Chapter 1411: The huge benefit of god state

The teleportation formation of Mo Hai city were always taken by wealthy cultivators. Ordinary cultivators came here to seek cultivation resource, how can they waste large sums of spirit stones on teleportation formation? So when Ye Mo and Xu Yuehua came there weren't a lot of people.

"are we going to take teleportation formation?" Xu Yuehua still wasn't used to the fact that Ye Mo was truth realisation state cultivator.

Ye Mo nodded "that way we can get to Mo Yue City faster."

Xu Yuehua sighed "I really don't believe that I met you in Mo Hai city, I've never taken the teleportation formation, I don't even know what it feels like."

Ye Mo smiled "the teleportation formation you took from Duan Heng to small world and then Xing Jia mountain to South Peace State is a teleportation formation."

Xu Yuehua nodded "I know but I was dazed at the time."

Ye Mo sighed and didn't say anything. There were too many cultivators like Xu Yuehua who used all their resources for cultivation, how can they afford teleportation formation? Even for him, if he didn't have the golden page world he wouldn't know where he would be at.

Seeing Ye Mo take out 80k top grade spirit stones to the teleportation formation guard, Xu Yuehua opened her mouth in shock "Ye Mo we need this much top grade spirit stones?"

Just when Ye Mo wanted to talk, there was a clear crisp voice of contempt "hill billy."

Ye Mo frowned and turned back. It was one male and female cultivator, the male was body condensation state level four while the female cultivator was only golden core state level seven.

Seeing Ye Mo about to talk, Xu Yuehua quickly pulled him “it’s fine, I’m a bit hill billy. When I came to Mo Hai city I saved up 2000 spirit stones and bought the cheapest ticket to here.”

The body condensation state male cultivator saw Ye Mo look over and he couldn’t see Ye Mo’s power, he quickly saluted with his fists “friend sorry, my martial sister is naïve please forgive her.”

Ye Mo nodded and didn’t fuss with this little girl, he said to Xu Yuehua “when I left Mo Hai city I took the boat too but I spent 20k spirit stones. That boat was too slow, the price difference between the bottom and top was huge. Teleportation formation is faster, the teleportation formation here only opens for four hours each day but now it doesn’t seem to have such restriction. Otherwise, if we take flying ship back we would spend an extra day to arrive.”

The girl was unhappy being told off by her martial brother and hearing what Ye Mo said, she added in contempt “bull shit.”

The body condensation state gave Ye Mo an apologetic look and then reproached the girl seriously “martial sister Xiuer, if you act like that again I’m never bringing you out. Our Heaven Fountain sect is only a 7 star sect, so what if we’re 8 star and 9 star. 9 star sect Lightning Cloud Sect core disciple Tian Aofeng acted cocky and then he offended someone and was killed in the Heartless Sea. that Tian Aofeng was killed on the way to South Peace city from Mo hai city. I’ve told you many times, there’s always people stronger outside, if you don’t behave yourself not only will you suffer but you will also bring trouble to our sect.”

Hearing this, Ye Mo couldn’t help laughing as he was reminded of Yu Ruyu and his fiancé. These two were too similar.

The female cultivator clearly didn’t get the message and murmured “martial brother Shen don’t make everything sound so serious. At most I would bring trouble to myself. How can I bring trouble to the sect?”

Seeing this, the body condensation state cultivator frowned “Tian Aofeng died and what of the Lightning Cloud Sect? 9 star sect but was also forced to seal sect by Mo Yue City?”

“martial brother don’t trick me, there were people coming out of Lightning Cloud Sect a while ago how can they seal sect?” the girl said unhappily.

The male cultivator sighed “the reason they unsealed sect so quickly is because Mo Yue City city lord Ye Mo disappeared in the Heartless Sea. otherwise, they would still be sealing sect, why don’t’ you believe me?”

The young girl grunted and said after a while “how many of the caliber of Mo Yue City Lord would there be on Luo Yue continent? You always try to scare me. plus, I know that Lightning Cloud Sect unsealed sect because of demon prison forbidden grounds.”

Ye Mo frowned, the Lightning Cloud Sect dared to open sect again when he wasn’t at Mo Yue City. It was clear that Lightning Cloud Sect didn’t really seal sect or how would they know he left? Plus what was going on with the demon prison forbidden grounds?

Seeing this, the male cultivator sighed and said nothing. But the girl saw this and knew her martial brother was disappointed in her. She quickly hugged his arm and sulked “martial brother don’t be like that, I’ll let you kiss me.”

Hearing this, the male cultivator quickly said “martial sister Xiuer don’t say this outside.”

“okay I won’t what’s so good about Mo Yue City. Master and them are going there and told us to meet them there?” Xiu Er asked again.

The male cultivator said seriously “this time Mo Yue City and Pill City are joining forces. They might combine into one big city. Many of the pill kings from Mo Yue City came from Pill City. With the pill kings of Pill City, the pills in the city would be hugely abundant. The price would be unimaginably cheap. Our sect went there to buy pills of course.”

Hearing this, Ye Mo couldn’t resist anymore. Mo Yue City and Pill City were on opposite sides how can they join forces? And Yue Qichao and Shen Guanqing would never agree to this.

Just when Ye Mo wanted to ask, the teleportation formation guard said “four friends quickly get on, the teleportation formation is about to activate.”

Ye Mo resisted the urge to ask thinking he would be flying back to Mo Yue City soon and took Xu Yuehua into the teleportation formation.

With Ye Mo's god sate body refinement, he only felt a little dizzy. He could even feel the space ripples during the teleportation.

Ye Mo rejoiced, with this he might learn the true means of tearing open space.

God state was indeed a huge benefit.

The teleportation formation was different to space transmission runes. A rune master must have a certain understanding of space and void to be able to inscribe such runes.

Meanwhile, formation grand master didn't need that to set up teleportation formation. But of course if he knew of it, his teleportation formation would far surpass ordinary ones.

At this moment, Ye Mo realized why Chu Jiuyu could set up realm breaking teleportation formations.

When Ye Mo and Xu Yuehua came out of the teleportation formation and to the city gates. The male and female cultivator had left the city gates. The male cultivator saw Ye Mo and Xu Yuehua and nodded to Ye Mo. Meanwhile that little girl stared at Ye Mo wanting to see what flying magic artefact Ye Mo would be using.

"how long do we have to reach Mo Yue City?" Xu Yuehua subconsciously asked.

Ye Mo said "not long, at most half a day possibly even less."

Ye Mo said casually but the two were dazed. Reaching Mo Yue City from South Peace city in half a day, what flying magic artefact was this?

Hearing this, the male cultivator was more shocked. If what Ye Mo said was true, then Ye Mo must be immeasurably powerful.

Chapter 1412: Number one forbidden grounds

The male cultivator didn't want to mess with Ye Mo but the girl said "hmm, you guys are going to Mo Yue City too? So are we."

But then the girl added "but you're bluffing too much. Half a day? I'll be honest with you, if you can get to Mo Yue City in a week you would be considered fast."

Seeing his martial sister look for trouble again, the male cultivator quickly saluted with his fists "sorry friend, my martial sister has never been out before if she offended you with words please forgive her."

Ye Mo smiled, he could tell this girl was blunt and it was unintentional. She hasn't been into society at all, she was just some flower in a greenhouse.

The male cultivator saw that Ye Mo wasn't hard to talk to and breathed easy "I'm Lin Zhishen, this is my martial sister Mu Qingxiu, we're both Heaven Fountain sect disciples, we're meeting up with our sect there. I heard you're going to Mo Yue City too? If so we can go together."

Ye Mo saluted with his fists "my surname is Ye, I'm going Mo Yue City indeed. Since brother Lin is going too, then take my flying ship, we would be faster."

Ye Mo thought he could ask him some things on the way.

Then, Ye Mo released a black flying ship.

"come up." Ye Mo smiled to Lin Zhishen.

Lin Zhishen was immediately astonished and said in shock "this is extreme grade cultivation artefact flying ship..."

Ye Mo smiled and nodded.

“no wonder brother Ye says you can get there in half a day, you have extreme grade cultivation artefact flying ship.” Ye Mo exclaimed and carefully took Mu Qingxiu up as though fearing he would damage the flying magic artefact.

