Chapter 1481: In time of disaster, everyone flees themselves

The bugs had some intellect and saw nearly a hundred cultivators hiding in the bell, they stopped to finish the bell off.

The bugs were communal insects so when most of the bugs stayed here, the rest stayed too.

Qian Wei drew countless spirit devouring bugs here allowing Ye Mo to have the time to annihilate the sand soul beasts first.

Seeing Qian Wei still feeling embarrassed, Ye Mo didn't explain and saluted with his fists "sect leader Qian Wei, I'm going to the flame sea forbidden grounds."

Then, Ye Mo looked at Du Xiuying "let sect leader Qian Wei send you back to Mo Yue City."

Du Xiuying clearly didn't want to go back. She saw Ye Mo annihilate the sand soul beasts and how Ye Mo instantly annihilated countless spirit devouring bugs. She clearly wanted to go to the flame sea forbidden grounds. Perhaps one day, she would be the only person to see Ye Mo save the South Peace State from great calamity all by himself. How could she want to miss such opportunity? But she didn't have an excuse to go.

Just when Du Xiuying wanted to find an excuse, Qian Wei suddenly said "city lord Ye, I want to come with you to see the flame sea forbidden grounds and witness your power again."

Ye Mo knew the old monk meant this so he didn't reject upon thinking.

Hearing this, Du Xiuying also said "brother Ye I also want to go see, I've never been to the flame sea forbidden grounds."

Seeing this, Ye Mo released Blue Moon "in that case, let's go together."

The rest of the temple monks went back to the sect. the Ice Sword sect was completely destroyed due to this disaster and needed to be rebuilt.

He gave Blue Moon to Qian Wei to control, even Blue Moon needed one day to get there and he could use this time to recover.

...

The flame sea forbidden grounds was the second most dangerous forbidden grounds in South Peace State. up until now, no one dares to go in. you would be devoured by the flame sea no matter how powerful you were.

Before, the flame sea was terrifying but you would be fine if you didn't go in as the flame wouldn't flow out. But now, it had become the most terrifying place as the flames started to flow out. Luckily, it wasn't very fast now. however, because the flames were too powerful, almost all the places it leaked to turned to nothing. Nothing could survive under it.

Tens of km from the forbidden grounds, more than ten truth realisation state cultivators and tens of disaster transformation state looked helplessly as the flames gradually expanded. The hundreds of cultivators below disaster transformation state couldn't even get near.

Other than Qian Wei, all the 9 star sect, 8 star sect and 7 star sect had elders of sect leaders here. Ye Mo told them to stop the forbidden grounds for half a month but it was only the 9thday and they couldn't hold on.

All they could do now was at most slow the flames a little.

The ones most useful here were Ji Ling and a few formation grand master who came later. They used all materials necessary and set up defense formation after defense formation. This barely held them to the 9thday.

If the flames seeped out quickly, it would turn the entire South Peace State into a flame sea within a few years. No one could even come close to here, not even truth realisation state. the only thing they could do was set up defense formation and strengthen it with everyone's cultivation essence and spirit sense.

But as the flames spread out, it was getting harder and harder to set up formation as the area was getting larger too.

“we can’t guard here anymore, it’s pointless to guard it. even if city lord Ye comes, there’s nothing he can do with this.” Abstruse Sound Sect Leader Jing Fengji looked at the ravaging flames and sighed.

The cultivators fell silent, no one doubted his words. Even if they barely held out till Ye Mo came, it was pointless. Even Ye Mo wouldn’t be able to stop such flames.

“I believe Ye Mo has a way, he told us to stop it for half a month. We still have the ability to do so. If we just leave like this, we’re not only being irresponsible to city lord Ye but also the entire South Peace State.” Shan Bingfeng said.

“we have already lost 6 cauldron filling state and 2 disaster transformation state cultivators for this. if the flames break the formation again and we’re still setting up new formation, more cultivators would die if we can’t leave in time.” God Wind valley Mo Ming said heavily.

Then, he said “I just got news that spirit devouring bugs annihilated Ice Sword sect, the Jin Gang temple sect leader and two truth realisation state cultivators, four disaster transformation state cultivators were all gone. None escaped from there, and...”

Mo Ming looked around and continued “it’s said that the spirit devouring bugs were endless, they filled the space within a thousand km radius. After city lord Ye helped Fusion Joy Sect, he went missing in the hive of the sand soul beasts. No one would be able to stop even the spirit devouring bugs much less the flame sea. Even if city lord Ye didn’t go missing, it would be the same result if he came.”

“what...” Mo Ming’s words shocked all the cultivators here. The spirit devouring bugs would be able to devour the entire South Peace State even if the flame sea didn’t spill.

“what do we do now?” one disaster transformation state sect leader asked.

“the only way is to leave South Peace State and retreat into the Heartless Sea...” Mo Ming said heavily.

“then what do we do with all the cultivators here?” one truth realisation state elder frowned.

He meant not only the cultivators but also the countless mortal cities, sects and cultivation cities. The population were in the hundred billions.

Mo Ming said coldly “we can’t care about that much, we don’t have the ability to stop the calamity of South Peace State. if we can retreat then do it, if not we can only leave things to fate.”

“I disagree.” Shan Bingfeng got up “we can’t settle all these cultivators in the Heartless Sea but even if a small amount can live what about the other people in South Peace State? we weren’t born as cultivators many of us came from ordinary mortals. Now that South Peace State is in danger, we should protect South Peace State and not run.”

“then what does elder Shan think we should do?” Jing Fengji asked calmly. Clearly, he agreed with Mo Ming. This calamity isn’t something that could be stopped with human force, staying at South Peace State was asking to die.

Shan Bingfeng said certainly “things aren’t completely hopeless. We should continue to guard the flame sea and stop it from expanding. We need to wait at least till city lord Ye comes and listen to his advice.”

“elder Shan has high morals, Mo Ming admires you. But my God Wind Valley has been passed down for tens of thousands of years, I can’t let it end in my hands. Mo Ming don’t have the resolve of elder Shan, good bye.” Then, Mo Ming released his magic artefact.

The God Wind Valley cultivators saw this and all released their magic artefact disappearing.

Heaven Demon sect Xi Luan goddess was the strongest here and seeing this, she saluted with her fists to Shan Bingfeng and gave her an apologetic look before leaving with her truth realisation state elders.

“Le Yao you seem to have something to say?” Xi Luan saw Le Yao open her mouth but not say anything.

Le Yao said “sect leader I feel we should stay. I know City lord Ye’s power, he never...”

Xi Luan stopped her “I know city lord Ye but Le Yao do you think he can annihilate 1000 km of spirit devouring bugs? Can he force back the flames here? If not, what’s the point of staying here? We might as well go Heartless Sea early and find a place to settle.”

Le Yao was speechless.

With two 9 star sects leading, Abstruse Sound Sect, Heartless Valley, Heaven Herb lake and them all came to bid farewell to Shan Bingfeng.

Chapter 1482: Severing in one strike

In this short time, only Clear Dream Mosque, Black Ice Sect, Ethereal Immortal Pond, Heaven Star sect remained. But there were five or six sects below 8 stars. The rest were some solo cultivators.

For truth realisation state cultivators, only two from Clear Dream Mosque, one from Black Ice sect and Ji Ling remained.

“martial sister sect leader, did I do wrong?” seeing so many cultivators leave, Shan Bingfeng was disappointed and asked another Clear Dream Mosque truth realisation state female cultivator.

The sect leader smiled “martial sister if you feel it’s right then do it. there’s not right or wrong, only what should be done and what shouldn’t be done. If you feel you should do it, then it’s right. MO Ming feels he shouldn’t do this, he’s not necessarily wrong. Dao cultivator, follows one’s heart.”

“thank you for your teachings martial sister, Bingfeng understands.” Shan Bingfeng felt her mind state reach a level higher.

She sighed to the rest of the cultivators “those dao friends who wish to stay with me to defend against the flame sea, please stay. If not, Bingfeng won’t think you did something wrong.”

“please enlighten us elder Shan, as long as not all hope is lost, we won’t leave. We trust sect leader Shan and elder Shan. We trust city lord Ye would have a way to annihilate the spirit devouring bugs and make it back here in time.” A few cauldron filling states answered but no cultivators left.

