Chapter 1561: Chaos star realm

Qin Nianmei felt certain her perception was right. This pill master Ye had the instant of extreme excitement. It meant he cared about where the stone stool went. So, she used that as her break through point to let her have the upper hand in this deal.

What she didn't expect was that she was about to leave the guest room but Ye Mo still had no intentions to keep her. Was her guess wrong?

Ye Mo's character and pill concoction skills were perfect for her need. She really wouldn't be able to find someone to replace Ye Mo quickly.

Thinking about this, she stopped and looked back at Ye Mo "only my father and a few people knows who really bought the stone stool. If you don't want this news I'm going."

"goodbye." Ye Mo said without hesitation. He knew that she had really began to doubt him. If he still cared about that stone stool he would be an idiot. He didn't dare to ask about it anymore.

Only when his power was strong to a certain would he dare to find out about this.

Qin Nianmei dazed, she didn't expect Ye Mo to really not care. She just realised that she misjudged. That was true, this pill master Ye was only golden immortal primary stage, the stone stool had nothing to do with him. Even if he concocted pills for countless years he wouldn't be able to get 1 billion immortal crystals.

She lost the upper hand again. Qin Nianmei said with a pleading tone "pill master Ye is there nothing here that you want? Please help me this time, I'll compensate you."

Hearing this, Ye Mo pretended to think for a long time while rejoicing on the inside. One had to stay calm. This Qin Nianmei wanted him to act as her dao partner, that meant he must go with her. If he went with her then he would know who she was. It would be even better if he could know where the

stone stool went on the way there. If not, he would know where she lived. When his power was strong enough he would come ask.

Qin Nianmei didn't dare to talk seeing Ye Mo was contemplating.

After a while, Ye Mo sighed "sigh, I'm just like this, I don't take threats but if people soften up I succumb. I'm too nice. Never mind, if possible I'll help you. Tell me how I can help you and I'll think about it."

Qin Nianmei rejoiced and quickly got back to her seat. Her tone eased up a lot "pill master Ye I came from Gong Hua heaven great eternity immortal sect Extreme Sword Sect."

"great eternity immortal sect? there's great eternity immortal in your sect?" even Lu Zhengqun the heaven lord was only great eternity immortal and yet her sect had great eternity immortal.

"yea my father is great eternity immortal. Evne the heaven lord of Gong Hua heaven needs to be respectful to my father." Qin Nianmei said with pride.

Ye Mo asked in confusion "isn't your father managed by the heaven lord of Gong Hua heaven?"

Qin Nianmei looked dazily at Ye Mo and after a long while she asked in disbelief "you wouldn't think that a heaven lord is the greatest in a heaven domain right?"

Ye Mo nodded awkwardly. He really thought so indeed.

"uh..." Qin Nianmei was speechless "I suspect that even after all these years you never you cared about such things. The heaven lord is powerful but he can't manage all the immortals in a heaven domain. but of course I heard that in the middle and grand heaven domains, many heaven lords are the most powerful there. No one would dare to go against their will. But in the low heaven domains, heaven lord isn't the greatest. Many great eternity immortal sects are no weaker than the heaven lord estate. Some rare sects are even more powerful than the heaven lord but they just don't want to be heaven lord."

“so that’s it.” Ye Mo sighed. This was good for him. If everything in a heaven domain could reach the heaven lord then it wasn’t too hard for the heaven lord to find someone. No wonder he wasn’t hunted at the Black Weed forest.

Qin Nianmei rolled her eyes and continued “my father has a very good friend called Gongsun Yin. He’s not only a great eternity immortal but also a level five immortal pill master. he has a disciple called Gongsun Zhiyu, also an immortal pill master. my father wants me to marry that Gongsun Zhiyu, I don’t want to.”

Ye Mo realised what she wanted now. she wanted him to act as her dao partner and make her dad give up the thought.

Ye Mo then said “don’t sects care about matching status? That Gongsun Zhiyu is also an immortal pill master and has a great eternity immortal master, why don’t you agree?”

Qin Nianmei blushed “I know but there’s someone I like. He’s an immortal pill master and he’s probably abstruse immortal power now.”

Ye Mo asked in more confusion “since you have someone you like why don’t you let him go? Are you afraid your father would suddenly kill him and so you want me to die instead of him?”

Suddenly, Ye Mo felt vigilant. This might really happen.

“what are you talking about? my father’s reputation is out there, how can he kill a golden immortal? You overestimate yourself too much. I can promise with my life that my father won’t do anything to you. The reason I need you to replace Tan Tao is because he went to trial at the Chaos Star domain. this time, my father has to see him...”

“wait...” Ye Mo asked “what is that chaos star domain?”

Qin Nianmei sighed helplessly “I really don’t know how you reached golden immortal and know nothing. The chaos star domain is the best trial grounds for cultivators in the low 11 heaven domains. It’s chaos and danger everywhere. People can cultivate body refinement there as well as all sorts of magic arts and immortal essence. one could even cultivate spirit sense there. Some people say it’s divided into 9 levels

and each level is more dangerous. Some say it's divided into 36 levels. I don't know exactly as I haven't been inside."

Then she raised her brow "not anyone can go in there to trial."

Then, there was longing and pride in her eyes, clearly she thought about her lover going in there.

Ye Mo didn't care about that and immediately asked "where is it? how do I go in?"

Qin Nianmei instantly frowned and looked at Ye Mo "pill master Ye I can't go to you asking for help. You haven't helped me with anything and instead I'm teaching you things."

Ye Mo said awkwardly "sorry, I'm just asking where it is, if I have time I want to go see."

Qin Nianmei shook her head in her heart. Did this golden immortal think he's good because he killed a golden immortal middle stage at primary stage? If she told him how to get there he might die immediately or get crushed in faith.

But thinking that she needed his help she didn't say any harsh words "it's extremely dangerous in there. Many golden immortal tertiary stage cultivators who go there die for certain. You're only a golden immortal primary stage, don't even think about it. you can't go in there whenever you want. You need great eternity immortal's space transmission rune to break into there. But when you go out you don't need it."

Ye Mo fell silent and then said "goddess Qin, I'm willing to help you but you need to agree to two conditions."

"don't tell me you want to go in there? If that's the case I'm not helping you I'm killing you. I can get the rune to go there but if you go in it's suicide." Qin Nianmei said.

Chapter 1562: Done deal

Ye Mo said seriously “don’t worry if you give me a rune and the way to get there I won’t go in recklessly. Of course I will agree to your request and help you first.”

Qin Nianmei looked at Ye Mo for a long while and sighed “I didn’t expect you to be a dauntless guy. Okay I’ve already told you about the dangers there, if you must go it has nothing to do with me. I’m willing to give you a space laceration rune. Now talk about your second condition.”

“the second condition is that you give me the wonder flame purple marrow.” Ye Mo said.

Qin Nianmei snorted “I thought you weren’t interested in that so you thought it wasn’t enough. But if your’e going to the Chaos Star realm it’s a waste to take it...”

“that’s my business it has nothing to do with you.” Ye Mo said.

“okay, no problem. I’ll give you the wonder flame purple marrow first. After you help me I will ask my father to give you a space laceration rune.” Qin Nianmei said.

“deal.” Ye Mo immediately said and he took the wonder flame purple marrow. “how do you want me to help you?”

Qin Nianmei said “my father’s friend Gongsun Yin has brought his disciple to my sect. my father asks me to return immediately. If I don’t bring Tan Tao back he would really marry me to that Gongsun Zhiyu. In my father’s eyes, Gongsun Zhiyu is a treasure, it would be a waste to miss this opportunity.”

“but if your father insists on marrying you to that Gongsun Zhiyu, there’s no point even if I act as your dao partner.” Ye Mo said worriedly.

Qin Nianmei smiled “don’t worry my father isn’t that type of person. As long as you’re not much worse than Gongsun Zhiyu he wouldn’t force me. plus my father loves immortal pill master, you don’t seem old but you’re already level three immortal pill master. perhaps you’re even better than Gongsun Zhiyu. Even if you’re not as good as him you can concoct level three immortal pill. my father would respect my wishes.”

“okay in that case I’m fine with it. when do we go?” Ye Mo nodded and asked.

Qin Nianmei was very happy with Ye Mo’s attitude and immediately said “I think we should go as soon as possible.”

...

A day later, Ye Mo left Black Weed pill tower to Yi Teng and Liu ZHongyan as well as some level two and level three pills before leaving.

Before leaving he told the five that if they got bored of here then go find him at Gong Hua heaven. If there’s danger, then they can escape to the Black Weed forest with this teleportation formation in his room.

