Chapter 2091 Smash Away

If people didn't see Ye Mo's punch, people would've gone up to challenge Ye Mo already but from how Ye Mo punched, it was obvious that Ye Mo was no weaker than Yunhuai divine emperor at all. It would be suicide for ordinary people to go up.

Although there were so many people here welcoming Yunhuai divine emperor and respecting the Immortal Goddess Sacred Sect, not many wanted to come up and die for them.

Yunhuai was shaking with anger but she didn't attack. She really wanted to kill Ye Mo immediately but Ye Mo attacked later and arrived first, punching her wind fire lethal beam in one punch. He was no weaker than her. Even though she only used 30% power, she didn't feel she had won for sure.

If she couldn't beat Ye Mo, it would be a huge blow to the Immortal Goddess Sacred Sect, this time, she came to gather momentum and force for the Immortal Goddess Sacred Sect.

Yunhuai didn't fight but Ye Mo didn't intend on letting her go. He told her to piss off just so he could get her to attack him. Ye Mo didn't expect her to be this forbearing but even so, Ye Mo was going to make her attack first.

The Immortal Goddess Sacred Sect was this well received. If he attacked first then even if he had reason on his side, he would have the disadvantage. If everyone felt he had no reason then it wasn't good no matter how strong he was. He was going to rebuild the Xu Yue divine dao sect. He would need the help of the city, he couldn't offend the entire city.

Ye Mo ignored Yunhuai and saluted with his fists to everyone "Everyone, justice is among out hearts. Immortal Goddess Sacred Sect is the number one sect of the Divine Dao Realm and theoretically they should be upholding justice in the Divine Dao Realm and not abuse the weak. Many people might think that my friend is wrong and deserves death for offending the divine sect.

Okay, even if they deserve to die then at least give the person a chance to speak. I'll let Zhu Wenmao explain why this high status divine sect divine emperor wants to kill him. If he's indeed wrong and the Immortal Goddess Sacred Sect divine emperor still wants to kill him, I won't say anything. I believe as

the Immortal Goddess Sacred Sect divine emperor, you wouldn't not give my friend a chance to speak right?"

Ye Mo sneered at Yunhuai "Of course, you can pretend to not hear it and leave now but if you do, then it means you were indeed abusing the weak before. That is extremely shameless. If the divine sect has such people, then I believe everyone in the Divine Dao Realm would be extremely disappointed."

Hearing this, everyone stayed silent. No one agreed to disagreed publicly. It was very natural for the accused to speak up for himself.

Ye Mo knew the opportunity had formed and he said to Zhu Wenmao "Brother Wenmao, how did you offend the Immortal Goddess Sacred Sect? Why is the respected divine sect divine emperor killing you? Speak up, there's plenty of people here. People aren't dumb, they can differ between right or wrong. If you did indeed offend the Immortal Goddess Sacred Sect, I can't help you."

Of course Zhu Wenmao knew what Ye Mo meant. He looked up and said "That's right, I'm an ope but I didn't do anything to offend the Immortal Goddess Sacred Sect. I fell in love with Yuehe and we love each other. Yuehe is indeed the immortal goddess of the Immortal Goddess Sacred Sect but what right does this divine emperor master have to accuse us of framing the Immortal Goddess Sacred Sect, say she's not an immortal goddess and not even let us speak?"

Ye Mo stood up and said again "Lei Yuehe is an Immortal Goddess Sacred Sect member. I'm going to the Immortal Goddess Sacred Sect this time to help her leave. This divine emperor of the Immortal Goddess Sacred Sect is speaking blind words with open eyes."

Ye Mo then said to Lei Yuehe, "Yuehe, are you an immortal goddess of the Immortal Goddess Sacred Sect?"

Lei Yuehe clenched her teeth and said "Wanbei is indeed an immortal goddess of the Immortal Goddess Sacred Sect. Wan bei went against the sect rules, this has nothing to do with Wenmao."

Ye Mo was speechless. This Lei Yuehe was too honest. She's an idiot to say she went against the sect rules now.

"Hmph." Yunhuai's face was green. She stared coldly at Lei Yuehe and said "You were an immortal goddess but now anymore. You are kicked out of the Immortal Goddess Sacred Sect. The Immortal Goddess Sacred Sect doesn't have a shameless bitch like you. You putrid revolting mess."

People immediately began discussing. This meant that Yunhuai was lying before. She said that Lei Yuehe wasn't an immortal goddess and impostor as one. But now she kicked Lei Yuehe out of the sect.

Ye Mo spat and stared at Yunhuai in contempt "Do you have any face? Putrid revolting mess? Are you not born from a mother? Or are you a female monkey that came out of a rock? You're saying it's disgusting for male and female to fall in love. Are you saying your parents are putrid revolting mess too? If your dad didn't fuck your mum can you come out? Stop being a hypocrite, you're the most disgusting."

Ye Mo's words were so mean that Yunhuai's face changed rapidly. The surrounding people were dazed upon hearing this too.

"Go die..." Yunhuai could no longer contain her fury and waved out light while expanding her divine emperor domain like crazy.

The people nearby quickly retreated, even some divine emperors retreated too.

108 wind fire sand turned into ripples that completely surrounded Ye Mo. It was like the heavens were smashing down on Ye Mo.

Ye Mo sneered. Yunhuai's power was the weakest of all Dao Nourishment Divine Emperors he had seen. Plus, he was many times stronger than before. Ye Mo didn't even release Zi Xu and just smashed out a few hand signs. He couldn't even be bothered using domain.

Ice space god art. It was infinitely close to a great god art. This was the first time Ye Mo used it after learning it at the life crippling desert.

The nearby space seemed to have paused and this bone eroding frost flow blew out like the wind. Even Dao Moulding Divine Emperor felt cold and the immortal emperors retreated quickly while thinking what god art this was? It created such a terrifying frost flow?

The space around Yunhuai and Ye Mo seemed to have completely froze. The 108 wind fire sand seemed to have been frozen and instantly slowed down until pausing. Yunhuai's domain also began to crack open.

"Crack..." Space seemed like an icy river that completely froze and then cracked open.

The fire wind sand was like falling leaves that had lost its life and slowly fell down.

Yunhuai's face was pale and murmured "What god art is this?" But Ye Mo didn't answer her and punched.

Thud. Yunhuai's domain cracked open. Ye Mo's punch landed on her chest. She spat a mouthful of blood and flew out.

Dao Essence Divine Emperor? That's the only thought Yunhuai had in her mind. Ye Mo was definitely Dao Essence Divine Emperor. Otherwise, how could he so easily smash her away, she knew that Ye Mo didn't want to kill her with that punch or she would've cracked apart already.

Even though she was extremely heavily injured, Yunhuai didn't dare to land. She turned around and dashed away immediately.

Ye Mo sneered and couldn't be bothered chasing. He never intended to kill this woman. The Immortal Goddess Sacred Sect was very big and he didn't have any big conflicts with them. He didn't need to kill Yunhuai and have conflict with the

sect.

All the immortals who witnessed this battle took in a cold breath. What power

was this? One god art and a punch smashed away a Dao Nourishment Divine Emperor and almost killed her. This power was terrifying.

Shan Yingyao immediately chased over after she saw Ye Mo leave the market. She was a bit slower than Ye Mo but saw how Ye Mo easily defeated Yunhuai. If Ye Mo didn't show mercy, Yunhuai would've been killed.

Shan Yingyao took in a cold breath. Yunhuai was a Dao Nourishment Divine Emperor and Ye Mo..

Clearly he reached divine emperor too but she just couldn't tell before.

"He's just as terrifying as before." Shan Yingyao thought about how Ye Mo killed half divines like chickens.

Those divine emperors saw Ye Mo's power and all came up to greet him.

Ye Mo saluted with his fists "Immortal friends, I won't comment on the good or bad of the Immortal Goddess Sacred Sect but everyone saw this woman. She's extremely shameless and twists the truth. I didn't kill her today because of the Immortal Goddess Sacred Sect."

Ye Mo then said loudly "Zhu Wenmao and Lei Yuehe are my friends. They need to buy some materials in the city. Please don't trouble them on my account."

Chapter 2092 Lose Virginity

"Brother Ye, you've vindicated dao indeed and you progressed so fast. I'm the from at the bottom of the well. I actually thought you were still an immortal emperor." Shan Yingyao saluted with her fists.

"Goddess Yingyao vindicated dao too." Ye Mo laughed and saluted with his fists.

Shan Yingyao knew she was a far cry from Ye Mo and asked "Brother Ye, are you going to the Immortal Goddess Sacred Sect? Why don't we go together."

Ye Mo sound transmissioned "Goddess Yingyao, if you trust me then don't go to the Immortal Goddess Sacred Sect." "Why?" Shan Yingyao looked at Ye Mo with confusion.

"I don't know the reason exactly." Ye Mo was only guessing but of course he wouldn't tell her his guess.

"I'll listen to you." Shan Yingyao didn't keep asking and instantly chose to believe Ye Mo. Ye Mo gave her this mysterious feeling. She didn't know just how powerful he was. Such person was very terrifying. She would rather not go to Immortal Goddess Sacred Sect than leave Ye Mo was the impression that she didn't trust him.

