

Strongest As 1961

Chapter 1961: Feng Kong's Garden

Ye Mo couldn't spirit control Feng Kong's cultivation home but he had the confidence to set up an immortal formation outside the magic artefact. If Feng Kong activated his cultivation home, he can teleport out immediately.

With his formation skills and the formation means he learnt at the lethal force dimension palace, Ye Mo believed that even if grand emperor was level nine immortal formation grand master, he wouldn't be able to detect his formation unless he studied the formation means of that palace too.

Ye Mo believed that was impossible. If Feng Kong Grand Emperor was experienced in formation, he wouldn't break the formation door and leave through the void.

In one night, Ye Mo completely set up this formation. When he returned to his place, Ye Mo made a teleportation jade cards and placed them on Beiwei and them.

...

The second day, before Ye Mo even left the immortal rest tower, someone from the Feng Kong Grand Emperor estate came to invite him. This time, it was a dark faced immortal emperor.

"I'm Grand emperor estate Mu Ruiguang. Please forgive our rudeness yesterday sect leader Ye" Although Ye Mo was only immortal emperor primary stage, this black faced immortal emperor tertiary stage was still very polite.

Ye Mo laughed "No problem, I wanted to have a look at the grandiose scene in the grand emperor estate. I didn't expect Feng Kong Grand Emperor to send brother Mu to come greet me. Please lead the way brother Mu."

Mu Ruiguang was very confused. He didn't expect Ye Mo was so easy to talk to. This was the best, he was scared Ye Mo would cause trouble. He had seen recordings of Ye Mo's battle, even if he attacked at full force he would be no match for Ye Mo.

If Feng Kong Grand Emperor had to personally come invite a low heaven domain sect leader, it would be very shameful for Feng Kong Grand Emperor.

Ye Mo came to the Feng Kong Grand Emperor estate for the second time.

This time, Ye Mo went straight in without hesitation. When he came here, he felt this place had a sliver of familiarity. Ye Mo didn't feel it was his memories but the scene at the samsara path that was causing this.

"Haha, sect leader Ye is very famous now, Feng Kong is very honoured to have you at my estate." Before Ye Mo even came in the golden palace, Feng Kong Grand Emperor got up from his seat and walked forward a few steps.

Ye Mo smiled "You're of one the four grand emperors. It's my deepest honor to come here today too."

After the fake greetings, the immortal spirit fruit and immortal wines were brought here. Feng Kong Grand Emperor said "Sect leader Ye, I invited you over this time to discuss some things with you. Would sect leader Ye have some private time. Of course I have people here to accompany your sect members."

Ye Mo rejected without hesitation "No need, there's nothing I can't share with them. They're all excellent sect members."

Seeing Ye Mo didn't listen to him, Feng Kong Grand Emperor's face sunk but that was only an instant. He recovered his smile immediately and said "That's fine too. I heard sect leader Ye has a dragon horse. Would you be able to call it out and broaden my views."

"Of course." Ye Mo said without hesitation. Then he told shadowless to come out.

“It’s a dragon horse indeed...” Feng Kong Grand Emperor had a shocked expression. Although he called it dragon horse too, only he knew that it definitely wasn’t dragon horse.

He had never seen such immortal spirit beast. He heard it could even devour domain and god art. Such immortal spirit beast was absurd.

“I wonder where sect leader Ye’s dragon horse came from? I heard it appeared at the small heaven domain...” Feng Kong Grand Emperor just glanced at shadowless once and immediately made up his mind that he must get shadowless.

Ye Mo suddenly got up and said “Feng Kong Grand Emperor, this is a long story. Ji heard there’s an extremely huge yard in your estate. May I have a look. Of course, I will explain the origin of my dragon horse as I walk through it.

Feng Kong Grand Emperor’s immortal essence was calm and extremely dense. Ye Mo immediately knew that this was the strongest immortal emperor he had seen. If he didn’t reach immortal emperor, he was no match for this person.

Ye Mo thought of what Hao Heaven grand emperor said “Feng Kong Grand Emperor showed his power to be the weakest amongst the four grand emperor but he’s actually the strongest. He’s extremely calculated too, no one knows what he thinks.”

“Of course, please sect leader Ye...” Feng Kong Grand Emperor got up and smiled.

Ye Mo only had one purpose doing this. He wanted to know where he and that woman was kicked off. He also wanted to know where that woman eventually went.

...

Feng Kong Grand Emperor’s garden was indeed extremely vibrant and beautiful. It was like spring everywhere and all sorts of aromas and immortal spirit chi came into your face. You could completely relax.

Ye Mo found that even in this garden, Feng Kong Grand Emperor has quite a few restriction. He couldn't scan his spirit sense across the entire garden.

"Sect leader Ye, if you see an immortal spirit flower you like you can take it." Feng Kong Grand Emperor acted very magnanimous but Ye Mo could tell he cared about the flowers here.

"Thank you very much Feng Kong Grand Emperor." Ye Mo saluted with his fists and then casually took a Bing Fen lotus flower into his storage ring.

Feng Kong Grand Emperor's eyes narrowed. He didn't expect Ye Mo took his casual words seriously. This Bing Fen lotus flower was the first of the ten great immortal flowers in his garden. It's very beautiful and had different colours each year. It also had this dao rune. Observing it would help one learn god art. Even he only had one and couldn't cultivate a second one.

Now that Ye Mo dug it away, it would be damaged even if Ye Mo took it back out.

"Beiwei, Ning Eu, martial sister Yu, if you see any good looking flower, don't be too polite. Since grand emperor said it, he won't be happy if we're too polite." Ye Mo said.

"Boss can this flower be eaten?" shadowless had been with Ye Mo the longest. He immediately knew what Ye Mo was planning. If boss said yes, he would immediately eat a large patch.

Ye Mo knew that if that really happened, he would probably immediately start fighting with Feng Kong Grand Emperor.

Feng Kong Grand Emperor heard this and quickly changed the topic "Sect leader Ye, your dragon horse looks quite good. Can you tell me its origin? Was it this dragon horse that went into the small heaven domain?"

"Shadowless, the grand emperor is asking about you. You tell him, you can eat flowers whenever you want but now's the time to answer questions." Ye Mo said to shadowless while he kept searching for those stairs he was kicked off.

“That was long time ago, I wasn’t a dragon horse yet...” Shadowless stopped and then looked at Ye Mo asking “Boss what was I before?”

“You were a bug.” Ye Mo was so annoyed he almost slapped shadowless. He wanted shadowless to tell some reliable history.

“Yes, I was a bug, if you didn’t remind me boss I almost forgot I was a bug.”

Shadowless kept mumbling but Ye Mo saw Feng Kong Grand Emperor’s face was extremely bleak. The reason Feng Kong Grand Emperor still hasn’t attacked wasn’t because he had good tempers but he really wanted to know shadowless’ origin.

Ye Mo didn’t want to fight with Feng Kong Grand Emperor yet, he didn’t find the place he was looking for so he slapped, “Shut up.”

When shadowless came to Tang Beiwei with his head looking down, Ye Mo saluted with his fists to Feng Kong Grand Emperor in apology “My immortal pet is too spoilt. It was original a Fan Black carrot horse but one day it devoured a Luo Xiao Wu wood and evolved into this.

Yu Jinxiang heard this and rolled her eyes at Ye Mo. This guy was calling her a horse.

Ye Mo immediately realised that he said the wrong thing. Yu Jinxiang used the Luo Xiao Wu wood to rebuild her body.

“Luo Xiao Wu wood?” Feng Kong Grand Emperor repeated in shock. This thing was utmost treasure to anyone but Ye Mo’s immortal pet ate it.

He was still suspicious. Fan Black carrot horses were rare but still existed. could it really evolved into such an absurd immortal spirit beast?

Chapter 1962: The Stairs

“Forbidden grounds master, Wei Feng grand emperor came to visit...” The immortal monarch tertiary stage from yesterday reported.

Feng Kong Grand Emperor immediately said “Wei Feng grand emperor is the heaven lord of Qing Wei heaven. How about you come see him with me sect leader Ye.”

Ye Mo quickly waved his hand, “Emperor Feng, I’m too straight forward. My relationship with Wei Feng isn’t good. Last time we fought too. If I fight with him in your estate, it’s not good. Grand emperor you can go greet that Wei Feng. We’re so familiar already, no need to mind me. Plus, I really like this garden so I’ll stay here and watch the flowers.”

“This...” Feng Kong Grand Emperor didn’t expect Ye Mo’s face was this thick. Since when were they familiar? But he really couldn’t say much. After all, Ye Mo did fight with Wei Feng immortal emperor.

Feng Kong Grand Emperor could only say helplessly “In that case sect leader Ye can enjoy the flowers here. I’ll let Mu Ruiguang serve you.”

“No need.” Ye Mo rejected, “Under such beautiful flowers, I need to enjoy them with my beautiful female immortals. After Wei Feng is gone, grand emperor can call me up anytime.”

Forbidden grounds was very annoyed but he couldn’t fight with Ye Mo yet. He had to ask some things before he did.

For example, how did Ye Mo leave the lethal force dimension. How did Ye Mo break the restrictions in the backyard? Or even what cultivation method Ye Mo was using? Where did his heritage come from. He hadn’t ask these questions yet. Wei Feng grand emperor really came at a bad time but Wei Feng was the heaven lord of the biggest heaven domain. He needed Wei Feng to help with a lot of things.

“In that case, I’ll be back in a whole.” Feng Kong Grand Emperor thought he could only calm Wei Feng grand emperor first and then come deal with Ye Mo.

As soon as Feng Kong Grand Emperor left Ye Mo didn't care anymore despite a few immortal monarchs and two immortal emperor primary stage watching him. He hacked his spirit sense blades.

The garden became naked to Ye Mo's eyes.

In just a few seconds, Ye Mo was shook. This familiar feeling rose up his mind.

"What's wrong? Brother." Tang Beiwei noticed Ye Mo's face change.