Most of the cultivators in the cultivation realm were selfish but there were some who were selfless. They knew that the death of South Peace State meant that they would have nowhere to go. Instead of dying at the Heartless Sea, they might as well seek that sliver of chance. Of course, some cultivators remained out of respect and craze for Ye Mo.

Shan Bingfeng’s heart warmed. Even in the cultivation realm, there were countless cultivators who were willing to die for others.

“Ji qian bei, we’ll set another defense formation here. Martial sister and I and Black Ice sect truth realisation state elder will stay at the back to protect this formation. Ji qian bei and the rest of the cultivators retreat 50 km and set up the last defense formation.”

As soon as Shan Bingfeng said this, there was a sudden explosion. The defense formation ahead suddenly exploded. Countless terrifying flames spewed out rushing at the people. Instantly, it crossed half the distance. Before the flames even arrived, some weaker cultivators were feeling dizzy from the heat.

“not good, everyone retreat to a safe place, we don’t have time to set up a formation...” Ji Ling called out. He didn’t expect the formation ahead lasted less than half an hour. According to their experience, it would last at least half a day. During that time they could set up another formation.

The flames were too fast, body condensation state cultivators and above were fine but those below couldn’t even leave in time.

Ji Ling grabbed two hollow spirit state cultivators and was about to fly away when he saw a purple sword rays hack over.

Thud.

The purple sword rays clashed with the flames making a heavy sound. The crazy flames were severed off by the purple sword rays.

Only then did people realise that Ye Mo was standing beside the flames. The kitchen knife he used turned into a huge sword that was 3km long and this sword happened to block the opening in the flame sea. then, Ye Mo threw down tens of formation flags soon calming the roaring flame sea.

“city lord Ye is here...”

At the same time, all the cultivators who escaped death were overjoyed. However, they dazed again. Ye Mo was a truth realisation state cultivator but why could he stand by the fire completely fine?

Only then, a blue figure landed amongst them. Qian Wei and Du Xiuying got off Blue Moon.

“sect leader Qian Wei, you’re fine?” Ji Ling and Shan Bingfeng asked at the same time.

Qian Wei said in embarrassment “luckily city lord Ye came in time and annihilated the spirit devouring bugs saving us. I didn’t help much. City lord Ye annihilated hundreds of millions of sand soul beasts and then a thousand km of spirit devouring bugs. He’s doing the hardwork.”

Hearing this, everyone was completely dazed, spirit devouring bugs were no ordinary bugs. Plus since when were there a few hundred million sand soul beasts? But everyone knew Qian Wei wouldn’t lie.

Everyone thought Mo Ming was finding an excuse to leave saying there was a thousand km of spirit devouring bugs but now they realised it was true.

Either of them were unfathomable terrors and yet Ye Mo could annihilate them. Just how absurd was Ye Mo?

Shan Bingfeng quickly looked at Ye Mo and saw he walked over slowly. The endless flames were stopped by his kitchen knife and some formation flags.

“city lord Ye is indeed unparalleled, even Chu Jiuyu qian bei is probably a little weaker. I believe the South Peace State cultivators won’t forget everything city lord Ye did for us.” One female cultivator greeted him.

It was a truth realisation state level nine, her face was beautiful but one couldn’t tell how old she was. A pale aqua nun dress covered her body.

It was Clear Dream Mosque nun dress. Ye Mo hadn’t seen her before but he guessed she might be the sect leader Shan Yuyi, Shan Bingfeng’s martial sister. Ye Mo quickly saluted with his fists “Ye Mo greet Clear Dream Mosque Shan qian bei, thank you for staying here to guard the forbidden grounds.”

Shan Yuyi smiled.

Shan Bingfeng walked over excitedly and grabbed Ye Mo’s hand “Ye Mo I didn’t expect you can sever the flame sea flames with one strike and annihilated thousand km of spirit devouring bugs and the few hundred million sand soul beasts. Thank you, Shan Bingfeng thank you for everything you did for South Peace State.”

Ye Mo didn’t expect her to be this excited. She even grabbed his hand.

“master, you grabbed city lord Ye’s hand.” Ling Xiaoshuang reminded awkwardly.

Shan Bingfeng immediately noticed this and quickly put down her hands. She was still very excited however.

“Ye qian bei...”

“pill king Ye...”

“city lord Ye...”

All the cultivators looked and greeted Ye Mo with respect. If South Peace State was gone, they would have no place to stay. Ye Mo saved South Peace State meaning he saved them. They believed Ye Mo could stop the flames.

There were more than ten truth realisation state cultivators and tens of disaster transformation state cultivator but they couldn't stop the flames. When Ye Mo came, he stopped it with one strike. What was more convincing than this?

Luckily they didn't leave. If they did, they wouldn't have the glory of fighting alongside city lord Ye to annihilate the flame sea forbidden grounds.

Some cultivators even seemed very prideful, they were waiting for Ye Mo to seal the flames and then use crystal balls to record that they were here.

Ye Mo was confused why there were so little cultivators but he still greeted. Yan Guan was also overjoyed. When he saw Ye Mo come, he knew it was right of him to stay.

Then, Ethereal Immortal Pond Hou Fei goddess and Heaven Star sect Ji Shuye also came to greet Ye Mo.

Then, Ye Mo asked in confusion "why are there only this little people? Where are the rest?"

Ling Xiaoshuang sneered "those timid people. My master said to stay here for 15 days but they heard about the thousand km spirit devouring bugs and how Jln gang temple were all devoured by them. Then, they all wanted to leave South Peace State and hide into the Heartless Sea. only my master disagreed and stayed. The cultivators who stayed here feel the same. Other than us, there are countless lives in South Peace State. my master said we can't just leave irresponsibly."

The rest of the cultivators felt Ling Xiaoshuang spoke their heart.

Chapter 1483: Three god state cultivator

Ye Mo just realized this and had more of a good impression of Shan Bingfeng. Even the past small discomfort was gone. She was excited not for herself but for South Peace State and all of the cultivators in it.

Ye Mo then looked over at Yan Guan, Ji Shuye, Hou Fei goddess and them and expressed his gratitude. He considered South Peace State his base now and although he blocked the flames with one strike, that was because they hadn't completely exploded yet. If the fire ravage across the entire South Peace State, how could he annihilate by himself? Even if he annihilated the fires after a long time, South Peace State would become charred Earth, was Mo Yue City to survive on this burned earth?

Ye Mo tested the flames here, it wouldn't be much weaker than the void flame. A place burned by this flame would have no vegetation for countless years, even spirit chi would be burned away.

"haha, Qingxue goddess came from Ethereal Immortal Pond, of course Hou Wei goddess can't leave." Heaven Star sect Ji Shuye couldn't say much to 9 star sect Black Ice sect but he believed Ethereal Immortal Pond stayed behind for Qingxue.

However, Hou Fei goddess smiled "that's right, Qingxue from our sect married to city lord Ye, I feel proud, of course I want to stay. Pity city lord Ye doesn't take in dao partners now or I would be willing to follow him."

Ethereal Immortal Pond female cultivator have been very formal and goddess like. They would never show any interest in male cultivators.

The sect leader of Ethereal Immortal Pond have always taken on a cold goddess image but suddenly she said such words. Even Ji Shuye and Yan Guan couldn't handle this much less Ye Mo.

Ye Mo didn't think HOu Fei goddess really liked him. There were two possibilities of her saying this. one was to gain his trust to help Ethereal Immortal Pond reach 9 star sect, another was that she wasn't the cold goddess she showed herself to be, she was an ambitious woman. If she stayed with him, her cultivation path would be extremely smooth.

Or perhaps she believed that her looks were on par with Ning Qingxue. If she expressed interest, it wasn't hard for her to stay at Mo Yue City forever.

If she thought the first possibility, then Ye Mo felt he could help her but if it was the second then please leave. He hated calculative women, none of the women around him were calculative.

Ye Mo didn't reply to that and said to Ji Ling and Shan Bingfeng "Ji qian bei, wait here for me. I'll go and see why flames are spewing out."

"you can go inside the flame sea forbidden grounds?" Shan Bingfeng asked in shock.

Ye Mo nodded "I can try, if not I won't force anything."

"would the flames break through the purple knife?" one disaster transformation state asked worriedly.