Ye Mo nodded and approved of her wisdom. If she went to the Immortal Goddess Sacred Sect she would be used by the sect.

Ye qian bei..." Lei Yuehe came up and called. She was truly grateful to Ye Mo.

"Call me brother Ye. I'm going to the Immortal Goddess Sacred Sect. You and Wenmao keep buying materials like I said before. I believe no one would dare to touch you guys now." Ye Mo waved his hand.

Shan Yingyao quickly said "Brother Ye don't worry just go. I will stay at the city."

Ye Mo knew that Shan Yingyao wanted to thank him and didn't reject. After all, Lei Yuehe and Zhu Wenmao was too weak. He was quite assured with Shan Yingyao staying here.

"Martial brother Ye..." Lei Yuehe sound transmissioned to Ye Mo "I heard that the new saint of the divine sect has lost her virginity. Although the divine sect has means to hide it, the Great Sun God Mountain would definitely realise it when they sacrifice her. There would definitely be a huge battle between the Great Sun God Mountain and Immortal Goddess Sacred Sect. If martial brother Ye is going over..."

Hearing this, Ye Mo immediately knew that his guess was correct. The Immortal Goddess Sacred Sect was doing exactly what he imagined.

“Don’t worry, I’ve long thought of this. The Immortal Goddess Sacred Sect would intentionally take in a woman who has lost her virginity. They’re quite planned.” Ye Mo looked down on this Immortal Goddess Sacred Sect. Their lives of ordinary sect members were insects to them.

Lei Yuehe continued to sound transmission “That Mu Xiaoyun wasn’t intentionally taken in. It’s said she came from the immortal realm and was taken in as disciple by martial uncle Qilan. Just when she reached great unity immortal...”

“What did you say? What is that saint called?” The veins on Ye Mo’s head burst as he grabbed Lei Yuehe hideously and asked coarsely.

Lei Yuehe was wrought by Ye Mo’s state and quickly said “She’s called Mu Xiaoyun, she came with a sect members called Luo Bieyue...”

Before she finished, she felt more space ripple and Ye Mo was gone.

“He actually used transmission at the Divine Dao Broken Realm, martial brother Ye...” Lei Yuehe murmured and then stopped. She realised that this Ye Mo qian bei must have close relationship with this Mu Xiaoyun. They might even be dao partners. Lei Yuehe sighed. The Immortal Goddess Sacred Sect formed another great enemy but there was nothing she could do.

Yunhuai was furious but she was no match for Ye Mo. Even if Ye Mo pointed her nose and beat her she would have to run away.

That punch damaged her meridians. If she didn’t repair her meridians quickly, it would affect her future cultivation.

After dashing another million km, Yunhuai stopped in a barren land and spot another mouthful of essence blood. She cursed even more in her heart.

Just when Yunhuai wanted to open a temporary cultivation home another dashing light went past her head. Yunhuai was shook. Normally, she wouldn’t care about it at all. From the looks of it, it was just an immortal emperor tertiary stage. But now, she was no match for an immortal emperor. Of course, if she

fought with her life she didn't fear immortal emperors. But if she did that she would never be able to reach Dao Actualisation Divine Emperor in her life.

Just when Yunhuai was praying for that light to disappear, it came back and landed before Yunhuai.

"Qian bei are you the divine emperor master of the Immortal Goddess Sacred Sect?" A good looking middle aged man landed. He seemed dominant but his tone was humble.

Yunhuai sneered "Yes, what business do you have?"

"Wanbei Feng Kong, I see that qian bei seems to be injured. Wan bei has long admired igsss. I'm willing to serve qian bei." Feng Kong said in a genuine tone. He didn't even dare to look up.

Yunhuai's face eased up and she said "No need, just go. My injuries are nothing."

Yunhuai was a Dao Nourishment Divine Emperor but her calculations were nothing compared to Feng Kong. Feng Kong just used one sentence to get out the fact that Yunhuai was heavily injured.

"Then wanbei will leave." Feng Kong saluted with his fists and seemed even more respectful.

Yunhuai nodded happily. The fame of the Immortal Goddess Sacred Sect was still there. Even with what happened at the Chang Fei divine dao city, it might not affect the big plan for Immortal Goddess Sacred Sect.

Just when she relaxed, Feng Kong suddenly released a blue beam. A huge word 'ydlow' instantly surrounded Yunhuai.

If Ye Mo was here, he would know this was Feng Kong's lethal blow, the Primordial Six word god art used by the Soul Robbing Blue Cloud Brush. It was twice as strong as before and extremely rapid. It instantly surrounded Yunhuai.

The killing intent activated the nearby space lethal force forming an ancient killing intent and smashed on Yunhuai.

Yunhuai spat a mouthful of essence blood and said hatefully “How dare you...”

Feng Kong instantly sealed Yunhuai and carried her away from this barren lands.

When Feng Kong came to the Divine Dao Realm, he realised that dao vindication was extremely hard here. Now that he saw the divine emperor of Immortal Goddess Sacred Sect, how can he let her go? If she was just ordinary immortal goddess, he wouldn't be interested at all but Yunhuai was a divine emperor and one who kept her virginity.

If he gave up such opportunity, he wouldn't be Feng Kong Grand Emperor. He was immortal emperor peak stage and just one step from dao vindication. Of course he was going to take her virginity gladly and use it to vindicate dao.

15 minutes later, Yunhuai was tortured awake by Feng Kong. She immediately noticed the strange feeling of her body. It was this indescribable feeling. It seemed to be joy and sadness at the same time.

She immediately saw Feng Kong Grand Emperor who was on her and felt the virginity she had kept for countless years gradually leave her. At this moment, she almost fell unconscious again.

“Arghhh...” Yunhuai burned her god essence and punched.

Feng Kong knew Yunhuai woke up but he was at the crucial moment of taking her virginity essence. He couldn't avoid that punch. It landed on his chest and he spat a mouthful of blood.

Even just a sliver of chi of a Dao Nourishment Divine Emperor was extremely terrifying. No matter how fallen Yunhuai was, she was still a Dao Nourishment Divine Emperor.

Chapter 2093 Charge the Immortal Goddess Sacred Sect in fury

Seeing the terrifying chi on Yunhuai, Feng Kong who was heavily injured no longer dared to stay. He got what he wanted. Whether or not he could reach divine emperor all depended on his luck and effort.

When Feng Kong fled, Yunhuai's face was hideous. She detested immortal goddesses who lost their virginity but this thing now happened on her. What was even more cursed was that other immortal goddesses willing lost their virginity while she was forced.

At the immortal goddess peak, Mu Xiaoyun dazily sat at her cultivation grounds. She didn't know what to do anymore.

She noticed something wrong. She was not only not allowed to see her master and wasn't even allowed to see martial sister Biyue. She couldn't go anywhere other than the immortal goddess peak.

"Mu Xiaoyun." Ji Xi's voice sounded behind Mu Xiaoyun. Mu Xiaoyun woke up. Ji Xi sighed. Although she was much stronger than Mu Xiaoyun, she didn't steal her chi. Mu Xiaoyun reacted this slowly meaning that she understood her situation a bit but just didn't know what to do.

"Martial sister Xi." Mu Xiaoyun quickly got up.

Ji Xi hesitated for a moment and asked "Do you know that the Great Sun God Mountain people are here?"

"Do they want me to go to the Great Sun God Mountain now? Did the sect leader already agree?" Mu Xiaoyun asked calmly. She could know about this because Luo Biyue risked her life to find out about it.

"yes, I was thinking of ways to help you during this time but even the sect leader didn't expect the Great Sun God Mountain to make us send the saint over ahead of time..." Ji Xi said apologetically. She knew that the Great Sun God Mountain wasn't dumb. They could think of what the Immortal Goddess Sacred Sect thought of.

Mu Xiaoyun shook her head, "Martial sister Xi, you don't owe me anything so you don't need to help me. you can't help me anyways."

Ji Xi fell into silence again “Xiaoyun. I really do owe you, or perhaps I owe your husband Ye Mo. He...”

“What?” Mu Xiaoyun suddenly got up and grabbed Ji Xi shakily.

She really wanted to say hurry up and tell me where my husband is? Where is Ye Mo? But no matter how hard she tried, she couldn’t speak a word.

Ji Xi sighed for Mu Xiaoyun and sent an essence chi over to calm her down before saying “Xiaoyun. Don’t worry. I know indeed. I just didn’t tell you last time. I was planning to tell you about this today.”

Mu Xiaoyun could finally talk. She said shakily “Martial sister Xi, please tell me where Ye Mo is?”

Ji Xi didn’t said “I owe Ye Mo but I can’t pay him back. It’s the same if I give it to you but the Great Sun God Mountain people are about to take you away. The results are same regardless if you know where Ye Mo is.”

Mu Xiaoyun felt like she was poured a bucket of cold water. She dazed. She was about to be taken away. So what if she knew where her husband was. could she go?

