Chapter 1861: I'll kill you first

"Boss what this punch called?" Shadowless and small ginseng looked expectantly at Ye Mo.

Ye Mo thought for a moment and said "space shatter."

He had crevice and now space shatter. It sounded very good.

"Small ginseng lead the way, we'll go look for good things. When boss has mastered space shatter, we'll go find that old Kai Mi bastard. If I don't eat this guy I don't feel satisfied." Shadowless waved his hand.

Small ginseng was unhappy being ordered but he couldn't argue and led the way.

Half a day later, the three came to a place where the blue color was deeper than other places.

But coming here, Ye Mo immediately felt a sliver of chaos chi. This chi was similar to the chaos chi in his golden page world but not completely the same.

Coming in here, Ye Mo's spirit sense was unrestricted. This was a dried up swamp. At the end of the swamp, there were three big nest like things.

Because the swamp was dry, this place looked barren and wilder.

The swamp was lifeless but due to these three big nests, there was a sliver of life here.

"Boss, this is chaos nest." Small ginseng immediately said.

"What is chaos nest?" Ye Mo asked in confusion.

Small ginseng pointed at the three nests and said “chaos nests are brought over when a realm is born. It usually has a sliver of law chi. The blue greyish dimension here is filled with power law so these chaos nests must have power law chi.”

“Power law?” Ye Mo immediately came up to the chaos nest and grabbed. A faint primal law feeling rose up into his head. Ye Mo only had the time to say to small ginseng and shadowless “Take one each, I’m going to cultivate now, shadowless keep an eye on Yan Jiutian.”

Shadowless was waiting for this. Ye Mo immediately started learning the power law while shadowless moved a chaos net into the golden page world. Small ginseng saw this and did the same. However, small ginseng looked strangely at shadowless and asked “hmm, why didn’t you open your mouth this time, that’s strange?”

Shadowless smiled “I feel this chaos net is definitely enough for me to reach immortal tao. As long as I reach immortal tao, I can eat that Kai Mi old bastard in one mouth. His blood river would be nothing. However, I would have to wait till boss is done, otherwise, can your little arms stop Yan Jiutian?”

Hearing this, small ginseng could only shut up.

Ye Mo was completely immersed in learning power law. This chaos net not only refined his immortal essence and spirit sense but also allowed him to understand his god art and power law more.

He kept using space shatter through the chaos net and there was no longer a place to stay around him. Small ginseng and shadowless could only keep retreating to free up space for Ye Mo to practice.

Rumblings sounds went non stop. Terrifying immortal essence chi swept out instantly creating a huge ravine in this canopy.

The power law and chaos chi of the chaos net were constantly being stripped away by Ye Mo. Meanwhile, the height of the chaos net kept dropping but Ye Mo’s space shatter was more and more refined.

Time passed rapidly, while shadowless and small ginseng could only go around this boring space.

...

When Yan Jiutian found this blue region, he immediately knew Ye Mo went inside first. He cursed. He knew his cultivation level was a bit higher than Ye Mo but his battle power was weaker than Ye Mo.

He felt very annoyed, he was a half divine and begun cultivation again but he wasn't as strong as an ordinary guy. He could only attribute that to the time formation disk. If Ye Mo didn't have the time formation disk, he would definitely be no match for him.

...

"Rumble..."

With three rumbling sounds that was like planets smashing down. In the distance, small ginseng and shadowless looked at the crevices appearing in front of Ye Mo with mouths wide open in shock.

They knew that this was Ye Mo's fist tearing the void creating the tear. Although this tear disappeared in an instant and was far from tearing opening the void, Ye Mo was only an immortal king. This terrifying power was unimaginable.

The ground near Ye Mo was instantly torn by these three fists. The ground seemed to have rolled backwards. But after the three punches finished, Ye Mo waved his hand and the flying ground fell back down.

Crack. The huge chaos net behind Ye Mo turned to dust and disappeared.

"Sigh..." Ye Mo let out a long breath. This chaos net was indeed a good thing, he used one and not only did he perfect his god art but he could use three space shatters in a row. Even after that, his immortal essence and spirit sense wasn't that deprived.

Before, he thought that if he could use two shatters, he wouldn't be scared of the blood river nine falls being used twice but now that he can use three, Kai Mi would be dead for sure.

Ye Mo saw the line like tears in the space, he knew that with the toughness of space here, even immortal emperor wouldn't be able to tear it open. Just because he created lines, it didn't mean he could tear it open. It was just the burst of him perfecting his god art and the chaos net. If he used that move again, he might not be able to create space tears. However, he was very happy, he was only an immortal king middle stage after all.

"Boss, so strong." Shadowless and small ginseng came over and congratulated immediately.

"I still have a chaos tree, should I take it out for boss to cultivate?" Small ginseng immediately said.

Seeing this, shadowless was a little reluctant but could only say "boss, I have one too..."

Ye Mo waved his hand "I only need one, I've learned the power law, even if I get more, I wouldn't progress much. Plus my god art is perfected, I don't need to waste these things."

Then, Ye Mo looked at shadowless and said "shadowless, can that chaos net let you reach immortal tao? If it can't then save it, don't waste it."

Shadowless quickly flapped his wings and said "boss, don't worry, after eating this chaos net, I can definitely reach immortal tao. I promise..."

Then, shadowless charged into the golden page world. he was scared of golden page world causing trouble so he immediately went in and ate the chaos net before sitting beside the bitter bamboo.

"How long have I been cultivating here for?" Ye Mo asked small ginseng.

"It's been four months." Small ginseng quickly said.

Ye Mo frowned and said "go into the golden page world first, I need to go that immortal city. If Kai Mi this old bastard gets away it would be no good."

Ye Mo didn't know that not long after he left, the space where he was started to crack.

...

Outside the whirlpool, the immortal emperors and immortal monarchs looked at it in shock. The 20,000 people had gone in for a few months but the entrance slowly calmed down instead of disappearing.

"Brother Feng Kong, I feel the law suppression seems to be disappearing. Perhaps the other people who have controlled a law can enter too." Blood River Grand emperor said.

"I noticed it too." Wei Feng grand emperor and a few other immortal emperors said.

The immortal emperors glanced at each other and nodded before charging inside without hesitation. The remaining immortal monarch saw this and all went in. Only a few people remained outside.

...

"I killed your people so what? that Ding Jie guy stay here, the rest of you piss off." Yan Jiutian stared coldly at more than ten immortal king and yelled. Below his feet were two corpse.

Ding Jie's face was very bad. He just fought Yan Jiutian a few years ago but in such a short time, he was completely outmatched.

"Yan Jiutian, how arrogant you are. You dare to insult Madman Ding, I'm going to kill you first." Ye Mo's voice sounded.

Hearing this, Ding Jie laughed "Ye Mo, I knew that in such a busy place you would be here. Haha..."

Chapter 1862: Who's situation of certain death

Hearing this voice, Yan Jiutian's face went really bad. He didn't need to look to know Ye Mo was here. Ye Mo took the thing he wanted and clearly, his power increased a lot. He was no match for him before, now even was even worse.

Other than Ding Jie, the rest of the people looked at Ye Mo in shock. Although Yan Jiutian came in here with them, no one expected him to be this powerful. They were trapped by countless star beasts before but when Yan Jiutian came, he just used a few simple god arts and those star beasts ran away.

Two immortal kings were killed on the spot just for being slightly rude to Yan Jiutian. No one dared to say no when Yan Jiutian said Ding Jie had to stay.

Who was this person who just came? He spoke to Yan Jiutian in such tone but Yan Jiutian wasn't angry?

Everyone looked at Ye Mo. In fact, Ye Mo just carried a simple sword on his back. This sword had a sheath too. He didn't look like an immortal king at all, more like a mortal from the lower realms.

"Ye Mo, I was wanting to go find you after leaving here, I didn't expect you were here too. This is great. You don't know how cocky this guy is. I really can't beat him now." Ding Jie said.

Ye Mo patted his shoulder and said "this guy is immortal king tertiary stage, he hid his power. You can't beat him now but that doesn't mean you can't beat him when you're immortal king tertiary stage."

Hearing this, Yan Jiutian was shocked. He didn't expect Ye Mo to be able to see through him hiding his power. Meanwhile, he couldn't see what Ye Mo's power level was.

"This guy is too shameless, Ye Mo teach him a lesson, I'll cheer you on." Ding Jie rolled up his sleeves and said.

Ye Mo knew that Yan Jiutian was good at running and it was completely impossible to kill him but he didn't feel good without teaching Yan Jiutian a lesson.

Just when Ye Mo was about to release Zi Xu, Yan Jiutian suddenly sound transmission “Ye Mo, I’m no match for you I admit but it’s impossible for you to kill me. If you want to fight then I can fight with you but when Kai Mi comes, I will join up with him. Can you beat the two of us?”

