence spirit flew out a few kilometers.

"Ye Mo, I'm going to eat you alive." Yong Lanyi roared and released a purple magic artefact.

At this moment, a pink dashing light came. It grabbed Yong Yuer's flying essence spirit and said "hmm, it's the essence spirit of a little girl."

#### Chapter 1404: Encountering Yu Zizhen

Yong Lanyi quickly said to this cultivator, "Friend, that's my daughter's essence spirit, thanks for helping."

If it was some ordinary cultivator, Yong Lanyi would've annihilated her and taken back his daughter's essence spirit, but this skinny pink dressed lady gave him a very powerful feeling. He even thought of someone in the Heartless Sea, but he wasn't sure.

Ye Mo's eyes narrowed. It was a truth realisation state peak stage here, since when were there so many truth realisation state cultivators in the Heartless Sea?

Ye Mo's eyes narrowed not because she was truth realisation state peak stage but at the speed with which she came over and the means with which she took Yong Yuer's essence spirit. He was certain that even if she was weaker than Suo Anshan it wouldn't be by much. She could even compare with Shi Taa.

Before he reached god state, if he fought full powered Suo Anshan he would die, but now that he was god state, even if he couldn't beat Suo Anshan he could survive.

Yet this woman gave him a feeling of being on par with Suo Anshan.

The woman didn't give the essence spirit to Yong Lanyi and instead asked after staring at Yong Lanyi's arm for a long time, "What happened to your arm?"

Yong Lanyi was confused why she asked him about his arm immediately. He had never seen this female cultivator and didn't believe why she would even care about him.

But his daughter's essence spirit was still in her hands so he could only reply, "My daughter was killed by this person and I lost my arm due to saving my daughter."

“Was it by lightning?” the female cultivator asked coldly again.

“Yes.” Yong Lanyi replied.

The female cultivator took the essence spirit and ignored Yong Lanyi. Then she looked coldly at Ye Mo. “Very well, very well, I’ve searched for a few days and so it was you! Where are you going to run today?”

Ye Mo frowned, he was confused. What did he do? This was his first time seeing this woman.

The red robed woman released her black handkerchief and instantly it turned into a large black cloud looming over Ye Mo.

Ye Mo sneered, this woman was so unreasonable. He didn’t want to mess with her but she just came up and attacked immediately. Did she think he was scared or something?

Ye Mo released Zi Xu but before he could hack it out, he felt his body slow down.

Ye Mo immediately knew he was enveloped in her domain and he was shook.

Her domain was on par with his, a perfect domain. There was such a person in the Heartless Sea? Just with this domain, she was at least on par with Suo Anshan. There were indeed powerful people everywhere.

In the blink of an eye, the dark cloud was above Ye Mo’s head. Ye Mo sneered and raised his force while expanding his domain. Although he couldn’t break her domain in time, she was underestimating him to think that she could bind him with her domain.

Ye Mo instantly broke free from her domain when he expanded out his domain. At the same time, he used Illusion Cloud Domain Shatter Strike.

“Peng Island’s Yu Zizhen...” Yong Lanyi suddenly blurted out.

Yu Zizhen was planning to go to Zhu Yin Island first but she was lucky as she met a beast cultivator on the way. From him she learned that Ye Mo's flying ship was headed towards South Peace State. Immediately, she changed direction and she really caught up to Ye Mo.

\*Thud\*

Zi Xu and the black cloud clashed, creating a heavenly shocking explosion.

The black cloud didn't even shake but Zi Xu splashed purple rays everywhere as though about to be crippled.

Yu Zizhen's face changed, this was the first time she saw someone that wasn't controlled by her domain and hacked open her domain with one strike. Although her handkerchief wasn't crippled, it was different than before.

Now that her domain was broken, her handkerchief only looked powerful but didn't pose any threat to Ye Mo.

"No wonder you could kill my son at Lost Soul Ruins, you indeed have some power." Yu Zizhen didn't try to use the black cloud to sweep Ye Mo away. She knew it was very hard to capture Ye Mo alive.

Hearing this, Ye Mo immediately realized. This female cultivator really had enmity with him. One of the two disaster transformation state cultivators he killed was her son. Clearly, that sharp mouthed disaster transformation state cultivator was her son.

But she really overestimated her son, even the most ordinary truth realisation state cultivator could easily kill her son.

Yu Zizhen immediately released her handkerchief again, but this time it wasn't a black cloud. It turned into densely cluttered black blades that tore through space completely surrounding a radius of 10 kilometers.

However, Ye Mo knew that these blades also had countless hidden sword rays mixed among them. This place has become a domain of death.

Even if a truth realisation state level nine was caught inside, he would be dead for certain. Ye Mo believed he was an exception as he was god state body refinement. At most, it would injure his body a little.

But Ye Mo didn't want to take it head on. Other people couldn't escape from this, but it didn't mean he couldn't.

Just when the countless blades were about to enclose in on Ye Mo, Ye Mo's octagonal cauldron was already released as he expanded his domain.

Seeing this, Yu Zizhen sneered. No matter who it was, he wouldn't be able to stop the evisceration of her blades. If it was so easily stopped, her Peng Island wouldn't be so daunting in the Heartless Sea.

\*Crack crack\*

There was the clash of domains, Ye Mo couldn't completely tear apart all the domain but the domain around his body was shattered and couldn't bind him anymore.

Yu Zizhen grunted and was shook. Ye Mo broke free of her domain to regain freedom and she didn't mind before, but now that Ye Mo broke free of her domain again, she was very clear now that this young truth realisation state cultivator's domain was on par with hers.