Mu Xiaoyun soon cast that thought aside. She just wanted to know about Ye Mo now. This was as important as life and death to her.

“I really want to take you out of the Immortal Goddess Sacred Sect...” Ji Xi said slowly.

“Huh...” Mu Xiaoyun dazed. She didn’t expect this at all? If she took her out, wouldn’t she be able to see her husband Ye Mo immediately? At this moment, she was willing to give her life to Ji Xi just to see her husband again.

Ji Xi said sadly “But I don’t have such power. Plus, even if I do I can’t do that. I can only tell you where your husband went and give to you what I owe him.”

Mu Xiaoyun finally woke up. Her face calmed down and she bowed to Ji Xi “Please tell me martial sister Ji Xi, where is my husband Ye Mo? I just want to know that he is safe and then I won’t worry.”

Mu Xiaoyun had made up her mind that she would kill herself later. She would be very satisfied to know that her husband is fine. There’s definitely no good in going to Great Sun God Mountain.

Is she was going to be insulted at Great Sun God Mountain, she might as well end herself.

Ji Xi could see Mu Xiaoyun’s death wish but she didn’t remind Mu Xiaoyun. No matter what, she wasn’t going to let Mu Xiaoyun kill herself. If Mu Xiaoyun killed herself, then Immortal Goddess Sacred Sect would be in a very bad situation.

Your husband might have fell into the life crippling river. You might not know about it but from what I know, even a Dao Essence Divine Emperor would certainly die if he fell in...”

Ji Xi didn’t even finish but Mu Xiaoyun felt her eyes go black. Even though she was a great immortal, it didn’t matter. She felt like her body and soul had left her, pulled away by Ji Xi’s words.

Ye Mo used instant transmission the whole way. Using instant transmission in a place like Divine Dao Realm was like carrying your head in your hands. Even though Ye Mo was lucky, he was devoured by space fissure four times. If he didn’t have spirit sense domain, he wouldn’t even know where he would be now.

He was also sliced off a large piece of flesh by space disposition.

Usually, it would take a few days to reach the outside of Immortal Goddess Sacred Sect but Ye Mo only used less than half a day to get to the outskirts of Immortal Goddess Sacred Sect.

“Divine sect region, stop.” Two blue figured people stopped Ye Mo. These two were immortal emperors.

“Where is Mu Xiaoyun?” Ye Mo’s eyes were red as he yelled with murderous intent.

“There is no Mu Xiaoyun here. Leave the Immortal Goddess Sacred Sect range immediately...” Another immortal goddess yelled.

Ye Mo didn’t get the answer he wanted so he couldn’t be bothered wasting time with these two. He kicked twice and both immortal goddesses were kicked away unable to do anything. They spat blood like crazy and flew back.

“Who dares to be cocky at the divine sect?” Another blue light landed in front of Ye Mo. This was a tall woman, Dao Moulding Divine Emperor. She was the tall woman who wanted to kill Mu Xiaoyun when she saw that Mu Xiaoyun had lost her virginity.

Ye Mo’s force rose as his killing intent soared through the clouds and yelled “Where is Mu Xiaoyun?”

“Where did this wild dog come from, leave the Immortal Goddess Sacred Sect immediately. This is not a place where you can find a bitch.” The tall Dao Moulding Divine Emperor said as she released a blue long sword.

Seeing that she dared to insult Mu Xiaoyun, Ye Mo couldn’t even be bothered saying a word.

He threw out the 36 lightning sea god orbs as well as releasing ice space.

This space was already controlled by Ye Mo’s divine emperor domain. With the ice space binding, this space was instantly frozen.

Even Yunhuai had to flee under Ye Mo’s ice sky. A Dao Moulding Divine Emperor immortal goddess couldn’t do anything under this. Before she came back to her sense, the 36 orbs smashed over.

Waves of lightning flashed. It was like killing mosquitos with cannons.

Shen Haian didn’t even have a small piece of her remaining. Ye Mo didn’t even have the mood to pick up her storage ring and charged into the Immortal Goddess Sacred Sect. At this moment, the sect formation hadn’t closed yet.

“Lightning sea god orbs...” At the top seat of the guest palace, a purple robed woman stared at Ye Mo in fury.

Ye Mo killed Shen Haian in just second. She didn't even have the time to save her.

Then, this purple robed woman got up. Her face was green. Someone was this crazy and dared to kill Dao Moulding Divine Emperor in this Immortal Goddess Sacred Sect.

“Sect leader Ji, why are you so furious?” Another Dao Actualisation Divine Emperor peak stage man got up.

Chapter 2094 Most Powerful Mean

The Immortal Goddess Sacred Sect could shield from spirit sense. Ji Xinyi could see clearly what happened outside but the rest of the people in this guest palace didn't know. The man who got up was a divine emperor from the Great Sun God Mountain. Despite the Immortal Goddess Sacred Sect not allowing men to come in, they couldn't stop the people from Great Sun God Mountain coming.

Yuehe, tell the grand elder that there's someone who barged into our sect and broke our outer defense formation. He also killed our sect's Dao Moulding Divine Emperor Shen Haian.” Ji Xinyi said with extreme fury.

Great Sun God Mountain was this cocky and still tried to find an excuse to attack them but this bastard didn't have any excuse and just killed Dao Moulding Divine Emperor in the sect. Since when was the Immortal Goddess Sacred Sect so easily abused.

When Ji Xinyi's spirit sense scanned to Ye Mo, Ye Mo immediately noticed it. her chi was much stronger than that Dao Moulding Divine Emperor. Ye Mo just flew into the depth of the sect.

Ye Mo knew that the saints of the Immortal Goddess Sacred Sect stayed at immortal goddess peak but he didn't know which one was the peak. However, he was a top level formation grand master and understood the arrangements of the main peaks. Ye Mo had no concerns at all now. His spirit sense blades and spirit sense beams ravaged the sect.

The powerful spirit sense barrier formations were torn open with brute force by Ye Mo. In a very short time, Ye Mo found the approximate direction.

Ye Mo was very desperate. He went where he wanted not because he was very strong but because he attacked suddenly and the Immortal Goddess Sacred Sect hadn't reacted yet. If they reacted, he would be at the disadvantage. Even now, a few powerful spirit sense locked onto him and were getting closer.

An extremely powerful spirit sense scanned over from afar and pierced onto Ye Mo's spirit sense domain. Even though Ye Mo's Spirit Will Nine Transformations reached level five and had his simple spirit sense realm, he couldn't help shiver under this powerful spirit sense. Even the immortal goddess peak stage body couldn't endure such piercing from this spirit sense.

This was definitely a dao essence master. Ye Mo's heart sunk. He knew that Immortal Goddess Sacred Sect had Dao Essence Divine Emperor but didn't expect she would be out this quickly. He wasn't even scared of Dao Actualisation Divine Emperor peak stage but if a Dao Actualisation Divine Emperor came, it would be impossible for him to take away Mu Xiaoyun quickly. He had to avoid direct contact with Dao Essence Divine Emperor or he would sink himself in the set too.

No matter how powerful Three Birth Chant was, it couldn't allow a Dao Moulding Divine Emperor to fight a Dao Essence Divine Emperor. Perhaps if Ye Mo kept cultivating, he would be able to beat Dao Essence Divine Emperor with Dao Nourishment Divine Emperor power.

Three Birth Chant's stealth method was to transform yourself into everything. It could help avoid Dao Essence Divine Emperor lock down.

Ye Mo instantly changed direction and stealthed himself.

"A mere Dao Moulding Divine Emperor hiding his power to immortal emperor and you dare to startle me? Has the Immortal Goddess Sacred Sect fallen to this degree?" In a distant cultivation home in the sect, an unhappy voice sounded. Ye Mo was full of killing intent and his essence chi spilled. That Dao Essence Divine Emperor saw through Ye Mo's real cultivation level.

"Yuehe is worried. That person killed martial sister Haian in just a few moves, sect leader..."

The grand elder interrupted “Go tell Ji Xinyi, if she needs me to go for a Dao Moulding Divine Emperor, there’s no point of her being a sect leader and there’s no point for our sect to exist. Might as well just dissipate now.”

“Yes, sect leader...” Shu Yuehe replied respectfully and left carefully.

This grand elder would never expect that Ye Mo was a Dao Moulding Divine Emperor who could easily kill Dao Nourishment Divine Emperor and fight with Dao Actualisation Divine Emperor.

She took away her spirit sense too early or she would find that it was extremely hard for her to find Ye Mo’s tracks too.

“What is going on?” Ji Xinyi stood before the immortal goddess peak with a green face. The two immortal goddesses who were kicked by Ye Mo stood before her.

“Sect leader, a man who is very powerful is looking for Mu Xiaoyun. Martial sister Haian was killed in a few moves by him.” They said shakily.

Hearing Mu Xiaoyun, Ji Xinyi frowned “You’re saying he’s here for Mu Xiaoyun? What’s his name?”

“I don’t know.” The immortal goddess said worriedly.

