

Strongest As 1471

Chapter 1471: Black lightning arc

Ye Mo didn't immediately go to Qing Hai sect after leaving Mo Yue City, he went to the demon prison forbidden grounds.

If these sand soul beasts all came out of the demon prison forbidden grounds, he would immediately seal that place. it was easy to kill sand soul beasts but if he didn't cut the disaster from the source.

As soon as Ye Mo came out of the demon prison forbidden grounds, Ye Mo knew that these sand soul beasts didn't come from the demon prison forbidden grounds. The seal was perfect and there was no way sand soul beasts from there.

Ye Mo frowned. If there was another place like the demon prison forbidden grounds with also a few hundred million sand soul beasts, what would happen if they all came out?

...

Qing Hai sect was on the south but it was very far from the ice god forbidden grounds. Ice god forbidden grounds was extreme south near west, Qing Hai sect was extreme south near east.

Qing Hai sect was just a 6 star sect. it was near the border and not very famous in South Peace State. at this moment, there was not even a wild beast there much less surviving cultivators. There was only huge mouth spirit beasts that were made up of fine sands. The bodies of these spirit beasts were everywhere, there were a few hundred thousand of them.

The nearest sect to the Qing Hai sect was Fusion Joy sect. this was a 7 star sect.

But at this sect, everyone had a pale face because outside the sect defense formation, it was filled with densely cluttered sand soul beasts. No one could count how many sand soul beasts there were.

The Fusion Joy sect leader was beginning to regret that he didn't leave in time. He knew this wasn't his fault, how could a 7 star sect just easily give up their sect grounds? Plus, their defense defense formation is on par with 9 star sect, it was level nine peak defense formation.

The sect had a few thousand cultivators too, it should be fine to use the defense formation to defend against the sand soul beasts onslaught for half a month. If they do, then the big sects from the South Peace State would come to support them. After all, the news they got was that there would be no more than a few million sand soul beasts.

Now, everyone in the sect realized how big this mistake was. This wasn't a few million sand soul beasts, this was at least 70 million sand soul beasts. There were endless waves of sand soul beasts.

Now, not just the ground but the sky above the sect was filled with sand soul beasts. These sand soul beasts kept coming over, a large grey patch. one couldn't even see the sky.

Even with the level nine defense formation, they wouldn't be able to last half a day and this was mainly because only a limited number of sand soul beasts could attack the formation. Otherwise, even if a tenth of all the South Peace State cultivators came, they would be heavily injured.

...

Ye Mo didn't stop at Qing Hai sect and immediately chased off at the direction the sand soul beasts went. On the way, he saw a few destroyed cultivation cities.

By the time Ye Mo got to Fusion Joy sect, their defense formation was about to fall.

He had heard of this sect as there was a female cultivator called Du Xiuying in here, one of South Peace State ten beauties.

Looking at the dense cluster of sand soul beasts, Ye Mo realized that Golden Sword sect Wen Ziran's intel was completely garbage, there wasn't just a few million here, there was about 100 million. Ye Mo was shook, if South Peace State cultivators can't gather together quickly, these sand soul beasts would be enough to gradually annihilate the South Peace State.

Luckily, he came here in time. After he annihilated these sand soul beasts, he would have to find out where they came from.

To Ye Mo, he didn't really care how many sand soul beasts there were. His Illusion Cloud 8th strike was for mass slaughter.

As soon as Ye Mo came, countless sand soul beasts charged at him.

...

In the defense formation, almost all the sect members came out. Without the help of all these cultivators, this formation wouldn't even be able to last 15 minutes under these attacks.

Du Xiuming bit her lips, she really didn't want to die like that but faced against so many sand soul beasts, she felt a sense of relief. As one of the South Peace State ten beauties, her sect was the weakest. Even Qiu Xue was in Green Pill sect and had a higher status than her. On nicer terms, Fusion Joy sect was a 7 star sect but the truth was that they were a sect that relied on dual cultivation.

Originally, a proper dual cultivation sect was fine. As long as the man and woman chose to be dao partners, then it was natural for them to dual cultivate.

But the Fusion Joy sect today completely goes beyond the line. The male and female cultivators in the second are just completely promiscuous. Other than a few cultivators who dislike this, most cultivators don't even care who their dual cultivation partner is. They could change one everyday as long as it improved their power.

She being one of the South Peace State ten beauties with a very high talent, there were countless people who wanted to dual cultivate with her. If it wasn't that her master was a cauldron filling state cultivator of the sect and she was hollow spirit state, it was almost impossible to preserve her virginity.

Sometimes, she would rather be a demon cultivator than be in this sect.

The reason she hadn't left the sect up until now was that she didn't have the courage to bring this up. She owed the sect, when her family was destroyed, the sect saved her father and her. She was treated very well by the sect.

She was one of the most important core disciples. If she left the sect now, even if the sect agreed, she would bear the name of a traitor and a wolf.

"martial sister Xiuying, what are you thinking about?" a tall long faced cultivator suddenly walked next to her and asked.

Du Xiuying frowned, this was her martial brother Wang Pang, he had to bothered her to dual cultivate with her. He was hollow spirit state level six power while she was only hollow spirit state level four.

Wang CHan said shakily "martial sister Xiuying, now that so many sand soul beasts are attacking our sect, I believe our sect can't change this no matter what. Xiuying... I've always loved you, since we're going to die anyways, we might as well..."

A sliver of disgust flashed across her eyes and she suddenly breathed easy. She felt what was a better time to leave the sect than now.

Seeing Du Xiuying breathe easy, Wang Pang said joyfully "Xiuying, you agree?"

People looked over and some female cultivator sneered in contempt "she acts like a goddess usually and now that she knows she can't live she still wants to enjoy..."

Du Xiuying didn't seem to hear this. she walked to the sect leader and took out her storage ring and magic artefact "Xiuying thank Fusion Joy sect for saving me and my father. Now, I wish to leave the sect, sect leader please allow this."

Everyone looked dazily at her, no one expected her to do this at this moment.

Wang Pang's face burst red, he didn't expect his confession of love further strengthened her decision to leave the sect.

The sect leader frowned and his face went cold. She was one of the most talented sect members and the sect didn't treat her badly. Why did she decide to leave the sect now?

But seeing the storage ring and magic artefact on the ground, the sect leader realized that she knew she would die for sure and she wouldn't be considered a traitor if she left the sect now. It seemed she had long wanted to leave but couldn't make the decision.

Chapter 1472: I know who that person is

"Sigh, your master had left the sect five years ago and there's still no news. Okay, no one can live today anyways so I might as well let you. As for your storage ring and magic artefact, take it. When the formation breaks, even if you can't run away from the sand soul beasts, having your magic artefact means you still have a sliver of chance."

Du Xiuying quickly bowed a few times and said "Thank you sect leader, Xiuying owes the sect greatly. The magic artefact and things inside the storage ring top grade, Xiuying has left the sect, I can't take these."

Then, Du Xiuying left and went to the far side. Staring into sand soul beasts, her heart felt come. However, she stood far away.

She was a hollow spirit state level four cultivator, she didn't have any magic artefact. It was impossible for her to fight her way out.

Seeing this, the sect leader sighed. The elders sighed too. No one was dumb. They knew why she left. What she did was completely opposite to what the sect did. They were a dual cultivation sect and yet she didn't cultivate dual cultivation and made friends with unimportant people.

Was what the sect was doing right? From the elders to the sect leader, they were all thinking about this problem. But soon, they cast the thought aside. Now that the sect was going to be annihilated, what was the point of thinking about this?

"Wait, someone seems to be coming over to help..." one elder's spirit sense scanned Ye Mo.

All the cultivators above golden core state saw Ye Mo come.

“just one person?” another elder added in disbelief. The heart of joy dissipated.

There was no way one person could kill all these sand soul beasts. He would eventually be devoured.