"Come with me." Ye Mo said heavily and turned to a direction in this garden. Soon, they went on a jade stone path.

Ten seconds later, Ye Mo and them appeared at the top of a very long stairway. He stared at this place for a long time and didn't speak.

He was too familiar with these stairs. He saw it at the dao seeking tower. Now that he saw this again, the sense of familiarity it gave him immediately made Ye Mo know that this was the stairs where the woman and him were kicked off by Feng Kong.

"Brother what's wrong?" Tang Beiwei asked again.

Ye Mo sighed and spoke slowly "Long time ago, I was kicked off from here..."

"Huh..." Tang Beiwei and Yu Jinxiang both looked at Ye Mo in shock. Kicked off from here. How could that be possible, this was Feng Kong Grand Emperor's estate. How could Ye Mo come here?

"Who is it..." Ye Mo suddenly looked amongst the flowers. His mood was excited when he saw this stairs and didn't notice things. Now that he calmed down, he immediately noticed someone in the flowers.

It was a woman, her looks were pretty but was only great eternity immortal power level. She held a shovel in her hands as though she was just a flower maid. Her eyes seemed ancient.

“Sorry, Ling Xiu disturbed master enjoying the flowers...” The great eternity immortal woman said in horror.

At first Ye Mo didn’t care but when the great eternity immortal female immortal finished, Ye Mo was dazed.

He saw a black star pattern under her left year. When he saw this, his heart started beating fast.

When he and that woman was kicked off, there were more than ten youth and tens of extremely beautiful female immortals next to Feng Kong Grand Emperor.

That woman was one of the tens of extremely beautiful woman. However, her looks seemed much older. She couldn’t bare seeing Feng Kong Grand Emperor kick off the people so she moved her face to the side. Ye Mo saw it very clearly. That woman had a star pattern under her left ear.

Since he was certain that this woman saw him being kicked off, Ye Mo had decided to take her away and ask.

He had no choice but to ask Feng Kong Grand Emperor before because no one else here knew. The bad side to that was if Feng Kong didn’t want to answer or there was some secret to this, they would end up fighting.

If they fought and he couldn’t kill Feng Kong then it would startle Feng Kong. He might kill everyone who knew about this. That way, he would never get the answers.

“Brother...” Tang Beiwei reminded Ye Mo for the third time. She felt her brother didn’t seem right ever since coming here.

“Haha...” Feng Kong Grand Emperor’s laughter sounded. Ye Mo’s spirit sense immediately saw Feng Kong Grand Emperor come over, next to him was Wei Feng grand emperor and a bare chested monk, Du Feng.

“Brother Ye, big monk heard that the tunnel to Lightning kill palace shut again so I could only leave. I came to Hong Yu immortal city and heard you were at the grand emperor estate so I immediately came over with Wei Feng grand emperor. You invited me to drink Duniang wine, I must invite you to drink wine, haha...”

Du Feng laughed very happily.

Ye Mo was also very happy seeing Du Feng. He was straight forward and didn't have much schemes.

“Since brother Du Feng said this of course Ye Mo would have no objections. Let's go now.” Ye Mo wanted to take that Ling Xiu and ask things.

Yu Jinxiang and them quickly went up to Du Feng to thank. He saved them at the Ice Carrot immortal city.

Feng Kong Grand Emperor quickly said “No problem, although my grand emperor estate don't have Duniang black wine but we have extreme grade immortal wine on par with that. Let's go to the top of the immortal garden and drink 300 cups.”

Ye Mo heard this and knew that Feng Kong Grand Emperor wasn't going to let him go easily. Luckily Du Feng came and he knew Du Feng. If another grand emperor who was close to Feng Kong Grand Emperor came, then he might be ganged up by them.

He was only immortal emperor primary stage and he had three female immortals with him. If a year or two passed and he stabilized his immortal emperor primary stage in the time formation disk and used the emperor wood blue fruit to reach immortal emperor middle stage, then even if three grand emperors joined up he wouldn't be scared.

Ye Mo didn't want to stay here. Since Wei Feng grand emperor came that meant that Dragon River grand emperor might come. The more he stayed the more he would be in danger.

Just when that Ling Xiu wanted to go, Ye Mo called “Wait.”

The great eternity immortal female immortal was just a maid. Everyone felt strange that Ye Mo stopped her.

Hearing this, the great eternity immortal female immortal immediately bowed “Master if there’s anything please make an order.”

Ye Mo knew from her extremely calm tone that she had understood what he meant. Perhaps she guessed that he was the one thrown down to reincarnation.

Chapter 1963: Turn into enemies

Ye Mo nodded and saluted with his fists “Feng Kong Grand Emperor, this female immortal flower caretaking skills are something Ye Mo had never seen before. I also like some flowers but I need someone to take care of them. Would grand emperor be able to give this flower immortal to me?”

Wei Feng grand emperor sneered in contempt. He could clearly tell that Ye Mo wasn’t after her skills. He had three extremely beautiful female immortal and now that he saw a pretty flower immortal he wanted her too. Shameless.

Even Du Feng thought of Ye Mo that way. Ye Mo had too many women, taking care of some flowers didn’t need any capabilities.

Feng Kong Grand Emperor was a bit confused too. If Ye Mo didn’t bring her up he would’ve forgot her already. She seemed to be a personal maid before but made a mistake and was getting old so he casually left her to take care of flowers.

She had some beauty but with how extremely beautiful Ye Mo’s women were, how could he be interested in her. Did he really just want to find someone to take care of flowers?

Feng Kong Grand Emperor didn’t know what Ye Mo thought but he didn’t want to give this maid to Ye Mo. He felt Ye Mo didn’t have simple motives but as a guest he invited, Ye Mo had already asked for this

maid. If he rejected it, then it would bring down his status. It would be better if there were no one here but Wei Feng grand emperor and Du Feng monk were both here.

Feng Kong Grand Emperor looked at the great eternity immortal female immortal and asked plainly "You're a maid but anyone in my estate has the right to decide where they go. Sect leader Ye wants to take you away, what do you think?"

His tone was bland but even Du Feng could tell that Feng Kong Grand Emperor didn't want to give her to Ye Mo.

Hearing this, Ye Mo frowned. Feng Kong Grand Emperor didn't want to let her go. Even if Feng Kong Grand Emperor didn't want to let her go, he would take this flower immortal even if it meant by force.

Everyone thought the female immortal wouldn't leave and even Feng Kong Grand Emperor knew that after saying that the female immortal would definitely not agree to go with Ye Mo.

However, the female immortal bowed to Feng Kong Grand Emperor and said "Thank you Emperor Feng, I'm willing to leave with sect leader Ye and take care of his garden."

Hearing this, Feng Kong Grand Emperor's face immediately sunk. If there wasn't outsiders here, he would've smashed her to pieces already. A mere flower immortal was as irrelevant to him as a rock on the side of the road but this rock dared to disobey him. This made him extremely furious. He definitely didn't believe that this maid didn't get what he meant.

"Haha, great, you're called Ling Xiu right. Not bad not bad. You're the number one flower immortal of my Mo Yue Immortal Sect now." Ye Mo immediately laughed. Before Feng Kong Grand Emperor could speak he took out an extreme grade immortal artefact half moon sword to her and said "This is an introduction gift, take it."

"Thank you sect leader." The female immortal said and quickly took the extreme grade immortal artefact.

Ye Mo saluted with his fists to Feng Kong Grand Emperor and said "Emperor Feng thank you. You not only gave me a flower but also such a good flower immortal."

“No problem.” Feng Kong Grand Emperor’s face recovered and smiled “In that case let’s go drink wine. I haven’t drank with Wei Feng grand emperor and Feng Du monk for a long time. Now that sect leader Ye is here, this is even better.”

Ye Mo didn’t want to drink wine, his eyes met shadowless and shadowless immediately knew what he meant. He immediately sneezed and said “Oh no, boss it’s not good.”

Ye Mo praised shadowless inside. This guy was sometimes unreliable but most of the time he was useful.

Ye Mo’s face sunk “Just what happened, why are you so startled for?”

“Boss, did you forget about yesterday. We said to go today but you still haven’t gone yet. If they come to our door, then...” Shadowless couldn’t think of anything important and thus could only say “yesterday”.

Ye Mo knew that shadowless had a lot of tricks but his ideas wasn’t good and thus said to Feng Kong Grand Emperor apologetically “Emperor Feng, I arranged to meet up with friends yesterday. I actually forgot about this today so I need to go. I’ll come visit again next month.”

How could Feng Kong Grand Emperor not know that Ye Mo wanted to use an excuse to leave but even with Feng Du monk here, Ye Mo won’t be able to leave. He had heard of how powerful Ye Mo was. If Ye Mo left today, who knows how long it would take to trick him in here again. Feng Kong Grand Emperor knew that he could still kill Ye Mo outside but he didn’t like trouble. If he could easily capture Ye Mo why not then?

Just when Feng Kong Grand Emperor couldn’t find a good excuse, the immortal monarch who invited Ye Mo from Ice Carrot immortal city said “Master Emperor Feng, you must give me justice. I offended sect leader Ye before and in just the time you left, sect leader Ye actually raped my dao partner in the back yard...”

Feng Kong Grand Emperor’s face immediately turned black, “Ye Mo, I invited you to the grand emperor estate out of good will and yet you’re this crazy. You even dare to rape the dao partner of my men. If I don’t take you down, how can I stand in the immortal realm.”

Then, Feng Kong Grand Emperor's killing intent spread out. The powerful immortal emperor domain already stretched wanting to cover Ye Mo and them.

Du Feng felt Ye Mo was a good person. he didn't really believe that Ye Mo raped Na Ming immortal monarch's dao partner but thinking about how Ye Mo even wanted a flower immortal while he has three beautiful women around him, he was a bit confused.

Seeing that Feng Kong Grand Emperor was about to fight he quickly said "Emperor Feng wait, let's ask things clear first."