Ye Mo knew Gong Hua heaven was very far and he thought Qin Nianmei was going to use middle grade flying immortal artefact but she suddenly took out a top grade flying immortal artefact.

The wealth of great eternity immortal sect was extraordinary indeed. Even with her power level she had top grade flying immortal artefact. Yet he still used Blue Moon which was made by Lu Wuhu. He disappeared ever since he got injured, Ye Mo exclaimed wondering where Lu Wuhu was.

“I heard Gong Hua heaven is very far, how long do we need to fly?” Ye Mo couldn’t help asking.

Qin Nianmei looked speechlessly at Ye Mo “you can really imagine, fly for how long? Even if there’s no danger in the void between heaven domains, we wouldn’t even be able to touch the border flying for a few centuries.

“it’s that far?” Ye Mo took a cold breath in. yet he arrogantly thought he could cross heaven domains before.

Qin Nianmei rolled her eyes and said “we’re going to Bing Qiong immortal city to take teleportation formation to He Tong heaven domain and then teleportation formation to Mo Yi heaven domain, then from there to...”

Ye Mo heard that it would take a month of flying even after all the teleportation formation to reach Gong Hua heaven and wondered what Qin Nianmei was doing all the way here.

“then why are you at Black Weed forest?” Ye Mo asked.

“that’s my private matter, why should I tell you?” Qin Nianmei frowned and asked. She suddenly felt she made the wrong decision. This guy didn’t seem to know anything, he was a noob. If he was much worse than Gongsun Zhiyu his father would never agree.

Ye Mo wasn’t dumb and could tell from her expression she wasn’t too happy. He planned to scout out about the fifth stone stool before but now he just shut his mouth.

Seeing this Qin Nianmei didn’t keep showing Ye Mo a bad face.

A month later, Ye Mo finally came off the teleportation formation in Gong Hua heaven and went on her flying immortal artefact.

But perhaps because Ye Mo didn’t ask anything, this made Qin Nianmei feel Ye Mo wasn’t happy with her. Thinking about how she was about to back at the sect and if Ye Mo brought this attitude to her father, he didn’t need to do anything anymore.

Qin Nianmei quickly changed her attitude and told Ye Mo about things in the immortal realm and some rules.

Ye Mo was happy to hear this. she knew all sorts of stories and knowledge and greatly opened Ye Mo’s eyes. Even though he knew why she did this he didn’t feel revolted against it.

Just when Ye Mo thought if he should lead her to the topic about the stone stool she said.

“I told you about the stone stool recording. My father said the person who bought it isn’t from the 11 low heaven domains. He’s from middle or even grand heaven domain. his power is very high, my father felt he was at least immortal king or even immortal monarch.”

Hearing this, Ye Mo was greatly disappointed. She tricked him. Her father didn't know who that cultivator was. He couldn't let her describe what that person looked like so he could only scorn "so you didn't know who he is. At the start you made it seem like you knew such master."

Hearing this Qin Nianmei was about to rage, she kindly told him so much information. This guy didn't thank her and instead scorned her.

Ye Mo was extremely disappointed and that's why he scorned. He felt he also needed to hide his feelings more.

Just when Qin Nianmei wanted to scorn back there was surprise and joy on her face. She quickly pulled Ye Mo up and stood at the head of the flying ship letting Ye Mo get close to her.

Ye Mo's spirit sense scanned a few dashing lights, her sect members came to pick her up.

It was one man and two women.

"Nianmei..." the two female cultivators saw Qin Nianmei and charged over joyfully and landed on her ship.

"martial sister Nianmei you're back." The male cultivator also came aboard and said.

Qin Nianmei happily hugged the two female cultivators and greeted the male cultivator before remembering Ye Mo.

"Nianmei, he is?" one female cultivator looked at Ye Mo in confusion.

Qin Nianmei grabbed Ye Mo's hand and said "this is my friend..."

Ye Mo said before Qin Nianmei could say a name "martial sister and martial brother greetings, I'm Ye Mo."

Ye Mo didn't want to use Tan Tao's name so he used his own name.

Qin Nianmei was really planning to use Tan Tao's name, she frowned a little but quickly recovered "yes, this is my friend Ye Mo, I brought him back to see father."

The three studied Ye Mo from head to toe but didn't see anything extraordinary about him. They really didn't know why someone as excellent as Nianmei would be dao partners with someone this ordinary.

Chapter 1563: Number one beauty at Extreme Sword Sect

Qin Nianmei quickly introduced to Ye Mo "they're my martial brother and sisters. This is my sixth martial brother Wang Wenqin."

Ye Mo just realized that this Wang Wenqin was already abstruse immortal primary stage.

The female cultivator who asked who he was was Shi Yayou, the other pretty female cultivator was Feng Mochun. They were both golden immortal tertiary stage.

Perhaps due to Qin Nianmei, despite Ye Mo looked very ordinary and only had golden immortal primary stage power, Wang Wenqin and them were rather nice to Ye Mo. They didn't forget about Ye Mo while talking. Feng Mochun was even very hospitable towards Ye Mo.

Top grade immortal artefact was very fast. They spoke as they went and soon arrived at Extreme Sword Sect.

Ye Mo exclaimed seeing the sect shrouded in rainbow immortal spirit chi clouds and that grand temperament that came at his face. This was the outlook of the immortal realm. Bi Yi immortal city was already grand enough but compared to Extreme Sword sect it was lacking something.

As they landed outside the sect, the dense immortal spirit chi came right at their face. Ye Mo envied, this was just outside the sect, just how good was the best palce in the sect? what would a status immortal sect be like?

There was a defense formation outside but Ye Mo knew it was no lower than level seven immortal formation.

At the entrance to the sect the words Extreme Sword seemed to almost fly off. It made Ye Mo just dizzy looking at it.

When he stared at it, spirit chis appeared in his brain. They were endless as though about to explode.

There was a feeling that was about to spew out from his heart but he couldn't grasp that spewing feeling. It made him very desperate but that feeling was gone. What he saw was still the words Extreme Sword.

So powerful, Ye Mo looked at these two words and admired the master who left behind these two words just what power was this person.

"martial brother Ye what are you looking at?" Qing Nianmei's martial sister Feng Mochun saw Ye Mo was disappointed so she asked.

Ye Mo thought, these two words probably contained the secret of Extreme Sword Sect. he cultivated Three Birth Chant and it was best at calculating the secrets of any cultivation method. If he said that he felt something looking at these two words, would he be captured as a spy?

"I just felt that the immortal spirit chi here is so dense, if I cultivate here for a few years would i make huge progress." Ye Mo made an excuse.

Feng Chunmo rolled her eyes charmingly as though saying I would be dumb to believe you.

Ye Mo followed them inside the sect, the immortal spirit chi here was indeed more intense. This time Ye Mo really wanted to cultivate here for a few years.

"don't worry about cultivation, if you become the fiancé of our sect, would you need to worry about no place for cultivation?" Feng Chunmo whispered to Ye Mo's ears.

Ye Mo was speechless, I did want to cultivate here but I'm not the fiancé.

"CHunmo, you're always whispering to martial brother Ye, don't you think Nianmei would get jealous?" Shi Yaying purposely joked.

Feng Chunmo's face blushed and just wanted to talk when two more dashing lights landed before them.

It was one male and female. The male cultivator was extremely handsome, abstruse immortal primary stage. That female cultivator was no lesser than Qin Nianmei. To Ye Mo, she seemed even prettier than Qin Nianmei a little. She reminded him about Qing Ru, everything about her was just so perfect.

Such a beauty, Ye Mo couldn't help looking at her for longer. The only pity was that she always kept a cold face, her power was also abstruse immortal primary stage.

"Nianmei, you're back." The handsome man was clearly happy to see Qin Nianmei.

The female cultivator also greeted plainly.

Qin Nianmei responded ecstatically "martial brother Wu, martial sister Bing YU, are you guys going out?"

The male cultivator quickly said "no, a friend of Bing Yu's master came. Bing Yu is going to greet people and I'm going with her."

Ye Mo could immediately tell what was going on. Indeed, Qin Nianmei smiled and said "good luck martial brother Wu."

Everyone knew what this meant but that Bing Yu didn't say anything.

After the two left, Feng Chunmo whispered to Ye Mo “is martial sister Bing Yu pretty? She’s not only the prettiest in our sect but also the prettiest in Gong Hua heaven. You wouldn’t fall in love with her after seeing her right?”

Ye Mo was speechless. Bing Yu was indeed very pretty and was abstruse immortal primary stage but Ye Mo only visually enjoyed the beauty, that’s it.

There were beautiful women everywhere in the immortal realm, ugly women were very rare.