Ye Mo had experience in killing these sand soul beasts. He knew that once they chose a target, they wouldn't stop until they killed the target. This was very scary to others but to Ye Mo, nothing was better than this. he wanted them to all squirm up and attack him.

Zi Xu was released and the Illusion Cloud domain kill strike swung around like a huge sword.

In his sword domain, not a single sand soul beasts could live, not even level 10 sand soul beasts. The sword ray had expanded out to nearly one km.

This terrifying sword ray was like a harvesting machine, the sand soul beasts around Ye Mo instantly cleared. However, how could 100 million sand soul beasts be killed so easily. Instantly, this empty space was filled again.

The purple flower sprouted again until it became a huge purple lotus.

With Ye Mo being the center, the flower sprouted out and quickly moved towards the center of the sand soul beasts tide.

The sand soul beasts shrieked. The empty space only lasted a few seconds and were filled again.

The originally disappointed Fusion Joy sect members were completely dazed now. this wasn't a battle, this was harvesting crops. Was this person even a cultivation realm cultivator? Amidst this many sand soul beasts, not only could he keep his essence spirit stable but also harvest large pacts of sand soul beasts. Just who was this?

The sand soul beasts soon left the sect's defense formation and charged at Ye Mo but they all turned to bodies.

Seeing the dead sand soul beasts bodies gradually form small mountains and then mountain ranges, all the Fusion Joy sect members fell silent. There was only excited panting.

"just who is this..."the sect leader murmured.

"sect leader, the sand soul beasts retreated..." one elder said.

"should we retreat now?" one cauldron filling state elder asked.

Everyone knew this was the best opportunity to leave. If they left after the sand soul beasts annihilated that person, it would be too late.

"I don't think it's necessary, that cultivator is too terrifying. His purple sword technique is insane. Even with the 100 million sand soul beasts, I don't think it's enough for him to kill." An elder said.

The sect leader frowned, he didn't know what to do. if those sand soul beasts gathered around again, the sect would be annihilated for sure. That cultivator was powerful but was by himself, his cultivation essence and spirit sense were limited. He wouldn't be able to last that long.

"I know who that person is..." a body condensation state said.

He called in excitement "it's Mo Yue City city lord Ye Mo. City lord Ye killed 11 truth realisation state cultivators in a row and easily annihilated the Infinity Sect and Lightning Cloud Sect. he's the strongest in South Peace State. he's on par with Chu Jiuyu from many years ago. Now that he's here, our sect is saved."

It's actually Ye Mo? The sect leader just realized and immediately said "everyone prepare to release magic artefact and fight with the sand soul beasts. We'll guard the formation now and cheer Ye qian bei on..."

There was still hope of escaping the instant Ye Mo was killed but if they dared to run away first when the city lord of Mo Yue City came to help them, then they would be dead for sure.

“it’s actually him?” Du Xiuying looked at the purple rays in awe. She knew that although her sect members called him qian bei but she knew he wasn’t younger than her.

The thing she had been hearing the most was legends about Ye Mo. Pill king tournament number one, killing 11 truth realisation state of Pill City, annihilated 9 star sect, saving countless cultivators from the demon prison forbidden grounds... anyone of them was heavenly shocking.

Seeing that large area of sand soul beasts being wiped out by Ye Mo’s purple ray. Du Xiuying had a sudden worry. She was worried that she wouldn’t be able to die, if she didn’t die and left the sect, what would happen? She subconsciously looked at the sect leader and elders but everyone was too excited.

No one wanted to die.

The more Ye Mo slaughtered, the more satisfaction he felt. With this dense cluster, one strike could kill ten thousand or more.

But as there were less and less sand soul beasts, he killed less per swing. Sometimes, it was only a few hundred.

There were a lot of sand soul beasts but it still couldn’t compare with the demon prison forbidden grounds. Later on, the sand soul beasts felt scared but still kept charging at Ye Mo but with a slower speed. Thus, Ye Mo released Illusion Cloud division strike and the countless lightning arcs.

Ye Mo tried to kill them quickly as he knew things wouldn’t be so simple. He had to find the place where these sand soul beasts came from. otherwise, it’s uncertain if the monks of Jin Gang temple could even last that long.

Chapter 1473: Du Xiuying’s adoptive father

Ye Mo quite approved of Qian Wei to offer to stop the spirit devouring bugs. He had seen how powerful they were. The ones he annihilated in the ice god forbidden grounds were probably just one part.

After he annihilated the sand soul beasts, he had to reinforce the monks of Jin Gang temple.

Seeing nearly 100 million sand soul beasts die to Ye Mo's purple sword rays and Ye Mo releasing countless lightning arcs, the Fusion Joy sect cultivators forgot to be amazed. They were scared. To them, Mo Yue City city lord's power was indescribable. No wonder the Lightning Cloud Sect and Infinity Sect were annihilated, they chose such an opponent.

Half a day later, the countless sand soul beasts bodies had piled up to an endless mountain range. Ye Mo stood on top of the mountain range and sighed. Last time in the demon prison forbidden grounds, he would need more than half a day to kill this many sand soul beasts but today, he used less than half a day.

Clearly, his Illusion Cloud domain kill strike was getting more and more powerful.

By the time the cultivators reacted, they realized that all the sand soul beasts had been annihilated clean by the purple sword rays and lightning arcs.

The cultivators all came over and Ye Mo put away Zi Xu.

"Fusion Joy sect Yu Jiyong reet city lord Ye, thank you enduring the labor to come..."

Ye Mo waved his hand and stopped him "it's nothing, Fusion Joy sect has been here for quite some years, do you know what place around here has dense yin chi..."

Ye Mo thought for a while and couldn't find a better way to describe it so he said "a place like the demon prison forbidden grounds that can birth evil spirits..."

sand soul beasts needed evil spirits to reproduce and grow quickly. Ye Mo guessed that they would be living in a place with dense yin chi.

Yu Jiyong didn't expect Ye Mo to ask such a strange question and he didn't know how to answer. He really didn't know where had a lot of yin chi. Even if there was, there wouldn't be evil spirits. Evil spirits were powerful enough to kill truth realisation state.

Yu Jiyong was very anxious. He didn't know the first question that city lord Ye asked him. If he knew the answer, the city lord would have a great impression of him.

"I know." At this moment, a voice helped him.

Ye Mo rejoiced. To be honest, he didn't have much hope when asking. After all, even if there was a place with evil spirits the person wouldn't be able to live to tell the story.

Du Xiuying got up and bowed "city lord Ye, I know that place."

Such a beautiful female cultivator, Ye Mo was surprised to see that she was not only beautiful but also talented. She was no older than Luo Ying but was hollow spirit state level four.

However Ye Mo was strange to see that she didn't have a storage ring and only had a storage bag on her. The Fusion Joy sect couldn't be this poor.

When he saw that nascent soul state and even golden core state cultivators had storage ring, he knew she was a special case.

Yu Jiyong rejoiced hearing her words and just wanted to say something but Du Xiuying walked up to him and bowed "Xiuying thank city lord for taking me in. although I'm not a sect members of Fusion Joy sect anymore I'm very grateful for the sect's teachings and resources."

Yu Jiyong didn't feel too happy, he just wanted to say she was his core sect members.

"you're Du Xiuying? One of South Peace State ten beauties?" Ye Mo thought no wonder she was so beautiful but it seemed she had left the sect.

Du Xiuying immediately answered in joy “yes city lord Ye.”

Yu Jiyong saw there was nothing he could suck up to Ye Mo with so he said “that’s right, city lord Ye. Xiuying has been our sect members. She thought she would certainly die to the sand soul beasts attacks so she left the sect but now that they have retreated, she can come back at anytime.”

Du Xiuying didn’t dare to argue back. Everyone knew she didn’t want to go back but the sect leader said this. she didn’t dare to say she wanted to leave the sect in from of city lord Ye or he might feel extremely disgusted to her. But if she stayed, she wouldn’t have the same treatment as before. she might even fall to the status of an outer sect members.

