

Strongest As 1951

Chapter 1951: People Eventually Change

Nie Shuangshuang's place wasn't small. There was a garden. Her cultivation room was separated with her sleeping room. Nie Shuangshuang's bedroom was simple but elegant. Ye Mo liked it this way. It seemed more real.

Nie Shuangshuang poured a cup for Ye Mo and sat down too.

"Shuangshuang, you seem to have something on your mind?" Ye Mo felt Nie Shuangshuang wasn't right.

"No..." Nie Shuangshuang shook her head, "I've lived here for a hundred years. My master is very nice to me and she's still in solitary cultivation. Thinking about how I'm about to leave her and the Ice God Palace, I'm a bit sad..."

Suddenly, Nie Shuangshuang seemed to have thought of the past and sighed, "Brother Ye, do you still remember my first pet Luan Luan? I actually miss it a bit. I love reminiscing the past. Brother Ye it's just like the first time I saw you. I feel this serenity on you. I like that feeling. I'm even thinking if many things were like the past I would be very happy..."

Ye Mo quickly interrupted her, "Shuangshuang, don't bring up the past. I'll take you to leave this place. this isn't a good place. I'll take you to a better place with many friends."

"Mhm, brother Ye, I don't want to stay here too." Nie Shuangshuang nodded and suddenly asked in confusion "Brother Ye, you said I was only a chi gathering cultivator before. how did you bring me to the immortal realm?"

"It's luck..." Ye Mo hesitated and said, "Shuangshuang, I'll tell you after we go out, it's nothing amazing."

Nie Shuangshuang nodded obediently "Okay, brother Ye what's your current cultivation level? I've never seen the big palace lord and third palace lord greet a man at the same time."

Ye Mo didn't hide it "I had some fortune so my cultivation speed is fast but it's not as high as your palace lords. It's mainly because my pet is strong and likes to bluff, that's why the two palace lord are concerned."

Nie Shuangshuang was only golden immortal primary stage. Ye Mo didn't want to say his cultivation level in case she felt the difference was too huge.

"Is it the dragon horse with wings?" Nie Shuangshuang asked in surprise and joy.

Ye Mo felt more and more uncomfortable. He felt this wasn't the words he wanted to talk with Nie Shuangshuang now.

However, he still nodded, "Yes, by the way, Shuangshuang, where is your shadowless worm?"

Ye Mo knew that shadowless needed too much resources to grow. Even if Nie Shuangshuang was in the Ice God Palace, she might not be able to feed it. He asked this to find a way to help her feed it.

"I've kept it somewhere. I'll go get it. brother Ye, thank you for bringing me to the immortal realm." Nie Shuangshuang thanked again.

Ye Mo frowned, "Shuangshuang, you don't need to be so polite. If you didn't save me with your life, I would be dead already. What I did for you is nothing."

Nie Shuangshuang's eyes went red and she sobbed "No, brother Ye, I pretty much did nothing. Before meeting you, I only knew loneliness. After knowing you, I had friends. I'm forever grateful to you..."

This was the first time Ye Mo sensed Nie Shuangshuang's real emotions coming here. He reproached himself for thinking so much. He quickly got up and said, "Shuangshuang, let's not talk about this. We'll talk about this after we leave."

"Mhm, brother Ye, this is my bedroom. Wait for me a bit, I'll be back soon." Nie Shuangshuang left with a red face and closed the door after leaving.

Ye Mo sat in her room and felt a little unnatural. This room was hers but he had this strange feeling.

If this wasn't Nie Shuangshuang's bedroom, Ye Mo's spirit sense would've scanned out carefully. Nie Shuangshuang had been in his golden page world for many years, it should be fine if he checked right?

Ye Mo scanned his spirit sense and immediately got up. This was indeed a bedroom but everything inside had never been used.

Ye Mo's spirit sense scanned out and found his spirit sense was blocked by the door. Without hesitation, Ye Mo dashed to the door and pulled the handle.

"Brother Ye, sorry, you saved me a few times and I only saved you once. But this time, I'm going to take it back. I'm really sorry. I have no other way. You really shouldn't have come to find me. you already touched the bottom line of our Ice God Palace. You can leave rest assured. If one day I can go back to earth I will build a tomb for you. Because, I truly like you... people eventually change. I changed, brother Ye, I'm sorry..."

Nie Shuangshuang's voice stopped as the huge cracking sounds enveloped her voice.

Ye Mo found this place was completely sealed by all sorts of restrictions. He couldn't break free at all. At the same time, an extremely terrifying frost smashed down. It was hundreds of times more terrifying than the ice forest. As soon as Ye Mo scanned his spirit sense out, it was freezed cracking and there was this pain in his sea of consciousness.

In that instant, Ye Mo knew that regardless if he could break this formation or not if he stayed here, he would die.

Even an immortal emperor peak stage with immortal god body tertiary stage wouldn't necessarily be able to resist this coldness. The Ice God Palace was too scary, they could mobilise such terrifying cold.

Even spirit sense wouldn't be able to move in this cold much less body. Ye Mo went into the golden page world without hesitation.

This was with him being immortal god body middle stage power. If his body refinement was a little lower, he wouldn't even have time to go into the golden page world.

...

In the golden page world Ye Mo wasn't angry at all. It was just as Nie Shuangshuang said, she saved him once and now took it back.

Ye Mo was someone who valued emotions. He came over just for Nie Shuangshuang but was ambushed by her. There was only disappointment coming from the bottom of his heart. People would eventually change. Perhaps Nie Shuangshuang's words were true but Ye Mo found that he had never changed from the start to the end.

He didn't know why Nie Shuangshuang did this. He checked her and knew she wasn't being controlled. Even if she wanted to stay in the Ice God Palace, she didn't have to kill him.

Ye Mo carefully reached his spirit sense out and as soon as it left the golden page world, it was turned to nothing by that terrifying cold. He could only feel that the golden page world was brought into the depth of the earth by this cold.

A few days later, Ye Mo felt the golden page world had stopped before he scanned his spirit sense out. The cold was much better than before but he still couldn't send his spirit sense out for long.

Ye Mo knew that he didn't have to go out now, he only needed to wait.

Even the formation builder wouldn't be able to see inside.

Ye Mo believed that no one in the Ice God Palace now had the power to set up such formation. It was definitely left behind from ancient times or just used by the Ice God Palace people. He suspected he didn't even go into the Ice God Palace.

Shadowless didn't dare to speak after knowing that boss was ambushed so he went to small ginseng to research the wine.

After knowing now wasn't a good time to go out, Ye Mo took out the time formation disk and started spirit controlling those few bone arrows and the other short dagger.

...

In a palace within the Ice God Palace, the big palace lord, third palace lord and Nie Shuangshuang sat together.

"Shuangshuang, do you like that Ye Mo?" Third palace lord suddenly asked.

Nie Shuangshuang quickly bowed "Yes, when I was in the mortal realm I liked him but that was a long time ago."

Third palace lord nodded "That Ye Mo is rather devoted in Ye Mo to find it all the way here. His cultivation level isn't high but his immortal pet is good. After 49 years and the formation opens, if his immortal pet is still there you can take it."

The big palace lord added "Shuangshuang, you will be reaching the highest divine emperor in the future. Our Ice God Palace will never stay in one corner. You saw your own past life, you know the path you need to take. Let go of what needs to be let go. It might be hard at first but you will cherish your decision in the future. You did very well now."

"Shuangshuang will remember the two palace lord's teachings." Nie Shuangshuang quickly said.

The big palace lord sighed "Shuangshuang, you don't need to be so polite in front of us. Your origin isn't simple, your future won't be simple either."

As though seeing Nie Shuangshuang's eyes seemed a bit dim, big palace lord stopped and said softly "Shuangshuang go rest first, I have some things to discuss with third palace lord."

Chapter 1952: Qing Ru waking up

After Nie Shuangshuang left, third palace lord said in confusion, "Martial sister, Shuangshuang said she forgot to ask Ye Mo about the shadowless worm, this..."

Big palace lord sighed "Shuangshuang is having a hard time. Her dao heart isn't firm. After all, Ye Mo was someone she liked and now she killed him personally. Although it would benefit her in the future, she can't let go yet. As for shadowless worm, she intentionally didn't ask. After all, she met with Ye Mo due to it.

"Martial sister, what do you feel is that Ye Mo's cultivation level?" The big palace lord asked again.

Third palace lord thought for a moment and said, "Martial sister, that Ye Mo's power is no lower than yours. He came from the Qing Wei abyssal river. He definitely saw the secret of the Ice God Palace. We musn't be merciful to such a person. I've never seen someone who could cross the Qing Wei abyssal river but this person could.

Plus, if what Shuangshuang said is true, I really can't imagine how he reached immortal emperor in such a short time. There definitely is a huge secret on him. I believe since he fought with Wei Feng grand emperor, he would be famous in the immortal realm. We only need to send someone out to investigate."

