

## Strongest As 1801

Chapter 1801: Invincible in immortal king

“No, we didn’t....” The two great eternity immortals stuttered.

“Oh.” The immortal king waved away the image and asked plainly “I heard you guys talk about some level seven immortal spirit beast? Where did you see it?”

The red robed great eternity immortal saw the immortal king wasn’t too stern and eased up a little “Immortal king master, we came from immortal graveyard range. We saw a powerful divine damnation there. That’s definitely immortal king or level seven immortal spirit beast divine damnation. Since the place is arid in immortal spirit chi, there’s no way people would have divine damnation there so wan bei guessed it was level seven immortal spirit beast.”

The immortal king didn’t answer and just took out the tracking disk and started searching. Moments later, he put away his disk and looked at the two anxious great eternity immortal.

He knew immortal graveyard range of course and he had been there. Now that there was someone having divine damnation there, it made him think of Ye Mo. The disk pointed towards the range too and Ye Mo was great eternity immortal peak stage.

If it’s really that great eternity immortal peak stage who fought him then things was seriously bad. If Ye Mo reached immortal king and stabilized his power, then he might even be invincible in immortal king.

Thinking that Ye Mo might be invincible in immortal king, he couldn’t stay calm anymore. He glanced at the two great eternity immortal and waved two blue lights over.

These two were just great eternity immortal middle stage and were far too weak compared to Ye Mo. The two didn’t expect it at all and were killed.

The immortal king didn't stop one bit and collected two storage rings and disappeared on his extreme grade immortal artefact.

Two hours later, a hollow figure came out of the grey robed great eternity immortal. He looked hatefully at the eagle eyed immortal king and said coldly "If I didn't have a soul protection card even my essence spirit would be gone. I, Fang Jicong, swear that I will kill you in my lifetime."

Then this essence spirit fled.

...

Ye Mo released lightning sword that clashed with the thick golden lightning arcs.

With such terrifying divine damnation and such terrifying person, no ghost dared to come near.

Thud thud. Lightning struck Ye Mo.

These lightning bolts were thick but after being slowed by Ye Mo's immortal king domain, it slowed down immediately. Then when they clashed with the lightning sword, they were further weakened.

With Ye Mo's immortal king primary stage power and immortal spirit body tertiary stage body refinement, only blood marks were created, no more flesh flying and bones breaking.

The golden lightning circulated in the sky non stop, Ye Mo's lightning sword was kept being refined. Ye Mo also devoured these lightning source to strengthen himself. Those blood marks were gone in the blink of an eye.

Ye Mo floated in the air and was surrounded by countless lightning but his power didn't grow any weaker. Instead, it kept growing stronger and stronger.

After two waves of lightning, the third wave seemed to have disappeared and didn't fall for a long time. Ye Mo didn't care and just kept refining his lightning sword and power.

Half a day later, the third wave finally came. Only a few blue lightning bolts fell. Ye Mo didn't even have the interest in devouring them. He just released a few lightning sword and these lightning bolts were crippled instantly.

Ye Mo knew clearly that the remaining divine damnation would have zero threat for him at all so he started using the Three Birth Chant to stabilize his immortal king state.

Ye Mo guessed that there probably wouldn't be immortal spirit chi cloud this time. Indeed after the last lightning bolt, nothing came.

After all these divine damnations, Ye Mo found a rule. If the divine damnation wanted to kill him, there would be no immortal spirit chi cloud. If the divine damnation didn't want to kill him, there would be immortal spirit chi to help him consolidate power.

Ye Mo was furious but there was nothing he could do. He even suspected that people took turns in dropping divine damnation. If there was a good guy he would get normal divine damnation but if there was a maniac he would get annihilation divine damnation.

Now, all his immortal artefact turned to shambles except octagonal cauldron, Zi Xu and world rock. Octagonal cauldron was already ruined and after this divine damnation, it went from extreme grade immortal artefact to top grade immortal artefact around level eight immortal artefact.

After putting these things away, Ye Mo continued to consolidate his power.

In a short day, Ye Mo suddenly woke up. He felt a powerful spirit sense scan his barrier formation. He was familiar with that spirit sense, it was that immortal king tertiary stage in the void.

This guy chased all the way over to the immortal graveyard range. Ye Mo's killing intent soared. He cleaned himself and got up. The extreme grade immortal range was used up, even if he was to stabilize his power, he didn't need to stay at immortal graveyard range.

After putting away the formation flag, Ye Mo noticed that the spirit sense just touched his barrier formation and didn't come over.

Ye Mo was now immortal king, he wasn't going to be scared of an immortal king tertiary stage. He released his space time boat and chased over without hesitation.

That immortal king tertiary stage saw that the immortal graveyard range had calmed down, there was no more divine damnation. He immediately knew there was two possibilities, one was Ye Mo failed his divine damnation, the second was Ye Mo was recovering his power. He was certain that the one having divine damnation was the git who fought him.

He was in hesitation, he didn't know if he should go over anymore. If Ye Mo was still in divine damnation, then it would be perfect to go over. No matter if Ye Mo succeeded or failed, after divine damnation was his weakest moment.

But now that the divine damnation finished, he was worried that if Ye Mo succeeded, then with his terrifying power, even he was no match.

Just this slight hesitation and Ye Mo's space time boat was nearing him. The immortal king's face changed and subconsciously wanted to run but then he released his blue spear.

No matter how ferocious Ye Mo was, he just reached immortal king. Meanwhile, he was immortal king tertiary stage and refined his immortal essence for a hundred thousand years, how could he be afraid of an immortal king primary stage who hasn't even stabilized his power yet?

In a short while space time boat came before the immortal king tertiary stage.

"You're very persistent, you chased all the way from the void to here. Since you want to fight so much, I, the king, will fight with you."

Ye Mo felt very satisfied, he could call himself king in front of this guy who always called himself king.

"I'm king Huo Jing, Yu Yu heaven Wing demon sword sect immortal king elder. It's outside my expectation that you can reach immortal king. Seeing that you're immortal king, I won't have to fight you as long as you give me half of the spirit item before. of course, I won't take it for free, I'll pay some immortal crystals."

Huo Jing already wanted to retreat, he was threatening Ye Mo but his tone started to weaken. Ye Mo's force was overwhelming now, he couldn't control his immortal king chi yet completely.

Wing Demon sword sect was an immortal monarch sect.

Ye Mo sneered "Wing Demon Sword sect, I've never heard of it. but I don't want to show you my things, what are you going to do?"

Huo Jing's face changed, one only dared to say he never heard of such a sect if his own sect was much larger or he really never heard of it. Huo Jing didn't believe that Ye Mo hadn't heard of it. Wing Demon sword set was so famous, there was no way a great eternity immortal peak stage hadn't heard of it.

Huo Jing already regretted, clearly threats were useless. When Ye Mo was only great eternity immortal, he dared to challenge an immortal king tertiary stage. Now that Ye Mo was immortal king, how could he be scared?

"In that case, goodbye." Huo Jing eventually didn't fight, he felt he was no match for Ye Mo.

"You wanted to fight and chase me, I was fine with it, but now that you want to go it's not up to you." Then Ye Mo released his fist god art, void.

Chapter 1802: Send pill before leaving

Huo Jing knew Ye Mo's means, as soon as Ye Mo punched, his blue spear morphed out. In his impression, Ye Mo's strongest punch was that wave kill.

But when his blue spear morphed, he felt things weren't right. This punch wasn't some flame wave, it swept the lethal force of a few hundred km radius into a lethal force whirlpool.

The destructive chi in the whirlpool made his heart shiver. Huo Jing's long spear didn't stop at all and brought a three hundred meter long blue light piercing at the whirlpool. At the same time, he knew that he thought right. When Ye Mo reached immortal king, he was no match for him at all.

The powerful space pressure came, Huo Jing felt his immortal king domain pause and instantly get compressed. The next moment, he was more horrified. He had been through countless battles and knew this was Ye Mo's immortal king domain but he had never expected someone who just reached immortal king to have a far stronger immortal king domain than him.

Before Ye Mo had immortal king domain, he could suppress him but now that Ye Mo's domain was far stronger than his, Ye Mo could easily suppress him. Thinking about this, Huo Jing wanted to run away.

Rumble.

Void punch lethal force whirlpool clashed with the long spear scattering earth all over the place.

Huo Jing spat a mouthful of blood and flew back but the lethal force wasn't completely negated by the blue spear. After retreating tens of kilometers, it still arrived.

Thud.

Just when the force was about to strike him, Huo Jing burned immortal essence and dodged it. Ye Mo's fist struck the sturdy ground and pebbles flew around everywhere. A huge fist mark formed on the sturdy ground.

