However, before that chi could completely explode that feeling disappeared from Ye Mo. Ye Mo opened his eyes with dissatisfaction.

He knew that he didn't have enough foundation and couldn't completely learn this time samsara god art. He only learned less than half. It was due to his own cultivation level that he couldn't keep learning it. Who knew when he would have such enlightenment next time.

Ye Mo dashed out of the golden page world and looked at shadowless "Have I been in solitary cultivation for more than half a year?"

"Boss, it's almost a year but don't worry even if we run for another year that guy wouldn't be able to catch up to us." Shadowless gloated.

Ye Mo slapped over "My power has recovered, do we need to run for another year? It's just a Dao Nourishment Divine Emperor, I can even beat a Dao Actualisation Divine Emperor."

Yes, it's that guy's misfortune that he chased after boss." Shadowless waved his tail "Boss, when are we going after that Hun Tian Pan Dragon fruit? I heard small ginseng say that thing is the best for making wine. Qiu Rang and small ginseng said it many times so I had to come ask boss, hehe."

"After things here are done, we'll go." Ye Mo knew that shadowless desperately wanted to increase his power.

Ye Mo let shadowless go into the golden page world and slowed the space time boat down.

If it wasn't for the chaos tree, Truth divine emperor would've long stopped chasing. But thinking about the chaos tree, Truth Divine emperor was on fire. He wasn't going to stop even if he chased for decades or a century.

He had changed his mind set. He was in no rush to catch up to Ye Mo. He was going to get close to it slowly. After a year, he found that he was getting closer.

If he continued at this pace, in just ten years he could catch up.

And he knew it might even be less than ten years as the space time boat probably burned a huge number of immortal crystals.

Just when he set his mind, he found that the space time boat slowed.

Truth divine emperor was confused for a moment and just rejoiced. He thought he would need to chase for a decade but in just a year, that guy couldn't keep running. At this moment, he sped up.

A huge planet appeared in Ye Mo's spirit sense and he was planning to go there to battle. Regardless if this planet had life, Ye Mo stopped and stood on an asteroid that flew over.

Half a minute later, Truth Divine emperor appeared before Ye Mo.

"Hahaha... I finally caught up to you. Kid give me the chaos tree. The emperor shall give you a quick death." Truth divine emperor laughed.

Ye Mo looked calmly at Truth divine emperor "We can discuss that later. Tell me how you came from the immortal realm to the cultivation realm? I used a lot of means to come from over there."

"It seems I overestimated you. I thought you were a divine emperor but you're a mere immortal emperor. You can cross to the cultivation realm and not have your cultivation level restricted. That's very amazing. If I'm not wrong you probably mastered a law." Truth Divine emperor calmed down and praised Ye Mo.

Ye Mo didn't answer, he was waiting for Truth divine emperor to answer him.

"Even an immortal emperor who mastered a law can't completely hide the chaos world unless you're the chaos tree's master or you have a world with all five elements, or you have a chaos world..." Truth divine emperor's eyes shot out with beam.

Before divine dao rebirth, he had the best things amongst the divine emperors in the immortal realm but even he didn't have chaos world.

"You talk a lot of useless sh*t. I asked how you came down from the immortal realm." Ye Mo really couldn't contain himself anymore. If it wasn't that he wanted to know how this divine emperor came down from the immortal realm, he would've attacked already.

"Immortal realm? Haha..." Truth divine emperor laughed "For the immortal realm, I burned my life and immortal essence to kill that divine dao powerful being who came but the sly bunch in the immortal realm ambushed me. I should be grateful to them. If they didn't break the immortal realm barrier together, I wouldn't be able to charge out of the immortal realm with me essence spirit..."

Ye Mo immediately realised who this person was and asked "So you're Truth Divine emperor, the number one divine emperor of the immortal realm."

"That's right, I'm Truth divine emperor." Truth divine emperor said pridefully. Ye Mo came from the immortal realm, it wasn't strange that Ye Mo knew his name.

Then he glanced at Ye Mo "I'm amazed that a mere immortal emperor like you can come to the cultivation realm and ignore the world law suppression.

If the world law couldn't suppress a powerful being, then the world law may cripple at anytime. But if the suppression worked then even the most powerful being would have to be suppressed in the cultivation realm.

"Your body and essence spirit was destroyed but you completely recovered?" Ye Mo asked in shock. He was amazed that Truth divine emperor didn't lose any power after reviving.

Truth divine emperor said coldly "If you think that the ghost spirit ships are my true soul then stop. I was hunted by those sly bunch, would I leave my essence spirit in the immortal realm? If it wasn't for the divine dao realm powerful being battle, even if a few divine emperors attacked me, the immortal realm barrier might not be broken. I can only say that the heavens didn't want me to die. As soon as I rebirthed, I sensed my Immortal Carnage Tower. After I take the chaos tree, I'll go back and thke my tower..."

You felt the immortal carnage tower in the immortal realm?" Ye Mo was suddenly sweating cold.

He had known from Su Jingwen that the tower was in Yimo's hands. If Truth divine emperor sensed it in the immortal realm, it meant that Yimo had ascended. If the Truth divine emperor wasn't drawn over by the chaos tree then...

Ye Mo didn't dare to keep imagining.

"Hand it over, don't force me to attack or you would've even get a chance to go into samsara." Truth divine emperor stared at Ye Mo.

Ye Mo sighed "I was thinking about letting you live but there's no need now. Die."

"You're asking to die..." Truth divine emperor didn't expect he talked for so long but this immortal emperor was just playing with him. He wasn't going to tolerate this and grabbed at Ye Mo with his hand.

An immortal emperor was no different to an insect to him.

But just when he lifted his hand, he felt this terror coming from his soul. A powerful murderous chi broke his Dao Nourishment Divine Emperor domain and locked onto his soul and body.

His body was reborn but he couldn't find any way out of that powerful lethal force.

"Golden Bow of Divine Extermination..." Truth divine emperor recognized it when he saw Ye Mo draw the bow at him.

Chapter 2082 Six Arrows

In that instant, Truth divine emperor didn't think about running away, he knew better than anyone the terror of the Golden Bow of Divine Extermination. It would be idiotic to run away in front of the Golden Bow of Divine Extermination.

Truth divine emperor was shaking with cold but he didn't think he lost. First, Ye Mo was just an immortal emperor.

Even if an immortal emperor had the Golden Bow of Divine Extermination, he wouldn't be able to release most of instant second power. Second, it was uncertain how many arrows Ye Mo had.

Truth divine emperor didn't speak and stretched his domain out like crazy. He was going to use his domain to crush Ye Mo's domain and then deal with the bone arrows.

But soon Truth divine emperor found something was wrong. His domain clashed with Ye Mo's domain and it was like mud entering an ocean. Suddenly, Ye Mo's domain increased in power. The powerful charge from domain shook his domain.

Truth divine emperor was shocked. He knew clearly now that Ye Mo wasn't an immortal emperor but was a divine emperor who wasn't any weaker than him.

A faint golden mark swiped across their domains and smashed towards Truth divine emperor. This area of void felt bleak and lifeless. A terrifying mark was left in the void by this arrow. Void wind blades flew out of the marks and hit their divine emperor domains before turning into nothing.

Splurge..." Blood mist exploded. Truth divine emperor's arm that stopped the bone arrow was completely pulverized.

Truth divine emperor used this opportunity to charge into the void fissure created by the golden bone arrow. Using his experience, he felt Ye Mo's cultivation level and knew that even without the Golden Bow of Divine Extermination, he might not be able to beat Ye Mo.

He was already thinking about how to get away now. The void fissure created by the arrow was where he was going to flee.

After Ye Mo vindicated dao, he had been fighting in the God Necropolis Domain. The God Necropolis Domain space was very stable and even if a Dao Actualisation Divine Emperor attacked with full power, it couldn't create void fissures. He didn't expect this many void fissures would be created in the cultivation realm with one arrow. He didn't expect even more that Truth divine emperor would sacrifice an arm to flee.

The instant Truth divine emperor fled, Ye Mo knew that he wasn't as experienced as Truth divine emperor and he knew the terror of Truth divine emperor. His golden bone arrow was spirit controlled to the 99th level restriction but Truth divine emperor could block one arrow with his arm. If Truth divine emperor gathered his magic artefact, then six arrows that weren't completely controlled really might not be able to kill him.

One couldn't flee against the bone arrow but after the first shot was made and the second arrow wasn't readied, you could escape to another realm if you were capable.

These thoughts flashed in an instant and Ye Mo grabbed his bone arrow and charged into the void.

Truth divine emperor knew Ye Mo chased but there was nothing he could do. He knew he was too careless. How could someone who got the chaos tree be simple. The reason Ye Mo fled before was probably because he was injured too.