“martial brother Ye, you really have extreme grade cultivation artefact flying ship?” Mu Qingxiu completely forgot what she called Xu Yuehua before.

Ye Mo manned the ship and it dashed away in a grey line. Lin Zhishen instantly felt South Peace city disappear from his spirit sense.

Such speed, Lin Zhishen was shook. He was certain Ye Mo’s power was much higher than his. Otherwise, even with extreme grade cultivation artefact flying ship, he can’t be this fast.

Xu Yuehua exclaimed, one moment ago, she was struggling at the border of the Heartless Sea and now she was on extreme grade cultivation artefact flying ship.

This was the first time Mu Qingxiu rode extreme grade cultivation artefact flying ship and touched everything on the ship.

Ye Mo wanted to ask Lin Zhishen about Mo Yue City but Lin Zhishen asked “brother Ye is going to Mo Yue City for the alliance conference?”

Ye Mo shook his head “this is the first time I’ve heard of it, can you explain it a little?”

Lin Zhishen nodded “of course, the original city lord of Mo Yue City was Ye Mo. Then he went to the Heartless Sea and for some reason never came back. The city under his wife Ning Qingxue and siste Tang Beiwei’s management grew prosperous. And in a year’s time Mo Yue City surpassed Pill City.”

“the original city lord of Pill City Yue Qichao and Shen Guanqing supported Mo Yue City greatly and this was an important reason. Plus, Silver Moon pill king reached heaven grade level eight pill king so Mo Yue City was even more popular and soon became a place all cultivators wanted to go.”

“then what’s with the alliance conference?” Ye Mo asked. There was no way Yue Qichao would help Pill City he trusted the two and knew they wouldn’t betray Mo Yue City.

Lin Zhishen knew a lot about this and said “the alliance conference is for Pill City and Mo Yue City to combine forming one huge city and one branch city. This is brought up by the city lord Liu Oulan and his master Ming Liudao greatly supports this.”

Ye Mo frowned “Silver Moon pill king and Guan Tian pill king didn’t disagree with this?”

Lin Zhishen sighed “if they were still at Mo Yue City of course they would. But they both aren’t at Mo Yue City and Guan Tian pill king is in danger.”

“what’s going on?” Ye Mo grew nervous. The two pill kings helped him a great deal.

Lin Zhishen looked at Ye Mo in confusion “brother Ye you should know about such things? You’ve really never heard of it?”

Ye Mo shook his head “I’ve been training at the Heartless Sea, I really never heard about it.”

‘no wonder.” Lin Zhishen nodded “brother Ye probably knows of the South Peace State four great forbidden grounds right?”

“yes.” Ye Mo answered.

Lin Zhishen’s tone grew serious “the number one forbidden grounds of South Peace State is the demon prison forbidden grounds. Problems arose a few years ago. Originally, no cultivators could go in but suddenly, demonic chi spilled out. Those cultivators inflicted by it would lose their minds and beat themselves to exhaustion and die.”

Ye Mo thought of the space seal in West Extreme State. once the seal was broken such demonic chi would spill too. Was the demon prison forbidden grounds connected to the demon realm of West Extreme State?

“spirit sense can’t scan that demonic chi. It can’t be attacked by magic artefact. Eventually cultivators found that only rare flames or internal flames would be effective against it. even so, countless cultivators lost their lives due to it. new demonic chi keeps seeping out. The powerful cultivators of South Peace State all headed there wanting to seal the demonic chi but that’s no easy feat.

Lin Zhishen sighed again “instead, more were seeping out. Countless South Peace State died. Eventually, someone found a way and that was to kill demonic chi that had a shadow and you can get a demon crystal. Concocting it into a pill can avoid being infested by demonic chi, it can also save those who are not greatly affected.”

Lin Zhishen looked at Ye Mo “you probably realise now that Guan Tian pill king went to help concoct pills but not long after he went, there was news that he was affected by demonic chi. Silver Moon pill king is very worried and took two truth realisation state to there. Ever since he went, there was no news.”

“the reason for this alliance is also related to the forbidden grounds. Pill City and Mo Yue City are both places where pills are made, so it’s more beneficial to South Peace State cultivators sealing the demonic forbidden grounds if they joined up.

Ye Mo sighed and realized what was going on.

“were there no other cultivators who disagreed the alliance of Pill City and Mo Yue City?” Ye Mo asked.

Lin Zhishen could tell that this brother Ye didn’t seem to like the two cities joining up and said “of course, city lord Ye’s wife and sister strongly disagreed and one truth realisation state elder silver moon pill king left also disagreed. But Wuming Liudao agreed. He was truth realisation state level six and if he agreed, there was no use that other people disagreed. Even if city lord Ye was at Mo Yue City he probably can’t stop this.”

Ye Mo sneered “Wuming Liudao what a strange name.”

Lin Zhishen smiled “it’s not strange, his name is Wu Ming but he has a sword technique that has six strikes, it’s said that no master could last the 6 strikes so he received the name Wuming 6 strikes.”

“hmm, is that Mo Yue City? Such a beautiful place...” MU Qingxu exclaimed.

Chapter 1413: So arrogant

“so pretty...” Lin Zhishen looked at Mo Yue City and couldn’t help exclaiming.

Ye Mo smiled, he didn’t want his cultivation grounds to just have spirit chi, he needs it to be pretty and elegant. Then, he could take Susu, Qingxue and them on walks.

Xu Yuehua exclaimed “such dense spirit chi.”

“there would only be denser spirit chi later on.” Ye Mo relaxed his mind here. He would put at least ten extreme grade spirit ranges here. If he set it up, this would be the place with the densest spirit chi in the entire South Peace State.

When they entered Mo Yue City, Ye Mo frowned, all the defense formations were open. This meant that anyone could go in the few defense formations of Mo Yue City. This was different to what he wanted. When Ye Mo left, Ning Qingxue and Tang Beiwei used identity system. Mo Yue City was a private city, it was open to public but not so easily accessed.

Ye Mo put away the flying ship and were stopped at the city gates.

It was two nascent soul state cultivators guarding there, they said expressionlessly “1000 spirit stones each.”

“it’s this expensive to go in city?” she had never seen such an expensive entry fee, even the highest level city only needed less than 10 spirit stones to go in.

Ye Mo’s face sunk. It was hard to get in his city but it definitely didn’t involve spirit stones.

“martial brother Lin and martial sister Qingxiu, how did you guys come so quickly? I thought it would take at least 5 or six days. A hollow spirit state female cultivator called out in joy and walked over quickly.

“martial sister Yanran...” Mu Qingxiu called out in surprise and joy then she pointed at Ye Mo “martial brother Ye has extreme grade flying cultivation artefact that’s why we go here so fast.”

Extreme grade flying cultivation artefact? Almost all cultivators hearing this stopped, a few of them even had dodgy eyes.

Lin Zhishen quickly reproached “martial sister Qingxiu, don’t say that, we’ll talk when we go in.”

Then he said to Ye Mo “brother Ye my martial sister is immature...”

Ye Mo waved his hand “it’s fine, I have extreme grade flying cultivation artefact, this is a fact.”

As soon as Ye Mo said this, a few people looked joyful but that joy quickly disappeared. Ye Mo was more furious. The reason Mo Yue City used identity system was so that these robbers couldn’t get in, but now it seemed there was quite a lot of them.

“brother Ye...” Lin Zhishen was helpless seeing that Ye Mo admitted that in front of all these people. He looked very smart but why did he talk like his martial sister?”

“martial brother quickly come in.” another cultivator of their sect paid for Lin Zhishen and Mu Qingxiu.

Lin Zhishen quickly said “wait, I’ll pay for brother Ye.”

Lin Zhishen didn’t want Ye Mo to keep talking outside, there were too many vicious people here.

Ye Mo knew what Lin Zhishen meant and waved his hand “I don’t need to pay spirit stones.”

Lin Zhishen thought Ye Mo was going to pay spirit stones himself but Ye Mo continued “I never thought that one needed spirit stones to go in Mo Yue City, no one can take half a spirit stones from me.”

Mo Yue City was his city, what was this logic, he needed to pay spirit stones to enter his own city?

