Chapter 1501: The ugly woman waiting for Ye Mo

There was countless corner soul weed and Ye Mo decisively stopped collecting more. he felt he collected enough. He turned and left the depth of the sea corner without hesitation.

Before, he was really careful and was still hit by corner soul weed a few times but now with his speed, he was completely fine. This further made Ye Mo realise the importance of spirit sense cultivation method.

He had decided to find a complete spirit sense cultivation method to cultivate no matter what. his spirit sense cultivation method was completely learned from the three eyed purple frog, it was incomplete and not very high level.

If there was an extremely high level spirit sense cultivation method, Ye Mo was certain he would be much better off in here but there were too little people who knew spirit sense cultivation method. He had seen a few spirit sense attack cultivation artefact but no one with spirit sense cultivation method. The only person worth doubting with that Jiu Qian. He was completely unaffected by the 12 pill king steps.

Just when Ye Mo came back to the island, he saw a cultivator lurking at the border. Seeing Ye Mo, that cultivator immediately jumped up and came to Ye Mo.

This was a cauldron filling state level three female cultivator, she was extremely ugly, there were cuts all over her face. They had formed scabs and left worm like lines all across her face.

Even her hands and neck were covered in such wounds.

Ye Mo looked at this and sighed, how could he not know this woman did this to herself. Even though her wounds could be healed with pills, she left them.

“wan bei Jin Qianqing greet Ye qian bei.” The female cultivator bowed respectfully.

“you stayed here waiting for me?” Ye Mo asked.

“yes wan bei is indeed waiting for qian bei here, please punish me qian bei.” Jin Qianqing didn’t seem scared at all.

Ye Mo nodded “why are you waiting for me, speak.”

“wan bei dares to ask to collaborate with qian bei.” Jin Qianqing said.

Hearing this, how could he not know what she meant? She was only cauldron filling state level three and wasn’t too old, she probably at most spent around ten years.

If it was someone like Gu Hezhou wanting to collaborate with him, he would be overjoyed but a new cultivator like Jin Qianqing didn’t interest him at all. If she was older, perhaps he would be happier as that would mean she knew more about the sea corner.

Jin Qianqing probably realized what Ye Mo thought but she didn’t seem scared at all and said “qian bei wants the way out of here, not how long one has being staying at this island for. Some people stayed here for a few thousand years and never thought of leaving. Qian bei just came here for two weeks and wants to leave.”

She looked calmly at Ye Mo and continued “I believe Ye qian bei know what wan bei means, if it’s a cultivator who doesn’t want to leave, even if he stays here for 10000 years, he isn’t someone qian bei wants to collaborate with.”

“that’s right.” Ye Mo nodded “tell me about your way, if you have some good way I can collaborate with you.”

He was shook with this Jin Qianqing’s acute mind. He had only seen such insight of Jing Yingli. He met such a smart woman again. Like Jing Yingli, they were both observative and ugly.

Jin Qianqing said “the sea corner is actually an immortal formation and a high level one.”

“how do you know?” Ye Mo asked in shock.

“because my ancestor is a immortal formation master, a level five immortal formation great master.” Jin Qianqing said.

Ye Mo didn’t answer, he would definitely not believe a level five immortal formation great master would appear in the cultivation realm. Chu Jiuyu was that powerful but he was probably at most a level one immortal formation master. There was no immortal crystals, how could there be level five immortal formation great master?

Jin Qianqing continued “there’s no way there would be a level five immortal formation great master in the cultivation realm. my ancestor is an immortal, although he was only a golden immortal, his formation skills are very high. He was forced to the cultivation realm to set up formation and seal. My ancestor knew he would be killed as soon as he was done with the formation so when he set up the formation he said there was limitations by the cultivation realm and he couldn’t set up high level formations.

The person forcing my ancestor was powerful but his formation skills weren’t as good as my ancestor. He was too powerful and couldn’t come to the cultivation realm so he could only leave everything to my ancestor. Thus, my ancestor left loopholes everywhere on the formation. That person was only leaving something in the cultivation realm and could only come down after ten thousand years. He didn’t know what my ancestor did. My ancestor secretly set up an escape spirit formation after setting up that huge formation.”

Hearing this, Ye Mo thought of that Lu Zhengqun and those seal flags. If an immortal formation master wanted to hide them, he couldn’t do it? was this done by this Jin Qianqing’s ancestor?

“what’s your ancestor’s name? is he still here?” Ye Mo suddenly asked.

Jin Qianqing looked at Ye Mo in confusion, why did Ye Mo suddenly ask for her ancestor’s name? this had nothing to do with going out.

But she still answered “my ancestor’s name is Jin Jinlin. He’s no longer here, it was just a hollow immortal who killed him but that hollow immortal didn’t expect my ancestor to have set up escape spirit formation already and escaped with part of his essence spirit. When my ancestor got home, he knew he

wouldn't be able to stay for long so he resisted the disperse of his essence spirit and spent a month to leave behind multiple jade slips."

"what did he leave behind?" Ye Mo suddenly asked.

Jin Qianqing frowned and said after a long while " that's my JIn family's belonging. I want to collaborate with qian bei because I'm a level seven formation grand master so I can understand part of this immortal formation. But my power is limited and I can't leave here alone."

Ye Mo knew that she meant she got the teachings of her ancestor's immortal formation knowledge and thus knows some things about the sea corner. They could collaborate and go out but the jade slips were her personal things.

But Ye Mo wanted the jade slip her ancestor left behind. No matter how powerful his Three Birth Chant, without the model for immortal formation, he wouldn't be able to imagine the ways to set up immortal formation. If he saw the real means of setting up immortal formation, he would be able to use Three Birth Chant to create it.

Ye Mo knew these thing were extremely precious to Jin Qianqing and she definitely wouldn't tell him this if it could be avoided. If she met a cruel cultivator, he would definitely kill her and take things.

Seeing Ye Mo not talk, Jin Qianqing was also nervous. In here, she could only collaborate with Ye Mo. She had seen through the truth realisation state cultivators here, if she revealed her secret, she would be killed.

She came to Ye Mo because she could tell Luo Ying loved Ye Mo extremely. She warned the disaster transformation state level two before activating the attack formation.

If Ye Mo was a cruel person, he wouldn't get the bone etched love of such a woman.

Chapter 1502: Mutually beneficial exchange

Jin Qianqing was prepared to self destruct and destroy those jade slips with her if Ye Mo tried to force her. But little did she know she wouldn't even be able to do that.

Just when she was extremely nervous, Ye Mo suddenly took out 15 corner soul weed and two jade bottles "I'll use these things to exchange your jade slips, no, not exchange, just let me make a copy and when I leave I will still take you with me."

She thought Ye Mo was about to attack but he took out things to trade with her instead. She was thinking that if she didn't trade she would die anyways but realized that Ye Mo gave her corner soul weed.

"corner soul weed..." Jin Qianqing called out in shock, soon she found that they seemed very high quality and there were 5 dark weed.

How could she not know the value of corner soul weed, she had been here for a decade and long wanted one but her ability was limited. She could only watch them come and go. But now, Ye Mo gave her 15 and 5 were dark weed.

In all her years here, she hadn't even seen corner soul weed that were as good quality as Ye Mo's much less dark weed.

Jin Qianqing subconsciously grabbed a dark weed, the snow white dark weed landed in her hand and gave her an extreme sense of pleasure coming from the depth of her soul.

Just how many corner soul weed did he get here? This was her first time seeing a cultivator able to catch dark weed and catch so many too.

Even if Ye Mo just gave her one dark weed, she would be willing to trade. Since Ye Mo was planning to trade, it meant he didn't abuse the weak. Plus, Ye Mo just wanted a copy of it.

"qian bei, I'm willing to exchange as long as qian bei is willing to take my away from here." Jin Qianqing tried to calm herself down but she couldn't.

Ye Mo nodded “of course but there’s life threatening danger in leaving here, you need to be prepared.”

