

## Strongest As 1681

Chapter 1681: Captain Mo Ying, Team Member Mo Ying

Looking at the 356 points on the jade card, Ye Mo dazed. This point wasn't right. If he passed level seven it should be 436 if not then 276, why would it be 356? Was there half points?

Ye Mo instantly cast this thought aside and remembered he should be looking at the screen in the square. He wanted to see if he got into top ten.

What was this? the screen displaying the leaderboard was gone.

"The first round of the tournament has finished, let's see which heaven domains the top ten comes from, which prodigy teams got them?"

As the voice sounded, tens of immortal king landed on the main altar of the square again. It was He Yi immortal king speaking.

Ye Mo immediately realized that the screen showed the ranking before to attract everyone's attention to the progress of the round. They covered it up now to entice the contestants about their own ranking. Otherwise, everyone only needed to look at the screen and no one would pay attention to the immortal king talking.

As soon as He Yi said this, the square fell quiet.

Good method, this was much better than telling everyone to be quiet.

He Yi didn't speak and looked at the screen, moments later the bottom showed a row of words "11th team got tenth place with 239 points, Yuan Le heaven domain, team leader Fu Lintian, team member Li Long, Gan Qing, Hua Lunyin..."

With this, the square erupted. 239 points was only tenth, those squads who got less than 239 points immediately knew they were disqualified. Teams with more than 239 points knew they reached top ten.

Ye Mo breathed easy. Even if he got no points for level seven, he would be in top ten. He got what he wanted. It seemed that with his 356 points, he might possibly reach top 3. Ye Mo just didn't want to be first as that would catch too much attention.

"Heaven sword immortal Fu Lintian's squad is only tenth. It seems the caliber of this time is very high." Someone said.

"Before, Yuan Le heaven always gets 5 to 6 in the top ten, I wonder how many they can get this time."

"Fu Lintian is only ranked 7th on the heaven immortal ranking. It seems it won't be hard for Yuan Le heaven to get five or six spots again."

"Not necessarily, finding seven refine stones also require luck, it's not completely power. If you're unlucky and can't find stones, it's pointless no matter how strong you are."

Ye Mo agreed to this perspective. Power was important because without power you wouldn't be able to get far. But luck was also important, power is meaningless if you can't find stones.

He Yi immortal king paused before repeating what he said again.

His voice didn't seem as happy as before, clearly he felt Fu Lintian's squad's points were too low.

The screen showed the 9th, "63rd team reached 9th with 244 points, Jiang You heaven domain, team leader Wu Wanlin, team member Xie Yutong, Gongsun Zhi..."

"6th team reached 8th with 257 points, Jiang You heaven domain, team leader Mu Sha..."

He Yi named two Jiang You heaven domain names, there was a sliver of helplessness in his tone. The square went into an upbeat again. Some immortal kings begun discussions too. Many immortal kings congratulated Jiang You heaven domain immortal kings. In all the past tournaments, rarely does another heaven domain get two spots other than Yuan Le heaven.

The three immortal kings of Jiang You heaven domain couldn't stop smiling. They just got 9th and 8th but this two dao seeking tower spots. This meant that Jiang You heaven domain might have two more immortal kings.

He Yi was regretful but he still congratulated the immortal kings.

"19th team reached 7th with 262 points, Xiang Mang heaven domain, team leader Liao Lingxuan..."

"98th team reached 6th with 271 points, Wen Chong heaven domain, team leader Tie Zongfei..."

These three heaven domains were all congratulated. Those heaven domains who haven't appeared yet began to worry. The only one who didn't worry was Zong Piao heaven, Duan Qing heaven and Ji Yao heaven. These three heaven domains rarely got into top ten.

Between 10th to 6th, they still had some hopes but for fifth to first, they didn't need to have any hopes. It's usually always taken by Yuan Le heaven, Huang Jia heaven, Kong Sheng heaven.

"66th team reached 5th with 284 points, Yuan Le heaven, team leader Xuan Len..."

"45th team reached 4th with 287 points, Kong Sheng heaven domain, team leader, Len Qingshan..."

He Yi immortal king's face looked worse and worse. Up until now, Yuan Le heaven only showed 2 teams, usually there would be three to four now.

Xuan Len goddess' face was worse. She thought her team would at least be top three or even first but they only fifth. She couldn't comprehend this and even felt embarrassed.

"85th team reached 3rd with 289 points, Huang Jia heaven domain, team leader Qing Wuren..."

With this, the immortal kings from Huang Jia heaven domain finally breathed easy. Luckily Qin Wuren didn't disappoint them and reached top three.

A chiseled and cold faced abstruse immortal in blue shirt saw that third was only two more points than his team and sneered. He shot out a sharp glance at Qin Wuren.

“32rd team reached 2nd with 297 points, Yuan Le heaven, team leader Guan Feijian...”

He Yi finally breathed easy after reading out this name. At least there were 3 Yuan Le heaven teams now, without a doubt, first would also be Yuan Le heaven team.

Ye Mo rubbed his nose, if he knew that 356 was far beyond second, he would definitely not throw that many stones in at level five.

He just wanted a top ten but now he accidentally got first. This was too much of a joke. Were those teams sleeping in the tower? And that Mang Yong, he reached level five too. Ye Mo didn't know if he went into level six but he was certain Mang Yong didn't hand up the stones he got.

In fact, the main way of getting points in the tower is seven refine stones. But the stones were limited. If you want to beat others by a lot, you had to reach higher levels. The higher you go the more terrifying the points are. When Ye Mo passed level six, it already meant that he would certainly be in top ten.

Ye Mo was annoyed he got first, if there was one person who didn't want first in this square, it was him but he got it.

Purple rain goddess and Xu Ji and them looked at Ye Mo in confusion. they didn't believe Ye Mo was first. They thought Ye Mo should be able to get top ten but up till now, his name still wasn't called out.

If they knew this, they should've discussed with Ye Mo to sell the stones he got to them. That way, they would have 240 or so points and get a top ten.

Xuan Len goddess frowned, Xun Ran goddess's name still ahven't been called out. Was she first? How is that possible, the first should be 300 or so points.

In the square, a white robed abstruse immortal saw the second and a fierce killing intent rose up from his body.

The nearby abstruse immortals all moved away. The number one of Yuan Le heaven heaven immortal rank, he is titled the white robed immortal Guan Feijian. He got second the first round. Even blood robed immortal would have to look down and move aside in front of Guan Feijian. He showed killing intent clearly because he didn't get first.

Finally, the first team was shown.

"79th team reached 1st with 356 points, Zong Piao heaven, team leader Mo Ying, team member Mo Ying."

He Yi even forgot to repeat it this time as he just kept staring at this in disbelief. How is this possible?

"Rumble..."

The square fell silent for a few moments and burst out. The first was that one man team, Mo Ying who was the weakest. Just who was this Mo Ying? He got first and beat second by 56 points, this is insane.

"Who is Mo Ying?"

"Mo Ying is who?"

"Which heaven domain? Zong Piao heaven? This..."

Chapter 1682: Focal person

Actually, those people who asked about Mo Ying realized that they all knew this Mo Ying. It was that abstruse immortal middle stage whom no one wanted to team up with and had to go in alone.

Zong Piao heaven first? Even the other immortal kings were dazed much less the Zong Piao heaven immortal kings. Was something wrong? How could Zong Piao heaven be first and that one man team Mo Ying?

The next moment, everyone looked at Ye Mo. Even the tens of immortal kings looked at Ye Mo. They knew that the leaderboard couldn't be wrong. This meant that Zong Piao heaven was indeed first.

An abstruse immortal middle stage got more than 300 points and reached first alone in the seven refine tower, this was too unbelievable.

“Congratulations Kai Feng immortal king...”

“Congratulations Ping Zhou immortal king...”

...

The three immortal kings from Zong Piao heaven was still dazed and all sorts of congratulations sounded. That was first, there was an immortal king spot to go into the dao seeking tower. Which immortal king here didn't envy that.

The three Zong Piao heaven immortal kings were still dazed, Ping Zhou immortal king said “This, how is this possible...”

Kai Feng immortal king reacted and laughed while thanking and saluted with his fists. He was completely shocked too. He didn't understand how Ye Mo could get first. Where did this guy come from? Why did he act so timid before? He definitely wouldn't believe an abstruse immortal this powerful is that timid, the only explanation is that it was all an act.

“Haha, Zong Piao heaven is really shocking. This way is good, using one man team to get the highest points. It seems we need to use this way too, hehe...”

