### Chapter 1461: Half a dagger

With this, Ye Mo immediately knew there was a problem. It was dark grey but it had a snow white ray though seemed to tear space open. Before it even reached Ye Mo, felt that dominant and grand killing force.

This killing force was much more than his Zi Xu. Before the sword even arrived, his essence spirit was shaking.

Ye Mo focused all of his spirit sense on releasing lightning sword at this moment and didn't even release octagonal cauldron. When he was about to release the octagonal cauldron, the sword tip had appeared before him. He even had the feeling that even octagonal cauldron wouldn't be able to stop it.

Ye Mo's body went cold, he even had this feeling that he didn't want to avoid it. Ye Mo instantly knew things weren't good and bit the tip of his tongue forcefully waking himself up.

Splurge.

Blood splashed out when the sword tip pierced into Ye Mo's chest. Ye Mo breathed easy. The moment the tip hit him, the dominating killing force disappeared. Ye Mo knew it wasn't that the sword tip wasn't powerful but Hong Yixing couldn't control this sword tip.

The moment Hong Yixing released this sword tip, he spat a few mouthfuls of blood. He knew the power of this sword tip too well. He couldn't control it with his current power. But if he didn't use this he wouldn't be able to escape from Ye Mo.

The instant the sword tip struck Ye Mo, Hong Yixing breathed easy. No matter what, he didn't need to run now. being struck by the sword tip meant certain death.

The sword tip broke open Ye Mo's armor. This was the first time Ye Mo received such heavy injury since reaching god state body refinement. Ye Mo grabbed the jumping sword tip and sets tens of restrictions on it before putting it in his storage ring.

If Hong Yixing could still control this, he wouldn't be able to put it away.

"you, you're fine..." Hong Yixing looked at Ye Mo in shock. To a truth realisation state cultivator, a knife wound was nothing. He thought that this sword tip would at least tear Ye Mo's body to pieces or even bloody mist. Hong Yixing didn't dare to imagine just what degree a body was strong to when it couldn't be torn by this sword tip.

Ye Mo knew his situation wasn't good. His wounds wouldn't heal after that strike and it was about to expand. He had to quickly kill Hong Yixing and find a place to recover.

He burst out his cultivation essence and spirit sense like crazy as the lightning sword fell down with even more power. He also released Zi Xu, countless purple sword rays locked this volume of space.

Ye Mo was determined to kill Hong Yixing.

The evil soul strands gradually disappeared completely and there was defeat on Hong Yixing's face. If he knew this cultivator was this absurd, he would use all means to escape but now, his cultivation essence and spirit sense was used up too much. He couldn't even break through Ye Mo's domain.

After all the evil soul strands were destroyed, Ye Mo used Zi Xu again, Illusion Cloud Hua Mountain strike.

He would only feel assured after Hong Yixing was dead and thus didn't hold back at all.

There was a sliver of despair on Hong Yixing's face. His chi suddenly rose, Ye Mo knew this guy was planning to self destruct after seeing that he couldn't get away. ( B oxnovel.c om )

Splurge. The sword ray hacked Hong Yixing when he was about to self explode.

Amidst the explosion, tiny space tears appeared. The two headed nine headed void devouring bug looked sad too and was about to self destruct.

Xue Youfeng and the other cultivator quickly retreated. They looked at the centre of the explosion wondering if Ye Mo could survive this.

Ye Mo didn't go into the golden page world, as he used his cultivation essence, the power of the god state body refinement was shown. Compared to Sheng Cheng's self destruction, Hong Yixing's was nothing.

Moments later, the space returned to normal. Hong Yixing and his nine headed void devouring bug disappeared. Ye Mo just stood in there with a little messy hair. He didn't seem injured at all.

Ye Mo scanned Xue Youfeng and the other cultivator and suddenly released Blue Moon disappearing.

At this moment, Ye Mo had to go find a place to heal. That sword tip gave Ye Mo a very bad feeling. The cultivator standing with Xue Youfeng was truth realisation state level nine. Ye Mo didn't know since when North Far State had a truth realisation state level nine cultivator but he didn't have the mood to ask. He was clearly very strong to be able to run away from Hong Yixing.

Before he was recovered, he shouldn't be in contact with such people. His shadowless was exposed. Who didn't want shadowless? Although it could only ever have one master but its body was full of treasure.

"qian bei, wait for me..." Xue Youfeng turned without hesitation.

"qian bei?" the cultivator studied Xue Youfeng and said "didn't you say you sealed Hong Yixing for countless years and this cultivator fighting old demon Hong was all an act? Why do you suddenly call him qian bei now?"

"what? you're looking down on me?" Xue Youfeng didn't consider this truth realisation state level nine a threat at all.

The cultivator smiled "of course not. I see that you possessed this body, your soul and the body hasn't fully fused yet."

“that’s right, little brother, keen eyes. When I was dominating the cultivation realm with Chu Xiaoyi, he said he would get me a Immortal Curl Flower. Pity, I’m still alive but brother Xiao has died.” Xue Youfeng sounded a little down.

“you’re actually a master in the same generation as Chu Xiaoyi qian bei?” the cultivator immediately saluted with his fists with respect.

Seeing he got the respect, Xue Youfeng was satisfied and showed a plain face “that’s right. Brother Xiaoyi and I sealed that Hong Yixing for 10000 years, but he still broke the seal. If it wasn’t.... for that brother’s help... by the way, what’s your name? you can escape from Hong Yixing, you’re not ordinary.”

The cultivator said “I’m Zhuo Qingyan, I don’t often come to North Far State. this time, I’m sending a disciple to Pei Hai city and thus I came here. On the way back I accidentally encountered old demon Hong.”

Xue Youfeng had been sealed for too long to know North Far State’s cultivation level so he nodded “not bad, your power is quite good. Truth realisation state level nine, you’re about to ascend to immortal realm. keep it up, we’ll meet again in the immortal realm.”

“then where do you live? what is your disciples power level? Plus are you not going to teach him after sending him there?” Xue Youfeng said.

Zhuo Qingyan smiled “because the immortal ascension tunnel has opened. I’m preparing for immortal ascension. Although my smoke rain island is very tough, it’s not safe in a place like the Heartless Sea. if I immortal ascension and my disciple is just hollow spirit state, clearly my disciple can’t stay alive properly. I’m here to find an old friend here wanting him to take care of my dsicple. But that old friend had left Dang Ling peak.”

Xue Youfeng patted his chest “brother Zhuo if it wasn’t that I’m about to immortal ascension too I would look after your disciple for sure. But don’t worry, tell me your disciple’s name and I’ll protect him. In North Far State, other than that Hong Yixing, I’m not scared of anyone...”

Then he added quickly “that young guy who killed Hong Yixing is my friend. I’m definitely not going to have conflict with him. I even gave him a painting. Although he’s very grateful but I don’t even sweat it.”

Zhuo Qingyan knew what sort of person Xue Youfeng was now so he waved his hand “no need, we came to North Far State and found news of her father. Her father is rather famous, I’m sending her there to meet him.”

Then Zhuo Qingyan said “my friend Kong Ye is Chu Xiaoyi qian bei’s grand disciple. if you don’t mind, you can come to my island for a while. We don’t have anything special but we do have a lot of herbs for nourishing soul.”

Xue Youfeng was just about to reject but hearing the second half of the sentence he quickly said “I was planning to guard North Far State but now that Hong Yixing is dead my mission is over. Since brother Zhuo invites, let’s go then, what are we waiting for.”

#### Chapter 1462: Absurd sapling

Blue Moon was very fast and in a short while, he was at a barren mountain. He didn’t even check where this was and he went into the golden page world to recover.

Despite using the Three Birth Chant, the wound wasn’t healing and was instead getting worse.

“so powerful.” Ye Mo at a few pills and said in shock. He was truth realisation state and a god state body refinement, his main cultivation method was the Three Birth Chant and yet his wound couldn’t heal.

Ye Mo sat by the bitter bamboo eating pills but he still felt the wound healed very slowly. It was as though if he didn’t tend to it, it would worsen again. The pain from the wound was unbearable. It was as though each time it hurt, a part of his soul would be grinded away.

“just what is this?” Ye Mo truly realized the terror of this wound.