“brother Ye?” Lin Zhishen looked at Ye Mo in shock. Mo Yue City was managed strictly no one dared to say such things.

These two nascent soul state cultivators heard this and dazed. Then they laughed “very arrogant, I, Liu San, have never heard of someone who want to go in without paying spirit stones? Do you think you’re the Mo Yue City city lord? Even vice city lord Ning needs to pay.

Lin Zhishen wanted to persuade Ye Mo but was quickly pulled away by his sect members.

Two body condensation state immediately walked out hearing this. they didn’t dare to attack when Ye Mo didn’t offend the city guards. Now he was certain the city guards wouldn’t say anything so they were going to rob Ye Mo before he went in.

Seeing two body condensation state stop in front of Ye Mo, Xu Yuehua subconsciously took two steps back. They looked very powerful but soon Xu Yuehua realized Ye Mo was truth realisation state cultivator, she didn’t need to be scared.

One was fat and ugly, the other seemed decent looking.

“friend, I’m Huang Heng, I’ve been living at Mo Yue City. If you want to go in and have nowhere to stay I can help.” The fat cultivator saluted with his fists .

Ye Mo stared coldly at this. he was furious that people needed to pay to go in the city, his killing intent soared and his Huang Heng ran into his fury.

Seeing Ye Mo stare at him and not talk, Huang Heng said “I need a flying magic artefact, I heard you have a flying cultivation artefact, name a price. I’m very fair, I wont’ let you suffer.”

Huang Heng saw that Ye Mo was definitely younger than 100. Than meant he was no stronger than hollow spirit state. he was body condensation state level seven and with a body condensation state level seven friend, Ye Mo was dead for sure.

Ye Mo sneered “you’re wrong, I don’t have an flying cultivation artefact.”

Huang Heng snarled “how can I hear wrong? You said your flying cultivation artefact was extreme grade.”

Ye Mo raised his hand and a row of flying ship appeared above his head, then he said calmly “I’m saying you’re wrong because I have a large pile of flying cultivation artefact, I don’t know which one you’re talking about.”

Ye Mo was determined to assert dominance so the bigger the effect the better.

Seeing Ye Mo’s pile of flying cultivation artefact everyone took a cold breath in. there were even a few extreme grade flying cultivation artefact and more top grade flying cultivation artefact, instead there were little middle grade and low grade flying cultivation artefact. Who was this person? He was this wealthy.

Heavy breathing were everywhere in the city.

Huang Heng looked at this and suddenly screamed. He forgot about trading with Ye Mo and was about to go up and rob him.

All this extreme grade flying cultivation artefact made him lose his mind. The cultivator next to him charged up too.

Before they reached Ye Mo, a purple ray flashed and the two suddenly fell from the sky turning into bloody mist.

Two essence spirit escaped out and Huang Heng yelled “qian bei have mercy.”

Ye Mo patted and the two essence spirit dissipated, two storage ring were collected by Ye Mo.

The rest of the cultivators all went silent.

Lin Zhishen took a breath in. he didn't expect Ye Mo to be this strong, he didn't even move and killed two body condensation state cultivators. What power was this? cauldron filling state tertiary stage or disaster transformation state cultivator?

Ye Mo didn't use cultivation essence giant hand to prevent people knowing he was truth realisation state. that way if he was ganged up on by truth realisation state cultivators, he could quickly kill the most powerful one.

Ye Mo scanned those cultivators who showed greed before and asked coldly "who else wants my flying cultivation artefact? You can come out, otherwise I'm going to put them away."

the place was quiet everyone wanted it but no one dared to go out. Two body condensation states were instantly killed.

Seeing this, Ye Mo pointed coldly at the two nascent soul state cultivator city guards and said "you two can leave, from now on, there wont be city guards anymore."

"so arrogant, do you think you're Mo Yue City city lord?" a cold voice sounded.

Chapter 1414: City lord is always Ye Mo

Ye Mo already saw the cultivator who came, it was a cauldron filling state level three cultivator. He had dense hair and powerful cultivation essence, he was no ordinary cauldron filling state cultivator obviously.

"manager Yu." The two nascent soul state quickly greeted.

Ye Mo said coldly "you're right, I'm the city lord of Mo Yue City."

“you’re asking to die.” Manager YU was furious and released a thick metal sword. The city lord was Liu Oulan, where did this arrogant fool come from, daring to call himself city lord?

Ye Mo didn’t care and hacked over with Zi Xu.

All the cultivators just saw a purple ray flash and there was a howl of pain. Manager Yu didn’t even release his magic artefact fully and turned into a body.

An essence spirit ran out in fear and released a bright spark.

Ye Mo didn’t kill his essence spirit and waited for him to signal the alarm.

Even an idiot now realized Ye Mo was here to start trouble.

In the blink of an eye, tens of dashing lights came. A bulky man with a ferocious face’s voice sounded “who dares to start trouble at Mo Yue City? Have you lied enough.”

Manager Yu’s essence spirit charged up and said shakily “city lord Liu, it’s this person. He’s been killing cultivators outside the city and he even destroyed my body because I said something.”

Ye Mo looked at this man in confusion, he didn’t seem very cunning how could he be Mo Yue City city lord? He was only cauldron filling state level six.

The big man calmed down instead. This young cultivator could easily kill manager YU meaning that he could easily kill him. The strongest that came with him was only disaster transformation state middle stage. In order to take on Ye Mo there needed to be one or two truth realisation state cultivators, otherwise, he would need to activate the formation.

He stared coldly at Ye Mo “I’m Mo Yue City city lord Liu Oulan, who are you, how dare you kill innocent people outside my Mo Yue City? Do you think Mo Yue City can’t kill you? Do you believe that I only need to throw down a few formation flags and you would be trapped by level nine trap formation. Then, any golden core state cultivator would be able to kill you.”

Ye Mo smiled " I don't believe it."

"you..." Liu Oulan was furious. He didn't activate trap formation as he couldn't control it well and it used up a lot of resources.

But seeing so many cultivators watching him, Liu Oulan couldn't hold it and threw out a few formation flags.

Nearby cultivators were all anxious fearing to be trapped too.

But soon, they calmed down. They found that Liu Oulan was a liar, nothing happened when he threw down the formation flags.

Liu Oulan's face was green he would ask Ji Ling later why this happened. Did this old man do something to the trap formation? Did he think he was strong just because he was truth realisation state level one? He could easily kick him out of the city.

Ye Mo sneered, trapping him with the formation he set up. This was a joke. He intentionally asked "Liu, why haven't I been trapped yet?"

Everyone heard this and couldn't help laughing up.

Liu Oulan in his embarrassment and fury said coldly "who the hell are you?"

Ye Mo said loudly "Mo Yue City city lord Ye Mo, you don't even know me and you dare to call yourself city lord?" Ye Mo waved his hand and those formation flags Liu Oulan through out appeared in his hands. He crushed them and they turned to dust.

With this, all the cultivators were startled. Some had long recognized Ye Mo but they didn't dare to make a sound. Now that everyone was boisterous those cultivators dared to show off "see I told you that was city lord Ye Mo."

"two city lord, this will be fun."

“hehe, I don’t favor pill king Ye, Silver Moon pill king and Guan Tian pill king both aren’t here..”

“not necessarily I think pill king Ye might be truth realisation state qian bei, look at his means before.”

...

Lin Zhishen looked at Ye Mo in shock, he didn’t expect that he came over with city lord of Mo Yue City Ye Mo. Luckily he didn’t talk shit about Ye Mo on the way, otherwise even if Ye Mo didn’t kill him he wouldn’t have a face to stay.

But then he thought now that Ye Mo came back, what would happen to Mo Yue City?

“huh...” Mu Qingxiu exclaimed “so martial brother Ye was Mo Yue City city lord? We came with city lord? I actually came with Mo Yue City city lord to Mo Yue City, my god...”

“shush.” Lin Zhishen quickly stopped her. It was undecided who was the city lord yet.

Lin Zhishen realized he was too serious and eased his tone “martial sister Qingxiu, you know who killed that Tian Aofeng? It was city lord Ye it was because Tian Aofeng was so cocky and he offended city lord Ye. So I hope you can understand what I said to you before.”

