Chapter 1721: Become Brother And Sister

Feeling Li Kun's chaotic chi, there was nothing he could do. He suddenly thought, if one day he lost a loved one what would he do? Ye Mo shivered upon this thought, he would never allow this to happen. He needed to get stronger.

After a long while, Li Kun suddenly got up. Her face was extremely pale, two blood tears still hung on her face but at least her chi was more stable.

"Ye Mo, thank you, pity we can't repay you..." Li Kun bowed deeply to Ye Mo.

"After I die, please bury me with Feng Xi..."

Ye Mo immediately knew things weren't good, Li Kun was about to suicide. Without hesitation, he sent tens of spirit sense blades over and hit waves of immortal essence on her locking her immortal essence.

Li Kun looked at Ye Mo in shock, she didn't expect Ye Mo to be able to stop her suicide. His power was on par with her. She was a prodigy and for Ye Mo to be able to do this, he was far beyond it. what disrupted her sea of consciousness before seemed to be spirit sense cultivation method.

Even if she was defenseless, it wasn't easy for a great extreme immortal to do this.

In his disruption, this was all Ye Mo could think of. No matter from which perspective, he didn't want Li Kun to die. If she really died, he was gone.

Even that little immortal king would find an excuse to kill him, much less Long Yue emperor sect.

"Why did you stop me?" Li Kun's shock was gone instantly, she was thinking why did Ye Mo stop her from being with Feng Xi.

Ye Mo sighed "First thing, if you die here, the first person you harm is me, even if not so, I don't think you should suicide."

Li Kun just missed Feng Xi too much before and now that Ye Mo mentioned this she immediately understood and apologized "Ye Mo sorry, I didn't think of that."

Ye Mo nodded and then opened Li Kun's immortal essence restriction. Li Kun bowed to Ye Mo again. Even though Ye Mo sealed her immortal essence restriction and it was very easy for her to break free she didn't do this.

"Xi Yue goddess, let me finish, if you still want to suicide after that I won't stop you." Ye Mo looked at her and said.

"Okay." Li Kun nodded.

"The real culprit for the death of Feng Xi is his father Feng Chun. You should at least teach him a lesson right, that man has lost his humanity." Ye Mo looked down on Feng Chun very much.

Li Kun said nothing, Ye Mo knew what she thought. Feng Chun was still her father in law.

"Okay, ignoring him, your father is still alive right? When your father took you away, did he not immortal ascend?" Ye Mo said.

Li Kun agreed "Yes, my father probably ascended and he might be in lower heaven domain. I was planning to go find him after I reached immortal king, now..."

"I won't speak of the dangers of the immortal realm, even if you're from emperor sect you should know about it. If you die, your father might be living an even harder life. Of course this isn't what I want to speak of the most, have you heard about truth divine emperor?"

Ye Mo knew that she had given up on suicidal thoughts, he just needed to give her a reason to live.

Li Kun nodded "Yes, I have."

Ye Mo said heavily "Truth divine emperor's sliver of soul can relive after countless years and now your tear bead has a sliver of Feng Xi's soul. Once you reach immortal emperor, who knows if you can bring him back to life?"

Ye Mo was bullshitting. He knew Feng Xi's situation was different to truth divine emperor but he knew that Feng Xi wouldn't want Li Kun to die.

Li Kun's hands shook, her eyes were full of life force and then she said shakily "How come I didn't think of it, I'm too selfish, I should've thought of it..."

Li Kun bowed to Ye Mo again "martial brother Ye, thank you, thanks, you saved me and Feng Xi again."

"Xi Yue goddess, I'm just saying what I should, it's nothing." Ye Mo waved his hand.

"Ye Mo, I'm a bit older than you, if you don't mind then we can be sister and brother. You can call me sister Xi Yue." There was a genuine look in Li Kun's eyes.

"Sister Xi Yue in that case, I won't be too polite." Ye Mo quickly said.

"Mhm, brother." Li Kun called happily. Then she gave herself a cleansing spell.

She walked up to Ye Mo and grabbed his hand pulling him to a huge stone on the side "You must think that those words are just to comfort me and Feng Xi can't be saved right?"

Ye Mo was very awkward and said nothing.

Feng Xi smiled "When Feng Xi was nourishing my soul, a part of his soul is in my body. It's hidden in the deepest part of my sea of consciousness. In my agitation, I didn't think that the bead you brought contains his essence blood. Perhaps not long after I would be able to fuse his soul and essence blood and rebuild his body. So, I need to thank you. Without you, I almost did something very stupid. "

Ye Mo dazed. He was overjoyed too, he didn't expect that bead Feng Xi gave him would be able to revive him, this chance of revival was much greater than truth divine emperor.

"Hold this, this is my communication bead, if anyone dares to be disrespectful in the grand heaven domain, tell me." Li Kun gave a bead to Ye Mo. Only her master and her two extremely good friends had this, no one else did.

"Your power should be far greater than ordinary great extreme immortal, I believe ordinary great eternity immortal wouldn't even be able to keep you." Li Kun added.

Ye Mo took the bead and didn't explain. Would he need to run against ordinary great eternity immortal?

"Where do you plan to go?" Li Kun really treated Ye Mo as her brother.

"I'm planning to go to Yuan Dong heaven, I heard these a dao discussion social there, I want to see." Ye Mo didn't believe Li Kun would spill his things but he didn't tell her about Hao Heaven heritage.

Li Kun came from emperor sect and had plenty of resources, she didn't need it.

Li Kun fell silent and said "Ethereal Immortal Pond saint Ning Eu goddess invited me over, how about you come with me."

Ye Mo wasn't going to go, he was going to reject without hesitation.

But before he could, Li Kun stopped him "The most famous thing of Ethereal Immortal Pond is Ethereal Immortal Well. I'm rather good friends with Ning Eu goddess. As a solo cultivator, you must be lacking on resources. The Ethereal Immortal Well is the best cultivation ground and a great body refinement place.

Li Kun looked at Ye Mo seriously "You don't body refinement but the well can improve your body and will benefit your future cultivation. The Ethereal Immortal Well is very precious but I believe Ning Eu goddess would agree if I ask."

Ye Mo's heart was throbbing, his body refinement was immortal spirit body but his body refinement had always been harsh such as space wind blades, flame river. This was the most common body refinement method but if it wasn't done well it would affect the body. There was another way of body refinement and that was special immortal liquid.

This could balance immortal bodies and remove hidden injuries.

"Okay then but sister Xi Yue if she doesn't agree then don't force it." Ye Mo said.

"Don't worry." Li Kun smiled.

"You can have these pills, I have a lot of these." Li Kun took out a storage ring and gave it to Ye Mo.

Ye Mo scanned the pills, they were all great extreme immortal to great eternity immortal pills. He smiled and gave it back "sister Xi Yue I'm actually a top grade level six immortal pill great master.

"What?" Li Kun was dazed, level six immortal pill great master?

Chapter 1722: Enter Truth Fall Palace again

"You're saying you're level six immortal pill great master?" Li Kun repeated excitedly.

"Okay, this is great, I didn't expect you had such talent..." Li Kun calmed down for a while before pulling Ye Mo and saying "I was thinking about how to get you to become a core disciple but now you definitely came. After we come back, I'll take you to Long Yue emperor sect. If you join them all you need to do is cultivate, I can get you the resources for pill concoction."

Ye Mo looked at the genuinely joyful Li Kun and was grateful too. Li Kun really treated him as a kin.

It was very safe to go to Long Yue emperor sect but it wasn't good for Ye Mo. The people looking for trouble with him was too scary, even Long Yue emperor sect couldn't protect him, second he had too

many secrets. Ye Mo fell silent for a moment and said “Sister Xi Yue thank you but I don’t want to join a sect, I’m used to being free.”

Li Kun dazed but said “You’re already level six immortal pill great master you don’t need to join a sect indeed. Even an emperor sect would be fighting over you. Let’s go to Ethereal Immortal Pond first, after that we’ll go to Yuan Dong heaven and we can discuss on the way.”

...

Luo Yue continent, Truth Fall Palace.

At the stairways to level seven, three women stood here. They were all from South Peace State Mo Yue City. It was Su Jingwen, Jing Yingli and Yimo.

“Yingli, did you stop at here with Ye Mo?” Su Jingwen asked. She was the strongest amongst them, truth realisation state level one.

Jing Yingli shook her head “No, we went to level seven. We didn’t go in, we were almost killed after just getting in. those spirit cultivators are very powerful.”

Yimo smiled “Yingli sister, with our power, we should be able to be fine at level seven right?”

