

Strongest As 1921

Chapter 1921: Big brother shadowless

“There really is Yi King pill, Monarch Will pill?” Ye Mo’s sign immediately caught the attention of the people nearby and this news spread like wild fire.

Yi King pill was the pill for great eternity immortal to break through to immortal king. It was rarer than level eight immortal pill. Monarch Will pill was for immortal king to break through to immortal monarch. It was unimaginably precious.

Even immortal pill grand master find it very hard to concoct these two pills. Even the top merchant association and merchant tower didn’t have these pills for sale. One could only buy these pills from massive auctions. The price isn’t something ordinary people nor sects could afford. There wouldn’t be a lot as well.

Ye Mo publicly started selling Yi King pill and Monarch Will pill not only shocked all the great eternity immortals and immortal kings but also shocked all the sects. Even Wei Feng immortal emperor came over to check when he got the news. When he saw that this was true, Ye Mo’s danger level rose another level in his heart.

Many immortal emperors knew Ye Mo was level eight immortal pill grand master and was about to reach level nine but no one expected he could sell Yi King and Monarch Will pills so casually. Although Ye Mo clearly stated that to buy these pills, there must be a Yue Peng immortal fruit of Yi King pill and Jade Flow Void wood for monarch will pill, this was still very scary.

The sign also stated that you can still buy these two pills without these two immortal spirit herbs. You could buy it through other level nine immortal spirit herbs.

The path of cultivation was very hard. This was the same even for the most talented immortals. Not everyone had the Three Birth Chant and bitter bamboo like Ye Mo. So Ye Mo’s pills immediately attracted everyone.

Great eternity immortals wanted to buy a Yi King pill from Ye Mo at all costs and immortal kings wanted a monarch will pill at all cost.

Due to this, the stalls at other merchant associations became not so popular. Even those merchant associations wanted to get a few of these top level pills from Ye Mo.

Because Ye Mo also had thousand turn disaster surviving pill. this was the top zero side effect divine damnation immortal pill. It reduced heart demon and increased enlightenment. There was also great void weaving pill that was top quality spirit sense and soul curing immortal pill. Where would you usually be able to get this?

That immortal king wasn't angry at all and instead asked shadowless with a sycophantic tone "May I ask if there really is monarch will pill here?"

This immortal king asked this and all the immortal kings and great eternity immortals were listening in.

Shadowless said in contempt "Would I trick a little immortal king like you? Didn't you know I can eat an immortal king with one gulp? I'll tell you now there definitely is, first in best dressed until it's sold out."

"Then I want to trade a monarch will pill." The immortal king said and then looked worriedly at shadowless.

Tang Beiwei quickly said, "You need to go inside to exchange for monarch will pill. If you don't have jade flow void wood, the price is very high."

Even though shadowless said first in best dressed, no one wanted to go in first. They all saw how dominant Ye Mo was and no one wanted to try it first. If Ye Mo just robbed their immortal spirit herb, even Wei Feng immortal emperor wouldn't be able to get it back for them.

The immortal king hesitated before walking inside Ye Mo's cultivation home firmly.

"Sect leader Ye, wan bei wants to trade for a monarch will pill." The immortal king went in and saw Ye Mo sitting inside a not so good looking pill cauldron and bowed.

Ye Mo could tell this immortal king's tone was shaking so he smiled, "Don't worry, I'm the sect leader of a sect, I'm not going to rob your immortal spirit herb. Even if you get chaos spirit herb I won't rob it. If you just want to exchange for monarch will pill, do you know my price?"

"Yes, I have a jade flow void wood here and a level nine immortal spirit herb. There's also six level eight immortal spirit herb." The immortal king carefully took the immortal spirit herbs out.

Ye Mo could tell this immortal king had more immortal spirit herb but Ye Mo was happy with this. With this, he could concoct another cauldron of Monarch Will pill.

Ye Mo waved his hand and swept these immortal spirit herbs away, "Not bad, these things can exchange for a monarch will pill."

The immortal king saw Ye Mo take his things but not take out monarch will pill and he was shook. Clearly, he was worrying too much as Ye Mo gave a jade bottle to him the next moment, "This is a special grade monarch will pill, good luck."

The immortal king quickly opened it. He couldn't care if this would make Ye Mo unhappy.

"Special grade monarch will pill, it really is..." The immortal king murmured and remembered he was still in Ye Mo's cultivation home so he quickly put away the jade bottle and bowed "Thank you sect leader Ye, thank you qian bei, wan bei will leave now."

He was immortal king tertiary stage now, just one step from immortal monarch. With this pill, he would probably have more than 60% chance of reaching immortal monarch.

When this immortal king went out, everyone couldn't wait anymore and all asked, "How is it?"

This immortal king didn't have the mood to talk here and just said "It's right to go in, I'm going."

Then, he blinked and disappeared. He didn't want to say he got monarch will pill but he didn't want to offend Ye Mo by not saying anything.

“It seems he really got it.”

“Probably did, otherwise he wouldn’t be like that.”

“This is nothing, I said that in the future people can even buy level nine immortal pill from our sect.”
Shadowless said in contempt.

Tang Beiwei quickly stopped shadowless and said, “Qian beis, my brother isn’t going to trick you guys. If he says there is then there is, please get in on it early. Once my brother decides to leave, then there would be no more.”

“I want to trade.”

“I want to trade, let’s go in together.”

Tang Beiwei’s extremely pure look and amicable tone made many immortal kings and great eternity immortals interested. They started going in teams.

This time, people came out quicker. Some people didn’t want others to know what they got but some people rejoiced. Some people even raised the jade bottle and praised, “This is extreme grade immortal pill.”

In a short time, Ye Mo’s place became very busy. People started flocking to Ye Mo’s place. Soon, the entire Zha Kui immortal city knew about this. Many people came over to buy immortal pills from Ye Mo.

The immortal pill grand masters of other merchant associations buying immortal spirit herbs had no competitive capability and could only watch Ye Mo take all these high level immortal spirit herbs.

So, those merchant associations took out high level immortal spirit herbs to trade top level pills from Ye Mo.

As for the condition Ye Mo said that he would get priority in selecting a spirit item, he had already forgotten it. Ye Mo didn't have the time to check who got it. His hands were sore from collecting level nine immortal spirit herbs now.

...

"Don't push in line, who are you. You came later than others and you want to push in? Immortal shadowless, can such person go in to exchange for pills?"

"Big brother shadowless, you must take care of this."

A few immortal kings squeezed in and some people were immediately unhappy. Many of them had lined up for a long time.

Today was shadowless' coolest moment.

Now that someone called him for help, he immediately yelled, "You, who let you push in line? Stand at the back, otherwise don't blame big brother shadowless for not giving you a chance."

Chapter 1922: Purpose of sending jade card

"Don't shadowless immortal, we told sect leader Ye we were coming. We came to deliver immortal spirit herb." The immortal king at the front said.

"Shadowless, they're the bunch who broke our formation and then came to apologise with their sect." Tang Beiwei recognized them.

It was the four people Li He, Tong Li, Yuankui and Chan Yi. These four used this as an opportunity to get into Ye Mo's cultivation home early. The people on the side couldn't even refute this.

Sect leader Ye told them to come, who would dare to let them line up. Although they knew that they would spend more immortal spirit herb to exchange for immortal pills, they were still very grateful that shadowless let them in.

Even Ye Mo didn't realise the scene would be this hot. In fact, he had enough level nine immortal spirit herb already. He threw all the immortal spirit herb in the golden page world for small ginseng to manage.

However, such opportunity was rare. The pill concoction was arduous but he didn't want to give up now.

As immortal pills were traded, the line not only didn't grow short but instead grew longer. Chan Yi and them got the pills they wanted and came out very thankful.

If it wasn't that Ye Mo was too busy now, those immortal emperors even wanted to visit them. However, shadowless stopped them so they could only send their sect members to line up. Later on, Ye Mo's place wasn't an immortal spirit herb exchange place anymore, it was a place of wonders.

If you lined up and it was your turn, your wonderful fortune came. Some people even paid high prices for a front spot.

Shadowless listened to the rules Tang Beiwei set. That was, positions could be traded but people couldn't rob and push in line. People could trade positions but shadowless would take 10% fees.

Shadowless got more and more benefits and couldn't help praising Tang Beiwei. No wonder she was boss's sister. If only he could come up with such ideas.

...

"Qian bei, I have three level nine immortal spirit herbs here, one jade flow void wood and seven level eight immortal spirit herbs. I want to trade for one monarch will pill." A square faced immortal king took out his immortal spirit herbs and put them on the table respectfully.

According to Ye Mo's rules, these immortal spirit herbs were enough for a monarch will pill but this time Ye Mo didn't take the immortal spirit herb and instead asked with interest, "What's your name?"

The square faced immortal king dazed. Before he came in he asked many people and got the same answer that Ye Mo didn't ask name nor origin. How come when it was his turn, Ye Mo asked his name?

"Wan bei Yu Duanyu, I'm an solo cultivator but I came to Zha Kui secret realm to find immortal spirit herbs. I was lucky and found a few level nine immortal spirit herbs..." The square faced immortal king said more respectfully.

He wore a grey robe and was immortal king tertiary stage peak.