A sour voice sounded. Everyone knew what he meant, Zong Piao heaven had communication beads and all the other teams gave their stones to Mo Ying's team. Mo Ying got large amounts of seven refine stones and stacked his points up.

"Mo Ju immortal king, if you really do this, then next time your Wen Chong heaven won't even get one spot." One immortal king sneered.

"If other people can do that why can't I?" Mo Ju immortal king was rash. He just reached immortal king and this was his first time taking people here. With many immortal kings on the side sneering, too contemptuous to talk to him, he was even more annoyed.

Another Wen Chong heaven immortal king pulled him quickly "After forming teams, the teams would be recorded by formation. In the tower, the stones would belong to the first to collect the stone. Placing stones of the same heaven domain teams together was useless and just be a waste."

Mo Ju immortal king immediately realized. You can only get stones from teams of different heaven domains. Clearly, this stamps out cheating. Mo Ju's face blushed. He really didn't know such rule here.

His face was slapped in front of all these immortal kings making him feel really awkward and disliked that Mo Ying as well.

Kai Feng immortal king ignored Mo Ju. He knew that this immortal king just broke through and probably knew less than those contestants.

He was overjoyed now. Zong Piao heaven team got first, that meant there was an extra status immortal and great immortal spot into the dao seeking tower.

Su Huan and Ping Zhou immortal king woke up too. This was real. The three looked at each other and couldn't control the excitement in their eyes.

Su Huan forgot about her regret of taking Ye Mo here, she couldn't even stop smiling now.

“Congratulations Zong Piao heaven, you’re the black horse indeed.” He Yi immortal king calmed down now and scanned Ye Mo with his spirit sense.

The Zong Piao heaven immortal kings thanked everyone and wanted to pull Ye Mo over immediately to ask about the process.

When He Yi immortal king scanned his spirit sense over, Ye Mo felt his body go cold. That spirit sense stayed for a short time and left. This made him loosen up.

He hid his power to be abstruse immortal middle stage to test if immortal king can see through it. If immortal king can, then it meant that he might expose his golden page world if an immortal king suppressed him with spirit sense. If immortal king can’t see his hidden power, it meant he was safe.

He got first, this can be some contribution to Zong Piao heaven. After all, he took most of the blue lightning immortal well and used Zong Piao heaven to earn some fortune.

As for round two, he didn’t need to work hard. With one spot, it was pointless to work hard.

...

All the abstruse immortals from Zong Piao heaven looked at Ye Mo in disbelief. Other heaven domain people didn’t know this guy but they did. The question he asked immortal king was ridiculous and after he was laughed at he hid in his room alone. Yet someone like this could get first. This was unbelievable.

The only people who didn’t doubt Ye Mo was Xu Ji and Purple rain goddess. They saw Ye Mo’s power, even blood robed immortal didn’t dare to say much to him. It wasn’t impossible for someone like this to get first. They really wanted to ask what level Ye Mo reached.

Not just them, all the immortal kings wanted to know what level Ye Mo reached. Did he get six colored seven refine stone. That was worth a fortune.

Everytime the tower opened, the most precious thing was seven refine stone. Usually, the highest colors that come out are five colored. Six colored were almost never seen.

“Martial brother Ouyang, this guy is too lucky. He got first alone, did he find a few hundred one colored stones at level 1?”

One abstruse immortal wearing grey headband frowned at Ye Mo and a long haired abstruse immortal on the side said sourly.

Then he added “Idiots have dumb luck. Purple rain goddess and martial brother Ouyang can take care of someone like him with one slap but he’s this lucky.”

“Shut up, brother Mo’s power far exceeds me, don’t drag me into this.” Purple rain goddess yelled in fury.

Ouyang Yi glanced at purple rain goddess in a daze before saying in confusion “Purple rain goddess, Wang Bo talks a bit much but he’s straightforward...”

Ouyang Yi clearly meant that Mo Ying was indeed weaker than them. Purple rain goddess scornfully looked at Ouyang Yi and said “Martial brother Ouyang can match brother Mo, I’m ashamed I’m not as good as you.”

Then she left, Xu Ji and two other people were standing with Ouyang Yi but hearing this they frowned and stood a little far.

Chu Xiangzi realized something was up and quickly went up to Xu Ji and inquired.

Chapter 1683: Immortal king questioning

“You’re Zong Piao heaven Mo Ying? I, Guan Feijian, will remember you. I believe we will meet again. I didn’t expect a mere Zong Piao heaven would have someone like you.” A white robed abstruse immortal peak stage walked up to Ye Mo saying with a cold tone. He looked pridefully at Ye Mo as killing intent seeped out of his body. Some weaker abstruse immortal moved away immediately.

Ye Mo frowned, he knew He Yi immortal king drew enmity to him but he wasn't scared. How did he offend this guy?

Ye Mo didn't know that Guan Feijian was unhappy he lost. He felt he lost not because he was weaker than Ye Mo but he shouldn't have teamed up. If he didn't, he would get higher points.

"I'm from Zong Piao heaven too, why can't Zong Piao heaven get first?" Xu Ji got up and said.

"Who do you think you are? What right do you have to talk to me?" Guan Feijian's force suddenly rose and a terrifying killing intent smashed at Xu Ji.

Xu Ji knew his power clearly. He was ranked 9th on the Zong Piao heaven abstruse ranking but he believed he could even beat Ouyang Yi. But facing Guan Feijian's terrifying killing intent, he actually shivered and almost couldn't resist pulling out his long sword.

Ye Mo suddenly sneered and his force rose. Zong Piao heaven's fierce killing intent was instantly swept back. Guan Feijian's face changed but he didn't retreat.

Before Guan Feijian said anything, Ye Mo said "Who do you think you are? What right do you have to stand before me?"

Guan Feijian's face went cold but unexpectedly, he didn't attack. Instead, he said coldly "Okay, you have balls."

Then Guan Feijian turned to leave. Ye Mo knew that this guy wasn't scared of him but they couldn't fight in the square.

"I'm Xu Ji, thanks for helping twice brother Mo. I didn't even get a chance to thank you for last time." Xu Ji was very grateful seeing that Ye Mo helped send Guan Feijian away. He knew that if Ye Mo didn't intervene, he wouldn't be able to stop pulling out his sword. If he did that at seven refine tower square, Zong Piao heaven would lose face.

“You’re welcome, we’re all from Zong Piao heaven we should help each other.” Ye Mo saluted with his fists and smiled. This Xu Ji was good, he looked favourably of him. The other was Mang Yong. Ye Mo was certain Mang Yong was stronger than blood robed immortal. Mang Yong wouldn’t be hiding his strength anymore in the second round.

...

He Yi immortal king felt many unfriendly spirit sense scan towards Ye Mo and Guan Feijian even went up to Ye Mo. He knew that this guy would have quite some things ahead of him in the third round.

He pressed with his hand “The top 30 squads of the first round has 152 people remaining. These 152 will progress to the second round of the tournament. The second round and third round will be at the dao seeking square. It will commence three days later.”

Ye Mo dazed. He thought that second round and third round would continue immediately after. Why was it three days later?

“Martial brother Mo Ying, thanks for saving me before. Otherwise, we can’t even reach top 30 and we would have no right to go to the second round.” Purple rain goddess walked over to thank Ye Mo.

The other two from her team also came to thank Ye Mo.

“It’s nothing.” Ye Mo said and then saw the three immortal kings of Zong Piao heaven come over with faces full of joy.

“Haha, Mo Ying you did very well, even I looked wrong. You actually got first, great, great, great...” Ping Zhou immortal king said.

Ye Mo could feel that Ping Zhou immortal king approved of him from the bottom of his heart and quickly said “Mo Ying greet three immortal king qian bei.”

“This isn’t a place to talk, let’s go to our residence first.” Kai Feng immortal king smiled. He was in a very good mood. In the past tournaments, Zong Piao heaven would be lucky if they had one team go into the second round but this time there was three.

...

At Nuo Yi immortal city, Zong Piao heaven’s spirit rest tower, although many people were disqualified the atmosphere was still great.

In the temporary meeting room, the three immortal kings were still excited. There weren’t many who could come here. Other than Ye Mo, there was Xu Ji and purple rain goddess’ team. The third team was the team Mang Yong was at.

“This time our Zong Piao heaven did very well. Not only is Mo Ying first but there’s three teams in top 30. This is great.” Kai Feng immortal king said.

There were only 50 people from Zong Piao heaven but there were more than ten into the second round. How could he not be happy. He had never felt what it was like to be surrounded by many immortal kings before. In the past, it was only them who walked around congratulating people. It was annoying but they still had to do it.

