Chapter 1931: The number one master Gongzhi Cangming

“Don’t ask me how I know, tell me what you know.” Ye Mo interrupted.

Yu Jinxiang really wanted to know who Ye Mo was but she had to listen to Ye Mo. She could only reply “because Hao Heaven grand emperor got a dead dao fruit.”

Ye Mo didn’t know what it was but after looking at the jade slip Kai Mi gave him he already knew that it was the number one immortal fruit of the immortal realm. Of course, this is just to immortal emperors and divine emperors.

It was much more precious than even chaos blue reed because it was a few of the rare fruits that could increase the life span of an immortal emperor.

Ye Mo didn’t know before but now he knew that even immortal emperors and divine emperors had life spans. No ordinary immortal emperor or divine emperor’s life span could break through the 10 million years barrier. But Ye Mo now realised that this divine emperor only meant Dao Moulding Divine Emperor.

There was only truth divine emperor in the entire immortal realm that could reach Dao Nourishment Divine Emperor. As for Dao Actualisation Divine Emperor, there was none.

Theoretically, anyone could vindicate dao as long as you keep cultivating but in reality, only a few people could do this. no matter how hard you keep cultivating, you don’t have that lifespan. Possession couldn’t increase life span. The only way to increase life span was relying on top immortal materials and spirit items.

Death dao fruit was the top chaos spirit fruit. It could increase 990 thousand years for an immortal emperor and help immortal emperor learn dao art and reach dao vindication.

“You know of death dao fruit?” Yu Jinxiang saw Ye Mo didn’t ask a question about it despite looking confused.

"I'm asking you now." Ye Mo's tone sunk.

Yu Jinxiang patted her head and smiled sweetly as though not caring about her predicament.

"You're an immortal emperor. You probably know that even divine emperors can't reach eternal life. I've heard there are higher levels after divine emperor but if you don't have the life span to venture those states, it's pointless."

Yu Jinxiang's words let Ye Mo know that she didn't know about Dao Moulding Divine Emperor Dao Nourishment Divine Emperor and stuff.

Ye Mo didn't explain and signaled her to keep talking.

"Hao Heaven grand emperor probably got a death dao fruit but the three other grand emperors knew about this. Of course Hao Heaven grand emperor didn't want to share it so he was ganged up on by those three grand emperors." Yu Jinxiang shook her head.

"Then what about the death dao fruit?" Ye Mo asked.

"Then Feng Kong grand emperor and Dragon River grand emperor ambushed Blood Cauldron grand emperor..."

"No wonder there was no more news of Blood Cauldron grand emperor. He was ambushed by these two guys." Ye Mo said in realization and then added, "Was the death dao fruit robbed by blood cauldron grand emperor so Feng Kong and Dragon River joined up to kill Blood Cauldron grand emperor?"

Yu Jinxiang nodded, "IT was so indeed. But only four people in the world knows that Blood Cauldron grand emperor didn't take the death dao fruit and I happen to be one of them."

"You're saying that the death dao fruit is still in Hao Heaven grand emperor's hands? How do you know?" Ye Mo knew that he was tricked by Hao Heaven that bastard again.

Ye Mo felt strange, he got Hao Heaven's belongings but didn't get some death dao fruit.

Yu Jinxiang didn't answer Ye Mo's words directly and instead asked, "Martial brother Ye, how do you think of my stealth cultivation method?"

"Not bad, your cultivation level hasn't completely recovered but you've hid your immortal emperor tertiary stage peak to immortal king tertiary stage. Even I almost didn't see through it." Ye Mo said.

"You actually saw through my real power level?" Yu Jinxiang stared at Ye Mo with her mouth wide open in shock. She thought Ye Mo only just vaguely sensed her power level.

Seeing Ye Mo not talk, Yu Jinxiang immediately realised. She said in a more genuine tone, "I was harmed by Yin Ping and took my broken body to a dangerous place. In that place I met my fortune, I got a Luo Xiao Wu wood..."

"Luo Xiao Wu wood?" Ye Mo had to admire Yu Jinxiang's luck. Theoretically, that wood was on par with death dao fruit as it could perfectly rebuild the body and also perfect one's immortal spirit root.

"That's right. At the time, my body was very broken. I just needed to peacefully recover for tens of thousands of years and my cultivation level wouldn't be damaged too greatly. But of course, my cultivation level would stop progressing. But after seeing the Luo Xiao Wu wood I courageously severed my broken body and used it to rebuild a new one." Yu Jinxiang said.

Ye Mo admired her decisiveness. But if he was in the same situation, he would do the same.

"After that, my personality changed a lot. If it was before and you saw my body, I would kill you straight away instead of talking to you for so long. Luckily, I didn't do that. Otherwise, I would be flying dust now."

Yu Jinxiang laughed in self mockery, "When I was rebuilding my body, Blood Cauldron grand emperor came to my place. I quickly hid my chi and didn't dare to move at all. Luckily, with the help of the Luo Xiao Wu wood, I was able to fuse into one with my surrounding. Blood Cauldron grand emperor didn't notice anyone around here. Perhaps it was because he was heavily injured."

“He was injured very heavily?” Ye Mo asked.

Yu Jinxiang nodded, “His injuries were no lighter than mine and his essence spirit seemed to be heavily injured.”

Yu Jinxiang continued, “He just stayed for a brief moment and sent a news. A few days later, another woman came. She was only immortal emperor primary stage and was very shocked when she saw Blood Cauldron grand emperor this heavily injured. She immediately helped Blood Cauldron grand emperor recover. Then, she asked why Blood Cauldron grand emperor was this heavily injured, he told her about the death dao fruit. I turned into a plant there and was thus able to hear it clearly. I heard about the Xian Lan merchant association there.”

“Then according to you, Blood Cauldron grand emperor should be fine?” Ye Mo asked strangely.

“Yes, there was many years between Hao Heaven grand emperor being killed and Blood Cauldron grand emperor being injured. After Blood Cauldron grand emperor was saved by that woman, he should theoretically be fine. That’s why I felt strange why he didn’t look for your trouble after you annihilated his Xian Lan merchant association.” Yu Jinxiang said.

“Thanks for telling me this.” Ye Mo patted the fan in his hand, “But how should I deal with you? Should I kill you or do something else. I’m really troubled.”

Yu Jinxiang smiled, “Martial brother Ye, regardless of before body rebuilding or after body rebuilding, I’m a virgin. If you don’t mind me being a bit older and are willing to let me go after doing something I’m willing to. But looking at you, you don’t have that intention at all. I really want to ask you to let me go but I can’t find a reason. I can only tell you that I never thought of killing you after subjugating you regardless if you believe me or not.”

Ye Mo smiled, “Yu Jinxiang I believe your words. Age is nothing to cultivators. You’re right, I really don’t have other intentions for you. I need to ask you one more thing, when you came, was the middle aged scholar still here? Did you take him out?”

Yu Jinxiang shook her head, “I really didn’t lie to you. When I came, this place was empty and because this platform here was convenient for resting, I chose my body refinement grounds here.”

Ye Mo nodded, "I have one more thing to ask. When I was at the low heaven domain chaos star realm, I saw a golden skeleton. It only had one hand remaining and the hand was clasping a staff. That guy told me to kill you. He only had a sliver of essence spirit left, do you know that guy?"

It was that guy who marked Ye Mo with spirit sense. if it wasn't Zhen Bingyu, Ye Mo really wouldn't even know. Even now, Ye Mo kept that spirit sense mark in his golden page world.

Yu Jinxiang's eyes dimmed down. After a long while, she said, "I know him. if I'm not wrong, he's the number one master of Nan Ming heaven Zen Temple Gongzhi Cangming. He hasn't vindicated dao but he's the top half divine. He's extremely powerful. I didn't expect he died at low heaven domain chaos star realm with only a sliver of essence spirit left."

#### Chapter 1932: Stealing People

"I think he's probably poisoned. His forehead bone was completely back. It's a top poison. Even his sliver of essence spirit still couldn't remove the poison up until now and had to stay under water. In time, I'm afraid even his sliver of essence spirit would be eroded." Ye Mo said.

"Poisoned?" Yu Jinxiang said in surprised, there was a sliver of guilt in her eyes.

Ye Mo asked in confusion, "Did you kill him?"

"No..." Yu Jinxiang shook her head.

"I thought you killed him. Since you didn't, why are you feeling guilty?" Ye Mo asked.

"Gongzhi Cangming was a monk but he was the most wanted dual cultivation partner at the time in the immortal realm..." Yu Jinxiang's tone immediately made Ye Mo guess that she probably liked him too.

Seeing Ye Mo understand a little, Yu Jinxiang said, "You wouldn't think I have a crush on him would you?"

Ye Mo didn't answer this time. He wasn't that bored. He didn't care at all if she had a crush on Gongzhi Cangming.