Jing Yingli nodded “I don’t know if there had been cauldron filling state cultivators coming in the Truth Fall Palace ever since the ancient battle but I’m certain there has been no truth realisation state cultivators coming in. Sister Jingwen is truth realisation state so she should be fine. It’s said that when the Truth Fall Palace first opened, there was an ancient battle at level seven, many truth realisation state cultivators died here, we need to be careful.”

“Yes, I cultivated everyday very hard but how come I’m still cauldron filling state? Auntie Wen’s talent is too good.” Yimo pretended to be unhappy.

Su Jingwen smiled, her talent was indeed the top grade but it was also to do with her dedication. She missed Ye Mo so she wanted to fly to the immortal realm quickly and see him. Not just her who else in Mo Yue City wasn't working hard?

How could Jing Yingli not know what Su Jingwen thought, she sighed "There definitely were people with similar talent to sister Jingwen in the past, there would be more people similar to our talent. But never has there been a place with dense spirit chi like Mo Yue lake and have immortal crystals for cultivation as well as the best pills. Even without those pills, only Mo Yue City uses immortal crystals for cultivation."

Su Jingwen agreed "Yingli is right, the reason we can cultivate so fast other than owing to our talent is the immortal crystals and spirit pond."

Pausing for a moment, Su Jingwen said again "After we get to level seven, Yimo don't run around. We need to stay together, if we can't stop them, defend till the palace opens again."

Yimo attacked ferociously but Su Jingwen was afraid of something happening to her, if something did, then she would be unable to forgive herself.

There were 777 stairs to level seven, when Ye Mo came with Jing Yingli, she wouldn't even have been able to take the pressure if Ye Mo didn't help. Now, they felt some pressure but they easily went up to level seven.

Jing Yingli felt the improvement, nascent soul state and cauldron filling state weren't on the same level. she was very grateful to Ye Mo, if Ye Mo didn't give her immortal crystals, how could she reach cauldron filling state? It'd be very good if she was hollow spirit state now.

"Ye Mo found it hard too but we don't feel it's hard. This means things are possible." Jing Yingli smiled.

"Why is the spirit chi here so messy, it's worse than level five?" Yi Mo asked.

Jing Yingli said "there's spirit cultivators at this level, we need to be careful. They like these places."

A bleakness struck, it seemed the nearby space was collapsing.

“Spirit cultivators are ambushing, this isn’t space collapse, be careful, use rare flames.” Jing Yingli said.

“I’ll do it.” Yi Mo waved her hand and 12 lightning orbs flew up, countless lightning arcs flashed.

The grey space disappeared and there was a sizzling sound with some screams. The nearby space seemed to have brightened up again.

Su Jingwen smiled “I finally believe what other people say now. no wonder so many people are dobbing at Mo Yue City. Yi Mo you probably did a lot of bad things outside right?”

Yi Mo said “I would never do bad things, I taught those bad guys a lesson. Otherwise, I wouldn’t have that much spare time. I want to fly to the immortal realm quickly like aunty Wen. South Peace State is really no fun anymore. After leaving here I want to go to the Heartless Sea for a spin. By the way, aunty Wen, sister Yingli, do you guys want to come with me?”

Su Jingwen’s face sunk this time “Heartless Sea isn’t the South Peace State, Mo Yue City has extraordinary status in South Peace State, it has become the leader of South Peace State, other people would give some face. The Heartless Sea is different, spirit beasts ravage there, there’s also all sorts of power. Before you reach truth realisation state tertiary stage, you must never go into the Heartless Sea.”

“I was originally living at the Heartless Sea, my master took me to the Heartless Sea to kill spirit beasts...”

Yi Mo was still murmuring but Su Jingwen interrupted without hesitation “No matter what you’re not allowed to go Heartless Sea now.”

Rumble... a lined up team came over, each with familiar faces.

“This...” YiMo immediately realized this was an illusion.

“Attack, this is spirit cultivators confusing your minds.” Su Jingwen said heavily and raised her hand slicing out an ice blade. These ice blades were each ten meters long and cut the team from the waist in half.

Jing Yingli also released a flute spewing out fire.

Yimo was the strongest, she released the 36 lightning orbs.

It brought three levels of lightning and when those grey figures in the mist were struck, they instantly disappeared. Immediately the mist emptied up and the illusion disappeared.

“How come I can’t find a clear spirit pearl, sigh.” Yi Mo sighed.

“The 36 lightning orbs are too high level, the spirit cultivators here are too low level, they die straight up and so they can’t leave clear spirit pearls behind. Brother Ye only got one before due to luck.” Jing Yingli answered.

Yi Mo said dejectedly “The other 24 lightning orbs grandpa Lu Wuhu made for me isn’t the original, there’s some difference sigh.”

Su Jingwen was lost for words “Be satisfied, how many people could let Earth Forgery god forge for them. Lu qian bei made 24 extreme grade cultivation artefact lightning orbs for you and you’re still not happy.”

“Yimo meant to say if Earth Forgery God came to Mo Yue City earlier, he would be able to see brother Ye.” Jing Yingli smiled.

“Start fighting.” Another wave of bleak chi attacked, Yimo released the 36 orbs. Jing Yingli and Su Jingwen didn’t even need to move, they just needed to watch on the side a little.

The strongest spirit cultivator here was only body condensation state while there was two cauldron filling state and one truth realisation state cultivator here. They were torn to pieces by the 36 lightning orbs.

Jing Yingli and Su Jingwen just went on the side and started collecting spirit herbs eventually.

The further they went the more cultivator corpses they found.

When Yimo removed a large area of mist again, a tower suddenly appeared before them. There were the words, Truth God Tower.

“We’re at Truth God Tower already?” Yimo asked.

Then she thought of something and said “I heard there’s lots of extreme grade cultivation method and magic artefacts at Truth God spirit... sister Yingli, what happened?”

Yimo just saw Jing Yingli crying on a corpse, there was a storage ring in her hands.

Su Jingwen went over and pulled Jing Yingli up “You were able to find your grandma she must be very happy...”

Before Jing Yingli spoke, that tower suddenly disappeared and a bleak terrifying chi swept over. Their essence spirit was uncontrollably flying away.

Even Su Jingwen wouldn’t be able to stop this terrifying power, this bleak chi was the controller of the spirit cultivators in level 7.

Chapter 1723: Yimo’s Killing Blow

Su Jingwen was shocked, her power was the strongest and she felt the greatest pressure. She released ice blade immediately and when she did, Jing Yingli and Yimo were completely dazed.

Jing Yingli knew that her sea of consciousness was restricted and she couldn’t resist. Yimo’s power was stronger than Jing Yingli but even so, her lightning orbs could only hang in the air and couldn’t help Su Jingwen attacked.

A piercing white light flashed, the nearby temperature lowered immediately. This frost was Su Jingwen's extreme grade cultivation artefact, Dual Moon ice blades.

Crack.

The heaven covering frost released by Su Jingwen's blades were torn apart by this dark bleak chi but the nearby space still brightened up a little.

In a moment, Yimo recovered. Yimo was prepared and before the restriction could come the second time, she spat multiple mouthful of blood and released half a dull grey sword tip.

This sword tip was grey but it shot out white rays that illuminated the entire level seven. Everything was clearly seen and ferocious killing force spewed out.

A hollow figure was completely dazed under this white light as though bound by this terrifying sword tip.

Su Jingwen and Jing Yingli were dazed, they had never expected Yimo to have such killing blow.

A sharp scream sounded and the sword tip tore through the hollow figure like paper.

The hollow figure couldn't resist at all and exploded. Now, Ye Mo released the 36 lightning orbs and smashed over. The figure was ravaged even more by the spilling lightning.

At the same time, Su Jingwen and Jing Yingli reacted and attacked too.

Moments later, the greyness disappeared and so did the tower. The bleak chi was also crippled and disappeared.

Su Jingwen quickly held Yimo who was about to fall down and sent a pill into her mouth before asking worriedly "Yimo, are you okay?"

"I'm fine, so powerful." Yimo answered feebly.

Jing Yingli also noticed Yimo was just a little exhausted, she should be fine. She picked up the grey sword tip, touching it, Jing Yingli felt the terrifying killing intent contained in it.

"So powerful." Jing Yingli exclaimed, this definitely was an ordinary immortal artefact fragment.

"Where did this come from?" Jing Yingli gave the sword tip back to Yimo and asked.

Yimo took the sword tip and joked "Your brother Ye gave it to me."

Jing Yingli was used to joking around with Yimo and didn't mind.

Su Jingwen said "If it wasn't for this sword tip we might've all died today."