"That works." The big palace lord nodded, "No matter how big his secret is, when the Ice God formation opens, it will belong to us."

...

Half a months later, Ye Mo refined the third bone arrow to the 48threstriction. Then he breathed easier. The third arrow was harder than the previous two combined.

When he spirit controlled it to the 48thlevel of restriction, Ye Mo felt that the third arrow was much stronger than the first two arrows. If he spirit controlled all 108 levels of restriction, Ye Mo suspected that three consecutive arrows might even take out a divine emperor.

He carefully put the three arrows away and then spirit controlled that dagger. Afterward, he found out that the name of the dagger was melt space. Other than that, he really didn't find any use for it.

Ye Mo scanned his spirit sense out of the golden page world again. He found that coldness had become much weaker.

Ye Mo didn't hesitate anymore and left the golden page world.

The bone piercing cold instantly turned his clothes into nothing. Ye Mo was shocked. Even his immortal god body middle stage body was shaking under this coldness.

This coldness wasn't something flames could stop. Ye Mo used his body refinement cultivation method and took out formation flags made with top level materials. In order to leave this space he had to find a way to break the formation door. This took time so he needed to set up a place he could stay.

The golden page world was safe but he couldn't leave the formation.

Ye Mo's formation skills were beyond level eight immortal formation grand master.

In half a day's time, Ye Mo set up a frost barrier formation and the nearby coldness immediately weakened. Then, he put on a new set of clothes.

Ye Mo thought that with his formation skills and deriving capabilities, he would be able to leave here if he settled his mind.

But when Ye Mo derived this formation for half a month and had zero clue, he realised he was too optimistic.

Ye Mo even called out small ginseng. Small ginseng only recognized it was a natural attack formation. One could only wait till the formation opened up naturally.

Ye Mo knew this too but he didn't know when it would open and he didn't want to wait here.

A few months passed and he still didn't open this formation. Ye Mo became worried. He suddenly thought of the blue bead small world in the golden page world.

If he had the slightest respect for Ice God Palace before, it was all gone now.

He took out the small world and started to spirit control it. With his immortal monarch peak power, it didn't take much time.

In just half a day, he completely spirit controlled this small world. The inside of the world clearly imprinted in Ye Mo's spirit sense. Ye Mo went into the small world without hesitation.

The small world wasn't big, only a thousand km radius.

There was blue mountains and lush green waters. The immortal spirit chi here was also extremely dense. There was a row of exquisite houses in the most obvious place in the small world.

Amongst the houses, there was a one km tall tree. It was the tree Ye Mo found in the ice god forbidden grounds. There was a black ice bed at the tree roots and on the bed was Qing Ru.

After all these years, Ye Mo was still shocked by Qing Ru's beauty upon seeing her. She was too beautiful. Zhen Bingyu and Luo Ying's beauty could make people feel close but her beauty didn't seem real.

Even after laying here for all these years, her body was still the best Ye Mo had seen. The only one who could match her was Zhen Bingyu but that was after Zhen Bingyu cultivated body refinement. This woman probably naturally had this perfect body.

Ye Mo put a heaven heart soul recovery pill in her mouth. Ye Mo was the only one who had the pill recipe. This was the top level nine immortal pill he made with dark weed, level nine immortal spirit herb Hai Tian Lan and yin blue plum.

If the essence spirit was still alive, the pill could save the person.

Ye Mo was certain Qing Ru's soul hadn't disappeared. As long as she had a sliver of soul, he could save her and ask what this formation was.

The pill immediately melted in Qing Ru's mouth. Ye Mo soon felt many immortal spirit chi insert into Qing Ru's body.

Indeed in less than half a day, Qing Ru opened her eyes. She seemed a little confused and looked around before sitting up.

Soon, she realised this was her small world and breathed easy. But when she saw Ye Mo not far from her, she landed on the ground in shock.

"Who are you? Why are you in my small world?" Qing Ru asked without hesitation.

Ye Mo said plainly "It's not important who I am what's important is who are you?"

Ye Mo was actually shocked when the woman woke up. Her cultivation level seemed a little too low. She was only abstruse immortal primary stage. How did she get to the cultivation realm.

"I'm Qing Ru..." Qing Ru said and then frowned. She immediately said in shock, "I remember, you're the person I asked to take me away?"

"That's right, I took you away from that place." Ye Mo nodded.

"Thank you." Qing Ru quickly bowed and didn't blame why Ye Mo was in her small world. She could feel her small world had been spirit controlled by Ye Mo.

"May I ask martial brother where is this place?" Qing Ru scanned her spirit sense out and could only feel coldness and a very sophisticated formation.

“Ice God Palace.” Ye Mo answered.

Qing Ru’s face showed a surprise and joyful expression completely different to her sad look before.

“You really took me to Ice God Palace? I want to see Ice God Palace palace lord...” Qing Ru said and then realised she was too desperate and said to Ye Mo ,”Sorry, I’m too desperate...”

She didn’t even ask how Ye Mo came to the immortal realm nor Ye Mo’s name.

Ye Mo sneered “I was planning to take you to see the big palace lord and I ineed saw her. But before I can take you out, I was ambushed by your big palace lord and third palace lord. I’m trapped by an extremely cold formation.”

“What?” Qing Ru called out in shock, “This is impossible, impossible.”

Ye Mo ignored her and took out her of the small world before pointing outside, “Impossible? Have a look at yourself.”

“Ice God formation...” Qing Ru murmured to herself.

Chapter 1953: Shuangshuang’s Flying Ship

“What is Ice God formation?” Ye Mo saw that Qing Ru actually knew this formation and quickly asked with hope. He used his level nine immortal pill right.

Qing Ru said seriously, “It’s the number formation of the Ice God Palace. Even if a divine emperor comes, he would be trapped by the Ice God formation. What atrocity did you do in the Ice God Palace? Otherwise the big palace lord would definitely not use such means against you.”

“Bullshit.” Ye Mo yelled in fury. “I brought you back to Ice God Palace in good will. The old d farts of Ice God Palace didn’t thank me and instead ambushed me. what atrocity? I didn’t even touch a small grass of Ice God Palace.”

Then Ye Mo added in his heart, I didn’t break the mountain.

Hearing Ye Mo’s words were coarse, Qing Ru frowned immediately. She remembered she was heavily injured, how could she suddenly wake up. Thinking about this, she immediately asked “You saved me?”

Ye Mo sneered “What do you think? I used all my fortune to get a level nine immortal pill and I used it to save you. Yet your Ice God Palace tries to kill me.”

Ye Mo felt he was becoming more and more like shadowless. If it was shadowless, he would probably say that from beginning to now, he had used all his time to gather immortal crystals to buy this pill. Qing Ru seemed to be someone easy to talk to. If he could get on her side, she might be able to tell him a way out.

“Wait it’s not right...” Qing Ru didn’t become all grateful to Ye Mo due to his words. She just woke up and there were a lot of things she didn’t think. Now her brain was slowly away and she remembered how could Ye Mo be fine after the Ice God Palace activated the Ice God formation? Even her small world was fine. This didn’t make sense. Even a small world can’t resist the force of the formation.

She knows how long she had been asleep. Even if Ye Mo ascended when she fell asleep, there was no way he could cultivate to a stage to survive the Ice God formation.

“How did you block the Ice God formation?” Qing Ru asked.

Ye Mo sneered “That’s my business it has nothing to do with you. Your Ice God Palace owes me, not the other way around.”

Ye Mo felt this Qing Ru wasn’t simple to be able to recognize the formation but he desperately wanted to go out so he didn’t bother asking why she went to the cultivation realm and ended up in that situation.

“Regardless of who is right, the big palace lord won’t casually use the formation against you. She’s about to reach dao vindication divine emperor. How can she do that. Plus, the big palace lord is very nice, she would never treat someone who helped the Ice God Palace like that.” Qing Ru shook her head.

Ye Mo said in contempt “Dao vindication divine emperor? Keep dreaming. How can someone like her reach dao vindication?”

Qing Ru frowned and said “I can’t see your cultivation level, you’re probably much stronger than me. otherwise, the Ice God Palace wouldn’t use the Ice God formation against you. When I left the immortal realm to the cultivation realm, the big palace lord was already immortal emperor peak stage. There’s no way that she hadn’t improved after all these years.”

Ye Mo was confused. Was there something wrong with that big palace lord?

He waved out an image, “This is the big and third palace lord who attacked me...”

“Huh... this...” Qing Ru stared at the image in a daze “how could this be?”

“This isn’t your Ice God Palace people?” Ye Mo asked.

Qing Ru fell silent for a long while before saying “The big palace lord you said is the original second palace lord not the big palace lord I mentioned. The third palace lord is a martial uncle of mine, I think...”

“You think the original big palace lord is gone? How long had you left the Ice God Palace? Perhaps it’s the second palace lord who harmed your big palace lord with others.” Ye Mo said.

