Chapter 1751: Enemies meet again

In an extremely large room in the flying dawn immortal tower, at least ten people were waiting here. Ye Mo knew most of them, they included Li Kun, Ji Shu, Yin HUI, Qi Beicang, Jiu Ruyan and Li Kun's martial brother Sii Shiyu. Ethereal Immortal Pond Ning Eu and that brother Chen also sat here. There were also a few Ye Mo hadn't seen before.

The room seemed heavy. After a long while, Ning Eu sighed "Sister Xi Yue, we've waited for two days and your brother still isn't here. If we keep waiting we might miss the immortal ship."

Li Kun fell silent for a moment and said "I said I would wait for him, if I go now and he comes without seeing me here, he would be worried."

"How about this, martial sister Ning Eu we'll go first. Xi Yue goddess can wait for her brother here. If we're short on time, we can go first and make the immortal ship wait for a while first." The handsome man next to Ning Eu said.

A few people heard this and immediately nodded in agreement. Li Kun's face sunk, she said plainly "Since martial brother Fang Chen is in a rush, you guys can leave first. I'll wait here alone."

Qi Beicang sneered "Martial brother Fang's influence is really great, even the immortal ship can listen to you and wait. I admire you."

Clearly most people knew that Fang Chen claiming he could make the immortal ship wait was bullshit.

The handsome man didn't seem to hear this and still had a face of smile.

A purple robed goddess sitting next to Ning Eu with her face covered said calmly "Martial sister Ning Eu we'll wait another half day. If Ye Mo still doesn't come we'll go."

“Yes.” Ning Eu and another female immortal immediately nodded. Clearly they were very respectful to her.

“Haha, brother Ye is here.” Ji Shu suddenly laughed.

Ye Mo appeared at the door of the room. He was confused, Li Kun said to go find Peng Yue immortal fruit with him. why were there so many people? Then, he saw Qi Beicang and them and immediately went up to greet them.

The atmosphere brightened up. But only Ji Shu and them greeted Ye Mo. The rest of them didn’t move. These were all great eternity immortal here and Ye Mo was only a great extreme immortal.

“I knew you would make it. you broke through again.” Li Kun looked at Ye Mo joyfully. She saw Ye Mo reach great extreme immortal middle stage from great extreme immortal primary stage. She was planning to introduce the others to him but since they couldn’t be bothered waiting, she couldn’t be bothered.

Ye Mo showed an awkward look and sound transmissioned to Li Kun “Sister Xi Yue, I’ve actually hidden my power. I’ve reached great eternity immortal primary stage a few years ago but I’ve hid my power to great extreme immortal middle stage.”

The room fell silent and then instantly burst into laughter. Some were benign some were malicious.

The weakest here was great eternity immortal middle stage peak, the rest were either great eternity immortal tertiary stage or half way immortal king. Ye Mo was a great eternity immortal primary stage and still hid his power, this was funny indeed.

This wasn’t the funniest, the sword on Ye Mo’s back clearly didn’t look like something good just looking at the sheath. Yet he put such a sword on his back to show off. Everyone here wasn’t simple, they at least had top grade immortal artefact or even extreme grade immortal artefact.

Ye Mo didn’t care about these laughter. If he was willing, people definitely wouldn’t be able to hear his sound transmission. He just wanted to reveal his true power and thus spilled his sound transmission.

Li Kun was very shocked, she knew how powerful Ye Mo was. Ye Mo was no weaker than any great eternity immortal peak stage. She suspected Ye Mo hid his power but she knew that if Ye Mo really wanted to only sound transmission to her. The only explanation was that Ye Mo did it intentionally.

Did Ye Mo really reach great eternity immortal in five years? This was too shocking.

Li Kun was very smart and immediately knew why Ye Mo did this. she pretended to be unhappy and said "You're the weakest here, what is there to hide."

"Oh." There was extreme embarrassment on Ye Mo's face. He breathed easy, he knew Li Kun would be suspicious but he didn't worry. He trusted his eyes that Li Kun wouldn't mention it.

"Haha, brother Ye you tricked me so hard. I really thought you were great extreme immortal. So you're actually a great eternity immortal. Your stealth cultivation method is quite good..." Ji Shu laughed.

Then, Yin Hui, Qi Beicang, Jiu Ruyan and them complimented Ye Mo's stealth cultivation method. Jiu Ruyan said joyfully "I was wondering why you knew something about great eternity immortal cultivation. So you're great eternity immortal already. Martial brother Ye I will be troubling you more in the future."

Ye Mo quickly said "It's fine, if I know I won't keep it a secret."

Another reason he revealed his power is because little immortal king would definitely know he killed his great eternity immortal middle stage henchman. It wasn't rare for great eternity immortal primary stage to kill great eternity immortal middle stage but if a great extreme immortal primary stage killed a great eternity immortal middle stage, this would definitely arouse suspicion.

Ning Eu's face was expressionless. Seeing her with the handsome great eternity immortal, Ye Mo knew that Ethereal Immortal Pond probably chose a new saint.

Fang Chen got up and said "since everyone is here we should hurry up. We'll discuss on the immortal ship."

“Where are we going?” Ye Mo asked.

Li Kun smiled and gave Ye Mo a jade card “This is the card I got for you. Take it, we’re taking immortal ship to the first heaven domain Qing Wei heaven and listen to the arrangements of immortal emperor.”

Seeing Ye Mo being confused, Qi Beicang patted his shoulder “Brother Ye don’t underestimate this card. Not anyone can get this, your sister spent quite some effort to get this.”

Ye Mo still asked “since we’re going to Qing Wei heaven why not take teleportation formation?”

Li Kun explained “Because we still have mission this time. It would take around one year to go to Qing Wei heaven. During this time, all the immortals with the jade card must capture void flying snow. Only the top 1000 can get to see immortal emperor master.”

Ye Mo immediately wasn’t too willing to go.

“Plus Qing Wei heaven is very far, if we all take teleportation formation there, ordinary immortals wouldn’t be able to afford it.” Jiu Ruyan said.

Ye Mo nodded. Li Kun did this for his benefit. If he didn’t go, Li Kun wouldn’t be able to decided even if she got the fruit.

Ye Mo thought that when he was great extreme immortal primary stage, that middle aged man still didn’t find the golden page world. Now he was great eternity immortal, as long as he kept his golden page world in the depth of his sea of consciousness, even the immortal emperor wouldn’t be able to find it. Thinking about this, Ye Mo breathed easy.

...

Everyone went to the teleportation formation to go to Fen Du heaven’s Zha Kui immortal city. The immortal ship was stationed there.

Hearing everyone's discussion, Ye Mo realised that Qing Wei heaven's position was like Yuan Le heaven in the middle heaven domain. It was the number one heaven domain in the grand heaven domains. It was extremely far from the other ten grand heaven domains and needed to cross the realm border. This super long distance teleportation formation is insanely expensive.

At the same time, Ye Mo knew the purple robed female immortal is the new saint of Ethereal Immortal Pond, Mi Yun.

Ye Mo had heard of the Fan Du heaven, when he was in the pond in the chaos star realm, the skeleton told him to kill Nine Fan immortal pond's Yu Jinxiang. He rejected it immediately. He was only a golden immortal at the time.

There was no way Ye Mo was going to Nine Fan immortal pond, he couldn't be bothered asking where it was either.

After coming to the immortal city, Ye Mo followed them to the place where the immortal ship was. When they got there, the place was filled with immortals from other heaven domains. Most of them were great eternity immortal tertiary stage, some were great eternity immortal middle stage.

"It's you?" A cold voice sounded.

Ye Mo shook upon hearing this voice. He knew this voice all too well, he turned around and it was the young Yan Jiutian who stood before him.

Chapter 1752: Yan Jiutian's secret

Intense killing intent came from Yan Jiutian, Ye Mo clenched his fists. He knew why Yan Jiutian wanted to kill him but what made him feel unacceptable was that Yan Jiutian's cultivation level was higher than his, great eternity immortal tertiary stage. Ye Mo was certain he saw right.

Ye Mo bit his lips with a calm face but his heart was rumbling. No matter how talented Yan Jiutian was, how could he be great eternity immortal tertiary stage? This was impossible, when he got the time formation disk, that weakened essence spirit said his time formation disk couldn't be found in the immortal realm. If he didn't have time formation disk, where did Yan Jiutian's power come from?

Ye Mo had time formation disk and was constantly looking for resources, his fortunes were very good too. On top of that he had the golden page world and bitter bamboo, only then did he reach great eternity immortal primary stage. This speed was unparalleled and yet Yan Jiutian was faster than him.

Even if Yan Jiutian had the time formation disk and top grade cultivation resource, he couldn't reach great eternity immortal tertiary stage. His foundation wasn't stable nor was his mind state. This was a big taboo for cultivation. There was no way a prodigy like Yan Jiutian didn't know this.

"You hid power last time like me, I was wondering how there could be an abstruse immortal as powerful as you." Ye Mo stared at Yan Jiutian and said.