\*Rumble rumble\*

The countless blades struck the octagonal cauldron and Ye Mo felt his octagonal cauldron rattle. At the same time, he felt a little dizzy. He could sense the killing intent seep through the octagonal cauldron and hit him.

Ye Mo was certain that if he wasn't god state, the killing intent that seeped through would seriously injure his spirit sense.

Before Ye Mo could recover, there was another wave of rumbling. The blades seemed endless and struck the octagonal cauldron again and again. Ye Mo knew that he couldn't stay on the defensive forever.

Thus, without hesitation, Ye Mo hacked out with Zi Xu.

Yu Zizhen was shocked at Ye Mo's tenacity, being able to last so long under her attacks. But then, she immediately saw a long purple ray hack out from under the octagonal cauldron.

It was extremely fast and instantly clashed with the black handkerchief. Yu Zizhen didn't expect Ye Mo to be able to retaliate and was hacked flying away, spitting blood midair.

Chapter 1405: Powerful Yu Zizhen

Ye Mo didn't feel that great either, his cultivation essence rustled in his body and almost caused a backlash. In order to spit blood, Ye Mo flew back willingly to calm his cultivation essence.

A few hundred meters away, Ye Mo stopped and was shocked at Yu Zizhen's power. He was right, this woman was a little weaker than Suo Anshan, but if Shi Taa didn't use formation or his puppets, she was on par with him.

But since it was battle, all factors need to be considered, so compared to Shi Taa she was a little weaker. If Ye Mo wasn't god state body refinement, he would have been heavily injured in that clash.

The black cloth magic artifact's blades were extremely powerful, it could even break through the defenses of the octagonal cauldron. This was unheard of. But to Ye Mo, this wasn't bad, it allowed him to understand the octagonal cauldron more. It wasn't that octagonal cauldron couldn't stop the killing intent rays but that he didn't completely spirit control it.

He only spirit controlled three levels of restrictions before and afterwards his power increased, so he didn't spirit control more. Now, he decided that when he got back, he would spirit control as many levels of restrictions as he could.

Of course, another thing was his Zi Xu. It was very powerful but Ye Mo knew it was only a fetus and he still hadn't added in any materials up until now.

It wasn't that Ye Mo didn't want to add any, but before he didn't have top grade materials. Second, he wasn't a forgery grandmaster. But now, he fulfilled all those requirements.

When Ye Mo sliced off his arm with one lightning sword, Yong Lanyi thought that even if he could kill Ye Mo he would have to pay a heavy price, but Ye Mo's power was much higher than he expected. He was certain Ye Mo must've had absurd fortune during these few years.

Seeing Ye Mo fight with Yu Zizhen, Yong Lanyi was very happy because he knew that if Yu Zizhen attacked, Ye Mo would be dead for sure.

He knew Yu Zizhen's power all too well. He hadn't seen Yu Zizhen but he had heard of her stories.

This woman's brain was simple and she had a screw loose. She never thought much, but because of this she cultivated very smoothly. She didn't even have bottlenecks of heart demons. She was the youngest truth realisation state cultivator in the Heartless Sea.

Theoretically, someone like her shouldn't have a son but once she saw a male and female cultivator dual cultivating. This triggered her primal desires and she killed that female cultivator without hesitation and asked the male cultivator to do the same thing to her.

How could the male cultivator dare to reject facing Yu Zizhen's power? In the end, she was infatuated with that and didn't cultivate for five years. She didn't let the male cultivator cultivate either. All she did was play and go around, and at night, she would get together with the male cultivator.

Five years later, she got tired of this and killed that male cultivator and went back to Peng Island.

What she didn't expect was she got pregnant due to this. She also didn't expect that the male cultivator to come from a big origin. After the male cultivator's power confirmed Yu Zizhen killed that male cultivator, they sent five truth realisation state cultivators wanting to take her away.

But this time, Yu Zizhen exerted her dominance, killing four of them. The fifth ran away with essence spirit using a secret technique. From then, the name of Peng Island spread and no one dared to mess with them. Yu Zizhen also became famous due to that battle and many truth realisation state cultivators went to challenge her, but they were all killed.

As time went on, Yu Zizhen grew stronger and stronger. There were less and less cultivators who dared to challenge her.

After experiencing all that, she gradually understood a little more and wasn't as dumb as before, but she still thought she was the strongest.

When Yong Lanyi saw Yu Zizhen fly back and spit blood, he took a cold breath in. Although Ye Mo flew back too, just how powerful was a cultivator who could beat blood out of Yu Zizhen? Yong Lanyi just realized that if Yu Zizhen didn't appear, he would be dead now. Ye Mo was powerful to this extent.

Yu Zizhen wiped the blood from her mouth and said coldly, "Very well, in these few hundred years, you're the first to make me spit blood and the first to survive my black handkerchief evisceration. I underestimated you, but you killed my son. Even if I have to chase to the underworld, I will burn your soul."

Ye Mo's face didn't change at all. He knew she was powerful. If he wasn't at god state body refinement yet, he could only run, but now even if he couldn't beat her he wasn't afraid of her. He didn't need to run at all.

To Yong Lanyi's shock, he saw Yu Zizhen suddenly stare at him. "Does this person have feud with you?"

Yong Lanyi quickly said, "Yes, big sister Yu, he killed my son and daughter."

"He's indeed a wretched bastard, killing people's children." Yu Zizhen sneered. "I must kill this person. You can help too. Although you're feeble, you can still offer some effort."

"Yes big sister Yu," Yong Lanyi answered gloomily. He was the number one master of the three seas, but in her eyes, he was feeble.

