Chapter 1691: Cruel Guan Feijian

Ye Mo instantly locked that chi on his hair. He already realized why Xun Ran goddess did this.

He was first in the first round and fifth in the second round. This meant he wasn't just relying on luck, Xun Ran goddess must be thinking why an abstruse immortal middle stage would have such results.

She marked him not to trace him now but after he came out of the Dao Seeking Tower in a few years. She would bring the people from her sect. She just wanted to see how he got the results and if he had some sect's backing.

Ye Mo didn't look at her, since she could think of doing this other people would as well but they weren't able to do it. Even the three immortal kings of Zong Piao Heaven knew he had secrets but they were clean and didn't interrogate him nor mark him.

At this moment, Ye Mo didn't have the mood to care about Xun Ran goddess now. He was thinking about what to do. he felt that Mang Yong was low key but he did the right thing. But there was nothing he could do about the 1st round, he didn't know how many points were needed to be top ten.

After he came out from the Dao Seeking Tower, he would be dodging. However, did that Mang Yong not want to go into the Dao Seeking Tower? If he wanted to go in, how could he get a spot if he acted to low key? Did he have another way?

Rumble

A huge explosion sounded and Ye Mo came back to his senses, he found in a short time that the first match had ended. Guan Feijian's huge drum smashed on Zhuang Tao, Zhuang Tao's body protecting immortal essence split and his body was shattered by this huge drum.

Zhuang Tao's essence spirit flew out and before it could charge out of the stage, a sword ray appeared out of nowhere behind Guan Feijian's back slicing that essence spirit.

“Martial brother...” In a howl of agony, a blue dressed round faced female immortal suddenly released her magic artifact and charged at the stage.

But before she got to the stage, a power took her away. a great eternity immortal’s cold voice sounded, “The first match has ended, Guan Feijian’s victory, those who disrupt the tournament will be killed.”

Len Qingshan quickly pulled that round faced female immortal and said, “Calm down, martial brother Zhuang Tao was killed in a match, there’s no use of you going there.”

This Guan Feijian not only killed Zhuang Tao but also annihilated his essence spirit. Ye Mo had listed Guan Feijian as someone he must kill now as well as Xun Ran goddess. If that woman didn’t mark him and divide his attention, he could’ve saved Zhuang Tao.

Guan Feijian landed off the stage looking coldly at Ye Mo. His intention was clear, if he met Ye Mo on stage Ye Mo was dead for sure.

Len Qingshan gave the round faced female immortal to another female immortal to comfort before flying on the stage. He waved his hand and a dark red spear was released. A fear bleak killing intent spread out, even the restrictions on the stage couldn’t stop that killing intent.

Guan Feijian saw this and his eyes narrowed, this Len Qingshan caught his interests but pity he would have to be matched with him to fight him.

“Kong Sheng Heaven’s Len Qingshan.” Len Qingshan said and waited for people to challenge him.

“Zong Piao Heaven’s Yu Lai.” A grey figure landed on the stage and a sword magic artifact was released.

“Idiot!” Ye Mo couldn’t resist cursing. This Yu Lai was indeed an idiot.

Not only was he not a match for Len Qingshan, Ye Mo despised what he did. Zhuang Tao was from Kong Sheng Heaven and he was killed due to Zong Piao Heaven. Yet this idiot represented Zong Piao Heaven to challenge Len Qingshan.

Zhuang Tao just died and Zong Piao Heaven did such heart freezing things.

“Bastard!” Xu Ji clenched his fists wanting to go on stage and kill this Yu Lai. This guy was too shameless.

“Zong Piao Heaven friends are indeed nice.” Len Qingshan sneered and said nothing. His dark spear formed a row of spear veil.

Yu Lai’s sword suddenly split turning into countless sword shadows.

The people below the stage could only see sword shadows everywhere, the long spear was nowhere to be seen. There was only the sound of swords. It seemed that Yu Lai had the definite upper hand and had completely suppressed Len Qingshan.

Ye Mo’s spirit sense was powerful and he could see that Yu Lai was no match for Len Qingshan at all. Yu Lai was ranked third on the abstruse rank but compared to Len Qingshan, they weren’t on the same level.

If Len Qingshan didn’t let him activate that sword shadow, he wouldn’t even be able to.

Indeed, as soon as those sword shadows were activated, there was a crack. Star light spilt and the sword was smashed away into the restriction. The restriction shook. Yu Lai’s chest was swept by the spear and it immediately sunk. There was a few cracking sounds.

Yu Lai’s chest bones were broken and smashed off into the restriction. He spat blood before landing on the stage.

Then, Len Qingshan’s spear spun around his head like a coiling dragon.

“I admit defeat...” Yu Lai quickly said as though fearing that Len Qingshan was going to kill him.

Len Qingshan scanned him coldly. “If I wanted to kill you, you would’ve been dead already.”

Then he got off the stage.

“Second battle Kong Sheng Heaven’s Len Qingshan’s victory,” the great eternity immortal said.

Yu Lai picked up his sword full of guilt and ate a few pills before getting off the stage.

“He’s an idiot indeed, if it was that easy to become famous, he wouldn’t be ranked in the 50’s.” Purple rain goddess walked up to Ye Mo and sneered.

Yu Lai challenged Len Qingshan because he was ranked 3rd in the abstruse ranking in Zong Piao Heaven but here he fell to 52nd. He wanted to right his name.

Even an idiot could tell that Kong Sheng heaven was helping Zong Piao Heaven yet this Yu Lai challenged Len Qingshan just to show himself. Purple rain goddess looked down on such person.

She turned to Ye Mo and said, “Martial brother Mo, you’re in the top 32, you need to be careful of that Yuan Le Heaven’s Jian Sha. He’s ranked sixth on the heaven immortal rankings and very cruel.”

Ye Mo nodded.

“And, martial brother Mo be careful of that Xun Ran goddess, I feel she isn’t a good person. I can’t tell why but it’s a feeling. She doesn’t really like you.” Purple rain goddess felt it was inappropriate to say such words but she said it.

Ye Mo smiled. “I feel she’s a good person. she’s probably not what you think. You don’t need to worry, it’s my time to go up, we’ll talk later.”

He was marked by Xun Ran, he believed that woman can hear him.

Then, he flew up. Qin Wuren was beaten by a Duan Jing Heaven abstruse immortal in a few moments.

Before Ye Mo even spoke on the stage, there were more than ten contestants wanting to charge up. To them, Ye Mo's power was the weakest and easiest to fight.

But there was a figure faster than them all, a grey robed abstruse immortal landed on the stage just a few seconds after Ye Mo.

Chapter 1692: Sudden Turn of Events

"You're unlucky to meet me, Jian Sha." The abstruse immortal came up and released a pair of blue axes.

He didn't give Ye Mo a chance to speak and used a lethal blow immediately.

Two axe lights tore through space, forming two black lines that formed a cross. It instantly came up before Ye Mo.

Anyone who looked at the cross had the feeling that the two axes figures were hacked at them. Some weaker hollow immortal even sweat and some even spat blood.

Xu Ji's heart sank, he didn't know how Ye Mo would dodge it but he definitely wouldn't be able to. The axe was not only fast but also had space binding.

He was grateful to Ye Mo, if he was standing on the stage facing Jian Sha now, he would be dead.

Ye Mo seemed to be rushed and could only release a shield barely stopping the two axes.

Crack

The two axes hit the shield and the shield instantly cracked. Ye Mo flew back tens of meters before barely stopping, there was a sliver of pale on his face.

Purple rain goddess and Xu Ji's heart sunk, they seemed to have overestimated Ye Mo. That move was powerful, it would be difficult for them to stop it but Ye Mo almost didn't stop it.

Ye Mo understood Jian Sha's ability, he was much stronger than Blood Robed Immortal. But even so, he didn't need long to kill Jian Sha. He was dead set on killing Guan Feijian, so killing Jian Sha too quickly now would make it not easy to kill Guan Feijian.

Guan Feijian seemed arrogant and impetuous but Ye Mo could tell that this person wasn't really what he acted like. If he knew he was no match for Ye Mo, he might admit defeat or fall off the stage.

If Guan Feijian flew off, he can't kill him. after the match, he wouldn't have an opportunity. Even if he did, he wouldn't stay at Yuan Le Heaven for a Guan Feijian.

Ye Mo's bad performance sparked heavy debates. Some contestants were full of regret not rushing there first.

Jian Sha said nothing as his killing intent rushed out like crazy. He smashed his two axes over at Ye Mo before he could release a magic artifact.

The two axes formed into a blue wheel and the stage was covered in axe shadows.

Ye Mo lost a few more shields and barely escaped an axe shadow. Only then did he release his magic artifact with a pale face.

"Top grade immortal artifact..."

With this, everyone's eyes lit up. Even though the contestants here were the elites of every heaven domain, not many had top grade immortal artifact.