He picked up that sword tip but he couldn’t scan his spirit sense in.

Ye Mo put the sword tip down again, he had decided to heal his wound first. It was slow but it would eventually heal.

With this, Ye Mo started using the Three Birth Chant to recover but after six days Ye Mo found that his wound only closed a third. It was getting slower and slower as well.

Ye Mo got up anxiously. He felt that even if he forcefully closed the wound, if he didn't understand the cause, this wound would still be a huge problem.

Shadowless seemed to know Ye Mo was annoyed and flew to the side. When Ye Mo was near the bitter bamboo, it flew to the spirit herb garden. When Ye Mo walked over there, it flew back to the bitter bamboo. Clearly, it was scared of Ye Mo.

Ye Mo didn't mind and when he walked to the spirit herb garden he suddenly stopped. He felt his wound seemed to be healing here.

What was going on? Was there a certain place in the golden page world that could heal wounds?

Ye Mo closed his eyes and felt that indeed the wound healed faster here. That satisfying feeling, it wasn't as simple as healing wound but even his essence spirit and spirit sense was being nourished. He had this inexplicable sense of enlightenment.

Ye Mo started to move slowly, he wanted to know which position in his golden page world was the best for healing.

15 minutes later, Ye Mo saw the wound that easily healed by half and exclaimed. It was here, there seemed to be a life force here that rapidly closed his wound.

Just when Ye Mo was planning to heal his wounds altogether. He saw the small sapling underneath him. It was just 10 cms tall but there was this indescribable life force emitting from it. Ye Mo felt he didn't need to do anything and his wounds were closing rapidly.

Ye Mo realized that his wounds were healing because of this small sapling.

It was the sapling with chaos chi he got from the Abyssal river. In just half an hour, his wounds completely healed and a black chi was dispelled from the wound.

Ye Mo didn't feel uncomfortable at all. Ye Mo touched the spot and it was extremely smooth.

"this is good." Ye Mo looked at the sapling with great bliss. Chaos items were indeed not simple. He completely forgot about it after throwing it next to the spirit herb garden.

This wasn't where it should stay, there was about tens of thousands of km of area in the golden page world. he found a special place for the sapling and moved it over. He buried ten extreme grade spirit range below it. if it wasn't that immortal crystals were too valuable Ye Mo even wanted to bury some there.

This was only a sapling now and it was this powerful, what if it grew into a tree?

But Ye Mo didn't know what this tree was. Thing had a complete guide to things but there was no guide to this tree.

Ye Mo was in a good mood. He sat down and started to study the sword tip.

Ye Mo removed the restriction and the sword tip jumped around in his hands although wanting to leave.

Ye Mo tried to spirit control this sword tip but found it was very hard. His spirit sense couldn't extend into this sword tip.

When Ye Mo forcefully sent his spirit sense into the sword tip, an ancient chi came. Before Ye Mo could look at it closely, a chaotic slaughtering chi came. The two chi mixed together made Ye Mo's head ache.

Especially that slaughtering chi, it was as though this sword tip killed countless cultivators and devoured countless cultivator soul and blood. It still had a strong blood lust and was sending murderous thoughts into Ye Mo's brain.

Ye Mo quickly took back his spirit sense and forced these thoughts out. He was shook. Just what was this?

Another three days later, Ye Mo finally found out how Hong Yixing controlled this sword tip. He placed a shard of his essence spirit in there. It was hard for other cultivators but very easy for Hong Yixing who often does this.

Ye Mo didn't use that way, he felt it wasn't safe. This sword tip was like a time bomb. Perhaps Hong Yixing's desire for slaughter was due to this sword tip.

But Ye Mo felt it was a waste to not use such a powerful weapon. Luckily Ye Mo had his own way. He had purple eye soul sever. He didn't sever his essence spirit but he placed some spirit sense on the sword tip. If necessary he could use it to attack someone like Hong Yixing but it would be much more powerful in his hands as his spirit sense was far stronger than Hong Yixing.

...

Ye Mo left the golden page world and realized this was Mu mountain, when he first came to Luo Yue continent he came here.

Now, he had established his own city in South Peace State, been to North Far State countless times. He even went to West Extreme State twice but only his birth place, East Black State he still haven't been there.

Thinking about the places he had been there and his master Luo Ying and how she was his wife now, there was a grin on Ye Mo's mouth. Then, he thought of Jing Kun he still hadn't killed.

"perhaps I should take Susu back to East Black State." Ye Mo murmured.

Ye Mo didn't leave as he saw a familiar person running over. It was Cheng Yejun, the only pill king who was golden core state.

His pill concoction talent was absurdly strong but his power was too weak. When he was foundation establishment state, Cheng Yejun was golden core state. now that he was truth realisation state, Cheng Yejun stayed the same.

He was a good person. After the pill concoction hall of fame tournament, he even came up to him to discuss pill concoction experience. But Ye Mo knew that Cheng Yejun came with the intent to teach him things.

“hmm, Ye Mo why are you here?” Cheng Yejun then immediately said “great that you’re here.”

“what happened?” Ye Mo asked in confusion, he didn’t see anyone hunting Cheng Yejun.

Chapter 1463: Yimo returns

“I heard you went to South Peace State or I would’ve went to Pei Hai to find you. Ling Zhongtian qian bei was found but his dan tian was heavily injured, so was his soul. The immortal herb valley sect leader Ming Xin and pill association leader Nong Jinxian and vice association leader Wang Cangjian are all there but they aren’t able to save him.” Cheng Yejun said.

Ye Mo dazed, Ling ZHongtian appeared?

Seeing Ye Mo was confused Cheng Yejun quickly said “Ling qian bei was saved by a qian bei called Meng Zhen. Even Ling qian bei can’t see through Meng Zhen’s power. But that Meng Zhen qian bei left after bringing Ling qian bei here. He said he was here to find someone.”

Hearing this name Ye Mo soon remembered who it was. It was that cultivator who was chased by Fang Yizong. He was probably truth realisation state level nine. Ye Mo didn’t expect him to chase over the Heartless Sea to North Far State. clearly he was a warm hearted person to send Ling Zhongtian back but he wasn’t from Luo Yue continent, who would he be looking for?

“what are you doing here?” Ye Mo asked again.

This place had little spirit chi.

"I'm here to invite Pill Cauldron sect leader Qiao. He's level three pill king now, perhaps he has a way to cure Ling qian bei but that's not necessary now. Ye Mo come with me, Ling ZHongtian qian bei is irreplaceable in North Far State. now that nine headed void devouring bug appeared in North Far State, we need him to gather the power of North Far State." Cheng Yejun said genuinely.

Ye Mo nodded, Ling Zhongtian wasn't very powerful but he was much more charismatic than Shan Di and Tang Mengrao.

Ye Mo smiled "I've already killed that nine headed void devouring bug, no need to worry."

"huh..." Cheng Yejun looked dazily at Ye Mo. He knew Ye Mo was a pill concoction prodigy but didn't know Ye Mo was a truth realisation state cultivator.

Ye Mo patted him "no need to be shocked, I have a way to counter it and it was through luck that I annihilated it."

"so that's it." Cheng Yejun nodded dubiously. He only heard that the nine headed void devouring bug was ravaging North Far State, he didn't know there was a Hong Yixing with it too.

Cheng Yejun added "after inviting sect leader Qiao I was going to take the teleportation formation to Pei Hai city."

Ye Mo asked in confusion "there are so many cultivators why are you the one running around?"

Cheng Yejun knew that Ye Mo meant to say a golden core state was too slow but he quickly explained "in order to save Ling qian bei, everyone moved out. Those higher level cultivators went to find spirit herb, I have the easiest job of running around."

"then why are you going to Pei Hai city?" Ye Mo asked again.

"it's said that the Mo Yue pills are very high quality, I want to see if there would be a pill suitable for Ling qian bei. By the way, Tang qian bei said she went to South Peace State to find someone to annihilate the

nine headed void devouring bug. Now that you've already annihilated it, Tang qian bei probably don't need to go. I have to tell her this if she hasn't left yet but I'm afraid she had already gone." Cheng Yejun said.