Everyone heard what Feng Chunmo said and Qin Nianmei groaned “Chunmo, can you stop talking gibberish?”

After entering the sect, Ye Mo flew with them for a few hundred kilometers before coming to the foot of a mountain that was covered in clouds.

“martial brother Wenqin, I’m going to see father. Take Ye Mo to rest for me.” Qin Nianmei said.

Ye Mo shook his head, since we’re pretending to be lovers, you should be sending me to rest. Now that you tell someone else to do it and news gets to your dad, there would be no way he would believe it.

Just when Wang Wenqin wanted to answer, Feng Chunmo said “Nianmei, I’m free I’ll go do it.”

Then she turned to Ye Mo and said “martial brother Ye come with me.”

Seeing Ye Mo leave with Feng Chunmo, Shi Youya whispered to Qin Nianmei’s ear “Nianmei CHunmo seems to be very nice to martial brother Ye, did you not notice?”

Why would Qin Nianmei care about such things. Even if it was true she wouldn’t care. She just patted Shi YOuya and said “I’m going to see my father I’ll come find you later.”

...

Feng Chunmo took Ye Mo to an elegant yard and pointed inside “this cultivation home is not bad right, you can stay here.”

There was a lawn for cultivating magic outside, there was a bamboo forest and a small lake nearby. This place was filled with spirit chi, it was indeed great. Ye Mo immediately said happily “thank you martial sister CHunmo, this is great.”

Feng CHunmo smiled but didn’t leave. Instead, she followed Ye Mo inside. Ye Mo looked strangely at her not understanding why she didn’t leave.

Seeing this, Feng Chunmo suddenly said “Ye Mo if I’m not wrong you’re not Nianmei’s lover am I right?

Ye Mo said calmly “that’s right, I’m not.”

He didn’t need to deny it. since she could tell she clearly knew that there was someone Qin Nianmei liked. He was just doing a deal with Qin Nianmei. Qin Nianmei leaked this herself.

“you’re a very straight forward person, do you not like her? She’s the number two beauty of our Extreme Sword sect.” Feng Chunmo was confused.

Ye Mo sat down and poured himself some immortal spirit tea. He couldn’t even be bothered answering her. Her actions made him feel vigilant. This was the first time he saw her and she was so talkative.

Seeing Ye Mo couldn’t even be bothered to reply to her she suddenly smiled “okay you probably have a deal with Nianmei. I won’t interfere. But since she can get you to act as Tan Tao you’re probably an immortal pill master right? What level immortal pill master are you?”

Ye Mo still said nothing.

Seeing this, Feng Chunmo gritted her teeth and took out some immortal spirit herb and then some lotus seeds “I have 12 sets of great unity pill materials. How many can you concoct? If you can’t concoct anything then pretend I said nothing.”

No wonder she treated him differently, she needed his help.

Chapter 1564: Reach immortal pill great master

Ye Mo grabbed that lotus and looked, it was a mud lotus. This 12 sets of herbs were invaluable. Yet a mere golden immortal power Feng Chunmo could take it out, Ye Mo was really surprised.

Even a big sect might not be able to take out 12 sets of great unity pill ingredients. This mud lotus also gave Ye Mo a very strange feeling, it seemed to have more immortal spirit chi than the mud lotus he found and there was even some chaos chi to it. although it couldn't be chaos immortal spirit herb but Ye Mo knew this was the top grade mud lotus. Where could one find such mud lotus?

What shook Ye Mo even more was that why did she find him, an unknown immortal pill master to concoct it for her? This was some pill that immortal pill great master concocted. This was her first time seeing him, he didn't even take out his pill cauldron. Why did she think he could do it?

"it's the first time we see each other and you take out such precious immortal spirit herb as well as so much for me to practice. Are you not scared of me spilling this news or aren't you afraid of me wasting it all?" Ye Mo put it down and asked.

Seeing Ye Mo calm down completely in a short while, Feng Chunmo breathed easy and collected her thoughts "I trust my sense, I trust you're someone trustworthy. I trust that no matter if you can concoct it or not you won't spill the deal between us. And I really can't find anyone else. Although it's the first time we saw each other, I still want to bet because I have no more time."

Seeing Ye Mo still say nothing, Feng Chunmo said again "cultivating till now I still have my virginity. If you can concoct the great unity pill I can give that to you too when you give me the pills. It can't let you break through but it should improve your power."

Then she even pulled her braid down and the top of her clothes.

A faint aroma came, Ye Mo sighed this Extreme Sword sect had this weird tradition. Some wanted to fake dual cultivation some wanted the real thing. Ye Mo waved his hand "don't worry about other

things, I can indeed concoct the level four Great Unity pill but I can't promise the success rate. I can give you five cauldrons of it but I have a small request."

Feng Chunmo definitely didn't need all these Great Unity pill herself but as for what it was it had nothing to do with him. He had already tried level four immortal pill, although he didn't concoct top grade middle grade was definitely fine.

Plus, he only tried five times and he succeeded. Now that Feng CHunmo took out 12 sets it meant that even if he failed two he still could succeed ten. But Ye Mo didn't plan to concoct ten cauldrons, there were many supplementary ingredients here that were very important to Ye Mo. He didn't need all those great unity pills.

So he prepared to give her five cauldrons, one for himself and then plant two mud lotus in the golden page world.

"pill master Ye can you really concoct great unity pill?" Feng Chunmo almost came up to grab his hands in excitement. She couldn't control her emotions, she really had no choice but come to Ye Mo. If she had the slightest opportunity she wouldn't come to this never seen before immortal pill master.

Ye Mo dodged, regardless if she did that on purpose he wasn't going to let her grab him.

She looked at Ye Mo with slightly red eyes. Seeing that Ye Mo didn't say anymore, she remembered what he said before and said "as long as you can concoct the great unity pill for me I'm willing to agree to ten conditions."

"I just need to know where you got this mud lotus from?" Ye Mo could feel she was truly excited but he didn't understand. She was in a great eternity immortal sect, there was no way there wasn't a great unity pill for her.

But this wasn't what he cared about, he wanted to know where the mud lotus came from.

"it came from the chaos star realm, my brother went there for trial and found a mud lotus. My brother didn't die in there but he was ambushed by them after he came out..." Feng Chunmo's eyes went red with fury.

It was the chaos star realm again. Ye Mo desired this place even more, there were so many good immortal spirit herbs there. At this moment he felt pity towards her.

Ye Mo didn't keep asking her about her brother, he said "I'll help you concoct it now, 6 hours later come pick it up."

"you can concoct five cauldron's in 6 hours? You're a level five immortal pill great master...." Feng Chunmo stared at Ye Mo in shock. Even in the 11 low heaven domains, level five immortal pill great master was respected by countless people. Was he really a level five immortal pill master? how could that be? If he agreed then he definitely was a liar.

"no." Ye Mo replied.

Then Ye Mo hesitated and said "I hope you won't tell anyone about me helping you with pill concoction."

This time, Feng Chunmo said without hesitation "pill master Ye don't worry, I definitely won't say it unless I don't want to live."

Seeing Ye Mo prepare for pill concoction, Feng Chunmo quickly said "pill master Ye, I'll wait for you next door. When you're done, just call me."

Feng Chunmo left. Just thinking about the great unity pills she was about to get and her family that was on the brink of annihilation the intense flames of retribution burned in her heart. She couldn't rely on the sect so she would rely on her own power. Her brother was gone for the Feng family, what else did she need to worry about?

...

Ye Mo really only used 4 hours and a bit and finished seven cauldrons of pills.

There was one low grade, one middle grade, three top grade and two special grade. It was 100% success rate.

Seeing Ye Mo come out in less than 6 hours, Feng Chunmo looked nervous. She didn't dare to ask Ye Mo. Failure meant that she was over.

Ye Mo took out 6 jade bottles "there was an extra batch of low grade great unity pills you can keep it."

Ye Mo originally planned to keep the two special grades for himself but on the account that her brother died for this, he gave her one and the extra low grade batch too.

This was the first time she had seen a pill master give extra pills. A batch of low grade great unity pills was still invaluable for her family.

She grabbed the bottles and shakily opened them.

There were three batches of top grade and one batch of special grade. Feng Chunmo was completely dazed. Even level five immortal pill great master wouldn't be able to concoct such grade great unity pills was she dreaming?

A few minutes later, she woke up. She wasn't dreaming.

"Take the pills and leave." Ye Mo reminded.

Feng Chunmo reacted and quickly put away all the pills and then bowed shakily to Ye Mo "pill master Ye I didn't expect you are really level five immortal pill great master, coming to you for pill concoction is the most correct thing I did. You are hundred times better than that Yan Tanta. If I was Nianmei..."