Yu Jinxiang didn't intend to let Ye Mo answer and kept saying, "I happened to be the rare few people who didn't have a crush on him. He was extremely handsome and a great character. His talent and intellect were all the best. Most importantly, his power was unrivalled amongst peers. Martial brother Ye, if I didn't see your body then just in terms of looks you're far from Gongzhi Cangming."

Ye Mo didn't interrupt her. He felt she had some purpose bringing him up.

"I've seen him many times and wherever he went he was the focus of attention." Yu Jinxiang said with some sadness, "Until that gathering in Qing Wei heaven, he saw me. I was wearing a face veil at the time but he rudely used his spirit sense to pierce my face veil and saw my face. Ever since then, he ignored all other goddesses and focused on chasing me."

Ye Mo subconsciously looked at Yu Jinxiang. To be honest, she was pretty but just as she said, if one didn't look at her body, she was only pretty. She was far from a level that people couldn't stop looking at her. Even compared to Ning Eu, she was a few levels lower.

How could she make Gongzhi Cangming fall love with her on first sight. No matter how shameless Gongzhi Cangming was, he wouldn't use his spirit sense to scan her entire body.

"Do you think my looks are only so so?" Yu Jinxiang saw what Ye Mo thought from his face.

"Indeed, I believe Gongzhi Cangmign had seen too much extremely beautiful female immortals. You're not bad but not to the degree for him to fall in love on first sight right?" Ye Mo said straight forwardly.

Yu Jinxiang laughed in self mockery, "It's because ever since I rebuilt my body I changed my looks completely. I hated the look I had before."

Ye Mo didn't want to keep listening and waved his hand for her to stop, "I'm going to go, I don't want to listen to this sort of gossip."

"No, I'm almost done." Yu Jinxiang didn't stop, "Gongzhi Cangming's power was extremely high and very smart. Seeing that I wasn't interested in him, he used all means to chase me. I got many benefits from him and even realised his secret to cultivating so fast and being so smart but I still couldn't like him. In the end, I could only go but he felt he got me."

"You left, and he thought he got you? What do you mean?" Ye Mo looked at her in confusion.

"Because I have a twin sister called Yu Yinping. She looks almost exactly the same as me. As for whether or not she likes him, I'm not certain but I'm certain they've been together. Gongzhi Cangming's black forehead is probably due to her ambush. Other than her, no one can ambush him." Yu Jinxiang said in a sad tone.

Ye Mo realised, "So you were ambushed by your sister too?"

"Yes, I was ambushed by her. Luckily I saw Luo Xiao Wu wood. I hated my original look. It wasn't because it was too ugly or pretty but I looked too similar to Yu Yinping." Yu Jinxiang's tone when mentioning Yu Yinping was extremely calm.

Ye Mo frowned, "I heard how absolute the tone of Gongzhi Cangming was when he said to he was going to kill you. You're saying that he likes you. If it's really so then how could he use such a tone to ask someone to kill you."

"Perhaps his personality changed, sigh."

Yu Jinxiang sighed and said after a while, "I don't feel your killing intent towards me. I'll tell you something. I'm certain that Yu Yinping doesn't truly like Gongzhi Cangming. She's with Gongzhi Cangming to steal his Abstruse Yellow Orb (The orb the main character in Gate of Good Fortune got). That's the secret of Gongzhi Cangming. He loved me too much and told me. It's no wonder that Yu Yinping can know."

"What is Abstruse Yellow Orb?" This was the first time Ye Mo heard of this thing.

“Abstruse Yellow orb is a natural spirit treasure. It can form abstruse yellow chi. Abstruse yellow orb can become one’s own world. It’s purer than truth spirit world. cultivating inside can allow one to devour abstruse yellow chi. The chi inside is formed naturally. Once a cultivator devours it, it can cleanse intelligence and immortal root. It would automatically correct the wrong parts of a cultivator’s cultivation method. At the same time, cultivating inside the orb will make you many times faster than anyone else. Usually, those who cultivate in the Abstruse Yellow Orb are invincible amongst their peers.”

Hearing this, Ye Mo took in a cold breath. This Abtruse Yellow Orb could match his golden page world and had the use of Three Birth Chant and bitter bamboo.

Seeing Ye Mo’s change in complexion, Yu Jinxiang continued, “Yu Yinping definitely ambushed Gongzhi Cangming for the Abstruse Yellow Orb. But since Gongzhi Cangming has a sliver of essence spirit left, it means that the Abstruse Yellow Orb isn’t taken. So if you don’t want to kill me please take me to chaos star realm.”

“How do you know I don’t want to kill you? You want to take the Abstruse Yellow Orb at the chaos star realm?” Ye Mo said plainly.

Yu Jinxiang didn’t mind Ye Mo’s tone, “I can feel you have no intent to kill me. I know what poison Yu Yinping used. Gongzhi Cangming would never be able to remove it without help.

If he’s not dead, I’ll explain that I didn’t harm him. if he’s dead then helping you find Abstruse Yellow Orb will repay you for not killing me. I know Gongzhi Cangming’s character. He would definitely not keep the Abstruse Yellow Orb with him. Only I can find where it is.”

...

“Sect leader Ye, who is she?” Ning Eu looked at Yu Jinxiang and asked.

Yu Jinxiang also asked in confusion, “Martial brother Ye you’re a sect leader?”

Ye Mo nodded, “That’s right, I made a sect called Mo Yue Immortal Sect in Gong Hua heaven. I’m the sect leader.”

There was a sliver of joy on her face, "Sect leader Ye can I join your sect?"

"For a qian bei master like you of course I welcome you into the sect but you seem to have a sect." Ye Mo knew Yu Jinxiang came from Jiu Fan immortal pond.

Yu Jinxiang bowed, "My past is gone, the current me has nothing to do with it."

Ning Eu realised that Ye Mo just met Yu Jinxiang and she quickly said, "Sect leader Ye, you told me before I can join your sect. Your things are probably done so I'm planning to go with you. I have nowhere to go now, I want to join Mo Yue Immortal Sect too."

"It's almost as if I can to steal people away." Ye Mo rubbed his head.

Ye Mo soon cast that aside and pointed at Yu Jinxiang, "Ning Eu, this is Yu Su. She said she forgot her past so I won't speak of it."

"Greet martial sister Yu." Ning Eu quickly bowed.

Yu Jinxiang quickly held Ning Eu and smiled, "I've long known martial sister Ning Eu."

Then Yu Jinxiang smiled, "Martial brother Ye, I'm probably the oldest in your sect. you can give me a grand elder."

Ye Mo smiled, "Martial sister Yu, call me Ye Mo or martial brother. Just like you said you're much older than me..."

"Okay sure, I don't mind."

Then, Ye Mo smiled, "But you're really not the oldest in our sect..."

Ning Eu didn't know who Yu Jinxiang was but Yu Jinxiang looked at Ye Mo and asked, "Is there someone older than me in the sect you just built?"

"That's right, you probably know. He was very famous many years ago..."

"Kai Mi divine emperor?" Yu Jinxiang interrupted Ye Mo in shock.

Ning Eu stared at Ye Mo in shock too. Ye Mo's words were too shocking. A divine emperor would join a low heaven domain ordinary sect? who would believe this.

"That's right, it's Kai Mi divine emperor but he's no longer divine emperor. His power dropped to immortal emperor. As for whether or not he can recover, it would depend on his luck." Ye Mo said.

After a long while, Yu Jinxiang came back to her sense, "martial brother Kai Mi divine emperor really joined Mo Yue Immortal Sect?"

"Really."

Chapter 1933: Dao Hearts really can change

"Martial sister Ning Eu, you're going with sect leader Ye to join Mo Yue Immortal Sect?" Mi Yun looked at Ning Eu in disbelief.

Ye Mo only stayed in Ning Eu's room for a day. Even Mu Li immortal emperor only thought there was some affair between them. If Ye Mo took Ning Eu, Ethereal Immortal Pond would be joined with Ye Mo.

But there was a process for this. The marriage alliance in the immortal realm was much more complex than the cultivation realm and mortal world. They invited many sects and high status people. Even if Ning Eu was to marry into Mo Yue Immortal Sect, it would have to go through many processes.

Ning Eu leaving with Ye Mo likes this in bad terms was eloping.

Mu Li immortal emperor was extremely polite to Ye Mo but that was for the benefit of the sect. Now, Ning Eu didn't bring back any benefits and was going to leave. She couldn't sit anymore.

"Sect leader Ye, Ning Eu has always been our core disciple. It's her fortune that she could join Mo Yue Immortal Sect. Ethereal Immortal Pond definitely won't object but we're a big sect so I think we should invite a few friends from the immortal realm to come drink a few cups of wine?"

Mu Li immortal emperor looked at Ye Mo and wanted to know what Ye Mo meant. Even if Ye Mo was dominant he couldn't rob other sect members for no reason.

