Chapter 2071 I Like Bullying The Weak

No one dared to stop them from walking out of this spirit rest tower.

Before they got to the city gates, two more dashing lights came to the city gates. One was truth realisation state level five and the other was disaster transformation state level eight.

Ye Mo guessed that the truth realisation state level five was the association leader Duan Ganyuan. As for the other person, it was probably the city lord.

“Xin Hai city lord Gong Hong greet qian bei. Please forgive me for not welcoming qian bei into the city.” The chubby disaster transformation state cultivator saw Ye Mo come over and immediately bowed. The truth realisation state middle stage studied Ye Mo calmly.

Ye Mo felt strange. The city lord was a disaster transformation state and the association leader was a truth realisation state. This disaster transformation state should be following Duan Ganyuan. But this disaster transformation state greeted him first and left Duan Ganyuan behind him. Duan Ganyuan didn't seem to be angry at all.

“Dao friend, I'm the association leader of the rune master association Duan Ganyuan. I heard a few useless disciples tell me that dao friend had business with me. Duan was scared that when I made it over, dao friend was out of the city. Luckily I came in time.” Duan Ganyuan saluted with his fists seemingly scared.

However, his horror was fake. His chi was very calm and instead carried this sharp force on him as though he was ready to fight.

Ye Mo didn't care about this attitude. He knew that this truth realisation state and rune master didn't need to fear other people. Even if he was truth realisation state tertiary stage, Duan Ganyuan didn't need to be fearful.

You're right. If you came a little later you wouldn't need to come.” Ye Mo said.

Duan Ganyuan sneered “Dao friend came from the distant, Duan should be greeting you but even if you’re a truth realisation state you can’t just kill my disciple and a cauldron filling state of the rune master association. I’m weak but not anyone can abuse me. I won’t allow outsiders to bully the weak...”

Gong Hong said nothing and just stood on the side.

Ye Mo walked up to Duan Ganyuan and patted his shoulder “You’re right. I like abusing the weak. Of course I won’t kill you yet because I have something for you to do. 14000 km west of the city, there’s a subtle cultivation home hidden with a level seven stealth formation. There are a few female cultivators locked up in there by your disciple Meng Guangji. Release their restriction and let them go. If I’m happy with what you did, I’ll give you a quick one when you come back. Remember, I’m heading to the sect tournaments.”

He told Duan Ganyuan to go because Meng Guangji was Duan Ganyuan’s disciple. Even if the female cultivators had some special restrictions placed on them, Ye Mo believed Duan Ganyuan would be able to open it.

Gong Hong dazed. Ye Mo patted Duan Ganyuan’s shoulder but Duan Ganyuan didn’t move at all. At truth realisation state, even ordinary friends wouldn’t pat each others shoulders like that much less enemies.

Duan Ganyuan was dazed too. He found that when Ye Mo’s hand patted him, he couldn’t move at all. Ye Mo patted his shoulder three times. The first pat, patted his cultivation to cauldron filling state. The second pat cracked his dan tian open, the third pat cracked his meridians. Just as Ye Mo said, he wasn’t killed because Ye Mo had something to do.

Realizing his situation, Duan Ganyuan was so shocked he couldn’t even speak. What cultivation level was this? Even truth realisation state peak stage, cultivators who had passed immortal ascension divine damnation wouldn’t be able to bind him this easily?

“Did you not hear what I said?” seeing Duan Ganyuan just stand there in shock and forget to reply, Ye Mo was annoyed. “Wan bei, heard, heard it...” Duan Ganyuan answered shakily.

Ye Mo turned to Gong Hong “City lord Gong, I don’t have time to go. You go with association leader Duan. If he does anything that’s not in line with my order kill him.”

Gong Hong had recovered. He felt Duan Ganyuan’s cultivation level drop straight down. He could only force down his horror and shock as he bowed “yes, wan bei will follow qian bei’s order.”

Ye Mo nodded “In that case good. Qiongying and Heyi let’s go.”

The reason he sent Gong Hong over was to help those few female cultivators. If he went, he would only be able to save them but Gong Hong was the city lord, he could provide them cultivation grounds and stable cultivation resources. Ye Mo believed with Gong Hong’s disaster transformation state brain that he would know what he meant.

When Ye Mo released flying magic artefact and left the city, Hao Qiongying reacted and breathed easy. Clearly, Ye Mo was an insanely powerful being, otherwise, Duan Ganyuan wouldn’t act like that.

If someone like Ye Mo wanted to attack her, there was nothing she could do. Plus from her time with Ye Mo, martial brother Ye didn’t seem like ordinary cultivators.

She looked at the storage ring Ye Mo gave Heyi. There was top grade and extreme grade spirit stones. There weren’t many pills but there were many spirit artefact. She didn’t dare to take it before but now it seemed these things were worthless to this Ye qian bei.

“Qiongying, tell me about this sect tournament.” Ye Mo put some extreme grade spirit stones on the flying spirit artefact and asked.

Hao Qiongying had guessed now that Ye Mo probably wasn’t from the cultivation realm. She thought for a moment as she organized her words and said “Martial brother Ye, Shen Qiong continents sects are divided by stars. The highest is 9 star sect. The lowest is one star. One star sects rarely take in disciples. They’re usually small cultivation families.

Ye Mo nodded, this was like the system Luo Yue continent used. As for the ten star Pill City, that was because it had too many pill master and truth realisation states.

“The biggest secret realm of Shen Qiong realm Shen Truth spirit grounds open every millenia. There are limited spots each time. In order to better distribute the spots, the big sects would have a sect tournament everytime before the secret realm opened. Because the spots are so precious, almost every sect would come. The sects would send their sect members to compete and get spots based on their results.

Ye Mo realised, no wonder it went on for a month or two. Just how many people would be coming to such tournament.

The sect tournament was very far from Xin Hai city but under Ye Mo’s control the extreme grade flying spirit artefact had surpassed low grade immortal artefact. In less than half a day, Ye Mo saw the tournament scene with his spirit sense.

“How long till the tournament?” Ye Mo looked at the densely cluttered cultivators. It spanned almost a few hundred km. There were more merchant towers and market places mixed within.

“In about ten days.” Hao Qiongying quickly said. She saw the tournament grounds too.

Ye Mo took out a storage ring and gave it to Hao Qiongying “This is for you. Thanks for bringing me all this way.”

“Thank you qian bei.” Hao Qiongying quickly took the storage ring and thanked.

Ye Mo liked Hao Qiongying’s straight forward attitude. He thought about it and said “Mu Xiaoyun is my wife. I’m going to Lotus Glory sect to see. If you want I can introduce you and your brother into the sect.”

Lotus Glory sect, that was the dream of every cultivator. How could Hao Qiongying not want to go? She dazed for a moment and wanted to thank Ye Mo. At the same time, she thought, no wonder. Only someone like martial brother Ye deserved goddess Mu.

Ye Mo saw her face and knew she really wanted to go. He waved his hand “No need to thank me. I’ll go to the main

stage and ask about Wanqing. Afterwards, we'll go to Lotus Glory sect. Wait for me here."

Then, Ye Mo dashed up and landed in the center stage amongst the millions of people.

Chapter 2072 Find Chi Wanqing

Shen Truth spirit grounds was the biggest secret realm of Shen Qiong continent. It had the most resources too. Sects big or small would come to this tournament regardless of how far they were.

With all these sects here, of course there would be many truth realisation states. There were even quite some truth realisation state peak stages.

As the main stage of the tournament, there were more than 20 truth realisation states sitting here. No one would dare to come up without permission.

As soon as Ye Mo landed on this stage, a few truth realisation states surrounded him. This main stage was the place to announce the results. It was symbolic of the honor of all the sects on this continent. Otherwise, there wouldn't be 20 truth realisation state cultivators sitting on the side of the stage to watch the tournament.

Ye Mo this unknown cultivator dared to just charge up here was asking to die. When these truth realisation state came up, they said nothing and just chose to attack.

No matter what Ye Mo's motive was, good or bad, charging up the main stage like this was a huge mistake.

Ye Mo sneered and waved his hand, these few truth realisation state were held by this invisible power and thrown back to their seats. To outsiders, it seemed like these truth realisation states got up and then wanted to sit back down.

"I'm borrowing the main stage, if you dare to be rude again I will kill you." Ye Mo said coldly.