Ye Mo smiled "definitely not, don't worry."

Zi Xu saw his magic artefact, he would know if it could stop the flames or not.

Seeing Ye Mo really go inside, everyone was dazed. They saw Ye Mo's figure slowly disappear into the flames and didn't turn into dust like the previous cultivators.

Only Hou Fei showed some disappointment, Ye Mo didn't care about what she said at all.

"city lord Ye is actually three god state body refinement cultivator, how did he do it?" Qian Wei said in extreme shock.

Three god state body refinement? The cultivators heard this and were dumbfounded, there has never been anyone in the history of Luo Yue continent to reach three god state body refinement. Yet Ye Mo was three god state?

"Qian Wei sect leader did you see wrong? Perhaps city lord Ye has protection magic artefact..." the truth realisation state elder of Black Ice sect asked in astonishment.

The rest of the people all looked at Qian Wei in confusion. it was already shocking enough that Ye Mo was truth realisation state tertiary stage at such a young age. If he was three god state body refinement too, then it would be terrifying. Even if one started body refinement at birth and had all the resources and didn't cultivate too, he wouldn't be able to reach three god state at Ye Mo's age.

Even Clear Dream Mosque sect leader felt it was impossible.

The reason Ye Mo could allow his body refinement to improve so quickly was mainly due to the Three Birth Chant and golden page world. of course without the Kun blood, no matter how good the void was for body refinement, he wouldn't be able to reach three god state in such a short time. Who would use god beast blood for body refinement? How many had the Three Birth Chant? How many had the chance to body refinement in void fissure and go into the golden page world in danger.

Ye Mo had all of them.

Seeing everyone in disbelief, Qian Wei looked at the flames and said "city lord Ye probably didn't just reach three god state, I believe he's either disaster state or god state, he definitely isn't monarch state. if it wasn't that god state is too shocking and that legend says truth realisation state cultivators can't reach it, I would even guess city lord Ye is god state. I really don't know where he cultivated this."

Shan Yuyi was very shook. According to her knowledge, god state couldn't possibly appear in the cultivation realm. if Ye Mo was god state, how did he do it.

Shan Yuyi's surprise wasn't unreasonable. The Black Rock city had been in the void fissure for countless years and countless cultivators body refinement there. The body refinement condition there wasn't incomparable with others. But even so, the highest body refinement was only Suo Anshan who was disaster stage peak.

Everyone was shook by Qian Wei's words and looked into the flame sea. although they couldn't see Ye Mo but seeing the huge kitchen knife still derelict, they knew Ye Mo was fine.

The sect leader stopped discussing about Ye Mo but the other cultivators did.

"I saw that God Wind Valley Mo Ming qian bei couldn't even get near the flame sea border and yet city lord Ye could go into it. the difference is too huge..."

"so what? didn't you hear sect leader Qian Wei say that city lord Ye annihilated a thousand km range of spirit devouring bugs and annihilated a few hundred million sand soul beasts. If he was like other truth realisation state cultivators, he wouldn't be able to sever the flame sea flames."

...

Ling Xiaoshuang heard this and also wondered if Ye Mo was three god state body refinement but she didn't doubt that Ye Mo annihilated the thousand km range of spirit devouring bugs. Ye Mo's blue sun was too powerful. It could even annihilate disaster transformation state cultivators, if Ye Mo used that sun it would definitely be fine.

She saw Du Xiuying standing on the side and suddenly walked over. She knew Du Xiuying came with Ye Mo and wanted to ask her some things.

"Xiuying greet martial sister Lingshuang." Du Xiuying greeted.

Ling Xiaoshuang quickly said "Xiuying, we're similar age, just say my name. by the way, did you come with Ye Mo?"

Du Xiuying nodded "yes brother Ye saved me and took me over."

Ling Xiaoshuang dazed, she thought Du Xiuying would call Ye Mo city lord Ye but she called him brother Ye so naturally. She subconsciously asked "you call him brother Ye?"

Then she realized her question was problematic, why couldn't she do that.

Du Xiuying didn't realise what Ling Xiaoshuang meant and nodded "yes, I've left Fusion Joy sect, I'm not a part of them now. brother Ye saw I had no place to go so he's planning to take me to Mo Yue City. Xiaoshuang if you come to Mo Yue City you can come find me."

“you left Fusion Joy sect?” Ling Xiaoshuang subconsciously asked and then she added “that’s good, that sect is too dirty... sorry, Xiuying I’m not talking about you.”

Chapter 1484: A piece of tofu

Du Xiuying said sadly “Xiaoshuang, it’s okay but I don’t really want to talk about my sect.”

Ling Xiaoshuang realized she said something wrong and touched her face awkwardly. The atmosphere grew heavy. Soon, she thought of another problem. Ye Mo didn’t seem to be very enthusiastic to her and was even a little cold why was he so nice to Y Du Xiuying?

In looks, she was better than Du Xiuying. Du Xiuying was ranked 9th while she was ranked 2nd.

...

The deeper Ye Mo went the more hotter it got. It didn’t hurt him due to his god state body refinement but Ye Mo grew more and more careful. This wasn’t at the depth yet and the temperature was so high. What would the temperature at the depth be? Would it be more powerful than the void flame?

The flame sea forbidden grounds was dark red, Ye Mo’s spirit sense couldn’t extend further in this pace. Compared to the blue sand ditch, this was a real inferno hell.

Ye Mo reached his god state at the depth of the void flame. However, the surface temperature of the void flame was much greater than the depth.

Ye Mo knew that after reaching god state the depth temperature of the void flame was nothing but he didn’t know if he could take on the surface temperature.

The flame sea forbidden grounds was the opposite, the outside temperature was lower but the deeper he went, the higher the temperature. Ye Mo felt that if he went a few km deeper, that temperature wouldn’t be lukewarm temperature anymore. It was getting more and more scorching. Ye Mo started to sweat more and more. at this moment, Ye Mo was certain the temperature here was completely

beyond void flame. There was such high temperature in the cultivation realm, Ye Mo couldn't understand at all.

Ye Mo stop and released octagonal cauldron. Even though he had god state body refinement, but if the flames from the depth suddenly swept over, he would be seriously injured.

After using the octagonal cauldron, the flames felt weaker a lot. Ye Mo breathed easy, just when he wanted to go further. He saw a small fist sized grey rock. Ye Mo felt it was unusual so he picked it up. When he scanned his spirit sense inside, he called in shock "extreme flame star gold?"

This was extreme grade forgery material, it rarely appeared in the cultivation realm and was ranked as level 10 material.

But Ye Mo was forgery grand master and he knew that this ore was definitely beyond level 10. He wasn't sure of the exact level though.

They usually appeared in the void of higher realms. Thus, Ye Mo was so shocked. How could this ore appear here?

Ye Mo watched more intently with his spirit sense and soon, he found a second, a third and even more. the largest was bigger than a bucket.

Regardless if he could quench the flames here, Ye Mo knew he discovered a fortune. Although his Zi Xu was top grade, he felt Zi Xu wasn't good enough when fighting with that hollow immortal. This meant Zi Xu need to be upgraded.

He had a lot of top grade materials but he didn't feel there were enough of them to deserve to be used in Zi Xu. However, the extreme flame star gold was very suitable.

Ye Mo kept searching as he went until a tear sound woke him up. He had walked to the deepest part of the flame sea forbidden grounds. The terrifying flame swept past the octagonal cauldron tearing some clothes and armor from him.

As soon as they were taken by the flame, they completely disappeared.

Even with the protection of the octagonal cauldron, Ye Mo's body was roasted red. Ye Mo knew that if this still wasn't the deepest part he wouldn't be able to go down anymore.

He couldn't bear this temperature anymore even with god state body refinement.

Ye Mo reached out his spirit sense carefully, spirit sense would be easily injured here.

Soon, Ye Mo's spirit sense locked onto a palm sized ore. It wasn't really an ore, it was more like a piece of tofu.

Ye Mo saw it waving around in the flame. Ye Mo had a strange feeling that this tofu was the source of the entire flame sea forbidden grounds. All the flames of the forbidden grounds was let out by it, without it, the flames would immediately disappear.

This was too strange, it was so small and soft, how could it let out such terrifying heat.