Ye Mo immediately understood what she meant and smiled as he saluted with his fists "Mu Li qian bei, you misunderstood me. Ning Eu isn't marrying me. She has no place to go so she's leaving Ethereal Immortal Pond. I happen to know her so I invited her to Mo Yue Immortal Sect."

Ning Eu quickly kneeled on the ground, "Martial ancestor Mu Li, sect leader CHan... Ning Eu knows she has done a lot of wrong things. I have no face to stay in Ethereal Immortal Pond anymore. Even if sect leader Ye doesn't take me in I would still leave Ethereal Immortal Pond to seek new fortunes. If martial ancestor and sect leader has any punishments for Ning Eu, Ning Eu won't complain one bit."

Mu Li immortal emperor, the few immortal monarchs and even the sect leader fell silent. They knew Ning Eu's situation. She had made huge mistakes. If she could still be rewarded Yi King pill, the sect would have no authority. No matter how good her talent was she couldn't be excluded. It could be said that she had no future in the sect anymore.

"Sigh, in that case, then take away her power and cast her out of Ethereal Immortal Pond." Mu Li immortal emperor sighed. Ning Eu's power had to be taken away. otherwise, if one made mistakes and left the sect like that there would be no system of rules.

Ye Mo sneered. He knew that Mu Li immortal emperor said this to him but he didn't reject. He said, "I'm a sect leader and I won't see my sect members' power being taken away. Mu Li qian bei, I'll take Ning Eu's mistakes for her. Whatever requests Ethereal Immortal Pond has, I can satisfy some."

"I heard sect leader Ye is a level eight immortal pill grand master, can you concoct monarch will pill?" Mu Li immortal emperor was waiting for this.

"Wrong." Ye Mo said bluntly.

Everyone including Ning Eu and Yu Jinxiang looked at Ye Mo in confusion.

"I'm not a level eight immortal pill grand master, I'm a level nine immortal pill grand master." Ye Mo said.

"Sect leader Ye, you're saying you're a level nine immortal pill grand master? you can concoct Emperor Rise pill?" Sect leader Chan said in excitement.

"You didn't say it completely. Other than Emperor Rise Pill I can also concoct Tai Wei Emperor return pill."

Ye Mo's words was like a meteorite shocking this guest hall.

Mu Li immortal emperor dazed for a long time before suddenly getting up and bowing to Ye Mo, "Mu Li plead sect leader Ye to concoct a cauldron of Tai Wei Emperor return pill and a cauldron of monarch will pill for Ethereal Immortal Pond. Of course, we can supply the materials."

"Okay." Ye Mo said.

...

Zhen Bingyu stood outside the ice extreme floating mountain at chaos star realm level three. She didn't speak for a long time. She had been working hard in cultivation and with the cultivation resources and cultivation method Ye Mo gave her as well as her own fortune in the chaos star realm, she had reached immortal king in a few years.

Her body refinement also reached immortal spirit body primary stage. She stood here as she brought Ye Mo here before.

She still remembered the conversation between them clearly.

"I'll nirvana here..."

"If you've seen enough then please go." She said this when Ye Mo stared at her when her clothes were frozen to dust.

How could she imagine that her dao heart was completely different now. she thought of Ye Mo's gaze before and felt uneasy.

She had persuaded Ye Mo more than once that he should focus on cultivation, emotions were nothing and don't waste his good heritage. But now, Ye Mo's still the same Ye Mo but she wasn't the same her. Ye Mo changed her, she didn't change Ye Mo.

She had never thought that one day her head would be covered with the figure of that man. However, this figure made her feel warm and joy. the memories were etched into her bones.

"Can even dao heart change?" Zhen Bingyu murmured.

Zhen Bingyu touched the blue dress on her clothes. It was the same one Ye Mo bought for her in Qing Mo immortal city. After she reached immortal king, she changed into it.

"Ye Mo wait for me, I'm still going to venture with you. Cultivating alone is too boring. Perhaps some lust would be okay..." Zhen Bingyu finally made up her mind. Even if Ye Mo had wives, she didn't mind.

"Rumble..." Two magic artefacts clashing sounded and soon two fighting figures came up to Zhen Bingyu.

"It's you?" The man running saw Zhen Bingyu and immediately recognized her. Zhen Bingyu was more beautiful and perfect than before.

The immortal chasing the man also looked at Zhen Bingyu in shock. There were beautiful women everywhere in the immortal realm but she had never seen someone so beautiful in looks and body like Zhen Bingyu.

"You're Fengti Zuier?" Zhen Bingyu recognized this man. She encountered him with Ye Mo at the extreme star swamp.

At that time, she and Ye Mo found more than 100 six winged purple carrots and when they were going to collect it, Fengti Zuier suddenly appeared and killed the swamp tiger crocodile. She didn't know his cultivation level at the time but he was immortal nirvana body.

Now, she saw his cultivation level. it was just a great extreme immortal middle stage. Meanwhile, the person hunting him was great eternity immortal primary stage. He was fine up until now probably due to his body refinement level. Fengti Zuier clearly wanted to run into the ice extreme floating mountain. In there, he probably wouldn't fear that great eternity immortal.

"I didn't expect to see you here, I'm really lucky." Fengti Zuier said in surprise and joy. Then, he said to that great eternity immortal primary stage "Gong Zhishang, I'll give you the thing. Go, I see someone I now. I'm going to chat with her for a while."

Fengti Zuier didn't wait for an answer and rubbed his hands, "Martial sister, is that guy who likes to bluff dead?"

Chapter 1934: Rat

"Speak with your manners, Ye Mo's not someone you can talk about." Zhen Bingyu's face sunk immediately hearing Fengti Zuier talk shit about Ye Mo.

“Haha, I want this female immortal too. Fengti Zuier you can piss off. Seeing that you brought me to this female immortal, leave the thing and I won’t kill you today.” That Gong Zhishang great eternity immortal laughed.

Zhen Bingyu was already annoyed and now that Gong Zhishang said this, she immediately got triggered. Her immortal king domai exploded and at the same time slapped with an immortal essence giant hand.

“Immortal king master...” Gong Zhishang said in shock but the next moment he was slapped flying by Zhen Bingyu. His entire row of teeth fell and this was Zhen Bingyu showing mercy.

He was confused for not being able to see Zhen Bingyu’s cultivation level but seeing Fengti Zuier not so polite to her, he knew that Zhen Bingyu’s cultivation level wasn’t higher than his. Until he was slapped away, he realised that Zhen Bingyu was an immortal king.

“Piss off.” Zhen Bingyu yelled.

Gong Zhishang didn’t dare to say no at all. He quickly bowed and left. It was his huge luck that he could still survive after offending an immortal king master.

Fengti Zuier stared dazily at Zhen Bingyu and said in equal shock, “You, you’re already an immortal king qian bei...”

When he first saw Zhen Bingyu, she was at most abstruse immortal tertiary stage but it’s only been these years and she was immortal king. How did she cultivate.

“Ye Mo said you’re a good person so I’ll help you once today. If you dare to be rude to me again I’ll kill you straight away, piss off.” Zhen Bingyu said.

Fengti Zuier realised that the person with Zhen Bingyu was called Ye Mo. He quickly bowed, “Yes, qian bei will leave now immediately.”

No matter how powerful his background was, Zhen Bingyu could crush him with one finger here. Plus, Zhen Bingyu had been the person he loved. He didn't get the chaos blue reed before so he went around to find Zhen Bingyu but he wasn't able to find her.

Seeing the two leave, Zhen Bingyu quickly left. With her immortal king power, she came to chaos star realm level one in less than two weeks.

When her spirit sense scanned Extreme Star swamp, she couldn't resist landing there. She started collaborating here with Ye Mo and the two had been together ever since until Ye Mo went to Yuan Le heaven.

The place had very little immortal spirit chi and one's cultivation level would be suppressed inside. Usually, people wouldn't come here but Zhen Bingyu found a low level immortal here running out. This immortal was only golden immortal primary stage.

There was very little golden immortal primary stage immortals in the chaos star realms, even Zhen Bingyu only knew Ye Mo. After all these years, she saw a second one.

She immediately had some good impression of this person. She seemed to saw Ye Mo's fighting spirit on him.

"Qian bei." This golden immortal primary stage came to the border of Extreme Star swamp and saw Zhen Bingyu stare at him. He quickly looked down and bowed while his heart thumped quickly. There was such a perfect woman in the world. This was the first time he saw a female immortal this beautiful.

"What's your name?" Zhen Bingyu looked at this skinny golden immortal and asked. She saw Ye Mo on this golden immortal primary stage.

The golden immortal bowed, "Wan bei Dongfang Wang. What does qian bei need wan bei for, wan bei is willing to help."