Ye Mo frowned. He knew what Yan Jiutian said was true. Yan Jiutian’s escape abilities were much stronger than him.

Seeing this, Yan Jiutian said again “Ye Mo I know you have an immortal sect but I never caused trouble there. If you have the balls, we’ll fight when we’re both immortal emperor. Normally, you can’t kill me nor can I kill you, no matter how we fight it would be a waste of immortal essence. Plus, you know that I would definitely do it personally if I was to kill you. I wouldn’t spill your secret like an idiot, I believe you think the same.”

Yan Jiutian wasn’t that noble of course, he didn’t go to low heaven domain because he didn’t have time. Plus, he didn’t even consider Mo Yue immortal sect a threat.

Plus, Yan Jiutian believed that if he reached immortal emperor, then no matter how insane Ye Mo was, he could kill Ye Mo. He had a few powerful god arts that could only be cultivated in immortal emperor state.

If it was outside, then Yan Jiutian would say this but this blueish grey dimension was small and the star beasts here seemed to be able to communicate. It wouldn’t be hard for Ye Mo to find him.

Ye Mo didn’t really care waiting till immortal emperor to fight Yan Jiutian. He knew that since Yan Jiutian said this, he was relying on something but even so, Ye Mo wasn’t scared.

“Ye Mo, just teach this Yan bastard a lesson. I’ll stop this guy, we can’t let this guy get away.” Ding Jie laughed.

Ye Mo waved his hand and said to Yan Jiutian “piss off, I don’t want to kill you now.”

Yan Jiutian’s face was green but he could only go and soon disappeared.

“Ye Mo why not kill him?” Ding Jie looked at Ye Mo with confusion.

“Because someone I want to kill more has come.” Then Ye Mo stared at an empty space ahead.

Soon, a grey robed person appeared. It was clearly Kai Mi.

Ye Mo felt this guy seemed even more stronger than a few months ago.

This time, Kai Mi didn’t draw Ye Mo away and just said coldly “I knew you would take those chaos nests, you idiot. Die...”

Then, Kai Mi released blood spear and blood river nine falls.

The violent and foul stench spread out. The terrifying immortal king domain spread out like crazy. Ding Jie and the other immortal kings could only retreat and instantly left where Ye Mo and Kai Mi were.

The space rattled heavily with the release of the blood spear.

Ye Mo felt it was okay but the nearby immortal kings looked at the void in shock, this power was like the sky falling. Was this even a battle between immortal king? Even a battle between immortal monarch was only like this.

The nine blood rivers swept down from the sky.

Even at tens of km away, the immortal kings felt it was hard to breath. There was shock in Ding Jie’s eyes. He thought he was at the peak of immortal king.

But he couldn’t beat Yan Jiutian. That was alright as Yan Jiutian was immortal king tertiary stage. But now, he fought he couldn’t beat Ye Mo’s enemy Kai Mi. This guy was even stronger than Yan Jiutian.

This Kai Mi seemed to only be immortal king primary stage. No matter if he hid his power or not, he was definitely an immortal king.

As the nine rivers fell, the blueish grey dimension turned blood red. The revolting smell completely sealed this space shut.

Ye Mo didn't move at all. He was waiting for Kai Mi to use this. If Kai Mi didn't use blood river nine falls, it wouldn't be easy for him to kill Kai Mi in his own way.

Kai Mi was once a divine emperor, who knows what means he hasn't used yet.

The nearby people could only see nine blood rivers covering the heavens and sweeping at Ye Mo.

Ye Mo never thought of running away. The moment Kai Mi used it, Ye Mo used his space shatter.

Explosions sounded amidst the blood river.

Soon, the immortals saw void runes forming outside the blood river and then gathering together before sweeping up the nearby void lethal force forming an invisible lethal force whirlpool.

"What fist god art is this?" the nearby immortal kings looked at space shatter in shock.

Seeing this, Kai Mi frowned. As a past divine emperor, his vision was countless times better than others. Ye Mo's space shatter was completely different to void before.

This time, Ye Mo just used one punch but its power was much greater than the nine punches together. This meant that Ye Mo fused the nine punches into a new god art.

Kai Mi was shocked. If he didn't kill Ye Mo today, there would be endless trouble. In a few months, he fused a new god art.

If he didn't kill Ye Mo while he wasn't strong, then it would be thousands of times harder later.

"Rumble..."

The lethal force whirlpool exploded in the blood river and the nine blood rivers exploded. The ground and the void was a complete mess.

Kai Mi sneered, the blood spear shrieked in the air and before they completely disappeared, another nine blood rivers fell along with Kai Mi's frigid voice "the emperor shall see if you can take a second blood river nine fall."

Chapter 1863: Space Shatter Three Strikes

The second blood river nine falls smashed down, space erupted. Even a hundred km away, the onlooking immortal kings found it hard to breath.

Such terrifying god art, used consecutively was too powerful for any of them to stop alone. Ye Mo was just an immortal king, could he stop the second blood river nine falls? Even Ding Jie looked at Ye Mo with a worry. He admired Ye Mo the most but he wasn't sure if Ye Mo could stop this.

After punching out the first space shatter, Ye Mo's face only went a little paler. Now that the second blood river nine falls came, he instead took a step in and punched again.

After this punch, the nearby space switched. The void and lethal force moved by the blood river nine falls turned into fist runes.

Ye Mo's punch carried nine lethal force whirlpools and smashed towards the blood river nine falls.

Rumble rumble rumble....

The two clashed head on and nine heavenly shocking explosions sounded. Blood splashed everywhere and immortal essence dispersed. The nearby space started to rattle heavily, waves of immortal essence and spirit sense space waves were clearly visible.

Everyone took in a cold breath. The first time they clashed, no one saw how Ye Mo countered the blood river nine falls but this time, everyone saw clearly. Ye Mo used his fist god art to smashed the blood river nine falls head on.

Ye Mo's fist god art was formed by many lethal force whirlpools that could also divide into nine or even more.

Ye Mo could use his fist to break Kai Mi's blood river meaning that his body was powerful to a new extreme. This couldn't be done with just god art. In the immortal realm, those using fist god arts were pretty much all body refinement cultivators.

Some experienced people realised why Ye Mo delayed using his first punch, it was to bait Kai Mi to use the second blood river nine falls.

Kai Mi realised this too.

His heart was shook. He completely didn't expect Ye Mo to be able to progress this much in a few months. Ye Mo used nine punches to stop his blood river nine falls and afterwards, his immortal essence and spirit sense was used by more than 90%.

But today, Ye Mo not only fused the nine punches into a new fist god art but could use it twice.

"No wonder you dare to stay here to wait for me, it's because you found a way to counter my blood river nine falls." Kai Mi sneered and suddenly howled spitting out "blood river nine falls..."

The third blood river nine falls struck down, the terrifying blood river chi emanated. The nearby space had been ravaged by three blood river nine falls and finally marks started to appear that could be seen by the naked eye.

Ye Mo's face changed, he guessed that Kai Mi would be able to use blood river nine falls twice but he didn't expect three times.

Seeing Ye Mo's face change, Kai Mi laughed. His complexion wasn't normal, clearly due to using blood river nine falls for the third time.

"You would never know what my next move is and you would never guess where my real power is at. So today, you can only die here, blood river, attack..."

Even if he was to be heavily injured, he would kill Ye Mo today. He didn't believe Ye Mo would be able to stop his blood river nine falls a third time.

When the third blood river fell, his immortal king domain and blood spear had fused into the strongest immortal king domain. This domain completely sealed off Ye Mo's exit.

Ye Mo wasn't going to run, he never thought of it. He didn't move at all and then suddenly, punched out again "space shatter..."

Space shatter, it had to shatter space to be called space shatter. Ye Mo's space shatter couldn't shatter the space here but it could shatter Kai Mi's blood river nine falls.

This punch smashed out, the fist force swept the nearby few hundred km. Lethal force rushed and the fist force was like rolling ocean.

The third space shatter was stronger than the first and second one.

Seeing this, Kai Mi's face changed drastically. He completely didn't expect Ye Mo to improve this much in a mere four months. It was already crazy enough that he could use blood river nine falls one extra time during this time.

Even if Ye Mo got the chaos nest, he shouldn't be able to use three of such terrifying fist god art consecutively.

He didn't know that Ye Mo cultivated the Three Birth Chant. It was the most suitable thing for deriving everything. Once the space shatter god art was derived, it was a new god art. This new god art didn't require immortal essence and spirit sense used for nine voids. It used even less.

Rumble...

Terrifying chi and explosions rustled about. the outside immortal kings could only see waves of lethal force whirlpool and layers of blood mist entwining.

With the third blood river nine falls being smashed away, Kai Mi immediately felt the backlash. He was already at his wits end after using three blood river nine falls. If he knew Ye Mo could stop his three blood river nine falls, he would never fight Ye Mo in this way.