"Du Feng monk, this is grand emperor estate private matters. We're outsiders we have best not to intervene." Wei Feng pulled Du Feng to the side.

"Old bastard, the emperor shall leave first. If you want to fight I'm down." Then Ye Mo immediately took shadowless and the flower immortal while crushing the teleportation jade card he made. His powerful immortal emperor spread out and the domain that bound them crippled.

Seeing Ye Mo wanting to leave, Feng Kong Grand Emperor sneered "Don't even think about it..."

If he let sect leader Ye leave in his own cultivation home magic artefact, then he doesn't need to dominate the immortal realm anymore.

But soon, his face changed. He found that when he activated his cultivation home, it was bound by something. This was a formation. Feng Kong Grand Emperor was very experienced and immediately realised what was going on.

His cultivation home magic artefact was bound by a top formation. Even he needed a few seconds to take it from the formation.

However, during this time, Ye Mo and them were wrapped by a white light. Ye Mo and them disappeared in an instant.

Feng Kong Grand Emperor's face was green. Ye Mo escaped from his own cultivation home. This was a huge insult.

With his experience, how could he not realise that the reason Ye Mo didn't come over yesterday was to set up this formation. Clearly, Ye Mo realised the grand emperor estate was a cultivation home yesterday. This person was scary indeed.

He must allow such person to leave Qing Wei heaven alive. Just when he wanted to hunt Ye Mo, his spirit sense saw Ye Mo outside his cultivation home. He knew that he didn't need to chase. Ye Mo wasn't scared of him at all.

Ye Mo didn't go indeed. He didn't fear Wei Feng grand emperor when he was an immortal monarch. He was now an immortal emperor and way stronger than before. how could he be scared of Feng Kong Grand Emperor?

"Martial sister Yu, you and shadowless take the rest of them to retreat. Shadowless remember to protect them." Ye Mo released Zi Xu and said.

Shadowless quickly said "Boss, I'll help you."

Ye Mo shook his head, "I'm not scared of a mere Feng Kong. Even if I can't kill him he wouldn't be able to do anything to me. if I don't teach him a lesson he would think he's the ruler of the entire immortal realm."

Ye Mo hadn't fought since reaching immortal emperor. Now that he fought Feng Kong Grand Emperor it was perfect. Feng Kong Grand Emperor was the number one immortal emperor of the immortal realm. at the same time, Ye Mo knew that for people to not attack Mo Yue Immortal Sect he would have to spread the news of his battle with Feng Kong.

After shadowless and them retreated, Ye Mo released his world rock and smashed at Feng Kong Grand Emperor's doors.

Chapter 1964: Battle with Feng Kong

“Rumble...” The sign with the words Feng Kong Emperor Estate was smashed to pieces. That sign was an immortal artefact but most importantly it symbolized Feng Kong. Now Ye Mo smashed it.

“How dare you...” Feng Kong Grand Emperor landed outside his estate. He had released his soul robbing blue cloud brush. Ever since he had become face, no one had dared to attack his cultivation home.

Ye Mo dared to smash his cultivation home right under his eye. If he could take this, he wouldn't be Feng Kong Grand Emperor.

Du Feng monk looked at Ye Mo with extreme shock. He didn't expect Ye Mo dared to be this crazy as soon as he reached immortal emperor. He had seen Ye Mo's divine damnation but even so, Ye Mo wouldn't be a match for Feng Kong Grand Emperor right?

Wei Feng grand emperor had a sliver of a smirk on his mouth. He didn't feel this was strange. He knew Ye Mo rather well. This guy was a madman. He could publicly annihilate Xian Lan merchant association and challenge him. He even dared to rob Zhi Zong immortal emperor's Golden Bow of Immortal Extermination. What else couldn't he do?

He wouldn't even frown even if Ye Mo smashed Feng Kong Grand Emperor estate to the ground much less just a sign.

Ye Mo saw Feng Kong Grand Emperor release the soul robbing blue cloud brush and immediately put away the world rock. He knew that his world rock was a bit lesser in this battle. He could use it to smash things but in battle, he would still need to rely on his Zi Xu. Zi Xu's level was far from his cultivation level but he still had top level god arts.

The soul robbing blue cloud brush was release and a wave of killing rune smashed out. When the brush drew the character yellow, it was only the size of a spoon but when it landed then entire space was covered by this word. If Feng Kong Grand Emperor wasn't concerned about his cultivation home and Qing Wei heaven, this entire patch of void would be annihilated by this word.

Ancient killing intent slowly came out. This was completely different to the murderous killing intent on abyssal river. Even Wei Feng grand emperor and Du Feng released their own domains to protect themselves.

When Feng Kong Grand Emperor wrote the word yellow, Du Feng monk was extremely shocked and subconsciously blurted out “This is primordial chaos six word god art...”

Wei Feng grand emperor was extremely shocked too. He knew that Feng Kong Grand Emperor had always been hiding his power and no one knew his bottom line. But when he saw the word yellow, Wei Feng knew that two of him was probably still no match for Feng Kong.

In reality, the primordial chaos six word god art had eight words instead of six “Yellow, abstruse, earth, heaven, universe, primordial.” (universe and primordial are made up of two words in chinese)

Universe and primordial were the two most powerful words.

At this moment, Wei Feng grand emperor watched Ye Mo. He didn’t care if Ye Mo died or not he wanted to see if Ye Mo could stop the first word of the god art. If Ye Mo couldn’t, then it would only mean that Ye Mo fought him with immortal emperor primary stage cultivation level. If Ye Mo stopped it, it meant that Ye Mo really fought him with immortal monarch power.

The boundless killing intent in Feng Kong Grand Emperor’s domain almost annihilated this space. Yu Jinxiang and them were almost blown away even from at a far distance. If Tang Beiwei wasn’t protected by shadowless’ domain, she would be blasted to pieces. Even Ning Eu, Yu Jinxiang and that flower immortal were saved because shadowless devoured the yellow word lethal force.

Ye Mo was shook. He found that he was far from understanding those immortal emperors standing at the peak. He didn’t expect Feng Kong Grand Emperor to have such a powerful god art. This one word yellow almost took all the killing intent in the heavens.

When Ye Mo’s domain was blasted open by the lethal force, he immediately empowered his immortal emperor domain and added spirit sense domain on it too. Feng Kong Grand Emperor’s domain immediately weakened and that lethal force was stopped by Ye Mo. It didn’t sweep towards Tang Beiwei and them anymore but completely towards Ye Mo.

Ye Mo's spirit sense scanned that Tang Beiwei and them were injured. He was furious. This old bastard was so shameless and attacked Tang Beiwei and them too.

He gathered almost all his immortal essence and spirit sense and disregarded the yellow word lethal force and smashed out Five Lightning Spear Destruction. The next moment, the entire space was covered by Ye Mo's black lightning.

The Five Lightning Spear Destruction could be instantly released or charged. Charged would be much stronger than instant release.

"Crack..."

A huge dragon like lightning spear struck down from the heavens and completely enveloped Feng Kong Grand Emperor. Feng Kong Grand Emperor's powerful immortal emperor domain couldn't stop the spear at all and cracked.

This world destruction lethal force spewed out from Ye Mo's fury. Ye Mo didn't have anything to care about unlike Feng Kong Grand Emperor. He attacked with full power not caring about some Feng Kong Grand Emperor estate.

Wei Feng immortal emperor's face changed. He immediately knew that Ye Mo was much stronger than when he fought him. Ye Mo dared to disregard the yellow word lethal force and even his Five Lightning Spear Destruction wasn't something Wei Feng couldn't stop.

Du Feng monk was also shocked watching this. No wonder his divine damnation could kill Wuyin immortal emperor. Even if the divine damnation didn't kill Wuyin Ye Mo could kill Wuyin immortal emperor.

Feng Kong Grand Emperor felt this the most. He was the most shocked. He had tried to overestimate Ye Mo but he still didn't expect Ye Mo was this powerful and this cocky to disregard the lethal force he threw at him. Only someone who didn't fear death would do such a crazy act.

Feng Kong Grand Emperor knew why Ye Mo did this because he tried to kill Ye Mo's women.

The lightning spears carried deeper lethal force and even swept in Feng Kong Grand Emperor's yellow word killing intent in.

Feng Kong Grand Emperor's face was serious. He waved out a defense shield. It looked very ordinary but only those who saw it knew it was Feng Kong Grand Emperor's best defense magic artefact, Qian Yuan Divine shield.

He didn't dare to attack a spear head with spear head like Ye Mo.

After the shield was released, the yellow word killing intent had been suppressed by Ye Mo's Five Lightning Spear Destruction and couldn't reach Ye Mo. Feng Kong Grand Emperor's soul robbing blue cloud brush kept swiping in mid air. A spoon sized 'abstruse' rose up and expanded covering half the heavens and pressed on that yellow word.

The yellow word immediately lit up and even more terrifying broke through Ye Mo's immortal emperor domain and charged at Ye Mo with even faster speed.

Wei Feng immortal emperor said nothing. He knew that if all six words could be released Ye Mo wouldn't be escape even if he was divine emperor. However, Wei Feng immortal emperor knew that Feng Kong Grand Emperor wouldn't be able to do six words, at most it was three.

Ye Mo didn't expect Feng Kong Grand Emperor's god art to essence blood this powerful. When the yellow word broke through his domain, Ye Mo smashed out Five Lightning Spear Destruction. At the same time, Ye Mo fused his spirit sense into a crevice god art.

When the abstruse word pressed down, even Ye Mo's immortal god body tertiary stage couldn't handle it. A few blood arrows shot out.

The place he was at was protected by immortal emperor domain but was still smashed apart. A huge ravine formed and the yellow word killing intent was still ravaging the place. The ravine was growing bigger.

At the same time, Ye Mo's Five Lightning Spear Destruction tore open Feng Kong Grand Emperor's domain. when Ye Mo reached immortal emperor, the Five Lightning Spear Destruction's terror wasn't

something ordinary immortal emperor peak stage could compare with. His Five Lightning Spear Destruction was fused with the murderous killing intent from the abyssal river as well as countless black lightning source.