“qian bei, wan bei knows, even if I die here I’m willing to go with qian bei.” Jin Qianqing said with certainty.

Ye Mo nodded, he was very happy with her attitude. If it was two weeks ago, there would be danger of dying but now, it was completely fine. Those lethal corner soul weed to other cultivators were just spirit sense cultivation treasures for Ye Mo.

Jin Qianqing took out six jade slips and gave it to Ye Mo “these are the jade slips my ancestor left behind, please copy them qian bei.”

Ye Mo nodded and took out blank jade slips.

Jin Qianqing carefully put the 15 corner soul weed in 15 jade boxes before looking at the two jade bottles.

“disaster life pill? Truth spirit pill...” Jin Qianqing was completely dumbfounded.

Ye Mo’s status rose in her heart drastically again. This truth realisation state qian bei seemed much younger than her but he was extremely powerful and this wealthy.

“thank you qian bei.” Jin Qianqing bowed to Ye Mo. She completely trusted Ye Mo now.

Ye Mo nodded and put away the copied jade slips and handed back the original to Jin Qianqing.

“qian bei, according to my guess, there are countless tidal flows in this immortal formation. If we just control one rule, we can find a formation door of this formation.” Jin Qianqing said.

Ye Mo asked her “do you know one of the rules?”

Jin Qianqing shook her head “I haven’t found one yet but even the most patient person would need 50 to 100 years.”

Ye Mo frowned, he didn’t think she was wrong. She was level seven formation grand master and definitely wouldn’t make a mistake in judgement here.

He didn’t think he would be able to find the rule in an extremely short time, even with the help of the Three Birth Chant, he would need two or three decades but he definitely couldn’t wait a few decades here before going out.

Seeing Ye Mo frown, Jin Qianqing said “Ye qian bei don’t worry, although I haven’t found the rule, someone on the island probably has.”

“who?” Ye Mo blurted out.

Jin Qianqing heard this and knew Ye Mo was more desperate to go out than her “it’s the Xin brothers at the market place. they also really wanted to leave the city. If it wasn’t that their power is too low and can’t stop the corner soul weed, I would want to collaborate with them. I suspect that they knew one of the rules but they didn’t go to qian bei when qian bei made the public notice because they are waiting.”

“I’m certain that if qian bei went back to the sea corner city, they would come asking for collaboration immediately. They saw people daring to charge to qian bei’s home in sea corner city and thought qian bei was...”

Ye Mo interrupted her and said coldly “someone dares to barge into my place?”

“yes but that cultivator was killed by formation...” Jin Qianqing didn’t even finish and saw Ye Mo dashing to the city and disappeared. Jin Qianqing quickly followed.

As soon as he came to the city, he saw one cauldron filling state level five outside the formation. He was very respectful and said “two goddesses, my family estate lord is holding an auction, please come by.”

“no need thank you, please go.” Luo Ying’s pale voice sounded.

“my family lord even set up spirit fruit feast and came to invite the two goddess, if you two don’t go, it’s hard for me to get back...” the cauldron filling state kept talking.

At this moment, Ye Mo came out with a smile. Seeing this, that cultivator’s heart was throbbing with excitement. He thought he succeeded.

At this moment, a cold voice sounded “since you can’t go back, then you don’t need to.”

Then, a cultivation essence giant hand slapped over. Hearing Ye Mo’s voice, that cauldron filling state was scared soulless and before he could react, he was smashed to a bloody mist.

“you’re back.” Luo Ying knew Ye Mo would be fine but she was still worried.

“brother Ye, you’re back.” Jie Youkui also ran out in joy.

Ye Mo held Luo Ying’s hand and said “mhm let’s go in first.”

Jie Youkui said “these two days have been annoying that house lord sends a cultivator to talk here everyday about some auction or some spirit fruit feast.”

Ye Mo sneered, that family lord thought using such placid means would mean he wouldn’t do anything to him. But that family lord is blind, if he was so easy to mess with he would’ve long been devoured. There was no reason here, if he wasn’t some cultivator who could kill Feng Xian, that family lord wouldn’t use such means? He would’ve came out to take them by force.

Many people saw that cauldron filling state was just sending an invitation and was killed. This Ye Mo was too murderous. Many of them started to leave, fearing they would offend this slaughter god.

Many people were laughing, that truth realisation state level four family lord was over. Many didn’t Ye Mo to have come back.

Just now, a figure came up to them. It was a fat white face cultivator he smiled and saluted with his fists “brother Ye, Peng Huoyang has long heard of your name and I set up a spirit fruit feast today, please come over...”

Chapter 1503: 33 heavens

Ye Mo stopped him “the cauldron filling state I just killed belonged to you, the family lord who comes here to pester us is you too?”

“yes, yes my man didn’t know how to talk, thanks for taking him out for me. I wanted to connect to brother Ye through the two goddess, brother Ye please...”

The fat cultivator didn’t even finish and he felt his body go cold. His face changed.

Before he could break free, a purple flame surrounded him and a terrifying howl sounded. The scream disappeared in the flames.

When the flames disappeared the fat figure was gone. There wasn’t even storage ring left.

Wang Jing who watched on the side and sweated cold. Not long ago he was annoyed at Peng Huoyang for not playing by the rules. The three truth realisation state tertiary stage master still haven’t made a move yet and he dared to attack first but now this annoyance was gone. Ye Mo was back and killed another truth realisation state middle stage in a second. Peng Huoyang couldn’t even resist.

Wang Jing barely calmed himself down and flew up to Ye Mo saluted with his fists “brother Ye, that Peng Huoyang was asking to die and I was about to take him out but brother Ye came back...”

Ye Mo glanced at him and Wang Jing subconsciously froze but he heard Ye Mo say plainly “piss off...”

Wang Jing’s face froze, he didn’t expect Ye Mo to be this rude. Was he wrong to come say hello.

Even though his edges had been rubbed smooth, Wang Jing still felt insult. Since when was a truth realisation state level nine insulted like this. he felt his face go hot and his anger but when looked at Ye Mo's eyes again, his anger froze.

He knew that if they fought in no more than ten seconds there would no longer be Wang Jing in this world. realizing this, Wang Jing saluted with his fists and flew off.

Wang Jing was hiding on the side and still came out to say such pretty words. Such cultivators was set to die old here. Ye Mo couldn't even be bothered talking to this two faced guy.

Jin Qianqing happened to get here and see Ye Mo tell Wang Jing to piss off and Wang Jing didn't dare to say anything, she immediately felt quite satisfied.

Not only her but the cultivators on the side also felt satisfied. There were so many of them oppressed by Wang Jing and Feng Xian.

"qian bei..." Jin Qianqing called.

Ye Mo nodded "go in first."

...

"luckily I said to wait, that Ye qian bei is powerful indeed but he went to the sea corner depth to catch corner soul weed, sigh..." Xin Yi sighed.

Xin Xi didn't expect a person as dominant as Ye Mo would go into the depth of the sea corner and not come back. At this moment, he almost admired brother Ye's perceptions.

"but brother, wouldn't this mean we would never be able to go out?" Xin Xi said in discontent.

"if we still can't find someone to collaborate with in another ten years, we'll go try ourselves. I really don't want to die in this place." Xin Yi shook his head.

“then why...” Xin Xi asked in confusion. he had to persuade his brother for a long while before his brother agreed to collaborate with Ye Mo but now it seemed his brother had long wanted to find someone to cooperate?

Xin Yi said heavily “Xin Xi, you don’t understand, that Ye qian bei is very murderous, he came and killed quite a few people already, even vice city lord Feng Xian. If we collaborate with someone like that, we can get pulverized if we don’t do it right.”

“but that Feng Xian deserves to die, I’m too weak but if I was stronger I would’ve killed him already. He took Maa Yu’s wife and killed him. Maa Yu’s wife suicided too. So what if he killed such a person.” Xin Xi said.