Kai Mi knew he had lost, completely.

Kai Mi didn't even care about his blood spear anymore. He burned his immortal essence and life like crazy. He had to get away as quickly as possible.

If he was in essence spirit form, it would be better but Lu Zhengqun's body confined him greatly.

But Ye Mo wasn't going to give him the chance. Lightning crossed in the sky instantly forming a lightning spear containing endless killing intent. Kai Mi's immortal king domain instantly shattered and the blood spear was about to fall.

Kai Mi knew lightning sand and just barely moved his body.

Splurge. The lightning spear passed through Kai Mi sending him into the not yet dissipated fist whirlpool. Kai Mi's body was instantly obliterated.

Ye Mo stood in this blood but his face was very bleak. A divine emperor wasn't so easy to kill indeed. Even though he crippled Kai Mi's body, his essence spirit still got away. Not only this, he didn't even see the red spear.

The divine emperor essence spirit was terrifyingly refined. It could get away in that terrifying lethal force whirlpool and Ye Mo didn't even know how it got away.

The only thing that Ye Mo felt assured about was that for Kai Mi's essence spirit to reach immortal king level again, it would require a few hundred to a thousand years and this was if he could find a suitable body. Otherwise, it would take longer. Of course, if he encountered some insane fortune it would be hard to say.

"Haha, Ye Mo you're strong indeed. Even such a powerful guy was slaughtered by you with only essence spirit running away." Ding Jie was the first to congratulate Ye Mo.

The nearby immortal kings surrounded over, an extremely beautiful female immortal walked up softly to Ye Mo and bowed "Hua Yuxue thank martial brother Ye for saving my life, Yuxue..."

She had a faint aroma on her body that would render men with a throbbing and good feeling.

Ye Mo had his instincts and didn't have a good impression of this female immortal so he nodded "No need to thank me, I didn't come just to save you."

"Hehe, she's from Demon Joy sect, I'm certain that she came to seduce you. If you hint a little, you guys can jump in bed immediately." Ding Jie sound transmissioned.

Ye Mo thought of another woman, she was from Demon Joy sect too called Hua Ruxue. Clearly these two were related. Thinking about this, Ye Mo sneered "Demon Joy sect really ruined the name Xue."

TL Note: Xue means snow

He even killed Demon Joy sect immortal king, how could he suck up to Demon Joy sect.

Hearing this, Hua Yuxue's face changed immediately.

But before she spoke, Ye Mo dashed among the immortal kings and grabbed a pink dressed female immortal asking very nervously “what did you say? Say it again.”

Chapter 1864: Hearing of Xiaoyun again

“Ye Mo she’s from Wujia Sound river, it’s the number one sect of Yu Yu heaven. Wuhua immortal emperor Sang Qi never comes out but his power is no weaker than Feng Kong grand emperor, he’s even at the level of half divine. The second immortal emperor, Wu Yin immortal emperor Nuan Shuyu is immortal emperor peak too. No one dares to mess with them. It’s said Wujia Sound river has four immortal emperors and more than ten immortal monarchs, don’t mess with her.”

Seeing Ye Mo grab this pink dressed female immortal, Ding Jie sound transmissioned to Ye Mo fearing Ye Mo would do something inappropriate. Even his sect couldn’t mess with Wujia Sound river. The top sects of immortal realm all have three immortal emperor but Wujia Sound River has four.

Wujia Sound River was very dominant and protective. If their sect members was abused, they would definitely hunt the abuser.

Ye Mo didn’t seem to hear what Ding Jie said and kept staying coldly at the red robed female immortal saying “say it again, what did you just say?”

After her initial worry, she gradually calmed down.

“Let me go first.” The immortal king’s face burst red and yelled.

Ye Mo felt he was doing wrong and quickly let go but he didn’t have the time to apologise, he just stared at her and said “I just said you look a bit like the image carried on Xiaoyun’s jade card. I didn’t offend you, what right did you have to attack me...”

Ye Mo was dumbfounded. He just kept murmuring Xiaoyun. Mu Xiaoyun went missing in the small world and he went to the small world many times but couldn’t find her.

Now that he heard Xiaoyun's name again especially how she carried an image of him, how could he not be excited?

"Show me Xiaoyun's image, tell me where she is?" Ye Mo asked desperately.

Seeing Ye Mo didn't have the intention to apologise, the female immortal could only say "ten years ago, Wuyin martial ancestor brought Xiaoyun back. I've seen her once because martial sister Peng and I arranged her residence. I only asked martial sister Peng because I saw you. However, we never saw Xiaoyun after that. At the time, Xiaoyun carried a jade card and inside was your image."

"Her surname is Mu right?" Ye Mo asked loudly completely forgetting the tone of his voice.

The female immortal subconsciously frowned but still nodded "yes, she's called Mu Xiaoyun, this is her image..."

Then, the female immortal took out a crystal ball and casually printed an image inside. Ye Mo grabbed the crystal ball immediately and murmured "it's Xiaoyun indeed, it really is her.."

Now, everyone realised that this Mu Xiaoyun was probably someone Ye Mo knew. However she appeared at Wujia sound river.

"How is she now? is she Wuyin qian bei's disciple?" Ye Mo put away the crystal ball and asked shakily. Wuyin was an immortal emperor, if Xiaoyun was her disciple, she would be doing well.

The female immortal shook her head "I'm not sure because I never saw her again. Martial ancestor Wuyin never took her to some gathering or public events."

Ye Mo frowned. Xiaoyun might not be Wuyin immortal emperor's disciple. If a master liked his disciple, he would take the disciple to all sorts of public events.

Another thing that made Ye Mo more confused was that Xiaoyun's talent was very bad just a little bit better than him. Even if she cultivated primordial chaos chant, she shouldn't be able to ascend in such a

short time. If Xiaoyun didn't ascend on her own, then she was brought over by Wuyin from another realm or she had some great fortune. But even if she did, how could she keep it if Wuyin immortal emperor knew about it.

"When you saw Xiaoyun what was her cultivation level?" Ye Mo asked.

The female immortal dazed and said "it seemed to be truth realisation state, I didn't really care."

How could an immortal king care about an ordinary immortal ascension disciple?

"Ye Mo, you know this Mu Xiaoyun?" Ding Jie looked at Ye Mo and asked.

Ye Mo nodded "that's right, Ding Jie, how did you guys come in here? Can you go out? I'm going to go find Xiaoyun."

Ye Mo worried that Xiaoyun might not have much status in Wuyin Sound river. No one would care if a immortal ascension disciple died in such a big sect.

Ding Jie shook his head "probably not, when we came in, those immortal emperors said that even if you want to go out it would be 12 years later."

As soon as Ding Jie said this, a red flying sword landed. Ding Jie grabbed it and immediately said in joy "Saint Yiyi said immortal emperors have come in. They're at star defense immortal city, let's hurry over and see. I'm bored of this place already."

Hearing this, the rest of the people rejoiced and the immortal kings quickly left.

10,000 great eternity immortal and immortal king gathered outside the city, Ye Mo came here and immediately saw more than ten immortal emperor. Their force was overwhelming. Ye Mo took in a cold breath and carefully controlled his chi.

If it was immortal monarch, he wouldn't really care but against an immortal emperor, Ye Mo didn't have any confidence. He was probably no match for even the weakest immortal emperor.

A long bearded handsome man stood in the air and said to the rest of the people "we originally guessed this was the entrance to the chaos star realm but instead it's the dimension where star beasts live. It seems some problem occurred here and it's now connected to another realm. The exit has appeared, everyone can go back from where they came from. Those who want to can come with us to the other realm."

Ye Mo knew this person, it was Wei Feng immortal emperor. Wushuang immortal emperor was killed by this guy.

Then, Wei Feng immortal emperor left in a dashing light, the rest of the immortal emperors didn't even say anything and left.

Ye Mo didn't know where the other realm appeared but he wasn't interested at all. He suddenly thought of one thing and said to Ding Jie "Ding Jie did that Wuyin immortal emperor come?"

"She did, she was among the people who left." Ding Jie quickly sound transmissioned.

"Wuyin immortal emperor master please wait..." Ye Mo quickly called and was about to chase up. Mu Xiaoyun was taken back by her, even if Wuyin was a divine emperor he would go up and ask.

But she was too fast and had already disappeared.

"How dare you, a mere immortal king dares to stop Wuyin martial ancestor. Do you not want to live?" A black faced man sneered and blocked Ye Mo's path.

This was an immortal monarch middle stage, Ye Mo stopped, he knew he wouldn't be able to catch up.

"Martial uncle Ji Xue, he said he had a friend at Wujia Sound river. He probably wanted to ask about this friend from Wuyin martial ancestor." The pink dressed female immortal explained.

