Chapter 1901: Brother and Sister Reunion

It's said that the power of an immortal emperor was so great that he could even destroy a heaven domain. The immortal emperor battle could turn countless immortal cities to ruins but this young immortal emperor killed two immortal emperors in a row and contained it to only this square. This was even more shocking.

No one thought that this meant their god art wasn't strong. Instead, everyone knew that only extremely powerful people could gather the terrifying scattering immortal essence.

Even those immortal emperors watching on the side didn't dare to believe it. No one was able to see the real power of Ye Mo due to that flag. Now that Ye Mo killed an immortal emperor primary stage with one strike and a punch, everyone immediately knew that his power was no weaker than any immortal emperor. No wonder he dared to be so cocky.

Yu Xiang and Yu Xie had been watching Ye Mo ever since he started trouble. Until now, they finally realised why even Nong Yan immortal emperor was showing Ye Mo respect. This wasn't because Ye Mo had some grand emperor behind him but he was a being not to be messed with himself.

A cultivator who had just ascended for such a short time had grown to a being who could easily kill immortal emperor. Despite seeing with her own eyes, Yu Xie didn't dare to believe it. Remembering when she said Ye Mo would at most be a golden immortal, she felt embarrassed.

The square was silent but Ye Mo broke it and looked at another man and said "You should be the last immortal emperor of Xian Lan merchant association right?"

The man never came out but he didn't expect Ye Mo already recognized him.

He was just like Wu Ming immortal emperor primary stage. Although he was slightly stronger than Wu Ming that was very limited.

At the same time, he flew out and saluted with his fists to Ye Mo. His face was pale as he said, "I'm the third immortal emperor of Xian Lan immortal emperor, Zhong Kong. I understand what you mean, Xian Lan merchant association will no longer exist. There's 12 billion immortal crystals in here but only 20 level nine immortal spirit herbs."

Then, Zhong Kong immortal emperor gave a storage ring to Ye Mo. Ye Mo scanned the storage ring and nodded. It was normal there wasn't that many level nine immortal spirit herbs. After all these things were rare in the immortal realm too.

Since Zhong Kong immortal emperor took out this storage ring, it meant that he was the one managing the resources.

Seeing Ye Mo take the storage ring but not talk, Zhong Kong saluted with his fists "It's Yuan Muxian who sent your sister here. He took an extreme grade immortal range from the merchant association and a bottle of fire essence god water."

"Yuan Mu Xian?" Ye Mo repeated in confusion.

Zhong Kong immortal emperor nodded seriously, "yes, this person is called Yuan Muxian. Wu Ming didn't speak of his name before one was due to the strict rules of the merchant association but more because this person was very cruel and vengeful. Wu Ming knew that if he said it, he would die for certain."

Ye Mo dazed, Wu Ming wasn't scared of him killing Sha YU immortal emperor why was he scared of that Yuan Muxian? Since Wu Ming immortal emperor was scared why wasn't Zhong Kong immortal emperor scared?

As though knowing what Ye Mo thought, Zhong Kong immortal emperor smiled bitterly "I'm going to die if I don't say it today. I might as well test my luck. Maybe that Yuan Muxian can't find me. This person's power is mysterious, no one knows what his cultivation level is. He once killed an immortal emperor tertiary stage and he has a very powerful magic artefact called Clear Flow Vast Flame Bell. This is a magic artefact that can upgrade itself. He took the flame essence god water probably to upgrade it."

Ye Mo knew this water, it was a treasure that was just below astral flame marrow in the fire element items. It can not only upgrade rare flames but also refine fire element magic artefact to be the top grade.

“If sect leader Ye has nothing else, I will be leaving now.” Zhong Kong immortal emperor saluted with his fists. He knew he had to run away, as far as possible.

Ye Mo nodded and gave a jade card to Zhong Kong immortal emperor, “If that Yuan Muxian finds you, you can crush this jade card.”

“Thank you sect leader Ye.” He knew this was beneficial to both him and Ye Mo. If Yuan Muxian came to him, he would have to ask for help from Ye Mo. Meanwhile, Ye Mo wanted to find that Yuan Muxian too.

Then, Zhong Kong immortal emperor disappeared. He had to hide.

“Sect leader Ye, long time no see. You seem better off than before.” Zheng Ren immortal emperor came up to greet.

Ye Mo quickly saluted with his fists and said, “Thank you brother Zheng Ren for helping me with your words.”

“Haha, I’ve seen sect leader Ye once long before.” Nong Yan immortal emperor came up to greet too.

Li Long immortal emperor had conflict with Ye Mo so he turned to leave. the rest of the immortal emperors Ye Mo knew all came up to greet him. Some of the immortal emperors who didn’t know Ye Mo also came up to connect with Ye Mo.

...

Ye Mo briefly spoke with them before taking Tang Beiwei to an immortal rest tower. The immortal rest towers in the city were all packed but when Ye Mo came, this immortal rest tower immediately gave out the most luxurious room to Ye Mo.

Ye Mo told this place to only give him one room. They really were tight on rooms. He didn't need two.

There were many things he wanted to ask Tang Beiwei and he needed to teach her to convert cultivation essence to immortal essence.

There was one thing Ye Mo still didn't understand. He didn't see that purple robed immortal emperor. This meant that the immortal emperor didn't send his stone stool to the auction. He didn't even go to the auction. Why else did he come to the immortal city then?

"Brother..." Tang Beiwei followed Ye Mo into the immortal rest tower and still couldn't contain her emotions.

Ye Mo patted Tang Beiwei and let her sit down before asking, "Beiwei, tell me about it? How many more people from Mo Yue City have ascended to the immortal realm?"

"Mhm." Tang Beiwei calmed her mood. She reminisced to the first time she met with her brother and him giving her a fire ball rune in the room.

"After you left Mo Yue City, we all worked very hard in cultivation wanting to ascend to the immortal realm to meet up with you. My talent was very good but later on it grew worse and I became the slowest. Sister Susu gave me more immortal crystals but I was still very slow and getting slower..."

...

"Sister Susu, perhaps you guys would've all ascended but I would still be stuck. Even Sister Yangzhu is faster than me. I'm really useless." Tang Beiwei was very anxious seeing everyone cultivate faster and faster while she got slower.

Luo Ying understood how Tang Beiwei felt and sighed "Beiwei, don't worry. Take it slow. That's the right path to cultivation."

Yangzhu also comforted, "Yes, don't worry, after all, very few people can have Jingwen's talent."

“But you’re all disaster transformation state or truth realisation state but I’m still stuck in cauldron filling state. Sister Jingwen had ascended for so many years...” Tang Beiwei said sadly.

Chapter 1902: Secret Realm Opening

Tang Beiwei suddenly woke up from her reminiscence and so did Ye Mo. He quickly grabbed Tang Beiwei and asked desperately “Beiwei, you’re saying Jingwen has already ascended?”

Tang Beiwei nodded firmly, “Yea, sister Jingwen ascended a few decades earlier than me. Didn’t you see her brother?”

Ye Mo’s heart sunk and said, “I’ve been out all these years and just returned to the immortal realm. No, I have to go back to Mo Yue immortal sect first.”

Ye Mo was desperate. Tang Beiwei wasn’t delivered to Mo Yue Immortal City would Su Jingwen be delivered there? Plus, he didn’t have the time to tell Lu Feng that Mo Yue City cultivators would say they ascended from another continent.

But Ye Mo knew that it wasn’t easy going back down to the low heaven domains unless he could take the teleportation formation down. That wasn’t easy to get on. It wasn’t just a matter of power but also status.

“Brother, did you establish that Mo Yue immortal Sect?” Tang Beiwei asked.

Ye Mo nodded, “Yes, after I set up Mo Yue Immortal Sect in Gong Hua heaven, some things happened so I never went back. Mo Yue Immortal Sect is quite strong so it should be fine.”

Tang Beiwei nodded, “Brother, if sister Jingwen is at Mo Yue Immortal Sect then we don’t need to go back in a rush. If sister Jingwen isn’t there, going back desperately can’t solve the problem.”

Ye Mo sighed, he realised this too, “Beiwei, tell me how you appeared in Zha Kui immortal city? This is the grand heaven domain.”

Tang Beiwei said, “I don’t know, after I ascended I appeared in this very barren valley. The immortal spirit chi there was so dense that I wanted to cultivate there immediately but I was desperate about you so I wanted to find a place with people to ask where Gong Hua heaven was. Before I left the valley, I was stopped by someone who looked like a block of wood.”

“Yuan Muxian?” Ye Mo asked in shock.

Tang Beiwei shook her head, “I don’t know if that person is Yuan Muxian but he looked like wood. The first thing he said when he saw me was, prenatal immortal spirit root? Haha, the Xian Lan merchant association’s fire essence god water is mine. Then, he took me to ZHa Kui immortal city.”

“Did he take away the communication bead I gave you?” Ye Mo clenched his fist. If he saw this Yuan Muxian he would kill him for sure. As an immortal emperor, he attacked a newly ascended cultivator.

Seeing Ye Mo’s fury, Tang Beiwei quickly pulled him and said, “Brother, I’m fine now. if I didn’t go to that auction I wouldn’t be able to see you. My storage ring was taken away, there’s a few fire ball runes you made for me inside.”

To her, those fireball runes were very important.