The only thing he could do now was keep tearing space before Ye Mo's golden bone arrow locked onto him. Otherwise, he wouldn't be able to escape even if he reached Dao Actualisation Divine Emperor. Plus, he didn't have any magic artefacts on him.

Ye Mo didn't even release space time boat and just kept hunting Truth divine emperor. He wouldn't allow Truth divine emperor to escape or Yimo would be in danger.

Truth divine emperor really wanted to know why Ye Mo hunted him this crazily. Even if he was scared that news of the chaos tree had spilled Ye Mo shouldn't chase him. The news was already leaked. He was certain he wasn't the only one who sensed the chaos tree.

There were void fissures, storms and wind blades between the voids but Ye Mo and Truth divine emperor pretty much ignored these. It was like a tickle to them.

When Ye Mo's Golden Bow of Divine Extermination locked onto Truth divine emperor, Truth divine emperor had to stop again.

Three golden beams shot out.

These three golden arrows didn't create void fissures again. Truth divine emperor knew that Ye Mo learned from his past mistake.

Since Ye Mo could control the bone arrow to not damage the nearby void, Truth divine emperor knew that Ye Mo's power was subtly higher than his. He was very shocked and didn't understand things. He knew his cultivation level. Before divine dao rebirth, he wouldn't dare to say he was invincible amongst peers but after that, his body and power were many times stronger. Yet, Ye Mo was on par with him. Just what cultivation method was Ye Mo using?

Someone slightly stronger than him and pointed the Golden Bow of Divine Extermination at him who had no defense magic artefacts. How could the Truth divine emperor not know he was in extreme danger today. Feeling the terrifying destruction chi around him, Truth divine emperor roared and divine golden rings spread out from his body forming ripples.

As these ripples expanded, Truth divine emperor's face rapidly aged. He had to fight with his life now.

The first arrow smashed on the ripple and the ripple instantly exploded. The destructive chi of the first arrow was mitigated.

Rumble rumble. The second and third arrow struck the two later ripples which exploded at the same time. Destructive chi expanded from the void.

Before Truth divine emperor could breath, two more golden beams shot out. These two faint destructive chis crossed the void instantly. Truth divine emperor was in despair as he stared at the golden ripple "How can you have six real golden bone arrows?"

There were only five remaining real arrows and each arrow needed some time to recover after being shot.

Ye Mo shot out six arrows and their power was at peak.

The fourth arrow blasted Truth divine emperor's last ripple and the fifth arrow struck onto his chest.

Skin and bones were blasted to pieces. Truth divine emperor didn't have a single drop of blood on him. He burned all his life, essence blood and even his essence spirit to block the first four arrows.

But despite this, he couldn't escape his fate.

He could never image that he had forbore in the void for countless years and even succeeded in cultivating the divine dao rebirth but only ended up living a short year afterwards. He didn't even find a decent magic artefact in this year.

Ye Mo felt his hands shaky. Even he couldn't take shooting five arrows in a row. Truth divine emperor was far stronger than he had imagined. He didn't have any magic artefact and didn't convert his immortal essence to god essence but blocked five of his arrows before being shot down.

Ye Mo admired his grit but Ye Mo knew he had to kill Truth divine emperor.

Otherwise, Truth divine emperor would kill him. He had Truth divine emperor's time formation disk, bitter bamboo and immortal carnage tower.

Ye Mo threw the bow and arrow into the golden page world and rested on an asteroid.

At the same time, he was thinking that if Truth divine emperor had all his magic artefact, he might not be able to kill Truth divine emperor.

Ye Mo rested for a moment and found that he didn't know where he was at all.

Chapter 2083 - Ji Xi returns

In the Immortal Goddess Sacred Sect, Ji Xi and the sect leader were sitting face to face. Ji Xi immediately asked her master why the saint was switched when she wasn't dead?

"Master, you probably knew that my soul lamp wasn't out. Why did you appoint another saint? I'm back now. I hope Xiaoyun can go back to Lanyi peak and I'll stay at immortal goddess peak." Ji Xi said.

"No, you can only become saint again after a hundred years." Ji Xinyi said without hesitation.

Seeing Ji Xi dejected, Ji Xinyi sighed "Ruoxi, do you know why the Great Sun God Mountain wants our saint? They want to sacrifice the saint to their mountain. The Great Sun God Mountain has a dao seeking peak being. They're far stronger than our Immortal Goddess Sacred Sect. Great Sun God Mountain hasn't been able to relive their prime. If they use our saint to sacrifice to their mountain, the Great Sun God peak might reappear and their Dao Essence Divine Emperor peak might be able to use this to break through to Primordial Essence Divine Emperor.

"Then why are we sending a saint there?" Ji Xi asked in confusion.

Ji Xinyi sighed "Because Great Sun God Mountain is too powerful. They annihilated the Xu Yue divine dao. If they weren't scared of Duanmu Yuebo, they would've flipped the sect grounds upside down. After all these years, Duanmu Yuebo didn't come back. I think they probably have nothing holding them back. Even if we didn't give them a saint, they can find an opportunity to cause trouble. If we agree, we can delay for a hundred years so you must not spread news of you coming back."

Ji Xi fell silent for a long while "Since we're sending a saint, why do we have to choose Xiaoyun? This is so unfair for her, she had the least time in our sect..."

After knowing that Ye Mo was Mu Xiaoyun's husband she planned to help Mu Xiaoyun. She felt that if she did, she wouldn't owe Ye Mo anything and then would be able to reach Dao Actualisation Divine Emperor in a short time.

"Plus, Xiaoyun has a husband. She's not suitable to be saint..." Ji Xi hesitated and said.

Ji Xinyi glanced at Ji Xi and said slowly “Ruoxi, do you think we’re going to give Great Sun God Mountain a real saint for them to sacrifice?”

“Huh...” Ji Xi looked dazily at her master, the sect leader who raised her up.

She finally realised that although Xiaoyun was a sacrifice, she was also something that could prevent the Great Sun God Mountain from becoming divine. Xiaoyun was no longer a virgin. If she was sacrificed by the Great Sun God Mountain, how could the Great Sun God Mountain become a divine dao mountain?

“Is locking up martial uncle Jilan to prevent her from stopping Xiaoyun going there?” Ji Xi suddenly felt tired. The Immortal Goddess Sacred Sect was this famous in the divine dao realm. It was a place everyone respected. It was scared and selflessness and the spiritual epitaph of the broken realm, but now, the Immortal Goddess Sacred Sect was scheming a lonely woman. Was this looking at the bigger picture or being selfish?

Seeing Ji Xi’s look, Ji Xinyi said again “Ruoxi, our Immortal Goddess Sacred Sect saved Mu Xiaoyun’s life. We’re very grateful she can sacrifice for the Immortal Goddess Sacred Sect. Perhaps we can leave her name in the future. Qilan is immersed in the past so locking her up for now is for the good of her. One day, she will understand my hard work.”

Ji Xi let out a long sigh and suddenly made up her mind “Master, I hope we can find someone who’s willing to be saint. Or perhaps I can do it. Regardless who it is, Xiaoyun can’t be saint...”

Ji Xinyi frowned “You being saint is wasting the will of the entire sect and fulfilling Great Sun God Mountain. You attained huge fortune from the God Necropolis Domain and reached a Dao Nourishment Divine Emperor in such a short time. I don’t know what fortune you got but this is a sign that the Immortal Goddess Sacred Sect is about to rise. How can you be so emotional? How can you handle the great responsibilities ahead of you?”

As though feeling she was too heavy on her, Ji Xinyi eased up her tone and said “Xiaoyun has this ethereal temperament. Although she’s no longer virgin, she has the chi of a saint. Another married woman wouldn’t be able to be like saint. Xiaoyun has the best talent and a chi that other women don’t have. Only she can be the saint without making Great Sun God Mountain suspicious.”

Ji Xi stood up and said “Master, I’m afraid that making Xiaoyun saint would eventually harm the Immortal Goddess Sacred Sect.”

Ji Xinyi looked at Ji Xi in confusion “Xiaoyun probably came from the immortal realm. Although ordinary divine emperors don’t know the passage to the immortal realm but we do. If you’re not feeling safe, you can go with martial uncle Yunhuai and go annihilate her sect.”

“Martial uncle Yunhuai already went to the immortal realm?” Ji Xi got up in shock.

Just when Ji Xinyi wanted to talk, she saw Yunhuai outside and quickly opened the restriction “Yunhuai come in, Ruoxi is back.”

“It’s great news that saint Xi is back.” Yunhuai immediately said happily.

“Why are you here?” Ji Xinyi looked at Yunhuai in confusion.