But Yong Lanyi knew that compared to Yu Zizhen he was indeed feeble.

Seeing the two join up, Ye Mo called out Shadowless. He might not even be able to beat Yu Zizhen, but now with Yong Lanyi as well, he couldn't take them lightly.

Yong Lanyi might be the straw that broke the camel's back.

Yu Zizhen seemed to know Yong Lanyi would definitely agree and released her black handkerchief again.

There was a rumbling louder than thunder as the black handkerchief was released. In that moment, it turned into a huge peak a few kilometers tall and a few kilometers wide, smashing down at Ye Mo.

However, this peak was made of sharp blade rays.

When this peak smashed down, it created howling sounds in the air. Space itself seemed to be twisted and squeezed as though void fissures would appear at any time.

In the blink of an eye, it had reached Ye Mo. Ye Mo was shook. This was a domain formed by magic artifact.

This magic artifact was no simple thing, it seemed to be able to do anything. It transformed into black cloud, blades, and now a huge mountain.

Ye Mo hacked out with Illusion Cloud Domain Shatter Strike before the mountain could land.

Countless purple rays flashed and the domain binding of the peak was crippled under the strike. At the same time, Ye Mo expanded out his domain and used his octagonal cauldron.

Yu Zizhen seemed to have expected this but the peak instead fell down with greater speed. She looked at Ye Mo like he was a goat ready to be killed.

Seeing this, Ye Mo was furious and Zi Xu turned into a huge beam, casting Illusion Cloud Hua Mountain Strike.

This was the first time he used Hua Mountain Strike to attack a magic artifact, he had only used the strike to kill people before.

Chapter 1406: Forcefully Killing Yong Lanyi

\*Rumble\*

Zi Xu hacked on the mountain and the purple ray splashed away like flower petals, but the black mountain didn't move at all. At most it just slowed down a little.

Hua Mountain Strike had no return. Ye Mo's strike didn't do anything to the mountain and thus he was hit by the backlash and spat blood instantly.

Yu Zizhen sneered and her cultivation essence burst down more crazily. The peak just stopped for a moment before pressing down at Ye Mo again. The space was constricting even more allowing Ye Mo nowhere to escape.

Ye Mo spat a mouthful of blood but his eyes didn't change at all. He hacked out with Zi Xu again and the purple ray sliced across the huge black peak again.

There was scorn in Yu Zizhen's eyes, she felt she overestimated Ye Mo. He used the same move twice.

This was indeed Hua Mountain Strike again. Ye Mo was helpless, if he wanted to break the mountain he could only use Hua Mountain strike even if it meant facing the backlash. He didn't create his Illusion Cloud eight strike yet.

When he fought with Kun, Kun was much more powerful than Yu Zizhen and he used one strike to break the tough Kun skin and got its blood, reaching god state in the void fissure.

Other people didn't dare to do this but he did. An advantage he had over Yu Zizhen was his understanding of state.

Due to this, Ye Mo could attack precisely at the weak point many times in a row and also find the weak spot.

If Ye Mo wanted to run, he could find the weak spot of the mountain at any time and then break it. But now that he found the weak spot, he felt unsatisfied if he didn't expand that weak spot.

The second strike hit the black mountain and only shook the mountain a little. Ye Mo spat a second mouthful of blood.

Seeing Ye Mo keep spitting blood and unable to break free, Yong Lanyi snarled and released his Purple Wind Axe. It howled while forming vortex axe blades, swooping at Ye Mo.

Now, Ye Mo's Zi Xu struck the black mountain for the third time. Ye Mo flew back using the backlash towards the wind axe shadows.

Seeing Ye Mo use the same move three times in a row, the contempt in Yu Zizhen's eyes were even greater, but when Zi Xu clashed with the peak for the third time, Yu Zizhen's face changed greatly.

At that moment, she almost took it back. Her magic artifact came from the ancient times and was definitely beyond an extreme grade cultivation artifact. It had countless offensive means and could transform into many things. The reason she could dominate the Heartless Sea was greatly due to this too. Now, she felt her magic artifact was damaged. How could she remain calm?

She resisted the urge to take back her magic artifact. She saw Ye Mo fly back. Clearly, as long as she could bind Ye Mo for a second, Yong Lanyi would be able to ambush Ye Mo and she could give Ye Mo the lethal blow.

Realizing this, Yu Zizhen burned a mouth of essence blood making the mountain fall down with greater power. This power even rattled space itself.

Now, Yu Zizhen felt very threatened by Ye Mo. In three simple strikes he could damage her magic artifact and force her to burn essence blood to make up for her magic artifact. Even if Ye Mo didn't kill her son, she was going to kill him now. She wouldn't allow someone who could threaten her to exist.

Ye Mo sneered, he paid the price of spitting blood three times to damage this magic artifact. It was too powerful and a huge threat.

From the start of the fight till now, it seemed that Yu Zizhen had the upper hand. Her magic artifact was pressing down on him. But for Ye Mo, he saw the weak spot of the magic artifact and thus tried his best to damage it. He must destroy the magic artifact before she could take the weak spot seriously.

Ye Mo was certain that the black magic artifact was something substantial, and if he broke it, it would be impossible for Yu Zizhen to fix unless she found someone like Lu Wuhu.

When Ye Mo was shocked by the mountain, he felt assured instead. Even if he couldn't kill her today, the next time he met her he would have the upper hand. There was a cracking sound before, meaning her magic artifact was damaged. She wouldn't be able to repair it. Meanwhile, his power was improving constantly. The next time, he would have the upper hand for sure.

