

Strongest As 1911

Chapter 1911: Destroying Ye Mo's Circled Land

Di Wencheng immediately recognized that this was Ye Mo who was on the immortal ship. His eyes went sharp and slapped the image away before saying, "Brother Kai Qi, why does so many people not dare to rob his place?"

Kai Qi quickly said, "This person is very strong and has an even more powerful pet who can devour domain. Look at demon joy sect Lu Jue, he lost an arm due to that pet."

Di Wencheng sneered. If it was someone else he might not know but he knew this Ye Mo clearly. He was strong indeed and even he might not be a match for him but just as Li He said, this wasn't the low heaven domain. The secret realms would open and the immortal monarchs and immortal emperors of their sect would be coming, a mere Ye Mo wasn't something special.

Relying on an immortal pet? So what if the immortal pet was strong.

"Other than Ye Mo and his immortal pet, do they have anyone else? When the pet bit Lu Jue's arm, was the immortal emperor from the demon joy sect not here yet?" Di Wencheng asked.

Kai Qi immediately answered, "There's also an extremely pretty female immortal. Demon Joy sect didn't have immortal emperor coming over at the time but Zheng Ren immortal emperor came over later."

"A female immortal?" Di Wencheng dazed and subconsciously frowned, "What cultivation level?"

"Only hollow immortal power, I heard it's his little sister."

"How is Ye Mo's power level?" Kai Qi's answer gave Di Wencheng some confidence but he was very careful and still asked about Ye Mo's cultivation level.

"It looks to be immortal king middle stage but many people guessed he hid his power." Kai Qi answered quickly knowing Di Wencheng's status.

Di Wencheng sneered, "I think he's only such cultivation level. It's not too different from my guess. This guy likes to play it dark. He circles a land here but no one comes making people feel concerned instead. I suppose if he was here himself, his land would be long gone. Such good calculations."

"Li He, attack." Di Wencheng glanced at Li He and said. He might not be the number one in the grand heaven domain but he was an elite amongst his peers. Ye Mo gave him great threat, if he could ruin Ye Mo he would do it without hesitation.

Li He was long waiting for this word. As soon as Di Wencheng said this he released his magic artefact and smashed. A few people saw this and attacked too but three didn't attack. They felt this thing was a bit strange.

The defense formation Ye Mo set up was just symbolic. The immortal kings didn't need to smash a second time and Ye Mo's defense formation was all gone.

"Wait, stop." Di Wencheng immediately noticed something wrong.

Ye Mo's way could scare people for a while but not forever. Plus, wouldn't Ye Mo know that once he came he would be a paper tiger?

Lu Jue's arm was bitten off. Although Demon Joy sect's immortal emperor wasn't there but they had an immortal monarch here. Now that Ye Mo left, how could Lu Jue allow Ye Mo to keep his land. He would've ravaged Ye Mo's land and waited here to annihilate Ye Mo.

He had seen how cunning Ye Mo was, if he just used such simple idea he wouldn't be Ye Mo. There definitely was something he missed but even so Di Wencheng wasn't too worried.

His Jiu Qian Emperor sect had four immortal emperors and was the number one emperor sect of Miao Cheng heaven. Even if Ye Mo had an immortal emperor behind him he wouldn't be worried. Their sect's power wasn't something that Demon Joy sect could compare with but before he got things clear he felt he should ask again.

That martial brother of Star Fall Emperor Valley looked dazily at the formation that was ruined by Li He and them. He mumbled, "You actually broke the land he circled, this is over..."

Seeing Kai Qi being this timid, Di Wencheng said coldly with contempt, "Even if it's an immortal emperor's land so what if I break it? Your sect is an emperor sect, the immortal king of an emperor sect is this timid."

Then he shook his head in contempt.

Xin Yuanqin felt Kai Qi was losing face for the sect too.

"Yes, yes..." Kai Qi quickly saluted with his fists to Di Wencheng and then pulled Xin Yuanqin, "Martial brother Yuanqin, martial uncle is calling you over."

Xin Yuanqin saluted with his fists to Di Wencheng, "Martial brother Di, I'm going to greet my sect first and then come over."

Di Wencheng nodded, "Go, it's fine over here."

No one wanted to say a thing after Di Wencheng's group broke the formation. There was great competition between core disciples of emperor sects. They hoped that this bunch would greatly offend Ye Mo so Ye Mo could kill a few.

Di Wencheng wasn't scared of Ye Mo but after he broke the formation, no one came to say a thing. He felt even more that things weren't right. He had to get things clear regardless.

At this moment, a figure came over from this distant clearly heading towards the entrance of the secret realm.

Di Wencheng saw who it was and quickly bowed, "Jiu Qian Emperor sem Di Wencheng greet Nong Yan immortal emperor master."

Nong Yan immortal emperor had been to Jiu Qian emperor sect and Di Wencheng had seen him more than once.

Nong Yan immortal emperor glanced at Ye Mo's land and the broken formation before smiling, "So it's martial niece Wencheng. Great, great, the wan bei's are brave... I'm going to see why the secret realm gates hasn't shown yet..."

After saying some strange words, Nong Yan immortal emperor left.

Di Wencheng really frowned this time. He felt this entire thing was strange. After thinking about this, he asked that extremely handsome immortal king "Yuankui, go ask some other sect. I feel this thing isn't that simple."

Yuankui nodded and went over to ask. Even Li He felt something wasn't right.

Another five colored rainbow flying magic artefact flew over. Chan Yi quickly said, "Martial brother Wencheng, my sect is here. I'm going over there."

As soon as Chan Yi left, Yuankui came back. Di Wencheng saw Yuankui's face was very bad so he immediately asked, "What is going on. Did that Ye Mo find an extremely powerful Emperor sect for back up?"

Although he asked this, Di Wencheng's killing intent towards Ye Mo didn't recede at all. So what if Ye Mo found support. He didn't believe there would be a sect stronger than his to support Ye Mo. Plus, he wasn't the only emperor sect here. There was Nan Luo Emperor Sect, Cang Yu emperor sect, Moon City emperor sect and Qi Lin merchant association.

Yuankui said heavily, "Brother Di, things don't seem to be that easy. A few days ago, he and his pet started a huge trouble at the Xian Lan Merchant Tower auction. He killed Sha Yu immortal emperor and Wu Ming immortal emperor. Not long ago, he fought with Wei Feng immortal emperor. Although he was at the lower hand, Wei Feng immortal emperor didn't keep attacking..."

“What...” Di Wencheng was shocked on the spot. Even if Ye Mo was the number one at cultivation speed in the immortal realm he can’t possibly fight a grand emperor in a hundred or so years. This was too insane.

Was he possessed? That wasn’t plausible too, what possessed person could take on Wei Feng grand emperor.

Di Wencheng’s face was serious. No wonder Chan Yi and Xin Yuanqin didn’t come back after going to their sects. It seems their sect realised they messed with someone they shouldn’t mess with.

...

Ye Mo didn’t know his formation was broken, he was taking shadowless and Beiwei with Yuan Yun immortal emperor towards the earth abyss fire pond.

Chapter 1912: Yi Yi Leaving

The Earth Abyss Flame Pond was underground at the sect. Ye Mo and them walked for 15 minutes but were still not there. The temperature was getting higher and higher. Tang Beiwei had to be protected by Ye Mo to keep walking.

Another five minutes later, Yuan Yun immortal emperor stopped. They appeared on an eight trigram. There was a fire door ahead, it was formed by waves of fire and there were the words Jiu Fan Earth Abyss Fire.

Below the words was a rink of a jade card. Yuan Yun immortal emperor took out a faint red card and slotted it in. The card fit tightly in the rink.

After doing so, the fire on the door swept away. When the last flame left, a three meter wide 6 meter tall door appeared before them.

Ye Mo scanned his spirit sense in and could only see fiery red. Even his sea of consciousness ached a little. Tang Beiwei listened Ye Mo and didn't dare to scan her spirit sense out.

"Sect leader Ye, this is the earth abyss fire pond, please come in with me. although Yi Yi is locked up in here she has a jade void god flame lid. She should be fine." Yuan Yun immortal emperor opened the doors and said politely to Ye Mo.

Ye Mo nodded and went in first. Jin Hui immortal emperor was a guest and was also invited here. Xiang Ji immortal monarch was here too.

They walked in the pond and the scorching heat swept over. Weaker people would be turned to dust immediately.

But Ye Mo frowned. He felt the temperature here was too low. It was completely different to what he imagined.

After coming in, Ye Mo saw that there really was a pond here. The pond had a circumference of 30 meters. Inside the pond was all flame marrows. The flame marrows were still glistening with fire. There was a red altar that was one meter long in the center of the pond.

But there was no signs of Yi Yi here.

Ye Mo looked at Yuan Yun immortal emperor in confusion but saw her staring at the altar in shock for a while before murmuring, "Where's Zhan Taiyi?"

Ye Mo raised a brow and said coldly, "Yuan Yun immortal emperor, what do you mean?"

Yuan Yun immortal emperor was annoyed at Ye Mo's attitude but could only explain, "Yi Yi was on the altar, but now she's gone."