Yun Huai also said in confusion “I’m very bewildered too. The place we found can definitely sense the immortal realm chi but this time, I couldn’t find it at all. The immortal realm’s chi had been completely segregated. It seems someone has set up a formation to separate the immortal realm from the divine dao realm. I’m planning to go check it again.”

“Really?” Ji Xinyi frowned. Even if the immortal realm people knew there was a tunnel to the divine dao realm, they wouldn’t be able to seal it.

“I suspect someone from this realm did it. I don’t know the reason yet.” Yunhuai answered.

Ji Xi suddenly said “Master, we don’t need to go to the immortal realm. I’m talking about Xiaoyun’s husband. I saw him at the God Necropolis Domain...”

“What? you’re saying Xiaoyun’s husband went to the God Necropolis Domain?” Ji Xinyi suddenly got up. How could that be, the news she got was that Xiaoyun’s husband was probably dead already or fighting in the cultivation realm.

Ji Xi nodded “Yes, he’s called Ye Mo. I owe him a favor. It was due to him that I could cross the life crippling bridge...”

“You cross the life crippling bridge?”

Ji Xinyi and Yunhuai both got up in shock. Crossing that bridge meant there was the chance to reach Primordial Essence Divine Emperor. This news was too shocking. Ji Xinyi thought Ji Xi came back from the God Necropolis Domain border.

“What was inside the life crippling forbidden grounds?” Ji Xinyi’s tone was shaky.

Ji Xi shook her head “Just as I crossed it, I was devoured by a space fissure. When I came out, I found I was at the Immortal Goddess Sacred Sect.”

“So that’s it.” Ji Xinyi sat down. Moments later she explained “life crippling bridge is also called samsara heart bridge. The crevices at the end of the bridge pretty much is the border of samara. If you didn’t go into the samsara river, those void fissures are called heart mark void. These heart mark voids would take the person where they want to go the most. You were able to return to the Immortal Goddess Sacred Sect accurately probably because you were in the nine lotus stand.”

“So that’s it ; Ji Xi said.

Ji Xinyi nodded “We’ll talk about that later. Tell me about Xiaoyun’s dao partner?”

Ji Xi’s face went serious. She began talking about what Ye Mo and when she finished, she said worriedly “Master, Ye Mo is the strongest immortal emperor I’ve seen. Of course, I’m certain he’s not immortal emperor. I owe him but most importantly, if he didn’t die and the sect did something against Xiaoyun, our sect will...”

“You’re saying he chatted very well with that Gongyang An and even became friends?” Ji Xinyi frowned.

“Yes, Gongyan qian bei indeed got along with Ye Mo. They’re friends as equals.” Ji Xi said.

Yunhuai suddenly said “Sect leader, that Ye Mo fell down the life crippling river. No matter how powerful he is, he can’t survive. That Gongyang An only met him once and he’s dead. I believe Gongyang An probably wouldn’t remember him. Plus, it’s not even certain if Gongyang An can come out of the God Necropolis Domain.

According to Ji Xi, Ye Mo just killed a Dao Moulding Divine Emperor so his power is probably at Dao Nourishment Divine Emperor. But our Immortal Goddess Sacred Sect has Dao Essence Divine Emperor. A mere Ye Mo is nothing.

“Master, I mean to give Xiaoyun’s soul back to her.” Ji Xi agreed to Xiaoyun that she would get her soul back. Ji Xinyi shook her head “I can only give it back when she heads to the Great Sun God Mountain.”

Chapter 2084 Duanmu Yuebo

Ye Mo stopped in the void. He still wanted to set up a formation for Lotus Glory sect and visit where Xiaoyun stayed and find Meng Qi. But clearly, that was impossible now.

There were countless realms connected to the void and the universe was vast. He just reached Dao Moulding Divine Emperor. He was far from letting his spirit will cross voids and realms. He really wanted to know how Truth divine emperor went back to the immortal realm but Truth divine emperor wouldn’t tell him.

There were plenty of god crystals and god spirit ranges in his golden page world but Ye Mo knew that even if he used them all he wouldn’t be able to reach Dao Nourishment Divine Emperor.

Dao Nourishment Divine Emperor needed fortune and understanding of dao law. This wasn’t a piling up of resources.

“Shadowless, control the space time boat. Whereever you feel there is people, just go there. You can tear the void here easily.” Ye Mo said. He didn’t know the direction anyways so there was no difference if he was flying or shadowless.

Shadowless loved to do such things. In order to have fun in the void, small ginseng and Qiu Rang came out of the golden page world too. They both said that one extra person had one extra way.

Ye Mo knew these three together would just waste more time but he didn't have the mood to chat with these guys so he let them all out.

Ye Mo went back into the golden page world. He was going to build an exquisite residence for Chi Wanqing.

Ye Mo used his best materials and even that unused god heart stone.

Ye Mo was very meticulous. Half a month later, he built an extremely beautiful palace for Chi Wanqing. A top grade god spirit range was used to provide essence chi for the palace and a top formation was used to protect it. Chi Wanqing's room was at the back of the palace. Ye Mo planted thousands of immortal spirit herb and immortal flowers around the palace.

Space time boat flew like a headless fly in the void but Ye Mo could only let them do as they please. He was perfecting his god arts in the golden page world and would stay with Chi Wanqing when he had the time.

Three months later, Ye Mo felt his dao wave laws become more fluid.

Today, Ye Mo left Chi Wanqing's place and felt shadowless' desperate call. Ye Mo immediately scanned his spirit sense out and found that the three were trying their best to control the space time boat. There was an extremely huge whirlpool in front of them. If they didn't try their hardest, the space time boat would've been swept in already. Despite this, a little less than half of the boat was gone.

Ye Mo quickly sent the three into the golden page world. The next moment, the golden page world was sucked into the whirlpool.

"Boss I seemed to feel we should go this way so..." Shadowless looked down and called. It was completely his responsibility this time. He said to go close to that whirlpool and said it would definitely be fine. He even said that he and Ye Mo had seen such whirlpool before and it would be fine as long as you didn't go in.

In the end, the three neared it and lost control. They couldn't even go back into the golden page world due to the powerful suction force.

Ye Mo sighed. When he gave the space time boat to shadowless, he should've expected such things to happen. There were countless whirlpools in the void but luckily they had golden page world. They wouldn't die from it.

Ye Mo didn't have the mood to tell shadowless off. They were already lost anyways. So what if they were swept away.

Ye Mo had seen these whirlpools more than once before. Sometimes they lead to another void sometimes they lead to another realm. If they really went to another realm, that would be good.

But when Ye Mo felt the outside get colder and colder, he felt things wasn't thing. When the golden page world fell into the whirlpool, it seemed to be dropping straight down non stop.

Ye Mo was just Dao Moulding Divine Emperor but his spirit sense was for beyond Dao Moulding Divine Emperor. Yet despite this, his spirit sense was quickly invaded by the coldness. His golden page world spun faster and faster and his spirit sense lasted shorter and shorter.

A month later, the whirlpool finally disappeared. Ye Mo felt that coldness go away. The golden page world appeared in a dark grey world. Ye Mo felt this world was empty. It had no life, no chi, no temperature.

Ye Mo came out of the golden page world and stood on this dark grey place, he scanned his spirit sense out slowly. All that his spirit sense saw was dark grey. There wasn't even color in this world.

"What is this place? It doesn't seem to be the void?" shadowless came out of the void.

Ye Mo looked around and said "This isn't the void. If I'm not wrong, it's a world. A powerful immortal's solitary world."

“There’s a grey stone house ahead and a dead person inside. Let’s go have a look.” Ye Mo saw that the world wasn’t big. This stone house was perhaps the only structure here.

There wasn’t even a door to the house. Ye Mo walked in with shadowless and saw a dark grey body.

It was leaning against the wall with instant second head hanging down. There was an 80cm spear pierced from his back.

Ye Mo suddenly felt this sense of familiarity from this person. It was indescribable but Ye Mo turned his eyes to the spear. He didn’t feel any chi in this world but when his spirit sense scanned this spear, a sharp killing intent shot out from the spear.

Ye Mo felt his sea of consciousness go cold. He immediately stabilized his sea of consciousness. He was very shocked. This spear wasn’t even released and it was this terrifying. Just how savage would it be if it was activated.

“There’s writing on the wall.” Shadowless said.

Ye Mo saw it too. he walked closer. This body seemed extremely ugly but there were two strands of tears trickling down that didn’t dissipate with time.

“My name Duanmu Yuebo, Xu Yue divine dao...”

Seeing the sect name, Ye Mo immediately remembered the seventh painting he saw in that estate at the bottom of the river. There was a grand sect in the painting. A grey robed man stood before the sect in the air.