This abstruse immortal middle stage Ye Mo had a top grade immortal artifact because of this, more people admired Jian Sha.

Clank clank clank

Ye Mo's longsword stopped Jian Sha's axe shadow, but he couldn't counterattack at all. Jian Sha just wanted to kill Ye Mo. Every step Ye Mo retreated, he took a step forward. Ye Mo's magic artifact was top grade immortal artifact but to Jian Sha, Ye Mo's immortal essence was too weak. He couldn't even release his sword due to his pressure. His dual axes had surrounded and trapped Ye Mo. It was only a matter of time before Ye Mo was killed.

Most of the Zong Piao Heaven people were worried, Purple Rain goddess was extremely anxious. She wanted to help Ye Mo surrender and get off the stage. She didn't understand how Ye Mo who was so powerful at the first two stages became her level at the third round.

Jian Sha was annoyed too, he was planning to end the battle quick but he found that although Ye Mo was being suppressed it just wasn't enough to kill him.

"Hurry up and surrender, otherwise, you lose your life..." Someone below the stage said seemingly helping Ye Mo.

But Xu Ji and them knew this was bad. If Ye Mo could think of surrendering without being reminded he would be fine. But if someone reminded him, then it would also be reminding Jian Sha to quickly kill Ye Mo.

The three immortal kings of Zong Piao Heaven also sighed, they didn't expect Ye Mo was this weak in battle.

Only Blood Robed Immortal smirked, he knew Ye Mo's power, it was definitely stronger than Jian Sha. Up until now, he still didn't even take out that rock. He didn't know why Ye Mo acted like a coward but he wasn't going to remind Jian Sha. This Jian Sha ignored him just because he was stronger.

Jian Sha was having the fun of the battle but when he suddenly heard this, his heart was shaken. If his opponent surrendered he wouldn't be able to kill him. he was told by He Yi immortal king that he must kill this Mo Ying.

"Kill!"

Jian Sha suddenly yelled, with this, the weaker abstruse immortals on the square felt their sea of consciousness pause as though a huge mace hit their head.

They were this far from the stage and there was restriction in between, yet they still felt this power.

Ye Mo knew of this kill word, he had extended out his spirit sense domain already.

With this word, Ye Mo felt his spirit sense domain shake. Waves of immortal essence formed sound ripples struck him. If he didn't have the spirit sense domain, this sound ripple domain would affect his soul and slow his response.

Powerful, Ye Mo felt countless axe shadows flew out from Jian Sha. They enveloped Ye Mo into a death swirl.

Ye Mo was shook, even without being affected by the sound domain, an ordinary person wouldn't be able to escape this whirlpool.

However, his opponent was Ye Mo. Ye Mo activated his spirit sense domain the instant Jian Sha said 'Kill'. He hacked at Jian Sha's spirit sense with tens of spirit sense blades. He wasn't afraid of Jian Sha knowing his secret as Jian Sha wouldn't be spilling his secret after this battle.

The spirit sense domain stopped the kill sound while the spirit sense blades slowed down the axe shadows. Meanwhile, Ye Mo hacked out with his sword, Illusion Cloud domain kill strike.

Clank... Ye Mo's sword stopped all the axe shadows.

Ye Mo knew that even without stopping them, these weakened axe shadows wouldn't be able to injure his immortal nirvana body but he didn't want to expose that yet.

Jian Sha knew that Ye Mo was certainly dead after the kill word but instantly he felt something was wrong. His axe shadows weren't as fast as he had thought.

Then he saw a sword shadow tear through his barrage of axe veil and arrive before him.

“No...” Jian Sha made a terrifying scream, he felt his sea of consciousness in pain. His spirit sense seemed to have been severed off.

He could kill others coldly but he didn’t want to die himself. He was about to reach great immortal, how could he die? He clearly had the upper hand, Ye Mo didn’t even have the ability to counterattack.

This wasn’t real, this wasn’t real.

Splurge

The top grade immortal artifact hacked down from his forehead. His essence spirit didn’t even seep out and he was killed by Ye Mo. Those two axes and storage ring was instantly taken by Ye Mo.

Even some immortal kings didn’t understand how Ye Mo who was certainly going to die suddenly kill Jian Sha.

In the match, great immortals and immortal kings couldn’t scan their spirit sense into the stage or it would be considered interfering with the match. Ordinary heaven immortal spirit sense can’t see Ye Mo’s spirit sense domain and blades.

The immortals below the stage were bewildered as they looked at Ye Mo who came down the stage. Why was Jian Sha the one dead? Yuan Le Heaven’s heaven immortal number six was killed this easily?

Chapter 1693: Low Key Mang Yong

Xu Ji and purple rain goddess instantly realized that Ye Mo won. They clenched their fists in joy. Their hearts finally rested. Jian Sha wasn’t someone the Blood Robed Immortal could compare with.

Blood Robed Immortal smirked, he knew Ye Mo was going to win for sure and he knew Ye Mo didn't show his full power at all.

"Fourth battle, Zong Piao Heaven's Mo Ying's victory."

He Yi suddenly shot out two rays from his eyes looking at Ye Mo. Even Ye Mo felt someone scan him with spirit sense, spirit sense filled with bleak killing intent. He didn't look back. He knew that it was He Yi immortal king, but no matter how cocky this old bastard was, he wouldn't dare to kill him now. The most dangerous moment wasn't now but when he came out of the Dao Seeking Tower.

Guan Feijian frowned and looked at Ye Mo seriously. It was clearly Jian Sha who was going to kill Ye Mo, how did it become Jian Sha being killed? When Jian Sha called out 'kill', even he would have had to use his drum to counter it. Why was this Ye Mo unaffected? He was a little wary of Ye Mo now.

The Zong Piao Heaven immortal kings finally breathed easy. They heard purple rain goddess say that Ye Mo could scare away the Blood Robed Immortal. Theoretically, even if he couldn't beat Jian Sha, he wouldn't be beaten like that. Now, Ye Mo indeed killed Jian Sha. To them, Ye Mo was acting weak intentionally to give Jian Sha a surprise attack.

Most of the people thought so as well.

The tournament continued, as Ye Mo expected, the winners were pretty much the guardians of the stage. Only a rare few challengers beat the guardians and they were all from Yuan Le Heaven.

There were nine people killed on the stage. Tie Zongfei killed one, Jiang You heaven Mu Sha killed one, Yuan Le Heaven killed four. Ye Mo didn't know the other two.

After the 31 battles, Zong Piao Heaven also had a Mang Yong who reached the top 32. Ye Mo watched that battle, Mang Yong challenged a Jiang You heaven abstruse immortal, after a fierce battle Mang Yong won.

But Ye Mo could tell that Mang Yong put on an act. With Mang Yong's power, he could easily instant kill his opponent but he put on an intense battle act and finally won after taking some injuries.

Ye Mo couldn't even be bothered looking down on this guy anymore.

The battle for the top 16 begun. The first battle was still Guan Feijian, no one challenged him this time. Ye Mo was in the top 16 so he couldn't challenge him.

Guan Feijian saw no one challenge him and suddenly pointed at Mang Yong "Zong Piao Heaven's Mang Yong come up, I want to see how powerful Zong Piao Heaven is."

When no one challenged a guardian, the guardian could select a challenger to go up.

Everyone knew Guan Feijian was going to start taking out Zong Piao Heaven's people. If Mang Yong went up, he would be killed for certain.

Ye Mo's eyes lit up, he wanted to see Mang Yong's power. Just when he was going to ask Mang Yong to help kill Guan Feijian, Mang Yong saluted with his fists with a sunken face. "I admit defeat, I'm no match for brother Guan."

Ye Mo was dazed, this kid admitted defeat? Did he not want to go in the Dao Seeking Tower? He felt Mang Yong might not lose to Guan Feijian; if he used spirit sense blades to help him at a crucial moment, Mang Yong would be able to win.

Although Ye Mo felt angry and confused at why Mang Yong surrendered, other people felt it was normal.

Restraint was fine, but to take it to this degree, Ye Mo didn't feel Mang Yong would have much accomplishment in the future. He didn't even want the Dao Seeking Tower spot. At least he couldn't do it.

Competing for resources was a necessary process, no resources came freely. Yet Mang Yong gave up on this, how could he become a pinnacle power like this?

Ye Mo didn't watch Mang Yong anymore, this person wasn't worth his attention.

Unexpectedly, Mang Yong walked up to Ye Mo and greeted him. This time, Ye Mo completely lost the interest to talk to him.

The second and third round, Len Qingshan and Qin Wuren won easily. As soon as Ye Mo landed on the stage, someone came up. Although he killed Jian Sha, he didn't strike fear like Guan Feijian.

"Duan Jing Heaven's Shangguan Yufeng comes to challenge." A sporty looking female immortal came up. Ye Mo didn't even need to use any effort.