Yong Lanyi didn't know this, and seeing Ye Mo fly towards his attack, he was overjoyed. He used even more cultivation essence, wanting to kill Ye Mo in one blow.

Ye Mo's octagonal cauldron was blocking the huge mountain, it wouldn't be able to stop his vortex axe blades.

\*Rumble\*

Even though the magic artifact was damaged, it still smashed rapidly at Ye Mo, clashing with his octagonal cauldron instantly.

Ye Mo was sent flying towards the vortex axe blades even faster. Clearly, Ye Mo couldn't control the direction of his flight at all now.

Seeing Ye Mo charged into this vortex axe blades, Yong Lanyi almost cried out of excitement. He didn't really expect himself to succeed.

Even Yu Zizhen nodded at Yong Lanyi in approval. This attack was perfect, heavily injuring Ye Mo.

As long as Ye Mo was heavily injured, she would be able to take him away with the black handkerchief.

\*Thud thud thud.\*

All of the axe blades hit Ye Mo, even his magic artefact itself hit Ye Mo.

But Yong Lanyi was dazed, he felt something wasn't right. Even though Ye Mo was heavily injured, he shouldn't be able to move at all. He felt Ye Mo was not moving slower but instead coming over more rapidly.

Not good, Ye Mo had top grade armor! Instantly, Yong Lanyi realized this, and in his worry, he tried to retreat. But then, he found he didn't need to worry as Ye Mo didn't come towards him.

Almost instantly, Ye Mo was out of the range of the mountain.

Yong Lanyi breathed easy and without hesitation was about to release his wind axe again. It was good even if he could just stall Ye Mo for half a second. When Yu Zizhen reacted, Ye Mo would have nowhere to run.

Yu Zizhen had reacted and her magic artifact turned into a black blade, smashing towards Ye Mo. She definitely couldn't let Ye Mo escape.

When Yong Lanyi wanted to release his axe, his face changed. He was ambushed, his meridians ached like crazy. He just realized that while all his attention was focused on Ye Mo, only now did he realise something had ambushed him.

Yong Lanyi couldn't care about Ye Mo now, he gathered his cultivation essence, wanting to force out the thing devouring his meridians.

\*Rumble\*

How could Ye Mo let Yong Lanyi do that? He stayed here to kill Yong Lanyi. As for Yu Zizhen, he couldn't kill her yet.

Tens of black lightning swords fell down. Yong Lanyi just realized that Ye Mo was a lightning element cultivator and had very powerful lightning attacks.

Just when Yong Lanyi wanted to release his defense magic artifact, he found he couldn't and remembered his oath before. He didn't expect it to occur so quickly.

The lightning swords landed and they all struck his body, turning him into a blackened, charred corpse instantly.

Then, his storage ring was taken by Ye Mo.

With a thud, the black blade struck Ye Mo's octagonal cauldron again. Ye Mo grunted and retreated a few kilometers before stabilizing himself.

But Ye Mo didn't run, he took out a pill and ate it. After that battle, he had some light injuries.

Chapter 1407: Scared Xu Yuehua

He wasn't confident in killing Yu Zizhen, but if Yu Zizhen dared to keep fighting he wasn't scared.

Yu Zizhen took her handkerchief back in her hands with a pale face. She waved her hand and a grey figure appeared next to her.

When he saw it was a level 11 dragon, Ye Mo's eyes spasmed. He didn't expect her to have such spirit beasts.

Yu Zizhen looked coldly at Ye Mo. "Forcing me to wake up my dragon – if I don't kill you today, how can I be satisfied?"

She didn't care about Yong Lanyi being killed, she cared about Ye Mo killing her son and then killing Yong Lanyi right in front of her as though she was nothing.

It was already very tough for him to fight a level 11 dragon alone. Ye Mo was planning to fight with her for a while longer, but after seeing the dragon, he gave up the thought immediately. He said to her, "This will be it for today, I will definitely go pay your Peng Island a visit."

Seeing Ye Mo release his flying ship and disappear in front of her, Yu Zizhen looked at the drowsy dragon and resisted the urge to chase Ye Mo.

The dragon had just awakened and didn't have enough power. Meanwhile, that Ye Mo was very eerie. Not only could he find the weakness in her domain and leave easily, he also had that terrifying Lightning Sword.

Yu Zizhen took out her most precious magic artifact. There was a faint mark on it, making her heart ache. She was certain that Ye Mo's kitchen knife was no ordinary thing or it wouldn't be able to hurt her magic artifact.

With the damage to her magic artifact, her battle power dropped a level. If it was against some other cultivator she wouldn't care but Ye Mo wasn't an ordinary cultivator. She was very talented and had fought countless opponents up until now, but never once was there someone whom she didn't dare to chase.

...

Ye Mo didn't run away fast as he didn't feel much threat from the dragon. Indeed, after he left for a while, Yu Zizhen left in the opposite direction. He immediately knew there was a problem with her dragon. Otherwise, she wouldn't let him go.

This was the most powerful woman he had seen. When he went to West Extreme State and saw the Snow Forest Pond's Quan Luan, she killed Yin Xu just when he was about to kill him.

She was no simple character, even he didn't notice her stealth. However, if the two met, Ye Mo was certain that Quan Luan would be killed by Yu Zizhen even if she used all her means.

Soon, Ye Mo cast these thoughts aside. Even if her dragon woke up to full power, he wouldn't be staying at the same level either. As long as he reached truth realisation state level four, which was truth realisation state middle stage, he wouldn't fear Yu Zizhen at all. Even if it was Suo Anshan, so what, much less Yu Zizhen.

...