No matter how high level Feng Kong Grand Emperor's shield was, it was rumbling under this Five Lightning Spear Destruction.

Before the void ripples created were gone, Ye Mo's second Five Lightning Spear Destruction came.

It didn't attack Feng Kong Grand Emperor directly but smashed on the bottom of the previous Five Lightning Spear Destruction, stacking together.

Ye Mo used all his might this time without holding back. Instantly, the Qian Yuan divine shield shook and the force on it dimmed down.

Chapter 1965: Fight in Suppression

Feng Kong Grand Emperor had been an immortal emperor for countless years, his immortal essence was extremely dense. He immediately used his immortal essence and spirit sense wanting to empower the shield.

But before he could do that, an invisible and shapeless void crevice appeared in his sea of consciousness.

Not good, this was spirit sense god art. How could Feng Kong Grand Emperor not know the power of spirit sense god art? He didn't understand how Ye Mo had such a powerful spirit sense god art. This was on par or even stronger than Wushuang immortal emperor.

But when he realised this, it was too late. Ye Mo's blade struck Feng Kong Grand Emperor's sea of consciousness. Feng Kong Grand Emperor felt his sea of consciousness was blasted by lightning and this extreme pain came.

A ten km long sword ray suddenly appeared in his sea of consciousness. Its force was grand and almost hacked his sea of consciousness in two halves. Feng Kong Grand Emperor didn't dare to take things easy at all. His spirit sense immediately formed a powerful spirit sense wall wanting to block this blade.

However, this was Ye Mo's spirit sense god art that suddenly attacked. It was too hard to block it with just his spirit sense wall. In just an instant, his spirit sense wall cracked. At the same time, his sea of consciousness started to cripple. Feng Kong Grand Emperor immediately spat blood. He ate a green fruit without hesitation. After that his sea of consciousness immediately started to repair. Although it was still under Ye Mo's crevice god art bombardment, it wasn't as bad as before.

With Feng Kong Grand Emperor's sea of consciousness ambushed, the Qian Yuan divine shield couldn't stop Ye Mo's Five Lightning Spear Destruction without Feng Kong Grand Emperor's empowerment. Five Lightning Spear Destruction blasted it away and pierced Feng Kong Grand Emperor's body bringing out five blood arrows.

Feng Kong Grand Emperor was smashed away into his cultivation home door. If it wasn't the Qian Yuan divine shield, Feng Kong Grand Emperor would be dismembered by this Five Lightning Spear Destruction.

Feng Kong Grand Emperor wasn't the Feng Kong Grand Emperor who wore emperor robes with emperor crest before. His hair was messy and his face pale. His armor had turned to pieces. The blood holes on his body had recovered but he was still covered in blood. If he didn't have a god jade chan fruit, his sea of consciousness would've been crippled by Ye Mo's attack.

Feng Kong Grand Emperor's hand holding the soul robbing blue cloud brush was shaky. If his sea of consciousness wasn't ambushed by Ye Mo he might even have the upper hand now. He could use three words of the primordial chaos six words god art. When his earth word smashed out, Ye Mo definitely wouldn't be able to stop it.

Because sea of consciousness was ambushed, he was heavily injured before he could use the abstruse. Although he would definitely not allow Ye Mo's spirit sense god art to smash into his sea of consciousness again but he already suffered from that now. He tried to estimate highly of Ye Mo but didn't expect Ye Mo had power on par to his. Now that his sea of consciousness was heavily injured, he was probably no match for Ye Mo.

He didn't want to fight this battle anymore.

But this wasn't up to him. From the looks of it, Ye Mo wasn't much better than Feng Kong Grand Emperor. After the yellow word was empowered by the abstruse word, Ye Mo's body had been ravaged. A few fine lethal rays pierced his body and he still hasn't recovered the injuries yet.

Ye Mo was immortal god body tertiary stage body so his recovery powers were much more powerful. His ability to take damage was much stronger than ordinary cultivators. Ye Mo didn't have any immortal armor but he sustained much lighter injuries than Feng Kong Grand Emperor.

When he flew out from Feng Kong Grand Emperor's killing intent ravine, Zi Xu hacked out again. This time, it wasn't spirit sense crevice but the real crevice god art. Ye Mo knew clearly that for someone like Feng Kong Grand Emperor, the spirit sense god art can only be used for ambush. If he attacked with it again and again, it would have any effect.

"Stop..." Feng Kong Grand Emperor saw that Ye Mo didn't care and was about to fight, he quickly yelled.

Ye Mo wasn't going to care. He would fight when he wanted to and stop when he wanted to. Who did Feng Kong think he was? His Zi Xu sliced out 100km purple ray and covered half of Feng Kong Grand Emperor estate.

When this crevice struck out, the nearby thousand km of lethal force was drawn by this blade. The space lethal force was pressurized and instantly became fierce. There was a sliver of murderous chi and lightning rumbling.

Ever since Ye Mo came back from Qing Wei abyssal river, his lethal force formed an unique system. Now that he reached immortal emperor, and fused Duniang black wine's killing intent, his god art's lethal force was even more sharp.

The killing intent and lethal force in this strike was heavenly. The lightning also went from thin to thick as the blade fell.

The lethal force spread. Even though Ye Mo retained some not wanting to damage Qing Wei heaven but some stronger people in Qing Wei heaven already felt it much less Hong Yu immortal city.

Countless immortals flew over to watch this terrifying immortal emperor battle. Zi Xu's killing intent was becoming more and more murderous and crazy. It completely controlled this space.

Feng Kong Grand Emperor's face looked more and more bad. He knew that the force of Ye Mo's strike had risen. If he didn't deal with it, he would be suppressed and beaten. He forcefully released Qian Yuan divine shield again. The 30km shield light instantly covered him. Feng Kong grand emperor didn't plan to attack, he was completely on the defense.

Ye Mo's god art force had completed, even Wei Feng and Du Feng could tell that a heavily injured Feng Kong Grand Emperor wouldn't be able to defend against this even if he completely went on the defense.

Mu Ruiguang on the side was scared watching this. He completely forgot about capturing Tang Beiwei and them first. He knew that Ye Mo was stronger than him but he didn't expect Ye Mo to be able to suppress Feng Kong Grand Emperor to this degree.

At this moment, he couldn't care. He released a huge red bell and smashed towards Ye Mo's heaven shocking blade.

Crack.

The purple sword ray carried endless killing intent and hacked down. Mu Ruiguang's red bell was instantly smashed away. Mu Ruiguang flew back spitting blood like crazy. A crevice appeared on his body.

Just one move and he couldn't fight again. If Ye Mo's main target was him, his body might've even crippled.

A heavy thud sounded and the purple sword ray eased. It smashed on Feng Kong Grand Emperor's shield again but due to Mu Ruiguang's attack, it wasn't able to hurt Feng Kong Grand Emperor.

Ye Mo didn't mind at all that his move didn't succeed. Just as Feng Kong Grand Emperor blocked the move, his immortal essence force rose again.

Feng Kong Grand Emperor's face was green. He really didn't want to keep fighting with Ye Mo but he couldn't stop it. And looking at how crazy Ye Mo was, he clearly didn't want to stop.

Wei Feng grand emperor saw this and knew that Feng Kong didn't want to keep fighting. He came out and saluted with his fists "Sect leader Ye, everyone is just play fighting. We should stop at the right time. If you guys keep fighting even our Qing Wei heaven Hong Yu immortal city will be destroyed. If there's only my Hong Yu immortal city then I don't mind but there are countless immortals here. If the city is destroyed, it would be a disaster for the people here."

Ye Mo sneered. He knew how shameless Wei Feng immortal emperor was. There were countless immortals watching here. Even if he controlled his immortal essence and avoided the immortal city, the countless immortals here would still side with Wei Feng grand emperor. This guy was the epitome of shamelessness. If Ye Mo was at the lower hand, Wei Feng would definitely not say a thing.

"Wei Feng, did you not take the lesson I taught you last time? Don't worry, if I kill you today not a corner of Hong Yu immortal city will be destroyed." Ye Mo said and then punched out.

The fist force instantly swept the nearby space into an endless space storm that smashed at Wei Feng grand emperor with ripples. Fist god art, void.

Wei Feng grand emperor's face changed. He didn't think Ye Mo was crazy to this extent. He was battling Feng Kong Grand Emperor and still dared to publicly offend him.

But Wei Feng didn't dare to take it lightly at all. He released the 49 stars forming star swirls that clashed with Ye Mo's fist force.

The already messy estate ground was plowed again. Immortal essence burst out squeezing the nearby space cracking.

Feng Kong Grand Emperor had recovered a bit now and released the soul robbing blue cloud brush again planning to attack Ye Mo with Wei Feng grand emperor.

Seeing this, Du Feng quickly came up and persuaded “You three please listen to me, let’s stop fighting for now.”

Feng Kong Grand Emperor didn’t want to keep fighting with Ye Mo anyways. This wasn’t because he was scared of Ye Mo but Ye Mo ambushed his sea of consciousness and he couldn’t fully release his primordial chaos six words god art. Otherwise, Ye Mo would be the one suppressed in the battle.

Now that Du Feng intervene, he didn’t keep fighting and just looked at Ye Mo with a sunken face.

Wei Feng grand emperor clashed one move with Ye Mo and his heart sunk. He knew this was Ye Mo’s most ordinary god art. Compared to when he fought Ye Mo before, Ye Mo’s cultivation level had risen by more than multiple times.

Chapter 1966: Leave Casually

As someone trying to break up the fight, of course he didn’t want to keep fighting Ye Mo. He already stopped.

Ye Mo nodded to Du Feng and didn’t keep attacking. He could tell Feng Kong Grand Emperor had recovered a bit. He already couldn’t stoop the two words, if another word came it would be much more than getting injured.