Huo Jing spat another mouthful of blood, he felt weak after burning large amounts of immortal essence. He knew he was far from a match for Ye Mo.

If it wasn't that Ye Mo wasn't familiar with controlling immortal king domain, that attack would've killed him.

Ye Mo wasn't familiar with immortal king domain indeed but he was experienced in battle and immediately realised what was going on.

The next moment, he completely expanded his domain and controlled this region of space.

Huo Jing took out a transmission rune, if he didn't leave now he wouldn't get the chance to anymore. Just when he released it, he heard a light crack. Huo Jing was shocked, he knew he was completely in Ye Mo's domain while his domain was melted.

"Stop..."

Huo Jing called out crazily but he only spoke one word and a purple rainbow sliced over. There was despair in his eyes. He was an immortal king tertiary stage but was killed by a newly risen immortal king. He regretted, if he fought with his life from the start, he might have a sliver of chance of escape.

Ye Mo was so powerful already after just reaching immortal king, once he stabilized his power, which immortal king would be a match for him? This was definitely invincibility amongst immortal king.

When blood mist sprayed, a dragon horse like immortal spirit beast appeared and suddenly ate his essence spirit.

...

A month later, a blue robed great eternity immortal primary stage walked out of the immortal graveyard range. Then he got on a top grade flying immortal artefact and left rapidly.

This was Ye Mo who had consolidated his power, he didn't hide his face this time as he was going to Yue Ren immortal residence.

He got a good extreme grade immortal artefact spear from the immortal king, the spear was blue and had great offensive and defensive capabilities. That extreme grade flying immortal artefact was also pretty good but the storage ring only had ordinary things. Other than large amounts of void secret silver, there was only 200 million top grade immortal crystals. There were large amounts of supplementary herbs for monarch will pill but not the main ingredient.

He also got 1000 extreme grade immortal crystals. They were rare like extreme grade spirit stones in the cultivation realm. extreme grade immortal crystals were used to set up high level formations and power flying immortal artefact as well as puppets.

...

Yue Ren immortal residence was only a very ordinary residence in Jin Shang heaven.

Ye Mo stood outside it right now, he felt the place wasn't bad. It was on par with some immortal cities in the middle heaven domains.

"Qian bei please stop here, this is Yue Ren immortal residence region." One abstruse immortal tertiary stage stopped Ye Mo and saluted with his fists politely.

Ye Mo said "I was invited over by Ren Fu and Chu Chi."

Before the abstruse immortal answered, two people flew over already, it was Ren Fu and Hong Ling.

"Brother Ye I really dind't expect you to come here." Ren Fu said in joy and so was Hong Ling.

moments later, Chu Chi and Ren Lijin came too but Ye Mo felt there was some hesitation and sadness in Ren Fu's eyes.

Chu Chi and Ren Lijin were also overjoyed that Ye Mo came. The five went inside together and told each other of their experiences after parting. Chu Chi and Ren Lijin travelled in Qing Wei heaven for two years and came back to Jin Shang heaven. Both of their cultivation level progressed. Ye Mo didn't say what happened to him and neither did they ask.

There were quite a lot of rooms here, Ye Mo was experienced in formation and could immediately tell they were divided into regions. Some regions had ample immortal spirit chi, some had arid immortal spirit chi.

Ye Mo thought Ren Fu had great status in here and would have the best place but after coming to her cultivation home, Ye Mo realised that she stayed at the palace with the worst immortal spirit chi.

Ye Mo didn't ask but Ren Fu already knew Ye Mo realised.

After they sat down, Ren Lijin helped pour a few cups of immortal spirit chi tea. Ren Fu set up restriction before saying "Brother Ye thank you for helping Lijin and Chu Chi."

Ye Mo waved his hand "No big deal."

Ren Lijin said "Brother Ye, if we weren't waiting for you we would've already left."

Ren Fu sighed "Three years ago, the old residence leader died when he went out. The old residence leader wanted me to succeed his position but I felt my power was too weak so I had no intentions of doing so. But other people think I'm a hypocrite and keep suppressing me."

Hong Ling said "Martial sister Ren probably would've long left if I didn't insist on staying here to wait for you."

Ye Mo realised why Ren Fu's place was so bad so he asked "Then what plans do you have now?"

"I don't know, after you go, we'll be leaving here." Ren Fu really didn't know where to go.

Ye Mo thought for a moment and said "I came this time to invite Hong Ling to help me go to Long Yue immortal mountain. My sister Li Kun is at Long Yue immortal mountain."

Hong Ling immediately got up and said "Martial brother Ye, you have something to give to your sister? Leave it to me."

Ye Mo nodded "Yes I have a bottle of Yi King pill, help me bring it to my sister. She will know what to do."

Ye Mo had eight pills inside the bottle, he put so much in because Li Kun would be giving the rest to Ji Shu, Qi Beicang and them.

“Huh...” Hong Ling took the bottle shakily. Such pill was precious to everyone and Ye Mo gave her such pills. This was trust.

Everyone else looked dazily at the bottle.

Ye Mo knew what they thought and took out four more bottles “There are two Yi King pills each in the bottles, take one bottle each.”

Ren Lijin was the first to open the bottle. She called out in shock “Special grade Yi King pill and top grade Yi King pill?”

Chu Chi immediately remembered that Ye Mo said he would give compensation for taking that pill cauldron. He looked at Ye Mo in disbelief and asked “Brother Ye you’re an immortal pill grand master?”

Ye Mo nodded.

“Martial brother Ye where are you going?” Hong Ling wanted to go find Ye Mo as soon as she reached immortal king.

“I’m going to Gong Hua heaven, I ascended from Luo Yue continent. Many of my friends will be going Gong Hua Heaven after ascending, I will meet up with them.” Ye Mo said.

Chu Chi got up immediately and said “Brother Ye after we reach immortal king, we will go find you at Gong Hua heaven.”

Chapter 1803: Outside Qing Mo city

There were three immortal king tablets in the 33 heavens of the immortal realm. The first tablet was in grand heaven domain, Fen Du heaven. The second was at middle heaven domain Yuan Le heaven, the third was at low heaven domain Mo Yi heaven. However, they all displayed the same content.

In the immortal realm, only status immortal had high status and enjoy the longevity of life in the immortal realm.

Each new immortal king would get a title, one didn't name his own title, nor did someone give it to him. the immortal king tablet would show it automatically.

When a great eternity immortal reached immortal king, he would get a chance to earn a title. You needed to go to immortal king tablet.

Usually, immortal kings would go to the immortal king tablet and mark his name immediately after breaking through. Then, the tablet would show his immortal king title. Only an immortal king who accepted the title from the tablet would be taken care of by the immortal realm and benefit from the immortal realm's fortune.

In big sects and families, when someone reached immortal king, there would be a large area of auspicious worldly phenomenon, far beyond ordinary immortal king. Some would even shake up the entire heaven domain.

The immortal king tablet grew out itself since the immortal realm was divided. It's said that in the ancient times, immortal king didn't deserve titles, only an immortal emperor deserved a title. Usually, the title was given by the realm the instant one became an immortal emperor.

Ever since the immortal realm divided into the 33 heaven domains, the immortal king title would be given by the tablet and it wouldn't change even if one reached immortal emperor.

Later on, when the heaven domains were individually united, there would be an immortal king tablet visit every thousand years.

...

Ye Mo never knew about this as he never had any deep conversations with any immortal king and he usually cultivated on his own.

After he reached immortal king, there wasn't even immortal spirit chi cloud much less worldly phenomena. Thus no one knew.

Huo Jing was hesitant on leaving before because he wasn't sure if Ye Mo reached immortal king. Even the weakest immortal king would have some phenomena.

Ye Mo knew immortal king had titles, he had always thought you gave yourself a title. As for thinking of his own title, he felt it was too troublesome. If he knew about the immortal king tablet, he might go get himself a title.

But now he had left Jin Shang heaven and was flying in the void again.

...

With his low grade god artefact, it would take about five years to get to middle heaven domain.

This was because the space time boat had a location disk, otherwise, he might be flying for five decades or five centuries and not find his way.

The location disk was worth more than the space time boat itself.

In the vast void, no one dared to come without having a location mark except for immortal monarch and immortal emperor. Even immortal monarch could possibly die in the vast void. Low grade god artefact's speed was near the top in the immortal realm but Ye Mo still felt he needed a faster flying magic artefact.

If he had the real space time boat he might reach middle heaven domain in just a month or less. But now, he had to waste time in the void.