“This tournament went very well, tell us about which levels you reach? And what happened?” Ping Zhou immortal king was in a good mood. He usually spoke the least but now he spoke the most.

Purple rain goddess said “Our team was attacked by blood robed immortal Xue Chengxuan. Two of us crushed the jade card and left the tower. The remaining four of us were planning to fight with blood robed immortal. That’s when we met martial brother Mo Ying. He saved us and then forced blood robed immortal out of the tower. Only they could we keep searching for seven refine stones. At the moment before the tower closed, we went into level four. We stayed in there for half a day and was teleported out.”

“Oh.” Kai Feng immortal king didn’t expect Ye Mo to have saved them and looked at Ye Mo in shock. Then he nodded and looked at the two further standing abstruse immortal “You left before your team left?”

The two abstruse immortal's faces went pale, before they said anything. Kai Feng waved his hand "Get out, you two don't need to go into the next round."

"Yes..." The two didn't dare to say anything and left with their heads hanging low.

Ye Mo approved of this Kai Feng immortal king now. Even he looked down on people who abandoned their team mates before the fight even began. Even if you were to run, at least run when you couldn't hold on anymore. Plus, the team formed because they all knew each other.

Mang Yong wasn't the captain of his team, it was someone called Yu Lai, third on the abstruse ranking. He said "We also reached level four and encountered a level four immortal spirit beast. Mang Yong got separated from us but he hid at level four and nothing happened."

"Yes, I found 5 four colored seven refine stones at level four." Mang Yong bowed and said.

Ye Mo knew this guy was lying. He clearly went to level five but from what he said, Ye Mo knew this guy probably didn't go to level six.

Kai Feng immortal king nodded "That's right, you all did very well. No matter why the second round is delayed by three days, don't go out casually."

Kai Feng immortal king didn't explicitly say but Yuan Le heaven seemed unhappy with the results of the first round.

"Okay you all go out, Mo Ying stay." Kai Feng nodded.

"Mo Ying when I saw you at Gu Lan immortal city, I knew you weren't ordinary. You seemed to be afraid of me at the time. Later on, you acted timidly too, are you scared of us three old guys?" Su Huan stared at Ye Mo and asked.

Ye Mo knew that he had to face this no matter what as long as he reached top ten.

“Yes, qian bei, I’m not from Zong Piao heaven. I wanted to go into blue lightning immortal well to cultivate, that’s why I was worried.” Ye Mo replied. His tone was calm and didn’t seem timid before.

He had three spots in his hand, he didn’t need to worry about what the three immortal kings would do to him. Once he was in dao seeking tower, he would have nothing to do with them.

As expected, Su Huan immortal king smiled “Haha, Zong Piao heaven should be thanking you instead. With your power you can participate at any heaven domain. By the way, where is that beautiful female immortal with you? If she needs some help she can come to me.”

Su Huan immortal king clearly knew Zhen Bingyu didn’t have immortal essence.

“She’s my martial sister, she’s in solitary cultivation now. Thank you for asking qian bei, if I need qian bei’s help I will definitely ask.” Ye Mo thanked.

Kai Feng immortal king was rather happy with Ye Mo’s performance and looked down on the heaven domain that forced Ye Mo out. Such a prodigy was forced to another domain, they were idiots. He smiled and asked “You got 300 or so points, you probably went to a high level of seven refine tower right? What’s the highest level you went?”

Chapter 1684: Round two

Ye Mo would definitely not say he went into level seven. He said slowly “Wan bei just reached level six and encountered a powerful immortal spirit beast so I could only crush the jade card and come out.”

“You reached level six?” The three immortal kings looked at Ye Mo in shock.

“Yes my stealth cultivation method is good so I reached level six. I just didn’t get anything.” Ye Mo thought. He only got 7 six colored stones. This wasn’t anything.

“Then how do you have so many points? Su Huan asked in confusion.

“I was lucky, I found a seven refine stone pile at level five and got 30 in one go.” Ye Mo answered. If he didn’t expose his power, he might really say he found more than 100 stones at level two.

The three looked at each other as though shocked by Ye Mo’s insane luck. After a long while, Kai Feng said “Five colored stones are really rare, you need to use it well. It’s hard to buy even with immortal crystals. In the entire immortal realm, only the seven refine tower has such things.”

Ye Mo knew it was good but still asked “May I ask Kai Feng qian bei what exactly is its use?”

Kai Feng immortal king nodded “The stone contains fire element chi, those who cultivate fire element cultivation method can use it to improve his fire element god art. Just from that, seven refine stones are countless times more precious than fire element immortal crystals. On top of that, the stones could also allow rare flames to nirvana and upgrade.”

Hearing this, Ye Mo didn’t expect the stones could also upgrade fire element god art. Didn’t that mean his Heaven Flame Nine Suns could be upgraded?

“Mo Ying, how are you planning to divide the three spots?” Kai Feng immortal king saw Ye Mo understand the seven refine stones so he changed topics. His tone was calm but even Ye Mo could feel the excitement there. Su Huan and Ping Zhou also looked at Ye Mo.

Kai Feng immortal king’s words made Ye Mo have a great impression of him. In reality, the three immortal kings can completely decide for themselves but they still asked him, an abstruse immortal.

Ye Mo quickly said “I only want one heaven immortal spot, three qian beis can decide for the two remaining spots.”

Hearing this, the three nodded in satisfaction. Kai Feng immortal king continued “What do you need the most now?”

Ye Mo immediately knew he was going to be rewarded so he quickly said “Wan bei has a sword and I’m planning to upgrade it, I lack some top grade materials.”

At this moment, he wasn't going to be polite.

Ping Zhou immortal king suddenly took out a black ore and passed it to Ye Mo "I have a phoenix black gold here, do you think it's useful?"

Ye Mo was overjoyed, he quickly accept it and said "It's very useful, thank you Ping Zhou immortal king qian bei."

Phoenix black gold was top grade forgery material, level seven immortal material. How could he reject something like this. With the phoenix black gold and the will illusion crystals, he would be able to upgrade Zi Xu to level seven immortal artefact once his forgery skills improved.

Su Huan immortal king and Kai Feng immortal king gave a thousand blade sand and extreme lightning gold respectively. They were all level six immortal materials. Ye Mo had decided to use these two to upgrade Zi Xu to middle grade immortal artefact first.

Seeing Ye Mo took all three ores, the three immortal king felt quite good. Kai Feng said "Mo Ying, you should probably be the strongest in the Zong Piao heaven contestants. Although you got a spot, I still hope you can try your best at the second round. If you can get another first, Zong Piao heaven would get another immortal king into the dao seeking tower. I've been inside already but Su Huan and Ping Zhou immortal king hadn't been inside..."

Even though he knew Ye Mo's points came mostly from luck, Kai Feng still had some hopes for Ye Mo as he was able to touch level six.

Hearing this, Ye Mo sweated. He didn't expect they saw through what he planned. He really didn't plan to try at round two but he didn't object to Kai Feng immortal king's words. This Kai Feng immortal king really knew how to do things, he would first give things and then ask.

Ye Mo could only say "Wan bei will try my best."

At the same time, Ye Mo also respected Kai Feng immortal king. Although he had been in there once, he only reached the first three levels. His power was weak at the time. If he went in now, he would

definitely benefit countless times more from it. However, what he said before meant that he was giving the spot out. Ye Mo respected his magnanimous character.

“Okay, okay, I’ll thank you for the Zong Piao heaven immortal kings. I know your will isn’t at Zong Piao heaven and you will be leaving Zong Piao heaven after this tournament. Everyone has their own wills we won’t force you. I have a jade slip here, it’s a fragmented map of a place in Jin Shang heaven. It’s said there are many rare forgery materials inside. If you have the fortune you can go in and have a look.” Kai Feng immortal king gave another jade slip to Ye Mo.

Ye Mo sighed, this immortal king who had lived for countless years really knew how to talk. They were all very cunning. They knew he had his secrets and that’s why he hid his power. But they didn’t force him and instead said people all have their own will. They gave him materials and jade slip making him feel embarrassed instead.

Su Huan immortal king smiled “After this tournament, you’re welcome to come back to Zong Piao heaven when you have time. If you need us to help you with anything you can send a message too. And, if you see immortal kings in the future, you need to call them immortal king master. If you call qian bei, people would easily know you ascended from a lower realm. This isn’t good for you.”

Ye Mo quickly thanked, he really didn’t know this.