These few truth realisation state shivered, even those truth realisation states who didn't get up shivered. What master was this? Since when did the cultivation realm have such powerful master.

He easily waved his hand and threw back a few truth realisation states like this? immediately, everyone realised that Ye Mo wasn't simple.

The twenty or so truth realisation states glanced at each other and didn't dare to talk. They all saw shock and disbelief in each others' eyes. They all thought of the one thing. This cultivator wasn't from the cultivation realm, nor did he hide his power. They really couldn't see his cultivation level. This person probably wasn't from the cultivation realm but from the immortal realm.

Almost everyone saw Ye Mo on the stage. The main stage was so obvious and was usually used to announce important things and the tournament results. Now that Ye Mo appeared, he immediately caught everyone's attention.

Ye Mo said loudly "Dao friends from Shen Qiong continent. I'm Ye Mo. Today I came here to find a friend. She's called Chi Wanqing. Everyone have a look at this image."

Ye Mo's voice was heard even hundred of km away. He waved out Chi Wanqing's image and even drew little wolf on her shoulder.

"Dao friends, if anyone knows where my friend is or can provide me with any clues I can satisfy any wish you have in cultivation. I will be waiting at the main stage for two hours. Within this time, anyone who has news can come to me. Even if you want to join the best nine star sect or truth carrot pill I can satisfy you."

At first the cultivators didn't know what Ye Mo's reward was but when Ye Mo said that, the scene erupted.

Truth carrot pill was pill for disaster transformation state to reach truth realisation state. Ye Mo even had such pill, then wouldn't the rest of the pills be extremely easy?

Immediately, everyone was asking about Chi Wanqing. Ye Mo then turned around and looked at the shocked 20 or so truth realisation states.

Seeing Ye Mo look at them, they quickly got up.

Ye Mo stopped them from bowing “Everyone sit down.”

After everyone sat down, Ye Mo asked “Who here is from Lotus Glory Sect?”

A woman who seemed younger than forty got up quickly and said “Wan bei Guang Jie is from Lotus Glory sect. Please order anything qian bei.”

Guang Jian felt nervous. Ye Mo’s cultivation level was clearly above truth realisation state level nine peak. He was definitely an immortal.

In the cultivation realm, although immortals rarely came to the cultivation realm but there were some. There were immortals coming back in the legends but when their power would be suppressed to be just one level above truth realisation state. However, Ye Mo’s power was clear many levels above truth realisation state.

Ye Mo nodded “Sit down. I want to ask you, did Mu Xiaoyun ascend from Lotus Glory sect?”

Yes qian bei, elder Mu is our Lotus Glory sect member. Qian bei...” Guang Jie said worriedly. Mu Xiaoyun had already ascended and this qian bei was clearly an immortal. Did he come to find Mu Xiaoyun? Did something happen to her in the immortal realm? Did he come to get revenge from Lotus Glory sect? Mu Xiaoyun had always been very kind.

Ye Mo was a bit lost as though remembering the days he was with Mu Xiaoyun. After a while, he recovered “Tell me about how Mu Xiaoyun joined the sect and what she did at the sect.”

Guang Jie agreed and recounted the process of Mu Xiaoyun joining the sect in detail. When Mu Xiaoyun came to the continent, she encountered the sect members intake. She had joined a sect once before and knew that joining a sect in this strange place could get her protection. She was lucky to be chosen by the sect as she was a pure wood spirit root. She was treated like a treasure.

Mu Xiaoyun didn't defy everyone's hopes and soon ascended to the immortal realm becoming the second most talented person on the continent in a thousand years. Mu Xiaoyun's master, Guang Jie's martial sister ascended to the immortal realm decades ago.

Hearing Mu Xiaoyun's glory on the continent, Ye Mo felt happy for her. He got up and bowed to Guang Jie "I'll thank the sect for Xiaoyun."

Qian bei, I don't care to accept this." Guang Jie quickly got up. Even an idiot, could tell that Ye Mo was close to Mu Xiaoyun.

She suddenly remembered her martial sister say that Xiaoyun was looking for her husband. Was this Ye Mo Xiaoyun's husband in the mortal realm? How was this possible?

"No, you deserve it. Xiaoyun is my wife. I'm very grateful that Lotus Glory sect cared for Xiaoyun. I will go visit the place Xiaoyun lived at after this and then set up a sect protection formation that even immortals can't break open for the Lotus Glory sect." Ye Mo said seriously.

"Huh..." Guang Jie was dazed. Ye Mo was indeed Xiaoyun's husband but what did he say afterwards? He would set up a formation that even immortals can't break through? Was he stronger than immortals? How was this possible?

Guang Jie was struck by huge bliss. The nearby truth realisation states heard this. Ye Mo said he would set up a sect protection formation that even immortals can't break. This meant that Ye Mo was at least an immortal and not an ordinary one.

Realizing this, everyone looked at Guang Jie was envy. When Ye Mo went to the sect, anything he took out would make the already very strong Lotus Glory sect even stronger.

Thank you qian bei..." Guang Jie woke up. She was a little dazed from this huge bliss.

"Don't call me qian bei. Xiaoyun is Lotus Glory sect's disciple, just call me Ye Mo." Ye Mo sighed.

Ye Mo glanced around at the extremely respectful cultivators and thought before saying “Everyone probably knows I’m from the immortal realm. I actually came down by accident. I have a sect in the immortal realm called Mo Yue Immortal Sect. If you guys have nowhere to go in the immortal realm, you can come to my Mo Yue Immortal Sect.”

“Thank you, Ye qian bei.” The rest of the truth realisation states got up in joy and bowed to Ye Mo. Only after they reach the immortal realm would they know what Mo Yue Immortal Sect meant.

Ye Mo didn’t stop them this time. He intentionally said this to help Lotus Glory sects get some allies. He believed that after saying this, even if some sects were jealous of Lotus Joy sect, they wouldn’t join up against them.

“By the way, I brought two friends over. One is called Hao Qiongying and her brother is called You Heyi. Take them here. After I’m done with things, I need to leave Shen Qiong continent. After I do, take them into your sect.” Ye Mo said.

“yes, Ye...qian bei...” Guang Jie hesitated and still called Ye qian bei. Then, she flew off the main stage and went to find the two.

When Ye Mo said he was looking for Chi Wanqing, a pretty woman at a distant square looked dazily at Ye Mo. Her face was pretty but couldn’t resist the corrosion of time. She looked down and rubbed her eyes before slowly walking out.

Chapter 2073 News of Chi Wanqing

She recognized Ye Mo but she felt she didn’t have the face to see him. Mu Xiaoyun, who came to the Shen Qiong continent with her, was extremely famous but she couldn’t even join a sect, she didn’t think about finding Xiaoyun as she didn’t have the face.

Grandma Feng took Xiaoyun to the teleportation formation in that hole not because of good will. If Ye Mo didn’t give Xiaoyun a protection measure, she would’ve been killed by elder Feng.

Grandma Feng was the backup of Ice Lake and her elder. As the sect leader of Ice Lake, she couldn't avoid things. Regardless she had great relations with grandma feng. Grandma Feng pretty much died to Ye Mo's hands. Regardless, she didn't want to see Ye Mo nor think of the past.

She was also sad thinking about the martial brothers and sisters that got lost coming to this world. She was pretty much alone in this world.

Yilan, the tournament isn't over yet. Where are you going?" A female cultivator who looked older than Ji Yilan stopped her.

"So what if it ended? So what if it didn't? I've thought it through. I have no chance entering the Shen Truth spirit grounds. I might as well leave." Ji Yilan sighed.

Ye Mo could probably see her with spirit sense but he wouldn't be able to recognize her but staying here made her feel bad.

Guang Jie took the excited Hao Qiongying and You Heyi over. Before Guang Jie said anything, Hao Qiongying was extremely thankful. Ye Mo left her with top grade spirit stones and extreme grade spirit artefacts. Now she was taken into nine star sect Lotus Glory sect and became the personal disciple of the truth realisation state elder Guang Jie. This was an honor amongst honor.

"I've already taken the two to be my personal disciples, please rest assured qian bei." Guang Jie said.

The rest of the truth realisation state saw this and all came congratulate. They even took out gifts to Hao Qiongying and You Heyi.