Ye Mo gave the space time boat to shadowless and small ginseng to control while he practiced the fourth wave of wave kill in the golden page world.

Then, Ye Mo almost used up all the immortal spirit herb and materials he could. His forgery skills increased another level but even so, he couldn't completely repair octagonal cauldron.

This was because octagonal cauldron was missing a lid and second it required materials that were too high level. although Ye Mo was near level nine immortal artefact forgery ability but he still couldn't forge extreme grade immortal artefact that was beyond level nine.

....

Small ginseng and shadowless controlled the space time boat non stop, both of them didn't want to rest. They were competing who could go faster. Since there was no immortal spirit beast stopping them on the way as well, they reached middle heaven domain in just about four years.

The first place he went to was Zong Piao heaven, he wanted to see if Zhen Bingyu was here. If she was, he would ask if she wanted to leave.

Qing Mo immortal city, when Ye Mo was here with Zhen Bingyu, it was a very big city, one of the ten greatest Immortal cities of Zong Piao heaven. But after a few decades, it was all gone.

It was wilderness everywhere. This place was surrounded with demonic immortal spirit beasts in a few thousand km radius. The restrictions on the city were tattered. Ye Mo could still see Ping Zhou immortal king repairing the restriction non stop. The immortals fighting with the demonic immortal spirit beast were clearly fatigued.

Ye Mo sighed, he didn't expect demonic immortal spirit beast reproduced this quickly. They were already outside the city now. by the looks of it, this city would be wiped clean in a year or so.

Ye Mo counted, there were more demonic immortal spirit beast than void iron winged bears he saw last time. There were ones ranging from level two to level seven.

Level seven was equivalent to ordinary immortal king power. Thinking about how there was only Ping Zhou immortal king here, Ye Mo sighed.

Thinking about Ping Zhou immortal king, Kai Feng immortal king and Su Huan immortal king's attitude towards him at Yuan Le heaven, Ye Mo felt grateful. They were suspicious of him but they stood up for him without hesitation.

Kai Feng immortal king gave him an old map letting him find that ancient ruin where he got a level nine immortal spirit beast core and a huge refine star rock.

Ye Mo wasn't going to watch, Zhen Bingyu might even be inside.

A few demonic immortal spirit beast already flew over while Ye Mo was in contemplation. Ye Mo waved a few lightning sword and those level five demonic immortal spirit beast that could've easily killed him before were turned to dust.

The other demonic immortal spirit beast saw Ye Mo and immediately rushed over. Ye Mo took out Hong Ling's mask and turned into an ordinary young immortal king. He would go see Ping Zhou immortal king soon. If people who knew him saw he reached immortal king in such a short time it would cause unnecessary trouble.

Ye Mo's Zi Xu changed greatly and he didn't worry people would recognize it. Zi Xu brought out a 3km long purple sword ray and reaped large patches of demonic immortal spirit beast.

Ye Mo sighed, it would be best to call out shadowless now but he couldn't expose shadowless.

In one move, Ye Mo slaughtered more than ten thousand demonic immortal spirit beast but Ye Mo shook his head. This was too slow, if he went on with this speed, he didn't know how long it would take to kill all these demonic immortal spirit beasts.

The next moment, Ye Mo waved his hands and four blue suns with four golden bands rose in the air. This was Heaven Flame Nine Suns. Ye Mo could use five suns now but it was too exhausting so he only used four.

## Chapter 1804: Ye Mo is back

With the four blue suns rising, terrifying blue rays swept passed the entire place. These blue rays with a destructive searing chi didn't allow a single demonic immortal spirit beast to live. Large areas of demonic immortal spirit beast fell while this blue sun expanded slowly from tens of km to hundreds of km.

Ye Mo could expand it bigger but he stopped, the larger it was the more consuming it was. He charged amidst the demonic immortal spirit beast and they were blown down like the wind.

It was much easier to move around than expanding the Heaven Flame Nine Suns.

...

"Help has arrived."

Everyone on the city walls saw what was happening outside, then they were dazed. Four blue suns moved around the city, demonic immortal spirit beast that stretched beyond the edge of spirit sense fell down in large areas.

This was like a howling wind blowing past not leaving any behind. What reinforcement was this? it was too powerful, too scary.

No one had seen such terrifying magic, this wasn't magic anymore, it was a heavenly disaster.

In just five minutes, all the demonic immortal spirit beast nearby rustled. Many of them gave up attacking the city and came to attack Ye Mo.

This saved Ye Mo large amounts of immortal essence, he didn't even need to move around and could kill large amounts of demonic immortal spirit beast.

Demonic immortal spirit beast were scared of lightning and fire element magic much less Heaven Flame Nine Suns that powered by immortal heaven flame.

The two level seven demonic immortal spirit beasts were dizzy under the sun but they had powerful resistance. Their offensive power lowered by more than half but they still attacked Ye Mo together.

Ye Mo didn't pull of Zi Xu but instead used wave kill.

With wave kill, all the nearby air was burnt up forming voids.

Rumble.

The first wave struck the two demonic immortal spirit beast making them shriek in pain. Ye Mo shook his head. If he used Zi Xu now he could easily kill the two but he didn't. The second and third wave charged out and instantly killed the two demonic immortal spirit beasts.

Before the beast cores could melt, Ye Mo waved over the two level seven beast cores.

Now, Ye Mo felt his power. Before, he would feel a lack of spirit sense or immortal essence when he used Heaven Flame Nine Suns or wave kill. But now his immortal essence and spirit sense was barely used.

As more and more demonic immortal spirit beast were killed, Ye Mo killed some more level seven demonic immortal spirit beast. Most demonic immortal spirit beast were chaotic.

One level seven demonic immortal spirit beast couldn't take the heaven flame anymore and turned to run. The rest of the demonic immortal spirit beast all turned to run.

With this, the demonic immortal spirit beast army immediately began to cripple.

They all retreated towards Zong Piao plains.

Ye Mo didn't go in the city and chased over instead. It was the perfect time to kill these demonic immortal spirit beast as they were grouped up.

Ye Mo didn't hold back now, a fifth sun rose and a thousand km radius was covered all under the sun.

In a short while, the demonic immortal spirit beasts depleted rapidly. Only now did Ye Mo feel some pressure for immortal essence and spirit sense but he didn't give up and chased over.

The demonic immortal spirit beast he killed piled up in mountains.

...

When Ye Mo chased the demonic immortal spirit beasts away, the people of the city started rejoicing. The city doors were open and hundreds of thousands of immortals charged out to attack the remnant demonic immortal spirit beast. More people were collecting the beast cores. If they picked all these up it would be a huge fortune but unfortunately, most of them have melted.

A blue robed extremely beautiful woman looked at Ye Mo's figure, her lips were shaky. There was a sliver of joy in her eyes.

This was Zhen Bingyu. After Ye Mo left, she stayed in the city to cultivate. She was now great unity immortal primary stage peak, one step away from great unity immortal middle stage.

She knew Ye Mo, she recognized Heaven Flame Nine Suns. When Ye Mo released the four blue golden rimmed suns, Zhen Bingyu knew Ye Mo was back.

She knew Ye Mo's cultivation speed so she didn't doubt it at all that Ye Mo reached immortal king. Ye Mo came here clearly to take her away. She didn't need to be scared anymore or rely on other people.

Most immortals went out to slaughter demonic immortal spirit beasts. Zhen Bingyu didn't hesitate as well. She charged out not to kill demonic immortal spirit beasts but to chase Ye Mo.

After experiencing sect annihilation, the times with Ye Mo and her solitude in the city, she was no longer the Zhen Bingyu who only sought dao.

During these years, if she wasn't looked after by Su Huan immortal king and Ping Zhou immortal king, she would've been long gone.

She was such a beautiful woman, if she stayed in the city alone without any support, how could anything good happen. But Su Huan immortal king had to leave to defend against demonic immortal spirit beast. Ping Zhou immortal king couldn't even manage the city business much less her.

"Young city lord, should we stop her?" Two men were staring at Zhen Bingyu. It was a great unity immortal primary stage who spoke, a great eternity immortal primary stage stood next to him.

The great eternity immortal primary stage was good looking but seemed bleak. He waved his hand "No need she's just going down to kill demonic immortal spirit beast and her clothes is marked by aunty He. She can't run away, plus I hope she would run. Otherwise, with Ping Zhou immortal king here, it's hard to attack."

A beautiful middle aged woman came over and said quietly to this great eternity immortal primary stage "Young city lord, elder Ming said it's an extremely powerful immortal king who came to support the city, he told you not to say much at this time."