Ye Mo said heavily “that’s right, Wuyin qian bei’s disciple is my friend. So I want to ask her if my friend is at Wujia Sound river.”

“Hmph.” Ji Xue immortal monarch sneered and looked at Ye Mo in contempt “Wuyin Martial ancestor wouldn’t take anyone in for disciple. are you dreaming? From what I know, martial ancestor Wuyin never had a disciple, you don’t need to ask.”

Ye Mo’s eyes went cold and looked at the female immortal “what’s going on? You said Xiaoyun was brought to Wujia Sound river by Wuyin qian bei.”

The female immortal was lost for words, she was scared of Ye Mo from the bottom of her heart. Now that Ye Mo asked she could only say “I don’t know if Xiaoyun is martial ancestor Wuyin’s disciple I’ve only seen her once...”

Hearing this, Ye Mo was very worried. What good thing could an immortal emperor old monster do to an immortal ascension cultivator if it wasn’t to take her in as disciple?

“You’re asking to die.” The immortal monarch saw Ye Mo’s tone was getting rude and became furious.

Ye Mo didn’t have the mood to care which sect he was from, he hacked out Zi Xu and a 1km long purple sword ray extended out.

Chapter 1865: Heart Like Arrow

The rest of the immortals felt like that Ye Mo’s sword had grabbed the nearby tens of km of space together.

Looking at the force with which Ye Mo and the immortal monarch attacked, everyone even thought that Ye Mo was an immortal monarch and this Wujia Sound River immortal monarch was an immortal king.

Ding Jie's eyes shot out gleams, he didn't even blink as he watched Ye Mo's strike. He had seen this strike. He was there when Ye Mo learned this strike at the title status tower.

This strike carried a blade that had this destructive chi that would tear apart everything. It seemed even more terrifying than Ye Mo's three space shatters.

The nearby immortals immediately retreated after feeling the destructive chi from Ye Mo's strike. The feeling that Ye Mo's strike gave everyone was that if they retreated a little bit slower, they would be swept in by the strike and annihilated.

Those immortal kings who saw Ye Mo fight with Kai Mi just realised that Ye Mo didn't even use his magic artefact while fighting Kai Mi. this was their first time seeing Ye Mo's magic artefact, it was an extremely ugly purple sword.

When Ye Mo used crevice, Ji Xue immortal monarch's face changed immediately. His green long sword with the green sword veil instantly separated under this strike and dissipated. His immortal monarch domain wasn't actually weaker than Ye Mo's immortal king domain. It completely crippled under the destructive chi of this strike.

Crack crack.

The sound spread out, Ye Mo's rune seemed to be about to tear open the void and strike down from this immortal monarch's eyebrows.

Rumble.

In his desperation, Ji Xue immortal monarch's green sword turned into a green ray, Ye Mo's crevice chi gradually grew faint in this green ray.

Splurge... it was the sound of flesh being cut open. Everyone held their breath, they were familiar with this sound, it was the sound of body about to crumble.

Ji Xue immortal monarch was extremely shocked, just when he wanted to use his trump card, he saw that 10 meter long purple sword hanging above his forehead but it stopped. If it continued to strike down, his body would've been cut in half.

Even so, there was a long bloody mark on Ji Xue immortal monarch's forehead.

Just one move, an immortal monarch middle stage lost to an immortal king. This was too terrifying.

"Just who are you?" Ji Xue immortal monarch asked shakily.

The nearby immortals took in a cold breath, this was their first time seeing such an absurd immortal king. Those immortal kings were even shaking. Only they knew that Ye Mo had already fought a heavy battle with someone far stronger Ji Xue immortal monarch. Under such situation, Ye Mo could still subjugate an immortal monarch middle stage immediately. He was too terrifying.

Yi Yi saint who made her way over also saw this move but she knew Ye Mo's power just like Ding Jie. In her eyes, Ye Mo was bound to become a god like figure. Ye Mo wouldn't even be afraid of immortal emperors in the future much less an immortal monarch.

Her eyes lit up, she had only parted from Ye Mo for a few years and his power increased many times.

"Who I am doesn't concern. I can let you go this time, tell me about Xiaoyun. Otherwise, I won't be so polite next time." Ye Mo said coldly.

Ji Xue immortal monarch took in a cold breath. Although he had many god arts he didn't use yet, he knew he was no match for Ye Mo even if he used them.

"You're a mere immortal king, are you really going to fight Wuyin Sound river?" Ji Xue immortal monarch said.

Ye Mo waved his hand, Zi Xu fell back into the sheath. Then, Ye Mo said coldly "if I was going to fight Wuyin Sound River you would be dead now. You just need to answer me if Mu Xiaoyun is still at Wuyin Sound River. Where is she? Take me to Wuyin Sound River to find her and your business is over."

Ji Xue immortal monarch said coldly “even if you kill me I can’t take you to find that Mu Xiaoyun. First I’ve never seen her nor heard of her. Second, if was brought back by Wuyin Martial Ancestor, I can’t enter the Wuyin peak where Wuyin Martial ancestor lives.”

Ye Mo ignored Ji Xue and said to Ding Jie “Ding Jie, I’m going to find Xiaoyun where are you going?”

“Of course with you, no matter how big of a sect Wuyin Sound River is, I believe they wouldn’t stop you seeing your friend.” Ding Jie said.

“Brother Ye I’ll go with you.” Yi Yi saint flew over and said.

Ji Xue immortal monarch’s sunk his face and said “Ding Jie, you’re one of the most core immortal king of Chi He emperor sect. Do you know what the consequence of going to Wujia Sound River is? Is your Chi He emperor sect going to fight Wujia Sound River? And Yi Yi saint, you’re the saint of Jiu Fan immortal pond, yet you call random man brother and you’re also going to Wujia Sound River. Do you think we’re easy to abuse?”

Ding Jie laughed “Ji Xue immortal monarch, I’m respecting you by calling you immortal monarch. Wujia Sound River is indeed a big sect, much bigger than my Chi He emperor sect. But is going with Ye Mo to find his friend fighting Wujia Sound River? If you’re really going to count that as fighting Wujia Sound River I’ll take it. there’s nothing I’m afraid of. Your sect’s name is big but not enough to scare me.”

Yi Yi saint said plainly “brother Ye has helped me greatly, his business is my business. If Ji Xue qian bei has to say that me saying brother Ye is against the rules of Jiu Fan immortal pond then you can go report me at Jiu Fan Immortal Pond. If my sect kicks me out then I have nothing to say.”

Ji Xue immortal monarch’s face changed. If it was some other sect, his threats could suppress them but Ding Jie and Zhan Taiyi are both from emperor sects. Although they weren’t as strong as Wujia Sound River, they couldn’t be ignored easily.

Plus, these two were the top level sect members, they were the future of the sect.

Ye Mo patted Ding Jie's shoulder but before he could say anything, Ding Jie laughed "brother Ye, if you look down on me North Time immortal king, then don't let me go."

Ye Mo didn't want Ding Jie involved but since he said this, Ye Mo laughed "okay let's go Wujia Sound River together. I want to see how they won't let me take Xiaoyun."

Then, Ye Mo released space time boat "Ding Jie, Yi Yi, let's go to Wujia Sound River."

Ye Mo didn't care about revealing his low grade flying god artefact since he revealed his immortal king identity. He believed that he could protect himself even against immortal emperor. He didn't need to be so fearful. Ye Mo believed an divine emperor wouldn't come looking for his trouble for a low grade god artefact.

Seeing the three leave, Ji Xue immortal monarch sneered. Taking people from Wujia Sound River, are they arrogant or ignorant?

Seeing Ye Mo leave in space time boat, many people were jealous and envious but no one dared to go up to rob it.

As the blueish grey dimension was opened, many immortals flew out. Some immortal monarch and immortal king stayed and followed the immortal emperors.

"Ye Mo, do you think that realm that suddenly appeared would be the realm that disappeared?" Ding Jie asked.

Saint Yi Yi also looked at Ye Mo, she had the same suspicion.

"I understand." Ye Mo suddenly said.

The two stared at Ye Mo in confusion.

Ye Mo said something completely irrelevant “Xiaoyun was later tested to be pure wood spirit root. She cultivated slow because of her cultivation method before. Later on she cultivated slow because she must miss me a lot and didn’t have the mind to cultivate.”

Ding Jie and Yi Yi glanced at each other but didn’t interrupt Ye Mo’s thoughts. They had guessed just how important Mu Xiaoyun was to Ye Mo.

Chapter 1866: Wujia Sound River

“Spirit sense can’t scan in at all.” An immortal emperor primary stage came to the crevice where Ye Mo was cultivating before and said.

They were all immortal emperors but none of them want to go in first including Feng Kong and Blood River grand emperor.