“Mhm, you can go, remember to not go out of the city. Yuan Le heaven seems unhappy with us getting first. You need to be careful.” Kai Feng said.

...

After Ye Mo came out, many of the Zong Piao heaven contestants greeted him. This was completely different to the scorn and cold eyes he received on the ship.

Ye Mo was planning to use these three days to go buy things but in order to prevent accidents, he didn’t go out. He believed the judgement of the three immortal kings.

There weren’t many chances to go into the dao seeking tower, if he missed this opportunity, he wouldn’t get one again.

He was certain he would break through to great unity immortal after coming out of the dao seeking tower. He wouldn't be able to participate in the tournament again then.

Three days passed and before the second round started, the dao seeking square was filled with immortals again. The first round was exciting but they couldn't see what was going on. In the second and third round, they could see the elites of the 11 heaven domains fight.

There were a few million people in the square, more were flooding in. Yet, the square didn't seem packed at all.

Ye Mo knew why there were so many people here. After the third round, the dao seeking tower would open. The instant it opens, all the immortals at the square would be able to feel the dao waves from inside.

Countless years, everytime the dao seeking tower opened, immortals in the square have felt the dao waves and increased his power. Some immortals even learned his own god art.

The immortal kings of each heaven domain brought in their contestants into the dao seeking square. Zong Piao heaven's three immortal kings walked at the very front. This time, Kai Feng immortal king kept greeting the immortal kings nearby.

Other people knew they were showing off but there was nothing they could do. Zong Piao heaven was first.

He Yi immortal king flew to the dao seeking altar. He didn't seem disappointed like before. He raised his hands and said loudly to the millions of immortals on the square "The second round to the dao seeking tournament begins now, please enter the field contestants."

Chapter 1685: Bleak second round

There were just 152 people in second round but only 150 people came. Two people went missing from Zong Piao heaven, as for why, He Yi immortal king couldn't be bothered asking.

Seeing the 150 people come, He Yi immortal king said “The second round is to leave a mark on the dao seeking tablet. This second round is prepared for the third round. The first 64 people will proceed to the third round, the rest of you will be disqualified.

The second round only awards five people, the first would get a status immortal spot, the second would get a great immortal spot, the third to fifth would each get a heaven immortal spot.”

Ye Mo was confused what that dao seeking mark was when He Yi immortal king and the four immortal kings next to him each shot out a light. Soon, five light veils formed a pentagon in the centre of the square. There was a rumbling sound inside as though something was about to explode.

5 minutes later, an empty void door appeared in the centre of the light. This door appeared suddenly. Other than this door, there was no stone tablet nor anything. The barrier slowly expanded from the side until it was only a few meters from the contestants before stopping.

Not only was Ye Mo confused but so was everyone else. How could they leave a mark if there was no tablet?

“This huge void door is the dao seeking door to the second round. Contestants only need to go through this door and walk to the end. Then they will see a stone tablet. Leave your name on there.” He Yi explained simply.

“It’s that simple?” some contestants asked.

He Yi immortal king smiled “Perhaps it’s simpler than you had thought. Good luck everyone, now all the contestants can go in.”

Ye Mo frowned, he felt this door wasn’t that easy. Did the second round get delayed by three days just so they could set up this simple challenge? Theoretically, they should be setting up a test that would benefit them more.

From how Yuan Le heaven had twice as many contestants as other heaven domains, Ye Mo could tell that this landlord was a bit shameless. He didn’t believe they wouldn’t play tricks at the second round.

Ye Mo thought so and many thought so as well. However, people started going in the door.

The earlier they went in, the earlier they would see the dao seeking tablet.

But when those people charged in, they just walked a few steps and was pushed back by a power. More than ten abstruse immortal were swept outside the light veil.

Before they could get back in, He Yi immortal king said “Those who went in and get sweep out are disqualified.”

With this, those abstruse immortals were dumbfounded. They didn’t even participate and was disqualified.

This was bleak indeed, Ye Mo sneered. This He Yi immortal king was very shameless, he doesn’t even explain the rules of the tournament. He didn’t even say that the ring had a pushing force. As expected, those abstruse immortals swept back weren’t from Yuan Le heaven. Every Yuan Le heaven contestant had a serious face and walked step by step. Clearly, they knew that they had to slowly walk and not charge into the door.

Ye Mo saw everyone walk step by step forward and so he stepped inside the light too.

As soon as he did, a powerful force came. Ye Mo finally understood what happened. If one wasn’t expecting this, they might really be swept out.

Ye Mo’s immortal essence and spirit sense was far beyond ordinary abstruse immortal. The resistance in the light was powerful but if he wanted to be the first to go in the door, it wasn’t hard. However, he didn’t do this. he just moved slowly in the crowd.

He already got a spot in the dao seeking tower. Although he agreed he would try his best but he didn’t want to be the leading goat in some unknown situation. Ye Mo suspected this dao seeking tower seemed like a magic artefact. If this was an immortal king’s magic artefact and he went in, wouldn’t all his secrets be exposed?

As Ye Mo walked, he was also frustrated.

Ye Mo still wanted to help Kai Feng immortal king. The immortal kings gave him good materials and didn't even mention about him hiding his power. Nor did they ask about his secrets. Kai Feng immortal king even gave him that jade slip. Jin Shang heaven was a grand heaven domain, who knows if there were good things there?

Of course, another reason was that Zhen Bingyu was still at Zong Piao heaven. If he gave a spot to Su Huan immortal king, she would definitely take care of Zhen Bingyu.

The person at the front now was Guan Feijian. His power was strong indeed. He even scanned back at Ye Mo and the contempt was obvious in his eyes. Clearly, he felt Ye Mo got first in the first round because he was lucky.

Clearly, blood robed immortal didn't say he lost to him.

Following closely behind Guan Feijian was a bearded abstruse immortal. He seemed to be from Yuan Le heaven judging by his clothes. Next after was a blue shirted abstruse immortal. This was Len Qingshan from Kong Sheng heaven domain.

If those three were the first bunch, then behind them was the second bunch. Behind Len Qingshan was a male and two female. The male was Huang Jia heaven Qin Wuren, his team got third in the first round. The two females were Xuan Len and Xun Ran goddess.

Then, it was Jiang You heaven Wu Wanlin, Mu Sha. Xiao Mang heaven domain, Liao Lingxuan, Wen Chong heaven Tie Zongfei and a few Ye Mo didn't know. However, Ye Mo was confused that blood robed immortal actually wasn't eliminated in the first round. He was also in the second round.

Purple rain goddess, Yu Lai and them were at the fourth bunch. As for Mang Yong, he was at the fifth bunch.

This Mang Yong was strange, he was still preserving strength at the second round. Ye Mo was certain he could reach the second bunch or even the first.

Seeing that Guan Feijian was near the dao seeking tower but Ye Mo was still dragging behind, Xu Ji was confused. He looked back at Ye Mo in confusion. He knew Ye Mo's abilities Ye Mo must be conserving strength again.

Seeing even Xu Ji look at him, Ye Mo knew that if he didn't hurry, even the three Immortal king would suspect him.

Thinking about this, Ye Mo sped up and instantly surpassed Mang Yang and them nearing Xu Ji and them. Even if this dao seeking door was an immortal king magic artefact, unless this immortal king dared to shatter his sea of consciousness, he wouldn't be able to see his golden page world.

Intentionally shattering the sea of consciousness of a contestant in the dao seeking tournament would start a war between heaven domains. Even Yuan Le heaven didn't dare to do this. They were strong but they wouldn't be able to challenge the other ten heaven domains at the same time.

"Brother Mo, you go first. We'll try to get to top 64." Xu Ji nodded. He thought Ye Mo was taking care of their face.

Ye Mo smiled while putting a dual spirit pill in his mouth. He sped up. 5 minutes later, when Guan Feijian was about to enter the dao, Ye Mo came to the second bunch.

"Brother Mo hello, I'm Ning Xunran, I've admired you for a few days. It's great to know you today." An aromatic breath came next to Ye Mo, a soft voice sounded by Ye Mo's ear.

Ye Mo looked back and saw a yellow flowery dressed female immortal move next to him and smile.

She seemed innocent and her extremely beautiful face gave people an immediate good impression. Even compared to Zhen Bingyu, she was only a little lesser.

Ye Mo didn't expect her to come talk to him.

“I was just lucky. Xunran goddess is fourth on the Yuan Le heaven heaven immortal rank, you can definitely take back your glory in this round.” Ye Mo said politely. He had a good impression of her because her surname was Ning, making him think of Ning Qingxue.