The great eternity immortal waved his hand "I know this, I've already investigated this Zhen Bingyu. She came from low heaven domain and. Has no support here. She came with an abstruse immortal and that abstruse immortal never came out after going in Yuan Le heaven dao seeking tower.

Su Huan and Ping Zhou immortal king are helping her due to that abstruse immortal, otherwise, I would've made a move already. After the disaster, Ping Zhou immortal king would greet that qian bei, he wouldn't be able to mind her. I can take her away then.

The young city lord laughed "Zhen Bingyu is my greatest find this time. I thought I would need to stay longer but this qian bei helped me."

"Young city lord, not good." The great unity immortal suddenly said.

“Aunty He stop her.” The great eternity immortal primary stage also noticed that Zhen Bingyu didn’t join the teams for slaying demonic immortal spirit beast and instead chased towards that immortal king qian bei.

He didn’t expect she was this bold. Immortal kings were high up no matter where it was, if ordinary immortals dared to go up to them without being invited, it was asking to die.

A purple sword rays sliced over and the last level seven demonic immortal spirit beast was killed.

Ye Mo stopped. His spirit sense scanned that Zhen Bingyu chased over. He almost killed all the demonic immortal spirit beast that surrounded the city this time, there was no point in chasing anymore.

Chapter 1805: Who dares to kill my son

“Martial sister Bingyu.” Ye Mo dashed to Zhen Bingyu and smiled. Zhen Bingyu wasn’t fast but wasn’t slow.

“You’re back.” Zhen Bingyu’s tone was shaky, when Ye Mo was about to go, she was reluctant but definitely not as strong as now. Now that she faced Ye Mo, she had this extremely intense feeling, she didn’t want to let Ye Mo leave alone.

Before when she didn’t care about her body, she didn’t mind Ye Mo looking at her but now, she didn’t have the courage to charge into Ye Mo’s arms and say I’ve missed you. She really wanted to do this.

She definitely wouldn’t have the courage to stand naked in front of him again. Sometimes, she suspected her dao heart had regressed, sometimes she felt her dao heart was affected by Ye Mo’s dao heart.

“Who is she?” Ye Mo saw the green robed middle aged woman who chased over, he thought it was Zhen Bingyu’s friend in the city.

Ye Mo felt strange, in his impression, Zhen Bingyu's character was cold and didn't like making friends. Why does she have friends now.

Zhen Bingyu said plainly "A woman who wants to capture me to her young city lord for pleasure."

"What?" Ye Mo's eyes went cold and the nearby space instantly froze. A mere great eternity immortal tertiary stage dared to be this cocky.

The green robed woman saw Ye Mo and Zhen Bingyu talk and then Ye Mo's force suddenly went cold, she immediately shivered and turned to run.

Ye Mo didn't chase her and just looked at her "when were you marked by spirit sense?"

Zhen Bingyu's body shook and she shook her head "I don't know, if it's spirit sense mark then it's probably by that aunty He. She had invited me to her place more than once but I've rejected everytime."

Ye Mo didn't remove it and said to Zhen Bingyu "I can't expose my identity yet, I'll take you away as an anonymous passerby immortal king."

"I know." Zhen Bingyu knew that there was a huge secret for Ye Mo to be able to progress this quickly. If this was spilled, it wouldn't be good.

"Then let's go." Ye Mo grabbed Zhen Bingyu and took a few steps and arrived at the door of the Qing Mo city.

Ye Mo didn't feel any mental barrier for holding Zhen Bingyu as he carried her for very long before. He just felt her body seemed a little warmer and maybe softer.

But Zhen Bingyu felt her body go soft and her body temperature rising. She knew her mind set had changed too much. Other than cultivation and searching for resources, she had been thinking about Ye Mo and her master. Luckily Ye Mo gave her lots of pills and a immortal spirit herb garden so she didn't

need to leave the city for cultivation resources. Otherwise, she would've long fell into someone else's hands.

If Ye Mo still didn't come back, she would have to ask Su Huan immortal king to send her away or join a big sect. Otherwise, she wouldn't be able to survive.

Ye Mo sensed Zhen Bingyu's worry and felt a little apologetic. If it was Luo Ying or Ning Qingxue, he would definitely not leave them at a random place even if he was to get stronger.

"In these years, Su Huan immortal king qian bei and Ping Zhou immortal king qian bei have helped me greatly. If it wasn't for them I wouldn't even be able to rent my cultivation home." Zhen Bingyu said.

Ye Mo breathed easy. Helping others was helping yourself indeed. He helped the three immortal kings and now they helped him and took care of Zhen Bingyu.

"Zong Piao heaven Ping Zhou thank immortal king friend for helping..." Ye Mo put Zhen Bingyu down and Ping Zhou immortal king came out of the city and saluted with his fists.

"Ping Zhou immortal king you're too polite, I was just passing by and just helped. Plus demonic immortal spirit beasts are ravaging the city, anyone can kill them." Ye Mo laughed.

Ping Zhou immortal king didn't mind Ye Mo's tone, Ye Mo had the right to talk like that. Even an immortal monarch might not be able to do better than Ye Mo much less Ye Mo who was just an immortal king primary stage.

Immortal monarch would at most make the demonic immortal spirit beast retreat but it's impossible to slaughter them all unless he had special immortal arts.

"I haven't asked for your title yet, if immortal friend don't mind, please come have a seat in the city lord estate." Ping Zhou immortal king was very polite, he knew that he would be instant killed by Ye Mo if he wanted too.

Ye Mo waved his hand “no need to go to city lord estate, I have business so I need to leave immediately.”

Seeing Zhen Bingyu next to Ye Mo, Ping Zhou immortal king quickly said “Bingyu, go help clean up the battle field, I’ll send this immortal king friend who helped the city a great deal.”

Ye Mo didn’t say his name and his tone was prideful, Ping Zhou immortal king knew that such person would definitely have a strange temper so he gave up on inviting Ye Mo.

Hearing this, Ye Mo had a good impression of Ping Zhou. Although he intentionally acted prideful, he respected Ping Zhou immortal king a lot. What he said was clearly to protect Zhen Bingyu.

Before Zhen Bingyu spoke, Ye Mo waved his hand “I like this girl, she can stay with me.”

Ping Zhou immortal king quickly said “This is my old friend’s friend, if...”

Hearing this, Ye Mo respected Ping Zhou immortal king even more.

Zhen Bingyu quickly said “Immortal king master, wan bei is willing to go with this qian bei.”

Ping Zhou immortal king dazed and before he could speak, someone on the side “Immortal king master, wan bei Luo Chenming. I came to Qing Mo city to pick up Bingyu goddess. My father is Fei Ling immortal city lord, Yi He immortal king Luo Que. My father had decided to take Zhen Bingyu as a disciple and marry her to me.”

Luo Chenming knew Ye Mo was strong, he saw Ye Mo slaughter hundreds of millions of demonic immortal spirit beast but he knew such mass scale immortal art wasn’t useful for one on one battle. his father was immortal king tertiary stage.

“Bullshit, I’ve never seen some Luo Que, nor did I agree to go to Fei Ling immortal city. What right do you have to take me away?” Zhen Bingyu yelled furiously.

Seeing Luo Chenming was going to keep talking, Ye Mo's eyes went cold and said coldly "Is that so? How dare you."

Ye Mo's powerful immortal king force rose, even Ping Zhou immortal king felt shaky much less Luo Chenming who took the full force of it.

Ping Zhou immortal king saw Ye Mo's killing intent and quickly said "Yi He immortal king is immortal king tertiary stage, he's one step away from immortal king peak stage and is the head of the ten great immortal kings of Zong Piao heaven..."

Ye Mo knew what Ping Zhou immortal king meant but how could he be scared of an immortal king tertiary stage. His killing intent soared.

"No, no..." how could Luo Chenming take on Ye Mo's terrifying killing intent. He said shakily "I came to Qing Mo city and saw Bingyu, then, then..."

"Then you marked her with spirit sense and planned to take her away?" Ye Mo raised his hand and removed a faint light spot from Zhen Bingyu.

Ping Zhou immortal king saw this and immediately realised it was a spirit sense mark. He couldn't help but sigh and felt guilty. Zhen Bingyu was being targeted and he didn't even know. If this immortal king didn't come, he wouldn't even know Zhen Bingyu went missing until after a long time.

Thinking about Mo Ying who let him go into the dao seeking tower, he felt guilty.

"Yes, I did it." Luo Chenming couldn't even speak under the immortal king pressure.

"That's all I needed." Ye Mo flung out a faint light.

"Who dares to kill my son." A furious roar sounded and a ethereal middle aged man charged out punched at the light.