In the sect, the outer sect members had to dual cultivate with inner sect members if they wanted. She was waiting for Ye Mo to get her to lead the way. If she left, she would never come back.

Ye Mo sneered, he wouldn’t care about this but this sect leader thought of him as an idiot. This made him very unhappy. How could he not understand what was going on.

She wasn’t an idiot, why would she choose to leave the sect before she died? If Yu Jiyong didn’t do that he wouldn’t be bothered saying anything and would at most let her lead the way.

But now, this made Ye Mo furious. How dare Yu Jiyong use him.

Ye Mo said calmly “since you’re not a Fusio Joy sect members you can come with me.”

“yes.” There was joy in her eyes, she could tell Ye Mo was helping her and immediately walked out without hesitation.

Hearing Ye Mo’s tone go cold, Yu Jiyong was scared sweating. He really didn’t want to use Ye Mo but now, he realized how stupid his actions were. He wanted to apologise but Ye Mo couldn’t be bothered seeing him and just left with Du Xiuying in Blue Moon.

...

“thank you city lord Ye.” Du Xiuying wasn’t dumb.

Ye Mo waved his hand “no need, tell me where the place with evil spirits are.”

Du Xiuying nodded “I’m not certain if that is the place city lord Ye is looking for but it indeed has heavy yin chi and I don’t dare to go in at all.”

“tell me about the exact situation. I’ll go in and check.” Ye Mo said.

Du Xiuying said “I was only 13 at the time and my parents were hunted by enemies and they all died at the Ci mountain. Just when I was about to be raped and killed, my adoptive father suddenly charged out from the icy river.”

“I didn’t know him at the time but seeing that they were about to rape a 13 year old girl he was furious. He killed that person but he hadn’t cultivated immortal cultivation before. he cultivated ancient martial arts. The person he killed was chi gathering level four. He killed him and helped me bury my parents. When he took me away, he was injured by the yin chi and had never recovered. He died a year later.”

Ye Mo nodded “are you going to take me to the place your adoptive father was injured?”

“yes.” Du Xiuying immediately answered “after he was injured by the yin chi, he didn’t have the strength to take me away. I was very young but I knew it wasn’t a place to stay so I carried him away. but I was too young and couldn’t go very far. At this moment, the enemies came again and just when we were about to be killed I was saved by my master. My master took us to the sect but even my master couldn’t cure my adoptive father.”

“your adoptive father died a year later?” Ye Mo noticed something wrong and asked.

Du Xiuying nodded “yes, but adoptive father called my master in before he died. He told my master to burn him instantly with inner fire. My master agreed.”

Ye Mo breathed easy and nodded “your adoptive father is a very great man.”

“why are you fine since you went there too” Ye Mo looked at her in confusion.

Chapter 1474: Ci mountain

“I didn’t know at the time but I realized later. It’s probably because I have a pure yin body,” Du Xiuying said quietly. Due to her body, countless people wanted her in the sect.

Ye Mo suddenly grabbed her wrist. Du Xiuying didn’t move as she knew Ye Mo was checking her body type.

“Indeed a pure yin body...” Ye Mo fell silent, but he had never heard of pure yin body being immune to evil yin chi. There must be another reason she was safe, but he couldn’t really check her body.

“After my master left, I never had the opportunity to leave. This time, I can bury the ashes of my adoptive father with my parents. He isn’t from Luo Yue continent. He died saving me, I...” Du Xiuying’s tone was despondent.

“Your adoptive father wasn’t from Luo Yue continent?” Ye Mo asked in confusion.

Du Xiuying said, “Yes, he said he came from the Magical Continent but it wasn’t from any of Luo Yue’s states. There, people cultivate ancient martial arts, not immortal cultivation. He said he came here was because there was a problem with the teleportation formation. He was teleported to a place called Xin Jia Mountain. He knew what it was but he couldn’t get out. After staying there for a few days, he went on another teleportation formation. He was just testing it but it activated.”

“What’s your adoptive father’s name?” Ye Mo asked again.

“He’s called Yun Dongxia...”

Ye Mo immediately remembered who this person was. He was Yun Ziyi’s father, the association leader of Magical Commercial Association. The teleportation formation he took in the small world suddenly exploded. Ye Mo didn’t expect him to go to Xin Jia Mountain and then Luo Yue continent. Meanwhile, Yun Ziyi asked him to help find her father but he was actually long dead.

Thinking about this Ye Mo exclaimed, Yun Ziyi's Sword Valley was also annihilated and she was nowhere to be found.

Ye Mo had decided to find Yun Ziyi when things were over and send her to Mo Yue City. Her disappearance was also related to him.

"Adoptive father said he has a daughter called Yun Ziyi, but I don't know where the Magical Continent is and I can't help him..."

Ye Mo fell silent and comforted after a while, "Don't worry, cultivate hard and there will be a day when you meet each other..."

"We're here..." Blue Moon was too fast.

Blue Moon landed at a place with little spirit chi; there were thorns everywhere and very little vegetation.

Du Xiuying pointed at the Ci Mountain. "Adoptive father took me from there. After this mountain is an icy river, he was hurt by the yin chi between the river and this road."

Ye Mo saw that she only had a storage bag and no magic artifact, so he casually took out a storage ring and threw a few things inside. "You can have this storage ring. I don't know your adoptive father but I know Yun Ziyi, she's a friend."

She just wanted to reject, but hearing Ye Mo knew Yun Ziyi she looked at Ye Mo in shock. "City lord Ye, you know sister Ziyi? Where is she?"

Ye Mo said sadly, "She was a Sword Valley disciple but due to me, the Infinity Sect annihilated the Sword Valley and she went missing."

"No wonder you annihilated the Infinity Sect," Du Xiuying murmured and suddenly bowed to Ye Mo. "Thank you for telling me sister Ziyi came to South Peace State, I'm going to find her now."

Ye Mo waved his hand. "Your power is not enough to roam South Peace State. Plus, there's great calamity in South Peace State now. Danger is everywhere, I will go find her after I'm done with things. If you trust me, go to Mo Yue City and cultivate. I believe with your talent it's not hard to reach truth realisation state. When your power is high enough, if I still haven't found Yun Ziyi, you can go find her."

Du Xiuying calmed down and knew that everything Ye Mo said was true.

"Xiuying thanks city lord Ye greatly." Du Xiuying knew that Ye Mo probably took her in due to his guilt over Yun Ziyi. At the same time, she missed her adoptive father. He lost his life to save her, and now due to his daughter, she had a place to stay.

If one day she was powerful, she would find sister Ziyi at all cost. If she couldn't, she would kill all who made her disappear.

In order to strengthen her will, she put the storage ring on but when she scanned her spirit sense inside, she took it off in shock. "City lord Ye, this is too precious!"

Even the magic artifacts were top grade cultivation artifacts, much less the pills and spirit stones.

Ye Mo waved his hand. "Take it and cultivate hard. If I can't find Yun Ziyi you still need to find her. In the South Peace State, no power means no right to talk. Plus, these things don't mean much to me..."

After hesitating, Ye Mo took out a jade slip and gave it to her. "This is a cultivation method written by a cultivator called Meng Zhe, just cultivate that."

"Primordial Chaos Chant?" Du Xiuying read the words.

"That's right." Ye Mo nodded, she would be much faster in cultivation if she cultivated this.

Du Xiuying took it and didn't say anymore. She knew it was pointless to say 'thank you' now.

Ye Mo saw this and was rather pleased. Her talent was top notch and was very decisive. Her progress was on par with Su Jingwen.

Plus, Yun Ziyi had no family on Luo Yue continent, he couldn't use all his efforts to search for her. Perhaps Du Xiuying was needed to find her.

"City lord Ye..."

Ye Mo shook his head. "I'm a little older than Ziyi, just call me brother like her. Stand back, let me check here."

"Yes, brother Ye." She was worried about Yun Ziyi, but meeting the city lord of Mo Yue City was something one experienced only once in a lifetime. Even she was excited, more excited than she was at Ye Mo giving her top grade cultivation artifact.