Yimo nodded "My dad said this sword tip almost killed him before, he had to recover for a few months. Eventually, he attached a sliver of his spirit sense on this sword tip, otherwise, I wouldn't be able to release it at all.

Jing Yingli and Su Jingwen realised, Ye Mo's power was the strongest on Luo Yue continent and even he couldn't stop this sword tip, one could see its power.

15 minutes later, Yimo recovered and the three found there was a stair way that seemed to lead to level eight.

"Are we going to level eight?" Jing Yingli asked.

"Yimo hasn't recovered yet, how about we wait here." Su Jingwen looked worriedly at Yimo.

"I'm fine, let's go up. Perhaps the spirit cultivator we killed at level seven is the strongest in the entire Truth Fall Palace." Yimo said, she had a natural adventurous spirit.

Su Jingwen and Jing Yingli nodded, since they're already here, they were unwilling to go without going up more.

The three climbed the 888 stairs, the pressure was still very high but it couldn't stop them.

At the eighth level, the three found that this level was very empty and spacious. There was nothing here.

"Go to level nine." The three thought of this at the same time.

There were 999 stairs to level nine. This time only Su Jingwen still felt easy but Jing Yingli and Yimo had some trouble. Yimo had spirit sense cultivation method, although it was the simplest spirit sense spike it could barely let her get into level nine. Jing Yingli was able to reach level nine with the help of Su Jingwen.

"What is this?" the three glanced at each other.

Level nine was much smaller than before but it was a mess. The cultivation homes here were crashed, jade slips jade cards were everywhere. They were all broken. On top of that, there were magic artefact remnants.

Su Jingwen picked up a small piece of magic artefact fragment and looked at it for a while "This isn't cultivation realm magic artefact fragment, it seems higher level than immortal artefact."

Su Jingwen had seen immortal artefact before, there were more than one at Mo Yue City. They were all low grade immortal artefact but they were still immortal artefact.

"It seems so, there are immortal dao laws in these fragments, you can't scan with spirit sense..." Jing Yingli paused and picked up a bracelet "Hmm, this isn't storage bracelet, this is small world..."

Jing Yingli looked at this storage bracelet in shock.

Su Jingwen took the bracelet and looked at it before saying "This isn't a small world, it quite possibly is a truth spirit world."

Su Jingwen and Jing Yingli glanced at each other with disbelief, at Truth Fall Palace level nine, there were truth spirit worlds and it was left here like trash.

"Aunty Wen, sister Yingli, come have a look." Yimo stood in the rubble and held a stone.

Su Jingwen gave the bracelet to Yingli and quickly charged up to Yimo "What happened?"

"I scanned this tablet with my spirit sense, from it I learned that the Truth Fall Palace is only a magic artefact and it can be spirit controlled. The way to control it is through this tablet." Yimo quickly said.

Su Jingwen suddenly asked "How long till the palace shuts?"

Jing Yingli quickly said "We were very fast, there should be four months left."

Su Jingwen nodded "Yimo, hurry up and spirit control the tablet. Regardless this is a huge fortune. Yingli, spirit control that bracelet world. I'll protect you guys. Yimo use your essence blood, that would be faster."

The two agreed and immediately began.

When Yimo started the spirit controlling process, she realised that the tablet had a spirit but it was dead. Otherwise, she might not be able to control ten percent even after 100 years.

Three months later, Yimo got up.

"What's going on?" Su Jingwen quickly asked.

“Aunty Wen, the Truth Fall Palace isn’t really called Truth Fall Palace.” Yimo said in shock.

“What is this?” Su Jingwen immediately asked.

“It was a primordial spirit treasure in the ancient times, not a fake one that the cultivation realm forges.” Yimo’s tone was shaky.

In the cultivation realm, when cultivation artefact forgery failed but the end result was still higher than spirit artefact, it was called spirit treasure so it can be sold.

Jing Yingli also came over and said “I only controlled a little bit of that bracelet, it’s a very small truth spirit world, there’s no life inside. I need many years to completely spirit control it.”

Su Jingwen nodded and looked at Yimo “Continue.”

Yimo said shakily “primordial spirit treasure is higher level than god artefact and god artefact is higher level than immortal artefact...”

“What?” Su Jingwen and Jing Yingli called out in shock at the same time.

Yimo calmed down and said “This magic artefact isn’t called Truth Fall Palace, it’s called Immortal Carnage tower. It’s a bit broken and the tower spirit is gone. It can self repair.”

The three glanced at each other, just the name was terrifying enough much less it was primordial spirit treasure.

Chapter 1724: Glamour of the emperor sect

“Can you control the immortal carnage tower?” After a long while, Su Jingwen asked.

Yimo nodded “I don’t know how many levels of restrictions there are but I only controlled the first level. I can’t make it attack but I can put away the tower...”

Then, Yimo frowned.

“What happened?” Su Jingwen quickled asked.

“At level four, a guy from Tian Yan sect ambushed his martial brother for a mere immortal spirit herb, I’m going to kick him out immediately.” Yimo said angrily.

“Not yet, everything in here is yours, later you can transport all the cultivators out and take the tower with you back to Mo Yue City.” Su Jingwen said quickly.

Jing Yingli also put the bracelet on the ground “I haven’t spirit controlled this bracelet too, it’s dangerous to take it with me. I’ll put it inside here first and spirit control it after I get back to Mo Yue City.”

...

“What’s going on, there seems to be half a month time left, why did we get sent out?”

“What’s going on?”

“Wait, this time there seems to be more people coming out than going in.”

“Yea, some of them don’t seem to be from South Peace State.”

...

At the flat peak of a mountain, the cultivators were teleported here. Soon, people noticed things weren’t right and started discussing. Soon, they realised that the cultivators from the other three states were teleported here too.

Yimo's power was limited and only controlled one restriction so she could only move everyone here.

"Everyone calm down, something must've happened to the tower but everyone is safe. Calm down, we'll discuss things first." A thick voice sounded, it was God Wind valley truth realisation state elder Mo Ming.

Then, Clear Dream Mosque Shan Bingfeng, as well as abstruse sound sect Jing Fengji also came over to Su Jingwen. Ever since Ye Mo stopped the disaster for South Peace State, Mo Yue City became the leader of South Peace State. compared to before, South Peace State was much more cooperative all because of Mo Yue City.

There was level nine pill king at Mo Yue City and there were level eight pill kings. Yue Qichao was only one step away from level nine, there were more and more truth realisation state cultivators going to Mo Yue City. Meanwhile, Pill City was declining.

This time Su Jingwen came to Truth Fall Palace, she also brought two truth realisation state cultivators. One could see Mo Yue City's power.

Su Jingwen was Ye Mo's wife and one of the city lords. Yimo was Ye Mo's daughter so immediately, everyone gathered around her.

Jing Fengji knew his daughter was next to Su Jingwen but he acted as though he didn't see it. Jing Yingli was far higher than Jing Yingmeng in terms of power.

"Goddess Jingwen, how should we deal with the Truth Fall Palace?" Mo Ming saluted with his fists and asked. He was truth realisation state level four but still very polite to her.

The other truth realisation state elders all looked at Su Jingwen.

Su Jingwen nodded "The incident occurred at Truth Fall Palace but luckily everyone is fine. We should go back and discuss about it. as for the cultivators from the other three states you can stay at South Peace State. If you want to go back, you can use South Peace State teleportation formation to leave for free."

The Truth Fall Palace was gone and Su Jingwen just said what everyone wanted to say.

All sorts of flying magic artefact and ships flew away, some sect elders left alone. Meanwhile, Su Jingwen used extreme grade flying cultivation artefact to leave with Yimo and Jing Yingli.

...

Chang Rong heaven Ethereal Immortal Pond, it was also an emperor sect. It had an immortal emperor who was always in solitary cultivation.

Emperor sects were the highest grade sect in any heaven domain. Even heaven lords didn't dare to disrespect emperor sects.

Ethereal Immortal Pond was different to other sects. Other than the immortal emperor, the person with the highest status wasn't the sect leader but the saint.

Every saint must be an extreme prodigy and a virgin. Each saint would stay in power for about 100,000 years. Then, they would find an equally talented female immortal to succeed her position.

After leaving her position, the saint is free to travel the immortal realm or be sect leader. The saint can also go find a dao partner, but rarely do they do so.

Ning Eu goddess was the saint, she was thinking about when Li Kun would be coming over but she just received the report that Xi YU goddess was here but she brought a man too.

Ethereal Immortal Pond had the rule that unless it was a special circumstance, men weren't allowed inside. This time, Li Kun brought a man here to visit, this made it hard for her.

