Chapter 1971: Fail to Tear Space

"I can't go down to the cultivation realm but my immortal ascension wasn't normal immortal ascension. And..." Ye Mo subconsciously looked at Su Jingwen and then reached out with his hands.

Su Jingwen moaned and then immersed in it again...

After some time, Su Jingwen panted before looking at Ye Mo and said "There was a martial sister called Bingyu who came looking for you. After hearing you were lost, she left Mo Yue Immortal Sect."

Ye Mo heard this and didn't feel too natural. After ascending to the immortal realm, he had seen too many beautiful female immortals but he had never been interested in them. The only one he had fascinations for was Zhen Bingyu and that was under a special circumstance.

After a long while, Ye Mo sighed "Zhen Bingyu's dao heart is completely different to mine. You know what she calls this?"

"What?"

"Lust."

"Sounds bad."

"By the way Jingwen, I'll start teaching you body refinement okay?"

"Why body refinement?"

"You'll know afterwards..."

...

As Ye Mo came back and Ji Lei immortal emperor joined Mo Yue Immortal Sect, Mo Yue Immortal Sect became the center of attention in the low heaven domains. The sects and heaven lords were thinking about what gifts to give when they had their sect opening ceremony.

Unlike before, there was clearly an immortal emperor joining the sect. Even in the middle heaven domains, an emperor sect was at the top of the top.

Everyone in Mo Yue Immortal Sect moved while Ye Mo started setting up the formations.

This time, Ye Mo had no limitations. He planted 36 extreme grade immortal ranges below Mo Yue Immortal Sect and three below Mo Yue Immortal City.

He changed the hundred thousand void defense kill formation. His current formation means were completely different than before. He used half a year to reorganize the formation and remake formation flags. Half a year later, the Mo Yue Immortal Sect sect protection formation closed again. Now, it was truly a level nine immortal formation.

The instant the formation closed, Mo Yue Immortal Sect's force became grand. It was the grand force and look of an emperor sect.

Ji Lei immortal emperor stood at the top of a peak and looked at the closed formation and exclaimed. He felt his choice was completely correct. Sect leader Ye was a legend in the immortal realm. His age wasn't big but his cultivation level, formation skills and pill concoction skills were all at the peak of the entire immortal realm. He was certain that no one else in the immortal realm could set up this formation.

This formation was set up to defend against the gang up of immortal emperors. With such formation, even if Mo Yue Immortal Sect had no immortal emperors, so what? This was the true force of an emperor sect.

...

Wen Ju Heaven Ruo Feng hill. This was the place Ye Mo ascended to. After Ye Mo had set up Mo Yue Immortal Sect formation, he came to here.

He was extremely worried about Luo Yue continent people unable to ascend. The only thing he could think of was the place he ascended. It was impossible to find a way into the cultivation realm from the immortal ascension palace. The only possibility was to find a weak space and tried to tear it.

Usually, the weak places were where cultivators ascended to. He ascended abnormally so that spot must be the weakest.

Ye Mo knew that even if he found where he ascended to, it wouldn't be easy to tear open the space there.

Although there would be small space tears when two top immortal emperors fought but one couldn't enter those. Those small cracks would disappear in an instant.

The space of immortal realms were extremely stable. Even immortal emperors wouldn't be able to tear it casually.

Plus, even if you tore it open so what. The space you tore open was connected to a place you didn't know at all.

The Ruo Feng hill was where he ascended to. If he tore open that place, there should be a broken world. The broken world had five pillars. He had the divine damnation there and ascended to the immortal realm.

If he just tore here, he would be able to go back to that tattered world. Ye Mo believed that he wasn't able to spirit control the world at the time nor tear it open because he was truth realisation state.

With his immortal emperor power, he might be able to go back to the Heartless Sea through there.

Ruo Feng hill was still the same as before. There were half hard half weak soil everywhere.

Ye Mo found the place where he ascended and started setting up formation flags. Three days later, he completely locked this space fearing that he would create too much commotion tearing open the space causing other places in Wu Ju heaven to collapse.

After getting ready, Ye Mo used all his immortal essence and grabbed at the void. Ye Mo felt a subtle barrier but then he let go in disappointment.

With his current cultivation level, he could feel the barrier but he was far from being able to tear it open.

“Rumble...” The tear opened up and an extremely terrifying power came smashing onto Ye Mo’s chest from the dark void.

Crack. Ye Mo’s ribs were torn open and he spat many mouthfuls of blood in the air and twisted in the air.

Then, another extremely terrifying suction power came wanting to take Ye Mo into that space crevice.

Ye Mo was very shocked. He wanted to use this place to get into that broken world but now he knew he definitely can’t go in.

The space here was this terrifying. If he went in, he would never be able to come out. Tearing the place open was already hard enough, it would be even hard to come back out. It seemed his power was still too weak.

Ye Mo retreated like crazy but that void suction seemed to be getting bigger and bigger. Ye Mo used all his immortal essence to force himself to stop.

“Rumble...” The space Ye Mo hacked open finally closed and the suction disappeared. Ye Mo fell from the sky and couldn’t move from the ground.

The powerful immortal essence backlash made Ye Mo spit more blood. He had never been this seriously injured when he fought with other people.

Ye Mo quickly ate a blue spirit essence pill. He was scared. If the void didn't close itself he would be sucked in.

His wounds slowly closed. Ye Mo rejoiced that he didn't use the Golden Bow of Immortal Extermination arrow to tear the space here. If the arrow was taken away by space how could he find it. It seemed he would have to wait for Kai Mi to come back to ask how Lu Zhengqun went into the cultivation realm.

Just when Ye Mo wanted to put away the formation flag, two figures landed next to him. It was a man and woman. The man was great unity immortal while the female immortal was abstruse immortal tertiary stage.

"Hmm, it's you?" The female immortal said in surprise.

Ye Mo got up slowly. He didn't expect to meet someone familiar here. This female immortal was the Ge Yan goddess he saw at the city gates of Bi Yi immortal city. This place wasn't far from Bi Yi immortal city. She always went there so it was no wonder she was here.

"Martial sister Ge Yan you know this person?" The male immortal asked in confusion.

Ge Yan nodded "Yes, I saw him at the city gates of Bi Yi immortal city. I didn't expect he is still here and this seriously injured."

Ye Mo could tell from her words that he exposed the corner soul weed and people were searching for him but he fled. That's why she was surprised to see him here.

Chapter 1972: Where there is people, there is society

Ge Yan goddess gave Ye Mo a pill "This is a recovery pill eat it. If you go trial, it's best you find a few people and team up. It's dangerous to be outside alone."

Ge Yan goddess was thinking about asking Ye Mo about the corner soul weed.

Ye Mo waved his hand “Thank you Ge Yan goddess, I still owe you five top grade immortal crystals. How can I take your immortal pills. Thanks, I’ll be leaving now.”

Five top grade immortal crystals was a huge fortune to Ye Mo before but he knew that she wouldn’t even consider it as anything so he didn’t bother repaying her back.

“Wait...” Ge Yan quickly stopped Ye Mo.

Ye Mo stopped and looked at Ge Yan in confusion “You have other things?”

Ge Yan goddess said “Actually I want to ask, were you the one who took out corner soul weed in the Bi Yi immortal city?”

Ye Mo realised, so this was it. He didn’t need to hide it now so he admitted “That’s right, I took out those two corner soul weed.”

Suddenly, Ye Mo thought of Yan Hongzhong. This was quite a nice guy. He didn’t know him that well but he was a good person. Since he came to Biyi immortal city, he would go visit him if he could.

Ge Yan’s tone was a bit shaky “Ye Mo, can you tell me how you got your corner soul weed?”

“In the cultivation realm, I went to a corner and saw some corner soul weed so I took them. Later I realised these things were good and could repair spirit sense and soul.” Ye Mo knew that even if he went to the sea corner he might not be able to find it.

Ge Yan’s eyes dimmed. The man next to her also seemed to feel down.

It was impossible to go to the cultivation realm if one didn’t have top god art or know of unique tunnels.

But Ge Yan soon asked Ye Mo in excitement “Ye Mo, do you still have corner soul weed?”

Ye Mo took out two clear weeds to Ge Yan and said “I still have two here. You can have it, thanks for giving me five immortal crystals before.”

“Huh...” Ge Yan goddess really didn’t expect she got two corner soul weed so easily. She took it excitedly “Thank you, thank you Ye Mo. This is very precious, I can’t take it for free, tell me how many immortal crystals.”

Ye Mo laughed “I don’t need to rely on these two corner soul weed to get rich, good bye.”

Then, no matter how much Ge Yan called him he didn’t stop and left.

“Martial sister Ge Yan this person is quite good. He can still remember today about the five immortal crystals.” That great unity immortal looked at Ye Mo’s figure and said.

Ge Yan goddess nodded “Yes, he can remember the five immortal crystals meaning that he’s a very grateful person... Oh, how can I let him go. Father is still looking for him. Plus, if he goes to Biyi immortal city now, then he would be over if people knew he was the one with corner soul weed.”