Ye Mo searched carefully with his spirit sense, the area was large but Ye Mo's spirit sense was too powerful. In a short while, he had completely searched the place.

This place seemed fine. Just when Ye Mo wanted to release Mist Lotus Heart Fire to burn all the thorns, there was an explosion in one corner. A huge hole appeared out of nowhere and countless sand soul beasts swarmed out. There seemed to be more than the number that attacked the Fusion Joy Sect.

Ye Mo immediately realized that this was a top grade illusion formation. The sand soul beasts were indeed below the Ci Mountain. When the sand soul beasts left, the Illusion Formation immediately recovered, turning everything into thorns.

Seeing so many sand soul beasts pop out, Du Xiuying didn't know what to do.

Seeing this, Ye Mo immediately knew that the previous round was just the herald. Luckily he came in time, or else there might be more sand soul beasts here than the Demon Prison forbidden grounds.

Chapter 1475: Blue stone yellow netherworld road

Before Du Xiuying could react, Ye Mo took her to the entrance of the illusion formation. At the same time, Zi Xu was released. The million sand soul beasts were instantly slaughtered clean by Ye Mo. Ye Mo released a few formation flags and sealed this entrance.

Then, Ye Mo turned to her and said "I'm going down to annihilate them, there should be a few hundred million down there. Leave first, you can go directly to Mo Yue City."

Du Xiuying opened her mouth and wanted to say something but eventually didn't. she nodded and said "okay."

Ye Mo didn't mind and set up a few trap formation and disappeared into the illusion formation.

Du Xiuying didn't understand formation and could only retreat to the outskirts of the Ci mountain. She didn't go to Mo Yue City like she was told. Hearing there were a few hundred million sand soul beasts, she was worried about Ye Mo but couldn't say it. thus, she could only wait here.

After entering, Ye Mo immediately saw a seal. It was the same type of seal as the ones in the demon prison forbidden grounds. Clearly, it was set by the same person. Ye Mo immediately thought of Lu Zhengqun but he didn't break the seal and go inside. Instead he started to study it.

It was very high level and not something a level nine formation grand master could set up. But Ye Mo had seen this type so many times. He checked it and immediately knew his guess was right. This seal was suddenly activated. Meaning that it was activated before the timer set.

It seemed him taking the sapling really pissed off that guy in the immortal realm. that guy probably couldn't come down so he had to activate the seal.

Ye Mo broke the seal without hesitation and set up a new seal. Then, he went inside along the seal.

This place was just like the demon prison forbidden grounds, there was a sand stairway leading down. As soon as Ye Mo got on the stairs, a few hundred sand soul beasts surrounded him.

Ye Mo slaughtered his way down. In a short while, countless sand soul beasts had died to his sword. When Ye Mo got down the stairs, he saw a blue rock road leading into the distance and dazed.

Wasn't this the blue rock road behind the demon prison three birth bridge? When he took the seal flag and the road disappeared, Ye Mo had a strong feeling that the place was dangerous to him and he couldn't keep staying.

So, he took Jing Yingli and left without hesitation. He even sealed that place. how come he saw the blue rock path here? Was this the other side of it?

Ye Mo suddenly felt this skin crawling. He knew this road was probably an illusion but no matter how he looked at it, it really extended into the distance.

Countless sand soul beasts emerged from the end of the road. Ye Mo stayed on the last step and didn't go down. His next step would be on the blue stone road but he felt the road was too eerie.

Even though he didn't go down, there seemed to be an endless calling from the other side of the road. It seemed to be a familiar voice one moment but then completely strange another moment it was an unfamiliar voice. That calling wanted him to quickly get on the road and keep going forward.

Ye Mo forced his brain to stay awake. He believed that if it was some other person, he would've crippled already.

If there weren't sand soul beasts there, Ye Mo would leave without hesitation and seal it like the demon prison forbidden grounds.

But now, he couldn't go, he had to annihilate them all. Who knew if they could pop out from some other place? the safest way was to kill him all.

The howls and screams of the sand soul beasts mixed as they charged at Ye Mo completely surrounding him.

Ye Mo released Zi Xu and started the carnage. Ye Mo completely stopped the sand soul beasts from coming onto the stairs.

But as he killed more, the less Ye Mo cared. All he knew was to release purple sword rays like crazy as he killed the sand soul beasts. Eventually, Ye Mo completely forgot what he was doing, he was just slaughtering sand soul beasts like a machine. He completely didn't notice that he had long come off the stairs and stood on the blue stone road. He killed his way over, there were countless sand soul beasts bodies around him.

Now, Ye Mo was just waving Zi Xu frantically but the sand soul beasts around him were all dead. However, his eyes were red and he had no intentions of stopping.

When his cultivation essence ran out, he took out pills without hesitation and even took out immortal crystals. Then, he waved Zi Xu around space that had no sand soul beasts.

Rumble, after absorbing immortal crystals, Ye Mo felt his meridians about to explode. A powerful immortal spirit chi charged into his dan tian. This made him wake up momentarily. Ye Mo shivered and went into the golden page world without hesitation.

Truth realisation state level eight, the instant he reached truth realisation state level eight, he woke up and went into the golden page world. If he didn't have the golden page world, he would fall into that crazy state once again.

So powerful, Ye Mo was shook. He finally knew the power of immortals, he didn't even fight them and that person just set a formation here and he almost died.

Ye Mo sat next to the bitter bamboo and exerted out the evil yin chi inside his body. A dark grey mist emitted out of his body and was burned by the mist lotus heart fire.

Half a day later, Ye Mo was completely awake. He threw out a surveillance formation. There were endless piles of bodies but no blue stone road nor stairway.

This meant that he had long gone off the stairs and went onto the road. If he didn't have a lot of immortal crystals and reached truth realisation state level eight he would've lost himself already.

Ye Mo checked his immortal crystals quickly. He had used up nearly 200 immortal crystals in that go, this was too scary.

In this place, Ye Mo didn't dare to take out bitter bamboo leaf. he didn't want the bitter bamboo chi to leak out. Ye Mo came out carefully and found that the blue rock road appeared again. Ye Mo shivered and was ready to go into the golden page world at any time. Then he released Zi Xu and checked around carefully.

He didn't know where he came from. he couldn't scan the end of the road ahead and behind him. This was the first time Ye Mo had seen an illusion formation this terrifying. He didn't know whether to go forward or backward.

Ye Mo retreated two steps and suddenly saw a huge stone tablet on the side of the road. It had the bloody words blue rock netherworld road.

Ye Mo immediately thought of the three birth bridge and he was furious. He released Zi Xu and hacked on the stone tablet.

Seeing that Zi Xu was about to strike it, Ye Mo suddenly had an extremely bad feeling and he forcefully stopped the strike and moved it to the side.

With this, there was a powerful backlash and he spat blood out.

Ye Mo waved his hand and the blood turned to mist.

The purple sword rays slid past the stone tablet and onto the blue rock road. It immediately splattered apart. Seeing this, Ye Mo was confused. This blue road didn't seem to be an illusion.

Ye Mo calmed down instead. He only had one thought and that was to leave. Whether it was to help the Jli Gang temple monks or his current power, he couldn't stay here.

Chapter 1476: Battle hollow immortal again

Ye Mo couldn't see through this illusion formation despite being level nine formation grand master peak.

Ye Mo was planning to choose a direction based on his sixth sense and find the end of the pile of sand soul beasts bodies. That should be where he came in. but when he was about to choose, he found that both direction had this calling for him to go over.

Ye Mo settled his mind and didn't dare to think about it. his gaze fell upon the shattered road. The reason he didn't hack the tablet was because he had the feeling that he must not do that.

If Ye Mo didn't guess wrong, all this was set up by Lu Zhengqun. He knew the sapling was taken but he didn't come down.