Xin Yi shook his head “I’m not saying Ye Mo was wrong to kill Feng Xian but he kills so easily. If we provide something of no value he might immediately kill us. We just know some rules about the movement of corner soul weed and the tide in some areas, who knows if this would be useful in going out?”

Xin Yi just finished and got up. Xin Xi got up. Clearly they saw the hustling outside.

The two quickly got out and saw cultivators gathered together.

“what happened?” Xin Xi squeezed over and asked.

“Peng Huoyang’s cultivation home was robbed. It’s taken by another disaster transformation state level nine now.” one body condensation state said casually.

“isn’t Peng qian bei truth realisation state middle stage...” Xin Yi asked carefully.

The cultivator turned around in contempt “truth realisation state middle stage? He was long annihilated by Ye qian bei, in a second... no less than a second. He doesn’t use his brain, even Feng Xian was annihilated by Ye qian bei. He’s a mere truth realisation state level four and he dares to act up at Ye qian bei’s cultivation home. This is asking for death?”

“what? Ye qian bei is back?” Xin Yi asked in joy. then, the two looked at each other.

The cultivator said loudly “how can Ye qian bei be in trouble? Ye qian bei’s all powerful, the mere sea corner...”

The Xin brothers had disappeared already however.

...

At this moment, Ye Mo held a jade slip in contemplation. He didn’t expect the demon prison forbidden grounds seal was really set up by Jin Jinlin. He was forcefully taken to Luo Yue cultivation realm by Lu Zhengqun to set up seal and demon prison forbidden grounds formation.

The main reason was because he immortal ascended from Luo Yue continent and knew demon prison forbidden grounds very well.

Ye Mo also realized why he would have the chance to break another seal flag after breaking one already. It was cultivation resources he left for his descendants.

He left loopholes in all the seal flags including the blue stone road and stone tablet.

The jade slip clearly said if his descendants didn’t reach truth realisation state level nine and level nine formation grand master peak, they must not touch the seal flag. If they reach this level, the seal flag wouldn’t explode.

Only those with Jin family bloodline could use the jade slip he left behind to open the seal at demon prison forbidden grounds and then take the immortal crystals here. He said many times for the Jin family descendants to not touch Cheng Sheng in the depth of the abyssal river.

Jin Jinlin even thought of ways to avoid the sand soul beasts but what confused Ye Mo was that he didn’t mention spirit devouring bugs at all. He told the family to immediately head to Gong Hua heaven and most not go Yue Heng heaven.

From his jade slip, Ye Mo realized there were 33 heavens in the immortal realm. Yue Heng and Gong Hua were just two of them. Each heaven domain had a heaven lord, Lu Zhengqun was Yue Heng heaven lord.

It also recorded some rules and powers of the immortal realm. Ye Mo didn't have the mood to look at them now. the rest of the five jade slips were about formation. It talked about level one to level five immortal formation, there were models too.

Ye Mo looked at it and knew he would need to spend at least a few years to study them.

Ye Mo believed Jin Qianqing's words and believed the sea corner was an immortal formation. But now that he had a chance to study the immortal formation, he wasn't going to rest his hopes on her.

At this moment, his spirit sense scanned the Xin brothers.

Jin Qianqing clearly saw them too and immediately said to Ye Mo "Ye qian bei, the two people outside at the Xin brothers. If I'm not wrong, they came after hearing qian bei was back."

Ye Mo nodded and took out a communication bead to Jie Youkui "Youkui give this to them, tell them to wait, I will let them know when I go."

Ye Mo didn't know what the tide flow meant yet, he had to study the jade slips first and decided if he would need the two brothers. If not, he wasn't going to be a goody goody in here.

Chapter 1504: The most vicious person in the sea corner city

When Ye Mo set up the spirit sense barrier formation, he went into his golden page world and took out the time formation disk. Without it, he wouldn't be able to finish studying immortal formation in a short time.

"sister Qianqin, did you do this to your face purposely?" Jie Youkui looked at the hideous Jin Qianqing and asked. She had been here for a while and knew the situation here.

Jin Qianqing nodded “yes if I didn’t do this I would’ve long died. You’re lucky you came with Ye qian bei, if you came alone like me a tragic fate would await you. The most terrifying cultivator in the city isn’t Feng Xian but that Wang Jing. He’s bad in the shadows, Feng Xian is bad overtly. Wang Jing is more vicious than Feng Xian. Everyone thinks that Feng Xian is the worst but he isn’t.”

“how do you know?” Jie Youkui asked in confusion.

Jin Qianqing thought and said “I’m a level seven grand master and in order to leave here I often watch the rhythm of the tide at the border of the island I’m very careful and I usually set up a stealth formation. One day, I saw Wang Jing come here with his dao partner. I thought they were going to hunt for corner soul weed but then I knew they weren’t. Wang Jing ambushed his dao partner from behind and killed her...”

“huh...” Jie Youkui said in shock and immediately said “there must be a conflict between them.”

“no.” Jin Qianqing shook her head “that female cultivator was disaster transformation state, she went to Wang Jing on her own accord and became his dao partner. She was very obedient to him, there’s no way they had conflict. Plus I know why Wang Jing killed that female cultivator, he said something before he killed her.”

“what did he say?” Jie Youkui asked desperately. Even Luo Ying wanted to know.

There was disgust in Jin Qianqing’s eyes “that Wang Jing is worse than a dog. He killed her and said you waste too much of my spirit stones, you need ten spirit stones to cultivate everyday so I have no choice but to send you off.”

“huh...” Jie Youkui was in disbelief, killing his dao partner for ten spirit stones a day? Ten spirit stones wasn’t enough to recover cultivation essence for a disaster transformation state cultivator. This was unimaginable that a truth realisation state cultivator would do this.

“worse than a pig.” Even Luo Ying frowned and cursed.

Jin Qianqing shook her head “this isn’t the worst, the worst is that he pretended he was heavily injured and came back to the city holding a massive funeral for his dao partner, grieving that she died in the corner soul weed. He said he was heavily injured trying to save his dao partner, he would trade his life for his dao partner’s.”

“I’ll ask brother Ye to kill this animal...” Jie Youkui got up angrily.

...

Ye Mo was studying immortal formation in the time formation disk and it’s been a year and Ye Mo finally understood what tide flow was.

It was a type of immortal formation formation flag’s positioning. Using the environment to change the location of the formation flag while using these positions to change the formation. It was a common method of immortal formations.

No wonder Jin Qianqing said that one must know the rule of the tide flow to go out. If you could find one of the rules, you could find a formation flag and use that to calculate the position of the second formation flag.

This was like the sand river in West Extreme State, if he found one seal flag he could find the second one.

But the tide flow was a changing rule, so 50 years wasn’t just bare minimum time needed to find it.

Thinking how the Xin brothers were only less than 500 years old and both body condensation state, could they really find the rule? If they didn’t then Ye Mo knew he would have to find it himself.

It wasn’t practicable for Ye Mo to spend a few decades to watch it. Ye Mo was worried that since this place was an immortal formation it would be very hard to tear open space here.

The only way was to find the formation door, Ye Mo sighed. Even if the Xin brothers knew the tide flow rule, Jin Qianqing was unreliable. She only could tell this was an immortal formation but she was just a

level seven formation grand master. It was impossible for her to find the way out of the immortal formation.

It seemed he still needed to rely on himself. Ye Mo focused his mind and completely devoted himself to studying immortal formation and even took out immortal crystals for experiments.

...

The city calmed down and no one dared to go near Ye Mo's place to walk around.

A month later, the time formation disk stopped moving and Ye Mo happened to wake up at this time. He looked at the used up spirit stones, he didn't dare to believe he was in solitary cultivation for 9 years. He used at most this much time to reach from level one formation master to level nine formation grand master and yet he used this much time to reach level one immortal formation master.

Luckily it would be faster to reach level two immortal formation master from now.

The immortal formation means were completely different to the cultivation realm formation means. Of course, everyone had different means based on their understanding of formation.