Ji Xinyi even forgot to find Ye Mo. She suddenly had a bad feeling. Mu Xiaoyun was just an solo cultivator from the immortal realm. How could she have such a powerful friend in the Divine Dao Realm?

“Sect leader, the grand elder said, she said that it’s only a Dao Moulding Divine Emperor, if... Our divine sect no longer needs to exist.” Shu Yuehe flew over and said.

“I understand.” Ji Xinyi waved her hand. If a mere Dao Moulding Divine Emperor needed the Dao Essence Divine Emperor of the Immortal Goddess Sacred Sect to intervene then this Immortal Goddess Sacred Sect was too weak.

“Master...” Ji Xi who got news came from the immortal goddess peak.

Ji Xinyi recounted what happened and asked “Ruoxi, who do you think this person is? According to what I know, he might be a very insane Dao Moulding Divine Emperor. His power would be no weaker than mine. Even the grand elder thinks he’s only a Dao Moulding Divine Emperor but he could instantly kill Haian. This is unexplainable.”

Then, Ji Xinyi said to the two immortal goddesses “Draw out the image of this person.”

Ji Xi knew what her master meant. She was asking her if this Dao Moulding Divine Emperor was related to Mu Xiaoyun’s husband.

The two agreed and waved their hands drawing out Ye Mo’s face in the air.

Ji Xi looked dazily at Ye Mo’s face and said nothing.

Seeing this, Ji Xinyi’s heart sunk. She had a bad feeling. She said to the two “You two may leave first.”

After the two left, Ji Xi said slowly “Master, this person is Ye Mo. I didn’t expect he could survive falling into the life crippling river. He’s too insane, sigh...”

Ji Xi’s tone grew very heavy, “Ye Mo could even kill Dao Nourishment Divine Emperor easily much less a Dao Moulding Divine Emperor. This person is very powerful and doesn’t accept threats. He treats people who treat him nicely the same way. I couldn’t notice his stealth cultivation method even now. Now that our sect offended him. It’s clearly a life or death situation.”

Ji Xinyi frowned a lot and said after a while “Ye Mo is indeed powerful. I saw him kill Haian with my spirit sense. But his strongest magic artefact is the 36 lightning sea god orbs. If we suppress that he wouldn’t be able to escape. The grand elder is right. If I can’t even handle a Dao Moulding Divine Emperor then the Immortal Goddess Sacred Sect no longer needs to exist.”

“What?” Ji Xi dazed. Even she didn’t expect Ye Mo had 36 lightning sea god orbs.

“Master, you’re saying that Ye Mo’s 36 lightning orbs were very powerful?” Ji Xi asked.

Ji Xinyi nodded “That’s right, the 36 orbs are no weaker than prenatal spirit treasure. Perhaps it is prenatal spirit treasure. Its force is amazing. Before instant second power was activated, Haian was killed.”

“Such deep calculations.” Ji Xi finally realised that the lightning orbs Ye Mo took out at the Wuding valley was fake. The real ones were already spirit controlled by him. It was fake and that’s why Ye Mo took it out so generously.

“What’s going on?” Ji Xinyi asked seeing Ji Xi’s face was so heavy.

Ji Xi sighed “Master, Ye Mo’s most powerful mean definitely isn’t the lightning orbs but something much more terrifying.”

“What is it?” Ji Xinyi had this deep concern in her mind and asked desperately.

“It’s Great Primordial God Rune. He knows great god art Great Primordial God Rune...” Ji Xi’s tone went coarse. She was worried about things happening with Mu Xiaoyun here.

If there was one person Ye Mo didn’t want to be enemies with, that would be Ye Mo. Every impossible thing became possible in his hands. Black Lake was spirit control, Wuding valley was opened, the life crippling bridge was cross... The more Ji Xi thought the more scared she was.

“What?” Ji Xinyi called out in shock. She was shocked at Great Primordial God Rune.

Ji Xi said slowly “From what I guess, his most powerful mean isn’t even Great Primordial God Rune...”

Chapter 2095 Depth of Prison Door Mountain

Ji Xinyi heard of how terrifying Ye Mo was from Ji Xi but no matter how scary he was, he fell in the life crippling river so he was no longer scary.

Now that Ye Mo wasn't dead, she began to feel abysmal. The reason that she felt this was because she knew her disciple was very prideful. No matter how talented a prodigy, she didn't consider highly of him. But she looked so highly of this Ye Mo.

Great Primordial God Rune was a fearsome ancient great god art. Those who heard its name were scared. Yet Ji Xi said that Ye Mo's greatest means wasn't the Great Primordial God Rune. How could she calm down now?

"I believe any divine emperor would know how terrifying the Great Primordial God Rune is. Ruoxi did you get things wrong? Ye Mo has a god art more powerful than Great Primordial God Rune? Then isn't our Dao Essence Divine Emperor no match for him? Ji Xinyi asked.

Ji Xi said slowly "master, I'm not saying Ye Mo has a god art stronger than the Great Primordial God Rune but because he just learned the Great Primordial God Rune..."

"Even if just learned it, ordinary divine emperors can't take on Great Primordial God Rune." Ji Xinyi said.

Ji Xi hesitated and said "I guess that Ye Mo has Golden Bow of Divine Extermination and has at least 3 arrows..."

"What?" Ji Xinyi completely lost her calm. If Ye Mo completely spirit controlled the arrow, then even she can't last three arrows.

"master you don't need to worry. Even if Ye Mo has Golden Bow of Divine Extermination, I believe he wouldn't be able to spirit control it all." Ji Xi comforted.

Ji Xinyi didn't think so lightly of this. Even if she defended against the 36 orbs and dodged the Great Primordial God Rune, can she dodge the Golden Arrow of Divine Extermination? This meant that she would most likely lose to Ye Mo.

Thinking about how she was a Dao Actualisation Divine Emperor peak stage and yet was more likely to lose to a Dao Moulding Divine Emperor, Ji Xinyi felt very defeated.

“Sect leader, I think we should give Xiaoyun back to Ye Mo, and...” Shu Yuehe said. She knew the sect was in a dangerous spot. Great Sun God Mountain was up here and now they offended Ye Mo.

“How is Mu Xiaoyun?” Ji Xinyi knew that Mu Xiaoyun was the key but there was no way she would give Mu Xiaoyun back to Ye Mo like this. No matter how strong Ye Mo was, he was just one person. Ji Xinyi was thinking about how to get Ye Mo to hate Great Sun God Mountain. That way they could avoid conflict with Ye Mo and send Great Sun God Mountain a big enemy.

“I’ve arranged Xiaoyun. Even if Ye Mo finds immortal goddess peak, he wouldn’t be able to find Xiaoyun. Plus, I’ve shut all the restrictions there, Ye Mo wouldn’t be able to go in.” Ji Xi answered.

Ji Xinyi nodded and just wanted to tell all the divine emperors of the Immortal Goddess Sacred Sect to gather but more than ten dashing lights already came. Clearly, the divine emperors of Immortal Goddess Sacred Sect already knew what happened.

Wang Nanshuang’s cultivation level was very high. She was also Dao Actualisation Divine Emperor and was one who hated evil

“Martial uncle Nanshuang...” Ji Xi bowed.

Wang Nanshuang sneered “Is our Immortal Goddess Sacred Sect still the same sect as before? So what if the Great Sun God Mountain is here? Why should our sect give a saint who lost her virginity to them? Sect leader, if this continues, what face does our sect have to exist in the Divine Dao Realm?”

“Wang Nanshuang, how dare you reproach the sect leader?” Another woman yelled at Wang Nanshuang.

“Martial sister Nanshuang, Mu Xiaoyun isn’t our real disciple, she’s a woman who lost her virginity...” Another Dao Nourishment Divine Emperor came out and said.

Wang Nanshuang didn’t seem to hear these two and sneered “We shouldn’t have Mu Xiaoyun as saint in the first place. Since we did, we should treat her as the real saint and not give her to the Great Sun God

Mountain. Even if we drain our last blood we shouldn't lower our heads to the Great Sun God Mountain."

"Martial Uncle, the person who charged into our sect and killed Haian isn't people from the Great Sun God Mountain but Xiaoyun's dao partner, he's called Ye Mo..." Shu Yuehe explained.

"What?" These divine emperors were shocked. They realised what happened. They wanted to sacrifice Mu Xiaoyun and now her dao partner was fighting overhere.

Wang Nanshuang's face was green. She felt this was a humiliation of the Immortal Goddess Sacred Sect. All those years ago saint Qing used her great mercy to sacrifice herself to save the entire Divine Dao Realm. Where did that ideology go? What did she see now? Can the current Immortal Goddess Sacred Sect even be called a divine sect?"

"Sect leader, why don't we give Xiaoyun to the Great Sun God Mountain divine emperor and then spill this news to Ye Mo. That way, Ye Mo would hunt that Dao Actualisation Divine Emperor. That way, our sect can watch on the side. If Ye Mo kills that Dao Actualisation Divine Emperor, it would be great..." Another divine emperor said.