Seeing softness on Ye Mo’s face, Xunran smiled but didn’t take it seriously. Who wasn’t attracted by her looks? However there was a sneer on the side. Ye Mo didn’t need to turn back to know it was Xuan Len goddess. A goddess who was on par in beauty with her.

Ye Mo knew the two had conflicts and didn’t want to be caught in the middle. He smiled and sped up and in a few seconds, Ye Mo caught up to Len Qingshan.

Chapter 1686: Shameless He Yi immortal king

“This powerful?” Xuan Len goddess looked dazily as Ye Mo was near the door. She even forgot to go forward. She thought Ye Mo used a lot of effort to catch up but this guy was just strolling around.

Even Xunran goddess was dazed. She spoke to Ye Mo partly because she approved of him. regardless whether Ye Mo got first in the first round through luck or not, it was a demonstration of power. That’s why she came up to flirt with Ye Mo and try to make a good impression.

Ye Mo just showed softness of his face, clearly he was moved by her beauty, why did he suddenly leave her behind.

At this moment, Guan Feijian and that bearded abstruse immortal already went inside the door. Ye Mo went in with Len Qingshan at the same time.

“You’re very good.” Len Qingshan saw Ye Mo caught up to him and said. There was a sliver of surprise in his eyes.

Ye Mo smiled but said nothing.

The instant he entered the door, he couldn’t sense the other three anymore.

There was a bleak dark tunnel. Just as He Yi immortal king said, at the end of the tunnel, there would be dao seeking tablet.

If it was some desperate person, he would've charged up immediately but Ye Mo felt vigilant coming in here.

He carefully took two steps forward and suddenly a terrifying pressure came. Ye Mo felt he entered a dream. Qingxue, Susu charged at him. there was a huge ravaging river before them. It was as though they would fall in if they took another step.

"No..." Ye Mo called out but after that a thin stream of coolness circulated in his essence spirit.

Ye Mo suddenly woke up. There was definitely a big trap ahead of him. he didn't keep going forward and stopped instead. He was certain his guess was right, this door was a magic artefact.

That feeling was like heart demon, if he hadn't been cultivating in front of the bitter bamboo and had no heart demon, he really would've fell for it.

Ye Mo didn't act like he was awake but instead looked very worried and kept charging forward.

Ten seconds later, Ye Mo saw a bloody river again. Ye Mo checked with his spirit sense carefully and immediately knew this was no blood river. It was a circulating illusion formation. If he went in, he would be walking around in circles endlessly.

Ye Mo jumped in the blood river and started walking around while thinking when was a good time to go. Just when Ye Mo was worried, a powerful spirit sense pressure came over. That terrifying pressure almost crippled Ye Mo.

He Yi immortal king this old bastard was too shameless. Ye Mo cursed but still had to pretend he lost his mind.

“This is the dao seeking door, if you want to enter the dao seeking tower, you must pass the questioning of the door. If you answer wrong, you will be forever sunken in the blood river and never to reincarnate...”

A voice sounded in the tunnel. It was as though he was being questioned by great dao.

Ye Mo cursed in his heart while his face acted dazily.

“What is your name?” that voice sounded like it was from the bottom of the abyss.

“Mo Ying.”

“Where do you come from, what secrets do you have?”

“I come from Xu Xun planet, I have a spirit seeking magic artefact, it can find any immortal spirit item below level six.”

Ye Mo answered but looked down on He Yi. This old bastard was so shameless. He was certain that if this guy targeted someone else, he would’ve spilled all his secrets. But at least this way, he didn’t have to worry about exposing his golden page world.

“Why did you get 356 points in the first round?”

“I found a bunch of stones in the tower, I got 36 five colored stones.”

“Walk around the river 19000 times and you can get what you want...”

Then, the voice disappeared.

This old bastard not only asked for his secrets and also made him walk around the river 19000 times. By the time he was done, the second round would have nothing to do with him.

But Ye Mo had to listen to him and started spinning. After a few spins, he suddenly went violent and hacked around with Zi Xu.

Purple sword rays hacked on the tunnel wall, he hacked faster and faster until he couldn't even care about his immortal essence anymore.

He Yi immortal king sneered, he thought this guy was powerful but it turned out to be just luck. His stealth cultivation method should be quite good. His spirit seeking magic artefact was good but it could only find level six immortal spirit herb, it wasn't much use to him.

Then, He Yi couldn't be bothered with Ye Mo. He didn't believe Ye Mo could stay awake in here. Even a great eternity immortal wouldn't be able to stay unaffected by heart demon after being pressured with his spirit sense.

Ye Mo wasn't hacking Zi Xu around for no reason. When he noticed He Yi immortal king's spirit sense had left. His spirit sense hacked out. The spirit sense blades seeped out with Zi Xu sword rays.

A short time later, Ye Mo's spirit sense blades penetrated the illusion formation tunnel. Soon, Ye Mo saw the other contestants. Guan Feijian was already very far ahead. Looking at him, he was probably taught on what to do.

He also saw that Qin Wuren and Len Qingshan were running around in circles. Without a doubt, it was He Yi this bastard. This bastard was cheating so obviously.

He clearly wanted to take the top five of the second round but Ye Mo wasn't going to let them have it.

He gave Qin Wuren and Len Qingshan each a spirit sense blade. They woke up immediately. Their face changed drastically and clearly remembered what happened before. They immediately charged out of the illusion formation.

But how could Ye Mo let this Guan feijian go so easily. He released tens of spirit sense blades and set up a spirit sense blade formation before him. Ye Mo knew this couldn't slow Guan Feijian but it would slow him down and let Qin Wuren and Len Qingshan catch up.

Then, he took back his spirit sense and pretended to accidentally cut his arm, making him 'Wake up' for a brief moment. During this time, he charged out of the blood river illusion and sped ahead.

It was as though the three woke up at the same time.

Moments later, Ye Mo surpassed Guan Feijian. Even Len Qingshan and Qin Wuren were near Guan Feijian.

"Hmm..." He Yi saw this and was amazed.

Just when he wanted to do something again, he heard someone on his side say "He Yi immortal king, you've been constantly using your spirit sense in the second round, are you participating in the second round too?"

He Yi immortal king was shocked, he looked back and saw Huang Ming immortal king's fierce eyes. He was shocked and carefully said "Dao seeking tower is one of the dao seeking magic artefact of Yuan Le heaven. It does not belong to me, how can I participate?"

He didn't dare to have conflict with this immortal king. Huang Ming immortal king was a peak immortal king of Huang Jia heaven. He was one step away from immortal monarch. Regardless if Huang Ming immortal king would reach immortal monarch or not, an immortal king peak stage wasn't someone an immortal king tertiary stage like him could offend. If it's found that he was controlling the second round, even Yuan Le heaven wouldn't be able to protect him.

Huang Ming immortal king sneered "I was afraid the dao seeking tablet would be used by someone. If something like this really happened, Huang Jia heaven won't let this go."

He Yi immortal king sneered but didn't dare to scan his spirit sense in the dao seeking tablet again.

...

Ye Mo sped up, he thought He Yi's spirit sense would come back soon but after a long while it didn't come. He guessed that the dao seeking tablet wasn't He Yi immortal king's. his spirit sense wasn't able to come in here all the time.

With this, Ye Mo had no concern. He had a few more spirit sense blades out. Then he saw Qin Wuren and Len Qingshan in an illusion again.

Ye Mo was confused. Did He Yi immortal king scan his spirit sense in again? But soon, Ye Mo realized he worried too much. Guan Feijian was in trouble too.

In that case, Ye Mo didn't intervene again. Ye Mo realized that this place was a place that created heart demon. Ye Mo didn't even have heart demon at all.

#### Chapter 1687: Definitely cheating

In a short while, Ye Mo was about to reach the end. He stopped. He didn't want to get the first of the second round for now. If he got first of the second round, he would definitely be ambushed in the third round. That He Yi immortal king would definitely not allow Zong Piao heaven to get first for all three.

When it was the third round, he wouldn't care. After the third round, he would go in the dao seeking tower immediately. In there, no one would be able to affect him. He could go whenever he liked.

Ye Mo scanned his spirit sense out and soon found Xu Ji. He was around 30th.

Xu Ji was trapped by an illusion formation too. Without hesitation, Ye Mo hacked a spirit sense blade near Xu Ji's sea of consciousness and a few spirit sense blades on the illusion formation that trapped him. That formation paused for a brief moment.