Qing Ru shook her head, “No, martial uncle Ru Shu is big palace lord’s disciple. Su Lian palace lord respects big palace lord greatly. I believe... something must’ve happened in the Ice God Palace all these years I wasn’t here.”

Ye Mo frowned, “You go deal with whatever happened in your Ice God Palace. I want to leave here. Do you have a way out. I brought you to the Ice God Palace and used my most precious pill to save you. I

don't care about what the Ice God Palace did to me nor do I want any relations with them. If possible I just want to leave."

Ye Mo didn't want to stay here. He didn't like this place. although Nie Shuangshuang saved him once and he wouldn't kill her, he didn't want to have anything to do with her.

Qing Ru bowed to Ye Mo again "Sorry, no matter who you are you saved me. I have a way out, I haven't asked for your name yet."

Ye Mo waved his hand.

Qing Ru didn't keep asking Ye Mo's name. She resisted the urge to ask how Ye Mo survived in the formation and how he cultivated so quickly.

She didn't know why the Ice God Palace used such formation against Ye Mo but she could feel Ye Mo wasn't the evil man she thought.

...

Qing Ru didn't lie. With her explanation, Ye Mo immediately realised why he couldn't go out.

The formation was no ordinary formation. It was a top natural ice god trap formation.

It could be activated by cultivators. If outsiders didn't understand the theory behind the formation then the formation flags they made would be useless. Only two people could release the formation according to Qing Ru. The original big palace lord and her.

The reason they could release it wasn't because their formation skills were high but because they had a formation flag to leave this natural formation.

The formation was a natural formation and the two natural formation flags were called Yin Yang formation flags. It was borne with the formation. Either flag could be used to leave the formation but if one wanted to come in from an activated formation, they needed both flags

Now that Qing Ru had the yin flag, she could take Ye Mo out of the formation. This was countless times easier than Ye Mo had imagined. From this, Ye Mo could see that when Qing Ru left the Ice God Palace, she had very high status here.

...

Coming back to the snowy landscape, Ye Mo sighed. A few months ago, he was worried about Nie Shuangshuang but now, he just wanted to leave this place.

He had never thought of annihilating the Ice God Palace. He could tell Nie Shuangshuang's status wasn't low here. If Nie Shuangshuang didn't kill him, then she would never activate this formation. Or it was that she couldn't stop the two palace lords from wanting to detonate this formation. Nie Shuangshuang could've hinted him but she didn't even do that. This completely disappointed Ye Mo.

"The exit to Ice God Palace is very hidden. I'll take you out otherwise you would never be able to find the exit." Qing Ru saw Ye Mo was a bit sad and said.

Ye Mo laughed dejectedly "No need, thanks for bringing me out. I saved you and you saved me we don't owe each other. Go back to your Ice God Palace. Don't worry about me getting revenge, I never thought about it."

Qing Ru smiled sweetly, "Thank you, I don't know your name but I believe you. I won't go back to the Ice God Palace now, I need to find my master. She isn't in the Ice God Palace. Since you can talk about revenge on the Ice God Palace, I believe your cultivation level must be very high. If you don't want to leave with me can you lend me a flying magic artefact."

"No problem." Ye Mo had plenty of extreme grade flying immortal artefacts.

He subconsciously took out a ring and stared at the storage ring for a long time before suddenly taking out an exquisite flying ship to Qing Ru "You can have this, good bye." Then Ye Mo disappeared.

“Huh...”

Qing Ru dazed at the flying magic artefact Ye Mo gave her. It was such an exquisite flying ship and Ye Mo just gave it to her. This ship was also an extreme grade immortal artefact. There was such a generous person in this world? Thinking about how Ye Mo gave her a level nine immortal pill, she believed Ye Mo was such a generous person.

She immediately found a hidden place to spirit control this immortal ship. A few days later, she spirit controlled the ship and saw there was a small row of words “Shuangshuang’s immortal ship.”

Chapter 1954: Sing to the wine

Shuangshuang’s flying ship? Who was Shuangshuang? She didn’t know that the entire storage ring was prepared for Nie Shuangshuang. Now that Ye Mo was so disappointed. He gave away this specially made flying ship to Qing Ru. Leaving this flying ship was too sad. He might as well give it away.

Of course Ye Mo knew how to leave Ice God Palace. He came by the Qing Wei abyssal river and now he would leave that way too.

When Ye Mo came back to that icy mountain range, he saw Nie Shuangshuang again.

She stood before a white icy grave and seemed to be murmuring.

Ye Mo immediately flew over. With his current cultivation level, even if he stood before her, she wouldn’t be able to notice him.

There was a stone tablet on the grave with the words, Ye Mo’s Grave.

“Brother Ye I really hoped you didn’t come here. If you didn’t, no one would know you existed and we would forget each other. I would definitely not go find you. Maybe this is just what I wanted but you came to the Ice God Palace. I don’t know who brought you here but when I do I will kill her and get revenge for you. Today is your anniversary, I came to bring you a cup of wine. I won’t be coming back again...

Perhaps, this is good. My mortal dao is severed. There’s nothing left to reminisce. Goodbye.”

Then, Nie Shuangshuang poured that cup of wine on the tomb before turning to leave. moments later, she disappeared from Ye Mo’s sight.

Ye Mo suddenly had this sadness in his heart. There was some misunderstanding when he first met and but later, he knew that her nature was good. But what she did now completely confused him. Clearly she tried to kill him but she wanted to kill someone else to get revenge for him.

Such people could always find an excuse for themselves. If it was some other woman who wanted his life like that, Ye Mo would’ve killed her without hesitation but for Nie Shuangshuang, he didn’t have any intentions to kill her. She could be ruthless but he couldn’t do the same as her. Just as she said, just forget each other.

Ye Mo walked up to that tombstone and left three lines of words, “Before, I wanted to live with you but that was an extravagant wish. Later I want to forget you but it is still an extravagant wish. Now, we’re separated by yin and yang...”

Ye Mo kicked and the ice tomb was kicked to oblivion.

He then threw out shadowless and said “Shadowless speed up and row the boat on the abyssal river, we’re going back.”

...

Seven days later, Ye Mo crossed the abyssal river and came to the river bank. Ye Mo spent these seven days in cultivation. He needed power. If he didn’t reach immortal emperor, he would be lacking on foundation even if he had power rivalling immortal emperor.

The river bank was still the same. Ye Mo had crossed the river twice and been to the lightning kill palace. His spirit sense wasn't just one km like before, it was a few km.

Some body refinement immortals were still cultivating their bodies on the river banks while finding wine kill stone.

The Duniang hotel was still there. When my put away shadowless and went into the hotel, there were still a few people sitting there drinking wine. However, Ye Mo didn't see Chu Chen divine emperor nor that old woman.

Ye Mo was only immortal king middle stage and when he walked in no one even looked at him.

However, Duniang was startled off her seat and quickly walked out and bowed "Duniang greet immortal friend Ye."

The immortal kings and immortal monarchs drinking were dazed. They had been here for countless years but had never seen Duniang leave the counter to greet someone. There were a few immortal emperors here but even if they came she only politely saluted with her fists. Who was this youth to allow her to come out and greet?

Ye Mo didn't mind. She was close to Chu Chen divine emperor, it would be strange if she wasn't scared of him.

"Get me one kettle or white wine and two bottles of black wine." Ye Mo nodded and said.

He told small ginseng to produce wine but it had only been this long and small ginseng hadn't produced the wines yet. By the looks of it, small ginseng seemed very interested in Chu Chen divine emperor's other wine recipes. Who knows how long it would be before he could drink the wine made by small ginseng.

Ye Mo knew that there were much black wine so he only asked for two bottles.

Everyone dazed and looked at Ye Mo in shock. They've been here for so long and seen people buy white wine but that was in bottles. They've never seen people buy black wine. Now, an immortal king asked for a kettle of white wine and two bottles of black wine.

However what shocked them more was that Duniang took it out without hesitation and didn't even ask Ye Mo for the wine kill stones first.

Ye Mo was used to eating first and then paying so he took the white wine and drank.

An extremely fierce killing intent filled his entire body. This killing intent was more than ten times stronger than the blue wine. Before he even refined the killing intent and killing chi in the wine, a terrifying killing intent emitted from his body. The nearby immortal monarchs quickly used their cultivation method to block this.

"Good wine." Ye Mo praised and his contemptuous opinions of Chu Chen divine emperor were gone. To be able to make such wine, one's wine making skills had to reach a new peak as well as his understanding of killing intent and lethal force. Only then would you be able to turn the killing intent in the wine kill stone into wine intent and allow the drinker to digest it. Small ginseng didn't understand killing intent much, he probably couldn't make such wine.

Seeing Ye Mo drink a big gulp of the white wine, people were already very shocked but then Ye Mo tipped the entire kettle of white wine down.

In that instant, there was only the sound of Ye Mo drinking the wine.