The atmosphere became strange. Yuan Yun immortal emperor said that the pond was unable to be opened before the right time but now Yi Yi disappeared from the pond. This was too strange. No one

would believe that Yi Yi suddenly teleported away with transmission rune. If one could escape here with a transmission rune it wouldn't become one of Jiu Fan immortal pond's nine ponds.

Seeing Ye Mo's bleak face, Yuan Yun immortal emperor said calmly, "Yi Yi is the saint of our sect, even if I kill her I don't need to lie to you. In fact, I did lock her up here and didn't even take her jade void god flame lid. There's no other way out other than from the entrance. I really don't know how she suddenly disappeared. Regardless of whether you believe me or not I really don't know."

After pausing, Yuan Yun immortal emperor said again, "I came this time and felt the temperature lower greatly."

Ye Mo didn't feel Yuan Yun was lying and was more confused.

Xiang Ji immortal monarch saw Ye Mo didn't show a kind face and quickly added, "Martial uncle Yuan Yun is right. I've been to the pond a few times, the temperature was much higher than this.

Ye Mo thought for a moment and asked, "Do you have someone come in every month when it's opened?"

Yuan Yun immortal emperor shook her head, "No, one must use my jade card to enter the pond. The last time I came here was 12 years ago..."

Ye Mo sneered and interrupted her, "So you're saying that if you haven't been here for 12 years then even if Yi Yi disappeared 11 years ago you wouldn't know?"

Yuan Yun was annoyed with Ye Mo's attitude but could only say, "Yes, I did come in 12 years ago."

Suppressing his anger, Ye Mo looked at her and said, "Release the restriction I'm going to see that altar."

Ye Mo was furious but Yuan Yun immortal emperor was more furious. This was her sect not Ye Mo's backyard but she had long heard of Ye Mo's arrogance. He killed two immortal emperors in a row and didn't even give face to Wei Feng immortal emperor.

She could only forebear and threw the jade card out.

Immediately people felt the restriction above the pond disappear.

“Shadowless, take care of Beiwei. I’ll go have a look.” Ye Mo gave Tang Beiwei to shadowless and then flew over and landed on the altar.

No one spoke. They all hoped Ye Mo would find something and solve this misunderstanding.

As soon as Ye Mo landed here he sensed a familiar dao rune. They were very subtle. Ye Mo even had the feeling that only he was able to sense them.

The next moment, Ye Mo closed his eyes. He felt his senses fuse with the sliver of dao rune and a stairway slowly appeared before Ye Mo.

Ye Mo was shocked. Void stairways, wasn’t this the world laws he derived using the title status tower? The stairways to another world. Yi Yi could learn the void laws to another realm and then she used this to disappear?

How could Yi Yi do this? Even though he had the help of the Three Birth Chant, he might not be able to find the stairs here.

Such talent and intelligence was too shocking. In his impression, Yi Yi was very talented and smart, but she wasn’t this good.

Ye Mo gave up thinking about this and focused on deriving the stairs. The next moment, he grabbed a jade slip from the void.

When Ye Mo grabbed this, the void stairs disappeared too. Ye Mo frowned, he wanted to go along this void stairs and see but it disappeared.

Ye Mo scanned his spirit sense into the jade slip.

“To be able to find my jade slip, you’re either brother Ye or martial brother Ding Jie. But I believe martial brother Ding Jie wouldn’t be able to learn brother Ye’s stairway to the void realm, so you’re probably brother Ye.

Brother Ye don’t worry, I’m fine. Thanks for coming to save me. I was locked up here for more than a decade before realizing that the Earth Abyss Fire pond isn’t a prison but one of our sacred cultivation grounds that’s ranked number one. However, this place will no longer be a sacred ground. I feel guilty towards Jiu Fan Immortal Pond.

I got the Jiu Fan Flame Lotus in here and got the number one lost cultivation method of the sect, Jiu Fan Jiu Lotus Sutra. It completely refine the impurities in my body as well as my immortal spirit root and intelligence allowing me to sense the utmost high state of heaven dao.

I clearly felt how brother Ye used world laws to derive the void stairs and even felt the marks left behind by brother Ye’s thought and spirit sense. Using what I learnt from brother Ye and the Jiu Fan Jiu Lotus sutra, I derived new void stairs in a hundred years.

I know these stairs might not be leading towards the immortal realm but I have this impulse to go and see it.

Brother Ye, I’m going. No matter what the future is like, brother Ye will always be unique in Yi Yi’s heart. If you’re martial brother Ding Jie then please tell brother Ye that Yi Yi has gone. You and brother Ye take care. Perhaps we will meet in a new place in the future. Yi Yi.”

Ye Mo put away the jade slip and felt speechless for a long time. There was a faint sense of loss in his heart. He had the feeling that once he saw Yi Yi again she won’t be the same Yi Yi but he will always be the Ye Mo from before. Madman Ding will probably still be that madman Ding.

Chapter 1913: Secret Realm Locked

Ye Mo took Beiwei and shadowless to leave. He didn't say any reason. Even Yuan Yun immortal emperor didn't get why Ye Mo didn't look for trouble with her.

As for Jin Hui immortal emperor's invitation, Ye Mo rejected. He could get along well with Ding Jie but he didn't want to connect with the other people in his sect.

...

Zha Kui secret realm was in the immortal city and in order for people to not be able to go to the secret realm entrance anytime they please, the city set up a top stealth and defense formation around this place.

The secret realm opening doesn't mean the entrance was opened, it meant that the defense formation was opened. Only when the defense formation was opened could one take places at the entrance of the secret realm. Otherwise, people would go in a few months early to take an advantageous position.

"Boss, I thought you were going to kill that Yuan Yun immortal emperor and then destroy the earth abyss fire pond." Shadowless licked his lips on the space time boat.

How could Ye Mo not know what this guy thought and slapped over. "Idiot, you're not allow to eat people from now on."

Shadowless quickly shut his mouth fearing that his boss would say he wasn't allowed to eat immortal beasts.

"Brother, did that sister Yi Yi leave?" Tang Beiwei guessed something and asked.

Ye Mo nodded, "She has her own fortune, her future would be huge."

"Brother, do you like her? Is she prettier than sister Susu?" Tang Beiwei asked seeing Ye Mo was a little dejected.

Ye Mo shook his head, "I only thought of her as a friend. I'm worried that one day we might become enemies. My premonitions are very strong. After seeing the jade slip left behind by her, I have this strong feeling. And..."

Ye Mo didn't finish his sentence and Beiwei didn't ask. Ye Mo disliked the Jiu Fan Jiu Lotus sutra.

"It's just a small girl, if she dares to rebel, I'll crack..." shadowless didn't finish yet and subconsciously looked at Ye Mo. As though remembering what Ye Mo said before, he quickly shut up but this time Ye Mo didn't reproach him and abruptly got up.

Shadowless also noticed it and called out, "Which idiot broke our land, I'm going to eat him."

Even Tang Beiwei looked at shadowless speechlessly. This guy didn't know how to say anything else other than this.

Ye Mo's space time boat stopped in the middle of his land. Everyone heard shadowless' words and immediately people became excited. They knew there was probably going to be a good show to watch.

Di Wencheng and them destroyed Ye Mo's land. Now that Ye Mo was back, how could he let Di Wencheng go. Ye Mo didn't even care about Wei Feng immortal emperor much less Jiu Qian emperor sect? Wei Feng immortal emperor has more than three or four immortal emperors under him.

Ye Mo put away the space time boat and looked at the cultivation home immortal artefact. The defense formation was broken and so was the sign but no one took the place.

"Brother..." Tang Beiwei looked worriedly at Ye Mo. Her power was too low and couldn't really help.

"It's fine." Ye Mo waved his hand. He realised what happened. It was probably someone who broke his defense formation and then heard about his things and became scared and left.

Ye Mo didn't organize this place nor lift up the sign. He just said to shadowless, "guard outside. If someone comes, notify me. Beiwei, let's go in first."

Realizing what happened, Ye Mo didn't worry. If someone was really challenging him, they wouldn't leave this place and his cultivation home magic artefact should've been taken away.

He was wondering why the Zha Kui secret realm still isn't open. It should long be open but why were there people still staying here. Did something happen? But even if something did happen, the first thing for him to deal with was his formation being ruined.

Inside the cultivation home, Tang Beiwei sat by Ye Mo and didn't understand what Ye Mo meant. But soon, she heard shadowless call from outside, "Nan Duo Emperor Sect Shen Kun immortal emperor, Mi Kuan immortal emperor come to visit and brought a sign."

Ye Mo saw three people come from outside. He knew two of them, Mi Kuan immortal emperor and Chan Yi. To be honest, Mi Kuan immortal emperor helped him before. If it wasn't Mi Kuan immortal emperor on the immortal ship, the demon joy sect immortal king would've got him for sure. It was due to Mi Kuan immortal emperor that he killed Uncle Ji but Ye Mo knew he wasn't from Nan Luo Emperor sect. What was he doing here?