Five minutes later, his sword struck her back and she smashed into the restrictions before falling down a bloodied person.

Ye Mo didn't kill her. Although she wanted to win, she didn't have killing intent. In that case, he didn't need to kill her. The strike on her back was intentional, otherwise it would be enough to hack her chest open.

The latter matches were quite calm, only Wen Chong Heaven's Tie Zongfei killed his opponent, and Yuan Le Heaven killed three. Xue Chengxuan killed his opponents in both battles. Another was Yuan Le Heaven Zhang Kuang.

Ye Mo knew Zhang Kuang was second on the heaven immortal ranking but unlike Guan Feijian he acted very calm and steady.

He saw the two battles Zhang Kuang fought, the two abstruse immortals wanted to kill him immediately. Even Ye Mo would kill them if he encountered such opponents.

After 16 battles, more than half of the top 16 remained. Two challengers were successful, both of them from Yuan Le Heaven. Blood Robed Immortal was amongst them.

The Yuan Le Heaven great eternity immortal landed on the stage expressionlessly and announced, "The top 16 have been decided, now the top eight will be defending and the latter eight can challenge."

The first to defend was Guan Feijian, he landed on the stage as soon as the great eternity immortal left.

A huge drum hung above his head, that look in his eyes was like he would kill whoever dared to challenge him.

However this time, he was challenged. All those who could reach the top 16 were the elites of the heaven domains, how could they be scared?

“Jiang You Heaven’s Mu Sha challenges!” A figure landed on the stage.

Ye Mo nodded, he knew this Mu Sha, he got eighth in the first round and 16th in the second round. He already had a heaven immortal spot but he still dared to challenge Guan Feijian, clearly he didn’t come for the Dao Seeking Tower spot.

“You have balls!” Mu Sha was good but Guan Feijian didn’t take his opponent seriously. Then his drum released a loud sound piercing people’s eardrums.

The audience instantly realized that this sound was like Jian Sha’s kill sound. However this drum sound continued incessantly. How could one fight against this?

Ye Mo shook his head, even he felt Mu Sha was good but not a match for Guan Feijian.

Chapter 1694: Immortal king Conflict

Mu Sha’s magic artifact was a golden scaled fire rune mirror, it was probably made from some god beast scale. Ye Mo had seen it in action before, it could release countless fire runes that could bind opponents.

It was sort of like the Jiu Yao star wheel that Ye Mo robbed, it shot out white rays while this mirror shot out fire runes and was much stronger.

This time, it didn’t shoot out fire runes to attack Guan Feijian, instead it formed a fire circle around Mu Sha.

Ye Mo had spirit sense blades and his spirit sense clearly saw that Guan Feijian's terrifying sound waves were stopped by the fire ring.

Ye Mo finally realized where Mu Sha got his confidence from. he already knew Guan Feijian had sound domain attacks and his fire mirror could counter this.

Even so, Ye Mo didn't look favourably of Mu Sha. Guan Feijian used his sword when he killed Zhuang Tao. That strike was very brief but Ye Mo could tell that Guan Feijian's sword art was very powerful too.

Mu Sha released five swords. Ye Mo's spirit sense was watching their actions and when Mu Sha released the five swords, Ye Mo knew he had lost.

Mu Sha overestimated himself and underestimated Guan Feijian. His five swords were probably a low level god art but he couldn't use it with full power. His spirit sense and immortal essence were limited and he had to use them against Guan Feijian's drum. His sword shadows couldn't be fully used.

Mu Sha's face changed when he noticed this as well. He realized he underestimated Guan Feijian's drum and his immortal essence and spirit sense. the sound domain of that drum was shocking. If he relaxed a little that sound could penetrate his mirror and injure his sea of consciousness. That way, he would certainly die.

He really wanted to admit defeat but that sound made immortal formation unable to open his mouth.

A white light flashed by, just when Mu Sha released his swords, another sword ray shot out from Guan Feijian. It was much faster than Mu Sha's five blades.

Crack

Mu Sha's fire mirror was swept away and cracked like an egg.

The drum sound broke into the mirror, Mu Sha's face dazed. His five blades also paused. The next moment, the white sword light penetrated his waist without resistance. The sword light turned around and Mu Sha's essence spirit was also killed. Then, Mu Sha's body split into a bloody mist.

The square fell into silence. The two seemed to be evenly matched, Mu Sha even had a slight upper hand, but he was instantly killed by Guan Feijian.

“First match is Yuan Le Heaven’s Guan Feijian’s victory.”

The great eternity immortal spoke and Ye Mo’s heart shook. He realized that He Yi immortal king’s tournament rules weren’t targeted at him, it was also set up for Yuan Le Heaven.

Yuan Le Heaven had a higher skill level. Unless necessary, two people from Yuan Le Heaven wouldn’t be on the same stage. Although in the end, there would still be two Yuan Le Heaven contestants on the same stage, that would be because Yuan Le Heaven had more than 5 reaching top 8.

Ye Mo scanned the top 16, Yuan Le Heaven had half indeed. This was after he killed Jian Sha as well.

Ye Mo subconsciously glanced at He Yi immortal king. That He Yi immortal king seemed to know Ye Mo was looking at him and glanced over fiercely with intense killing intent.

Ye Mo suddenly thought of a move from earth. He smiled and raised his middle finger at He Yi immortal king, his eyes were full of contempt.

Since they were already enemies, he didn’t need to worry about offending him.

He Yi didn’t know what this action was but he could see from Ye Mo’s contempt that this was probably not good. A mere abstruse immortal dared to challenge an immortal king. It was a pity this was the Dao Seeking Square and he didn’t dare to do anything to Ye Mo.

Len Qingshan, Qing Wuren, Zhang Kuang all won. This time, Qin Wuren didn’t kill his opponent but it’s not that he didn’t want to kill, just when he wanted to kill, his opponent jumped off the stage.

It was Xiao Mang Heaven’s Liao Lingxuan fighting him. He couldn’t beat Qin Wuren but Qin Wuren could only make him heavily injured.

It was Yuan Le Heaven's Fu Lingtian fighting Len Qingshan. Ye Mo could tell that this time Len Qingshan really wanted to kill Fu Lingtian, but he could only barely defeat Fu Lingtian, he couldn't even heavily injure him.

The fourth battle was Ye Mo again. This time he fought Jing Duan Heaven's Feng Fengyue. This was the second time he fought someone from Duan Jing Heaven. Feng Fengyu got tenth in the second round and always had a smile.

Eventually, they fought nearly two hours before Ye Mo 'barely' won.

Seeing Ye Mo win again, Zong Piao Heaven's immortal kings were very excited. This meant that Ye Mo was in top eight and they had a Dao Seeking Tower heaven immortal spot.

Other than Mu Sha, no one was killed. Wen Chong Heaven's Tie Zongfei was beaten into heavy injury by Meng Qian. Tie Zongfei had always wanted to kill Meng Qian but he wasn't strong enough and was almost killed instead. If he didn't have a very powerful one time use defense rune, he would've been dead.

...

The great eternity immortal landed on the stage again "The top eight have been decided, they are: Yuan Le Heaven's Guan Feijian, Kong Sheng Heaven's Len Qingshan, Huang Jia Heaven's Qin Wuren, Zong Piao Heaven's Mo Ying, Yuan Le Heaven's Zhang Kuang, Yuan Le Heaven's Ning Xunran, Yuan Le Heaven's Yan Xuanlen, Yuan Le Heaven's Meng Qian."

Ye Mo sneered, Yuan Le Heaven had five of the top eight. Clearly He Yi immortal king was behind this.

"The battle to reach top four will be decided based on drawing your opponent. May the 8 abstruse immortal contestants come up to draw your opponent." The great eternity immortal said and waved eight balls of light. They floated before the eight people and seemed to be very organized. There was one before each person.

Ye Mo sneered and before anyone went up he waved his hand and the eight balls were spun around together.

“What do you want to do?” the great eternity immortal suddenly sneered and shot out a ray at Ye Mo, wanting to kill him.

“Hmph!” Ping Zhou immortal king waved his hand smashing the ray back. That ray flew back and struck the great eternity immortal. He was great eternity immortal peak stage, but compared to a status immortal he was nothing.

The great eternity immortal flew back and spat a mouthful of blood in the air without any resistance.

“Ping Zhou immortal king, you want to ruin the dao seeking tournament. How dare you injure the announcer of the tournament?” He Yi immortal king roared and his power rose.

Kai Feng immortal king waved his hand and a powerful force rose too. The two forces clashed together and split the main altar in half. The space rustled before the two even fought.

Kai Feng immortal king sneered. “Ruin the tournament? The announcer dares to kill my Zong Piao Heaven member! I want to ask He Yi immortal king who is ruining the tournament?”