It was hard but Li Kun was her friend and she had something important she needed help with so she could only go greet them personally.

...

Ye Mo was amazed just standing outside the Ethereal Immortal Pond that was shrouded in immortal spirit chi. A ten km long water fall hung, one couldn't see the bottom of the pond. There were flying immortal birds and animals, this Ethereal Immortal Pond was like heaven.

The scene was this beautiful before even going in, just what would it be like inside?

Seeing Ye Mo's face, Li Kun smiled "in fact all emperor sects are extremely beautiful. The immortal spirit chi is very dense too, Long Yue emperor sect is like this too. After Yuan Dong heaven, I'll take you there for a while. It's no any lesser than Ethereal Immortal Pond."

"Sister Xi Yue, I was wondering why you weren't here yet and now you came." A crisp voice sounded, then a yellow dressed female immortal stood on the rainbow as she landed not far from Li Kun and Ye Mo. Two female immortal followed behind the woman. Her beauty was extraordinary, on par with Zhen Bingyu. Ye Mo guessed this person as probably Ning Eu goddess, the Ethereal Immortal Pond saint.

"Sister Ning Eu, Xi Yue greet you." Li Kun quickly went up and greeted.

Then, she pulled Ye Mo to this female immortal "Sister Ning Eu, this is my brother Ye Mo. I brought him over suddenly to visit Ethereal Immortal Pond, would it affect you?"

"Ye Mo greet goddess Ning Eu." Ye Mo saluted with his fists but wanted to laughed. Sister Xi Yue really knew how to talk. If she didn't say it that way, Ning Eu would find someone random to take him around. But now, it was hard for Ning Eu to reject.

Hearing this, Ning Eu quickly said "It's fine, let's go in first."

She sighed, she knew Li Kun very well, she wouldn't have a brother. Now, she suddenly had one and she grabbed his hand, clearly they weren't just brother and sister. This way, it was hard for Li Kun to help her.

Following them in, Ye Mo realised how grand the emperor sect was. Any random immortal spirit herb garden was filled with level five and level six immortal spirit herb. The immortal spirit chi was many times denser than outside.

If he sat in time formation disk and cultivated, Ye Mo believed his cultivation speed would increase greatly.

The mountain peaks were all in a mist, Ye Mo knew this was a special immortal spirit chi. It seemed like clouds but walking in it would make you feel joyful while cleansing your body. It's probably got to do with that Ethereal Immortal Well.

The two spoke as they went while Ye Mo was searching around with his spirit sense. He was curious, perhaps one day he would be able to set up a big sect and what he saw now would be beneficial.

5 minutes later, Ning Eu took Li Kun and Ye Mo to a floating small balcony.

The scene nearby were mesmerizing, some light breath came with faint aroma.

There was a jade table in the center of the balcony with a few cups and jade kettle and a few female immortal standing there.

"Sister Xi Yue, let's sit down and have a talk." Ning Eu's voice was always soft and ethereal.

Chapter 1725: Not saint at all

"Actually I have some private matters to talk to sister Xi Yue, but..." Ning Eu poured a cup of immortal tea for the two and then glanced at Ye Mo.

She clearly meant that it was private girls matters, it wasn't good suitable for Ye Mo to stay here.

Li Kun smiled, as though she knew that Ning Eu wanted to send away Ye Mo. She immediately said "Sister Ning Eu, Xi Yue actually came to ask you for help."

Hearing this, Ning Eu brightened up, it was good that Li Kun asked her for help. She quickly said “Just tell me sister Xi Yue, I will help as long as I can.”

“Thank you Ning Eu sister, you can definitely help with this...”

Ning Eu felt things didn't seem to be too right, Li Kun continued “My brother heard that the Ethereal Immortal Pond has an Ethereal Immortal Well that is very beneficial for cultivation. I made the claim that I can help him cultivate there for three months...”

Ye Mo wanted to laugh now.

Ning Eu's face looked bad, she fell into a long silence before saying “It's all our core disciples and those who contributed greatly to the sect who goes into the Ethereal Immortal Well. It's all female immortals who go in to cultivate and you need to strip naked, your brother...”

“It's okay, my brother won't mind, he just needs a good place to cultivate. He won't disturb the other martial sisters...” Li Kun immediately said.

Ning Eu was lost for words, she knew Li Kun's brother wouldn't mind but she and the other Ethereal Immortal Pond sect members would.

“Um, it's really impossible then never mind, I'll take my brother and leave later I can't make things hard for you.” Li Kun said dejectedly.

“No.” Ning Eu quickly said, if Li Kun left what was she going to do?

Seeing Li Kun look at her in confusion, Ning Eu suddenly thought and said “Sister Xi Yue, of course I'm willing to let your brother go into the Ethereal Immortal Well to cultivate. But there's three regions of the Ethereal Immortal Well. Ordinary region is where the female immortals are at, it's inconvenient for your brother to go. There's also high level region, it's where the body refinement cultivators of the sect go. Usually, it's only immortal nirvana body or above who can go. But even in this place there are sect members, so it's still inconvenient for your brother to go...”

Seeing Li Kun's face grow worse, Ning Eu quickly said "Of course there's a top grade region, but It's a place only immortal spirit body or above can go. Sigh, it's not that I don't want to help you. I'm the saint but I can't stop the sect members from cultivating and let your brother go in."

Ye Mo wanted to laughed, Ning Eu brought this on herself. Before Li Kun spoke, he said to Ning Eu goddess "Thank you sister Ning Eu, my cultivation method is special so I can really compare with immortal spirit body. I should be fine."

Ning Eu's face changed "This isn't a joke, if you can't withstand the place you will lose your life."

Li Kun hesitated too, she took Ye Mo here to purify his body and increase his potential she didn't want Ye Mo to risk his life.

Seeing LI Kun's hesitation, Ye Mo quickly sound transmissioned to LI Kun "Sister Xi Yue, I'm immortal spirit body body refinement immortal."

"Huh..." Li Kun looked dazily at Ye Mo. She had never thought that Ye Mo had this much time to body refinement at great extreme immortal and was even immortal spirit body. He was level six immortal pill great master too, how did he have so much time?

Even in the grand heaven domain, only a few immortal would increase their body refinement but not many could reach immortal spirit body.

Those who could reach immortal spirit body were all big sect members. Body refinement cultivation used up even more resources than ordinary cultivation. How did Ye Mo, an solo cultivator, have this much resource for body refinement?

"Sister Xi Yue, you need to trust me, I'm telling the truth." Ye Mo saw that LI Kun was in a daze and quickly said. After coming into the sect, Ye Mo felt that the Ethereal Immortal Well would truly benefit him.

Li Kun sighed, she trusted Ye Mo's words a little but she wasn't happy at all. Immortal spirit body was good but how many hidden injuries would Ye Mo have in his body? Perhaps the next moment, his body would cripple.

Realizing this, Li Kun wanted Ye Mo to go in the well even more. the liquid could allow body refinement immortal's body to be perfectly repaired.

"Sister Ning Eu, it's fine, my brother's body refinement cultivation method is special, going in there would only benefit him." Li Kun said affirmatively.

"This..." Ning Eu goddess dazed. Was this Ye Mo really an immortal spirit body? Was this possible?

The scene fell silent, Ning Eu sighed, she knew she had to let Ye Mo try. She took out a rune and said "Then go in and have a try. If there's danger crush the rune and come out immediately."

Seeing this Li Kun breathed easy, this was the best outcome.

"Wu Luan, take Ye Mo to the top grade region of Ethereal Immortal Well." Ning Eu said to one female immortal and then smiled at Ye Mo with a strange look.

"Brother just focus on cultivation, if there's danger crush the rune immediately. I'll wait for you here." Li Kun said.

Seeing Ye Mo leave with Wu Luan, Ning Eu smiled bitterly "Sister Xi Yue, seeing your assured face, I know you're not certain if Ye Mo can cultivate there. This rune of mine isn't cheap."

"Sister Ning Eu, you're the Ethereal Immortal Pond saint, one rune is nothing to you." Li Kun smiled.

"I'm about to not be saint." Ning Eu sighed.

"What?" Li Kun asked, she was very grateful to Ning Eu.

Ning Eu looked seriously at Li Kun and asked “sister Xi Yue, if I ask you to be Ethereal Immortal Pond saint would you agree?”

“Huh...” Li Kun dazed but then she reacted “How is this possible, I’m Long Yue emperor sect members, how can I be Ethereal Immortal Pond saint?”

“I have a way but I just want to ask if you’re willing?” Ning Eu said seriously.

...

Ye Mo stood on the rainbow cloud and asked a few questions but no matter what question he asked, she just nodded. She didn’t intend to talk to him at all.