Cheng Yejun seemed to have thought of something and added "Broken Leaf city pill association vice leader Wang Cangjian and sect leader Ming Xin were chatting about how a few days ago, a cultivator who's power was unable to be seen bringing a young girl around to search for your news. They're probably looking for you. Association leader Wang said you have business in Pei Hai city so you're probably there."

Ye Mo immediately thought of Yimo and asked desperately "what are they called?"

"that I don't know, that person didn't say either." Cheng Yejun shook his head.

Ye Mo didn't have the mood to go with Cheng Yejun anymore. He gave him three jade bottles and said "two of the pills are for Ling ZHongtian's wounds, another one is a gift. The rest of the pills are yours. You know what pills they are. I'm not going with you, I'm going back to Pei Hai city immediately."

Then, Ye Mo took out Blue Moon and disappeared.

Cheng Yejun looked at the direction Ye Mo disappeared in confusion and then took out those pills. His face changed immediately "this is spirit recovery pill made with ten thousand year stalagmite marrow? I can't even recognize the other pills."

When Ye Mo opened the bottle with only one pill, he called out in shock "truth spirit pill..."

Never had he thought that Ye Mo would give such a precious pill to him to bring to Ling Zhongtian. His heart was throbbing with this trust.

He didn't think much and didn't even open the bottle for him. He quickly put them away and released his flying magic artefact and disappeared too. He didn't dare to waste time with such responsibility on him.

...

North Far State wasn't small but it was nothing compared to South Peace State and West Extreme State. In less than a day, Ye Mo arrived at Pei Hai city.

Ye Mo scanned his spirit sense in.

It was much more prosperous than before, with this many cultivators here, it probably had to do with the nine headed void devouring bug. Mo Yue became the number one cultivation merchant association. Ye Mo saw Zheng Xiaoshan and Li Jingwen but he didn't see Yimo.

Ye Mo's mood fell down immediately. He put away Blue Moon and entered Pei Hai.

The guards all knew Ye Mo and Ye Mo's arrival instantly spread. The city lord Qi Ziyu and Li Jingwen all came out to greet him. Even Shan Di ran out nervously.

Tang Mengrao went to South Peace State to find Ye Mo but Ye Mo came and Tang Mengrao wasn't here.

Shan Di couldn't hold it. He was scared of Ye Mo but he still asked "pill king Ye, sect leader Tang went to South Peace State to ask for your help..."

Ye Mo waved his hand "I've already annihilated that nine headed void devouring bug and killed that Hong Yixing. Don't worry about North Far State, go do what you need to do."

Everyone was shook. They knew the power of the nine headed void devouring bug and its master. Shan Di was truth realisation state and had a forbidden technique and was very far, thus he survived. Yet, Ye Mo casually said he annihilated them, just how powerful was he now?

Shan Di could tell Ye Mo was truth realisation state tertiary stage but he wasn't sure. This was too absurd.

Ye Mo didn't have the mood to talk and just went back to Mo Yue.

Before Ye Mo even asked in the Mo Yue meeting hall, Zhen Xiaoshan said desperately "Yimo has been found, her master sent her here. It's said that Yimo's master is truth realisation state level nine and Yimo is hollow spirit state herself."

"huh..." Ye Mo got up in surprise and joy. he didn't even know what to ask. He didn't expect his guess to be right, Yimo really came back.

He immediately thought of the truth realisation state level nine being hunted by Hong Yixing, was he Yimo's master?

After a long while, Ye Mo suppressed his joy "where is Yimo? Why don't I see her?"

Su Yue quickly said "sect leader Tang took the teleportation formation to South Peace State and was scared that the nine headed void devouring bug would attack here so she took Yimo to South Peace State."

Ye Mo was a little disappointed that he missed his daughter but he breathed easy. With Tang Mengrao's truth realisation state power, they were clearly fine. The teleportation formation in South Peace State was in Mo Hai city, there was no high level spirit beasts there so there was no danger. With his status in South Peace State, they would probably be fine.

The teleportation formation was damaged heavily and Tang Mengrao was barely able to leave. Ye Mo had decided to repair it and then leave through it.

Chapter 1464: Truth realisation state female cultivator and young girl

Ye Mo was repairing the teleportation formation while helping Mo Yue concoct some high level pills.

The nine headed void devouring bug was killed by Ye Mo so the cultivators hiding in Pei Hai city all left. They all came to say goodbye to Ye Mo. There were quite some sects at Pei Hai city too.

Two days later, Ye Mo repaired the Pei Hai teleportation formation and the city emptied up. There was still a lot of people but not as abnormal as before.

The day Ye Mo finished repairing the teleportation formation, Ye Mo left North Far State.

...

Standing at Mo Hai city again, Ye Mo exclaimed. He went from demon prison forbidden grounds to West Extreme State and then from there to North Far State. now, he took teleportation formation back to South Peace State. other than East Black State that he hadn't been, Luo Yue continent's three states were like his backyard.

Ye Mo headed to the teleportation formation immediately. He was going to go South Peace city and then fly home to Mo Yue City.

But as soon as Ye Mo came here he felt an unusual temperature. Two golden core state cultivators were discussing outside the teleportation formation hall.

"I'm certain that female cultivator is a truth realisation state qian bei. She crushed that cauldron filling state cultivator with one hand, it's definitely cultivation essence giant hand..."

"Luan Yi has been an overlord at Mo Hai city because his father is a cauldron filling state powerful being and the vice city lord. Now, he met someone tough. He even dared to harass truth realisation state qian bei's disciple, this is asking for death."

"but that truth realisation state qian bei's disciple is indeed really pretty."

...

Ye Mo heard this and immediately thought of Tang Mengrao and Yimo. Was that Luan Yi harassing Yimo and was killed by Tang Mengrao?

Ye Mo felt it wasn't so, if he encountered this, he would kill the person but Tang Mengrao brought Yimo to South Peace State. she knew there were countless masters here, how could she be so impulsive?

Suddenly, the golden core state cultivators found out there was someone in front of them. They couldn't see Ye Mo's power level and yet he came before them without a sound.

"qian bei..." the golden core state level four got up nervously.

Ye Mo nodded "I heard you guys talk about a truth realisation state qian bei taking a young girl here and killed the vice city lord and his son right?"

One of them nervously said "qian bei, we, we..."

Ye Mo smiled "no need to be nervous, that female cultivator is my friend so I'm just asking, don't worry. What happened? Do you know where she went after killing those two? Did she leave through teleportation formation?"

Hearing this, the two golden core state finally felt assured.

Now that Ye Mo asked about her, the golden core state level four quickly replied "yes, yes, it happened on the main street. The truth realisation state qian bei killed Luan Yidu, many cultivators saw this. then the vice city lord Luan Chang came. He was also crushed by the qian bei's cultivation essence giant hand. But she didn't leave through the teleportation formation. After that the truth realisation state elder of the city came and they started fighting..."

Hearing this, Ye Mo was shook. Tang Mengrao was only truth realisation state level one, how could she fight other truth realisation state cultivators.

He then asked desperately "then what happened?"

The golden core state shook his head "we don't know, the Mo Hai city truth realisation state qian bei didn't want to break the city so they went to the Heartless Sea to fight. We don't know the results."

“where is the young girl?” Ye Mo asked.

The golden core state answered “ the female cultivator took the girl with her. They left towards east.”

The golden core state added “I heard the other truth realisation state elder of the city also chased over.”

“when was this?” Ye Mo was worried. Tang Mengrao couldn’t even beat one truth realisation state much less two.

“yesterday...” the golden core state answered but realized the cultivator had disappeared.

“another truth realisation state qian bei?” the two glanced at each other and quickly left this hall.

...

Ye Mo released Blue Moon and brought its speed to the max. he didn’t know why Tang Mengrao still hadn’t left Mo Hai city till up to yesterday but she was in danger.

Ye Mo used his strong dimensional sense to find some space ripples. The battlegrounds of truth realisation state cultivator would still have some minor residue even after a day but even Ye Mo could only barely find it.

Rumble.

A huge explosion sounded in the Heartless Sea, Ye Mo chased over without hesitation.

When Ye Mo saw the three people there, he immediately knew he completely guessed wrong. There were two bodies on the island. One man and woman were at a stand off. Both of them were truth realisation state peak stage, the male cultivator was heavily injures. He detonated some rune but it didn’t injure the female cultivator and instead disrupted his cultivation essence.