Zhen Bingyu smiled, "I don't need you to help me with anything yet but seeing you made me think of some things. This storage ring is for you, good luck."

Zhen Bingyu left a storage ring and disappeared.

Dongfang Wang grabbed the storage ring Zhen Bingyu gave him dazily. Ever since going to the cultivation realm, he knew that 90% of cultivators were selfish. He was able to reach this state today because he had brains and he never gave what he got to others. He would've never thought someone would give him a storage ring to him.

His spirit sense scanned in. There were 100k top grade immortal crystals and a few middle grade immortal artefact. However, there were no immortal pills.

Of course Zhen Bingyu had lots of immortal pills in her storage ring but they were given to her by Ye Mo. Even if she didn't need it she wasn't going to give it away. She gave Dongfang Wang the immortal artefacts because they were her loot and it was a waste of space.

If she knew Dongfang Wang was the person Ye Mo wanted to kill the most, she would turn back and kill this person without hesitation.

Thinking about Zhen Bingyu's world shocking beauty Dongfang Wang shook his head. The difference between them was too huge. He put the storage ring away and soon disappeared. His speed was no slower than ordinary abstruse immortals.

In a short while, he came to a well. If Ye Mo was here, he would be able to recognize this was the place he encountered the golden skeleton.

Dongfang Wang came here and jumped in without hesitation.

...

"Qian bei, I brought it over." Dongfang Wang came to the golden skeleton and knelt down while extending his hand out.

There was three black flowers on his hand.

“That’s right, it’s this. You’re very good much better than that kid.” The skeleton said and a light wind blew over. The three flowers landed in the skeleton’s mouth.

“Qian bei, the Abstruse Yellow Orb...” Dongfang Wang asked carefully.

The golden skeleton said, “There’s no rush for that. We’ll wait till I remove the poison.”

“Qian bei, if you don’t’ remove this poison, would your essence spirit be gone in some time?” Dongfang Wang still knelt down but acted innocent.

“What do you think? My essence spirit...” The golden skeleton wasn’t able to finish his sentence and made this extremely furious sound.

“I think your essence spirit is weaker than a golden immortal right?” Dongfang Wang suddenly got up and robbed the golden staff.

“You, You....” The golden skeleton screamed, “you spirit controlled the black dragon flower, even I couldn’t tell. What cultivation method are you cultivating?”

Dongfang Wang laughed, “You’re weaker than a dog. You don’t even have golden immortal spirit sense and yet you want to check my black dragon flower? Keep dreaming. Die.”

Dongfang Wang brought out a mist ray in his hand and he grabbed that golden staff. He knew that this sliver of essence spirit was about to cripple and that’s why he dared to ambush him.

“Even if I, Gongzhi Cangming, abandon my golden body, I won’t let you go...” The golden skeleton said and then an extremely faint shadow ran into Dongfang Wang’s body.

The next moment, Dongfang Wang gave up that golden staff and his face became hideous.

"If I'm possessed by you then I would've spirit controlled that black dragon flower for nothing." Dongfang Wang suddenly took out two black needles and pierced down from the top of his head and sat down.

"You're cultivating, Great Kun Demon King sutra..." A shocked and furious voice sounded in Dongfang Wang's mind, "You rat."

Dongfang Wang sneered, "Playing tricks with me? I've never lost to people in my life playing tricks. You're a mere skeleton and you dare to play tricks with me? if it wasn't that ye guy had power that far surpassed me, how was he a match for me?"

"If it wasn't that bastard who damaged my essence spirit again, how can I fear you." The golden skeleton screamed again.

#### Chapter 1935: Duniang Hotel

"Brother, are we going back now?" Tang Beiwei asked as soon as they left Ethereal Immortal Pond.

"No we're going Ice God Palace. I haven't been there before and people I've asked don't really know too so let's go to Qing Wei heaven first."

Ye Mo was worried about Nie Shuangshuang. As long she was fine at the immortal god body, he would just go visit and leave.

Yu Jinxiang suddenly said, "Martial brother, I actually know about that Ice God Palace."

"You know where it is?" Ye Mo rejoiced. He asked a few immortal emperors but they all didn't know where it was.

"I know the approximate location. It's a bit strange there, even with my current power, it's hard to get close to it. Even if you go then you have to go alone." Yu Jinxiang said carefully.

Ye Mo immediately remembered what Lang Xuan immortal emperor said, "Is Ice God Palace near Qing Wei Abyssal river?"

Ordinary people couldn't go there, the murderous chi there was too powerful.

"there should be more than one entrance to the Ice God Palace. But I know one of them and one must pass the Qing Wei abyssal river indeed." Yu Jinxiang said.

Seeing Ye Mo fall in silence, she added, "The closest immortal city near Ice God Palace is Ice Carrot immortal city. How about we go there and then Beiwei, Ning Eu and I will wait for you there."

After hesitating, Ye Mo said, "That will do, let's go to Qing Wei heaven first."

...

In an immortal rest tower in Ice Carrot immortal city, Ye Mo and them were in a room discussing the details. Yu Jinxiang had the most experience and told Ye Mo many things he needed to take care of.

Above the river, anything would be extremely heavy. One couldn't fly at all. Even weaker immortal kings would be grinded by that killing chi. Those who could go to the river were all body refinement cultivators or had some top level slaughter god art.

"There are some body refinement cultivators choosing to cultivate next to the river. I didn't go there yet because my cultivation level hasn't recovered yet. I was planning to go when my power has recovered. The body refinement cultivators there have a lot of experience, you might be able to ask them." Yu Jinxiang was afraid Ye Mo would be careless just because his power was strong.

Ye Mo knew what she meant and thanked, "I don't know how long I will be gone for so I'll leave Beiwei and Ning Eu to you. Feng Kong grand emperor and Dragon River grand emperor hasn't returned to Qing

Wei heaven yet. They probably had some accident in the void. If there's some incident here you can leave first or even go back to Gong Hua heaven Mo Yue Immortal Sect."

"Don't worry, I understand." Yu Jinxiang knew Ye Mo's worry because Ye Mo already told her about the formation in that palace. She knew how important Tang Beiwei was to Ye Mo so no matter what, she wasn't going to let Tang Beiwei get injured.

"Ning Eu, Beiwei, you all have cultivation resources. Use this time to bring up your cultivation level." Ye Mo added.

"Don't worry brother, I will definitely speed up my cultivation." Tang Beiwei said. Her cultivation level was too low, if she was immortal king power, her brother might even take her this time.

Yu Jinxiang said, "You've left many resources to me, I'll will try to bring my back back to immortal monarch quickly."

The few exchanged communication beads and then Ye Mo left the city towards the river.

...

Qing Wei abyssal river wasn't far from Ice Carrot immortal city indeed. Of course, this is only relative to Ye Mo's power.

Even when using the space time boat, Ye Mo took half a day to get near Qing Wei abyssal river. From a long distance away, Ye Mo's spirit sense could only see a white patch.

As he got closer to the Qing Wei abyssal river, the murderous chi became heavier. Even Ye Mo could feel invisible blood blades and sharp rays.

Ye Mo's spirit sense domain expanded. He was shocked, he was far from close to the Qing Wei abyssal river and there was such murderous chi. Even body refinement wasn't something easy here.

He put away the space time boat and Ye Mo began walking. As he got closer, this ancient fighting sound appeared in his brain.

A giant with an angry face stood in the void raising his enormous hand and slapped down.

“Rumble...” Entire continents turned to rubble. What remained was a huge palm print with endless murderous chi.

Ye Mo took in a cold breath. There was still some distance to Qing Wei abyssal river but he felt the terror of that palm.

Countless years had passed and that palm print became an endless river. That river was Qing Wei abyssal river.

Ye Mo’s spirit sense expanded and soon dazed. His spirit sense saw a small hotel that was absurdly small.

Ye Mo sped up. He didn’t use much time and arrived at this hotel.

He was certain this was no immortal artefact but a real hotel built with bricks and stones. The hotel was tattered and there was an even more tattered flag hanging out that had the word wine.

Next to it was a dark stone tablet with a simple poem, “One bottle of Duniang wine, one can reach the river, two bottles of Duniang wine, no stress to enter the river, three bottles of Duniang wine, travel the abyssal river however you like.”

Such puffery. This advertisement made it seem like anyone could travel the abyssal river however they liked if they drank three bottles of Duniang wine.

Seeing this, Ye Mo went in the hotel without hesitation and the surrounding murderous chi disappeared immediately.

The space inside looked the same as outside, there was no space immortal artefact here. There were very little people inside. A pale faced woman sat at a simple bar and there were a few wine kettles on there. They were different coloured. Blue, white and black. There were only three tables in here and they were all seated.

The female immortal's cultivation level was obscure. It seemed to be immortal king or immortal monarch. Ye Mo's spirit sense scanned her without hesitation and immediately saw that she was an immortal emperor primary stage. An immortal emperor was selling wine here? Ye Mo felt this was strange.