Ye Mo carefully used his spirit sense to look at the inside of it but before he could, he felt a huge pain in his sea of consciousness. Then, he spat a huge mouthful of blood.

Ye Mo quickly ate a few spirit recovery pills. He was shook.

Ye Mo didn't stay outside, he went into the golden page world and started forging formation flags. In here, there was no material that could withstand this terrifying heat except for extreme flame star gold.

Ye Mo was probably the only to use extreme flame star gold to forge formation flags. Another person wouldn't even be able to melt the extreme flame star gold. They would at least high level heaven flame. His mist lotus heart fire was purple so it was fine melting the extreme flame star gold.

Two hours later, Ye Mo appeared inside the forbidden grounds again. He didn't scan the tofu with his spirit sense again, he took out formation flags and carefully sealed this soft ore and then marked restrictions on it.

Normally, he would be able to do it in a second but for this ore, Ye Mo used four hours to seal it.

Then, Ye Mo took out a box made with extreme flame star gold and placed the soft ore into the box before setting up multiple restrictions.

Then, Ye Mo placed it in the furthest corner of the golden page world. it was a few thousand km from his bitter bamboo and spirit herb gardens.

All his fortune was in the golden page world, if that was lost, then no matter how valuable this ore was, it wouldn't be worth.

Ye Mo would check this ore later.

After the ore was taken away, Ye Mo felt the temperature drop immediately. It was dropping faster and faster until it was same as ordinary flames.

Soon, as the flames went down, the surrounding space showed. This space had been burned by the terrifying flames for countless years. It had formed a dark grey color. Some extreme flame star gold showed and Ye Mo quickly started collecting them.

...

Ye Mo had been in the forbidden grounds for more than half a day. Some cultivators outside began to worry. If it wasn't that Ye Mo's Zi Xu was still there, they would've thought Ye Mo had died.

"everyone look, the flames are receding..." one cauldron filling state pointed at the flame sea in joy.

Everyone saw this too, the flames retreated like the tide.

Everyone rushed up to Zi Xu, they knew the flames were receding but no one dared to go in.

Everyone stood beside Zi Xu looking at the flames in disbelief. They thought that however powerful Ye Mo was, he would at most be able to seal the flame sea. however, he was receding the flames instead.

Chapter 1485: Disappeared forbidden grounds

“city lord Ye indeed has heavenly power. In just half a day, he would make the flame sea recede!” Qian Wei sect leader said in shock. Even he saw with his own eyes Ye Mo annihilate the spirit devouring bugs, he was still shook again. Ye Mo had a heaven flame cultivation method and thus countered the bugs, thus he could annihilate them. But receding the flames wasn’t something that a cultivation method could deal with. Ordinary people wouldn’t even be able to go in much less recede the flames. Yet, Ye Mo did it.

Qian Wei was only truth realisation state level three but he was much older than truth realisation state level nine Shan Yuyi. He was very enthusiastic about the things in the cultivation realm. his words could resonate with the people here more. there were only about 30 people here, but everyone had a fire in their hearts.

They didn’t do anything to help with this but they were involved in this battle. they didn’t retreat from the beginning to the end.

Now that the flames had receded, they were also very excited and honoured.

Everyone knew that since the flames have retreated but no one went in.

The weakest here was nascent soul state so they weren’t dumb. The flame sea forbidden grounds had been burned for countless years. There would definitely be many top grade materials there. Since Ye Mo didn’t say anything, it would be disrespectful of them to go in.

Ye Mo’s status was very high in their hearts now and no one wanted to disrespect him.

At this moment, the kitchen knife suddenly flew up and disappeared into the depth of the forbidden grounds. Ye Mo appeared in their spirit sense and everyone heard Ye Mo's voice "everyone the flames have been annihilated by me, there are large amounts of extreme flame star gold inside. Go in and find them, they belong to whoever finds them. Good luck everyone."

extreme flame star gold?

Everyone was dazed by this news, this was very rare top grade material in the cultivation realm. it was said it was beyond level 10 and a finger nail sized one was worth a fortune. Yet, Ye Mo said there was quite a lot inside, what was going on?

But everyone believed Ye Mo so everyone charged into the forbidden grounds without hesitation.

Even Shan Yuyi was excited, her mind state was very high but it didn't mean she could remain calm about extreme flame star gold.

The flames had completely receded now and despite the temperature still being very high now, it was enough for even golden core state cultivators to handle. Plus, the temperature would only get lower and lower as time went on.

In a short time, everyone came to the depth of the flame sea forbidden grounds.

"so this is a gray rink land..." some cultivators exclaimed.

"it's probably burned to a rink by the flames, it might not be like this before."

Other than a few sect leader chatting with Ye Mo, more cultivators were searching for the extreme flame star gold.

"there really is extreme flame star gold... I found such a large piece..." one hollow spirit state grabbed a longan sized rock and called out in joy.

With this, more and more people were crazed. Even the sect leader couldn't resist searching for extreme flame star gold.

Soon, more and more people found extreme flame star gold. Ye Mo only took some big ones, he didn't even pick up many of the small ones.

Ye Mo suddenly thought of a question, the flame sea forbidden grounds had been around for an extremely long time, why did it suddenly burst out coincidentally the same time as Lu Zhengqun's disaster on South Peace State.

Ye Mo didn't believe Lu Zhengqun left that ore behind. Ye Mo felt it was extremely precious, how can Lu Zhengqun leave such thing behind.

But this was very hard to say, his view was limited to the cultivation realm. perhaps that ore wasn't worth anything in the cultivation realm. thinking about this, Ye Mo walked to Qian Wei who was picking up an extreme flame star gold.

Seeing this, Qian Wei stopped.

"sect leader Qian Wei, I want to ask how long had this flame sea forbidden grounds been around for? Why are there so many extreme flame star gold? What flames would be needed to create them?" Ye Mo asked.

Qian Wei thought and answered "the flame sea has been in South Peace State since antiquity. I'm not very clear if it's hundred thousand or million years but it's said that every year, the flames would expand out a little but the range is very small. A completely out burst like this had never happened before."

Ye Mo breathed easy, in that case Lu Zhengqun couldn't have possibly set it up. Lu Zhengqun probably didn't come here as well or there was no way he wouldn't take that ore. Being able to release such heat after a million years, it was definitely no ordinary ore.

Qian Wei continued "I'm only heard of extreme grade and this is my first time seeing it. it's said it belongs in the void, I really don't know why it's here. Only a forgery grand master with heaven flame would be able to add it to magic artefact."

Ye Mo nodded, it was indeed from the void.

The flame sea forbidden grounds was small but with so many high level cultivators here, the extreme flame star golds were quickly searched clean.

Luckily, everyone got something, at least two extreme flame star gold.

Seeing this, Ye Mo said “friend, thank you for staying and guarding the flame sea forbidden grounds. I’m willing to help everyone concoct a cauldron of pills. The time would be half a month later at Flowing Snake city, everyone can go find me there with spirit herb.”

With this promise, everyone rejoiced and all went up to thank Ye Mo.

Ye Mo left a flying sword to Du Xiuying and said “Xiuying go back to Mo Yue City with Qian Wei sect leader, I still need to go Ju Fu mountain.”

Everyone knew that Ye Mo was going for the fire bug demon. Du Xiuying knew she couldn’t find an excuse to go with Ye Mo this time and nodded helplessly.

Seeing that Ye Mo was about to leave again and everything he did was for the South Peace State, everyone was more and more grateful of Ye Mo.

Even Shan Yuyi took out a jade card in excitement “city lord Ye, this is our Clear Dream Mosque jade card. If you need our help please ask.”

Seeing this, Qian Wei, Yan Guan and them all did the same. Those sects below 8 star thought Ye Mo wouldn’t take their sect card but Ye Mo took them all and thanked.

Everyone knew that at Ye Mo’s power level, he didn’t need the help of other sects at all.

Ling Xiaoshuang was in the Clear Dream Mosque and thus had a very indifferent attitude towards relationship but seeing Ye Mo give Du Xiuying a flying sword before leaving she felt a little unhappy.

Immediately, she cast that aside feeling her mentality was very stupid.

The incident at the flame sea had ended and Ye Mo left.

Chapter 1486: Became a nun

Even Ye Mo would need a few days to reach Ju Fu mountain.