Ye Mo didn't know this female cultivator but she was much prettier than Tang Mengrao and had this royal temperament. More importantly, the girl watching wasn't Yimo but Ye Mo knew her.

Ye Mo suddenly waved to the girl "Jie YOUNing, long time no see, how is your father."

Ye Mo suddenly appeared there on the island but when the female cultivator saw Ye Mo was only truth realisation state level seven, the female cultivator showed a contemptuous look. She only started watching Ye Mo again when she heard he knew the girl.

"you're Ye qian bei?" the girl immediately ran to Ye Mo's side.

"that's right, I'm Ye Mo, why aren't you with your father? It's quite some journey from your Zhu Yin island to here. Why did you guys run so far?" Ye Mo smiled and asked.

The girl's eyes went red and sniffed "I don't even know if my father is alive or not. We three sisters ran out with aunty Yi. And then, then..."

The girl glanced at the female cultivator and didn't dare to keep talking.

Ye Mo felt the eeriness of things. Jie Youning seemed to be scared of this truth realisation state female cultivator. Is she was her aunty Yi, she shouldn't be scared of her. Plus, Jie Feng was truth realisation state peak stage. His cultivation essence and spirit sense were very powerful. Who would dare to do anything to Zhu Yin island.

Ye Mo said to the girl "Youning, I'm friends with your father, if you have anything tell me. I will help you. You can leave with me, I really don't believe anyone dares to do anything to you."

"mhm..." her father seemed to have told her about Ye Mo's power and she boldened up.

The female cultivator sneered "such big words."

Ye Mo didn't know the relationship between the two so he ignored her and said "tell me what's going on."

The girl glanced at the beautiful truth realisation state peak stage female cultivator and said carefully "I'm actually Jie Youkui, Youning is my little sister..."

Ye Mo coughed awkwardly "my bad, continue."

"a mere truth realisation state level seven dares to be this cocky." The female cultivator said to the young girl "Jie Youkui stand on the side, I'm going to kill first."

The heavily injured man said to Ye Mo "friend, this demon killed the vice city lord of Mo Hai city and killed two truth realisation state elders. Her power is very powerful. We need to join up against her."

"haha..." the beautiful female cultivator laughed as though hearing a ridiculous joke.

Chapter 1465: Battle with Ice God Palace palace lord

"I'm also planning to annihilate the entire Mo Hai city, what are you going to do?" the female cultivator said coldly.

Ye Mo frowned and asked Jie Youkui "who is she to you?"

Jie Youkui didn't dare to look up and said quietly "I don't know her but she wants to take me back to some palace to be some young palace lord..."

The female cultivator sneered "that's right, it's your fortune. My Ice God Palace young palace lord is too timid. I'm going to change one, you're lucky to be chosen by me."

This beautiful female cultivator was Ice God Palace palace lord Lang Ying. She came with the big manager to come find who killed her son Lang Yue. Dai Yun was good but her character was too soft. She wasn't her best choice.

She was about to immortal ascension and couldn't find someone to replace Ting Ting but now, she saw Jie Youkui in the Heartless Sea. she was young and pretty but also very talented. She favoured Jie Youkui immediately.

Ice God Palace palace lord? Ye Mo immediately thought of Lang Yue. It seems this was really passed down the family. They were all very selfish and did what they liked.

"so it's Ice God Palace people, no wonder you're so selfish." Ye Mo sneered "in the demon prison forbidden grounds, there was a trash called Lang Yue. I killed him because he wanted to kill my disciple, could it be...."

Before Ye Mo finished, Lang Ying's eyes were about to burst out. She went crazy and her force burst out as though about to devour Ye Mo.

"so you killed my son, if I don't slice your essence spirit to pieces and burn them one by one, I swear I'm not a human..." there was crazy killing intent in Lang Ying's eyes. In her eyes, only her son could kill other people and they weren't allowed to resist.

Jie Youkui was shook and retreated. Ye Mo just waved his hand calmly and all his crazy killing intent was swept away as though nothing happened here.

That heavily injured truth realisation state cultivator was planning to run when he saw Lang Ying's attention was focused on Ye Mo but after seeing what Ye Mo did, he immediately knew Ye Mo wasn't ordinary too and stopped.

Seeing this, Lang Ying dazed and the craze disappeared from her eyes. She calmed down and flung out a messenger flying sword.

Ye Mo didn't seem to see this. Lang Ying was rather strong amongst truth realisation state tertiary stage but he didn't care. Could she compare with Suo Anshan, Hong Yixing? She was at most a Yu Zizhen but in fact she was far from Yu Zizhen.

“I remember, you’re the city lord Ye Mo who killed 11 truth realisation state of Pill City and annihilated 9 star sect Lightning Cloud Sect and Infinity Sect...” the heavily injured truth realisation state finally remembered who Ye Mo was.

He realized he was probably safe now. Ye Mo was extremely powerful, unrivalled in the same state but he never killed innocents. He had no enmity with him so Ye Mo probably wouldn’t kill him. No matter how powerful this female cultivator, she wouldn’t be able to beat Ye Mo without a doubt.

She suddenly stopped the purple gold band she released. She completely calmed down now. Ye Mo easily annihilating her killing force made her take him seriously but not feel threatened. But this truth realisation state on the side said he killed 11 truth realisation states and annihilated two 9 star sects. This made her not only feel threatened but astonished.

She rarely came to South Peace State but it didn’t mean she didn’t know Pill City, Lightning Cloud Sect and Infinity Sect. any of them were on par with her Ice God Palace. This guy could annihilate these two sects and challenge the Pill City, didn’t that mean he could easily annihilate her Ice God Palace.

She was protective and trusted in her power but she was no idiot.

Seeing her fury retreat, Ye Mo said calmly “weren’t you going to tear my essence spirit to pieces and burn them one by one? Why don’t you attack? If you’re not going to fight I’m going to go, I don’t like to fight women.”

Jie Youkui watched with surprise and joy. she could tell this palace lord felt very threatened by Ye Mo.

Lang Ying finally couldn’t bear the scorn and released her purple gold band. Purple gold light covered the heavens as they swept towards Ye Mo.

The truth realisation state quickly retreated. He knew that if this band formed a humanoid wave ring, cultivation essence and even spirit sense would be bound.

He was bound by that and in his worry detonated a rune to escape.

He thought Ye Mo would be very powerful and Lang Ying wouldn't be able to do anything to him. However, Ye Mo was caught in one round.

The band had no form but it looked like a colourful rope wrapping Ye Mo tightly.

This magic artefact was so powerful, this was the first time Ye Mo saw an magic artefact that could bind cultivation essence and spirit sense. however, it was useless to him.

Lang Ying didn't expect her to succeed this quickly, she was overjoyed. She thought she would need to use her 13 purple gold sword self destruction to injure Ye Mo.

She knew that by the time her magic artefact formed a humanoid wave, no one would be able to break free.

There was a cruel look on Lang Ying's face seeing that her magic artefact bound Ye Mo. She kept inserting cultivation essence in wanting to completely bind Ye Mo.

Ye Mo sneered and released a few spirit sense blades. The waved band immediately were falling apart. Before Lang Ying could react, Zi Xu hacked out.

Thud.

Lang Ying felt the backlash of her magic artefact and immediately spat a few mouthful of blood. She completely don't understand how Ye Mo broke free.

She quickly used a few more hand signs before the band completely collapsed. 13 purple gold flying sword flew out faster than lightning.

Rumble.

The sword rays tore through space creating waves of distortion ripples.

The battle was in an instant and there were multiple explosions. The injured truth realisation state peak stage looked dazily at the 13 swords and realized she didn't use her full power when fighting him.

Lang Ying breathed easy, the self destruction of her 13 purple gold sword made her lose a top grade magic artefact but she finally killed him.

Moments later she was completely dumbfounded. Ye Mo appeared after the explosions, only his hair was a little messy.

"you..." she really didn't understand how Ye Mo was fine. Even a body refinement cultivator wouldn't be able to survive that unscathed. Yet, Ye Mo was perfectly fine.

Ye Mo was very annoyed, the self destruction was so fast that even he didn't react fast enough.

Before Lang Ying could react, Zi Xu hacked out, Illusion Cloud Hua Mountain.