The two immortal emperors had come in, when Mi Kuan immortal emperor saw Ye Mo, he immediately saluted with his fists and smiled, "Haha sect leader Ye is indeed amazing. When I first saw sect leader Ye, sect leader Ye hasn't gotten immortal status yet but now, you're a status immortal now."

He didn't know Ye Mo's exact power so he spoke obscurely.

Ye Mo didn't show any impoliteness to Mi Kuan immortal emperor. He quickly got up and said, "Mi Kuan qian bei please have a seat."

"I don't dare. If Sect leader Ye approves of Mi Kuan just call me brother Mi Kuan. I don't dare to be qian bei." Mi Kuan immortal emperor quickly waved his hand. He had long heard of Ye Mo's story and saw the recording of Ye Mo fighting the immortal emperors. Ye Mo was stronger than him, how could he allow Ye Mo to call him qian bei?

Ye Mo nodded and saluted with his fists in a smile, "Then I won't be too polite brother Mi Kuan."

“Of course this is so, sect leader Ye, allow me to introduce. This is Nan Luo emperor sect Shen Kun immortal emperor. He’s my extremely good friend...” Mi Kuan immortal emperor pointed at an immortal emperor next to Ye Mo and said.

Hearing this, Ye Mo knew that Mi Kuan immortal emperor was called over to help mediate the problem.

Shen Kun immortal emperor quickly saluted with his fists to Ye Mo, “Nan Luo emperor sect Shen Kun greet sect leader Ye. It should be a happy discussion with sect leader Ye this time but my sect members are ignorant and broke sect leader Ye’s defense formation. I’m really embarrassed and came here to apologise.”

Seeing Shen Kun immortal emperor apologise, he quickly saluted with his fists and said, “Haha, brother Shen Kun please take a seat.”

Then, he took out immortal spirit tea and poured a cup for everyone.

Shen Kun immortal emperor breathed easy. Ye Mo’s attitude to Mi Kuan immortal emperor set his heart. Ye Mo didn’t seem like the rumored unreasonable mad man. Although Ye Mo was polite, he didn’t say this was over. Clearly he wanted compensation.

In that case it was easy.

Chan Yi didn’t need Shen Kun immortal emperor to remind her and she quickly bowed, “Chan Yi greet sect leader Ye.”

“Tell me the process.” Ye Mo nodded and said but didn’t let her sit down.

Too many people saw this even if Chan Yi didn’t say it, Ye Mo would find out. Chan Yi was very honest and said the five people who attacked the defense formation. Other than her, there was Moon City emperor sect Li He and Tong Li. Cang Yu emperor sect Yuankui and Jiu Qian emperor sect Ling Xia.

Shen Kun immortal emperor saw Ye Mo was very calm and didn't seem to intend to act out so he saluted with his fists again, "Sect leader Ye, this is my sect members doing injustice. CHan Yi is our core disciple, if sect leader Ye wants to punish her, I have nothing to say."

Ye Mo waved his hand.

Seeing this, Shen Kun immortal emperor was more assured, "In order to show my apology, after secret realm closes, we will send some of our level nine immortal spirit herb to sect leader Ye."

Clearly he knew that Ye Mo was collecting level nine immortal spirit herb.

Ye Mo smiled, "No need to give me for free, I will pay immortal crystals for them. I will take them no matter how much you have."

This was quite some big words but Shen Kun immortal emperor didn't doubt it at all. Ye Mo got 10 billion crystals from Xian Lan merchant association. Plus, he heard from other immortal emperors that Ye Mo got a few hundred extreme grade immortal ranges. No one in the immortal realm would be more wealthy than Ye Mo.

Ye Mo's magnanimity gained the good impression of Shen Kun immortal emperor and the conversation became great.

"Brother Shen Kun, theoretically, the secret realm should be opened. How come it's still closed now?" Ye Mo asked.

Mi Kuan immortal emperor said, "Wei Feng immortal emperor went to check. It's said that the secret realm is open but was locked up from the inside by someone."

"The secret realm is locked from the inside?" Ye Mo asked in shock.

Shen Kun immediately answered, "That's right, a level nine immortal formation grand master also believes the secret realm is locked up from the inside. It's probably someone who didn't come out from last time."

Someone stayed in the secret realm for more than 10,000 years? Before Ye Mo could ask, shadowless called again, "Moon City emperor sect Tong Zhen immortal emperor is here to visit."

Chapter 1914: More Show To Watch

Tong Zhen immortal emperor was very skinny but he looked amicable. There were two immortal kings behind him. Ye Mo knew one of them and that was Li He, the other one was probably Tong Li.

"Sect leader Ye, I'm Moon City Emperor sect Tong Zhen immortal emperor. I'm extremely embarrassed here today that I'm slow. My sect members are ignorant and arrogant. They dare to destroy sect leader Ye's formation..." Tong Zhen immortal emperor immediately saluted with his fists.

Ye Mo smiled, "Tong Zhen immortal emperor please have a seat."

"What does sect leader Ye mean?" Tong Zhen immortal emperor sat down and asked. Li He and Tong Li were the elite members of his sect, of course he didn't want them to be beaten by Ye Mo.

Ye Mo waved his hand, "Small matters, even if brother Tong Zhen didn't come, I wouldn't keep it in mind."

Tong Zhen immortal emperor wasn't going to believe this. He was certain if he didn't come, things wouldn't be so simple but he still saluted with his fists "My sect member Li He is unmannered and offended your sect members at the title status square..."

"That's in the past, plus, Li He compensated a flame. So I didn't take it to heart."

Ye Mo's words made Tong Zhen immortal emperor more anxious. If it wasn't that Gong Hua heaven was too far, Moon City emperor sect might even go up looking for trouble. Of course, they wouldn't go now. he didn't dare to keep wasting him and quickly sound transmissioned Shen Kun immortal emperor. When he knew that Ye Mo wanted level nine immortal spirit herb, he breathed easy.

Indeed, when Tong Zhen immortal emperor said he would give some level nine immortal spirit herb to Ye Mo for free, she showed his magnanimity and said he would buy them.

Ye Mo knew that Li He destroying his formation was because he hated Mo Yue Immortal Sect but his level was completely different to him now. But of course, if Tong Zhen immortal emperor didn't come for compensation then don't blame him.

After the problem was resolved, their discussion became quite happy. After a while, Cang Yu emperor sect sent someone over.

Four of the five who attacked Ye Mo's formation came. They were all immortal emperors from the sect. The only one who didn't come with Jiu Qian emperor sect. Di Wencheng didn't attack but he ordered it. They also have a sect member called Ling Xia who attacked. Even when Ye Mo sent the guests off, the Jiu Qian emperor sect didn't send someone over.

...

Outside the Zha Kui secret realm, the Jiu Qian Emperor sect came late but their staying grounds was a rather good place. In the temporary cultivation home, a long bearded old man sat at the top.

"Martial ancestor, Nan Luo Emperor sect, Cang Yu Emperor Sect, Moon City Emperor sect has all been to Ye Mo. Out of the five immortal kings who attacked Ye Mo's formation, only the one from our sect hasn't gone." A white skinned immortal monarch middle stage bowed and reported.

I've seen the battle between Ye Mo and Wei Feng immortal emperor. I'm not scared of that Ye Mo. Of course we're not scared of that Mo Yue Immortal Sect. I'm already showing him face by not taking his land. As for apologizing to a low heaven domain sect, we can't afford to lose that face." The long bearded old man signaled the immortal monarch to step back.

After the immortal monarch stepped back, the long bearded immortal emperor said to Di Wencheng, "Wencheng, we're not scared of the small Mo Yue Immortal Sect but as the number one disciple of our sect, an immortal king with boundless future, what you did wasn't appropriate."

“Yes, martial ancestor, I understand.” Di Wencheng quickly bowed.

“You understand so tell me what part you did wrong?” The long bearded immortal emperor stared at Di Wencheng and asked heavily.

Di Wencheng answered, “I shouldn’t have destroyed Ye Mo’s formation.”

The long bearded immortal emperor sneered, “Wrong, there’s no problem with you destroying it but the problem is you not finding an excuse to destroy it. At least find an excuse that others can see and then destroy it. The second mistake you made is why keep around you those who won’t support you whole heartedly?”

Di Wencheng immediately understood his martial ancestor. If he found a reason to destroy Ye Mo’s land and Ye Mo came back to rage then they could join up with other immortal emperors to attack Ye Mo. The latter part meant that he should keep people who would support him no matter what. Not people who went to apologise to Ye Mo after the incident occurred.

But no one was stupid. They knew that if Ye Mo came looking for trouble then as long as they didn’t go to Jiu Qian Emperor sect, then the immortal emperors from there wouldn’t help.

...

Seeing Ye Mo send out a few immortal emperors and the sect members they brought in weren’t missing, the people watching knew there was no show to watch.

But no one here was dumb, they could see that Jiu Qian Emperor sect didn’t come. This meant that there was still something to watch.

Ye Mo didn’t even show face to Wei Feng grand emperor. If he would give Jiu Qian emperor sect face, no one would believe it. People were just wondering if Ye Mo would go up to Jiu Qian Emperor sect or if they would go to Ye Mo.