Mo Hai City, it was a very prosperous city. Most of the cultivators here were searching for cultivation resources in the nearby Heartless Sea region.

This was the second time he came here. The first time, he was only Golden Core State and was very careful. Even though he was almost taken by the Lightning Cloud Sect, there was a huge change to his mindset.

He didn't dare to say he was invincible on Luo Yue continent, but there were very few things that could threaten him. He didn't believe he was the strongest.

There were many masters in the cultivation realm but they just didn't want to come out and fight. That Yu Zizhen for example – if Ye Mo never encountered her, he would never imagine there was such a terrifying being in the Heartless Sea.

He didn't come here to reminisce but to take the teleportation formation. It was good even if it just meant saving a day. He was planning to take the teleportation formation to South Peace City and then fly to Mo Yue City.

Ye Mo's spirit sense immediately scanned to the teleportation formation and just when he wanted to go over, a familiar figure appeared in his spirit sense. He hadn't seen this person for nearly 20 years but he immediately recognized this person.

Ye Mo became excited, it really was Xu Yuehua. She still looked like she was middle aged but her spirit was very fatigued.

Her eyes were aged and lost. Her power was foundation establishment state peak stage and was just one step away from golden core state. Ye Mo felt sour in his heart. A cultivator from earth surviving in this place with the law of jungle reaching foundation establishment state peak stage – just how hard must it have been?

She walked into a pill shop.

Ye Mo saw it was the pill shop he had been to, Real Pill pill shop. The owner of this place was Feng Honest, but Ye Mo knew this guy wasn't honest at all. He was one of the An Bei three demons. He closed the shop for a while, why did he open it up again?

Xu Yuehua disappeared in the shop and Ye Mo's spirit sense was stopped outside the shop.

Ye Mo didn't use spirit sense blade this time and just took a step in. Instantly, he walked in.

As soon as he walked in, he heard a slap. A figure flew towards the door. Ye Mo held Xu Yuehua who was slapped in her face, the joy had turned to fury on his face.

"Huh..." Xu Yuehua immediately said in worry. "Sorry, qian bei, I didn't mean to..."

But then, she suddenly stopped talking. Her eyes looked at Ye Mo in disbelief.

"Sister Yuehua, don't worry, it's me." Ye Mo looked at the palm print on her face and the anxiety in her eyes and felt pity for her. She was once the city lord of Luo Yue City, but now she was like a frightened bird.

“It’s you, you – you’re Ye Mo, it really is you, Ye Mo...” Xu Yuehua repeated in disbelief.

Ye Mo nodded affirmatively. “Yes, it’s me, Ye Mo.”

Even though she was much older than Ye Mo, she couldn’t help crying in Ye Mo’s arms as though trying to vent all the hardships and mistreatment she had been through.

Ye Mo sighed, Xu Yuehua was a dominant woman and he knew that clearly, yet she was tortured to this state on Luo Yue continent.

Ye Mo looked inside, other than Feng Honest still sitting down looking at a Luo Huang three leaf herb, there were three more cultivators, two men and one woman. They were all golden core state. Feng Honest hid his power to nascent soul state.

“Sister Yuehua, who hit you?” Ye Mo scanned the three golden core state and asked.

Xu Yuehua calmed down, there was a little hope in her eyes.

She quickly said, “Ye Mo, I’m fine, let’s quickly leave. I need to talk to you.”

Chapter 1408: Honest Feng is Really Not Honest

She knew Ye Mo’s character too well, he was decisive and tough and never wanted to lose out. If someone did something to him, he would definitely pay them back. But if she told Ye Mo who hit her, there would be conflict and Ye Mo would be in trouble.

She had been in the South Peace State cultivation realm for more than a day or two. She knew the huge difference between cultivators and ancient martial artists. Ye Mo was very powerful on earth, but no matter how powerful he was, could he fight against cultivators? Any golden core state or nascent soul state could easily kill her and Ye Mo.

All these years, if she didn’t take everything quietly, she would’ve been long dead.

The pill shop was very quiet.

The three golden core state couldn't see through Ye Mo's power and thus didn't make a sound. Honest Feng didn't move as he had recognized Ye Mo. He was only a mere golden core state, even if he broke through he was at most nascent soul state.

Ye Mo patted her hand and said, "Sister Yuehua, don't worry."

Then, Ye Mo stared coldly at the three and asked, "Who did it?"

Before the three could reply, another person laughed and walked into the pill shop.

It was a hollow spirit state level nine cultivator, he was tall and had a beard.

"Hmm, Honest Feng, your business is doing quite well today. Why are there so many insects asking you for pill concoction?" this cultivator said casually.

Then he threw out a jade box and said, "Honest Feng I've brought it, give the pill to me. Hehe – how can I, Mo Yu, trick you?"

Honest Feng nodded and opened the box.

He seemed casual but Ye Mo saw Honest Feng's hands were shaking.

"Essence Condensation Fruit...." Xu Yuehua called out in shock. It was a level seven spirit fruit used to concoct Break Spirit pills.

Then, she covered her mouth and her face went pale, she knew she acted out of line just then.

Ye Mo smiled. "Not bad, you recognized it."

Ye Mo knew why Honest Feng's hands were shaking. He was a hollow spirit state level nine cultivator, the Break Spirit Pill would allow him to reach body condensation state.

Xu Yuehua said with a pale face, "I've learned pill concoction before so I know all these spirit herbs..."

Ye Mo already knew what she meant. When she first came here she must've realized that the cultivation resources she earned with her life weren't enough to buy pills so she wanted to concoct them herself.