"Shut up, can you only think of such ways? Do you not feel it's embarrassing? Since Ye Mo is here killing at our sect, we'll just kill him. Using Xiaoyun as a bait, is this something our sect should do?" Wang Nanshuang's face worsened.

Ji Xinyi felt very uncomfortable. She thought so too but Wang Nanshuang's attitude didn't respect her as a sect leader at all.

Ye Mo didn't dare to even scan his spirit sense fearing he would be found by that Dao Essence Divine Emperor.

The place he was at now suddenly went cold. Ye Mo didn't like this place. He didn't expect the Immortal Goddess Sacred Sect had such a place but he didn't leave immediately. He was thinking about how to get into the immortal goddess peak.

15 minutes later, Ye Mo decided to send out his spirit sense.

A short hill appeared in his spirit sense and Ye Mo saw the three words prison door mountain.

This place was very bleak and there was chaotic chi cutting at his spirit sense making him feel very uncomfortable. The yin fire kept invading his essence spirit. Ye Mo felt that if he stayed here for long, his sea of consciousness would be heavily injured.

Ye Mo's spirit sense went inside the mountain and noticed countless restrictions there. Some were clear, some were subtle, some were natural.

A pale faced beautiful woman was locked up here. Her restrictions were simple.

Ye Mo sighed. The Immortal Goddess Sacred Sect did all sorts of bad things in the dark. This woman definitely received the harshest punishment in the world.

Even with his powerful spirit sense, he felt the countless yin fire burning his essence spirit. How could ordinary people bear this place. The cold and impure chi made people's cultivation level drop.

If a person locked up here was a Primordial Essence Divine Emperor, then with enough time, he would be dead for sure.

Ye Mo didn't care about the locked up woman, his spirit sense scanned another underground prison. There were all sorts of restrictions but Ye Mo pierced them with his spirit sense blades.

His spirit sense fell in the deepest and largest part of the mountain. There were black chains there. There were some bones under the chains. Ye Mo saw those bones and suddenly had this indescribable sad feeling.

Ye Mo frowned. He wasn't planning to go there but these few white bones changed his mind.

Chapter 2096 Immortal goddess peak

The immortal goddess peak would definitely be surrounded by the Dao Essence Divine Emperor spirit sense. Ye Mo had decided to take these few bones and metal chains.

The prison door mountain had no one to guard it and was at the depth of the Immortal Goddess Sacred Sect.

Ye Mo had no concerns, he already had conflict with the Immortal Goddess Sacred Sect. He didn't care at all. He charged in the depth of the prison door mountain quickly and broke into this cell.

It was filled with yin fire invisible to the eye and even spirit sense. Ye Mo had never seen such terrifying yin fire. They seemed to be able to burn into the depth of the soul making sea of consciousness and essence spirit cripple. Life disappeared quickly in this bleak fire.

Such an evil place. Ye Mo didn't dare to stay here for long. He released Zi Xu and hacked on the black chains. Black sparks flew out and there was just a shallow mark left on the chain.

Ye Mo's heart sunk. He hacked Zi Xu with his full power but couldn't even break some chains. These chains were too powerful.

This was really troublesome for Ye Mo. If he knew this earlier, he would've spirit controlled murder dao. If he spirit controlled murder dao spear, he would definitely be able to break the chains here.

The white bones jumped around when Ye Mo hacked and this gave Ye Mo a strange feeling of sadness. Ye Mo didn't see any heads here just a few white bones locked by the chains.

Because the yin fire was heavier in here, Ye Mo didn't hesitate and released Golden Bow of Divine Extermination.

Ye Mo shot out six arrows in an extremely short time.

Ye Mo had never shot with the Golden Bow of Divine Extermination at such a close range. The six consecutive exploded out annihilation chi that completely tore open the yin fire in the prison.

Rumble rumble rumble rumble rumble rumble. The chains completely exploded.

A feeling of weakness came. Ye Mo casually put away the golden bone arrows and took out an extremely big jade box putting these white bone arrows inside.

After this, Ye Mo didn't stop at all and smashed away the restrictions and flew out. At this moment, he was feeling weak. He had to recover first and then charge up the immortal goddess peak.

After Ye Mo charged halfway, a spirit sense came "You're Ye Mo..."

Ye Mo knew that the only live person in the entire place was that beautiful woman.

Ye Mo felt strange and shock that this woman knew his name? Theoretically, no one here knew he was called Ye Mo.

There was only two people who knew his name was Ye Mo in the Immortal Goddess Sacred Sect, one was Lei Yuehe but she was at Chang Fei divine dao city. The other was Ji Xi who should still be at the life crippling forbidden grounds. How did this woman whom he had never seen before know him?

Ye Mo stopped and asked this woman "Who are you? How do you know my name?"

"You're really Ye Mo?" The woman asked in surprise and joy.

This woman was Lan Qilan. She just guessed and didn't expect this man was really Ye Mo. Xiaoyun had shown her an image of Ye Mo before but there were way too many similar looking people in the world. Plus, according to what Xiaoyun said, her husband should not be on the same level of this man.

Ye Mo frowned.

"I'm Lan Qilan, Xiaoyun's master. Xiaoyun showed me your image but your power level is heavens apart from what Xiaoyun said. That's why I'm suspicious." Lan Qilan calmed down.

Ye Mo said slowly "You're Xiaoyun's master, why would you be locked up here? With the yin fire burning your soul, you would eventually die without a soul."

Lan Qilan sighed "Xiaoyun was no longer a virgin but I took her in. Then, Martial sister Yunhuai wanted to recommend Xiaoyun to be saint. I immediately objected but Xiaoyun still couldn't get rid of that identity. But because I offended martial sister Yunhuai, I was locked up here."

"This bitch, if I knew this I shouldn't have let her leave. I should've killed her." Ye Mo didn't expect Yunhuai was behind Xiaoyun being a saint.

If he saw Yunhuai again, he would definitely not let her go. He had already offended the Immortal Goddess Sacred Sect, it didn't matter if he killed more.

"What? you fought with martial sister Yunhuai and she was no match for you?" Lan Qilan asked in shock. Then, she started to think about how Ye Mo came in.

Ye Mo fought with Yunhuai and charged into the prison door mountain clearly not through normal means. He probably fought his way in. Thinking about this, Ye Mo could kill Yunhuai and slaughtered the Immortal Goddess Sacred Sect, Lan Qilan shivered.

"I'll save you." Ye Mo released Zi Xu. He felt the chains locking her were much weaker than the ones before.

"I don't need you to save me. Did you kill people in my sect..." Lan Qilan's tone went cold.

Ye Mo knew what she meant and sneered "Kill in your sect? Xiaoyun is used to be sent to the Great Sun God Mountain as a sacrifice for the mountain. If I can't save Xiaoyun, do you think i will just be killing people at your sect? I will make the Immortal Goddess Sacred Sect disappear forever from the Divine Dao Realm and annihilate both the Immortal Goddess Sacred Sect and Great Sun God Mountain."

Then, Ye Mo sliced down with Zi Xu and the chains instantly broke apart. The next moment, Ye Mo disappeared from this prison. He didn't care if Lan Qilan would come out.

At this moment, Ye Mo just wanted to recover a bit and charge up the immortal goddess peak.

15 minutes later, Ye Mo stopped stealthing himself and dashed towards the immortal goddess peak. At the same time,

Ye Mo locked onto the 36 lightning orbs and Golden Bow of Divine Extermination ready to release them at anytime.

“Stop.” A blue figure landed before Ye Mo and released a strand of holy light wheel but didn’t attack first.

Ye Mo didn’t care, he would kill anyone who stopped him. Ye Mo was also shocked, the Immortal Goddess Sacred Sect was indeed powerful. This random person was a Dao Actualisation Divine Emperor. He waved out the 36 lightning orbs.

Ye Mo didn’t know that even the Immortal Goddess Sacred Sect only had five Dao Actualisation Divine Emperors.

Seeing Ye Mo attack without talking, the woman was furious. Her holy light wheel smashed out like a huge spider web covering half the skies. Countless light emitted from the net.

This was an extremely powerful Dao Actualisation Divine Emperor. Ye Mo could tell from her first god art. The stronger this person was, the quicker he had to kill her or he would be trapped soon.

Chapter 2097 Great Battle At Immortal goddess peak

The 36 lightning orbs shot out countless lightning. The rolling thunder completely covered the bottom of the immortal goddess peak. Before when Ye Mo killed the Dao Moulding Divine Emperor, the orbs power wasn’t activated but now, it was fully released.

The silken holy light wheel was the opposite to the lightning orbs. The tens of thousands of strands of light struck the lightning creating this cracking sound. These sounds blasted ripples across the nearby space.

Another rumble blasted open and finally a fine crack in space appeared.

The woman was smashed away a few km before stopping. Blood seeped out of the corner of her mouth. At the same time, she stared at Ye Mo with shock. She heard Ye Mo was only Dao Moulding Divine Emperor but she didn't expect a Dao Moulding Divine Emperor was stronger than her.

Ye Mo's heart sunk. He wasn't happy at all for having the upper hand. He used all 36 orbs but this woman blocked it and left its attack range.