“Martial brother Ye, we’re here.” Wu Luan landed the rainbow cloud.

Ye Mo studied the scene ahead, he stood on the peak of a mountain, there was no well.

Wu Luan took out a jade card and patted down, a ripple appeared in space and a void door appeared. The door was at the cliff.

“Martial brother Ye you just need to enter in from here and it would be the high level region of the well. Inside, there would be a place to get changed, you can go in the well right after you change. If there’s any problem, you can crush the rune the saint gave you to teleport here immediately.

Then, Wu Luan’s face blushed. She had to stay here because the saint told her to but she was unhappy with Ye Mo that she had to wait for a naked man to come out.

Seeing her uneasy face, Ye Mo immediately realised why.

Ye Mo sneered, wanting him to mess up, this Ning Eu saint wasn’t saint at all.

Chapter 1726: Ethereal Immortal Well

“Thanks.” Ye Mo saluted with his fists and went into the void door.

Wu Lan saw Ye Mo go in like that and grew nervous. She knew that if she left, she wouldn’t be able to see Ye Mo mess up. She was annoyed at Ye Mo’s ignorance but also keen on seeing him mess up.

She had been in cultivation ever since she was small, because of the ample resources, she didn’t need to search for resources everywhere. Ever since she came to Ethereal Immortal Pond all she did was cultivate. Now, she was at a bottleneck so she came out to do some miniscule things. She had never seen what a naked man was like, later on when Ye Mo got teleported out she would be able to see.

But she was destined to be disappointed. She waited for nearly 15 minutes but didn’t see Ye Mo come out. She felt things wasn’t too right, she would never believe Ye Mo was able to stay at the top grade cultivation region.

...

After entering that ripple door, Ye Mo landed in a wooden room surrounded by crisp green immortal spirit herb.

Faint aromas came, Ye Mo felt this place was a female cultivation ground. In the wooden house ahead, there was a misty pond. Ye Mo scanned his spirit sense in and found that his spirit sense couldn’t penetrate this mist. There were three words hanging in the air Ethereal Immortal Well.

Ye Mo scanned his spirit sense out from here and found this place was like the void. His spirit sense couldn’t scan any material thing other than the immortal spirit herb or the well and this wooden house.

There were some hooks for hanging clothes, Ye Mo shook his head. He knew there was no one watching around here but he still didn’t feel secure.

Ye Mo waved his hand and set up a few restrictions. This was his habit.

Then, Ye Mo quickly took off his clothes. He didn't leave his clothes here and just dumped it into his storage ring. When he wanted to walk into the pond, he found the wood didn't seem ordinary. He subconsciously felt it and found in shock that these were level eight immortal wood Xiang Peng. There was this many here, the wealth of the emperor sect was indeed terrifying.

Xiang Peng was the top grade material for forging adornments. It could push away evil and prevent heart demon during cultivation. At the same time, it can also filter some of the impurities in the immortal spirit chi.

Realizing this was Xiang Peng, Ye Mo almost was about to move this entire wooden house away. luckily he knew this wasn't his and resisted the urge.

Ye Mo breathed and walked next to the pond. There was mist everywhere and the pond water was calm. He didn't feel there was anything wrong with here. Only immortal spirit body can go in?

After hesitating for a moment, Ye Mo jumped into the well. The warm water made Ye Mo feel comfortable to the extreme, he also moaned.

The warm water surrounded him making Ye Mo almost forget he came here for cultivation and not for spa. He shook his head, Ning Eu was too shameless. This was a place only immortal spirit body could come in?

Then, Ye Mo cast these thoughts aside and closed his eyes. He used the Three Birth Chant instead of choosing to body refinement. He felt this place was better for cultivation.

Sizzle.

As Ye Mo used the Three Birth Chant, countless water pierced into his body like needles. Ye Mo was certain that if he wasn't immortal spirit body he wouldn't have time to crush the rune.

If he didn't, then he would be torn to pieces by the well. Ye Mo didn't dare to think much, he quickly used his body refinement cultivation method and the needles seemed to ease up. It started to ravage his muscles and bones slowly, not even letting go of his meridians and dan tian.

But Ye Mo could control them now.

Ning Eu wanted his life?

Ye Mo shivered, thinking about that terrifying danger. If he wasn't immortal spirit body then even great eternity immortal peak stage wouldn't be able to last.

As he used the body refinement cultivation method, Ye Mo immediately felt the benefit of the well.

After the needles pierced into him, he could clearly feel his body changing. There seemed to be impurities taken away by the water. At the same time, he felt the water wash his meridians, taking away some useless things.

Soon, Ye Mo forgot the terror of the water, he felt a lazy feeling. He slowly subconsciously moved to the center of the well, 5 minutes later, Ye Mo was completely immersed in this.

...

Li Kun didn't know what way Ning Eu could allow her to be saint. If it was before she got news of Feng Xi, she might ask her master but now, she definitely didn't want to do this. it was only a matter of time before Feng Xi was revived, how could she be a saint.

Seeing Ning Eu stare at her, Li Kun shook her head apologetically "Sorry, sister Ning Eu, you told me too late."

Ning Eu guessed that Li Kun and Ye Mo's relationship wasn't ordinary but hearing this, there was this inexplicable feeling of disappointment. There weren't many who could replace her, beauty wasn't enough, one had to be extremely talented. Such people were rare even in the grand heaven domain.

Even if there were, they would've been taken by the big sects already. Li Kun satisfied her requirements.

But now Li Kun said it was too late, she subconsciously asked “Is it because you have someone you love? You can’t be saint?”

Li Kun nodded “yes, I found the person I love, I won’t be a saint.”

Ning Eu was full of bitterness. A month ago, she got news that Li Kun didn’t like anyone, even little immortal king. She was certain that if Li Kun joined the Ethereal Immortal Pond even little immortal king wouldn’t dare to pester her. Of course with her current identity, little immortal king can only use the sect to propose.

In less than a month, this many things happened. Ning Eu didn’t dare to believe this. She knew that Li Kun didn’t lie to her, happiness was all over her face. She hadn’t seen Li Kun many times but she had known her for a long time. She always had this sadness on her face but now it was gone.

“What’s going on?” Ning Eu suddenly got up and looked at Wu Luan who came in a worry.

Li Kun got up too, her face was nervous. Ye Mo left with Wu Lan but now only she came back.

Li Kun didn’t dare to keep thinking, if something happened to Ye Mo, she wouldn’t be able to forgive herself even if she died.

“Martial sister saint, Ye Mo never came back out after entering the Ethereal Immortal Well...” Wu Lan bowed and said. She wasn’t to blame but she brought Ye Mo there.

“I’ll go have a look.” Ning Eu was a little nervous too, she gave a rune to Ye Mo, she thought he would crush it if there was danger. But now he went in and didn’t come out? If something happened, it would be bad.

Regardless, Ye Mo musn’t be harmed. She was good with Li Kun but if Ye Mo was harmed, their relationship would definitely drop to ice level.

Li Kun couldn’t even speak, she could only follow Ning Eu worriedly.

...

"This is the Ethereal Immortal Well? There's no danger here, why is my brother gone?" Li Kun said unreasonably in her anxiety.

"Young master Ye really came in here, I saw it with my own eyes." Wu Lan said desperately.

Ning Eu calmed down and comforted "Sister Xi Yue, don't worry, I'll go in and see, I've actually never been inside myself."

Chapter 1727: Who?

"Wait!" a crisp voice sounded and interrupted Ning Eu.

Li Kun just realised a person suddenly appeared, she looked even younger than her. But then she found in shock she couldn't see through her power.

Ning Eu bowed "Ning Eu greet martial uncle Yin Dang..."

The saint had high status but seeing the sect's ancestor, she still needed to be respectful. This female immortal looked younger than her but was actually the ancestor level of Ethereal Immortal Pond. Her power was at immortal monarch primary stage.

She looked seriously at Ning Eu "Ning Eu, as the saint of Ethereal Immortal Pond you have the greatest freedom. But some things, you should think before doing them. Recently, you've ... many times... sigh..."

Yin Dang sighed, using a reproaching tone to the saint was already against the rules. Although she knew that Ning Eu was no longer suitable to be saint.

"Yes, Ning Eu knows." Ning Eu had higher status than Yin Dang but she still responded respectfully.

“Long Yue emperor sect Li Kun greet Yin Dang immortal monarch.” Li Kun greeted.

“Wu Luan greet martial ancestor Yin Dang.” Wu Luan also bowed.