Ye Mo was very annoyed fire eating bug demon escaped from the demon prison forbidden grounds. He was only truth realisation state level three at the time and couldn't stop him from leaving. Now that he was truth realisation state level eight, he wasn't going to let the same thing happen again.

A day later, Ye Mo stopped Blue Moon. His spirit sense scanned into a small mosque in an ordinary village.

What wasn't ordinary was that Ye Mo saw a familiar person there, Cheng Nana.

At this moment, she had shaved her head and became a nun.

She held a stick and a wooden bell and just knocked dazily. Ye Mo immediately knew something happened to her.

Ye Mo walked towards the mosque without hesitation. Before he got there, a girl with freckles stopped him "you men, are you not afraid of death. All of you are lustful demons, a few has died and more wants to go in..."

"move aside." Ye Mo said coldly.

Seeing Ye Mo was quite ferocious, the girl grunted “go in then if you’re not scared of dying.”

Seeing Ye Mo go in, the girl mumbled “he looks quite good but seeing a pretty nun, he can’t control his pants. I have to deal with the body later.”

As soon as Ye Mo came here, a wind blade came. Clearly Cheng Nana used it. she just subconsciously used it.

Cheng Nana was nascent soul state level five, she didn’t even need to use her brain to kill an ordinary villager.

Ye Mo flung the wind blade away and walked in.

As though feeling someone was here, Cheng Nana looked at Ye Mo with her empty eyes. She didn’t talk as though she didn’t know Ye Mo.

Ye Mo knew that Cheng Nana was traumatized mentally. In another while, her cultivation essence would go into chaos and she would be dead for sure.

Without hesitation, Ye Mo gave her a few clear mind spell.

After that, Cheng Nana breathed and opened her eyes again but this time, her eyes were different.

She quickly recognized Ye Mo and got up calling out in worry “brother...”

Ye Mo frowned “Nana, what are you doing? Why don’t you cultivate in Mo Yue City, why are you being a nun here?”

Cheng Nana dazed and teared up. Finally, she couldn’t control herself and cried on the stone table nearby.

Ye Mo didn't know why she was this sad but didn't continue asking. He could ask after a she calmed down.

After five minutes, Cheng Nana eased up and got up. She sniffed "sorry, big brother, I..."

"what happened, tell me, could there be anyone in Mo Yue City to make you unhappy?" Ye Mo was speechless.

Cheng Nana quickly said "no, it's just me, I don't want to cultivate anymore."

Ye Mo sighed "in that case, come back with me are you going to stay as a nun here for the rest of your life?"

Cheng Nana shook her head "big brother, sorry, I, I don't ever want to go back, I feel it's the same to live the rest of my life like this..."

Then, she began crying again.

Ye Mo frowned and said with a tougher tone "no, you must come with me. just look at you, something might happen to you."

She clearly didn't have the will to live before, who knows what would happen if she would be like that again.

She was fine with ordinary people but if a slightly powerful cultivator came such as golden core state, she would be in danger.

She was pretty and her storage ring would make countless cultivators drool.

Ye Mo was thinking of what he should do if she didn't want to come when she agreed this time "yes, big brother."

Ye Mo breathed easy, if she didn't want to, he couldn't force her. She wasn't a kid anymore, she made this conscious decision.

When Ye Mo and Cheng Nana got to the door, a foundation establishment state and golden core state came over. Seeing them, they dazed.

"big brother, it's this woman, look at her hand." The foundation establishment state said to the golden core state next to him and his eyes fell on her storage ring.

The golden core state nodded and saluted with his fists "friend, everyone has a share, plus my brother saw her first. She's very pretty indeed, we don't take her person, we just want her storage ring or we can share it?"

Ye Mo didn't expect that as soon as he thought she would be in danger, people really came. If he didn't come and she stayed in that state, no one would know what would happen.

Seeing this Cheng Nana being surprised, Ye Mo sighed "you were mindless and that foundation establishment state wanted to rob your things but was struck by your wind blade. Now, he found someone else clearly to rob you. How long have you been here?"

Cheng Nana just realised, she was a nascent soul state level five and yet a golden core state level one and foundation establishment state level eight wanted to rob her.

She released her flying sword without hesitation. The flying sword spun and flew towards the golden core state like lightning.

The golden core state could only call out "nascent soul state cultivator..." and was killed by the flying sword. The foundation establishment state was also killed before he could talk.

Killing these two, Cheng Nana seemed to be a little relieved and felt a better. She put away her flying sword and didn't dare to look at Ye Mo "big brother, sorry..."

Ye Mo waved his hand “don’t always say sorry, I’m your big brother, this is nothing. What happened tell me.”

Ye Mo was happy with how decisive Cheng Nana was, she had been testing herself outside.

Cheng Nana hesitated and said “big brother, I, i...”

Ye Mo could tell she didn’t want to talk about it, it was her private matter, Ye Mo couldn’t really force her so he said “since you don’t want to talk about it, don’t say it. when you’re ready to tell me then tell me. if not, you can try chatting to Yangzhu or Jingwen.”

“mhm.” Cheng Nana agreed.

Ye Mo took her on Blue Moon and said “I’m going to Ju Fu mountain to kill fire eating bug demon, if there’s anything cultivation related, tell me.”

Then, Ye Mo took out a storage ring and gave it to her “there’s many cultivation resources here, your power is too low. You should be much stronger with your talent, you need to use time to cultivate.” Ye Mo said.

However, Ye Mo didn’t expect her eyes to go red and start crying again.

...

Fu Ju mountain was a very ordinary place but then a sect formed here but it was also very ordinary.

It was now famous as the fire eating bug demon stayed here.

Many people knew about fire eating bug demon being annihilated by Chu Jiuyu but no one expected that this guy was still alive.

Chapter 1487: Reason

Blue Moon stopped above the mountain but Ye Mo didn't go down immediately. This place was a mess, the mountains have collapsed and ravines were everywhere.

Ye Mo looked at the ground, there was fire eating bug bodies everywhere.

Ye Mo immediately knew someone had a battle with the fire eating bug demon here but it wasn't clear who won.

Ye Mo knew that when he sliced off the fire eating bug demon's arm, he probably didn't even 30% of his power left. Since he dared to come out, it meant he had completely recovered. A full powered fire eating bug demon with countless fire eating bugs was only a little bit weaker than Hong Yixing.

Now that someone could have a huge battle with him and the outcome was undecided. Ye Mo thought it was very hard to find someone like Yu Zizhen in the South Peace State but since this person could fight with fire eating bug demon, he was clearly on par with Yu Zizhen at least. Since that person could kill this many fire eating bugs, he could probably kill Yu Zizhen.

Ye Mo scanned around and didn't see any signs of the fire eating bug demon. Both those cultivators were gone.

After a long while, Ye Mo's spirit sense stopped at a destroyed restriction and looking inside, he realized why the fire eating bug demon stayed here. He left behind a fire eating bug hive here.

From this, it was clear that his power hadn't fully recovered and ended up fighting someone here. The mountain was destroyed and countless fire eating bugs died.

"let's go, the fire eating bug demon is gone, there's no point staying here..." Ye Mo said disappointedly.

But suddenly, Ye Mo said again "wait..."

Ye Mo took Blue Moon in a blue and appeared before two girls. They two were about to leave and were shocked they were suddenly stopped by Blue Moon.

“it’s you.” The blue cultivator robed female cultivator saw Ye Mo and called out in shock.

“huh... brother Ye..” the other aqua dressed female cultivator said worriedly, her tone was even shaky.

Ye Mo knew both of them. The blue dressed was Wen Caiyi, after Infinity Sect was annihilated, they went into hiding. Ye Mo thought they would reopen their sect somewhere but he didn’t expect to encounter Wen Caiyi here.

Ye Mo didn’t dare to believe the other one was Yun Ziyi. Sword Valley was annihilated by Infinity Sect, why was Yun Ziyi with Wen Caiyi? The two seemed to be very close? And why were they here?

Ye Mo didn’t say anything and just stared at Yun Ziyi. He completely ignored Wen Caiyi.

“brother Ye, I, I need to go with Caiyi...” there was more worry in her eyes and she didn’t even dare to look at Ye Mo in the eyes.