## Chapter 1806: Now I'm killing your son

Ye Mo didn't mind the fist shadow that was growing larger and larger but the faint light he threw out gradually expanded and grew hotter. The fist shadow was instantly enveloped by the light.

Rumble, in a huge explosion, the fist cracked apart while a ring of white light expanded out. Moments later, the white light formed a formation.

Although Ye Mo could easily kill Luo Chenming, he stopped instead. He knew this light formation was a temporary teleportation formation, this meant that the person protecting Luo Chenming had come.

If it was some immortal emperor image, he might be concerned but now this was a mere immortal king image. Even if an immortal king came, he could kill Luo CHENming whenever he wanted.

When the white light dispersed, a middle aged man appeared before everyone. This person wore a purple grey immortal robe. His eyes were like Luo Chenming, a bit bleak but he was much more handsome than Luo Chenming.

With him appearing, the man's force expanded like crazy. The force of an immortal king tertiary stage made all the great eternity immortals retreat but when this force reached Ye Mo, it was dissipated by Ye Mo's immortal king domain. Zhen Bingyu didn't even feel it at all.

"Yi He immortal king..." Ping Zhou immortal king quickly saluted with his fists.

Looking at this guy, Ye Mo knew this guy probably wasn't going to talk nicely.

Luo Huo sneered "Pei Yi, Ping Zhou immortal king master, if I came a little later, my son would probably be killed by you and this outsider right?"

Ping Zhou immortal king's face changed. He was an immortal king too, although Yi He's power was higher than his but this sardonic tone made him feel extremely uncomfortable. He sneered inside, although Yi He was immortal king tertiary stage but it wasn't easy for him to beat this immortal king primary stage.

"Brother Luo, I never said anything nor did I want to attack Chenming. If brother Luo must count the responsibility on me, I don't care." Ping Zhou said.

Luo Huo never even glanced at Ye Mo since arriving here.

Hearing this, his eyes went cold. He glared coldly at Ping Zhou immortal king as a killing intent flashed across his eyes. However, he didn't keep looking for trouble and instead turned to the two men and woman behind Luo Chenming and yelled "What are you guys doing? How dare you let the young city lord be abused here?"

The three didn't even dare to speak.

Ye Mo shook his head, such person could only be cocky in the middle heaven domain. If he went to the grand heaven domain, he would be quickly annihilated. Ji Shu and Qi Beicang were young city lords too but how did their dads educate them? They weren't spoiled at all.

Ji Shu even went to find his own resources and his dad didn't ask.

"Father, I predetermined this woman but this guy came and robbed her away just because he was stronger. If father didn't intervene in time, I might have died already..." Luo Chenming pointed at Zhen Bingyu.

Luo Huo looked at Zhen Bingyu and his eyes lit up, this woman was pretty indeed but thinking about how she almost got his son killed, he grunted "You almost lost your life for a woman, aren't you stupid."

Ye Mo dazed, he didn't expect Luo Huo to say this, did he see wrongly of him?

“Mei He, you and Ming Yu get the woman and strip her naked and hang her at the city gates...” Luo Huo said.

Ye Mo’s eyes went cold and his killing intent soared. He thought this Luo Huo would at least ask both sides of the story but he did this instead. He still hasn’t attacked because Zong Piao heaven was ravaged by demonic immortal spirit beast and Yi He immortal king was the number one immortal king here.

But since he was this shameless then don’t blame him.

“Father, that woman, I haven’t yet...” Luo Chenming said desperately.

Luo Huo looked unhappily at Luo Chenming and waved out a space magic artefact and said “Take the woman inside, after my son uses her, pull her out and hang her.”

Ye Mo was so furious that he didn’t do anything instead. He had seen many psychopath and maniacs but never someone to this degree. Without question, this guy had killed countless people like this.

He was at least an immortal king and this guy didn’t even say anything to him and was going to let his men attack Zhen Bingyu.

Ping Zhou immortal king was sneering but he did nothing. He knew Ye Mo would attack.

The two great eternity immortal looked worriedly at Ye Mo. City lord master hadn’t seen Ye Mo’s power yet but they have.

With how Ye Mo attacked before, even city lord might not be a match for him but they didn’t dare to say this. this was asking to die.

“City lord master...” Ming Yu called out hesitantly.

Luo Huo saw the two's eyes and knew the two were worried about Ye Mo. He was furious. He was an immortal king tertiary stage standing here yet these two were worried about an immortal king primary stage.

"Just go get her, I'll see who dares to move." Luo Huo said.

Then he said in contempt "A mere immortal king primary stage dares to be this cocky. Were you about to kill my son?"

"Wrong..." Ye Mo smiled and suddenly waved two lightning out.

"How dare you..." Luo Huo extended his immortal king domain out and released an immortal artefact that charged at Ye Mo was a black ray.

Crack.

Luo Huo felt his immortal king domain was like porcelain smashing into granite, it cracked into pieces. His dark kill flag also slowed down. The next moment, he felt a purple sword rays slicing over. It brought about one km long killing intent.

How could he not realise now that his immortal king domain was far from a match for Ye Mo's immortal king domain.

Not good.

Before Luo Huo could move he heard another crackle. The two reaching for Zhen Bingyu were blasted into nothing by lightning.

Luo Huo was shocked, he immediately knew his opponent was stronger than him. He immediately gave up on the thought of fighting Ye Mo. Even if Ye Mo was an immortal king primary stage, he didn't want to fight him.

But he had to deal with this purple sword ray first.

Rumble crack.

Two more lightning flashed, Luo Chenming and the great unity immortal next to him couldn't even dodge and were blasted into nothing. Luo Huo couldn't stop this at all.

Seeing his son getting killed right before him, Luo Huo felt a murderous feeling surge up and he almost spat a mouthful of blood.

In his fury, the flag grew larger and swept around the lethal force in the space and clashed with Zi Xu. The low level immortals were blasted away and some were even heavily injured.

Ye Mo calmly waved his hand and the chaos flow disappeared but Luo Huo flew back a km before stopping.

Now, Ye Mo said slowly "now I killed your son."

"You..." Luo Huo couldn't hold it in and spat a mouthful of blood. At the same time, his figure burst out and became twice as large as before, his flag flew up and swept the lethal force of a few hundred km radius. His killing intent kept soaring.

Chapter 1807: Zhen Bingyu asking for help

Ping Zhou immortal king sighed. He didn't know why but he could tell Ye Mo was going to give Luo Huo some face before but Luo Huo was so arrogant. Now, his son was killed and looking at this immortal king primary stage's force, even Luo Huo was no match for him.

Seeing Luo Huo's rising force, Ye Mo signaled Zhen Bingyu to retreat. He took a step forward and punched out.

The punch was called void, in that instant, the void lethal force brought by the fist wind had covered the lethal force of the flag. It was clear which was stronger.

The flag's lethal force was rising before but after Ye Mo punched out void, this stopped. In just one second, this lethal force was suppressed. Moments later, the hundreds of km radius wasn't the flag's lethal force anymore, it was void punch's void lethal force whirlpool.

Luo Huo was shocked greatly. Not only was Ye Mo's immortal king domain far superior than his but even this immortal essence and god art was far stronger than him.

In that instant, Luo Huo calmed down. He had never thought of regret, he acted on his heart his entire life. He was able to be the number one immortal king of Zong Piao heaven because of his ruthlessness.

Although this ruthlessness has caused him disaster, he didn't realise it. His only thought was to hold on and find an opportunity to run away from Zong Piao heaven. One day he would reach Immortal monarch and then he would come back and deal with this little immortal king.

Rumble.

The two lethal forces clashed creating even greater space chaos flow.

The land outside Qing Mo immortal city immediately turned to an ocean. The sturdy rocks were swept up and rolled around like ocean waves.

Countless sand and stones flew around catching the observers in the crossfire again. Ping Zhou immortal king quickly released his defense magic artefact and turned into a hundred km long wall to stop this.

Luo Huo's flag stopped Ye Mo's void again. Although Ye Mo's punch had the definite upper hand but Luo Huo stopped the momentum of the punch.

Luo Huo felt his immortal essence rumble and his immortal king domain crack open the second time.

Before Luo Huo could run, Ye Mo expanded his immortal king domain and used wave kill. Ye Mo didn't want to waste time anymore, Luo Huo was weaker than Huo Jing and now his cultivation level had completely stabilized.

"Rumble..." Wave kill was released and the first flame wave splashed out.

Ping Zhou immortal king subconsciously shivered, this was his second time seeing Ye Mo use wave kill. The first time, it was from a distance but now he was close by watching. If it was him, he would definitely not be able to stop the third wave.