If he didn't kill this woman, he definitely wouldn't be able to get on immortal goddess peak. Ye Mo knew that he couldn't be stalled here. Ye Mo had decided to keep attacking her with the lightning orbs and then bind her before using Great Primordial God Rune to kill her.

Just as Ye Mo thought, this woman released a white long sword.

"Stop." Just when they were going to keep fighting a coarse voice sounded and a figure landed.

It was Mu Xiaoyun's master. She seemed to treat Mu Xiaoyun nicely so Ye Mo stopped. The blue robed woman stopped too as she clearly knew that she was no match for Ye Mo.

"Ye Mo, you can't fight with martial sister Nanshuang. She offended a lot of people to stop Mu Xiaoyun from being saint. I don't know what happened later on but I'm certain she didn't do anything wrong." Lan Qilan said genuinely.

Wan Nanshuang looked at Lan Qilan in confusion "Qilan, how did you come out?"

"I cut her chains." Ye Mo said with a bit of embarrassment. He was planning to kill this woman when she was protecting Xiaoyun.

Lan Qilan sighed "It has nothing to do with Ye Mo. I want to as the sect leader. Our Immortal Goddess Sacred Sect is no longer a divine sect, even if the Great Sun God Mountain attacks us, at most we die. What we're doing won't be approved by our martial ancestor and saint Qing."

Ye Mo was apologetic but now wasn't the time for this. He quickly said "I'll be going first, I'll come to apologise later."

Then, he instantly charged up the immortal goddess peak. The two didn't even have a time to stop her.

Wan Nanshuang just wanted to stop Ye Mo but Lan Qilan said "Martial sister Nanshuang. I feel it's better to let Ye Mo take Xiaoyun away. I left without planning to live. If the Great Sun God Mountain uses this excuse to attack our Immortal Goddess Sacred Sect, then there's only death."

Wan Nanshuang fell silent for a long while and sighed.

In the immortal goddess peak, there were all sorts of restrictions and formations squeezed together. If it was someone else, he would definitely not be able to find Xiaoyun.

But Ye Mo was different. He was a formation grand master and his Spirit Will Nine Transformations reached level five realm formation. Spirit sense god art was very easy much less spirit sense blades.

Ye Mo's spirit sense blades tore through everywhere with spirit sense god art and damaged the peak relentlessly.

The thickly covered immortal goddess peak was instantly ruined. If Ji Xinyi was here she might fight Ye Mo with her life.

10 seconds later, Ye Mo's heart sunk. He had damaged most of the restrictions on here but he still didn't find Xiaoyun. After looking for another while, Ye Mo got the conclusion that Mu Xiaoyun was not here.

Ye Mo's killing intent soared. Clearly, the Immortal Goddess Sacred Sect people moved Xiaoyun away because they knew he was here. Then don't blame him for slaughtering this place. So what if there was a Dao Essence Divine Emperor. He didn't believe a Dao Essence Divine Emperor could do anything to him. If he can't beat her he can run.

He would slaughter everywhere until the Immortal Goddess Sacred Sect gave Xiaoyun.

Ye Mo damaging the restrictions of the immortal goddess peak immediately caught the attention of Ji Xinyi. She looked from afar and was shaking with anger. Since when was the Immortal Goddess Sacred Sect abused to this degree?

Ji Xi clearly sensed what Ye Mo was doing too. her face looked bad. She was indeed concerned with Ye Mo but this didn't mean Ye Mo could be this rude at the Immortal Goddess Sacred Sect.

Just when Ji Xinyi wanted everyone to surround the immortal goddess peak and take Ye Mo down, a grey figure stumbled in.

"Yunhuai..." Ji Xinyi looked dazily at this woman, it was Yunhuai who dropped to Dao Moulding Divine Emperor. She dazed because she saw that Yunhuai lost her virginity and this was not long ago. She even has a sliver of male chi on her.

Ji Xinyi noticed this too and clearly all the other divine emperors did. At this moment, this place was silent. Yunhuai hated women who lost their virginity he most but now she did too and she came back to the Immortal Goddess Sacred Sect.

Seeing the divine emperors star at her, Yunhuai wanted to dig a hole in the ground. In order to flee back to the Immortal Goddess Sacred Sect quickly, she used a transmission rune but there were so many divine emperors gathered here.

Ji Xinyi saw Yunhuai's predicament but didn't ask her about it. She yelled "Trap the immortal goddess peak and kill Ye

Yunhuai just realised that there was trouble at the sect. Before she could ask, a divine emperor she was close to sound transmissioned to her "A man charged into our sect, it's said he's Xiaoyun's dao partner. This person had killed Haian already and is now on the immortal goddess peak."

Then, she even showed Ye Mo's looks to Yunhuai.

"It's him?" Yunhuai dazed a moment and charged at the immortal goddess peak like mad. She was heavily injured by Ye Mo and then a half divine stole her virginity. Now that Ye Mo was here, how could she let him go.

Seeing this, the other divine emperors chased over too.

Ye Mo charged out of the peak hurriedly. Xiaoyun wasn't here and the person who most likely took her away was Ji Xi or the sect leader.

As soon as Ye Mo charged out of the residence of the saint on the peak, he felt a sliver of familiar chi.

Instantly, Ye Mo realised that chi was the necklace he made for Xiaoyun. It was a long time ago but it was still something he made.

Ye Mo rejoiced like mad. If the necklace was here, it meant that Xiaoyun was here. He charged in here too desperately and didn't notice this chi.

These Immortal Goddess Sacred Sect people were indeed cunning. They hid Xiaoyun outside the peak restriction, a blindspot of his search.

Ye Mo's spirit sense didn't ravage here as he saw more than ten divine emperor charge up. The leading one was Yunhuai but she was now Dao Moulding Divine Emperor.

Yunhuai's heart was filled with hatred but when she saw Ye Mo hack Zi Xu over, she realised she was far from a match for Ye Mo much less her power had dropped to Dao Moulding Divine Emperor now.

Ye Mo's divine emperor domain expanded out like crazy.

A purple lightning shot out bringing out 100km of purple ray lethal force.

Yunhuai was defenseless. She didn't even have time to release the 108 wind fire sand and was completely covered by the purple sword ray.

Death loomed over her. She had completely lost the will to defend. She looked dazily as the purple ray sliced across the heaven. At the last moment, she was actually thinking about the man who pressed her under him.

Chapter 2098 Both Injured

A blood light flashed making the divine emperors and Ji Xinyi stop. They both looked at this splashed blood in shock. A Dao Nourishment Divine Emperor of the Immortal Goddess Sacred Sect died this easily to Ye Mo.

“Our Immortal Goddess Sacred Sect will fight you to death...” Ji Xinyi yelled crazily. Her will five color cloth was thrown out. Five lights smashed at Ye Mo. Ye Mo felt that his Zi Xu was about to leave his contro. Ye Mo was very shocked.

Seeing Ye Mo kill Yunhuai and the sect leader attack Ye Mo like crazy, the rest of the divine emperors released their magic artefact and attacked Ye Mo.

Wang Nanshuang who came later also joined the battle. Ji Xi let out a messenger flying sword and also released her lotus stand.

Ye Mo faced more than ten divine emperors and there were 3 Dao Actualisation Divine Emperors amongst them.

No matter how strong Ye Mo's domain was, it couldn't stop the combined domain of more than ten divine emperors.

His domain was instantly torn open. Ye Mo spat a few mouthfuls of essence blood. The 36 lightning orbs turned into an endless lightning abyss and spread out.

The countless magic artefact smashed on the lightning barrier. Everytime the lightning orbs were attacked, Ye Mo would receive backlash. If it wasn't that his body was too strong, those backlash would be enough to make his soul disappear.

Even so, Ye Mo kept spitting blood and the lightning orb barrier became shaky and could be smashed to pieces at anytime.

Ye Mo really wanted to counter attack but it was extremely hard for him to even defend himself.

A red axe broke Ye Mo's lightning barrier and hacked towards Ye Mo's waist but Ye Mo didn't seem to see it and smashed two Great Primordial God Runes at Ji Xinyi.

If he wanted to counter attack, he would have to get injured. This was unavoidable. Plus Ye Mo risked his life to attack Ji Xinyi because he sensed Mu Xiaoyun's soul on Ji Xinyi.

Ye Mo immediately thought that this was how Ji Xinyi subjugated Mu Xiaoyun to do anything she wanted. Or if Mu Xiaoyun wanted to suicide, Ji Xinyi would know at anytime.

Knowing this, how could Ye Mo still stay sane.

"My dao great primordial, great primordial, the primordial of form. Great Primordial God Rune, tear apart the world and destroy all existence..."

The clearly visible runes twisted the space between Ye Mo and Ji Xinyi. It had this world breaking force that loomed over Ji Xinyi. All space bindings, divine emperor domains were like bubbles to these two runes.

"Great Primordial God Rune..." Ji Xinyi called out in shock but found that she couldn't move one bit.