When they saw Ye Mo starting to organise his cultivation home and put up the sign that other people sent over, they knew Ye Mo was probably not going to attack Jiu Qian Emperor sect.

Just when Ye Mo organized his cultivation home, Zheng Ren immortal emperor came over. There was a purple robed woman behind him, it was Ethereal Immortal Pond Mi Yun.

“Sect leader Ye, you’re back quick.” Zheng Ren immortal emperor saw Ye Mo and smiled while saluting with his fists.

“Please come in.” Ye Mo didn’t know why Mi Yun was with Zheng Ren but he invited the two in.

“Sorry sect leader Ye, I went to check the secret realm entrance and when I came back I heard you land was broken. I wasn’t able to help.” Zheng Ren immortal emperor said.

Ye Mo waved his hand, he didn’t care that much at all. He then turned to Mi Yun, “Saint Mi Yun, you have business with me?”

Mi Yun quickly took out an invitation letter with flower aromas, “Sect leader Ye, half a year later, there will be an immortal fruit festival at our Ethereal Immortal Pond. Please come attend sect leader Ye.”

Mi Yun was anxious. She knew that if Ye Mo didn’t want to go, then he wouldn’t go no matter what she said.

What she didn’t expect was that Ye Mo took it without hesitation and laughed, “thank you for your invitation, Ye Mo will come on time.”

Seeing this, Mi Yun rejoiced and quickly saluted with her fists “thank you sect leader Ye. Mi Yun won’t disturb your conversation with Zheng Ren immortal emperor. I’ll be leaving first.”

“Haha, congratulations on getting another beautiful woman sect leader Ye.” Zheng Ren immortal emperor laughed making Mi Yun leave with a blushed face.

She really wanted to listen to what Ye Mo thought but she knew she couldn't keep staying here.

Ye Mo smiled and didn't explain. He had a purpose going to Ethereal Immortal Pond of course. There was a Ethereal Immortal well there and he saw a middle aged man locked up in spirit sense net. That guy was very powerful and tried to ambush him.

Ye Mo believed his power now was enough to take him on so he wanted to go ask that guy about yellow middle plum.

He got a yellow middle plum branch but it grew very slowly. Even with small ginseng taking care of it, it was just kept alive. That guy probably knew where the real yellow middle plum was. He also wanted to ask that guy about the divine emperor battle.

"Haha, what business does brother Zheng Ren have with me?" Ye Mo asked.

"Sect leader Ye, since you could break free from that palace, you're probably a top grade immortal formation master right? The secret realm is locked from the inside and all immortal formation masters who could go went but no one is able to open it."

Ye Mo understood what he meant and got up, "I wanted to go see, let's go together."

Chapter 1915: Full of Righteousness

When Ye Mo and Zheng Ren immortal emperor came over, there were already more than ten immortal emperors. Most of them were emperor sect elders. Some immortal emperors who knew Ye Mo came to greet him but a few immortal emperors who stood next to Wei Feng immortal emperor acted as though they didn't see him.

The entrance to the secret realm was revealed but Ye Mo could tell people couldn't go in because it was indeed locked from the inside.

“If we can’t break the formation in a few days, we’re planning to force our way in. However, if we do that we might do damage to the entrance and cause it to disappear forever. One might never be able to come in again. That way, it would be a loss for the entire grand heaven domain.”

Zheng Ren immortal emperor saw Ye Mo was checking the entrance carefully and come over to say.

Ye Mo nodded before saying loudly, “Immortal emperors, I might be able to break this formation...”

“You can break this counter locking formation by not forcing it open?” Wei Feng immortal emperor asked in shock.

“You don’t have to believe me but if it wasn’t for everyone I really wouldn’t do this. If I don’t have some capabilities, would I be able to leave that palace alone?” Ye Mo said plainly.

“I believe you, how are you going to break it?” Wei Feng immortal emperor reacted and said. Ye Mo had too many secrets, if it wasn’t that he couldn’t catch Ye Mo, he would’ve taken Ye Mo away for dissection.

Not just Wei Feng immortal emperor but the other immortal emperors surrounded over quickly. Zha Kui secret realm’s immortal spirit herb concerned the development of most sects in the nearby period.

“Breaking this formation would be very exhausting on me and I need two to three days. Since I’m buying immortal spirit herb here, it’s right for me to use some effort and top grade materials. But I want to buy better immortal spirit herbs. My request isn’t high. If any sect has any immortal spirit herb I want, I must have priority rights in buying. Of course, if someone pays a higher price than me then never mind.”

Ye Mo saw this formation and although he wouldn’t be able to solve it immediately he had some confidence. He learned from Yi Yi’s void stairs some things he didn’t know before. He believed that with just two or three days, he would be able to break this formation.

“I can agree to your request but you need to give a number. If you want to buy all the immortal spirit herbs...”

Ye Mo interrupted Wei Feng immortal emperor before he finished, "You're wrong, I just want one."

"One?" Ye Mo's words surprised all immortal emperors. Even Wei Feng immortal emperor didn't understand what Ye Mo meant. Ye Mo was here completely for buying top level immortal spirit herbs. Just getting priority for one was too strange.

"That's right, I just want priority buying one. As for the rest, there would be people sending to my stall to sell to me." Ye Mo said definitely.

The Zha Kui secret realm opened once every ten thousand years and the opening time was very short, just two months. The secret realm was huge and there were top level immortal materials coming out every time. Ye Mo wanted buying priority in case something like small ginseng came out.

If such thing really came out he would buy it without hesitation. This was for small ginseng as he was still missing an arm.

...

Ye Mo set up a barrier formation to study the formation. Other immortal emperors could only retreat. He wasn't going to let others see him using Three Birth Chant to derive things. He indeed learned something from Yi Yi's void stairs and he could use these things to derive things from another angle.

Ye Mo thought he would need two or three days but after just one day, he completely understood this counter locking formation. At the same time, he knew his formation skills broke through to level eight. Ye Mo knew his level eight immortal formation skills were probably better than some level nine immortal formation grand masters.

His formation heritage was completely based on him deriving other formations. In that void palace, his formation skills went through a qualitative change forming a complete system.

Ye Mo scanned his spirit sense in and found that there was indeed restriction for this secret realm. Those above immortal king couldn't go in at all.

Ye Mo didn't leave after deriving this formation. He kept making formation flags and set them up before making tens of thousands of jade cards.

After all these were done, three days happened to pass.

"How is it?" As soon as Ye Mo opened up his barrier formation, a few immortal emperors asked desperately.

Ye Mo pointed at the open door and said, "Look."

"You really broke the counter locking formation?" Those immortal emperors saw the open secret realm entrance.

The extremely dense immortal spirit chi from inside were seeping out. This clearly meant that the formation was broken.

Ye Mo said with a pity, "I broke the formation indeed but people may need to wait two months till they can go in."

"What?" Nong Yan immortal emperor asked in shock. "Wouldn't the secret realm close after two months?"

Ye Mo nodded, "Yes, I thought that after two months, the secret realm would be closed, what's the point of going in? So I thought of a temporary method. I made a formation breaking jade card. Those with this jade card can go in."

After Ye Mo finished, all the immortal emperors looked at Ye Mo. No one was stupid here. The formation was broken, why would one need jade cards to go in?

Wei Feng immortal emperor suppressed his fury and said coldly, "Ye Mo we already agreed to a condition. What are you trying to do by scamming us with jade cards. Do you think you're the only smart one out of all these immortal emperors here?"

Ye Mo frowned and said unhappily, "Wei Feng immortal emperor, what do you mean? Since when was I scamming? I tried so hard to break the formation for everyone and this is how you thank me?"

"Sect leader Ye, Wei Feng grand emperor means that you shouldn't use jade cards to ask for more benefits." One immortal emperor primary stage helped Wei Feng immortal emperor.

Ye Mo sneered, "You're really thinking narrow minded. I said I made jade cards for ever, since when did I saw I was collecting payment for them? I meant to give these jade cards to everyone for free. Wei Feng immortal emperor how are you so narrow minded. How did you become the Qing Wei heaven lord? I really don't understand."

"You..." Wei Feng immortal emperor was lost for words. He was extremely annoyed but he couldn't argue at all.

However, he would never believe Ye Mo was so generous but he still couldn't think of why Ye Mo would do this.

"Sect leader Ye, you're really giving out jade cards for free?" That immortal emperor who helped Wei Feng asked again.

Ye Mo said furiously: "The secret realm opens only once every ten thousand years. Many sects rest their hopes on this. I've only down something insignificant. What's the point of you asking me this again and again? Do you want to use it to reap benefits? I'm telling you I will definitely not allow this. I will give out the jade cards for free. No one can harvest profits from this."

Ye Mo said righteously. Those immortal emperors who didn't know Ye Mo thought he was really righteous or Ye Mo felt he offended too many people and were using this to ease up tension. But those who truly knew Ye Mo's character felt there was definitely some problem here.