Yin Dang’s face eased up and nodded to Li Kun and Wu Luan before saying to Ning Eu “It’s okay to let a man in the Ethereal Immortal Pond since you’re the saint but letting a man go into Ethereal Immortal Pond for cultivation is against the sect rules.”

“Ning Eu knows my wrongs.” Ning Eu looked down and said respectfully.

Li Kun really wanted to say that she asked Ning Eu to do this but she didn’t have the mood as she was worried about Ye Mo’s life.

Yin Dang sighed “If it’s not an immortal spirit body cultivator, if you don’t have body refinement cultivation method then even I wouldn’t be able to last long inside. You’re a mere half way immortal king and you dare to go into Ethereal Immortal Pond’s top grade area. As the saint of Ethereal Immortal Pond, are you insolent or fearless? Plus, do you not know one needs to strip naked to go in?”

Yin Dang said again “Perhaps you’re saying he can crush the rune instantly but I can tell you, if you’re power isn’t immortal king or if you’re not immortal spirit body then you wouldn’t even have the opportunity to crush the rune. So, if I didn’t come here, then you going in the pond would only result in your death.”

Ning Eu’s face was pale, she didn’t expect things were like this.

“There’s only four jade cards to here, you have one, I have one too. If I didn’t make it in time, you would’ve been dead.”

“Huh...” Ning Eu was sweating.

But then she thought of Li Kun, her face was paler than hers and even shaking. One could see how much Ye Mo meant to her. Ning Eu felt very guilty, she shouldn’t have agreed to her request.

Ning Eu also realised why the sect gave her the jade card but didn't tell her of the dangers. Saint was the symbol of the sect, she needed to be mature and reasonable. The sect was testing her character too.

If she couldn't resist going in the well, then she would die. If that happened, it meant she wasn't suitable to be saint, the sect wouldn't pity her death.

Ning Eu felt a little cold from this. She was deeply attached to Ethereal Immortal Pond but she didn't expect that saint could be sacrificed at any time. She felt much less guilt to the sect now.

Seeing Ning Eu's face, Yin Dang knew Ning Eu realised what the sect did. She sighed "Ning Eu, you've been making many mistakes recently, you probably can't stay a saint now. you need to chose the next saint, what are you going to do?"

Ning Eu subconsciously looked at Li Kun who had an extremely pale face and said nothing.

Yin Dang saw her glance and immediately realised what Ning Eu meant. She had heard of Li Kun, her talent and beauty was enough to let her be saint. With their relationship, she could convince Li Kun to transfer to Ethereal Immortal Pond.

"Sister Xi Yue, sorry, I was too careless, this is my fault." Ning Eu sighed.

Li Kun shook her head with a pale face "Sister Ning Eu, you're not to blame for this. my brother and I thought too lightly of things. As for what you mentioned before I hope you won't bring it up again. I just hope you will let me wait here for three months."

Even though the immortal monarch said Ye Mo was gone, she still had a sliver of hope because Ye Mo told her he was immortal spirit body. In the depth of her heart she felt Ye Mo wouldn't lie to her.

Before Ning Eu spoke, Yin Dang shook her head "impossible, even though Ning Eu is saint she went against sect rules to let your brother go in there. She will be punished, if I let you stay here for another three months, I will be punished too. Your brother probably isn't immortal king yet right?"

Li Kun subconsciously shook her head "No, he's great extreme immortal primary stage."

“Great extreme immortal primary stage, if he isn’t immortal spirit body, there’s no way he can live in there. I guess your brother can’t be immortal spirit body. So...”

Seeing that Li Kun wasn’t able to take it, Ning Eu quickly said “Sister Xi Yue, why don’t you come stay at my place for three months. If your brother is fine, he will come find you three month later.”

Li Kun fell into a moment of silence and could only agree.

...

Ye Mo had entered the deepest part of the Ethereal Immortal Pond now. That needle feeling was gone, he could feel his body being strengthened and purified.

He didn’t cultivate yet but he knew this purified body would be much suited for cultivation and body refinement. He immersed into this process of purification and forgot the flow of time.

Ye Mo suddenly woke up after an unknown amount of time. He flew up from the bottom of the well and stood above the water surface. His bones were cracking and immortal essence flowed in his body smoothly.

Ye Mo was still immortal spirit body power and great extreme immortal but he was much stronger than before. Ye Mo knew clearly that what he got here was the increase in his potential.

The Ethereal Immortal Well was good indeed. He wondered if there was something this good in the Long Yue emperor sect too.

Looking at his perfect and sturdy body, Ye Mo said happily “This is good, Susu and them will be happy with this.”

Luckily there was no one here, or Ye Mo would be embarrassed. He murmured “What way should I use to bring some of the water here away?”

"It's useless even if you take it away, young man, you need to know satisfaction. And, I hate people admiring themselves in front of me." A sudden voice sounded.

Ye Mo was shocked and yelled out "Who is it?"

There was a sound by his ear but he couldn't find where the sound came from. this power was too terrifying.

"Who I am isn't important, what's important is that I'll give you a huge fortune if since you came to me." The voice sounded again.

"Where are you?" Ye Mo calmed down and took out his clothes to put on while carefully scanning with his spirit sense. Spirit sense was limited here but he could still scan a ten meter radius around him.

Of course, he found nothing.

Chapter 1728: Immortal Emperor Is Nothing

"If you put your clothes on and enter the Ethereal Immortal Pond, then you'll really have little chances of survival. Once you cultivate in here, you must not have anything blocking your hair glands and meridians. Otherwise, you will disintegrate." The voice sounded again.

Ye Mo stopped his actions, he knew this guy was telling the truth. Thinking about this, Ye Mo stopped putting on his clothes and went back into the water again.

But he didn't go find that voice nor would he go over. He headed outside faster and faster. For such unknown danger he tried to keep his distance. The skeleton at the bottom of the pond in the chaos star realm still scared him.

"There's no use in leaving here, I'm certain that if the Ethereal Immortal Pond elders know you're not dead and you cultivated in here for two months, you will still die. You wouldn't even be able to see your

sister. If you don't believe me go out and see. Only that idiot saint of Ethereal Immortal Pond would let you in here." The voice sounded again.

Ye Mo suddenly paused, he felt that voice didn't lie to him. He had experienced how good the well was, it was indeed to over the line to let an outsider come here.

"Plus, if you don't go through the Ethereal Immortal Pond people you still wouldn't be able to go out. At most, you can wait and sigh in that wooden house for someone to come kill you." The voice continued.

Ye Mo felt he was being manipulated but he felt that the voice was right.

"You're not from Ethereal Immortal Pond?" Ye Mo asked.

"If I was from Ethereal Immortal Pond, I would've annihilated you already. I hate the Ethereal Immortal Pond the most. The women here love themselves like you." The voice sneered.

Then it added "You think the women here are good in their hearts like their looks? Never try to sleep a woman from here. No one here is good. In my eyes, these women are worse than demon joy sect women."

"You're immortal emperor?" Ye Mo asked.

"Immortal emperor is nothing." The voice said in contempt.

"Are you divine emperor?" Ye Mo was even more shocked. He didn't even have the mood to try run.

After a long while, the voice replied "If I wasn't ambushed by that wretched woman, it's not impossible for me to reach divine emperor."

Ye Mo realised, this guy was a half divine emperor, no wonder he was this hateful.

“Don’t worry, if I wanted to kill you it would be easy like crushing an insect. Come over, let’s go a deal.”
The voice sighed this time letting Ye Mo know where it was.

Ye Mo thought for a long while, if he didn’t go over, he would fall into the hands of the Ethereal Immortal Pond and then everything would be exposed. If he went over now, this guy might not be able to see he had the golden page world. He failed his dao vindication, there must be problems with him. perhaps he was worse than an immortal monarch. Thinking about this, it seemed his only sliver of chance was there.

Ye Mo gritted his teeth and walked towards the voice.

After five minutes, Ye Mo felt he couldn’t go forward anymore. If he did, his immortal spirit body wouldn’t be able to take it. this pond water was too powerful. At the same time, Ye Mo wished that if he had such a pond, he would be able to repair his body everytime he finished body refinement.

Ye Mo just paused and the voice said again “Okay, now you can come over.”

Ye Mo immediately saw that the tearing well water became soft and even slightly cool. But there was only half a meter wide path in front of him.

“If I walk half way and you suddenly make the water like before, then would’ve I die? Ye Mo asked again.

The voice laughed “You’re right, if I pull away the restriction half way, you’d be over.”

Ye Mo cursed hearing that the voice didn’t even promise he wouldn’t do it.

Despite so, Ye Mo continued after pausing a moment.