Yan Jiutian's eyes shot out with icy coldness and said "I trust I didn't see wrong last time. You definitely didn't hide your power like last time. Your cultivation speed is so fast that I don't dare to believe. I'll tell you this, I didn't hide my power last time as well."

Ye Mo's eyes narrowed, he knew that Yan Jiutian didn't fear at all, Yan Jiutian was certain he didn't dare to spill his secrets. Ye Mo's killing intent also rose and stared at Yan Jiutian. His killing intent rushed over like crazy too.

"Did your little worm get crushed to death last time?" Ye Mo felt happy seeing Yan Jiutian's killing intent seep out like crazy. He was certain Yan Jiutian didn't dare to fight here.

As expected, Yan Jiutian's face went black hearing this. A dark mist rotated around his wrist. Yan Jiutian seemed to be able to control himself very well. That black mist just spun once and disappeared.

Ye Mo frowned, he suddenly had this strange feeling. He knew that mist was Yan Jiutian's trump card and best magic artefact.

But this time when he saw the mist, he had a familiar feeling, not because he fought with it before.

"Haha what little worm?" Qi Beicang laughed and stood by Ye Mo's side.

Then he looked challengingly at Yan Jiutian. Qi Beicang saw Yan Jiutian's killing intent for Ye Mo.

Yan Jiutian sneered, he glanced at Qi Beicang and said "I hope you're as lucky next time. I will let you know the consequence of taking my things."

Then he turned to leave, he knew he couldn't fight here.

"Kid you're very cocky, do you think you're heaven domain heaven lord or ancient divine emperor? Idiot, you're just a mere great eternity immortal, why are you so cocky." Qi Beicang spat.

Yan Jiutian was furious, his killing intent went crazy and that black mist appeared at his wrist again but he still forebore this time.

Hearing Qi Beicang's words, Ye Mo suddenly woke up. He finally remembered that familiar feeling. Yan Jiutian's black mist line had this ancient chi that was similar to the ruin in the immortal graveyard range.

This meant that Yan Jiutian's line probably came from the ancient ruin but when he saw Yan Jiutian he was only abstruse immortal. What right did an abstruse immortal have to touch ancient ruin? Even if he went there and obtained the black mist, how could he use it so easily and fluently.

Ye Mo saw with his own eyes how Yan Jiutian could change the black mist into spear, arrows, rivers...

Ye Mo had used Zi Xu for decades but his control of Zi Xu was far weaker than Yan Jiutian's control of the black line. Ye Mo had the feeling that the black line was a part of Yan Jiutian.

How old was Yan Jiutian? Ye Mo was certain that Yan Jiutian was younger than him, how could such a young person have such experience in controlling an ancient black mist.

Ye Mo thought of his first encounter with Yan Jiutian. He called himself immortal, according to what Ye Mo knew, all immortals below great immortals were considered cultivators and didn't have the right to call themselves immortals. Of course there were shameless heaven immortals who called themselves immortals. Clearly, Yan Jiutian wasn't this type.

Thinking about how young Yan Jiutian was and how fast he progressed, Ye Mo suspected that Yan Jiutian was possessed. Yan Jiutian's essence spirit before possession was very complete. He didn't need to possess to recover his body but he chose possession.

If this was really it, Yan Jiutian's cultivation speed could be explained. An ancient immortal had the ability to recover his body but instead he chose possession. This meant that the target was definitely the best amongst best talent.

Such person had no bottleneck, he would be able to keep progressing if he had resource, or perhaps recover his power.

Last time he met Yan Jiutian, there was one small level difference but now, there was two small level difference. The next time they met, the difference would probably be even greater. Ye Mo was desperate but there was nothing he could do. no wonder he could know space law when he was abstruse immortal.

What worried Ye Mo more was if this person recognized the world rock. He just hoped that since world rock was spirit controlled by him and Yan Jiutian's power was too weak at the time that he didn't have the time to check his world rock during battle. but Ye Mo knew quite possibly, that Yan Jiutian might've recognized it.

"Ye Mo, what are you thinking? It's a mere great eternity immortal tertiary stage, no need to be scared of him." Qi Beicang patted Ye Mo who was frowning in thought.

"What's wrong?" Li Kun and them all came over.

Ye Mo shook his head "Nothing, I met an unfriendly person, never mind."

Seeing this, the people didn't ask. They discussed about how to capture void flying snow.

The group gathered together in discussion. Ye Mo didn't listen in at all. His spirit sense net improved greatly, he would be able to capture void flying snow easily.

Ye Mo suddenly asked “If you can control a law and use that law to capture void flying snow, would it be very easy?”

Li Kun looked at Ye Mo in confusion, she knew Ye Mo knew a sliver of space law but she warned Ye Mo to not tell anyone. What was Ye Mo doing now?

Ji Shu shook his head “First of all, it’s extremely hard for great immortal to control law, even if they can it would only be a sliver. That would still be very hard to use to capture void flying snow.”

“What law is the strongest?” Ye Mo asked.

Everyone was used to how clueless Ye Mo was.

Unexpectedly, the saint from Ethereal Immortal Pond said “In fact, any law is the most terrifying power in the universe if you cultivate it to the extreme. Of course, if you had to divide it then for us low grade immortals, time law is probably is strongest.”

Ye Mo felt strange the saint didn’t laugh at him and instead explained to him but he continued asking “Thank you martial sister saint for enlightening me. Then if you cultivate space law to the extreme, would it be not as powerful as time law?”

Ye Mo asked the most idiotic question and people couldn’t be bothered looking down on him but they all felt strange why Ethereal Immortal Pond saint would answer him.

The saint thought for a moment and replied seriously “In fact, if you cultivate space law to the extreme, it’s no weaker than time law but no one has been able to.”

“Then since the ancient times, which people in the immortal realm have great mastery over space law and time law?” Ye Mo finally asked the question he wanted to ask.

If Yan Jiutian was possessed by an ancient immortal and could control a sliver of space law as abstruse immortal, this meant he was previously a powerful being who controlled space law.

Chapter 1753: A mere grand emperor

A great eternity immortal whom Ye Mo didn't helped the saint answer "It's probably Truth divine emperor who knows time law the most, other than him, there's Scorch divine emperor. He can even make time flow back wards. Compared to time law, there are much more powerful beings who know space law such as ancient Peng emperor, Daoless grand emperor, Wushuang grand emperor, Lin Gu grand emperor."

Ye Mo saluted with his fists "Thank you martial brother, I know Truth divine emperor, Peng emperor and Wushuang grand emperor. But who is Scorch divine emperor, Daoless grand emperor and Lin Gu grand emperor?"

Seeing that Ye Mo was low cultivation level and didn't know much but seemed very respectful, he nodded in satisfaction.

Some people who didn't know this also listened on the side "Scorch divine emperor's name is Bai Zhuohe, it's said he has the number two rare flame of the world, Astral River Red, it also reached god flame and devoured astral flame marrow, becoming the king of flames. He used god flame to vindicate dao and is a powerful being just below truth divine emperor. It's said that after the battle with truth divine emperor, he never appeared again."

Hearing this, everyone sighed. At their level, truth divine emperor and scorch divine emperor were dao vindication divinities but they still died. One could see that in the vast universe, there were no immortals who wouldn't die.

Great eternity immortal saw everyone was listening in and continued "Daoless grand emperor's name is Yan Wudao, he came later than Truth divine emperor and Scorch divine emperor. He's also a very powerful being. in the ancient cosmos, powerful beings weren't as rare as today. There were tens of half divine emperors. It's said he disappeared after dao vindication failiure."

Hearing Daoless grand emperor's surname was Yan, Ye Mo wanted to keep asking but someone asked first "Scorch divine emperor vindicated dao through god flame, how did daoless grand emperor vindicate dao?"

“Daoless grand emperor was extremely talented, his dao vindication method is something others don’t even dare to think.”

Everyone listened in wanting to know what it was.

The great eternity immortal sighed “Daoless grand emperor is indeed a rare prodigy of the heavens. He wanted to use the 33 heavens to vindicate his dao. No one can understand his prodigy idea but one thing is certain. If he could vindicate dao through the 33 heaven domains, his powerul would be unimaginable.”

Ye Mo didn’t understand how that would work and neither did the rest of the people.

That great eternity immortal said “No one can understand that. It’s said that Daoless grand emperor suddenly failed after vindicating the 24th heaven domain and died. Ever since then, there was no news of Daoless grand emperor.”

The great eternity immortal continued to talk about Lin Gu grand emperor but Ye Mo was 80% certain that Yan Jiutian was Daoless grand emperor.

After vindicating 24 heaven domains, he was nine heaven domains away from success. This had become his obsession. He chose the name Yan Jiutian (nine heavens) probably because he still wants to vindicate the 33 heavens.

Ye Mo heard the great eternity immortal say that the daoless grand emperor only cared about his own thoughts and thus offended many people.

Ye Mo thought, this meant that Yan Jiutian wouldn’t dare to let others know who he was. Ye Mo finally rested easy a little now.