Seeing this, Lang Ying wanted to retreat but she felt that space around her had turned to solid. Just taking one step back was extremely hard.

"such powerful domain..." Lang Ying looked at the nearing purple ray in despair.

Chapter 1466: Soul card shattering again

Lang Ying saw the big elder Weng Wen but she didn't have much anticipation. Even she was no match for this absurd young man much less Weng Wen. she hoped Weng Wen would be able to save her essence spirit.

Weng Wen just got here and saw Ye Mo kill Lang Ying with one strike. He was scared soulless. He knew the power of the palace lord too well, he definitely couldn't beat her. It's been a while since palace lord asked for help and thus it was clear that the young man beat the palace lord head on. Facing such person, going over was suicide. Without hesitation, he released all his power and the rainbow cloud in the sky rustled.

“you actually started your immortal ascension divine damnation...” Lang Ying looked at Weng Wen in fury. She was hoping for her loyal big elder to save her essence spirit but he instantly went to immortal ascension. Purple flame moved and Lang Ying couldn’t keep thinking anymore.

Ye Mo didn’t know that killing Lang Ying equaled to saving Ting Ting and An Zhiqi. He didn’t like to leave threats behind, since there was already conflict between them, he might as well end it now.

Seeing Weng Wen suddenly go immortal ascension, he immediately knew this guy was from Ice God Palace but now, he couldn’t kill him in time.

... ( B oxnovel.c om )

“thank you city lord Ye for saving me, I’m number one elder of Mo Hai city Qiu Beiou. This demon killed the vice city lord and two truth realisation state elders. If city lord Ye didn’t come over, I would be dead for sure.” Qiu Beiou was very grateful to Ye Mo.

Ye Mo said calmly “how come I heard that vice city lord is very murderous? If I see that type of trash I would kill him too. Are you going to hunt me down elder Qiu?”

Qiu Beiou immediately knew that Ye Mo had a very bad impression of the vice city lord “I wouldn’t dare, the vice city lord spoils his son to dominate the city, I’ve long disliked this too.”

Ye Mo said “oh” and couldn’t be bothered talking to this guy anymore. He clearly knew what the vice city lord did but still didn’t do anything.

Seeing Ye Mo have no intentions of talking, Jie Youkui didn’t dare to keep staying here. He quickly saluted with his fists “Mo Hai city is very chaotic now, I need to go back and check. If there are more people like Luan Chang I definitely will kill them.”

He was a truth realisation state peak stage cultivator after all, and Ye Mo didn’t want him to look too bad so he waved his hand “in that case, go do what you need to do elder Qiu.”

“yes, thank you city lord Ye.” Qiu Beiou didn’t dare to stay anymore and took the two bodies of the Mo Hai city elders and left.

Ye Mo didn’t know his few casual words changed the culture at Mo Hai city. When Qiu Beiou got back, he didn’t show any mercy on those domineering cultivators. Eventually, Mo Hai city grew to a city more prosperous than the South Peace City.

Then, Jie Youkui went up and thanked “Youkui thank Ye qian bei for helping...”

Ye Mo waved his hand signaling her not to be pressured and asked “what happened at Zhu Yin island? How is your father?”

Jie Youkui’s eyes went red “we were fine but a few months ago, Peng island Yu Zizhen suddenly attacked...”

Hearing this, Ye Mo understood what happened. Jie Feng definitely was no match for Yu Zizhen, she was a mad woman. She did that either for the spirit nourishing well or brought her fury on the island for no reason. Little did Ye Mo know, the reason Yu Zizhen was going to kill Jie Feng was also due to Lan Qirui’s words.

“my dad knew he was no match for Yu Zizhen so he let aunty Yi take us sisters and leave. He stopped Yu Zizhen and she didn’t chase up indeed but I’m worried about my father.” Jie Youkui cried.

Ye Mo fell silent. If it was something that just happened, he could go help but now it had been a few months.

“how did you fall into the hands of the Ice God Palace palace lord?” Ye Mo changed the subject.

Jie Youkui sniffed “my dad wanted me to go to South Peace State and ask for help from you. Aunty Yi was heading towards South Peace State but on the way we encountered a level 10 spirit beast. In the fight we got separated. Before I could find them, that palace lord just took me away.”

“what power is your aunty Yi? Where did you guys get separated?”

“truth realisation state primary stage, I don’t know where we got lost. It was far beyond the range of the Zhu Yin island. I’ve never been there.”

( B oxnovel.c om ) Ye Mo nodded “a truth realisation state primary stage should be fine against a level 10 beast, don’t worry. I’m going to South Peace State now, are you coming with me?”

“I’m willing to go with Ye qian bei.” Jie Youkui said without hesitation.

Ye Mo released Blue Moon and sped off towards home. He couldn’t even be bothered taking the teleportation formation. It would waste some time getting on and off as it was like taking the plane.

...

Ice God Palace, Yun Tingting and An Zhiqi were sitting in the room nervously discussing.

“sister Qiqi, did elder Tu and elder Peng really confirm they will be on our side? I’m still a bit nervous.” Ting Ting said again and again.

An Zhiqi said helplessly “Ting Ting stop being so indecisive. If the palace lord immortal ascends, you’re the palace lord. Elder Tu is your teacher, he’s not your master but there’s still a relationship there. He will definitely support you being palace lord. Elder Peng is my martial ancestor. I’ve mentioned it to my master, master said his master would support you being palace lord.”

An Zhiqi then said “there’s five elders altogether now. there’s an elder Liu, palace lord reproached him before he left and Lang Yue’s death is related to him. After palace lord ascends, he probably will support you but we need to show our good will first.”

“sister Qiqi, is that why you’ve been telling me to say good morning to them?” Yun Tingting asked.

An Zhiqi nodded “if course. Those elders are all very cunning, they would know what you mean but it’s fine. As long as you show your respect they would have a good impression of you. Plus, we’re in a lot of danger. If we can’t grab power before the two other sons are back, good things won’t await us.”

Just when Ting Ting nodded, he felt the restriction outside shake. She quickly signaled to An Zhiqi and opened the door.

“Muxin what happened?” Ting Ting looked at the worried girl and asked.

“sister Ting Ting save me, save me...” Mu Xin knelt down immediately.

An Zhiqi pulled Muxin in and closed the door, signaling Ting Ting to put the restriction on.

Ting Ting did so already.

“what happened, Muxin, don’t worry speak slowly.” Ting Ting said.

Muxin sniffed “just then, just then.... Palace lord’s soul card shattered...”

She clearly thought of Xiao Ji’s fate.

“what?” Ting Ting and An Zhiqi were shook and couldn’t speak a word.

Chapter 1467: Power in hold

An Zhiqi reacted first and said to Muxin “don’t worry, go back and wait for news. Palace lord Ting Ting will do her best to help you.”

Seeing Muxin leave, Ting Ting asked in confusion “sister Qiqi, do you have something to tell me?”

An Zhiqi grabbed Ting Ting’s hand in excitement “Tingting, is is an opportunity. You should hold a meeting and use this to grab the power of the palace lord. I believe you don’t need me to teach you what to do. hurry up, the quicker you do this the better.”

“huh...” Tingting dazed and subconsciously said “even if something happened to the palace lord, big elder is still there, we didn’t ask Muxin...”

An Zhiqi quickly said “I intentionally didn’t ask. Just say you cared too much about the palace lord and don’t have the mood to ask about big elder. He wouldn’t be in a good position himself. It would be better to ask during the meeting.”

Then, An Zhiqi added “I had a worry that I didn’t tell you. Palace lord had the intention of removing you. If you’re not the young palace lord, you would be the sex slave of her two sons. I won’t be better off myself. You need to use this opportunity. The person who killed the palace lord pretty much saved our lives. He’s really a good person.

“okay...” this time Ting Ting didn’t hesitate and nodded firmly.

...

In the most grandiose palace in the Ice God Palace, all the elders and managers appeared here. However, the difference was that instead of the palace lord, it was a young girl sitting on the throne.

The Muxin girl knelt in the palace shivering.

The palace was dead silent and even the elders frowned. No one spoke.