Thinking about this, Ge Yan immediately chased over. She wanted to take Ye Mo to see her father and warn Ye Mo to leave Bi Yi immortal city. But she chased for a long time and still didn’t find any tracks of Ye Mo. She stood in confusion “It’s only been this long, how could he leave my spirit sense range? I. I need to tell my father that Ye Mo is near the city.”

The great unity immortal man said “Martial sister Ge Yan, do you think uncle would force Ye Mo to tell him where the corner soul weed came?”

“Why force? Ye Mo said the corner soul weed came from cultivation realm. There’s no point in forcing him.” Ge Yan looked at the great unity immortal in confusion.

The great unity immortal smiled “That’s right, how can uncle care about someone who just flew up a hundred years or two.”

...

Ye Mo was heavily injured but he had immortal pill that even divine emperors might not have. He put a few pills in his mouth and his wounds recovered rapidly.

Ye Mo found a quiet place and just wanted to change clothes when a figure stumbled into him.

This person was covered in blood and seemed more injured than Ye Mo.

“Feng Chunmo?” Ye Mo didn’t expect this person to be her. Feng Chunmo didn’t seem as young and pretty as before. Instead, she was dark and skinny. Her hair crest had changed to wife style.

“You’re pill master Ye? Pill master Ye how are you here?” Feng Chunmo stopped and looked at Ye Mo in shock.

Ye Mo knew that Feng Chunmo would probably leave Extreme Sword Sect after getting the great unity pills from him.

“I was passing by here, I didn’t expect you to be here too. What a coincidence.” Ye Mo smiled. Feng Chunmo was still great unity immortal primary stage now. After she used his great unity pills and left the sect, she didn’t progress at all.

Feng Chunmo breathed and took out an ordinary recovery pill to Ye Mo “Hurry up and eat this? This is close to Bi Yi immortal city, are you planning to go there?”

Ye Mo pushed her pills back and gave her a pill instead “You know I’m an immortal pill master, how can I not have pills? Use my pill, your wounds will go.”

Feng Chunmo shook her hand “Thank you but my sea of consciousness is injured. It wouldn’t be recovered this easily. Sigh...”

“Just eat it and you will know.” Ye Mo could long tell that Feng Chunmo’s sea of consciousness was injured.

Seeing Ye Mo being persistent, Feng Chunmo could only take it and eat the pill. She trusted Ye Mo. She was willing to give her virginity to Ye Mo for the great unity pills but Ye Mo rejected without hesitation.

In just ten seconds she looked at Ye Mo with shock “Pill master Ye, what immortal pills are these? It can even repair my sea of consciousness?”

Ye Mo said calmly “I already told you I’m an immortal pill master. if I can’t even cure these injuries, what immortal pill master would I be?”

“It seems your pill concoction skills have improved. You’re probably level five immortal pill great master now right?” Feng Chunmo said in surprise and joy.

Ye Mo nodded “That’s right, I can concoct level five immortal pill. How did you get in this state? After I left Extreme Sword sect I heard it was annihilated. Did you leave at that time?”

Feng Chunmo breathed easy and bowed to Ye Mo “Pill master Ye, thank you for saving me. You should eat some pills too. I’ll tell you once you recover, it’s a long story.”

“My wounds are pretty much healed. I need to change clothes. You should too.” Ye Mo set up a restriction and cleansed himself before changing clothes.

Feng Chunmo looked at the restriction Ye Mo set up so casually and realised that this pill master Ye was a restriction master.

She hid on the side and cleansed herself before changing into blue robes.

Although her tired look was still there she finally looked a bit more like great unity immortal now.

“Where are you going?” Ye Mo sighed.

Feng Chunmo reached great unity immortal and should be looking prettier and younger than before. However, her skin was dry. Clearly, she didn't have much time to cultivate and spent most of time fighting and burning her immortal essence and essence blood.

Feng Chunmo's eyes were dim "I don't know where I should go. For my family, I asked you to concoct a few bottles of great unity pills. I just wanted to bring my family back to glory and help my brother get revenge. Later on, I realised how naïve I was. They took my great unity pills and introduced a dao partner to me. When my husband was killed I realised that the one who killed me brother was the one I was helping.

After these years, I finally killed the enemy and got my brother revenge but I've been hunted by them ever since. I've fled for decades and I don't know where I should go now nor what I should do?"

Ye Mo was speechless.

Chapter 1973: I want to see

"If you have nowhere to go, then come with me." Ye Mo sighed.

Ye Mo guessed a bit why Feng Chunmo didn't go to extreme sword sect. She probably left the sect before it was annihilated. Now, she didn't have the face to go back.

"Thank you pill master Ye." Feng Chunmo thanked and hesitated before saying "Pill master Ye, do you know if the Extreme Sword Sect is okay now?"

Ye Mo answered "You don't need to worry about them. They have two immortal kings now. They're a famous sect even in all of low heaven domains."

"Then I'm rest assured." Feng Chunmo sighed and her tone grew more despondent "I wonder if Nianmei and sister Bingyu are okay."

Ye Mo couldn't answer this. He knew some things about Zhen Bingyu but nothing about Qin Nianmei.

"Let's go to Biyi Immortal city first. I happen to come past here and want to see someone I know." Ye Mo said.

Feng Chunmo woke up and quickly handed a mask to Ye Mo "I must wear this in the immortal city, there are people hunting me."

Ye Mo wanted to say would dare to hunt him but then he remembered that he was going to the city to find news about Yan Hongzong. He would have to ask that merchant tower. If he used his original face, the worker there might recognize him to be the one who has corner soul weed.

Ye Mo wasn't afraid of trouble but he didn't want it.

Thinking about this, Ye Mo put the mask on and said "Let's go, I'll ask at Bi Yi immortal city. If there's no news then we'll go back."

...

Ye Mo followed Feng Chunmo into the merchant tower where he gave Yan Hongzhong the corner soul weed but found that it was no longer the same worker there.

Ye Mo was a little disappointed but he still went over and saluted with his fists "Immortal friend, I want to ask if you know about Yan Hongzhong."

"Yan Hongzhong?" The worker studied Ye Mo and shook his head "No, I've never heard of such person."

Ye Mo scanned his spirit sense in the city and didn't see Yan Hongzhong.

"Since he isn't here and no one knows him let's go." Ye Mo said and left.

As soon as he came to the door, he saw Ge Yan goddess and that great unity immortal man. There was another great extreme immortal behind them. Ye Mo had seen this great extreme immortal. When he first entered the city, the great extreme immortal was behind Ge Yan. After all these years, he was still following Ge Yan goddess. However, Ge Yan goddess was already great unity immortal but the great extreme immortal was still great extreme immortal.

Ye Mo's mask was given by Yan Hongzhong. How good quality can her mask be? Plus, Ye Mo didn't even change his hair nor eyes nor shoes. Ge Yan goddess saw Ye Mo not long ago and recognized Ye Mo immediately. She quickly stopped Ye Mo "Ye Mo, I didn't expect you to come to the city this quick. I wanted to thank you."

Ye Mo smiled and pulled off Yan Hongzhong's mask saying "Take off the mask, this thing really isn't comfortable."

"Okay." Yan Hongzhong took off her mask too and stared at the two with alert.

"No need to thank me, I need to go now." Ye Mo said and walked off.

The great extreme immortal guard was clearly much harder to talk than the great unity immortal next to Ge Yan. Seeing Ye Mo dare to leave so casually, he immediately stopped before Ye Mo "Wait, do you not see Ge Yan goddess asking you question? Ge Yan goddess helped you pay the immortal crystals to enter the city, how did you forget immediately?"

Ye Mo's face sunk and said coldly "Piss off."

The great extreme immortal's face changed. He didn't expect a guy who only ascended to the immortal realm for 200 years dares to tell him to piss off. His killing intent soared and his hand reached out.

Ge Yan goddess quickly stopped the great extreme immortal "Mu Zhi stop. Ye Mo has helped me how can you be like that? Stand on the side first."

"Yes." The great extreme immortal didn't dare to disobey.

Ge Yan said to Ye Mo apologetically “Ye Mo, sorry my guard is a bit rude. I’ll apologise to you. There was a Wen Feng wine before the tournament at the Bi Yi immortal city. Why didn’t you drink the drop? Did you not like it?”

Ye Mo said plainly “Indeed, I feel it’s not so good so I didn’t have the mood to drink it.”

Ye Mo was actually being honest.

Ge Yan didn’t expect this answer and was dazed but Ye Mo couldn’t be bothered talking to her. He signaled Yan Hongzhong and walked off.

The great unity immortal man looked at Ye Mo and thought for a moment before calling the worker out “What did that masked man do here?”

The golden immortal worker clearly knew who this great unity immortal was and quickly bowed “young master Rui, that person came in to ask who Yan Hongzhong was.”

Hearing this, Ge Yan quickly said to Ye Mo “immortal friend Ye, I know who that Yan Hongzhong is and I know his location.”