Ye Mo suddenly thought of one thing and saluted with his fists asking “Martial brother, I heard you said Scorch divine emperor used god flame Astral River Red to devour astral flame marrow. What does astral flame marrow look like? I saw in an ancient jade slip that astral flame marrow is a soft ore that is very high temperature, is this true?”

The great eternity immortal smiled and shook his head “No, the reason astral flame marrow is rare is because it’s very hard to grow. The soft tofu like structure you mentioned is the first state of the astral flame marrow. These usually exist in very desolate places in the immortal realm or some cultivation realm.

If it’s in the cultivation realm, this state of the astral flame marrow is the hardest to collect. Even the truth realisation state cultivators wouldn’t be able to get near it. However, this state of astral flame river is the most precious. If you get it and use it to nirvana heaven flame, it would be the best.

When this flame grows to a certain level in the cultivation realm, it would gradually expand its range until burning a radius of 100 million km till everything in the entire realm. Then it would hide into the void, only astral flame marrow that hides into the void is real astral flame marrow. It would be stealthed and protected by void flame. Ordinary people wouldn’t even be able to see it, even if they see it they wouldn’t be able to get it. that’s why it’s so precious.

In this state, the marrow would gradually lose its temperature. When it matures to a certain level, it would be covered by void flame outside while the inside is liquid. This liquid is extremely cold but doesn’t form ice. Only this is true void flame marrow.”

Ye Mo suppressed his excitement and saluted with his fists in gratitude. He didn’t expect he accidentally got astral flame marrow in the first state and used it to nirvana Blue Like Morning Sky.

Suddenly, an extremely loud voice sounded “Those with a card participating in the fight for Peng Yue immortal fruit get on the ship.”

...

Ye Mo had been on the immortal ship many times but this was the first time he saw one this big. There were a million immortals but each had a good cultivation room. Ye Mo got one too, it was large and there were two rooms. The immortal spirit chi was very dense too. The grand heaven domain was indeed different.

Now, everyone went into their own cultivation room. Ye Mo stayed inside his thinking about things. He wasn’t going to cultivate as he would need too much resources.

Ye Mo only sat in his room for two hours or so and the restriction on the door was touched. Ye Mo waved it open and Yan Jiutian quickly came in and set up his own barrier restriction.

Ye Mo got up and stared at Yan Jiutian coldly. He wasn't afraid of him, Yan Jiutian didn't dare to fight in here. Even if he did, Ye Mo didn't believe he would lose.

When he was abstruse immortal middle stage, Yan Jiutian was abstruse immortal tertiary stage, they were almost evenly matched. Although Yan Jiutian was two levels higher than him now, he learned a few powerful god arts coming out of the dao seeking tower.

Ye Mo didn't dare to underestimate this Yan Jiutian however, he was a half divine emperor. He probably knew much more about god art than him. it was probably very hard to win Yan Jiutian.

"You have quite some secrets, I thought that world rock was your biggest secret but you also have time formation disk. If I'm not wrong, truth divine emperor's time formation disk is on you right?" Yan Jiutian's voice was so bleak that it made Ye Mo feel he went back to the immortal graveyard range.

Ye Mo's heart sunk, Yan Jiutian indeed knew about the world rock and now even the time formation disk. But it wasn't hard to guess, without the time formation disk how could he cultivate so fast.

Yan Jiutian's voice was even colder "Give me time formation disk and Spirit Will Nine Transformations, I'll let you live."

Yan Jiutian didn't ask for world rock, he knew that Ye Mo would definitely not give him that. Although the world rock was far from as precious as the time formation disk but world rock was what Ye Mo relied upon for survival.

Looking at Ye Mo's contemptuous gaze, Yan Jiutian wasn't worried at all and continued "If you infuriate me, I'll just say you have world rock and time formation disk. Even if I don't get it you will be dead for certain."

Ye Mo sneered and pointed outside "Go say it, I'll be waiting."

Yan Jiutian's eyes narrowed, he didn't expect Ye Mo wasn't afraid of this. did this guy know that he didn't want others to know the time formation disk appeared. The time formation disk was much more important to him than Ye Mo. At least to immortal emperor, he would have no bottleneck. He just needed to convert cultivation resource to power.

"You're not scared?" Yan Jiutian's killing intent rose forming invisible ripple around the space.

"I even took Truth divine emperor's world rock, why would I be scared of a mere Daoless grand emperor? You overestimate yourself." Ye Mo sneered.

Chapter 1754: Threaten each other

Yan Jiutian's face changed, immediately a black mist line appeared with screeching killing intent.

Ye Mo sneered and his power also rose.

Yan Jiutian eventually didn't attack, that black mist slowly retreated. But he didn't look at Ye Mo with just killing intent, there was deep concern too. He knew that he couldn't kill Ye Mo here, if he attacked, it would startle the immortal ship people. If his identity was spilled, he would have no place to bury himself much less vindicate dao.

"How did you know who I am?" Yan Jiutian put up a few more restrictions and asked coldly.

Ye Mo felt great. Yan Jiutian knew some of his secret but comparatively, he knew more his Yan Jiutian's secret. He could deny he had time formation disk but Yan Jiutian couldn't deny he was Daoless grand emperor.

"How I know that isn't important, more importantly, I know that you'll probably have to chance your name and face after coming back from Qing Wei heaven." Ye Mo sneered at Yan Jiutian.

Someone like Yan Jiutian wouldn't talk to others. Even if he had to contact them he wouldn't use the same identity. If it wasn't for the Peng Yue immortal fruit, Ye Mo knew Yan Jiutian probably wouldn't

come. But Yan Jiutian probably never even dreamed that an abstruse immortal he saw in the middle heaven domain would be on the same boat to Qing Wei heaven a few decades later.

Yan Jiutian didn't answer and just asked Ye Mo again "How did you know it?"

"Who do you think you are? I need to tell you? Piff off, otherwise don't blame me for attacking, Daoless grand emperor." Ye Mo said plainly.

"Shut up." The veins on Yan Jiutian's head was bulging, he was scared of Ye Mo calling him Daoless grand emperor the most.

"Really? I'm going to call you Daoless grand emperor, when I go out everyone on the immortal ship will know that Daoless grand emperor is here." Ye Mo laughed not taking Yan Jiutian's threat seriously.

"Die." Yan Jiutian couldn't resist the fury in his heart. Ever since he came out, when was he threatened like this?

His black mist turned into a very fine needle that was ten meters long.

Ye Mo's room wasn't big but this long needle had completely bound the space in Ye Mo's room. Ye Mo didn't dodge. Yan Jiutian used to be an immortal emperor, even if he couldn't use immortal king domain, he was able to seal the space nearby with his great eternity immortal tertiary stage power. Plus, this person was experienced in space law?

At the same time, Ye Mo's world rock fell. He used almost 80% of his immortal essence on his first attack. He didn't dare to take Yan Jiutian lightly.

Although the world rock looked very scary when falling down it wasn't a real god art. Ye Mo knew this wasn't a life and death battle, Yan Jiutian didn't use full power, he didn't need to as well. He just needed to create a big scene.

Seeing Ye Mo act like this, Yan Jiutian's face changed. Ye Mo's immortal essence was far beyond his expectation. If the world rock fell like this, even if he smashed the world rock to the side, it would startle other people. He was scared of that the most.

He had concerns but Ye Mo didn't. even if Ye Mo had time formation disk, he only needed to hand it out and he might be able to live but he would be dead for sure.

Instantly, Yan Jiutian took back the black mist line and changed into a net stopped the world rock. Yan Jiutian knew that Ye Mo's immortal essence was only that much weaker than his. This meant he couldn't instantly kill Ye Mo.

"Stop, there's no benefit in fighting for either of us." Yan Jiutian yelled.

Ye Mo sneered but didn't have any intentions of stopping, while his immortal essence kept urging the world rock as though preparing for the next attack. He said coldly "If you want to fight then we fight, if you want to stop then we stop, who do you think you are?"

Yan Jiutian knew that Ye Mo was only threatening him, otherwise Ye Mo could release his sword. He was furious but he could only say "Stop first, we'll discuss."

Ye Mo didn't take back the world rock and kept exerting pressure while saying "What's there to discuss between us? I only have a world rock, if the immortal king wants it then take it. I don't care. By the way, I didn't get the time formation disk believe it or not up to you."

Ye Mo's world rock broke free from the net and was going to smash down. Ye Mo was never going to admit the time formation disk. Even though Yan Jiutian was certain it was on him, he wasn't going to admit it.

"Stop, I'll agree to a condition of yours." Yan Jiutian eventually succumbed. He was beginning to suspect if Ye Mo really got the time formation disk. If Ye Mo got the time formation disk, he should be scared to show it.

"Oh, okay then." Ye Mo let the world rock hover above his head.

Yan Jiutian knew Ye Mo was acting but there was nothing he could do. To him, his life wasn't on the same level as Ye Mo's life. Even 10000 Ye Mo wasn't worth his life. If this idiot brought out the powerful beings on the immortal ship he would be over.