"I'm going to rest..." Ye Mo interrupted.

"thank you..." Feng Chunmo passed a jade slip to Ye Mo and said "my brother left this to me. it's the places he had been in the chaos star realm. I'll be going..."

She could tell Ye Mo wanted to go the chaos star realm.

Ye Mo grabbed the jade slip and thought, helping people was helping yourself indeed. This jade slip was just what he needed.

Chapter 1565: Great eternity immortal choosing son in law

Ye Mo quickly accompanied her to the door.

“pill master Ye perhaps I still have pills I need you to help concoct.” As soon as Feng Chunmo got to the door a dashing light came.

“martial sister Bing Yu...” Feng Chunmo blushed and subconsciously tidied her messy hair. She put all her attention on the pill and forgot her clothes were untidy.

Ye Mo saw it was that extremely beautiful ice cold female cultivator. Didn't she leave before? how is she back so quick.

The female cultivator saw Feng CHunmo was at Ye Mo's place and her clothes were untidied. She showed a sliver of surprise. She knew Ye Mo was Qin Nianmei's dao partner and came back with her. Why was he suddenly with Feng Chunmo? By the looks of it, they just came off bed.

But she immediately regained her composure “martial sister Chunmo, Nianmei was looking for you and didn't find you, she's at the main palace now.”

“yes martial sister Bing Yu I'll be going first.” Feng Chunmo blushed and quickly left.

Ye Mo quickly said “if I'm still here you can come back at any time.”

The female cultivator said coldly at Feng Chunmo left “the sect leader is waiting for you at the Extreme Sword Main palace, I'm here to get you.”

Ye Mo was confused, this Bing Yu was pure cold and she didn't even talk much, how could she be told to get someone? This wasn't normal.

But no matter what a great eternity immortal sect wouldn't ambush him for no reason right? Now that she was here to fetch him to the main palace clearly the father in law wanted to see the son in law and test him. If he passes he might be able to leave with the space laceration rune.

"okay lead the way." Ye Mo nodded and didn't ask.

"Nianmei and Chunmo are both kind hearted girls I don't want you to hurt any of them." Bing Yu suddenly said.

Ye Mo was speechless and shook his head ignoring her.

Seeing this the female cultivator said no more and just went faster.

A few minutes later, Ye Mo followed this ice cold female cultivator to a huge palace. As soon as he just got to the door, the dense immortal spirit chi came charging at his face making Ye Mo strongly desire to have such a cultivation grounds. There definitely was immortal range below here.

The female cultivator walked towards a seat on the left. She saw that annoying figure next to her master was gone and breathed easy. The reason she opted to bring Ye Mo here was because she didn't want to be with that person.

But Ye Mo found the palace was filled with people on the two sides. The top man sitting on the left and a face of smile, long beard and quite an immortal like being. Ye Mo saw his power was already great eternity immortal and Qin Nianmei was sitting next to him. Ye Mo guessed this person was probably the sect leader.

Other than him, there were two more great eternity immortals. One was a beautiful female cultivator sitting on the side of the sect leader, Bing Yu sat next to her. She was probably Bing Yu's master. the other great eternity immortal sat at the right, he was a man without facial hair. He seemed very ethereal

and divine. There were two cultivators next to him, both abstruse immortal power. Ye Mo guessed this was probably Gongson Yin and the two people next to him were probably his disciples.

Other than this, there were about a hundred people in here. There were people from great extreme immortal to great unity immortal. Everyone had immortal spirit fruit and immortal spirit wine before them. Just from here, Ye Mo could tell this sect was extremely powerful.

Ye Mo was studying everyone and everyone was studying Ye Mo.

“come here.” Qin Nianmei saw Ye Mo was dazing and quickly said.

Ye Mo nodded and walked up to the long bearded great eternity immortal and bowed an ordinary immortal greeting before saying “Ye Mo greet qian bei.”

The long bearded great eternity immortal frowned a little seeing that Ye Mo’s greeting wasn’t up to standard and his smile faded a little but he soon nodded and asked “you’re the person Mei likes?”

This straight forward? Ye Mo hesitated and said “yes, we didn’t inform sect leader about our relationship, please forgive us sect leader.”

“no need for forgiveness, you’re not dumb. I won’t ask where you came from. Extreme Sword esct is a great eternity immortal sect and Gongsun Zhiyu is a wan bei I like. His talent is top grade and power is at abstruse immortal primary stage. He’s also an immortal pill master. if you’re willing to leave Mei Er, I can give you the cultivation resource up to great unity immortal.”

Hearing this, Qin Nianmei groaned “dad, Ye Mo has the same goals as me and I chose according to dad’s principles. He’s an immortal pill master and I only like him, I wouldn’t agree to anyone else.”

“haha, Nianmei you don’t know, there are many immortal pill master but without a master the greatest prodigy would stop at level three. He would never be able to reach immortal pill great master.” the no facial hair great eternity immortal laughed.

“martial uncle Gongsun is right, but Nianmei only likes Ye Mo. If I abandon him now that is just shameless. Plus, I believe Ye Mo can reach immortal pill great master.” Qin Nianmei rebuked without hesitation.

Feng Chunmo grinned in contempt behind a great extreme immortal. Ye Mo was a level five immortal pill great master, that Gongsun Yin might not even be able to beat Ye Mo himself much less his disciple.

Unexpectedly the sect leader didn't reproach his daughter and just looked at Ye Mo as his tone went cold “I won't blame you guys for determining this between yourselves but as a man, don't you think you don't deserve her if all you do is let her speak for you?”

Seeing Qin Nianmei glare at him Ye Mo knew she was warning him that if he didn't do anything there would be no space laceration rune.

He saluted with his fists and said loudly “whether or not I deserve Nianmei is not something I just say. If anyone thinks he's more suitable for Nianmei than me stand up. No matter what topic I'll take it for Nianmei.”

Ye Mo was sick of the bickering here so he said this without the sect leader Qin testing him.

Hearing this, sect leader Qin nodded “not bad, I like this decisive character.”

“martial uncle Qin Zhiyu truly likes martial sister Nianmei. Although I'm abstruse immortal but cultivation is just the supplementary thing for me. pill concoction is my main means. I believe that even reaching immortal pill great master isn't that far fetched.” One cultivator said.

“mhm, great, cultivation is about competition, compete with the heavens, people anything. If you don't compete you have no chance.” The sect leader looked approvingly at Gongsun Zhiyu.

Ye Mo scanned this cultivator, he was probably Gongsun Zhiyu. Abstruse immortal primary stage power, a large state greater than him. He's also very handsome.

Ye Mo shook his head, he looked like he didn't intervene with mortal affairs, then what's the point of getting a wife?

"brother Peifu, Nianmei is very well talented but she had only been cultivating in the sect. she hadn't seen much of the world so she can't make a good decision for some things. Since both of them like Nianmei and are willing to compete for her. Why don't they compete against each other and determine the results..."Gongsun Yin said.

"brother Yin's suggestion is good what do everyone think?" Qin Peifu looked around.

"yes maybe this test will allow Nianmei to know who is the true hero."

"of course."

...

Ye Mo sneered, these people weren't blind. Could they not tell he was golden immortal power and Gongsun Zhiyu was abstruse immortal?

Just when Qin Nianmei was about to say something, Qin Peifu stopped her.

Chapter 1566: Only knows battle of mouths

Clearly, these people were helping Gongsun Zhiyu because he was an immortal pill master and his master was immortal pill great master.

"a competition is a great way of resolving things but I'm worried Gongsun Zhiyu is already abstruse immortal primary stage and yet Ye Mo is only golden immortal primary stage..." the beautiful great eternity immortal female cultivator said.

Gongsun Zhiyu saluted with his fists to everyone "I've said since I dare to ask to be dao partners with martial sister Nianmei I won't lose to anyone. I heard this younger martial brother Ye Mo was a

immortal pill master too, I may not be anyone special but I'm willing to compete with martial brother Ye in pill concoction."

Ye Mo was annoyed, this Gongsun Zhiyu made it sound like he easily reached abstruse immortal and he wasn't going to lower himself to beat him with cultivation level. Plus, Zhiyu called him younger martial brother, who did he think he was?

"Ye Mo Gongsun Zhiyu is willing to compete with you in pill concoction, what do you think?" Qin Peifu liked pill concoction cultivators because he felt only those cultivators could go further in the path of cultivation.

Ye Mo thought, that Qin Nianmei really knew her dad well. She knew that he would definitely be asked to compete in pill concoction.