"A solo cultivator." Ye Mo repeated before studying this Yu Duanyu again "You stayed for 10,000 years in the Zha Kui secret realm, you must have gotten some nice things there?"

Ye Mo's words struck him. He looked dazily at Ye Mo and was even about to release his magic artefact but he soon realised that if he did, it was asking for death. If Ye Mo wanted to kill him, he would've done so already.

He had studied about Ye Mo before and knew that Ye Mo didn't even fear Wei Feng grand emperor. A mere immortal king looking for trouble with Ye Mo was seeking death.

"Qian bei, wan bei don't understand qian bei's meaning..." Yu Duanyu dazed for less than half a second and woke up.

As though fearing Ye Mo, he added, "Wan bei left a few more level nine immortal spirit herbs indeed. If qian bei needs, I can take it out."

Ye Mo waved his hand, "No need, although I need immortal spirit herb desperately I'm not someone to rob. If there's something I want, I will take out something of equivalent value to trade with you. You sealed that secret realm meaning your formation skills are quite good or you have some great fortune inside the realm. But, I broke your formation meaning my formation skills are a bit higher than yours."

Yu Duanyu wanted to explain but Ye Mo raised his hand and said, "Do you know why I gave everyone who went in a jade card?"

"Wan bei don't know." Yu Duanyu answered.

"Did you get my jade card?" Ye Mo suddenly didn't keep explaining and asked.

Sweat appeared on Yu Duanyu's head.

"Wan bei got a jade card." Yu Duanyu knew that the jade card would crack inside the secret realm.

"You're lying." Ye Mo's tone was getting annoyed.

"Do you think if I can break your formation I would need to make jade cards to go in?" Ye Mo asked again.

Yu Duanyu was about to lose it and said shakily, "Qian bei, that formation isn't set up by wan bei... wan bei don't know what qian bei means."

Ye Mo sneered, "All those who used my jade card can be sensed by me within three months but you never used my jade card. I was planning to stand at the entrance and check one by one but I finished solitary cultivation too late. Some people had left already so I couldn't be bothered checking. Why else do you think I made all those jade cards? Do I like making trouble for myself?"

"I was thinking if that some person would come up. For this, I put the opportunity of exchanging for higher level pills inside the cultivation home and I actually did meet you. It seems we're fated to meet." Ye Mo stared at Yu Duanyu and said calmly.

Yu Duanyu's face went pale and knew there was no point in arguing so he said, "Qian bei, I did stay in there for ten thousand years. As for method, I can only say I'm lucky. I have a space formation disk that can be used to stay there. If qian bei needs, wan bei will show you immediately."

Ye Mo nodded, "Show it to me."

Ye Mo knew that even ordinary truth spirit worlds couldn't stay inside but a formation disk could stay inside.

Yu Duanyu didn't hesitate this time and took out a formation disk "Qian bei, it's this. All the things I have are inside."

Ye Mo's spirit sense easily broke the spirit sense restriction and scanned in.

Soon, Ye Mo realised what was going on. He was a top immortal formation master but even he couldn't see the structure of this formation. The space law inside were countless times stronger than the space magic artefacts he made. He even felt some familiarity in this space law.

It was exactly as he felt in that palace.

Not only so, this space formation disk had the same chi as his time formation disk. This meant that the space formation disk had similar value as his time formation disk. They probably came from the same place.

Ye Mo didn't know what the space formation disk was for but his spirit sense saw large patches of high level immortal spirit herbs. He even saw two yin blue plums. It was a chaos spirit item just below the ten great spirit items. It was very delicious and could cleanse soul and immortal essence.

"You indeed have some good things." Ye Mo looked at Yu Duanyu and said.

Yu Duanyu was sweating cold and he bowed again, "Qian bei if you like it please take it all away."

He regreted coming here and running into the net.

Ye Mo threw the space formation disk back "You indeed have a lot of things I want there but if I wanted to rob it I would've done so already. Would I need to wait till now? I don't even need to do anything

here. I just need to leave a mark and you would never be able to get away. You have a lot of good things but so do I. if you don't believe me ask Wei Feng that old man if he's interested in my things."

"Wan bei don't dare." Yu Duanyu quickly said.

Ye Mo got up, "I'm not showing off. I'm saying I have enough things to trade with you. As for your space formation disk, it's good but I don't want it. I just want one of the yin blue plum. Level nine immortal spirit herb I need emperor carrot, dark frost root, blue flame fruit, sea heaven poppy..."

After saying more than 30 level nine immortal spirit herbs, Ye Mo took out a bunch of things and threw it in front of Yu Duanyu "You can choose yourself and we can start dealing."

Chapter 1923: Invitation

"Half god artefact..." Yu Duanyu looked at the things Ye Mo took out in shock. The pills were just as Ye Mo said, monarch will pill were special grade. When he saw the twisted god flag, he couldn't resist calling out in shock.

Ye Mo immediately said, "That's right, this twisted god flag is a half god artefact. A very powerful one. An immortal emperor tertiary stage used this, even I almost fell for it. Do you want to trade for it?"

It was already a bit ruined when Ye Mo fought against it. Ye Mo used a few days to simply repair it so it could be exchanged.

Yu Duanyu said dazily, "Qian bei, I, of course wan bei is willing. I'm very willing, but, but..."

"But I can rob you so why exchange with you right?" Ye Mo could tell what Yu Duanyu meant. He knew that Yu Duanyu didn't really believe him because this was too absurd. With his current power, even if he killed Yu Duanyu secretly no one would know.

Yu Duanyu's things were indeed enough for people to greed over it.

But to Ye Mo, it was just so so. Ye Mo was interested in the two yin blue plums and he wanted both but he knew these things were too precious. He would be willing to trade everything for it.

But the monarch will pill was also extremely important to Yu Duanyu and he was willing to trade it for the yin blue plum.

As for robbing, Ye Mo really never thought about it. there was no conflict between the two, he didn't like robbing a innocent person's belongings.

Another reason was that cultivating Three Birth Chant required him to keep his thoughts straight. If he robbed Yu Duanyu for no reason he would feel guilt and regret. That would hinder his cultivation.

How could Ye Mo destroy his future for a space formation disk? Even if a real chaos world was in front of him, he wouldn't rob it from Yu Duanyu as long as there was no enmity between them.

"I have no enmity with you I'm not going to rob you can choose what you like now." Ye Mo pointed at the things on the ground and said.

"Thank you qian bei." Yu Duanyu could feel that Ye Mo wasn't cheating him.

He took out what Ye Mo needed without hesitation and gave it to Ye Mo. Then, he picked the twisted god flag and another monarch will pill. he really wanted the rest of the things but he didn't take it.

However, Ye Mo left a bottle of level eight blue essence pills and another monarch will pill. He then gave another extreme grade flying immortal artefact to Yu Duanyu, "You might be able to use this in the future. I won't rob your things but other people might not do the same."

"Qian bei's honesty is unlike anyone I've seen before. Wan bei will remember qian bei's great help. If there's the chance wan bei will head to Mo Yue Immortal Sect to pay you back." Yu Duanyu was truly grateful to Ye Mo this time and he meant it.

Ye Mo nodded, with these things Yu Duanyu would have a great future. It was good to make good connections.

He then gave a jade card to Yu Duanyu, "Crush this."

Seeing Yu Duanyu look at him in confusion, Ye Mo explained, "Other people might be able to guess why I made the jade cards. If they guessed it then you would be over."

Ye Mo left a very faint spirit sense mark on these cards but there were many powerful beings and Ye Mo didn't dare to believe his spirit sense marks were undetectable.

Yu Duanyu instantly realised this and quickly crushed the jade card before bowing, "Wan bei will leave now."

If Ye Mo was going to plant spirit sense mark on him, he wouldn't use this stupid way. Ye Mo did this was certainly to try help him. Yu Duanyu made up his mind to repay sect leader Ye when his cultivation was successful.

After Yu Duanyu left, Ye Mo also rejoiced. He gave the immortal spirit herbs and yin blue plum to small ginseng. He had a bountiful harvest this time.

He didn't want more level nine immortal spirit herbs anymore. After exchanging a few times, Ye Mo told shadowless to take down the sign.

Hearing there were no more pills, those who didn't get a pill regretted greatly. Just like Tang Beiwei said, there was only one opportunity.

If it was some other immortal pill grand master, people would stop him from going but no one dared to stop Ye Mo from going. At most, they would ask when Ye Mo would hold such an event again.

Those people who traded immortal pills rejoiced.

Yu Duanyu also left with the other immortal kings immediately. When he left the defense formation of this secret realm, he immediately felt a powerful spirit sense scan over.

Yu Duanyu wasn't dumb, he immediately realised that Ye Mo was right. Someone guessed Ye Mo's plan. That person didn't dare to scan the entrance of the secret realm but every immortal king leaving here would be checked. Realising this, he was even more grateful to Ye Mo.

The other merchant associations, due to Ye Mo's appearance, used his method too, trading immortal pills with immortal spirit herb. but their pills could only reach level seven and there was no special grade. They didn't have Yi King pills too.

When Ye Mo was working, they barely had any business. Now that Ye Mo was leaving, they breathed easy and didn't hate Ye Mo as much.