The discussion was heated. There were people managing the stages so these truth realisation state surrounded Ye Mo and asked all sorts of questions.

After two hours, Ye Mo no longer had the mood. There was no news about Chi Wanqing.

Just when Ye Mo was about to leave a truth realisation state level nine got up and bowed “Ye qian bei, why don’t you wait two days here. I’ll publish the search for goddess Wanqing. I believe as long as she once appeared on this continent she would be found.”

Ye Mo thought about it and nodded “okay, I’ll wait another two days.”

Ye Mo needed another month to scan his spirit sense over the entire continent.

Two days later, there was no news of Chi Wanqing but Gong Hong came to see Ye Mo alone. When he came up and saw the tens of truth realisation states could only sit on Ye Mo’s side, he knew that Ye Mo was very extraordinary.

“Duan Ganyuan didn’t come?” Ye Mo asked.

Gong Hong quickly said “After he handed over the saved female cultivators, he left. He didn’t resist so I didn’t kill him.” Ye Mo nodded “That will do, thank you.”

“It’s an honor to do things for qian bei, is there anything else qian bei needs me to do?” Gong Hong asked.

“Nothing else but any cultivator crawled up from the bottom. It’s true that power is everything in the cultivation realm but Xin Hai city is yours. Helping out ordinary cultivators is also adding a line of hope for your dao.” Ye Mo said.

Ye Mo didn’t bullsh*t. As a Dao Moulding Divine Emperor, he knew that dao vindication wasn’t just about carnage and power. When everything you did came from the bottom of your heart and you could face it, then you can talk about dao vindication. Otherwise, you can only vindicate dao through other means and vindicate small dao.

“yes wan bei will remember this.” Gong Hong answered.

After Gong Hong left, Ye Mo got up and saluted with his fists to the truth realisation states “I’m going, if you guys have any news of Chi Wanqing, please send it to Lotus Glory sect.”

Then, Ye Mo took out tens of low grade defense immortal artefacts and said “I have some low grade defense immortal artefacts, take one each.”

These were really useless to Ye Mo. His body was much stronger than low grade defense immortal artefact but this was the cultivation realm. Anything immortal artefact was the best. Plus, it was difficult for truth realisation state to use top grade immortal artefacts.

The reason he took out defense immortal artefacts was because he didn’t want to take out a bunch of offensive immortal artefacts and cause rivers of blood.

Seeing Ye Mo take out this many immortal artefacts in one go, how could the truth realisation states not be happy.

They all got up to thank Ye Mo. Many 9 star sects didn’t have an immortal artefact. These immortal artefact could immediately be taken back as the sect protection treasure.

At this moment, a messenger flying sword landed in a middle aged truth realisation state. That truth realisation state looked at it and immediately sent the message over to Ye Mo in surprise and joy “Ye qian bei, there’s news of Wanqing goddess.”

Ye Mo grabbed the message in excitement and scanned this message quickly. He soon got news of Chi Wanqing. She was at a place a few million miles away called Tup Mi town. There was a golden core state female who said she knew Chi Wanqing. The distance was too far so she asked if Chi Wanqing should be brought over or if Ye Mo would go over.

Ye Mo quickly put the messenger flying sword away and said to the middle aged truth realisation state “Thank you very much, do you have a map?”

The truth realisation state forced down his excitement and took out a map jade slip and marked a line and then passed it to Ye Mo “I’ve marked the location of the Tuo Mi town. Qian bei just needs to go that way.”

He knew that the reason Ye Mo asked for the map was to help him.

Ye Mo glanced at the map and said to Guang Jie "I'm going to find my friend. I'll come to Lotus Glory Sect after. Goodbye for now."

Then, Ye Mo said goodbye and his figure dimmed down.

There was disappointment in the truth realisation state's eyes. Ye Mo didn't leave him anything but before he finished the thought, Ye Mo's voice sounded by his ear "I've left some things in your storage ring, good luck."

The truth realisation state quickly scanned his spirit sense into his storage ring. There was 100 crystals with extremely dense immortal spirit chi. Just scanning his spirit sense through these immortal crystals made him feel his cultivation level about to break through.

His heart skipped crazily. This was definitely immortal crystals and there were even immortal pills and a good flying immortal artefact next to it.

He made it! He suppressed his joy and wanted to immediately take out these things and check them one by one. But he knew that Ye qian bei didn't give it to him straight away to protect him. If he took it out now, he would be an idiot.

Tuo Mi town was extremely far and didn't have a lot of spirit chi. It was a gathering place for solo cultivators. They were gathered here because of Tuo Mi mountain ranges. It ranged for a few million kms and had many ancient ruins inside.

Many ancient cultivators liked to go here for solitary cultivation and many people couldn't come out. There were also all sorts of spirit beasts and spirit herbs. If you were lucky you could even find one or two spirit ranges. That's why this place was so attractive to solo cultivators.

Of course, there was more dangers inside. The ranges wasn't very long for high level cultivators but rarely could people cross the entire mountain range. Even the top flying magic artefact can't safely fly past the depth of the ranges. Plus, ordinary magic artefact can't even fly in the depth.

In an ordinary spirit rest tower, a light green robed woman sat in a corner in anxiety. She didn't dare to leave as the Duan Kong ling island people told her to wait here for a very powerful qian bei.

Chapter 2074 Nightmare

"Liu Zhai, I have a good deal here, do you want to take it?" A sharp voice sounded by the green robed female cultivator's ear. The person talking was extremely robust. If one didn't hear his voice, one would never believe such a man spoke this sharply.

This female cultivator looked at this man and shook her head "Brother Chao, I won't go. I have other things, you gusy go first."

Brother Chao laughed "Liu Zhai, just listen to me. There's nothing more important than this."

"I said I've already arranged to meet someone." Liu Zhai frowned.

The male cultivator asked "Who did you arrange to meet? I'll help you push it off."

"She arranged to meet me." Ye Mo's voice sounded.

Hearing this, Liu Zhai immediately stood up in shock. She got news that Ye Mo was more than a few million kms away. There was no way he was here in such a short time. If what the people from Duan Kong ling island said was true then this qian bei was too scary.

"Who the fuck are you..."

The Chao guy just said these words and felt his body go light. Then, he was thrown out. When he landed he found he was face down on the ground in a small gulley outside the town.

He got up in terror and quickly released his flying magic artefact and fled. He didn't dare to come into this town again. This person easily threw a golden core state peak stage like him out of the town. What power was this? he had never heard of such master.

“You’re Liu Zhai?” Ye Mo suppressed his excitement and set up a sound barrier restriction as he sat opposite her.

Yes, qian bei, wan bei is Liu Zhai.” Liu Zhai resisted her shock and terror. Ye Mo easily threw Chao Wenming out. Such power was unheralded.

“I’m Ye Mo, I’m Chi Wanqing’s friend. Tell me where she is?” Ye Mo asked. Liu Zhai looked experienced. Her look was ordinary but her eyes were extremely pretty.

Liu Zhai showed a disappointed look and bowed “So qian bei is Ye Mo. Wanqing had mentioned qian bei more than once. She said she came to find qian bei but she never was able to. Sigh...”

Seeing this, Ye Mo’s heart sunk. He had a bad feeling. “Liu Zhai tell me where she is now?”

“Wanqing had been with me. We’ve been striving in Tuo Mi mountain ranges. It’s tiring but we both reached golden core state. Wanqing’s talent was much better than mine. If she didn’t use most of her earnings to buy face preserving pills, she might even be hollow spirit state now...”

Ye Mo really wanted to listen to Wanqing’s experiences but he still interrupted Liu Zhai and said “Tell me this later, where is she now?”

“Wanqing, is gone...” Liu Zhai felt Ye Mo’s desperation and worry. Suddenly, she felt Wanqing didn’t wait for nothing.” “What?” Ye Mo’s face went pale and even his head became a little dizzy.

He could long feel Chi Wanqing’s feelings for him at the forest in the border. When he heard that Chi Wanqing came out of the Xin Jia mountain teleportation formation, Ye Mo guessed that she was probably looking for him.

When he saw Su Jingwen, Su Jingwen was almost dead. But he didn’t have that much luck this time.

Liu Zhai sighed and said sadly “Fifty years ago, Wanqing and I joined up to search a ruin but we saw an almost level seven one eyed wolf. We fled and got lost in the ranges.