“Ziyi, Luo Fei, Gan Liang and them are all in Mo Yue City, are you not going to come back with me? or do you want to explain things?” Ye Mo frowned and asked.

Hearing this, there was more worry and guilt in Yun Ziyi’s eyes. Wen Caiyi scanned Cheng Nana and said “the tales are true, if sister Ziyi went with you it would be bad. Even if you kill me, you can’t stop what other people say.”

Yun Ziyi quickly stopped Wen Caiyi “Caiyi, stop, brother Ye isn’t that sort of person.” Then she said worriedly “brother Ye, sorry, I won’t go to Mo Yue City. Caiyi is blunt, don’t take it seriously.”

Ye Mo said calmly “it’s up to you if you go Mo Yue City I was just inviting you, am I going to kidnap you there? But Yun Ziyi, what I want to say is one shouldn’t forget his roots. Sword Valley was annihilated by the Infinity Sect. now, you’re with someone from the Infinity Sect, what is the meaning of this?”

“sorry, brother Ye, I choose my own path. Caiyi isn’t a member of the Infinity Sect now, she saved my life, I, i...” Yun Ziyi didn’t know how to explain to Ye Mo.

Ye Mo really wanted to tell her about her father but thinking of what she did, he suddenly lost interest. So what if he told her?

Wen Caiyi suddenly pulled Yun Ziyi and said “Ziyi do you owe him or what? did he help you with something? You don’t owe him, why are you being like this?”

Then she sneered at Ye Mo “city lord Ye, your power is higher than ours and you can even easily annihilate 9 star sect, of course it’s easy for you to kill us. You can kill us but what right do you have to make Ziyi go with you to Mo Yue City?”

“Caiyi, don’t talk to brother Ye like that.” Yun ziyi said.

“why are you here?” Ye Mo lost the will to invite her to Mo Yue City.

Wen Caiyi said coldly “city lord Ye we’re both women, we’re doing some female private things are, are you going to ask about it too?”

“Ziyi, let’s go.” Wen Caiyi pulled Yun Ziyi onto the flying magic artefact.

“brother Ye, I didn’t do bad things...” Yun Ziyi said and was flown away.

Ye Mo didn’t chase up, he didn’t believe the two girls came here randomly but Ye Mo wouldn’t believe they would be able to fight with the fire eating bug demon.

Ye Mo suddenly thought of something and took the Blue Moon back to Ju Fu mountain, the scene seemed like the battle of truth realisation states but when he checked it again carefully, Ye Mo sneered at the direction the two disappeared.

He didn't chase up. He believed that Yun Ziyi didn't annihilate the sects but he guessed the two killed the fire eating bug demon. He really didn't know how though.

If they didn't do that they would set up a truth realisation state battle scene.

After standing for a long while, Ye Mo said slowly "Nana, let's go back to Mo Yue City."

Cheng Nana still hasn't said anything up until now.

Blue Moon went very fast, Ye Mo wanted to take her back to Mo Yue City so Jingwen and Ye Ling could comfort her.

...

A day later, Ye Mo's scanned into Mo Yue lake. Tang Beiwei, Song Yangzhu and Xu Tong were talking. Xu Tong also had red eyes and seemed very dejected.

"brother you're back, huh, Nana you're back too." Tang Beiwei greeted but when she saw Cheng Nana's bald head, her expression turned to shock.

Song Yangzhu greeted, Ye Ling and Su Jingwen came over too. Ye Ling seemed depressed too.

Seeing this, Ye Mo asked "what happened?"

Xu Tong didn't talk but Tang Beiwei said "before, Yimo came back, Nana missed Zifeng so she wanted to go out and search for him. Qingxue sister was worried for their safety so she left brother Lin and sister Xu Tong go with them.

Xu Tong suddenly said "then, we encountered Zifeng in Yu Ou city..."

Ye Mo called out in shock "you found Zifeng? Where is he?"

Tang Beiwei said “he was with Nangong Xiaodai, they seemed very intimate. Then, he cursed Nana saying that she was shameless for being with you... then, he told Nana to piss off and never let him see again... then, he said that Ye Mo has nothing to do with him anymore. Nana cried on the spot and charged out of the city.”

Ye Mo’s face sunk, he knew Ye Zifeng’s character, he wasn’t this dominating person who would kick Nan crazily away before even knowing the situation.

“why didn’t sister Xu and brother Lin stop Nana from going?” Ye Mo was annoyed but asked calmly.

Chapter 1488: Desire for revenge

Ye Mo knew this Nangong Xiaodai of course, one South Peace State ten beauties, she was of the Nangong village. It was the original Fish Jump Through Dragon Gate, the 9 star village. But Chu Jiuyu left and the 9 star village declined so the Nangong family took over.

Lin Yiban constantly wanted to take it back but he was only cauldron filling state and was far from challenging the 8 star power.

Ye Mo was planning to go over but he didn’t intend to help Lin Yiban. Lin Yiban probably didn’t want him to help as well. To him, it would be the best if he took it back himself.

Xu Tong replied “Nangong Xiaodai and Ye Zifeng were outside, the young generation direct lineage Nangong Pingzhen was there too. Lin Yiban saw him and sneered at him, Nangong Pingzhen sneered back. If it wasn’t that Yiban and I were part of Mo Yue City, we might be killed on the spot.

The argument caught a lot of attention, Yuban in his fury was about to attack but he fell into Nangong Pingzhen’s trap. They gave out all their things to their side and only kept an offensive magic artefact to have a battle to the death. No one knows where they went but they both said in front of many people that regardless, no one else can intervene.”

‘when was this?’ Ye Mo felt something was wrong and asked.

"It's been a month, after Yiban left, I was mindless and I didn't know Nana left. I waited for ten days there but Yiban didn't come back. In my worry, I came back to Mo Yue City." Xu Tong said.

The more Ye Mo thought about this the more eerie he felt it was.

Cheng Nana suddenly found Ye Zifeng and why did Nangong Pingzhen suddenly appear?

"brother, that Ye Zifeng is too disgusting. This person is wasting spirit chi by being alive. Nana used her cultivation time to find him all these years. She finally found him and yet he's such an animal." Tang Beiwei said.

Then, she looked apologetically at Ye Ling "Sister Ling, don't take it to the heart.

Seeing Cheng Nana was still crying, she turned around and comforted "Nana, if I was you, I would've kicked away such heartless person. What's there to be sad about."

Seeing Susu, Qingxue and them not being here, Ye Mo knew they were probably in solitary cultivation. Tang Beiwei was about to say more but Ye Mo waved his hand "I'm going to Nangong village, Xu Tong and Nana come with me."

"I'll go too." Tang Beiwei said without hesitation.

"brother, I'll go ask second brother too." Ye Ling said.

Ye Mo nodded "Beiwei don't go, you have so much cultivation resources stacked here and yet with you're talent you're only nascent soul state level nine, Jingwen is about to reach cauldron filling state. even Yangzhu is catching up to you, hurry up and cultivate."

Seeing that Tang Beiwei still wanted to say something, Song Yangzhu quickly pulled her "Beiwei, your brother is right. The immortal ascension tunnel is open now, do you want to stay here by yourself when everyone ascends?"

Hearing this, Tang Beiwei immediately agreed to go cultivate.

“be careful, Yimo has been cultivating very hard. Her progress is very fast, don’t worry.” Song Yangzhu tidied Ye Mo’s clothes and said.

...

South Peace city, the most heated discussion topic in restaurants and spirit rest towers was about city lord Ye annihilating few hundred million sand soul beasts and then thousand km of spirit devouring bugs. But the most catching topic was Ye Mo quenching the flames of the flame sea forbidden grounds as many people got extreme flame star gold from there.

The Hai Ban spirit rest tower had a good location and fair price, thus it was very full.

“hehe, those sects who left the forbidden grounds are probably regretting their arses off now. extreme flame star gold, just one piece and I’d be rich. Pity I wasn’t there.” A golden core state fantasised.

“so what if you were there? Seeing the 9 star sects leave, it would be a miracle if you stayed. Those who stayed there either don’t fear death or are noble. They deserve to get the extreme flame star gold.”

I heard that after city lord Ye got to the forbidden grounds, he waved his hand and took all the flames inside. Then, there was extreme flame star gold everywhere.”