...

"Boss are we going now?" shadowless saw Ye Mo come out and jiggled his butt as he walked up.

This time had been the most satisfying time he has had. Small ginseng didn't want to call him big brother but these two days, a few hundred people call him big brother.

"Sect leader Ye, may I ask if you're going directly to our Ethereal Immortal Pond or some other place first?" Yi He immortal monarch asked.

She was even more respectful after knowing Ye Mo was a level eight immortal pill grand master. If it wasn't that Ye Mo was going to go, the only immortal emperor from Ethereal Immortal Pond would be coming.

"Sect leader Ye, come have a seat at my Black Lightning Emperor sect..." Nong Yan immortal emperor was here already.

“Brother Ye, my Nan Luo emperor sect isn’t far from here. If brother Ye can come, it would be our honour.” Shen Kun immortal emperor squeezed to the front. He felt his decision to apologise to Ye Mo was too smart.

More than half of the immortal emperors came wanting to invite Ye Mo over.

But Ye Mo wasn’t interested in this, he just saluted with his fists “Immortal friends, I need to do some things lately and I have no time to go elsewhere but twenty years later, I will be holding the sect opening ceremony at Mo Yue Immortal Sect. Today I will shamelessly invite you all. Twenty years later, if you have time to come to my Mo Yue Immortal Sect, then regardless of who you are, as long as you congratulate our sect opening, I will greet you personally.”

Ye Mo’s sound transmission went out and all the people at the secret realm heard this. Those sect elders, sect leaders, immortal emperors and immortal monarchs all expressed that they would be coming. Some immortal kings who didn’t get immortal pills planned to store their immortal spirit herb and visit Mo Yue Immortal Sect 20 years later.

Wei Feng grand emperor’s face was extremely bad and so was Wuhui immortal emperor. He knew his revenge would be very hard to get. Ye Mo could even beat away Zhi Zong immortal emperor. Even if Ye Mo met Wuyin immortal emperor, the results would be unpredictable.

Gong Hua heaven was far but who didn’t want to congratulate a immortal pill grand master like Ye Mo? If they connected well with Ye Mo, then they might be able to ask Ye Mo for some pills.

“Yi He immortal monarch, I will definitely go to Ethereal Immortal Pond but I might not be able to go with you. We can meet three months later at Ethereal Immortal Pond.” Ye Mo said politely to Yi He immortal monarch.

Chapter 1924: Space Formation Disk

Ye Mo just left Zha Kui immortal city, his spirit sense scanned Yu Duanyu. Yu Duanyu didn’t go far and instead stayed at outside the city.

Yu Duanyu clearly saw Ye Mo and immediately followed over.

“Yu Duanyu you still haven’t left? You’re waiting for me here?” Ye Mo looked at Yu Duanyu in confusion.

Yu Duanyu quickly bowed, “Ye qian bei, wan bei was indeed checked by spirit sense after coming out of the secret realm. That immortal emperor is probably looking for wan bei, wan bei stayed here to notify qian bei.”

Ye Mo nodded, this Yu Duanyu was quite a good thing. Yu Duanyu was afraid that he didn’t know his spirit sense mark was known by someone so he came to tell him.

“Thank you, I already guessed who this person this.” Ye Mo knew it was probably Lang Xuan immortal emperor.

Lang Xuan immortal emperor was much harder to deal with than Zhi Zong immortal emperor. He was bleak and calculative. Zhi Zong immortal emperor didn’t at all that Lang Xuan immortal emperor had killing intent towards him until he was ambushed.

“You’re a mere immortal king, why would immortal emperors look for you?” Shadowless said.

Yu Duanyu smiled awkwardly, “Because wan bei stayed in the secret realm for ten thousand years, so...”

“Oh, I see, I was wondering why boss was so nice to make jade cards for people. So this is it...” shadowless wasn’t dumb and immediately realised the use of Ye Mo’s jade cards. But before he finished, he was slapped on the head. This time, it wasn’t Ye Mo but Tang Beiwei.

“So what if my brother helps? He always helps people, do you think he’s like you?” Tang Beiwei reproached.

Shadowless quickly put on a smile, “Beiwei, I meant to say that Yu Duanyu was too dumb. If it was me, I would definitely not leave. There are so many immortal spirit herbs inside, the immortal spirit chi there must be very dense. Of course I would stay inside and cultivate.”

Tang Beiwei was immediately unhappy, "Shadowless, you're saying that as soon as Yu Duanyu came out, he was caught by my brother so he's stupid right?"

Seeing shadowless have nothing to say, Ye Mo smiled and said, "Yu Duanyu actually didn't want to come out so he set up a counter locking formation so people couldn't go in. However, he didn't expect me to break that formation."

"Qian bei..." Yu Duanyu quickly called.

Seeing Ye Mo look at him, Yu Duanyu said quietly, "Qian bei, wan bei really didn't set up that formation. Wan bei don't know who set up that formation. Wan bei did want to keep staying in there but after knowing someone set up counter locking formation I quickly left with everyone."

Ye Mo was shocked. He always had thought that Yu Duanyu set up this formation so he didn't ask. Now that Yu Duanyu did set it up, it meant that other than Yu Duanyu, there was a second person in that secret realm. That person didn't want people to go in but also didn't want Yu Duanyu to come out.

As long as the secret realm wasn't open, there would be no automatic teleportation.

"You really didn't set up that formation?" Ye Mo's tone was much more serious.

"No." Yu Duanyu said assertively.

"Then why didn't you tell me earlier." Ye Mo frowned.

"Wan bei told qian bei, the first time qian bei asked, wan bei said the formation wasn't set up by wan bei." Yu Duanyu said sourly.

Ye Mo nodded, "You're not to blame for this."

“Wait, there’s something wrong. Shadowless you control the space time boat, I have something to talk with Yu Duanyu.” Ye Mo noticed something wrong soon.

The space time boat started to fly towards the heaven domain border.

...

“Tell me how you got the space formation disk and what else you saw in the secret realm these years.” Ye Mo asked.

Yu Duanyu clearly remembered this event deeply and immediately said, “When I went inside the secret realm, I felt a cave with extremely dense immortal spirit chi. My spirit sense scanned there and I saw an immortal marrow well, one of the top ones. I didn’t think much and went inside the cave wanting to take the well away as I didn’t have time to cultivate in there.”

“Since you can see the cave, it means it’s not very hidden right?” Ye Mo asked.

Yu Duanyu nodded, “Yes, it wasn’t very hidden that’s why I desperately wanted to take it away. But when I moved that immortal marrow well, I found the space formation disk. Before I spirit controlled the space formation disk it had a very ancient chi. I immediately started spirit controlling that space formation disk.”

Ye Mo sensed the eeriness of this event. Since Yu Duanyu said that place wasn’t very hidden, the immortal well should’ve long been taken.

“When I started to spirit control that space formation disk I noticed something wrong. I started to feel a sliver of space law secrets from spirit controlling it. I was overjoyed and knew I found a top level treasure. I started to refine it like crazy. When I have spirit controlled part of it I went inside immediately.” Yu Duanyu still seemed to be excited.

“Tell me in a bit, I’ll check if you have any restrictions or something on you.” Ye Mo stopped him from talking.

Yu Duanyu stopped talking. Ye Mo's questions made him feel something wrong. His luck was too good. That counter locking formation was too eerie.

Yu Duanyu gave his hand to Ye Mo without hesitation.

Four hours later, Yu Duanyu felt his organs being burned to dust by Ye Mo. Then, Ye Mo suddenly used a few hand signs and grabbed a black flame out. The black flame looked like fire but it didn't have any heat at all.

"I was planted such a flame?" Yu Duanyu looked at the flame in Ye Mo's hands in shock.

Ye Mo didn't answer and took out a box made with endless flame river gold and then set up tens of restrictions before putting the jade box into his golden page world. "That's right, I found this in your body. This flame is actually a tracking soul mark called qian soul abyssal mark. With such mark planted on you, the person would be able to find you even if you're dead. Rarely can anyone remove it. If I'm not wrong, there should only be two people in the immortal realm who can break it and one of them is me."

Ye Mo could find this mark because of his learnings in the palace on formation and restriction. If he didn't go to that dimension he wouldn't be able to break this mark.

There was one more person Ye Mo guessed and it was that master who set up the formations in that palace. That person's formation skills were countless times higher than his so that person can break it too.

"Qian bei, you mean to say that everything I did in the secret realm was watched by that person..." Yu Duanyu looked dazily at Ye Mo. He trusted that Ye Mo didn't trick him.

"Shadowless speed up and change directions."

Ye Mo yelled at shadowless and then said to Yu Duanyu, "If I'm not wrong, that person left the space formation disk to you so you can stay in the secret realm."

“No wonder when I left the space formation disk, the secret realm had closed already.” Yu Duanyu murmured and then seemed to have thought of something and quickly asked, “Qian bei, you meant to say that the person left the space formation disk to me just so I can collect immortal spirit herbs for him?”

“It’s probably so, I don’t know if I guessed right or not.” Ye Mo sighed and then added, “If I’m not wrong, the yin blue plum was already in the space formation disk.”