The dejected feeling of being ambushed by Nie Shuangshuang was completely melted in this wine. In that instance, Ye Mo only felt the satisfaction of the killing intent in this wine.

That killing chi soon swept Ye Mo's entire body. Ye Mo didn't even need to use Three Birth Chant to refine it and instead used his body refinement cultivation method to feel the lethal force and killing intent of the wine.

The killing intent and wine intent spread. How could the immortal kings and immortal monarchs not realise Ye Mo's power? They all moved back fearing this sharp killing chi would hurt them.

“This is satisfying.” A lot of the dejection in his eyes dissipated and he finished the white wine.

He put the wine kettle on the bar and took out the black wine and gulped. An extremely fierce lethal force swept his entire meridian. Even his sea of consciousness was ravaged by killing chi.

This killing intent in the black wine was ten times stronger than the white wine. Ye Mo had never felt drunk ever since cultivation but today he was feeling a bit tipsy.

This time, he didn’t finish the black wine in one go but instead took out 100 white kill stones and 20 black wine kill stones and placed it on the counter and then took the other bottle of black wine before saying in a tipsy tone “Duniang, thank you for your wine. It’s great... when little mud comes back tell him that Ye Mo welcomes him to come to...”

Ye Mo walked out of the Duniang hotel. Everyone saw Ye Mo take out the wine kill stones and realised that he wasn’t going to drink free wine. He took out 100 white stones and 20 black stones in one go. Even immortal emperors might not be able to take out that many in one go.

Duniang looked at Ye Mo dazily but Ye Mo already walked out of the hotel. Outside a song came “The day before is gone, happiness is more important than anything, the spilled water can’t be taken back...”

Ye Mo didn’t know what song this was but he remembered in the Beijing bar he was at with Nie Shuangshuang, the bar played this song.

Using the murderous chi in the wine, Ye Mo sang this song and melted the sadness in his heart.

“The song is bad but the wine is good...” A sudden voice woke Ye Mo up a bit.

“Wrong, the song is good and the wine is too.” Another voice sounded.

Ye Mo’s tipsiness eased. The two came up to him and he didn’t even realise. As he woke up from the wine, he felt his immortal essence release and his cultivation level finally reached immortal monarch peak stage.

Chapter 1955: Soon not to be immortal monarch

After Ye Mo's initial joy, he looked at these two people seriously. He was shocked that both of them were immortal emperor peak stage and he didn't know a single one of them.

The one who said his song was good was a monk who bared his chest. There were massive beads hanging off his neck. Ye Mo scanned with his spirit sense, there seemed to be countless beads but then later there only seemed to be a few.

Ye Mo couldn't tell if the other person was a man or woman.

"Who dares to rebuke my words, so it's you again old man Wuying. Why didn't you stay at the Wujia Sound river? Haha..." The monk stared at Ye Mo's wine bottle and said "Your wine seems good can I have a try?"

"Du Feng monk, where I go is none of your business. If you mind your own business, I can give you a bottle after I kill this kid." Wuyin immortal emperor said.

Ye Mo's eyes went cold. He didn't expect it was Wuyin immortal emperor. No wonder he was immortal emperor peak stage. He had come back from the void, then Feng Kong grand emperor was probably back. It seemed he really needed to break through to immortal emperor and kill this Wuyin before going after Feng Kong grand emperor.

Ye Mo knew that Wuyin came just for him and worried about Beiwei and them.

Meanwhile, the monk stared at Wuyin immortal emperor "Old man Wuyin do you enjoy abusing people weaker than you? In The Ice Carrot immortal city, you wanted to abuse a few little girls and I stopped you. Now you want to abuse an immortal king."

“Thank you qian bei for helping at Ice Carrot immortal city...” Ye Mo immediately walked up to that monk and bowed. Ye Mo knew that this monk stopped Wuyin immortal emperor from attacking Beiwei and them.

“I didn’t even say it is and you know those few girls. It seems there’s quote the conflict between you guys. You don’t need to thank me, just let me have a sip of the wine. It’s Duniang black wine right? I’ve always wanted to drink but I can’t afford it. After I drink I’ll help you fight.” The monk stared at Ye Mo’s wine and gulped.

Wuyin immortal emperor sneered “Du Luo monk I can give you face for other things but I must kill this person. He ruined my sect, took my immortal range and robbed my sect members. How can I not kill him?”

Hearing this, Du Luo monk frowned. If what Wuyin said was real, he really couldn’t intervene. If he did, his Nan Ming heaven Zen Temple would be death enemies with Wujia Sound River.

“You’re quite bold to do such a thing. I guess you’re not an immortal king. What is your cultivation?” The old monk smiled at Ye Mo bitterly. He suspected he wouldn’t be able to drink his wine today.

Ye Mo took away his stealth cultivation method and showed his immortal monarch peak stage power “Thank you Du Feng qian bei but I don’t need you to intervene. Old bastard Wuyin captured my wife, I’m long wanted to kill this half woman half man.

Then, Ye Mo threw his other bottle of black wine to Du Feng monk “I have another bottle here you can have it.”

Du Feng subconsciously took the black wine and asked in shock “You’re a mere immortal monarch power and you want to kill immortal emperor peak stage Wuyin?”

“Immortal monarch power?” Ye Mo laughed, “Soon I won’t be immortal monarch power. I need to have my divine damnation and break through to immortal emperor, please help protect me Du Feng monk and Wuyin old man.”

Then, Ye Mo glanced at Wuyin immortal emperor in contempt.

“What? You’re going to break through to immortal emperor now? Here?” Du Feng repeated in shock. Was this immortal monarch crazy?

This was close to Qing Wei abyssal river, there were murderous chi everywhere. Breaking through to immortal emperor here was the most stupidest thing.

Wuyin immortal emperor who was about to attack suddenly stopped. He had heard that although Ye Mo was an immortal monarch but could take on Wei Feng grand emperor. Although he didn’t fear Wei Feng grand emperor, he couldn’t beat him for sure.

Now that Ye Mo wanted to have divine damnation for immortal emperor, this was the perfect opportunity. He guessed that Ye Mo wanted to break through to immortal emperor and then fight him. But if Ye Mo thought he had the opportunity to reach immortal emperor, he would be dreaming.

If immortal emperor was this easy to break through to, then this entire world would be filled with immortal emperors. He was 70% certain that Ye Mo couldn’t draw the divine damnation. If Ye Mo failed to reach immortal emperor, his cultivation level would drop two levels. Then, he would be able to easily kill him.

Even if Ye Mo brought the immortal emperor divine damnation, so what? As soon as Ye Mo’s divine damnation comes he would attack. As for immortal emperor divine damnation, it was a joke to an immortal emperor tertiary stage peak. If Ye Mo thought he wouldn’t dare to attack during his divine damnation, then Ye Mo would be a fool.

Ye Mo knew what Wuyin immortal emperor thought. If Wuyin immortal emperor thought his divine damnation would be an ordinary immortal emperor divine damnation, then he would have quite some trouble.

Ye Mo was certain that even an immortal emperor peak stage wouldn’t be able to safely survive his immortal emperor divine damnation.

Ye Mo threw out a few extreme grade immortal ranges and then casually set up a spirit gathering immortal formation. Then he drank all of his black bottle.

Du Feng monk stared at Ye Mo's empty black bottle in shock. He was more shocked about Ye Mo finishing that in one go than Ye Mo throwing out a few extreme grade immortal ranges.

Although he hadn't had Duniang black wine before, he had long heard of it. Even the most powerful body refinement immortal or someone who has deep knowledge of killing intent can only drink one mouthful at a time.

Seeing Ye Mo throw his bottle out, Du Feng monk stared at his black bottle and then raised it drinking a big mouthful.

The terrifying killing intent and killing chi instantly filled his sea of consciousness and meridians. The uncontrollable feeling of being torn apart shocked Du Feng monk. He even suspected Ye Mo didn't drink the real black wine and gave him the real one. He didn't have time to ask Ye Mo, if he didn't use this time to calm it down, the killing intent would tear open his sea of consciousness.

Ye Mo didn't have it easy either. One bottle of black wine was terrifying.

Wuyin stared at Ye Mo, Du Feng was in trouble himself. When Ye Mo failed divine damnation, he could easily kill Ye Mo.

As the Three Birth Chant ran, the immortal spirit chi of the extreme grade immortal range was swept away by Ye Mo.

Wuyin immortal emperor was shocked at which the speed and power Ye Mo devoured immortal spirit chi. He made up his mind to kill Ye Mo this time. Ye Mo must not be allowed to reach immortal emperor. If Ye Mo reached immortal emperor, he wouldn't even be able to retaliate.

A day later, Du Luo monk spirit controlled the black wine and felt its benefits. He forgot that Ye Mo was still having a divine damnation and drank another mouthful. This was a wine he truly liked.