He Yi immortal king said coldly, “Mo Ying dares to touch the drawing orbs, such a person who disrespects the tournament laws needs to be killed.”

Kai Feng said calmly, “Since it’s a draw, then is it the announcer who draws or the contestants?”

“Of course he’s a contestant?” He Yi immortal king knew what Kai Feng was going to say but he had to answer.

“Those eight orbs were sent to the contestants, is that called drawing? It should be called sending them an opponent. Drawing should be choosing one from a mix. My Zong Piao Heaven’s Mo Ying helped mix up the orbs, the announcer not only doesn’t appreciate this but instead tries to kill him – is Yuan Le Heaven going to cheat publicly?” Kai Feng immortal king asked furiously.

Chapter 1695: The terror of immortal king

“Since there’s an announcer, it should be up to the announcer to decide how to draw. If everyone can intervene with the tournament then it would be chaos.” He Yi immortal king could only argue this. If this was out in the wilderness, he would’ve tried to kill Kai Feng immortal king already.

“Hahahaha, I’ve seen unreasonable people but never seen someone as unreasonable as you.” Huang Ming immortal king laughed and cut He Yi off.

Seeing all the immortal kings look over, Huang Ming said coldly, “He Yi, stop acting. We’re not blind, we don’t want to talk about how you made the rules to benefit you. But the insect great eternity immortal announcer of the third round dares to openly cheat, he was caught by Zong Piao Heaven’s Mo Ying and he dares to kill. I want to see which person did that kid receive orders from?”

Huang Ming knew it was He Yi behind this but he didn’t say it. It wasn’t a good idea to bring things to the surface. Although Yuan Le Heaven’s rules benefited Yuan Le Heaven contestants, it wasn’t very obvious, they couldn’t even find any excuse. But now, it was decided that the top four would be decided from draws yet they sent the draws to the contestants. This was blatant cheating.

If Ye Mo didn’t intervene, without a doubt it would be Ye Mo fighting Guan Feijian and Len Qingshan fighting Qin Wuren.

“Hmph, I want to see who is telling the announcer to cheat blatantly.” An immortal king from Kong Sheng heaven sneered too, he got up and his power rose drastically.

“He Yi immortal king, the announcer didn’t think his actions through carefully. Although he did it out of goodwill to send the draws to the contestants, it’s a bit inappropriate.” Another immortal king of Yuan Le Heaven knew that what the great eternity immortal did had caused public outrage. If He Yi still didn’t admit his wrongs it would be a disaster.

If this many immortal kings fought, this immortal city would be destroyed and Yuan Le Heaven would fall back countless years.

Facing this, He Yi immortal king could only comply. Huang Ming immortal king already gave him face, if he still didn't comply he would be asking for it.

"Take him down, change announcers," He Yi immortal king said coldly.

Another great eternity immortal quickly came up, he didn't dare to take back the light orbs and just said, "Please select an orb each of you."

Guan Feijian was the first to select an orb, he glared at Ye Mo coldly. "Escaping once doesn't mean you get away."

Ye Mo took an orb too, he couldn't even be bothered looking at Guan Feijian. Guan Feijian thought of him as a dead person but he thought of Guan Feijian as a dead person too.

Ye Mo knew that if he didn't mess the orbs, he would be fighting Guan Feijian first. He didn't mind, he wanted to kill him quickly but that way, he wouldn't be able to slap He Yi immortal king's face.

If he, Len Qingshan, and Qin Wuren all picked Yuan Le Heaven opponent, then they would be able to kill Yuan Le Heaven's guys. Len Qingshan would definitely kill Yuan Le Heaven's people, Qin Wuren was ruthless and would do so as well.

Due to He Yi immortal king's rules, five of the final eight were from Yuan Le Heaven, if three died due to this, he would probably spit blood out of anger. As for fighting Guan Feijian, he wasn't in a rush. He believed with Guan Feijian's power, they would meet eventually.

Ye Mo crushed the orb and a row of words hung above his head, third against sixth. Then Zhuang Kuang's head also showed a row of words, sixth against third.

Everyone crushed their orbs too, Guan Feijian against Ning Xunran, Len Qingshan against Meng Qian, Qin Wuren against Yan Xuanlen.

Although this wasn't the ideal result, Ye Mo was rather happy with this.

First battle, Guan Feijian went on stage, Ning Xunran knew she was no match and just forfeited.

The second match, Len Qingshan against Meng Qian.

Len Qingshan used the dark red spear but Ye Mo knew he never showed his full power.

Meng Qian used an ice silver ring, it was more like a mirror as the middle was covered with ice.

Meng Qian knew Len Qingshan was going to kill him, but in fact he was also told to kill Len Qingshan. Len Qingshan wanted to kill Fu Lingtian immediately but Fu Lingtian was strong and Len Qingshan couldn't.

Meng Qian used his full power as soon as he came up. After he released the ice silver ring, the stage was half covered in flames and half in ice. Len Qingshan's spear was like a blood dragon rolling around in this.

People could only see the ice and fire of the silver ring, eventually, the ice was devoured by the dragon. Only fire and the blood dragon remained. Eventually, the blood dragon covered the fire too.

Everyone knew that Meng Sha was at the lower hand, sooner or later he would be defeated.

He Yi immortal king's face was bleak from watching this, he scanned that great eternity immortal and that great eternity immortal understood. He knew this was for him to remind Meng Qian to surrender.

But Meng Qian didn't need to be reminded, he was planning to surrender already. Just when he opened his mouth, the dark red spear suddenly withdrew and the blood dragon disappeared. Meng Sha rejoiced, he knew his chance was here.

Splurge...

A blood light passed Meng Qian's body, Meng Qian's mouth was open but he finally knew what Len Qingshan did. Len Qingshan knew he was going to admit defeat so he condensed the killing intent of that blood dragon into a line and tore his body.

But this wasn't it, the spear suddenly twisted in Meng Qian's body, Meng Qian immediately split apart into a bloody mist. In this mist, Meng Qian's essence spirit was hacked by the dark spear and turned into nothing.

Second battle, Len Qingshan win.

He Yi immortal king's eyes were ice cold. Meng Qian not only lost but was also killed. He scanned coldly at Ye Mo again. If Ye Mo didn't disrupt the order, Meng Qian wouldn't be killed.

The third battle, Qin Wuren against Xuanlen goddess.

Xuanlen goddess was ranked just below Zhang Kuang but she was much weaker than Zhang Kuang. However she was extremely beautiful though. Although 9 out of 10 female immortal were extremely beautiful in the immortal realm, her beauty stood out far beyond.

Qin Wuren had no notions of beauty, he considered Xuanlen goddess a prey.

Qin Wuren used full power as soon as they fought. The stage was covered in the light from his magic artifact. Xuan Len was a woman but she was no weaker than Qin Wuren.

The restrictions were rattling from the battle, no one could tell who had the upper hand.

Ye Mo didn't watch this battle, he didn't care about who won. He was thinking about where he should go after the Dao Seeking Tower.

Two hours later, the explosions sounded even quicker on the stage.

"How dare you?"

A crisp voice sounded from very far, when Ye Mo came to his senses. A figure flew near the stage, before it got to the stage, there was a howl. That figure paused. Ye Mo saw clearly, it was an extremely beautiful woman, she was immortal king power too.

“You dare to kill Xuanlen, I’m going to kill you...” This immortal king said and shot out an ice arrow.

It was just a simple ice arrow, but Ye Mo felt his mind was stolen away. He didn’t even dare to scan the ice arrow with his spirit sense. He had a feeling that if his spirit sense touched that ice arrow, his sea of consciousness would immediately lose control and get melted.

This was the power of an immortal king? Ye Mo was shocked and looked down. He clenched his fists, this female immortal just casually shot out an ice arrow and it shook him this greatly. How powerful would it be if an immortal king attacked with full power?

At this moment, Ye Mo finally understood that even if he could fight far beyond his level, he might not be able to kill the most ordinary immortal king at great eternity immortal peak stage.

Chapter 1696: You’re not in the top four

“Crack...”

Ye Mo immediately felt that terrifying killing intent weaken, the frost nearby also disappeared.

“Does Yuan Le heaven have this custom? Before, that great eternity immortal announcer wanted to kill a contestant and now an immortal king wants to kill contestant, is this the things that Yuan Le heaven is going to do at the dao seeking tournament?”

Huang Ming immortal king stood in front of the stage, that ice arrow melted in his hands. Ye Mo breathed easy while clenching his fists tightly. Without power, he was lesser than an ant. If he was an immortal king now, would he need to be so scared and let people act so cocky?

Huang Ming dared to stop immortal king because he had the power, he was immortal king peak.

Qin Wuren calmed down and bowed to Huang Ming immortal king before walking off the stage.