“on top of that, city lord Ye promised every cultivator who stayed there that he would concoct a cauldron of pills for them. Do you know that any cultivator who stayed there is highly sought after...”

At this moment, another golden core state middle stage fat cultivator said “did you know, Ethereal Immortal Pond Hou Fei goddess openly said she would dual cultivate with city lord Ye but city lord Ye ignored him.”

“no way, Hou Fei goddess is someone so prideful and cold.”

“how is that impossible, it’s definitely true. City lord Ye is powerful but he doesn’t open up to change. If it was me, I would get her in my hands first. Such an ice cold beauty...”

“fat man Fei, you don’t want to live, you dare to talk about city lord Ye and Hou Fei goddess, quickly shut up...”

At this moment, a dark ray flew over and the fat cultivator’s head was immediately smashed.

Everyone got up in shock and moved aside. An extremely beautiful female cultivator and a white robed man sat there without moving. Everyone knew that they attacked.

“martial sister Lin has such good moves.” The white man applauded.

The female cultivator looked at the white robed man in contempt “killing a golden core state insect is called good moves?”

The man coughed awkwardly but the female cultivator said coldly “if I hear anyone disrespect HOu fei goddess again, I will kill them all.”

All the cultivators nodded fearfully and quickly left.

Seeing this the beautiful young girl said coldly “insolent bunch, thousand km of spirit devouring bugs, is that something that humans can do? quenching the flame sea forbidden grounds with a wave. They really know how to imagine. extreme flame star gold, that’s something of the cosmos, since when was it everywhere in the cultivation realm? bunch of idiots.”

“martial sister why say so much to these insolent people, they don’t know what the endless cosmos is.” The male said sycophantically.

This time, the female cultivator seemed to enjoy it and nodded “you’re really bad, you had one purple flame and was a level six pill king but you lost to a guy younger than you.”

The male cultivator immediately said “martial sister you can’t blame me, that guy was acting weak. He was a mere nascent soul state cultivator and an solo cultivator so I didn’t mind. But he started with soul flame and eventually took out mist lotus heart fire. If I knew he had it, I wouldn’t let him step foot on the 12 pill king steps.”

The beautiful girl glared coldly at him “master gave you one purple flame but you used it to lose to mist lotus heart fire.”

The male cultivator said awkwardly “martial sister if you help me this time, I will do anything you tell me to do next time.”

The female cultivator said “master is preparing for immortal ascension, I came back to greet sister. I’m preparing to break through to truth realisation state middle stage, I can only help you one last time. You’re a level six pill king, you can deal with things yourself. How do you want me to help you.”

The male cultivator said joyfully “if you can take his mist lotus heart fire, I can do the rest myself. I’m going to beat him in pill concoction in the Pill City and then kill him. I don’t want the mist lotus heart fire, you can keep it.”

“I know if you don’t beat him in pill concoction, you will forever stay level six pill king. Okay, I’ll help you this time, where is he?” the beautiful female cultivator said without hesitation.

“ever since I left South Peace State to find you he was still in Pill City, let’s go there first.” The white robed man said.

Chapter 1489: Brother against each other

This white robed man was Jiu Qian who lost to Ye Mo in the pill king tournament. He went to get help in the Heartless Sea and didn’t know all the things that happened in South Peace State.

As soon as Jiu Qian and his martial sister got up, they were stopped by the two cultivators. They were clearly South Peace City city guards. The female cultivator killed people here, they were clearly here to capture them.

Seeing the city guard dare to stop her, she immediately released her chi. The guards were pushed back and said in shock “truth realisation state qian bei...”

...

Nangong village was just an 8 star sect but it was the most mysterious sect in South Peace State. it rarely had any public events and no one went there. They rarely went out to events too. Even in this South Peace State disaster, they didn't show up.

But now, Ye Mo was outside. He always wanted to see this ffw village.

“city lord Ye's honoured arrival makes the Nangong village feel very proud.” A disaster transformation state level five opened the door as soon as Blue Moon landed.

Ye Mo nodded and took Ye Ling and them in without any precaution.

Ye Mo scanned his spirit sense out, he wouldn't feel embarrassed but soon he found there was formation everywhere. They were all very high level, Ye Mo guessed they were probably left behind by Chu Jiuyu.

“city lord Ye please...” the disaster transformation state invited Ye Mo in.

The village seemed very welcoming of Ye Mo's arrival.

The disaster transformation state led Ye Mo to the main hall, the door was open and cultivators were already lined up as though welcoming Ye Mo's arrival.

At the door was a middle aged man, he had a smile of extreme confidence.

Seeing them come in, he quickly got up and walked forward saluted with his fists “Nangong village Nangong Xu greet city lord Ye. It's really the honor of the Nangong village for city lord Ye to come here.”

“city lord Ye, this is our family leader Nangong Xu.” The disaster transformation state introduced.

Xu Tong said coarsely “Nangong village? This should be Chu family 9 star village.”

Nangong Xu smiled plainly “martial sister XU is right. This was indeed 9 star village before but I don’t know if it belonged to the Chu family. Because of this, I’m very regretful but what’s the difference if we call it different names? Nangong Pingzhen and brother Yiban are both very talented but their temper is too hot, sigh...”

Nangong Xu then said respectfully “city lord Ye please have the upper seat.”

Ye Mo was speechless, even Ye Mo felt this Nangong Xu was too shameless.

What right did a disaster transformation state level nine to be this cocky? Ye Mo was speechless, but he just walked up to the top seat and sat down, then he said “where did Lin Yiban and Nangong Pingzhen fight?”

Then, Ye Mo realized he saw wrong. Nangong Xu was no disaster transformation state level nine but truth realisation state level four, he used a stealth cultivation method. Even he almost missed it, this was definitely top grade stealth technique. It might’ve been left behind by Chu Jiuyu.

Ye Mo scanned around, only Nangong Xu was truth realisation state cultivator amongst these people. Ye Mo wasn’t sure if there were more truth realisation state but Ye Mo was certain that the Nangong Village was no 8 star sect.

Hearing that the first thing Ye Mo asked about was Lin Yiban and Ye Zifeng, Nangong Xu was a little surprised.

“what? is there something you can’t talk about sect leader Nangong?” Ye Mo’s voice suddenly went cold hearing that Nangong Xu didn’t answer.

Even if Lin Yiban was unable to beat Nangong Pingzhen he would go disappear. After all, the two's power were similar. Before, Ye Mo thought that the Nangong village definitely wouldn't dare to attack Lin Yiban but now he didn't think so. They hid so much and even the sect leader was truth realisation state level four.

"no, it's that they really flew off too fast. We don't know where they went to fight, I've sent people searching for a month and there's still no news now." Nangong Xu quickly got up.

Ye Mo sneered "tell Ye Zifeng to come."

Seeing that Ye Mo finally talked about Ye Zifeng, Nangong Xu quickly said "Zifeng and Xiaodai are together. He doesn't want to come out, he says might as well not see each other."

Ye Mo said calmly "I'll wait ten seconds, if I don't see Ye Zifeng, Nangong village will become a thing of the past."

Everyone in the hall was furious. They heard Ye Mo was dominant but didn't expect he was dominant to this extent.

Nangong XU's veins popped out but he still said calmly "city lord Ye is quite funny..."

Ye Mo glanced at Nangong Xu and said "Sect leader Nangong thinks I'm a funny person? Ten seconds is about to be up."

This time Nangong Xu didn't talk and said to a nascent soul state cultivator "invite him over."

"yes." Moments later, Ye Zifeng and an extremely beautiful woman appeared here. They held hands and were indeed extremely intimate.

Cheng Nana saw Ye Zifeng and her eyes went red but when she saw Nangong Xiaodai next to him she didn't dare to talk. She even lowered her head. Compared to Nangong Xiaodai she was far too low.

Ye Mo dazed when he saw Ye Zifeng. He heard Cheng Nana say that he didn't have spirit root, yet, Ye Zifeng was hollow spirit state. what was going on?

"second brother, why don't you talk to Nana. You know we're all at Mo Yue City, why don't' you go over. What did big brother owe you? Why do you undermine him? Is it all for the woman next to you? Nana had been searching for you for a few years and you treat her like this?" Ye Ling bursted out a series of questions.