Chapter 1916: Owe Favor Too

“Everyone, the Zha Kui secret realm entrance is now open. Those who want to go in please go in in an orderly fashion.” Wei Feng immortal emperor’s words made those desperate immortals excited. The scene was on fire and immortals all rushed towards the entrance of the secret realm. Quite some of them thanked the immortal emperors who opened the secret realm.

“Why isn’t my brother back?” Tang Beiwei asked in confusion.

Shadowless stretched his wings and said, “Don’t worry, boss must be at the entrance there because there’s benefits to reap. Otherwise, he would be back already. I’ll take you to see.”

When Tang Beiwei and shadowless came to the entrance it was filled with people.

“Move aside, the entrance is definitely opened by my boss. Hurry up and let us in.” shadowless saw that he couldn’t squeeze in and yelled. He would’ve flown over if there wasn’t sky restrictions.

“A mere animal dares to be so cocky. The formation is clearly opened by master Wei Feng and more than ten immortal emperors together.” A contemptuous voice said.

“Who are you, how do you know I’m bluffing?” Shadowless rebuked.

He loved it when people argued back.

“Listen up, the king is Jiu Qian Emperor sect Ling Xia immortal king. There are so many immortal emperor masters here yet you’re saying a mere immortal king can break the formation. How is that not bluffing?” This voice said with even more dominance. Her martial ancestor gave her the confidence to not fear Mo Yue Immortal Sect.

Shadowless didn’t know if this secret realm was opened by Ye Mo or not and now that Ling Xia said this he really didn’t have any confidence. But she knew from Ling Xia’s name that she was one of the people who attacked Ye Mo’s formation and didn’t go apologise.

No wonder she was this cocky. Jiu Qian emperor sect didn’t fear Ye Mo at all and thus didn’t go apologise. Seeing this person to be a man but had the face of a woman, shadowless showed a sly smile.

“Seeing that you’re dressed up as a woman, I won’t take things seriously with you. I can be tolerating with women.” Shadowless laughed.

Ling Xia immortal king’s face went back. He hated when people said he looked like a woman. If he knew that the immortal king title the tablet would give him was Ling Xia immortal king, he would rather not get it.

“Bullshit, the king is a man, how can I allow an animal to insult me.”” Ling Xia was furious. If it wasn’t that his martial ancestor said to let Ye Mo act cocky for a few days, he would’ve started fighting now.

Shadowless yawned and ignored Ling Xia immortal king. Then he turned to the people around him and said, “Everyone do you think I’m cute. Do you think I look like a female. I’m going to change my name to little flower immortal king wait little flower immortal king beast. I’m an animal anyways, a male animal using a female woman’s king title is fine.”

“Are you asking to die?” Ling Xia immortal king couldn’t hold in his fury anymore and released his magic artefact.

But before his magic artefact attacked, Di Wencheng yelled from behind, “Stop.”

Ling Xia immortal king immediately calmed down. He was shocked that he was worse than an animal. The martial ancestor clearly said that Di Wencheng’s mistake wasn’t the action of breaking Ye Mo’s formation but not finding a reason for it.

Now, he made the same mistake. Instead, he fell into shadowless trap and almost attacked. The next moment, he felt his martial ancestor’s serious warning spirit sense scan over and immediately shivered.

Shadowless was very disappointed seeing that Ling Xia immortal king was stopped. His plan almost succeeded.

If he succeeded then even if he was going against the rules his boss set he would take out Ling Xia immortal king.

The ruckus here was so huge. Many immortal emperors saw this and so did Ye Mo. Seeing Ling Xia immortal king retreat, Ye Mo felt it was a pity. He was prepared to fight with the immortal emperor from Jiu He emperor sect as soon as shadowless ate Ling Xia immortal king. He quite approved of shadowless tricking Ling Xia to attack.

The entrance cards to the secret realm were all in his hands, he wasn't afraid of people not supporting him.

"Sect leader Ye, open the secret realm and let people in." Wei Feng immortal emperor also felt pity that shadowless didn't eat Ling Xia immortal king. If shadowless did that then Zhi Zong immortal emperor would probably fight Ye Mo. That way, he could say that Ye Mo was too cocky and then attack in fury. With two immortal emperor peak stages, even if he can't kill Ye Mo he would make Ye Mo heavily injured.

Since there was no battle, he couldn't bring down his face to ask to join up with Zhi Zong immortal emperor. If that happened, news would spread. Wei Feng cared about his reputation. Even though the gain up on Wushuang immortal emperor was all planned by him, he never mentioned to attack Wushuang immortal emperor from the beginning to the end.

"Of course." Ye Mo smiled. How could he give all the glory to Wei Feng immortal emperor.

Seeing everyone come up here, Ye Mo flew to the air and saluted with his fists, "Everyone please calm down. Everyone here are the elites of the immortal realm, so I'll say a few simple words."

Seeing Ye Mo come out to talk, Wei Feng immortal emperor sighed. He knew it was impossible to deny Ye Mo's work now.

Many people looked at Ye Mo in confusion not knowing why a mere low heaven domain sect leader could speak when Wei Feng immortal emperor was here.

"This secret realm entrance was locked from the inside and it was very hard to open. If I didn't see a similar formation in an ancient text, I wouldn't be able to open it too..."

Ye Mo's words immediately caused some ruckus. People didn't expect that this formation was really opened up by Ye Mo.

Shadowless laughed, "I said boss opened his formation before but some insolent fools didn't believe me and called me arrogant. Pfft. By the way what was the saying you taught me before Beiwei? Something long something short? I forgot about it."

"Long hair short insights." Tang Beiwei said in a speechless tone. Such saying didn't work in the immortal realm. She didn't believe shadowless forgot it.

Shadowless said in realization "Oh that's right, long hair short insights."

Ling Xia immortal king's face was very bad. He had very long hair. He didn't expect this formation was really opened by Ye Mo.

Ye Mo pressed with this hand, "Of course, opening this formation is inseparable with all the immortal emperors here. Without all the immortal emperor powerful beings here finding the door and removing the outside barrier, I wouldn't be able to open it so quickly.

As soon as Ye Mo said this, the nearby immortal emperor's faces looked much better. After all, they did help.

Seeing everyone knew that he helped, Ye Mo took out a jade card and said, "Because this formation is removed but it needs to wait for two months. However, by then the secret realm would've closed, there's no point anymore. So I thought of a way. I made tens of thousands of formation breaking jade cards. One only needs this jade card to go in. After going in, the jade card would crack."

"Thank you sect leader Ye." The crowd replied in unison.

"Okay, I'm standing at the entrance now. Each time, a hundred people will go in. I will send the jade card to your hands."

Ye Mo said and then grabbed a bunch of cards and added, "By the way, I forgot to tell everyone I'm a level eight immortal pill grand master. After two months, I will be using immortal pills and immortal crystals to exchange for immortal spirit herbs. If you have immortal spirit herbs, you can exchange for any pill below level nine from me."

Chapter 1917: Immortal Extermination Bow and Arrow

If the words Ye Mo said before just made people grateful and want to go in quicker than what Ye Mo said after dropped a bombshell amongst the crowd. Although Ye Mo put up a sign before, there were so many merchant associations buying immortal spirit herb. Who would look at all the signs.

In reality, the hardest things to get in the immortal realm wasn't immortal spirit herb. high level ones were rare but they were attainable. For immortals, the hardest to get was high level immortal pills.

Now that Ye Mo said to use immortal pill to exchange for immortal spirit herbs, it immediately lit up the hearts of those great eternity immortal and immortal kings. They wanted to go in immediately and collect immortal spirit herbs like crazy and exchange for immortal pills with Ye Mo.

The nearby sects and some merchant associations could only shake their heads. Although some of them brought level eight immortal pill grand masters, they couldn't advertise openly nor could they claim to exchange any pill below level nine. Who could guarantee 100% pill success rate.

Regardless, the first batch of people had charged into the secret realm. Ye Mo threw the 100 jade cards perfectly into their hands.

As the more batches came, Ye Mo threw them out precisely. In a short time, a few thousand people have gone in.

"Ye Mo, why doesn't our Jiu Qian emperor sect members have jade cards?" Zhi Zong immortal emperor saw this and went up to ask in fury.

Ye Mo stopped giving out cards and said plainly, "I don't dare to give it to you."

Seeing this, Zhi Zong immortal emperor said coldly, "What don't you dare? If I wanted to find you, I would've long gone. How can I wait till now. if I didn't go find you it means I don't care about that."

This Zhi Zong immortal emperor was really full of himself. Ye Mo said in contempt, "You don't care but I care. My Mo Yue Immortal Sect is a famous sect and your sect members destroyed my formation. Does the king need to make jade cards to suck up to you? I'm not that low."

"Okay, the emperor shall see if you're that low." Zhi Zong immortal emperor was an immortal emperor peak stage and he was pointed at the nose by an immortal king middle stage like this. How could he resist it.

Ye Mo saluted with his fists to everyone, "Everyone look, I'm not the one starting trouble and wasting people's time from going in. Someone thinks he's almighty and wants to teach me a lesson. But I happen to not be scared of such people, he wants to teach me a lesson, I'll take it."

"Brother Zhi Zong stop."