Seeing Ye Mo stopped fighting, Yan Jiutian was about to leave. He regretted coming here, he should've found an opportunity in the void to kill Ye Mo.

"I haven't said my condition are you going to go?" Ye Mo said plainly.

Yan Jiutian turned around, the fury was gone, he said calmly "Say it."

"I paid a heavy price to come to the grand heaven domain, how did you come up here?" Ye Mo asked.

"Because I have a low grade god artefact Time Space Boat." Yan Jiutian said.

Low grade god artefact? Ye Mo was immediately interested. Even though he refined Blue Moon many times and brought it to top grade flying immortal artefact, it wasn't enough compared to god artefact. If he had low grade god artefact, he would be able to fly from grand heaven domain to middle heaven domain in 5 years and middle to low heaven domain in a year.

He needed this desperately, otherwise taking immortal ship would take decades to get from grand to middle heaven domain and the ticket was a fortune.

Seeing Ye Mo about to drool, Yan Jiutian said in contempt "Time Space boat has countless replicas..."

Ye Mo said with joy "Yours is the real one right?"

"Mine is only an ordinary replica." Yan Jiutian said calmly. He'll leave it with Ye Mo for a few days. He wasn't afraid he couldn't kill Ye Mo in the void.

Ye Mo was shook, even a replica low grade god artefact was this powerful, how powerful was the real one?

Ye Mo looked at Yan Jiutian and said "Give me your time space boat and you can go, I won't spill your identity."

Unexpectedly, Yan Jiutian threw an extremely pretty boat to Ye Mo without hesitation and left.

Ye Mo destroyed Yan Jiutian's restriction and closed the door before setting up his own restriction.

He knew what Yan Jiutian thought. The reason he gave it to him so quickly was because he considered him dead.

But Yan Jiutian can keep dreaming if he thought he would be able to get back things from his hands. Unless Yan Jiutian reached immortal king, otherwise, he wouldn't be able to stop him. even if he can't beat Yan Jiutian, Yan Jiutian wouldn't be able to keep him.

Ye Mo scanned his spirit sense in the boat, there seemed to be countless restriction. Ye Mo was afraid Li Kun and them would come for him so he hung a solitary cultivation card outside the door before going in the room to spirit control the space time boat.

Anything could happen in the void, he would be able to use this to escape.

Yan Jiutian was extra careful while controlling this boat. He found all the marks that Yan Jiutian left on the boat.

Chapter 1755: Someone wants to kill Qi Beicang

A month passed quickly, during this time Li Kun, Ji Shu, Qi Beicang and them came to see Ye Mo but seeing the solitary cultivation card, they could only leave speechlessly.

They were very little people who even cultivated on the immortal ship much less go into solitary cultivation. This ship was going to stop half way and then people would be going out to capture void flying snow. There were very little people like Ye Mo who used even this time. However, they did admire Ye Mo's hard working attitude.

Li Kun came to Ye Mo a few times but Ye Mo was always in solitary cultivation. Seeing that the time for capturing void flying snow was coming, Li Kun was desperate but there was nothing she could do.

...

Two months later.

The time space boat in Ye Mo's hands buzzed and the dark blue color receded. Everything inside it cleared appeared in Ye Mo's brain. Ye Mo was overjoyed. He had completely spirit controlled this time space boat.

The inside space was tens of times larger than Blue Moon and the layout was also very grand. Spirit gathering immortal formations were already set up, one only needed to put immortal crystals inside to use. Even the defense formation was far stronger than Blue Moon's. There were all sorts of sensory formations too. It was like the void flying snow and could avoid dangers in the void.

At the tail of the boat, there was two propelling formations. If the time space boat went forward at full speed, these propelling formations would activate and accelerate the time space boat.

What Ye Mo liked the most about the void location disk at the front was that although it couldn't pin point the exact location in the void but it could point the approximate location of each heaven domain as well as its name.

It might not be as fast as the void flying snow in the void, but the void flying snow was a headless fly in the void. After flying for a few decades it might get back to where it started but the time space boat had a clear direction and can be controlled.

Ye Mo was very happy with this, he finally had a decent flying magic artefact.

Even a fake time space boat was this powerful, then just how powerful was the real one? That magic artefact would on the same level as his time formation disk.

Thinking about this, Ye Mo realised that although he had a lot of insane treasures, most of them are supplementary. He didn't have a real offensive and defensive treasure.

He upgraded Zi Xu relentlessly before finally bringing it to a level eight immortal artefact. The world rock was just a small rock on the world rock.

The only decent magic artefact was the hao heaven drum but Ye Mo didn't dare to use it. If he did, then even an idiot would know he got the hao heaven heritage.

He lacked a defensive magic artefact, Ye Mo sighed. He was a level eight immortal forgery grand master and could forge a top grade defensive immortal artefact but that really wasn't exciting for Ye Mo.

After sighing, Ye Mo put away the time space boat and took off the solitary cultivation card.

Just when Ye Mo wanted to go find Li Kun, he saw the Ethereal Immortal Pond saint come over to him.

Ye Mo quickly saluted with his fists "Greet martial sister saint."

The saint helped him a lot, if it wasn't for her, he might not even know Yan Jiutian was Daoless grand emperor. That way, he would be the one threatened this time.

Under that situation, he might even lose the time formation disk.

"Martial brother Ye just call me Mi Yun, I want to have a sit in your room is that okay?" Mi Yun smiled, her tone was very soft and charming.

Ye Mo didn't know why she came to him but she didn't look at him with scorn like others and answered his questions too.

"Martial sister Mi Yun please come in." Ye Mo quickly moved aside and said.

“Thank you martial brother Ye.” Mi Yun then hung up the solitary cultivation sign for Ye Mo again.

Seeing this, Ye Mo put on the restrictions again and asked after she sat down “Martial sister Mi Yun what business do you have with me?”

“Can’t I come see you? I heard you went to the Ethereal Immortal Well, we’re half a sect member.” Saint Mi Yun laughed, there was a sliver of airiness in her tone. Ye Mo dazed, were saints supposed to be formal and serious? Ning Eu found a man and now Mi Yun didn’t seem to act like a saint.

Seeing Ye Mo daze, Mi Yun took back her smile and acted a little more serious “Martial brother Ye I indeed need your help.”

Ye Mo quickly said “Martial sister Mi Yun please say it, if it’s something I can help with and not against my heart I’m willing to help.

Mi Yun got up and thanked before saying “Martial brother Ye can hide your power to be great extreme immortal middle stage as great eternity immortal primary stage and no one could see through it at all. One could say that martial brother Ye’s stealth cultivation method is definitely the best...”

Hearing this, Ye Mo immediately realised that there was nothing free in this world indeed. Mi Yun answered a few questions and wanted his cultivation method.

Those questions were life questions to Ye Mo but clearly she didn’t know this. since she didn’t, it was over the line for her to ask for cultivation method.

Mi Yun continued “Mi Yun knows this request is over the line but that stealth cultivation method is very important to me. martial brother Ye you can ask for conditions, as long as Mi Yun can do it, I definitely will. Please just give me a copy of that stealth cultivation method.”

Ye Mo didn’t answer, his stealth cultivation method came from Three Birth Chant.

Although she helped him, there was no way he was going to give his cultivation method.

“Because my master told me to not spread the cultivation method to anyone else. Martial sister Mi Yun is someone I respect, I can’t reject you straight up. So, let me think about this again.” Ye Mo said.

There was no way he would give the stealth cultivation method from Three Birth Chant to her but he had plenty of cultivation method in his storage ring. He would find one and complete it and then give it to her.

“Thank you martial brother Ye.” Mi Yun was overjoyed and got up to thank.

Seeing Ye Mo get up ready to send her out, Mi Yun left behind a jade slip and said “This is the way to capture void flying snow, hope it might help martial brother Ye a little.”

Just when Ye Mo wanted to rejected this, he remembered he needed this.

When Li Kun came to Ye Mo, she found that the restriction was open. She rejoiced and walked over but then saw Mi Yun saint come out of Ye Mo’s room.

Seeing Li Kun dazing, Mi Yun greeted politely “Mi Yun greet sister Xi Yue.”

Li Kun just reacted and smiled awkwardly and chatted with her a little before going in Ye Mo’s room.

“Brother, Mi Yun is Ethereal Immortal Pond saint, don’t get too close to her. Due to Ning Eu, the Ethereal Immortal Pond wouldn’t allow this thing to happen again. If it does, they might punish seriously,” Li Kun said immediately worried that Ye Mo would be enticed by Mi Yun.

Ye Mo smiled “I know, don’t worry sister Xi Yue.”

Li Kun nodded and added “The reason Ning Eu is fine is because Fang Chen comes from Fang Jinshan, a place with a few immortal emperor. The Ethereal Immortal Pond doesn’t dare to mess with them.”

Ye Mo nodded, and seeing a sliver of worry on her face he asked “What’s wrong?”