Many cultivators had such thoughts but most of them were solo cultivators. Those cultivators with sects wouldn't waste time on this. The cost of becoming a high level pill master was hundreds of times more expensive than buying pills.

"That's right, and it seems quite mature," Honest Feng said shakily.

"Honest Feng I've brought the spirit fruit, where is your Break Spirit Pill?" Mo Yu rushed, clearly unhappy with Honest Feng being so slow.

Ye Mo shook his head, if Honest Feng had the Break Spirit Pill he wouldn't be so excited seeing the Essence Condensation Fruit. Ye Mo was certain that Honest Feng didn't have a Break Spirit Pill.

"Okay, I'll let my martial brother send it over immediately." Honest Feng sent out a message.

Mo Yu frowned, he didn't expect the pill wasn't here. He wasn't an idiot, Break Spirit Pill was more precious than any pill for hollow spirit state cultivators. The reason he came here was because he heard the news that Honest Feng had a pill left behind his master.

He even came to ask him and Honest Feng unwillingly confirmed the news. But he wasn't selling it and would only accept Essence Condensation Fruit for trade.

Mo Yu didn't think Honest Feng, a nascent soul state cultivator, would dare to trick him. He was hollow spirit state level nine.

Mo Yu said, "Give me the essence condensation fruit first, we can trade after the pill is here."

Honest Feng laughed. "No rush, the pill is about to be here, why don't you have some patience?"

Mo Yu realized things were wrong and his face went cold as he grabbed at Honest Feng.

Honest Feng sneered and a dark ray shot out, clashing with Mo Yu's hand. Mo Yu grunted and smashed heavily into the wall. His hand was bloodied.

However, this pill shop was very sturdy. There were a few formations here.

"You're a hollow spirit state cultivator too!" Mo Yu finally realized Honest Feng was a hollow spirit state cultivator and a little stronger than him.

Honest Feng laughed but didn't talk. At this moment, a fat cultivator came in, a hollow spirit state peak stage.

This cultivator didn't hide his power. Mo Yu could tell things weren't going to settle easily today.

The cultivator saw Honest Feng and laughed. "Third brother, you live a much better life than us. We don't even get to see the living day."

Honest Feng laughed. "Second brother, you can come out now. Those cocky bastards already think we're dead. After all these years, who would think we're still alive?"

That fat cultivator nodded. "If it wasn't for you, I would almost have been killed by those bastards from Infinity Sect. Which bastard brought that trouble to us brothers?"

The two chatted as though all the other cultivators were nothing.

Ye Mo knew why these two were so cocky, there was a level six peak trap formation here. Once this was activated, even Honest Feng himself could deal with Mo Yu.

Mo Yu was certain now he had been ambushed.

“Why are there a few insects here?” the fat cultivator asked.

Honest Feng laughed and waved his hand. The shop doors closed. “A few unlucky insects, we’ll kill them later.”

“Qian bei, wan bei is willing...” a golden core state level three quickly begged.

“Noisy!” The fat cultivator frowned and palmed in that direction, turning that cultivator into bloody mist.

Xu Yuehua stopped shaking and sighed to Ye Mo. “It’s not lonely now that I die with someone I know. Ye Mo, do you know how I have been living? I still don’t even believe it now that I think about it.”

Ye Mo asked casually, “Don’t believe what?”

“I don’t believe that I’m still alive. I really don’t there were so many times that I thought it would be dead for sure...” Xu Yuehua’s tone grew shaky again.

Ye Mo joked. “If I didn’t come today, you would’ve gone out before, but I stopped you from going out.”

“No, I’m serious. I’m very satisfied I can die with someone I know. This place isn’t for humans to stay. If possible, I would rather still be at Luo Yue City.” Xu Yuehua shook her head.

Ye Mo suddenly said, “I actually just came from Luo Yue City...”

“Hmm, two insects who don’t fear death. Chatting like we don’t exist, haha...” the fat cultivator laughed.

Chapter 1409: Still no one dares to mess with

“qian bei is too right, that foundation establishment state female cultivator is good at acting and thus I gave her a slap...” another golden core state level two said this and sucked up.

But before he finished, the fat cultivator glared coldly at him “a mere golden core state insect, what do you think you are, how dare you try suck up to me.”

Then, the fat cultivator slapped. The golden core state wanted to run but he couldn’t move due to the fat cultivator’s cultivation essence.

Splurge, the golden core state level two turned into bloody mist.

Mo Yu’s eyes spasmed, this fat cultivator seemed stronger than even Honest Feng. He was probably dead with the two together. He also realized that there seemed to be a trap formation that was at least level six here.

But even if he was going to be killed, he wasn’t just going to wait for death. He released his magic artefact when the fat cultivator killed the second golden core state.

The two didn’t seem to see this, the fat cultivator stared at the cgs level two and said “quite good looking, I can spare you for now...”

She was indeed good looking, at least much prettier and younger than Xu Yuehua. Her body was busty and her skin was very white.

She was shaking and hearing this, she seemed to be clinging onto the rope to salvation “qian bei, wan bei will definitely make sure qian bei is satisfied...”

Then, she quickly took off her clothes showing everything. A curvaceous body was revealed to everyone, but the female cultivator didn't feel ashamed at all. She looked at the fat cultivator in terror as though hoping he would say something to her.

He was going to teach her lesson thinking that she was on the side of the male cultivators who slapped Xu Yuehua. But seeing this, he lost interest.

The fat cultivator laughed "not bad, you're very quick, clearly you often do this. I don't mind if you're a broken shoe or not, as long as you satisfy me. go to the side, I'll come pay you attention later. I'm going to kill these insects who looked at my woman's body.