It's not that the sapling wasn't important but he couldn't come down. Thus he released the sand soul beasts. He was probably prepared to come down a few hundred years later. It was best to find the way that guy would come back and block that road.

Ye Mo shook his head, he knew that was probably very hard. He moved his gaze to the tablet. It just appeared there suddenly and gave him an impulse to destroy it. this definitely didn't come from his heart, it was affected by the illusion formation. This was very abnormal. Why did the illusion formation want him to destroy it? even with his firm mental state he almost fell for it.

At this moment, Ye Mo found that the blue stone road disappeared once again. He was just standing on fine sand and there were endless sand soul beasts bodies here.

However, the shattered pieces of the road didn't disappear. The stone tablet was still derelict in the sands. Ye Mo was very calm this time.

Just when Ye Mo wanted to take a piece of the blue rock into his golden page world to study if it was real or an illusion, he saw a piercing light shine before him. He subconsciously took a few steps back and a round light pillar appeared on the rock he hacked.

Ye Mo had a bad feeling and wanted to release Zi Xu to hack that pillar but he heard a laughter. A golden robed cultivator appeared and then light pillar disappeared. Ye Mo found that those blue rock pieces had turned grey.

Hollow immortal? Ye Mo saw this cultivator's cultivation essence wave was completely different to his but quite similar to that Cheng Sheng.

The golden cultivator looked coldy at Ye Mo and a blue run appeared on him. Then, he released a green spear. He shook his hands and the spear turned into a green strand.

Ye Mo saw this strand wasn't coming for him but the netherworld road stone tablet. He immediately had a very bad feeling. Without hesitation, he hacked out Zi Xu with full power blocking the attack.

Rumble.

In a huge explosion, purple and green rays splashed everywhere. Clear void fissures appeared in the space. Tens of space wind blades shot out. Ye Mo wouldn't even care if they hit him, it wouldn't even tear open his armor but at this moment, Ye Mo had the feeling he should dodge these space windblades.

Without hesitation, he dodged those space windblades and stood before the stone tablet.

He just shattered a blue rock and a hollow immortal was teleported here, what would happen if he shattered the stone tablet?

"hmm?"

The golden robed cultivator was surprised to see Ye Mo not sent flying after clashing with him. Since when was there such a powerful cultivator in the cultivation realm? even though his power was suppressed a little in the cultivation realm and couldn't use his full power, but he was still a hollow immortal. Even though his cultivation essence didn't completely convert to immortal essence he was still an immortal.

“no wonder you dare to touch master’s thing, so you think you’re strong.” the golden robed cultivator sneered.

Ye Mo asked heavily “if it because I shattered a blue rock and thus you came down?”

the golden robed cultivator said calmly “you’re not dumb. On account of your power, if you’re willing to serve the heaven lord and hand over what does not belong to you, perhaps the heaven lord master will consider letting you live.”

Ye Mo said “why do you want to smash this tablet as soon as you come down? Would there be more powerful people coming down then?”

the golden robed cultivator sneered “that’s not something you should care about, do you agree or disagree?”

“keep dreaming, if you want to be Lu Zhengqun’s dog it’s your business, don’t bring me into it.” Ye Mo sneered.

Ye Mo was testing, he wasn’t certain if this was related to Lu Zhengqun.

“so you did it kid, why did Cheng Sheng die? Did you take it?” the golden robed cultivator showed a cruel look as though he was about to tear Ye Mo apart.

Ye Mo released a low grade cultivation artefact shield and said in contempt “if you want to fight then fight, cut the talk.”

Hearing this, the golden robed cultivator furious, a mere truth realisation state level eight dared to say this to him.

His spear brought a green flame and struck at Ye Mo. Before the spear arrived, the flame already burned space cracking. To him, that low grade cultivation artefact shield was like nothing. His spear flame could easily melt it.

This strike was much more powerful than his previous strike. Ye Mo could feel the dominating force of the spear and it seemed all the space around him was under this space. However, Ye Mo had a strange feeling.

This strike surpassed all the cultivators Ye Mo had ever fought and it gave him this sudden enlightenment.

Zi Xu hacked out but this time, it didn't have any purple ray.

At the start the golden robed cultivator was sneering. He knew Ye Mo was not bad to be able to block his casual attack but this wasn't his casual attack.

Moments later, his face changed. Ye Mo's strike brought a killing force around him, that endless killing intent swept at him. It was an ordinary strike at the beginning but when he felt the killing force and killing intent of the strike, the strike had formed its sword force. That powerful force seemed to point at his weakest spot.

He was a hollow immortal cultivator and yet he showed fear towards a truth realisation state cultivator, the golden robed cultivator was ashamed. He released a brick shaped defense magic artefact without hesitation. The spear attacked even faster, he was going to kill Ye Mo before his sword force was completed.

Even if he couldn't kill Ye Mo, Ye Mo had to defend against it.

The brick magic artefact instantly turned to ten meter size and completely protected the hollow immortal. Ye Mo's strike had to bypass this golden brick no matter what.

Ye Mo was expressionless, the sword force and killing intent of Zi Xu was growing stronger and stronger. He had a feeling that this strike was completely different to Illusion Cloud sword technique. But his desire to this strike was extremely strong. Ye Mo was going to hack it down no matter what.

The golden robed cultivator had a very bad feeling, but the only thing he could do was activate his spear faster.

Crack, the spear hit the low grade cultivation artefact and it was like a cracked open like dried paper.

the golden robed cultivator rejoiced, he knew Ye Mo was over. There was no way Ye Mo could live being burned by the green flame.

But when the golden robed cultivator saw that Ye Mo still had no intentions of dodging, he had a bad feeling but he didn't know what exactly it was. Ye Mo should be trying to avoid it at all costs and not try to attack him.

Rumble.

Zi Xu hacked onto the golden brick and the purple ray that didn't come out finally activated when Zi Xu struck the golden brick.

Thud.

the golden robed cultivator's green spear struck Ye Mo at the same time, green flames spilled and the flame instantly engulfed Ye Mo.

Chapter 1477: Break your path

The instant his green spear pierced Ye Mo, the golden robed cultivator knew he was tricked. Ye Mo's body was on par with low grade immortal artefact, and with his cultivation essence protection, his green spear only pierced a few centimeters and was stuck in the bone.

What shocked him the most was that Ye Mo was unaffected by the green flame but soon, he realized what was going on. A faint purple flame rose about Ye Mo's body completely separating the green flame. It even started to devour the green flame.

"purple mist lotus heart fire." the golden robed cultivator called out in shock. He completely didn't believe that a cultivation realm cultivator had a purple heaven flame. The most powerful cultivation realm cultivator he saw had an aqua heaven flame but now he saw purple heaven flame. A lot of immortal realm cultivators didn't even have this.

Ye Mo had gone through the torture of body refinement. The damage of the spear would be unbearable to ordinary cultivators but Ye Mo didn't seem to feel it. he inserted his cultivation essence like crazy into Zi Xu.

Crack.

When purple sword rays splashed, a crack opened on the purple brick but quickly reduced in size.

Splurge.

The brick was hacked away but Ye Mo's sword light didn't stop. It sliced down from the golden robed cultivator's shoulder.

Blood flashed and the golden robed cultivator's shoulder was sliced off. Before it fell to the ground, the purple sword rays twisted the arm into a bloody mist.

the golden robed cultivator retreated a few steps in a pale face. He knew that it wasn't he couldn't beat Ye Mo but he was tricked. When he saw that his sword couldn't pierce Ye Mo deeper, he knew Ye Mo definitely was a god state body refinement.

A truth realisation state level eight who was this young and also a god state body refinement. This would be extremely shocking even in the immortal realm but he had to encounter it. if Ye Mo wasn't a body refinement cultivator, that spear strike would've turned him into a bloody mist already.

"you're indeed very cunning, no wonder Cheng Sheng would die to you." the golden robed cultivator glared at Ye Mo with fiery eyes. If possible, he would've eaten Ye Mo alive now. he was a hollow immortal but he was injured by a truth realisation state cultivator, this was a huge insult.