When the first wave came, Luo Huo could only use his immortal essence to control the flag to block this. The space nearby started rustling heavily. He was going to flee. However, Luo Huo found his speed in void transmission was much slower. Usually, he would've used the mobility technique already but now, he found it difficult to even tear open the nearby space.

How could Ye Mo not know what Luo Huo thought, he reached his immortal king domain out like crazy while smashing out the second and third wave.

The difference between immortal king and great eternity immortal was too great. When Ye Mo used wave kill before, there would be a pause but now Ye Mo could use it whenever he liked and now he wouldn't use up his immortal essence after just using two waves.

The flag sizzled, and finally shrunk after blocking the second wave. Before Luo Huo could insert more immortal essence in, the third wave had surrounded him.

Luo Huo quickly used all his immortal essence to stop the third wave.

He just realised now that ever since the fight begun he was always on the passive side, he couldn't even counter attack. This meant that Ye Mo was far stronger than him.

Before the third wave ended, a purple sword ray followed closely. Despair rose in Luo Huo's heart. It was already hard even for him to block the flame wave under Ye Mo's immortal king domain and yet Ye Mo could still release another sword ray god art, just how big was the difference between them?

Splurge. The sword ray brought out a red light and the third wave completely engulfed Luo Huo. Luo Huo's struggling essence spirit heard "The opponent is too weak, too hard to learn a new sword god art."

His essence spirit didn't even have the time to become angry and was annihilated by the flame wave. A ring was collected by Ye Mo.

The battle outside the city started quick and ended quick. The power was shocking to the extreme and this terrifying scene disappeared in an instant.

Ping Zhou immortal king took in a cold breath. The difference was too huge. An immortal king primary stage almost instant killed an immortal king tertiary stage. If this immortal king primary stage reached immortal king middle stage, wouldn't he be invincible in immortal king level?

Seeing Ye Mo come over, Ping Zhou immortal king quickly removed his defense magic artefact and came up saluted with his fists "Immortal friend has powerful means."

Ye Mo saluted with his fists and said nothing. If he spoke too much he might expose himself.

"Immortal friend, Zong Piao heaven is ravaged by demonic immortal spirit beast, there's emergencies everywhere. Please help us on the account that we're all human race." Ping Zhou immortal king couldn't help asking.

Ye Mo didn't reject nor answer. To be honest he really wanted to help but he didn't want to stay long here.

Seeing Ye Mo hesitate, Ping Zhou immortal king rejoiced and quickly saluted with his fists "Immortal friend, Zong Piao heaven is invaded by demonic immortal spirit beast on a large scale. Countless immortals have died, the entire heaven domain has suffered heavy losses. Although many immortal friends want to help but the main teleportation formations have been taken over. If they fly over through the void it would take too long."

"How do you want me to help?" Ye Mo asked with slight hesitation.

Ping Zhou immortal king quickly said “We’re at a disadvantage mainly because there’s a level eight demonic immortal spirit beast at Ping Piao plains. He killed four of our immortal kings and so we had to retreat and guard the immortal cities. Yu Zhong immortal city, He Lian immortal city have been annihilated, even Su Huan immortal king is trapped in Gu Lan immortal city...”

“Master, Su Huan immortal king has helped me greatly in Qing Mo immortal city.” Zhen Bingyu said.

Ping Zhou immortal king dazed, he didn’t expect Zhen Bingyu to be this brave. She was just taken in and she dared to say such thing. But at the same time, he respected Zhen Bingyu, to be able to say this, it meant that she was a grateful person.

Hearing this, Ye Mo nodded immediately “okay, then let’s go see Su Huan.”

“Thank you immortal friend.” Ping Zhou immortal king rejoiced. He didn’t expect Zhen Bingyu’s words to be actually useful. He quickly handed over the city matters to another great eternity immortal peak stage and he left with Ye Mo to Gu Lan immortal city.

There was teleportation formation but it was restricted by the level eight demonic immortal spirit beast. Luckily Ye Mo had an extreme grade immortal artefact flying chariot. He used this and arrived at the city in less than a day.

The demonic immortal spirit beasts outside were also densely clustered reaching out more than a thousand km. they were clearly all level three and above.

“Not good, the city has been broken.” Ping Zhou immortal king called out.

Ye Mo and Zhen Bingyu saw it too, countless immortals were being attacked by the demonic immortal spirit beasts. Amongst them, a vibrant sword light ravaged the demonic immortal spirit beasts. Each time it moved, countless demonic immortal spirit beast would disappear. However, it was too lonely, it was impossible for it to kill all the demonic immortal spirit beasts.

Chapter 1808: Encountering a Level Eight Demonic Immortal Spirit Beast

“That’s Su Huan immortal king, she’s surrounded,” Ping Zhou immortal king said worriedly.

Ye Mo nodded and put away the chariot taking Ping Zhou immortal king and Zhen Bingyu into the demonic immortal spirit beast crowd. Five golden rimmed suns rose up and instantly, a hundred km radius was filled with blue light.

Ye Mo used on extra sun this time but the area was smaller. Reduction in area meant a definite increase in damage.

Zhen Bingyu didn’t even have the chance to attack and Ping Zhou immortal king could only kill a few demonic immortal spirit beasts under Ye Mo’s protection. Because Ye Mo’s damage was too powerful, large areas of demonic immortal spirit beasts disappeared under the Heaven Flame Nine Suns without resistance.

Those few level seven demonic immortal spirit beast trapping Su Huan immortal king saw Ye Mo come and immediately gave up on Su Huan. They charged at Ye Mo instead. However, Ye Mo’s immortal king power was more and more consolidated, he was more and more fluent with the immortal king domain. In a short time, those level seven demonic immortal spirit beasts were killed.

Zhen Bingyu quickly started picking up demonic immortal spirit beast cores on the side.

Ye Mo created such a huge commotion here and Su Huan immortal king immediately knew. She brought people and moved towards Ye Mo gradually.

Ye Mo said to Ping Zhou immortal king, “Brother Ping Zhou, protect Bingyu for a bit, I’m going out to kill demonic immortal spirit beasts.”

“Immortal friend, don’t worry. I definitely won’t let her get injured at all,” Ping Zhou immortal king said.

Ye Mo charged into the demonic immortal spirit beasts and his Heaven Flame Nine Suns swept past like crazy.

As Ye Mo went, the demonic immortal spirit beasts were like ice upon bright sunlight. They melted quickly and the area quickly cleared up.

The demonic immortal spirit beast were either killed or drawn away by Ye Mo. The other immortals stopped and looked at Ye Mo in a complete daze. Where did this powerful being come from? He slaughtered demonic immortal spirit beasts like it was as easy as breathing.

But soon, they reacted and started hunting down small amounts of demonic immortal spirit beasts.

Su Huan immortal king ate a few pills and came up to Ping Zhou immortal king tiredly. She asked in uncertainty, "Martial brother Ping Zhou, which powerful being did you invite? Who is he?"

Ping Zhou immortal king laughed. "Su Huan martial sister, you should ask Bingyu. She knows more than me."

Su Huan immortal king looked at Zhen Bingyu in confusion. "Bingyu, you know this person? What is going on?"

Zhen Bingyu quickly bowed. "Qian bei, I don't know this master. He was interested in me and wan bei was willing to serve him. That's why he came here."

Ping Zhou immortal king quickly said, "Martial sister Su Huan, this immortal friend could come here purely because of Zhen Bingyu. Bingyu said she wanted to save you so he came over immediately."

Su Huan immediately quickly said to Zhen Bingyu, "Bingyu thanks a lot."

Su Huan felt more curious on the inside. She was more meticulous and knew Zhen Bingyu very well. She wasn't the type to see someone new and move on. When Mo Ying brought her to Qing Mo Immortal City, she was focused on cultivation and never showed any expression to others. Why was she so devoted to this immortal king?

She didn't feel Zhen Bingyu was forced, otherwise she wouldn't be acting like this.

"Su Huan qian bei, I relied on you two qian beis taking care of me in Qing Mo City, I should do what I can to help." Zhen Bingyu quickly bowed.

The three stopped talking. Ye Mo had killed more than half of the demonic immortal spirit beast outside the city. The rest were running like crazy. Ye Mo was faster and in the blink of an eye, less and less demonic immortal spirit beast were running.

After Ye Mo slaughtered a huge amount of demonic immortal spirit beasts, he came to the three.

Before Ye Mo said anything, Su Huan immortal king bowed. "Su Huan thanks immortal friend for helping."

Ye Mo smiled. "It's no big deal, this thing is over, if there's nothing else I'm going."