“I understand.” Ye Mo muttered to himself. No wonder this corpse felt familiar. It was the figure he saw in the painting.

Ye Mo knew this man was definitely not ordinary. His back seemed much cooler than his look but someone like that died here. Ye Mo sighed.

If the river bed estate was set up by Duanmu Yuebo, then he was definitely a powerful being.

Chapter 2085 They Way Back

“... Divine Dao Samsara is broken, dao pursuers forgot the source of life... I vindicated primordial essence dao, will open the divine dao realm samsara, connect to the underworld and rebuild samsara with great determination...”

There was a long message on the wall. After reading it, Ye Mo couldn't help feel a pity for Duanmu Yuebo. This person vindicated primordial essence. He felt very heart ached seeing that divine dao realm cultivators slaughter and rob with any means necessary for cultivation.

He wanted people to know that even if they couldn't vindicate great dao, they could still go into samsara and cultivate from the start as long as they had good will in their hearts. But samsara was extremely hard in the divine dao realm. Only one in tens or a hundred could go into samsara. Duanmu Yuebo wanted people to have more good will and decided to use his power to open a path to the underworld.

Duanmu Yuebo did go into the underworld and saw it but at this moment, he realised he was too weak. Even though he was a Primordial Essence Divine Emperor in the divine dao realm, he was nothing in the underworld. He went through countless years of hardship and still couldn't fulfill his dream.

After he was ambushed and fled from the underworld, he hid into his small world. His sea of consciousness cracked open and just left a few messages of the dark lightning bead and his sea of consciousness completely crumbled. Thus, he could only write on the wall.

Ye Mo looked around but didn't see any dark lightning bead but he didn't care. He just wanted to get out quickly. If there was no way out, he was planning to break the grey world.

When Duanmu Yuebo left his message, he felt the Xu Yue divine dao annihilated and battles everywhere in the divine dao realm. Countless immortals and divine emperors died. Duanmu Yuebo felt very sad that he couldn't help at all when the sect that raised him was annihilated.

While he was trying to pave a path in samsara for the divine dao realm, his sect was annihilated clean by the people of the Divine Dao Realm. This made his heart die too and his life force deplete more rapidly.

The message stopped there. It didn't say who was hunting him nor why he was hunted nor how to get out.

Ye Mo sighed. If Duanmu Yuebo didn't sense his Xu Yue divine dao being annihilated, perhaps he would've had sliver of hope to live. He didn't believe that Duanmu Yuebo paved the underworld passage purely out of altruistic motives. He definitely had his own agenda but regardless it was very beneficial to the Divine Dao Realm.

Ye Mo grabbed the short spear that killed Duanmu Yuebo. A vast and extreme killing intent came from the spear. It was like the killing intent was ready to kill. Even with Ye Mo's power, he almost let go.

"Such powerful spear, this killing intent is no ordinary thing." Ye Mo said.

Shadowless "Boss if you don't like this spear you can give it to me."

Ye Mo ignored shadowless.

Ye Mo used his god essence and the short spear quickly left Duanmu Yuebo's body. This extremely restlessness came from the spear. Ye Mo suppressed with his spirit sense immediately and put a few restrictions on it before sending it to his golden page world.

Ye Mo felt this spear was even stronger than the three treasure primordial essence gourd.

Duanmu Yuebo's body suddenly fell down. A dark blood bead fell out of the wound in front of his chest turning into a black bead.

Ye Mo didn't need to pick it up as the message Duanmu Yuebo left behind came. This blood orb was Xu Yue divine dao's sect protection dark lightning orb. Those who can see this orb must be from the Divine Dao Realm. The one who gets this if willing to swear to rebuild Xu Yue divine dao can use this bead to return to the underworld passage he didn't finish.

It couldn't go back to the Divine Dao Realm directly but it could go back to the immortal estate he left. There was a yin abyss metal card there and one could use that card to teleport to the Xu Yue divine dao from the seventh painting.

Ye Mo dazed and took out the metal card. He was eventually going back to the divine dao realm.

But soon, Ye Mo was grateful to Duanmu Yuebo. Regardless of his motives, at least Duanmu Yuebo gave him a quick way back to the Divine Dao Realm. However, he went around the cultivation realm and had a lot of unfinished business and now he had to go back to the Divine Dao Realm.

Shadowless quickly said "Yea boss, I felt I should come over here. That's why I came over."

Ye Mo waved his hand "You're not to blame."

At this moment, Ye Mo realised that the reason shadowless came over was because Duanmu Yuebo left some chi to draw him here. Those who came from the Divine Dao Realm would feel this chi.

At the same time, Ye Mo looked down on Duanmu Yuebo's means of action. Perhaps he had a nice heart but he definitely had ulterior motives for opening the Divine Dao Realm samsara passage.

The passage he went into before couldn't be entered by anyone. If he didn't have the golden page world, he would be dead. From this, it was clear that Duanmu Yuebo drew people to that passage only thinking about his own benefits but not other people's life and death.

If Duanmu Yuebo set up the samsara passage, it would be a huge contribution to the Divine Dao Realm. With this, he might progress stronger.

If Primordial Essence Divine Emperor was the extreme, he wouldn't be killed. Even if Primordial Essence Divine Emperor was the extreme, there was highs and lows.

Ye Mo had vindicated dao now and could sense some things about good karma.

But Ye Mo didn't care about these things. He pursued his own dao.

He severed the wills affecting him during his dao vindication. Repairing the Divine Dao Realm and immortal realm was a huge good karma and it could help other divine emperors greatly and vindicate the best dao. But Ye Mo wanted to vindicate his own dao. Even if he was to repair the Divine Dao Realm, it would have nothing to the award heaven dao gave him. Otherwise, no matter what dao he vindicated, he would still be below heaven dao.

Ye Mo picked up the dark lightning bead and immediately felt the ancient heavy mixed chi inside.

Ye Mo didn't check the bead with his spirit sense. This was Xu Yue divine dao's treasure. He didn't want to take it for himself.

"If this bead can take me back to the Divine Dao Realm, I, Ye Mo, will rebuild Xu Yue divine dao and return this bead to the sect."

Ye Mo's words couldn't be called oath. He didn't say what would happen if he didn't do it.

Ye Mo could even sever wills that made him swear during dao vindication, how could he make an oath for such small thing.

When Ye Mo said those words, there was no reaction from the dark lightning orb. Clearly, it was unhappy with his oath.

"Boss, it doesn't seem to be useful." Shadowless looked at the bead and said. He even wanted to say to Ye Mo, why not let me make the oath. I make oaths as easy as drinking and eating.

"No reaction, then we'll break this world and find our own way back. A mere lifeless world can't stop me." Ye Mo sneered and turned to leave.

Chapter 2086 Return To Broken Realm

Ye Mo knew that the bead probably noticed his words didn't sound like an oath at all and so didn't react. He was planning to break open this grey world. He didn't care if this world would be destroyed in the world.

The instant Ye Mo turned, a dark ray suddenly shot out of the bead and struck the wall. In a buzz, a black whirlpool formed.

"Boss, it worked." Shadowless said.

Ye Mo rejoiced. It was best that the dark lightning bead could conform. At least he didn't need to waste time in the void.

"Go into the golden page world first. I'm fine alone." Ye Mo sent shadowless into the golden page world and then he went into that whirlpool without hesitation. His spirit sense already reached inside and knew there was no danger inside.

As soon as Ye Mo stepped in, he felt a powerful rotational force lift him up. Even with his powerful spirit sense, he couldn't see completely clear.

The spinning force didn't last long. It seemed to have built a tunnel in the void and in just five minutes, Ye Mo landed in a black room.

Spirit sense scanned with his spirit sense. His spirit sense couldn't find a way out. There was a stair in the middle of the room and it expanded into the infinity.

How could Ye Mo not know it? When he was at the estate at the bottom of the Cheng Zheng river, this was the stairs he saw. His power was too low at the time and couldn't go down the stairs. This dark room was probably the place Duanmu Yuebo connected to the underworld.

Ye Mo didn't know if this passage was opened or not.

Ye Mo didn't think about how to find the underworld tunnel. He just went on the stairs. He was worried if he could go up these stairs. If he couldn't he would have to find another way out.

Clearly, Ye Mo was worrying too much. He found it required much less power to go down than go up. Plus, his cultivation level was much higher than before but the stairs weren't short. Ye Mo's speed wasn't slow but he still used two hours to come to the top.

Just when Ye Mo wanted to take out the metal card and open the yin yang fish entrance, it opened automatically. A powerful cold power instantly filled the place and brought Ye Mo landing on the empty palace. Luckily Ye Mo's power increased and although this was sudden, he didn't face plant in the middle like before.