Xu Ji suddenly felt his sea of consciousness shake and the illusion formation pause for a moment. A clear tunnel appeared before his eyes. Without hesitation, Xu Ji charged up. When he was about to enter into heart demon again Ye Mo sent a few more spirit sense blades over.

The tunnel wasn't long. With Ye Mo's repeated help, Xu Ji quickly surpassed Guan Feijian and became the first to charge out of the tunnel. Ye Mo didn't follow Xu Ji out nor did he scan his spirit sense out. In this magic artefact, there didn't seem to be any other spirit sense except for his. If his spirit sense went out, who knew if he would be caught.

After a while, after Guan Feijian, Len Qingshan and Qin Wuren went out, he was the fifth to leave. He got fifth because there would be another heaven immortal spot. he would be able to get Zong Piao heaven another one.

It was the attitude of the three immortal kings that Ye Mo decided to help. If the three immortal king's attitude was bad and even suspected him. Ye Mo would definitely not take out these 5 spots, he wouldn't even participate in the second round.

At the end of a tunnel, Ye Mo saw a stone tablet indeed. Ye Mo believed this was the dao seeking tablet. If you left a mark there it would be dao mark. This stone tablet was only 3 meters tall and 60 cms wide. Ye Mo went on and left the words Mo Ying without hesitation.

After Ye Mo walked passed it, he found himself not on the square but in a hall. There was no one inside.

Ye Mo knew that although he couldn't see anyone here, there was definitely people here. At least Xu Ji and them were here. He didn't keep using spirit sense blades to check. It was the end of the round now, he only needed to wait.

After waiting for nearly two hours, the place lit up. Ye Mo knew time was up and then he found that he was in the square, the dao seeking door was gone.

The other hundred or so contestants all came out, some still had fear on their faces. Clearly they didn't recover from their heart demons.

Xu Ji came over and greeted "brother Mo..."

He felt someone helped him in the tunnel but he wasn't certain. He immediately thought of Ye Mo and wanted to ask.

Ye Mo smiled and patted his shoulder "Don't talk, this is someone else's land."

Xu Ji immediately knew that Ye Mo indeed helped him. there was gratitude in his eyes. He didn't know how Ye Mo did it but he trusted Ye Mo.

"By the way, I suggest you give up the third round and rest up first." Ye Mo suddenly added.

Xu Ji was shook and looked at Ye Mo in confusion. He didn't know what his rank was but with Ye Mo's help he was certain he was in the third round. Why did Ye Mo tell him to give up? Isn't the second round for the third round? If he gave up the third round what was the point of the second round?

Xu Ji frowned, he believed Ye Mo wouldn't harm him. He felt Ye Mo was a worthy friend but Ye Mo's words were completely unreasonable.

Before Xu Ji could ask why, purple rain goddess and a few people came to greet Ye Mo. Ye Mo found that Mang Yong came to greet him too.

Ye Mo smiled and responded to them all. In his heart he looked down on this Mang Yong, this guy is too much of a turtle. He hides his stones in the first round but that was reasonable as who didn't like these stones.

But in the second round, he still hid his power. When Ye Mo scanned this guy, he found that if he tried, he could definitely get into top three but this kept stayed around 45th.

...

The second round had ended. Relatively, this round was much shorter than the first round. The results haven't been published but the square was in discussion.

He Yi didn't scan the situation after being warned. Now, he could finally release the unhappiness in his heart. He flew to the altar and said "The second round had finished, contestants please retreat."

Ye Mo followed everyone to the border of the light. The square suddenly rumbled again and a stone tablet rose. That void door was gone and this tablet took its place.

Then, the tablet grew and instantly reached a height of a few hundred meters and a width of ten meters.

Soon, four golden words appeared at the top of the tablet, dao seeking mark tablet.

He Yi then said "This tablet is made by a immortal forgery grand master of the middle heaven domain. it is a replica of the dao mark tablet. I hope you all will have an opportunity to touch the real dao mark tablet."

Everyone was confused too, where was the dao mark tablet and what level did you need to be to touch it.

He Yi immortal king scanned everyone and said "As for where it is and how to touch it, I can only tell you that once your power reaches a certain level you will know what it is. But I need to remind you, as least in the middle 11 heaven domains, there's no person who has the right to touch it..."

With this, the square sunk into discussion again. Even an immortal king tertiary stage couldn't touch it, could only immortal monarch or immortal emperor touch that dao mark tablet?

"Everyone calm down, the first 64 of the second round is about to be announced." He Yi said.

Only then did everyone put their attention back on the dao seeking mark tablet.

This time, the names showed from first. When the first name to show was Xu Ji Zong Piao heaven domain, the square exploded again.

Even the immortal kings were completely shocked and looked at Xu Ji. They didn't dare to believe at all. How was Zong Piao heaven first in the second round again? And this was a never heard of before Xu Ji.

Zong Piao heaven immortal kings glanced at each other in joy. They definitely didn't expect to be first again. They thought even if they were to be first it would be that Mo Ying, not Xu Ji.

Was the great luck of Zong Piao heaven coming?

"Who is Xu Ji?" some immortal kings asked. Dao seeking door tested heart demon, those who could get first definitely wouldn't be weak.

"I've heard of this person, he's ranked 9th on the Zong Piao heaven abstruse ranking."

"That's strange, how is Zong Piao heaven first for both rounds? And this Xu Ji is only 9th on the abstruse rank, would the ones ranked ahead be stronger?"

...

"Impossible." Guan Feijian clenched his fists tightly. He didn't expect he wasn't first again.

He was clearly the first to enter the door, how could he not be first? Cheating, this was definitely cheating. Otherwise, with Zong Piao heaven's trash power, how could they get first twice in a row?

Chapter 1688: Someone's Unhappy

"I'm first?" Xu Ji looked at the first name on the tablet dazedly. He was still in shock, how could he be first?

But it wrote clearly, first Xu Ji, Zong Piao Heaven.

"Congratulations martial brother Xu!" Purple Rain Goddess had a bitter smile. On the abstruse ranking she was so much higher than Xu Ji, but Xu Ji got first and she wasn't even confident that she got into the top 30.

Xu Ji suddenly murmured, "I understand, so that's it."

He subconsciously looked at Ye Mo but found that Ye Mo wasn't looking at him. He finally understood why Ye Mo told him not to go to the third round. His first was given to him by Ye Mo.

Just how insane was this Mo Ying? He actually knew he was first? This meant that if Mo Ying wanted first in the second round, he would have no trouble at all.

Xu Ji held down the excitement in his heart and the impulse to go talk to Ye Mo. He now knew that Ye Mo's future was far beyond his imagination. Being friends with someone like this was his fortune.

Xu Ji breathed and decided to listen to Ye Mo and give up on the third round. He trusted Ye Mo's judgement, there's definitely a reason for him to give up the third round.

"Second Guan Feijian, Yuan Le Heaven."

As expected, it was Guan Feijian.

The three immortal kings of Zong Piao Heaven couldn't stop smiling as they were being congratulated by the other Heaven domains. Yuan Le Heaven's He Yi immortal king had a sunken face. First was taken by Zong Piao Heaven again. This was with him intervening regarding that Ye Mo as well.

"Third Len Qingshan, Kong Sheng Heaven Domain."

"Fourth Qin Wuren, Huang Jia Heaven Domain."

"Fifth Mo Ying, Zong Piao Heaven Domain."

...

“Hahah, nice Zong Piao Heaven Domain, I respect it.” When Qin Wuren’s name was called out, Huang Ming immortal king laughed clearly happy that Huang Jia Heaven Domain got another name while respecting that Zong Piao Heaven got two more spots.

Seeing that Yuan Le Heaven only had one spot in the top five, He Yi’s face was scarily bleak. This not only affected Yuan Le Heaven but also himself.

He was now immortal king tertiary stage, if he could go in the Dao Seeking Tower once, then he might be able to learn the truth about immortal monarch. Yet in the first two rounds, the only immortal king spots were taken by Zong Piao Heaven.

“This is definitely cheating, otherwise how can Zong Piao Heaven get first twice? I, Guan Feijian, object!” Guan Feijian finally couldn’t resist yelling. He was second in both rounds, this made him furious. In the first round, he could blame it on his team for dragging him down, but the second round tested on ability and he was still second.

Not just that, there was only him from Yuan Le Heaven who got into top five. Not only so, first and fifth were both from Zong Piao Heaven.

Ye Mo sneered, cheating? The real cheater is that old bastard He Yi immortal king. Even if he didn’t help Xu Ji cheat, he would be first. This Guan Feijian has the face to talk about cheating. If he really cheated, he could completely make him fall out of top five.