Unexpectedly, this time Mu Qingxiu didn’t argue back and nodded “I know martial brother.”

Liu Oulan dazed and asked in shock “you’re Ye Mo?”

Then he felt his tone sounded weak and roared “so what if you’re Ye Mo? I’m the city lord of Mo Yue City now, not only do you not support me, you kill my manager instead...”

Before he finished, a lightning sword flashed and manager Yu’s essence spirit turned into nothing.

“This is killing him” Ye Mo said plainly.

Ye Mo would’ve killed Liu Oulan too if he didn’t what his relationship to Shen Guanqing and Yue Qichao was.

“you, you...” Liu Oulan’s face was green that he spat blood.

“Ye Mo...”

“husband.”

“brother.”

“haha, brother Ye...”

“city lord Ye....”

“master.”

A few more dhasing lights came. Seeing them, Ye Mo’s heart was warm. This was his home. No matter who dared to stir trouble on his land, he wouldn’t let them go.

Luo Ying, Ning Qingxue, Su Jingwen, Ye Ling, Tang Beiwei Song Yangzhu, Ji Ling, Lin Ylban couple, Meng Hanan, Xu CHangji, Shi Tie, Ye Wucai Xin Zhida and them all came. He even saw Xu Ping in them.

Seeing they were all fine, Ye Mo finally felt assured. Although he saw Blue Moon leave Heartless Sea, he was still worried.

Su Jingwen, Luo Ying and them’s eyes almost melted Ye Mo.

After a long while, they calmed down from the joy of reunion. Ye Mo didn't even need to say anything, one glance and they knew some things needed to wait a while.

Seeing this, Liu Oulan couldn't resist and raised his voice "Ji qian bei, Ye Mo killed Mo Yue City manager as soon as he came here, is he asserting his dominance? I Liu Oulan am the city lord here."

Everyone quietened down wanting to hear Ji Ling's reply.

Ji Ling said calmly "Mo Yue City is set up by brother Ye, the spirit range below and formation outside were all set up by him. If he didn't give the city lord to someone else, the Mo Yue City city lord is forever Ye Mo."

Chapter 1415: I'm going to kill you so what?

"haha..." there was a huge laughter and a yellow dashing light came.

A black faced long bearded man appeared at the city gates. 12 more dashing lights came, they were all very fast.

Ye Mo saw clearly, these 13 were all truth realisation state cultivators, two truth realisation state level seven, three truth realisation state middle stage and 8 truth realisation state primary stage. Not even a single truth realisation state level eight, Ye Mo shook his head, he was too careful.

Ever since the void fissure, the weakest truth realisation state he saw were Lan Qirui and Gong Zhe level. He became carefeul, but how could there be so many truth realisation state peak stage in the world? even truth realisation state level seven was very rare. Even Lan Qirui would be someone no one dared to mess with here much less Gong Zhe.

The reason there were so many truth realisation states here were because most of them came from Pill City. Pill City as the only 10 star sect had around 20 to 30 truth realisation state cultivators.

But not even truth realisation state level seven, they were no different to insects to Ye Mo. As long as there wasn't someone at Yu Zizhen's level, Ye Mo wasn't scared at all, even if Yu Zizhen was here he wouldn't be scared.

The black faced cultivator laughed "sect leader Ji's words isn't good, although Mo Yue City can't compare with old sects like All formation sect, but rules are rules. Pill king Ye Mo wasn't at Mo Yue City, Mo Yue City needs management."

With one word, he pushed Ye Mo out of Mo Yue City saying that he was from another sect.

Without question, this guy was Wuming 6 strikes.

Ye Ling said uncomfortably "elder Wuming Ji qian bei was invited over by my brother, why can't he manage Mo Yue City? Plus my brother is back, what right does Liu Oulan have to be city lord?"

"so city lord Ye is back, Wuming didn't see, sorry." Wuming 6 strikes said nonchalantly.

Ye Mo looked coldly at him "who are you to point fingers at Mo Yue City?"

"How dare you Ye Mo, even if you are a pill king, what right do you have to talk to brother Wuming like that?" a truth realisation state level one behind Wuming 6 strikes said.

"yes, master, he killed manager Yu just then." Liu Oulan said.

Wuming 6 strikes reproached Liu Oulan "Ye Mo is Mo Yue City city lord and pill king, manager Yu disrespected him, he deserves to be killed, don't mention this again."

Ye Mo didn't seem to hear Wuming 6 strikes and looked coldly at the truth realisation state level one "who are you, looking at you, you don't seem to be from Mo Yue City? What right do you have to point fingers at Mo Yue City?"

The truth realisation state level one sneered “you’re right, I’m not from Mo Yue City I came from Pill City. I was invited here to the alliance conference, brother Wuming is kind and won’t fuss with wan bei like you but I’m different. I won’t stand wan bei being so cocky.”

Ye Mo smiled “you have yet to see more.”

The truth realisation state level one laughed “very well, I want to see what is more cocky. I, Guo Wuping, have lived for a thousand years and never seen a wan bei more cocky than you. Let me see today, don’t be a coward now...”

“brother, this person is very aggressive, if it wasn’t for Ji qian bei, Xu Dan sister would’ve been killed by him.” Xu Dan was Lin Yiban’s wife.

Ye Mo took a step forward and reached out with cultivation essence giant hand.

“truth realisation state cultivator...”

“truth realisation state qian bei...”

Seeing this, almost everyone was dazed. They knew Ye Mo was not simple and might be disaster transformation state but no one expected he was truth realisation state.

Liu Oulan’s face was pale, he thought Ye Mo would at most be disaster transformation state level one even if he master didn’t come, he wouldn’t be able to kill him as he had a few disaster transformation state cultivators. Now, it seemed Ye Mo would’ve easily killed him if he wanted to.

“how dare you, so what if you’re truth realisation state? do you think you’re the only truth realisation state in the world? did you just learn to use cultivation essence giant hand and you act so cocky...” Guo Wuping was furious. He was a truth realisation state cultivator too and Ye Mo dared to use cultivation essence giant hand against him. This was too arrogant.

But then, there was shock in his face, he found he stuck. He instantly realized “domain, great completion domain, brother Wuming help me...”

Other than Ji Ling and them, no one expected Ye Mo was truth realisation state cultivator.

But a few truth realisation state cultivator near him already moved but they also showed the same expression of shock. They all couldn't move.

Wuming 6 strikes and the other truth realisation state level seven's face changed greatly. They were about to break free but suddenly, they felt the domain disappear.

Guo Wuping was struggling in the air being held by a cultivation essence giant hand. He was held by the back and his ligaments were struggling like a frog making him seem very comical.

But no one could laugh. This wasn't funny at all. A truth realisation state level one was easily grabbed by cultivation essence giant hand in front of more than ten truth realisation state cultivators.

Ye Mo intentionally let Guo Wuping struggle otherwise he wouldn't be able to move at all.

Ye Mo looked at Guo Wuping coldly "you've lived for a thousand years, now do you see what is arrogance?"

Guo Wuping's face was brown but he couldn't bear it and quickly said "I see it now, qian bei please let wan bei go. Wan bei won't dare to intervene with Mo Yue City anymore..."

Ye Mo said coldly "you're wrong, you haven't seen the cockiest yet, I'll show you the cockiest."

Then, his cultivation essence giant hand enclosed and bloody splashed. Guo Wuping turned into a bloody mist.

Guo Wuping's essence spirit screamed in terror "you dare to kill me, you dare..."

"rumble..."

After a blast of lightning Guo Wuping's essence spirit completely disintegrated.

A truth realisation state level one was instantly killed and his essence spirit disintegrated. No one dared to speak.

Wuming 6 strikes's face was pale. He didn't expect Ye Mo to be this terrifying. With the power Ye Mo showed, even if they all attacked they might not be a match for Ye Mo. Plus, there were two truth realisation state on Ye Mo's side.

"Ye Mo, you, you dare to kill our Pill City truth realisation state elder, you..." a truth realisation state level five pointed at Ye Mo in terror. But he didn't dare to yell, as he was afraid Ye Mo would reach his cultivation essence giant hand to him.