Li Kun immediately said “Someone wants to kill Qi Beicang, I came to ask you what to do.”

Ye Mo wondered. This immortal ship was going towards Qing Wei heaven, who had the guts to kill on this ship.

Chapter 1756: Of course I go

Li Kun quickly said “He was challenged, if immortals have conflict on the ship they can resolve the issue through duels on the battle stage. If you refuse the challenge, you must accept an insulting condition of the challenger. Qi Beicang was challenged but with his young city lord status how can he accept an insulting condition. However, I delayed the time, I said to wait for you to come out first.”

Hearing this, Ye Mo breathed easy. This meant Qi Beicang was fine for now.

“Who challenged him?” Ye Mo asked.

Li Kun explained “Qi Beicang offended Fen Du heaven East Abyss Emperor sect’s Xiang Changyong. Xiang Changyong is great eternity immortal peak stage and very powerful. He’s very famous amongst Fen Du heaven great immortals but he’s very murderous and violent. During these two months, he used challenges to kill quite some people.”

Ye Mo nodded and put the restriction back on his room before going with Li Kun to see Qi Beicang. Qi Beicang was a young city lord but like Ji Shu, he didn’t have any bad habits and was quite a good person. He was genuine to friends. The only bad thing about him was he was a bit immersed in lust.

...

When Ye Mo and Li Kun entered Qi Beicang’s room, he found there were more than ten people inside. They all came over from Chang Rong heaven.

Qi Beicang’s face was back, clearly he knew he was no match for Xiang CHangyong. Seeing Ye Mo come here, he nodded.

Ji Shu and them got up and greeted the two.

“Brother Ji, what is going on?” Ye Mo looked at Ji Shu and asked.

Ji Shu sighed and glanced at Qi Beicang “That Xiang Changyong is too cocky. Beicang is too careless and went to chat up Demon Joy sect Hua Ruxue. Hua Ruxue is an evil woman. She tricked Beicang’s things and told Xiang Changyong to kill Beicang. Quite a few people Xiang Changyong killed on the ship were due to Hua Ruxue.”

Ye Mo had heard of Demon Joy sect from Li Kun, this was an infamous sect. no one inside the sect was good. Regardless, now that Qi Beicang was targeted, Ye Mo wasn’t going to watch this.

When Yan Jiutian threatened him, Qi Beicang was the first to stand up for him.

“I think we should let a person who is as strong as Xiang Changyong to discuss with him. if he knows that we’re not weaker than him, perhaps he would step down.” Ji Shu looked at Fang Chen, it was obvious that he was the strongest here.

Ye Mo remembered there was a half way immortal king guy but clearly that guy didn’t want trouble so he didn’t come.

Fang Chen wasn’t dumb, seeing everyone look at him, he coughed “That Xiang Changyong is from East Abyss Emperor sect, their power is no weaker than us Fang Jin mountain and those around him are the extreme grade great immortals from Fen Du heaven. Jiu Fan immortal pond’s saint Yiyi is just one sliver away from immortal king. Our power is so much weaker than theirs. I feel like a man should be able to see the times, martial brother Beicang doesn’t have to fight him head on.”

Fang Chen clearly meant for Qi Beicang to surrender.

If one surrenders, not only does he ruin his own reputation but the reputation of his sect.

The victor can make the other person do anything that was insulting.

If Qi Beicang surrendered, he might as well die.

“Brother Qi, it’s just a small thing, a mere Xiang Changyong is nothing.” Ye Mo ignored Fang Chen’s idea, this was an idiot idea.

Qi Beicang’s face is bad but hearing this he laughed “Brother Ye is right, there’s only a Qi Beicang that dies in battle, there’s no Qi Beicang that kneels down. Xiang Changyong challenged me, I’m a great eternity immortal tertiary stage, how can I be scared of him. who will send the battle invitation for me?”

Everyone in the room dazed, everyone knew that Qi Beicang had to fight but none of them persuaded Qi Beicang to fight. doing that was asking him to die. This Ye Mo just straight up encouraged Qi Beicang to die.

Ji Shu and them sighed. They were close to Qi Beicang, and of course they knew Ye Mo was right.

Ning Eu looked at Ye Mo and shook her head. Fang Chen sneered and said nothing. Even he was no match for Xiang Changyong, instead of going to die, Qi Beicang might as well suicide. He came here due to Ning Eu and Ning Eu came here due to Li Kun.

Ye Mo laughed “Of course I’m going.”

Ning Eu looked worriedly at Li Kun and said “Xi Yue, your brother...”

Li Kun smiled but wasn’t worried. She knew Ye Mo’s power too well. He was definitely no weaker than Xiang Changyong. She also knew Ye Mo wasn’t the type to let his friends go die.

“He lives at Fen Du heaven region, room A138. Help me set it to three days later.” Qi Beicang said.

“I’ll go with you.” Ji Shu got up and said.

Ye Mo waved his hand “No need, I’ll go alone, it’s a mere battle invitation.”

Ye Mo said to Li Kun "Sister Xi Yue wait for me here, I'll go find Xiang Changyong, I'll be back soon."

Then, Ye Mo turned to leave without wasting any time.

Seeing this, everyone fell silent.

The one who helped Ye Mo explain the space law before said "I feel that although martial brother ye is impulsive, his words are right. We're immortal cultivators, how can we fear a battle. Dying in battle is better than living like a dog."

"Okay, everyone who came here today is my friend. I'm glad you didn't leave me in my most difficult time, I'll treat everyone."

Then, Qi Beicang took out barrels of wine and opened them up. Aroma spilled, everyone knew this was Qi Beicang's treasured stock. He probably knew he was going to lose for sure so he shared it with everyone.

The wine was great but everyone wasn't in a good mood, they even felt guilty. They didn't leave Qi Beicang but none of them were able to help him. instead, it was Ye Mo who sent the battle invitation for him.

"If we had a master like Lu Mang, who would dare to challenge us." Yin Hui finished a barrel and smashed it.

Everyone fell silent, they knew he was right. They were a group, they grouped up to increase their power and not be abused. But now, Qi Beicang was about to be killed but no one dared to say anything.

...

The heaven domain regions were distinct on the immortal ship. Ye Mo left Chang Rong heaven area and soon found Fen Du heaven area.

A138 was very easy to find, there wasn't even a restriction on this room. The room was very noisy.

Ye Mo walked to the door and the 30 immortals inside looked at Ye Mo. None of them knew Ye Mo.

"Who are you? What business do you have here?" A cold voice sounded, it was a great eternity immortal tertiary stage.

"It doesn't matter who I am, I came to send the battle invitation." Ye Mo sneered. Not fearing the 30 great eternity immortal at all.

After a brief silence, the room burst into laughter as though finding Ye Mo's serious attitude amusing.

Ye Mo waited for the laughter to calm down before saying "Who is Xiang Changyong? I'm challenging you."

A bulky man got up suddenly, at the same time his killing intent exploded out into a line towards Ye Mo and exploded before him.

Ye Mo stood at the door and didn't move. It was like the killing intent met an invisible barrier. The force looked dominating but Ye Mo's hair didn't even move.

Chapter 1757: Solo cultivator Ye Mo

With this, everyone in the room's faces changed. Everyone here was at least very strong in the same level. Ye Mo was a great eternity immortal primary stage and could stop such powerful killing intent without his hair even moving wasn't simple.

In fact, other than Ye Mo, everyone else's clothes moved but they knew the killing intent was just targeted at Ye Mo.

The bulky man's eyes narrowed, he was very strong and had a strong background too but he wasn't dumb. He investigated those who he challenges. He investigated Qi Beicang's friends. Other than that

Wei Chou who was half way immortal king and that Fang Chen, he didn't consider everyone else a threat. He knew Qi Beicang also had a great eternity immortal primary stage but seeing him today, he realised this great eternity immortal wasn't ordinary.

"I'm Xiang Changyong, when does Qi Beicang want to fight, just say it, I can't be bothered waiting." The bulky man's surprised quickly disappeared and looked calmly at Ye Mo.

Ye Mo scanned everyone else here and said "I need to give this battle invitation to you alone. Of course if you don't dare to receive it alone you can let everyone stay."

"Hahaha..." Xiang Changyong laughed "There's a battle invitation I don't dare to accept? I will accept any challenge, you don't need to use your little tricks."

"Everyone please wait for a moment, I want to see what a mere great eternity immortal primary stage can do to me." Xiang Changyong's tone was very contemptuous. He considered Ye Mo dead too. After he challenged Qi Beicang, he would be challenging Ye Mo next.

Everyone seemed to know Xiang Changyong's character and immediately left.

After everyone left, Ye Mo put a few restrictions on the door.

"On the account of you blocking my killing intent sever, I'll give you a chance to speak." Xiang Changyong stared at Ye Mo coldly.

"Take my punch first." Ye Mo said and punched.