Luckily his spirit sense god art injured Feng Kong’s sea of consciousness. Feng Kong seemed concerned but so was Ye Mo. Feng Kong’s sea of consciousness was blasted and was pretty much fine after eating a fruit. He had to be careful. It wasn’t anytime he could ambush a sea of consciousness especially Feng Kong’s.

“I entered Feng Kong Grand Emperor estate because I admired Feng Kong Grand Emperor but Feng Kong is such a bleak character. He tried to use a pathetic excuse to subjugate me with his cultivation home artefact. If Feng Kong doesn’t give me a clear resolution I’m not going to take this.” Ye Mo said loudly.

Although Ye Mo looked tattered, everyone could tell that Feng Kong Grand Emperor was no match for Ye Mo. Perhaps only Feng Kong and Ye Mo knew themselves that neither of them could surely win the other.

Ye Mo then waved his hand and Na Ming immortal monarch who was amongst the crowd was thrown onto the ground in front of Ye Mo.

“The dao partner of a pig like you deserves for me to rape? Pfft?” Ye Mo raised Zi Xu and before Feng Kong Grand Emperor could stop a purple rainbow sliced across and Na Ming immortal monarch was turned to bloody mist.

Feng Kong Grand Emperor’s face was so bleak water could rip out. This Ye was this cocky. Publicly smashing his grand emperor estate and killing his manager. He wanted to go up and tear Ye Mo to pieces but his sea of consciousness hasn’t completely recovered. He wanted to resist this again but if he did, he would never have any face again.

If Wei Feng grand emperor truly wanted to help him he would really want to fight with his life but he knew that Wei Feng grand emperor only helped him superficially. If they really fought, Wei Feng would definitely conserve his own strength and might even bite him back.

Although he had a few immortal emperors, they were nothing to Ye Mo. Even immortal emperor tertiary stage Mu Ruiguang was smashed to heavy injury in one move much less other immortal emperor primary stages.

The onlooking immortals saw that Ye Mo dared to kill Feng Kong Grand Emperor estate’s manager Na Ming immortal monarch and all stared at Ye Mo with their mouth wide open. Those who didn’t know Ye Mo quickly asked around who Ye Mo was.

Feng Kong Grand Emperor still wasn’t able to attack and was stopped by Du Feng. Du Feng only stopped casually. As an immortal emperor peak stage, he could tell that if Feng Kong and Wei Feng joined up Ye Mo might not be a match.

What he didn’t expect was that he received that much face. That casual stop prevented Feng Kong Grand Emperor from attacking again.

“Haha...” A seductive voice sounded breaking the tense atmosphere. At the same time, a pink robed extremely beautiful immortal landed before Ye Mo.

“Big brother, am I that ugly, not even deserving of you to rape.” This red robed woman appeared saying things that confused people.

Ye Mo stared at this red robed immortal calmly and asked “Who are you?”

Ye Mo didn’t take a mere immortal emperor primary stage seriously. He felt strange about her apparel. She wore a pink immortal dress but dragged the clothes down to show half her chest. She wore nothing on her foot. Her foot was small and white.

“I’m the dao partner of the Na Ming you killed. Oh, that’s a long time ago. I came past Hong Yu immortal city today and heard that you weren’t interested in raping me so I felt disappointed...” The red robed immortal emperor looked down as though she was truly disappointed.

Ye Mo couldn’t be bothered talking anymore as his killing intent swept out. After the battle with Feng Kong Grand Emperor, his knowledge of lethal force grew again.

Red robed immortal emperor immediately sensed Ye Mo’s killing intent. Her face changed immediately. She knew that although Ye Mo looked like an immortal emperor primary stage like her, ten of her might not be a match for him.

“Big brother I have no ill will. You helped me kill Na Ming that bastard, I’m very grateful. If this guy didn’t rely on someone to back him up, I would’ve killed him already. And after I left this bastard he never had a dao partner so I know he’s framing you.” She said.

Ye Mo was confused, she clearly came to speak for him. Where did she come from? She didn’t even fear Feng Kong Grand Emperor? Her words would offend Feng Kong Grand Emperor.

“I’m Tong Ranran, title Wei Hai. I’m from Nan Yu immortal city Xiang Spirit chi palace. If big brother comes to my Xiang Spirit chi palace, I will greet you with bare foot.” Tong Ran ran seemed to know that Ye Mo was going to keep fighting Feng Kong Grand Emperor and quickly moved to the side.

She was bare foot already, Ye Mo didn't care what she said again.

"Sect leader Ye, this thing is clearly manager Na Ming causing trouble. Now that he's killed by you I believe sect leader Ye is reasonable. Everyone take a step back and I think we can end this here." Wei Feng Immortal emperor tried to be the good guy.

Ye Mo was extremely furious that Feng Kong tried to kill Tang Beiwei and them at the start but he knew that Feng Kong Grand Emperor's sea of consciousness has pretty much recovered now but his body hasn't recovered yet. This was Feng Kong's land, it wasn't good to keep fighting.

With Feng Kong's dominance, if he asked Feng Kong to compensate they would fight again. Plus, he earned from this. He smashed Feng Kong's cultivation home sign, injured his sea of consciousness and even took a Bing Feng flower.

The Golden Bow of Immortal Extermination was Ye Mo's trump card, he wasn't going to use it unless at a life and death situation. Most people knew Ye Mo had one arrow but little did people know he had three.

"On Du Feng's account, I'll let you again. Feng Kong, next time you offend me I will kill you for certain."

Feng Kong wanted face but Ye Mo wasn't going to give it to him.

Feng Kong Grand Emperor calmed down and sneered "Bastard you only know how to ambush. The emperor also will warn you, don't fall in my hands again."

Ye Mo ignored Feng Kong Grand Emperor and said to Du Feng "Brother Du Feng, I'm going back, if you have time come drink at my Mo Yue Immortal Sect."

"Haha, big monk will definitely go." Du Feng laughed.

Tong Ranran saw things here were over and quickly said "Brother Ye, would you be able to show up at my Xiang Spirit chi palace? Our palace lord admires brother Ye greatly.

Ye Mo didn't know what place that was but just looking at Tong Ranran, he didn't want to have any connections with that place "Thank your palace lord, I'm busy right now so I won't go today. We'll talk about it later."

"Okay, then Ranran and palace lord will wait for brother Ye's grand arrival." Tong Ranran laughed again and bowed.

Seeing Ye Mo and them leave on the space time boat, the nearby immortals were all shocked with their jaws dropping.

This sect leader Ye was more than just amazing. An immortal emperor primary stage smashed Feng Kong Grand Emperor's estate and killed Na Ming immortal monarch in front of Feng Kong Grand Emperor but Feng Kong Grand Emperor could only watch him leave.

What shocked them more was that Xiang Spirit chi palace invited Ye Mo but Ye Mo rejected them.

...

Ye Mo and them took the teleportation formation from Qing Wei heaven and left immediately.

"Martial sister Yu, do you know what Xiang Spirit chi palace is?" When they came to Chang Rong heaven Ye Mo asked Yu Jinxiang.

Yu Jinxiang nodded "I know, it's a very mysterious sect that's just below the Ice God Palace. I heard the palace only has one immortal emperor and that's the palace lord. I've never heard the palace lord change and the palace lord is extremely powerful. However, no sect in the immortal realm can invite her."

Ye Mo immediately said "They definitely have more than one immortal emperor. That Tong Ranran is an immortal emperor. Keep talking."

Yu Jinxiang said "They have male and female sect members. The people inside are strange. The female sect members inside are very sexual. If they like a male there, they can even have sex on the streets. If

the male sect members are interested in one woman, they would chase them to the ends of the world. For someone they didn't, they would rather suicide than comply."

"Such a psychotic sect." Tang Beiwei said in contempt.

Hearing this, Ye Mo didn't want to have any connections with them and said to shadowless
"Shadowless, control the ship to fly to Long Yue immortal mountain.

Ye Mo came to Chang Rong heaven wanting to see if Li Kun was back. If not, he would head to the middle heaven domain from here and then to the low heaven domain.

A day later, Ye Mo was hospitably received by Long Yue immortal mountain but Li Kun was back. Ye Mo could only leave.

He called that Ling Xiu into a room. Everyone knew that Ye Mo had important business with her.

Chapter 1967: Mo Youshen's death

South Peace State Pill City. This was previously the number one city of Luo Yue continent and the only ten star city but now it was far from its former glory. It was barely a Pill City now. All the high level pill kings had pretty much left. Only some low level pill masters stay here to survive.

Before, one could smell pill aroma a hundred km from the Pill City but now even if you enter the Pill City, you can only barley feel its former glory.

At this moment, an extremely beautiful woman carried a long sword on her back and walked towards the Pill City. She stood outside the city and looked at the rusty words Pill City for a long time before murmuring "Did dad become famous here? Is the 12 pill king stairs still here."

Then, she slowly walked in the city.

This was Ye Mo's daughter Yimo. Ever since getting the Immortal Carnage Tower, her cultivation speed was just below Su Jingwen. She was even faster than Luo Ying. After Su Jingwen ascended to the immortal realm, she reached truth realisation state peak stage in a few decades. However, she had passed her divine damnation and still couldn't ascend.

Yimo was very desperate. Although there was her mum and a few aunties in the Mo Yue City and more familiar people, she thought that her dad must be lonely in the immortal realm. Plus, who knows if aunty Jingwen could find dad?

Aunty Jingwen's cultivation speed is much faster than hers but in terms of fighting, aunty Jingwen was far from a match for her.

Almost everyone in Mo Yue City was working hard on cultivation but only Yimo left Mo Yue City alone to travel the entire Luo Yue continent.

In this hundred years, she had been through the four big states and even the Heartless Sea many times. Her 12 lightning orbs were invincible and even her infinity seven star umbrella was rarely matched.