There was still a body on the stage, the beautiful Xuan Len goddess. However, Ye Mo could tell that Qin Wuren was heavily injured, even an hollow immortal could easily kill him now. He definitely doesn't have the power to continue to the next fight.

Huang Ming immortal king's words immediately resonated with many other immortal king. It was so indeed. Qin Wuren did indeed kill Xuan Len goddess cruelly but this was a tournament and the tournament allowed it.

Yet, Yuan Le heaven immortal king wants to intervene and even kill Qin Wuren, clearly they were undermining the rules.

He Yi immortal king coughed and went up "Li Yu immortal king's disciple was killed, she got agitated, please understand Huang Ming immortal king."

Huang Ming sneered, he felt extremely uncomfortable but he knew he can't start a fight. He knew Yuan Le heaven was being unreasonable but he had to take it.

Li Yu immortal king knew her disciple was killed but if she fought now she had no reason too. She didn't look at Huang Ming. She wasn't going to let this go, sooner or later she would look for trouble with Huang Ming. His disciple killed her disciple.

Li Yu scanned at the floating eight names and looked at He Yi saying coldly "According to the ranking on the second round, my disciple should be fighting Len Qingshan, why is she fighting Qin Wuren. Tell me what is going on?"

She was asking but her killing intent spilt everywhere, even He Yi immortal king's clothes were rattling due to this. If Xuan Len fought Len Qingshan, Li Yu immortal king believed her disciple wouldn't be killed. Len Qingshan was nicer and the two knew each other.

He Yi immortal king dazed and said "After you left we change the tournament rules for the final eight, the other heaven domains agreed too..."

Ye Mo sneered on the side, he was on alert when he heard that from eight to four people the opponents were decided based on drawing. That great eternity immortal cheated during the draw indeed. But he interrupted the draw and things didn't go according to He Yi's plan.

Li Yu immortal king sneered "He Yi you old bastard, I will remember you."

Then, Li Yu charged onto the stage and carried her disciple and disappeared.

He Yi immortal king's face was green. He couldn't explain the reasons to her, he could only hate Ye Mo more. If Ye Mo didn't interrupt it, how could this happen? He not only offended Li Yu immortal king and how to apologise to Huang Ming immortal king. He was hated internally and externally.

...

Then, Ye Mo flew onto the stage, his opponent was Zhang Kuang.

Ye Mo had a good impression of Zhang Kuang but he was from Yuan Le heaven so Ye Mo had decided to kill Zhang Kuang accidentally. It was best if that would make He Yi go crazy.

However when he released his top grade immortal artefact and Zhang Kuang came onto the stage, he looked at Ye Mo calmly and asked "You hid your power to kill Guan Feijian right?"

Ye Mo raised a brow, theoretically no one other than blood robed immortal should know he hid his power. Blood robed immortal was prideful and he wouldn't be spreading this.

"If you use full power, you can kill Jian sha in a very short time right?" Zhang Kuang saw Ye Mo didn't answer and asked again.

Zhang Kuang looked coarse but he wasn't as simple minded as he looked. Since he already knew, Ye Mo asked "You saw this yourself?"

“No, Xue Chengxuan told me. so that means this is all true?” Zhang Kuang couldn’t resist asking in shock. He could tell Ye Mo was preserving his strength but he didn’t expect Ye Mo was this powerful.

When blood robed immortal told him this, he didn’t dare to believe it but thinking of Ye Mo’s previous opponents he felt things weren’t right.

“Do I have a chance to win?” Zhang Kuang asked calmly. He could tell Ye Mo and He Yi immortal king were like fire and water. If Ye Mo had the power to kill Guan Feijian he would have the power to kill him. Due to Ye Mo’s hatred towards He Yi immortal king, he might kill him.

He just wanted a spot into the dao seeking tower, now that he got it he didn’t need to fight Ye Mo with his life. As for serving He Yi immortal king, he had never thought of it. Even if he was to fight Ye Mo, it would be after his dao arts were in great completion.

“You have none.” Ye Mo said calmly.

“I admit defeat, I hope I can fight with you in the future.” Zhang Kuang said and then got off the stage. He said the last sentence loudly.

Seeing this, even the immortal kings were dazed. Zhang Kuang was just below Guan Feijian in Yuan Le heaven yet he surrendered without even fighting? What was this? Everyone was expecting a fascinating battle.

With this, many people started to take Ye Mo seriously. Some immortal kings knew that although Zhang Kuang didn’t reach top ten in the first round it was because he kept most of the seven refine stones for himself. Otherwise, he would definitely be top ten.

Zhang Kuang was extremely calm and yet he admitted defeat. Wouldn’t that mean Mo Ying was very powerful?

Even Guan Feijian frowned. He was certain that Ye Mo was no match for him but he knew Zhang Kuang. Zhang Kuang wasn’t as high profile as him but definitely not a low key person. It never happened that he admitted defeat.

After a long while, the great eternity immortal remembered the quarter-finals were over. He flew onto the stage and said "Fourth match Zong Piao heaven Mo Ying victory."

He paused and continued "Now we will draw for one last time...."

Huang Ming immortal king interrupted him "Qin Wuren is unable to fight, he will forfeit."

Then, Len Qingshan got up and said "Len Qingshan forfeit."

Len Qingshan wasn't dumb, even Zhang Kuang admitted defeat to Mo Ying, he was certain he was no match for Ye Mo. As for Guan Feijian, he was even stronger. He really wanted to kill him but he knew how strong he was. He was the weakest of the final three so he might as well just quit.

Ye Mo knew what Len Qingshan meant and nodded to him. He didn't want to fight him, he wanted to kill Guan Feijian.

The great eternity immortal soon understood and said loudly "This will be the final battle of the third round. Yuan Le heaven Guan Feijian against Zong Piao heaven Mo Ying. The victor will not only be the first for the final round but for the entire tournament as well."

Guan Feijian and Ye Mo almost landed on the stage at the same time.

"You're very cunning. Now in the final round, there's only me from Yuan Le heaven in the top four. You succeeded but encountering me, you will never have a chance to enter the dao seeking tower." Guan Feijian said as a long sword without a handle landed in his hand. At the same time, his drum smashed at Ye Mo.

"You're wrong, there won't be you in the top four..." Ye Mo released Zi Xu too.

Chapter 1697: Hao Heaven Finger

After Guan Feijian smashed out the huge drum, he realized that Ye Mo didn't use that top grade immortal artefact long sword and instead switched to a low grade immortal artefact. Guan Feijian didn't go easy on his attack but he frowned. He didn't believe Ye Mo was insulting him, he could feel that Ye Mo hid his real power in his previous fights.

If Ye Mo wasn't insulting him, it meant that this low grade immortal artefact is his real attack magic artefact. He used a low grade immortal artefact instead of top grade immortal artefact, this low grade immortal artefact shouldn't be simple.

Hum...

The drum turned a hundred times larger almost covering the entire stage. The humming sound tore people's eardrums and overturned people's sea of consciousness.

The sound waves were stopped by Ye Mo's spirit sense domain while Zi Xu hacked out.

Zi Xu shot out countless purple sword rays while the sword itself grew rapidly and turned into a huge purple sword the size of the drum.

Ye Mo wanted to hack this drum away first. The sound domain attacks couldn't injure him but he would need to constantly use spirit sense domain to stop it. It would be a waste. He just needed to hack the drum away and he would be able to kill Guan Feijian with full power. With this drum here, his spirit sense blades wouldn't work too.

Thud.

Zi Xu hacked onto the huge drum surface and so did the countless purple sword rays but other creating a white mark and some heavy sounds, the drum wasn't damaged at all.

Ye Mo's heart sunk, he knew his Zi Xu was too low level. But even so, it shouldn't be unable to hack a drum open. This drum wasn't simple.

Guan Feijian was also shocked, Ye Mo didn't release any magic artefact and could stop his drum. After stopping his drum, he could still attack his drum with full power, what power was this?

Mu Sha was strong, his fire rune mirror could stop the drum but he couldn't attack with full power. This person was acting weak indeed, it wasn't luck that he killed Jian Sha. But wanting to act weak to him, Ye Mo is asking to die.

Guan Feijian shot out tens of chants and the nearby space rustled. Immortal essence rolled and that huge drum sound suddenly changed. The humm disappeared and instead a dong sounded.

This sound was deep and never ending. The endless echo rustled people's immortal essence and made sea of consciousness hurt.

That humming sound was ear piercing and sea of consciousness confusing but this dong sound struck people's dan tian. Even through the restriction, some weak powered people spat a mouthful of blood and retreated. Some people even wanted to release their magic artefact to stop this. it made people feel they were on an endless ancient battle field. The swooping blood and killing intent smashed over with this drum sound.

Guan Feijian never used his full power before, was this his real power? Even through the restriction setup up by an immortal king, it was this unbearable. Just what was Mo Ying dealing with?