Ye Mo was just using the formation theory of Jin Jinlin's and birthed his own formation means but it was a bit hard as he hadn't been in the immortal realm.

Ye Mo walked out of the room and found only Luo Ying was studying pills. Jin Qianqing and Jie Youkui weren't here.

Seeing Ye Mo come out, Luo Ying quickly got up and said "you're doing looking at those things?"

"yes, I have an approximate understanding, we can go out. Where's Youkui and Jin Qianqing?" Ye Mo held Luo Ying's hand and asked.

"Youkui was bored and asked Jin Qianqing to go with her to the market." Luo Ying said.

Ye Mo was speechless, there was no point in going there, there was no good things. Here he casually put away his cultivation artefact cultivation home and was prepared to leave here.

Before Ye Mo made a notice, Jin Qianqing, Jie Youkui and the Xin brothers were here. They immediately came up to greet Ye Mo.

Xin Yi was robust and seemed innocent but he was very cunning. He said without need Ye Mo to ask “my brother and I have been here for 90 years. Ever since we got here we’ve been thinking of all ways to go out. We’re weak but we know some of the rules of how the corner soul weed move in the south east direction and some of the tide times at the island...”

“south east?” Ye Mo repeated. There was no sense of direction here, how did they know?

Xin Xi said in embarrassment “Ye qian bei, we just set up the directions ourselves in order to convenience our observations.”

“good method.” Ye Mo raised his thumb.

But there was a flaw in this way, using experience to judge may result in error. The compass used formation to point the way but compasses didn’t work here.

This made Ye Mo think of a thing that wouldn’t point with formation. He took out an exquisite hairbrush.

“brother Ye you have a brush?” Jie Youkui could tell it was for girls to use.

Chapter 1505: Compass breaking formation

Ye Mo saw Luo Ying come over and smiled apologetically to her “I met a girl near Flowing Snake called Chi Wanqing, she went missing in Luo Yue continent.”

Ye Mo sighed, he was worried about where Chi Wanqing went.

Luo Ying was a little uncomfortable but hearing this explanation, she immediately said “I know Chi Wanqing, she came over with sister Yuehua but we don’t know where she is, we need to go find her if we have the time.”

Ye Mo’s tone was dejected “I didn’t find her in North Far State nor West Extreme State. South Peace State is too big I believe if she is in South Peace State she would’ve be able to hear about Mo Yue City. She didn’t come over, I’m afraid she isn’t in South Peace State.”

Luo Ying went up and held his hand “don’t worry, just like me, I had been in Black Ice sect cultivating and never cared about what happened outside. If I wasn’t with Beiwei I wouldnt’ even know you were at South Peace State. maybe Chi Wanqing is like me, she would be able to come to Mo Yue City when she is strong enough.”

Ye Mo nodded “she gave me this hair brush there’s a telephone number on it. it’s also a military compass.”

“oh, this is a compass?” Jie Youkui squeezed over looking at the small thing embedded in the hairbrush.

Luo Ying smiled “yes, it always points to the south.”

“so this direction is south?” Jie Youkui pointed at the small pointer.

Ye Mo shook his head “not necessarily, this compass is made based on magnetic field theory. The direction it points on Luo Yue isn’t necessarily south but the direction wouldn’t change and it wouldn’t be affected by the formation here like the formation compass.”

Seeing Ye Mo take out something that could point directions, Xin Yi walked over nervously “Ye qian bei, then we...”

Ye Mo waved his hand “your experience is very good, I’m willing to collaborate with you guys, let’s go together.”

Then, Ye Mo released Blue Moon. “get on, we’ll leave the sea corner now.”

As soon as Blue Moon activated, a dashing light came. Ye Mo looked at the person “brother Gu, are you coming with us?”

Gu Hezhou shook his head “I know I don’t have a way to persuade you to stay. Many cultivators who thought they could leave left and there was no news of them ever again. Then cultivators who came in again say they didn’t make it out. I can only wish you success, brother Ye, take care.”

Gu Hezhou admired Ye Mo greatly for being able to come back from the depth of the sea corner but he didn’t think Ye Mo could get out.

Ge Hezhou thought of his own life too seriously. Ye Mo was planning to give him a bottle of pills before he left but when Peng Huoyang sent people to harass Luo Ying and Jie Youkui he didn’t even come help.

Ye Mo laughed “in that case, I’m going, take care.”

Then, Blue Moon disappeared from the city.

Seeing this, there was a faint sense of regret. He couldn’t describe it, he felt that he should’ve gone with Ye Mo.

Seeing this, Wang Jing breathed easy. His face was gloomy but pity he knew that even if Ye Mo slapped his face he wouldn’t be able to do anything to Ye Mo. He glared at Gu Hezhou. If he didn’t always spend his time in the sea corner, he would want to take revenge on him.

Blue Moon didn’t fly very far and stopped at the border of the island. Ye Mo took out a jade slip to Xin Yi “inscribe the rule you know and the tidal situation.”

Xin Yi handed a jade slip he prepared already to Ye Mo “qian bei, I’ve already recorded it please have a look.”

Ye Mo nodded, he was very happy with this Xin Yi.

Countless years and countless cultivators had been trapped here. Some of them would know more than the Xin brothers but none of them made it out. Even the Xin brothers might eventually die of old age or to the corner soul weed here.

Compared to them, at least they tried to go out. These more powerful cultivators like Wang Jing had a sliver of chance but if they've given up the will to go out, they killed that last line of hope for themselves.

Ye Mo looked at the jade slip and checked it out himself before giving it to Jin Qianqing. Then, he controlled Blue Moon to flying slowly into the depth.

The Xin brothers have always been watching here and could tell that Ye Mo was flying towards the direction they found through the rule and rejoiced. At least the news they provided was useful.

But soon, they felt something wrong. Blue Moon went faster and faster, eventually it was faster than extreme grade cultivation artefact.

Seeing this, their hearts hung up and even regretted. This Ye qian bei didn't buy into anyone at the city due to his power and even in here he was this impulsive.

The corner soul weed wouldn't care who you are. If they continued like this they would be killed by the corner soul weed. Now, they were flying far from the direction they studied.

Regardless if Ye Mo was seeking death, the Xin brothers knew they wouldn't be able to leave even if they studied here for a thousand years.

Thinking about this, they just admitted to fate.

Jin Qianqing was also completely lost too.

Ye Mo was overjoyed however, he found that the Xin brother's rule only applied to a few hundred kilometers and knew they weren't able to leave here with that. But soon he found that the compass pointed in the direction of the corner soul weed flow. The tidal flow was completely useless.

This meant he didn't even need to look at their jade slip and just keep flying using the compass.

What shook Ye Mo was that he found when heading in this direction, no matter how fast he was, no corner soul weed came over. Sometimes, the corner soul weed was clearly about to ram into Blue Moon but it suddenly changed direction.

An ordinary cultivator would be overjoyed but Ye Mo was annoyed, he was planning to collect more corner soul weed on the way but he couldn't catch even one.

Ye Mo kept changing directions but he was only following the compass as the needle kept changing directions.

An ordinary compass had such effect, Ye Mo was overjoyed.

Soon the brothers and Jin Qianqing found that no matter how fast Ye Mo went they didn't smash into corner soul weed no matter what.

The Xin brothers were overjoyed, it seemed Ye Qianbei really knew how to get out.

Jin Qianqing admired Ye Mo even more. She knew from Jie Youkui that Ye Mo was a level nine formation grand master and now Ye Mo used just 9 days looking at the jade slips left behind by her ancestor and found a way out.

Ye Mo didn't think so. He felt this wasn't just a formation, he would rather think this was a high level natural formation than an immortal formation.

The sea corner didn't seem big when they came in but when they left it seemed huge. One day later, Blue Moon turned 180 degrees and kept flying as though they were flying back.

Ye qian bei are we going around in circles here?" Jin Qianqing finally couldn't resist asking.

Chapter 1506: Charging out of Sea Corner

"no." Ye Mo said affirmatively. He was taken directionless by the compass but he knew they weren't going around in circles.