When we woke up, we had come to the most dangerous part of the ranges, Tuo Mi Snow Plateau. Wanqing died there. My capabilities were limited and I couldn’t even bring her body back...”

Ye Mo clenched his fists. He felt he owed Chi Wanqing. If it wasn’t due to him, Chi Wanqing wouldn’t die in a foreign place, she would age and die like a normal person on earth with her family.

He thought of the snowy day he saw Su Jingwen. Did Chi Wanqing feel lonely roaming here alone? Did she hope to get home before she died?

At this moment, she felt the terror and loneliness Chi Wanqing had here.

Liu Zhai could feel Ye Mo shaking. She could even feel Ye Mo’s chi become unstable. Just when she wanted to persuade Ye Mo, she felt a chaotic chi strike her chest and she couldn’t resist, spitting a mouthful of blood.

Ye Mo suddenly woke up and quickly collected his chi and took out a pill to her “Sorry, I lost control.”

Liu Zhai forced a smile “It’s okay.”

Then, she ate the pill Ye Mo gave her but she was more shocked at Ye Mo’s power. What cultivation level was this? Just a casual chi flowing out from him seriously injured her.

When she ate that pill, all her injuries were gone and even the pill poison piled up in her body disappeared. All her previous subtle injuries were gone. She was truly shocked. What pill was this? It was definitely beyond level nine spirit pill.

Seeing Liu Zhai calm down, Ye Mo asked “Liu Zhai, how did Wanqing die?”

Liu Zhai recounted “We were lost in the Tuo Mi Snow plateau. There were avalanches and snow ditches everywhere.

We couldn’t release our flying magic artefact nor use any mobility technique. We had to carefully find our way out. However, Wanqing misstepped and was devoured by the snow whirlpool. In my sorrow I knew there was nothing I could do other than keep walking out. Perhaps I was destined to not die. When I got out of the snow plateau I saw a disaster transformation state qian bei and he took me outside the mountains ranges.”

Ye Mo suddenly got up and said “Liu Zhai please take me to that snow plateau. I will definitely pay you back.”

“huh...” Liu Zhai dazed. Even if Ye Mo was truth realisation state, he would be in danger to go there.

“I promise you you won’t get hurt.” Ye Mo added.

Liu Zhai immediately said firmly “I went in there with Wanqing and I came out alone. Even now, I still miss here. What do I have to fear going there again?”

“Okay, let’s go now.” Ye Mo immediately got up.

Liu Zhai stood on the Blue Moon and felt Ye Mo was very extraordinary. This flying magic artefact fused into the void and left no trace. What flying magic artefact was this?

Ye Mo released Blue Moon to get there faster. Blue Moon was the top flying immortal artefact even in the immortal realm.

It used less than five minutes to get to the Tuo Mi Mountain ranges and this was Ye Mo purposely slowing down.

The mountain ranges twisted and turned. It was boundless. Even though Liu Zhai stayed here for a few hundred years, she couldn’t recognize any corner.

But with Ye Mo, she didn't need to worry about being ambushed by spirit beasts. She soon found the path she entered the ranges with Chi Wanqing.

Liu Zhai's heart skipped fast. This was her first time seeing someone could fly in the Tuo Mi mountain ranges.

"Qian bei, we need to go down or I won't be able to know the way." Liu Zhai said.

Ye Mo nodded and got off Blue Moon.

Liu Zhai didn't go fast but she didn't forget the path.

Half a day later, Liu Zhai stopped at a spot where a few valleys were entwined and pointed at a valley "Ye qian bei..."

Ye Mo interrupted her "Liu Zhai, you're friends with Wanqing so we're friends. Don't call me qian bei call me brother Ye."

"Yes brother Ye." Liu Zhai said.

"What were you going to say?" Ye Mo asked.

Liu Zhai quickly continued "Brother Ye, we accidentally came here before and saw a wolf that was almost level seven. It was due to that wolf that we were forced into the snow plateau."

Ye Mo stared at the valley and his eyes went cold and sharp.

Chapter 2075 Void Pin

Ye Mo's spirit sense just scanned in and a tall dark grey figure appeared in his spirit sense.

Grrr.

“That’s it, it’s already level seven...” Although Liu Zhai knew that Ye Mo was probably not scared of this level seven wolf, she was still nervous.

The wolf looked 3 meters tall and only had one eye that shot out dark red beams.

The eye didn’t charge over as Liu Zhai thought, instead, it stared at Ye Mo carefully clearly sensing Ye Mo wasn’t ordinary.

Ye Mo suddenly grabbed at his side. A huge rock shot into Ye Mo’s hands. The wolf subconsciously retreated a few meters but it soon stopped as though feeling that even if Ye Mo threw the rock at him, it wouldn’t affect him at all.

Liu Zhai also stared at Ye Mo in shock. She didn’t understand why Ye Mo grabbed the stone. Could stones kill a level seven spirit beast?

Ye Mo ignored her and threw out a ball of flame. The huge stone was instantly turned into ten rock spears.

When Liu Zhai’s spirit sense scanned the five rock spears, she opened her mouth wide in shock. Those spears were already spirit artefact. Was her eyes blind? If any rock on the side of the road could be turned into spirit artefact in the matter of seconds, then spirit artefacts would be all over this world.

The wolf clearly wasn’t dumb. When it stared at the spears, instant second eyes instantly narrowed. At the same time, he turned.

But then, the wolf saw that it couldn’t even more much less turn. It had some intelligence. The dark red was gone in instant second eyes. Instead, it was filled with horror. It kept making whimpering sounds as though begging for mercy.

Ye Mo's five spears suddenly shot out. The wolf seemed to have been pulled up into the air as the five spears penetrated it in the air. There was no support, the five spears just pinned the wolf in the air.

Blood fell along the spear tip to the ground. The wolf howled in pain.

Liu Zhai forgot to even talk. She guessed that the wolf would be no match for Ye Mo but it couldn't even resist at all and was nailed in mid air.

Even truth realisation state qian bei wouldn't have such crazy acts. Why didn't that wolf fall, where was the five spears locked on to?

Ye Mo suddenly said "Once your cultivation reaches a certain level, any void can be seen. If you're willing you can tear open void and head to another void. It's too early for you but sooner or later you will understand. Let's go now, take me to the snow plateau. This wolf hunted Wanqing, it can wait to die."

"Yes." Liu Zhai didn't understand what Ye Mo said at all.

But she knew Ye Mo's power was probably beyond some truth realisation state peak stages.

Seeing this, Liu Zhai felt more secure and she sped up. Even so, Ye Mo felt she was too slow. He couldn't calm down before he found where Chi Wanqing went missing so he put his hand on her waist and said "You point the way, I'll take you."

Liu Zhai had been alone all these years and had never had a man hold her waist. When Ye Mo held her, her body went tense but she soon understood that Ye Mo wasn't trying to take advantage of her.

With Ye Mo's help, they sped up quickly. Liu Zhai felt that as long as she pointed the way, she could fly in the ranges and she didn't encounter a single spirit beast nor those gravity whirlpools.

As Liu Zhai got used to this speed, she felt Ye Mo send her essence chi. That slightly warm essence chi went into her meridians picking up her speed and make her feel something else.

This feeling became more and more real as she flew. Eventually she felt her legs go soft and breathing become heavier.

At this moment, a boundless snow plateau appeared before them. Ye Mo let go of Liu Zhai and asked “Is this the snow plateau?”

Liu Zhai stumbled and almost fell to the ground but she quickly covered this up and said awkwardly “Yes, it’s here. This is the border of the Tuo Mi snow plateau. We went in from here and went straight. After about half a day, Wanqing was swept away by the snow whirlpool.”

Liu Zhai calmed down and there was a sliver of sadness in her tone.

Ye Mo nodded and took out a cultivation home magic artefact “Stay in here and wait for me. I’m going in to find Wanqing. Remember, even if level nine spirit beast or truth realisation state cultivator comes, they wouldn’t be able to do anything to you as long as you don’t leave this cultivation home.”

“I understand.” Liu Zhai said.

Ye Mo gave her a storage ring “There’s some spirit stones and pills. You can break through to nascent soul here. No one will disturb you.”

“Huh...” Ye Mo had dashed into the snow plateau already. The pills inside were made by small ginseng. Small ginseng couldn’t concoct immortal pill but could concoct some spirit pills.