"sect leader Qin, I like Zhiyu's idea. Although I know a lot of things pill concoction is my weakest link. But since Zhiyu said pill concoction is his main means, then it's best I beat him on this. I believe it would benefit his cultivation if Zhiyu lost in his own pill concoction match." Ye Mo said without hesitation.

Everyone laughed to themselves, this Ye Mo didn't want to lose out on anything at all. Gongsun Zhiyu called him younger martial brother wanting to suppress Ye Mo with age superiority but Ye Mo just called him Zhiyu like a qian bei talking to a wan bei.

"pschh..." Qian Nianmei couldn't hold in her laughter. She hadn't been in contact with Ye Mo for long but she knew he didn't want to lose out one bit. She didn't expect him to even take this seriously.

Gongsun Zhiyu's face was calm and didn't seem angry at all. Qin Peifei nodded clearly feeling Gongsun Zhiyu was more mature.

The beautiful great eternity immortal female cultivator sighed, it looked like Ye Mo had the advantage in the battle of mouths but in the sect leader's heart he lost a bit already.

Gongsun Yin nodded, he was very satisfied with his disciple's performance. They were above golden immortal and yet still wanted to win arguments. Such opponent was not worth attention.

How could Ye Mo not know this would make Qin Peifu dislike him but he didn't care. He wasn't going to allow others to act big in front of him.

"pill master Ye, what level immortal pill master are you? If you're just level one immortal pill master I believe we don't need to compete..." Gongsun Zhiyu changed his words and didn't dare to say younger martial brother Ye Mo.

Seeing this, Ye Mo didn't keep calling him Zhiyu but he interrupted "I wonder what level immortal pill master pill master Gongsun is?"

"after meeting my master I became level one immortal pill master within a hundred years..."

"then I'm level two immortal pill master." Gongsun Zhiyu was interrupted by Ye Mo before he finished again. Ye Mo really disliked the way he talked. He was going to crush his confidence.

Gongsun Zhiyu was annoyed. No matter how well his manners were he couldn't take Ye Mo's insult again and again.

He glanced coldly at Ye Mo "but I was level two immortal pill master a few hundred years ago, now I'm going to concoct level three..."

What made Gongsun Zhiyu even more furious was that Ye Mo interrupted him again "then I'm level three immortal pill master..."

Then Ye Mo added "if you can concoct level three... then I'm level four immortal pill master."

Gongsun Zhiyu sneered "pill master Ye can only fight with words? Did you not have a master teach you? Level four is not immortal pill master it's immortal pill great master."

"oh so I'm immortal pill great master, I thought I was immortal pill master. it seems it's better to have a master, otherwise I don't even know I reached great master." Ye Mo sneered.

“psch...” a few female disciples couldn’t resist laughing again. Even the icy cold Bing Yu wanted to laugh.

“sigh, not a good match for Nianmei.” Bing Yu’s master shook her head. She clearly didn’t like Ye Mo trying to win a battle of mouth everywhere.

Qin Peifu really disliked this and coughed “since you’re both immortal pill master then begin pill concoction now. say which pills you want to make and what herbs the Extreme Sword Sect can provide it all.”

Then Qin Peifu looked coldly at his daughter signaling she chose a bad dao partner.

“then I’ll concoct abstruse essence pill. I need rootles floating lin, silver yellow grass, snow needle fruit...” Gongsun Zhiyu brought up more than ten herbs.

It was a rather hard to concoct pill amongst level three immortal pill. it was used for abstruse immortal cultivator cultivation and good for breaking through bottlenecks.

“then I’ll concoct abstruse essence pill.” then Ye Mo repeated exactly what Gongsun Zhiyu said.

Everyone was loss for words, clearly Ye Mo was targeting Gongsun Zhiyu.

But everyone guessed wrong, Ye Mo really didn’t this time. The reason he did this was so he would use the same immortal spirit herb and make the same pill as Gongsun Zhiyu to end the battle quickly. That way, even those who didn’t understand pill concoction would know.

Then he would be able to get his space laceration rune and leave. Deal would be done. He didn’t have all that time to play with Qin Nianmei.

“very well, I believe concocting the same pill would clearly decide the outcome between us in case someone finds all sorts of excuses.” Gongsun Zhiyu sneered.

Gongsun Zhiyu actually nodded in agreement “that’s right if I concoct some other pill and someone thinks the pill I concocted was too easy and won inappropriately, Nianmei would definitely help me.”

Ye Mo said this to push Gongsun Zhiyu on the opposing side of Qin Nianmei.

Indeed Qin Nianmei sneered “I’m not blind I can tell who’s pills are better.”

In fact she was ready, the best outcome was of course Ye Mo winning but even if Ye Mo lost, as long as he didn’t lose too much she had the confidence to let her father agree to her.

Gongsun Zhiyu looked hatefully at this pill master Ye who caused Qin Nianmei to dislike him.

The immortal spirit herb were soon sent over and Gongsun Zhiyu released his pill cauldron without even looking at Ye Mo and shot out a purple flame.

Ye Mo didn’t start immediately. His pill concoction speed was very fast.

Seeing how he used a top grade immortal artefact pill cauldron, Ye Mo sighed. Having a good master made all the difference. Top grade immortal artefact pill cauldron was more expensive than top grade flying immortal artefact.

That purple flame was Li Ming fire. Ranked 9th amongst heaven flame in the cultivation realm and 33rd in all 108 flames.

Seeing everyone look at him, Ye Mo could only release a middle grade immortal artefact pill cauldron. Ye Mo wasn’t going to take out Shen Nong cauldron, he felt it wasn’t ordinary.

Seeing this everyone knew the outcome was already decided. Ye Mo then slowly took out mist lotus heart fire. He didn’t even want to expose this if it wasn’t its grade was too low.

“mist lotus heart fire?” everyone recognized immediately.

Gongsun Yin was a little surprised seeing this but immediately sighed. This flame had the wrong master, it was a waste for an ordinary solo cultivator to take it.

Chapter 1567: I'll make you lose in frustration

Gongsun Zhiyu was completely focused on pill concoction and didn't notice what flame Ye Mo took out. Ye Mo instead admired this guy, it wasn't easy to be fully focused on pill concoction under such circumstance.

Ye Mo slowly chunked the immortal spirit herb in the pill cauldron and used mist lotus heart fire to refine the immortal spirit herb.

Seeing Ye Mo do thing step by step while Gongsun Zhiyu was so fast his movements couldn't be seen everyone knew that Gongsun Zhiyu was better than Ye Mo in every way except a flame.

Qin Nianmei was desperate looking at this. she knew Ye Mo was a level three immortal pill master but she didn't expect his pill concoction skills to be this bad. The only one who knew that Ye Mo's pill concoction skills was too much stronger than Gongsun Zhiyu was Feng Chunmo.

Half an hour later, Gongsun Zhiyu was using pull pill spell and pulled out 12 pills in three seconds. They immediately had a pill aroma and was placed in the bottle he prepared.

Ye Mo's spirit sense immediately recognized the grade of Gongsun Zhiyu's pills. When everyone was amazed with Gongsun Zhiyu's proficient pill concoction method, Ye Mo took out a jade bottle and instantly took out 12 pills.

Seeing Ye Mo finish too, Qin Nianmei breathed easy.

"hmm..." everyone thought Ye Mo would lose for sure and didn't notice that Ye Mo was only about ten seconds slower than Gongsun Zhiyu. He clearly moved so slowly before but his pill concoction was no slower than Gongsun Zhiyu, maybe even a little faster.

"very well, very well, Zhiyu..." Qin Peifu suddenly stopped as he found Ye Mo was done.

He immediately changed his words “both of you are prodigies of pill dao, finishing the same abstruse essence pill in under half an hour. Now allow elder Yang of our sect and brother Gongsun to judge together.”

Gongsun Yin quickly said “martial sister Yang Zai can have a look I don’t need to. After all, Gongsun Zhiyu is my disciple.”

“in that case I’ll have a look at their pills.” The beautiful great eternity immortal female cultivator nodded.

Seeing Ye Mo send his pills over to elder Yang Zai, Gongsun Zhiyu hesitated for a moment and gave his bottle to elder Yang.

Ye Mo wanted to laugh, Gongsun Zhiyu was scared elder Yang would cheat just because she said something fair.

Yang Zai didn’t seem to notice this and took both jade bottles.

She looked very calm before but after looking at it, she was shook.

Seeing this, everyone wanted to know what would make a great eternity immortal so shocked.

“martial sister Yang what are the results?” Qin Peifei asked desperately.

Yang Zai sighed “pill master Ye probably won by a little bit.”

“what?” Gongsun Zhiyu called out in shock but then he immediately realized his disrespect and quickly apologized.