"Calm down Zhi Zong immortal emperor..."

"Zhi Zong..."

Ye Mo didn't even release his Zi Xu and there were endless voices of persuasion.

Clearly, the secret realm has opened and if Ye Mo started fighting with Zhi Zong immortal emperor how would the rest of the people go in.

If Ye Mo was weak and Zhi Zong immortal emperor could kill him easily then never mind but Ye Mo was very powerful. The fight wouldn't end quickly.

Seeing this, Zhi Zong immortal emperor's face sunk. He knew that even if they fought, no one would probably want to help him.

Realizing this, Zhi Zong immortal emperor sneered, "What do you want?"

Some immortal emperors realised that there were at least two reasons why Ye Mo made these cards. One was for people to recognize his work and second was to teach Jiu Qian Emperor sect a lesson. Whether there was more motives were uncertain.

"What do I want? Whoever touched my formation send him over." Ye Mo sneered and then yelled at shadowless, "Shadowless get ready to eat."

Shadowless ran over jiggling his butt while drooling and staring at Ling Xia immortal king.

Shadowless's actions made Ling Xia immortal king and Zhi Zong immortal emperor shake with fury.

Moon City emperor sect Tong Zhen immortal emperor thought to himself, one really couldn't offend Ye Mo indeed. It has only been this long and revenge came.

Everyone realised, no wonder Ye Mo didn't go look for trouble before. Ye Mo indeed wanted to put up the look that he wasn't someone to be messed with. Otherwise, these things would only happen again and again.

"Keep dreaming." Zhi Zong immortal emperor yelled and then ignored people's persuasion. A golden bow appeared in his hands and the next moment, a golden bone arrow appeared too.

Before the bow was drawn, that terrifying heaven and earth tearing qi already came. Ye Mo felt he was enveloped in extreme danger. Every inch of his skin was tingling. It was as though he might die to the bow and arrow at any time.

"Shadowless, take Beiwei away." at the same time, Ye Mo released Zi Xu and octagonal cauldron.

He had repaired octagonal cauldron to extreme grade immortal artefact but it still wasn't

"Golden Bow of Immortal Extermination..." A few immortal emperors called out in shock and terror. Clearly this bow was very famous.

"That's right, it's Golden Bow of Immortal Extermination." Zhi Zong immortal emperor sneered. He put the arrow on the bow and drew it open.

The nearby thousand km of space was drawn into the bow. It was as though Zhi Zong didn't draw open the bow but the entire heavens. He was gathering all the lethal force of space into a single point.

The nearby space became dark and even the clear sun was blocked by dark clouds. People fled as far away as possible.

Ye Mo's face was very serious. His nearby space was completely bound by this Golden Bow of Immortal Extermination. If he didn't have spirit sense domain and immortal monarch domain, he wouldn't even be able to move.

Ye Mo knew he couldn't dodge this arrow. He was thinking about after the arrow was shot, he would make Zhi Zong immortal emperor eat it even if he got injured. Even if he used Hao Heaven Drum he wouldn't care.

Ye Mo didn't want to use Hao Heaven drum unless he had no choice.

"Brother Zhi Zong, you can't shoot this arrow. This is the entrance to the secret realm, your arrow will destroy the nearby space and cause the secret realm to disappear." Immortal emperors said desperately on the side.

"Yea, brother Zhi Zong, there are so many immortal king disciples, they're all going to die."

...

Zhi Zong immortal emperor didn't care at all. He had always been very dominant in the immortal realm. Even the few grand emperors would show him face. It was because of his pride that he wouldn't apologise to a mere immortal king.

He felt he was giving Ye Mo great face by not looking for his trouble. Yet, Ye Mo dared to ridicule him.

To him, this was stepping on his honour. If he let it go so easily, he would he assert his dominance in the future?

Wei Feng immortal emperor didn't persuade. He had decided that the moment the arrow shot Ye Mo he would attack. He wasn't going to leave Ye Mo to Zhi Zong immortal emperor. Ye Mo definitely had a lot of secrets. He was planning to take Ye Mo out slowly before.

Seeing that no one could persuade Zhi Zong immortal emperor, the rest of the immortal emperors knew things were set so they retreated. Those great eternity immortals and immortal kings had long fled.

Shadowless handed Tang Beiwei to Mi Yun and came back. He felt this terrifying power. It wasn't that Zhi Zong immortal emperor was powerful but the bow was too terrifying.

Ye Mo stared at the bow and extended his spirit sense domain and domain into a straight line.

The arrow wasn't shot, it was drawing lethal force but also searching for his opening. If he was distracted a little bit, that bow would pierce him.

In this lifeless space and time, Ye Mo cleared his mind instead. There was nothing else in his eyes other than the bone arrow, the golden bone arrow.

Chapter 1918: Terrifying Arrow

The pressure was mounting but Zhi Zong immortal emperor only locked onto Ye Mo with the arrow.

Ye Mo's heart sunk, he knew that if time dragged on the arrow would only be more power. If he had the chance, he would definitely not allow Zhi Zong immortal emperor to draw the bow open.

"I'm going to kill you." At this moment a laugh sounded from the distance. It was clearly Ling Xia immortal king. Ye Mo subconsciously looked over.

Zhi Zong immortal emperor sneered. At the same time, he shot his golden bone arrow.

He praised his sect member for being so smart knowing that he was looking for an opportunity.

The instant the golden arrow shot out, the nearby lethal force all rushed and shot at Ye Mo.

Ye Mo took out a long breath. He was waiting for this arrow to shoot. Before the arrow shot, there was endless threat but after it was shot, the subtle threat had become management lethal force.

He was finding a reason for Zhi Zong immortal emperor to shoot the arrow and Ling Xia immortal king's words gave him that opportunity. He believed that with how cunning shadowless was, he wouldn't let Beiwei be in danger. When Ling Xia immortal king laughed, he immediately turned his head and released Five Lightning Spear Destruction.

Ye Mo released Five Lightning Spear Destruction earlier than Zhi Zong immortal emperor releasing the arrow.

That brief moment was enough. even with Ye Mo's spirit sense he can only catch a trail of the golden bow. There was no way his Five Lightning Spear Destruction could be faster than this.

The wind and lethal force swept by the arrow was blocked by Ye Mo's spirit sense domain and immortal monarch domain slowing it by a sliver. After a sliver of time, the bone arrow recovered its speed.

The lethal force of the killing intent was clearly locked onto Ye Mo. The first lightning spear appeared in the air and headed to the bone arrow.

Screech.

A terrifying ear screeching sound exploded. The tip of the lightning spear hit the bone arrow and was broke open from the middle. Black lightning spilled everywhere and Ye Mo's lightning spear was tore open and dissipated.

By then, the second black lightning spear had smashed on the tip of the golden arrow.

Screeching sounds came again. The nearby space kept rattling, slivers of crevices appeared devouring domain and spirit sense.

In this brief time, Ye Mo's Five Lightning Spear Destruction was completely torn by the golden bow.

After that, the arrow smashed on Ye Mo's octagonal cauldron. The octagonal cauldron made a clear crack and the arrow slowly. It still pierced the op and shot into Ye Mo's shoulder bringing out a spray of blood but the force of it was completely gone. It was stuck in Ye Mo's arm shoulder but couldn't blow up Ye Mo's body.

This all finished in the blink of an eye. Ye Mo put a few restrictions on the bone arrow and ignored it while releasing Zi Xu. He gathered the not yet dissipated lethal force and hacked towards Zhi Zong immortal emperor.

He put a restriction on it because this bone arrow was too terrifying. He didn't want it to be taken by and used to threaten him again.

After Zhi Zong immortal emperor shot this arrow, he was at the lower hand. How could Ye Mo let such opportunity go. And hacked out with crevice.

By the time shadowless made it here, the arrow had already shot on Ye Mo. He bit down without hesitation.

Zhi Zong immortal emperor wasn't worried when he saw Ye Mo's Five Lightning Spear Destruction stop the golden arrow. No one could stop it.

Indeed, the next moment, the arrows pierced the Five Lightning Spear Destruction and octagonal cauldron shooting into Ye Mo's shoulder.

However, when Zhi Zong immortal emperor saw that the arrow not only didn't blow Ye Mo's body up but was instead stuck there. He knew things weren't good. He took out three more arrows without hesitation and shot out.

At this moment, Ye Mo hacked out crevice. His heart sunk when he saw Zhi Zong immortal emperor take out three more. He had seen the power of these arrows. If three more came, he could only wait and die.

But soon, Ye Mo knew his worry was extra. These three looked the same as the first one but it's terrifying power and qi wasn't even one percent of the first arrow.

These three were copies, Ye Mo made this conclusion.

At the same time, Ye Mo used shatter space punch.

Rumble...

Shatter space blasted together with these three arrows. Blood mist flew again and the surroundings were blasted to nothing.

The nearby immortal emperors came over in time and blocked the fighting immortal essence waves.

Seeing Ye Mo smashed his bone arrow with his fist and only bleed a little, Zhi Zong immortal emperor's heart sunk. He realised why Ye Mo wasn't blown apart by the bone arrow. Ye Mo was an immortal god body body refinement cultivator. Such terrifying cultivation power and body refinement, no wonder Wei Feng immortal emperor felt threatened by him.