Ye Mo sighed and patted her head, “Beiwei, I’ll make you some better ones, don’t feel bad.”

Pausing for a moment, Ye Mo continued asking, “Beiwei, didn’t you say your cultivation speed was slow? How did you suddenly cultivate fast? How are Susu, Qingxue and Yangzhu and them? Is Yimo okay?”

Tang Beiwei nodded, “I felt my cultivation speed was too slow so I left Mo Yue City alone to find some opportunities for break through. When I left, Yimo was truth realisation state tertiary stage. Susu and Qingxue were all truth realisation state. Sister Yangzhu was slightly lower. They’re all very well, don’t worry brother. Sister Jingwen missed you too much so she ascended early.”

Ye Mo nodded. Cultivation sometimes required fortune. When other people's fortune couldn't allow you to reach a higher level then you would have to go out and find your own.

"Then I came to a spirit marrow range. I used that to break through to disaster transformation state. However, after reaching disaster transformation state, my cultivation speed sky rocketed. In a few decades, I was truth realisation state peak stage. I was going to go back to Mo Yue City for divine damnation but I couldn't control my divine damnation and was forced to ascend."

Ye Mo was quite shocked and then asked, "So that means Luo Ying and Qingxue and them don't know you have ascended?"

"Yes, when I left Mo Yue City, sister Luo Ying was truth realisation state level seven, she's probably ascended now too." Tang Beiwei answered.

Ye Mo asked again, "Do you know how long that Yuan Muxian took to bring you to Zha Kui immortal city?"

Tang Beiwei shook her head, "I know nothing at all. When I woke up I was at Zha Kui immortal city."

Ye Mo wanted to judge from Tang Beiwei's words whether she ascended to low heaven domain or grand heaven domain.

After a moment, Ye Mo said, "Beiwei, the place you ascended to might not be simple. Usually, cultivators would ascend to immortal ascension palace but you appeared in a valley. This might be related to where you ascended from."

The two recounted their experiences and soon one night had passed.

...

Tang Beiwei's spirit root started to disappear as her cultivation level grew. Her current immortal spirit root was higher level. Ye Mo taught her cultivation.

When Tang Beiwei began her cultivation, Ye Mo recounted when he fought with that black snow. If shadowless didn't help he would really be in danger. Theoretically, he cultivated under the bitter bamboo and had no heart demon. When he saw that black snow, he had some imaginations. It was far from heart demon but it could be counted as a type.

What confused him more was that when he woke up, his cultivation level loosened up a bit. Was it because he never had heart demon that his cultivation level was stuck?

Two days later, Ye Mo took Tang Beiwei around in the city and bought her some clothes and other things.

Wu Ming immortal emperor said there was someone else behind Xian Lan merchant association but Ye Mo had been in the city for a few days and still no power came to him. Even the purple robed man didn't come.

...

Zha Kui secret realm was very famous in Fen Du heaven. It's said that out of all the secret realms in the grand heaven domain, only Zha Kui secret realm's entrance was in an immortal city.

On the day of the opening, Ye Mo brought shadowless and Tang Beiwei to the entrance. It was filled with people here.

Ye Mo was famous in Zha Kui shadowless and shadowless was very eye catching.

This secret realm could only be entered by immortal kings so there were quite some immortal kings here. However, Ye Mo didn't get to see Li Kun, Ji Shu and them. He saw that Xiang Chang yong. Xiang Changyong came from East Abyss Emperor Sect, the same sect as Li Long immortal emperor. When Xiang CHongyong saw Ye Mo, he quickly lowered his head.

He had been in the city for a while and clearly heard of Ye Mo's matters. The dragon horse next to Ye Mo exposed that Ye Mo was the little guy at the small heaven domain.

Ye Mo came to the secret realm entrance and threw out a cultivation home immortal artefact before showing up a sign. The sign wrote buying level eight and level nine immortal spirit herb, can buy with immortal crystals or use immortal spirit herb to trade for any immortal pill below level nine.

If someone else dared to set up this sign at the entrance, they would've been kicked away already but when Ye Mo set up this sign, a few big merchant associations came to greet him in friendly manner.

People were contemptuous to this sign but no one stood up against it. Trade for any pill below level nine, who did Ye Mo think he was?

Only a few immortal emperors who knew Ye Mo guessed that the words might be real. If Ye Mo was a level eight immortal pill grand master, then these words weren't absurd.

"Sect leader Ye..." A purple robed woman suddenly walked up to Ye Mo and bowed.

Chapter 1903: Unreliable shadowless

Ye Mo smiled, "So it's Mi Yun saint. Long time no see, you're already immortal king power. Congratulations."

Mi Yun saint was a little worried at first but hearing Ye Mo say this, she immediately breathed easy, "My measely achievement is not worth mentioning. I've long wanted to visit brother Ye but my master didn't want me to be rude so I only came now. last time I owe you a fruit, I've already given it to your sister. Thank you brother Ye."

Seeing Ye Mo still treat her with same attitude, Mi Yun called her brother Ye again.

Tang Beiwei saw that a woman who was as good looking as her already reach immortal king and was very shocked.

Ye Mo missed Li Kun and asked, "How is my sister Li Kun?"

"I heard people say that she went to chaos star realm to find an immortal spirit item." Mi Yun said.

"Which Chaos star realm?" Ye Mo asked in confusion.

He guessed that Li Kun went to chaos star realm to revive her fiancé Feng Xi but there were four entrances to the chaos star realm. The foreign star realm entrance wasn't found yet.

Mi Yun shook her head, "that I don't know."

"Wait, I have some business." Ye Mo saw Wujia Sound River's Wuhui immortal emperor come over.

Wuhui immortal emperor brought his sect members to this Zha Kui secret realm. Of course, as an immortal emperor, he wasn't here just to lead the team but also collect immortal spirit herbs.

He had long seen Ye Mo and knew clearly what Ye Mo did in these few days. To be honest, in that lethal force dimension, he was already scared of Ye Mo's bullying. Now that Ye Mo came over, his face immediately wasn't right.

"Sect leader Ye, long time no see." Wuhui immortal emperor saluted with his fists first.

"Long time no see indeed. Wuhui immortal emperor, I came to ask today if your Wuyin immortal emperor is back?" Ye Mo said. He didn't have any good impression of this Wuhui immortal emperor at all.

Wuhui immortal emperor knew what Ye Mo thought of him and immediately answered, "Martial ancestor Wuyin isn't back. She's probably still in the void."

Ye Mo dazed, Wuyin immortal emperor was near immortal emperor peak stage, there was no reason he hasn't come back yet?

Seeing Ye Mo confused, Wuhui immortal emperor answered again, "Not only martial ancestor Wuyin but a few other immortal emperors didn't come back too. Ever since we left there, we were teleported to different locations of the void."

No wonder Wuyin wasn't looking for his trouble Ye Mo thought. He added again, "After things here are over, I will go to Jiu Fan immortal pond. If I find saint Yi Yi and Ding Jie are unwell, don't blame me then."

Wuhui immortal emperor's face sunk. He couldn't take this threat and sneered, "Jiu Fan immortal ponds people are here, you can go ask and see if I did anything?"

Hearing this, Ye Mo scanned his spirit sense out and noticed a subtle area. If Ye Mo didn't see one jade card hanging off the belt of a female sect members with the words Jiu Fan Immortal Pond, he really wouldn't know that this sect with just a few people was the Emperor Sect Jiu Fan Immortal Pond.

Knowing this, Ye Mo ignored Wuhui immortal emperor and went towards them.

These female sect members clearly don't know who Ye Mo was so two immediately stopped him when he came.

They were a low key sect and didn't care about outside matters so it was normal they didn't know Ye Mo.

"Jiu Fan Immortal Pond prevents male immortals from going in. Qian bei please stop." One round faced great eternity immortal stopped Ye Mo.

Ye Mo saluted with his fists, "I want to ask if saint Yi Yi is back. Is she in the sect or here?"

"Huh..."

The two female immortal dazed.

“Who is looking for saint Yi Yi?” A tired voice sounded. Ye Mo didn’t scan his spirit sense but he knew the person speaking had suffered injuries to the sea of consciousness.

“I’m Ye Mo, friends with saint Yi Yi, this time...”

Before Ye Mo finished, he was interrupted by a shocked voice, “You’re Ye Mo? Jingxue let him come in.”

...

“You’re saying Ye Mo is your brother?” MI Yun saint asked Tang Beiwei strangely.

“Yea, he is my brother.” Tang Beiwei nodded. Miyun was wearing a face veil but the condescension in her bones made Tang Beiwei not used to it. She didn’t like talking to such woman.

MI Yun studied Tang Beiwei. Ye Mo was very mysterious but no matter what there was no way his surname was Ye and his sister’s name was Tang. His sister LI Kun wasn’t Ye named. This Ye Mo liked to make sisters.

“Little girl, if you have nothing to do then go back, this isn’t a place you should be. Trying to get close to big boss. Let me tell you, boss has close ties with someone called Mu Xiaoyun. You can save your effort.” Shadowless felt MI Yun’s condescending attitude to Tang Beiwei and felt very annoyed.

MI Yun’s face burned with embarrassment. She didn’t mean exactly what shadowless said but she was trying to connect better with Ye Mo. She had long heard of shadowless. This was a guy who could devour immortal emperor god art and domain. Who would dare to offend him?