As for outside the cultivation home, Ye Mo set up an immortal formation for recognizing Liu Zhai’s chi.

Seeing Ye Mo disappear, Liu Zhai shook her head. Ye Mo’s cultivation level was top level but he didn’t understand how hard it was for low level cultivators to reach nascent soul. It wasn’t just a matter of spirit stones.

But she was hopeful of Ye Mo’s storage ring. When she scanned her spirit sense in, she almost dropped the storage ring. This storage ring was too insane. There was a bottle of Cao Huan pill. That was a grade

one heaven pill. Cao Huan pill was used to break through to nascent soul. Even one would need her to work for countless years but there was an entire bottle here.

Nascent essence pill, Blue Carrot Pill, Hollow Meridian Pill, Break Spirit pill...

She was completely dumb and even forgot there were stacks of spirit stones. With this many cultivation resources, she didn't need to stay at Tuo Mi mountain ranges.

Yea, break through to nascent soul. Liu Zhai couldn't resist it anymore and quickly got ready for solitary cultivation.

The Tuo Mi snow plateau had boundless snow peaks, snow ditches and cliffs. The bigger danger here was gravity. Even truth realisation state can't fly here. If one sunk into a snow whirlpool, he would have to climb up slowly.

When Ye Mo charged into the plain, his spirit sense spread out all over. His spirit sense had recovered to 50,000km range. If his spirit sense completely recovered now, he would grab this entire snow plateau and melt it.

A few million km of snow was no bigger than a palm for a Dao Moulding Divine Emperor.

"Hmm..." A pretty woman saw Ye Mo dashing around in the snow plateau. Next to her was a handsome male cultivator. They stood there as though there was no danger. Clearly, they were truth realisation state.

"This person's power is so high. He can walk like he's flying..." The handsome male cultivator exclaimed.

"Huh, martial brother Jiaqing. He went into the snow plains..." The pretty woman said in amazement. But soon, Ye Mo dashed into a snow valley and disappeared from their spirit sense.

Ye Mo saw the two truth realisation state but he didn't care.

With Ye Mo going around so quick, snow mists, avalanches and whirlpools increased. Even these two truth realisation states had to move away from Ye Mo's place.

Youyi, let's go, it's probably a truth realisation state peak stage master." The handsome man said.

The female shook her head "Wait, I want to see such master."

The man cared about the woman a lot and said nothing.

Chapter 2076 I'm Really lonely

Ye Mo searched in a larger and larger area on the snow. He didn't want to give up any corner. Two days' time, Ye Mo had never relaxed at all. He even set aside recovering.

Youyi, let's go. This person has been searching underground for two days." The male cultivator said but they were resting in a cultivation home magic artefact.

Youyi frowned and said in annoyance "Martial brother Jiaqing, you can go first, no need to wait for me."

Seeing that the female cultivator was really angry, Jiaqing quickly apologized and didn't dare to say anything anymore.

Ye Mo stared dazily at the bottom of the valley where it was ice on all sides. He was shaking. Ever since he cultivated, it was his first time he felt so powerless. He couldn't even make a step out.

Three meters in front of him was Chi Wanqing sitting with her eyes open. She seemed to be saying something but her body was now lifeless.

Ye Mo struggled and knelt on one knee in front of her and touched her face. Her looks looked exactly the same as before.

Ye Mo suddenly felt there was something stuck in his throat. Chi Wanqing still looked the same clearly because she didn't freeze to death.

When she fell in here, she probably knew that she would never be able to go out and knew cultivation was impossible down here. She would eventually freeze to death by this icy cold so she ended her own life at her prine and used her life force to preserve her face.

Ye Mo remembered to the time when he first saw her.

“Brother Ye... I'll take it off myself, I didn't bring pants...”

“Brother Ye, I want to ask you to help me with something...”

She wanted to help him find a job but was scared she would hurt his self esteem.

“No, the next time I see it I will still stop it. If you're poisoned, it would be over but if I'm poisoned perhaps you can save me.”

“Brother Ye, I don't understand these things. You saved me, I just don't want you to be bitten by the snake. If it happens again I will still do the same...”

The scenes with Chi Wanqing gradually cleared up in Ye Mo's mind. He couldn't give her what she wanted. Ye Mo's hands slowly caressed Chi Wanqing's hair and his eyes fell on the wall next to her.

There were some words “If you find me here one day please take me back to see my parents and then place me next to where you live. That way I can see you everyday.

If one day you really came to see me, do you still remember the hairbrush I gave you? I've always hoped you could brush my hair with that brush... If you came, I want to tell you that I'm really lonely...”

Ye Mo felt the tip of his nose go sour. He suddenly realised he owed her this much without him even noticing.

He felt Chi Wanqing's painting like beauty. How could Ye Mo not know that Chi Wanqing preserved her looks for him. She trusted that he would be able to find her one day.

Ye Mo took out a wooden brush. There was still a phone number on it. Chi Wanqing left it for him. he picked the brush up and carefully brushed Chi Wanqing's long hair.

His movements were dumb as he rarely did this but he tried to be gentle. Ye Mo finally couldn't hold it anymore as his eyes teared. The tear fell on Chi Wanqing's black hair.

At this moment, he suddenly realised that even though he vindicated dao, he still couldn't see his own emotional world straight.

Chi Wanqing closed her eyes slowly as though her final wish had been fulfilled.

"Wanqing..." Ye Mo said, he could feel his hands shake heavily.

"I'm really lonely..."

Ye Mo could imagine how lost and alone she was when she wrote this down.

Ye Mo suddenly felt very grateful to Liu Zhai. At least when Wanqing was striving on here, Liu Zhai accompanied her. Sometimes, death wasn't scary but that endless loneliness and yearning was a tortuer for Chi Wanqing.

"Wanqing, you can stay with me no matter how long."

Ye Mo took out the chaos tree. He knew that even this tree couldn't revive her but he still said to chaos tree "I want to borrow a branch of yours. Wanqing did this for me. No matter what the future is, I hope there is a tree of life branch with her forever."

As though understanding this, the chaos tree wobbled then a 20cm branch fell into Ye Mo's hands.

Ye Mo carefully placed this branch in Chi Wanqing's hands.

Only now did he find a small lump next to her which had an icy tablet "Little Wolfs Tomb."

Ye Mo saw this and felt sad again. Wanqing had no friends coming to this continent, only the little wolf he gave her and now it was dead too.

Ye Mo carried up Chi Wanqing and stood for a long time before waving his hand a few times.

As he moved, the entire valley and icy wall was brought up and completely put into the golden page world.

With this large area being taken away by Ye Mo, the entire plateau erupted. Avalanches set off like crazy as snow whirlpools were created.

That female cultivator stared at this chaotic snow plateau in shock "Just what is he doing? Why did it cause such a big commotion?"

At this moment, she and the man quickly retreated. Even though they were truth realisation state, they couldn't do anything in this situation.

Before the male cultivator could answer, a figure howled as he charged out of the snow.

"He's carrying a female cultivator." The truth realisation state man finally saw clearly. However, there was a female cultivator in his hands and she seemed lifeless.

"Such power." The truth realisation state stared at Ye Mo in shock and fervor.

The entire snow plains was raging like a storm but Ye Mo stood just 100 meters above the snow wave unaffected at all. "He can fly on the Tuo Mi snow plains?" The man was shocked.

"The female cultivator is lifeless but the branch in her hands emits life force like I've never seen before. Perhaps the entire cultivation realm doesn't have something as good as this." Youyi finally moved her eyes from Ye Mo.

She admired and liked those young and powerful cultivators and liked unique treasures even more.

Chapter 2077 Divine Dao Rebirth

The long howl stopped but the snow waves didn't.

The sky seemed to have been invaded by this rolling snow and affected by Ye Mo's melancholic mourn. It started to snow.

Ye Mo stood and didn't move until lightning howled over from the distance. He suddenly woke up and carefully put Chi Wanqing under the bitter bamboo. When he left the mountain ranges, he would make the prettiest place for Chi Wanqing to stay.

There was a Luo Yin in the golden page world too. He was planning to give her back to her sect to her brother.

But Chi Wanqing was different. He knew her feelings and she was going to stay with him in the golden page world forever.