This was more than one Blue Moon had turned 180 degrees, other than Luo Ying the rest of the people were starting to think Blue Moon was going in circles.

On the fourth day, a huge coral appeared before them, only now did they realise that Blue Moon really didn't go in circles.

But Ye Mo soon found that even if Blue Moon left this coral, the compass was pointing here. This meant that he would still be brought back here.

Everyone else realized this problem and looked at Ye Mo.

Ye Mo carefully released his spirit sense out and checked before saying "this isn't necessarily an immortal formation, even if it is, it wouldn't be lower than level 6. This isn't something we can break out of.

"huh..." Jin Qianqing was dumbfounded. This meant that even if her ancestor was here they might not be able to get out.

Ye Mo put away Chi Wanqing's brush and said "the sea corner is probably a sealed off dimension, if you want to leave you would have to tear open space..."

Hearing this, they looked at each other. Tear open space? To be able to tear open the space in the cultivation realm, one must be more powerful than hollow immortal. Was this something a cultivation realm cultivator could do?

“and even if you’re extremely powerful, you wouldn’t be able to tear open space at other places, the only possibility is here.” Ye Mo pointed at the coral. His power was beyond hollow immortal and had been to the void fissure.

Ye Mo continued “this space isn’t necessarily to another realm, it might quite possibly lead to the Heartless Sea but the stability of this space is no lower than any void space.

“brother Ye how do you know? If we really need to tear open space, what do we do? my dad said those cultivators who can tear open space are very rare powerful beings...” Jie Youkui said.

Ye Mo smiled and didn’t know how to reply. He had a feeling that outside here was the Heartless Sea but he couldn’t explain this.

“if it wasn’t for the compass we wouldn’t be able to come here but now that we are, I can try...”

Ye Mo saw the other people except Luo Ying look at him in confusion clearly not thinking he would be able to tear open space

Ye Mo signaled everyone to go into Blue Moon and threw out a few formation flags, he set up acceleration formation and then used all of his cultivation essence and spirit sense and grabbed.

Ripples invisible to the eye spread out and Blue Moon shook. Everyone felt the surroundings shake as though Blue Moon was about to fall into an endless abyss.

The space was shaking greater and greater until there was a low humming sound. Ye Mo’s face grew more and more pale. He thought since Chu Jiuyu could tear open space he would be fine but now that he tried, he realized how hard it was.

Luckily he could still feel the space barrier, weaker cultivators wouldn’t even be able to feel it.

“open...” Ye Mo roared and a light crack sounded, a black crevice was torn open by Ye Mo.

Before they could react, Ye Mo took Blue Moon and darted in through the acceleration formation.

Then, Blue Moon disappeared and the void fissure closed.

"hmm? A mere truth realisation state level eight little guy is already absurd enough to be able to find here. I didn't expect he would be able to tear open the dimensional barrier here." A blue robed cultivator appeared on the rock when Blue Moon disappeared.

There seemed to be a binding on him that even spirit sense couldn't see making him unable to leave here. After a long while, he laughed "Jueya, you can't blame me. he found here himself and before I even woke up he tore open the space barrier. You are to blame yourself, this space barrier can't even stop a truth realisation state level eight. Hehe, I'll pretend I saw nothing and go back to sleep."

...

"Heartless Sea, this is the Heartless Sea..." Xin Yi looked at the sea surface and breathed the spirit chi filled air.

The Xin brothers and Jin Qianqing were ready to die with Ye Mo but they really succeeded.

Ye qian bei, I didn't expect you to be able to leave the sea corner so easily. Jin Qianqing thank you for saving my life." Jin Qianqing was shaking with emotions.

After their excitement, Xin Yi kneeled down to Ye Mo "Ye qian bei, wan bei's life is yours now. if you don't mind us, wan bei will go back and bring my wife to follow qian bei."

Ye Mo approved of Xin Yi's meticulous and careful attitude but he didn't want them to follow. He let them get up and said "I just casually helped, plus you guys helped a lot too."

"I thought we brothers were going to die at the sea corner but qian bei left so easily..." Xin Yi was too excited.

Easy? If he didn't have their experience, Jin Qianqing's jade slip and Chi Wanqing's brush would he be able to leave? Even if that was all satisfied Ye Mo didn't know that if the blue robed guy wanted to stop him he wouldn't be able to get out as well.

It seemed easy to others when he tore open the dimension but he was god state body refinement, his cultivation essence was on par with hollow immortal cultivator. Even so, he almost spat blood tearing the barrier open.

Only Luo Ying knew Ye Mo's hardship and quietly asked him "are you okay?"

"I'm fine, just some cultivation essence backlash, I'll be good." Ye Mo patted Luo Ying's hand.

He knew that Luo Ying seemed to calmest but her emotions to him were on par in intensity as Ning Qingxue. She always hid the intensity in front of others.

"where is qian bei going?" Xin Xi wanted to follow Ye Mo even more. solo cultivators like them would have much better cultivation environment if they found a good sect. Ye Mo was a master he had never seen before and his temperament was super. Those two truth realisation state level nine in the city were trash compared to him.

Ye Mo smiled "I'm going to East Black State if you're going to East Black State I can take you there. If you want to go South Peace State you can come with me too. After I'm done with East Black State, I'll be going back to South Peace State."

Before they replied, Jin Qianqing bowed "qian bei, wan bei wishes to follow qian bei back to South Peace State..."

Ye Mo waved his hand "no problem, after I'm done with East Black State we can go back together. We might even take the teleportation formation back."

Xin Xi said excitedly "qian bei, we're going to East Black State, my big brother needs to pick up his wife. If qian bei is willing, we will follow qian bei back to South Peace State together."

South Peace State spirit chi was so much better than East Black State. Xin Xi knew that their power was quite good at East Black State but it was nothing at South Peace State.

“of course I have a city in South Peace State called Mo Yue City. You can settle there.” Ye Mo agreed without hesitation.

“hmm, I know where this is.” Jie Youkui said.

Chapter 1507: Might as well reminisce than seeing

“this is the east side of Lost Soul Ruins. A little bit down is my Zhu Yin island.” Jie Youkui said desperately and looked at Ye Mo, clearly she wanted to go check it out.

Ye Mo didn't expect to come to here, everyone looked back, there was no sign of sea corner. The sea corner was indeed everywhere, no one would know where it would appear.

“Youkui lead the way, we'll go see Zhu Yin island.” Ye Mo knew what Jie Youkui meant and said.

...

This was the first time coming to Zhu Yin island but Ye Mo approved of Jie Feng greatly. He didn't know what it looked like before but it definitely wasn't like this. the island was full of craters and there was a few huge ravine showing that the spirit range here was taken away.

Jie Youkui flew onto the island and started crying at the ruins. She had been living here for a few decades but now it turned into this. her father wasn't not known if alive and so were her sisters.

Luo Ying and Jin Qianqing went down to comfort her, Ye Mo and Xin brothers came down too. From the position of the island, Ye Mo could tell it was definitely an extremely good place to cultivate in the Heartless Sea. however this Yu Zizhen was really cruel, damaging it like this.

“I’m going to get revenge with that woman.” Jie Youkui couldn’t hold the anger in her heart and clenched her fists.

But Ye Mo felt Jie Feng wasn’t necessarily killed by Yu Zizhen. He hadn’t seen Jie Feng fight but he knew Jie Feng wasn’t simple. He was definitely no match for Yu Zizhen but it was quite possible he was able to escape from her.

Jie Youkui asked Ye Mo to seal the island with a formation and add essence blood verification allowing only people from the Jie Family to enter. Then she left a jade slip inside tell her family to go look for her at South Peace State Mo Yue City.

Ye Mo was originally planning to look for trouble with Yu Zizhen but now that she said this, she would lose motivation to cultivate if he annihilated Peng island.