“Sister Beiwei, I’ll be going first. If you’re free come to Ethereal Immortal Pond, I will welcome you greatly.” MI Yun quickly said.

Tang Beiwei wanted her to go. She didn’t want such a woman walking around brother. The sisters weren’t here, what if she seduced her brother?

But when she heard the words Ethereal Immortal Pond she was dazed.

“You’re from Ethereal Immortal Pond?” Tang Beiwei asked in shock.

Mi Yun saint nodded, “yea I am, what’s wrong?”

“My sister used to be from Ethereal Immortal Pond.” Tang Beiwei said and felt embarrassed. Qingxue was only at an 8 star sect in the cultivation realm. Meanwhile, this Mi Yun was an immortal king. The difference was huge.

“Huh, your sister is from Ethereal Immortal Pond? Which dimension?” Mi Yun showed a joyful expression.

Tang Beiwei didn’t expect Ethereal Immortal Pond had different branches in different realms and said with embarrassment, “Sister Qingxue just stayed in Ethereal Immortal Pond for a few years and my brother took her away.”

Just when Miyun wanted to speak, she sensed her master’s message and quickly said to her, “Beiwei, my master is calling me over. I’m going first, we’ll talk when we’re free.”

After Miyun saint left, shadowless gloated, “See, this woman ran away as soon as I scorned at her. Next time if there’s anything just ask for my help. There’s nothing I can’t get done. I only need to open my mouth...”

The mysterious shadowless in Tang Beiwei’s eyes suddenly seemed not so reliable but thinking about how shadowless really did help Ye Mo, she said politely, “Thank you very much brother shadowless.”

Hearing this, shadowless said happily, “Remember, when boss is here just call me shadowless. If boss isn’t here, call me whatever you want hehe.”

There were black lines running down Tang Beiwei’s head, this shadowless really wasn’t very reliable.

Shadowless didn't know that Tang Beiwei's impression of him completely changed and kept saying, "Little sister, boss treats you really well. You see that old man Wuhui. He hunted boss for a few months but boss still didn't kill him. That bullshit merchant association offended you, boss killed two immortal emperors and decimated the merchant association. If that Wuhui hunted you for two months, boss would've already killed him. Look at how nice boss is to you."

Tang Beiwei was touched but hearing Wuhui hunting Ye Mo, she was shook, "My brother was hunted? What is this?"

"It's all too normal that boss was hunted. It's not once or twice but I heard this from small ginseng. Small ginseng is too useless. If it was me, I would've chomped and then, hehe..." Shadowless bluffed since both small ginseng and Ye Mo weren't here.

Chapter 1904: Eat Together

"You're the Ye Mo that Yi Yi asked the sect to save after coming back?" A tired voice asked.

This was just an immortal monarch tertiary stage female immortal. Her looks were very pretty but the deep look in her eyes showed she wasn't young. There were six female immortal standing on her side. Three were immortal king and three were great eternity immortal tertiary stage.

"Yes, I'm Ye Mo. Yi Yi went with me to Wujia Sound River. I asked Wujia Sound river just then, they said Yi Yi came back so I came to ask if she's really back." Ye Mo didn't know what the relationship between Yi Yi and this immortal monarch was so he was very polite.

This female immortal clearly didn't know what Ye Mo did. Ye Mo studied her but she studied Ye Mo at the same time. After a while, she said, "You're so young and you can reach immortal king middle stage. It's not bad, sigh, what a pity."

Ye Mo frowned, he didn't understand what she meant but he didn't say anything.

This immortal monarch kept talking, “No wonder Yi Yi thought of you as a friend. You dare to come search for her in such a place. Ye Mo, reaching immortal king means your talent is quite good. Listen to me, leave quickly. The earlier the better. As for that Zha Kui secret realm, I suggest you don’t go. There are many good things inside but they don’t belong to you. Even if you come out from inside, you might not be able to take it, much less you might not even be able to go in.”

Ye Mo dazed but he immediately understood what she meant.

“I just want to ask about saint Yi Yi, I don’t care about other things. Plus, I didn’t plan on going in.” Ye Mo said again.

The female immortal shook her head, “When Yi Yi came back from Wujia Sound river, she asked the immortal emperor of the sect to save you. The sect objected and was even going to take her saint status. However, the sect leader protected her and even went with her to Wujia Sound River...”

Ye Mo was very grateful. Wujia Sound river had four immortal emperors. They had more immortal emperors and stronger immortal emperors than Jiu Fan immortal pond. Under such circumstance, the sect leader still dared to go to Wujia sound river to speak for him. One could see that the sect leader treated Yi Yi really well.

“Pity, sect leader Luan Xiao just took Yi Yi to the sect entrance and encountered the number one ancestor of Wujia Sound River, Wuhua immortal emperor Sang Qi. He just came back to the sect. He wasn’t going to reason with anyone and beat sect leader to heavy injury. Luckily, sect leader had a powerful mobility technique and escaped. However, Wuhua kept chasing.” The female immortal said tiredly.

Ye Mo was shook. He didn’t expect this to have affected Yi Yi’s master.

“The sect leader was hunted by Wuhua immortal emperor and left Yu Yu heaven. The other two immortal emperors of the sect were furious. They reproached the sect leader and captured Yi Yi. They abolished her power and locked her up in the Jiu Fan Immortal Pond’s Earth Abyss Fire pond. Sigh...”

The female immortal looked at Ye Mo and said “It’s quite good that you can even come and ask about her. No wonder she helped you. You should leave quickly. Once you reach immortal emperor, just help Yi Yi and I would be very grateful.”

“Old bastard...” Ye Mo clenched his fists and cursed in fury.

The immortal monarch dazed. She didn’t expect an immortal king dared to curse an immortal emperor.

But she was much more calm mannered and said, “You should quickly go. Wujia Sound river’s Wuhui immortal emperor came. If he sees you you would be over...”

“I’m going to settle things with Wuhui that old bastard.” Ye Mo blamed this all on Wuhui. If it wasn’t him, there wouldn’t be all that trouble.

“You’re crazy!” The female immortal got up and said in shock.

Ye Mo didn’t answer her, his face was bleak. The next moment, he dashed out of the room.

The female immortal saw this and followed Ye Mo out

“What happened?” Ye Mo didn’t even have time to find Wuhui and landed next to Tang Beiwei. Her face was bad and there was blood in his cultivation home.

Seeing Ye Mo come over, Tang Beiwei quickly said, “Brother this person came and was going to capture shadowless. But shadowless ate his arm.”

“Yes boss, this guy tried to capture me. If it wasn’t for that old bastard, I would’ve killed him already.” Shadowless quickly said.

That immortal king had lost an arm, there was a black mark on his face. Ye Mo studied this guy while shadowless sound transmissioned to Ye Mo, “Boss, this guy with the mark is the one who sliced off small ginseng’s arm. I was going to eat him but that immortal monarch acme over and stopped me.”

“So it’s the animal you raised...” This immortal monarch saw Ye Mo was just an immortal king and his tone grew rude. He waited till now because he was scared Tang Beiwei and shadowless had big origins. If he knew Ye Mo was just an immortal king, he would’ve attacked already.

“You’re Ye Mo?” The immortal king with the black mark recognized Ye Mo. He came with his sect to here late and didn’t know about what Ye Mo did.

Last time he knew on the immortal ship towards Qing Wei heaven that Ye Mo killed his demon joy sect immortal king and robbed Hua Ruxue’s pill cauldron. He wasn’t going to let this guy go.

“Who are you?” Ye Mo asked.

“The king here is demon joy sect Lu Jue. Ye Mo, your pet injured me. I want to see who can help you.” Lu Jue said happily.

“Demon joy sect, I know, I killed an immortal king last time. Are there more for me to slaughter today? Shadowless eat him.” Ye Mo said.

Shadowless was waiting for this. He couldn’t hold out any longer. If he killed this Lu Jue, he would’ve gotten revenge for small ginseng. By then, small ginseng would happily call him big brother.

The immortal monarch from Jiu Fan immortal pond heard Ye Mo order his pet to eat the immortal king and quickly came up, “Wait.”

“Boss.” Shadowless subconsciously looked at Ye Mo. Boss just came from where this woman came from.

Before Ye Mo spoke, this immortal monarch laughed, “Haha, I Xu You have seen arrogant people but never someone as cocky as you. You dare to order your pet to eat my demon joy sect immortal king. Do you think you’re a divine emperor or an emperor sect ancestor?”

As he spoke, his immortal monarch power rose. A terrifying killing intent swept over but soon, he noticed something wrong because other than the Jiu Fan immortal pond immortal monarch telling Ye

Mo to not fight, everyone else was watching. No one scorned this little immortal king middle stage with him.

He had reached immortal monarch after countless years, he was cunning like a ten thousand year old fox. He instantly realized this scene. Then, he saw the big sign at Ye Mo's cultivation home and his heart went cold.

If Ye Mo was simple, would he dare to place such sign there without anyone stopping him. Now, his powerful killing intent was stopped in front of Ye Mo. He even felt it sweeping back.

"Shadowless, eat him too." If it was some other sect he would be reasonable but for demon joy sect, never mind. He almost died to a demon joy sect immortal king and there was conflict between them.