At this moment, an extremely dense immortal spirit chi came out of the black hole.

“Such dense immortal spirit chi?” the immortal emperors glanced at each other.

“I’ll go in first.”

As soon as Feng Kong grand emperor said this, the immortal emperors saw a blood color silently sweep past and go into the black hole.

“A blood spear, the essence spirit controlling it is very weak but is very experienced, he could even cheat us.” Blood River grand emperor looked and said.

Feng Kong grand emperor sneered and immediately got up instantly dashing into this black hole. The rest of the immortal emperors saw this and all followed in.

After another while, a few immortal kings arrived here too. However these immortal kings were immediately swooped out by the black hole. Other than one, the rest of them were all torn to pieces.

...

Wujia Sound River, it was the top sect in all of the entire grand heaven domain. Not even the Yu Yu heaven lord dared to offend Wujia Sound River.

Three months later, Ye Mo's space time boat had went in Yu Yu heaven. A few days later, it appeared outside Wujia Sound River sect.

Looking at the mountain range spanning a few hundred thousand km, Ye Mo gasped. Mo Yue immortal sect was rather grand but throwing it in the Wujia Sound River, it wouldn't even be seen.

In the few hundred thousand km of mountain ranges, the dense immortal spirit chi clouds circulated in the air mixing with ordinary cloud forming a scene of extreme beauty. Amidst the clouds, four golden words floated about, Wujia Sound River. The words could be seen no matter which direction you looked at it.

Songs of extremely pleasing immortal music sounded from inside the ranges rejuvenating people's soul and making them not want to leave.

"This is Wujia Sound River, it has two main peaks. The first main peak is Wujia peak. The second main peak is the peak where the immortal music is coming from, it's called Sound River peak. It's said that Wujia Sound River is created by Wujia immortal emperor and Sound River immortal emperor together. The two immortal emperors reached the extreme of cultivation and disappeared in pursuit of dao vindication." Ding Jie said.

"Brother Ye, Wujia Sound River has four immortal emperors now, other than Wuhua immortal emperor and Wuyin immortal emperor, there's two immortal emperor primary stage, they're Wuyu immortal emperor and Wuhui immortal emperor. Wuhua immortal emperor isn't at Wujia Sound River, no one knows where he went. Wuyin immortal emperor went to the new realm and shouldn't be back in a short while. But Wuyu immortal emperor and Wuhui immortal emperor are probably still here..."

Yi Yi hesitated and said what was in her heart.

Ye Mo knew what she meant and waved his hand “I’m no match for Wujia Sound River, I know that very well. But my wife is at Wujia Sound River, even though I know I’m no match for them I still have to see her.”

“Xiaoyun is your wife?” Yi Yi was going to persuade Ye Mo to calm down but hearing this, she immediately forgot her purpose.

Ye Mo nodded “yes, she’s my wife, I haven’t seen her for 100 years.”

Then Ye Mo looked at the grand Wujia Sound River and sighed. He wasn’t dumb, he knew it probably wouldn’t be easy trying to take Xiaoyun from there.

If Wuyin immortal emperor was an ordinary person it was fine but Wuyin immortal emperor was the second strongest in the second, how could she easily let go of someone she brought back?

If Wuyin immortal emperor really took Xiaoyun to be her disciple, Ye Mo knew it was fine to leave her here for the moment but he subtly felt that Wuyin didn’t bring Xiaoyun back to be her disciple.

Ye Mo had been in contact with some immortal emperor and even divine emperor. He knew that in the immortal realm, even an immortal emperor had limitations on his life span. If one couldn’t vindicate dao at the end of his life, he would have to give up his body and possess another one, beginning cultivation again.

Who was to be sure that Wuyin immortal emperor didn’t bring Mu Xiaoyun back for possession? If Xiaoyun really ascended, then she was definitely pure wood spirit root. The immortal root it changed to would be extremely perfect too.

On the way, Ye Mo had asked Yi Yi and Ding Jie about this Wuyin immortal emperor. He learned that she never had a dao partner and her age was very old. She was older than many dead immortal emperors. Other than this, it was also fabled that she was an immortal pill grand master.

The immortal pill grand master in the immortal realm was different to cultivation realm pill king. In the cultivation realm, the fire spirit root was the best for pill concoction but in the immortal realm, rare flames could be found elsewhere. The real immortal pill great masters all came from wood immortal spirit roots. That was Mu Xiaoyun.

“Ye Mo, Yi Yi thinks that we should be polite first and try to avoid conflict.” Ding Jie said.

Ye Mo smiled “if I was really reckless, I would’ve killed that Ji Xue immortal monarch. How can I let him live?”

“I’ll go knock.” Ding Jie saw Yi Yi still in a daze so he said.

Ye Mo waved his hand “I’ll go myself, you guys came with me. If something happened, you guys can get involved but I don’t want your sect to get involved too.”

Ding Jie heard this and nodded. If he knocked first, it meant he was leaving. If Ye Mo knocked then it meant that they were just helping Ye Mo.

Ye Mo stood before Wujia Sound River and said “Gong Hua heaven Mo Yue immortal sect leader Ye Mo has come to visit.”

Then Ding Jie said “Great Red heaven Chi He Emperor Sect North Time immortal king Ding Jie has come to visit.”

Yi Yi quickly said “Fan Du Heaven Jiu Fan immortal pond saint Zhan Taiyi has come to visit.”

Hearing this Ye Mo was very grateful. He was just a low heaven domain sect leader, he didn’t even have the right to talk before Wujia Sound River. Meanwhile, these two were different.

No sect dares to ignore both of their sects at the same time, not even Wujia Sound River.

Soon, they saw the sect mountain open. Two golden rays drew open and a beautiful immortal sound came from within.

Moments later, an immortal king had come to greet. Behind him were tens of extremely beautiful female immortal standing on the rainbow cloud.

“Wujia Sound River welcome the three immortal kings.” It was a middle aged immortal king, he looked very ordinary but his smile seemed very genuine.

This wasn’t the top level welcome but for them three, it was rather respectful.

After some greeting, the middle aged immortal king led the way. Ye Mo and them soon went into the guest palace. The two sides were filled with people. It gave Ye Mo the feeling that Wujia Sound River already knew they were coming.

“The three immortal kings have come from a long way, lighting up and bringing honor to Wujia Sound River. I’m the sect leader, Liu Li.” An immortal and ethereal looking man walked in here.

Ye Mo could tell this Liu Li was immortal monarch tertiary stage. Ye Mo didn’t feel it was strange that an immortal monarch was the sect leader of Wujia Sound River. Most sects were like this, the strongest person wasn’t the sect leader.

Liu Li was relatively polite to Ye Mo but after everyone sat down, Liu Li didn’t talk to Ye Mo first but smiled at Ding Jie and Yi Yi asking them about Chi He emperor sect and Jiu Fan Immortal pond. It was as though Ye Mo was their follower. Even after that, he didn’t ask about Mo Yue immortal sect.

Chapter 1867: Fight immortal emperor

Ye Mo’s face was calm and didn’t show any anger. He came to take Xiaoyun away not connect with Wujia Sound River.

Ding Jie couldn't resist saying "sect leader Master, Ye Mo is my best friend so I came with him this time, it's the same for saint Yi Yi."

Yi Yi got up and said "yes, Ji Sheng immortal monarch master, brother Ye came to your honored sect for some business."

The two used different ways to avoid called sect leader clearly showing their discontent.

Ji Sheng immortal monarch glanced at Ye Mo in confusion. He didn't expect a mere immortal king middle stage would have the capability to make saint Yi Yi call him brother Ye.

Ji Sheng immortal monarch was very cunning, he immediately laughed "Mo Yue Immortal Sect Leader came visit my Wujia Sound River. It's a great joy. We welcome you greatly. Come, send up the immortal fruits and wine to greet the guests."

With this, those female immortals on the side took out the wine and fruits placing them on the tables.

Ye Mo was very calm. This Ji Sheng was very cunning. It seemed like he suddenly changed. His sentence made it seem like he not only was admitting wrong and also showed how seriously he took Ye Mo now. It was as though him ignoring Ye Mo didn't happen at all.

The only reason he did this was to verify how much Yi Yi and Ding Jie supported him.

Ye Mo didn't care about the immortal fruits at all. He just got up and saluted with his fists "Ye Mo greet Ji Sheng immortal monarch master, I came to Wujia Sound River this time because I heard my wife Mu Xiaoyun was at your honored sect. so I came to take her away, please fulfill my wish."

"Mu Xiaoyun?" Ji Sheng immortal monarch repeated in confusion. this time he was really confused.

"Yes, Mu Xiaoyun." Yi Yi came up to explain how Mu Xiaoyun was brought back by Wuyin immortal emperor and was probably at Wuyin peak now.