It was because of this that he planned to use the best materials to build a place for Chi Wanqing. He would plant flowers around it personally. He knew her soul was gone but he put a branch in her hand just so her life force can be forever preserved hoping that one day the tree of life's life force would see into her body.

After sending Chi Wanqing into the golden page world, he looked at the direction of the lightning. He guessed that Liu Zhai was having her divine damnation.

Ye Mo was very grateful to her for staying with Chi Wanqing. He would go protect her and ask her if she wanted to join Lotus Glory sect.

Ye Mo left the snow and as soon as he came to the border, a red figure flew over.

Ye Mo stopped. He knew these two. They were standing on the side when he was searching for Chi Wanqing.

“Martial brother hello, I’m Hong Youyi. I’m amazed by your temperament, may I know martial brother’s name?” The female truth realisation state cultivator said.

“I’m Ye Mo.” Ye Mo said plainly.

After hearing this, Hong Youyi said happily “Brother Ye, I’m really happy that I can get to know you. Do you have time, I want to ask you a few questions privately.”

Ye Mo dazed. He thought of the times Chi Wanqing called him brother. Hong Youyi’s brother was so fake but Wanqing’s brother would be never heard again.

“Brother Ye.” Seeing Ye Mo go into a daze, Hong Youyi moaned again. There seemed to be embarrassment on her face.

Ye Mo glanced at the truth realisation state male behind her. Without needing to ask, he knew that these two were probably a couple.

Seeing Ye Mo frown at martial brother Jiaqing, Hong Youyi suddenly felt that she shouldn’t have brought martial brother Jiaqing here. This might cause a misunderstanding. She quickly turned around and said “Martial brother Jiaqing, go out first. I need to talk with brother Ye.”

There was a sliver of disgust in Ye Mo’s eyes. He felt this Hong Youyi was so fake. She was indeed pretty but he disliked such woman the most.

Ye Mo actually misunderstood this Hong Youyi. She really liked Ye Mo on first sight but she was like this to any handsome powerful male cultivator, even the martial brother Jiaqing next to her. If she saw anyone better than the one she was with, she would immediately like that person.

Seeing Ye Mo was stronger than her partner, she immediately wanted to switch.

Youyi..." The male cultivator didn't want to leave but was scared of the female cultivator and called out timidly.

Hong Youyi frowned and said "Why do you always follow me?"

"What do you want with me? Just say it here?" Ye Mo forced his temper down.

"Brother Ye, I, I want to talk to you alone..." Hong Youyi blushed. She felt that everytime she changed a guy, it was a new love experience. She loved this feeling.

"Piss off." Ye Mo sneered and couldn't be bothered talking to this Hong Youyi.

"You..." Hong Youyi's face went pale as snow. She was pretty and had powerful background. No one has ever dared to say piss off to her.

Seeing Ye Mo leave, she came to her sense and called out to that martial brother Jiaqing "Hurry up and bring him here and teach him a lesson. Hurry."

"Huh, but, but..." Jiaqing was a truth realisation state but he grew up without facing the harsh world. He didn't feel Ye Mo did anything wrong. Plus, he didn't feel he was a match for Ye Mo.

Seeing martial brother Jiaqing not move, Hong Youyi sneered "Okay, from now on, we..."

"No, I'll go immediately." Martial brother Jiaqing dashed and chased away at Ye Mo.

Ye Mo just stared at this truth realisation state and said “Are all the female cultivators on Shen Qiong continent dead? You actually like such a trash.”

Then, Ye Mo disappeared.

The truth realisation state dazed there thinking about what Ye Mo said.

In the depth of the mountain ranges, there was a furious howl that was extremely powerful. The intense killing intent interrupted the man’s thoughts. He looked at the depth of the Tuo Mi mountain ranges in terror “How is the level 10 wolf king startled?”

In the endless void between the immortal realm and cultivation realm, an ordinary asteroid suddenly cracked. Endless flames erupted from the asteroid and a completely naked man stood in the flames.

“Everyone thought I would gather my soul in the immortal realm but I think you guys didn’t expect me to be reborn in flames between the immortal realm and cultivation realm. You guys aren’t enough to kill me, Truth Divine emperor.

Just wait for me to go find you one by one, hahahaha...” The man laughed.

This man was Truth divine emperor. He never died. His body just crippled. He knew the other divine emperors wouldn’t let him rebirth so easily so he gave up a strand of soul creating countless ghost ships in the immortal realm void.

Meanwhile, he used a rune to leave the immortal realm and cultivate divine dao rebirth in the void.

He had long gotten this cultivation method but he couldn’t make up the mind to cultivate it as in order to cultivate this, one must give up his original power and body.

That time, he was ambushed and his body crippled. This made him make up the mind to cultivate this cultivation method. Even so, he still set up all sorts of other things to make the other divine emperors

think he just wanted to gather his soul and rebirth. He even threw most of his things in a cultivation realm.

After rebirth, he realised how terrifying this divine dao rebirth was. His body was rebuilt and he already had power equal to that of his prime. Once his cultivation level stabled, he would be easily able to break through to Dao Actualisation Divine Emperor.

He waved his hand and grabbed a few asteroids. They were soon turned into a set of clothes.

“Hmm, how is my immortal carnage tower in the immortal realm?” Truth Divine emperor immediately sensed the tower in Yimo’s hands.

His tower was spirit controlled. Luckily he left marks in there.

The tower was extremely important to him. He immediately wanted to go take it back but the instant he moved, his face changed again and he murmured “The chaos tree chi actually appeared in a cultivation realm.”

He laughed hysterically again “The chaos tree chi is actually in the cultivation realm, haha...”

He was certain that other people could feel it too but by the time he went to the cultivation realm and took the tree, other people were probably thinking about how to head to the cultivation realm.

Chapter 2078 Roaring Wolf King

When Ye Mo saw Liu Zhai, she had already passed her final divine damnation. Although her armor was smashed apart, Ye Mo gave her a few extreme grade spirit artefact so she had minimal injuries.

Liu Zhai just quickly stabilized her cultivation level and came up to Ye Mo. She was filled with joy. She had always dreamed of reaching nascent soul and now it was realised.

“Brother Ye, thank you.” Liu Zhai couldn’t express her joy.

“Congratulations, Liu Zhai change your clothes and then we’ll go out.” Ye Mo felt happy for her too but he really couldn’t bring up his mood.

Liu Zhai thought of what Ye Mo went to do and subconsciously asked “Brother Ye, did you find Wanqing?”

Ye Mo nodded “Yes, thanks for telling me about her.”

Seeing Ye Mo’s look, Liu Zhai knew that Wanqing was probably no longer alive. She said in self reproach “Sorry brother Ye, I wasn’t able to find her.”

“This has nothing to do with you.” Ye Mo said sadly.

Liu Zhai wasn’t able to help Chi Wanqing at all. Those who could help Wanqing from down there had to be at least disaster transformation state tertiary stage and must have some luck.

Liu Zhai silently went in and changed her clothes but Ye Mo’s thoughts were focused.

Liu Zhai soon changed her clothes and came out of the cultivation home mansion. Just when Ye Mo was going to put it away, he felt something wrong. His cultivation home magic artefact was attacked from the outside. He set up immortal crystals and the level was very high so the attacks didn’t do much to the formation. He didn’t believe Liu Zhai would attack the place she cultivated.

“Liu Zhai, did someone come and attack here?” Ye Mo immediately asked.

“No, I had been cultivating inside. I didn’t feel any attacks.” Liu Zhai said.

Ye Mo knew she was in solitary cultivation and didn’t sense the attacks from outside. His formation was too high level. Even if a truth realisation state primary stage came to attack it, the people inside wouldn’t be affected.

“Was this place attacked?” Liu Zhai asked.

Ye Mo nodded “yes, definitely but the formation’s level is too high and the attacker didn’t open it so he left. He probably went back for him. We can ignore him, let’s go out first.”

There was another roar with fury. The depth of the Tuo Mi mountain ranges swept over a rotting scent.

“Brother Ye, it seems to be the level 10 Tuo Mi mountain ranges wolf king...” Seeing that Ye Mo didn’t seem to hear it, Liu Zhai said shakily. The level 10 wolf king was very powerful. It’s said even a few truth realisation state level nine can’t kill it.

Ye Mo released a flying magic artefact and said “It has nothing to do with us.” He wouldn’t even care about a level 10 immortal beast much less a level 10 spirit beast.