Even without her cultivation level, she just had to say Ye Mo's name and she would be respected in the four states. Yimo didn't want to always be under the protection of Ye Mo. She had always relied on herself but as time went on, even when she didn't say Ye Mo's name, most people knew she was Ye Mo's only daughter.

Because she knew about the Yin Hai domain from Guang Wei, she even went there but didn't find anyone in Yin Hai city.

Even so, she still stayed there a few years to spirit control the small world and throw out all the random buildings inside. She completely reorganized this small world. The reason she could do this so quickly was mainly due to Ye Mo's spirit sense cultivation method.

What disappointed her was that she had searched for a hundred years and still couldn't find why Luo Yue continent couldn't have immortal ascension.

This time, she went from West Extreme State back to South Peace State and looked at this barren Pill City.

...

Yimo went to Ye Mo where Ye Mo won. There were only a few foundation establishment state and golden core state cultivators dealing. It was mostly chi gathering cultivators.

Yimo exclaimed. She had almost fantasised that one day she ascended to the immortal realm and gathered with dad, mum and other aunties.

Yimo sighed and didn't want to stay here. She planned to go back to Mo Yue City. She felt disappointed that compared to dad she was almost that bit off.

Luo Yue continent cultivators couldn't immortal ascend before but dad went to West Extreme State and broke the immortal formation from the sand river.

Because of this, the Luo Yue continent cultivators always has this fear and respect towards Mo Yue City.

Now that Luo Yue cultivators were stuck in this curse of unable to ascend again.

Just when Yimo turned and was about to leave the Pill City, her spirit sense scanned a grey robed cultivator taking a man and woman into the spirit rest tower.

Seeing that grey robed cultivator, Yimo felt strange. When she looked carefully, she saw that this person looked similar to dad.

Yimo immediately covered her face and followed them into the tower. This person was only hollow spirit state tertiary stage but the other two was disaster transformation state peak stage and truth realisation state level four.

Yimo spirit sense was many levels more powerful than ordinary cultivators due to Ye Mo's spirit sense cultivation method and pills. She chose a room next to them and her spirit sense pierced the room.

"Martial brother Mo, Han qian bei is face repairing holy hand. No one is better than Han qian bei on this in Luo Yue continent. We'll repair the face at Pill City and then use an opportunity to get to Mo Yue City and appear heavily injured and get found." The disaster transformation state female cultivator said.

That martial brother Mo quickly got up and said "Thank you qian bei, but Ye Mo's women knows him very well. I might be easily spotted out. At the Pill City, Ning Qingxue suspected I was Ye Mo on first glance but she immediately recognized I wasn't. However, Ye Mo's daughter is rather easier to trick."

This was Mo Youshen who had enmity with Ye Mo. He had constantly wanted to get revenge from Ye Mo but his talent really wasn't good. Even now, he was only hollow spirit state tertiary stage.

Truth realisation state level four Han qian bei sneered "if it wasn't your master asking me for help how can I help you? With my powers, even if you don't look like Ye Mo at all I can change you into him much less you resemble him."

"That's right, master said Han qian bei definitely has the power to help martial brother accomplish his goal. Martial brother Mo don't doubt Mo qian bei." The disaster transformation state woman nodded and said.

"Yes, wan bei is wrong, qian bei please forgive me. Because wan bei's cultivation progress is slow. If this continues, wan bei would never be able to ascend to the immortal realm. Even if one day I can, Ye Mo's women would've have ascended already. How can I get my revenge?" Mo Youshen got up and said.

Han qian bei sneered "If it's just changing your face into Ye Mo's, how can it show my abilities. I can even change your chi into Ye Mo's. You just have to find some people who have come in contact to describe to me. If those mere women can see threw my means I, Han Zhouping, wouldn't be called ghost frost holy hand."

Yimo heard this and was furious. That person looking like her dad was trying to change into her dad and trick people at Mo Yue City. How could she tolerate this. If his chi was really changed into dad's and then he was heavily injured and couldn't speak nor show his cultivation level then mother and aunties might really fall for it.

"I've already researched. Ye Mo didn't have any immortal ascension divine damnation. He suddenly disappeared. He's either dead or snuck into the immortal realm." Mo Youshen said happily.

"Martial brother, master said your mind state isn't stable. If you don't get revenge personally, you will be stuck like this for the rest of your life. Master used a lot of effort to help you. After you get revenge, you must go back and cultivate." The female cultivator said.

"Martial sister Dan Dan I understand. I won't betray master and your hope..." Mo Youshen didn't finish and their room was kicked open.

A veiled woman with an extremely good looking body appeared.

"Who are you? Why did you barge into our room?" Mo Youshen was the weakest but his temper wasn't small.

Yimo took off her mask, "Open your eyes and look. Ye Mo is my dad how dare you pretend to be him, you're asking to die..."

Han Zhouping reached out to grab Yimo with cultivation essence giant hand as soon as Yimo took off her mask but Yimo was too much stronger than him. She reached out with cultivation essence giant hand and that Han's cultivation essence giant hand immediately dispersed.

"Truth realisation state peak stage?" Han Zhouping was extremely shocked and wanted to leave immediately.

That Dan Dan heard this and also wanted to flee. She chose the opposite direction to Han.

Mo Youshen's face was pale. He wanted to run of course but before he could leave the room, Yimo's cultivation essence giant hand crushed him into nothing. Not even his essence spirit was left.

Yimo had been through a lot roaming Luo Yue continent these years. She was decisive in killing.

She immediately chased that Han truth realisation state cultivator.

“Qian bei, this has nothing to do with me...” His face changing capabilities were top notch but his cultivation level was too weak. He was subjugated by Ye Mo before he could even flee Pill City.

How could Yimo let such person go. She smashed out her 12 lightning orbs instantly binding this Han. Han barely released his shield and was smashed to pieces. At this moment, that disaster transformation state female immortal had gotten away already.

Chapter 1968: Past Life

“You know the reason why I called you here right?” Ye Mo looked at Ling Xiu and asked heavily.

Hearing this, Ling Xiu immediately knelt down on the ground and said “Yes, young master.”

“Young master?” Ye Mo raised his hand and brought Ling Xiu on her seat. His tone was a bit displeased “What do you mean by young master?”

Ling Xiu’s tone calmed down. Her eyes seemed to see something distant instead of the scene before her eyes. After a long while, she answered “Because you’re the young master of Feng Kong Grand Emperor Estate. You were there since you were young, we called you young master...”

“Wait...” Ye Mo interrupted her. He definitely didn’t believe he was Feng Kong Grand Emperor’s son. With his current instinct, how could he have no feelings if he was Feng Kong Grand Emperor’s son. Plus, even if he was, Ling Xiu definitely wouldn’t abandon Feng Kong Grand Emperor and follow him.

This time, Ling Xiu kept saying “Feng Kong Grand Emperor has 43 children and you’re just one of them.”

"I've never seen snow that big in the immortal realm but the snow flakes that year made me know that snow can fall 50 meter thick. That year, Feng Kong Grand Emperor invited all the big immortal emperors of the immortal realm to hold immortal fruit party. Sister Ningsi and I went to greet all the immortal emperors..."

...

"Sister Ningsi, we haven't had such a serious immortal fruit party in the grand emperor estate for so long. Do you know the reason this time?" An extremely pretty Gong Lingxiu asked another beautiful maid.

This maid was Wen Ningsi. She was older and stayed at the estate for long. She knew things others didn't so when people didn't know things they liked to ask her.

Ningsi whispered "Ling Xiu, we shouldn't discuss this here. We're welcoming the top immortal emperors of the immortal realm. Don't talk... hmm..."

Before she finished, she saw a dashing light landing before grand emperor estate in a rush.

This was a white robed woman but her white dress was covered in blood.

When she landed she immediately laid on the snow not moving at all. Clearly she was heavily injured.

Ningsi went up immediately and helped this woman up. When the rest of the people saw this woman, they were dumbfounded. They had never seen such a beautiful woman. Feng Kong Grand Emperor had plenty of beautiful concubines but never one as good as this. Her eyes were tightly shut and her face pale. If she wasn't heavily injured she might be even prettier.

"Such a beautiful female immortal." Those maids were shocked.

Ningsi suddenly reacted and carried this injured female immortal and said "You guys go greet the immortal emperors, I'll take this sister in to treat her."

...

Ye Mo interrupted Ling Xiu, "Ling Xiu, what does this have to do with me?"

Ling Xiu shook and woke up from her memories. She said respectfully "The white robed female immortal was heavily injured but it wasn't lethal. After two months recovery, she could gradually walk. But one day, Feng Kong Grand Emperor walked past our maid residence and saw that female immortal. The first time he saw her, he couldn't move his feet again."

Ye Mo frowned, he didn't feel very comfortable.

"Feng Kong Grand Emperor was immediately going to take her. Sister Ningsi couldn't object the will of Feng Kong Grand Emperor of course and could only watch her getting taken away. Luckily, Feng Kong Grand Emperor suddenly turned back and pointed at Ningsi to go serve this female immortal and be her maid."

Ling Xiu said "Feng Kong Grand Emperor wanted that female immortal to be his concubine but that female immortal was pregnant. She insisted on giving birth to the child before marrying Feng Kong Grand Emperor.

Feng Kong Grand Emperor agreed and four months later, that female immortal gave birth to a boy..."

Ye Mo once again had this extremely suffocating feeling. He subtly felt that he was related to that boy. Ling Xiu looked at Ye Mo and said slowly "Young master, that boy is you. Ever since you were born you didn't have a name. Sister Ningsi called you Youer. Although you weren't Feng Kong Grand Emperor's son people outside didn't know. They called you young master. Feng Kong Grand Emperor said nothing about it."

Ye Mo suddenly got up, what he saw in the dao seeking tower was indeed his past life.

"You know that person is you?" Ye Mo looked at Ling Xiu and asked coarsely.

Ling Xiu said respectfully "If the youth who was kicked off the stairs by Feng Kong Grand Emperor is you, then you're him."