Ting Ting was nervous but thinking about her discussion with sister Qiqi before, she forced herself to calm down “quite some things have been happening to Ice God Palace lately. After second young master died in South Peace State, our palace lord also died in South Peace State. I’m very sad, I don’t know what to do. elders, please indicate what the Ice God Palace should do?”

This was the method they decided. She would place herself in a very low position in front of these elders. She must let them know that only if she was the palace lord would they have the greatest benefits.

One truth realisation state level nine elder nodded, he was happy with Ting Ting's attitude. He was about to be truth realisation state peak stage, he had no desire for power. He needed respect and cultivation resources.

Elder Liu Xizhu stood out and asked Muxin "are there any news of big elder Weng Wen?"

Muxin said shakily "when I saw palace lord's soul card shatter, I was out of my mind. Later, I saw big elder's soul card didn't shatter but it turned pure white."

"immortal ascension..." hearing this, they immediately knew great elder ascended to the immortal realm. they glanced at each other and looked confused. Theoretically, it should be big elder's soul card shattering and palace lord ascending. But reality was opposite, what was going on?

Muxin was very nervous but no one cared about someone insignificant like her and no one said she should die too.

Ting Ting waved her hand "go back first and keep guarding the soul cards. Report to the elders or me immediately if new situation arises."

"yes." Muxin resisted her excitement and retreated. She didn't hear the palace lord or the elders asking her to die.

The managers realized what Ting Ting meant too. But this wasn't in accord with the rules. Not long ago, the palace lord said the soul card watcher must die after the soul card shattered.

However, this manner of breaking rules made on cauldron filling state manager able to resist. He walked out and saluted to the elders first before casually saluting to Ting Ting. Clearly, his actions meant that the young palace lord was below the elders.

Ting Ting was nervous. She knew at this moment she needed to assert her dominance but she didn't have any capabilities to do so.

Then, the manager said “young palace lord, palace lord said last time that the Ice God Palace rules must not be broken. But it’s only been a few days and our rule has been broken? The palace lord’s soul card shattered but young palace lord didn’t let the young girl watching it to die. Yan Miaopei don’t understood, please enlighten me young palace lord.”

Muxin almost fell to the floor hearing this.

Seeing everyone look at her, Ting Ting knew she had to assert her dominance or she might die immediately. Even if no elders supported her, she needed to show her temperament.

Ting Ting sneered “manager Yan, let me ask you. When the palace lord ascends or unfortunately dies, what is the rule of the Ice God Palace? Do we not have a palace lord?”

Yan Miaopei was shook. He realized he seemed to have said something wrong. He didn’t dare to not answer her and quickly said “of course not, in such event, the palace lord will be immediately succeeded by the young palace lord. If there is no young palace lord, then the palace lord will be decided by the elders.”

Ting Ting said sadly “the previous palace lord is my master, her death hurt me greatly...”

Then, her tone suddenly changed. She slammed the table and got up pointing at manager Yan yelling “the Ice God Palace rules are strict but what did you do? according to the rules, I’m the palace lord now and yet all you call me is young palace lord? Do you think your power is greater than the elders? Are you going to take away my position as palace lord?”

Yan Miaopei was shook. He didn’t expect the timid young palace lord would change so much after the palace lord was dead. He sneaked a glance at the other managers and elders, no one came out to speak.

He was regretting but he still said “palace lord, my wrong choice of words but our Ice God Palace rules...”

Ting Ting sneered and interrupted “who decides the Ice God Palace rules?”

“of course the previous palace lord...” Yan Miaopei suddenly felt there were some holes in his words.

Ting Ting said pitifully “our Ice God Palace had survived for tens of thousands of years and now we go through hardship again. If we kill our own people because of this, wouldn’t the enemy be joyful instead?

At this moment, one truth realisation state elder got up and said “palace lord is right but Yan Miaopei offended palace lord, he needs to be punished by the palace lord.”

Seeing that it was Qiqi’s martial ancestor helping her at a critical moment. If no elders reacted to her words just then, it wouldn’t be convincing at all.

Yan Miaopei immediately knew he made a big mistake and quickly bowed “it’s my fault, please punish me palace lord...”

A cold voice sounded “since you dare to offend the palace lord, then there’s no need for punishment.”

A cultivation essence giant hand reached over and crushed him into bloody mist.

What surprised everyone was that this was Liu Xizhu.

Soon, Ting Ting knew this was a signal that Liu Xizhu was going to help her. She quickly said “now that a big disaster has fallen upon us, but we’re lucky to still have the elders here. But since he can defeat our palace lord, it wouldn’t be wise for us to attack. In order to get revenge for the palace lord, I suggest we return to the rules before and seal the palace for 50 years. Elders can try to improve their power. After 50 years, when our power reach a certain level, we must get revenge for palace lord.”

This 50 years was enough for them to grow in power.

The managers looked at each other. If the palace was sealed for 50 years, what about the young masters? Clearly the palace lord didn’t want them to come back. Getting revenge 50 years later was a joke.

## Chapter 1468: Meet

But no elders said anything. To them, cultivation was the most important thing. Sealing the palace meant they had less business and more time for cultivation. Lang Ying was too harsh in her means and took most of the cultivation resources. Thus, there was no elder who was truly loyal to her.

When Ting Ting took over, the top grade resources would be open to the elders and thus won over their support instead. As for the two sons of the previous palace lord, who would care about their life and death.

Plus, the 50 years revenge spoke into the hearts of the elders. If even the palace lord and the big elder were no match for that person, just how powerful would that person be? Seeking revenge was asking for death. Now that the palace lord said this, they were happy to play dumb.

After the meeting ended, Ting Ting still didn't believe she easily won power like this. The support of one elder was enough much less three.

But she didn't expect that the greater surprise was to come.

Ting Ting went to the palace lord cultivation room immediately. An Zhiqi told her she must control this place first as it had been the cultivation grounds of all the palace lord. The reason the palace lord grows so fast is greatly due to this other than their own talent. ( .c om )

Only the next palace lord had been able to come in here but the condition was that the previous palace lord died or immortal ascended. Ting Ting opened the cultivation room restriction and went into the cultivation room.

Seeing everything inside, she was truly awestruck. She was a young palace lord and had a truth realisation state level nine master. Although her master didn't treat her that well, she would still give her one or two extreme grade spirit range occasionally. But seeing the large amounts of top grade materials a row cultivation jade slips and a huge spirit marrow pond. The spirit chi was so dense that it was viscous. She didn't even need to cultivate to feel her power growing.

There were circles and circles of extreme grade spirit stones on the side.

Ting Ting knew that her cultivation level would be going straight up from now on. However, she couldn't bring An Zhiqi in here but there were so many good things, she could bring some out for her.

For the first time, she felt power was a good thing. If she wasn't palace lord, she wouldn't even dare to think about coming here.

...

"this is Mo Yue City? It's so beautiful, much prettier than my Yin Zhu island.." Jie Youkui exclaimed.

Ye Mo immediately sent a messenger flying sword out when he got to South Peace State but there was still no reply.

Just when Jie Youkui was about to ask, she found the flying magic artefact below her shake. She subconsciously looked at Ye Mo and saw Ye Mo look excitedly at a blue dressed girl standing on the grass in front.

"dad...." Yimo also saw Ye Mo and called out in joy. she ran up. Although her master was very nice to her, she had always been thinking about home. Now that she saw her father again, she had a home again.

Ye Mo hugged his daughter and suddenly eased up. Yimo had grown up a little but was still like the little girl all those years ago. He finally didn't have to worry about his daughter.

Feeling her dad's excitement, Yimo regretted. She should've left with sister Jingwen. And...

Yimo remembered she couldn't say sister Jingwen anymore.

"dad, sorry, I should've told master to bring me to find you earlier." Yimo cried in Ye Mo's arms. She knew her dad searched the entire North Far State to find her.

“it’s okay, it’s all good now that you’re back..” Ye Mo looked up and saw Song Yangzhu, Luo Ying, Su Jingwen and them.

Ye Mo was back, so was Yimo. Everyone was overjoyed to see each other. The sliver of worry in Song Yangzhu’s eyes were gone. Her only worry was Yimo and now that she was fine, everything was good.

They intentionally didn’t reply to Ye Mo’s messenger flying sword just so they could give Ye Mo a surprise here.