Yu Duanyu’s face was pale, “It really is so. I used all the immortal marrow well I got to water the yin blue plum. Ye qian bei what should I do now?”

Ye Mo thought for a long while, “Since this person left you with the space formation disk, it means he knows how to find you with it. If I’m not wrong, he’s either already out or delayed by something else so he doesn’t have the time to come after you.”

Yu Duanyu immediately took the space formation disk out to Ye Mo, “Sect leader Ye, I don’t have the power to keep this, you can have it.”

Ye Mo took it and said, “I won’t take your space formation disk. I’ll help you check if there’s restriction or marks left. Otherwise, even I wouldn’t have the power to keep it.”

Ye Mo never planned to take the teleportation formation to Chang Rong heaven. Now, he planned to go from the void to Chang Rong heaven.

Chapter 1925: Fly to Fei Xia city again

The space time boat travelled in the void for ten days before Ye Mo came out from the golden page world. At the same time, he gave the space formation disk to Yu Duanyu, “I spirit controlled the entire space formation disk. There were indeed a few subtle marks you didn’t remove but now it’s fine.”

“Qian bei, you can keep this space formation disk.” Yu Duanyu quickly said.

Ye Mo still gave the space formation disk to Yu Duanyu “Although I helped you, I’m actually very grateful to you. In this space formation disk, I perfected my space law. This space formation disk will benefit your cultivation greatly. This is your fortune. Everyone has their own fortune but I like you so I don’t want to rob your fortune.”

Ye Mo knew this space formation disk would have as much use as the time formation disk. Cultivating inside might one day allow him to move star domains. Although he really want this space formation disk, he didn’t want to rob Yu Duanyu’s fortune. Having this formation disk or not meant if Yu Duanyu would reach higher or get stuck at immortal monarch.

“Thank you qian bei.” Yu Duanyu clearly understands this and seeing that Ye Mo wasn’t being fake polite with him, he just gave some high level immortal spirit herbs in the formation disk to Ye Mo. He wasn’t an immortal pill master so keeping the tens of thousands of high level immortal spirit herbs wasn’t very useful.

“Then thank you.” Ye Mo didn’t reject this time. He was immortal pill grand master and these things were very beneficial to him.

After putting these immortal spirit herbs down, Ye Mo took out a face mask and gave to Yu Duanyu “This is the highest level mask I have. I don’t need this anymore so you can have it. When you reach immortal monarch middle stage, you can come to Mo Yue Immortal Sect and get Tai Wei Emperor pill from me.”

This mask was given to him by Hong Ling but now he didn’t need it anymore so he gave it to Yu Duanyu.

Yu Duanyu put away the face mask and Ye Mo continued asking “Are you going with us to Chang Rong heaven or somewhere else?”

Yu Duanyu released the extreme grade flying immortal artefact and bowed to Ye Mo, “Wan bei will leave alone. Once my cultivation is fruitful I will definitely come to Mo Yue Immortal Sect to thank qian bei.”

Ye Mo nodded. He felt Yu Duanyu’s choice was right too. As soon as he left the secret realm, he stayed with him. If people saw this, they would get suspicious.

...

Yu Duanyu flew off from the space time boat and disappeared from Ye Mo's spirit sense.

"This guy is really stupid. If it wasn't boss, he would be dead for sure." Shadowless smirked. He thought that boss should keep the space formation disk. If boss didn't want it, he could play with it. He got his hands on quite some good things lately.

"Shadowless, you and small ginseng control the space time boat to Chang Rong heavne. Beiwei and I are going into solitary cultivation." Ye Mo called out small ginseng and said.

To Ye Mo, he lacked power the most now. Mo Yue Immortal Sect would only be safe if he was strong. There were quite a lot of people gazing at Mo Yue Immortal Sect but as long as he was there, Mo Yue Immortal Sect would be very safe.

After going in the hulk, Ye Mo went into the golden page world for solitary cultivation. Tang Beiwei stayed inside the ship to keep converting cultivation essence to immortal essence. Small ginseng was the most helpless. He had to control the space time boat while listening to shadowless bluffing.

Ye Mo didn't cultivate this time. He started concocting all sorts of pills in the golden page world. After the time formation disk ran for a month, he could concoct level nine immortal pills. After the space time ran for another half a month, he had concocted special grade Tai Wei emperor pill.

This signified that Ye Mo had become one of the best immortal pill grand masters in the immortal realm.

At the same time, he heard news from shadowless that the space time boat was in Chang Rong heaven. Ye Mo left the golden page world and Tang Beiwei stopped cultivation. Tang Beiwei's talent was shocking. She only used a few months time to completely convert cultivation essence to immortal essence and became a hollow immortal.

Although her cultivation resources were countless times better than what Ye Mo had, this cultivation speed was enough to look down on the immortal realm.

...

"Boss, small ginseng wants to go outside too." Seeing Ye Mo come over, shadowless quickly said. How did small ginseng suck up to him. He was speaking for small ginseng.

Ye Mo looked at small ginseng and small ginseng looked hopefully at Ye Mo.

Ye Mo thought for a moment, "We're going to Fei Xia immortal city. I'm good friends with the young city lord. I'm going to see him. Small ginseng's stealthing chi cultivation method isn't complete. You can't come out yet. Even shadowless needs to stay in the golden page world. When small ginseng can completely hide his immortal spirit chi then you can come out. At that time, I would've reached immortal emperor. I don't think there would be any problem then."

Hearing that he would have to go into the golden page world, shadowless put on a crying face but didn't dare to disobey his boss and could only go into the golden page world with small ginseng.

...

At the entrance to the city, Ye Mo and Tang Beiwei went in together.

Tang Beiwei was hollow immortal power and didn't have a strong chi but Ye Mo's chi was obviously extremely powerful. The walking past immortals subconsciously moved over.

Fei Xia immortal city wasn't a big immortal city in the grand heaven domain and even the city lord winter's arrival just an immortal king so Immortal king was the highest level being in here.

"Brother, when you came here alone would you worry?" Tang Beiwei looked at those powerful immortals and asked worriedly.

"I did worry but I met a good friend. He's called Ji Shu. The first time I came to the grand heaven domain, he brought me here and helped me make many friends. Other than one, the rest of them were very nice."

Ye Mo thought of Ji Shu, Qi Beicang, Jiu Ruyan, Yin Hui and Li Kun and them. Other than that Sii Shiyu who was too annoying he got along with the rest of them very well. Li Kun became his big sister too.

“See, that is Fei Xia immortal tower. I met them here. Even now, I still remember the flavor of Drunk Jade Well. It’s not some high quality immortal spirit chi wine but I like that flavor.” Ye Mo pointed at the tower and exclaimed.

“What are you thinking about?” Seeing Tang Beiwei’s eyes drift off, Ye Mo patted her and asked.

“Brother remember the first time we met, it was also in that hotel?” Tang Beiwei looked at this luxury immortal tower.

Ye Mo thought of Wuliang mountain when he almost threw Tang Beiwei who only wore inner clothes down from sixth floor and said guiltily, “Beiwei, it was my bad before.”

“No.” Tang Beiwei suddenly forgot she was an immortal and even forgot this was an immortal realm big city. She grabbed Ye Mo’s arm, “Brother, if it wasn’t you, I wouldn’t even be alive. I’m most grateful that the heavens gave me a brother like you. Actually, I’ve always had something I wanted to ask but I didn’t ask.”

Ye Mo smiled and said, “Ask me.”

“Never mind, I suddenly don’t want to ask. Brother I want to drink some drunk jade well.” Tang Beiwei smiled.

“Then let’s go up and drink. I’ll take you to city lord estate later to see if Ji Shu is there.” Ye Mo walked in with Tang Beiwei. Ever since flying to the immortal realm, he had never been so happy.

Before Ye Mo and Tang Beiwei went in, a dashing light went inside. Ye Mo protected Tang Beiwei by his side and said with confusion, “It was an immortal emperor who just went in. Looking at how angry he is, someone probably offended him.”

Rumble, a tattered figure broke the building and fell on the streets.

A pale faced man held a broken arm in his hand and instantly attached it. His eyes were very cold and didn't have any fear at all. This man was just immortal king primary stage but his killing intent was stronger than some immortal monarchs.

"No wonder you can hurt my disciple. You have some power. You only lost an arm to a casual attack of mine." As the voice sounded, a middle aged man flew out of the immortal tower.

The man ate a few pills and said coldly "Qian Ze immortal emperor, you're a heaven domain lord and yet you attack an immortal king. Pfft, even if I Chu Jiuyu die here today, I still look down you."

Ye Mo was surprised he saw an immortal emperor bullying an immortal king. This happened to him a few times but when he heard Chu Jiuyu, he was shocked. Chu Jiuyu, wasn't he the most famous cultivator in Luo Yue continent South Peace State?

Ye Mo immediately wanted to ask to see if this Chu Jiuyu was the one he guessed and he heard Tang Beiwei whisper to him, "Brother, he's called Chu Jiuyu."

Clearly, Chu Jiuyu was so famous in South Peace State that even Tang Beiwei heard of him.

Chapter 1926: Even Heaven lord has to shut up

Tang Beiwei's words were clearly heard by Chu Jiuyu and that immortal emperor. That immortal emperor's eyes immediately scanned over thinking Ye Mo and Tang Beiwei knew Chu Jiuyu.