Just when Zhi Zong immortal emperor was going to block Ye Mo's crevice, he felt his domain crack. Not good, there was an opening in his domain.

At the same time, Ye Mo's crevice suddenly sped up. The long purple sword ray sliced down.

If Zhi Zong immortal emperor knew Ye Mo could block the three arrows with his fists, he would never use it against Ye Mo.

Zhi Zong immortal emperor didn't have time to think about other things and smashed out his golden bow.

Clank.

The sword ray hacked on the golden bow. Purple light splashed everywhere and lethal force spread.

The sword ray was diverted and sliced down from Zhi Zong immortal emperor's arm.

Blood mist sprayed but Zhi Zong immortal emperor already took back his arm. Ye Mo didn't fight over the arm, he just robbed the Golden Bow of Immortal Extermination from the broken arm.

This bow threatened him too much. If there were a few more arrows like the first one, then even if he reached immortal emperor, he wouldn't have any control of the battle.

Ye Mo immediately put on tens of restrictions on it and threw it into the golden page world with the bone arrow.

With his current power, even if he used golden page world in front of immortal emperors, no one would notice.

Ever since he began cultivation, this golden bow definitely gave him the greatest threat. Luckily, it was in his hands now and no one would be able to take it away.

Ye Mo didn't know why Zhi Zong immortal emperor only had one of those terrifying arrows but Ye Mo was certain there was more than one arrow.

...

The battle was very short and it seemed Ye Mo and Zhi Zong immortal emperor only touched twice and the battle was over. But just looking at the battle grounds, one could tell how extreme the battle was.

If the rest of the immortal emperors didn't help seal up the secret realm, this place would've turned to ruins. Even so, the centre of their battleground had turned to nothing.

Wei Feng immortal emperors didn't attack. His face was very bleak. He knew he guessed right. Ye Mo still had many means that he didn't show. He also had the feeling that when Ye Mo battled Zhi Zong immortal emperor, Ye Mo was stronger than when he fought Ye Mo a few days ago.

This person was too dangerous. His cultivation level was constantly on the rise. But Ye Mo wasn't heavily injured at all so he could only give up on attacking Ye Mo.

Zhi Zong immortal emperor connected his arm and stared at Ye Mo with a pale face while saying word by word, "Give my Golden Bow of Immortal Extermination back to me or I will make you regret coming to this world. I will pull your Mo Yue Immortal Sect up from the roots."

Ye Mo's eyes were cold. He didn't reply and just punched again.

Chapter 1919: Golden Bone Nine Arrows

Ye Mo wasn't scared of Zhi Zong immortal emperor with the Golden Bow of Immortal Extermination, now that he has the bow and arrow, how could he be scared of Zhi Zong immortal emperor?

When the searing wave came, Zhi Zong immortal emperor realised that if Ye Mo was scared of threats, he wouldn't fight him before. Even the Golden Bow of Immortal Extermination didn't take Ye Mo's life and now Ye Mo had the help of a immortal spirit beast that could devour domains, Zhi Zong immortal emperor actually had this helpless feeling that Wei Feng immortal emperor had before.

But because the Golden Bow of Immortal Extermination was too important to him, he could allow anyone to take it from him. Half of his power was on his Golden Bow of Immortal Extermination.

When a blue flame wall came striking over, Zhi Zong immortal emperor called out in shock, "Heaven flame god art?"

Many people had heaven flames but very rare did people have such top level heaven flame god art. Zhi Zong immortal emperor released a Li Fire circle.

Patches of dark clouds swept over wanting to block Ye Mo's blue fire wall but Ye Mo went into the fire and bit down. Shadowless knew that the heaven flame was controlled by his boss and boss definitely wouldn't burn him.

Of course Ye Mo wouldn't let heaven flame burn shadowless. Even if shadowless lived there he would be fine.

"Devouring god art?" Zhi Zong immortal emperor found his Li Fire circle's black clouds didn't even start to block the blue heaven flame and was mostly devoured by shadowless. He was even more shocked. What immortal spirit beast was this? it could devour domain and god art?

Before Zhi Zong immortal emperor could attack shadowless, Ye Mo's second and third blue fire wall smashed over. There seemed to be a fourth and fifth.

Zhi Zong immortal emperor's heart sunk. He knew he had lost. While Ye Mo's second and third fire wall hasn't come yet, he could still go. He should quickly go, otherwise it would be too late. He must get back Golden Bow of Immortal Extermination but not now.

He didn't want to stay here anymore. The next moment, he disappeared in a light.

Ye Mo dazed, he didn't expect Zhi Zong immortal emperor would run at all. If he did, he would think of other ways to keep him.

But shadowless chased over. Seeing this, Ye Mo was scared shadowless wouldn't be able to handle it alone so he went over too.

Ye Mo didn't expect it but even Wei Feng immortal emperor didn't expect it. Ye Mo and Zhi Zong immortal emperor were at most evenly match so he didn't intervene. Since Wei Feng grand emperor didn't intervene others wouldn't either.

Everyone didn't expect that with how volatile Zhi Zong immortal emperor was, he would run away. this was completely different to his persona.

Zhi Zong immortal emperor and Ye Mo soon left Zha Kui immortal city. After this, one more person from the city followed.

...

Shadowless was very fast. Zhi Zong immortal emperor's mobility technique was fast but shadowless and Ye Mo were both speedy type. Ye Mo could use instant transmission and had low grade god artefact.

Seeing this, Zhi Zong immortal emperor knew that it was impossible to not fight so he stopped and released Li Fire circle again.

Before he could attack Ye Mo, a light beam attacked Ye Mo first.

"Martial brother Lang Xuan..." Seeing Ye Mo being ambushed, he immediately recognized the person. Before he could think, he smashed his Li Fire circle out too.

Shadowless bit at the Li Fire circle. Meanwhile, Ye Mo's fist smashed on the light that ambushed him.

Crack, the attacker and his magic artefact was smashed flying away.

Ye Mo was shocked. The attacker was clearly an immortal emperor tertiary stage, how was he smashed away so simply. His void was a god art but the worst amongst god art.

“Lang Xuan, careful. This person is immortal god body and...” Zhi Zong immortal emperor desperately wanted to remind.

But he only said half a sentence and was stuck. The next moment, he pointed at his martial brother Lang Xuan in disbelief, “Lang Xuan, why are you ambushing me...”

This Lang Xuan immortal emperor stopped now and said plainly, “What do you think...”

“You, it’s you...” Zhi Zong immortal emperor only said these five words and his body cracked open. Not even his essence spirit remained.

He had been dominating the immortal realm for countless years but eventually died to the ambush of his sect members. Even in his death, he felt unsatisfied.

Ye Mo dazed, no wonder that guy was smashed away so easily.

“Shadowless, this guy can compare with you.” Ye Mo looked at the black robed Lang Xuan immortal emperor and sneered. Although he wanted to kill Zhi Zong immortal emperor but he looked down on someone who ambushed his martial brother.

Lang Xuan immortal emperor took Zhi Zong immortal emperor’s things and said calmly “Don’t make conclusions to things you don’t know. Plus, killing Zhi Zong is good for you. Zhi Zong is cruel, if I don’t help you kill him, your Mo Yue Immortal Sect would eventually die to him.”

“That means I should thank you.” Ye Mo sneered. Even since Zhi Zong immortal emperor made that threat, he wasn’t going to let Zhi Zong immortal emperor live.

Lang Xuan immortal emperor said plainly, “no need to thank me. We’re just using each other. You took the Golden Bow of Immortal Extermination, someone will be coming for you but that’s not me. I’m from

Jiu Qian Emperor sect too, as long as you don't keep challenging my sect I promise I won't have conflict with your Mo Yue Immortal Sect nor with you."

"Shadowless let's go." Ye Mo didn't even want to talk to this guy.

"Wait." Lang Xuan immortal emperor called.

Ye Mo wasn't scared of Lang Xuan immortal emperor and looked at him coldly, "What else is there?"

"I want to ask for 20 secret realm jade cards, I have 20 sect members in my sect to go in." Lang Xuan immortal emperor didn't care about Ye Mo's attitude.

"Why should I give it to you?" Ye Mo said plainly.

Lang Xuan immortal emperor wasn't worried and spoke calmly, "because the Golden Bow of Immortal Extermination originally had nine immortal extermination bone arrows called golden bone nine arrows. You only have one."

"You have the rest?" Ye Mo knew he was immediately convinced. It was just as he guessed, there wasn't just one arrow.

If Ye Mo got these nine arrows, he wouldn't even fear Feng Kong grand emperor. His battle with Wei Feng immortal emperor let him know the difference between him and the top grand emperor. If he didn't reach immortal emperor, he was definitely no match for Feng Kong grand emperor.

Lang Xuan immortal emperor shook his head, "If I had the arrows, I would've been long killed by Zhi Zong immortal emperor. I'm going to tell you where Zhi Zong got the arrows from. The rest depends on your luck."