After Ye Mo fell in the palace, the yin yang fish painting closed automatically.

Ye Mo looked at this familiar palace and was speechless. Many years ago, he left from here. Many years later, he came back.

The palace was empty and the paintings were still there. Ye Mo knew that if he used the metal card, he could return to the Divine Dao Realm with the seventh painting.

But this time, he was in no rush to leave. When he saw the first painting, he almost sunk into it but now, he could look at a few more.

The first painting was a servant carrying water. When Ye Mo's spirit sense scanned in, he felt that powerful suction force again. If he was still immortal emperor, he wouldn't be able to stop this suction but now that he vindicated dao, he could feel a primal dao wave from the suction force.

As the dao wave chi spread, it was like a Primordial Essence Divine Emperor teaching him dao waves. Ye Mo soon broke free from this. He was certain that if it was someone who hadn't vindicated dao, he would immediately give up everything and sit here to derive his dao.

Ye Mo had his own dao law. Of course, he wasn't going to learn Duanmu Yuebo's dao. He didn't care about the dao wave laws. He saw messages from this painting. The servant carrying water was Duanmu Yuebo. If he used the metal card, he could teleport to the realm Duanmu Yuebo used to live in.

Ye Mo's eyes moved to the second painting. It was of someone running rapidly. On this painting, Ye Mo could feel the hardship of Duanmu Yuebo's cultivation.

These paintings recorded the bits and pieces of Duanmu Yuebo's cultivation. It was the source of his dao vindication.

He drew out perfectly his dao vindication. Ye Mo wasn't interested in looking at the third painting and just walked to the seventh and took out the yin metal card.

This was the second time Ye Mo appeared before the Xu Yue divine dao sect. The first time he came here, he didn't feel anything but the second time he came here he had to rebuild the sect.

The place was still ravaged and filled with broken landscapes and dried rivers.

This time Ye Mo didn't leave straight away, he valued his promise. Although he didn't make an oath since he agreed he would do it.

Ye Mo walked in the sect. Broken law this ravaged the ravines but they couldn't harm Ye Mo at all.

Clearly, the Xu Yue divine dao was intentionally made like this. Not only were the god spirit ranges ruined but even the nearby landscape was completely cut off.

"This is cruel indeed." Ye Mo sighed. Rebuilding the sect wasn't easy. He needed to rebuild the fallen mountains and broken rivers as well as add god spirit range here.

Duanmu Yuebo helped him but it seemed he needed to give quite a lot. Ye Mo shook his head and began work.

Ye Mo saw what the sect looked like on the painting and could refer to that.

At this moment, Ye Mo stood amidst the rubble of Xu Yue divine dao sect and thought about how to recover it. The mountains and rivers gradually formed in Ye Mo's sea of consciousness.

At this moment, a light flashed in Ye Mo's mind and that was when he reached a certain cultivation level, he could recover the sect in the wave of a hand and not form a model in his sea of consciousness first and then build it.

Ye Mo dazed with such idea and stopped. He was thinking about a higher state. Was this primordial essence state?

However, that idea flashed too quickly and Ye Mo wasn't able to grasp it.

Ye Mo suddenly woke up and shook his head. His cultivation level was too far from third step of dao vindication primordial essence.

He had decided to go find someone to build the sect first and then get revenge at Chang Fei divine dao city. Then, he would return to the immortal realm. He needed to seal the passage completely shut.

Ye Mo believed that with his current power, even if he couldn't understand that formation immediately, he would be able to perfect it with time.

After he perfected that formation, he could return to the immortal realm and study about how to go back to the cultivation realm. He didn't believe that he couldn't go back to the cultivation realm when Truth divine emperor could.

Just when Ye Mo moved, he caught a subtle chi. Ye Mo flashed and disappeared. When he appeared again, he was in front of a man and woman.

They were both immortal emperor and were defenseless to Ye Mo. They knew that Ye Mo's power was far greater than theirs.

"Who are you? What are you doing here at Xu Yue divine dao?" Ye Mo sneered as his powerful divine emperor force crushed over.

The two couldn't take Ye Mo's powerful force and immediately wanted to expand their domain.

"hmm..." Ye Mo looked at the pretty woman and said "You're from Immortal Goddess Sacred Sect?"

Ye Mo had fought with Ji Xi countless times and could immediately sense the Immortal Goddess Sacred Sect cultivation method.

Hearing this, the woman's face went pale as snow.

Chapter 2087 Three big divine sects

Ye Mo thought about it and realised what happened. The Immortal Goddess Sacred Sect women were all immortal goddesses. They wouldn't be together with another man. This was unheard of. Now that this immortal goddess was with a man and she looked very nervous, clearly she betrayed the Immortal Goddess Sacred Sect.

Ye Mo didn't mind. In his eyes, the Immortal Goddess Sacred Sect was only so so. He didn't even feel saint Ji Xi was very sacred much less this ordinary sect members. She was just a pretty woman that's all.

Ye Mo hadn't left yet because he wanted to know what the two were doing here.

"Wan bei Zhu Wenmao, please forgive me for offending qian bei. It's my fault that Yue He came here, please don't spread the news about us." The man said respectfully and subtly stood in front of the immortal goddess Yue He.

"Qian bei, wan bei is indeed from the Immortal Goddess Sacred Sect but brother Wenmao didn't ask me to come. I wanted to go with him. I'm willing to go back to the Immortal Goddess Sacred Sect and receive punishment. This has nothing to do with brother Wenmao, please let him go." The beautiful woman quickly explained.

Ye Mo was speechless "I have no problem with you two being together. Do whatever you want. I don't know Immortal Goddess Sacred Sect and I won't go report you in..."

Before they could rejoice, Ye Mo's tone suddenly went cold "But tell me why you came here. If you lie at all, then don't blame me."

Their faces became nervous again but this silence didn't last very long before Zhu Wenmao saluted with his fists to Ye Mo "Qian bei, wan bei don't dare to ask who qian bei is. Wan bei had decided to not live on after Yuehe goes so wan bei will tell qian bei the reason..."

Ye Mo frowned "I didn't say to kill you, what are you talking about?"

"Brother Wenmao let me explain." Lei Yuehe's face went calm again.

Lei Yuehe bowed to Ye Mo again and said "Qian bei probably knows which sect is the strongest in the Divine Dao Realm right?"

Ye Mo nodded "It's probably your Immortal Goddess Sacred Sect right?"

Lei Yuehe shook her head "No, out of the three big divine sects, Immortal Goddess Sacred Sect was the weakest. The strongest was Xu Yue divine dao, then it was Great Sun God Mountain. Xu Yue divine dao had perished so the strongest is Great Sun God Mountain."

Lei Yuehe said this subconsciously and then realised that Ye Mo probably knew all this. She said with fear "Wan bei said too much, qian bei probably knows this."

Ye Mo didn't know it at all so he could only say awkwardly "just say everything you know. I didn't know that indeed. I've been in solitary cultivation..."

The two looked at Ye Mo with shock but didn't dare to rebuke. After all, the three big divine sects of the Divine Dao Realm was instant second flag. There was no way Ye Mo didn't know about them.

"Our sect saint Qing saved the collapsing Divine Dao Realm and thus was respected by people of the broken realm and rose our sect to eh number one sect. But in fact, there's a sect who wasn't affected much just like ours. It's the Great Sun God Mountain."

Lei Yuehe was very precise and Ye Mo nodded happily "Continue."

"yes." Lei Yuehe continued "Ever since Xu Yue divine dao was annihilated, the people from Great Sun God Mountain rarely appeared. After countless years, people from Great Sun God Mountain started to come out. We know that even two of the Immortal Goddess Sacred Sect combined is no match for Great Sun God Mountain."

Ye Mo asked "You're saying that Great Sun God Mountain wants to annihilate Immortal Goddess Sacred Sect?"

Lei Yuehe said definitely "They do."

"You're all sects of a broken realm why do this?" Ye Mo asked.

"The reason they haven't done this is because the main peak of the Great Sun God Mountain, the Great Sun God Peak's law is incomplete. It was contaminated. They need to sacrifice our saint to purify it. Once the impurities are gone, the powers of the Great Sun God Mountain would rise again."

Hearing this, Ye Mo was more confused and asked with a frown "How do you sacrifice the saint?"

"At the peak of the Great Sun God Mountain, slice open the neck of the saint and let her blood flow down the peak until the saint dies and all of her life force is devoured by the Great Sun God Mountain." Lei Yuehe said dejectedly.

Then she added "This is just their excuse. If we don't lend them the saint, they would use this to attack. After we lend them the saint they would still attack."