He would teach the spirit sense cultivation method to Jie Youkui. As for if she would be strong enough to take on Yu Zizhen Ye Mo knew that despite Yu Zizhen being bpowerful, he believed that Jie YOukui wouldn’t be weaker than her after his tutelage.

It was probably impossible for Jie Youkui to get revenge in the cultivation realm as she probably ascended already but at least Jie YOukui could go annihilate her Peng island.

Blue Moon sped up after leaving the island and the Xin brothers finally realized that Blue Moon wans’t at its max speed before. with such speed, it probably wouldn’t take long from East Black State to South Peace State.

They were guessing what level Blue Moon was, half immortal artefact or immortal artefact?

Blue Moon howled past, the spirit beasts on the side long hid away seeing Blue Moon’s speed. Good flying magic artefact was eye catching but if it was too good, it would make people scared.

Without enough power who would dare to waltz around the Heartless Sea with it?

The Xin brothers didn't stay inside to rest they stood on the deck the entire month. Their hearts were filled with excitement and this indescribable feeling.

When they came to the Heartless Sea, they had to be careful fearing they would be caught by high level cultivators or spirit beast.

But now, they arrogantly howled past in the sky without hiding at all. This was power. They couldn't describe their admiration for Ye Mo with words. They had made up their mind to follow Ye Mo to South Peace State to cultivate.

There were a few high level spirit beast and even a level eleven spirit beast as well as few truth realisation state cultivators but none dared to stop Blue Moon. They wouldn't even be able to stop it in the first place as well.

...

A month later, 6 cultivators acme to a south coastal city of East Black State. three men and three women. They were Ye Mo and them and they arrived at Xi Tong city.

They came here because the Xin brothers had a merchant association here. They were finding resources here all the time and when they were strong enough they just set up their own merchant association.

The two left the city in an venture and accidentally went into the sea corner.

"big brother why did Yixi merchant association change names?" Xin Xi looked at the Geng Mei merchant association sign and asked.

Xin Yi frowned. They had been out for a hundred years but in the cultivation realm there were cases where the owner of the merchant association had been gone for more than a thousand years.

"go in and ask." Xin Yi frowned. They weren't there but there were their men. His dao partner would manage this place too. Something must've happened.

Xin Yi and Xin Xi walked in but it was an attendant they didn't know who greeted them. Xin Yi dazed and immediately asked "where is the owner of this merchant association?"

Seeing Xin Yi was much more stronger than him he said politely "friend if you need anything you can ask me."

Xin Xi asked "isn't this place Yixi merchant association? Why did it become Geng Mei merchant association?"

The attendant quickly said "the name was changed by the boss, I don't know why the change occurred."

Xin Yi and Xin xi glanced at each other and said "call out your owner or we will smash this place."

"yes, I'll call immediately." The attendant quickly sent a message.

After a long while, two cultivators got down, one male one female. The male immediately looked at Luo Ying and his eyes couldn't move again.

Ye Mo frowned, he was very annoyed.

"Lu Xuangeng, what happened, why are you in my shop? When did my shop become yours?" Xin Xi cursed. This Lu Xuangeng was their enemy.

The cultivator only now saw Xin Xi and his face changed. His eyes blinked not knowing what to say.

"brother..." Xin Xi just realized that Xin Yi's hands were bursting with veins as he stared at that female cultivator. He reacted and called "sister in law."

"you guys are back." The female cultivator said bitterly and didn't do anything.

Ye Mo heard Xin Xi say that his brother and sister in law's relationship was very good. Xin Yi was thinking of his wife everywhere but they came back and met in such a way.

Xin Yi's face was green and after a moment he spat blood.

Xin Xi quickly held him "brother are you okay? Even if the merchant association is taken away we can take it back. Plus, we don't need it now, we're going with Ye qian bei to South Peace State. we don't need this shitty merchant association? Nothing to be angry about."

Xin Yi didn't say anything. This female cultivator was his dao partner Wu Mei, they had been together for 100 years how could he not know her?

Her ears were red and breathing heavy. This meant she just had sex with someone else. She was like this every time they had sex.

He didn't come back for a hundred years and this happened, how could he not be furious. This was a huge irony to their past affection.

"Wu Mei, very well, very well..." Xin Yi's hands were shaking uncontrollably.

That woman who kept saying she couldn't leave him at all, the woman who thought for him about everything not only gave his shop away but to his enemy.

Xin Xi immediately realized that Lu Xuangeng not only took their shop and got together with sister in law. This made Xin Xi burst out in fury and released his magic artefact.

Chapter 1508: News of Mu Xiaoyun

In that instant, Xin Xi's magic artefact shot a dark ray at Lu Xuangeng. He was body condensation state level seven, Xin Xi was only body condensation state level four. He definitely was no match for Lu Xuangeng.

Seeing this, Lu Xuangeng sneered. He wasn't scared of Xin Xi at all, he stayed at the same power while he reached body condensation state level seven. A mere body condensation state middle stage dared to fight him a body condensation state tertiary stage?

He released a dark ring. In his eyes the Xin brothers were lonely ghosts. Since they got caught in his hands he wasn't going easy. He sneered "Xin Xi I slept your woman so what?"

He was about to release his magic artefact but then he opened his mouth in shock. He found he completely couldn't move and could only watch as Xin Xi's magic artefact loomed over him.

At this moment, how could Xin Xi not know Ye Mo was helping him. He fully activated his magic artefact without any defense.

The female cultivator on the side also realized something was wrong. He was hoping Lu Xuangeng would kill the brothers and she wouldn't feel guilty but now she saw Lu Xuangeng couldn't move.

She quickly called "stop, he's 8 star sect Chang Qing sect's elder's personal disciple, you can't..."

But before she finished, Xin Xi's magic artefact tore open Lu Xuangeng. Bloody sprayed everywhere. Xin Xi couldn't completely obliterate people like Ye Mo but he felt this was more satisfying.

An essence spirit flew out from Lu Xuangeng's body but before it charged out very far it was devoured by a black figure. It was shadowless. Ye Mo disliked this Lu Xuangeng so he gave his essence spirit to shadowless.

"bitch..." Xin Xi looked coldly at Wu Mei and said.

Wu Mei's face was white and she said shakily "this isn't my fault, you went out for more than a hundred years. How can I hold this merchant association together alone? I could only work with someone."

"bullshit, work with someone in bed? Shameless wretch. Big brother was thinking of you everyday and came back to pick you up." Xin Xi spat.

Xin Yi suddenly shook his head “Xin Xi, don’t say anymore, we’ve already wasted a lot of Ye qian bei’s time. Let’s go, there’s nothing left for me to cherish here.”

“go, you killed my Chang Qing sect members and you want to leave?” a cold voice sounded. The Xin brothers just realized that outside the shop was filled with cultivators.

A long haired cultivator walked in and looked coldly at the Xin brothers. Wu Mei looked down in embarrassment seeing this cultivator.

“Mei, come over, who killed my disciple. never mind, I’ll kill them all. Remember, it’s Qu Liang from Chang Qing sect who killed you.” The long hair cultivator scanned them and then he saw Luo Ying and Jie Youkui. Then, he couldn’t take his eyes off them anymore.

Seeing this, how could Xin Yi not know that this woman slept with master and disciple. he howled into the sky “I, Xin Yi, was blind to love a filthy bitch like you. Killing you is dirtying my hands, piss off...”

Wu Mei who had some regret heard this and lost her sense of regret. She said coldly “I don’t owe you anything, you have no right to say this to me.”

Xin Yi didn’t reply, it was as though Wu Mei was just air. Wu Mei sneered.

Ye Mo scanned Qu Liang’s eyes and there was contempt on his face “a mere disaster transformation state level three and he dares to say shit, Xin Xi, go kill him.”

Xin Xi heard this and immediately answered “yes, Ye qian bei.”

Ye Mo killed truth realisation state level nine easily, this disaster transformation state elder dared to act cocky to him.

He released his magic artefact and snarled “remember, the one who killed you is Xin Xi...”