The cultivators started chattering. Clearly, they didn’t believe elder Yang’s judgement. Thinking about how she helped Ye Mo before, clearly everyone felt she intentionally made Gongsun Zhiyu lose.

But no matter what they couldn't doubt her. After all, no one would be dumb enough to doubt a great eternity immortal publicly.

Gongsun Yin's face was bad but he didn't make any request and said "haha, since pill master Ye can beat Zhiyu a little he's indeed not bad. Zhiyu come back."

He immediately agreed to Yang Zai's judgement and didn't ask to see the pills.

Gongsun Zhiyu was unsatisfied but he didn't argue and went back.

Even Qin Peifu sighed, since Yang Zai wanted to help Qin Nianmei, it meant Qin Nianmei already asked for her help. Since Ye Mo could concoct abstruse essence pill he wouldn't be that bad. Plus he was who his daughter liked so he said nothing.

Seeing Gongsun Yin's face how could Yang Zai not know what he thought. He gave the two jade bottles to him "although I decided that Ye Mo won but I'm no immortal pill master, I might have misjudged. Martial brother Gongsun is immortal pill great master so it's better you have a look..."

"no need, no need..." Gongsun Yin said but he still took the jade bottles.

He really wanted to see what Ye Mo was concocting so slowly that could beat his disciple.

The two jade bottles were opened again, Gongsun Yin rapidly looked at them and his face changed. Moments later he sighed "pill master Ye's abstruse essence pill is indeed a little better than Zhiyu. Pill master Ye probably won. Pill master Ye wasn't bluffing indeed his accomplishment would be unlimited in the future."

"master?" Gongsun Zhiyu looked at his master in confusion. theoretically his master wouldn't help Ye Mo so why did he say Ye Mo won? Was Ye Mo's pills really better than his?

Ye Mo saluted with his fists "that was just pure luck, that was the hardest cauldron of pills I've concocted so far. The win is truly due to luck..."

Seeing Ye Mo's genuine expression, everyone realised that Ye Mo's cauldron was probably really good due to his luck. Perhaps this was fate between him and Qin Nianmei.

Qin Peifu also looked at Gongsun Yin in confusion. he really didn't believe Ye Mo would win.

Seeing everyone look at him, Gongsun Yin pointed at the two jade bottles "out of Zhiyu's 12 pills, there is one top grade, 8 middle grade and 3 low grade..."

Everyone looked at Gongsun Zhiyu with awe. The main signature of immortal pill master reaching immortal pill great master was concocting 12 top grade level three immortal pills. Gongsun Zhiyu had one meaning that he was making progress towards immortal pill great master. this process might be long but it was better than countless immortal pill master who had no hope.

Soon, everyone thought about Ye Mo. Didn't that mean he had at least one top grade pill?

Gongsun Yin said "pill master Ye also has one top grade pills but there are 9 middle grade and 2 low grade..."

With this, everyone realized how Ye Mo won. He had one extra middle grade pill and one less low grade pill. this difference was really fine.

If it wasn't that this control wasn't something people could control, people would even think Ye Mo did this intentionally but not even level six immortal pill great master might be able to do this.

Everyone could only sigh that Ye Mo was truly lucky.

Gongsun Zhiyu was immensely frustrated. Ye Mo won him by a mere middle grade pill. he would rather his cauldron have failed than to lose in such a frustrating way.

"come, try the immortal spirit fruit of our Extreme Sword sect..." Qin Peifu changed the subject.

Qin Nianmei rejoiced. She didn't let Ye Mo so easily beat Gongsun Zhiyu like this. She didn't use the other cards she had prepared. She waved to Ye Mo "Ye Mo, quickly come over, sit here."

Seeing his daughter's happy look, Qin Peifu smiled. He felt her eyes were quite keen to be able to find an immortal pill master better than Gongsun Yin's disciple.

Ye Mo bowed to Yang Zai and then walked to the table next to Qin Peifu but didn't sit down.

"okay, great." Qin Peifu started to like Ye Mo now.

Seeing that he was going to say more, Ye Mo quickly bowed and said "qian bei, wan bei got news not long ago there's something important that I need to go back for, so..."

Ye Mo was done with the mission so he had to go, he was scared this Qin Peifu would ask things.

Qin Nianmei didn't expect Ye Mo was leaving this quickly. She was grateful that Ye Mo helped her but now Ye Mo was leaving without even sitting down. Seeing the questioning glance from her father, she felt uncomfortable.

This guy was too heartless. He didn't even want to stay a little longer after the deal was done but she could only help Ye Mo now "yes dad, when he came he had things he didn't deal with. After he finishes it, I'll let him stay here."

Chapter 1568: Immortal Music From the Heavens

Qin Peifu smiled. "In that case send Ye Mo off first and then come back, I have some things to ask you."

"I know." Qin Nianmei quickly agreed and then pulled Ye Mo's hand as they walked out.

How come Ye Mo not know what she meant? She was scared that not long after he left her father would try and help her find a dao partner again, so she did this in front of everyone.

“Martial brother Ye, I’ll come send you off too.” Feng Chunmo was very disappointed to see Ye Mo leave. She still wanted to ask Ye Mo to help with pill concoction again.

“What are you doing? Nianmei is sending Ye Mo off, you don’t need to go join her.” The nun dressed great extreme immortal next to Feng Chunmo quickly stopped her.

Only Bing Yu knew what was going on. She clearly saw Feng Chunmo walk out of Ye Mo’s room with untidy clothes. She could only sigh.

Feng Chunmo could only sigh as well upon seeing her master stopped her.

Now that Ye Mo left, she could only ask Qin Nianmei about him.

...

Qin Nianmei sent Ye Mo to the door of the sect and said unhappily, “Aren’t you a bit too desperate. You didn’t even stay here for a day and you’re going to leave.”

Ye Mo said plainly, “The deal between us is done, I don’t like staying here.”

Ye Mo was being honest, he didn’t know anyone here and they were all more powerful than him. It was fine if Qin Nianmei was really his dao partner, but she wasn’t.

“Never mind, I really didn’t expect you to be able to beat Gongsun Zhiyu in pill concoction. I thought it would take a long while for me to convince my father, but it succeeded so fast. Thank you,” Qin Nianmei said.

Ye Mo waved his hand. “No need to thank me, we’re just doing a deal. Plus, there’s something you haven’t given me yet, aren’t you...”

Qin Nianmei rolled her eyes. “I didn’t forget.”

She took out a rune and a jade slip. "The map to the Chaos Star Realm is inside. This is the space laceration rune. But I need to remind you, it's suicide to go there with your power. You helped me and I feel you're a good person so I don't want you to die immediately."

"Thank you, whether or not I die is my business. After our deal, you are you, I am me. Goodbye." Then Ye Mo got on Blue Moon and disappeared.

"Pfft, serves you right to die in the Chaos Star Realm!" Qin Nianmei cursed behind Ye Mo's back. Suddenly she felt a little sad, she truly didn't want Ye Mo to die. He was very cunning but he kept his promise. Plus, concocting that cauldron of pills was probably the hardest thing he had ever done.

...

After Ye Mo left, Gongsun Yin no longer had the mood to stay at his friend's place and left with Gongsun Zhiyu.

Qin Peifu had seen Ye Mo, Ye Mo's overall performance was barely satisfactory. He wasn't mature but he had real capability. As for maturity, that was no problem, after some things it would change.

Yang Zai took Bing Yu and left the main peak of the sect. Then, she suddenly asked, "Bing Yu, you don't seem to be happy. You're rarely like this, is it because Hai Chuanwu still pesters you?"

The ice cold female cultivator quickly said, "No master, it's because I feel like martial sister Nianmei and Gongsun Zhiyu are a better match. That Ye Mo doesn't seem very mature and he won by luck..."

Yang Zai looked at her disciple in confusion. She rarely said anything usually, why did she suddenly exclaim about such things?

Yang Zai sighed. "Do you really think that Ye Mo beat Gongsun Zhiyu by luck?"

"Did he not?" Bing Yu asked in shock.

Yang Zai said seriously, "Although I'm not certain that Ye Mo did it on purpose, his luck is a bit too good. He won with an extra middle grade pill and his procedure wasn't fast. How come he finished only ten seconds later than Gongsun Zhiyu?"

"But master, if he could control pills to such extent, didn't this mean he was a top grade immortal pill great master or even an immortal pill grandmaster?" Bing Yu asked in confusion.

Yang Zai frowned. "This is something I don't understand either. Even an immortal pill great master might not have such accurate control. If Ye Mo did this intentionally, then he's too scary."

"He said that was the hardest cauldron of pills he had ever concocted. Didn't that mean he was just lucky?" Bing Yu asked in confusion.