The first table sat a man and woman. The man was very handsome and the woman was extremely pretty. They had a wine bottle on their table that was blue coloured. Ye Mo saw their cultivation levels. The man was immortal monarch primary stage and the woman immortal monarch primary stage.

The second table had three people. The outer most one with long hair was immortal monarch middle stage. The white skinned man was only immortal king middle stage and a monk looking guy was immortal monarch middle stage. They also had a wine that was blue coloured.

The third table had a shrunken old man. He had no wine on the table. seeing this old man, Ye Mo was shocked. He scanned with his spirit sense and couldn't see his appearance. When he carefully scanned, he realised the old man's skin was like tree clumps.

No matter how meticulous he was, he couldn't see the power level of this old man.

Even for Yu Jinxiang, he would be able to see her cultivation level if he checked carefully the first time.

Ye Mo's spirit sense couldn't see through the real power of this old man. He could if he forcefully checked with his spirit sense blades but that would be offensive.

Ye Mo ignored these people and came up to the counter, "I want to go check out Qing Wei abyssal river. Is there some information jade slip for sale or is there anything I need to prepare?"

"Yes, one top grade immortal crystals." The pale faced woman sneered and threw out a jade slip.

“That cheap?” Ye Mo thought an immortal emperor selling things here would mean the price was absurd.

Chapter 1936: One kettle of blue wine

Ye Mo passed a top grade immortal crystals over and checked the jade slip. He soon realised why it costed only one immortal crystals. It was the poem he saw at the door.

“Duniang, I want one bottle of blue wine.” One white haired bulky man walked in and yelled at the woman while throwing a storage ring over.

The woman checked the storage ring and then threw over a blue bottle. This blue bottle was much smaller than the blue kettle.

“Friend, may I ask what use does this blue wine have?” Ye Mo saluted with his fists.

The white haired man studied Ye Mo and said, “You’re an immortal king middle stage. There’s no point in asking. Come back when you’re immortal spirit body tertiary stage or immortal monarch.”

Then he ignored Ye Mo and went on the wooden stool without a table next to the door and sat down before drinking a small mouth. Then, the man stopped moving. Now Ye Mo realised why no one moved. It seemed they were learning the killing intent in the wine.

Ye Mo’s spirit sense scanned the wine bottle in the man’s hand, an extremely fierce killing intent invaded his spirit sense.

Wine with killing intent? Ye Mo was shocked. There really was everything in the immortal realm.

Even though Ye Mo didn't drink this wine, he guessed that after drinking the wine, one could turn the killing intent in the wine into his own killing intent and use that against the killing chi of Qing Wei abyssal river.

"Duniang, give me a kettle of blue wine..." Ye Mo immediately said.

The shop was very quiet and after Ye Mo said this there was a strangeness in the atmosphere. After a while, the long haired immortal monarch at the three man table laughed, "A mere immortal king dares to ask for a kettle of blue wine, haha..."

The man and woman glanced at Ye Mo casually before shaking their heads.

The old man suddenly got up and slowly walked towards the counter.

"Do you know that Duniang wine is very expensive?" The old man laughed.

Ye Mo nodded, "I believe it won't be cheap."

"Since you know it's expensive, you still dare to buy it?" The old man narrowed his eyes and scanned Ye Mo.

Before Ye Mo answered, two more people came. It was an old woman and a braided young girl. The girl looked in her teens but was already immortal king primary stage. The old woman was an immortal emperor middle stage but she hid her power to immortal monarch middle stage. However Ye Mo saw through it immediately.

"I'm not too wealthy but I can afford a few bottles of wine." Ye Mo smiled and looked at the female immortal, "Give me the wine."

"You're that wealthy can you treat me to a kettle of white wine?" The old man pointed to the white wine bottle and wiped the saliva on his mouth.

Ye Mo said plainly, "Sorry, I'm not poor but my immortal crystals are from a small business, I can't treat people so casually."

Ye Mo didn't know the price but he knew it wasn't cheap. He wasn't that generous to treat a guy whom he didn't know.

"You must pay first." Duniang said coldly but didn't move clearly thinking Ye Mo couldn't afford it.

Ye Mo wasn't angry and asked, "How much?"

"If you have blue wine kill stone then you can get a blue kettle with 100. If you have white wine kill stone then you can get a blue kettle for ten. If you have black wine kill stone, I can give you ten blue kettles for one." Duniang said.

The long haired immortal monarch laughed, "Duniang he probably doesn't even know what wine kill stone is."

Ye Mo saluted with his fists "Duniang, I don't know what it is. It's my first time here."

"Haha, I thought I was the boldest but master isn't here someone braver than me? He dares to buy blue wine the first time he's here." The young girl laughed.

Then she pointed at Ye Mo, "Stupid egg, the wine kill stone is the stone on the banks of Qing Wei abyssal river. It took my master many years to find 200 hundred blue ones. You have to find white ones inside the river. But you can just buy one bottle, one bottle is only a tenth of a kettle and it's much cheaper."

Ye Mo finally understood what was going on and saluted with his fists "Duniang, it's my first time here. I really don't have wine kill stone but I really want to drink this blue wine too. Do you not take immortal crystals here?"

“Immortal crystals? Why wouldn’t I take it? didn’t I just take one?” Duniang said slowly, “But I don’t take immortal crystals for my wine. Seeing how you’re so genuine, I’ll take an extreme grade immortal range. If you have that, I’ll give you a kettle of blue wine.”

The sneer on her face made Ye Mo lose all good impression of this shop. He immediately turned to go. Almost everyone thought he was going to leave.

Ye Mo wasn’t going to leave of course. Extreme grade immortal range was indeed precious but Ye Mo wanted to know about that wine more.

He came to the entrance of the shop and waved his hand. A terrifying sound came outside and a white figure landed. All the killing chi were smashed away by this white figure. Immortal spirit chi dense to a new extreme rushed in the shop. In that instant, everyone realised what Ye Mo took out. It really was an extreme grade immortal range.

“You...” The braided young girl looked at Ye Mo in shock, “You really took out an extreme grade immortal range?”

“You’re a mere immortal king but you have extreme grade immortal range?” There finally was a sliver of shock on Duniang’s face.

He could give this immortal range to Duniang in a storage ring but her scorn made Ye Mo annoyed so Ye Mo threw it down here.

“Who said that immortal kings can’t have extreme grade immortal range? The immortal range is yours now give me the wine.” Ye Mo reached out his hand.

This time Duniang didn’t hesitate and threw a blue wine kettle to Ye Mo but she didn’t take the immortal range. The immortal range didn’t stay there for long and sunk into the ground and disappeared.

Just when Ye Mo was going to drink it in a big gulp the handsome man from the first table suddenly said, “This blue wine is made with blue wine kill stone, with your power, you can’t take it if you drink in a big mouthful.”

Ye Mo knew that the man reminded him thinking his cultivation level was low. Ye Mo scanned around and saw no one else reminded him. Even that Duniang just looked at him coldly as though if he fell down they could come up and divide his assets.

“What a pity, if you died perhaps I can find an extreme grade immortal range in your storage ring too.” The braided girl sighed.

“Thank you friend.” Ye Mo thanked and saluted with his fists to this man. At the same time, he lost all good impression of this little girl. She seemed innocent but was so evil.

Despite thanking him, Ye Mo still drank the wine in a big gulp. The nearby people dazed, was this immortal king seeking death or crazy? Even immortal monarchs drank in small sips.

Ye Mo wasn't seeking death, his spirit sense could sense the killing intent in the wine. After drinking it, he clearly felt the killing intent. It charged at his sea of consciousness and even wanted to twist his meridians but with the pressure of Ye Mo's immortal essence and spirit sense, it immediately turned into knowledge of killing intent.

His understanding of killing intent god art was deeper. His spirit sense scanned out and the murderous chi outside affected him less. No wonder the poem goes one kettle of wine and one can reach the abyssal river. That probably meant the blue kettle. What was the white kettle?

“You're fine?” The braided girl saw Ye Mo drank a big gulp and was completely fine. He didn't even need to sit down and refine it.

The rest of the people looked at Ye Mo with a daze. No one was stupid here and seeing that Ye Mo was completely fine after drinking a big gulp, everyone realised he wasn't simple.

What shocked them even more was that this time Ye Mo raised the wine kettle and poured the entire kettle in his mouth.

Chapter 1937: Lightning Kill God palace

A terrifying killing intent swept over. Ye Mo felt satisfied. As he used his immortal essence, the killing intent soon was fused into his god art by the Three Birth Chant.

Ye Mo could clearly feel part of his god arts improve. At the same time, his cultivation level loosened up. At this moment, he scanned his spirit sense outside. That terrifying murderous chi became much tamer. It wasn't fierce and oppressive as before.