Seeing Ye Mo in silence, Ling Xiu sighed "After you were born, your mother kept using you as an excuse to delay the wedding. For the first time, Feng Kong Grand Emperor had the forbearance. He waited 16 years. But ever since you were born your cultivation speed was very slow because you had 8 element mixed spirit root. Your mother asked Feng Kong Grand Emperor for large amounts of treasure to change spirit root. However, your spirit root couldn't be cleansed nor improved."

"Was it this reason that Feng Kong Grand Emperor kicked me off?" Ye Mo asked.

Ling Xiu shook her head, "No, once your mother realised your talent couldn't be changed she was extremely disappointed too. More than once had she looked at you and sighed, shaking her head. When Feng Kong Grand Emperor asked to marry your mother, she left the Feng Kong Grand Emperor estate alone..."

Ye Mo's heart sunk. His mother left and abandoned him in the forbidden grounds estate.

Ling Xiu said "After knowing this, Feng Kong Grand Emperor was furious. You were the young master of the estate so he couldn't kill you. Luckily sister Ningsi treated you as her own child and took care of you allowing to live. One day, you stood on a flower a princess liked. That princess cried. In his fury Feng Kong Grand Emperor didn't keep tolerating you even though Ningsi begged. He kicked you and sister Ningsi off the stairs and made people throw you into the cultivation realm for rebirth. I didn't dare to beg nor did I dare to look..."

Ye Mo sighed "Luckily, Feng Kong Grand Emperor let me live and didn't turn me to dust."

Ling Xiu shook her head, "The reason Feng Kong Grand Emperor threw you into the cultivation realm is because your mother once made Feng Kong Grand Emperor swear an oath that he can't intentionally kill you no matter what nor prevent you from cultivation. That's why you got to live in a cultivation realm."

Ye Mo's heart was cold. His mother didn't take him when she left but soon Ye Mo sighed, maybe his mother couldn't get away at the time too. If she took him then maybe both of them would die. Perhaps she left to get help. But in reality, Ye Mo knew that his mother definitely didn't do that but he didn't want to keep asking.

“Where is Ningsi qian bei now?” Ye Mo had endless gratefulness to this maid.

Ling Xiu sighed “After you were thrown off, Sister Ningsi came to me and said she would go to that cultivation realm to find you. Because your mother is constantly cultivating, you were brought up by sister Ningsi. She had feelings for you and was scared you would suffer in the cultivation realm so she wanted to take care of you. She left the Feng Kong Grand Emperor estate that night and I’ve never heard from her since.”

“What’s my mother called?” Ye Mo asked.

Ling Xiu shook her head “We don’t know, she never said her name nor where she came from.

Ye Mo fell silent.

As though feeling Ye Mo’s loss, she took out two crystals and gave it to Ye Mo “Young master, this is your mother and sister Ningsi.”

Ye Mo took them. One crystal ball was of a woman, it was indeed the woman holding him in the dao seeking tower. The other woman’s face was obscured but even so, one could see her unparalleled looks.

Putting the two crystal balls away, Ye Mo looked at Ling Xiu and said “Ling Xiu qian bei, don’t call me young master anymore. Just call me Ye Mo.”

Ye Mo sighed “I’m Gong Hua heaven Mo Yue Immortal Sect sect leader. If you don’t mind, stay at my Mo Yue Immortal Sect.”

Chapter 1969: Joyful Reunion

Ling Xiu sighed. The reason she dared to go against Feng Kong Grand Emperor and follow Ye Mo was because her life span was at its end. When she knew that Ye Mo was the reincarnation of that youth sister Ningsi took care of, she immediately decided to tell him about sister Ningsi.

She didn't expect that eight element mixed spirit root youth whose cultivation speed was extremely slow could now suppress Feng Kong Grand Emperor. This was unimaginable.

"Of course I'm willing to stay at Mo Yue Immortal Sect. My life is nearing its end, I have nowhere to go. I miss sister Ningsi very much. If sister Ningsi knows you have today, she would be very happy. Don't call me qian bei anymore, just call me aunty Xiu." Ling Xiu sighed.

"Aunty Xiu, you have endless years of life, how could you be..."

Ye Mo saw that Ling Xiu didn't intervene and took out a bottle of pill to her "Aunty Xiu this five Yi King pills. I believe no matter how bad your talent is you can reach immortal king. Plus, Mo Yue Immortal Sect immortal spirit chi will be the most famous in the entire 33 heavens."

Ye Mo really wasn't bullshitting. He had this many extreme grade immortal ranges and he was infinitely near level nine immortal formation grand master. Once he returned to Mo Yue Immortal Sect, he would plant some immortal range underneath the sect and city and then modify sect protection formation again.

"Five Special grade Yi King pills?" Ling Xiu opened the jade bottle and looked before asking dazily. The main reason she couldn't break through was because she didn't have cultivation resource nor pills.

There was no way a maid like her could be rewarded with a pill. As for escaping the immortal emperor estate, it was absurd. If the immortal emperor hang out a wanted sign, then she would be caught no matter where she fled too. She saw that Ye Mo cared a lot about sister Ningsi and that's why she didn't dare to say Ningsi might've been killed before she could flee the Grand emperor estate.

She saw the battle between Ye Mo and Feng Kong Grand Emperor. Although it seemed that Ye Mo had the upper hand but she didn't believe Ye Mo could do anything to Feng Kong Grand Emperor. Only those who always stayed near Feng Kong Grand Emperor would know about his real power.

Feng Kong Grand Emperor definitely had top means that he didn't use but she didn't know that Ye Mo's most powerful mean wasn't used too.

"Yes, aunty Xiu. See if these pills are enough for you to reach immortal king. If not, I still have more. I can definitely let you reach immortal king, don't worry." Ye Mo smiled and asked.

Ling Xiu quickly got up and said "It's enough, definitely enough. I don't need this many."

She was ready to die and thus told Ye Mo to called her aunty but now that she knew that she definitely wasn't going to die and was going to reach immortal king, her mindset changed.

Ye Mo could see this and sighed "Aunty Xiu, no matter what you were aunty Ningsi's friend. In my heart, you're an elder. You can stay at Mo Yue Immortal Sect. I'm certain that Feng Kong Grand Emperor definitely won't dare to come to Mo Yue Immortal Sect. Even if he does, he would kill me first. As long as I don't die, he wouldn't dare to do anything."

Ling Xiu took the pills and her face eased, "Sect leader, you need to be careful of him. He still has some means that he hasn't used yet. He isn't as simple of a character as he shows."

Ye Mo nodded. He knew that if he didn't use Golden Bow of Immortal Extermination three arrows, it was extremely hard to defeat Feng Kong Grand Emperor. That ambush won't work again. Plus, he didn't know if Feng Kong Grand Emperor had other lethal moves.

But Ye Mo believed as time went on, the difference between Feng Kong and him would only grow. He would eventually far surpass Feng Kong so he wasn't worried at all. There was no rush to kill Feng Kong.

"Aunty Xiu I need to ask you something. When Feng Kong Grand Emperor went out for a hundred years and came back, how many came back with him?" Ye Mo asked. He was certain that He Chong immortal emperor didn't come back with Feng Kong Grand Emperor but he still asked.

If Feng Kong Grand Emperor caught He Chong immortal emperor, he would definitely use him.

“When Feng Kong Grand Emperor came back I was in the garden, I saw him come back with another woman.” Ling Xiu answered.

Ye Mo knew that she didn’t know much. He took her out and introduced Ling Xiu to the rest of the people.

In order to reach Gong Hua heaven quickly, Ye Mo took over control of space time boat.

With how absurd Ye Mo’s immortal essence and spirit sense were now, the space time boat went to a new extreme in speed.

This time, Ye Mo didn’t stay at middle heaven domain. He just spent a year and crossed to the border of Gong Hua heaven.

...

Gonghua Heaven’s largest sect was Mo Yue Immortal Sect of course. It was the strongest in the entire low heaven domains and now that there was an immortal emperor stationed there, it was more famous.

The immortal emperor didn’t stay in Mo Yue Immortal Sect but he stayed at Mo Yue Immortal City clearly to protect Mo Yue Immortal Sect.

At this moment, Su Jingwen and Lu Feng were discussing things at the main peak, Mo Yue peak.

“Jingwen, you’re cultivation level is still too low. It’s certain death if you go to the void heaven domain.” Lu Feng looked at Su Jingwen worriedly.

Su Jingwen said despondently “I know. I found that recently my progress stagnated and I would always think of Ye Mo. I’m very worried. I just want to see where Ye Mo went in and I would come back to cultivate. Otherwise, I can’t cultivate at all.”

After pausing for a moment, Su Jingwen said "Of course I know that if I go alone it would be certain death but I plan to ask Ji Lei immortal emperor master to help me. He's my husband's friend, I believe he would agree."

"You're worried about Ji Lei immortal emperor leaving Mo Yue Immortal City at anytime and it would be hard to find an immortal emperor to help right?" Lu Feng said helplessly.

Su Jingwen nodded "Yes, I mainly want to check how to get there this time. When I come back I will work hard and cultivate to immortal emperor and then go alone. So I still want to ask sister Lu to come with me."

Lu Feng sighed "Of course it's fine, I just don't know if Ji Lei immortal emperor master would think much."

Su Jingwen got up immediately and said "In that case let's go Mo Yue Immortal City and find Ji Lei qian bei. If qian bei isn't willing then we won't go..."

Before Lu Feng could answer, she saw a jade card fall before Su Jingwen. Su Jingwen crushed it and the voice of Cang Mang's joyful voice sounded, "Master's wife, sect leader is back. He's in Mo Yue Immortal City now..."

"What?" Su Jingwen just hesitate for a moment and couldn't breathe from this huge surprise. The next moment, she charged out of the cultivation home and disappeared.

Lu Feng got up in joy and followed behind Su Jingwen.

...

"Sect leader Ye..." Ji Lei immortal emperor had been waiting for Ye Mo to come back in Mo Yue Immortal City.