“Wait brother Ye, I think the one eyed wolf we killed before might be related to the wolf king...” Liu Zhai said worriedly.

“One eyed wolf?” Ye Mo immediately thought of the wolf he killed. The fury in his heart immediately found a venting point.

If it wasn’t for that wolf, Wanqing wouldn’t be lost in the snow plains. Now that there was a beast coming out to avenge the wolf how can Ye Mo show mercy.

“Wait.” Ye Mo said and disappeared.

Ye Mo used a transmission and came to the valley he killed the wolf at a few days ago. The wolf pinned in the air was gone.

“You have some power, you actually took the body away.” Ye Mo sneered and flashed back to Liu Zhai.

“The wolf I killed is taken away. It’s probably by a high level spirit beast in the depth. I didn’t even go to them and they actually come to me. I’m going to go check, how about I send you out first.” Ye Mo was going to annihilate this wolf family.

“Brother Ye I’ll go with you even though I can’t help much. If you don’t think I’m deadweight...” Liu Zhai said.

Ye Mo said “Okay, let’s go see that roaring wolf king.”

“Qian bei, it’s there, the border of the Tuo Mi plains. I saw a very high level cultivation home. Even when I attacked the defense formation with full power, I couldn’t open it. I suspect that the cultivation home showed because a stealth formation was broken.” A brown robed cauldron filling state said to the two truth realisation states behind him.

He was full of bitterness. He found this cultivation home and realised he couldn’t break open it so he immediately sent a messenger flying sword wanting to ask for help. However, his message was seen by a truth realisation state qian bei and now, he had to lead the way for the truth realisation state qian bei.

“Just lead the way. If what you’re saying is true I have good things to give you.” The grey robed truth realisation state said expressionlessly.

“Yes, yes...” The cauldron filling state nodded shakily.

Just when he said this, a powerful roar sounded. The cauldron filling state’s face changed and immediately stopped. The two truth realisation states behind him also stopped.

Soon, they saw two young truth realisation state charging out. Their eyes were filled with anxiety.

“Dao friends, what happened? Why is the wolf king out?” The grey robed truth realisation state asked.

Suddenly, there was huge space ripple. A three meter tall dark faced man stood before them.

“A few mere truth realisation states dare to kill my wolf race. Die.” The man waved out thousands of wind blades forming space bindings that bound the five. The four truth realisation states immediately released their defense magic artefact and their domain before breaking free and retreating.

If it was outside, these truth realisation states wouldn't have such low hand of the battle but in here, the gravity was strong and the dark faced man had the advantage.

The cauldron filling state was torn to pieces.

“You're the wolf king of the Tuo Mi mountain ranges, you can't just attack without reason like this.” The grey robed cultivator said.

“So what? Can you deny that humans killed our wolf race? You guys are getting bolder and bolder. You dare to kill my wolf race.” The man's force was very powerful.

“You're wrong. I killed that wolf. I never denied it. I just checked. Someone moved the body of the wolf I killed. That person is quite bold.” Ye Mo's voice sounded.

No wonder it was called wolf king, it could morph into human form.

You...” The man saw Ye Mo bring a nascent soul cultivator over and immediately stared at him in shock. He didn't understand where Ye Mo got his confidence from.

The four truth realisation states stared at Ye Mo with uncertainty. They didn't understand why Ye Mo dared to mess with the dragon in the ocean. Hong Youyi cursed Ye Mo for being an idiot but rejoiced that Ye Mo was going to die before she attacked.

Chapter 2079 One Palm

When the dark faced man saw that he couldn't see through Ye Mo's cultivation level, he didn't speak any tough words and just sent out a messenger flying sword with a frown.

Ye Mo didn't seem to see this and stared at the two older truth realisation states.

"I set up a cultivation home next to the Tuo Mi border. Did one of you attack it and then call a partner over?"

Ye Mo's tone was calm but there was extreme pressure. The truth realisation states instantly felt that. Now, they realised why Ye Mo talked so cockily and the dark faced man sent a messenger flying sword.

"Dao friend set up the cultivation home?" The grey robed truth realisation state asked in shock.

Ye Mo sneered but said nothing. The two truth realisation states didn't dare to say anything. Hong Youyi was spoiled but she wasn't dumb. She realised how far the gap between her and Ye Mo was. She just glanced at Liu Zhai.

She didn't understand how this ordinary looking woman was favored by Ye Mo.

"Brother Ye, this dark faced man is probably the small wolf king. It's said there are two wolf kings in the Tuo Mi mountain ranges. One is big one is small. Both are very powerful..."

Liu Zhai's voice was quiet but it didn't escape the man's ears. He sneered before she finished "Not bad, that's right, I'm the small wolf king."

He then looked at Ye Mo "You killed one eyed and set up a formation making me unable to retrieve his body. I believe you're a powerful being but I want to know why you killed one eye. Although he was kicked out of the wolf king valley, he's of wolf king blood. If you don't have enough reason this thing won't end here."

The four truth realisation states heard this and couldn't help feel annoyed. They asked why the man attacked but he couldn't even be bothered replying.

But now, this little wolf king learned to reason.

Ye Mo knew that even if the stone spears were forcefully removed, the one eyed wolf'd body would split apart. No one in the cultivation realm can take away the entire body but he was annoyed someone took it.

“My friend was only golden core state and yet she was chased to the edge of the snow plains 50 years ago and died in the snow plains. Do you think I will let this go after just killing an one eye? Just as you said, this won't end here.” Ye Mo's tone was bleak.

“Haha fifty eyars ago, one eyed was level six peak stage. You're telling me that a level six peak stage spirit beast would hunt a golden core state and hunt all the way to the snow plains? Pfft, the king shall see how you won't end this here today.” The man was careful but he had been respected for a long time. Even truth realisation state cultivators didn't dare to speak to him loudly and yet he was threatened by Ye Mo like this. How could he take it?

“50 years ago, that one eyed wolf chased me and Wanqing. It wasn't very fast at the time. We used a speed rune and barely made it to the snow plains.” Liu Zhai rebuked.

“Bullsh*t, the king...”

Before the man finished, Ye Mo waved his hand in the air and this dark faced man was slapped out tens of teeth.

Seeing this man sit on the ground with half of his face bloodied and looking at him in terror, Ye Mo said coldly “Calling yourself king in front of me? You're too young. Do you know why I haven't killed you yet? Because I heard there was a big wolf king of the wolf king valley...”

The dark faced man stared at Ye Mo in shock. He was a level 10 wolf king. Even the strongest person on Shen Qiong continent can't slap him away in one palm like a fly. This difference was the difference between heaven and earth.

The four truth realisation states stared at Ye Mo in shock, what power was this?

Hong Youyi reacted first. Her eyes were shining with light. She had forgotten about how Ye Mo told her to piss off. She had made up her mind that no matter what she would get Ye Mo.

At this moment, a messenger flying sword came. Just when the wolf king wanted to grab it, he found that flying sword turn and fall into Ye Mo's hands.

The wolf king crawled up and looked dazily at Ye Mo but didn't dare to talk nor run off. Ye Mo's palm made him wake up. He was certain that Ye Mo's power was much higher than truth realisation state peak stage. His power was beyond the realm suppression of the cultivation realm.

Ye Mo glanced at this flying sword and then gave it back to the wolf king "Big wolf king asked you to invite me to your home. Lead the way, my patience is limited."

Yes..." The wolf king didn't dare to say an extra word.

Ye Mo turned to Liu Zhai and said "I'm going to the wolf home. If you want to join a sect go to Lotus Glory sect. I know elder Guang Jie from there. Tell her I let you go and tell her to take you in as disciple. After I'm done with things here, I will go to Lotus Glory sect."

Liu Zhai suppressed her excitement and said "Thank you brother Ye, Liu Zhai will go there first."

After seeing Ye Mo's power, she immediately knew that with Ye Mo's power no matter how unfamiliar he was with the place, there was no way he would suffer.

After Ye Mo went into the depth with the wolf king, the rest of the truth realisation states came up to greet Liu Zhai a nascent soul cultivator. They were even sucking up to her.

Other cultivators didn't dare to use flying magic artefact in the Tuo Mi mountain ranges but the wolf king dared to. He was the wolf king here, no high level spirit beast would dare to raid him.