When Ye Mo was only an immortal emperor, he used two Great Primordial God Runes to kill Dao Nourishment Divine Emperor Bian Xinde. Now that Ye Mo reached Dao Nourishment Divine Emperor, his Great Primordial God Rune was even stronger.

Splurge. A blood light flashed from Ye Mo's waist that almost cut Ye Mo in half. There was clear bone cracking sound but Ye Mo didn't even look at it.

“Ye Mo stop, Mu Xiaoyun is taken by the Great Sun God Mountain people. Why don’t you go get her. If you keep staying here do you still want her to live?” Ji Xi said quickly. This was what the Immortal Goddess Sacred Sect planned already.

A few magic artefact light struck the two Great Primordial God Runes twisting it even more but it didn’t seem as scary as before.

Ji Xinyi finally eased up a bit. Her figure distorted slightly.

Splurge. Another two blood light flashed out but this time it wasn’t just Ye Mo’s blood. One of it was Ji Xinyi’s blood.

Half of her body was hacked off by the two Great Primordial God Rune. Ye Mo raised his hand and grabbed out a soul lamp from that half of the body. She barely stopped the second rune with her cloth. But the cloth dimmed down due to that rune.

The second blood light came from Ye Mo. Ji Xi’s nine lotus stand sliced through Ye Mo’s shoulder. Even though Ye Mo was immortal god body and the lotus stand was blocked by the 36 orbs once, Ye Mo’s arm was still sliced open. Due to him being immortal goddess peak stage, his arm didn’t break.

This all happened in the blink of an eye.

The moment Ye Mo grabbed the soul lamp, two more beams shot at his chest. Ye Mo knew that if he stayed here he would await death. No matter how strong he was, he was no match for this many people.

“When I kill the Great Sun God Mountain people and save Xioayun, I will come back for you all.” Ye Mo took the 36 lightning orbs and instant transmissioned away.

“Master...” Ji Xi immediately came to Ji Xinyi helping her connect her body while sending a few pills into her mouth.

A few people were going to hunt Ye Mo but Ji Xinyi said “No one chase after this person.”

Those few divine emperors immediately woke up. Ye Mo was going to hunt the Great Sun God Mountain people. Even if Ye Mo wasn't heavily injured, it was suicide. Even if Ye Mo didn't die, killing the Great Sun God Mountain people was only good for the Immortal Goddess Sacred Sect.

The divine emperors glanced at Ji Xi in respect. Ji Xi sent the messenger flying sword clearly to let the Great Sun God Mountain people leave first.

Wang Nanshuang and Lan Qilan looked at the bloodied ground and was speechless. This was a battle where both sides were heavily injured. Ye Mo wouldn't be able to recover if he didn't have top god spirit items. The Immortal Goddess Sacred Sect lost a Dao Nourishment Divine Emperor and even the sect leader was almost killed.

Ji Xinyi's body was connected but it was now probably impossible for her to reach Dao Essence Divine Emperor.

Through that Mu Xiaoyun into the depth of the prison door mountain.” One Dao Nourishment Divine Emperor said.

“That's certain death I think we might as well give her to the Great Sun God Mountain. Regardless if Ye Mo lives or not, let him go to the Great Sun God Mountain to find his dao partner.” Another Dao Moulding Divine Emperor said.

Ji Xinyi said slowly “Mu Xiaoyun is dead for sure. When Ye Mo chases out, send her to the Great Sun God Mountain.”

Lan Qilan opened her mouth and found that she couldn't say anything. She didn't know whether to help Mu Xiaoyun or agree to the sect leader.

“Lan Qilan, you're quite amazing. You were locked up at the prison door mountain, how can you still appear here. When Ye Mo killed our divine emperor, what did you do?” The Dao Nourishment Divine Emperor sneered.

Lan Qilan went up and bowed to Ji Xinyi "Please punish me sect leader, my sins are great."

"Martial sister Qilan didn't come out herself. Ye Mo forcefully cut open her chains." Wan Nanshuang said coldly.

Ji Xinyi glanced at Wang Nanshuang and said to Lan Qilan "Leave, from today on, you're no longer a member of the Immortal Goddess Sacred Sect."

Lan Qilan's face went pale but she didn't rebuke. The Immortal Goddess Sacred Sect was the number one sect in the Divine Dao Realm but now she was kicked out.

"Leave, let's go to the main palace and discuss things. As soon as Ye Mo leaves the Immortal Goddess Sacred Sect, close the sect formation." Ji Xinyi said.

Those divine emperors close to Lan Qilan shook but no one dared to say a thing.

"Master, I'll go with you." Luo Biyue heard this and said immediately. Lan Qilan sighed and nodded "Okay, let's leave together."

No one knew that Ye Mo didn't chase out. Instead, he came to the prison door mountain and was here to recover. Ji Xi tried to trick him to fight the Great Sun God Mountain but he wasn't dumb. He wasn't going to let Great Sun God Mountain go for wanting to sacrifice Mu Xiaoyun but now, he was certain Mu Xiaoyun was still at the immortal goddess peak.

Chapter 2099 Take Away Xiaoyun

In a distant corner at the Immortal Goddess Sacred Sect, a white haired woman sat on a dark stone cushion with a sad face.

This white faced woman was the Dao Essence Divine Emperor Ji Xinyi asked for help. But her body below her knees had disappeared. Even her upper body lost an arm. If it wasn't to give the Immortal Goddess Sacred Sect a sliver of hope, she would've went into samsara already.

“Perhaps I should really go...” After a while, the white haired woman murmured. Whether it was the Great Sun God Mountain divine emperor being cocky at the Immortal Goddess Sacred Sect or what Ye Mo did, nothing could be hidden from her but there was nothing she could do.

Everyone knew that there was Dao Essence Divine Emperor at the Immortal Goddess Sacred Sect but no one knew that this Dao Essence Divine Emperor was a being that couldn’t even fight.

Ye Mo’s injuries were far from recovered but he snuck into the immortal goddess peak. Although he was still heavily injured, the chaos tree kept healing him.

He rushed back so quickly because he knew he had to take Xiaoyun away quickly or he might never find her again.

Ye Mo had seen the foundation of the Immortal Goddess Sacred Sect. There was a Dao Essence Divine Emperor in the dark and these divine emperors.

Ye Mo knew that when the divine emperors gained up on him, not many actually dealt killing blows to him. It was just Ji Xinyi and a few Dao Nourishment Divine Emperor or he wouldn’t be able to escape at all. They only attacked with full power after he cut half of Ji Xinyi’s body.

One could see that Yunhuai wasn’t really liked in the sect. He killed her but not many people hated him. Those divine emperors attacked only when he heavily injured Ji Xinyi. Ji Xi only attacked after that too.

The immortal goddess peak had no one to guard now and Ye Mo easily came to the place of the battle again. He let out his spirit sense and in just a few seconds, he found that sliver of familiarity.

Ye Mo found an ordinary stone but it was actually a natural dimension. There was also a natural stealth formation on it. If it wasn’t that Ye Mo sensed the chi from the necklace he made, he wouldn’t be able to find this stone.

Ye Mo didn’t use spirit sense blades to cut open this stone but just took out a few formation flags. Then, a huge black door appeared before Ye Mo. Ye Mo went in and found a stone bed inside.

Mu Xiaoyun slept on the bed with a frown. Clearly, her senses were sealed.

Ye Mo looked at Mu Xiaoyun who was separated from him since the small world and felt his nose go sour. He stepped over and carried Mu Xiaoyun.

“Xiaoyun, I’m here.” Ye Mo’s heart was complicated. Even with his dao vindication power, he couldn’t calm his heart. Susu, Qingxue, Jingwen and Yangzhu all had his help for cultivation.

Mu Xiaoyun was the only one he didn’t help at all. At most, he gave her a primordial chaos chant.

Ye Mo could even imagine how much torture and longing Mu Xiaoyun went through to come from the cultivation realm to the immortal realm and then the Divine Dao Realm, he knew that in Mu Xiaoyun’s world, he was her world.

“Xiaoyun, stay with me from now on. Let’s go back with Jingwen, Susu, Qingxue and Yangzhu. Let’s never be separated again.” Ye Mo murmured.

Xiaoyun’s frown gradually eased up. Ye Mo didn’t remove her restriction and just put her in the golden page world. To him, he had to leave the Immortal Goddess Sacred Sect quickly.

After finding Xiaoyun, half of his hatred towards the Immortal Goddess Sacred Sect was gone.

Ye Mo left this stone dimension and put away his formation flags before dashing towards the exit of the Immortal Goddess Sacred Sect.

In the main palace of the Immortal Goddess Sacred Sect, all the divine emperors were gathered here. There was actually 31 people. In a place desolate of god spirit chi and resources, a sect actually had 31 dao vindication divine emperors. This was very amazing.

At the main palace, the place seemed dejected.

It wasn't that their power was weakened but their spirit. Ye Mo ravaged the sect but only killed a Dao Moulding Divine Emperor and a Dao Nourishment Divine Emperor. This was nothing important to the Immortal Goddess Sacred Sect.

But the Immortal Goddess Sacred Sect's belief was separated today. Their belief was broken. They were symbolic of the Divine Dao Realm but now, they were confused and bewildered by the things they did.