As a truth realisation state cultivator, he was actually scared of cultivation essence giant hand.

The other truth realisation state level seven said "city lord Ye, you're extremely powerful and invincible but our Pill City elder came to Mo Yue City to participate in the alliance conference. You just killed him for no reason. In this way, you're going to start conflict between the two cities, please give us an explanation.

But the two Pill City elders didn't reproached Ye Mo directly. No one even spoke seeing Ye Mo take Guo Wuping's storage ring.

He then looked at that truth realisation state level seven and said "I killed your Pill City elder, what are you going to do?"

Chapter 1416: I'm more reasonable than you

The two truth realisation state cultivators were lost for words, if Ye Mo was an ordinary cultivator, they would've slapped over already but Ye Mo was unimaginable strong.

Yea, he killed Guo Wuping but what could the Pill City do?

“city lord Ye, are you this unreasonable? Plus, we came to Mo Yue City as guests, is this how Mo Yue City treats guests? Plus, we Pill City is a 10 star sect. you can’t treat us like this.” the truth realisation state level five said.

Ye Mo said coldly “guest? Since when could guests intervene with the host’s family business? Pill City, hehe, to be honest, you’re really nothing to me. I’ve seen places ten thousand times stronger than Pill City but it’s only so so.”

No one would believe Ye Mo was telling the truth, 10000 times stronger than Pill City, unless it was the immortal realm otherwise it was impossible.

The Pill City cultivators faces grew very bad but they didn’t dare to argue with Ye Mo. They saw how dominant Ye Mo was, Guo Wuping was just a little cocky and was crushed to nothing. Ye Mo’s power was beyond their understanding.

Even a truth realisation state peak stage cultivator who was about to immortal ascend couldn’t crush a truth realisation state level one with cultivation essence giant hand unless this cultivator’s understanding of domain was extremely powerful. To the Pill City cultivators, the reason Ye Mo could crush Guo Wuping was not because Ye Mo was truth realisation state peak stage but his domain was in great completion. This meant that if there was a truth realisation state peak stage or truth realisation state level nine here, Ye Mo might not have an advantage.

But those who came to the conference were all truth realisation state level seven or below. What could they do to Ye Mo?

Amongst the Pill City truth realisation state cultivators? One truth realisation state level three secretly let out a message. Ye Mo’s spirit sense was powerful and this was in his formation, but Ye Mo sneered and didn’t stop it.

Wuming 6 strikes knew he had to stand out otherwise if the Pill City truth realisation state cultivators fought with Ye Mo, that would be insurmountable disaster.

Wuming 6 strikes saluted with his fists “city lord Ye, from beginning to now, no one can take your city lord position. The reason Oulan could be city lord was because he had some experience in cituy

management. Also, he was approved by Silver Moon pill king and a few elders. If you don't believe me you can ask your wife."

Ning Qingxue said "Liu Oulan being vice city lord was approved by Silver Moon pill king qian bei indeed but after the demonic prison incident, Mo Yue City needed people to go out and discuss things. Silver Moon pill king knew I don't like to go out and Mo Yue City was an influential city so he had an elder meeting approving Liu Oulan to be vice city lord."

Tang Beiwei added "however that Liu Oulan over stepped his boundaries and first abolished our identity system saying it would hinder the city's development. Then he started taking fees for entering the city. Eventually he removed the vice and declared himself city lord. If Silver Moon pill king was here, he definitely wouldn't agree."

Wuming 6 strikes heard this and his face looked bad but he still said "I was invited here to be elder by Silver Moon pill king. Liu Oulan is my disciple, there might be some things he didn't do well but it's definitely for Mo Yue City. In order to respect city lord Ye, Liu Oulan never intervened with Mo Yue lake."

Ye Mo sneered "that's where my family is, if someone intervened there, do you think you can still talk in front of me."

Wuming 6 strikes' face looked bad and he said seriously "I'm really good friends with Silver Moon pill king thus I came to be elder here. Liu Oulan started the alliance conference to ease up the tension between the two cities. If city lord Ye thinks it's inappropriate, I Wuming 6 strikes will leave Mo Yue City immediately."

Ye Mo sneered "Mo Yue City is Mo Yue City, Pill City is Pill City. There's nothing between us. As for alliance, it will end now. if someone dares to bring this up again piss off immediately. Mo Yue City won't accept disloyal trash."

Wuming 6 strikes was furious and he looked at the few truth realisation state next to him but Ye Mo said "if elder Wuming wants to leave Mo Yue City then do as you please."

Then he said "Wuming 6 strikes, if it wasn't on Silver Moon pill king's account I won't be so easy to talk to."

Hearing this, Wuming 6 strikes calmed down instead. Ye Mo was right, with Ye Mo's power he had no chance of victory no matter how many he had on his side. Plus, if it wasn't that his disciple wanted to be city lord no matter what he wouldn't bring up this suggestion to Silver Moon pill king.

"since city lord Ye don't welcome me, then I will leave now." then Wuming 6 strikes looked at Liu Oulan "let's go."

Liu Oulan dazed and looked at his master in disbelief. He had only been at Mo Yue City for two years but he spent a lot of effort here. They were earning a huge amount daily but now they were going to go.

The other truth realisation state cultivators of Pill City looked disappointed. If Wuming 6 strikes led the charge it would be much easier for them to talk but now that he was gone, there was no point for them to stay here.

They've always been at the top in Pill City and now they had to be so scared and careful not to be killed.

This was face slapping to the extreme. From now on, Pill City can't even call itself ten star city. More than ten truth realisation state cultivators were scared to even talk to a young pill king.

Liu Oulan was reluctant to leave but his master said to go so he couldn't keep staying here.

All the cultivators watching the show exclaimed. Due to the reform, all sorts of cultivators could come into Mo Yue City and they were mercenaries. They loved to see truth realisation state cultivators fight.

The truth realisation state level three who let out the news soon showed joy.

A powerful force came, some low grade cultivators spat blood due to this.

Xin Zhida took a few steps back and Ye Mo's domain soon protected her.

Truth realisation state peak stage was here.

Everyone knew this was definitely truth realisation state peak stage, one that was very powerful.

Ye Mo was furious, a mere truth realisation state peak stage dared to be this cocky. He had killed more than one truth realisation state peak stage.

“who dares to kill my Pill City truth realisation state elder? I want to see.”

A cold voice sounded and a grey robed cultivator landed. When his force and voice sounded, he was still outside the city but instantly he appeared before everyone.

“paid elder...” all Pill City cultivators bowed.

The truth realisation state level three said “our Pill City elder Guo Wuping was killed by Ye Mo for no reason.”

‘that’s right.” The other few truth realisation state cultivators said.

Wuming 6 strikes saw this man and said in shame “elder Shuiye, Wuming is embarrassed, I’m too weak and wasn’t able to protect elder Guo.”

“move to the side.” The truth realisation state peak stage waved his hand to Wuming 6 strikes and Wuming 6 strikes quickly pulled Liu Oulan to the side.

“rat, killing my Pill City elder without reason, how dare you.” SHui Ye yelled coldly “today I’ll let you know why Pill City is ten star city and why no one dares to mess with us.”

Ye Mo said calmly “you’re wrong, I have a reason to fight.”

“even if you have a reason, I’m going to kill you. What I’m going to tell you is, I never need a reason to kill.” Shui Ye said in contempt.

“you don’t but I do, because I’m more reasonable than you.” Then Ye Mo said to the surroundings cultivators “whoever dares to say the reason I killed Guo Wuping, I’ll give him a top grade flying cultivation artefact.”

“I know, city lord Ye wants elder Guo to know what is true arrogance.” There were always people who didn’t fear death for top grade flying cultivation artefact.

Everyone knew Ye Mo did this purposely.

Chapter 1417: Truth Carnage Sword

Ye Mo laughed “that’s right, that’s my reason. Look at how reasonable I am, only a pig would kill without reason.”

Then, Ye Mo threw his top grade flying cultivation artefact like trash to that cultivator. That cultivator didn’t expect him to really get a top grade flying cultivation artefact and was overjoyed.

Seeing everyone look at him with fiery eyes and some cultivators even showed looks of regret. He took out his only small transmission rune without hesitation and activated it.