The wolf king flew the magic artefact extremely fast probably because he was too scared of Ye Mo and wanted to bring the news back to the wolf king valley first but no matter how fast he was, Ye Mo always followed behind him. what shocked him was that Ye Mo didn't use any flying magic artefact. He was just walking in air and still kept up with him.

Half a day later, a green mountain valley appeared before Ye Mo. Seeing the wolf king land, Ye Mo knew this was wolf king valley.

Only such place would have this dense spirit chi. It was no lesser than his Mo Yue City. He set many spirit ranges below it.

“Qian bei, please go in.” The wolf king said respectfully.

A path stretched into the quiet valley. The low level spirit beasts on the side looked at the wolf king just like how the wolf king looked at Ye Mo.

Ye Mo’s spirit sense landed on the side of the valley. It was a natural formation and there was a defense formation nearing level one immortal formation.

It was extremely hard to set up immortal formation in the cultivation realm as there was no immortal crystals. Even extreme grade spirit range can’t support immortal formation. The Tuo Mi mountain ranges wasn’t big but there clearly was reason why the wolf king chose their home here.

After crossing the green valley, Ye Mo saw a patch of grand palaces. In the middle of these, there was a blue palace.

“Is Pu Na back?” A voice sounded from the main palace.

Ye Mo’s spirit sense saw that it was a bulky man speaking too but his hair was blue like the palace.

Chapter 2080 New God ar

“You killed one eye...” A soon as Ye Mo and Pu Na came in a coarse voice sounded while a dark ray shot at Ye Mo.

The dark faced man was shook and quickly went up and stopped that dark ray while palming out. The dark ray was shot out by an incompletely morphed wolf beast. Wolf head and human body. He was palmed by Pu Na and immediately flipped a few times before smashing on the pole.

“Pu Na what are you doing?” The blue haired man roared.

“Young wolf king what are you doing?” The wolf beast also roared.

Pu Na didn't seem to hear the two and said to Ye Mo respectfully “Qian bei, this is one eye's father. If qian bei wants revenge I can kill him immediately.”

“What did you say?” The blue haired man got up in fury as blue sha chi surrounded him. He was the big wolf king and Pu Na dared to ignore him and be this cocky.

Ye Mo sneered. Did he think he would let them go like this? He didn't need Pu Na to do it.

Just when he was about to kill the half wolf half human, Ye Mo's face suddenly changed and looked up at the sky.

An extremely powerful chi landed from the void. Ye Mo burned his essence chi and used instant transmission without hesitation.

Rumble. A huge palm landed and the entire Tuo Mi mountain ranges was palmed a terrifying deep hole by this hand.

All spirit beasts and cultivators within the range turned to dust. Liu Zha and them who just left were swept flying by that force and heavily injured. They didn't dare to stop at all.

The wolf king valley at the fore front of this was completely annihilated.

With this palm, volcanos, floods and mountain slides erupted everywhere on Shen Qiong continent. Countless mountains and ciites crumbled due to this palm.

Ye Mo was a Dao Moulding Divine Emperor. How could he not know that it was definitely a divine emperor who made this palm. It was probably a Dao Nourishment Divine Emperor. This palm didn't even use one percent of instant second full power.

At this moment, Ye Mo realised. Nothing in the cultivation realm can attract a divine emperor. The only thing that could was the branch of the chaos tree. When he gave the branch to Wanqing, he removed his chi and this definitely let a powerful being notice.

As for the chaos tree chi, it wasn't rare for it to be sensed by divine emperor through a few realms.

Lu Zhengqun sealed the chaos tree seed in a place in the cultivation realm and sent someone there to guard it and then sealed the entire cultivation realm fearing that the chi would be spilled. Of course, this was with Kai Mi teaching him.

Lu Zhengqun himself wouldn't be able to seal cultivation realm.

After realizing this, Ye Mo kept using instant transmission. He knew that powerful being didn't use full power for that palm or the entire cultivation realm wouldn't be able to take it.

He must not be sealed on this continent by that powerful being or Shen Qiong continent was over. He was heavily injured but he was still a divine emperor. It would be strange if any piece of a cultivation realm could remain if two divine emperors fought in it.

Ye Mo couldn't care about his wounds and kept using transmissions like crazy. Although he didn't have time to dedicate to recovery, his cultivation level recovered quickly with the help of the chaos tree.

Ye Mo didn't even think and tore open the void of the continent and dashed out.

He wanted to wait till his power recovered and find Meng Qi and visit Lotus Glory Sect and then find a way to go back to Luo Yue continent.

But now, he couldn't care. He just dashed into the endless void.

Ye Mo knew that although it seemed easy to tear open the void of the cultivation realm but it wasn't that easy tearing the void from immortal realm to cultivation realm. He didn't understand how this Dao Nourishment Divine Emperor came from the immortal realm to the cultivation realm. If it was that easy, he would've come down ages ago.

After going into the void, Ye Mo immediately called out the chaos tree and purposely released its chi. Then, he put away the chaos tree and dashed away.

As a cultivator, Ye Mo can also be very selfish when his interests were at stake but he had his bottom line. He couldn't use the entire Shen Qiong continent as his shield. If that Dao Nourishment Divine Emperor couldn't find his chi, he might instantly crush the Shen Qiong continent and find his chi amongst there.

He didn't need to worry about destroying the chaos tree. If it was that easily destroyed, it wouldn't be the number one tree in the universe.

"Hmm, it's not an ordinary truth realisation state cultivator and he escaped from my palm?" A white faced man appeared at the wolf king valley rubbles and murmured.

But after this he looked at the direction Ye Mo disappeared and murmured "Interesting, you're not a cultivation realm cultivator and you can easily tear the void here. You want to draw me into the void? As you wish then. So what if you're already a divine emperor. I'll let you know what a true Dao Nourishment Divine Emperor is. A small immortal like you don't deserve the chaos tree.

Then, the man just dashed into the void without needing to tear with his hands. At this moment, Shen Qiong continent was still crippling everywhere. The world laws were on the verge of breaking.

A cultivation realm law couldn't withstand a Dao Nourishment Divine Emperor who didn't hold back his power at all. Once the realm laws broke here, the Shen Qiong continent would be on the verge of destruction and perhaps become a place like the God Necropolis Domain.

After the man disappeared, the world laws slowly recovered.

When Ye Mo went into the void, he immediately released space time boat.

After flying for five minutes, Ye Mo gave the space time boat to shadowless and told him to run. He quickly went into the golden page world to recover. If he was fully recovered, how could he be scare of a Dao Nourishment Divine Emperor. Even if a Dao Actualisation Divine Emperor came, he would let him have it.

A grey robed figure dashed into the void and just when he was about to grab Ye Mo, he saw Ye Mo release a flying magic artefact and instantly disappeared.

“Low grade flying god artefact?” The man was dazed and chased up.

Half a day later, he could only follow the space time boat from a distance.

The man curesd “Just give me a flying immortal artefact and I would’ve caught you already.”

He was furious. He didn’t have anything on him, not even a crystal.

A month later, Ye Mo came out of the time formation disk. He felt he didn’t recover that well in the time formation disk. It ran for a month but he only recovered half his injuries.

Ye Mo knew this was because his power involved world laws. The time formation disk only had time law and could no longer satisfy him.

Ye Mo asked shadowless. Although they couldn’t shake the Dao Nourishment Divine Emperor off, the Dao Nourishment Divine Emperor couldn’t catch up to them.

Ye Mo ignored that Dao Nourishment Divine Emperor and set up a spirit gathering formation with god crystals and sat on a god spirit range to recover.

Time flew by. Without using the time formation disk, Ye Mo’s injuries recovered extremely. Another month passed and Ye Mo had completely recovered. His cultivation level return to Dao Moulding Divine

Emperor. He didn't completely wake up but he felt a new dao law. It was samsara law. It was obscure but had a framework in his mind.

A life crippling bridge formed in his will and below it was the life crippling river. He recovered every step he took on the bridge. Each step seemed to represent his every life print.

Just when he was about to be swept away by yin chi, he seemed to see his own samsara. This was the samsara he was about to enter into.

Life crippling, void, will, samsara...

These things circulated around Ye Mo forming a clear whirlpool. Ye Mo suddenly lifted his hand and released this whirlpool. It appeared as though time was flowing back in the golden page world.