Ye Mo could guess that Ji Xi wasn't the saint as Ji Xi told her that for some reason she was no longer saint.

This Great Sun God Mountain was so bleak. The Divine Dao Realm was already withered to this state and they still want to dominate everything. If this continues, the Divine Dao Realm would eventually completely cripple.

“I heard that a prodigy of Great Sun God Mountain is about to reach Primordial Essence Divine Emperor. They’re probably doing this for that prodigy. They want to use the entire realm to vindicate his down. Once he fuses the Divine Dao Realm and completes the sect, his Primordial Essence Divine Emperor would be in great completion.” Zhu Wenge said.

Then he said hatefully, “I’ve suspected the Great Sun God Mountain long had such plans.”

You’re saying that a Dao Essence Divine Emperor peak stage of Great Sun God Mountain is about to fuse the entire realm and then use it to vindicate primordial essence?” Ye Mo asked in shock. Isn’t this spirit controlling the entire Divine Dao Realm for himself?

This was more than cruel. On the surface it seemed to be doing good but even a Primordial Essence Divine Emperor would have to kill all the living beings here. Even if he didn’t, all the living beings on this place would be spirit controlled and turn into divine dao laws once he perfected the world laws here.

“Yes.” Zhu Wenmao sighed.

Ye Mo shook his head “Impossible, if it’s just a Dao Essence Divine Emperor, there’s no way he can do this.”

Ye Mo’s cultivation level was far from Dao Essence Divine Emperor but he had some understanding of Dao Essence Divine Emperor. He knew that even a peak stage Dao Essence Divine Emperor can’t spirit control the entire Divine Dao Realm. That was suicide.

“Perhaps he isn’t dao essence, perhaps he is already primordial essence.”

Ye Mo’s heart was shook. Could a Primordial Essence Divine Emperor spirit control the Divine Dao Realm?

It's said that the Divine Dao Realm had five Primordial Essence Divine Emperor before and they remained in balance. No one dared to spirit control the Divine Dao Realm. But before, even if there was just one Primordial Essence Divine Emperor, he wouldn't be able to spirit control the complete Divine Dao Realm.

But now the Divine Dao Realm was broken, a Primordial Essence Divine Emperor might really be able to spirit control this realm and then rebuild the realm with his god art. That way, this realm would probably be his chaos world.

If there really was such a guy then he would have to flee this place.

The three fell in silence. Ye Mo finally realised what Zhu Wenmao's death meant but he was still suspicious.

"If qian bei doesn't have any business wan bei will be going." Seeing Ye Mo not talk, Zhu Wenmao said again.

Ye Mo nodded "Lei Yuehe, I want to ask you another question. I know your saint Ji Xi, did she come back?"

Hearing this, Lei Yuehe dazed but soon reacted and bowed "Qian bei, saint Xi has been back to the sect for a few years. But now, she's no longer the saint. It's someone else."

Ye Mo rejoiced, Ji Xi was back and he could get his gourd from her.

"Okay, I'm very happy with your answer. I have one last question. Why did you guys come to Xu Yue divine dao?" Ye Mo thought about getting the gourd and was very happy.

Zhu Wenmao sighed. He knew he had to answer and bowed to Ye Mo "Because wan bei is the only surviving sect member of Xu Yue divine dao."

Chapter 2088 Fire Spirit Little Blue

“You’re a sect member of Xu Yue divine dao? Then why do you sneak here?” Ye Mo asked.

Zhu Wenmao said “Because our sect was

annihilated by Great Sun God Mountain.”

“You’re saying Great Sun God Mountain annihilated Xu Yue divine dao?” Ye Mo repeated and seemed to

understand. If the Great Sun God Mountain really had

Primordial Essence Divine Emperor and wanted to

control the entire Divine Dao Realm, then it wasn’t impossible that they annihilate Xu Yue divine dao all those years ago.

Ye Mo thought and asked “Xu Yue divine dao was annihilated a few million years ago. You seem far from this age...”

“That’s because when the sect was annihilated, wan bei’s essence spirit fled. I was lucky and found a

Luo Xiao Wu wood to rebuild my body. After that |

restarted cultivation. I later encountered martial sister

Yuehe. Without her I wouldn’t be able to last till today.” Zhu Wenmao said.

Ye Mo could feel he wasn’t lying. He looked at him and said “I’m somewhat connected with Duanmu Yuebo. I came here this time mainly to help rebuild the

sect. If you dare to stay then help me.”

“Our primordial essence martial ancestor Duanmu Yuebo...” Zhu Wenmao dazed. When the sect was annihilated, the entire sect was hoping the martial ancestor would come back but he didn’t even at the final moment.

This is a long story, if you’re willing to help then we’ll talk about it at Chang Fei divine dao city.” Ye Mo knew that in order to rebuild the sect they had to go the city. Many materials had to be bought from the city.

Two hours later, Zhu Wenmao knew from Ye Mo that his martial ancestor could never return again. Zhu Wenmao was lost for words. He had always hidden at the sect in hopes that the martial ancestor would come back one day.

“Ye qian bei, if the sect is rebuilt, I’m afraid the

Great Sun God Mountain would...” Zhu Wenmao said

worriedly.

If it wasn't for the Great Sun God Mountain, Ye Mo

would rebuild the Xu Yue divine dao straight away. After knowing about Great Sun God Mountain, of course he wouldn't do it recklessly now. He had to

know the situation of Great Sun God Mountain first.

He gave Zhu Wenmao a storage ring and said “There's half a top grade god spirit range...”

Zhu Wenmao almost dropped the storage ring. The thing lacking in the God Necropolis Domain the most was the god spirit range. Even low grade god spirit

range was rare yet Ye Mo gave him half a top grade god spirit range.

Ye Mo knew god spirit range was in shortage here and was planning to give one to the Xu Yue divine dao anyways. He took out half to help prepare resources for setting up the sect and the other half for setting up the spirit gathering formation.

Ye qian bei...” Zhu Wenmao said drily. Half a top grade god spirit range was probably enough for him to vindicate dao.

“This is the resource for rebuilding the sect. Use this to buy resources at the city and wait for me to come back.” This wasn't much in Ye Mo's eyes but Ye

Mo wasn't that wealthy now. He needed to cultivate

too.

This wasn't wealthy to Ye Mo but in Zhu Wenmao's

eyes, it was more than enough. The Divine Dao Realm was lacking resources. Even half a low grade god spirit range can exchange for countless resources and set up

the sect for Xu Yue divine dao.

"Please rest assured qian bei, I will definitely buy the things to set up the sect and wait for qian bei to come." Zhu Wenmao calmed down his excitement and

said.

Ye Mo said to Lei Yuehe again "I'm going to visit

the Great Sun God Mountain and Immortal Goddess Sacred Sect. Don't worry about your identity. I know Ji Xi, it's probably not hard for you to leave the sect. Just wait here and help Zhu Wenmao."

To Ye Mo, he felt that Ji Xi still owed him even if

she gave the gourd back to him. If she didn't even want

to help with something like this she was too

shameless.

Lei Yuehe was an immortal goddess and Ye Mo

knew their status here. Even if something happened to

Zhu Wenmao, she would be able to use the name of the sect to settle things.

“Thank you qian bei, wan bei knows.” Lei Yuehe said excitedly.

Ye Mo didn’t enter the city. He needed to get what

he deserved at the Immortal Goddess Sacred Sect and check out Great Sun God Mountain.

After separating from them, Ye Mo used the map Lei Yuehe gave him and flew for a day before stopping

and entering the golden page world.

The first thing he did was to spirit control that short spear. Ye Mo was certain it was no ordinary thing

or it wouldn’t be able to kill Duanmu YUebo.

When he took the spear out, chaotic messy chi seeped out from his restriction. There was killing chi, hatred chi, abyssal chi and dao mark chi mixed

together.

Ye Mo set up the time formation disk and then

removed the restriction and began spirit controlling this

spear. The time formation disk ran for three days for Ye Mo had spent a year and still couldn't spirit control this spear. He could only slowly erode at the chaotic chi.

But Ye Mo knew the name of this spear now. It's name was insane. It was called Murder Dao. It was this unknown material that had been nourished for countless years and formed this short spear.

Ye Mo stopped spirit controlling this spear. First,

he didn't like this name. There were different heights to

daos. Everyone had their own dao. This spear was

named murder dao meaning that no matter how strong

you got, as long as you had your own dao wave you

might be killed by this spear's backlash.

Second, Ye Mo didn't like to use spears much less a spear with this much impure chi. This spear had stayed countless spirits and would definitely slay

more.

However the material of this spear was the best Ye

Mo had seen so far.

Ye Mo immediately thought of his Zi Xu. His Zi Xu

was now just barely a low grade god artefact mainly because he lacked the materials and his forgery skills

weren't good enough.