"Wait." This immortal monarch instead saluted with his fists to the female immortal monarch, "Xiang Ji martial sister, do you know this Ye Mo?"

Jiu Fan immortal pond was on par with Demon Joy sect. He needed to use an excuse to get things clear.

Xiang Ji was confused too and couldn't react seeing that this immortal monarch consulted her instead when Ye Mo ordered his pet to eat him.

Shadowless wasn't going to wait. He opened his mouth and bit at Lu Jue.

Chapter 1905: Who is seeking revenge from immortal emperor

"Wait..."

This was the third time Ye Mo heard this in a short while. Ye Mo said nothing but shadowless stopped. Shadowless knew that with this person here, he wouldn't be able to eat this immortal king.

“Xuan Feng qian bei...” Xiang Ji immortal monarch saw this person and greeted.

It was Xuan Feng immortal emperor from Demon Joy sect. He came a little late. Most demon joy sect disciples just reached Zha Kui immortal city today. They clearly didn’t know about Ye Mo.

Xuan Feng immortal emperor just simply greeted Xiang Ji immortal monarch and saluted with his fists to Ye Mo, “Sect leader Ye, why are you letting your pet eat my sect members for no reason?”

Ye Mo sneered, “No reason? Which eye of yours did you see with that I did this for no reason. Shadowless tell this old guy what happened. Are you doing this without reason?”

In fact, he had long seen Xuan Feng immortal emperor come. If this old guy kept coming slowly, shadowless would really eat these two. He wasn’t going to go easy on Demon Joy sect but since this old guy was here, he didn’t want to make the situation too bad.

Xiang Ji immortal monarch was already very shocked that Xuan Feng immortal emperor didn’t attack immediately and instead saluted with his fists to Ye Mo politely. Now that Ye Mo called him old guy, Xuan Feng immortal emperor didn’t even get angry. He just had a bleak face.

Shadowless heard this and immediately said bitterly, “Boss, I was chatting with Beiwei talking about some interesting stuff. Then, this immortal king came to bully me and wanted to abduct me. I was so scared that I bit and accidentally bit off his arm. If you didn’t come quick, Beiwei and I would’ve been beaten to death by these two.”

Tang Beiwei looked dazily at shadowless and finally realised what shamelessness was. Lu Jue came to grab shadowless but from the beginning to the end, shadowless was extremely excited. He didn’t seem scared at all. Where did brother get such a shameless immortal pet?

Lu Jue and that immortal monarch was also dumbfounded. Lu Jue wasn’t surprised at shadowless’s words. He had seen how shameless shadowless can be. At the small heaven domain, when they were about to break the second formation, shadowless said his stomach hurt. What he was dazed at was that Xuan Feng immortal emperor was the ancestor of the sect. Why was he so polite to an immortal king.

“Is that what happened?” Xuan Feng immortal emperor’s face went bleak. He was angry at Ye Mo but also at Lu Jue. Why did he have to mess with Ye Mo?

“Martial ancestor, this dragon horse is the dragon horse that appeared at the small heaven domain last time, so...”

Before Lu Jue finished, Xuan Feng immortal emperor said coldly, “So you think everyone else is blind? Only you can see that it’s a dragon horse?”

Lu Jue was shocked when he saw shadowless and furious when his arm was bitten off. Now that he calmed down, he immediately realised that things were really so. This many people saw the dragon horse but no one came up to say anything.

You Xu immortal monarch’s heart sunk and rejoiced that he realised in time and didn’t attack. Otherwise, things wouldn’t be so easy.

Xuan Feng saluted with his fists to Ye Mo again, “Sect leader Ye, my sect members offended you first, I apologise...”

Before Xuan Feng immortal emperor finished, Ye Mo knew what he meant and waved his hand, “I want level nine immortal spirit herb.”

Lu Jue had calmed down now. Hearing this, he quickly bowed, “If Lu Jue gets level nine immortal spirit herb in the secret realm, I will give it all to sect leader Ye.”

Ye Mo sneered, “I don’t want all of it. Just give me 70% of level nine immortal spirit herb, you can keep the rest. If I find your level nine immortal spirit herb is less than most people, then don’t blame me.”

Ye Mo wasn’t that nice to leave 30% to him but he knew that if he left nothing to Lu Jue it wasn’t plausible. Lu Jue was scared of him now but inside the secret realm, if he couldn’t get anything, he wouldn’t even try hard.

“Yes, I will do it.” Lu Jue clearly knew what Ye Mo meant and nodded.

Now that things were decided, Xuan Feng immortal emperor immediately took Lu Jue and You Xu away.

In the distance, Hua Ruxue and Hua Yuxue saw this and were speechless. Hua Ruxue came earlier and knew what Ye Mo did. She knew that getting revenge from Ye Mo was going to be delayed indefinitely or never.

Seeing Xuan Feng immortal emperor take this sect members away fleeing, Xiang Ji immortal monarch looked at Ye Mo for a while before asking in confusion, "Ye Mo, why is Xuan Feng immortal emperor scared of you?"

"Pfft, why do you even ask such questions. Of course he's scared that boss will kill him." Shadowless said in contempt. Even as cool as him, he's scared of being roasted and eaten by boss.

"Kill him?" Xiang Ji immortal monarch was more confused. How does an immortal king kill an immortal emperor?

Ye Mo didn't care about her confusion. She walked towards Wujia sound river again.

It seemed that Ye Mo really was doing as he said, looking for trouble with Wuhui. Xiang Ji immortal monarch was getting more confused and just subconsciously followed Ye Mo.

Wuhui saw Lu Jue look for trouble with shadowless but he didn't speak up about it intentionally just so Ye Mo can have conflict with Demon Joy sect. However, Xuan Feng immortal emperor came back in time and the conflict didn't happen. He was greatly disappointed.

But then he noticed something wrong, Ye Mo was walking towards him. He immediately frowned, he wasn't the only one who didn't remind Demon Joy sect why did Ye Mo come to him.

"Sect leader Ye, is there anything else?" Wuhui casually saluted with his fists and said coldly. He looked cold but his heart was ebating fast. He knew that Ye Mo was a madman. Only perhaps the grand emperors could stop him but none of them were here.

“Is Sang Qi back.” Ye Mo asked directly.

Wuhui didn’t expect Ye Mo to ask about Wujia sound river ancestor but he saw the immortal monarch behind Ye Mo and immediately knew what Ye Mo meant. He then said, “The ancestor isn’t back, I don’t know about his business.”

“Hmph, your Wujia sound river is set on acting against me? Locking up Xiaoyun and then hunting my friend and her master. DO you think I don’t dare to annihilate Wujia sound river?”

Everyone nearby heard Ye Mo’s furious voice. The scene immediately became silent. Xuan Feng immortal emperor saw this and was overjoyed. To him, Ye Mo was a mad dog. Fighting Wujia river was the best thing.

Everyone was shocked because it was taboo to casually speak about annihilating a sect much less an emperor sect.

Ye Mo knew this was taboo of course but he didn’t care. The conflict between him and the Wujia sound river was much more beyond demon joy sect.

Wuyin immortal emperor imprisoned Mu Xiaoyun. Wuhua ancestor heavily injured Yi Yi’s master and hunted her. He was definitely going to kill Wuying and that was going to create enmity between him and the sect.

With his current power, he didn’t need to take it, his cultivation level was loosening up.

Hearing this, Wuhui immortal emperor’s face changed and he sneered, “Our Wujia sound river has existed four countelss thousands of years. It’s not something that can be annihilated by anyone. Plus sect leader Ye is a sect leader, don’t you know it’s taboo to annihilate a sect?”

“Oh, why didn’t Wuying know it’s taboo to capture Xiaoyun?” Ye Mo sneered.

Wuhui calmed down and said, “sect leader Ye, Wuhua is an ancestor of our sect but he never manages the sect. Wuying also never manages anything. Instead, it’s always martial brother Wuyu and me

managing the sect. There's a source to your conflict. If you seek trouble with the two ancestors, Wujia sound river will definitely not say anything."

"Who is seeking trouble with the two immortal emperor ancestors of Wujia sound river?" A voice sounded and one man landed.

Seeing this figure, the atmosphere became even more silent. Ye Mo's eyes narrowed, he knew this person. It could be said to be the most respected person here, Wei Feng immortal emperor. He has the title of grand emperor.

Chapter 1906: None of Your Business

He had heard a lot about Wei Feng immortal emperor and have seen this person before but Ye Mo looked down on this immortal emperor. This guy joined up more than ten immortal emperor to attack Wushuang immortal emperor. Not only did he not kill Wushuang immortal emperor but let Wushuang immortal emperor kill 9 immortal emperors and he was heavily injured himself.

According to what Zhen Bingyu said, Ye Mo guessed that this Wei Feng immortal emperor was probably a cunning and bleak character. Otherwise, he wouldn't invite Wushuang and then accidentally let him see his previous woman.

Wuhui immortal emperor breathed easy. Finally a grand emperor came. Things would be much easier now.

"You're Ye Mo, you killed two immortal emperors from Xian Lan merchant association and closed the merchant association?" Wei Feng asked without waiting for Wuhui immortal emperor to explain.

Clearly he knew who Ye Mo was before he came.

Ye Mo looked down on such immortal emperor. Although he almost died in Wushuang immortal emperor's sea of consciousness, it didn't mean he would stand on the same line as Wei Feng immortal emperor.