Ye Mo was just grateful for Yan Hongzhong helping him. this time, he wanted to thank him.

Hearing this, he immediately stopped.

“Haha, where is immortal friend Ye Mo?” A loud laughter sounded and a middle aged man landed before Ye Mo.

“I’m Ye Mo, what do you need?” Ye Mo looked at this man in confusion. This person was great eternity immortal peak stage.

The middle aged man saluted with his fists “I’m Wen Ju heaven lord Ge Baiwen. I heard you’re friends with my daughter so I came to invite immortal friend Ye to come to my estate.”

Ye Mo’s face sunk and he frowned. This Ge Yan goddess was really rude. She only gave him five immortal crystals but he gave her two corner soul weeds.

And he told her the corner soul weed was from the cultivation realm but she was still not satisfied and actually called her father over. A heaven lord came to him clearly for the corner soul weed.

“No need for the invitation, I’m still busy.” Ye Mo said plainly and looked at Ge Yan goddess “Ge Yan goddess, if you know where Yan Hongzhong is, tell me. If not I’m leaving.”

“Is the Yan Hongzhong you’re talking, Yan Shaoyuan’s son? If it is him then his father is in some trouble.” Ge Baiwen said.

Ge Yan goddess immediately said “Yes father, Yan Hongzhong is Yan Shaoyuan uncle’s son.”

“Immortal friend Ye, I don’t know if you’re Yan Hongzhong’s friend or not but his father is indeed in some trouble. If you’re Yan Hongzhong’s friend then come to the city lord estate and we’ll discuss it. I’m trying hard to help too sigh.” Ge Baiwen sighed. The worry in his tone was clear.

Ye Mo sneered. He needed to find Yan Hongzhong and his father was immediately in trouble. He just hoped Yan Hongzhong was being honest, otherwise, he would be cruel. He glanced at Ge Baiwen and said “in that case please lead the way. I want to see what big trouble it is.”

Ge Baiwen’s worry couldn’t be more fake. Ye Mo didn’t like this guy at all.

Hearing Ye Mo’s rude tone, a great eternity immortal primary stage guard behind Ge Baiwen’s face sunk immediately.

Chapter 1974: Fourth Golden Bone Arrow

Ge Baiwen quickly signaled to Ge Yan hoping for her to stop Ye Mo. From his perspective, Ye Mo could give another two corner soul weed to his daughter because he secretly liked his daughter. It was day dreaming for someone like Ye Mo to want his daughter but he could use this now to make Ye Mo hand over corner soul weed or its origin.

Ge Yan didn't know what her father truly meant and just thought her father thought she was closer to Ye Mo.

Just when she was going to call Ye Mo, a scornful voice sounded, "Bullshit, what trouble? It's just some immortal crystals compensation? With Yan Shaoyuan's status in the Hong Xian merchant association, could he not afford that immortal crystals?"

"Rajiu, 5 billion top grade immortal crystals is not little." Ge Baiwen's face was bad. If it wasn't that this person's cultivation level was on par with him, he would teach this person a lesson immediately. After he was done with Ye Mo he would still teach this guy a lesson.

At first Ye Mo thought Ge Baiwen was really tricking him but after hearing it was 5 billion immortal crystals, Ye Mo knew it wasn't bullshit. Even in the grand heaven domain, people would need certain status to have 5 billion immortal crystals. Ordinary people wouldn't be able to have this many immortal crystals.

Even though Yan Shaoyuan had equity in Hong Xian merchant association, he probably wouldn't be able to afford it.

Ye Mo looked at this tattered Rao Jiu and asked "What exactly is it, do you know?"

Rao Jiu looked at Ye Mo in contempt, "If I don't know would I be talking? Give me 100k immortal crystals. I'll take you to Yan Shaoyuan's place. it's because Yan Shaoyuan auctioned a golden bone arrow, this bone arrow..."

Ye Mo was extremely shocked, he threw a storage ring to Rao Jiu and said "Don't waste time, this is 100k immortal crystals, lead the way."

“Huh...” Rao Jiu was just asking for an insane price but Ye Mo didn’t even argue. His spirit sense scanned inside, it was 100k indeed.

This was definitely a wealthy person. Rao Jiu said excitedly “Young master please follow me, I will take you to Yan Shaoyuan’s place.”

Rao Jiu knew that he asked a bit too late.

Ye Mo signaled Feng Chunmo to come.

“Immortal friend Ye, wait. Yan Shaoyuan’s is my friend. Come to the city lord estate first, I’ll invite Yan Shaoyuan over...” Ge Baiwen quickly called behind.

Ye Mo didn’t have the time to talk to Ge Baiwen and just urged Rao Jiu to hurry up.

Ge Baiwen saw that Ye Mo ignored him but he couldn’t capture Ye Mo on the streets so he could only call out, “Ye Mo, my daughter thinks you’re not bad. I think you’re a good person too. if you’re willing, you can be my disciple and cultivate with my daughter.”

Ge Yan and the great unity immortal man looked dazily at Ge Baiwen.

“Father, I...”

Just when Ge Yan wanted to say something, she heard Ye Mo’s voice “Thank you for your good will heaven lord Ge. I like being free, I don’t deserve your daughter.”

Ge Yan was immediately annoyed hearing this. whether or not she wanted to was her decision, what right did Ye Mo have to say this? She had been nice to Ye Mo but it didn’t mean she treated Ye Mo as an equal.

Ye Mo was an solo cultivator and only ascended to the immortal realm for 200 years, what right did he have to not want her?

Seeing Ye Mo disappear from sight, Ge Baiwen's face sunk. He said to that guard "Wait at the city gates."

Ge Yan didn't like Ye Mo's tone but her father was clearly going to take Ye Mo away by force. She was a bit worried. She was prideful but she wasn't as evil as her dad. She felt Ye Mo was a good person but despite knowing her dad was going to take Ye Mo, she didn't dare to say anything.

...

As soon as Ye Mo came to Yan Shaoyuan's estate, he knew why he was in trouble. His estate was covered by formation and restriction. There were two great eternity immortal primary stages watching closely. There was no way Yan Shaoyuan could come out under such situation. Ge Baiwen was bullshitting saying that he could invite Yan Shaoyuan out.

Ye Mo's spirit sense scanned in. A well dressed chubby great eternity immortal tertiary stage sat in the hall with a bitter face.

Before him was a kettle of Wen Feng wine. There was no one around but two maids standing there.

Looking at this chubby man, Ye Mo knew it was Yan Shaoyuan. He looked a bit like Yan Hongzhong.

"Okay you have no business here. You can go." Ye Mo said to Rao Jiu.

Rao Jiu smiled "Young master, I'll wait for you here. When you're ready to go, I'll take you back. Don't worry, I won't raise the price. It'll be the same."

Ye Mo knew this guy was after his immortal crystals. His face went cold and killing intent surged out. An invisible sword ray sliced off Rao Jiu's leg.

“Piss off, if you dare to say one more word you’ll never need to leave.” Ye Mo said and then took Feng Chunmo into the cultivation home. These restrictions seemed useless to him.

Finally, Rao Jiu’s leg started to bleed. He looked at Ye Mo’s figure with a pale face and his hands were shaky. After a long while, he picked up his broken leg and said shakily “Yes, qian bei, wan bei will leave immediately...”

How could he not know now that Ye Mo was someone he couldn’t mess with. He could easily bind him and slice off his leg. Ye Mo’s power was unbelievable. He was lucky to even be alive after messing with such person.

Feng Chunmo followed Ye Mo dazily into the cultivation home and asked in shock “Pill master Ye, are you status immortal already?”

“I’ll tell you this when I get back. I have important things to do now. It’s very important to me.” Ye Mo said important twice. The golden bone arrow was too important to him.

For something like the Golden Bow of Immortal Extermination, four arrows would be many times stronger than three arrows.

When he fought with Zhi Zong immortal emperor, if all three of his arrows were real, he would have to await death. He wouldn’t even be able to genter the golden page world.

...

Yan Shaoyuan sat there with a bitter face. He couldn’t afford the 5 billion immortal crystals. Plus, that bastard knew he had a Yi King pill and wanted it too.

Yan Shaoyuan saw Ye Mo and Feng Chunmo enter. He immediately got up. Ye Mo greeted first “Immortal friend Yan, Ye Mo came to disturb you.”

“Ye Mo? Are you sent over by the Hong Xian merchant association?” Yan Shaoyuan looked at Ye Mo in confusion.

Ye Mo laughed “I’m friends with Yan Hongzhong. I came past Bi Yi immortal city and came to see him but I heard he wasn’t in the city so I came to your estate to visit you. This is my friend Feng Chunmo.”

Yan Shaoyuan immediately shook and got up and reproached “Just what do you want? I’m willing to give it to you. I can gather more immortal crystals. Don’t do anything to my son. Hongzhong doesn’t have anything on him. I’ve said he isn’t in the city.”