Zi Xu was different to other magic artefacts however. It could fuse materials itself. If he melted the

material and fused it into Zi Xu, it would become a

supreme magic artefact.

Looking at this murder dao spear, Ye Mo was

interested.

The only worry Ye Mo had now was if Blue Like

Morning Sky could melt this spear. If not, it would be pointless.

Just when he released Blue Like Morning Sky, he

felt Blue Like Morning Sky was different. He could even

sense Blue Like Morning Sky's mood. What was going

on?

A baby chi came. Ye Mo blurted out "You're a fire spirit, the fire spirit of Blue Like Morning Sky?"

Then, Ye Mo was very certain that a fire spirit was born. As the chi from Blue Like Morning Sky became more and more complete, Ye Mo was even more

certain.

Ye Mo rejoiced. Flames could have a spirit when

they were immortal flames. His mist lotus heart fire

was too low level so he didn't use it and didn't care. But

when his Blue Like Morning Sky reached immortal flame, there was no fire spirit. Although Blue Like Morning Sky had reached god flame for a while now,

finally a fire spirit was born. Although it couldn't

completely communicate with it but it could express its

feelings.

"I'll call you Little Blue." Ye Mo laughed. He felt very

good.

"Little Blue I need you to melt this spear and remove the impure chi inside and fuse it into Zi Xu can you do it?" Ye Mo asked.

Blue Like Morning Sky sent a contemptuous mood

as though unhappy with Ye Mo for doubting his

capabilities. However, the Murder Dao released a

chaotic chi.

Ye Mo didn't care and just threw Blue Like Morning Sky on the spear. Blue Like Morning Sky quickly wrapped the murder dao spear and released a fearsome blue flame.

Cracking sounds came but even after a few days, the spear was still there. The chaotic chi was getting weaker and weaker. It seemed Little Blue just needed to burn through the chaotic chi and would then be able

to melt the spear.

"So amazing." Blue Like Morning Sky was already

god flame and could be said to be the strongest flame in this realm but still couldn't melt this spear.

Ye Mo sent a message to Little Blue telling him to

take it slow. Ye Mo left the golden page world. He didn't

need to watch it constantly.

Chapter 2089 Saint Dao Prayer Ceremony

Ye Mo was at a small market place right now. The

words said Lu Xia market. It wasn't small but it was an open roof market.

The reason he stopped here was because he had
been to this market once. He wore a mask here and
was attacked due to people thinking he was Taba
Feiyang.

Ye Mo didn't plan to go in but when a familiar spirit
sense came from the market and spun on him, it
released some joyful chi.

Ye Mo recognized who this person was. Just when he wanted to go in, this person immediately landed
next to Ye Mo.

"Ye Mo, I really didn't expect to be able to see you here..." It was a woman but when she saw Ye Mo's
chi was still at immortal emperor, she collected her joy.

It was an extremely beautiful woman.

"So it's Yingyao goddess. Congratulations on dao vindication." Ye Mo immediately realised why she
collected her joy. She succeeded dao vindication but he was still immortal emperor. She didn't want to
hit his

insecurities.

Ye Mo didn't care. The Divine Dao Realm's laws

were incomplete. He vindicated dao in his own chaos world. His dao wave and laws were much more complete.

“brother Ye really exceeds my expectation. I really thought brother Ye was a monk before.” Shan Yingyao looked at Ye Mo’s long black hair speechlessly.

She wondered how Ye Mo came out of the God Necropolis Domain border. Perhaps he had a top level rune but she didn’t want to ask Ye Mo. She respected

Ye Mo’s power despite he wasn’t a divine emperor.

“Just some small achievements. Martial brother Ye has better talents than me, you will reach future than me.” Shan Yingyao said and then changed the

subject “Brother Ye do you want to sit for a while in the

market?”

Ye Mo wasn’t a monk so she was still suspicious of Ye Mo and Taba Feiyang but she felt Ye Mo was a good person and didn’t force him.

“Of course.” Ye Mo agreed. He had some things he

wanted to ask Shan Yingyao too.

Shan Yingyao had high status and now that she

reached divine emperor, she was respected even more. The people who saw her in the market place all bowed

to her.

After inviting Ye Mo into an immortal rest tower,

Shan Yingyao poured a cup of top grade immortal tea for him.

Before she asked, Ye Mo asked “Goddess Yingyao, I want to ask if you know about the three divine sects of the Divine Dao Realm?”

Shan Yingyao smiled “If you asked me before | really wouldn’t know but lately I heard that the Great Sun God Mountain and Immortal Goddess Sacred Sect still remains. Xu Yue divine dao had been annihilated.

The older generation of the broken realm would

know.”

Ye Mo asked “Then how come you wouldn’t know if I asked you earlier?”

Shan Yingyao answered “Because something big

happened at the Immortal Goddess Sacred Sect lately.

Their saint is about to go to the gss and pray there. The

Immortal Goddess Sacred Sect is the number one sect

of the Divine Dao Realm so they invited all the divine

emperors of the Divine Dao Realm to go there and visit

the ceremony. I was invited too.”

Ye Mo immediately knew what was going on. It

was no prayer ceremony. The Great Sun God Mountain and Immortal Goddess Sacred Sect both knew that the saint would be sacrificed.

Immortal Goddess Sacred Sect knew their power

was weaker than Great Sun God Mountain so they

invited all the divine emperors. If their saint was really killed at the Great Sun God Mountain, then they would immediately announce this news. Then, the Great Sun

ew

God Mountain would have to face not only Immortal

Goddess Sacred Sect but all the divine emperors of the Divine Dao Realm. Then, Immortal Goddess Sacred

Sect would have even higher status and the entire

Divine Dao Realm would be against Great Sun God

Mountain.

The Immortal Goddess Sacred Sect's calculations

might seem good to them but to Ye Mo, it was too

naive.

But Ye Mo was not interested in this. He just

wanted to find Ji Xi before they sent the saint to the Great Sun God Mountain. As for how the Immortal

Goddess Sacred Sect fought, he didn't care.

“Does goddess Yingyao know about any more specifics about the three big divine sects?”

Shan Yingyao shook her head “I don't know very clearly. If brother Ye wants to know more about the situation I can go back and ask and then bring brother Ye a jade slip.”

Ye Mo laughed “I'm just casually asking, no need for that trouble.”

Shan Yingyao didn't mind and continued “The

Immortal Goddess Sacred Sect's Yunhuai qian bei is

coming to Chang Fei divine dao city to greet us. I'm just

passing by the market here. It's really fortune to see

brother Ye here.”

She didn't feel Ye Mo's disappointment and

approved of Ye Mo's mentality even more.

Ye Mo didn't answer. He was going to the Immortal Goddess Sacred Sect and it was best before the saint

went to Great Sun God Mountain.

Seeing Ye Mo didn't chat much, Shan Yingyao

asked "Brother Ye, I want to ask if you have seen Taba

Feiyang? Or..,

Ye Mo knew she called him over for this and he

was planning to admit it so he nodded "That's right, I've

seen Taba Feiyang ..."

"What, then you... you..." Shan Yingyao got up in fury. This extreme fury spouted from her.

She was certain that the one wearing the mask

was Ye Mo. This meant Ye Mo killed Taba Feiyang and

used his skin to make the mask.

Seeing her intense killing intent, Ye Mo really didn't have the mood to fight with her and sighed "I want to

see the Taba feiyang I saw was fake. He wore a mask.

Although I didn't spirit control that mask, I know it's

definitely not made from Taba Feiyang's skin."

Then, Ye Mo took out the mask and showed it to

Shan Yingyao.

Shan Yingyao sat down dejectedly. She believed that the real Taba Feiyang wasn't killed by Ye Mo. It

was an instinct.

Shan Yingyao looked at the mask and said sadly

"You're right. You didn't kill Feiyang. Can you tell me about how you killed that imposter?"

Ye Mo didn't hide this and just said what happened

at Mu Hua god mountain.

"Thank you brother Ye, you helped Feiyang get revenge." Shan Yingyao gave the mask back to Ye Mo

and bowed.

Ye Mo respected her quite a lot. She thought he was only an immortal emperor but was still willing to bow to him.

“This is what I got from the fake Taba Feiyang. I have no use for it. if it belongs to your martial brother Feiyang then have it.” Ye Mo took out the cracked six glory soul light.

Shan Yingyao exclaimed again and grabbed it. Her tone sniffed. Clearly, the magic artefact belonged to the real Taba Feiyang.

Seeing her so sad, Ye Mo got up and said “Goddess Yingyao, Ye will be leaving now.”