Hearing this, Ping Zhou immortal king and Su Huan immortal king were desperate. Zong Piao Heaven needed a powerful being like Ye Mo to help, if Ye Mo left and the demonic immortal spirit beasts came back, Zong Piao Heaven would still fall.

Ping Zhou immortal king wanted Zhen Bingyu to say something but she said nothing. She wasn't willing to let Ye Mo go Ping Piao Plain to kill demonic immortal spirit beasts. Ye Mo was only immortal king primary stage and there was a level eight demonic immortal spirit beast there.

Helplessly, Ping Zhou immortal king could only saluted with his fists. "Immortal friend, I'm really ashamed to say this. There's a level eight demonic immortal spirit beast at Ping Piao Plain. If immortal friend leaves we have to leave Zong Piao Heaven. Otherwise, when the level eight demonic immortal spirit beast attacks, he would annihilate the entire Zong Piao Heaven."

Ye Mo knew what Ping Zhou meant. He thought for a long while, that level eight demonic immortal spirit beast was countered by his cultivation method and under Lightning Sand and Wave Kill, it would at most be level seven tertiary stage. He should be able to kill it.

“Su Huan and I can help on the side. We’ll use this opportunity to gather the entire power of Zong Piao Heaven and wipe out their base,” Ping Zhou immortal king said.

Su Huan didn’t know how Ye Mo instantly killed Yi He immortal king and thus was a little shocked at Ping Zhou’s request.

Ye Mo soon agreed. If Zong Piao Heaven was taken over for a long time, other heaven domains might not be too well too.

...

Soon, all the immortal cities of Zong Piao heaven knew there was a powerful being to help. Three days later, from immortal king to golden immortal were almost all gathered. They all came to Ping Piao Plain. There were another two immortal kings. They didn’t know Ye Mo, but seeing how Ping Zhou and Su Huan were so polite to Ye Mo, they were polite too.

Ye Mo didn’t see Kai Feng immortal king so he couldn’t really ask.

Under Ye Mo’s leadership, Zong Piao Heaven started a demonic immortal spirit beast massacre. Some people were nervous about this, but after seeing Ye Mo’s attacks, they were greatly assured. When they saw that a level seven demonic immortal spirit beast couldn’t even last one round with Ye Mo, their morale was greatly boosted. This time, there were a few million immortals charging into the Ping Piao Plains. More immortals were coming incessantly, soon it was about to be ten million immortals.

Because Ye Mo easily killed some level six and level seven demonic immortal spirit beasts, the rest of the low level demonic immortal spirit beasts were slaughtered without resistance.

In a short day, a little less than half of the demonic immortal spirit beasts here were annihilated and this was Ye Mo not attacking with full power. If he did, more than half would be dead. Ye Mo saved his power for that level eight demonic immortal spirit beast.

With a sharp screech, the immortals immediately felt a powerful space pressure. Some weak heaven immortals even spat blood and fell unconscious.

“This is the level eight demonic immortal spirit beast, everyone retreat...” Ping Zhou immortal king yelled.

Before he finished, Ye Mo’s force also rose. Although Ye Mo’s force couldn’t compare with the level eight demonic immortal spirit beast’s force, it mitigated more than half of it.

Ye Mo’s face was serious, he was certain that if he didn’t attack, he was no match for this level eight demonic immortal spirit beast.

Ye Mo said to Su Huan, “Su Huan immortal friend, I’ll leave Bingyu to you for now.”

Su Huan wanted to help but hearing this she could only nod. “Immortal friend don’t worry, Bingyu is my friend. I won’t let her get hurt.”

Ping Zhou immortal king immediately said, “I’ll go as well.”

Ping Zhou immortal king said, “I’ll come too.”

Another immortal king middle stage next to Ping Zhou also released a hexagon mace and said, “I’ll go help too.”

Ye Mo nodded and released Zi Xu charging up.

In the blink of an eye, a hundred meter tall huge demonic immortal spirit beast appeared before Ye Mo.

This was the first time he saw one this big. It’s face was clear, two lamp-sized eyes were filled with cold and murderous intent.

Chapter 1809: Return to Gong Hua heaven

Ping Zhou immortal king and another immortal king felt extremely uncomfortable with this chi even though they were behind Ye Mo. They respected Ye Mo who took the full force of it. They were all immortal kings but they were far from Ye Mo.

Ye Mo used a wave kill the instant he got near this level eight demonic immortal spirit beast. Ye Mo saw now that the demonic immortal spirit beast just reached level eight for no more than 10 years. He couldn't completely control his chi and was in a state of extreme volatility. One could imagine that once the level eight demonic immortal spirit beast consolidated his chi, he would seem not much of a threat but he would truly be a threat.

Ye Mo rejoiced, luckily it was a newly ascended level eight immortal spirit beast. If it was a mature level eight demonic immortal spirit beast, he wouldn't need to try to know that he was no match. Even for now, it would be a bit hard but he had no choice now. It was unknown if a level eight demonic immortal spirit beast would be countered by his heaven flame.

Ye Mo could use four waves for the wave kill god art now but in order to not waste immortal essence, he only used three. The three waves went after the huge demonic immortal spirit beast one after another.

Luckily Ye Mo's wave kill was also 100 meters tall or he wouldn't even be able to surround this demonic immortal spirit beast.

Rumble rumble rumble. Then, the demonic immortal spirit beast spat out black mist.

The black mist clashed with Ye Mo's wave kill and the nearby space immediately erupted violently. The space ripples were obvious.

The three wave kills were engulfed by the mist and the searing heat gradually dropped low before disappearing. However, this level eight demonic immortal spirit beast's chi weakened down. The two immortal kings behind Ye Mo were experienced and released their magic artefacts to attack without Ye Mo asking them to.

When Ye Mo's wave kill was engulfed by the black mist, his immortal essence backlashed and he retreated a hundred meters away. However, it wasn't very serious.

The other immortal king middle stage released a hexagonal mace, meanwhile Ping Zhou immortal king released a rune with destructive chi.

Ye Mo could tell the rune wasn't simple, it was at least level eight immortal rune. No wonder Ping Zhou immortal king was confident in fighting this level eight demonic immortal spirit beast.

Before the mace even neared the demonic immortal spirit beast, it was slapped away by a huge claw. Ye Mo instantly released lightning sand.

This was the first time Ye Mo used lightning god art. A black lightning spear with some gold and blue color hacked down from the edge of heaven bringing about a feeling of world annihilation. The demonic immortal spirit beast shivered, this chi gave him an extreme sense of danger.

Ping Zhou immortal king was dazed, Ye Mo yelled "Ping Zhou hurry up and attack and then take your friend away. Leave this to me..."

Ping Zhou immediately released the rune and then listened to Ye Mo retreating with the other immortal king.

The demonic immortal spirit beast felt the powerful lightning magic and knew the danger. He spewed out even more black mist instantly covering up a radius of 100 km. A few hundred 3km long black mist spears formed.

The demonic immortal spirit beast was terrifying but it was still affected by the heaven flame and Ye Mo's lightning sword chi had a natural counter to demonic immortal spirit beast. Otherwise, these spears would've long formed. But if they completely formed, none of them would be able to get away.

Rumble. An even louder explosion sounded and those black spears seemed to about to cripple.

Ye Mo knew this was the work of the rune and urged lightning sand to attack. That 3km long huge lightning spear struck and in that instant, the destructive chi tore open the demonic immortal spirit beast's demonic mist barrier instantly. The nearby unstable space shook even more.

Thud rumble. There was explosive chi everywhere in the mist but Ye Mo could clearly feel the level eight demonic immortal spirit beast was only heavily injured. lightning sand struck the demonic immortal spirit beast when he was fighting off the rune, otherwise, even if lightning sand struck the demonic immortal spirit beast, it might not be injured.

The battle was already at this stage, how could Ye Mo give the demonic immortal spirit beast time to breathe.

Now that the two immortal kings were gone, Ye Mo released world rock and used another god art, Tai Mountain Crush.

The huge world rock formed a mountain and smashed directly above the level eight demonic immortal spirit beast. Ye Mo could feel that the level eight demonic immortal spirit beast didn't seem to have many god art nor did he know how to use them properly.

Immediately, the level eight demonic immortal spirit beast sunk into the ground.

In a fit of roars, the demonic immortal spirit beast punched the world rock away while charging out from underground. It turned to run.

Ye Mo was shocked, it was this heavily injured but still didn't die. It was too powerful. But now, its chi had weakened.

Ye Mo put away the world rock and used four wave kills.

At the same time, Ye Mo hacked out lightning sand again.