Then, he looked at Ye Mo and said "very pretty isn't it? I'll go on the one next to you too, I'll let you watch as well."

Ye Mo smiled "I thought the An Bei three demons were already dead but now I see you here again."

Suddenly, the fat cultivator's face froze and even Honest Feng looked at Ye Mo in shock.

"who are you?" the fat cultivator reacted and took a few steps back. A wand appeared in his hand, Honest Feng also took out a metal bowl magic artefact.

Ye Mo walked a few steps forward as though not seeing the magic artefact in the fat cultivator's hand.

Seeing this, the fat cultivator took a few steps back subconsciously. But then he thought, he was a hollow spirit state peak stage cultivator, why would he be scared of a young cultivator like Ye Mo.

"my friend already said my name, I'm Ye Mo. Are you deaf? I'm actually a pill master too." Ye Mo looked at Honest Feng sardonically.

"Ye Mo..." Honest Feng subconsciously repeated but before he said anything, the fat cultivator seemed to have remembered something and pointed at Ye Mo shakily "you, you,, you...."

“you’re the Ye Mo who got first in the pill king tournament...” Honest Feng added. He hoped he guessed wrong.

Ye Mo was a pill king but also someone cruel to the extreme. He killed the number one prodigy of Lightning Cloud Sect Tian Aofeng and number one prodigy of Infinity Sect Yuan Guannan. He also killed a few Infinity Sect hollow spirit state cultivators at Black Ice sect. although he was hollow spirit state tertiary stage, any of those Infinity Sect hollow spirit state cultivators could easily kill him. Yet, Infinity Sect didn’t even dare to say anything about that.

That Ye Mo even set up his own city Mo Yue City and became a person no one dared to mess with in South Peace State. it’s said he disappeared in the Heartless Sea, how did he appear again?

When was he this unlucky to mess with someone like Ye Mo.

But Ye Mo’s words completely disappointed Honest Feng, Ye Mo smiled “you’re right, I’m that pill king Ye...”

“qian bei, wan bei, wan bei...” the fat cultivator begged. He also heard that Ye Mo killed body condensation state cultivators, he and Honest Feng were only hollow spirit state.

But soon, he found he couldn’t say anything anymore. Then, he saw a huge cultivation essence giant hand loom over his head.

“truth realisation state cultivator...” There was extreme despair in his eyes, he tried to scream but he couldn’t. he knew he was bound by the fabled domain of truth realisation state cultivators.

Half a minute ago, he splatted golden core state into bloody mist, now, he was crushed into nothing by a truth realisation state cultivator.

Things changed so fast but sometimes, this was reality.

Honest Feng's little pill shop turned dead silent. Honest Feng even forgot to activate his trap formation. Mo Yu was also dumbfounded. He thought Ye Mo was dead for sure but things turned out in this comical fashion. There was a truth realisation state cultivator in Honest Feng's pill shop.

Then he thought, would this truth realisation state kill him too.

Xu Yuehua reacted and looked at Ye Mo in extreme hoi. She didn't expect Ye Mo was truth realisation state cultivator. If possible, no one wanted to die. She also hoped one day she could get back to Luo Yue city.

"he is above everyone no matter where..." Xu Yuehua looked at Ye Mo and sighed. North Sand, hidden sects, Ye Mo was someone no one dared to mess with. Yet even in the cultivation realm filled with all sorts of masters, he still stood at the pinnacle.

"qian, qian bei..." Honest Feng held a formation flag but didn't dare to throw it out. He knew his level six trap formation was nothing to a truth realisation state cultivator.

"Honest Feng long time no see but you're still not honest at all. Many years ago, I came to you for pill concoction, your spirit sense was injured. You had fire god grass and ghost face mushroom while collecting 9 foot sea snake beast core. You hid your power to golden core state and now you want to rob the essence condensation fruit of your customer. I believe your spirit sense injuries have healed?" Ye Mo looked calmly at him.

Tsunamis swept over his heart. He didn't expect that many years ago, his actions were seen through by Ye Mo. He said shakily "qian bei, you, you knew many years ago..."

Ye Mo looked at him in irony "what do you think? You already said I got first in pill king tournament. You think I can't see what you're doing?"

Honest Feng was sweating cold. Many years ago, Ye Mo didn't kill him but now Ye Mo might kill him as he said he would kill Ye Mo.

He hated that Mo Yu more, he had to come at this time. If he didn't come this wouldn't happen and Ye Mo might not kill him.

“qian bei...” Honest Feng called out thinking how he could save his life.

Ye Mo suddenly said coldly “you want me to spare you?”

“yes, yes, qian bei...” Honest Feng nodded like a chicken eating.

Chapter 1410: Mo Yue City has new city lord

“you probably know Yu Baisheng right?” Ye Mo suddenly sneered.

Honest Feng’s heart shook, how could he not know. Yu Baisheng was wounded by them and then disappeared.

Ye Mo said again “Yu Baisheng is not that best person but I got some benefits from him, so I’ll help him get revenge.”

Honest Feng was shook and immediately wanted to release his magic artefact but how could he even move in the truth realisation state domain? He could only watch as Ye Mo’s cultivation essence giant hand grabbed him turning him into bloody mist.

Mo Yu woke up from his shock and quickly bowed to Ye Mo “thank you Ye qian bei for saving my life.”

Ye Mo nodded and took the essence condensation fruit and then gave Mo Yu a pill “this fruit has no use for you, I’ll give you a break spirit pill.”