Nangong Xiaodai frowned but didn't talk and just looked at Ye Zifeng.

"Ye Ling, if you're willing to listen to me, stay with me here. Don't go back to Mo Yue City. As for the bitch next to you, I hope you don't stay with her." Ye Zifeng said calmly, there was no joy of siblings reunion.

Ye Ling looked dazily at Ye Zifeng, she couldn't believe her brother was like this.

Cheng Nana didn't expect she was still cursed after coming with Ye Mo and immediately cried out. If Ye Mo wasn't here, she would've ran off already.

Ye Ling and Xu Tong quickly went to comfort her but they didn't know how to.

"second brother, how can you treat her like that? Are you being controlled or possessed?" Ye Ling began to suspect, Ye Zifeng was a very amicable person, how could he suddenly be like this.

Ye Mo suddenly said "he's not being controlled nor possessed."

Even if Ye Zifeng got a spirit root, he was only a hollow spirit state cultivator. What right did he have for the Nangong family to value him?

If they wanted to use Ye Zifeng against him it was possible but then Nangong Xiaodai shouldn't be given to him.

She was very talented and beautiful, why would they casually give her? Ye Mo could easily tell that they had already slept together.

Ye Mo had no blood relations with Ye Zifeng and seeing this attitude, Ye Mo completely ended the thought of letting him go back to Mo Yue City. He couldn't even be bothered talking.

He stared at Nangong Xu "sect leader Nangong, I'll give you a day, if Lin Yiban still has no news I will still annihilate the Nangong village."

Nangong Xu dazed and after a while he said "city lord Ye are you going to be reasonable?"

"you're right, I'm not a reasonable person." Ye Mo said coldly.

"such dominance." Ye Zifeng sneered.

Chapter 1490: Abandon wife

Ye Mo was decisive and said coldly "Ye Zifeng, it has always been you owing me, I don't owe you anything and I have no relationship with you. You made my Luo Yue into a mess and I didn't kill you not because of your dad and that little power of your Ye family, it's because of past relations. Now, our relationship is severed. If you dare to challenge Mo Yue City or me, I will annihilate you too."

Ye Zifeng shivered, he had only seen Ye Mo do this to others but now that Ye Mo said this to him today, he felt cold and didn't dare to say anything.

Seeing big brother and second brother fight with each other, Ye Ling was losing her mind. She didn't know who to comfort.

Why couldn't the three siblings cooperate in this unfamiliar land? She reminisced the Luo Yue times. She couldn't cultivate but the three siblings were united.

But Ye Ling knew Ye Zifeng was her real brother. Ye Mo had no blood relationship to her. She should be helping Ye Zifeng and stay at Nangong village. But she knew Ye Zifeng's guess was purely unreasonable. Ye Mo would definitely not do anything with Nana.

"Ye Ling, if you trust me, stay with me here. We're blood-related siblings, are you going to trust an outsider, or do you not want to trust me?" Ye Zifeng didn't dare to talk to Ye Mo but talked to Ye Ling.

Ye Ling was already lost, and now that Ye Zifeng said this, she cried on Xu Tong's shoulder. She didn't know what to choose.

Xu Tong comforted Ye Ling. At this moment, Cheng Nana suddenly took out a necklace and smashed it, then she took out a red booklet and ripped it to pieces and said with decisiveness "Ye Zifeng, thank you for loving me before, big brother was going to kill me but you saved me. I'm an orphan, I have no parents, no one has ever treated me genuinely like you. I thought in this life I would be satisfied with you. But today, I realized I'm wrong, to you, there are things more important than me. I regret letting you take me into that teleportation formation but I'm also glad I did this. Otherwise, how would I know this is the real you.

Don't undermine big brother, it's okay if you do that to me, I owe you, but big brother doesn't. I don't owe you anything from now on, I'll give back what you gave me..."

Seeing the smashed necklace and torn book, Ye Zifeng suddenly felt something in his heart was taken away. If there was someone who knew him the greatest, it was Cheng Nana. He could tell what she meant just then, she meant that he was willing to undermine his big brother to reach his goal.

Soon, Ye Zifeng cast that sliver of emotion aside. There was a sliver of sadness in his eyes.

But Ye Mo felt something wrong, after Cheng Nana threw the things away, she suddenly patted her head. Clearly, she wanted to suicide.

Ye Mo sighed, Cheng Nana's hand was locked in space by his domain.

Xu Tong and Ye Ling just realized that Cheng Nana wanted to suicide.

“Nana, what are you doing?” Ye Ling cast her worry aside and quickly held Cheng Nana’s hands.

Cheng Nana smiled bitterly to Ye Ling and then walked out and bowed to Ye Mo “big brother, thank you for saving me again.”

Ye Mo sighed “Nana, what can’t you get over? You’ve lived on Earth before, there are so many people who divorce but they still live.”

Cheng Nana shook her head “big brother I’ve forgot about the past, I’m going.”

“where are you going? Come back to Mo Yue City with us.” Ye Mo said worriedly.

Cheng Nana bowed to Ye Mo and said “big brother, that’s the last time I will suicide. It won’t happen again. I won’t go back to Mo Yue City, I have been living for others before. from now on, I will live for myself.”

“if you’re concerned about what other people say then don’t worry, just cultivate in Mo Yue City and one day you will be able to ascend to the immortal realm.” Ye Mo said. He was afraid that Cheng Nana was tried to avoid rumors and thus left.

Then she turned to Nangong Xiaodai “Nangong Xiaodai, you’re indeed prettier than me but someone who can abandon a wife who stayed with him through the hard times won’t necessarily keep other things.”

Then, Cheng Nana walked out of the hall slowly.

Ye Mo knew that after this, she would never come back. Ye Zifeng completely traumatized her.

No one knew why she left, only Cheng Nana knew herself. It wasn’t to avoid rumos, she didn’t care.

She stayed at Mo Yue City because Ye Mo was Ye Zifeng’s brother. Ye Ling was also at Mo Yue City and there were other influences. She might as well leave early.

Ye Ling looked dazily at Cheng Nana's disappearing figure and after a long while roared at Ye Zifeng "Ye Zifeng, did your conscience get eaten by a dog? Is it just because this woman is prettier? Why? Tell me?"

For some reason, Ye Zifeng didn't say anything and just stood silently.

No one knew why he did this other than himself. No one knew what he went through after leaving Cheng Nana. No one knew what torture he went through. When Cheng Nana was standing happily and talking with her martial brothers, he was like a dog crying far away. After countless misfortunes, he decided that even if he was about to die he would cultivate.

The hall fell silent due to Cheng Nana's departure. Nangong Xiaodai could tell Ye Zifeng was despondent and held his hand closely. Clearly, she cared a lot about him.

"the Nangong village is very regretful that this happened. Xiaodai and Zifeng's connection is very deep..." Nangong Xu saw Ye Mo's face was bad and was scared he would find an excuse.

Xu Tong sneered coldly "Nangong Xu, stop calling here Nangong village, this isn't Nangong village, this is Chu family 9 star village."

Hearing this, Nangong Xu was scared that Ye Mo would make them leave and give this village back to Chu family so he quickly said "city lord Ye, this village indeed belonged to the Nangong family before..."

Hearing this, Ye Mo felt strange. Was there something here? Nangong Xu didn't want to give this up at all. Would a master like Chu Jiuyu set up a village at an ordinary place and place so many formations here?

But he couldn't really search the entire place over now.

"haha..." Xu Tong laughed "Nangong Xu don't you feel embarrassed? 9 star village belongs to Nangong family? How come I heard that the Nangong family was only a house servant of the Chu family."

However, Nangong Xu said calmly “of course there are some things you don’t know. When Chu Jiuyu came to South Peace State, he was far from his prime. He had a master here and that master was the ancestor of the Nangong family, Nangong Zaitian. Our ancestor stayed at the Fish Jump Through Dragon Gate village but at the time it wasn’t a village yet.

Then, my ancestor left and left this place to Chu Jiuyu and another ancestor of the Nangong family. Chu Jiuyu established Fish Jump Through Dragon Gate village here. The other ancestor of ours didn’t like to fight over power so he became a manager here. Regardless of what village this was called, all the managers had the surname Nangong, I believe you know this right?”

Hearing this Xu Tong was lost for words.