The sky went dark and a rumbling sound exploded in the sky. Wuyin immortal emperor was a bit dazed, he didn't expect Ye Mo to really bring the divine damnation but he cast this aside and secretly released his magic artefact. As soon as the divine damnation came, he would attack.

Ye Mo's mind was completely focused on the divine damnation. Like Du Feng monk, he had already forgotten about Wuyin immortal emperor. He ate a Tai Wei Emperor return pill. The powerful pill energy mixed with the black wine energy as well as the immortal spirit chi and charged at that immortal emperor barrier.

Chapter 1956: So this is it

"Rumble..." The immortal emperor immediately shook under that charge.

Ye Mo rejoiced. He thought he would need to charge many times or even tens of times but on the first charge, he reached the immortal emperor barrier.

He immediately realised what was going on. According to his cultivation progress, he could long reach immortal emperor. It meant that his foundation as an immortal monarch was enough. The reason he wasn't able to reach immortal emperor was because he couldn't reach immortal monarch peak stage.

Crack... As soon as Ye Mo touched the immortal emperor barrier, the divine damnation fell.

Ye Mo threw another Tai Wei emperor return pill in his mouth without hesitation. He lacked immortal pills the least. These pills were very precious to other sects but he had plenty.

The lightning flashed and Wuyin immortal emperor immediately released his immortal subjugation tree root. He was going to attack when Ye Mo was struck by the first wave of divine damnation.

Nine blueish black bolts of lightning fell. Wuyin immortal emperor was dazed. He didn't expect Ye Mo's divine damnation was bucket sized thick but he was more assured. After these nine bolts, Ye Mo would be heavily injured if not dead. Even if he was caught in the divine damnation, he would at most receive light injuries.

Wuyin immortal emperor's calculations were very precise. He followed the nine bolts of lightning closely and attacked Ye Mo. He was certain that even if he was caught in it, it would be very little. Plus, he released his top level defense magic artefact Golden Dragon painting to protect him.

Crackle Crackle... Lightning rained down non stop. Wuyin immortal emperor was lost for words. Just what divine damnation was Ye Mo this bastard having. The nine bolts was only a part of the first wave. After this nine bolts, tens more equally sized lightning came. These bolts were less than a second slower than the first nine bolts. Wuyin immortal emperor counted and there were actually 81 bolts.

Wuyin immortal emperor's face went pale, even though he was immortal emperor peak stage, he couldn't stop such terrifying divine damnation arc. He had released his magic artefact now and even clashed with the latter lightning bolts. This meant that he had been caught into the divine damnation. It was impossible to leave now.

At this moment, how could Wuyin immortal emperor not know what Ye Mo planned. He was furious but he could only block this divine damnation.

He swore he had never seen such terrifying divine damnation in his life. His immortal emperor divine damnation was a small stream compared to the ocean that Ye Mo's divine damnation was.

No wonder Ye Mo could easily kill immortal emperor as an immortal monarch. This person was so absurdly powerful that even the heavens didn't want him to live. If he knew it was such terrifying divine damnation, Wuyin immortal emperor would rather run far away. He didn't believe that anyone could survive such divine damnation not even Ye Mo. No immortal emperor can survive this divine damnation, maybe not even Truth divine emperor.

Seeing Wuyin immortal emperor get caught in the divine damnation, Ye Mo sneered. Served this old bastard right.

Other people were scared of this divine damnation but he wasn't at all. He had long predicted that his immortal emperor divine damnation would be crazy. This was just the start. He just needed to speed up reaching immortal emperor at the start. Once he reached immortal emperor, his power would be tens of times stronger. This divine damnation would just be child's play.

If Wuyin immortal emperor didn't join, he might use Zi Xu to block a little but now that Wuyin immortal emperor joined, he couldn't even be bothered doing this. He just used the Three Birth Chant and body refinement cultivation method like crazy devouring the lightning source like crazy while refining his body. At the same time, he gathered all his immortal essence to charge at that immortal emperor barrier.

Rumble.

Tens of water bucket thick lightning arcs kept smashing on Ye Mo's body. Blood and flesh rubbed against each other. His bones were cracking with the strikes but Ye Mo wasn't scared at all.

Tai Wei Emperor return pill had plenty of power and with how crazy Ye Mo was devouring immortal spirit chi and lightning source, the combined power was crazy. But even so, this wave of energy could only shake the immortal emperor barrier. There wasn't even a crack.

Ye Mo knew clearly that although he touched the immortal emperor barrier easily, it wasn't easy to break it. He ignored Wuyin immortal emperor and just focused charging at the immortal emperor barrier.

Wuyin immortal emperor couldn't even protect himself now much less attack Ye Mo. He couldn't devour those lightning and didn't have immortal god body body refinement. The lightning struck him head on.

Crack...

The golden dragon painting only blocked more than ten thickening lightning arcs and started cracking. Wuyin immortal emperor also took back the tree root he attacked Ye Mo with. He couldn't even save his own life now, how could he attack Ye Mo.

The tree root turned into countless tree roots and extended out. They joined up together to stop the lightning bolts.

Bolts of lightning were torn to pieces by Wuyin immortal emperor's tree root and clashed with the lightning arcs Ye Mo smashed away.

Wuyin immortal emperor's heart was bleeding. The first wave of divine damnation hasn't ended yet but he was already heavily injured. His golden dragon painting was cracking too. This was his best defense magic artefact. He cherished it like his life.

Wuyin immortal emperor had made up his mind that after this divine damnation, he would immediately leave the range of the divine damnation. He would definitely not get caught up in Ye Mo's second wave of divine damnation again. If there was a second wave, he wouldn't need to kill Ye Mo, he would be killed himself first.

...

After refining the second mouthful of wine, Du Feng monk stared at Ye Mo's divine damnation dazily for a long while before murmuring "This is divine damnation? So that's it, I understand..."

Looking at Wuyin immortal emperor who might be devoured at anytime, Du Feng finally realised why Ye Mo said he was going to have divine damnation. Even divine emperors would have to watch on the side for this divine damnation. Just who was this youth.

He didn't know if immortal emperors had divine damnation to vindicate dao but he knew it wouldn't be something as terrifying as this.

...

The 81 bolts were finally used up but Wuyin immortal emperor was like a death chamber prisoner now. He was covered in wounds and his clothes were long gone. His body was covered in blood and blackness.

The first wave of divine damnation finally ended. Wuyin immortal emperor didn't want to care about Ye Mo anymore, he didn't even want to see Ye Mo again. He just wanted to go as far as possible.

It was less than half a second after the first wave ended that the second wave came.

He couldn't escape at all. After being locked on by this divine damnation, he couldn't even breathe.

Looking at another 81 bolts fall down, Wuyin immortal emperor moaned helplessly. What did he do? He found such a maniac of an opponent.

If he had another chance he would rather call Ye Mo grandpa than have divine damnation with him.

Rumble rumble rumble...

Another 81 bolts fell. Ye Mo knew it was the same number of bolts as before but Ye Mo knew this wave had more power.

When the second wave fell, Ye Mo didn't want to passively defend anymore. He flew up and raised his two hands. He smashed out lightning spears. Five Lightning Spear Destruction.

He could smash more than just five now, he could smash out 50 or even 500. But the more he used, the weaker they were.

As the lightning spears smashed out, those thick lightning bolts were smashed apart into lightning light. Those lightning light not only refined Ye Mo's Five Lightning Spear Destruction god art but also landed on Ye Mo's body.

Ye Mo devoured this and together with the immortal spirit chi he devoured, it smashed towards that immortal emperor barrier again.

Chapter 1957: Duniang borrow wine

The second wave of 81 bolts passed, Ye Mo's immortal essence had stacked up to a terrifying amount but his immortal emperor barrier would only shake and not open.

Ye Mo began to worry. In his past divine damnations, it never took him more than two waves of divine damnation to reach the next cultivation level. This time, two waves of divine damnation passed and his immortal emperor was still there. This was something never seen before.

Luckily his immortal monarch foundation was big and his body refinement was high, otherwise, he wouldn't even be able to resist these huge lightning bolts.

Ye Mo didn't have the mood to worry about Wuyin immortal emperor anymore. The third wave had come and it was 81 bolts again but even more fierce.

The thick lightning bolts were smashed away by Ye Mo. Rings of black lightning splashed apart illuminating this murderous place. All the body refinement cultivators of the river were drawn over.

For the first time Duniang left her wine. Everyone came to Ye Mo's place to watch this shocking divine damnation.

The endless thick lightning bolts and the black lightning shivered every immortal's heart. They were all thinking how could there be such terrifying divine damnation in this world.

Duniang was murmuring something. No one heard what she said. She had experienced divine damnation before but her divine damnation was nothing compared to Ye Mo's divine damnation. It was less than 5 percent of Ye Mo's divine damnation.

Now she realised why Ye Mo wasn't even an immortal emperor but could suppress immortal emperor. Now that he reached immortal emperor, no one in this immortal realm would be able to stop him. Other than a few divine emperors, who would be a match for Ye Mo?