The moment this immortal emperor just dazed for a moment, a dashing light appeared at where Chu Jiuyu stood. "Friend no matter what Qian Ze immortal emperor does to you, Chu Jiuyu will get revenge for you in the future."

Chu Jiuyu said but his figure was gone. He activated a transmission rune while the immortal emperor was distracted.

“You want to escape from the emperor with just a mere light transmission rune. Keep dreaming.” Qian Ze immortal emperor sneered and signaled to the immortal monarch behind him while he chased out with his transmission rune.

His hand sign was clearly for his men to take Ye Mo and Tang Beiwei away.

But as soon as he used his mobility technique, he felt this powerful binding. Then, a few invisible spirit sense blades hacked over. The next moment, he found Ye Mo standing in front of him.

“Who are you...” Qian Ze immortal emperor wasn’t dumb. Ye Mo’s powerful domain made him realise that Ye Mo would only be stronger than him.

He had never seen such a powerful person before and someone who dared to stop them directly. When he saw Ye Mo’s power was only immortal king middle stage, he immediately realised, “It’s you, you’re Ye...”

“You’re right, the king is Ye Mo. Were you going to get someone to capture me and my little sister?” Ye Mo sneered at Qian Ze immortal emperor.

“...” Qian Ze immortal emperor was at a loss for words. Even an idiot could see his hand sign just then. He was going to take Ye Mo and Tang Beiwei away. How could he know he was capturing the famous sect leader Ye. If he knew, he would definitely not do something this brain dead.

“So it’s sect leader Ye coming here, Qian Ze don’t dare to be rude to sect leader Ye. Please forgive me.” Qian Ze immortal emperor soon realised his situation. Although he was Chang Rong heaven heaven lord, his power was much weaker than the merchant association Ye Mo annihilated. How could he go against Ye Mo?

“Take me to see Fei Xia immortal city city lord. I’m very busy, don’t waste my time.” Ye Mo scanned Qian Ze immortal emperor and said.

Taking Qian Ze immortal emperor away was helping Chu Jiuyu. As for whether Chu Jiuyu could escape, it wasn't something he cared. Chu Jiuyu used Tang Beiwei's words to get away. although Ye Mo wouldn't get angry at him, Ye Mo looked down on such acts. Ye Mo helped Chu Jiuyu only because he once benefited from Chu Jiuyu.

"Sect leader Ye, I'm Fei Xia immortal city city lord Ji Mufei. I'm here." A middle aged immortal king's voice sounded.

He was just a small immortal king. The Chang Rong heaven lord Qian Ze immortal emperor was here at the city, how could he dare to stay at the city lord estate. Plus, the Mo Yue Immortal Sect sect leader Ye who was famous in the entire grand heaven domain was here too.

"You're Yi Yang immortal king?" Ye Mo found this immortal king was indeed similar to Ji Shu.

"Yes, sect leader Ye." The immortal king quickly replied.

"Ji Shu isn't in the city?" Ye Mo asked.

Yi Yang immortal king never controlled his son too much and didn't know Ye Mo was his son's friend. Now that Ye Mo asked about Ji Shu, he said in horror, "Wan bei never mind my son's business. If Ji Shu offended qian bei, qian bei please..."

Ye Mo nodded, "I'm friends with Ji Shu, I am passing by Fei Xia immortal city so I came to visit him. Since he's not here then nevermind."

Yi Yang immortal king was dazed by Ye Mo's words. After a while, he suddenly realised that Ji Shu got a pill from his friend and reached immortal king. Then, he went out to travel. Which friend had this generosity to give Yi King pill? Who else other than this sect leader Ye?"

"Since Ji Shu isn't here, I'm going." Fei Xia tower was broken so Ye Mo didn't want to go in and drink anymore.

“Ji Shu should be out travelling with Qi Beicang and Jiu Ruyan. I don’t know where they went.” Yi Yang immortal king suppressed the surprise and joy in his heart and replied. With Ye Mo’s backup, even Qian Ze immortal emperor wouldn’t dare to do anything to him.

“Thank you.” Ye Mo then looked at Qian Ze immortal emperor who had an extremely bad face. “You said your disciple was bullied by Chu Jiuyu. It’s probably that little immortal king Lu Mang right? I think he doesn’t need to use a fake immortal king title anymore. By the way, I’ve seen someone called Yan Jiutian bully that Lu Mang. Don’t forget it. I’m going now, don’t let your little immortal king get in my hands.”

Seeing Ye Mo and Tang Beiwei slowly walk out of Fei Xia immortal city, Qian Ze immortal emperor’s face was green but he didn’t dare to say a word. Of course he knows that Yan Jiutian almost killed Lu Mang but he couldn’t find Yan Jiutian at all. As for Ye Mo’s words, he had to shut up and listen even though he was heaven lord.

Who doesn’t know what Ye Mo did at Zha Kui immortal city? Even though Qian Ze immortal emperor was an immortal emperor middle stage, he was nothing to Ye Mo. Everyone knew Ye Mo was a fake immortal king. No one really knows this sect leader Ye’s real power. People can only guess that he’s at least immortal emperor tertiary stage.

...

“So pretty.” Tang Beiwei stood outside Ethereal Immortal Pond and said. She thousand a 3 km long water fall from the sky. Immortal spirit chi circulated everywhere and immortal birds were dancing everywhere.

In her heart, Mo Yue City was already pretty enough but Ethereal Immortal Pond’s beauty was far beyond Luo Yue continent’s Mo Yue City. Only such place could be called an immortal ground.

“It’s only so so, our Mo Yue Immortal Sect is no lesser than this.” Shadowless came out and said.

“Really?” Tang Beiwei had always heard shadowless say that Mo Yue Immortal Sect is very pretty but had never been able to see it.

“Brother, when are we going back. I want to have a home to stay.” Tang Beiwei asked Ye Mo.

Tang Beiwei came from earth and the notion of home was very important to her. Her brother was strong but didn’t have a set home and this made her feel unsafe.

Ye Mo sighed and patted Tang Beiwei’s hair, “We’ll be going back soon.”

No matter how long he cultivates, Tang Beiwei and Ye Ling were his little sisters. He didn’t let Tang Beiwei check her DNA because regardless of the results, they were his sisters to him.

As Ye Mo and Tang Beiwei were talking, the Ethereal Immortal Pond’s formation was open. 12 extremely beautiful immortals stood in the clouds dancing as they greeted Ye Mo.

A white haired woman already greeted. She had two female immortals next to her. One was a young immortal monarch who didn’t look any older than Tang Beiwei.

The white haired woman was an immortal emperor tertiary stage and looked middle aged but Ye Mo felt an ancient chi from her.

“Ethereal Immortal Pond Chi Muli greet sect leader Ye. Welcome sect leader Ye.” The white haired woman bowed.

Ye Mo guessed this woman was the only immortal emperor of Ethereal Immortal Pond. He quickly returned the bow, “I came early to disturb.”

Mu Li immortal emperor replied with some polite words.

The two immortal monarchs next to Mu Li immortal emperor went up and bowed. The older one was the sect leader of Ethereal Immortal Pond Chan Shuang immortal monarch. The extremely young looking one was Yin Yang immortal monarch. Ye Mo didn’t see Yi He immortal monarch.

The greeting ceremony for Ye Mo and Tang Beiwei was very grand. Red rainbow carpets and extremely beautiful female immortals.

Tang Beiwei looked at this and said unhappily, "I heard in South Peace State that Ethereal Immortal Pond was a very righteous sect, they don't seem to be as righteous as imagined."

Shadowless said "I feel this is very good, very pretty and we're taken seriously."

"You idiot, if anyone shows you any smile, you forget your own name." Tang Beiwei looked at shadowless in contempt.

Chapter 1927: Ning Eu's sadness

Ethereal Immortal Pond was extremely hospitable to Ye Mo. Mu Li immortal emperor came to greet, Mi Yun saint chatted with Tang Beiwei. As for the immortal fruits and wine, it was the best quality.

Although Ye Mo had a lot of good things, he wasn't good at making food. Ethereal Immortal Pond's top desserts, immortal fruits and wine made Tang Beiwei and shadowless crack up while eating.

Seeing shadowless and Tang Beiwei so happy, Ye Mo was thinking about how to go look at Ethereal Immortal Well while not being seen by other Ethereal Immortal Pond people. However, he heard Li Mu immortal emperor say, "Sect leader Ye, I have someone in my sect who knows you and wants to talk to you alone. Would you have the time sect leader Ye?"

Someone he knew? Who would that be? He only knew this Mi Yun saint a little.

"Of course I do." Ye Mo said speechless. Wasn't this clear? He was eating the best immortal fruit and wine, how was he not free?

What business could it be? At most it was a few cauldrons of pills.

“Ji Yun, take sect leader Ye over. Mi Yun and I will stay with Beiwei here.” What could Ye Mo say when an immortal emperor was going to stay with Beiwei. He could only follow Ji Yun and leave.

...

Ye Mo and Ji Yun went through a few corridors before coming to a lake. There were water lilies blossoming all over. The faint immortal spirit chi mist gave people a refreshing yet ethereal feel. Ji Yun immediately turned to leave after bringing Ye Mo here.