“Martial Ancestor Wuyin brought her back?” Ji Sheng immortal monarch dazed. If it was some ordinary disciple, he probably would’ve agreed on Ding Jie and Yi Yi’s account.

Ding Jie and Yi Yi’s immortal king title couldn’t be seen at all on the immortal king tablet and news of this had long gotten out. Ji Sheng immortal monarch also knew that their future would be far greater than his. Otherwise, he wouldn’t be coming to greet them personally.

But since this involved Wuyin martial ancestor, it was hard. Even he didn’t dare to waste time at Wuyin peak.

This...” Ji Sheng immortal emperor hesitated and still said “sect leader Ye, if Mu Xiaoyun was an ordinary disciple, I can make the decision but she was brought back by martial ancestor Wuyin, I can’t make the decision. I have to wait until martial ancestor Wuyin comes back.”

Ye Mo immediately said “I’m very anxious, if sect leader really can’t make the decision, I don’t dare to trouble you but it should be fine for me to just see her right?”

Ji Sheng hesitated again. To see her, one must go to Wuyin peak. Martial ancestor Wuyin wasn’t here, who would dare to go in.

“No, martial ancestor Wuyin isn’t here, no one has the right to enter Wuyin peak. Might be the sect leader but I can’t go in too. So I can’t agree to your request.” Ji Sheng could only say.

Ye Mo was very desperate but he knew he couldn’t force his way here.

“Sect leader master, I’m a low heaven domain sect leader and in terms of cultivation level I’m also a wan bei. I shouldn’t be troubling you but Xiaoyun is indeed my wife. If I don’t see her my heart really can’t rest. Martial Ancestor Wuyin went to the new realm, it’s uncertain when she would come back. Wan bei wouldn’t be able to wait till that time...” Ye Mo tried to speak euphemistically.

But before Ye Mo finished, a sneer sounded “how dare you, you’re saying that you must see that Mu Xiaoyun. If we don’t let you see, you’re not going to go?”

As this voice sounded, a figure that made people unable to breathe appeared at this palace.

Ye Mo took the forefront of the pressure and immediately retreated a few steps.

Only now did people see an aggressive looking youth in the palace.

“Ji Sheng greet martial uncle Wuhui...” Ji Sheng quickly bowed and said. The rest of the female immortals in the palace also bowed.

Wuhui waved his hand to Ji Sheng and stared at Ye Mo “is that so?”

Ye Mo resisted against this strong pressure and said “yes, I must see her.”

“Hahaha...” Wuhui immortal emperor laughed “a mere immortal king insect dares to act so cocky in front of me. I’m not going to let you see her, what are you going to do?”

Ding Jie and Yi Yi almost couldn’t take it when they didn’t even face the pressure directly. One could imagine how much pain Ye Mo was in.

Ding Jie quickly saluted with his fists “Chi He Emperor Sect Ding Jie greet Wuhui immortal emperor master, Ye Mo is wan bei’s....”

“So what about Chi He Emperor sect? a little immortal king has no right to talk here, on Chi He Emperor sect’s account, I won’t kill you, piss off...”

Then, Wuhui immortal emperor grabbed with immortal essence giant hand and Ding Jie was thrown out.

Yi Yi’s face changed and got up too. However, she couldn’t even speak and was thrown out as well.

Seeing this, Ye Mo knew things weren’t good.

Wuhui then stared coldly “you’re not bad, a mere immortal king but you can injure my sect’s immortal monarch, the emperor shall see how strong you are.”

Then Wuhui grabbed towards Ye Mo.

Ye Mo’s heart sunk. He finally knew what was going on. This Wuhui immortal emperor didn’t care about Mu Xiaoyun but cared about how an immortal king could beat an immortal monarch. If he was caught, he would be dead for certain.

Realizing this, Ye Mo punched out without hesitation.

Space shatter.

Ye Mo used this at full power without hesitation. Immediately, nine space shattering storms formed.

Rumble rumble rumble.

Wuhui’s immortal essence giant hand dissipated but Ye Mo was struck back flying. He spat a mouthful of blood and broke out of the palace.

Seeing this battle, Ji Sheng immortal monarch’s face changed. He saw clearly that even he couldn’t stop Ye Mo’s punch. He didn’t know Ye Mo was this strong as he didn’t receive news from Ji Xue immortal monarch.

If he knew Ye Mo was this strong, he wouldn’t suggest using the means that martial uncle Wuhui used. It wasn’t easy for Wujia Sound River to reach today. It was extremely dumb to offend someone with terrifying potential. If they could kill him it was fine but if not, it would bring endless trouble to Wujia Sound River.

“Hmm...” Wuhui didn’t expect Ye Mo broke through his immortal emperor binding with one punch and charged out of the palace.

“No wonder Ji Xue was no match for you, you have some power indeed.” Wu hui rejoiced. The stronger Ye Mo was the bigger his secret was.

He was also shocked Ye Mo could break through this palace. Its formation wasn't the best but was still a defense shielding formation, if one didn't know formation, even an immortal emperor might not be able to break through it.

This meant that first, Ye Mo was a good immortal formation great master, another was that Ye Mo might be a powerful body refinement immortal or he can't break the formation with his body.

“Martial uncle Wuhui.” Just when Wuhui immortal emperor wanted to charge out, Ji Sheng immortal monarch called.

“You want to say this person has boundless potential, we shouldn't offend him before capturing him right?” Wuhui immortal emperor said coldly.

Ji Sheng immortal monarch quickly said “wise martial uncle.”

“Hmph, seal the sect now, if I let a mere immortal king leave, I would be too useless.” Wuhui immortal emperor said coldly.

Chapter 1868: Whole Sect Capture Ye Mo

“Bastard.” Ding Jie cursed outside the sect.

Yi Yi asked desperately “Ding Jie what do we do now?”

As soon as she said this, there was a rumbling sound. The Wujia Sound River they could see with their spirit sense was now gone.

“Wuhui that old bastard sealed the sect because he doesn’t want Ye Mo out. We’re too weak now, it’s pointless worrying.” Ding Jie felt helpless.

Yi Yi had calmed down now, she was also thinking desperately for a way.

Ding Jie suddenly said “Zhan Taiyi, we’re friends with Ye Mo right?”

“Of course, without brother Ye, I wouldn’t be able to create my god art no matter what and I wouldn’t be able to get out of the title status tower and reach the top to write my name.” Yi Yi said without hesitation.

“Good.” Ding Jie said and continued “it’s useless even if we charge in with our current power, plus we can’t even get in. The only thing we can do is ask our sect for help.”

There was a sliver of disappointment in Yi Yi’s eyes “martial brother Ding, I’m afraid this is very hard. Although I’m the saint of Jiu Fan Immortal Pond, it’s not because how strong I am but because my talent is high. Although my master is very nice to me, she might not be able to persuade the immortal emperor in the sect to help brother Ye against Wujia Sound River. Your sect would probably be the same too.”

There was a sliver of absolution in Ding Jie’s eyes “Yi Yi, even if you don’t say it I know. There’s a 90% chance that the immortal emperor in the sect wouldn’t come help Ye Mo. If Wuhui kept us two there, it would be easier but Wujia Sound River didn’t touch us at all. Our sect has no reason to intervene.”

“Martial brother Ding, what do you mean?” Yi Yi looked at Ding Jie in confusion.

Ding Jie said heavily “that Wuhui wouldn’t attack Ye Mo for no reason. The only reason is that he feels Ye Mo’s cultivation speed is really fast and could easily beat Ji Xue immortal monarch. That’s why he wanted to check Ye Mo’s secrets. If I’m not wrong, Ye Mo is very dangerous in that formation.”

“Then what do we do?” Yi Yi was also very desperate.

Ding Jie said coldly “it’s never late to get revenge. If I can’t get my sect to help, then I will go to Mo Yue Immortal Sect and protect the sect first. No matter if Wujia Sound River would attack Ye Mo’s sect I must go help. When I’m strong enough, I will help Ye Mo get revenge.”

“If I can’t get help too, I will go with you.” Yi Yi said.

The difference in power was too great, it made them both feel helpless.

...

The reason Ye Mo could break out of this palace was just as Wuhui immortal emperor guessed, he saw the formation clearly and used immortal god body to his advantage.

In the first fight with Wuhui immortal emperor, he knew he was completely no match for him. The difference between immortal emperor and immortal monarch was even greater than immortal king and great eternity immortal. If he stayed to fight, it would be certain death.

When Ye Mo broke out of the palace, he used instant transmission immediately but not towards outside but the inside.

Since Wuhui immortal emperor was attacking him, the formation must be sealed. Even if he was an immortal formation grand master, he wouldn’t be able to break open the formation quickly. Of course, Ye Mo knew that no matter which direction he used instant transmission in, the space ripples would be noticed.

So after one instant transmission, Ye Mo immediately hid himself and used instant transmission to go back before changing direction.