Yang Zai sighed. "You can understand this from another perspective. Because he had to concoct a cauldron of pills just a little bit better than Gongsun Zhiyu, it took him a lot of effort. I feel this is more applicable to Ye Mo's character. Plus, the instant Gongsun Zhiyu finished pill concoction, Ye Mo's spirit sense quickly scanned his pills."

"Huh..." Bing Yu stared at her master in shock. "Is this possible?"

"It's impossible, so that's why I'm doubtful. If this is true then that Ye Mo is an unimaginable talent. For such a person, it's not that he doesn't deserve Nianmei but that Nianmei doesn't deserve him." Yang Zai sighed.

"Master, cultivation needs a stable mentality. Ye Mo seems very impetuous and immature. Such a person shouldn't have such capability right? Plus, even if he has some capabilities, it shouldn't be that Nianmei doesn't deserve him?" Bing Yu said.

Yang Zai fell silent for a while and said, "I feel it's very strange too – how could an impetuous person become an immortal pill master great master? Unless..."

"Unless his actions were intentional. He had to beat Gongsun Zhiyu and make the sect leader accept him as Nianmei's dao partner but also needed to leave a bad impression. This is too conflicting."

Bing Yu fell silent. If her master's guess was right, then that Ye Mo was too insane. Why did such a prodigy come to the Extreme Sword Sect and immediately get together with Feng Chunmo? Feng Chunmo usually wasn't such a woman either. Did she know that Ye Mo was extraordinary?

"Bingyu, don't underestimate any cultivator. Our sect is great eternity immortal sect and is insurmountable in Gong Hua Heaven but Gong Hua Heaven is just a low heaven domain. There are middle and grand heaven domains. In the vast immortal realm, there are too many prodigies, your path is still long. I hope to take you to see the prodigies of the middle heaven domains, perhaps there your view would broaden.

"Master, I understand. I plan to go out for trial anyways and come back when I reach great immortal." Bing Yu bowed.

Yang Zai nodded. "Okay, the immortal realm is cruel, but if you can't survive in the environment yourself and always stay in the sect, you will never accomplish much. Before, I wasn't about to break through to great immortal so I left the sect and found my own fortune."

...

The Chaos Star Realm couldn't be reached through teleportation formation, one must fly there; but it could be reached from any heaven domain directly. The time varies, the slowest was using a low grade immortal artifact which took a few decades, the fastest was just a few days.

In the nearby domains, the cultivators realized that it was the fastest to go to Extreme Wind Heaven first and then go to the Chaos Star Realm from there. It would take at most one month using a low grade flying immortal artifact that way.

Ye Mo only had a low grade flying immortal artifact, he would need half a month even flying to the teleportation formation. But Ye Mo didn't mind. He just wanted to improve his power.

On the way, he met immortals using all sorts of flying immortal artifacts, some of them were riding immortal beasts.

Ye Mo was very contemptuous towards this, only a rare few were faster than flying immortal artifacts, most of them just looked cool.

Ten days later, he was halfway to Gong Hua Heaven's teleportation formation.

Today, he stood at the front deck of Blue Moon studying the jade slip left behind by Feng Chunmo's brother. Then he heard a wave of immortal music.

The sound wasn't loud but it was very clear and comfortable. He scanned with spirit sense and didn't see anyone playing music.

Ye Mo judged the direction the sound came from and sped over with Blue Moon to see what it was.

But he only went a few hundred kilometers before an even faster dashing light stopped him.

Ye Mo immediately knew it was a middle grade flying immortal artifact, so without hesitation, he released Zi Xu.

Chapter 1569: Terrifying Freedom King

"It's you?" Ye Mo saw that it was the icy cold female cultivator Bing Yu and put away Zi Xu.

The female cultivator glanced coldly at Ye Mo and asked, "You don't want to live?"

"What do you mean?" Ye Mo raised a brow and questioned coldly. He almost released Zi Xu again, did this woman think she was powerful just because she was an abstruse immortal? She was a mere abstruse immortal primary stage.

"That's Gong Hua Heaven's Freedom King's chariot. You don't move aside and instead you charge up. If you want to die you might as well kill yourself without draggin our Extreme Sword Sect into it," Bing Yu said emotionlessly.

Just when Ye Mo wanted to speak, he heard Bing Yu sneer. "Shut up!"

Then she stood on her flying magic artifact and looked down, saying nothing.

Ye Mo suddenly felt a powerful force sweep over. He uncontrollably shivered. There was an icy spirit sense that shivered even his soul. It was as though the next moment his soul would run out of his body and even his Golden Page World would seep out.

Ye Mo was shook and just when he wanted to use the Three Birth Chant, he suddenly realized he must not use Three Birth Chant here no matter what. If he did, everything was exposed.

Sweat dripped from his forehead, his entire body became drenched. Just when Ye Mo didn't know what to do, the spirit sense swept past his body.

It was just a few seconds but Ye Mo felt like it had been a few centuries. There was such a powerful immortal in the world, just who was this Freedom King?

The immortal sound left and Ye Mo didn't even have the courage to chase up and scan with his spirit sense. He was certain that if he did, he would die.

When the immortal music completely disappeared, Bing Yu still stood there not moving. Ye Mo didn't move seeing this. Five minutes later, Bing Yu glanced coldly at Ye Mo and was about to fly forward on her flying magic artifact.

Ye Mo just realized that this woman just saved his life. Otherwise, if he charged up recklessly, he would've been killed by a beam of spirit sense already. Even if he wasn't killed, all his secrets would be exposed for sure.

"Martial sister Bing Yu, thanks for saving my life." Ye Mo was truly thankful to her.

Bing Yu looked plainly at Ye Mo and didn't answer. She was prepared to leave.

Ye Mo quickly asked again, "Martial sister Bing Yu, who is this Freedom King, what is his power?"

Bing Yu frowned and said, "The Freedom King is called Fang Bichen, he's an immortal king. Even the heaven lord of Gong Hua Heaven has to move aside when seeing him."

Immortal king power? Immortal king was this powerful? Ye Mo thought of that blue dressed female cultivator, wasn't she a status immortal too? Why wasn't she that powerful? Was she not an immortal king?

Seeing Ye Mo daze on the side, Bing Yu ignored him and was prepared to keep going when another dashing light came.

"Martial sister Bing Yu, you went so fast. When I went to find you martial uncle said you had left already. I finally caught up to you now!" a joyful voice sounded.

Ye Mo woke up and realized that he knew this cultivator, it was that male cultivator he met at the gates of Extreme Sword Sect, the abstruse immortal primary stage. He seemed to be some martial brother Wu.

"So you came out with pill master Ye, that's good. If it wasn't that pill master Ye's flying magic artifact is a little weaker, I really wouldn't be able to catch up to you." The male cultivator saw Ye Mo and smiled.

Ye Mo suddenly really disliked this martial brother Wu, there was clearly a sliver of jealousy in his eyes but he acted really happy. He said his flying magic artifact was bad but his was only a middle grade flying immortal artifact.

"Martial brother Wu." Bing Yu was surprised. She didn't expect this guy to still catch up when she left early.

Ye Mo wanted to laugh, this martial brother Wu stuck to Bing Yu everywhere. Ye Mo was thinking, what was anything good about this icy cold woman? Although she was the number one prettiest woman in the immortal realm he had seen so far, she was too lacking in facial expression.

Ye Mo didn't talk, he couldn't be bothered. He was an immortal forgery master, when he reached immortal forgery great master he could upgrade his flying magic artifact to middle grade at anytime.

Martial brother Wu was happy seeing Ye Mo didn't answer him. "Pill master Ye will perhaps be our Extreme Sword Sect's member, so I'll introduce myself. I'm Hai Chunwu, the great disciple of Green Fall Peak. Martial sister Nianmei is a bright jewel of our sect, congratulations."

How could Ye Mo not know what he meant, he thought he came out with Bing Yu. Ye Mo casually saluted with his fists. "Haha."

Seeing that Ye Mo didn't seem to welcome him much, Hai Chuanwu thought that Ye Mo was annoyed he stopped the private time between him and Bing Yu so he said again, "Pill master Ye's luck is really good, winning with a middle grade immortal pill. Everyone in the sect is amazed at pill master Ye's luck, if I had pill master Ye's luck, sigh..."

Ye Mo didn't offend this guy, but because he liked Bing Yu he berated him in front of her. Ye Mo disliked this guy more and more. Comparatively, Gongsun Zhiyu was much better.

He then said calmly, "Don't even think about my luck, you will never have it in your entire life. Didn't your master teach you, luck is a type of power?"