Ye Mo quickly said “Don’t misunderstand immortal friend Yan. I’m really Yan Hongzhong’s friend. When I first ascended, I passed Bi Yi immortal city and didn’t have any immortal crystals. I couldn’t buy anything. Yan Hongzhong was a good person and bought a flying cultivation artefact of mine and later on I gave him two corner soul weed. I don’t know if he mentioned this to you.”

“He did, so it’s you.” Yan Shaoyuan realised. He looked at Feng Chunmo and believed this. Feng Chunmo was only great unity immortal primary stage. Ye Mo hid his power but he wouldn’t be any higher.

Ye Mo knew that Yan Shaoyuan was still suspicious of his identity so he grabbed out some corner soul weed and put them on the table “Look at these and you’ll know I’m not lying.”

Chapter 1975: Hong Xian merchant association

“It really is you, then why don’t you hurry up and leave? Do you know the consequence of exposing your corner soul weed? There are countless people in the Bi Yi immortal city who wants to kill you. When you left the city there were people hunting you. Hurry up and leave.” Yan Shaoyuan said worriedly.

Ye Mo put the corner soul weed away and patted Yan Shaoyuan’s shoulder “Since I dare to come, I wouldn’t be scare of some clowns.”

Yan Shaoyuan and Yan Hongzhong were similar. They were really nice.

Seeing Ye Mo act so casual, Yan Shaoyuan sighed. He asked “Did the two guards ask a lot of questions when you came in? Never mind, even if you want to leave, you probably can’t now. I’m probably set up by someone.”

Ye Mo laughed. This guy wasn’t hopeless since he could realised he was set up. The father and son weren’t calculative people so it was normal they were set up.

“When I came in the guards didn’t ask anything because the restrictions around your estate is like nothing to me.” Ye Mo smiled.

Yan Shaoyuan’s eyes let up, “Is immortal friend Ye a formation grand master?”

Ye Mo nodded.

“Immortal friend Ye, if you can leave from this formation secretly why don’t we escape first.” Yan Shaoyuan suggested.

Ye Mo was lost for words. Did he need to run?

“Don’t worry immortal friend Yan, just tell me what happened and let’s see if there’s a resolution.” Ye Mo sat down and signaled Feng Chunmo to sat down.

Yan Shaoyuan laughed awkwardly knowing his idea wasn’t great. He sat down and poured them a cup of Wen Feng wine each and sighed “I’ve always been cultivating in the city and I have my own store. I can at least let the people around me cultivate. However, after I got a Yi King pill once, I felt things weren’t right.”

...

Yan Shaoyuan spoke for 15 minutes and Ye Mo finally understood what was going on. Yan Shaoyuan got lucky and got a Yi King pill once and not long after that, the Hong Xian merchant association was interested in him.

They invited Yan Shaoyuan to join the merchant association and combine his shop into it. He would then get equity in the merchant association and be a manager in the merchant association.

Yan Shaoyuan's store was good but it couldn't buy the top level immortal pills. After considering carefully he accepted the invitation and joined them.

A few years later, Yan Shaoyuan found that his decision was right. His income was tens of times greater than before and in just a few decades he had nearly 500 million immortal crystals. He could use better pills for cultivation. He had only collected 2 billion immortal crystals after countless years. If this went on, he would soon be able to save 10 billion immortal crystals and go into solitary cultivation to break through to immortal king.

However, a few months ago, a mysterious customer came to Hong Xian merchant association. He knew that the city was going to have a big auction so he wanted to auction a bone arrow.

The arrow was completely golden and dense restrictions. Spirit sense couldn't scan through it at all. An immortal king of the merchant association and a few great eternity immortals confirmed that the arrow was worth at least 7 billion immortal crystals. Yan Shaoyuan was one of the people who verified it.

This bone arrow became the final auction item. Eventually, Yan Shaoyuan sealed the bone arrow in a jade box and placed it in the stores. However, that mysterious customer suddenly said that he didn't want to sell it anymore the next day and was willing to pay the fine.

Although it was a loss for the merchant association to not sell it, they could only return the bone arrow.

It was Yan Shaoyuan who put the bone arrow in the storage so it was he who went to take it out. However, when Yan Shaoyuan went to pick up the jade box, it was empty. Yan Shaoyuan was the prime suspect and before the bone arrow was found, he was locked up in his home.

"Would someone have stolen the bone arrow after you put it in and blame it on you?" Feng Chunmo could tell Yan Shaoyuan didn't seem to be someone to steal it.

Yan Shaoyuan grabbed his hair and said "I knew the bone arrow was stolen but the storage needed five jade cards at the same time to activate. Otherwise, even an immortal emperor wouldn't be able to open

it. if it was forced open, there would be alarms. I have one jade card on me so no one should be able to go in.”

Yan Shaoyuan sighed “Of course I know I was set up now. The merchant association had been in the city for 10,000 years. Their reputation has been very good so I didn’t believe this at first. Even though I know they’re setting me up there’s no way for me to get justice. I just want to compensate them and leave. however, I owe 2 billion immortal crystals.”

It wasn’t important to Ye Mo if Yan Shaoyuan was set up or not. What was important was that he get this golden arrow. He was certain from Yan Shaoyuan’s description that it was the bone arrow he was after. If it was the real one then even 70 billion wouldn’t be enough to buy it.

Ye Mo patted Yan Shaoyuan’s shoulder “Take me to see the people who verified the arrow and the seller.”

Yan Shaoyuan waved his hand quickly “No, I can’t leave. If I’m caught leaving I would be hunted immediately.”

Ye Mo laughed and a powerful force rose. Yan Shaoyuan just felt he was instantly bound and couldn’t even move a finger.

Yan Shaoyuan’s face was pale. He was shook by Ye Mo’s terrifying cultivation level.

After ten seconds later, Ye Mo released his domain and said “immortal friend Yan, do you think I have the right to talk to them?”

Yan Shaoyuan wiped the sweat from his forehead and said with a daze “So you’re already immortal king. I was so rude before but we can only talk nicely with them and not fight.”

Ye Mo laughed. Immortal king? Can an immortal king easily bind a great eternity immortal tertiary stage till the degree that he can’t move at all? He didn’t rebuke and just said “I know, I have some immortal crystals. If it’s not enough I’ll pay for you.”

“Thank you Ye qian bei, I will definitely pay your immortal crystals back.” Yan Shaoyuan bowed.

“Just call me Ye Mo.”

Feng Chunmo looked dazily at Ye Mo. She guessed that Ye Mo was status immortal but now it was proven he was. she was still shocked. After all, when she first saw Ye Mo he was only a golden immortal.

...

Seeing Ye Mo easily take him out of his home without startling the guards, Yan Shaoyuan wanted to reach immortal king even more. Immortal king was this powerful. It was a completely different level to great eternity immortal.

The Hong Xian merchant association looked more grand than even the city lord estate.

“The association leader and a few managers are all at the third level. I still have three days to gather immortal crystals. The seller of the golden arrow should still be in the merchant association too.” Yan Shaoyuan said.

Ye Mo’s spirit sense had already penetrated the barrier formation and scanned the entire place.

“I see it, let’s go out.” Ye Mo then walked in the tower first.

Yan Shaoyuan was planning to explain to the guards but then he saw that the guards dind’t seem to see them at all.

...

At this moment, there were five immortals in the level three discussion hall. Two of them were immortal king.

“The Yi King pill is less important. The main thing is Yan Shaoyuan’s blood. We can reduce his compensation and make him willingly give us his essence blood to open the restriction. If the Yi King pill can allow Yan Shaoyuan to reach immortal king, I would rather wait till he is immortal king before going.” A purple robed immortal king said.

Chapter 1976: I’m Not Going

Hearing this, Ye Mo realised that this was indeed so. If a merchant association was going to set up a great eternity immortal using decades of time for just a Yi King pill and a few bill immortal crystals, this merchant association would be too shitty.

Just when another immortal king was going to talk, he suddenly stopped as the restriction outside the meeting hall sounded.

They had already ordered before that without important things no one was allowed to casually enter here. Who dared to come now.

The immortal king opened the restriction and found that it was Yan Shaoyuan standing at the door. He immediately asked in surprise “Manager Yan, how is it you? How...”

Ye Mo knew that Yan Shaoyuan couldn’t handle this situation so he answered “Because manager Yan wants to leave Bi Yi city so he came to the merchant association to see if he could compensate less immortal crystals. He can’t pay up that much in one time.”

“Who are you?” The immortal king asked Ye Mo.

Ye Mo quickly said “I’m Yan Hongzhong’s friend. I came here to see if he’s back and encountered this. If it wasn’t that I didn’t have enough immortal crystals, I would want to help.”

The two immortal kings in the hall glanced at each other. The purple robed immortal king smiled "In that case please sit. By the way manager Yan. I heard the seller sent two guards outside your estate to guard. They didn't trouble you when you can out right?"

No matter how dumb Yan Shaoyuan was he knew what to say now and quickly answered "No, when immortal friend Ye and Feng came to my estate there was no one. We spent a long time opening that restriction."

"Yea, luckily I know a bit about restriction so I barely opened it. And then we hurried here." Ye Mo smiled.