"This blue wine's not bad, how much is the white wine?" Ye Mo put the empty wine kettle on the bar and asked Duniang.

There was no more sound in the shop. That long haired man who scorned Ye Mo even shivered. If he still didn't realise that Ye Mo hid his power, then he would be an idiot. Even if Ye Mo wasn't an immortal emperor, he would be a top level body refinement immortal.

"White wine is 100 white wine kill stones for a kettle. Duniang offended immortal friend before, I'm willing to give you 10% off. Just 90 white wine kill stones are fine." Duniang got up and bowed to Ye Mo.

She had been selling wine for all these years, from immortal monarch to immortal emperor. From immortal spirit body primary stage to a immortal god body primary stage but she had never seen someone like Ye Mo who came here for the first time and rank the entire kettle in one go.

Ye Mo was shocked at this price, wouldn't that mean it would cost 10 extreme grade immortal ranges?

The white wine would definitely be better than the blue wine but Ye Mo didn't want to use 9 extreme grade immortal ranges to buy one.

"In that case never mind. I'll go see if I can find some white wine kill stones in the Qing Wei abyssal river." Ye Mo said and turned to leave.

“Immortal friend please wait a moment.” The immortal emperor middle stage old woman suddenly stopped Ye Mo.

Seeing Ye Mo stop, she said, “Immortal friend seeing as how you drank the blue wine so quickly, you must be a top level body refinement immortal? If you reached immortal god body then I’m willing to collaborate with you to explore the Qing Wei abyssal river Lightning kill god palace.”

“Lightning kill god palace?” Ye Mo knew from Kai Mi that Qing Wei abyssal river was formed by the palm of a powerful being. how could there be some god palace then?

“It’s your first time at Qing Wei abyssal river?” Seeing that Ye Mo didn’t even know this, the old woman frowned.

Ye Mo quickly saluted with his fists “That’s right, it’s my first time here. That’s why I wanted to buy a jade slip to know about the situation here.”

The old woman nodded, “Ever since people could come in here, the Lightning Kill god palace was found. You probably know Jiu Qian Emperor Sect Zhi Zong immortal emperor right? He has an Golden Bow of Immortal Extermination, he found the bow in that palace.”

It seems news of Ye Mo taking the bow still hasn’t reached here yet.

“What? Golden Bow of Immortal Extermination came from the lightning kill god palace?” Ye Mo became excited.

Ye Mo’s second purpose here was to find the remaining eight golden bone arrows.

Duniang gave a jade slip to Ye Mo again in awkwardness, “Immortal friend, this is free.”

“Thank you.” Ye Mo scanned his spirit sense in immediately.

This jade slip was very precise. It's unknown when the Qing Wei abyssal river appeared but it's said that it was palmed out by a powerful being.

The murderous chi never dissipated and at the start, the murderous chi was so powerful that even immortal emperors couldn't get close.

Later on, the murderous chi dissipated and body refinement cultivators could come over here.

Countless body refinement immortals reaped great benefits here at the Qing Wei abyssal river. This was not only the pinnacle grounds for body refinement but the Qing Wei abyssal river also created countless wine kill stone. The stone contains all sorts of killing intent and killing force. It could help cultivators learn kill force god art. However, different people had different capabilities to learning. Later on, there was a powerful wine maker who combined the stones with immortal spirit herb to create three wines. It was the blue, white and black wine.

Drinking this wine was much easier to learn dao art than using the wine kill stone. This was why the wine was so appreciated but it's value was too high. Ordinary people wouldn't be able to get enough wine kill stones even after cultivating here for countless years.

Other than wine kill stones, Lightning Kill god palace was found in the Qing Wei abyssal river too. The most famous magic artefact from there was Golden Bow of Immortal Extermination. It was taken by Zhi Zong immortal emperor and using this, Zhi Zong immortal emperor set his dominant status in the immortal realm and developed Jiu Qian emperor sect into one of the top emperor sects.

Not everyone was so lucky. Many cultivators who came here were obliterated by the murderous chi.

"The lightning kill god palace is extremely huge. I've been once and I know part of the life corners." Seeing Ye Mo put away the jade slip, the old woman said.

"What's life corner." Ye Mo asked.

"Corners with no murderous chi. I've been there." The young girl quickly said.

“Two qian bei, we have part of the map to the lightning kill god palace. This map is left behind by an immortal emperor peak stage. We’re willing to contribute the map.” The immortal monarch middle stage got up and saluted with his fists to Ye Mo and the old woman.

“You want to join up with us to the palace?” Ye Mo had some good impression of this immortal monarch.

The pretty female immortal monarch also got up and said in surprise, “Brother Sheng, you...”

The immortal monarch middle stage saluted with his fists to Ye Mo, “We’re a couple and we’ve been cultivating our body here for a few centuries. We’re about to leave here but we got a partial map of the palace. However, we can’t go in. I feel qian bei isn’t an ordinary person so I want to give this map to qian bei. Wan bei wishes to follow the two qian bei in.”

Then, the immortal monarch middle stage took out a jade slip and the jade slip floated to Ye Mo. Ye Mo looked inside, there was a white river but there were markers to enter the river and there was guidelines in the river.

The man knew they were too weak and couldn’t explore the palace even with the map so they gave it to Ye Mo in hopes of Ye Mo taking them in.

Ye Mo and everyone realised what they meant. Ye Mo saluted with his fists “If you and your wife don’t mind you can come in with me but my power is weak and I might not be able to take care of you two.”

The immortal monarch middle stage immediately saluted with his fists “Wan bei and my wife only wish to follow qian bei inside the palace. As for our life and death inside, we won’t burden qian bei. Wan Bei Yu Lesheng, title Yuan Zhong. This is wan bei’s dao partner, Shi Qiong, title Chi Qing.”

They definitely have some purpose wanting to go in the palace so desperately but Ye Mo didn’t mind as long as there was no conflict of interests.

“Okay, I’m called Ye Mo.” Ye Mo said straight forwardly.

At this moment, the scrawny old man laughed, “I also want to join the fun with you guys. I’m only good with spirit sense cultivation method and have some experience in blocking the murderous chi.

The old man finished and then a ripple appeared in front of him. The ripple expanded like a shield and slowly went out of the shop. Everyone’s spirit sense followed the ripple and found that all the murderous chi was blocked by the shield tunnel. Spirit sense could go in freely.

Ye Mo was alert. This old guy had such powerful spirit sense cultivation method. With that, he was no weaker than the old woman.

At this moment, the white haired man got up and saluted with his fists “Qian bei, wan bei Gai Xiangcheng. I have a Twisted Moon Mirror artefact that can detect the power of murderous chi. If qian beis don’t mind, I wish to join the squad too. I only wish to go to the outer palace.”

“This magic artefact is good, you can join us.” The old woman said before Ye Mo could speak.

Ye Mo looked around. He felt he said nothing but these people treated him as the leader. He really wanted to go to the palace but he didn’t agree to join up with them.

Ye Mo had the feeling that he was being used.

“Everyone, my cultivation level isn’t high. I believe there’s many people stronger than me here. In that case, why does everyone want to join up with me?” Ye Mo was very straight forward. This concerned his life he had to ask.

## Chapter 1938: Emperor Wood Blue Fruit

Yu Lesheng spoke first, “Ye qian bei, it’s because you can drink a kettle of blue wine in one go. Regardless if you’re immortal emperor or an immortal god body qian bei, that means qian bei’s domain can block the murderous chi of the Qing Wei abyssal river. The scariest thing about entering the Qing

Wei abyssal river is this murderous chi. If qian bei's domain can block the murderous chi we would have half the trouble of entering the palace."

Ye Mo nodded to Yu Lesheng and sneered at the old woman, "So you're planning to use me as a shield. My cultivation level is low but not everyone can use me as a shield."

The old woman smiled and didn't mind, "You're wrong. I'm collaborating with you, not using you as a shield. My domain can't block the murderous chi as well as you but it's not for show. If our domain combines and then there's the old man's spirit sense wall and Gai Xiangcheng's twisted moon mirror, there's almost no pressure going into the palace. You're the best at blocking the murderous chi, that's why you're the leader. We have to add our domains on to yours."

"Ye qian bei, this qian bei is right, it's indeed so." Yu Lesheng quickly added.

"So that's it." Ye Mo's anger before was fake. He turned around and smiled to Duniang, "Duniang is there any other way to buy your white and black wine?"

Duniang smiled to Ye Mo, "Of course, but the value of that thing can't be low."

Ye Mo laughed and took out a jade box "Of course not. There's a fruit inside to trade for one kettle or blue white and black wine..."

Before Ye Mo finished, everyone in here stared at Ye Mo thinking he was crazy. No matter what immortal fruit Ye Mo took out, it wouldn't be enough to trade for these three fruits unless it was something like death dao fruit.