Seeing this, everyone looked disappointed.

Shui Ye’s hands were shaking with fury “very well, very well, good reason. Let me see if you’re as strong as your reason.”

Then, SHui Ye took out a top grade cultivation artefact flying sword “you should have some capabilities to be able to kill Guo Wuping, don’t disappoint me.”

Shui Ye calmed down as though he wasn’t the one furious before.

Ye Mo didn’t believe a cultivator like Shui Ye only had a top grade cultivation artefact.

At the same time, another truth realisation state level seven and truth realisation state level five from Pill City also released their magic artefact surrounding Ye Mo.

Shui Ye frowned “elder XI, elder Hong, I need your help to kill an insect?”

The truth realisation state level seven knew Ye Mo’s power and said “elder Shui Ye, we know you can easily kill this person alone but just in case he escapes, i...”

“no need, stand down.” Shui Ye waved his hand. He was truth realisation state peak stage, he didn’t need help killing a truth realisation state level three.

Ye Mo stopped hiding his cultivation level seeing there were no more opponents.

The two retreated helplessly, they saw Ye Mo was truth realisation state level three but they weren’t certain this was Ye Mo’s true power.

Shui Ye waved his hand and the flying sword rumbled.

Seeing this, Ye Mo sneered, Shui Ye’s domain was only average, worse than even Yong Lanyi. How dare this guy say he can kill him without help. However the flying sword rattling space creating domain was intriguing but only so so.

Seeing his domain completely loom over Ye Mo, SHui Ye sneered and his flying sword brought a sword net covering Ye Mo from all directions.

Ye Mo could tell that Shui Ye wanted to skin him layer from layer.

Such a cruel guy, Ye Mo sneered and released Zi Xu without hesitation. The domain above him shattered, Ye Mo didn’t even use his domain and broke Shui Ye’s domain.

Shui Ye saw Ye Mo was covered in his domain and thought Ye Mo was dead for certain. He didn't understand how Ye Mo could kill Guo Wuping with so many truth realisation state cultivators here. They were really useless.

But when he saw Ye Mo's Zi Xu hack at him without resistance, he was immediately shook. What was this? at this moment, only he could hear the sound of his domain shattering.

So powerful, SHui Ye reacted and that sword next blocked in front of him. He just wanted to insert more cultivation essence and release a shield when he felt the space around him coagulate.

He was shook, of course he knew what this was. This was also domain but domain more perfect than his.

Domain that could trap ordinary truth realisation state cultivator for one second was initial completion domain because one second was enough to kill him many times. Trapping someone for a few second was great completion domain as even an idiot could kill you countless times.

SHui Ye was shook because Ye Mo's domain could definitely trap him for a few seconds. After that, how could he be alive. He was cocky, if he wasn't cocky, he would release defense magic artefact first and then attack. With that, even if he was bound by domain his defense magic artefact could block the first wave of attacks.

SHui Ye ran his cultivation essence like crazy wanting to break free. He rejoiced taking back his flying sword early.

Crack, Shui Ye's sword was good but it was shattered by Zi Xu.

But at the same time, SHui Ye broke free. However, that purple ray was in front of him. SHui Ye was shook and wanted to retreat more faster.

"splurge..." blood splattered and Shui Ye howled in pain as he flew back a few hundred meters before stabilizing himself. There was a 10 centimeter deep wound in his chest. Even his organs were hurt.

Shui Ye looked dazily at Ye Mo for a while. He finally realized why elder Xi and Hong wanted to help. Ye Mo was too terrifying, almost killing him in one blow.

Ye Mo shook his head. He didn't use Illusion Cloud Hua Mountain strike, if he did, SHui ye would be dead.

Ye Mo knew that with his domain in great completion or even perfection ordinary truth realisation state cultivators wouldn't be able to fight with him at all. He didn't completely use his domain, if he did, SHui Ye wouldn't be able to break free in three seconds.

Ye Mo was testing the difference between SHui Ye and the Heartless Sea peak stage cultivators as well void fissure cultivators. Then, he would be able to get revenge at Lightning Cloud Sect and Infinity Sect.

"so powerful." SHui Ye murmured. The contempt was completely gone.

"elder Shui..." the truth realisation state level seven said and was stopped.

Shui Ye ate a few pills and looked coldly at Ye Mo "a mere truth realisation state level three can't do anything to me. his domain can only bind me once, stand down I will kill this man."

Cultivators needed confidence much less Shui Ye who was about to immortal ascend. If his confidence was ruined, then it would be very hard for him to reach higher levels even if ascended to the immortal realm.

Hearing this, Ye Mo sneered, he didn't use his full power at all.

Just when Ye Mo didn't want to waste time, Shui Ye waved his hand and a brick like sword appeared in his hand. He didn't even insert cultivation essence and Ye Mo felt a dense pressure and killing intent. He even had to take a step back.

Ye Mo raised his brow, he knew this sword was not ordinary.

“Truth Carnage Sword...” Ji Ling called out in shock.

“brother Ye Mo, be careful of his sword, it’s a low grade immortal artefact, the treasure of Pill City.”

It was low grade immortal artefact? Ye Mo was shook, that could tear void open. Even with his god state body refinement, he couldn’t compare with void. A powerful cultivator using Truth Carnage sword was enough to threaten his life.

Seeing Ye Mo frown, SHui Ye sneered. He released the sword and instantly, a grand killing intent and force covered the heavens.

Chapter 1418: Ye Mo are you crazy

For cultivators, even if one was stronger but if the other took out low grade immortal artefact, he might even leave immediately.

But Ye Mo wasn’t afraid at all, even though he didn’t have low grade immortal artefact, he didn’t believe Zi Xu was weaker than any low grade immortal artefact. Plus he had low grade immortal artefact but he just didn’t spirit control it. Wang Xie gave him a thin blade at West Extreme State, that was low grade immortal artefact but he didn’t like it.

However, the powerful killing intent swept out forming spirit chi that swept at Ye Mo. All cultivators nearby quickly retreated.

Being scraped by the sword ray and killing intent of the immortal artefact ment death.

Ye Mo found that Shui Ye couldn’t control the actions of the sword either. The sword howled as though wanting to devour people. Ye Mo released Zi Xu and hacked out, Illusion Cloud Hua Mountain strike.

Even if SHui ye spirit controlled the low grade immortal artefact Ye Mo wanted to see if Zi Xu could stop immortal artefact. After all, Zi Xu was his favourite weapon.

The truth realisation state level seven saw that with this, SHui Ye wouldn't be defeated so easily so he signaled to the other few Pill City elders.

They immediately realized what he meant and flew towards Ji Ling and them.

Rumble.

Illusion Cloud Hua Mountain strike's purple ray clashed with truth carnage sword scattering sword ray and purple shadow everywhere.

Shui Ye didn't completely spirit control truth carnage sword and with such a heavy clash with Zi Xu, it backlashed on him making him uncontrollably spit blood.

He was shocked that Ye Mo's cultivation essence was this powerful. The terrifying sword ray and purple ray split open space forming black fissures.

"void fissure..." SHui Ye was shook. Touching these fissures meant certain death. The void fissure was small but tens of space wind blades shot out.

This was weaker than an ants bite to Ye Mo but SHui Ye was afraid.

He didn't expect Ye Mo to have magic artefact to stop low grade immortal artefact. He thought Ye Mo would at most be able to run away from low grade immortal artefact. Low grade immortal artefact's killing chi was more powerful than his domain.

But Ye Mo's kitchen knife could really stop his truth carnage sword.

Shui Ye didn't expect to kill Ye Mo in one strike and was planning to kill Ye Mo by burning his essence blood and cultivation essence.

But Ye Mo's kitchen knife made him give up his idea. He had to dodge the space wind blades.

But at this moment, Ye Mo released his Zi Xu again attacking him disregarding the space wind blades completely.

Seeing this, Shui Ye's heart sunk. He knew that since Ye Mo wasn't afraid of his low grade immortal artefact nor the space wind blades he would be defeated for sure. But at this time, he saw the Pill City truth realisation state cultivators charge at Mo Yue City people, some hope rose up in his heart. If Pill City had a few hostages things would be much easier.