Just when this immortal king also wanted to ask how Yan Shaoyuan could enter here without people stopping him, he realised that asking this would clearly mean that they were setting Yan Shaoyuan up.

Ye Mo was a bit disappointed. Other immortal emperors may not be able to see through storage ring with restriction but it didn't mean he couldn't.

His spirit sense blades broke through the restriction of their storage ring and checked inside. There was no golden bone arrow.

"Immortal friend Ye, let me introduce. This is my Hong Xian merchant association's association leader Zheng Yang immortal king You Yingzong." Yan Shaoyuan pointed at the purple robed immortal king.

The other immortal king stood up "I'm Gan Lihui, the person responsible for this auction. Due to this incident occurring I can't leave here. Manager Yan said he didn't have enough immortal crystals but I'm very troubled by this too. After all it's not up to the merchant association but the seller."

Ye Mo grasped this opportunity and said "That's easy, invite the seller over to discuss this. Just then I suggested to Yan Shaoyuan to leave but he said he had been in the merchant association for all these years and couldn't just leave."

Hearing this, a sliver of shock flashed across the eyes of the two immortal kings. They were even a little scared. What would they do if Yan Shaoyuan really got away.

“The seller is here.” Zheng Yang immortal king suddenly smiled and got up.

As soon as he finished speaking, another grey robed man came in. His face was expressionless but Ye Mo could immediately tell he was an immortal monarch primary stage.

Yan Shaoyuan got up and greeted this seller while asking politely if he could compensate less immortal crystals. He really just wanted to pay the immortal crystals and leave despite knowing that he was scammed.

Ye Mo’s spirit sense blades pierced this immortal monarch’s storage ring and Ye Mo immediately rejoiced. He found a golden bone arrow. After checking with his spirit sense, he immediately knew this was what he wanted.

Just when Ye Mo wanted to go up he heard this immortal monarch say coldly “5.6 billion immortal crystals and an Yi King pill, not one corner less.”

Ye Mo stopped Yan Shaoyuan from talking and walked up to the immortal monarch reaching out his hand “I haven’t asked for your name.”

The immortal monarch sneered and didn’t even look at Ye Mo’s hand.

There was this greeting in the immortal realm which was the hand greeting. If two people wanted to be friends the first time they saw each other, they would do this. Even if one side didn’t want to be friends, they would do something to show respect.

How the immortal monarch completely ignored Ye Mo was extremely insulting.

However, Ye Mo still smiled and reached his hand again. When the seller ignored him again, Ye Mo took his hand back awkwardly.

Even the two immortal king and great eternity immortals of Hong Xian merchant association pitied Ye Mo. Only Ye Mo was extremely happy. He didn’t care about this at all. During the time he reached his hand, he already broke into the storage ring and took the golden bone arrow into his golden page world.

"If I didn't hear that you had an Yi King pill, I wouldn't even agree to 15.6 billion. That golden bone arrow had been verified by immortal emperor qian bei. It's an ancient god arrow, how can it be bought with immortal crystals." The seller said.

Ye Mo looked at Yan Shaoyuan and said "Immortal friend Yan, how much immortal crystals do you have? Give me your immortal crystals and Yi King pill, I'll help you deal."

Yan Shaoyuan didn't think much and took out a storage ring to Ye Mo "This is the immortal crystals and Yi King pill I have gathered."

Ye Mo scanned inside and only found 3.2 billion plus a middle grade Yi King pill. Ye Mo threw another 2.4 billion in and removed the restriction. "There's 5.6 billion immortal crystals here and another Yi King pill. Everyone have a look, if there's no problem I'm going to compensate the seller."

Ye Mo's words immediately made everyone here stand up. They knew Yan Shaoyuan didn't have 5.6 billion immortal crystals. That's why they set that number.

As long as Yan Shaoyuan paid the compensation, they wouldn't be able to get Yan Shaoyuan to willingly give up his essence blood to help break the formation.

Their spirit sense scanned the storage ring, there really was 5.6 billion immortal crystals and the Yi King pill was real.

"Immortal friend what do you think?" The association leader saluted with his fists and asked the seller.

The seller took the storage ring and checked. His face immediately sunk "In that case, this will do."

Then he took the storage ring and was going to go.

Ye Mo stopped him again and reached out his hand "Thank you for your magnanimity."

The immortal monarch sneered and walked out without even looking at Ye Mo.

Ye Mo laughed. He took back the storage ring he just gave out. Then he said to Yan Shaoyuan “Manager Yan, there’s no more business here. Why don’t we go first?”

He knew he would see the immortal monarch later but it was better to put the things on him.

Yan Shaoyuan reacted and quickly bowed to Ye Mo “Thank you immortal friend Ye, if it wasn’t for you I would be over.”

“It’s a small thing, no problem.” Ye Mo waved his hand and walked to the door. He was certain the Hong Xian merchant association people would stop them.

As soon as they reached the door, the association leader laughed “The merchant association is so guilty that we weren’t able to help manager Yan with this.”

“It’s the past no need to bring it up.” Yan Shaoyuan waved his hand clearly really disappointed in the merchant association.

The other immortal king laughed “Manager Yan we weren’t able to help with this indeed but manager Yan helped us solve a big problem. In order to thank you, we’re planning to let you join our team to open up an ancient immortal residence.”

“What immortal residence?” Yan Shaoyuan looked at Gan Lihui and asked.

Zheng Yang immortal king quickly came over and said “It’s like this. We found an ancient immortal residence. If it wasn’t for manager Yan’s incident we would’ve already went. Now that this is resolved, we have decided to share this with manager Yan.”

“I’m not going.” Yan Shaoyuan said without hesitation.

Chapter 1977: Five element world

Ye Mo didn't care if Yan Shaoyuan went to that ancient immortal residence or not. Even if it was an immortal monarch immortal residence, it would only be so so.

Hearing Yan Shaoyuan not wanting to go, Zheng Yang immortal king was desperate "Manager Yan, this ancient immortal residence isn't far. It's at Ruo Feng hill. We've been there once. It seems to be related to five element divine emperor."

Ye Mo was confused when he heard Ruo Feng hill. The immortal spirit chi there was very arid, how could there be an ancient immortal residence?

Ye Mo had heard of five element divine emperor and asked Kai Mi about him. Five element divine emperor used five element world to vindicate dao. He had a world between chaos world and truth spirit world called five element world.

It was much higher level than truth spirit world. If the five elements were complete, then it was a weaker version of chaos world.

Ye Mo didn't connect this five element world to the place he ascended from but hearing it was at Ruo Feng hill, he immediately thought of that broken world he was trapped in. There was five huge pillars there? His spirit sense couldn't scan into those big pillars at all before. Was that five element divine emperor's five element world?

Thinking about this, Ye Mo patted Yan Shaoyuan and said "Manager Yan since it's an ancient immortal residence let's go see too. There might be some fortune for us."

Since Ye Mo said this Yan Shaoyuan could only agree "Let's go see then but I can't waste too much time."

"It won't, we'll leave now." Zheng Yang immortal king quickly said.

...

Ruo Feng hill wasn't far from Bi Yi immortal city. In just half a day, the five from Hong Xian merchant association and Ye Mo and them were here.

"From here we'll travel in earth for four hours and we can see the door to the earth." Zheng Yang immortal king pointed at a small hill.

Ye Mo's spirit sense scanned in. Immortal king earth mobility for four hours, this was definitely an extremely far distance. Ordinary immortal emperors with powerful spirit sense can scan that distance but if they're not that bored they wouldn't scan this deep into the earth with spirit sense.

Ye Mo's spirit sense was very powerful and he had spirit sense blades. His spirit sense broken through layers of mud and rocks. In just tens of seconds, his spirit sense saw a huge space. It was more like a hall and there was a golden gate.

Ye Mo took back his spirit sense and sighed. It was such a subtle place. how did Hong Xian merchant association found it.

This immortal residence was too well hidden. There was no restriction nor immortal spirit chi.

Seeing Ye Mo not talk for a long time, Zheng Yang immortal king looked at Yan Shaoyuan "Manager Yan, let's go down now?"

"Immortal friend Ye, what do you think?" Yan Shaoyuan looked at Ye Mo.

"Of course we go down. We can't come across such good things so easily." Ye Mo smiled and said.

Zheng Yang immortal king praised "Immortal friend Ye nice mind set. Such fortune is rare indeed, I'll lead the way."

Then Zheng Yang immortal king went into the earth.

Ye Mo said to Feng Chunmo and Yan Shaoyuan "Let's go down too."

Seeing the three go down, the other four followed.

...

At the city gates of Bi Yi immortal city, Ge Baiwen's face was bleak. The guard that followed him was already dead at the city gates but as thehl, Ge Baiwen didn't dare to say a word.

His guard saw Ye Mo leave the city but was warned by a faceless guy not to follow. The guard just said an extra word and was killed by this person. From the force of it, he could tell it was at least an immortal king tertiary stage or even immortal monarch who killed his guard. He was a mere great eternity immortal tertiary stage. Even though he was a heaven lord, he would just have to take it.