Then, he pierced his magic artefact like he did to Lu Xuangeng.

Everyone was dazed a body condensation state cultivator dared to attack Qu Liang and say such cocky words. Was his brain disabled?

Qu Liang laughed in fury “I want to see how you’re going to kill me...”

But like Lu Xuangeng, he only said half a sentence and there was terror in his eyes. He clearly saw Xin Xi’s magic artefact attack him but he couldn’t resist at all.

“domain, truth realisation state cultivator...” Qu Liang said.

Splurge.

Blood exploded out, no matter how powerful a disaster transformation state cultivator was, if he couldn’t move at all being bound by Ye Mo’s domain, even a golden core state cultivator could kill him.

An essence spirit flew out and was also gobbled by shadowless.

Wu Mei looked dazily at her two men being killed by Xin Xi not believing Xin Xi was this powerful.

“let’s go.” Ye Mo shook his head and said.

“hahah, brother Ye, people really encounter people everywhere in life.” a blue shirt man called out and saluted with his fists.

Ye Mo immediately recognized this cultivator and saluted with his fists happily “brother Fu, people indeed meet everywhere.”

FU Wu was a friend Ye Mo met in the small world, he saved Ji Mei due to him and this woman wanted to follow Ye Mo. The three drank together and Ji Mei became his maid. She had deep calculations and Ye Mo had forgotten about this woman but Fu Wu was a worthy friend. His ideal was to walk through all the famous mountains and lands. Now that he was at East Black State, did he still believe so too.

"I didn't expect brother Ye would always be ahead of me. in the Hang Shui city in the small world, you were much stronger than me and here you're still much stronger than me." Fu Wu laughed but he didn't seem unhappy at all.

Before Ye Mo could reply, he said "let's go find a place to drink, these people are..."

Ye Mo simply introduced everyone. Fu Wu's character immediately got everyone's good impression. Jin Qianqing kept looking at Fu Wu but pity his power was too weak, only nascent soul state.

They found a spirit rest tower and Fu Wu said to Ye Mo "I wanted to find you before but you left the small world and I came to East Black State. I thought I would never be able to see you again but I saw you now. I can tell you this now."

Ye Mo took out a ten thousand year stalagmite marrow wine and took out 7 cups pouring some for everyone "brother Fu please continue."

Fu Wu's face turned serious "brother Ye I heard you were looking for a woman called Mu Xiaoyun in the small world? she's a sect members of the Ice Lake, is this true?"

Ye Mo got up suddenly and grabbed FU Wu's hands in excitement "that's right, brother Fu, Mu Xiaoyun is my wife, where is she?"

Chapter 1509: All the masters of Chang Qing coming out

Even Luo Ying got up in excitement. She knew Mu Xiaoyun's place in Ye Mo's heart, she wouldn't be lower than them. Ye Mo missed Mu Xiaoyun as much as Yimo.

Fu Wu waved his hand and said "brother Ye don't worry, you won't be able to find her now even if you go. When I heard about brother Ye searching all over the small world for Mu Xiaoyun I took notice. Once I heard two ordinary martial artists collecting herbs talking about the Magical continent sect tournament and then the Ice Lake. One of them said he saw the Ice Lake chariot go into Liang Ji valley and he hid on the side not daring to talk..."

Ye Mo got up suddenly and said shakily “you’re that old bitch of Ice Lake didn’t go back to Ice Lake and went to Liang Ji valley on the way?”

At this moment, Ye Mo realized why he didn’t find anyone coming back to Ice Lake. That old woman already had plans. Luckily he left Xiaoyun a necklace and some pills. Hopefull that old woman sought death herself.

“yes.” Fu Wu said seriously “I later asked those two and they led me to the place. I searched there for an entire day but I didn’t find any way out. I really didn’t get it, I trust those two wouldn’t lie to me. but now I think I understand, there’s probably some teleportation formation inside.”

Ye Mo fell silent no wonder he couldn’t find Mu Xiaoyun in the small world. she was taken away by that old woman of Ice Lake, she definitely did this for Xiaoyun’s cultivation method.

Ye Mo really wanted to go back to the small world and look at that valley but he knew that it was impossible.

Luo Ying came over and held Ye Mo’s hand saying “Xiaoyun is lucky she’ll be fine. There will be a day for reunion. You’ve been back to Earth already, it’s not impossible for you to go small world, we’ll think of a way when we go back.”

Ye Mo sighed and looked at Luo Ying saying “thank you Susu.”

Then, Ye Mo forcefully set aside Xiaoyun’s things and then saluted with his fists to Fu Wu “brother Fu thanks for bringing me this news. I’m staying at South Peace State, I’m here to do some things here. If you’re willing you can come with me to South Peace State Mo Yue City to cultivate, the spirit chi there is very abundant...”

Fu Wu saluted with his fists and smiled “thank you brother Ye but I like journeying around. The East Black State spirit chi might not be as good as South Peace State but I’m living quite happily here. If I’m tired of playing one day perhaps I’ll go find brother Ye at South Peace State.”

Ye Mo was expecting this.

Ye Mo was planning to give him some things but now he changed his mind. FU Wu reached nascent soul state in this time without joining any sect meant that he had his fortune. Perhaps he found a heritage ruin during his journeys.

The group started drinking and conversing.

“good wine, this is really good...” someone in the spirit rest tower suddenly walked over to Ye Mo’s table and sniffed. Then he added “is this made with ten thousand year stalagmite marrow? Using this to make wine, too wasteful...”

This cultivator had messy hair and held a wine bottle, clearly he loved drinking but his power was disaster transformation state level nine.

If it was some other time, he would invite this guy to drink but he didn’t have the mood.

The messy haired cultivator saw that the strongest on the table was only Jin Qianqing, cauldron filling state. Ye Mo and the female cultivator next to him was very young. he couldn’t see Ye Mo’s power level.

Theoretically, he was a disaster transformation state qian bei and came to ask for a cup of wine it should be fine. But these wan bei pretended they didn’t know. This made him longing and annoyed. He admired the courage that they dared to take such wine to drink publicly.

Just when he wanted to talk, a powerful force loomed over the spirit rest tower. Five cultivators came in to where Ye Mo was.

The disaster transformation state cultivator’s face changed and saluted with his fists “so it’s Shang Qing sect leader Yu Jinan, great elder You Mian.”

The leading two were disaster transformation state peak stage. Hearing this, Ye Mo knew they were here for Qu Liang. They came quite quickly, it had only been half an hour.

One long faced cultivator heard this and said bleakly “Ran Fuxi, you have nothing to do with the murder of elder Qu Liang right? If not, you don’t need to leave.”

Hearing this, Ran Fuxi realized what was going on but clearly he was no timid cultivator. He sneered “Chang Qing sect is so dominant. Qu Liang is a mere disaster transformation state primary stage cultivator, he’s not worth my time. Don’t overestimate yourself. Chang Qing sect is only an 8 star sect. it’s only so so to me. if you want to take a piss over me like that, it’s not enough.”

The long faced cultivator realized Ran Fuxi was not involved but his tone was too annoying. Just when he wanted to say something, the middle aged man next to him stopped him and saluted with his fists “since brother Ran has nothing to do with this then please go, our sect is going to carnage today.”

Ran Fuxi realized, the sect was here for the people drinking the wine. He immediately pointed at Ye Mo and them in confusion “sect leader Yu, is it because they’re drinking wine made from ten thousand year stalagmite marrow so you want to use an excuse to kill them? This excuse is too shitty.”

Sect leader Yu heard this and said coldly “if brother Ran wants to intervene, we will take it.”

Then he looked over at Ye Mo’s table. If Ran Fuxi didn’t say it, he really wouldn’t know the wine was made from ten thousand year stalagmite wine.

Ran Fuxi looked at Ye Mo and them and sat on the side “I’m just drinking my wine at this spirit rest tower, what you want to do has nothing to do with.”

He knew that he was not yet a match for the Chang Qing sect, he was pitying the bottle of wine on Ye Mo’s table.