( .c om ) Ye Mo introduced Jie Youkui to everyone. Seeing Yimo finding her father but she didn’t know if her father was even alive, Jie Youkui’s mood gloomed down again.

Yimo thought of something and took out a storage ring “dad, this is for you to eat.”

Ye Mo took the storage ring and scanned inside. There was a stack of blue wei fruits. They were level six spirit herb and very delicious.

Ye Mo patted Yimo’s head feeling very happy. He helped her keep all sorts of spirit herbs and the 12 lightning orbs. His daughter also remembered him and kept so many blue wei fruits for him.

However, Ye Mo didn’t plan to give the 12 lightning orbs to her yet. When they got back, he would get her a new cultivation method and teach her lightning sword. Then, he would give the orbs to her.

He believed that with his special customization of cultivation method for her, the 12 lightning orbs would be much stronger in her hands than Suo Anshan.

Ye Mo thought of Tang Mengrao and asked “didn’t sect leader Tang bring Yimo here? Where is she?”

“aunt Tang was asked by martial aunty Ming Xin to go see Qin Muxin in the Heartless valley.” Yimo quickly said.

“by the way is your master a grey robed cultivator, truth realisation state level nine?” Ye Mo thought of the cultivator being hunted by Hong Yixing.

Yimo quickly said “yes, dad you didn’t fight with him right?”

Ye Mo smiled “how can I, he was being hunted and I helped him.”

“I knew it.” Yimo said “when I was with Jingwen... aunty, he smashed a mountain and said he was stronger than you. Now that I think about it, he’s tricking me. dad you were probably truth realisation state at the time right?”

Ye Mo shook his head “no, he didn’t trick you, he was indeed stronger than me at the time.”

At that time, Ye Mo was probably just foundation establishment state.

“your master is very nice to you. Your master must’ve paid a huge price for you to reach hollow spirit state at this age with your talent.” Ye Mo knew Yimo’s spirit root was good but far from Qingxue and them.

Yimo quickly said “yes, master treats me the best, I can’t even finish using all sorts of pills and spirit stones.”

Seeing the father and daughter can’t stop talking, Song Yangzhu quickly came and said “let’s go back first.” Then, Ye Mo smiled apologetically to Luo Ying, Qingxue and them before giving everyone a hug.

...

Back at Mo Yue City, Ye Mo revised a new cultivation method and gave it to Yimo. Then he gave the 12 lightning orbs to her. Her original magic artefact was a low grade cultivation artefact, lightning chain. This was quite good for her.

But compared to the 12 lightning orbs, it was a bit lacking.

Yimo was very happy with the 12 lightning orbs. Her equipments greatly changed up too. Her flying cultivation artefact became extreme grade too. Ye Mo spoiled Yimo and almost gave all the good things to her. Song Yangzhu and them were even a little envious watching this.

Knowing that Ye Mo was already truth realisation state level seven, everyone felt a sense of urgency, even Luo Ying. He wasn't far from truth realisation state level nine and if he reached truth realisation state level nine and ascended, what would they do?

Ye Ling was the most worried and almost went into solitary cultivation. Su Jingwen felt the easiest, she had the best spirit root and was the strongest amongst them, she was about to reach body condensation state in a while.

#### Chapter 1469: South Peace State disaster

Everyone desperately wanted to speed up cultivation, luckily Ye Mo had a lot of immortal crystals. He couldn't let them use time formation disk without restraint but it was fine occasionally.

It was fine for Ye Mo to use the time formation disk as he had bitter bamboo and his mind state would be very stable. But the others couldn't enjoy that.

From what happened at the abyssal river, if he let out the entire bitter bamboo, would the immortal realm cultivators know about it too? He didn't dare to take this risk.

In order to set up cultivation place, Ye Mo put in a lot of effort. He set up a spirit nourishing well at the Mo Yue City lake. Then, he mimicked the Qu 18 disks and set one up. He took out all sorts of pills without restraint. As for immortal crystals, he kept 300 to himself to reach truth realisation state peak stage, he split the rest as well.

With everyone getting their cultivation resources, they all went into solitary cultivation. Ye Mo went into solitary cultivation himself. He had never settled to cultivate during his journey. Now that Yimo came back, he breathed easy. The only shame was that Mu Xiaoyun was still nowhere to be seen.

He also felt guilty about Luo Xuan going missing. He reached chi gathering level four and got the golden page world due to her but this cute girl was missing too.

Ye Mo cultivated Heaven Flame Nine Suns, purple eye soul sever and five element mobility. He didn't want to increase his cultivation level. He knew that he was truth realisation state level seven but it would be extremely hard to find a match on Luo Yue continent. He didn't want to go to the immortal realm alone.

...

South Peace State seemed to have settled after the Pill City breaking apart, the annihilation of two 9 star sects and the incident at the demon prison forbidden grounds.

Perhaps because too many immortal demon crystals flowed out and Mo Yue City's vice city Flowing Snake city sold too many pills, most cultivators went into a solitary cultivation craze.

Ning Qingxue named the city Flowing Snake in remembrance of the truly meaningful starting point of their relationship.

The name was very average but the city wasn't at all. It was getting more and more prosperous. Any cultivator wanted to come trade here, there were all the pills you wanted here, even if you wanted truth realization pill and disaster life pill, you could make an order and come to an auction.

As long as you had spirit stones or precious materials and spirit herb, you could buy anything from Mo Yue mall. From essence increasing pill to truth realization pill, from low grade magic artefact to extreme grade cultivation artefact, there was only things you couldn't afford, not things you couldn't find.

Of course you could choose other merchant association's pills but for above heaven grade level four and middle grade cultivation artefact, you could only go to Mo Yue mall.

Flowing Snake changed the situation in South Peace State and even the entire Luo Yue continent. Truth spirit pill that couldn't be bought and extreme grade cultivation artefact as well as heaven grade level six pills could all be bought now.

Cultivators from Chi gathering to truth realisation state all went to Flowing Snake city. Although more wanted to go to Mo Yue City but it wasn't easy to settle there. More importantly, one could buy whatever they wanted in Flowing Snake city without needing to worry about being robbed.

If this happened, no matter who, would be unable to leave the city and annihilated by city guards. But no one dares to cause trouble here. Everyone knew who the city belonged to. Level nine pill king, the person who annihilated 11 Pill City truth realisation state cultivators by himself, one who annihilated two 9 star sects and saved countless cultivators from the demon prison forbidden grounds, city lord Ye, Ye Mo.

Meanwhile, the once very prosperous Pill City started to decline, there were less and less people day by day. Some truth realisation state cultivators even secretly left the Pill City and headed to Flowing Snake to settle. It was only a matter of time before Flowing Snake surpassed Pill City.

...

Ye Mo settled his mind to go into solitary cultivation to cultivate the Heaven Flame Nine Suns but he was called out.

It was Yue Qichao, there was also Ji Ling and Shen Guanqing with him. Even the truth realisation state elder Lin Zhi came out. Ji Ling passed down the sect leader of All Formation sect and stayed at Mo Yue City.

"what happened?" Ye Mo had a bad feeling.

Shen Guanqing said heavily "other Pill City, the sect leaders of the 9 star sects Jin Gang temple, God Wind valley, Black Ice sect, Clear Dream Mosque, Abstruse Sound Sect, Heaven Demon sect all came to Mo Yue City. 8 star sects such as Heartless valley, Heaven Herb Lake, Heaven Star sect, Golden Sword Sect all came. They're waiting for you at the city lord estate guest hall."

"what happened?" Ye Mo frowned. If all the sect leaders of the top grade sects of South Peace State came, clearly it was no small thing.

Yue Qichao “the great disaster of South Peace State is probably here. Countless sand like spirit beasts have ravaged sects. Quite a few 6 star and below sects have been annihilated. They have this natural ability to devour essence spirit.”

“sand soul beasts?” Ye Mo was shook. Were they not slaughtered clean? He clearly sealed the demon prison forbidden grounds.

Yue Qichao looked at Ye Mo strangely “you’ve seen them before? are they called sand soul beasts? But there’s too many of them, there’s about ten million or more. the highest level is level 10.”