Hai Chuanwu didn't expect Ye Mo to be so straightforward. He frowned, but thinking about what Ye Mo acted like at the competition, he immediately categorized Ye Mo as vulgar.

Bing Yu was shook. She thought of her master's analysis, was this pill master Ye really keeping a low profile? Was his luck really as he said, a part of his power?

Hai Chuanwu wasn't annoyed however, he was happy. Ye Mo was immature like the qian beis in the sects said. He was like a little kid, there was no way Bing Yu would like such a person.

Thinking about this he said calmly, "That's true, I rely on hard work, I don't have pill master Ye's luck power."

He then said, "Where does pill master Ye want to go? If you need my help, just say it."

"No need martial brother Wu, go where you please. I can solve my own things." Ye Mo rejected without hesitation.

He thought Ye Mo was with Zhen Bingyu, how could he agree to go? He quickly said, "How can that do? Nianmei is the daughter of our sect leader and you're the one she chose – I must help. After helping you, I'll leave with martial sister Bingyu."

Ye Mo frowned, he was going to Chaos Star Realm for trial, why did this Hai Chuanwu pester him?

"I'm going to take a shit martial brother Wu, do you still want to help?" Ye Mo was annoyed.

"You..." Hai Chuanwu's face went green. He didn't expect Ye Mo would say such words in front of Bingyu, this was too insulting.

Bingyu heard this and still had a calm face, but she didn't want to stay here anymore. She said to Hai Chuanwu, "Martial brother Wu, you guys talk. I'll be going."

Then she flew off and sighed, he didn't deserve martial sister Nianmei. She even began to disregard her master's suspicions.

At this moment, Hai Chuanwu realized that Ye Mo wasn't with Bingyu. He glared at Ye Mo and chased up.

Only then did Ye Mo realise why Hai Chuanwu had to follow him. This kid thought Bingyu must be on the same journey with him.

Chapter 1570: Far Star Castle

After they had disappeared, Ye Mo chose a direction and flew off. He was thinking about that terrifying Freedom King. If he was in front of such a person, his Golden Page World would be exposed for sure.

It wouldn't be as simple as him dying. Everyone related to him would be killed. Everything inside the Golden Page World was invaluable. If it was revealed, how could that powerful being not kill everyone he knew to shut everyone up?

An immortal king was already this terrifying, what about immortal monarchs and immortal emperors? If Lu Zhengqun reached immortal king, how was he to survive?

Ye Mo sighed, it wasn't bad that he met the Freedom King this time, at least he was alert now. He realized that if he didn't reach status immortal he would still be an insect. He shouldn't try to come in contact with those powerful beings, even coming to the Extreme Sword Sect was dangerous.

Qin Peifu and them had no ill will towards him, but if they did and tried to check him with their spirit sense, who knows what would happen?

He was too arrogant, Ye Mo told himself. He had decided that he would stay at the Chaos Star Realm and not come out unless he reached higher cultivation level. The immortal realm was very fascinating but it wasn't a place a small golden immortal could have fun.

Ye Mo sped up and felt even more desperate to go there.

...

At the main peak of the Extreme Sword Sect, Qin Nianmei acted like a little kid who did something wrong, looking down at the ground while a man stood in front of her.

"Who is that Ye Mo? How do you know him? Is he really your dao partner?" Qin Peifu asked with a sliver of seriousness in his tone.

"Dad, I've said it many times, why don't you believe me? He's just like that, he's not disrespecting you, I've brought it up to him many times. Even though he doesn't change, I can't just give up on him," Qin Nianmei explained.

Seeing her father's face ease, she quickly told him everything about how she met Yan Tanta. "I was at a marketplace in Hai Lan Immortal City, he was setting up a pill stall..."

After a long while, Qin Nianmei finished and Qin Peifu nodded. "That Ye Mo isn't very mature, but he's indeed a prodigy to be able to beat Gongsun Yin's disciple. He's a level three immortal pill master now, he might accomplish far more in the future. So, Nianwei, you need to work hard yourself now. You need to quickly reach abstruse immortal and break through to great immortal..."

"Dad..." Qin Nianmei groaned. "He just beat that Gongsun Zhiyu by luck. If he tried again, he might lose."

"Oh, so you're saying Gongsun Zhiyu is better than him?" Qin Peifu asked.

"No, I don't mean that. I mean, his future would definitely be stronger than Gongsun Zhiyu's." Qin Nianmei waved her hand quickly.

Qin Peifu suddenly said seriously, "You need to find out who he is. Although it seemed very lucky, afterwards when I thought about it, he might've intentionally done that. That win was too lucky, if he did that on purpose then this pill master Ye is too terrifying. You need to be careful in dealing with such a person, you need to know what he wants."

Qin Nianmei wanted to laugh. "Dad, don't worry – I know where this person came from and what he does. He definitely won by luck..."

Qin Nianmei suddenly felt things weren't right. She was talking about Ye Mo, he had nothing to do with her now. She should be caring about Yan Tanta. When she travelled with Yan Tanta, she never asked where he came from.

Qin Peifu nodded. "Indeed, it's not quite possible he did it on purpose. You took a space laceration rune, did you give it to him to go to the Chaos Star Realm?"

"Yes," Qin Nianmei admitted.

As though fearing her dad would tell her off, she added, “He said he would go after reaching golden immortal tertiary stage.”

Qin Peifu nodded. “Not bad, he has perseverance and the will to fight, he’s a pill master too. Nianmei, I feel like Ye Mo is a very good choice. His character is a bit lacking, but that isn’t the most important.”

...

Far Star Castle.

This was no castle nor immortal city nor town. This was just a huge square with countless stalls.

The only thing was that one side was covered in mist and one’s spirit sense couldn’t scan in. To be specific, it was a void.

There were many cultivators talking at the border of the square or walking around the stalls.

There was a huge teleportation formation in the middle, cultivators were constantly teleported here or teleporting waay.

Everyone knew this was the entry to the Chaos Star Realm. This square was the nearest square to Chaos Star Realm in Extreme Wind Heaven.

The people here didn’t go in immediately as they were grouping up. Each group would gather a certain amount of people before heading in. This way, even if they encountered a Void Hurricane or Void beasts, they would be able to help each other. Another thing was that if they used their space laceration runes together they would have a higher chance to open the space to the Chaos Star Realm.

If one person came to the space barrier at the Chaos Star Realm, there wasn’t a high probability of him tearing open the barrier to the Chaos Star Realm even with the rune.

Some squads with enough people walked towards the mist under the captain and quickly disappeared. Some squads even put up signs requesting what sort of power and what sort of flying magic artifacts they had.

...

Ye Mo reached the teleportation formation at Gong Hua Heaven in just five days as his Blue Moon wasn't much slower than even middle grade flying immortal artifacts.

Ye Mo immediately took the teleportation formation to Far Star Castle.

Walking out of the teleportation formation, Ye Mo felt a little dizzy. This teleportation distance was extremely far, even he felt dizzy. He wouldn't even be able to make even one formation flag for such a teleportation formation.

"Hmm, why is he here? Does this guy want to go the Chaos Star Realm too?" Hai Chuanwu immediately noticed Ye Mo. They didn't have enough people yet.

Zhen Bingyu also looked at Ye Mo in confusion. She didn't understand why Ye Mo came here too, didn't he have something important to do? Was it to come here? Ye Mo was a mere golden immortal primary stage, it was suicide to come here.

Ye Mo scanned the square with spirit sense and the words 'Far Star Castle' floated in the middle.

There were many cultivators here, but Ye Mo soon found he was the weakest. Those immortals with stalls were at least golden immortal tertiary stage. Most of the cultivators in the square were abstruse immortals. There was not a single golden immortal middle stage, much less a primary stage cultivator.

So he was the weakest here, Ye Mo rubbed his nose speechlessly. His spirit sense saw Bingyu and Hai Chuanwu too, but he didn't want to go over and talk.

He had nothing to do with their sect now. Ye Mo walked up to a golden immortal peak stage cultivator and saluted with his fists. "Friend, is this the place towards the Chaos Star Realm?"

The golden immortal peak stage looked at Ye Mo and nodded. "That's right, this is Far Star Castle. You leave from here to go to the Chaos Star Realm."

"How do you go in?" Ye Mo asked.

The golden immortal peak stage didn't mind, many cultivators came here for the first time. The only thing was that this cultivator's power was too low. He pointed at the misty side. "Go from there, fly for half a month to a month and you can see the barrier to the Chaos Star Realm. Use your space laceration rune with people and you can go in."

"Thank you friend." Ye Mo thanked him and immediately headed to the misty side.

The golden immortal was dumbfounded and murmured, "He won't be going there alone, right?"