"Brother Ji Lei how are you in Mo Yue Immortal City?" Ye Mo looked at Ji Lei in confusion. No matter how good Mo Yue Immortal City, it shouldn't be able to attract someone like him.

Ji Lei laughed “You can catch up with me later...”

Without needing Ji Lei to remind, Ye Mo saw Su Jingwen stumbling over. She was so excited she almost couldn't fly.

Seeing her, Ye Mo could no longer resist and grab her into his arms.

“Ye Mo, whimper...” Su Jingwen could no longer talk and fell paralysed in Ye Mo's arms.

The surrounding seemed to be sunken into silence. No one wanted to talk now to disturb Ye Mo's reunion with Su Jingwen.

A long while later, Su Jingwen touched Ye Mo's face as though trying to express all her longing after these years.

Su Jingwen's familiar body aroma almost made Ye Mo mesmerized in it. When Su Jingwen's soft hands touched his face, he woke up and quickly threw out a few formation flags. The two disappeared from the rest of them.

Su Jingwen murmured again “Ye Mo, is it really you? We're really seeing each other again?”

“Jingwen, I'm back. I'll be staying at Mo Yue Immortal Sect from now on. Even if I go out occasionally, I'll be back soon.” Ye Mo said.

Su Jingwen shook as her body turned on fire. She hugged Ye Mo closer as her soft wet lips covered Ye Mo's lips.

Chapter 1970: Powerful Mo Yue

After some time, Ye Mo and Su Jingwen woke up at the same time. Su Jingwen immediately remembered that there were plenty of people watching. Her face burned and she snuck into Ye Mo's arms.

"We'll go back and..." Su Jingwen's voice was very soft. Her heart was still beating fast but it was calming down.

Ye Mo immediately asked "Jingwen, other than you who else has come to the immortal realm?"

"None, only I have ascended from Mo Yue City. Or only I came here." Su Jingwen's tone was dejected. She was worried just like Ye Mo. There was no way no one from Mo Yue City has ascended up until now.

Plus, Lu Wuhu qian bei had ascended before her but why was he nowhere to be seen?

Hearing this, Ye Mo's heart sunk. He removed the nearby restriction, "Jingwen, we'll talk about this when we go back."

Seeing Ye Mo and Su Jingwen reveal themselves, everyone came up to greet them.

Ye Mo looked at Lu Feng and knew she wanted to speak "Lu Feng, I was the sect leader Luo, don't worry."

Lu Feng realised. No wonder she felt this familiarity on Ye Mo.

"Brother Ye..."

"Brother Ye..."

Yi Ying, Jiang Jin, Tong Zhu all came up and greeted in surprise and joy. they finally realised why Ye Mo treated them differently when the sect first opened. They knew each other. At the same time, they were very shocked. Yi Ying and them had seen Ye Mo's golden immortal divine damnation before.

Liu Zhongyan and Liu Man sighed. They, like Yi Ying and them, knew Ye Mo's cultivation level before. It had only been a few hundred years and Ye Mo's cultivation level was something they didn't dare to imagine.

Their cultivation speed had been fast in Mo Yue Immortal Sect but even now, the strongest of them, Liu Zhongyan, is only abstruse immortal.

Ye Mo saw everyone and was very happy. He greeted them all. Ye Mo knew from Yin Hui that Ren Fu, Hong Ling and them had come to Mo Yue Immortal Sect. he was overjoyed. However, they were out for trials.

Tang Beiwei had pulled Su Jingwen over to talk. Lu Feng organized Ning Eu and Yu Jinxiang and Ling Xiu to settle in.

When the people had pretty much finished talking, Ji Lei immortal emperor came up and smiled "Hundred years no see, brother Ye seems more glorious than before."

Ye Mo was now immortal emperor primary stage but Ji Lei didn't feel surprised at all. He thought that Ye Mo hid his cultivation level.

When everyone saw Ji Lei immortal emperor come over to talk, they all moved to the side. In their eyes, immortal emperors had utmost high status.

"How come brother Ji Lei didn't go into solitary cultivation and came to my Mo Yue Immortal Sect." Ye Mo smiled. Plus, Ji Lei immortal emperor got the dustless fruit, the first thing he should be doing is solitary cultivation.

If Ye Mo reset the immortal spirit chi gathering formation of Mo Yue Immortal City, it might attract Ji Lei immortal emperor, but now was definitely impossible.

Ji Lei immortal emperor said with fury "The dustless fruit I worked so hard to deal with brother Ye was robbed. I don't dare to get revenge from that guy so I can only come to your place."

“Brother Ji Lei, who dares to rob your thing?” Ye Mo asked in confusion.

“It’s Feng Kong that old bastard. This person is shameless to a new extreme. He publicly took away my dustless fruit and I didn’t dare to say a word. I originally wanted brother Ye to help me but now I feel calmer.” Ji Lei indeed wanted to ask Ye Mo for help but he later realised that even Ye Mo probably didn’t dare to confront Feng Kong Grand Emperor.

Ye Mo realised, “So it’s this old bastard, if I knew earlier I wouldn’t let him have it so easy.”

“Brother Ye you saw Feng Kong Grand Emperor?” Ji Lei immortal emperor asked in confusion.

Ye Mo didn’t hide it “Yes, I smashed his grand emperor estate home and killed that manager called Na Ming. I taught that guy a lesson. If I knew he took brother Ji Lei’s dustless fruit, I wouldn’t let him go so easily.”

“What?” Ji Lei immortal emperor opened his mouth wide in shock and couldn’t react for a long time. As soon as he came out of the void heaven domain, he came to Gong Hua heaven. He didn’t know what happened in the grand heaven domain. But what Ye Mo said dazed him.

Ye Mo could even teach Feng Kong Grand Emperor a lesson, didn’t this mean he was equal to a half divine? He smashed Feng Kong Grand Emperor’s estate and yet could come back to Mo Yue Immortal Sect safely. This clearly meant that Ye Mo wasn’t scared of Feng Kong Grand Emperor.

After a long while, Ji Lei immortal emperor reacted and laughed “Great satisfying, too satisfying. I’ve lost all my anger. A dustless fruit is nothing, so what if he takes it. Feng Kong bastard, such thing would happen to you too. Haha...”

Ye Mo knew he wasn’t much stronger than Feng Kong Grand Emperor now but he didn’t need to say this. He wasn’t scared of Feng Kong.

“Brother Ye, as a solo cultivator, only I know how hard it is to cultivate to immortal emperor. Brother Ye, I finally found a place today. If brother Ye doesn’t mind, I’m willing to join Mo Yue Immortal Sect.” Ji Lei immortal emperor immediately bowed and said.

Ye Mo rejoiced. He didn't expect Ji Lei immortal emperor would join Mo Yue Immortal Sect. He welcomed Ji Lei immortal emperor joining Mo Yue Immortal Sect greatly. He quickly said "It's my honor that brother Ji Lei can join my Mo Yue Immortal Sect, how can I mind?"

Lu Feng quickly greeted Ji Lei immortal emperor too and rejoiced "It seems our Mo Yue Immortal Sect will have two immortal emperors now."

Lu Feng didn't know Ye Mo's power but from Ji Lei immortal emperor she knew that Mo Yue Immortal Sect also had a He Chong immortal emperor.

Ji Lei immortal emperor laughed "Lu Feng, you might not know that sect leader Ye is an immortal emperor too. The top immortal emperor of the entire immortal realm."

Seeing Lu Feng stare at him in shock, Ye Mo laughed, "There won't just be too immortal emperors. After a while, Kai Mi immortal emperor will join our Mo Yue Immortal Sect too."

"Kai Mi?" Ji Lei immortal emperor heard this and looked at Ye Mo in confusion.

Ye Mo saw Ji Lei immortal emperor's expression and knew that he definitely heard of Kai Mi divine emperor so he said "That's right, he was previously Kai Mi divine emperor. He went to do things. After a while, he will return to our Mo Yue Immortal Sect."

Everyone was dazed, was this really just a low heaven domain king sect? Even the top emperor sects of the grand heaven domain would only have four or five immortal emperors? Ji Lei immortal emperor didn't dare to believe that a divine emperor was joining a low heaven domain sect? This sounded so strange. Luckily Kai Mi was no longer divine emperor. Otherwise, all of the grand heaven domain emperor sects would come visit.

Ye Mo didn't say that in a few hundred years, Yu Jinxiang would return to immortal emperor. She was immortal monarch primary stage now. Unlike Kai Mi, once Yu Jinxiang recovered her power, she would be much stronger than before.

“Let’s not chat outside, let’s go back in the sect first. Lu Feng go announce that 16 years later, our Mo Yue Immortal Sect will have our sect opening ceremony.” Ye Mo had decided to spread the news of Mo Yue Immortal Sect.

“Yes, sect leader.” Lu Feng rejoiced.

Ye Mo had decided to let Yu Jinxiang and Lu Feng be responsible for the ceremony and Ji Lei immortal emperor to hold the scene.

Meanwhile, Ye Mo rebuilt the city protection formation and the immortal spirit chi gathering immortal formation. When Ye Mo came back to Mo Yue Immortal Sect, the sect became heated again.

...

Blankets were scattered and half of Su Jingwen’s chest was shown. The redness on her face hadn’t receded yet but her eyes didn’t leave Ye Mo at all.

“What are you worried about?” Ye Mo held Su Jingwen in his arms and asked.

Su Jingwen squeezed into Ye Mo’s arm and said worriedly “I’m here with you but sister Susu and Qingxue and Yangzhu hasn’t ascended yet. I’m worried about them. Sometimes I feel I’m selfish. In order to see you, I ascended earlier.”

Ye Mo patted Su Jingwen’s snow white shoulders and said “When I finish setting up Mo Yue Immortal Sect’s formation, I will go see.”

“How will you go? Can you really go down to the cultivation realm?” Su Jingwen subconsciously sat up not realizing the blanket fell completely revealing her sturdy chests.