"Agreed, tell me." These twenty jade cards weren't anything to Ye Mo.

"It's in Qing Wei Abyssal river." Lang Xuan immortal emperor said without hesitation.

“Qing Wei Abyssal river?” Ye Mo repeated in shock and then asked, “The place in Qing Wei heaven that has extremely dense killing qi? The place where ordinary people would be eviscerated by the hatred and lethal intent there?”

“That’s right, it’s there.” Lang Xuan immortal emperor answered immediately.

Ye Mo took out 20 jade cards but didn’t throw them to Lang Xuan immortal emperor. He asked again, “I heard Ice God Palace is in Qing Wei heaven?”

“Ice God Palace is very mysterious but it’s indeed on an ice mountain in Qing Wei heaven. As for the exact location, no one knows. I haven’t checked either. They never sent out their sect members. I did hear that Ice God Palace isn’t far from Qing Wei Abyssal river.” Lang Xuan immortal emperor said. He was happy to give Ye Mo this information at no cost.

“The jade cards are yours.” Ye Mo threw the jade cards to Lang Xuan immortal emperor without hesitation and took shadowless back to Zha Kui immortal city.

...

The secret realm entrance was cleaned. The group were waiting for Ye Mo to come. At this moment, the Jiu Qian emperor sect people were the most hated. If it wasn’t for Zhi Zong immortal emperor’s arrogance, they would be inside already.

“Sorry for making everyone wait.” Ye Mo’s voice was like sweet rain that made everyone breathe easy.

Chapter 1920: 108 Restrictions

Zhi Zong immortal emperor was chased away by Ye Mo so no one was surprised that Zhi Zong immortal emperor wasn’t back. However, no one would believe that Ye Mo killed Zhi Zong immortal emperor in such a short time.

Seeing Zhi Zong immortal emperor wasn't back, the Jiu Qian Emperor sect members were immediately disappointed. Their martial ancestor was here and Ye Mo still didn't show them face. Now that he beat their martial ancestor away, how could they get jade cards.

"Jiu Qian emperor sect members come get jade cards." Another voice sounded at the secret realm entrance.

"Martial Ancestor Lang Xuan..." The sect members immediately recognized this person and became excited.

Some immortal emperors all came up to greet Lang Xuan immortal emperor but they didn't understand how he had Ye Mo's jade cards. However, no one asked about this.

In a short time, almost everyone who wanted to go in got a jade card and the entrance soon cleared up. The remaining people were all immortal emperors and immortal monarchs or some merchant association immortal pill grand masters.

"Brother are you okay?" Tang Beiwei saw Ye Mo came back and immediately came over. She was escorted over by Ethereal Immortal Pond's Yi He immortal monarch.

"I'm fine, I'm going to set up a place to buy immortal spirit herbs. Two months later we're going to bulk buy immortal spirit herb." Ye Mo then saluted with his fists and bid farewell with the rest of the immortal emperors. He had plenty of things to do here.

Some immortal emperors familiar with Lang Xuan immortal emperor started asking about where Zhi Zong immortal emperor was. As for how Lang Xuan immortal emperor answered, Ye Mo wouldn't care at all.

Coming back to his temporary cultivation home, the first thing Ye Mo did was set up formation. He set up many defense formations and then added many blocking formations. He knew that no one would dare to scan their spirit sense here but just in case. He desperately needed to spirit control the Golden Bow of Immortal Extermination.

This thing was a massive slaughter machine. If he spirit controlled this, his battle power would rise drastically.

Ye Mo just set up the formation and shadowless snuck over, “Boss, I feel that secret realm isn’t simple. Someone locked it up with formation from inside meaning that he has a way to not get teleported out within two months. Boss, do you think this person has chaos world too?”

Ye Mo smiled, “Do you think you’re the only one who thought of this. Let me be honest with you, everyone realised this problem but no one spoke about it.”

...

Two months passed quickly for the cultivators.

Many immortal emperors gathered together to discuss dao experience. Some even exchanged some items. After all, usually they wouldn’t be gathered like this. Later on, even some other immortal emperors came over just to trade some things.

The immortal emperors gathered together so of course the immortal monarchs gathered together. Only Ye Mo didn’t join them. It wasn’t that he didn’t want to but that he needed to spirit control the Golden Bow of Immortal Extermination.

A few immortal emperors came to invite Ye Mo but knowing that Ye Mo was in solitary cultivation they didn’t come over.

Ye Mo was indeed in solitary cultivation but not inside the cultivation home but in the golden page world.

With shadowless and the formations, Ye Mo felt secure going in the golden page world.

When Ye Mo didn’t spirit control this bow, he only knew it was very powerful but after Ye Mo started to study this bow, he realised just how powerful this bow was.

There were 108 restrictions on the bow. Zhi Zong immortal emperor only spirit controlled less than half. Yet, the magic artefact was that powerful. Just how powerful would this bow be after he spirit controlled all the restrictions?

Ye Mo didn't have time to waste. He went into the time formation disk and immediately started spirit controlling this Golden Bow of Immortal Extermination.

He doesn't know how long Zhi Zong immortal emperor had this bow for but even now he still didn't completely spirit control it meaning that spirit controlling this wasn't easy. Without the time formation disk, two months was far from enough.

Ye Mo had Spirit Will Nine Transformations and Three Birth Chant. He was a immortal formation grand master too. He was much faster at spirit controlling these restrictions. Even so, it took Ye Mo a year for the first level of restriction.

After the first restriction, a name appeared in his head. It was Golden Bow of Truth Extermination, not Golden Bow of Immortal Extermination.

At first Ye Mo didn't care, perhaps Zhi Zong immortal emperor wanted to make this bow sound better so he used the name Golden Bow of Immortal Extermination.

After Ye Mo spirit controlled the first level of restriction, he became faster at it.

After nine years, Ye Mo had reached the 36th level. When the name changed from Golden Bow of Truth Extermination to Golden Bow of Immortal Extermination, Ye Mo realised what happened.

Zhi Zong immortal emperor didn't give it the name Golden Bow of Immortal Extermination, the bow had it. When you spirit control this bow to a certain level it would change into a new name.

Immortal extermination was completely different to Truth Extermination. Ye Mo was excited and put all his mind onto spirit controlling this bow.

Three years later, Ye Mo reached the 48th level. This bow was still Golden Bow of Immortal Extermination. Ye Mo didn't continue. He found he couldn't spirit control the 49th level no matter what. Time was limited here so he stopped. Zhi Zong immortal emperor only reached 48th level before.

Putting the Golden Bow of Immortal Extermination away, Ye Mo picked up that golden bone arrow. Ye Mo found that the bone arrow had 108 restrictions too but with the experience from the bow, Ye Mo only used three years to reach level 48.

Putting the arrow on the Golden Bow of Immortal Extermination, Ye Mo immediately felt as though the entire world was in his control. A powerful confidence surged from his heart. It was as though whomever he pointed the arrow at, he controlled the person's fate.

"So powerful." Ye Mo took in a cold breath and put the bow and arrow away. Next time, if Wei Feng grand emperor dared to act cool in front of him, then don't blame him for giving an arrow to Wei Feng.

The Golden Bow of Immortal Extermination was this powerful. Ye Mo had made up his mind that once things here were over and he went to look for Nie Shuangshuang, he would find the other eight arrows. If he had nine arrows, maybe even the divine emperor would feel threatened a little.

Ye Mo estimated it was time for the secret realm to open so he came out from the golden page world.

"Boss, if you still didn't come out I was going to call you out. The secret realm is starting to close. People are coming out from inside." Shadowless said desperately.

Hearing this, Ye Mo indeed saw many great eternity immortals and immortal kings coming out from the secret realm. everyone who came out seemed to be in a good mood.

He soon realised that the secret realm delayed opening by a few days so people lost a few days time.

"Lift up the sign quickly." Ye Mo told shadowless and then told Tang Beiwei that whomever wanted to trade for level seven and above pills to come in.

People who came out from the secret realm became people whom everyone wanted. Those who had sects went to their sect grounds to organize things but there were many solo cultivators too.

Even so, many people came to Ye Mo's stall wanting to see if Ye Mo would really have high level pills.

For example Yi King Pill, Monarch Will Pill. Even if Ye Mo didn't mention it, people knew that they wouldn't be able to get such pills.

"Omg, Extreme Jia Pill, Ci King pill, Thousand Turn Disaster Surviving pill, Yi King Pill, Death Monarch Pill, Monarch Will pill, Blue Essence Pill..."

One Immortal king stared at the sign and mumbled. Then he rubbed his eyes, "Am I seeing wrong? How is this possible? How can Yi King pill and Monarch Will be Traded with immortal spirit herb? Is this real or fake?"

"Pfft..." Shadowless stood under the sign and said contemptuously, "My boss can even open the secret realm, these pills are nothing. That monarch will pill, I usually eat it like sweet beans. Just look at your hillbilly look. So embarrassing."

However, shadowless was thinking that he would ask boss to give him a monarch will pill to eat. It wasn't satisfying that he could say how the pill tasted like in his bluff.