Duniang's face sunk immediately, "dao friend Ye is playing with me?"

She didn't plan to open it at all because she felt there was nothing worth it.

"Does it look like I'm playing with you? And my fruit is also exchanging for your wine recipe." Ye Mo added plainly.

Everyone looked at Ye Mo in shock thinking he was robbing the wine. Duniang hotel had been here for all these years, if anyone could rob it it wouldn't survive till today.

"Slash..." A red light flashed and a red ring appeared above Duniang's head. There seemed to be a magic artefact jumping around inside.

"My shop is small but not everyone can rob it. Take your fruit back, I'm not trading." Duniang sneered as her killing intent exploded.

Ye Mo didn't seem to notice it and said, "Although I want good things when I see it, I'm not low enough to rob it. look at my thing first, if you like it then trade. If not, I'll take it and leave immediately."

Seeing Ye Mo wasn't joking at all, Duniang felt strange too.

"Okay in that case, I'll have a look." Duniang grabbed the jade box and opened the restriction.

There was a blue fruit laying in the middle. It didn't have any arrow. Duniang dazed, what fruit was this? how could it exchange for the three kettles and the recipe.

"Emperor wood blue fruit?" The scrawny old man said subconsciously, "You really have emperor wood blue fruit? Where did you get it?"

Ye Mo acted as though he didn't hear this series of questions and said to Duniang, "What do you think?"

Why should he tell this scrawny old man. Plus, this old man gave him a subtle threatening feeling.

"This really is emperor wood blue fruit? It can allow immortal emperor to break through without any barrier and feel the dao waves of the heavens?" Duniang asked.

Ye Mo closed the jade box and put the restrictions back on before slowly asking "I didn't expect there to be someone to recognize it. saves me the trouble of explaining. That's right, this is emperor wood blue fruit. It's up to you if you want to trade it. If not, I'm leaving now."

The old woman didn't seem to know but after hearing Duniang's words, her eyes lit up more than the old man.

This was definitely something beyond level nine immortal spirit item. She didn't expect a mere immortal king had this many things.

"I knew about the fruit from Little Mud immortal friend I trust him." Duniang pointed at the scrawny old man.

Ye Mo almost laughed, this was a really queer name, Little Mud immortal friend.

"Little mud immortal friend is really knowledgeable." Ye Mo laughed and saluted with his fists to this old man.

"Haha, immortal friend Ye raelly has a lot of good things. If I'm not wrong, you're not yet immortal king right? I didn't expect someone whos' not immortal emperor to have this many good things." The scrawny old man's eyes were fixed on the jade box even when talking to Ye Mo.

Seeing this, Ye Mo breathed easy. It seemed that this old man wasn't immortal emperor peak stage yet. Otherwise, he wouldn't even care about it.

"It's not little mud immortal friend's concern what my cultivation level is. Who said that those who aren't immortal emperor can't have emperor wood blue fruit right?" Ye Mo felt the old man's pressure press over and said in contempt.

"I'm willing to trade but my black wine can't make up a kettle. I can give you one blue, two white and one bottle of black." Duniang said.

Ye Mo laughed, "One bottle of black wine is fine but I didn't hear you mention the recipe."

"Sorry, we're not going to disclose our recipe." Duniang wasn't as polite as before seeing that Ye Mo wasn't immortal emperor.

Ye Mo didn't mind and took the jade box, "IN that case, never mind."

"Let's go to the palace now then." The old woman rejoiced seeing Ye Mo take the jade box.

Ye Mo sneered inside. How could he not tell what the old woman's intentions were.

"Sorry, I don't want to team up with you. Immortal friend Yu, if you and your wife wants to team up with me we can go to now. if not, I'm going alone." Ye Mo rejected the old woman and said to Yu Lesheng and Shi Qiong.

"You dare to go in the river with two mere immortal monarchs?" The old woman asked.

"Is there a problem?" Ye Mo sneered. With his current power how can he be scared of an immortal emperor middle stage old hag.

"Martial sister Cai Liu, since this guy thinks he's too good then we can team up." The scrawny old man smiled.

The old woman laughed, "In that case I'll team up with Little mud martial brother. I believe everyone here is immortal spirit body and above. If you want to join us then follow behind me."

Gai Xiangcheng and the white haired immortal monarch thought about it and stood behind the old woman. The people from the second table all stood behind them too.

Ye Mo was certain that if he didn't take out emperor wood blue fruit the two immortal emperors definitely wouldn't team up to go into the river now but even so he wasn't scared.

Chapter 1939: Team up to enter the river

“Brother Sheng.” Shi Qiong saw the original squad split up into two and looked worriedly at Yu Lesheng. Theoretically, they should be joining up with the two immortal emperors.

“Sister Qiong, let’s join brother Ye. This is our last time going in, if there’s still no result we won’t be coming back here again.” Yu Lesheng soon made a decision. After knowing Ye Mo wasn’t immortal emperor yet, he called Ye Mo brother Ye.

“Brother Sheng, isn’t this too risky? We’re offending people and putting ourselves into danger...” Shi Qiong sound transmitted to Yu Lesheng. She was worried about Ye Mo’s power. Ye Mo wasn’t immortal emperor yet. Even if his domain was strong against murderous chi, he was the only one.

Yu Lesheng didn’t answer. He trusted she would understand him. Ye Mo could drink an entire kettle in one go, how could he be ordinary? Such person would have greater potential.

Plus, even if Ye Mo joined the two immortal emperors, they might not be able to reach the lightning kill god palace. However, he was planning to leave here and gamble for one last time. He had decided that if they couldn’t go forward in the river, they would leave.

At the same time, he felt that Ye Mo was more trustworthy than the old woman and scrawny old man. Even if they couldn’t go to the palace, it would be making a friend. As for the immortal monarchs teaming up with the old woman and scrawny old man, they probably just wanted to use the immortal emperor domain to find wine kill stones in the river.

Ye Mo looked at Yu Lesheng with new light. Despite them splitting off from the immortal emperor, he still didn’t change his mind and teamed up with him.

The old woman heard this and sneered. She didn’t care if Yu Lesheng joined them or not but she cared about the map he had. Now, the map was on Ye Mo. She knew that without Ye Mo it was impossible for them to get into the river. As for teaming up, both she and the old man knew it was for Ye Mo’s items.

“This immortal friend, can you sell a copy of the map to me?” Little mud immortal friend smiled to Yu Lesheng.

Yu Lesheng said with trouble, "Qian bei, I already gave the map to Ye qian bei."

"Very well, very well..." the old man sneered. How could he not understand what Yu Lesheng meant. Since they weren't the same team, of course he couldn't give the map to him.

Then, he said to Ye Mo "Immortal friend Ye, can you sell me a copy of the map?"

"Sure but I need a recipe of the wine." Ye Mo said.

Clearly, this old man had some connections to Duniang.

As soon as Ye Mo said this the old man narrowed his eyes, "The recipe is Duniang's how could I have it? But I can give you other things like immortal pills or wine kill stone."

"No." Ye Mo said and then said to the couple, "Let's go."

Seeing Ye Mo leave, the two quickly followed. They offended everyone here, if they stayed it wouldn't be good.

"How long have you two been here?" Seeing the two follow Ye Mo asked.

"The main reason we came to the river is to find something. Body refinement is just a bonus but we didn't expect that we didn't find what we wanted but our body refinement reached immortal spirit body tertiary stage." Yu Lesheng laughed bitterly. He didn't say what he was looking for.

Ye Mo didn't ask but he could guess it was in the palace.

"With your cultivation level, where can you get to in the river?" Ye Mo asked.

Yu Lesheng thought and said, "If it's just us two we can only enter a hundred meters into the river. If it's teaming up with others and our domains stacked we can go deeper but not to the bottom. As for the

lightning kill god palace, we can't even get close unless the tide comes. But that takes too long we can't afford to wait. After we got the map we didn't dare to team up with others. We're deciding to leave here and seeing brother Ye's straight forward I wanted to gamble..."

"Ye Mo laughed, "But you didn't expect me to not team up with that old woman right?"

Ye Mo saw in the jade slip Duniang gave him that the tide came everyone 100,000 years. Who would wait here.

Yu Lesheng laughed awkwardly, "Yes, if brother Ye teamed up with the two immortal emperor qian beis, we might really be able to reach the palace."

He was implying that they wouldn't be able to reach the palace alone.

Ye Mo said in contempt "If I teamed up with them you two would be suffering the most not me. Do you think in times of danger that old woman would care about you? They might not even care about me. I would definitely not team up with such people. Plus I don't need to team up with them."

"Is there a lot of immortal emperors here?" Ye Mo saw Yu Lesheng realising that too.