Ye Mo ate a pill and ignored the hollow immortal's words. He felt regretful that he couldn't fully learn that new move as the instant he was pierced by the spear, that feeling disappeared.

“pity, you have no chance now.” the golden robed cultivator flung a black jade bottle into the air and spat some essence blood towards it. he used some hand signs and said softly “enter samsara...”

The black word “samsara” flew out of the jade bottle and gradually grew big until it covered all the space around here. A bleak wind started to rise creating this faint whimpering sound.

Suddenly, a temple appeared before Ye Mo and inside he held a charred bun. When he was about to eat it, the bun disappeared and an old man appeared before him.

“ordinary spirit root but he can be a pill concoction child at Magical Herb sect...” the old man smiled and touched his head.

Ye Mo’s heart was shook, he quickly used the Three Birth Chant and woke up from it. he immediately knew this was a magic artefact to catalyse a heart demon tribulation but this golden robed cultivator used it on the wrong person. He cultivated the Three Birth Chant and had the bitter bamboo. If he wasn’t inside this illusion formation, he wouldn’t even begin that thought.

Seeing Ye Mo daze, the golden robed cultivator pressed his hand and the word was about to press on Ye Mo’s head.

But at this moment, Ye Mo suddenly opened his eyes and smiled at the golden robed cultivator. the golden robed cultivator instantly realized that Ye Mo wasn’t controlled by his samsara bottle.

His face was shook. He didn’t expect Ye Mo was this absurdly powerful. The reason he wanted to break the tablet was not because he was scared of Ye Mo but the master ordered him. The master was going to come down personally and the tablet must be broken.

Now, he realized Ye Mo wasn’t someone he could deal with, the golden robed cultivator pulled down the rune from his body without hesitation. He didn’t even take back his jade bottle.

But before he could, Zi Xu already hacked out.

the golden robed cultivator instantly felt he was bound by his surroundings. He rushed his immortal essence out like crazy wanting the laws of this realm to take him away.

if he didn't try to run and use this green spear, he might be able to fight with Ye Mo for a while and find a chance to run away. but now, it was impossible to leave from Ye Mo's domain.

quite many times people have escaped from Ye Mo due to immortal ascension, how could he not be alert now?

Illusion Cloud domain kill strike struck out, Ye Mo's domain connected with the sword domain making the golden robed cultivator even slower. But with the use of his immortal essence, he broke free from Ye Mo's domain in less than a second. Sometimes, one second was very long and sometimes very short. For Ye Mo, this second was enough.

At this moment, the golden robed cultivator realized his biggest mistake was to try and run immediately. But he realized too late and that door sized purple ray struck him.

Blood mist sprayed out and at the same time, Ye Mo summoned shadowless. Shadowless dashed at the fleeing essence spirit instantly.

This was a hollow immortal essence spirit, Ye Mo was worried if it would be too much for shadowless but he already devoured it and flew shakily towards Ye Mo. Ye Mo quickly sent shadowless back into the golden page world before grabbing the broken brick and samsara bottle. Then, he picked up the green flame spear.

However, Ye Mo was confused that he didn't see a storage ring. He didn't know if it was that it couldn't be brought down or something.

If he got the storage ring of a hollow immortal, there would be quite some immortal crystals from there.

Ye Mo sealed these things. He needed to quickly find a way out. What was this stone tablet? Why did the golden robed cultivator want to break it immediately.

Ye Mo walked to the stone tablet and the more he looked at it the more it seemed strange. Ye Mo waved his hand wanting to take it into his golden page world to study but then he realized that his spirit sense that could move mountain ranges couldn't move this stone tablet.

If this stone tablet was broken would more powerful cultivators come down? Thinking about this Ye Mo thought if Lu Zhengqun came down, he would definitely annihilate the entire Luo Yue continent.

Ye Mo took out the time formation disk. This was the first time he took it out. He didn't have that much time but if he didn't study this stone tablet, he couldn't leave this place feeling secure.

Soon, the time formation disk started spinning rapidly surrounding Ye Mo and the tablet inside.

A month later, Ye Mo put away the time formation disk with a face full of fatigue. He had completely understood what it was now. it was the formation heart of the illusion formation but something like the Fish Jump Through Dragon Gate.

There was a rune inside the tablet and even Ye Mo didn't know what it was but it was definitely top grade thing from the immortal realm.

The restriction inside the tablet would explode after a set time and the rune would be activated. Then, a teleportation pillar would form.

The endless blue stone road was just an illusion formation formed by seven blue stone rocks. There were still six left.

Each one had a rune inside but the rune seemed dimmer in color.

Knowing this, how could Ye Mo leave a ticking time bomb here.

Chapter 1478: Ci mountain truth realisation state cultivator

Ye Mo started to set up formation and in half an hour, the tablet was easily taken into his Golden Page World. he sealed it inside his Golden Page World.

With that gone, the view before him brightened up. His spirit sense easily scanned to where he came in before.

Ye Mo breathed easy and quickly went back to the stairs, completely sealing this place before exiting.

He had killed all the sand soul beasts and took the stone tablet. He killed the hollow immortal sent by that Lu Zhengqun. Ye Mo thought that that guy was probably jumping around in fury. This guy was so evil, wanting to annihilate an entire cultivation realm, but he didn't have the power to fight him right now. When his power reached that level, Lu Zhengqun could only wait to die. He wasn't going to let such a go out.

As soon as Ye Mo came out, he saw Du Xiuying sitting on the ground and asked in shock, "Why haven't you left yet?"

Then, Ye Mo immediately saw a body not far from her and the messy grounds. Clearly, there was an intense battle. Du Xiuying's face was pale and she seemed to have received some injuries.

It was a dead young female cultivator, Ye Mo could tell that Du Xiuying killed her as she gave her two level nine ice arrow runes. He forgot whose storage ring he got that from and he didn't need to use it so he gave it to Du Xiuying.

Du Xiuying saw Ye Mo come out and got up in joy. "Brother Ye, you're finally out!"

"What's going on?" Ye Mo asked, but before Du Xiuying could reply, two dashing lights came here instantly.

There was one truth realisation state cultivator and one hollow spirit state level four. That truth realisation state was truth realisation state level nine.

“Who dares to kill my disciple!” the truth realisation state’s furious voice sounded. His face was quite dark.

Ye Mo scanned them and signalled Du Xiuying to continue talking.

Du Xiuying knew Ye Mo’s power and felt safe. She pointed at the hollow spirit state level four who just came. “I was spirit controlling the flying magic artifact and that cultivator and the dead female cultivator came. After discussion, one of them wanted my flying magic artifact, the other wanted to...”

Ye Mo realized, he gave her top grade flying cultivation artifact and the two cultivators came. Seeing she was so beautiful, they decided to gang up on her. The female definitely wanted the top grade cultivation artefact and the male cultivator probably wanted her body and storage ring.

But they didn’t expect the things Ye Mo gave her was too powerful. Du Xiuying easily killed one with ice arrow rune and the other could only run.

The truth realisation state level nine saw Ye Mo standing next to Du Xiuying and studied Ye Mo. He found he didn’t know Ye Mo at all.

But he didn’t fight immediately and stared coldly at Ye Mo. “Don’t you think you’re lowering yourself to kill my hollow spirit state sect members?”

Ye Mo sneered he couldn’t even be bothered replying. If this truth realisation state wanted to fight, he would kill him immediately. He even killed hollow immortals, why would he care about this truth realisation state level nine? The two cultivators had a very dense water chi. Ye Mo guessed they came from the Heartless Sea.

The hollow spirit state level four quickly said, “Master, the woman killed her.”

How could the truth realisation state cultivator not know this, but Ye Mo’s power was quite similar to his. He wanted Ye Mo to show some resolution but Ye Mo couldn’t even be bothered talking to him and he was furious.

He said to Du Xiuying, "Kill yourself, I'll leave you with a whole body."