Xu Ji sneered too, he knew that his first was due to cheating but he knew that even if Ye Mo didn’t help him, first wouldn’t belong to Guan Feijian.

“Cheating? Haha...” Huang Ming immortal king laughed again. His power was the strongest here, no one dared to say a thing if he was going to laugh.

“Yuan Le Heaven is the landlord and has twice the amount of contestants as other Heaven domains. Yuan Le Heaven also brought up the tournament method, this Dao Seeking Door belongs to Yuan Le Heaven. After the first round, Yuan Le Heaven just decided to delay the second round by three days, I really want to know who is cheating!” Huang Ming immortal king’s voice suddenly went cold.

The tens of immortal kings here knew that Huang Ming immortal king was already unhappy with Yuan Le Heaven pushing back the tournament time on their own.

“Guan Feijian, don’t say bullshit! The tournament is just and fair. If you say anymore, you will be disqualified from the third round.” Another Yuan Le Heaven immortal king who knew what was going on immediately reproached Guan Feijian

Even if there was cheating, it was Yuan Le Heaven cheating. The delay was to let that Mo Ying come out and teach him a lesson. It was best to beat him until he couldn’t participate in the later rounds or even go into the Dao Seeking Tower.

Usually, those who got first would be cocky and come out to show off.

But they didn’t expect Ye Mo to be this careful, he didn’t even leave his spirit rest tower. They couldn’t charge into his spirit rest tower and teach him a lesson.

Guan Feijian didn’t dare to call out cheating after being warned but he stared at Ye Mo and Xu Ji saying coldly, “The third round is head on battle, I hope Zong Piao Heaven still has the power to take first.”

“Yuan Le Heaven is so dominant, if other people get first it’s cheating but you guys got second and it’s reasonable? Haha. Plus your Yuan Le Heaven contestants already know the third round is head on battle, we didn’t know that at all. Their news is really good. Amazing...” one Kong Sheng Heaven domain abstruse immortal sneered.

“Who are you?” Guan Feijian’s killing intent rose like an invisible sword at this abstruse immortal.

“I’m Kong Sheng Heaven’s Zhuang Tao. I look down on people who can’t allow others to be better than him, what are you going to do?” Then, this abstruse immortal’s power rose too wanting to block Guan Feijian’s invisible sword rays but his power was clearly weaker than Guan Feijian. His face went pale immediately.

Len Qingshan stepped forward and raised his hand. That invisible sword ray disappeared and then he said coldly, “Brother Guan, the third round hasn’t even begun yet, you can’t even wait anymore?”

“Hmph.” Guan Feijian sneered. “You better not encounter me in the third round or you will regret it for your entire life.”

Zhuang Tao was weaker than Guan Feijian but his temper wasn't. He also sneered. “Hearing what you say, I almost thought you were first for both rounds, shameless thing!”

Guan Feijian's face was green but he didn't attack.

Xu Ji knew how to talk, he got up and saluted with his fists to Zhuang Tao. “Thank you for your words brother Zhuang, I don't need to guess to know that he won't be the first in the third round.”

“Haha brother Xu is right.” Zhuang Tao was clearly happy with Xu Ji's words. He helped Zong Piao Heaven and if they said nothing, he wouldn't be comfortable.

Guan Feijian's killing intent grew sharper and sharper, it was about to spill. He was going to kill in the third round.

After this, sixth and tenth were called.

“Sixth Zhang Kuang, Yuan Le Heaven.”

This Zhuang Kuang was probably that bearded abstruse immortal following Guan Feijian. He should've been third but he helped Qin Wuren and Len Qingshan, so this guy went from third to sixth.

Xu Ji whispered to Ye Mo, “Zhuang Kuang is the second on the Yuan Le Heaven's Heaven immortal leaderboard.”

Ye Mo nodded.

“Seventh Ning Xunran, Yuan Le Heaven.”

“Eighth Yan Xuanlen, Yuan Le Heaven.”

“Ninth Fu Lingtian, Yuan Le Heaven.”

Ye Mo was speechless, Yuan Le Heaven was indeed powerful.

“Tenth Feng Jingyue, Jing Duan Heaven.”

“11th Wu Wanlin, Jiang You Heaven.”

“12th Tie Zongfei, Wen Chong Heaven.”

“13th Liao Lingxuan, Xiao Mang Heaven.”

“14th Meng Qian, Yuan Le Heaven.”

Chapter 1689: Third round of tournament

The top 64 names were shown and Ye Mo saw that a little under half were from Yuan Le heaven..

Even so, He Yi immortal king’s face was bad. This was far from what he had expected.

He was unhappy but as the announcer he couldn’t show it, plus people were suspicious of him already.

“Second round Zong Piao heaven shines again, getting two of the top five. Mo Ying got fifth after getting first in the first round. He obtained a heaven immortal spot. he might be the first of this dao seeking tournament, or he is already the first...”

Many people didn’t understand this, clearly Xu Ji got the first of the second round, why did he praise Mo Ying?

Ye Mo was expressionless. Even though he didn't get first, clearly that old guy remembered him. He meant that he wasn't going to let him go in the third round. This was the second time this old guy was drawing hate to him.

Even some abstruse immortal could tell that He Yi wasn't just praising Mo Ying much less those immortal kings.

Len Qingshan was expressionless but Qin Wuren and Wu Wanlin looked coldly at Ye Mo, they seemed prideful. It was as though if they beat Ye Mo in the next round they would be the number one.

Looking at their faces He Yi immortal king sneered. He had more in stall too.

"In order to show the high standard of this tournament, after the three rounds, one person will be crowned first. Whoever can get first will get a pill concoction chance from a Yuan Le heaven level six immortal pill great master. He would also get a forgery opportunity from a level seven immortal forgery grand master..."

This was a huge benefit.

Some people who didn't know things thought He Yi set this just for Ye Mo as he performed very well in both rounds. If he didn't do too bad on the third round, he would be first. These people started to admire Ye Mo.

Those who knew what He Yi thought sighed at how sinister He Yi immortal king was. The third round could be said to be death battle, you could use any means to win.

If you wanted to be first, not only do you have to be first in the third round but you had to beat Ye Mo.

Before all this, the contestants would just beat Ye Mo at most. But now, they would use all means necessary to kill Ye Mo prove themselves.

The faces of the three Zong Piao heaven immortal king's were green. Su Huan immortal king was about to rage but Ping Zhou immortal king stopped her. He Yi immortal king didn't point names and he spoke in a fair manner.

Ye Mo sneered, he was a level six immortal pill great master and a level six immortal forgery great master. he wasn't interested in asking people for help with that. He knew this was He Yi immortal king targeting him but he didn't care. Even for Guan Feijian, he was confident in killing him.

He Yi immortal king continued like nothing had happened "There's 64 people in the final round. We will use elimination matches. The first to the 32rd will be guarding their stage, the 33rd to 64th will go up and challenge. The first 32 must and only need to accept one challenge, the winner stays and the loser is disqualified..."

"He Yi immortal king master, Zong Piao heaven Xu Ji will forfeit the third round..." Xu Ji said loudly.

Everyone looked at hollow immortal, not understanding why he would suddenly leave.

"Someone's scared." One Yuan Le heaven abstruse immortal sneered.

Xu Ji looked back at that abstruse immortal, if it wasn't that Mo Ying told him to leave, he would stay just for that.

But when Xu Ji saw that next to this abstruse immortal stood a pale faced abstruse immortal who looked down, he subconsciously looked at the rankings for the second round. He immediately understood what Ye Mo meant and his back even began sweating.

Ye Mo didn't care about Yuan Le heaven heaven immortal ranking but he did. That pale faced abstruse immortal is called Jian Sha, ranked 6thon the heaven immortal ranking. Xu Ji looked at his information and knew he wasn't originally called Jian Sha, he had a special feature, he would kill all his enemies.

Unlike blood robed immortal, he only kills those who fights him, regardless friend or enemy. Those who fought him were all killed. He wouldn't kill the friends and families of the dead, he seemed to kill just for battle.

Everytime before he killed, he would say kill. Usually when he said kill, no one can escape his next magic. Basically when he said that word, his opponent is already half dead. With time, people forgot what his name was, they just called him Jian Sha.

Such a person was ranked at 39th. Clearly Yuan Le heaven did this intentionally. If he didn't leave the tournament, Jian Sha would challenge him first. Xu Ji was prideful but he didn't think he could escape from Jian Sha. He was probably no match for blood robed immortal, Jian Sha was ranked higher than blood robed immortal.