As for Wuyin immortal emperor who was struggling to survive between the bolts, he was long ignored. Everyone watched to see when Ye Mo could reach immortal emperor.

Even those who didn't know Ye Mo wanted him to survive this divine damnation and reach immortal emperor.

Rumble rumble rumble.

The fourth wave of 81 bolts fell and the heaven covering thick lightning bolts completely covered this space. Ye Mo had to face this divine damnation carefully or he would be disintegrated.

The tattered Wuyin immortal emperor looked dazily at Du Feng as though pleading for help. He really wanted to ask Du Feng monk to help. He really couldn't keep up with Ye Mo's divine damnation.

The first three waves completely crippled his golden dragon painting. If his tree root wasn't so powerful and he was immortal emperor peak stage power, he would've died in the third wave.

Everyone's attention was on Ye Mo. Even if Du Feng monk saw him, he wouldn't dare to charge into Ye Mo's divine damnation to save someone.

Crack.

No matter how powerful the immortal subjugation tree root was, it couldn't resist this terrifying divine damnation. Cracks appeared. Plus, Wuyin immortal emperor could only passively defend against the divine damnation while Ye Mo devoured the divine damnation to increase his power.

Before the fourth wave finished, Wuyin immortal emperor was completely smashed by a thick lightning bolt on his body. Wuyin immortal emperor couldn't hold on anymore. He couldn't even control his tree root anymore. Lightning bolts kept falling.

Rumble rumble rumble.

Four thick bolts hit him again. Even though he took out all the defense magic artefacts in his storage ring, it was useless.

There was a hideous scream. Wuyin immortal emperor's body was broken and as soon as his essence spirit came out, it was disintegrated by the falling divine damnation.

At the same time, Ye Mo felt his body refinement about to break through.

His cultivation level didn't break through but his body refinement reached immortal god body tertiary stage. The powerful body made Ye Mo breath easy. Once Wuyin immortal emperor was killed, almost all the lightning arcs focused on him.

Ye Mo was even feeling grateful to that Wuyin immortal emperor now. If he didn't share a part of the divine damnation, he would be more heavily injured.

When Ye Mo reached immortal god body tertiary stage, the fifth wave fell without hesitation. If the ninth wave fell and Ye Mo didn't break through, he would be the only person to have a divine damnation and not break through.

The nearby immortals saw with their own eyes Wuyin immortal emperor getting killed by the divine damnation. They were very shocked. Not many people knew Ye Mo but there weren't many who didn't know Wuyin immortal emperor.

Wuyin immortal emperor was on the level of Wei Feng grand emperor and yet he couldn't survive. This made Du Feng realise that if he went he would be killed too.

This was why Ye Mo could drink a whole bottle of the wine but he could only drink two mouthfuls.

Ye Mo devoured all the lightning source and charged at the immortal emperor barrier.

However, the fifth wave was about to be over but his immortal emperor barrier was still just shaking. Ye Mo became more worried. Ever since he reached immortal god body middle stage, the divine damnation couldn't kill him but if he couldn't reach immortal emperor all was useless.

If he didn't reach immortal emperor, he wouldn't be able to talk to Feng Kong grand emperor.

Seeing that the sixth wave was about to fall, Ye Mo saw Duniang appear. He immediately called "Duniang lend me a kettle of black wine."

Duniang was very shocked at Ye Mo's divine damnation and hearing his call, she charged at Ye Mo with a kettle of black wine without hesitation.

"Duniang, do you not want to live..." An immortal emperor as the Duniang hotel called.

Duniang hesitated but still didn't stop and said at the same time "I like his song."

Duniang charged into Ye Mo's divine damnation and gave the black kettle to Ye Mo.

She only had one last kettle of this black wine. If it was destroyed by the divine damnation, she wouldn't be able to give Ye Mo another one.

Rumble...

The 6th wave of 81 bolts fell. The bolts were thicker than buckets. Duniang knew that she was locked on by the divine damnation now and couldn't escape. Her pale face became even more pale.

Ye Mo took the wine kettle and smiled "Thank you Duniang, you and little mud are my friends. Go out first, I will visit your business frequently."

Duniang just wanted to say she was locked on by the divine damnation when she felt her body relax. Ye Mo flew up and smashed out hundreds of Five Lightning Spear Destruction. He also smashed out Zi Xu.

Duniang immediately knew that she was different to Wuyin immortal emperor. The divine damnation that locked onto her was blocked by Ye Mo. She didn't need to worry at all. She knew now wasn't the time to talk. She saluted with her fists to Ye Mo and quickly left.

Everyone saw Duniang leave safely and saw Ye Mo fly up to fight the divine damnation and was even more shocked.

Ye Mo was pretty much battling the divine damnation and from the looks of it, Ye Mo had the upper hand.

Wuyin immortal emperor was killed by the divine damnation probably because Ye Mo didn't want to save him.

"Duniang, what is it like inside?" Some people who knew Duniang asked.

Duniang breathed easy "if immortal friend Ye didn't help I would be ashes right now. I can't even block one wave of the divine damnation."

Rumble...

Ye Mo's lightning spears smashed with the 81 bolts again. Zi Xu purple shadows ravaged the sky and endless lightning was smashed away. at this moment, lightning light completely covered the murderous chi here.

When the six wave was about to end, Ye Mo raised the black kettle and drank all of the contents.

Chapter 1958: This is immortal emperor state

Even those who haven't had the Duniang black wine could imagine how terrifying it was. As for those few who drank it, they were even more shocked. Ye Mo just drank the entire kettle like that. Even divine emperors wouldn't be able to handle it.

The extremely violent killing intent ravaged Ye Mo's body as though about to tear him to pieces the next moment.

Ye Mo's body that wasn't torn by the divine damnation was slowly showing blood gashes under this terrifying black Duniang wine. Blood trickled down eerily. It was as though his body would be ripped apart by the this terrifying killing intent the next moment.

The uncontrollable killing intent and lightning spilled apart. Even those immortals standing far couldn't help retreating. The killing intent in this killing chi was too scary.

Rumble.

Explosions roared in the sky and blueish black lightning fell tearing the entire space. Everyone knew this was Ye Mo's seventh wave of divine damnation coming down.

At this moment, Ye Mo's body was torn red by the killing chi in the wine. His face became more and more pale. When the 7th wave of divine damnation came, Ye Mo took out another Tai Wei emperor return pill and ate it. To Ye Mo, if he couldn't reach immortal emperor, who knows when he would be able to break through. He had to reach immortal emperor as quickly as possible. Only then would he have the power to stand firm in the immortal realm. Only then would Mo Yue Immortal Sect be able to stand firm.

Crackle. The terrifying lightning struck Ye Mo's body. Ye Mo used all the pills of the power along with the lightning source as well as the black wine lethal force to charge at the immortal emperor barrier.

The satisfying killing intent turned into invisible blades. These blades were mixed with the lightning source and smashed on the immortal emperor barrier again. Before this wave of charge finished, the killing intent came again.

Crack.

An extremely comfortable feeling welled throughout Ye Mo's body. At this moment, Ye Mo felt the entire world open up to him. It was as though the immortal realm was no longer the same immortal realm and space wasn't the same space.

Everything became meticulous and dao waves were extremely clear to him.

Powerful immortal essence power and the boundless sea of consciousness filled Ye Mo's body. Ye Mo couldn't help but moan in comfort. It was as though he could easily pick up the nearby immortal spirit chi around him. He could use the power of the world at any time.

When he tried to sense that Immortal emperor barrier, it was long gone. Ye Mo's eyes finally lit up and let out a long howl.

Everyone knew now that although Ye Mo's divine damnation hasn't finished yet, he was no an immortal emperor.

Ye Mo grabbed casually and the nearby space seemed completely bound by his hand.

"So this is immortal emperor state." Ye Mo murmured to himself. If someone had his immortal emperor power, then no matter how powerful his immortal monarch peak stage would he would be completely outmatched.

Three Birth Chant was indeed the chaos cultivation method of the world. This extreme power wasn't something ordinary immortal emperors could compare with.

Ye Mo let out a long howl. He hadn't seen Feng Kong grand emperor before but he knew Feng Kong grand emperor was stronger than Wei Feng grand emperor. However, Ye Mo no longer had fear in his heart.

This was his confidence because he was different to other immortal emperors. The tens or even hundreds of times more resources he used compared to others didn't go to waste.

Ye Mo just reached immortal emperor and his immortal emperor force was seeping out. It made people step back again. Even immortal emperors took in a cold breath. Ye Mo's power wasn't something same level immortal emperors could compare with at all. His immortal emperor force meant that he was tens of times stronger than before. Who could stop him in the immortal realm? Only the four grand emperor or even divine emperor can.

The 8th and 9th divine damnation came at the same time but these were nothing to Ye Mo now.