The long haired cultivator walked up to Ye Mo and them saying coldly “a few insects dare to ambush my Chang Qing sect elder, you’re asking to die...”

Ye Mo was in a bad mood and these few cultivators dared to annoy him. He yelled “piss off.”

The long hair cultivator couldn’t take it and grabbed at Ye Mo.

But his hand stopped mid air half way, before he could look surprised, a cultivation essence giant hand covered his body already.

“truth realization...” the long haired cultivator said this and was crushed to nothing by Ye Mo’s cultivation essence giant hand.

Seeing Ye Mo kill a disaster transformation state peak stage elder in one move, everyone was shook. The sect leader instantly realized that they were starting trouble with a truth realisation state cultivator. Cold sweat dripped down from his face.

Ran Fuxi looked dazily at Ye Mo, he finally realized why he dared to take out that wine and drink. He was a truth realisation state cultivator, there weren’t many truth realisation states in the entire East Black State. yet he was enticed by the wine and dared to ask for wine from truth realisation state.

He wasn’t afraid of Chang Qing sect as he knew even if they ganged up on him, he could run away but how could he run from truth realisation state?

“qian bei, wan bei Chang Qing sect leader Yu Ajjin.... Greet qian bei, please forgive me for offending qian bei...” sect leader said shakily.

Chapter 1510: Erta’s sect

Yu Anjian wouldn’t expect to randomly meet a truth realisation state in this small city. East Black State was a little stronger than North Far State that was it. Chang Qing sect was first grade sect and the death of a disaster transformation state elder was huge so all of them came out but instead, they encountered a truth realisation state cultivator.

“piss off.” Ye Mo really didn’t have the mood to kill anymore.

Chang Qing sect’s power was too powerful to East Black State. they were used to being cocky. No matter how many he killed the sect would still be like this.

If this was South Peace State, would an 8 star sect dare to be this cocky? This was the same as the 9 star sects in South Peace State.

Hearing this Yu Anjin almost knelt down. He quickly bowed and retreated.

Yu Anjin's face looked bad and he said to the other three "go back to the sect immediately and find Meng qian bei and Huang qian bei."

Hearing this they knew the sect leader wasn't going to settle with this so they left.

Ran Fuxi knew that truth realisation state wasn't someone he could mess with so he quickly went up and saluted with his fists "wan bei Ran Fuxi didn't know it was truth realisation state qian bei, please forgive me for my offense."

Ye Mo didn't have the mood to drink with him but he felt this person was good so he poured out some wine "you can have this."

"huh..." Ran Fuxi was dazed. He didn't expect would give him some, he wanted to reject but it was too enticing to him.

Ye Mo didn't have the mood to chat, he got up and said "let's go and finish the things and go back to South Peace State."

Ran Fuxi just realised that this qian bei came from South Peace State.

"Ye qian bei will you be passing by here when you leave? If you do I will wait for you and sister Luo Ying here." Jin Qianqing felt Ye Mo had personal matters to deal with, it wasn't good for her to follow them everywhere.

The Xin brothers also realized this, Xin Yi quickly said "sister Jin is right, if Ye qian bei is busy we can wait here."

Only Jie Youkui was too naïve and didn't want to stay here.

Ye Mo knew what they meant and waved his hand "let's go together, I'm just going to visit an old place."

Seeing this Fu Wu bid farewell.

...

Blue Moon dashed towards Magical Herb sect, it didn't fly very fast.

"it's Hidden Sword sect." Xin Xi pointed at a big sect.

Ye Mo dazed and subconsciously asked "Hidden Sword Sect, that 8 star sect? sect leader is Bian Xiangxin?"

Luo Ying smiled "yes. East Black State has three 8 star sects and one 9 star sects. The other 8 star sect is Dong Liang sect. They are the strongest and Hidden Sword sect is the weakest."

"yes, now that Chang Qing sect lost two disaster transformation state cultivators to Ye qian bei, Hidden Sword Sect might surpass them." Xin Xi nodded.

This was Bian Fengta's sect, he said his fiancé got with martial brother Yao Shan and his father helped Yao Shan instead. He left the sect in fury and crossed the Heartless Sea. Bian Fengta was disaster transformation state level one now but Ye Mo knew he hadn't forgotten about his fiancé Qi Yirong, he just didn't want to say it.

Erta and Daa Teng were both Ye Mo's friends and now that he was at Erta's home Ye Mo was going to check it no matter what. he said to Luo Ying "this is Erta's sect, Bian Xiangxin is Erta's father. I'm going to see and tell him he's fine."

Blue Moon landed on the outskirts of the sect.

As an 8 star sect, it's sect looked very grand, on par with South Peace State sects. The spirit chi here was very dense, there was at least a top grade spirit range below it.

"qian beis please hold up." A sect members stopped Ye Mo and them.

Ye Mo saluted with his fists "I'm friends with Bian Fengta, I came here to visit sect leader Bian, please notify for me."

The sect members heard this and didn't show much hospitality and studied them with a strange look instead. After a while, he said "the sect leader now is sect leader Lei, the old sect leader has deceased. Martial brother Bian has left the sect for decades and isn't in the sect now."

Hearing this Ye Mo frowned. Bian Fengta's father was the sect leader and disaster transformation state level eight power, he wasn't very old. He was far from the end of his life span how could he suddenly die?

"what is it?" a cold voice sounded as two female cultivator came out from the sect.

The sect members quickly bowed "disciple greet elder Ming master Qi..."

"these few people say they are martial brother Bian Fengta's friend, they came to visit the old sect leader and I was explaining things to them."

"oh..." elder Ming studied them and eventually her eyes fell on Jin Qianqing and saluted with his fists "I believe since you guys are with Erta you would know where he is?"

Jin Qianqing didn't know but Ye Mo said "yes Erta is my friend I know where he is. He's busy with cultivation and I happened to go past the sect so I came to visit."

There was a sliver of shock that flashed really quickly in the other female cultivator's eyes.

Elder Ming heard this and showed an expression of surprise and joy “so you guys are Erta’s friends, please come in. in one month it will be the celebration of our young sect leader taking the sect leader position. You guys can participate.”

The elder Ming said to the female cultivator next to her “Yirong, notify elder and young sect leader to welcome Erta’s friends. I’ll take these friends to the guest hall first.”

Yirong subconsciously shivered and quickly said “yes, elder.”

“Yirong, you’re about to be sect leader wife, don’t always call me elder, just call me sister Ming.” Elder Ming reproached.

Ye Mo immediately realised that this female cultivator was Qi Yirong but he felt this Qi Yirong wasn’t a slutty woman.

Thinking about this, Ye Mo said “this is probably goddess Qi Erta told me about.”

Then Ye Mo said to that elder Ming “elder Ming how about let goddess Qi take us to the guest hall, with someone familiar here we can talk better.”

There was sliver of anger in her eyes but she smiled “okay, Yirong don’t be rude to our important guests. If the guests are unhappy and leaves, the big elder won’t be happy.”

‘yes, elder Qi.” Qi Yirong quickly said and didn’t call her sister Ming.

Elder Ming didn’t seem to mind and nodded to Ye Mo and them before walking off.

Qi Yirong took them a few steps and stop saying desperately “quickly leave, tell Erta I didn’t betray him, tell him to never come back again.”

Things were indeed different to what Erta said, Ye Mo frowned “Erta is my friend, I don’t know how his father died, I can’t just leave like this.”

“why don’t you listen? The big elder of the sect is...”

Qi Yirong’s words were interrupted by a laugh, a figure closed in extremely rapidly.

“Yirong why don’t you take the distinguished guest to the guest hall. It’s not good to treat guests like this.” then he raised his hand “friends please, Erta’s friends are the Hidden Sword sect’s friends.”

Ye Mo felt things weren’t right. This disaster transformation state level six seemed hospitable but Ye Mo didn’t feel welcomed at all. Thinking about what Qi Yirong said, he hid his power.