As a ten star city, using such low means would affect Pill City greatly but he couldn't care that much now. his reputation was nothing compared to his name.

Ye Mo saw this too and he was furious. How could he not know that the Pill City truth realisation state were grabbing Luo Ying and them as hostages. This completely touched his bottom line.

In his fury, he threw out tens of formation flags and instantly. Shui Ye felt he had nowhere to go. He was trapped by a formation. He couldn't see anything at all. He just remembered this was Mo Yue City not Pill City.

He was still a truth realisation state peak stage though so after the initial worry he took back truth carnage sword. Even if it was level nine trap formation, he could break it with truth carnage sword. He realized that if Ye Mo used such means right at the start, he would've been killed already.

Ji Ling saw the Pill City truth realisation state come over and knew what they wanted. He was the only truth realisation state cultivator on Ye Mo's side, he had another truth realisation state level five on their side but he wasn't here, he was guarding Mo Yue lake.

Ji Ling wasn't scared. Although Ye Mo set this formation, he had studied it later. He threw out formation flags. No matter what he had to stop these three truth realisation state cultivators.

"Ji qian bei, no need for formation." Ye Mo's voice sounded and Ji Ling stopped while rejoicing.

The three Pill City cultivators instantly knew Ye Mo was here. With Ye Mo here, they can't get hostages. Before Ye Mo could attack they quickly retreated amongst Pill City truth realisation state cultivators.

What everyone didn't expect was, Ye Mo didn't stop them from going back. But after they went amongst the truth realisation state cultivators, he took a step forward.

When he made the leap, he was still near Ji Ling but after his foot landed he was before the 9 Pill City truth realisation state cultivators.

"city lord Ye, it was a misunderstanding...." The truth realisation state level seven said in shock.

Ye Mo didn't say anything at all and released his domain. That moment, those Pill City truth realisation state cultivators were all covered by Ye Mo's domain. The truth realisation state level seven in his shock tried to break free.

"rumble..." before he could, countless lightning sounded above his head. Then, dense dark lightning fell down.

The cultivators outside could only see the Pill City truth realisation state cultivators were all covered by the lightning arcs.

Some where child arm sized, even the smallest were child wrist sized.

All the Pill City truth realisation state cultivators were dumbfounded. They had seen many lightning element cultivators, Lightning Cloud Sect had lightning element truth realisation state cultivators and 11 lightning swords was a famous magic.

But never had they seen such crazy lightning sword? What was this terrifying magic?

In the blink of an eye, two truth realisation state level two were heavily injured. Only then did the other cultivators react and used their cultivation essence trying to break free of Ye Mo's domain and then release their defense magic artefacts.

The truth realisation state level seven just broke free and released his defense magic artefact when he felt more powerful binding.

In that instant, he realised what Ye Mo wanted. He wanted to kill the Pill City truth realisation state cultivators altogether, was Ye Mo crazy?

But with the lightning sword raining down, he could only hope that Ye Mo used up his cultivation essence quickly and end this barrage.

A few sharp cries sounded, the truth realisation state level seven knew that two truth realisation states were killed.

Ye Mo was cruel to this extent. Killing this many truth realisation state cultivators by himself, was he going to become a public enemy?

“Ye Mo, you’re crazy do you know the consequence of this?” the truth realisation state level seven roared.

All the cultivators were dumbfounded. Even the most ferocious mercenary thought Ye Mo was crazy. Killing one was fine but killing this many would immediately start war between the two cities.

Chapter 1419: Extermination

Rumble. With the last lightning sword falling, Ye Mo stopped with a pale face. He ate a few pills, that barrage was satisfying but it was costly.

Only two of the nine trapped by the lightning sword barely stood, one was the truth realisation state level seven elder XI, and another was the truth realisation state level five.

The two were still standing but they did not appear human like. They were more like two bars on charcoal.

The truth realisation state level seven was shivering in his lips looking at the 7 dead Pill City elders. He was truth realisation state and one of the few masters of Pill City. He was respected by everyone. What was fear? It was when other cultivators looked at him when he was in a bad mood.

But now, he was scared too. He encountered a mad man, a madman who was insanely powerful. He killed 8 Pill City truth realisation state elders now and even elder Shui Ye was trapped. Just who knows what else he would do.

“you, you...” the truth realisation state level seven pointed at Ye Mo unable to say a word.

No one dared to say a thing or laugh at this truth realisation state level seven. Anyone who faced such terrifying event would be like this.

Ye Mo exerted a lot of spirit sense otherwise he would’ve released Zi Xu again.

Ten seconds alter, the elder finally calmed down and looked shakily at Ye Mo “you’re starting war with Pill City, you’re starting war with the entire South Peace State.... you...”

Ye Mo sneered in contempt “war with the entire South Peace State? you overestimate the Pill City, Mo Yue City has level nine pill king, level eight pill king and level seven pill king, what does Pill City have?”

Hearing that there was level nine pill king at Mo Yue City, everyone took a cold breath in. this was more shocking than Ye Mo killing 8 truth realisation state cultivators.

Level nine pill king, how many years had it been since one appeared on Luo Yue continent. Now, Mo Yue City had level nine pill king, no wonder Ye Mo said Pill City overestimates itself. If people knew Mo Yue City had level nine pill king, Pill City would be trash to other truth realisation state cultivators.

Pill City had such dominance because they had lots of pill kings but if that was taken away by Mo Yue City, it really had nothing to be proud of.

Ye Mo didn’t care about the discussions around him and said “Pill City wants to challenge Mo Yue City, bring it on, I’ll take it. no one can do what they want at Mo Yue City, not even Pill City. But I’ll be honest with you Pill City only has one chance to start trouble at Mo Yue City because next time, I will erase Pill City from South Peace State.”

Such force, such domineering declaration. Ye Mo's intention was very clear, if Pill City dared to start trouble again, he would attack Pill City.

Wuming 6 strikes felt shivers down his back. He survived because he didn't join the Pill City. If he fought Ye Mo he would be dead now.

Liu Oulan looked in terror. He finally realized what sort of a ferocious being the city lord of Mo Yue City was. This was 100 times more fierce than killin core disciples of Infinity Sect in front of Infinity Sect sect leader. He wouldn't doubt at all that Ye Mo would kill him in front of his master.

That truth realisation state level seven was shivering at such words. He was alive but he didn't even have 40% of his cultivation essence left. Ye Mo could kill him at anytime, that truth realisation state level five was in a worse state.

Crack. Shui Ye broke free from the trap formation, his face was red as he grabbed truth carnage sword and jumped out. It really wouldnt' be easy to break free if he didn't have truth carnage sword.

Ye Mo ignored SHui Ye, he was using this time to recover otherwise, he would've kill SHui Ye already.

Shui Ye also noticed something was wrong. All the cultivators were dead silent.

"what's going on?" Shui Ye asked and then saw the charred elder Xi and Hong. Then he saw the few disintegrated remains on the ground.

He instantly, realized, Ye Mo exterminated all of the Pill City elders.

"they were all killed..." the truth realisation state level seven said numbly.

"what?" Shui Ye looked at Ye Mo in disbelief. Only Pill City could kill other cultivators since when did other cultivators come kill them?

Shui Ye reacted and was about to release truth carnage sword.

Ye Mo didn't give SHui Ye a chance this time. He released Zi Xu with full power, using Illusion Cloud Hua Mountain strike.

Shui Ye needed at least two seconds to release truth carnage sword as he didn't fully spirit control it. that two seconds was enough for him.

truth carnage sword just activated and was hacked by purple ray.

SHui Ye was desperate, he knew the difference between him and Ye Mo was huge. If it wasn't for the low grade immortal artefact, he would've long been killed.

Feeling Ye Mo's domain trap him, Shui Ye regretted. He should've ran when he broke free not go kill Ye Mo.

Moments later, Zi Xu brought about the sound of sword ray cutting into bones and flesh.

Shui Ye's face showed despair, he didn't even want to resist.

The remaining two truth realisation state Pill City elders just woke up a little and saw with their own eyes Ye Mo killing the most powerful paid elder of Pill City. Before they could react, Zi Xu swept over again.