In a small pavilion a white robed woman had her back facing Ye Mo. She held a blue fruit in her hands. Ye Mo really knew this woman, she was saint Ning Eu. But now she was no longer saint.

Ye Mo saw this blue fruit and thought of Jing Yingli in the Truth Fall Palace. When he first saw her, she used a jade flute too but it was white.

Ye Mo didn't know how Jing Yingli's music skills were but he knew Jing Yingli used the flute to attack. He was certain Ning Eu's flute was just a music instrument.

Ning Eu felt Ye Mo come over and suddenly put the flute on her mouth and started blowing. A miraculous music came out. The surrounding was soon immersed in this lightly sad music. Even Ye Mo felt some sadness.

After the piece finished, Ye Mo missed Luo Ying and them extremely. After a while, he sighed and walked towards Ning Eu. He didn't know why Ning Eu called him here? He didn't even know her as well as Mi Yun.

“Sect leader Ye please sit.” Ning Eu bowed and said softly.

Ye Mo went over and sat down.

“Sect leader Ye, the world is really hard to predict. When you and sister Li Kun came to Ethereal Immortal Pond you just wanted to cultivate at the Ethereal Immortal Well. But now, you're a sect leader

that our Ethereal Immortal Pond martial ancestor needs to greet personally while I'm still the same." There was some faint disappointment in her tone.

Ye Mo didn't answer, he could feel her sadness. In terms of talent, she was second to none. As for status, she just came down from saint. Even though she made a few mistakes, she wasn't punished. Clearly, she has support in the sect. But Mi Yun was immortal king while she was still great eternity immortal. That's why she was sad.

"Ye Mo, what do you think of Fang Chen as a person?" Ning Eu suddenly called Ye Mo's name.

Ye Mo didn't care.

"I don't know him well but I don't really approve of him. I feel even Xiang Changyong's much better than him." Ye Mo said.

Ning Eu nodded, "it's normal that you don't like him." She knew Ye Mo didn't like Fang Cheng. Ye Mo compared Xiang Changyong to Fang Cheng because in Ye Mo's eyes, even an enemy was better than Fang Cheng.

Then, she fell silent again but Ye Mo was getting impatient. He wasn't here to talk about these boring things with her.

Just when he was about to get up and go, Ning Eu suddenly said, "Ye Mo, do you have someone you like?"

Someone I like? Luo Ying, Qingxue, Jingwen and them flashed before his eyes and he nodded, "Yes I do."

"I do to." Ning Eu suddenly showed some joy on her face, "He's Fang Chen. He's not very magnanimous but I like him."

Ye Mo frowned. He knew she liked Fang Chen but why was she telling him this? he wasn't friends with her.

“Actually, I’m willing to be your dao partner but I don’t want to lie to you. I will always be thinking about him in my heart. If you don’t mind me thinking of him, I’m willing to be your...”

Ye Mo interrupted, “Wait goddess Ning Eu, what do you mean? When did I say I would be dao partners with you? Where did you hear this?”

She liked Fang Cheng and even if she didn’t Ye Mo didn’t want to be dao partners with her.

Ning Eu got up and said with a pale face, “Didn’t you come to Ethereal Immortal Pond to propose to me?”

Ye Mo rubbed his head speechlessly, “Do you think I’m someone who has the time to do that? Plus, I’ve never thought of finding a dao partner. Even if I am...”

Ye Mo didn’t say the rest but he meant that even if he was, he wouldn’t be asking Ning Eu.

Ning Eu looked dazily at Ye Mo and her face went more pale. The words of sect leader Chan still sounded by her ear.

“Sect leader Ye is extremely talented. He’s not only an immortal formation grand master but also an immortal pill grand master. He rejected all the invitations of the big emperor sects but agreed to our Ethereal Immortal Pond’s invitation. I’ve thought about it, other than you, there would be no other reason. Mi Yun said that you brought him over. There might be some misunderstanding between you guys later on but I believe you should explain that now...”

“Sect leader, sect leader Ye knows I have someone I like...”

“Sigh, that sect leader Ye is a prideful person. He might have some misunderstandings due to this. No matter what he thinks, as long as you try I will give you a Yi King pill.”

“Actually...”

"In the small heaven domain. you gave the Peng Yue immortal fruit you got to Fang Cheng. Don't think no one knows about it. That's why the sect didn't give you Yi King pill. Don't compare with Mi Yun. Mi Yun made a deal with Ye Mo and she got more than one Peng Yue immortal fruit. I'll put my words here today. If Fang Cheng can give you a Yi King pill then I'm wrong. Otherwise, this would be the only chance you can get a Yi King pill. if you're still going to give up on that then you can blame no one but yourself."

"Yes, sect leader, Ning Eu understands..."

Seeing Ning Eu's gradually more pale face, Ye Mo frowned, "goddess Ning Eu, are you okay?"

"I'm fine, sorry, sect leader Ye, I thought wrong. I'm going, do as you wish." Ning Eu got up and bowed.

"Wait..." Ye Mo stopped her.

"Thank you, you brought me to Ethereal Immortal Well last time." Ye Mo thanked her first.

Seeing Ning Eu didn't answer he could only say, "Goddess Ning Eu, I want to ask you something. Did you give the jade card you used to take me into the Ethereal Immortal Well to Mi Yun?"

Ning Eu shook her head, "Martial sister Mi Yun didn't take it from me and said she would leave it with me for now."

Ye Mo rejoiced and saluted with his fists, "Goddess Ning Eu, I want you to help me with something."

Ning Eu looked at Ye Mo and laughed in self mockery, "You can use it and give it back to me. I've already broke the rules once, I don't mind breaking it a second time."

Ye Mo took the jade card awkwardly, "I have a more over the line request. I want to go into the Ethereal Immortal Pond for cultivation but I don't really want your martial ancestor and others to know."

Ning Eu shook her head, "From here to Ethereal Immortal Well everyone can see you. It's impossible to be not seen."

Ye Mo quickly said, "I have a way for no one to see but I'm afraid that when people look for me, they don't know where I went."

Ning Eu thought for a moment and said, "Sect leader Ye, come with me."

Chapter 1928: The goddess in Ethereal Immortal Well

This was the first time Ye Mo came to Ning Eu's room. The layout made the room seem lightly distressed.

"You can stay in my room, as long as I don't go out the sect leader would definitely not come find you." Ning Eu said.

Ye Mo looked at her and he thought she was going to make a request for helping him. Seeing her say nothing, Ye Mo immediately realised what was going on and said, "You're going to leave Ethereal Immortal Pond?"

Ning Eu smiled faintly, "Yes, I'm going to leave here. I made too many mistakes in the sect. Not being punished is the most that qian bei can help me to do. If I stay in the sect I will never be able to reach immortal king so there's no need to stay here. Although I like Fang Cheng, if you're going to take me away I will go with you.

It seems both the sect leader and I are mistaken. This is the last thing I can help you with. Other than on sister Li Kun's account, it's also my approval of you but this would soon be found out and I will be punished more so I can't stay here."

Ye Mo understood her predicament and nodded, "Then I'm going, if you need a sect in the future to stay, Mo Yue Immortal Sect welcomes you at any time."

Ning Eu smiled sweetly and her mood actually felt better.

...

Ye Mo had been to the Ethereal Immortal Well once and in a short time, he went stealthed from Ning Eu's room to that peak.

Ye Mo patted the jade card in the air and a ripple formed as a void door appeared before him. He quickly grabbed the card and went in.

Seeing this Xiang Peng wooden house Ye Mo suddenly felt his attitude last time was funny. When he saw this house, he just wanted to take it but now, he felt nothing at all.

Ye Mo took off his clothes without hesitation and went into this well. When he went in last time, he felt like he was stabbed by needles but now, it was just like ordinary boiled water.

He knew that with his immortal god body body refinement his body wouldn't be torn even if he wore clothes but he wanted to test if this well would be beneficial to immortal god body at the back so he took off his clothes.

Ye Mo knew that the tearing was stronger as he went further in. last time, he was able to get to that platform due to that middle aged scholar helping him. This time, he scanned his spirit sense over but didn't see a spirit sense scanning back.

Theoretically, that land was the middle aged scholar's. Even with spirit sense limitation, that man should be able to scan further than him after staying here all these years. That man should've definitely noticed him. On top of that, Ye Mo felt that even as immortal god body middle stage, the well had some help for body refinement at the back.

But Ye Mo could tell it wasn't much help to him.

Ye Mo sped up and his spirit sense completely scanned out. His spirit sense was thousands of times stronger than before. Even though spirit sense restriction was too powerful here, he could still scan much further than before.

At the same time, Ye Mo scanned another naked person in the well and he completely dazed.

He didn't expect there was another woman, another completely naked woman. At this moment, this woman stared at him in horror. Her eyes were full of disbelief and fury.

Ye Mo immediately realised that this woman was from Ethereal Immortal Pond. Perhaps she was doing body refinement. Without hesitation, Ye Mo was about to take out a set of clothes.

Just when he grabbed the clothes, that woman yelled in horror, "Don't put clothes on."