Ge Yan goddess sighed "Father let's go. That Ye Mo is dead for sure. It was my fault for harming him. It wasn't easy for someone as careless as him to live up until now."

The great unity immortal next to Ge Yan comforted "Martial sister Ge Yan, it's not your fault. That Ye Mo had corner soul weed and was this reckless. Even if he didn't die today he would die sooner or later."

Ge Yan heard this and suddenly thought. If Ye Mo was dead for sure why did he appear in the city again after all these years?

...

"Such strong space." Feng Chunmo said in shock. Her spirit sense couldn't penetrate this dimension at all.

"We just need to open this golden gate to enter the immortal residence." Zheng Yang immortal king pointed at the golden gate and said.

Ye Mo scanned the golden gate, there was an extremely ancient feeling from it. He had only felt such chi from Kai Mi and Chu Chen divine emperor. This meant that this immortal residence might really be a divine emperor ruin.

Even Ye Mo's head was dizzy from looking at the complex restriction and formation.

"This gate is probably opened by essence blood. We have eight people here, I think we should try one by one..." Gan Lihui said.

Ye Mo heard them say that the door had to be opened by Yan Shaoyuan's essence blood. This meant that the immortal residence was related to Yan Shaoyuan's ancestor. However, how did Zheng Yang immortal king and them know.

After knowing the exact location of the immortal residence, the rest of them were extra to Ye Mo now.

Before Zheng Yang immortal king could talk he said to Yan Shaoyuan "Brother Yan if this place is really left behind by five element divine emperor, then five element divine emperor might be your ancestor. This golden gate isn't opened by essence blood, it's essence blood heritage. Only direct descendant of your Yan bloodline can open it. They have to open it willingly, otherwise, this gate wouldn't open."

Yan Shaoyuan looked at the five people from the merchant association in shock and then at Ye Mo, "Brother Ye, you mean..."

Ye Mo sneered "I mean these people set you up to open this gate. As soon as the gate is open you're useless."

"You Yingzong, when you invited me into the Hong Xian merchant association, did you already know that my ancestor left this five element divine emperor?" Yan Shaoyuan said in fury.

"Not only you, I'm afraid your son is taken here too but for some reason they didn't use his blood to open this." Ye Mo said again.

“Haha, you’re very good. You know this much and were able to take the golden bone arrow and storage ring from me. I underestimated you.”

Two more figures appeared. One was the seller but the other was a woman.

Ye Mo saw that the woman was immortal monarch tertiary stage peak. At this moment, Ye Mo realised that this woman was the master mind behind all this.

“Hmm, even I can’t see your cultivation level?” The woman looked at Ye Mo in surprise.

Yan Shaoyuan was shaking with anger.

The immortal monarch peak woman waved her hand and an abstruse immortal missing an arm appeared “Open the immortal residence and I’ll let you two leave.”

“Hongzhong...” Yan Shaoyuan saw that this abstruse immortal was his son Yan Shaoyuan and called out in fury. He charged over and helped him up.

Yan Shaoyuan said feebly “Dad, don’t trust these people. They won’t let us go. My arm was sliced off to open the door. Luckily, I didn’t do it willingly and my cultivation level is low so the golden gate wasn’t opened. Mother was already killed by these bastards, don’t trust them...”

“Immortal friend Hongzhong, eat this pill first.” Ye Mo took out an immortal pill and gave it to Yan Hongzhong.

“You’re immortal friend Ye, the one who gave me corner...” Yan Hongzhong recognized Ye Mo immediately and said in shock but then he looked at his father in disbelief. Why was Ye Mo here too.

Chapter 1978: Immortal emperor is here

“That’s right. I gave you the corner soul weed. Then your corner soul weed seemed to have been taken by the Hong Xian merchant association. It’s okay, I still have more. I’ll give you two later.”

Ye Mo said and then waved the pill in his hand “This is a medical pill, eat it first.”

“Brother Ye...” Yan Hongzhong looked dazily at Ye Mo. Was Ye Mo asking to die?

“You have corner soul weed?” That immortal monarch peak stage stared at Ye Mo in surprise and joy. The joy in her eyes couldn’t be hidden at all. Once immortals cultivate to a certain degree, their immortal essence has settled and the reason it’s hard to break through is because spirit sense is hard to improve. Corner soul weed is very rare but can improve one’s spirit sense.

“That’s right, I have corner soul weed.” Ye Mo said and showed a few.

“Haha...” The immortal monarch peak stage woman laughed and grabbed at Ye Mo.

But her hands stopped in mid air. The next moment, she saw Ye Mo punch and hear the last words of her life “You can’t see my cultivation level not because I hid it but because you’re too weak.”

“You’re an immortal emperor...” The woman’s face went pale as paper. She actually offended an immortal emperor and tried to rob his corner soul weed. She really wanted to beg for mercy but she couldn’t say anything at all.

“Thud...” Ye Mo’s void punch didn’t go easy. This woman was obliterated without resistance.

A storage ring fell on the ground. Ye Mo said to the dazed Feng Chunmo “I’ve removed the restriction of this storage ring. You can have it. I don’t need an immortal monarch’s storage ring.”

Only then did Feng Chunmo react and said “Thank you pill master Ye... Ye qian bei.”

Then she quickly picked up the storage ring. It was her fortune.

“You... immortal emperor qian bei...” Everyone was dazed. Ye Mo killed an immortal monarch peak stage with one punch and that immortal monarch said before death that Ye Mo was an immortal emperor. No matter how much courage they had they didn’t dare to act against an immortal emperor.

“Qian bei, wan bei, wan bei...” That immortal monarch seller was extremely shaky.

Ye Mo knew that the bone arrow all came from Abyssal River so he couldn’t even be bothered asking this immortal monarch.

Ye Mo’s immortal emperor domain suddenly expanded and he said to Yan Shaoyuan and Yan Hongzhong “If you want to get revenge then hurry up.”

The two reacted. Both of them knew that their fortune was here.

“Qian bei, our Hong Xian merchant association has more than one branch. Even if qian bei is immortal emperor, are you not scared that our merchant association would come for qian bei...” Zheng Yang immortal king called out.

Ye Mo said coldly “I’m Mo Yue Immortal Sect Leader Ye Mo, if your merchant association finds Mo Yue Immortal Sect, I welcome you at anytime.”

“Mo Yue Immortal Sect...” The managers and association leader of the merchant association were dumbfounded. The most glorious sect right now was Mo Yue Immortal Sect. Getting revenge from Mo Yue Immortal Sect was like thinking life was too boring.

Ye Mo didn’t show any mercy to these people. He knew that if he wasn’t immortal emperor, he wouldn’t be able to subjugate them. When the immortal residence opened they would all die.

The Hong father and son were overjoyed. They actually knew the sect leader of Mo Yue Immortal Sect. They didn’t have a place to go. Later they would ask sect leader Ye to let them join.

But thinking about how the merchant association annihilated their entire family, they were furious and charged up. In a short while, the people bound by Ye Mo's domain turned to dust. Not even their essence spirit escaped.

Yan Shaoyuan picked up the six storage ring and gave it to Ye Mo. They were extremely grateful to them.

Ye Mo didn't take it and instead took out a storage ring to Yan Shaoyuan "This is the storage ring you used for compensation."

"Qian bei, this storage ring should be left to you." Yan Shaoyuan didn't want it.

Ye Mo laughed "I don't care about these immortal crystals. Just take it. If you have nowhere to go you can join my Mo Yue Immortal Sect."

"Thank you Ye qian bei." Feng Chunmo quickly thanked. She had been thinking about how to ask to join Mo Yue Immortal Sect.

The Hong father and son didn't reject anymore and took the storage rings.

Moments later, Yan Shaoyuan took out an extremely ancient jade slip from Zheng Yang immortal king's storage ring and said "Sect leader Ye, this jade slip is probably about the five element world of our Yan family."

Ye Mo took the spirit sense and scanned in. It was indeed about the five element world. It's location was marked clearly and it also explained how to open and who to open it.

Ye Mo gave the jade slip to Yan Shaoyuan to see. Yan Shaoyuan immediately said "Sect leader Ye, why don't I try?"

"It's probably very hard. The jade slip said that only a status immortal essence blood would be able to open it. You're only great eternity immortal tertiary stage." Ye Mo said.

Yan Shaoyuan had already put his essence blood into the two sides of the golden gate as per request from the jade slip. The golden gate just emitted golden rays but didn't open.

"It seems my cultivation level is too low." Yan Shaoyuan shook his head and said.

"Come again when you're immortal king. This place might be related to the place I ascended from. I really want to go in and see." Ye Mo said.

...

The group left the immortal residence and immediately headed towards Mo Yue Immortal Sect.

Coming here, Ye Mo handed Feng Chunmo and them to Lu Feng to arrange. He notified Su Jingwen and Ji Lei immortal emperor before starting solitary cultivation.