Du Xiuying rebuked without hesitation. "I was spirit controlling my magic artifact and your disciple came to rob it, am I not allowed to retaliate?"

"Our cultivation home is here, this land all belongs to us. You were cultivating on here, are we not allowed to kick you away?" the hollow spirit state level four said ferociously. He thought that with his master here, those two cultivators would certainly die.

Hearing such unreasonable words, Du Xiuying was so angry she didn't say anything.

Ye Mo frowned, why would a truth realisation state level nine suddenly take his disciple to here to open a cultivation home and cultivate? The spirit chi here was so scarce.

Seeing that Ye Mo seemed to be backing out and didn't argue back, the truth realisation state level nine felt more confident. He said coldly to Du Xiuying "if you kill someone, you need to pay with your life. you have ten seconds, otherwise I will do it. you will turn into bloody mist."

Ye Mo suddenly said, "Killing needs one to pay with her life, regardless of right or wrong correct?"

"That's right, in my eyes, she needs to pay with her life, so what if it was my disciple's fault? How can that bitch compare with my disciple? Just because you're truth realisation state level eight, don't think you have a right to talk with me. If you piss me off, you will have to pay too..."

He felt that Ye Mo's tone seemed to be weakening so he was getting more and more impolite.

Ye Mo smiled and suddenly waved his hand. A wind blade shot out, the hollow spirit state level four was sliced into a blood mist before he could react. Even the truth realisation state level nine couldn't react.

Then Ye Mo looked at the truth realisation state level nine and said, "I killed your royal disciple, that should've angered you too right? And I've talked so much to you, hurry up and let me pay with my life."

Du Xiuying couldn't hold in her laughter.

Seeing this, the dark faced truth realisation state was extremely shook. He could tell that Ye Mo's power would only be higher than his. He immediately released a grey skull flag and stared at Ye Mo. "Who are you?"

Ye Mo ignored his words and didn't even release his magic artifact, he asked with his hands behind his back "Your cultivation home is near here?"

The cultivator subconsciously nodded. "That's right."

Then he felt his tone was weak and raised his voice. "Who the hell are you? I know all the famous cultivators in South Peace State, there's no one as young as you."

Hearing this, Ye Mo knew this cultivator hadn't been to South Peace State for a long time or he wouldn't say such a thing.

"Do you have some secret for building a cultivation home here?" Ye Mo asked.

"You're asking to die." The black cultivator raised his flag. Moments later, the sky near here darkened. Countless skulls flew out of the flag.

Du Xiuying subconsciously shivered. She felt shivering cold. She was a pure yin body type but even she couldn't deal with such coldness.

Ye Mo sneered and took a step forward. Zi Xu hacked out.

Purple flight flashed and all the black bones were hacked back into the flag. The sky brightened up again. The black faced cultivator's face changed. He had seen many people use all sorts of ways to counter his flag, but none like Ye Mo who just hacked out like that.

Chapter 1479: Power of the Heaven Flame Nine Suns

Just one move and the black faced cultivator immediately knew he definitely was no match for Ye Mo. His first reaction was to take the skull banner and run.

But when he was about to run, he was shocked to find that Ye Mo's domain had reached a state that was cast at will. It easily broke his domain and bound him. He would need at least a few seconds to break free from this domain and in this time he could die countless deaths.

"Don't kill me, I'll say it..." the truth realisation state level nine called out quickly.

The activated sword ray stopped above his head spitting out rays. If the cultivator said it one second later, he would have been sliced open by this sword beam.

There was a sliver of joy in his heart, not because this cultivator was willing to talk, but because he could stop Zi Xu according to will. Before, he had to forcefully stop his full powered attack which caused a backlash.

But now, he could stop Zi Xu at will. This gave Ye Mo a sense of enlightenment. He felt he was about to grasp something.

"Friend, I'm willing to say it, please put away your sword beam..." the ten meter long sword beam was scaring the truth realisation state cultivator. He was scared Ye Mo would shake his hand and cut him open.

Ye Mo sighed, his enlightenment was interrupted again. This made him annoyed and he yelled, "Hurry up then, I don't have time to play with you!"

"Yes." The truth realisation state cultivator quickly said, "My martial ancestor left behind a flying sword seal before his immortal ascension. If the flying sword seal breaks, it meant that the fortune of our sect has come and I'm to find sand soul beasts at the Ci Mountain..."

Suddenly, the truth realisation state cultivator stopped. Ye Mo wanted to ask him why and suddenly felt something was wrong with him. There was a look of extreme terror, more terror than when he was

about to be killed before. Ye Mo covered him and Du Xiuying with the octagonal cauldron without hesitation.

“And break the netherworld...” as though knowing he was tricked, he desperately tried to say the last words but he completely exploded before he finished.

Rumble

This self destruction was enough to completely erase nearly 3 kilometers of land.

After the explosion, Ye Mo put away the octagonal cauldron and Du Xiuying saw that only her and Ye Mo stood in this perimeter.

“He was willing to say it, why self destruct?” Du Xiuying asked in shock.

“Things probably aren’t so simple,” Ye Mo seemed to be murmuring to himself.

Ye Mo guessed that either in his bloodline or cultivation method, an extremely cruel restriction was set. If one revoked it, they would self destruct.

This thing definitely had something that stopped the sand soul beasts from attacking him, but now that he self destructed, all clues were gone.

Ye Mo really wanted to go to this person’s sect and see what their martial ancestor’s relationship with Lu Zhengqun was.

“How long was I been down there?” Ye Mo asked.

“Eight days.” Du Xiuying quickly replied.

“Oh shit...” Ye Mo said and released Blue Moon taking her quickly away.

Qian Wei told him he could last for seven days, but this was the eighth day now.

Ice Sword Sect and Golden Sword Sect had quite similar names, but the difference in power between the two was immeasurable. Ice Sword Sect was just a 5-star sect, but Golden Sword Sect was an 8-star sect. With the Truth Spirit pills provided by Flowing Snake City, Golden Sword Sect would reach 9-stars in a matter of time.

...

Appearing above the Golden Sword Sect, Du Xiuying was completely dazed. She thought the scene at Fusion Joy Sect was horrendous enough, but now she completely changed her mind. Ice Sword Sect was just a 5-star sect, but they had nearly 1000 kilometers of land.

Now, the sect was completely unseen. There were only Spirit Devouring Bugs before their eyes for over 1000 kilometers. With this many, so what even if an immortal came?

Du Xiuying shivered but found that as they stopped, countless of them had swarmed over.

Even Ye Mo's skin was crawling. With this many, how could Qian Wei stop them?

Even he would have to run if he didn't have Heaven Flame Nine Suns. Many of these bugs had devoured cultivator essence blood and reached higher levels.

How many cultivators would be needed to annihilate all these Spirit Devouring Bugs? Ye Mo took a cold breath in. If Lu Zhengqun set this up, just what did he want to do? Even the sand soul beasts could annihilate the cultivation realm, why send all these Spirit Devouring Bugs?

If the South Peace State was like this, what about North Far State, West Extreme State, and East Black State? Wouldn't they be annihilated already?

"Brother Ye... we, we..." Du Xiuying was shaking. She didn't feel that scared seeing the sand soul beasts, but the Spirit Devouring Bugs made her completely frightened.

Then, Du Xiuying vomited. The terrifying smell and look of the Spirit Devouring Bugs made her unable to control her disgust.

Ye Mo knew that she really didn't have the courage to keep staying here. The Spirit Devouring Bugs here were too many and too scary.

The reason Ye Mo didn't attack immediately was because he was trying to find Qian Wei with his spirit sense.

Soon, Ye Mo had a joyful look. He saw at the heart of the sect there was a big golden bell. Countless Spirit Devouring Bugs were hustled there biting the bell, which was covered in craters.

But Ye Mo was shocked to find that the bell was a low grade immortal artifact. If these bugs could even eat a low grade immortal artifact, what else in the cultivation realm could they not eat?