Now, Weifeng immortal emperor spoke in a condescending manner to him as though he was the master of everything and he was a convict waiting to be judged.

When Wei Feng immortal emperor came over, everyone watched here.

Xiang Ji immortal monarch standing behind Ye Mo also saw Wei Feng immortal emperor. She immediately knew things weren't so simple now. She didn't dare to greet Wei Feng immortal emperor but when she heard what Wei Feng immortal emperor said, she looked at Ye Mo in extreme shock.

No wonder so many immortal emperors looked at Ye Mo with troubled look. Ye Mo did such things in Zha Kui immortal city. If it didn't come out from Wei Feng immortal emperor's mouth, she would've thought she heard wrong.

"That's right, I did it." Ye Mo said calmly. He was thinking about his chances of winning. There were immortal emperors on the side, how many would go help Wei Feng immortal emperor.

But Ye Mo rejoiced that he was decisive in dealing with Xian Lan merchant association. Only that would make people concerned. When Wei Feng immortal emperor attacked, as long as he didn't get the complete upper hand, not many people would be helping him.

"Haha, good courage, the wan beis are astounding..." Wei Feng smiled but in his heart he was furious. He wasn't furious that Ye Mo annihilated Xian Lan merchant association but Ye Mo as a wan bei didn't bow to him nor greet him. He was too rude.

Wei Feng was more disappointed that no one came out to reproach Ye Mo for disrespect. He thought about it and immediately understood why. Ye Mo was so crazy towards Xian Lan merchant association. As long as Ye Mo didn't die, no one would stand up openly against him.

It seems that people were almost forgetting about him since he hasn't killed in recent years.

“Do you think you know a few god arts so you think all the reason in the world is in your hands? Even if Xian Lan merchant association is wrong, it’s not up to you to eradicate them. If everyone kills immortal emperor casually just because they’re strong, then the immortal realm would be in chaos? Since the emperor saw you, you shall come with the emperor to Qing Wei Heaven.”

Then, Wei Feng immortal emperor’s power rose. He could see that Ye Mo hid his power but he could also see that Ye Mo didn’t reach immortal emperor. He didn’t know Ye Mo’s exact power but he was at most an immortal monarch.

As the violent immortal emperor peak stage domain swept out, Xiang Ji immortal monarch was swept away by this overwhelming power unprepared. The nearby immortals also moved away. Soon, there was just Ye Mo facing Wei Feng immortal emperor.

Xiang Ji immortal monarch stopped and saw Ye Mo’s immortal pet. Shadowless could tell that boss would have it tough facing against this guy. Shadowless quickly said to Xiang Ji, “Hey, take care of little sister Beiwei, I’m going to help boss teach this old bastard a lesson.”

Wei Feng immortal emperor’s domain started in a wave and expanded to the vast ocean. But Ye Mo didn’t move at all and answered calmly, “None of your business.”

“You...” Wei Feng immortal emperor was shocked at Ye Mo’s domain and immortal essence but now he almost spat blood. Ever since he had reached immortal emperor, no one had dared to talk to him in such cocky manner. Even Feng Kong grand emperor wouldn’t speak to him like this.

Ye Mo was a mere insect below immortal emperor. How dare he be so cocky. Wei Feng couldn’t take it anymore and swept out his immortal emperor domain as well as his magic artefact Truth Abstruse Star.

49 dark red stars formed a spoon shape and instantly wrapped around Ye Mo. An ordinary immortal would’ve been turned to dust in a second.

But Ye Mo was no ordinary person, his body refinement reached immortal god body middle stage. The stars had a great pressure on him but he wasn’t defenseless. Plus, shadowless was here.

Wei Feng immortal emperor's domain was extremely powerful. It almost materialized but shadowless didn't care. He just came up and bit down.

"Crack..." Even the immortals on the side could hear the domain cracking. While gasping at Wei Feng immortal emperor's domain, they were also shocked at shadowless's power.

The moment Wei Feng's domain was broken, Ye Mo's domain swept over. Originally, Ye Mo's domain was much weaker than Wei Feng's domain but now with shadowless, they reached a balance.

Such powerful devouring capabilities. Wei Feng immortal emperor had long noticed shadowless and in fact, he came here partly due to shadowless. Shadowless could devour domain just as he heard. He was secretly overjoyed but also shocked.

He loved shadowless's devouring capabilities. If he took shadowless in then with shadowless's help he wouldn't fear even the four grand emperors.

He was shocked at how powerful Ye Mo's domain was. This domain was no weaker than ordinary immortal emperor. No wonder he could kill two immortal emperor. Wei Feng immortal emperor actually found that if he didn't use his lethal move, he wouldn't even have the definite advantage over Ye Mo.

Ye Mo was originally suppressed by Wei Feng immortal emperor's domain but now that shadowless broke it, he immediately felt easier. Although his domain couldn't completely suppress Wei Feng's but he could use his god art now.

The 49 abstruse stars were gathering close, that oppressive feeling was getting stronger and stronger. This almost made Ye Mo unable to breath. This was the first time Ye Mo saw such terrifying magic artefact. If it wasn't that shadowless helped him bite into the immortal emperor domain, he would be in the definite lower hand. Once he was trapped by the 49 stars, he could only wait and die.

Ye Mo didn't release Zi Xu. He had realised now that Wei Feng immortal emperor's power was much stronger than Sha Yu immortal emperor. His original contempt was gone. He released his strongest god art Five Lightning Spear Destruction without hesitation. It didn't need any winding up. It was Ye Mo's strongest god art and ever since creating it, he had never used it.

The 49 abstruse stars were getting more oppressive and Ye Mo's immortal essence tore that pressure like crazy but he couldn't use the entire Five Lightning Spear Destruction.

Shadowless knew that the 49 stars wasn't something he could devour yet. Although Wei Feng's domain was hard to devour and he might crack his teeth, shadowless still opened his mouth and bit down twice without hesitation.

Wei Feng's already tattered domain cracked open a long crevice. The pressure of the 49 stars eased up a bit down.

Ye Mo released Five Lightning Spear Destruction immediately.

Five extremely thick lightning spears suddenly appeared and struck down. There was no wind up nor any void lethal force but when Wei Feng immortal emperor felt these five lightning spears, the terrifying killing intent already loomed over him.

Ear screeching lightning sounds struck and appeared above Wei Feng immortal emperor's head.

Under the illumination of the five thick lightning spears, the surroundings lit up in vibrance.

However, the feeling that the five lightning spears gave Wei Feng immortal emperor was extremely terrifying.

Wei Feng immortal emperor's heart shook. He doesn't remember how long it has been since he felt this feeling. Last time, it was the battle with Wushuang immortal emperor. Today, he felt this feeling on someone who wasn't even immortal emperor yet.

Chapter 1907: Feel Threatened By Each Other

The 49 stars instantly split into two groups. 25 of them had formed five rings each of them blocking one lightning spear.

The 25 black stars smashed together with the five lightning spears creating this heaven shocking wave. The explosive sounds and terrifying rattling of space shocked nearby people back once again.

The five lightning spears that were countless times faster than electric sparks were smashed by the 25 stars and immediately dispersed. At the same time, the 25 black stars dimmed down.

Small fine black crevices appeared in the void seeping out terrifying chi. Everyone was very shocked. They all knew what this crevice was, this was real void crevice. Although this was far from tearing open the void but the first clash between their god arts created this terrifying crevice. One could see how powerful their immortal essence was.

Even just watching on the side, one might get swept in and pulverized if one wasn't careful.

Luckily, when the two fought, they knew there were people around and with more than ten immortal emperors setting up immortal essence walls together, the chi that spread out was blocked.

In order to stop Ye Mo's lightning spear, Wei Feng immortal emperor took back 25 stars. The northern constellation formation immediately crippled. The remaining 24 stars' power dropped drastically. When Ye Mo used shatter space, the punch brought 24 void ruins and smashed on these 24 stars.

Thud thud thud. The huge collision sounds came about non stop. Instantly, Ye Mo's shatter space fist force was crippled.

Void ruins smashed on Ye Mo making him fly back with a few blood marks.

Shadowless landed next to Ye Mo and asked in shock, "Boss are you fine? Why not use nine lightning spears instead of five? You're going too easy on him."

However, shadowless' sound transmission was flawed. Wei Feng immortal emperor instantly caught onto the space ripples and heard what shadowless said.

Wei Feng immortal emperor was already shocked at Ye Mo's Five Lightning Spear Destruction. This was the first time his 49 stars didn't kill a person who wasn't even immortal emperor yet. Ye Mo wasn't even heavily injured. Hearing shadowless' words, he realised that Ye Mo could use nine lightning spears.

Ye Mo was at the definite lower hand and he knew he was no match for Wei Feng immortal emperor. Ye Mo was very speechless at shadowless' trying to be smart and patted his head, "Even if you don't talk, no one will think you're a mute."

Shadowless' sound transmission didn't have such loopholes under his teachings. Now that he used that low tactics, it was letting Wei Feng immortal emperor knew that he couldn't use nine lightning spears.

Wei Feng immortal emperor didn't shadowless did this intentionally. The immortal emperors at the opening of the small heaven domain knew clearly about shadowless. Based on what people who have seen shadowless and Ye Mo said, shadowless had a failed sound transmission before.