Five years time, Ye Mo spent large amounts of extreme grade immortal range in the time formation disk and finally stabilised his cultivation level at immortal emperor primary stage. Then, he took out an emperor wood blue fruit.

In another five years, Ye Mo surpassed immortal emperor primary stage and stabilized his power at immortal emperor middle stage before stopping cultivation.

This ten years, he used the majority of the remaining extreme grade immortal range. Even if he wanted to reach immortal emperor tertiary stage, he didn't have the time nor the immortal range.

There was still a few years from Mo Yue Immortal Sect's sect opening ceremony. Ye Mo didn't leave solitary cultivation and instead spirit controlled the four arrows.

In another five years, Ye Mo completely refined the four arrows to the 71st restriction as well as the Golden Bow of Immortal Extermination to 71st restriction.

It wasn't that Ye Mo didn't want to go keep but it was already his extreme. If he continued, it would take tens of times more time to refine it.

The Golden Bow of Immortal Extermination was many times stronger than before. Ye Mo was certain that if he fought Feng Kong Grand Emperor now, even if Feng Kong Grand Emperor had powerful lethal blows he wouldn't be able to survive his four arrows.

Feng Kong Grand Emperor wasn't Ye Mo's target. After knowing there was Dao Actualisation Divine Emperor, Dao Essence Divine Emperor and so forth, Ye Mo's target was different.

When Ye Mo came out of solitary cultivation, Tang Beiwei and Su Jingwen immediately knew. Lu Feng and them came too. Ye Mo now realised that the Mo Yue Immortal Sect sect opening ceremony was about to begin.

At this moment, Ye Mo scanned his so out and found dashing lights and flying magic artefacts all head towards Mo Yue Immortal Sect. All the immortal rest towers of Mo Yue Immortal Sect were full.

Kai Mi had returned to the sect and was with Ji Lei immortal emperor handling all the immortal emperors of the grand heaven domain. What shocked Ye Mo was that Wei Feng immortal emperor was here. He didn't see Feng Kong Grand Emperor but Ye Mo knew the person sitting with Wei Feng immortal emperor, it was Dragon River grand emperor.

Ye Mo scanned his spirit sense on Dragon River and he immediately noticed and looked towards Ye Mo.

Wei Feng grand emperor was sly and didn't have much enmity with Ye Mo. It was reasonable that he came but Ye Mo felt strange about Dragon River grand emperor's sudden arrival. He felt that Dragon River was on the same line as Feng Kong Grand Emperor. Since he had enmity with Feng Kong Grand Emperor, Dragon River shouldn't be here.

Regardless, Ye Mo didn't care. He said to Tang Beiwei and Su Jingwen "Come see all the immortal emperors of the grand heaven domain with me."

The reason he did this was because he wanted them to be taken care of when they went to the grand heaven domain.

Chapter 1979: Absurd Mo Yue Immortal Sect

“Ye Mo thank all the immortal emperor friends here. It’s the honour of Mo Yue Immortal Sect that you can all come to our sect opening ceremony. All those immortal friends here are the friends of my Mo Yue Immortal Sect, are my friends. I was in solitary cultivation and thus am a bit delayed, please forgive me everyone.”

Ye Mo smiled as he walked into the hall and saluted with his fists to everyone.

“Sect leader Ye’s progress is godly. When I first saw sect leader Ye, you were just immortal monarch but now you’re immortal emperor middle stage. Along with the sect opening ceremony, there is just more joy to congratulate you on.” Wei Feng grand emperor acted as though there was no enmity at all and got up to saluted with his fists.

How could Ye Mo not know Wei Feng grand emperor’s little tricks. So what if there was a secret to his fast cultivation speed? He didn’t fear anyone now. in order to protect Mo Yue Immortal Sect, he couldn’t hide his cultivation level. When he needed to act dominant there was no need to act like a turtle.

“Sect leader Ye may have known me for a long time but it’s my first time seeing sect leader Ye. You’re indeed the lite of the immortal realm. Luckily I came back in time this time and could make it to Mo Yue Immortal Sect Sect opening ceremony. Congratulations sect leader Ye, congratulations Mo Yue Immortal Sect.” Dragon River immortal emperor got up and saluted with his fists to Ye Mo.

At this moment, Zheng Ren, Nong Yan, Yuan Yun, Jin Hui, Feng Zheng, Qian Ze, Mu Li, Xuan Feng, Kui Qian, Shen Kun, Tong Zheng and so forth immortal emperor all got up and congratulated Ye Mo.

Although Xuan Feng immortal emperor from Demon joy sect and Chang Rong Heaven Lord Qian Ze immortal emperor had some conflict with Ye Mo, they still come. Clearly, they knew about Ye Mo suppressing Feng Kong Grand Emperor and teaching him a lesson. In the immortal realm, as long as it wasn’t destroying one’s dao foundation or making one unable to reincarnate in the next life, little conflict was nothing in the wake of power.

Since these people all came, Ye Mo thanked them politely.

“Sect leader Ye I didn’t expect Kai Mi divine emperor became a member of Mo Yue Immortal Sect. Mo Yue Immortal Sect will definitely be the pinnacle emperor sect of the immortal realm.” Zheng Ren immortal emperor said.

“Haha, big monk is here late.” A voice sounded and three more immortal emperors came into the hall.

Ye Mo rejoiced. He knew that Du Feng monk was here. Then he saw Chu Chen divine emperor and Duniang.

“Welcome brother Du Feng, Chu Chen and Duniang.” Ye Mo quickly went up.

Chu Chen divine emperor clearly ate Emperor Wood Blue fruit and was now immortal emperor peak. Duniang was immortal emperor middle stage too.

Two more immortal emperor peak came and were quite on good relations with Ye Mo. Everyone exclaimed at Ye Mo’s connections. Some people were wondering who Chu Chen was. As for Du Feng monk, more people knew him.

“Brother Chu Chen it really is you?” Kai Mi just wanted to chat with Ye Mo but found Chu Chen divine emperor came and quickly greeted. His tone was extremely excited. After all, it was extremely hard to find someone of their age. He didn’t expect Chu Chen divine emperor would come to congratulate Mo Yue Immortal Sect opening.

“Chu Chen? Is he one of the nine divine emperors, Chu Chen divine emperor?” The rest of the people muttered. If it really was Chu Chen divine emperor, then today was too shocking. Two divine emperors came to Mo Yue Immortal Sect today. One was from Mo Yue Immortal Sect and one was to congratulate Mo Yue Immortal Sect. This was unheard of.

“Haha, it seems sect leader Ye really didn’t lie to me. You’re really not dead. That’s good.” Chu Chen divine emperor laughed. His face was full of joy. he got the emperor wood blue fruit and returned to immortal emperor peak stage. Dao vindication was in sight so he was extremely happy. Now that he saw

Kai Mi divine emperor, he was even more happy. This was mainly because Kai Mi divine emperor who had been stronger than him was at a lower cultivation level than him now. Kai Mi was only immortal emperor middle stage and the body he possessed wasn't so good.

"I already told sect leader that you had died, I didn't expect you are alive and here to slap my face." Kai Mi said.

Chu Chen divine emperor quickly said "Let me congratulate sect leader first before I catch up with you."

"Sect leader Ye thank you for your fruit. It let me go a level higher. At the same time, thanks for trusting me. Today I came to the sect opening ceremony also wanting to join Mo Yue Immortal Sect. Would sect leader Ye be able to leave a spot for me." Chu Chen divine emperor stared nervously at Ye Mo.

In orde to thank Ye Mo, he was already planning to join Mo Yue Immortal Sect. After all, it was the same everywhere for him. But when he came to Mo Yue Immortal Sect, he immediately realised that he would be the one benefiting from joining Mo Yue Immortal Sect, not the other way around. The immortal spirit chi here was so dense that even the top emperor sect wouldn't be able to compare with it. Just how many immortal ranges did sect leader Ye plant in.

He admired Ye Mo's level nine hundred thousand void defense kill formation. He could clearly tell it was top level immortal formation. There was no better dao vindication place than here. He was immortal emperor peak stage now, he didn't need to keep staying at Qing Wei abyssal river.

Ye Mo didn't expect an emperor wood blue fruit would give him this much surprise. Chu Chen divine emperor joining Mo Yue Immortal Sect, this was a huge gift. Whether it was the cultivation realm or the immortal realm, rarely would people betray a sect. If one joined a sect they would take this as a pride. One's fortune was also connected to his sect. This was a law.

Even if one changed sects, they wouldn't offend the sect.

Before Ye Mo could wake up from the surprise, Duniang also said "I also gave my Duniang hotel to someone else. I also want to join Mo Yue Immortal Sect with Martial brother Chu Chen, please take me in sect leader Ye."

“Hahaha...” Ye Mo could no longer contain his joy and laughed “It’s a huge honor for Mo Yue Immortal Sect to have Chu Chen divine emperor and Duniang. How can I reject. You can choose one of the 8 supplementary peaks each.”

Du Feng monk laughed and quickly congratulated.