Xiang Changyong didn't expect Ye Mo dared to fight in his room but his reaction was fast. He was furious, he wasn't even cocky yet and a mere great eternity immortal primary stage dared to be this cocky. The next moment, a huge baton appeared before him.

Ye Mo's punch seemed to have appeared out of nowhere and swept away all the space killing intent in this room. Endless killing force was borne out of nowhere and formed a killing intent whirlpool in just a second and enveloped Xiang Changyong.

Ye Mo could easily take the space killing intent of a thousand km radius and control it into the size of a room.

Xiang Changyong wasn't Yan Jiutian, he was far from it. Ye Mo wasn't even scared of Yan Jiutian. He didn't need to have any concerns teaching Xiang Changyong a lesson. He had the confidence to kill him and not startle anyone outside.

Of course, Ye Mo wasn't going to kill Xiang Changyong. If he was, it wouldn't be in the room. plus, Xiang Changyong's background was strong, Ye Mo didn't want to mess with the people behind him yet.

When Ye Mo punched, Xiang Changyong was still sneering but when Ye Mo brought all the killing intent in the room and the killing force kept increasing out of nowhere, Xiang Changyong frowned. He felt Ye Mo was no weaker than him.

When Ye Mo's killing intent whirlpool formed and enveloped him inside and found it difficult to even control his magic artefact, Xiang Changyong's heart went ice cold. If Ye Mo's fist wind exploded around him, he would be the center of the explosion and get torn apart.

At this moment, Xiang Changyong realised that Ye Mo wasn't on par with him, he was far beyond him. Ye Mo's such terrifying killing intent didn't even touch the walls of the room and knew that this wasn't Ye Mo's true power. If Ye Mo used his true power, he wouldn't last more than ten seconds in front of this great eternity immortal primary stage.

How was there such terrifying great eternity immortal in Chang Rong heaven? His killing intent sever was worse than a pebble in the sea compared to this punch. No wonder Ye Mo's hair didn't even move.

Such killing intent struck straight into Xiang Changyong's heart. Xiang Changyong felt that the next moment, his life would no longer belong to him.

Cold sweat fell from Xiang Changyong, for the first time, he felt he was so close to death. Although Ye Mo attacked first and made him lose the first opportunity but even if he was prepared could he stop this punch? Even if he did, could he stop the next one.

Just when Xiang Changyong closed his eyes waiting for death, that terrifying killing intent suddenly stopped and the killing force whirlpool disappeared slowly. Xiang Changyong's pale face breathed easy. He knew he just had a stroll in death's doors. If Ye Mo didn't take back this punch, he would be dead.

Xiang Changyong immediately knew that Ye Mo used a fist god artefact. Yet Ye Mo could control such terrifying fist wind and force with such ease. Once could see how strong Ye Mo was.

The room returned to what it was before but Xiang Changyong was sweating cold. He breathed easy but his face was very bad.

"I can easily kill you." Ye Mo said coldly.

If Ye Mo said this when he first came in, he would've attacked already.

Xiang Changyong put away his magic artefact, he knew Ye Mo was speaking the truth. Ye Mo continued "I didn't come here to kill you, if I wanted to I would challenge you."

Xiang Changyong shivered, if he failed on the battle stage, he would be killed and be scorned for being killed by a great eternity immortal primary stage after his death.

After a moment of silence he said heavily "you're right, you can easily kill me. I was asked by someone to kill Qi Beicang, if I knew Qi Beicang had a friend like you I won't challenge him."

Xiang Changyong knew why Ye Mo asked everyone in the room to leave, it was to save face for him. clearly, Ye Mo wasn't scared of him but didn't want to start conflict with him.

"I appreciate your good will." Xiang Changyong added. He was violent but he wasn't dumb.

Ye Mo nodded, it was the best outcome that Xiang Changyong could calm down and answer his words. If Xiang Changyong was an idiot, Ye Mo would have to resort to challenging him.

“Very well, I hope you can apologise to Qi Beicang and say you were told by someone and cancel the challenge.” Ye Mo said.

Xiang Changyong subconsciously answered “Impossible, I would definitely not apologise to anyone nor cancel the challenge.”

Ye Mo sneered “In that case I will challenge you first. I feel that Hua Ruxue isn’t bad, you and her...”

“Wait...” Xiang Changyong quickly stopped “I agree to your request. But in order to do that, Qi Beicang has to agree, or the challenge can’t be cancelled.”

“I will convince Qi Beicang, he won’t make it hard for you. You’re a smart person, I believe you know what to do. I can’t mess with East Abyss Emperor sect yet and I don’t want conflict with them but I don’t want something to happen to my friend. But just because I don’t want conflict doesn’t mean I’m scared of any power.”

Ye Mo’s words made Xiang Changyong know clearly that Ye Mo didn’t consider him a threat. He just didn’t want to offend East Abyss Emperor sect, if he did, he would eventually get back at them.

Xiang Changyong didn’t feel Ye Mo was talking big. Ye Mo could easily kill a great eternity immortal peak stage as great eternity immortal primary stage, clearly, Ye Mo’s future was boundless.

“I agree, but if Qi Beicang insults me, I would rather die in your hands.” Xiang Changyong said.

Ye Mo nodded and left. He believed Qi Beicang would insult Xiang Changyong.

“May I ask of your name friend?” Xiang Changyong quickly saluted with his fists and asked.

“Solo cultivator Ye Mo.” Ye Mo opened the restriction.

There were still many great eternity immortals outside, some were Xiang Changyong's friend, some came to see the fun. They wanted to see if Xiang Changyong would kill this great eternity immortal primary stage.

Chapter 1758: Xiang Changyong's apology

Seeing Ye Mo leave rapidly, everyone was confused. According to Xiang Changyong's temper, this guy should either be dead or heavily injured but Ye Mo left perfectly fine.

Moments later, Xiang Changyong appeared at the door. Compared to Ye Mo, these great eternity immortal felt like a lot about Xiang Changyong changed. His face didn't seem very good and there were slight waves on his immortal essence.

"Friends, I just heard Qi Beicang's friend explain, I just realised I was used by someone. I can fight to death but there's no way I'm going to let myself be used.

Xiang Changyong's words made people very confused, Xiang Changyong was using an excuse to kill Qi Beicang, how come he said he was being used? Didn't he like people using him to kill?

Xiang Changyong said seriously "I, Xiang Changyong, am a clean person, wrong is wrong, I will not let people use me. they want to use me to challenge Qi Beicang, I'm not going to let them have it their way. This time, I've decided to apologise to Qi Beicang..."

Xiang Changyong's words shook everyone nearby, what was this? Xiang Changyong going to apologise personally? With this temper, he would only kill Qi Beicang and then challenge the person who used him.

A few cunning great eternity immortal were already on to something, they immediately joined "Brother Xiang is indeed a clean and upright person. after knowing he was used, he still uses a nice manner to apologise to an ordinary great eternity immortal, he indeed has the mannerism of a big sect. with brother Xiang's unparalleled dao heart, his accomplishment would be boundless..."

With people leading the way, the rest immediately knew what happened and all clapped,

Xiang Changyong felt a little awkward but he was grateful to those great eternity immortal. At least his status and face was saved.

Those smart great eternity immortal already knew the problem was with the great eternity immortal primary stage who sent the battle invitation.

If it wasn't that Xiang Changyong was really powerful, some people even suspect he was taught a lesson inside. This was too absurd however.

...

As soon as Ye Mo left Fen Du heaven region, he saw someone familiar, little immortal king Lu Mang. He sneered at him clearly waiting for him here.

"No wonder you killed Ming Cai, you're a great eternity immortal. So amazing." Lu Mang sneered.

Ye Mo knew Lu Mang hated him to the bones but he didn't care. He had time space boat, he could go anywhere.

"You're right, my great extreme immortal was fake, great eternity immortal is real. It's better than something that can't be real." Ye Mo said.

Lu Mang was very annoyed seeing that Ye Mo sneering him for being a fake immortal king but he couldn't fight here.

"I'm warning you to stay away from Xi Yue, otherwise you won't even know how you die." Lu Mang threatened again.

Ye Mo ignored him and immediately left. Lu Mang sneered but there was nothing he could do. at this moment, a great eternity immortal came to deliver Lu Mang a message.

Ye Mo wasn't going to let this go and his spirit sense sneaked over.

Ye Mo only heard the words, five element item, auction, immortal king. Lu Mang immediately left, he seemed very desperate.

Ye Mo didn't care about auctions, there were ones every day. He cared about the five element item, it made Ye Mo think of his stone stools.

Thinking about this, Ye Mo was in no rush to go back and immediately chased after Lu Mang in invisibility. There were many restrictions on the immortal ship and in less than 15 minutes Lu Mang disappeared from him.

"Brother Ye?" just when Ye Mo was thinking about how to get to the auction, a voice of surprise and joy sounded.

Ye Mo recognized this person, it was Ren Lijin and Chu Chi next to her.