He suspected that shadowless did this intentionally. It's been this long why didn't Ye Mo teach shadowless the right way to sound transmission. However, he was also dubious whether Ye Mo was Ning Xiaoma. Plus, with what Ye Mo showed just then, he guessed that with Ye Mo's power, it wasn't rare to use nine lightning spears. Shadowless' trick actually made Wei Feng immortal emperor believe him.

He didn't have the confidence to kill or subjugate Ye Mo and now that shadowless said this, he realised even more that he might be able to beat Ye Mo but it would be very hard to kill him. He had the definite upper hand in that fight. If he fought with Ye Mo and both sides got injured or he had to release his secret moves, then that wasn't what he wanted.

Since he couldn't subjugate Ye Mo easily, he wasn't going to keep fighting. He didn't do things he didn't have confidence in.

Ye Mo knew he was no match for Wei Feng immortal emperor and since this guy didn't fight, clearly he wasn't.

“No wonder you’re so cocky, you can block my attack. On this account, I’ll let you go. But just with your power, it’s far from being able to be cocky here. You have no business here with Wujia Sound river. If you dare to threaten Wuhui immortal emperor again, then don’t blame me.”

There was something he didn’t say. He could tell Ye Mo was at least an immortal god body body refinement immortal. Otherwise, those small void crevices would heavily injure him. This was why he felt more threatened by Ye Mo.

Wei Feng immortal emperor collected the stars and stood in the air with his hands behind his back. Compared to Ye Mo’s state, he seemed much easier.

Plus what he said, some people who couldn’t understand thought Wei Feng immortal emperor let Ye Mo go out of magnanimity and immediately respected Wei Feng immortal emperor for his character.

But some people who could understand could see that Wei Feng immortal emperor felt threatened by Ye Mo and didn’t want to keep fighting. As for telling Ye Mo not to come back and threaten Wuhui immortal emperor, that was slapping Wuhui immortal emperor’s face. He was helping Wujia sound river yet this bastard didn’t help in fighting nor words at all. He acted like he was just a bystander watching a show. Wei Feng immortal emperor was furious.

“I don’t need other people to tell me who’s trouble to not look for. The king doesn’t need someone to forgive. If you want to fight then fight, no need for bullshit.” Ye Mo knew he couldn’t beat Wei Feng immortal emperor but don’t even think about using him to act cool.

Ye Mo had made up his mind that if Wei Feng immortal emperor was going to fight, he would make this old guy lose face and take away Beiwei.

“Sicne you want to die, then don’t blame the emperor.” Wei Feng immortal emperor didn’t expect that Ye Mo wouldn’t give him a way down. He was losing face.

“Brother Wei Feng, Zheng Ren has something to say.” Zheng Ren immortal emperor quickly came up.

Wei Feng immortal emperor breathed easy and nodded while looking calm, “So it’s brother Zheng Ren, please speak.”

“Sect leader Ye was just saying some things, it’s not like he would really do anything to Wujia sound river. Plus, they have two more ancestors. Plus, after brother Wei Feng, sect leader Ye would know that there’s no limit to the path of cultivation. Why take this seriously with him brother Wei Feng? But I was wondering why Feng Kong grand emperor and Dragon River grand emperor didn’t come this time?” Zheng Ren changed the subject subtly.

It wasn’t just Zheng Ren who saw the intricacies of the battle but he was the first to act as the good mediator.

Those people knew that after the battle both of them didn’t want to keep fighting. However, Wei Feng immortal emperor wanted face but Ye Mo didn’t give it to him. That’s what caused the stale mate. What Zheng Ren said got the appreciation of both Ye Mo and Wei Feng immortal emperor.

Wuhui immortal emperor could tell Wei Feng immortal emperor was unhappy with him but he could only come out and thank Wei Feng immortal emperor now.

Tang Beiwei was just a hollow immortal but she could tell her brother couldn’t beat Wei Feng immortal emperor. Seeing the two didn’t keep fighting, her heart finally rested. Seeing Ye Mo come over, she quickly said in a small voice, “Brother, why don’t we go first.”

Ye Mo waved his hand, “No need, stay here. I need to buy immortal spirit herb, I can’t leave now.”

How can Ye Mo leave now? His cultivation level bottleneck was loose now but he wasn’t level nine immortal pill grand master yet. He couldn’t concoct the pills for break through to immortal emperor yet.

If he wanted to beat Wei Feng immortal emperor he would have to reach immortal emperor. Otherwise, he was far from teaching Wei Feng immortal emperor a lesson.

At the same time, Ye Mo started to doubt the authenticity of Zhen Bingyu’s words. He thought that Wei Feng immortal emperor wasn’t very strong. After all, he joined up with more than ten immortal emperor and didn’t completely kill Wushuang immortal emperor. Instead a few immortal emperors on their side died.

Based on that, Wushuang immortal emperor was very powerful but it also meant Wei Feng immortal emperor wasn't very strong.

However, the battle today made Ye Mo realise that Wei Feng immortal emperor was the strongest immortal emperor he had ever fought. How could such a powerful guy have such a battle result with Wushuang immortal emperor?

If it wasn't that Zhen Bingyu's news was wrong, then it was Wushuang immortal emperor was too scary. Or, Wei Feng immortal emperor didn't use full power when they fought Wushuang immortal emperor. But other immortal emperors came to help him, why didn't he use full power?

Unless...

Ye Mo glanced at Wei Feng immortal emperor who was chatting with a smile and felt this was more eerie. Unless, Wei Feng immortal emperor intentionally hid his power so Wushuang immortal emperor could kill a few more immortal emperors.

Wushuang immortal emperor was just relying on a Spirit Will Nine Transformations. Ye Mo cultivated to the fourth transformation but didn't feel Spirit Will Nine Transformations could kill nine immortal emperors in a row.

Xiang Ji immortal monarch just woke up from her shock. Ye Mo could even take on Wei Feng immortal emperor. This was too scary.

She immediately thought of the saint Yi Yi who was locked up and quickly said to Ye Mo, "Sect leader Ye..."

Chapter 1908: Dammed Overlord

Xiang Ji immortal monarch didn't even speak and Ye Mo knew what she meant and said, "Please come in and have a talk."

Even Wei Feng immortal emperor didn't do anything to Ye Mo. No one dared to say anything near Ye Mo's place. Plus, shadowless was sitting at the door, no one even dared to come close.

"Xiang Ji qian bei..."

Before Ye Mo finished, Xiang Ji immortal monarch quickly got up and said, "Sect leader Ye just call me Xiang Ji. I don't dare to be called qian bei."

Ye Mo nodded, "Then please tell me more about Yi Yi and that Earth Abyss Fire pond."

Xiang Ji immortal monarch was going to ask Ye Mo to help save Yi Yi and now that Ye Mo asked, she immediately said, "Jiu Fan immortal pond is different to other sects. The sect leader has very great power and can cultivate in the Tian Ji immortal marrow..."

As though feeling that she shouldn't talk about the power struggles in the sect, she changed subject and said, "Yi Yi's master sect leader Luan Xiao didn't listen to the other two immortal emperor elders and took Yi Yi to Wujia sound river to help you. In the end, she had conflict with Wuhua immortal emperor and was hunted. Yi Yi was taken back by Yuan Yun martial uncle and locked up in the Earth Abyss Fire Pond."

"Is it that Yuan Yun immortal emperor didn't get to be sect leader so that's why she's unhappy with Yi Yi's master?" Ye Mo didn't like power struggles but he sense this bullshit immediately.

Xiang Ji immortal monarch quickly said, "This isn't something we wan beis can discuss. Luan Xiao sect leader got the position passed down from Feng Feng martial ancestor. Yi Yi caused great trouble for the sect this time so she had her powers erased and locked up."

Ye Mo sneered, "A small business between two emperor sects is called great trouble? Did Wuhua hunt Yi Yi's master due to some other reason as well? Why did sect leader Luan Xiao's master go?"

"I don't dare to say if there are other reasons. As for martial ancestor Feng Feng, I heard martial uncle say that the martial ancestor felt her life was nearing its end and left the immortal realm to seek the god path." Ye Mo said.

Ye Mo could tell this entire thing was Yuan Yun immortal emperor acting up. Not only did she not help the sect leader but instead punished Yi Yi to suck up to Wujia sound river.

Ye Mo didn't care what intentions this Yuan Yun immortal emperor had he just wanted to know how Zhan Taiyi was doing now.

"Who erased Yi Yi's power? What place is that earth abyss fire pond. If her power is erased how can she stay alive in that place?" Ye Mo's tone was getting angry. If it wasn't that Xiang Ji was quite supportive of Yi Yi, he would've wrung her to Jiu Fan immortal pond already.

Xiang Ji immortal monarch could feel the coldness in Ye Mo's tone and subconsciously shivered.

It was no strange thing for him to attack the sect and even kill Yuan Yun immortal emperor.

She finally realised what terrifying friend Ye Mo was to Yi Yi. She didn't understand why Ye Mo was being abused by Wuhui immortal emperor before since he was this terrifying. She clearly saw that Wuhui immortal emperor didn't even dare to say no to Ye Mo.

She didn't dare to ask about this and quickly replied, "Yi Yi's master left Yi Yi a top defense magic artefact called Jade Void God Flame Lid. This magic artefact could block the flame marrow from the fire pond. If Yi Yi still had her powers, she would be able to last fine for tens of thousands of years but without her power, she might not even last two hundred years."