"Ye Mo has left the sect, Yuehe, open the sect formation and seal the sect." Ji Xinyi was still extremely weak. When Ye Mo left the sect, he didn't stealth himself at all.

"Sect leader, we've invited many divine emperors to visit our saint prayer ceremony. If we seal the sect, then..." One Dao Nourishment Divine Emperor said.

Ji Xinyi sighed and said slowly "Go explain to them that the Great Sun God Mountain that had hid for countless years suddenly emerged. They want to control the entire Divine Dao Realm. The Immortal Goddess Sacred Sect didn't allow them and they used this ceremony to kill our saint and a few divine emperors..."

Everyone immediately realised that with this any divine emperor would side with the Immortal Goddess Sacred Sect.

Perhaps people would join up to attack the Great Sun God Mountain immediately or rally to them to attack the Great Sun God Mountain.

"If they want to attack the Great Sun God Mountain and wants us to join, we..." The Dao Nourishment Divine Emperor asked.

Ji Xinyi said "The Great Sun God Mountain has nefarious intentions and our sect is symbolic of the Divine Dao Realm, how can we fall behind on such matter?"

"I understand." This Dao Nourishment Divine Emperor immediately dashed away.

The palace fell into silence. There was a sliver of pain in Wang Nanshuang's eyes. She really didn't want to trick those ordinary divine emperors. Even if they attacked the Great Sun God Mountain, it would be suicide. They would at most use up some of Great Sun God Mountain's power. Ji Xinyi clearly didn't want the sect to take the Great Sun God Mountain head on.

"Lenyu, I just want you to tell that Great Sun God Mountain Dao Actualisation Divine Emperor that our sect will immediately send the saint over. Why did you let him take an immortal goddess?" Ji Xi frowned at another Dao Nourishment Divine Emperor.

Ji Xinyi interrupted Ji Xi "This has nothing to do with Lenyu. I let Lenyu give Banyan over. If we don't give them a saint, how can the Great Sun God Mountain leave? If he doesn't leave, how will Ye Mo chase him?"

"Master, you gave the saint Qing's necklace the Zhu Xinyu to the Great Sun God Mountain?" Ji Xi asked shakily.

If one didn't stay on the immortal goddess peak, she wouldn't have the saint chi. The only thing with a sliver of saint chi was the saint Qing's necklace. Now that the sect leader said giving a saint to the Great Sun God Mountain, clearly, she gave the Zhu Xinyu away.

Ji Xinyi sighed "This is a moment of life or death for our sect. I've let Rurong chase over. If the Great Sun God Mountain Dao Actualisation Divine Emperor fights with Ye Mo it would be fine. If Ye Mo wins, Rurong will kill Ye Mo and take back the Zhu Xinyu. If the Great Sun God Mountain person wins, Rurong will still kill that person and take it back."

Ye Mo had released the space time boat and left the range of the Immortal Goddess Sacred Sect.

Half a day later, Ye Mo was planning to stop at a place and went the golden page world to wake Mu Xiaoyun up when a powerful spirit sense suddenly scanned over and fell on Ye Mo for a while before suddenly moving over.

Chapter 2100 Kill Another Dao Actualisation Divine Emperor

Ye Mo stopped now. He had been out of the Immortal Goddess Sacred Sect for more than half a day so his injuries had pretty much recovered.

To him, as long as his essence spirit and sea of consciousness weren't heavily injured, he could recover extremely quickly.

"Not bad, if I came and you didn't stop then it wouldn't be good." This Dao Actualisation Divine Emperor looked at Ye Mo and said. The condescension on his eyes were clear.

Ye Mo asked calmly "What do you want with me?"

Ye Mo knew who this person was. This Dao Actualisation Divine Emperor had an immortal goddess who had similar chi to Ji Xi. This immortal goddess was just an immortal emperor and her eyes seemed sad. Without needing to ask, Ye Mo knew this Dao Actualisation Divine Emperor was from Great Sun God Mountain.

If he trusted Ji Xi that the Great Sun God Mountain people took Xiaoyun, then he definitely wouldn't be able to save Xiaoyun now.

The Dao Actualisation Divine Emperor's tone became a little cold "I'm the elder of the Great Sun God Mountain. I think you're not bad, if you're willing I can take you to join the Great Sun God Mountain."

The Great Sun God Mountain was about to go to war with the Immortal Goddess Sacred Sect. It was good to take in as much immortal emperor pawns like Ye Mo as possible."

"Not interested." Ye Mo said calmly. He was ready to attack.

"Our Great Sun God Mountain is about to become the number one sect of the Divine Dao Realm and we will repair the Divine Dao Realm. It's your fortune to join the Great Sun God Mountain. When the Divine Dao Realm is repaired, you will get a sliver of the fortune and karma. You can even reach dao vindication..." The Dao Actualisation Divine Emperor said seriously.

"Piss off." Ye Mo couldn't be bothered talking to this guy anymore. At the same time, he released Zi Xu.

Hearing this, the Dao Actualisation Divine Emperor was furious but he was even more furious that Ye Mo attacked first. Ye Mo's Zi Xu had turned into a 100km long purple dragon that smashed down.

The immortal goddess was swept by Ye Mo's divine emperor domain and flew back tens of km.

At the same time, the Dao Actualisation Divine Emperor released a huge spear. There were fire dragons circulating around the spear that melted everything nearby immediately.

Ye Mo sneered. Talk about playing with fire.

Rumble, the purple dragon smashed with the black flame dragon that tore their domains to pieces.

The purple dragon crippled but so was the flame dragon.

"You're not an immortal emperor..." The Dao Actualisation Divine Emperor realised. Ye Mo definitely wasn't an immortal emperor. How could an immortal emperor take the blow of a Dao Actualisation Divine Emperor?

"Even if you're not an immortal emperor, you have to die today." The Dao Actualisation Divine Emperor was furious. Seeing Ye Mo's Zi Xu could stop his black flame spear, he was interested. Plus, Ye Mo's flying magic artefact wasn't bad too.

The spear swept out a 30km long flame dragon that completely swept the nearby space. The flame dragon swirled in the air activating a dominating force that was about to burn everything nearby.

If it was some other time, Ye Mo would definitely use five stack wave kill to fight with this person but now, he didn't have the mood.

Ye Mo went forward a step and waved out tens of hand signs. God art ice space.

The countless flame dragon seemed to have been frozen. When the space cracked, the flame dragons were completely torn.

Cracks sounded non stop in the space and frozen flame pieces fell down. The endless heat wave disappeared. What remained was terrifying frost.

“What god art is this?” The Dao Actualisation Divine Emperor looked at this in disbelief.

Ye Mo waved out another god art.

The sky didn’t seem as cold before. The space seemed to slow down before eventually pausing.

Not good, this was time law god art. The Dao Actualisation Divine Emperor was finally shook. He didn’t expect a random immortal emperor he saw here mastered time law and had such terrifying god art. At this moment, his soul almost left his body due to shock.

He forcefully burned his essence chi and broke free from Ye Mo’s instant second god art. As soon as they clashed, he had an extreme lower hand. He didn’t dare to think of Ye Mo as an insect anymore. The black fire spear whined and before he could attack Ye Mo again, two distorted runes came before him.

“Great Primordial God Rune...” Seeing these two runes, the Dao Actualisation Divine Emperor’s eyes became red. He punched out “Eagle Emperor Fist.”

This was his killing blow.

Ripples formed in space with this punch. This punch bound this entire space but then brought this bound space and smashed onto the two Great Primordial God Runes.

“Rumble... crack crack...”

This fist force smashed on the first rune and this bound space dissipated in the distorted Great Primordial God Rune. The second Great Primordial God Rune tore the fist to pieces and extended down. In the blink of an eye, it reached down into his arm and then shoulder.

Crack. In an explosion, half the body of this Dao Actualisation Divine Emperor exploded.

This Dao Actualisation Divine Emperor was scared soulless and didn't dare to keep fighting Ye Mo. He dashed away quickly.

Ye Mo sneered and the Golden Bow of Divine Extermination appeared in his hands. He flung out two golden arrows.

The Dao Actualisation Divine Emperor just flew out 10,000km and was locked on by this lethal force. He didn't dare to move a step as he knew all the life force around him had been taken away.

Shew shew.

These two golden rays instantly came behind the Dao Actualisation Divine Emperor and tore open his divine emperor domain. The Dao Actualisation Divine Emperor could only use his remaining hand to grab an arrow.

The only person Ye Mo had seen who could stop the golden bone arrow was the truth divine emperor. Ye Mo was still shocked even now. Truth divine emperor was so much stronger than ordinary Dao Actualisation Divine Emperor and that was him without any magic artefact.

The golden bone arrow blasted the Dao Actualisation Divine Emperor's hands.

The next moment, the second arrow came and turned this Dao Actualisation Divine Emperor to pieces.

Ye Mo took the two golden bone arrows and a storage ring and stared at a dashing Dao Actualisation Divine Emperor woman but didn't chase her.