The first to feel the change was Ye Mo. This heavy sound pierced his spirit sense domain and struck his dan tian. It made his immortal essence rustle a bit. He had spirit sense cultivation method and so his sea of consciousness wasn't injured but he couldn't tolerate such attack.

Dong.

Ye Mo just remembered his octagonal cauldron was shattered when this second dong sounded. Ye Mo flew back, his face went pale. If he didn't have spirit sense cultivation method, he would've lost himself in the ancient battle field and could only go mad.

Guan Feijian was this powerful, no, that drum was this powerful.

Dong. The third sound came, Ye Mo's throat felt blood. He almost spat blood. He resisted the urge to do so and released the world rock. If he kept letting Guan Feijian strike the drum he wouldn't have a chance to survive.

He was planning to use the world rock at a crucial moment but he had no choice now.

Guan Feijian's face was pale, he didn't expect Ye Mo to be able to stop three strikes and still counter attack.

He bit the tip of his tongue and his handless sword spun faster and faster before disappearing from his hands. It turned into countless hidden sword rays that shot at Ye Mo.

However, Ye Mo's spirit sense domain was fully stretched and he noticed them immediately. He used Illusion Cloud exert will strike while smashing out world rock.

The countless purple sword rays seemed to have grown eyes and stopped all the sword rays.

Rumble.

The world rock and huge drum smashed together. Only half of the fourth sound had been released. Ye Mo was still affected and spat a mouthful of blood.

The instant the two artefacts clashed, Guan Feijian couldn't resist spitting a mouthful of blood. He could only sound the drum five times at most. He couldn't strike the drum incessantly like Ye Mo imagined. If he could, he wouldn't consider Ye Mo a threat at all.

Crack. There was a crack on the surface of the drum, the world rock was also sent smashing into the restriction. The powerful force cracked open the restriction.

Before the world rock landed, Ye Mo took it into his storage ring. There were so many immortal kings watching. Their spirit sense was allowed into the stage but what if one of them didn't follow the rules. Then the source material of his world rock would be exposed.

Ye Mo knew that after spirit controlling the world rock, the immortal kings shouldn't be able to tell but what if they did? Mang Yong didn't even dare to fight to preserve his secret.

...

Ye Mo and Guan Feijian fought for less than five minutes but it was already an intense life and death battle. This was a pinnacle battle, neither of them used their full power before.

"You dare to damage my Hao Heaven drum..." Guan Feijian saw the crack on the drum and his eyes were about to bulge out. This drum was crucial to him.

"Die..."

Guan Feijian roared as he flew up and didn't release any magic artefact nor did he take back his sword and Hao Heaven drum. He pointed his finger at Ye Mo.

This instant, Ye Mo felt that all the killing chi in the space was sucked into this finger. This endless killing chi finger tore through space at him.

Ye Mo thought of countless ways but he didn't find a single one to stop this finger. If he didn't put away the world rock, he would be able to stop it.

"Hao Heaven finger..."

Some people watching recognized.

Even those immortal kings watched Guan Feijian in shock. With the copy of the Hao Heaven drum and the Hao Heaven finger, it meant that Guan Feijian might've gotten Hao Heaven grand emperor's heritage.

Some people were beginning to wonder if that Hao Heaven drum was the real one. Perhaps Guan Feijian didn't fully control it and thus couldn't release its full power.

Since he couldn't find a magic artefact to stop this, he would stop it himself. Ye Mo gathered all of his immortal essence and punched. Ye Mo knew that he underestimated Guan Feijian. Although his spirit sense and Immortal essence couldn't compare with Yan Jiutian but his drum and finger wasn't something ordinary people could stop.

Thud.

Before the finger and fist connected, the terrifying speed and immortal essence squeezed the nearby space.

A black shadow appeared between the finger and fist, it seemed to be a crack. It wasn't a tear in space. No matter how strong two abstruse immortals were, they wouldn't be able to tear the middle heaven domain space. It's just that they touched on the brink of space due to their speed and power reaching a certain level.

Even so, some Immortal kings were amazed. Such prodigy abstruse immortal were extremely rare even in the grand heaven domains yet there were two in the middle heaven domain. Guan Feijian had a great heritage and was a top grade prodigy himself. But who was that Mo Ying to be able to match Ye Mo.

Rumble.

Blood splashed. Ye Mo flew back but Guan Feijian retreated a few steps too. There was shock on his face.

Even a great extreme immortal who dared to clash with his fist to his finger would result in his fist turning into nothing. Yet, an abstruse immortal middle stage only retreated with injuries?

Chapter 1698: How can I fear battle

Immortal nirvana body?

Guan Feijian immediately realized that Ye Mo was immortal nirvana body. Only that would be able to protect Ye Mo's fist. As soon as he thought of this, he felt endless sword rays hack over. However, he found in shock that Ye Mo's sword artefact was still fighting his sword.

Wait, these sword rays were just his feeling. He couldn't see it at all. These sword rays were hacking his spirit sense and sea of consciousness. This was spirit sense attacks, Ye Mo had spirit sense cultivation method.

Guan Feijian's face changed, Ye Mo's power was far beyond his expectation. He was immediately about to release his Hao Heaven drum, that would be able to stop Ye Mo's spirit sense attacks.

Ye Mo's spirit sense blades were endless like water flowing out of a river as it rushed towards Guan Feijian's sea of consciousness. At the same time, Ye Mo released world rock again. Ye Mo knew clearly that he had to kill Guan Feijian now or he might not be able to kill him after today.

Guan Feijian's finger god art was too powerful. He was immortal nirvana body and punched with full power. In the end, he was still injured in the clash. He was in the complete lower hand in that clash.

Guan Feijian's sea of consciousness rustled. He couldn't instantly break free from Ye Mo's spirit sense domain. when the terrifying world rock landed, Guan Feijian immediately knew that Ye Mo wanted to kill him.

"One finger extermination..."

Guan Feijian roared as blood mist around him rose. His looks instantly aged. In that instant, he forcefully shattered the spirit sense blades away and pointed another finger. He knew that this finger would make him unable to recover for a few hundred years but he knew that if he didn't use this he would certainly die.

He wasn't afraid of Ye Mo's world rock. His drum cracked a little but it could still stop that huge weighting stone. If Ye Mo was struck by his finger, his drum would have the upper hand. That finger would just be enough to kill him.

He Yi who was about to come in to intervene stopped himself. He could tell this finger was many times stronger than the one before. All the space near Ye Mo was locked, he definitely wouldn't be able to escape.

Huang Ming immortal king saw what He Yi immortal king did but just sneered. Yuan Le heaven always had the tradition of stopping the match. He wouldn't stop He Yi immortal king saving Guan Feijian but his contempt didn't go any less. He would speak after He Yi killed Ye Mo. After this powerful finger came out, Ye Mo knew he couldn't stop this with his fist again.

Seeing Guan Feijian instantly age, Ye Mo knew that Guan Feijian not only burned his essence blood but also his life to use this finger.

Not just the stage but the entire square formed a terrifying whirlpool.

Mo Ying was over.

The Zong Piao heaven immortal kings sighed, He Yi dared to go up and save someone but they didn't dare to. If they did, Zong Piao heaven would be over.

Even some great eternity immortal looked at this finger in horror, they were wondering if they would be able to survive against this finger.

Zhang Kuang's heart went cold. He had always thought that Guan Feijian was only a little stronger than him but now it seemed the difference was huge. Guan Feijian definitely wasn't as cocky as he acted or he wouldn't be hiding so many moves.

Xu Ji and them didn't dare to look. They looked down. Xun Ran goddess shook her head feeling it was a pity that Ye Mo was going to be killed after she just marked him.

Guan Feijian's old face snarled, Ye Mo sighed and punched.

Seeing this, not only Guan Feijian but everyone else shook their heads. Even if this fist was as powerful as the one before, he would still be struck by the finger.

But soon Guan Feijian was confused, he found that Ye Mo's punch wasn't towards the finger but towards his drum. Did Ye Mo want to destroy his drum knowing that he would die anyways?

The hao heaven drum can't even be destroyed by immortal artefact, how can it be destroyed by this mere punch?

Thud.

The terrifying finger struck Ye Mo's body and Ye Mo's body exploded.

But then Guan Feijian's old face froze, he felt like he struck a shadow, how was this possible.

Rumble.

Ye Mo's punch struck his drum, the drum didn't crack but was sent flying.

The world rock fell down.

"Impossible.."

"Splurge..."

This time, there was really blood flying. Guan Feijian just called four words and the world rock smashed him to a bloody mist.

That instant, all the invisible sword rays disappeared. A handleless long sword fell down. But Zi Xu didn't stop, it turned around and struck towards an essence spirit that just flew out.

Ye Mo didn't plan to leave Guan Feijian's essence spirit, this guy was almost on par with Yan Jiutian. He had to kill him.