To be honest, Ye Mo really didn't want to see these two. He didn't expect they had the right to go to Qing Wei heaven. Ye Mo could only salute with his fists and greet them "So it's martial sister Lijin and brother Chu, we meet again. I believe you two are going to Qing Wei heaven too?"

Chu Chi quickly said "Yes, thank you for your help brother Ye."

Seeing Ye Mo here, Chu Chi was very shocked. Ye Mo could appear here meaning that in the battle at the palace, Hei Wuren was probably dead. Ye Mo being great eternity immortal primary stage was very normal to him, last time Ye Mo was great extreme immortal peak stage.

Ye Mo didn't want to mention the past and quickly said "It's nothing, you guys should be in Jin Shang heaven, how are you guys here?"

"In order to go to Qing Wei heaven, the immortal residence used a lot of effort. We know it's very hard for us to get the Peng Yue immortal fruit but it's better to see the world. It's the market place ahead, we brought some immortal artefact we want to sell." Ren Lijin quickly said.

Ye Mo knew that they must be selling the immortal artefact they got in the Immortal Graveyard range.

Ye Mo immediately said “Perfect I want to go to the market place too.”

This was just a market place on the immortal ship but it as popular as market places in some immortal cities. There were mostly great eternity immortal inside, only a few great extreme immortal.

Ye Mo let Chu Chi and Ren Lijin go set up their stall first. He wanted to find out about the auction and didn’t want others to know.

...

“Why is Ye Mo still not back?” Jiu Ruyan was worried. Xiang Changyong’s temper was bad and they all knew.

If Ye Mo offended Xiang Changyong, Xiang Changyong wouldn’t dare to kill him but he could heavily injure Ye Mo or destroy his power.

Ye Mo was just sending a battle invitation, it shouldn’t take this long. Even Ji Shu and them were getting worried. Li Kun wasn’t worried at all but seeing everyone worry, she began to worry too. She trusted Ye Mo’s power but what if they gained up on Ye Mo.

Thinking about this, Li Kun couldn’t sit down anymore and immediately got up and said “I’ll go have a look.”

“Sister Xi Yue, let me go.” Ji Shu got up. He was close with Ye Mo.

At this moment, the restriction of the room move, someone came.

Qi Beicang was a little tipsy but he immediately felt it and opened the restriction saying “Brother Ye should be back...”

But when he opened the restriction, he was dazed. It wasn't Ye Mo at the door, it was Xiang Changyong here but there was no Ye Mo.

Qi Beicang guessed that Ye Mo might be heavily injured and immediately got up in fury. Everyone else realised what happened.

Ye Mo was heavily injured and Xiang Changyong came to show off. Ye Mo's friends were only Ji Shu, Qi Beicang, Jiu Ruyan and Yin Hui, everyone else guessed what happened but no one got up.

"Where is my brother Ye Mo?" Li Kun's eyes went red and yelled at Xiang Changyong.

Seeing the furious Li Kun who couldn't even control her killing intent, Xiang Changyong dazed. He just came here and didn't attack Li Kun. But soon he immediately realised what happened, Li Kun clearly thought he did something to Ye Mo.

Li Kun was Ye Mo's sister, Xiang Changyong was scared and quickly saluted with his fists "Martial sister, brother Ye went to my place and sat for a while and left. I don't know where he went but I believe he should be back soon."

Everyone in the room dazed, since when was Xiang Changyong so easy to talk to? Was this the violent tempered Xiang Changyong?

What shocked them even more was that, Xiang Changyong turned to Qi Beicang and said "Brother Qi, I was tricked by someone before to challenge you. Luckily I know what happened now, I came to apologise to you and take back the challenge, please forgive me brother Qi."

In this instant, the room was extremely silent, Xiang Changyong came to apologise and take back the challenge?

Chapter 1759: God Artifact Pill Cauldron

If it wasn't that Xiang Changyong's tone was genuine, no one would believe this was real.

Seeing the silence in the room, Xiang Changyong felt very awkward and said genuinely, “Brother Qi, what do you think?”

Qi Beicang was a little tipsy but he instantly woke up now. He realised that Xiang Changyong came to apologise probably due to Ye Mo.

Qi Beicang wasn’t going to reject of course, he quickly saluted with his fists. “So someone started this conflict using you – since brother Xiang came to apologise, this little matter is over. Please, come have a drink too.”

Qi Beicang gave Xiang Changyong a way down.

Then, Qi Beicang poured a cup of wine for Xiang Changyong. Now, Ji Shu and them all realised that Xiang Changyong was indeed here to apologise.

Xiang Changyong really didn’t want to drink here but was afraid Ye Mo would think his apology wasn’t genuine so he quickly finished the cup and said, “All the unhappiness and misunderstanding is over with this drink.”

Qi Beicang was very happy and laughed. “Of course, brother Xiang has an open heart, I greatly admire it, that little misunderstanding is nothing.”

With this, Xiang Changyong felt assured and immediately saluted with his fists. “In that case, I’ll be leaving.”

Xiang Changyong walked to the door but suddenly thought of something and turned back “When brother Ye comes back, if he has the time, I welcome him to come visit.”

Then, Xiang Changyong suddenly remembered what Ye Mo said before he left, ‘solo cultivator Ye Mo’.

Only now did he realise the meaning of that, being solo cultivator meant that Ye Mo was alone and could go anywhere. If he kept looking for trouble with Ye Mo’s friends, Ye Mo would attack without hesitation.

Seeing Xiang Changyong leave, the room full of people went into discussion. They all realised that Xiang Changyong came to apologise due to Ye Mo, but Ye Mo was a great eternity immortal primary stage – how could he convince Xiang Changyong to apologise?

Only Li Kun knew that Ye Mo didn't persuade with words, he persuaded with fists. Since Xiang Changyong came to apologise, it meant that he considered the consequences of not apologizing.

"Hahaha..." Qi Beicang laughed and felt very satisfied. With Xiang Changyong apologizing to him, he would have everywhere he went if he told the story.

"Many thanks to brother Ye today. Hmm, why isn't he back?" Qi Beicang wanted to celebrate but he realised that Ye Mo wasn't back.

Li Kun said, "My brother probably has some business, don't worry about him."

"It seems that with Ye Mo on our team, no one would dare to challenge us." Ji Shu laughed. Ji Shu knew a little more about Ye Mo than everyone else.

The depressing atmosphere immediately lightened up with Xiang Changyong's apology.

...

Ye Mo went to a few shops and still got no news about the auction. He even wanted to find Lu Mang straight up. At this moment, he saw a huge sign on a merchant tower that clearly spelled 'Yi Tower auction', Ye Mo immediately went inside.

Five minutes later, Ye Mo came out of the tower. He realised that this auction wasn't the auction he wanted to go to. But he also found out from here that there was a Ding Xiang auction that only invited those with high status.

Lu Mang was the disciple of the Chang Rong Heaven's heaven lord, clearly he had the opportunity. Ye Mo guessed that Mi Yun saint of Ethereal Immortal Pond probably was invited too ,but he didn't know if Li Kun was invited.

Ye Mo had decided to go ask sister Xi Yue first and then Mi Yun. Before he left the marketplace, he heard some ruckus. Ren Lijin's voice was very loud.

Ye Mo knew that there was probably some issue at their stall so he went over without hesitation.

"Brother Ye!" Ren Lijin had this fear towards Ye Mo, she felt Ye Mo was very mysterious and powerful. She quickly greeted Ye Mo when he came.

"What's going on?" Ye Mo looked at the rusty pill cauldron in Ren Lijin's hands.

Chu Chi quickly said, "After we saw this pill cauldron, I felt it wasn't ordinary and wanted to put it away, but this immortal friend tried to force me to sell this cauldron to him. I didn't want to and he's causing trouble here."

"Your stall is clearly selling old products, I just picked this up from your stall. How am I causing trouble? If you don't want to sell then don't set up a stall here!" a great eternity immortal peak stage yelled.

Ren Lijin immediately said, "Why can't I set up stall here? Does this marketplace belong to you?"

"Show me the cauldron." Ye Mo reached out his hand.

"Brother Ye, if you like this pill cauldron you can have it. I'll give it to you for free, I'm not going to sell it to this rude person," Ren Lijin said.

The great eternity immortal peak stage sneered and just stared at Ye Mo's cauldron saying nothing. Clearly, he really wanted it.

Ye Mo took the pill cauldron and scanned it with his spirit sense. When he saw waves and waves of restrictions, he immediately realised why this great eternity immortal peak stage wanted it so much.

This was a low grade god artifact.

A low grade god artifact pill cauldron would be worth the same as an ordinary middle grade god artifact. Ye Mo was immediately interested in this god artifact.

“Brother Chu, martial sister Lijin, this pill cauldron is a good magic artifact, I’m an immortal pill master, it’s useful to me...”

Before Ye Mo finished, Chu Chi said, “Martial brother Ye, you saved us before, if you like it then take it. Plus, martial sister Lijin agreed to give it to you.”

“Then thank you,” Ye Mo said. He really did save them and to be fair he abandoned this cauldron. He didn’t expect there were really good things in that pile of trash.