If that voice was really powerful as he said, he would’ve long attacked. Even if this guy suddenly pulled the restriction away, his immortal spirit body would be able to last a second and this time was enough for him to escape.

His five element mobility was in great completion, this included water mobility.

“Not bad, you have some balls.” The voice praised.

Ye Mo didn’t split his attention at all, he was ready for water mobility at anytime. Then he walked forward carefully. After another five minutes, he saw a flat rocky ground. Ye Mo immediately flew to the rock and put on his clothes.

Ye Mo saw this person now. he thought this person was locked up but instead this person was sitting on a stone stool in front of a stone table. There was a wine kettle on the table.

It was a middle aged scholarly looking man. He wore a blue shirt and didn’t seem desperate at all. He smiled at Ye Mo. This middle aged man was an extremely handsome looking man.

“Come have a chat with me.” the middle aged man smiled.

Ye Mo didn’t go over, this was his believed safe distance. “What do you want me to come over for?”

“Don’t be so nervous, come over first and we’ll discuss. If we get along I can help you out.” The middle aged man smiled.

It was as though he had been alone here for too long and just wanted to talk to someone.

Ye Mo didn’t go over and instead said calmly “You said you can help me, let’s hear it. No need to chat. If you can’t help me I’ll go immediately. If you want me to help you with something, be straight forward.”

“Okay, little guy, you’re decisive. I’ve decided to be friends with you.” The middle aged man slammed the table in excitement. Then he said mysteriously “Are you interested in hearing my story?”

“No.” Ye Mo rejected without hesitation.

“Great, I like people like you.” The middle aged man patted the man in extreme excitement.

Ye Mo looked at this man speechlessly. There was no way he was going up to him no matter what.

This middle aged man seemed very chatty, Ye Mo thought. He sent out a few spirit sense blades. This middle aged man seemed free but he gave Ye Mo a strange feeling.

Thud thud. Ye Mo was immediately backlashed and he flew back spitting blood in mid air.

Ye Mo quickly flip in the air and landed back on the stone,.

His sea of consciousness was a mess, he quickly ate a few dual spirit pills before barely brining it under control.

“Hmm, little guy not bad, you have dual spirit pill and spirit sense cultivation method.” The middle aged man praised Ye Mo again.

Ye Mo didn’t reply. He was shocked, who had the power to trap a guy who was beyond immortal emperor with spirit sense?

Ye Mo felt it was his spirit sense blades, it’s not that the middle aged man didn’t want to go but he couldn’t. He was locked up by dense spirit sense nets around him, some even pierced his body.

Ye Mo could use spirit sense net too but it would only last a few seconds. How long had this middle aged man been trapped here and the spirit sense nets were still fine and with his power he couldn’t break free. Just how scary was this?

This was definitely beyond the means of an immortal emperor, perhaps it was really a divine emperor who trapped this man.

Seeing that Ye Mo found he was trapped, the middle aged man didn’t waste time and waved his hand opening a void door. He pointed inside “Little guy you probably know what this is right?”

Chapter 1729: Yellow middle plum branch

“Yellow middle plum?” Ye Mo called out in shock. This was the first time he saw another one of the great ten spirit plants. Yellow middle plum was also one of the ten great spirit plants, it was ranked second most tasty fruit.

If one consumed yellow middle plum, he would be able to learn dao laws and all sorts of heaven dao laws. So, yellow middle plum has another name called dao law fruit. However, it was too hard for it to bear fruit and was a unique existence in the world.

“Hehe, if it’s really yellow middle plum, I wouldn’t be willing to show you. But you’re right, this is indeed a branch hacked down from yellow middle plum tree. See, after many years of cultivation, it has born three fruits. It can’t compare with the original tree but it can still help people learn a sliver of dao law.” The middle aged man said pridefully.

Ye Mo breathed easy, if he really saw the yellow middle plum, this middle aged man would never let him go. Even though this guy was trapped, Ye Mo didn’t believe this man wouldn’t be able to kill him.

“Come over.” The middle aged man said again.

Ye Mo shook his head.

Seeing this, the middle aged man smiled “Before my spirit sense can’t break this spirit sense net but now it can. Even though not much spirit sense can break free but if I say it’s easily enough to kill you do you believe it?”

Ye Mo nodded “I believe, but believing is one thing and going over is another. If you kill me, there’s no deal. I’m going to be killed by those women if I go out anyways.”

“Okay.” The middle aged man didn’t ask Ye Mo to come over again and said “You have mist lotus heart fire right? It’s purple nirvana level two.”

“That’s right.” It seemed that keeping Blue Like Morning Sky in the golden page world was good as this man didn’t notice it. his golden page world was in the depth of his sea of consciousness.

“Let’s do a deal, once your mist lotus heart fire reaches immortal flame peak, come find me. I’ll help your mist lotus heart fire reach god flame and you can use it to burn away the spirit sense net trapping me.” The middle aged man smiled.

Ye Mo answered calmly “First my mist lotus heart fire is only just purple nirvana level two much less immortal flame peak. Second, even if it reaches immortal flame why should I help you?”

The middle aged man took out an ore “Once your mist lotus heart fire reaches purple nirvana level three, this ore can upgrade it to immortal flame.”

“Level nine immortal material, star core flame...” Ye Mo said in shock. The immortal flames were rare because the materials to upgrade them was too rare. The star core flame was rare amongst rare.

This star core flame came from the core of a small planet and has a sliver of fire source. If you want to get one, you must destroy a small planet.

“Hehe, that’s right, this is star core flame. If your mist lotus heart fire is purple nirvana level three, this is enough to make it level five immortal flame. After that, it’s not hard to upgrade it to immortal flame peak right?” The middle aged man seemed certain Ye Mo would be interested.

Then he pointed at the yellow middle plum “There’s three fruits here, I can give you one later. Of course, other than these, I can help you leave here.”

Ye Mo knew things weren’t going to be simple, after giving these things to him, what if he didn’t come back in the future.

“But, I will leave a sliver of spirit sense mark on you. Otherwise, if you don’t come back, I would be losing big.” The middle aged man seemed to know what Ye Mo thought.

Ye Mo felt this was normal.

“But when my mist lotus heart fire reached immortal flame peak and I come back to save you wouldn’t I be giving my flame and life to you?” Ye Mo frowned and asked.

The middle aged man laughed “Would I want your flame? Even if you give it to me for free I wouldn’t want to look at such trash flame. I have plenty of heaven flame, a mere mist lotus heart fire is nothing. As for your life it’s like an insect I can crush it now.”

Ye Mo’s face was very bad but he knew this guy was speaking the truth. Seeing this, he finally couldn’t take it “If you have this many heaven flames then give me a few. Why use my trash mist lotus heart fire? Plus I believe not even god flame would be able to burn this spirit sense restriction right?”

The middle aged man nodded “You have some knowledge. God flame can’t burn it indeed but by the time you come, I would’ve erased enough of the restriction. God flame would barely be enough. Even if you want to help me now it’s useless. You need to be at least immortal king. Of course, if you don’t trust me you can come when you’re immortal monarch. I’m at most equivalent to an immortal monarch now.”

“Reach immortal king? What if I never reach immortal king in my entire life, then I wouldn’t need to come help?” Ye Mo scorned. He wouldn’t believe this guy was just equivalent to an immortal monarch regardless if it’s real or false.

The middle aged man shook his head “Even I can’t tell what cultivation method you use, it’s definitely the best amongst the best. You can reach great extreme immortal and immortal spirit body at such a young age and now you used the Ethereal Immortal Pond to cleanse your body. You can definitely reach immortal monarch within ten thousand years. Ten thousand years is just a cup of wine for me, I’m in no rush.”

Ye Mo was shocked, did this old guy realise he was using a chaos cultivation method? Perhaps he was pretending he didn’t know.

After a long while, Ye Mo said “Okay but I don’t want your yellow middle plum, I want a branch.”

“Haha, very well, have it.” The middle aged man broke a branch and gave it and the star core flame to Ye Mo without hesitation.

Ye Mo took the two and frowned “How come I feel like I’m losing.”

“Not necessarily.” The middle aged man waved his hand and the void gates closed again.

He then looked at Ye Mo in satisfaction “You don’t know how long it took for these three yellow middle plum to grow. I feel it’s too much of a pity to give it to you. But good thing you know your boundaries. But if you have the chaos world, taking the branch is the right choice...”

Ye Mo was overwhelmed with shock, did this guy know he had chaos world? If so how can he let him go easily?

“Hehe, of course that’s impossible. Other than those two old guys, who would have chaos world? Yellow middle plum can only live in the chaos world. In other places, it would turn into ordinary immortal spirit herb. Of course, it’s still a fake chaos immortal spirit herb, don’t be too disappointed.”