Ye Mo breathed easy instead. Luckily he slaughtered them inside the forbidden grounds or they would truly be over. Ten million wasn’t enough for him to kill, it was no big deal. This was no cultivation realm disaster, it was done by that guy called Lu Zhengqun.

“this isn’t it, it’s said that the fire eating bug demon appeared again. He appeared at the same time as those sand soul beasts. One in the south, one in the north. He’s more cocky than ten thousand years ago. He annihilated more than ten small sects immediately.

On top of that, problems occurred at the ice god forbidden grounds, and flame sea forbidden grounds too. Countless spirit devouring bugs flew out of the ice god forbidden grounds and the flames of the flame sea forbidden grounds are reaching out. Although it hadn’t harmed any sect yet but it’s sooner or later. If this continues, South Peace State would be dead for sure.”

Ye Mo got up abruptly. He was certain that the person knew he took the small sapling. So these disaster that was supposed to occur a few hundred years later occurred now.

Then what about the other few states? Ye Mo began to worry, no matter how powerful he was, he couldn’t deal with all these himself.

“let’s go to the guest hall immediately.” Ye Mo got up and said.

Chapter 1470: Discussion

The Mo Yue City city lord estate guest hall was filled with people. Any of them were very famous in South Peace State, either a sect leader or some 9 star sect elder. But now, they were all anxious and no one wanted to say anything.

They were all waiting for someone and that was Mo Yue City Lord Ye Mo. No one showed impatience while waiting them.

“sorry for making you all wait so long.” Ye Mo appeared at the entrance.

Everyone breathed easy, it was good as long as Ye Mo came. Some were worried about Ye Mo not wanting to mind this matter because the Mo Yue City defense formation were impeccable.

Shan Bingfeng got up and said “Ye Mo let me introduce.”

Ye Mo quickly saluted with his fists “okay, thank you Shan qian bei.”

He didn’t know most of the people here despite them all knowing him.

Shan Bingfeng nodded “Jin Gang temple head monk Qian Wei, Black Ice sect leader Yan Guan, God Wind valley sect leader Mo Ming, Abstruse Sound sect leader Jing Fengji, core disciple Jing Yingmeng, Heaven Demon sect leader Xi Luan goddess, elder Le Yao, Golden Sword sect leader Wen Ziran, Ethereal Immortal Pond sect leader Hou Fei goddess, Heaven Star sect leader Ji Shuye, Heartless Valley sect leader Hai An, Heaven Herb Lake sect leader, Bai Lian...”

Ye Mo greeted them all. Hou Fei goddess was disaster transformation state level seven and still extremely beautiful.

This was the first time Ye Mo saw Jing Fengji but he had seen the girl behind him, one of South Peace State ten beauty.

Ye Mo knew Le Yao of Heaven Demon sect, she helped him quite a bit at Black Ice sect and was heavily injured for sending him to Mo Yue City. So, Ye Mo was very hospital and thankful seeing her. She was a disaster transformation state level one cultivator but her pill was sent over by Ye Mo.

There were a lot of people here but not many truth realisation state cultivators. The strongest was Heaven Demon sect Xi Luan, truth realisation state level seven, then Jing Fengji truth realisation state level four. Jin Gang temple Qian Wei truth realisation state level three. God Wind Valley Mo Ming and Shan Bingfeng were both truth realisation state level two. The rest were disaster transformation state cultivators. Those who came were representatives not necessarily the strongest in the sect.

After everyone was introduced, Ye Mo let everyone sit down and took out spirit fruits and spirit wine from his storage ring sending it to everyone.

It was customs to treat guests with spirit fruits. Ye Mo had large sums of level six blue wei fruit but he couldn't bear to take them out. It was given to him by Ylmo.

Of course, Ye Mo wouldn't be taking out low level things. These spirit fruits were all level eight Snow peaches from West Extreme State. it could cure pill poison while condensing one's cultivation essence. it also tasted very delicious.

"it's level eight spirit fruit snow peach..."

Heaven herb lake sect leader Bai Lian was the first to recognize.

Who didn't know how precious level eight spirit fruits were but Mo Yue City Lord casually took out so many to treat guests. Was he generous, showing off or just wasting things.

Heaven Demon sect Xi Luan goddess sighed "city lord Ye, you're really generous. Not only did you use snow peach to treat us but also top grade spirit herb produced cultivation condensation wine. Both are good for removing pill poison and condensing cultivation essence. it seems city lord knows that the pill poisons in our bodies are still there, Luan Xi thank you."

Then, Luan Xi got out and bowed. Luan Xi was on par with Hou Fei in terms of looks and looked even more vibrant. Ye Mo could tell that although this woman was truth realisation state level seven, she was on par with ordinary truth realisation state level nine.

Seeing this, everyone all came out to thank Ye Mo.

Ye Mo signaled them to sit down before saying “I’ve seen those sand beasts, they’re called sand soul beasts. I’ve killed quite a lot in the demon prison forbidden grounds but I didn’t expect more to come out. Their main method of attack is soul devour. They could destabilise cultivator essence spirit. If you can’t resist the soul devour, then the only way is to kill it quickly.”

“so they’re sand soul beasts, city lord Ye your method is good but you don’t know how many there are. There’s just too many, there’s ten million. with this many, they can easily annihilate South Peace State. we can’t kill that many at one time.” Heartless Valley Hai An said.

Hai An was a female cultivator but she was far from as good looking as Hou Fei and Luan XI. She wasn’t scorning Ye Mo but it was striking his face a little.

Ye Mo didn’t care, those sand soul beasts were nothing. He killed a few hundred million in the forbidden grounds before otherwise these sect leader wouldn’t be sitting here talking to him like this. but Ye Mo didn’t say that as it was too shocking.

People can’t even begin to imagine how powerful his cultivation essence and Illusion Cloud domain kill strike was.

Yan Guan was scared Hai An would anger Ye Mo so he quickly said “the greatest danger is currently the soul sand beasts. As for the fire eating bug demon, we heard he annihilated 6 star sect Ju Fu mountain. We don’t know why he’s staying there but he’s the least worry now.”

Ye Mo nodded “in that case, then please all go stop the flames of flame sea from spilling. If you guys can stop it for half a month, I can annihilate the sand soul beasts and the spirit devouring bugs and then make way to sea flame forbidden grounds.”

“you’re going to deal with the sand soul beasts and spirit devouring bugs by yourself?” a clear voice sounded in the hall. It was full of disbelief.

“Meng er, don’t be rude.” Jing FEngji was prideful but he knew Ye Mo’s power greatly. He apologized to Ye Mo “my daughter has not seen the bigger world, please forgive her city lord Ye.”

Ye Mo waved his hand “if everyone trusts me, we’ll do this. otherwise, hesitating for longer would only results in more sects being annihilated and countless cultivators dying.”

“I agree with city lord Ye’s opinion but I can bring my Jin Gang temple people to stop the spirit devouring bugs for 7 days. If city lord Ye can support me withing 7 days we would be fine. I think the rest of the people should follow city lord Ye’s will and go stop the flame sea eruptions.” Jin Gang temple Qian Wei got up and supported.

“I agree to city lord Ye and Qian Wei head monk.” Shan Bingfeng comformed.

With these two agreeing, the rest all got up and agreed. Some people were dubious but no one said anything. After all, Ye Mo did kill 11 truth realisation state cultivators in a row. Who was to be sure he couldn’t annihilate the sand soul beasts. Plus, according to Ye Mo, he had encountered them before.

Ye Mo said “in that case, let’s go to work, where are the sand soul beasts?”

“they’re at the extreme south, Qing Hai sect, after annihilating them, they’re heading towards middle of South Peace State. they’re probably entered the mainland now. The spirit devouring bugs are near the first mainland sect Ice Sword Sect. we’ve notified the sect’s people to leave. We don’t exactly know where they are but wherever they pass, no life exists.”

Golden sword sect sect leader Wen Ziran replied.

“in that case, let’s move out now.” Ye Mo said without hesitation.

When everyone had left, Ye Mo told Yue Qichao and Ji Ling and them to not leave Mo Yue City no matter what. if something happened at Mo Yue City, they should send messenger flying sword to him immediately. To Ye Mo, South Peace State was important but Mo Yue City was more important.

After that, Ye Mo released Blue Moon and left Mo Yue City heading towards Cang Hai sect.