Mo Yu took the pill in extreme joy. he really didn’t expect such comical turn of events. He actually got a break spirit pill from the number one pill king of South Peace State. his body condensation state would be a level higher than everyone else’s.

“president, you’re already truth realisation state power?” Xu Yuehua asked in joy and disbelief.

Ye Mo smiled and nodded “yes, sister Yuehua, even Honest Feng has heard of me. you probably heard of Mo Yue City right? Just call me Ye Mo, no one would understand president here.”

Xu Yuehua’s face sunk and shook her head “I’ve been near Mo Hai city so I’ve heard of Mo Yue City but it’s said that’s not a place ordinary cultivators can go to. Those who go in are either very powerful or very wealthy.”

Just when Ye Mo wanted to comfort her and tell her to go with him to Mo Yue City to cultivate, he heard that naked cultivator say to Xu Yuehua “sister Yuehua, I, I....”

She looked worriedly at Ye Mo fearing Ye Mo would pulverize her too.

Xu Yuehua just reacted and quickly said “Xue Hong put your clothes on, Ye Mo won’t kill you.”

Ye Mo didn’t intend to kill her intend but Xu Yuehua quickly explained to Ye Mo for making the decision “I’ve been surviving with her and the Wei brothers near the Mo Hai city. I was the weakest and they all reached golden core state but I was still in foundation establishment state so I left the team. The big brother slapped me because he thinks I’ve spilled a place they always go to gather materials but I didn’t know about it at all.”

Ye Mo nodded “regardless he would still turn into bloody mist.”

Xu Yuehua’s eyes dimmed down and said after a long while “Ye Mo are you going back to Mo Yue City?”

Ye Mo immediately nodded “yea, we can go together.”

“huh...” Xu Yuehua exclaimed and said “Ye Mo you’re saying I can go too? But I heard the entry requirement is very high, how can ordinary people go in?”

Ye Mo smiled “of course you can because the city is mine, I’m the one who built the city. Sister Yuehua, you wouldn’t think I would leave you here would you?”

Xu Yuehua called out in joy “Ye Mo, I knew you wouldn’t disappoint me, I really didn’t expect you to be the city lord of Mo Yue City...”

Ye Mo smiled “when you go there, there’s more surprise in store. Susu, Qingxue, Jingwen, Ye Ling, Yangzhu, Beiwei and them are all there...”

Xu Yuehua asked “is Wanqing and Yimo there too?”

Hearing this, Ye Mo’s eyes dimmed.

Xu Yuehua immediately realized that Ye Mo hadn’t found the two and quickly said “don’t worry they should be fine. I was outside South Peace city when I came you can search later.”

Ye Mo thought “Yimo was undoubtedly in North Far State but Wanqing might be in South Peace State. she came with Xu Yuehua.”

Mo Yu suddenly said “Ye qian bei I heard the current city lord of Mo Yue City is called Liu Oulan, he made the rule that those who enter the city must reach nascent soul state or he can’t go in, there’s no exceptions...”

Then Mo Yu carefully looked at Xu Yuehua.

“Liu Oulan? Who is he?” Ye Mo asked in confusion, he had never heard of this person and never gave out the city lord position. Who dares to call himself city lord of Mo Yue City.

Mo Yu shook his head “I don’t know but I heard he was voted by the elders of Mo Yue City. The only place he didn’t have authority over was Mo Yue lake.”

Ye Mo frowned, when he left he gave Mo Yue City over to Qingxue, did she not have enough time for cultivation so she gave it to someone else to manage? If so she would never let this person be city lord, at most vice city lord.

Seeing Ye Mo frown, Mo Yu quickly said “pill king Ye, I’ve been to Mo Yue City once but I didn’t meet the requirements to stay so I could only leave. I was planning to test my luck there once I reach body condensation state. I heard Liu Oulan is the disciple of Mo Yue City elder Wu Mingliu.”

Ye Mo nodded and thanked “I’m going back to Mo Yue City immediately, from now on my city welcomes people like you.”

Hearing this, Mo Yu said excitedly “thank you pill king ye qian bei, I’ll go to Mo Yue City immediately after I reach body condensation state.”

Ye Mo nodded “okay, we’ll meet again.”

Then, Ye Mo took Xu Yuehua to the door and waved his hand, the restrictions of the shop were all gone.

When Mo Yu reacted, Ye Mo had disappeared with Xu Yuehua. Mo Yu exclaimed “truth realisation state qian bei indeed has boundless power. This is definitely a level six trap formation but it’s like paper to pill king Ye qian bei...”

Meanwhile, Xue Hong came nervously to Mo Yu and said “qian bei, may wan bei leave?”

Mo Yu looked plainly at her “you never know what the friends you make will become in the future, it’s better be a little more genuine.”

Then, MO Yu also disappeared.

Xue Hong stood at the door and her emotions went wild.

In a short time, she was almost crushed and raped. She stripped naked to fight for salvation.

She indeed survived now but it had nothing to do with what she did.

She was very close with Xu Yuehua when they were foundation establishment state. they've helped each other escape death many times.

But she knew that if she wanted to fight for the great dao she needed to change. She sucked up to the Wei brothers with her body and used her means to get more cultivation resource than Xu Yuehua. In the end she reached golden core state first.

Xu Yuehua had now become a burden and she gradually left this precious friendship. She used all means necessary for cultivation.

Because of this, she lost her sense of humiliation and stripped naked in front of everyone to survive.

Now she realised that even if Ye Mo didn't come, she would at most be played and then killed.

If she treated Xu Yuehua the same way she did before, how can Xu Yuehua not bring her to Mo Yue City?

She realized a lot of things in such a short time. She sighed and also left the shop.