“There’s a chronological order to things. I came first, what right do you have to take it?” The great eternity immortal immediately became desperate.

Ye Mo took the pill cauldron and stared at this great eternity immortal. “Did you see me buy it? They gave it to me for free, did you not hear it?”

The people watching immediately laughed out.

“You...” the great eternity immortal was at a loss of words.

But he immediately changed his position and saluted with his fists. “Friend, this pill cauldron is really important to me. Name a price, I will buy it from you.”

“If you have to buy it, then I’ll sell it to you...” Ye Mo frowned and said. He didn’t believe this great eternity immortal would be able to afford it.

The git immediately said happily, "Okay thank you friend,"

Ye Mo waved his hand "Don't thank me yet, this pill cauldron is very pricey. If you can't afford it don't blame me."

"Tell me," the great eternity immortal said calmly, he believed with his fortune he would be able to shock this great eternity immortal primary stage.

Ye Mo nodded. "One extreme grade immortal range, if you can take out an entire one, you can have this pill cauldron."

Ye Mo didn't know which one was more valuable but he knew his price wasn't overpriced.

To Ye Mo, the extreme grade immortal range was more important because he had a Shen Nong Cauldron.

"You..." this great eternity immortal immediately pointed at Ye Mo in fury, thinking Ye Mo was mocking him. He didn't even have a low grade immortal range. Not even immortal emperors had an extreme grade immortal range. Not even every grand emperors had an extreme grade immortal range.

At this moment, another voice sounded, "Brother Ye, can you show that pill cauldron to me? Of course the price will be what you say."

Chapter 1760: Immortal King Ambush

A white dressed woman appeared before Ye Mo, she seemed very formal giving Ye Mo a feeling like she was a lily rising out of the water.

Such a pretty woman, Ye Mo thought of Susu and Zhen Bingyu. They were on par with her but this woman seemed to have a royal temperament.

Ye Mo didn't believe those seductive words were said by this woman, but when Ye Mo looked at the old man behind her he immediately stopped using his spirit sense. Although the old man hid his power, he was at least immortal king peak stage or even an immortal monarch.

"Brother Ye, can you sell this pill cauldron to me?" The same voice came out of her mouth but it didn't have the seduction like before.

Ye Mo dazed, he couldn't match that seductive voice to this formal looking woman.

Seeing Ye Mo daze, the woman laughed. There was innocence and naivety in her laugh as though she was a little girl.

"You know me?" Ye Mo asked heavily.

This woman saw Ye Mo's look suddenly turn serious and said with some unhappiness as she groaned, "Brother Ye, do you hate me that much? You said you liked me before..."

"I like you?" Ye Mo laughed. "I don't even know who you are, why would I like you?"

Even though there was an immortal monarch behind her, Ye Mo wasn't scared. Immortal monarchs wouldn't dare to attack a great eternity immortal here. If it was in the void, Ye Mo would be alert.

"So you tricked me." The woman suddenly seemed like she was about to cry. "You told Xiang Changyong you really like me, so you lied to me..."

Ye Mo suddenly woke up, he couldn't believe that this woman was Demon Joy Sect's Hua Ruxue. Sister Xiyue said Demon Joy Sect's women were the most shameless. They went around seducing men, they would sleep with them whenever and wherever they could.

But this Hua Ruxue seemed to naïve and innocent. Without that, she would be a formal looking goddess. Ye Mo really couldn't connect her to her Demon Joy Sect identity.

Ye Mo couldn't help being amazed at how quick she received news of it. But it was no wonder Xiang Changyong would tell her, she was indeed too attractive.

"There are countless people called Hua Ruxue, I might not be talking about you. If you have to think that I am, then I lied to you." Ye Mo nodded.

"Huh..." Hua Ruxue was at a loss for words.

But she quickly reacted and lowered her head as though in disappointment and used a very crisp sound voice. "I heard brother Ye wanted to sell your pill cauldron, will I be able to buy it?"

"Of course, as long as you can afford it," Ye Mo said.

"I don't have an immortal range, I only have immortal crystals. Name a price, I'll convert it to immortal crystals to you." Hua Ruxue changed into a holy goddess manner.

Ye Mo smiled. "Sorry, I don't want immortal crystals."

Immortal crystals were much worse than immortal range, and an extreme grade immortal range would be very helpful to the Golden Page World too.

The look of disappointment on her face would make ordinary men want to give everything to her to make her happy. Some immortals on the side cursed Ye Mo for being so vulgar. They would've given the pill cauldron to her already.

"Brother Chu, martial sister Lijin, I took the pill cauldron, I will pay for it," Ye Mo said to Chu Chi and Ren Lijin.

Chu Chi quickly said, "It's right of us to give the pill cauldron to brother Ye. If you say anymore, I'll be ashamed."

Seeing Ye Mo about to go, Hua Ruxue quickly stopped Ye Mo. "Brother Ye, if you really want an immortal range, that's fine. Two nights later, there will be an auction at the top level of the ship.

Only wealthy immortals can go there, one must have at least a one billion net worth to go. If you want to go, I can lend you one billion immortal crystals to participate there. If you sell your pill cauldron there you might be able to get an extreme grade immortal range.

"I don't have immortal crystals and I don't want to go to some auction." Ye Mo rejected without hesitation. He wanted to go but he definitely couldn't let people know.

Then Hua Ruxue showed extreme disappointment. "Then brother Ye do you want to have a sit at my place? I'm willing to talk the entire night away with you."

"No need, starting from today I'm going into solitary cultivation. I need to spirit control this pill cauldron. I'm an immortal pill master, this pill cauldron is very important to me," Ye Mo said.

Just when Ye Mo didn't know what to do, the great eternity immortal stopped Ye Mo. "Because of your rudeness to Ruxue goddess, I, Miao Cheng Heaven's Yan Chong Sect's Ya Ge officially challenge you to a duel."

Ye Mo knew that this guy wanted to use the challenge to rob the god artifact but he didn't have time to challenge this guy. He had 2.5 billion immortal crystals, he could go into the auction.

Before Ye Mo answered, Ge Ya said again, "Of course, if you're willing to accept defeat, I won't humiliate you."

Ye Mo sneered, this guy just wanted the pill cauldron, of course he wouldn't humiliate him.

"If you want to fight I'm down, but I don't have time to play with you now. I need to go back for solitary cultivation, see you half a month later on the battle stage." Ye Mo turned to leave, ignoring Hua Ruxue who was waiting for him on the side.

Ge Ya sneered. "You probably don't know, the challenged can't delay the battle for more than five days. You want to delay it by half a month, do you want to lose?"

Ye Mo really didn't know this rule. If he had to come out and fight Ge Ya, this would be against his plan. Ye Mo was thinking about how to convert his immortal essence to a fake great eternity immortal tertiary stage. He believed he would be able to do it with the Three Birth Chant. As long as he changed his cultivation level, he could forge a mask.

Only then would he dare to go to the auction.

Ye Mo slowly looked at Ge Ya and said, "In that case, I accept your challenge the time is now."

"You really want to go to the battle stage now?" Ge Ya looked at Ye Mo in disbelief. A great eternity immortal primary stage didn't even fear death for the pill cauldron?

Just when Ye Mo wanted to talk, a powerful spirit sense subtly charged into his sea of consciousness. Ye Mo's sea of consciousness was different than others, he would even immortal emperor spirit sense checking inside.

Ye Mo's face went pale, he immediately hacked out tens of spirit sense blades and used a spirit sense net to stop that spirit sense. The spirit sense clashed with Ye Mo and Ye Mo spat a few mouthfuls of blood and flew back tens of meters into a shop.

"Top grade spirit sense cultivation method?" The old man called out in shock.

Ye Mo got up slowly, if he didn't use spirit sense blade, this old thing almost invaded into the depth of his sea of consciousness. This way, not only would he be turned into an idiot, the Golden Page World would be exposed.

This old bastard didn't consider the immortal ship rules and attacked him.

Hua Ruxue frowned at the old man. "Who let you attack?"

The old man quickly bowed. "This person disrespected mistress, I'm teaching him a lesson."

Hua Ruxue ignored him and walked up to Ye Mo bowing. "Sorry, my subordinate was very rude. I apologise to you genuinely." Her tone was genuine and had a sliver of pity making people unable to get angry.

Ye Mo nodded. "Okay, I know."

Hua Ruxue felt relaxed but Ye Mo didn't even wipe the blood from his body and said to a great eternity immortal not far ahead, "How do I report status immortal ambushing a great immortal?"

"Ring the drum at the marketplace entrance." That great eternity immortal saw a status immortal ambush Ye Mo and also felt annoyed, but he didn't dare to talk before.

"Didn't I apologise to you before?" Hua Ruxue called out in shock.

"I already said I know, do I have to say it again?" Ye Mo then walked up to the drum and smashed the stick onto the drum. His sea of consciousness was almost crippled, could one sorry be enough?

The deep drum sound rang through the entire immortal ship.