Those immortal emperors here all came to greet Chu Chen divine emperor. At the same time, they were extremely shocked. A low heaven domain sect had two divine emperors joining. This was absurd. Who would dare to touch Mo Yue Immortal Sect? the sect leader was already an immortal emperor no one dared to mess with. Now there were two more divine emperors and a few immortal emperors.

Dragon River immortal emperor river sighed. Feng Kong Grand Emperor would never be able to match Ye Mo in his life. Ye Mo’s cultivation level would only get higher and stronger.

Wei Feng grand emperor regretted saying what he did. If he knew that even Chu Chen divine emperor was going to join Mo Yue Immortal Sect, why would he act out?

The rest of the immortal emperors of emperor sects rejoiced on their decision to come.

Everyone then gave up their gifts and Lu Feng’s hands were tired from collecting gifts.

After that, Ye Mo signaled everyone to sit down “Our Mo Yue Immortal Sect just opened, we don’t have many good things to treat everyone. Now, we can only invite each immortal friend to an immortal fruit and immortal wine.”

Hearing this, everyone looked at each other. The sect leader was so stingy. They came all the way from the grand heaven domain to congratulate the sect and yet Ye Mo was so stingy. This meant that they weren’t taken seriously.

No matter how strong Mo Yue Immortal Sect was, they couldn’t just act like this.

Before anyone could speak, Ye Mo waved out jade plates. These jade plates fell before everyone. There was a cup of white wine and a red fruit in each plate.

“This is yin blue plum?” Chu Chun divine emperor was the first to recognize it.

“What? Yin blue plum?” Almost all the immortal emperors grabbed the fruit in shock. This was one of the top immortal fruits. One couldn’t even get them from auctions.

It was beyond level nine immortal fruit. This thing was priceless. It was very tasty and could cleanse soul and immortal essence.

This sect leader Ye was too insane. He used yin blue plum to treat guests, even divine emperors wouldn’t be so generous. No wonder he said one for each person. This fruit was much more precious than their gifts. Some immortal emperors didn’t even want to eat it like this but as an immortal emperor, it would be too embarrassing to take it home.

In this case, it meant that the wine wasn’t ordinary too. A few immortal emperors couldn’t wait to drink this wine.

Ye Mo saluted with his fists “In that void palace, I opened a restriction and there were 36 yin blue plums. I’ll use this opportunity to enjoy it with everyone.”

Chapter 1980: He’s actually Mo Yue Immortal Sect Leader

Ye Mo didn’t get the yin blue plum from the void palace but this was the best explanation.

“It was really right of me to come this time. I actually got a yin blue plum. My pitiful gift isn’t even worth ten% of this. So shameful.” Jin Hui immortal emperor laughed and said.

Everyone else laughed, “This is so indeed. Our gift isn’t as good as this yin blue plum, we earned this time.”

Ye Mo raised the wine cup and said “Thank you friends for coming to Mo Yue Immortal Sect to celebrate our sect opening, I honour everyone with this wine.” Then Ye Mo drank it all.

The rest of the immortal emperors all raised their cups saying all sorts of good wishes and drank.

The wine immediately turned into invisible immortal spirit liquid that expanded in their sea of consciousness.

“What wine is this. How come my sea of consciousness is clearer? Big monk has drunk a lot of wine but never something like this.” Du Feng monk said in surprise.

The rest of the people felt how extraordinary this wine was. it was indeed very beneficial to sea of consciousness and spirit sense. There was little immortal spirit herb that could help spirit sense, as for wine, it was even rarer. People didn’t need to think to know that the wine in their hand was a treasure no lesser than yin blue plum. Now that Du Feng monk asked, everyone looked at Ye Mo.

Ye Mo smiled “This is called weed immortal wine, it can indeed clear spirit sense and sea of consciousness.”

“I know, this is immortal wine made with corner soul weed.” Dragon River grand emperor said in shock.

“That’s right, I got some corner soul weed in the cultivation realm and I was free so I made them into wine.” Ye Mo said.

Du Feng monk raised his thumb “This wine has great effect and wine taste. This is the best immortal wine.”

Chu Chen divine emperor nodded “This is indeed a great tasting wine.”

Of course Ye Mo didn’t concoct the wine himself, he left it to small ginseng. Small ginseng was better than anyone at wine making and managing immortal spirit herb garden.

...

Three days later, the Mo Yue Immortal Sect protection formation opened. Countless immortals flocked into Mo Yue Immortal Sect as today was the opening sect ceremony.

All the 11 heaven lord of the low heaven domains came. There were more than ten immortal emperors from the grand heaven domain. There were quite some immortal monarchs and immortal kings. There were countless below immortal king.

Comparatively, little people came from middle heaven domain as Ye Mo's name wasn't famous there. Only some sects with fast news sent someone to congratulate.

Before the Mo Yue Immortal Sect square, countless immortals waited for the sect leader of Mo Yue Immortal Sect to come out. They wanted to see who he was.

"Oh my god, I see Wei Feng grand emperor, am I blind?" One Great eternity immortal asked in shock. Immortals nearby immediately heard this and all asked who Wei Feng grand emperor was.

"It's true, there's not only Wei Feng grand emperor but also Dragon River grand emperor and Zheng Ren immortal emperor, Nong Yan immortal emperor..."

This immortal didn't dare to keep naming anymore and just said in shock "How is this possible, there's more than ten immortal emperors and they're all famous in the grand heaven domain."

It was a great eternity immortal from the grand heaven domain speaking. He admired Ye Mo and came to congratulate. When his words spread out, those hillbillies from low and middle heaven domain immediately realised just how absurd Mo Yue Immortal Sect was.

At the vip seats, Qin Peifu exclaimed "Mo Yue Immortal Sect is too amazing. There's this many immortal emperors coming to congratulate. I believe even when an emperor sect forms in the grand heaven domain, they wouldn't be like this."

Yang Zai sighed "I heard that Ye Mo is from Mo Yue Immortal Sect. What relation is he to that sect leader Luo? Sigh..."

"Dad, I heard that Mo Yue Immortal Sect has a sect leader with surname Ye. He seemed to say that he was sect leader Luo's martial brother." Qin Nianmei said.

"Oh, what's he called?" Qin Peifu asked.

"Hmm..." Qin Nianmei didn't answer. She just stared dazily at the main stage with her mouth wide open in disbelief.

"Now our Mo Yue Immortal Sect Leader Ye will speak." Lu Feng's voice spread and the square immediately quietened down.

Ye Mo walked to the front stage and smiled "Today is the official opening of my Mo Yue Immortal Sect. I thank all the immortal emperors from the grand heaven domain and the two grand emperors to have come here. I also thank the 11 heaven lords of the low heaven domain and also thank all the immortal friends who have come all this far to congratulate us. My Mo Yue Immortal Sect originated from Luo Yue continent Mo Yue City..."

"Dad, this, how is this possible? That person is really Ye Mo..." Qin Nianmei stared at Ye Mo for a long time.

Qin Peifu and Yang Zai stared at Ye Mo in disbelief. They've been to the grand heaven domain once and had seen Wei Feng grand emperor and Dragon River grand emperor. He knew they weren't fake. How could Ye Mo be Mo Yue Immortal Sect Leader, even the grand emperors were standing behind him as guest?

After a long while, Yang Zai sighed "Our Extreme Sword Sect has no fortune."

Qin Peifu wiped the sweat from his forehead. He knew what Yang Zai meant. Qin Nianmei brought Ye Mo to the sect but she didn't like him. Then Ye Mo seemed to be with Zhen Bingyu and there were feelings but Yang Zai took Zhen Bingyu again and they were severed.

“Nianmei, you and Ye Mo, sect leader Ye...” Qin Peifu was thrown out of his mind.

...

Thinking about this, Qin Nianmei’s face was burning red. She remembered about how ignorant she was before.

Qin Nianmei calmed down now and thought of the times with Ye Mo. Ye Mo never showed any feelings towards her at all. It was all a deal. Comparatively, Ye Mo and martial sister Bingyu appeared in Xin Kui immortal city together and their feelings were much better.

Looking at Ye Mo with a face of smile standing at the tall stage, Qin Nianmei sighed. Friendship had nothing to do with status. If she didn’t carry that condescending attitude towards Ye Mo, perhaps she would be friends with Ye Mo too now.

However when Ye Mo and martial sister Bingyu appeared together in Xin Kui immortal city, she helped Yan Xutao to sneer at Ye Mo to show that she wasn’t interested in Ye Mo at all.

Qin Nianmei breathed easy that Yan Xutao didn’t come today. Otherwise, he would be extremely defeated.

...

Not only extreme sword sect people but Ge Baiwen was also extremely shocked. He was even shaking in the vip room.

“He’s actually sect leader of Mo Yue Immortal Sect?” Ge Yan goddess’s face also changed. Funny how her father tried to take Ye Mo away. luckily someone stopped them or the consequence would be unimaginable.

“No wonder I couldn’t see his cultivation level.” Ge Baiwen finally realised what was going on.