Ye Mo sneered and got up. Yi Yi lost her powers due to him. No matter how much he needed level nine immortal spirit herb he would have to save her first. At the same time, he needed to ask about Ding Jie.

"I'm going to Jiu Fan immortal pond." Ye Mo made up his decision. There were still a few days before the secret realm opened. Plus, it would be after the secret realm closed that immortal spirit herbs would be coming out.

He had come early and taken a good position. As long as he left his cultivation home magic artefact here, it would be fine. When he came back from Jiu Fan immortal pond he would collect his immortal spirit herbs. He didn't believe with the power he showed, someone would dare to steal his place.

He could leave Tang Beiwei and shadowless here but he felt worried so he would take them.

"I'll go with you." Xiang Ji immortal monarch immediately said. She knew Ye Mo's power and pissing Ye Mo off wasn't good for Jiu Fan immortal pond. She could act as the mediator.

Ye Mo knew her intentions and nodded in agreement. He didn't want to cause huge trouble at Yi Yi's sect. Seeing this, she quickly went to her sect place and handed the business of entering the secret realm to another immortal monarch and came to Ye Mo.

Seeing Ye Mo and Xiang Ji come out, many people looked over. After all, the battle with Wei Feng immortal emperor just then was too shocking.

Ye Mo saluted with his fists and said loudly, "I have a small cultivation home immortal artefact taking a position here. I need to leave here and do something. After I come back, I will come back and purchase immortal spirit herbs. Friends, please help look after it."

With this many immortal emperors, sects and merchant associations here, Ye Mo was probably the only one daring to leave a cultivation home immortal artefact and take a spot.

All these people here were here to buy immortal spirit herbs and although there were a lot of high level immortal spirit herbs inside, it was limited. Which sect or merchant association here lacked immortal crystals? If one had a good position, he could buy first.

Ye Mo came early and got one of the best positions. Although many people admired but no one dared to ask for Ye Mo's position.

Wei Feng immortal emperor was talking to a few other immortal emperors and hearing this, he frowned but he didn't say anything. He knew that if he did, it would be another huge battle.

If Wei Feng immortal emperor wasn't here, people would agree to Ye Mo's words but now that Wei Feng immortal emperor was here, no one wanted to offend him just like how no one wanted to offend Ye Mo before.

Ye Mo then drew a huge circle around his immortal artefact and set up a defense formation before writing the big words, Mo Yue Immortal Sect immortal spirit herb buying place.

“Damn overlord.” Seeing this, demon hoy sect Hua Yuxue cursed. She detested Ye Mo. In the blueish gray dimension, Ye Mo looked down on her and said she and Hua Ruxue insulted the word xue (snow).

“Shut up, are you looking for trouble?” An immortal monarch tertiary stage next to Hua Yuxue reproached. Ye Mo’s news had spread and even the sect ancestor didn’t want trouble with Ye Mo.

Ye Mo set up his place and then released low grade god artefact space time boat and sliced through space and disappeared.

Jiu Fan immortal pond was just in Fan Du heaven. Ye Mo didn’t even need to take the teleportation formation. His space time boat was a counterfeit but it would only take a day or two.

“Pschh.” One green robed great eternity immortal tertiary stage from Ethereal Immortal Pond couldn’t resist laughing after Ye Mo left.

Mi Yun saint looked at this great eternity immortal in confusion, “martial sister Ji Yun what are you laughing at?”

This great eternity immortal female immortal looked at the land Ye Mo circled, “Martial sister Mi Yun why do I feel like this sect leader Ye is like a kid. Is he playing a child’s game, so funny.”

A few other female immortals from Ethereal Immortal Pond also started laughing.

“Suddenly they heard an authoritative voice, “Is it very funny? Who do you think would rob sect leader Ye’s land? You’re not allowed to publicly discuss sect leader Ye from now on.”

Then, this voice said to Mi Yun, “Mi Yun come in with me.”

“Yes, martial ancestor.” The nearby Ethereal Immortal Pond sect members immediately stopped laughing and bowed.

Chapter 1909: Jiu Fan Immortal Pond

“Greet martial ancestor.” Mi Yun quickly bowed after coming in.

This middle aged woman was Yi He immortal monarch of Ethereal Immortal Pond. She was the strongest person other than immortal emperors in the sect.

“Mi Yun, tell me about it. How do you know that sect leader Ye?” Yi He immortal monarch asked calmly.

Mi Yun quickly explained the process of how she met Ye Mo and didn’t hide anything.

Yi He immortal monarch heard this and frowned, “He knows the best stealth cultivation method, that’s without a doubt. Even I can’t see his real cultivation level. But since he used stealth cultivation method to trade going in the small heaven domain, why did he leave after you got the things?”

Mi Yun fell silent and shook her head after a long while, “I don’t understand too. He borrowed my jade card for many days and eventually didn’t think of a way to get into the small heaven domain. He was probably very dejected...”

Yi He immortal monarch said plainly, “I haven’t seen this Ye Mo many times but I’ve heard of him a few times. I heard about him using our immortal well last time. I also saw the matter between Wei Feng immortal emperor and him. Mi Yun, do you think he’s someone to suffer a loss and let it go?”

Thinking about this, Mi Yun saint nodded, “He doesn’t seem to be someone to suffer a loss and let it go. This is strange.”

Yi He immortal monarch added, "That Ye Mo wanted Peng Yue immortal fruit just so he can become immortal king. And now, he's at least immortal king middle stage power. This meant he got the Peng Yue immortal fruit at that time. If you didn't give it to him, then he got it from the small heaven domain himself."

"I understand, so they're the same person?" Mi Yun said.

"Who is the same person?" Yi He immortal monarch immediately asked.

Mi Yun bowed, "Ning Xiaoma and Ye Mo are the same person. Ning Xiaoma wasn't amongst the list to go to the small heaven domain but he appeared there. I heard others say that Ye Mo's dragon horse was his friend Ning Xiaoma's but now I realise Ning Xiaoma is Ye Mo."

Yi He immortal monarch breathed easy, "I guessed right, he really did go in."

"But martial ancestor, that Ye Mo doesn't have a jade card and didn't let me take him in, how did he get in?" Mi Yun asked in confusion.

Yi He immortal monarch said plainly, "If I didn't guess wrong, you brought Ye Mo in."

"What? Me?" Mi Yun looked at Yi He immortal monarch in extreme shock, "He clearly left and then I went in alone."

"Yes, the two instant transmissions he used was probably for the loophole he left in the jade card. Otherwise, how could someone like him forget to give you stealth cultivation method?" Yi He immortal monarch said and then praised, "Amazing, too amazing."

She had to admit Ye Mo's capabilities. Not only did he trick Mi Yun but he also tricked the immortal emperors. This was too terrifying. More terrifyingly was that Ye Mo didn't leave the small heaven domain. the small heaven domain exploded but Ye Mo could avoid it and his cultivation level progressed this fast. There definitely was a huge secret on him.

Many people believed there were secrets on Ye Mo but his cultivation level was too terrifying and no one dared to mess with him.

Ye Mo fell silent. She wasn't dumb. How could she not know that their deal was complete. Otherwise, how could Ye Mo give her the stealth cultivation method? She just didn't know and gave Li Kun a fruit like an idiot.

"That Ye Mo isn't old but I'm certain his future is boundless. Many people probably guessed that Ye Mo is Ning Xiaoma but I suggest you don't spread it." Yi He immortal monarch warned.

"I know." Mi Yun quickly said.

Yi He immortal monarch nodded, "If I tell Ye Mo that Ethereal Immortal Pond wants to have a marriage engagement with him and send you to be his dao partner, what would you think?"

Mi Yun's face didn't change at all. Ethereal Immortal Pond was just a very ordinary sect. They could have their status today mainly due to their marriage engagements. Whether it was in the cultivation realm or the immortal realm, this has never changed. Ethereal Immortal Pond would join up with those extremely talented people through marriage engagements.

"Disciple is willing to be dao partners with Ye Mo but..." Mi Yun showed a face of regret.

"But what?" Yi He immortal monarch asked desperately.

Mi Yun sighed, "I was once interested in Ye Mo and tested him on the spot but he rejected me. So even if martial ancestors brings this up to him, it's useless."

"If I suddenly say I like you and want to help you would you believe me?" Mi Yun thought of what she said to Ye Mo.

Seeing Yi He immortal monarch a bit disappointed, Mi Yun quickly said, "Martial sister Ning Eu seemed to be close with Ye Mo. Ye Mo went into the pond for cultivation on the invitation of martial sister Ning Eu. Their relationship only seemed to have deteriorated after Fang Chen appeared."

“When things here are over, invite Ye Mo to come Ethereal Immortal Pond. If he’s willing to come, there’s still some chance left.” Yi He immortal monarch immediately said.

“Yes, disciple understands.” Mi Yun felt a little awkward but she knew this concerned Ethereal Immortal Pond’s future status.

...

When Ye Mo came outside Jiu Fan immortal pond, he could see from a far distance that the place looked like an immortal pond floating in the air. There were mountain ranges and extremely luxurious buildings.

From Xiang Ji’s words, Ye Mo knew that the reason this sect was named so was because there were nine immortal ponds in the sect.