Ye Mo looked at the branch not knowing if he should laugh out loud or so you really know me.

But Ye Mo said nothing and just dazily stared at the branch. He knew that in front of such old monster, an extra word meant an extra danger.

Ye Mo threw the branch into his storage ring and instead looked at the star core flame for a long while.

The middle aged man took out another rune and threw it at Ye Mo “This is an escape rune, as long as you don’t encounter immortal emperor, you can get away.”

This was a good thing, Ye Mo quickly took it and his face looked better.

“You said you’re going to mark my body. Hurry up and do it, I need to go.” Ye Mo said.

The middle aged man smiled “Mark, I’ve already done it, you just haven’t realised yet.”

Hearing this, Ye Mo quickly scanned his entire body with his spirit sense, it was completely fine.

“You don’t need to scan anymore, if my mark is so easily found I might as well go kill myself. Plus, even if you find it you wouldn’t be able to destroy it.” The middle aged man said in contempt.

Chapter 1730: Encounter little immortal king

Then, the middle aged man threw two more jade cards at Ye Mo “These are two transmission runes, crush the white one and you can go out. You will be sent outside the Ethereal Immortal Pond. Once you can come back in, crush the red one and you will come back here.”

Ye Mo felt a little uneasy in his heart holding the two jade cards but he knew he had no choice. He threw the red one in his storage ring and said to the middle aged man “Next time I come, I wouldn’t be caught by that person who locked you up right?”

“Don’t worry, it’s uncertain if that wretched woman even lived, just come.”

Before the middle aged man finished, Ye Mo crushed the jade card and said “Then I’ll meet you again...”

Seeing Ye Mo disappear in white light, the middle aged man frowned and said to himself “How come I feel something isn’t quite right?”

...

Ye Mo stopped steady and found he was outside Ethereal Immortal Pond indeed but not very far from it.

He knew the Ethereal Immortal Pond wasn’t going to let him go so Ye Mo didn’t dare to stay here. He sent a message to Li Kun and immediately fled.

Ethereal Immortal Pond was having a big meeting, Ning Eu didn’t have time to stay with Li Kun. Li Kun could only daze by herself as though the beautiful scene around her was nothing.

She was thinking if something would happen to Ye Mo and why can't things be perfect in the world. Just when Feng Xi has hopes of rebirth, something happened to her brother.

At this moment, her communication beads jumped. She looked at it immediately, a row of messages appeared there "Sister Xi Yue, the Ethereal Immortal Pond people might kill me, I've already fled I'm waiting for you at the old place."

Ye Mo sent this news, Li Kun almost crushed the bead in excitement. But then she also felt Ye Mo's worry. If the Ethereal Immortal Pond really wanted to kill him, even she wouldn't be able to protect him. But no matter how difficult it was, she was going to protect Ye Mo and give him an identity that won't be wanted. She knew just how powerful an emperor sect was, hiding was completely useless.

Soon, she pressed down her excitement and was immediately about to leave. Ning Eu couldn't come out now. Wu Luan knew what Ning Eu wanted and quickly sent Li Kun away.

...

Ye Mo didn't wait for long and a dashing light came, soon Li Kun's excited face showed "Brother, it's great, I thought something happened to you, I..."

Ye Mo didn't know what happened but he knew Li Kun was probably worried about him, he quickly said "Sister Xi Yue, sorry, I made you worry."

"No, it's fine as long as you're okay. I was so worried." Li Kun said.

"Sister Xi Yue, let's leave here first." Ye Mo released Blue Moon and said.

Li Kun nodded and didn't release her flying magic artefact, she got on Ye Mo's Blue Moon.

On the Blue Moon, Ye Mo heard what Li Kun told him and realised that the middle aged man was right. Being in the Ethereal Immortal Pond was indeed not know if the sect knew.

Ye Mo didn't tell her about the middle aged man so that Li Kun wouldn't worry. He just said that he felt things might not be good after feeling how useful the pond was so he ran away with a transmission rune.

Li Kun was very happy hearing that Ye Mo benefited greatly from the pond.

"Sister Xi Yue, I'm afraid I won't be able to go to that dao discussion social. If Ethereal Immortal Pond finds me there they might hunt me."

"Not necessarily, if you were stopped inside the Ethereal Immortal Pond it wouldn't be good but now I believe it shouldn't be a big problem. No matter how powerful Ethereal Immortal Pond is they wouldn't dare to come out and capture people. Plus you were let in by the saint. Even if there was a fault they would blame it on Ning Eu. Don't worry about Ning Eu, at most she would be punished to not be saint. She doesn't seem to want to stay in that position anyways." Li Kun comforted.

It was all the top prodigies who went to the dao discussion social. Everyone had their own understanding of dao, of course Li Kun wanted Ye Mo to go. Worst comes to worst, she would ask her master to help.

"Sister Xi Yue, do you know what the Ethereal Immortal Pond usually does? Would they treat stealing resources seriously?" Ye Mo asked worriedly. If Ethereal Immortal Pond was a generous sect then they might not take things seriously.

Ye Mo thought of the middle aged man's demon joy sect, he said that the women from Ethereal Immortal Pond were worse than them. Ye Mo didn't know what demon joy sect was but from the middle aged man's tone it didn't seem to be a good sect.

"I don't know, but Ethereal Immortal Pond is an emperor sect, they shouldn't be stingy enough to hunt people for using their pond? Plus, we were invited by the saint, how is this stealing resources?" Li Kun said.

"Do you know demon joy sect? how does that sect behave?" Ye Mo asked again.

Li Kun's face blushed and spat "brother don't mention that sect again. You can't get close to the women from that sect, none of them are good. Don't loosen your guard just because they are pretty, they're shameless and will eat you dry. If you want dual cultivation partner sister will help you find one."

Ye Mo waved his hand awkwardly "Sister Xi Yue you've mistaken I already have a wife. I don't want dual cultivation partner. I heard someone say Ethereal Immortal Pond is worse than demon joy sect so I'm just asking."

Li Kun slapped Ye Mo's hand "What are you on about, if the Ethereal Immortal Pond goddesses heard this, this would be worse than you using their pond. How can you compare the two sects?"

But clearly, Li Kun was more interested in Ye Mo's wife and asked "Brother where is your wife? Is she pretty? Does she deserve my brother?"

Ye Mo rubbed his head "Sister Xi Yue, my wife is still in the cultivation realm."

"Look I forgot about the important business." Li Kun smiled "Don't worry I will tell my master that you're my brother. The Ethereal Immortal Pond wouldn't not give face to my master. Don't worry about this, we'll go to Ping Liang immortal city first and then take teleportation formation to Yuan Dong heaven. My master will go as well."

With this, Ye Mo felt a little assured. The middle aged man had conflict with the Ethereal Immortal Pond, of course he would curse the Ethereal Immortal Pond. He couldn't trust him too much.

Ye Mo gave the controls of Blue Moon to Li Kun while he went inside to search for that spirit sense mark. Even if he couldn't remove it he would find it first.

Just when Ye Mo was about to search another time, Blue Moon shook and slowed down. Ye Mo immediately came to the front.

"What happened? Sister Xi Yue?" Ye Mo asked, at the same time he saw a golden boat before Blue Moon.

“Sister Xi Yue who is this person?”

There were two people on there one great eternity immortal tertiary stage and another great eternity immortal peak stage.

It was the half way immortal king great eternity immortal asking the question. He had a smile on his face but seeing Ye Mo come out his face sunk. Even Ye Mo could feel his killing intent.

“Lu Mang, do I need to report to you who he is? Who are you to me? Please be respectful with your tone. Sister Xi Yue is not for you to say.” Li Kun said with a bleak face.

Ye Mo realised, it was the little immortal king. His dad was a heaven domain lord.

Lu Mang realised his tone was wrong and immediately smiled “Sorry, goddess Xi Yue, I was thinking about things before, my tone wasn’t good don’t take it seriously.”

Then he saluted with his fists to Ye Mo “I’m Lu Mang, I like making friends so everyone calls me little immortal king, may I ask who you are?”

“I’m Ye Mo because I don’t like making friends, people call me lonely fake emperor.” Ye Mo said.

Ye Mo was certain that if he left alone, this guy would chase after him and interrogate what his relationship with Xi yue is.

Regardless, they were enemies now so Ye Mo wasn’t going to show him a good face. Calling himself fake emperor was a scorn at him for not being an immortal king but still calling himself little immortal king.

Li Kun almost laughed out hearing this, but Lu Mang’s face sunk again.