"You actually know... space law..." Guan Feijian's essence spirit said with extreme shock before being hacked and dissipating.

Ye Mo spat another mouthful of blood before putting away the world rock and Zi Xu, then he put away Guan Feijian's storage ring and that hao heaven drum and then the long sword.

One instant could be very long or very short.

To the audience, this instant was too short. To Ye Mo and Guan Feijian, this instant was too long. From Ye Mo stopping Guan Feijian's first finger till killing Guan Feijian, it was less than one instant.

Space law was something Ye Mo used as a last resort. But that final finger was too powerful, it completely suppressed all the space nearby.

Luckily he knew a little bit of space law, that was enough to save his life.

When Ye Mo took away all the magic artefact, the immortals below realized that it was actually that abstruse immortal middle stage who won. What was going on? Even some immortal king wasn't certain how Ye Mo escaped and killed Guan Feijian.

"It's actually space law..." some immortal king saw and discussed in shock. An abstruse immortal knowing a sliver of law, this was too absurd. It's not that abstruse immortal can't know laws but since antiquity how many abstruse immortal could know a law? All the abstruse immortals who knew a sliver of law were the prodigies of that ten million years.

"You dare to kill Guan Feijian..." He Yi immortal king was furious to the extreme and took a step out.

"What, is Mo Ying to let Guan Feijian kill him and not counter attack?" Kai Feng immortal king instantly got on the stage.

“Hahaha...” Huang Ming immortal king laughed “He Yi you old bastard, is the dao seeking tournament controlled all by you? Mo Ying was about to be killed before but I didn’t see Zong Piao heaven immortal king going up. Now that Guan Feijian is killed, you’re the first to go up. I’m here today, if you dare to touch Mo Ying at all, I will refine your blood and soul.”

Huang Ming was long sick of He Yi and now that he got the chance how could he let this go. This way he would step on He Yi while connecting with Zong Piao heaven. The main thing was he would leave a good impression to that Mo Ying. He was this young and could understand a sliver of space law. To him, Mo Ying’s future would be terrifying.

He Yi immediately woke up after being reproached by Huang Ming. He knew he was too impulsive. Guan Feijian was dead, killing Ye Mo now would only start a war.

“Hmph, you have no right to tell me what to do. Did I say I was going to kill Mo Ying? I was just asking back Guan Feijian’s belongings for his sect. What right does Mo Ying have to take Guan Feijian’s belongings?”

Kai Feng immortal king sneered “there’s been so many battles, and I’ve never seen the victor give out the battle loot. How come when it’s my Zong Piao heaven member, we have to hand over the loot? Zong Piao heaven is weak but we’re not going to be insulted by anyone. The demonic immortal spirit beast have ravaged our heaven domain for countless years, we Zong Piao heaven immortals have never retreated, how can we fear battle!”

Kai Feng immortal king’s words were full of power, sliver of killing chi spilled. Ping Zhou immortal king and Su Huan immortal king went up at the same time standing in front of Ye Mo.

Chapter 1699: Distribution of dao card

Then, the immortal kings flew onto the stage together. This was no small matter, if the Zong Piao heaven immortal king started conflict with Yuan Le heaven immortal king, it might start heaven domain war. There were heaven domain wars but each time it happened, it was catastrophic. No one was willing to let it happen. Plus, in the middle heaven domain, there are demonic immortal spirit beast ravaging right now, it had spread out from Zong Piao heaven, no one would like to see heaven domain war now.

He Yi immortal king knew he was being unreasonable this time, although he had been very dominant, he didn't dare to stay this way in front of so many immortal kings.

The discord soon calmed down and no one dared to ask for the loot Ye Mo got.

The great eternity immortal announcer had to get off the stage and flew into the air since all the immortal kings were on the stage. He announced "The dao seeking tournament has concluded, for round three, the first is Zong Piao heaven Mo Ying, second is Yuan Le heaven Guan Feijian, third is Kong Sheng heaven Len Qingshan..."

Although Guan Feijian had been killed, he was still ranked second. This had always been the rule.

"The first place for this dao seeking tournament is Zong Piao heaven Mo Ying..."

As the great eternity immortal announced Ye Mo's name again, the entire square was filled with discussion of admiration. Even the immortal kings were very envious, Zong Piao heaven earned big this time. Even Yuan Le heaven rarely had such glory, taking all four spots into the dao seeking tower.

"This dao seeking tournament has concluded, please don't move around everyone. Find your spot and wait for the opening of the dao seeking tower." Another Yuan Le heaven immortal king said loudly.

Everyone knew what to do anyways. After every tournament, the dao seeking tower would open in a certain time. Once it did, 30 dao cards would fly out. One could only go in with these dao cards or you would be annihilated by the dao seeking tower.

The dao seeking tower was on the side of the dao seeking square. The entire tower was surrounded by mist, one couldn't see what it looked like. The space before the tower had emptied up, countless immortals sat outside the dao seeking tower and the square was filled with people.

Once the dao seeking tower opened, dao waves would come out. Anyone who felt these dao waves would be able to learn and create dao art or god art. This had nothing to do with talent, it was purely based on people's learning capabilities.

The stage had been removed, even some immortal kings found a place to get ready to feel the dao wave.

Ye Mo walked to a place near Zong Piao heaven. Xu Ji, purple rain goddess and them all came over to congratulate.

What Ye Mo didn't expect was that Mang Yong came over and smiled before giving Ye Mo a jade bottle "Seeing martial brother Mo show your dominance, Mang Yong was really immersed in it.

"This is a top grade Great Unity pill left by my sect, now it's for martial brother Mo to congratulate..."

A lighting flashed in Ye Mo's brain, he suddenly realized so this was it.

He was wondering why Mang Yong suddenly didn't care about the dao seeking tower spot. He thought he had everything under control.

He had three spots of the heaven immortal dao seeking spots. Plus, this time, Zong Piao heaven didn't have a single great immortal come over. That great immortal could be swaped for a heaven immortal. This way, Zong Piao heaven would have four status immortal and four heaven immortal spot. He had Xu Ji had one each, there were two more.

Regardless if the last two were decided based on Zong Piao heaven rank or contribution, Mang Yong had a share. Mang Yong was near the top in all three rounds. Mang Yong was ranked second in Zong Piao heaven other than him.

With this, Mang Yong would definitely get a spot.

Now, Mang Yong gave him a great unity pill to ensure that spot. Such good calculations, he fought with his life and offended a few immortal kings. This guy wanted to use this mean to get a spot.

Ye Mo smiled and pushed the jade bottle back "Thank you but there's still some time till I reach abstruse immortal peak stage. My master told me that when I reach abstruse immortal peak stage, he would prepare special grade great unity pill for me."

Mang Yong paused, he had everything in his calculations but not Ye Mo rejecting his pill was beyond his anticipation. He was certain that even though Ye Mo knew he would be taking a spot, he wouldn't reject a great unity immortal pill. Ye Mo was an solo cultivator. Even a big sect member wouldn't be able to reject great unity immortal pill.

Which abstruse immortal could reject great unity immortal pill but Ye Mo did. Usually, even if people had great unity immortal pill they wouldn't reject more.

These pills were very valuable resources.

Ye Mo sneered, one great unity immortal pill and he wanted dao seeking tower spot, this bastard is dreaming? He had a few bottles special grade great unity immortal pill right now, plus he was a level six immortal pill great master.

If he didn't have great unity immortal pill nor was he an immortal pill great master, then well done you got me.

"Hehe, Mo Ying congratulations, I look favourably of you. If you have time you must come visit at Huang Ming immortal city in Huang Jia heaven. I believe you and Wuren will become friends." Huang Ming immortal king smiled and walked over.

Mang Yong could only put away his pill seeing this but he wasn't worried. He would definitely get a spot for his contribution.

Ye Mo quickly saluted with his fists to greet Huang Ming immortal king. He had a very good impression of Huang Ming, he was dominant but reasonable. But it was impossible to be friends with Qin Wuren. He didn't like Qin Wuren's character but he quite approved of Len Qingshan.

The immortal king of another heaven domain congratulating an abstruse immortal was quite a rare thing. On top of that, more than ten more immortal king came to congratulate. It seemed they all felt that Ye Mo's future was going to be significant.

A few immortal king subtly hinted at Ye Mo's world rock wanting Ye Mo to show them what it was made of but Ye Mo pretended he didn't hear that.

"Thank you brother Mo." Kong Sheng heaven Len Qinghsan came up and thanked Ye Mo.

Ye Mo knew what he meant and waved his hand "When brother Zhuang was killed I was planning to get revenge for him, no need to thank me for this."

...

There was a rumbling sound, everyone knew the dao cards were about to fly out. The square fell silent.