“Wait.” Shan Yingyao came back to her senses and

rubbed her eyes. Her actions also made Ye Mo think

she was not a divine emperor but an ordinary woman. To many divine emperors, this action meant an unfirm mind but in Ye Mo’s eyes, it was someone who was still

alive and had emotions.

Shan Yingyao said again “Thank you for bringing

this magic artefact to me. I don’t have anything good to

give brother Ye. Yunhuai qian bei is going to Chang Fei

divine dao city. We’re going there too...”

Ye Mo knew what she meant. She wanted to bring

him to the Shan Du god estate and give him some

rewards but Ye Mo wasn't interested in such things.

"Not good." Ye Mo suddenly thought of something and dashed out in a light and disappeared.

Chapter 2090 Don't Think Too Much of Yourself

"What's not good?" Before she finished, Shan Yingyao realised that Ye Mo had disappeared from her. She just realised that even as a Dao Moulding Divine Emperor she didn't see how Ye Mo left.

Ye Mo's heart was burning now. When she said the Yunhuai divine emperor of the Immortal Goddess Sacred Sect was at Chang Fei Divind dao city, he reacted.

Lei Yuehe and Zhu Wenmao were doing things for him in the city. He hadn't gone to Immortal Goddess Sacred Sect to mention Lei Yuehe to Ji Xi yet and there was a divine emperor from Immortal Goddess Sacred Sect there.

Lei Yuehe was a mere immortal emperor. She wouldn't be able to resist a divine emperor at all. If that divine emperor realised that Lei Yuehe disobeyed the sect rules, perhaps she would kill Lei Yuehe on the spot. Even if she didn't, she would remove her power.

Lei Yuehe might have a chance to live but Zhu Wenmao who 'seduced' Lei Yuehe would have zero chance to live.

Ye Mo didn't believe the Immortal Goddess Sacred Sect was truly sacred. He had seen hypocrites all too much. Just from how they invited other divine emperors to watch the ceremony to draw hatred to Great Sun God Mountain meant something.

At this moment, Ye Mo used space time boat to its extreme speed. If it wasn't that the space here was too unstable, he would even use instant transmission.

At the city gates, twenty or so divine emperors stood on the two sides. A grey robed pretty woman walked down from the air. Some immortal emperors and below could only stand behind respectfully

“Welcome Yunhuai qian bei...” “Welcome Yunhuai divine emperor...”

This grey robed pretty woman was Immortal Goddess Sacred Sect’s Yunhuai divine emperor. Just looking at the city greeted her, one would know how liked the Immortal Goddess Sacred Sect was.

Yunhuai smiled to these divine emperors and nodded.

This divine chi formed dao wave rings behind her back making her seem more sacred as though she had the utmost beauty and loving chi.

Some weak powered immortal emperors didn’t even dare to look her straight in the eye. To them, Yunhuai was too beautiful that they didn’t dare to show any disrespect

“Thank you everyone. Our Immortal Goddess Sacred Sect will protect the divine dao realm till the end.” Yunhuai said casually.

At this moment, Zhun Wenmao and Lei Yuehe who were hiding in an immortal rest tower had their faces turn pale as paper. They would’ve never imagined that before Ye Mo came back, the Immortal Goddess Sacred Sect Yun Huai divine

emperor came.

“Yunhuai divine emperor detests immortal goddesses who aren’t impure. I, I...” Lei Yuehe wasn’t scared of death but she was so scared of Yunhuai divine emperor that she couldn’t talk.

Zhu Wenge grabbed her hand and said “Yuehe, sorry, I’m so useless. I brought this to you. I didn’t even have the chance to rebuild Xu Yue divine dao and then I brought disaster to you, I...”

Lei Yuehe hugged Zhu Wenmao tightly "Brother Wenmao. We can die together. I don't want to fall into martial uncle Yunhuai's hands. That would be worth than death."

Zhu Wenmao sighed. He couldn't even protect his own woman. He didn't know what was the point of him cultivating all these years.

Yuehe, we'll be dao partners next time." Zhu Wenmao said and then was about to suicide.

"Wait, brother Wenmao..." Lei Yuehe stopped him.

Lei Yuehe put his hand on her chest and said shakily "Brother Wenmao. Martial uncle Yunhuai is at the city gates. It will be a while before she finds us. I haven't been your dao partner yet. I, I really want to do it once..."

Lei YUeHe's tone was shaky and her face went red. Once you made up your mind you have much less fear.

Zhu Wenmao dazed. Before he could speak, he heard a sneer and a huge essence chi hand grabbed them out.

Thud thud. They were thrown at the city gates.

Everyone immediately dazed. They didn't understand why Yunhuai divine emperor threw out two divine emperors on the ground?

"Huh, I recognized them. One seem to be an Immortal Goddess Sacred Sect immortal goddess."

"What's going on?" Some people discussed in the crowd.

Yunhuai's temperament and royal look was a bit hideous due to anger. She pointed at the two and said coldly "This woman dares to pretend to be our Immortal Goddess Sacred Sect member and dares to ruin our Immortal Goddess Sacred Sect reputation."

“I was wondering why an immortal goddess was with a man. So she’s a fake.”

“Of course, which immortal goddess do you see having a dao partner?”

“Immortal goddesses are sacred, how can they be with a man? This woman is so evil. She dares to ruin the Immortal Goddess Sacred Sect’s reputation. She deserves to die.”

The crowd was furious and about to kill the two.

Yunhuai’s hideous face eased up a bit. She said slowly “This man is trying to ruin the reputation of the Immortal Goddess Sacred Sect with this fake Immortal Goddess Sacred Sect woman. I’m going to kill him but I have to take this woman back to Immortal Goddess Sacred Sect for interrogation. Why did she impose as our Immortal Goddess Sacred Sect sect member.”

“It’s Immortal Goddess Sacred Sect after all. They’re so magnanimous, he’s only going to die.”

“Yea, if it’s someone else, it would definitely be burning their souls and annihilating it completely.”

“Of course, the divine sect is magnanimous unlike others.”

People discussed heavily outside the city. Only some experienced immortals saw through some things but they said nothing. Most immortals were cursing the two deserved to die.

Zhun Wenmao gritted his teeth and wanted to speak up for Lei Yuehe before he died but he was suppressed by this invisible power making him not able to say a

word.

“Go to your next life. Don’t do something this immortal in your next life...” Yunhuai said and shot a beam at Zhu Wenmao’s dan tian.

The two saw the beam shot over but there was nothing they could do.

At this moment, all the immortals outside the city suddenly felt a space wave. Before they could realise what happened, they heard a thud. Those weaker immortals were confused as that wasn’t the sound of dan tian breaking.

But soon they saw that the beam didn’t shoot at Zhu Wenmao’s dan tian but a fist that came down from nowhere.

Thud. There was another huge explosion and the sturdy ground outside the city had a huge ravine. Ripples appeared in space too.

A blue figure landed at this moment and stamped. The ravine outside the city disappeared.

The powerful essence chi backlashed. Yunhuai stared dazily at Ye Mo who stood in front of Zhu Wenmao and Lei Yuehe and asked dazily after a while “Who are you? How dare you stop the divine sect in their business?”

At this moment, people saw that the beam was blocked by a fist. This blue robed man actually stopped the beam from a Dao Nourishment Divine Emperor. This speak was unheard of.

“He’s just an immortal emperor?” Everyone was more shocked when they saw Ye Mo was only an immortal emperor. No one believed this.

“Are you guys okay?” Ye Mo ignored Yunhuai and removed her restriction.

Zhu Wenmao reacted and got up in surprise and joy “Thank you qian bei for helping, wan bei is fine.”

Lei Yuehe got up and said dejectedly “Wan bei is fine thank you qian bei.”

Yunhuai was furious seeing that Ye Mo ignored her but thinking about how Ye Mo's fist she resisted the urge to fight and sneered "Who are you, you stopped the Immortal Goddess Sacred Sect. Do you want to fight against the entire Divine Dao

Realm?"

Ye Mo laughed "All you talk about is Immortal Goddess Sacred Sect. Do you want to use Immortal Goddess Sacred Sect to scare me? Acting against the Immortal Goddess Sacred Sect is acting against the entire Divine Dao Realm. Do you think you're a spring onion or garlic? Don't think so highly of yourself."

Then, Ye Mo's smile went away as he said coldly "Zhu Wenmao is my friend. You old bastard dare to attack him. I haven't gone to look for your trouble yet and you dare to accuse me first. Is the Immortal Goddess Sacred Sect very amazing? Your Immortal Goddess Sacred Sect owes me something and still haven't returned it. piss off before my mood goes bad."

"You..." Yunhuai's face was pale white. She had never been treated like this, how could she take it.