Tian Ji immortal marrow pond and earth abyss fire pond were just two ponds. One was a sacred cultivation ground, one was a prison.

When Xiang Ji hollow immortal brought Ye Mo and Tang Beiwei here, there were already 8 people greeting them. To Ye Mo’s surprise, there was a male immortal amongst them, he was immortal emperor power.

Ye Mo knew that the sect only took in female disciples.

“Jiu Fan Immortal Pond Yuan Yun greet sect leader Ye, welcome to our sect. Your presence lights up our sect.” It was a middle aged woman at the front. She wasn’t young but her looks were still better than those female immortal around her.

“Haha, so sect leader Ye is this young. No wonder Ding Jie from my sect admires sect leader Ye so much. I’m Red River Emperor sect’s Jin Hui. Greet sect leader Ye.” The man laughed and saluted with his fists.

Ye Mo breathed easy, he didn’t need to go to Red River Emperor sect anymore.

After a brief greeting, Ye Mo asked, "Jin Hui immortal emperor, I'm wondering how my friend Ding Jie is?"

Jin Hui immortal emperor clearly heard of Ye Mo's news and knew why Ye Mo came. He quickly said, "Sect leader Ye, I came for Ding Jie's matter. Ding Jie came back to the sect and asked the sect immortal emperor to help sect leader Ye. However, our sect was short sighted and because Ding Jie was fine we didn't want to intervene. In his fury, Ding Jie left the sect.

Ding Jie is the most outstanding sect members of our sect. I just came back from outside and heard of this. I immediately came here to ask if Ding Jie came over but I was fortunate to encounter sect leader Ye. I'm truly honored."

Ye Mo heard this and realised that Ding Jie and Yi Yi's status was completely different. Ding Jie left the sect on his own but Yi Yi was locked up.

"Sect leader Ye, it's been a tiring journey, please come to the guest hall for some tea and rest." Yuan Yun immortal emperor said with a smile. How could she not know why Ye Mo came. If she knew Yi Yi's friend was this powerful, why would she be the bad guy?

Ye Mo said plainly, "No need for tea. I came to visit Yi Yi, take me to see her."

His dominance was clear in his tone, he didn't even request for permission.

Chapter 1910: You Must Not Touch This Place

Yuan Yun immortal emperor's face looked bad. She was an immortal emperor middle stage but Ye Mo didn't show any politeness to her. Theoretically, locking up Yi Yi was the sect's matter, it had nothing to do with Ye Mo.

She knew that Ye Mo said it's none of your business to Wei Feng immortal emperor immortal emperor. She really wanted to give these words to Ye Mo but she knew she couldn't say this unless she was stronger than Wei Feng immortal emperor.

Xiang Ji immortal monarch saw this and became worried. She was scared that Yuan Yun immortal emperor would act against Ye Mo. That way, Ye Mo might even kill her. Just when she wanted to sound transmission to Yuan Yun immortal emperor, she heard the immortal emperor say, "Of course I can take you to see Yi Yi but you can't see her yet."

Ye Mo's face sunk. Before Ye Mo could say anything, Yuan Yun immortal emperor quickly explained, "Earth Abyss Flame Pond opens once a month. There's still two days before it opens so you need to wait there for two days. The formation is set down by the sect martial ancestor. If we open it before the right time, it would cripple the flame pond."

Ye Mo didn't act angry. He knew that regardless of whether this was real or fake, Yi Yi had been in there for this long. An extra one or two days won't matter.

Seeing Ye Mo stay calm, Yuan Yun immortal emperor breathed easy. She really wasn't lying to Ye Mo. The pond only opened once every month.

Despite Yuan Yun immortal emperor being very hospitable, Ye Mo wasn't interested to talk too much. He just chattered with Jing Hui immortal emperor a little and left with shadowless and Beiwei.

"Martial sister Yuan Yun, it's not that I'm saying random things but what your sect did to Yi Yi wasn't too appropriate." Jin Hui immortal emperor exclaimed.

Yuan Yun immortal emperor said plainly, "My Jiu Fan Immortal Pond is an emperor sect. Yi Yi broke the sect rules, of course she needs to be punished. If all the sect members aren't punished for their mistakes would my sect still be an emperor sect? Your sect didn't listen to Ding Jie as well."

Jin Hui immortal emperor thought, Yi Yi was a famous prodigy in the grand heaven domains, even if she made a mistake, could she be punished like this? Their sect wasn't comparable at all. Ding Jie didn't get help but his status was fine.

He suddenly realised that the rumors of conflict between Yuan Yun immortal emperor and Luan Xiao immortal emperor was probably true. Otherwise, Yuan Yun immortal emperor wouldn't treat Yi Yi like this.

...

On the second day that Ye Mo left, the secret realm entrance should have shown and then completely open on the third day. However, on the second day, there was still no sign of the door. The immortal emperors including Wei Feng immortal emperor felt something wasn't right and all went to check.

Soon after, a few more dashing lights came.

"Luckily we came not too late, the secret realm isn't open yet." A sword browed handsome immortal king looked at everyone here and put away his flying magic artefact.

Nearly ten people came and they were all immortal kings.

"Martial brother Wen Cheng... the places here seem full. We promised Qi Lin merchant association to get a good position for them. It seems we're too late and my Nan Luo Emperor sect members don't seem to be here yet." A pretty female immortal scanned around and said in disappointment.

Martial brother Wen Cheng was clearly the head of this bunch. It was this person who wanted to kill Ye Mo. Ye Mo wanted to kill this Di Wencheng too. He was the number one master great immortal of Miao Cheng heaven number one emperor sect Jiu Qian Emperor sect. He was now immortal king but only he knew if he was still the number one master.

"Haha, there's a great place here. Lucky, we're so lucky..." One cocky looking immortal king laughed and pointed at the land Ye Mo circled.

Li He's words immediately made people come look at the land Ye Mo circled.

"Li He, what do you think of this place?" Di Wencheng wasn't as excited as Li He and just asked Li He calmly.

Li He said excitedly, “martial brother Di, this is definitely a good place. When the secret realm closes, buying immortal spirit herb from this place would be all too easy. Qi Lin merchant association would definitely be very happy. We’re too lucky...”

Di Wencheng said plainly, “Since it’s that good do you think it would be our turn to take it? Someone circled this place and there are so many emperor sects here, so many immortal emperors and immortal monarchs but no one dares to take it. Do you think it’s normal?”

Di Wencheng’s tone was getting serious and clearly he was disappointed at Li He’s brainless thoughts.

There were countless immortals here and when Di Wencheng and them came, other people saw them immediately. He was very famous, it was hard for him not to get noticed.

The people on the side heard what Li He said and shook their head speechlessly. Daring to rob sect leader Ye’s place, he didn’t want to live.

But no one wanted to say this. Clearly, they didn’t want trouble. The immortal emperors here went to check on the secret realm. Even if they were here, a few immortal kings weren’t worth their time.

Li he didn’t mind at all, “Martial brother Di, if it’s some other sign I don’t dare to say this but the thing is I know this Mo Yue Immortal Sect. This is just an immortal king sect. There’s a few immortal kings in the sect. The sect leader Luo is quite strong. I told you before. He abused me and took my Shu Wen blue flame. My sect members aren’t here yet, if they are here I’m going to make him beg to die.”

Li He’s face became cruel speaking of this.

Di Wencheng frowned and nodded, “That sect leader Luo is not bad, I heard he fought with Lu Zhengqun at the title status tower.”

“Martial brother Wencheng, Li He is right about this. We came from the low heaven domains and know the sect leader of Mo Yue Immortal Sect is Luo. It’s just a newly opened sect, it probably isn’t a branch of a grand heaven domain emperor sect.” The pretty looking female immortal king said.

“Let’s break this defense formation. Regardless if it’s the Luo guy, I’m going to make him realise this isn’t Gong Hua heaven, this is the grand heaven domain.” Li He cursed.

“Wait...” Di Wencheng stopped Li He.

Li He looked at Di Wencheng in confusion but Di Wencheng said, “Let’s ask about this first who set up this place before we attack.

“Wait...” just when Li He was about to explain, he heard this.

“It’s someone from my Star Fall Emperor Valley.” An immortal king with a fat face next to Di Wencheng explained.

“Yuan Qin greet martial brother Kai Qi. I didn’t expect martial brother was here already. I was delayed due to some things.” This fat faced immortal king greeted with a smile.

“Martial brother Yuan Qin, this circled land is sect leader Ye’s land we must not touch it.” This Kai Qi immortal king said desperately.

“Sect leader Ye? Which sect leader Ye?” Di Wencheng asked in confusion. If it was that simple, this land would’ve been taken long ago.

“It’s Mo Yue Immortal Sect sect leader Ye. He’s called Ye Mo, brother Di, you must not touch this place. He’s a mad man...” Kai Qi immortal king looked around carefully when he said mad man as though fearing Ye Mo would suddenly appear.

“It’s Ye Mo? Do you have his image?” Di Wencheng thought of that Ye Mo who killed Ya Ge with one punch on the immortal ship but then felt it was impossible. If it was that Ye Mo, he would at most be immortal king. Even if he was fast, he would reach immortal king middle stage but that still gives him no right to be cocky here.

“Yes.” Kai Qi quickly showed the image of Ye Mo in the air.