The already weakened level eight demonic immortal spirit beast was pinned to the messy ground by lightning sand.

Ye Mo sat down fatiguedly. He felt he was too lucky. This level eight demonic immortal spirit beast never even attacked properly but it was already this tough. Otherwise, even with the level eight rune and heaven flame lightning strikes, he wouldn't be able to beat it.

As soon as he recovered some immortal essence, Ye Mo felt shadowless's desperation. Clearly it wanted to devour this level eight demonic immortal spirit beast but the guy knew without Ye Mo's approval, he can't come out of the golden page world.

15 minutes later, Ye Mo was about down recovering. Ping Zhou and Su Huan and them all rushed over. A level eight demonic immortal spirit beast wasn't simple, even just this body was worth countless immortal crystals.

Ye Mo was an immortal king primary stage and although he had the help of two immortal king, it was extremely shocking that he could kill a level eight demonic immortal spirit beast.

Su Huan immortal king and them came to thank Ye Mo and respected him even more.

This time Ye Mo accepted their gratitude and put away the level eight demonic immortal spirit beast.

...

Six days later, Ye Mo took Zhen Bingyu and left Zong Piao heaven. He helped kill some high level demonic immortal spirit beast and more than half of the ordinary demonic immortal spirit beast. The rest of them didn't need him to attack anymore.

After entering the void Ye Mo released space time boat and threw the demonic immortal spirit beast into the golden page world to shadowless. This time Ye Mo didn't let shadowless and small ginseng control the space time boat.

Shadowless involved too many things, it wasn't that Ye Mo didn't trust Zhen Bingyu but sometimes, secrets are exposed unintentionally.

Zhen Bingyu didn't go for cultivation, she spoke about her experiences after parting with Ye Mo.

He also knew why Kai Feng immortal king didn't appear, he was still in the dao seeking tower.

Ye Mo also got another news, it was that some people believed he was still inside while some people felt he left in less than a year.

Chapter 1810: See sect member again

The two weren't lonely on the journey. Ye Mo was now immortal king but Zhen Bingyu was only great unity immortal. The difference in power was too great. Zhen Bingyu thought that when she was abstruse immortal middle stage, Ye Mo was only golden immortal. She knew that she would never be able to catch up to Ye Mo, the difference between them would only become greater and greater.

Ye Mo took out a pile of pills of Zhen Bingyu, Zhen Bingyu didn't reject them. She knew Ye Mo didn't need them anymore. Even so, when she saw the three Yi King pills, she dazed for a long while. Even her master didn't have Yi King pill. even Extreme sword sect was annihilated because they had Peng Yue immortal fruit.

Now that the sect and her martial brothers and sisters no longer existed, she easily obtained three Yi King pills. Thinking about when she left Gong Hua heaven with Ye Mo, she felt even more sad.

"Martial brother there's still some time before Gong Hua heaven, I want to go into solitary cultivation." Zhen Bingyu suddenly said something completely irrelevant.

Ye Mo sighed, he knew what Zhen Bingyu thought. Her cultivation progress was too slow and wasn't even great unity immortal middle stage. With her talent, if she had large amounts of cultivation resources, she could've reached great unity immortal tertiary stage.

"Okay, try to reach great unity immortal middle stage before Gong Hua heaven." Ye Mo nodded. He had time formation disk but Zhen Bingyu didn't.

...

Space time boat travelled through the void, the distance between middle and low heaven domain was much smaller than middle and grand heaven domain. here, the void chaos flow and asteroid rivers were also much smaller. This way, space time boat was faster.

Ye Mo estimated they would be able to arrive in Gong Hua heaven in two years.

A year and a half later, when the space time boat was near Gong Hua heaven, Ye Mo sensed Zhen Bingyu's chi. Ye Mo knew she reached great unity immortal middle stage. Indeed, with Zhen Bingyu's talent, if she had resources, her cultivation speed was much faster than his.

Zhen Bingyu was consolidating her power, Ye Mo didn't disturb her. He slowed down the boat, ten days later, Ye Mo passed through the domain border and went into Gong Hua heaven.

Ye Mo didn't keep flying the space time boat here. He stopped and changed his face back to what he originally looked like. He maintained his power to great unity immortal primary stage. Some people knew him in Gong Hua heaven, if he reached immortal king in just a few decades, this would definitely soon spread across the other heaven domains.

With his talent, it was already very absurd that he was great unity immortal primary stage.

Once Ye Mo stopped the ship, Zhen Bingyu stopped cultivation and walked out of the space time boat.

"Congratulations martial sister Bingyu." Ye Mo smiled.

Zhen Bingyu smiled, she was very happy. If she didn't come with Ye Mo, she would need at least another two hundred years to reach great unity immortal middle stage.

"Martial brother what plans do you have?" Zhen Bingyu saw Ye Mo hide his power to great unity immortal primary stage and asked.

“Martial sister Bingyu I want to build my own sect. I have many friends who will meet up at Gong Hua heave. I must have my own place.” Ye Mo said. If Zhen Bingyu didn’t have a place to go he hoped she would join his sect too.

Zhen Bingyu was already planning to go with Ye Mo so she immediately answered “I want to go check out Extreme Sword sect, then I’ll go with martial brother to sect up a sect.”

“Okay, but I can’t set up a sect with my current identity. When I set up sect, I need to use another identity.” Ye Mo agreed. It would be a joke for a great unity immortal to set up a sect.

...

Xin Kun immortal city, this was Ye Mo’s second time coming here, it was still like the same. Xin Kui grand emperor’s statue still stood. He thought of the first time he saw this statue, the fervor and desire he had but now, he only had an extremely calm mentality.

Ye Mo was no longer a small abstruse immortal, he was now a status immortal too.

Zhen Bingyu sighed. Last time she was carried over here on Ye Mo’s back but now, she was great unity immortal middle stage. If only her sect wasn’t annihilated.

Ye Mo immediately noticed something wrong coming into the city. Many eyes stared at him and Zhen Bingyu. Soon, he knew what was wrong. His power was lower than Zhen Bingyu but Zhen Bingyu followed closely behind him. If Zhen Bingyu was ordinary looking it would be fine but after she went through nirvana she only became prettier.

“Martial sister Bingyu, you walk at the front.” Ye Mo sound transmissioned.

Before Zhen Bingyu could react, she heard a crisp voice call out “Martial sister Bingyu...”

Zhen Bingyu shook and immediately saw Qin Nianmei standing at the window of a spirit rest tower.

Qin Nianmei was even more excited, she flew down from the window “It really is you, martial sister Bingyu...”

Qin Nianmei was much more mature than before. Ye Mo wondered why she even dared to appear here.

“Nianmei, is my master okay?” Zhen Bingyu asked shakily.

Qin Nianmei quickly said “My father and martial uncle Ren are both well. Martial uncle Ren is very worried about you. When she heard you were carried to middle heaven domain, she was even more worried. She was planning to go to middle heaven domain. oh by the way, martial uncle Ren has become status immortal and is now the Mo Qing immortal king of Extreme Sword sect. My father is an immortal king too, he’s Ji He immortal king. Extreme sword sect is rebuilt, our cultivation levels are going up very fast, I’m almost abstruse immortal middle stage. Hmm, martial sister your power...”

Only now did Qin Nianmei realise Zhen Bingyu was great unity immortal.

Now that the number one elder and the sect leader both became immortal king, Freedom king is probably no match for them. If that Freedom king still wanted the mist lotus heart fire, Ye Mo hoped he would come.

“Hmm, why are you with martial sister Bingyu?” Qin Nianmei just saw Ye Mo next to Zhen Bingyu. To her shock, Ye Mo’s power seemed to be obscure, as though much higher than his.

“Martial sister Bingyu?” Qin Nianmei just realised that Zhen Bingyu seemed greatly different to before. She was prettier and had less of that cold attitude.

Qin Nianmei looked at Ye Mo and then Zhen Bingyu, she really didn’t dare to believe these two would be together. She looked at Ye Mo and asked in shock “Ye Mo, you, you wouldn’t be the one who carried martial sister Bingyu onto that immortal ship right?”

“Martial sister Nianmei, martial brother Ye Mo saved me.” Zhen Bingyu said.

“Martial sister Bingyu.” Another voice of surprise and joy sounded. Hai Chuanwu’s figure appeared before Ye Mo and Zhen Bingyu. Behind him was one man and woman.

The woman also came up “Martial sister Bingyu, you’re back.”

She was called Shi Yayou.

The man was the only one Ye Mo didn’t know. He was great unity immortal primary stage and looked ferocious but handsome. He seemed extremely confident.