Yu Lesheng quickly answered "There's not a lot of immortal emperors but every period of time there would be immortal emperors coming. There's only six who always stay here. The scrawny old man is one of them. Cai Liu also comes frequently. There's quite some immortal monarchs and immortal kings. Most immortal monarchs are here for body refinement meanwhile some immortal kings can't even get close to the river."

Ye Mo nodded, "Tell me about the river. It's my first time here, has anyone crossed the river?"

"The water in the river contains murderous chi that would invade the sea of consciousness like blades. It's very painful. There are also immortal spirit beasts in the river called abyssal dark shark. This fish is very ferocious and savage. It loves ambushing body refinement cultivators." Yu Lesheng said with fear. Clearly he encountered one before.

As they spoke, Ye Mo saw the vast river and the extremely sharp murderous chi. It was much murderous than at the Duniang hotel. However, it didn't really affect him.

Seeing Ye Mo have it so easy, Yu Lesheng and Shi Qiong breathed easy.

Ye Mo waved his hand and shadowless appeared before them.

Seeing the golden winged shadowless, the two retreated a few steps.

Ye Mo quickly said, "Don't worry this is my immortal pet."

"Such a cool immortal spirit beast. It's like a dragon horse." Yu Lesheng praised.

Shadowless wanted to ask Ye Mo if here was the Qing Wei abyssal river but hearing Yu Lesheng praise him he immediately gloated, "You have keen eyes. Dragon horse is nothing, to me it's just a matter of a bite."

Yu Lesheng didn't mind that shadowless could speak but he was shocked that shadowless didn't fear the murderous chi here.

Seeing Yu Lesheng want to ask what shadowless was Ye Mo quickly asked first, "Brother Yu, do you know who that Xiao Tu is?"

Ye Mo felt this Xiao Tu was strange. He felt very ancient, a type of ancient that he only felt from Kai Mi before. This Xiao Tu seemed even more ancient than Kai Mi.

"I don't know who he is I just know he's very powerful." Even though there's three tables in the shop the third table is his no matter how many people there are. No one dares to use his table. But usually he doesn't attack others if they don't offend him."

Yu Lesheng looked worriedly at Ye Mo, "Brother Ye you probably offended him today so after coming out I suggest brother Ye don't go back to Duniang hotel."

“How do you know he won’t attack me here?” Ye Mo asked.

#### Chapter 1940: Refine murderous chi

Shi Qiong suddenly added “One’s spirit sense can’t scan out more than 100 meters in here. When we came out, we left our original tracks. They wouldn’t be able to find us.”

So that was it. Ye Mo scanned his spirit sense out. His spirit sense had domain but could only scan a thousand meter radius.

“Brother Yu, let’s go down from here.” Ye Mo looked at the jade slip and said.

“Brother Ye, you’re saying to go in from here?” Yu Lesheng saw Ye Mo stand by the river and asked in shock. If Ye Mo really was going down from here then he would have to leave according to his original plan.

Ye Mo smiled, “Of course not, I made a boat to cross the river.”

Then, Ye Mo took out a level eight immortal artefact and threw it on the river. Forging level eight immortal artefact was shocking enough but Yu Lesheng didn’t look at the magic artefact. He stared at Ye Mo with astonishment, “Brother Ye, you said you want to cross the Qing Wei abyssal river?”

“Going to the palace is just on the way, my main purpose is to cross the river. By the way, do you know what’s on the opposite side of the river?” Ye Mo said.

Yu Lesheng just realised that he didn’t hear wrong. Ye Mo was really trying to cross the river. He said seriously, “Brother Ye, the closer you are to the center of the river the heavier the murderous chi is. One mistake and you would be ground to mince. I once saw an immortal emperor tertiary stage who was an immortal god body primary stage never come out after entering the river.”

“Perhaps he crossed the river.” Ye Mo smiled. The murderous chi here was strong but it didn’t concern him.

He had stayed in that lethal force dimension in the void for so long. He was used to such environment. Plus, his spirit sense domain had a strong effect dealing with the murderous chi.

Seeing Ye Mo being stubborn, Shi Qiong didn’t want Yu Lesheng to say more so she said, “Brother Sheng, brother Ye probably knows what he’s doing. If there really is danger in the river we can retreat.”

Yu Lesheng knew what she meant of course and nodded, “In that case let’s do it. it’s said that the other side of the river is an icy world. The ice is so cold that it can freeze one’s soul and spirit sense. Even if brother Ye can cross the river, it’s best you don’t go there.”

Freeze soul and spirit sense? Ye Mo had never heard of such terrifying cold.

“I’ve only just heard about it. we’ve been here for a few centuries and have heard all sorts of strange things.” Yu Lesheng said in awkwardness.

“Let’s go on the ship. I’m going to drive. Shadowless got on.

Seeing Ye Mo and shadowless not fear the murderous chi at all, the two couldn’t help admire Ye Mo and his pet.

Compared to that, Ye Mo being an immortal forgery grand master wasn’t so amazing anymore.

After going in, Ye Mo’s spirit sense domain and immortal monarch domain stacked together and expanded out. At the same time, he fused his understanding of killing force with what he learned from the blue wine. In order to find their common point, Ye Mo smashed his killing force with the murderous chi from outside.

An extremely terrifying yet violent killing intent rush into Ye Mo’s sea of consciousness. Ye Mo spat a mouthful of blood and immediately sat on the deck while saying to shadowless “Head to the palace.”

Then he stopped talking.

After the two got on, they didn't feel that murderous chi at all. This made them respect Ye Mo. Ye Mo's domain was this powerful that they couldn't feel a sliver of murderous chi. This was something they had never seen before.

But before they could thank him, Ye Mo spat a mouthful of blood.

The two were stunned. They had only left the bank about 50 meters. Even they could survive this level of murderous chi as long as there were no sharks. But now, Ye Mo just spat a mouthful of blood. How could they go to the lightning kill god palace now?

They didn't know that the reason Ye Mo spat blood was because his spirit sense charged out of his domain and went out a few thousand meters twisting with large amounts of murderous chi. At the same time, he felt the murderous chi of that powerful being who created the river.

Now, Ye Mo completely fused himself into this murderous chi. As his spirit sense domain extended outside of his domain, he had a more clear feeling of this murderous chi.

That was the lethal force of his god art. That's right, when killing intent and killing qi mixed together it would force killing force.

He learned killing force very early on but never had he had such a direct and clear feeling like today. He clearly grasped that powerful being's killing force.

Under his permission, waves of murderous chi flowed into Ye Mo's sea of consciousness and ravaged his sea of consciousness. The evil chi was burned to nothing by the heaven flame while the killing intent and killing chi was fused into Ye Mo's own god art.

At the same time, his sea of consciousness began perfecting. His spirit sense domain was clearer and he was practicing god art and spirit sense attacks in his sea of consciousness.

Ye Mo's eyes were tight shut but he was overjoyed. He knew what was going on. His Spirit Will Nine Transformations reached level four. Never had he feel Spirit Will Nine Transformations this clearly.

"What's going on?" Yu Lesheng saw that Ye Mo controlled the ship and left the river more than a thousand meters but they were completely fine.

As soon as Yu Lesheng said this, a dark shadow charged into Ye Mo's domain.

"Abyss dark shark..." Shi Qiong called out in shock. The darker their color the scarier they were.

Even shadowless was shocked by the speed of this shark. Nor did shadowless expect it could break into boss's domain. before he could eat this shark, a purple ray swept over.

"Splat..." The shark fell onto the deck bleeding.

Ye Mo got up and Zi Xu was carried on his back. The instant he learned his new killing force, his domain shrunk and this shark got in. His new move carried his newly learned killing force and struck out. It instantly locked onto the shark and killed it in one strike.

"Brother Ye..." Yu Lesheng could tell now that Ye Mo had new learnings for his god art.

Ye Mo smiled satisfyingly, "This powerful being destroyed the immortal realm but it's not completely bad. This killing force is unheard of."

"Destroyed the immortal realm?" Yu Lesheng asked.

"I'll tell you when I have time, I need to cultivate my god art."

Then, Ye Mo raised Zi Xu. Countless murderous chi gathered over but moments later, the murderous chi disappeared.

Ye Mo attacked with Zi Xu faster and faster and the nearby evil chi was getting dimmer and dimmer. The killing intent and killing chi seemed to have been sucked away by Ye Mo.

By the time the two reacted, they felt Ye Mo take back his domain. The nearby murderous chi were very faint. They didn't feel anything uncomfortable at all. Even an ordinary immortal king could defend against the murderous chi now much less them.

Yu Lesheng and his wife glanced at each other. Their eyes were covered in shock. They didn't even dare to imagine Ye Mo could do this.

Yu Lesheng was certain that the old woman's team might not have it as easy as them. No wonder Ye Mo didn't want to join up with them. He didn't need to join up with anyone. He probably took them because he reminded him and gave him the map.