Ye Mo knew clearly that no matter which direction he went, he wouldn’t be able to hide it from Wuhui immortal emperor.

Wuhui was only an immortal emperor primary stage and he was this terrifying. If he encountered immortal emperor middle stage or even tertiary stage, he would be certainly dead.

Ye Mo could only rest his hopes on his power stealth cultivation method.

...

Wuhui immediately caught the space ripples from Ye Mo's instant transmission and sneered "he has some power indeed, a mere immortal king can instant transmission such a distance, no wonder he dares to come here."

As he spoke, Wuhui immortal emperor took a step and arrived at where Ye Mo was before.

His smirk froze on his face. He couldn't feel the next space ripple.

There was no way Wuhui immortal emperor would believe a small immortal king could get away right under his eyes but five minutes later, he realised he lost his target.

"Ji Sheng..." Wuhui yelled coldly.

Ji Sheng immediately came up and said "Ji Sheng greet martial uncle."

"Tell everyone in the sect about immortal king to search for this person, he's definitely still in Wujia Sound River and he has a powerful stealth cultivation method. Even I can't see through it."

Hearing this Ji Sheng's face changed. He feared the most that Ye Mo would get away.

"What are you scared of? I don't believe a mere immortal king would be able to escape from my hands when he's in the formation of the sect." Wuhui immortal emperor was very unhappy with Ji Sheng's reaction and reproached.

"Yes, Ji Sheng will immediately arrange it." Ji Sheng immortal monarch was annoyed but had to agree.

Wuhui immortal emperor was the weakest immortal emperor in the Wujia Sound River and didn't reach immortal emperor for long but his talent was very powerful.

...

As an infinitely near level seven immortal formation grand master master, how could he not know that stealthing himself in the formation was dangerous. As soon as he got back to the guest palace, he carefully moved.

Ye Mo just wanted to find a place to hide. It was impossible to leave Wujia Sound River now, even if he could, he wouldn't leave. Xiaoyun was still here.

Wuhui stayed at where Ye Mo first went for five minutes, this time gave Ye Mo great help. He used this time to leave the guest palace and carefully move along another direction.

Four hours later, Wuhui immortal emperor finally realised something was wrong. Four hours had gone by and the entire sect was searching. Wujia Sound River seemed big but it really was nothing when the entire sect was searching.

"I understand." Wuhui came back to the guest palace and started searching carefully. He finally realised why Ye Mo was completely gone after the first instant transmission. Ye Mo definitely instant transmissioned back immediately.

However, when he realised this, four hours had gone.

"Such a cunning bastard." Wuhui immortal emperor cursed and pointed at the few immortal formation grand master and said "watch the sect formation closely, if there's any signs tell me immediately."

"Yes." The immortal formation masters bowed.

...

Ye Mo was far from the guest palace now, he carefully controlled his chi not daring to release it at all. He didn't even dare to go into the golden page world. although the golden page world could turn into a speck of dust, it wasn't safer than him stealthing himself.

Against an immortal emperor, even the smallest speck of dust can be exposed.

Luckily Wuyin and Wuhua immortal emperors weren't in the sect or it would be really hard to say if he would be caught or not.

Chapter 1869: Activate Sound River

With a few immortal formation masters joining in, there were a few times Ye Mo was almost caught. Ye Mo knew that if he stayed in one place, there would be less chance he would be caught. However, he came in not to avoid being caught but to take away Xiaoyun.

12 hours later, Wuhui immortal emperor was finally getting annoyed. His spirit sense ravaged the sect, he didn't even let go of some solitary cultivation places.

Ye Mo was shocked. He knew that if he continued like this he would eventually be exposed. The immortal emperor's spirit sense was scanning everywhere.

When two immortal kings passed by Ye Mo, Ye Mo really wanted to subjugate them and ask where Wuyin peak was but he knew that he couldn't do this. If he didn't do that, the Wuhui immortal emperor might think he had left the sound river. If he did this, then even an idiot would know he was still in here.

"No need to go ahead, the two main peaks have natural formation. Now that Wuhua martial ancestor and Wuyin martial ancestor both aren't at the sect, no one can go in. The sound river is about to be activated, we'll go around and check out Qiyin peak..."

Ye Mo heard this clearly and immediately rejoiced. When the two was far away, Ye Mo immediately dashed towards the direction they didn't go.

After going for less than 15 minutes, Ye Mo heard this strange sound. At the start he didn't care but soon he felt things wasn't right. That sound was like worms that stuck to his bones. It went into his meridians and sea of consciousness almost making him scream out loud.

Ye Mo was shocked, this sound was too terrifying. If he didn't go into the golden page world and kept listening for 7 minutes, he wouldn't be able to stay stealthed.

At the start, the sounds were only slivers but after half a minute, the sound came in waves of the river about to flood Ye Mo.

Ye Mo used the Three Birth Chant to resist against this terrifying sound. No wonder this place was called Wujia Sound River.

If he didn't think of a way to leave, he would have to go into the golden page world or he would be exposed.

Ye Mo didn't hesitate and immediately called out small ginseng "small ginseng, I heard there's a natural formation here. It leads to the two main peaks. Take the golden page world and find this natural formation and go in.

"Boss it's right ahead leave it to me. I will get in as quickly as possible." Small ginseng patted its chest.

"I'll go into the golden page world, can you enter the natural formation before you can't withstand the natural formation?" Ye Mo wasn't certain if small ginseng would be able to last without his protection.

Small ginseng smiled "boss, I'm a natural immortal spirit, this sound doesn't have much effect on me don't worry."

Hearing this, Ye Mo immediately went into the golden page world. Small ginseng took the golden page world and disappeared with lightning speed. In fact, small ginseng already brought the golden page world into the natural formation.

Five minutes later, Ye Mo came out of the golden page world, he found he was in a completely different place. The sound could still come in but it was much weaker. Ye Mo's spirit sense scanned the three huge words Wuyin Peak."

At this moment, he finally breathed easy. Wuhui immortal emperor would definitely not be able to come in here. Even if he knew he was here, Wuhui immortal emperor wouldn't dare to come in unless he dared to break Wuyin's natural formation.

Ye Mo knew that he had to take away Xiaoyun before Wuyin martial ancestor came back. Otherwise, he would be a bug in a jar.

There were only a few low level female immortals at Wuyin peak, no one else. Ye Mo's spirit sense scanned everywhere here and didn't worry about people knowing.

Although there was a natural formation outside, the formations inside were everywhere. Ye Mo had to constantly break all sorts of formation.

...

There was a top level stealth formation in the depth of the Wuyin peak and a good looking garden. There was a blue room inside and an extremely beautiful woman wearing a pale yellow dress sitting in a blue room. She had a troubled look on her face.

"I won't believe your words, my husband told me that I must not give anyone my cultivation method." This woman suddenly said but there was no one in the room.

As soon as she said this, there was a sneer "Mu Xiaoyun, stop being stubborn. Now, Wuyin this bitch isn't here. If she comes back, then even if you want to tell me you have no opportunity. Tell me now, as long as I break free I can help you..."

Clearly, this extremely beautiful woman wearing yellow dress was Mu Xiaoyun.

When Mu Xiaoyun was hesitating, the voice said again “is your cultivation method important or finding your husband important? If you don’t leave here quickly, then you would be possessed by Nuan Shuyu that bitch in a few hundred years. What do you think she brought you here for? If she was going to take you in as disciple, she would’ve long done so.

Nuan Shuyu that bitch is pure wood immortal spirit root and a natural pill dao body, you’re exactly the same as her. The reasons she hasn’t possessed you yet is first to see if she can vindicate dao and second she wants to see if she could find someone better.”

Mu Xiaoyun was confused, since she was the most suitable for Nuan Shuyu why did she want to find someone better?

Mu Xiaoyun didn’t ask but that voice clearly knew what she thought and sneered “Nuan Shuyu that bitch acts so cold and hates men. She extremely dislikes how you’re not a virgin.”

Hearing this, Mu Xiaoyun’s eyes showed longing. Luckily for her husband, if it wasn’t for him, she might be possessed now already.

“Hmph, don’t rejoice too early. If she can’t find someone suitable, the first thing she does after coming back would be possessing you. If you still want to see your husband then tell me your husband. Do you think I would greed for your cultivation method? I, Luo Biye, is not low enough to greed for the cultivation method of a newly ascended cultivator. It’s because your cultivation method has no element and has a sliver of god rune, it might help me break my restriction.”

Mu Xiaoyun hesitated and said “but, my husband...”

“Your husband, how are you so obstinate. From what you said before, your husband might be in that small world or on earth. If you don’t hurry up and break free and become powerful then when your husband dies of old age you might not see him. a mere cultivation method is nothing.” The voice rebuked.