He didn't even use god art and just grabbed with his hand. These lightning bolts were either devoured or turned to nothing.

The rumbling seemed to have instantly disappeared from the sky but people didn't see immortal spirit chi cloud falling. Ye Mo knew his divine damnation rarely had that and now that he reached immortal emperor he didn't care about it at all.

When the divine damnation disappeared, he set up a stealth restriction and quickly cleansed himself and changed into new blue robes.

When Ye Mo put away the restriction and put away the unfinished extreme grade immortal range, everyone woke up. Ye Mo's terrifying divine damnation was over.

Regardless if the immortals knew Ye Mo, they all came to congratulate Ye Mo. Everyone who witnessed Ye Mo's divine damnation knew that someone who could have such divine damnation would have no opponents in the future. The immortal realm will be his.

Seeing Ye Mo clean and easy, the people who came to congratulate him were more shocked. Other people would be covered in injuries after divine damnation and spend a lot of time to consolidate their power. But Ye Mo seemed like he didn't go through anything at all. His newly ascended chi was very stable too.

His powerful immortal emperor chi only spilled the moment he reached immortal emperor and shocked people. After the divine damnation, they couldn't sense it at all.

Ye Mo thanked them all. These people witnessed him reaching immortal emperor. This was some fate. Cultivating till now, this immortal emperor breakthrough was the hardest. Luckily Duniang helped him. Without that murderous intent in the wine, it would be really hard to break his immortal emperor barrier.

After everyone finished congratulating, Duniang came up to congratulate.

"Immortal friend Ye, congratulations. You've become an unparalleled immortal emperor. The heavens are yours to roam now." Duniang exclaimed.

Ye Mo quickly saluted with his fists "Thank you Duniang for lending me a kettle of wine. Otherwise, I really wouldn't be able to breakthrough to immortal emperor."

Then, Ye Mo took out 100 black wine kill stones to Duniang. He didn't think small ginseng would be able to produce such wine so he might as well give it all to Duniang.

Duniang quickly waved her hand, "Brother Ye, the wine can be my congratulation gift, you don't need to give me wine kill stone."

Ye Mo smiled, "Duniang, I know that although I got the wine recipe from Little Mud qian bei, I definitely wouldn't be able to produce such wine. You can have these wine kill stones. I'll come to your place to drink again."

Duniang smiled, "In that case, I won't be too polite."

Seeing Duniang take the wine kill stones, Ye Mo took out two more jade boxes and gave it to her "Duniang, this is my little gift, please take it."

Duniang didn't need to open it to know what was inside. Ye Mo gave her this jade box before, it was the one containing the emperor wood blue fruit.

This fruit was something even Chu Chen divine emperor needed desperately. She didn't expect Ye Mo to give two in one go. Clearly, Ye Mo meant to give her and Chu Chen divine emperor one each.

This fruit was too precious. Even though she wanted it immediately, she didn't dare to take it. She quickly rejected "Brother Ye this is too precious, I can't accept it."

Ye Mo laughed, "Duniang, you and little mud qian bei are people I respected. Without this wine, I can't reach immortal emperor. You don't know but I know."

Ye Mo truly understood why he couldn't reach immortal emperor. He cultivated under the bitter bamboo and had no bottleneck. He lacked this inexpressible learning. Cultivation was like living life. There isn't perfection. How could one see the rainbow without going through the storm?

His cultivation level loosened when Sha Yu immortal emperor's flag drew out his heart demon. This time, he was hurt by Nie Shuangshuang and drank the wine in the hotel. His mind state grew again.

"Okay, in that case I won't be too polite. My hotel welcomes brother Ye at anytime. Duniang's best wine will forever be kept for you." Duniang took the two jade boxes and said shakily.

"This is the Duniang I imagined."

Ye Mo laughed, "Duniang. I'm a level nine immortal pill grand master and the sect leader of Mo Yue Immortal Sect. When Duniang doesn't want to keep this shop, my Mo Yue Immortal Sect welcomes you and little mud qian bei at anytime."

Chapter 1959: People from the grand emperor estate

"Brother Ye, you're a level nine immortal pill grand master too?" Duniang repeated in shocked. Everyone else also looked at Ye Mo with extreme shock.

Level nine immortal pill grand master wasn't that easy to see and now there was one standing in front of him who was also an insanely powerful immortal emperor.

"That's right, I'm a level nine immortal pill grand master. If everyone wants pill concoction, you can come to my Mo Yue Immortal Sect." Ye Mo said. Mo Yue Immortal Sect needed fame now, not just fame in the low heaven domains but in the entire immortal realm.

Hearing this, people rejoiced and came up to thank again.

Du Feng monk also came over, he grabbed the huge beads on his neck and said "I remember, you're the person who broke the Zha Kui secret realm restriction right? Amazing, too amazing. Big monk is from Nan Ming heaven Zen Temple Du Feng. You're very generous. You lent a bottle of Duniang black wine to big monk, you're a good friend."

Ye Mo quickly saluted with his fists “Brother Du Feng, you saved my friends at the Ice Carrot immortal city. I should be thanking you. A mere bottle of wine is nothing.”

“Okay, immortal crystals like people like you. Monk is going to check out Qing Wei abyssal river, do you want to come?” Du Feng was straight forward.

Ye Mo immediately said “I just came from Qing Wei abyssal river. I’m going to pick up my sister, I probably can’t come over.”

Then, Ye Mo said to everyone “My Mo Yue Immortal Sect will be holding our sect opening ceremony in a decade. I welcome everyone to come. Thank you all for watching out for me today, we’ll bid farewell now.”

Ye Mo was worried about Tang Beiwei and them so he released his space time boat and instantly disappeared from here.

“Brother Ye Mo is a good friend.” Du Feng looked at Ye Mo’s disappearing figure and raised his thumb.

“Yes, he’s a worthy friend.” Duniang exclaimed.

Hearing Ye Mo was a sect leader and going to hold his sect opening ceremony, some body refinement immortals were planning to go. The benefits of connecting with a level nine immortal pill grand master was inestimable.

...

Ye Mo used half a day to come to Qing Wei abyssal river from the city but now he used less than a third of the time.

Before Ye Mo went in the city, he saw Tang Beiwei, Ning Eu and Yu Jinxiang negotiating with someone in the immortal rest tower hall.

Yu Jinxiang had reached immortal king middle stage after a year.

But the person talking to her was an immortal monarch middle stage. Yu Jinxiang was much stronger than ordinary immortal king but she wouldn't be able to challenge an immortal monarch.

"Martial sister Yy, what's going on?" Ye Mo asked.

Tang Beiwei saw Ye Mo come over and immediately came up grabbing his hand "Brother, you're finally back."

They thought Ye Mo would at most go for a few months but it had now been a year. A lot of things happened during this time. If it wasn't for Yu Jinxiang's experience and they were very careful, things might've happened already.

"Martial brother you're back?" Yu Jinxiang said.

"Martial brother..." Ning Eu also came up to Ye Mo.

Ye Mo scanned at the person who was speaking to Yu Jinxiang and frowned "Martial sister Yu, who is he? What is he doing here?"

"I believe you're Mo Yue Immortal Sect sect leader Ye Mo right?" I'm the manager of Feng Kong grand emperor estate Na Ming. I came to invite sect leader Ye. When I heard sect leader Ye wasn't here I wanted to invite a few of your sect members over." This immortal monarch casually saluted with his fists.

"Bullshit, we said we don't want to go but you said if we don't go then you'll take us by force." Tang Beiwei was angry, she couldn't keep calm like Yu Jinxiang and Ning Eu.

Na Ming immortal monarch didn't rebuke and saluted with his fists again "That's right, this is the will of Feng Kong grand emperor. I'm just a manager and acting out my order."

Ye Mo's face sunk, "Go tell Feng Kong, Ye Mo will definitely come visit."

"No, I must go with you..."

Before Na Ming immortal monarch finished, he felt the nearby space squeeze and the next moment, he saw a foot kick his face. Ye Mo's voice sounded "Piss off, tell Feng Kong I will sort things out with him."

"You..." Ye Mo's kick wasn't heavy. Na Ming immortal monarch was kicked out of the immortal rest tower and subconsciously covered his face. He pointed his finger at Ye Mo in fury. Since when did people dare to treat someone from Feng Kong grand emperor estate like this.

Ye Mo suddenly stared at him coldly and said "If you dare to say one more word I will cut your head off."

Of course Na Ming immortal monarch had heard of how crazy Ye Mo was. He didn't even fear Wei Feng grand emperor. Although he was more furious hearing these words he knew that Ye Mo didn't lie. There was probably no one in this world that Ye Mo feared.

Na Ming immortal monarch didn't dare to say a word and just turned to leave. He trusted the grand emperor will bring him justice.

The immortals saw Ye Mo dare to even kick away Feng Kong grand emperor's person, they didn't dare to talk more.