"Why?" Ye Mo asked in confusion. He didn't feel awkward even if he was naked to a woman after all these years of cultivation but he should put on his clothes quickly.

"This is Ethereal Immortal Well, if you dare to put clothes on you will soon be torn to pieces...." This woman said as she sped towards the platform Ye Mo went on before.

Ye Mo looked at that woman as she quickly took out a set of clothes to put on. He praised her body in his heart, this body was on par with Zhen Bingyu. The two red cherries topped the two sturdy white hills. Water trickled down her chest past her waist.

"Don't look..." This woman was clearly an immortal king but under Ye Mo's gaze she couldn't even put her clothes on.

Ye Mo woke up and quickly put his clothes on.

"Ahh..." The woman saw Ye Mo really put clothes on in the well and screamed forgetting that her clothes wasn't put on yet.

Ye Mo put on clothes and then landed on the platform. He stared at that woman, "hurry up and put your clothes on, what are you screaming for?"

This woman suddenly woke up and quickly put her clothes on. She was shocked that Ye Mo could put clothes on in the Ethereal Immortal Well. That mean that Ye Mo was immortal god body.

Now, Ye Mo's clothes had been dried by his immortal essence.

"You, how do you are to put clothes on in the Ethereal Immortal Pond? How are you completely fine? You're only an immortal king middle stage?" The female immortal said. There was no longer embarrassment and fury on her face but more shock.

Seeing the woman didn't talk about the awkward scene and instead asked about him putting on clothes in the Ethereal Immortal Pond, he looked higher of her and smiled, "Because my body refinement cultivation is higher than yours. By the way, you're a sect members of Ethereal Immortal Pond right?"

Then, Ye Mo's spirit sense carefully scanned this huge rock. The middle aged scholar had disappeared and so had the stone stools and tables. Ye Mo still looked around carefully. That scholar was at least a half divine, he had to be careful.

The woman immediately thought of what happened before and covered her embarrassment, "You're definitely not an Ethereal Immortal Pond sect members, how did you get in here?"

Ye Mo didn't answer her and instead asked, "Did you see a middle aged scholar here, he's sitting at that position."

"No, there was no one here when I came." The female immortal shook her head while studying Ye Mo with confusion. Ye Mo's words meant that he had been here before.

"How long have you been here for?"

"23 years."

"You're not from Ethereal Immortal Pond right?"

“How do you know?” the female immortal blurted out.

Ye Mo guessed but he was very certain of it. Ning Eu had been in Ethereal Immortal Pond lately and didn’t go out. If someone could go in the high level cultivation area, there was no way she wouldn’t know. If there was a female sect members cultivating there, she definitely wouldn’t lend him the jade card.

However, her subconscious words made Ye Mo doubt things. Someone who could cultivate to immortal king would have some brains. This woman seemed to have blurted it out accidentally.

This woman’s actions and words were all very natural and didn’t seem fake. He could even feel her telling him not to put on clothes in the well due to worry coming from the bottom of her heart.

Ye Mo felt her age was no older than Ning Eu and her body didn’t have an ancient qi. Ye Mo shook his head, he was suspicious of an ordinary female immortal.

But how did she come in when she wasn’t from Ethereal Immortal Pond. It was hard for even him to get in the sect without being found much less the Ethereal Immortal Pond.

As though knowing what Ye Mo was going to ask, the female immortal said, “I’m a body refinement cultivator and hearing there was an Ethereal Immortal Pond here, I asked a friend from Ethereal Immortal Pond to bring me in. I snuck into the ordinary region with her because I’m already immortal spirit body primary stage...”

Ye Mo knew what she meant and asked, “You’re saying ordinary region is connected to here?”

Chapter 1929: Mysterious woman

“Yea but that entrance is very hard. I went around looking when I felt the cultivation effect at the ordinary region was average. In the end I found here. When I came in I was only immortal spirit body

primary stage but now I'm immortal spirit body middle stage. This is indeed a good cultivation sacred ground." The female immortal saw that Ye Mo didn't seem to come in through appropriate means.

"Luckily, I didn't go the wrong direction. Otherwise if I went into ordinary region and saw..." Ye Mo quickly stopped.

The female immortal immediately realised what Ye Mo meant and just said with slight awkwardness, "You wouldn't be able to find it. I don't know how I come in. I wanted to go back to the ordinary region but I haven't been able to find the way. Otherwise, I would've been out already why would I wait till today. How did you come in? Can you help me get out?"

"Of course I can take you out but you need to tell me who you are. And, I need to find some things here." Ye Mo was looking for trails the middle aged man left behind.

The man was at least a half divine. Although Ye Mo didn't offend him, Ye Mo use dhis star core flame and removed his teleportation mark making this guy get nothing in the end. If this guy left, he would have another powerful enemy.

Ye Mo rubbed his head, he was speechless. He always offended those powerful people. But that was unavoidable, ordinary people wouldn't have conflict of interest with him. Ever since he got the bitter bamboo and time formation disk, it meant that he would have conflicts with those standing at the pinnacle of the immortal realm.

"I don't know who you are yet, where do you come from?" The female immortal hesitated and asked carefully.

"I'm Ye Mo, I'm friends with the Ethereal Immortal Pond saint. With her help I snuck in." Ye Mo knew Ning Eu was about to leave so he didn't hide it.

The female immortal breathed easy and didn't even ask more about Ye Mo and said, "I'm called Yu Su, I come Fen Du heaven Aroma realm."

Ye Mo had never heard of this place but he didn't care.

At this moment, Ye Mo had carefully searched the place where that middle aged man was. There was no trails, he looked disappointedly at Yu Su and asked, "Goddess Yu Su, did you see anything special here or any trails?"

Yu Su shook her head, "No, when I came here it was a huge flat stone platform. I cultivated in here and when I rested I put the immortal artefact cultivation home on this platform."

Ye Mo thought of the red card he threw out and the mark inside. He suspected that someone else crushed the card or the middle aged man activated the teleportation mark and someone else was teleported in and used by that middle aged man.

Perhaps the woman came here because she activated the rune.

Thinking about this, Ye Mo said, "There was originally a middle aged man here. I came here to find him this time but he's gone. This guy is quite strong and good at setting up stealthed spirit sense marks. After he left, you're the first to come here. I want to check if he's left any marks on your body is that alright?"

"Huh..." Yu Su looked at Ye Mo with uncertainty and said "Martial brother Ye, you're going to check my body?"

Ye Mo showed a little awkwardness, "if it's not convenient then never mind. We cultivators shouldn't care too much about these things."

Ye Mo really wanted to say he had already seen her naked so it was fine if he checked.

"I, I..." Yu Su couldn't speak.

Seeing her tone and expression, Ye Mo knew that she clearly didn't want to be checked.

Ye Mo was thinking that if she had a mark, he would force it out and put it on him. The next time, he would be able to find that middle aged man with it. That way, even if the man was in a disguise, Ye Mo would be able to recognize him.

Just when Ye Mo was about to give up, Yu Su suddenly said, "I'm willing to let you check as long as martial brother Ye takes me out later..."

Yu Su was an immortal king but she lowered her head as she said this. clearly, she hadn't come across this situation before.

"Don't worry, I will definitely take you out." Ye Mo said.

Yu Su was a bit hesitant but still gave Ye Mo her wrist. Ye Mo grabbed it and that smooth feeling made Ye Mo think that Yu Su's skin was perfect. Zhen Bingyu's skin was like this too. It seemed that all body refinement cultivators regardless of sex had good skin.

After Ye Mo just scanned half of her body with her immortal essence, he was shook.

"What's wrong?" Yu Su noticed Ye Mo's reaction and subconsciously looked up at him with some rudiness on her hair.

"Nothing, it's because I'm a bit embarrassed. Sorry, I'm already done checking. There's no spirit sense mark on you." Ye Mo quickly put his hand down.

"It's okay, I'm very nervous too." Yu Su lowered her head even more and said shakily. Without needing to look, Ye Mo knew her red was even more vibrant.

Ye Mo smiled awkwardly. He was extremely shocked, this woman was immortal emperor peak stage and even half divine. Not only that, her body refinement cultivation was not at immortal spirit body middle stage but at immortal spirit body peak. If he didn't have Three Birth Chant and grabbed her wrist to check, he really wouldn't be able to see.

This woman probably looked down on him too much and thus was willing to give her wrist for him to check.

This woman didn't have any ancient chi but she clearly didn't possess this body. Her body was definitely rebuilt by some powerful treasure. That's why it felt so natural.

The scene became awkward. Ye Mo didn't speak and Yu Su didn't either. Ye Mo was concerned, he was thinking if the missing middle aged scholar was related to this immortal emperor. Meanwhile, Yu Su had this sliver of intimacy on her face. As for whether it was real or fake, both Ye Mo and her knew.

Ye Mo was shocked why this woman didn't capture him straight away and instead play this game with him.

"My body refinement is about to be immortal spirit body tertiary stage, is your body refinement cultivation really higher than mine? Are you immortal god body?" Yu Su finally broke the tense atmosphere and asked.

Ye Mo suddenly realised, this person hasn't attacked yet. Was it because she wanted his body refinement cultivation method?

"Yes, I'm immortal god body that's why I'm not scared of the water here." Ye Mo admitted.