Red sprouted from the purple ray creating a beautiful vibrance.

But no one felt the beauty of it, only frigid sensation. The 11 truth realisation state cultivators from Pill City including SHui Ye were all killing by Ye Mo.

Ye Mo picked up the storage rings. From the moment they tried to take Luo Ying, Ye Mo considered them dead.

The conflict was set, Ye Mo didn't expect Pill City to do nothing about this but he wasn't scared at all.

He did this because he knew what Mo Yue City needed. This was his cultivation ground, he didn't need a prosperous city but a serene beautiful home.

Ye Mo knew what he lacked, he didn't have the effort to manage Mo Yue City and he wasn't a good manager.

But whether it was on Earth or here, power was everything. In Luo Yue city, power was knowledge and capability. But regardless, Ye Mo could manage the city once or twice but could he manage it for a few hundred of thousand years?

If Qingxue and Beiwei were stronger, they didn't need to agree to Wuming 6 strikes suggestion and things wouldn't spiral out of control.

This time, he brought back large amounts of cultivation resources. Ye Mo had made up his mind to bring up the power of the people around him. He also needed to change up Mo Yue City's formation.

Ye Mo had a lot of things to do, he definitely can't let problems occur in his base.

Chapter 1420: Reunion at Mo Yue

Looking at the cultivators outside the city, Ye Mo said loudly "from now on, Mo Yue City will go back to identity system. Those friends who haven't been verified please leave the city for now. once you have an identity then come back. The retreat begins now, time is 15 minutes."

Ye Mo's voice sounded across the entire Mo Yue City.

Knowing that Ye Mo was back, the original citizens of Mo Yue City all rejoiced. Only Ye Mo brought them the protection they needed the most. When city lord Ye was here no one dared to do anything to them. Even a top grade cultivator couldn't abuse an ordinary cultivator or mortal. Ever since city lord Ye went, the new city lord despite not being very discriminate of these mortals but already put them at the border. Now that city lord Ye was back how could they not be happy?

Ye Mo just killed 11 truth realisation state cultivators and one included a truth realisation state peak stage. Now that Ye Mo wanted to reorganize Mo Yue City, even those mercenaries didn't dare to disagree and quickly left.

There weren't a lot of cultivators living long term at Mo Yue City. Most wanted to use the alliance conference to buy pills or earn some fortune.

The cultivators leaving were shocked at the calling of Ye Mo's name. If Ye Mo stayed at Mo Yue City for a few decades, then even if he gave the city lord to another person, no one would care about the new city lord.

Seeing all these cultivators leave without starting trouble, Ji Ling sighed. The cultivation realm was really all about power, if Ye Mo didn't kill all these Pill City truth realisation state cultivators so dominantly, they wouldn't retreat so easily.

After 10 minutes, Ye Mo started throwing out formation flags.

The open formation slowly closed and those cultivators who hadn't left quickly left. Otherwise, they wouldn't be able to leave.

Ye Mo intentionally closed the formation slowly.

Wuming 6 strikes witnessed the entire process of Ye Mo's carnage and completely realized Ye Mo's power. He took his disciple and another truth realisation state primary stage cultivator to Ye Mo and saluted with his fists awkwardly "city lord Ye I was very offensive before, please forgive me."

Liu Oulan also bowed and saluted with his fists "please forgive me for my rudeness before."

How could Ye Mo not know what Wuming 6 strikes wants, he knew that he didn't fear the Pill City at all and didn't want to leave. Mo Yue City was extreme grade cultivation grounds and the environment was top notch in South Peace State. It was best for him to reach truth realisation state peak stage here.

But more importantly, it was because he was a level nine pill king. A level nine pill king was incredibly useful to truth realisation state cultivators.

Ye Mo guessed right, Wuming 6 strikes guessed that Ye Mo was level nine pill king. He was level seven pill king before, if he wasn't level nine pill king how could he reach truth realisation state? there were a lot of truth realisation states at South Peace State but none was young, they were all old. Ji Ling and Ye Mo all reached truth realisation state not long ago, this meant something.

But Ye Mo already considered Mo Yue City to be his home, how could he let Wuming 6 strikes stay. Regardless of his character, his disciple wasn't merchant association. Good thing.

Now that Wuming 6 strikes apologized, Ye Mo just nodded "on Silver Moon and Guan Ting pill king's account I won't mind, otherwise I would've kill your disciple already."

Liu Oulan was sweating cold knowing that Ye Mo didn't exaggerate at all. If Ye Mo wanted to kill him, probably no one in South Peace State could stop him much less his master.

Wuming 6 strikes didn't like this but Silver Moon pill king wasn't here so he could only suck it up. He saluted with his fists "in that case Wuming will leave. If Mo Yue City needs Wuming, I will offer my measly power."

Ye Mo sneered, measly power? When all the Pill City truth realisation state attacked me, how come I didn't see your measly power.

Seeing that Ye Mo really didn't intend to keep him, Wuming 6 strikes took his disciple away with the other truth realisation state cultivator in disappointment.

Lin Zhishen and Mu Qingxiu also came to bid Ye Mo farewell. Ye Mo approved of Lin Zhishen quite a bit. He politely said goodbye and even invited him to come back.

With Lin Zhishen earning Ye Mo's approval, the Heaven Fountain sect cultivators all felt honoured. With this, Lin Zhishen's status rose greatly.

As soon as the Heaven Fountain sect cultivators left Mo Yue City, many cultivators came to suck up to them.

...

15 minutes later, Ye Mo closed the formation.

With all those cultivators leaving Mo Yue City emptied up a lot. Then Ye Wucai took a few cultivators to organize Mo Yue City while Ye Mo and Ji Ling and them came to the city lord estates.

Ye Mo had decided to tell his idea to everyone and hear their opinion. West Extreme State truth realisation state peak stage could immortal ascension. He was truth realisation state level three now, with enough resources, he would certainly ascend too. If he did, he didn't want what happened to Luo Yue city to happen to Mo Yue City.

Eventually, they decided to change the formation to controlled formation. Even if Ye Mo wasn't here, the other epopel could use the formation to protect it.

Ye Mo gave that low grade immortal artefact to Lin Yiban and gave truth carnage sword to Xu Changji.

He liked Zi Xu the most. Low grade immortal artefact was good but it couldn't be upgraded.

When Su Jingwen and them knew Ye Mo came from earth, they couldn't resist the joy and excitement. They wanted Ye Mo to say everything in an instant. But they knew a lot of people were here and they couldn't ask now.

After the city lord estate meeting, Ye Mo let Lin Yiban announce the new rules of Mo Yue City. Meanwhile, Ye Mo and Luo Ying and them came back to Mo Yue lack.

Mo Yue lake was prettier than when Ye Mo left. Silver and that snow fox recognized Ye Mo and ran over.

Mo Yue lake wasn't damaged and this made Ye Mo's disgust towards Wuming and his disciple lessen.

“how is my mum?” Su Jingwen asked immediately when they went back to their rooms.

Ye Mo gave her an assuring look and told them everything he did on earth.

Su Jingwen’s heart rest assured after hearing that. She wanted to ask about her father but thinking about the things he did and how Ye Mo didn’t mention him, she resisted the urge.

Ning Qingxue also felt assured knowing that her parents were fine.

With this reunion, the atmosphere became intimate. Seeing this, Tang Beiwei and Ye Ling quickly left the room.

...

Three days later, with Ji Ling’s help Ye Mo completely changed Mo Yue City formation. Tens of extreme grade spirit range were buried under Mo Yue City and Mo Yue lake. Even Ji Ling was shook, Ye Mo was too wealthy but even so he can’t be this extravagant.

There was not another city who could use tens of extreme grade spirit range.

But what shook him more was that Ye Mo used pretty much all top grade or extreme grade cultivation artefact for formation base. Ye Mo used a few hundred top grade cultivation artefact and tens of extreme grade cultivation artefact to set up this formation.

With this, even if an immortal wanted to attack Mo Yue City, it wouldn’t be easy.

The Mo Yue City cultivators suddenly felt the spirit chi increase by many folds and immediately knew their city lord came to set up the formation again. They all couldn’t help praising city lord Ye’s name.