"Brother..."

Tang Beiwei wanted to say something but was stopped by Ye Mo "Let's go in the room first."

Ye Mo guessed that something probably happened to them while he left.

...

As they spoke, Ye Mo realised that in the first half after he left, they were fine here. No one dared to look for their trouble.

But half a year ago, an extremely big auction at the city exposed their tracks. This auction was big and the city was running out of spaces.

Yu Jinxiang and them had a big block. The rooms were big and immortal spirit chi were ample.

Many sects and merchant associations who couldn't find a place to stay set their eyes on their block. Many sects forced the manager to persuade them to go and give them compensation. However, Yu Jinxiang was once an immortal emperor peak stage, how could she be persuaded away.

However, things didn't end there. The day before the sect, Qing Wei heaven Wuya Monarch sect suddenly had someone come to this room and forced them to move out. Their sect had a very important guest and this guest was coming to the auction here. They wanted to find the best room for them.

Their dominance didn't force Yu Jinxiang away. They were willing to pay double the price but Yu Jinxiang didn't care about that little immortal crystals. She rejected without hesitation.

That Wuya Monarch sect was furious and attacked Yu Jinxiang. That elder was immortal monarch tertiary stage but Yu Jinxiang was only immortal king tertiary stage. Clearly Yu Jinxiang was no match and got injured.

Just when that immortal monarch was going to keep attacking Yu Jinxiang, Tang Beiwei suddenly said that they were from Mo Yue Immortal Sect, if he dared to keep attacking, her brother wasn't going to let them go.

Hearing this, the immortal monarch immediately stopped attacking and didn't dare to keep asking for the room. The next day, the sect leader personally came to apologise. Yu Jinxiang didn't see them.

After that, Tang Beiwei and them felt that they were watched. Indeed, a while later, Wuyin immortal emperor came. He wanted to take them away but was stopped by a passerby monk.

Chapter 1960: Arrogant immortal emperor

“Brother where do we go now?” Tang Beiwei said.

“Since Feng Kong sent someone to bring us over, of course we need to go. Let’s see what his dog home looks like.” Ye Mo laughed.

Ye Mo had to go find Feng Kong whether it was because of what his threats to them or the woman whom he kicked off the stairs.

“Martial brother, you’re going to see Feng Kong grand emperor?” Yu Jinxiang asked in shock.

She had to be shocked. She knew Ye Mo’s power from Tang Beiwei and knew that Ye Mo was much weaker than Wei Feng grand emperor. Wei Feng grand emperor was a far cry from Feng Kong grand emperor. Ye Mo was definitely no match for Feng Kong grand emperor.

“Yes, I have to go see him. Plus, even if I don’t go would he let me go?” Ye Mo knew that since Feng Kong grand emperor knew he had shadowless, then he knew that he was the person who came out from the small heaven domain.

Yu Jinxiang knew that Ye Mo was right. Even if he didn’t go for Yu Jinxiang, just with how Ye Mo kicked the manager away, Feng Kong Grand Emperor wasn’t going to let them go.

As soon as they were planning to leave, someone came to their place. It was two immortal monarch tertiary stage.

“Brother this is Wuya Monarch sect leader. The one standing behind him is the elder asking us to give out the room.” Tang Beiwei said.

“Wuya Sect Xuan Huamao greet sect leader Ye. My sect elder offended Mo Yue Immortal Sect and now we came to apologise. Sect leader Ye can punish however you like.” One middle aged immortal monarch saw Ye Mo come out and quickly bowed respectfully.

Ye Mo looked at the presents in his hands and knew that he was waiting for him here.

Clearly, what he did at the secret realm had spread all over the entire grand heaven domain.

“Wan bei Wuya monarch sect elder Kuang Feizhi. I offended your sect members a few months ago, I’m very distressed. Please punish me sect leader Ye...” That cocky immortal monarch’s tone was even shaking.

They waited at the city a few months just to apologise to Ye Mo. Of course they knew about Wuyin immortal emperor hunting Ye Mo. If Ye Mo didn’t come back and Wuyin immortal emperor came back they wouldn’t need to apologise and if they knew Ye Mo was killed they would even keep teaching Tang Beiwei and them a lesson. But now, Ye Mo was back but Wuyin immortal emperor wasn’t back.

Ye Mo sneered in contempt. He knew how shameless these people were and only acted like this because he was stronger. If something happened, to him, Beiwei and them would never get away but there were people like this everywhere. Ye Mo didn’t have the mood to care.

“You’re a mere immortal monarch sect and you dare to be this cocky. One day, your sect will be annihilated due to your cockiness.” Ye Mo then took Beiwei and them and left.

The two immortal monarchs clearly didn’t dare to chase up.

After they had left, the sect leader wiped the sweat from his head and said to the other immortal monarch “If sect leader Ye wants to annihilate our sect it would be as simple as crushing an insect. He’s right, we’re a mere monarch sect if we keep going like this our sect would be annihilated.”

“Sect leader, young master Long said last time that he would help us with this...” The other immortal monarch elder carefully explained.

Xuan Huamao sighed. He couldn't even be bothered explaining. How could you take those words seriously. Even if young master Long went to find Mo Yue Immortal Sect, they would still have to apologise to Ye Mo. That level of battle wasn't something they had the right to be in. Ye Mo didn't even give face to Feng Kong grand emperor.

...

The biggest in Qing Wei heaven was Hong Yu immortal city. There were few immortal city that could match with Hong Yu immortal city in the entire grand heaven domain. This was because the Qing Wei heaven lord estate was here, Feng Kong Grand Emperor's estate was here too.

Feng Kong Grand Emperor's estate was grand and monumental. Even the top emperor sects couldn't match this. Ye Mo and them gasped in front of this estate.

Ye Mo just glanced once and knew this estate was not just an estate but a top level magic artefact. It was even beyond extreme grade immortal artefact.

These cultivation home artefacts were rare. Ye Mo made some too but they were just simple houses and mansions. These boundless cultivation home artefacts were far better than ordinary small worlds.

Ye Mo had to be careful of this.

"Is sect leader Ye here?" While Ye Mo studied this grand emperor estate, someone came to greet. It was an immortal monarch tertiary stage.

Ye Mo nodded "That's right, I'm Ye Mo."

"Welcome sect leader Ye, the grand emperor has been waiting for you. Please come in." The immortal monarch was much more polite than the one who went to Ice Carrot immortal city.

"haha, I didn't plan on seeing Feng Kong today. I just came to know the way. I'll come visit tomorrow." Ye Mo said and then turned to leave.

The three girls followed him.

“Brother, why don’t we go in?” Tang Beiwei asked.

Ye Mo said “We have no face going in like this. We’ll go find an immortal rest tower and let him come to us. I’m a sect leader and when I came to his estate he doesn’t even come to greet me personally. He’s looking down on me.”

...

In the Feng Kong Grand Emperor estate palace, an authoritative looking man sat in an ancient emperor chair in the clouds. There were tens of beautiful female immortal on the side of the palace. They all stood on rainbow clouds barefoot.

There was a black faced man on the left side of the palace. He was immortal emperor tertiary stage power. The immortal monarch whom Ye Mo just saw stood in the middle of the palace.

Feng Kong Grand Emperor was furious that Ye Mo being a mere low heaven domain sect leader dares to act like this.

“You said that he didn’t come in at the entrance because he thought I didn’t go greet him personally?” Feng Kong Grand Emperor’s tone was calm but his eyes were fierce.

“Yes Feng emperor master. I heard it with my own ears.” The black faced immortal emperor bowed.

Feng Kong Grand Emperor sneered, “Go invite him tomorrow. If he doesn’t come tomorrow I will go greet him personally. I’ll see if he can handle it. Secret, it would only be a secret if you can keep it. A mere immortal emperor dares to be this cocky.”

“Grand emperor, even Wei Feng grand emperor suspected Ye Mo didn’t reach immortal emperor but now he suddenly shows immortal emperor primary stage power. This is really strange.” The black faced immortal emperor said carefully.

Feng Kong Grand Emperor thought for a long while before saying "I'll know tomorrow. No matter how long he had ascended into the immortal realm for, he was only great eternity immortal tertiary stage when he entered the small heaven domain. There's quite some strange things on him for him to reach immortal emperor this quickly."

"Perhaps the one who entered the small heaven domain wasn't him?" The black faced immortal emperor added.

Feng Kong grand emperor nodded "Regardless, I'll know tomorrow."

...

There were plenty of immortal rest towers at Qing Wei heaven. Ye Mo and them soon found a place to stay. After going in, Ye Mo set up a powerful barrier formation and told the three to not leave at all.

Ye Mo came to look for trouble with Feng Kong Grand Emperor, how could he not go in because Feng Kong Grand Emperor didn't come to greet him. The main reason was because he was scared to go in.

If he went into Feng Kong Grand Emperor's cultivation home artefact without any preparation, it would be suicide.