Soon, Xu Ji saw blood robed immortal. He was ranked below 32 too. Clearly, this was ranked intentionally so. Yuan Le heaven was shameless indeed, they cheated so overtly but there was nothing other people could say.

He looked at the names below 32, they were all on the heaven immortal ranking. He immediately knew that Mo Ying saved him again. He just didn't understand how Mo Ying knew Yuan Le heaven would use such means.

"You're going to forfeit?" He Yi looked at Xu Ji in confusion, he cursed in his mind. If Xu Ji forfeits how can he be killed.

Even the three immortal kings of Zong Piao heaven looked at Xu Ji in confusion.

Xu Ji said "my sea of consciousness was damaged in the second round, I can't participate in the third round."

Ping Zhou immortal king said "Since you're injured, you don't need to compete in the third round, stay behind and rest, prepare to go into the dao seeking tower."

"Yes." Xu Ji quickly answered and passed a jade slip he carved on the spot to Ye Mo.

Ye Mo scanned, his guess was right. Yuan Le heaven indeed used this tactic, they set up a lot of powerful people in the latter half.

Luckily, the only people from Zong Piao heaven in top 32 was Xu Ji and him. now, people could only challenge him.

People were scared of Jian sha but he wasn't.

Seeing this, there was nothing He Yi immortal king could do. Luckily that Mo Ying was still there, he would kill this Mo Ying no matter what.

"Now that someone left, the tournament will progress in the same way, the 33rd will replace Xu Ji to guard the stage. One person in the guarding 32 will not be challenged and will progress into the next round. After the top 32 are decided, the tournament will progress into the same way until the top 8 are decided."

He Yi immortal king regretted not setting the rule that if you abandon the third round you lose your progress from the second round. But he didn't say this before and if he said it now, it would cause public outrage.

Ye Mo sneered, he was fifth, as long as he wasn't killed he would be challenged non stop by Yuan Le heaven people. This rule was set up to target him.

He Yi really did set this up against Ye Mo. He didn't believe with all these Yuan Le heaven masters, an abstruse immortal middle stage couldn't be killed.

He Yi immortal king casually scanned Ye Mo and continued "Every tournament, the top 8 of the third round will be rewarded, this time will be so as well."

Chapter 1690: Xun Ran Goddess's Aroma

"The top eight of the third round can each get a heaven immortal spot in the Dao Seeking Tower. The second will get a great immortal spot on top of that. The first will get a status immortal spot on top of that. As for the final status immortal spot, it will be decided by the first of the overall tournament."

With this, the tens of immortal kings on the stage looked serious. There were only two more immortal king spots and one great immortal spot.

From what He Yi said, it was almost certain that the two spots were decided by the first of the third round. Whoever got first in the third round might also become the first of the overall tournament.

In fact, He Yi immortal king was a little worried too. Before, there was usually four immortal king spots and they always belonged to Yuan Le Heaven. Even if they weren't all theirs, there would be at least three. But now, two of the four spots had nothing to do with them, how could he not be worried?

He was confident in letting Guan Feijian get first. He knew Guan Feijian's power, he could easily kill great unity immortal. In abstruse immortals, no one could threaten Guan Feijian. That Mo Ying was good but he could only accept death against Guan Feijian. Plus, he felt that Mo Ying wouldn't even be able to survive the first elimination.

Ye Mo sneered, luckily he let Xu Ji be first of the second round. Otherwise, He Yi immortal king definitely wouldn't create some first of the tournament thing.

Guan Feijian was second for both rounds, if he was first for the third round he would be the first of the tournament without a doubt.

Ye Mo scanned He Yi immortal king and he happened to scan over too. The two's gaze met and each sneered.

For Ye Mo, this He Yi didn't want him to be first but he was going to be first no matter what. One was to send the three Zong Piao Heaven immortal kings into the Dao Seeking Tower, second was to not let He Yi go in. He could tell He Yi was desperate to go in.

"For the final eight, it will be the first fighting 8th, second fighting the 7th, and so forth. The winners will ascend to semi-finals. Semi final matchups will be decided to drawing an opponent."

...

After He Yi finished these, the other four immortal kings also went on the main altar. When the 63 contestants left the square, the five immortal kings shot out five rays again.

The Dao Seeking Tablet immediately disappeared and in a rumbling sound a huge stage appeared in the centre.

Everywhere around it was invisible restrictions. Ye Mo was experienced and could tell that these restrictions were easy to get in but hard to go out. This meant that if someone wanted to kill his opponent, this would provide the perfect setting. Even if the opponent forfeits, the winner can pretend he couldn't stop himself and kill his opponent.

After all, you were still on the stage. But if you were smashed off the stage and your opponent chased down, then it would be unreasonable of the opponent.

Guan Feijian looked provokingly at Ye Mo but Ye Mo pretended he didn't exist.

"Martial brother Mo, you're really good, you reached the top five in the second round too." Xun Ran goddess came over in an aromatic wind and looked at Ye Mo with admiration. She was very close to Ye Mo, even her clothes touched Ye Mo's clothes. Her aroma was different to the aroma Zhen

Bingyu had, but it was very enticing.

"Thank you," Ye Mo answered while thinking of Qingxue and Susu. He had been to the immortal realm for a while, in another while, the Mo Yue City might be ascending to the immortal realm. He felt his cultivation speed was too slow. Only when he reached immortal king could he go back to Gong Hua heaven and annihilate Lu Zhengqun. He was only abstruse immortal tertiary stage now.

He didn't really like this Xun Ran goddess. It was this indescribable feeling. Even talking to her didn't feel as comfortable as with Zhen Bingyu, despite Zhen Bingyu being cold.

"Martial brother Mo, you got a few heaven immortal spots in the first two rounds but I didn't get a single one..." Xun Ran goddess neared Ye Mo saying with a tone of pity.

Ye Mo was dazed, he didn't expect she was so straightforward. Clearly she was asking for a spot. How was she so shameless?

Who did she think she was, he didn't even know her and she just wanted a spot like this! Was she an idiot or did she think he was an idiot?

"Martial brother Mo, be careful of Jian Sha later," Xun Ran suddenly said and then added, "I'm at Heaven Aroma Sect, you can come find me..."

Purple rain goddess had been watching Ye Mo, Ye Mo was the only top 32 of Zong Piao Heaven. She even suspected that Xu Ji got first due to Ye Mo.

Seeing Xun Ran goddess go up to Ye Mo and talk, she frowned and even sneered. She was extremely uncomfortable with that woman. Now that martial brother Mo was famous, she went up to him. At the first round, she didn't even look at Ye Mo.

As though hearing the sneer, Xun Ran goddess suddenly looked lovingly at Ye Mo before retreating.

Ye Mo frowned. Theoretically, she didn't seem like a superficial person. She just came up to speak shyly like this and she thought he would fall in love with her?

Heaven Aroma Sect?

Ye Mo thought and used Spirit Will Nine Transformations, searching every inch on his body.

...

"Those who want to challenge me come up!" Guan Feijian flew onto the stage, his tone was cold but full of fierce killing intent and pride.

The contestants seemed to be feared by this killing intent and no one dared to go up.

Guan Feijian sneered. "Zhuang Tao, aren't you very strong? If you have balls come up. Don't talk big and act like a coward."

Zhuang Tao sneered. "Is Yuan Le Heaven's heaven immortal ranking very good? I'm never afraid of a challenge."

"Martial brother Zhuang, don't be tricked..." Len Qingshan immediately stopped him.

Zhuang Tao patted Len Qingshan's hand. "I might not be his opponent but I need to tell him I'm not afraid of any challenge, not even him. He doesn't have the right to talk me down."

Then Zhuang Tao broke free of Len Qingshan and flew onto the stage. Len Qingshan sighed and shook his head. He knew that if this happened to him he wouldn't be able to resist.

Ye Mo was looking at the stage, but he was focused on searching his body. He felt that Xun Ran goddess was a bit strange and so was that aroma.

After a few seconds, Ye Mo's face changed. He found what was wrong. There was a sliver of chi slowly seeping into his hair. After a while, that chi would completely fuse with his hair. As time went on that chi would become his own chi completely.

This meant that if he didn't find it, then a decade later, it would be extremely hard for him to find it.

Ye Mo sweated cold. Just what sect was this Heaven Aroma Sect? They were so good at leaving marks. This was him with Spirit Will Nine Transformations, if he didn't have Spirit Will Nine Transformations, he would've fallen for it for sure.

After the third round he would be going into the Dao Seeking Tower, no one would know when he would come out. In that case why did she still mark him?