Ye Mo knew that Qian Wei and them were probably inside the bell. If he came just half a day later, the bell would have disappeared.

Du Xiuying still wanted to talk, but Ye Mo waved his hand and a purple sun was released. It hung in the sky releasing waves of purple beams. They quickly fell and scattered from a radius of 10 meters to tens of kilometers.

Ye Mo's face went pale. During his solitary cultivation, although the Heaven Flame Nine Suns changed to purple color and his spirit sense also drastically increased due to the spirit nourishing well, he still couldn't stand the use of Heaven Flame Nine Suns.

If it was a radius of a few kilometers he could last longer, but this tens of kilometers radius made it a great struggle for him.

Ye Mo knew that these bugs were different than the sand soul beasts. He had to annihilate all the Spirit Devouring Bugs without a thousand kilometer radius. Otherwise, they would run away, and that would be a huge disaster.

Almost all the Spirit Devouring Bugs melted to smoke as soon as the sun shone upon them.

Du Xiuying had never seen this and seeing that the bugs couldn't even last a few seconds, she immediately rejoiced. There was a sudden impulse in her heart. She couldn't describe what it was.

When she moved her eyes to Ye Mo, she was very shocked. Ye Mo's face was getting more and more pale. White mist was coming out of his body – clearly, he had been trying his best.

Du Xiuying wanted to talk but at this moment she realized she couldn't disturb Ye Mo. However, Ye Mo suddenly left Blue Moon.

Chapter 1480: Qian Wei's Disappointment

Then, she saw Ye Mo burn his way over. The purple sun above his head shone out countless purple rays. The rays were like fire and turned billions of Spirit Devouring Bugs to dust. Du Xiuying's spirit sense followed Ye Mo and soon found that the purple sun increased to a bigger range.

It increased to nearly 100 kilometers and Ye Mo's face went from pale to red instead. Du Xiuying's heart clenched, she knew that Ye Mo was heavily injured. Soon, she realized why Ye Mo expanded the sun, it was because some of them started to run.

However, Ye Mo was getting faster and faster and his sun getting hotter and hotter. In less than half an hour, the heaven filling Spirit Devouring Bugs loosened up and disappeared.

When Ye Mo circulated the thousand kilometers around Ice Sword Sect and finally came before Blue Moon, he couldn't help falling to the ground.

The purple sun shrunk and landed before falling onto Ye Mo's head and disappearing. There were only about a few thousand Spirit Devouring Bugs above in the sky. This wasn't enough to threaten a sect, a slightly higher powered cultivator would be enough to kill these Spirit Devouring Bugs.

Du Xiuying quickly controlled Blue Moon to land next to Ye Mo and help protect him.

She was very worried, she knew that no one would come harm Ye Mo now but she was still worried. She had seen what Ye Mo did and knew what he meant to South Peace State.

Without Ye Mo, just those sand soul beasts were enough to flip South Peace State over.

Sometimes, the more one worried about something the more it would happen. Although there were only about a few thousand bugs left and theoretically they should've flew off, they didn't. Instead, they gathered together.

Just when Du Xiuying didn't know what was going on she heard a sharp shriek. This time, she saw what it was. It was a Spirit Devouring Bug, but it was so much bigger than the rest.

It was completely red and ten times the size of the rest. Then, it charged at Ye Mo. Du Xiuying was shook and quickly released her flying sword, hacking at the bug.

She thought with her hollow spirit state middle stage power, she could easily kill a bug.

But the clash of metal sounded and Du Xiuying's heart sunk, her flying sword not only didn't kill the bug but was instead knocked flying away. The bug ignored her and instead charged rapidly at Ye Mo as though it wouldn't stop unless it killed Ye Mo.

The few thousand bugs also followed this huge Spirit Devouring Bug.

She quickly set up a shield but at this moment, she heard another shriek. A figure her spirit sense didn't even notice charged at Ye Mo.

Meanwhile, the Spirit Devouring Bugs quickly crippled hearing this sound.

However, that black figure didn't stop there, it charged up fast like lightning. Everywhere it went, Spirit Devouring Bugs disappeared.

Only now did Du Xiuying see clearly what it was, it seemed to be pea sized. How did it eat so many bugs that were much larger than it?

Finally, this angered the largest bug, it charged at the black figure without fear while the black figure did the same.

The two figures clashed together creating the sound of metal clashing. Then Du Xiuying heard a crunching sound.

But at this moment, Ye Mo got up and Du Xiuying immediately came up to him. "Are you okay?"

Ye Mo smiled. "Thanks for protecting me, I've recovered a lot."

That round of Heaven Flame Nine Suns was too exhausting. Although it was impossible to completely recover this quickly, Ye Mo recovered 30% of his power.

Du Xiuying's face went red, she didn't help at all. She couldn't even beat a bug.

But Ye Mo didn't say anything, he yelled at the black figure, "Don't eat in such a disgusting way, hurry up!"

Then, Du Xiuying realized that the small pea-sized thing had already eaten the big Spirit Devouring Bug.

Then, the black bug shot in a line and disappeared into Ye Mo's hand.

After a while, Du Xiuying asked in a daze, "Brother Ye, that's your bug? You keep bugs?"

She suddenly shivered and imagined a scene where countless of these black bugs circulated Ye Mo and they were all kept by Ye Mo.

Ye Mo nodded. "Yes, this is my bug. The Spirit Devouring Bug before didn't fear Shadowless because it was possessed. It's probably a cultivator who had enmity with me, so it's instinct was to charge at me. Otherwise, all those Spirit Devouring Bugs would've escaped."

Ye Mo looked at the bell in confusion. "Why doesn't the old monk come out, is he planning to celebrate new year inside?"

Then, Ye Mo walked over at the ditched bell.

Ye Mo reached out his cultivation essence giant hand and opened the bell and found Qian Wei was more heavily injured than him. His face was pale like paper, the rest of the people were also heavily depleted in spirit sense and cultivation essence.

There were about 100 or so people inside. Other than seven monks, the rest were probably Ice Sword Sect cultivators. However, this sect had mostly female cultivator.

Ye Mo realized that they used all their spirit sense and cultivation essence to activate the bell that they didn't even have the power left to open it.

This old monk had quite the luck. If he was close to the monk, Ye Mo would've joked already.

"Thank you city lord Ye. I'm ashamed, I thought I would be able to stop the Spirit Devouring Bugs, but they were endless. I wasn't even able to survive for a day, we completely relied on the treasure of the Jin Gang Temple to survive. City lord Ye's power is out of the world. Reaching immortal state, I'm really amazed." Qian Wei sighed.

Ye Mo knew that the old monk was sighing because the bell was ruined and also because they didn't have someone like him in the temple.

Some of the Ice Sword Sect members who recovered their senses came over to thank Ye Mo. They were covered by the bell but their spirit sense could scan outside.

No one could stay calm at the sight of Ye Mo using Heaven Flame Nine Suns to instantly annihilate countless bugs. Now, no one doubted that Ye Mo killed 11 truth realisation state cultivators in a row. Ye Mo himself could count for a few hundred truth realisation states. Even if a few hundred truth realisation states came, they might not be able to annihilate so many Spirit Devouring Bugs.

Ye Mo took out recovery pills and let Du Xiuying spread them out.

When Qian Wei recovered a little he asked him, "Sect leader Qian Wei, why are there only this number of cultivators in the Ice Sword Sect? Were the rest devoured by the bugs?"

Qian Wei sighed. "Many wanted to use earth mobility to leave, but none escaped."

"I made the promise before and yet today I accomplished nothing and I still needed city lord Ye to save me, I'm really..." Qian Wei was a competitive person as a 9-star sect's head monk. However, he felt a little disappointed that the difference between them was this huge.

Ye Mo had a great impression of this monk, he shook his head and said, "Sect leader Qian Wei, you've helped a lot. If it wasn't for you being here, I'm afraid more sects would have been annihilated."