Hearing this, Mu Xiaoyun made up her mind “Luo qian bei, my cultivation method is called Primordial Chaos Chant. When my husband gave it to me he said it was left behind by a qian bei called Meng Zhe. “when primordial chaos first opened, fate was not yet born, three birth is behind, fate is before, how can it surpass primordial chant. At the beginning of chi, nourish the mother of soul...”

Luo Biyue was confused at the start but hearing the latter parts she completely forgot about it. Such all mighty cultivation method made her feel it was unreal. She was certain not even the immortal realm had such top level cultivation method.

Rumble.

A sound suddenly stopped Mu Xiaoyun reading the cultivation method. A veiled extremely beautiful woman suddenly appeared in Mu Xiaoyun's room.

The space waves allowed Mu Xiaoyun to know that this person broke the space restriction to come here.

"Good cultivation method, there's such cultivation method, I have never seen such god level cultivation method..." this extremely beautiful woman murmured.

"Qian bei..." Mu Xiaoyun was shocked, she didn't expect this Luo Biyue only heard her chant the cultivation method and could break free. Just how powerful was this person.

Luo Biyue woke up and said "Xiaoyun don't worry, I will definitely take you to leave. Nuan SHuyu that bitch isn't at Wuyin peak, it's our opportunity. Wait on the side, I'm going to take out transmission rune..."

Just when Luo Biyue wanted to take out a transmission rune from her sea of consciousness, the sound beams came in. She dazed and then suddenly laughed "the sound river is activated, this meant that someone has broken in, this is a perfect opportunity for us."

Chapter 1870: Xiaoyun left first

Ye Mo had come to the centre of Wuyin peak, small ginseng's voice sounded "boss, there is immortal spirit source below here, it's probably the immortal range of Wuyin peak."

Hearing this, Ye Mo thought, he needed too much cultivation resources. The reason he only reached immortal king middle stage after a few decades in the blue grey dimension was because he didn't have cultivation resources.

Thinking about this, Ye Mo immediately said "small ginseng check where the immortal range is and after you find it tell me. I'm going to look for her, before we find her we can't touch the stuff here.

"Okay." Small ginseng agreed and charged out of the golden page world and disappeared. In terms of speed, even shadowless isn't as fast as small ginseng.

Ye Mo's spirit sense domain and spirit sense blades immediately hacked out. He would hack everywhere with stealth restriction.

When Ye Mo found some immortal spirit herb gardens, he would take them without hesitation.

Ye Mo almost searched the entire Wuyin peak and still found no signs of Xiaoyun. He became desperate. He was scared Wuyin had a small world or truth spirit world, that way he would never be able to know where Xiaoyun was.

...

Crack. A light sound broke the restriction outside Mu Xiaoyun's room.

Mu Xiaoyun looked at Luo Biyue in shock "Luo qian bei, what is this?"

"It's definitely the guy that Wujia Sound River is hunting, he came into here. We need to leave quickly. This guy can break the restrictions here, he's no simple character. Xiaoyun do you have extra clothes, give me one set." Luo Biyue took out a rune.

Mu Xiaoyun took out a set of clothes to Luo Biyue but there was an indescribable feeling in her heart as though she just needed to wait a little.

Luo Biyue changed her clothes and said “Xiaoyun we can go now. the sect sealing formation is top level but it can’t stop my rune.”

“But Luo qian bei, I feel my husband isn’t far.” Mu Xiaoyun said.

Luo Biyue sighed “Xiaoyun, I understand your feeling, I was just like you before. Although I don’t know where your husband got this primordial chaos chant from I’m certain that it’s an extreme level cultivation method that steals the fortune of the world. It gives me the feeling that the better the talent, the faster you cultivate. People with weak talent can’t cultivate this cultivation method at all. I don’t know what your husband’s talent is but I’m certain it’s not better than yours.”

“Qian bei, you’re saying that my husband hasn’t ascended yet?” Mu Xiaoyun looked at Luo Biyue in confusion.

Luo Biyue nodded “yes, I used this opportunity of Wuyin leaving in a rush to break free from the restriction with your cultivation method. I wanted to take you as my disciple but your cultivation method is too powerful, I don’t dare to be your master. Don’t call me qian bei anymore, call me sister Biyue.

You just ascended so I’m guessing your husband definitely hasn’t ascended yet. According to what you said, you were accidentally teleported to a cultivation realm and was taken in by the top sect, that’s why you had the opportunity to cultivate till immortal ascension. Your husband probably would have less chance in that small world.”

“Nuan Shuyu this bitch set me up and robbed my path of dao vindication but still can’t vindicate dao. I don’t have the power to get revenge now so I can only go into hiding. Xiaoyun you have the top cultivation method but I can tell you’re a very kind soul and you care about your husband a lot. Before you find him, even if I take you away from Wujia sound river, it would be very hard for you to survive alone in the cultivation realm.

With your talent, it’s not hard for you to join a big sect but if Wuyin that bitch comes back she definitely wouldn’t let you go. Offending Wuyin for you, I don’t think there’s such a sect in the entire immortal realm. so eventually you might still get taken away by her.”

“Sister Biyue, I...” Mu Xiaoyun was nervous. Luo Biyue was right, even if she escaped from Wujia Sound River where could she go?

Luo Biyue said seriously “I’m going to hide and go into solitary cultivation, if you’re willing come with me. although my cultivation method isn’t as good as yours, my knowledge of cultivation is far stronger than you, I can give you a few pointers. If you can become an immortal emperor in the future, you can search the entire 33 heavens or you can even tear open the void and look at the magical continent.”

Seeing Mu Xiaoyun not talk, Luo Biyue sighed “in reality, I don’t know if your husband would still be alive when you have the ability to tear open the void but even if he isn’t he’s lucky to be able to find someone as loyal as you.”

“Sister Biyue why don’t you think I’m dumb. When I joined a sect in the cultivation realm, many people said I was dumb to long for a cultivator who wasn’t even foundation establishment state.” Mu Xiaoyun looked up at Luo Biyue.

Luo Biyue sneered “dumb? Although I haven’t seen your husband I can tell he treats you very well.”

“Mhm, my husband treats me very very well...” There was a sliver of softness in Mu Xiaoyun’s eyes.

“Those who call you dumb do so because they haven’t found someone who treats them very well. So, they’re jealous and angry and want to break apart all lovers and laugh hysterically...” Luo Biyue clenched her teeth.

“Sister Biyue?” Mu Xiaoyun said worriedly.

Luo Biyue waved her hand “I’ll tell you about this in the future, let’s go first. We shouldn’t stay here for long.”

Then, Luo Biyue spat out a rune and spat some essence blood on it before saying to Mu Xiaoyun “Xiaoyun, come over quickly and hold on to me tightly.”

Mu Xiaoyun knew she had no choice but to follow this sister Biyue.

The transmission rune activated bright light, Mu Xiaoyun couldn't even see what was before her.

Just a few seconds later, white light smashed out of the transmission rune and the two disappeared in the light.

...

The instant their rune left Wuyin peak, Wuhui immortal emperor noticed it and sneered "there's a transmission rune that can break our sect sealing formation, you're indeed no ordinary immortal king. I want to see how many good things you have."

"He has gone, I'll immediately chase." Wuhui immortal emperor said and then disappeared.

...

Ye Mo immediately noticed the huge commotion caused by Luo Biyue's rune, he soon came to Mu Xiaoyun's rune. The space ripples were still there, Ye Mo could immediately tell that it was caused by top level transmission rune.

Who would be here to use such high level rune? Xiaoyun just ascended, she definitely didn't have the ability to use such rune.

A familiar sensation came up his head, Ye Mo frowned and suddenly took out formation flags setting up formation.

He was endlessly close to level seven immortal formation grand master, as long as the people in this room didn't leave for too long, he could recover the image.

Five minutes later, Ye Mo had a crystal ball in his hand.

Seeing the familiar face, Ye Mo's heart raced with overwhelming excitement.

Xiaoyun told her cultivation method to Luo Biyue, Luo Biyue took away Luo Biyue. Ye Mo could tell Luo Biyue was very powerful.

Ye Mo put away the crystal ball and let out a long sigh of relief. Xiaoyun was fine, he didn't know who Luo Biyue was but he could tell she meant no harm at all.

With Mu Xiaoyun gone, Ye Mo didn't want to stay here anymore. Just when he wanted to call small ginseng, small ginseng sent a message. It had found the immortal range, there was two extreme grade immortal range.

Ye Mo immediately came to where small ginseng was and indeed, there were two extreme grade immortal range.

"Boss, let's take away both." Small ginseng said.

Ye Mo hesitated for a moment and said "never mind, let's take one first and we need to make it subtle. When I reach immortal emperor, I will come back and take all the Immortal ranges away."

With Mo Yue immortal sect behind him, Ye Mo had to be careful.