15 minutes later, the mist around the tower suddenly opened and a golden door opened. Tens of light figures flew out from the door and floated in the air before the tower, it was 30 dao cards.

"The four golden cards are for status immortal, the six red ones are for great immortal and the 20 yellow ones are for heaven immortal. Everyone please get the cards they earned..."

It was Ye Mo to get it from Zong Piao heaven, Ye Mo flew up and grabbed four golden dao cards and a red and three yellow cards.

Soon, the dao cards were divided. Zong Piao heaven was the biggest winner this time.

Some immortal kings admired Zong Piao heaven, only three immortal king came but they got four status immortal cards. This was a miracle amongst miracle.

Ye Mo gave the eight cards to Kai Feng immortal king and said "All the dao cards are here, please divide them Kai Feng master."

Almost everyone stared at the cards in Kai Feng immortal king's hands.

Kai Feng immediately smiled “These cards were brought back by Mo Ying and Xu Ji, I can’t take what is theirs. So I will decide to let Ye Mo divide seven of the cards and Xu Ji one of them.”

Chapter 1700: I believe you deserve it too

Ye Mo laughed to himself. It’s so indeed. He knew that Kai Feng would care about what he thought for the division of the jade cards. However, he didn’t expect Kai Feng immortal king to let him decide altogether.

Mang Yong was smart but didn’t expect this. Ye Mo looked down on people who wanted a share of things without paying a price.

Mang Yong frowned, he really wanted to let the immortal kings divide the dao cards but he knew that if he brought this up it would only make Ye Mo dislike him more. If he succeeded it would be good but if he didn’t he wouldn’t have any hopes at all.

Xu Ji got up and said “Martial brother Mo can decide my jade card too, I have no objections to his decision.

Only Xu Ji knew that his jade card was obtained due to Ye Mo as well. It had nothing to do with him.

“Haha, great, great.” Kai Feng immortal king said and looked at Ping Zhou and Su Huan immortal king.

Ping Zhou and Su Huan nodded with a smile. Su Huan immortal king said “This is the best. Mo Ying and Xu Ji obtained these cards, Xu Ji agrees to let Mo Ying divide it. I believe this is the best.”

“Mo Ying what do you think?” Kai Feng immortal king looked at Ye Mo and asked.

“Mo Ying will listen to immortal king master’s arrangement.” Ye Mo rejoiced in his heart. Although he got the dao cards but usually, it’s the immortal kings who decide how it’s distributed. They would at most respect the contributor’s will. Now that Kai Feng immortal king gave the jade cards to him, it meant that he looked favorably of him too.

Ye Mo received the cards respectfully and everyone's eyes gathered on Ye Mo's hands.

Ye Mo took out three golden cards and gave them to Kai Feng, Ping Zhou and Su huan immortal king respectively "Zong Piao heaven being able to acquire this result is inseparable with the three immortal king masters. The three immortal king masters of course has right to a dao card."

The three immortal kings knew they would get one but once they got it, they were still very excited.

Even though they were immortal king, they thanked Ye Mo.

Ye Mo took out a heaven immortal card to Xu Ji "Brother Xu got one status immortal card, of course he deserves to go in."

Xu Ji took the card and thanked Ye Mo. Everyone thought Xu Ji was being too polite but only he knew that he wasn't. this card was truly given to him by Ye Mo.

Ye Mo took another card and walked up to purple rain goddess "Mo Ying approves of purple rain goddess, here's a dao card for you."

Purple rain goddess took the card in surprise and joy and quickly thanked. She didn't expect she would get one.

Mang Yong's heart sunk. Theoretically, after Xu Ji it should be him to get the card. But Ye Mo didn't even look at him and just gave the card to purple rain goddess. Other than his own jade card, Ye Mo only had two left.

What worried Mang Yong was that Ye Mo didn't talk about purple rain goddess' progress in the tournament but said he approved of her. This meant that he wanted to give this to her on his own accord.

He can't wait anymore. Thinking about this, Mang Yong got up and bowed to the three Immortal king and then saluted with his fists "three immortal king masters, martial brother Mo Ying. According to the results of the tournament, I should get one of the jade card."

The three immortal kings smiled but said nothing and just looked at Ye Mo.

Ye Mo nodded "Brother Mang is right, brother Mang got into top 32 at the third round. I believe brother Mang can get a dao card too."

Mang Yong rejoiced and his heart rested.

But then, Ye Mo took the last yellow jade card and walked to a red robed female immortal "Martial sister, I don't know your name but I look favourably of you. You can have this heaven immortal jade card..."

"Huh..." she looked at the jade card in Ye Mo's hands with admiration. She didn't expect this would come to her. She was struck by huge fortune that she even forgot to thank Ye Mo. She just grabbed onto the card dazily.

Su Huan immortal king sighed. Mo Ying really knew how to do things. He knew that she brought Qian Qiu here so he gave another dao card on her account. His martial sister was in Zong Piao heaven, it seemed she needed to take care of her a little more.

Ye Mo thought so indeed. The red robed female immortal came with Su Huan immortal king. Giving her a jade card was pretty much finding a reliable back up for Zhen Bingyu. Plus, he really admired what Su Huan immortal king did. As an immortal king, asking him for another jade card was completely fine but she didn't do it.

The red robed female immortal finally woke up and took the dao card as she bowed "Qian Qiu thank brother Mo Ying."

Mang Yong frowned and asked again "Brother Mo, is the last spot for me?"

Ye Mo's face sunk "brother Mang, I worked hard for these jade cards, why should I give it to you?"

“But brother Mo just said I deserve a dao card?” Mang Yong had a bad feeling, he seemed to have been played by Ye Mo.

Ye Mo smiled “We all come from Zong Piao heaven, of course I think you deserve a dao card. Not just you, I hope everyone in Zong Piao heaven can get one. But I fought for my dao cards with my life, I won’t give it to someone I don’t know.

But brother Mang, I believe you can ask for it from the dao seeking tower. Speak to the golden door, tell it you got into top 32, then you can probably get another dao card. Even if it doesn’t, Yuan Le heaven would know your result and maybe they’ll give you a dao card.”

“You...” Mang Yong’s face was green, how could he not know that Ye Mo was scorning at him for not putting in effort. But he didn’t care Ye Mo got these cards, he had listed Ye Mo as someone he must kill now. He didn’t give dao card and dared to scorn him like this.

The three immortal king said nothing. If they were distributing the dao cards, they would give Mang Yong one. As for why Ye Mo didn’t, it was probably because Mang Yong admitted defeat to Guan Feijian.

In fact, the three immortal king could tell that Mang Yong never really tried.

Ye Mo ignored Mang Yong and took a golden card to Huang Ming immortal king “Mo Ying greatly respect Huang Ming immortal king master, this status immortal dao card is for you.”

As an immortal king, Huang Ming already sort of knew Ye Mo would give him one but when Ye Mo actually gave him one, he was overjoyed. He quickly saluted with his fists and thank “Thank you brother Mo Ying. I don’t need an immortal king spot you can just give me a red dao card. My eldest son is about to reach immortal king, he came as well, with a dao seeking card, he can reach immortal king without a doubt.”

Huang Ming immortal king even called Ye Mo brother. Some immortal kings saw this and admired, if they knew this Mo Ying was so grateful, they would’ve stood up for him too. Huang Ming immortal king just said some words and he got a dao card, he was too lucky.

Ye Mo gave the red dao card to Huang Ming immortal king without hesitation.

Just when Ye Mo was going to use the status immortal card to trade for a heaven immortal card, he heard Huang Ming sound transmission to him “Mo Ying, you don’t need to trade that golden status immortal card. I heard that it can also let heaven immortal go in. I don’t know what the benefit is but it’s definitely better than heaven immortal dao card. I only got this news from a special occasion. No heaven immortal has used a status immortal card to go in, you should be the first.”

Ye Mo was shook, if that was true, he would benefit much more inside.

Seeing Huang Ming immortal king walk away, Ye Mo pretended nothing happened and left too. He Yi was staring at Ye Mo but seeing Ye Mo walk towards Huang Ming, his eyes showed extreme disappointment. He was waiting for Ye Mo to trade dao card but he just gave one to Huang Ming immortal king.

With this, the golden door suddenly clarified and a huge golden path appeared before the tower.

“Those with dao card can go in.” one immortal king reminded and the thirty immortals with dao cards walked in.

The Zong Piao heaven immortal king didn’t expect they would all be going in the tower. Before they went in, they asked Huang Ming immortal king to take care of the Zong Piao heaven disciples and greeted two immortal king from Ji Yao heaven telling them that if they were going back to Ji Yao heaven and Zong Piao heaven people wanted to go back to Zong plao heaven then please bring them too.

Ye Mo clutched the dao card and followed everyone on the golden path. He felt that golden light road was like cotton. It was very soft. However, when he looked around, he saw there was no one else but him.