"Martial brother Ye, I've reached immortal spirit body peak but I still haven't been able to break through do you have any experience?" Yu Su blurted out and then realised that she was too blunt. She quickly gave a jade bottle to Ye Mo, "Martial brother Ye, sorry, I believe that body refinement cultivation method must be amazing. I don't dare to ask for your body refinement cultivation method but I want to ask you to teach me. You can have this monarch will pill."

"Monarch will pill?" Ye Mo repeated and studied the jade bottle in shock. Even an immortal emperor might not be able to take it out so easily. This Yu Su was so generous.

But to Ye Mo, this pill was just a candy to him.

Ye Mo quickly said, "Goddess Yu Su I'm really sorry. My body refinement cultivation method is passed down from my family I can't give it away. Since that middle aged man is gone, I'm going too. If you're willing then come with me."

She was an immortal emperor peak, Ye Mo believed she could leave at any time and didn't need his help at all.

"It's okay you can take it." Seeing that Ye Mo could even reject monarch will pill, there was a sliver of shock in her eyes but she quickly stuffed the jade bottle into Ye Mo's hands

As soon as Ye Mo touched it, he felt a powerful immortal essence enter his meridians silently.

"Sorry." Yu Su's smiled shyly.

Chapter 1930: The woman's origin

This woman wasn't going to do things the hard way. Ye Mo was long wary of her and even if he wasn't, there was no way she could use that way to subjugate Ye Mo.

Just when Ye Mo wanted to counter attack and subjugate her, he suddenly stopped and allowed her immortal essence to control his meridians.

He finally realised why he saw her naked and she was only angry for a brief moment but didn't choose to attack. She really was only immortal king power, barely immortal king tertiary stage.

Thinking about this, Ye Mo realised what was happening. Yu Su used the top treasure to rebuild her body but it had only been a short time and she hasn't recovered her power level yet.

Recovering her power in the Ethereal Immortal Pond after rebuilding her body was the best choice. However, her ambitions were great. Not only did she want to recover her power, she wanted to use the Ethereal Immortal Pond for body refinement. This was why her cultivation recovery speed was so slow. She probably didn't expect that there was another man in here.

Seeing Ye Mo being subjugated by her, Yu Su took off a storage ring from Ye Mo's finger and smiled, "martial brother Ye, don't blame me. I think you're a good person but I really like your body refinement cultivation method."

Although Ye Mo knew that age was not as important as cultivation level, Ye Mo still felt strange. This woman just rebuild her body was she was a countless year old monster. Yet she put on the little girl act.

"No wonder you don't want my monarch will pill so you have an extreme grade monarch will pill. You have this many extreme grade immortal artefacts? You're really wealthy for a mere immortal king. Hmm..."

Yu Su took out a blue robed female immortal robe and stared at it for a long while before saying, "No wonder you weren't seduced by me. You have a woman but I quite like someone as loyal as you."

The blue robe was Zhen Bingyu's. The unused clothes he bought her were left in the storage ring. As for the monarch will pill and Yi King pill, Ye Mo was planning to give it to Mi Yun and Ning Eu. Mi Yun took care of Beiwei when he and shadowless were hunting Zhi Zong immortal emperor and she helped him in the small heaven domain so she deserved a monarch will pill. Ning Eu helped him into the Ethereal Immortal Pond twice, of course he wouldn't be stingy to her for a Yi King pill."

Yu Su searched for a while. Although Ye Mo's storage ring was wealthier than an ordinary immortal king, it was only so so.

Throwing the storage ring aside, Yu Su said calmly, "Give me your body refinement cultivation method method. I'm easy to talk to compared to all those years ago."

Ye Mo looked at Yu Su and asked calmly, "You're probably not from Fen Du heaven Aroma Realm right?"

"You're not worried? Or scared?" hearing Ye Mo's calm tone, Yu Su asked in some shock.

"I'm scared you would let me go?"

“Even if I let you go I can kill you at any time but I don’t like trouble so I won’t let you go for now. As long as you listen to me I really wouldn’t kill you.”

“Then why would I be scared?”

“You’re right, I really like your character. Do you want to know who I am?” Yu Su smiled sweetly.

“If you’re willing to tell me, I’m willing to listen.” Ye Mo smiled.

Yu Su was a little shocked, she walked up to Ye Mo again and sealed ten more meridians before shaking her head, “If I didn’t subjugate you myself, I would think you’re not subjugated. You need to think clear. If you don’t know who I am I really won’t kill you but if you know who I am you won’t have that chance.”

Ye Mo sneered, “Whether you will let me live or not I really don’t care. I’m scared that even if you would leave me alive, you wouldn’t let me go easily.”

Yu Su laughed, “You’re really interesting but even if I tell you you might not know. My name is Yu Jinxiang. Haha, even I’m about to forget my name.”

“Yu Jinxiang?” Ye Mo really had heard of this name before.

“You’ve heard of my name?” For someone as old as her, she could easily see Ye Mo’s expressions.

Ye Mo didn’t hide it, “I’ve heard of your name indeed. Not only that, someone made a deal with me. If I kill you I would get a magic artefact and an absurd heritage.”

“You agreed?” Yu Jinxiang really asked this subconsciously but then she realised it was pointless.

“No, I was only golden immortal at the time. If I agreed to that guy, it would be suicide.”

“You’re not dumb. Tell me, where is that guy. If you take me there, I’m willing to let you live. haha, ever since I rebuilt my body my personality got a lot better. I actually don’t have the desire to kill you and instead want to let you live. This is really strange.

Yu Jinxiang wasn’t lying. If it was before, she wouldn’t use this peaceful tone and way to deal with Ye Mo.

Ye Mo smiled and said pridefully, “I don’t need other people to spare my life. I control my own life. Even annihilation divine damnation won’t be able to take it away from me.”

Then, Ye Mo patted the dirt from him and got up.

“You weren’t sealed by me?” Yu Jinxiang looked at Ye Mo in shock. She really didn’t understand how Ye Mo wasn’t sealed up. She clearly sealed Ye Mo’s meridians. If she didn’t approve of Ye Mo, she would’ve twisted his dan tian.

“After rebuilding your body, your cultivation level only recovered to a mere immortal king tertiary stage, yet you want to seal my meridian? Are you arrogant or prideful? You can only blame your news for being too outdated. If you went out for a spin, you wouldn’t think so.” Ye Mo smiled.

“Just who are you?” Yu Jinxiang’s face changed and a golden fan appeared in her hands.

Ye Mo didn’t wait for her to release the fan and then grabbed in mid air. Yu Jinxiang immediately felt the terrifying pressure around her. It was as though she was instantly bound. The next moment, the golden fan appeared in Ye Mo’s hands.

“You’re not immortal king, you’re an immortal emperor?” Yu Jinxiang looked at Ye Mo in shock, her face was extremely pale and her eyes were full of despair.

In order to rebuild her body, she went through all sorts of hardships and had succeeded but at the last minute, she fell in the hands of Ye Mo.

She could tell Ye Mo hadn't cultivated for long. Reaching immortal king middle stage was his peak. How could he be an immortal emperor?

Ye Mo smiled and didn't die. Because he wasn't, he hid his power level making other people think he was immortal emperor.

"You know Xian Lan merchant association right?" Ye Mo had decided to scare her first. Yu Jinxiang and Kai Mi were different. She possibly knew more. He needed to get more answers from her.

"It was annihilated by me. I killed both of the immortal emperors. Xian Lan merchant association is now history and will never appear again." Ye Mo said coldly.

"You annihilated Xian Lan merchant association and killed two immortal emperors?" Yu Jinxiang repeated.

"Of course, not just that I taught Wei Feng grand emperor a lesson and chased away Zhi Zong immortal emperor. However I didn't kill him, he was killed by his martial brother Lang Xuan immortal emperor."

Ye Mo bluffed. He clearly was at the lower hand in the battle with Wei Feng grand emperor but he said he taught him a lesson. Yu Jinxiang didn't see it anyways, if she was scared dumb, she would be much easier to talk to.

"You can still come here after annihilating the two immortal emperors of Xian lan merchant association?" Yu Jinxiang looked at Ye Mo with suspicion.

"Why can't I come here?" Ye Mo knew Xian Lan merchant association had a backup but he didn't know who it was. Yu Jinxiang seemed to know.

Yu Jinxiang said, "The back up of Xian Lan merchant association is Blood Cauldron grand emperor. Almost no one knows this but I do. I'm curious why Blood Cauldron grand emperor didn't look for your trouble after you annihilated Xian lan merchant association."

"Blood cauldron grand emperor of the four grand emperors?"

“That’s right. Although Wei Feng grand emperor has the title of grand emperor, he’s nothing compared to Blood Cauldron grand emperor.” Yu Jinxiang sneered.

This was Ye Mo’s first time hearing this and he asked, “Ever since Hao Heaven grand emperor was killed by the others, I’ve never heard of Blood Cauldron grand emperor. Usually for big things, it’s Feng Kong grand emperor and Dragon River grand emperor. Blood Cauldron probably died right?”

“You even know how Hao heaven grand emperor died?” Yu Jinxiang was more shocked. She even suspected that Ye Mo was an old monster like her.
