Chapter 2101 Xiaoyun Waking up

Ye Mo didn't need to chase to know that woman was the fisherman the Immortal Goddess Sacred Sect sent. Seeing he wasn't easy to mess with, she left. He didn't have the time and power to deal with the Immortal Goddess Sacred Sect now but eventually, he would erase that sect.

That immortal emperor immortal goddess came back to her senses and a little life force appeared in her eyes.

She was shocked how an immortal emperor dared to be rude to a Dao Actualisation Divine Emperor but when the Dao Actualisation Divine Emperor finally died, she realised why.

"Immortal Goddess Sacred Sect Banyan greet qian bei, thank you for saving my life." This immortal goddess quickly said.

Ye Mo smiled "I'm not saving you. I have no good impression of the Immortal Goddess Sacred Sect. How can I save you? You can say you're just a bit lucky."

This Banyan didn't argue and said "Is qian bei saint Xiaoyun's dao partner Ye Mo?"

"I am." Ye Mo said calmly.

Banyan took off the Zhu Xinyu from her neck and gave it to Ye Mo "This is a sacred object that the saint Qing used to wear. Please give this to Xiaoyun, she's the saint. Only she can wear this."

Ye Mo took it and immediately knew this thing wasn't ordinary. It had a faint dao wave chi and this sacred and holy chi. "What are you going to do when you go back?" Ye Mo subconsciously asked.

Banyan laughed "The sect is no longer the sect from before. I'm no longer an immortal goddess, I'm going. Farewell qian bei."

Then Banyan turned to leave. Clearly she wasn't planning on going back to the Immortal Goddess Sacred Sect. What the sect did hurt her respect towards the sect.

"Wait..." Ye Mo stopped her and gave the storage ring he robbed over "You can have this, hope you reach dao vindication soon."

Banyan dazed and quickly said "Qian bei, this is too precious. Wan bei can't take it."

She saw with her own eyes Ye Mo take this storage ring from the Great Sun God Mountain dao artefact divine emperor peak.

Ye Mo gave the storage ring to her and said "You deserve this. Good luck."

Then Ye Mo disappeared leaving behind a dazed Banyan. After a while, Banyan released her flying magic artefact and disappeared too.

Ye Mo knew this Zhu Xinyu was precious. A hundred times more precious than the storage ring he gave over.

In an ordinary valley a million km from the Immortal Goddess Sacred Sect, Ye Mo entered the golden page world again. Mu Xiaoyun was still asleep. Ye Mo took out the soul lamp.

Ye Mo was furious seeing this soul lamp again. Clearly, it didn't need one's soul to be lit, just a sliver of spirit will was needed. That bastard sect leader took half Xiaoyun's soul. Even if he killed her, Ye Mo couldn't vent his hate.

The next moment, Ye Mo grabbed that soul and sent it into Xiaoyun's essence spirit. With this, her essence spirit immediately became more real.

Ye Mo was about to crush the soul lamp but he found that even if he used force, he couldn't crush it. Ye Mo was very annoyed and threw the soul lamp onto Blue Like Morning Sky. "Little Blue melt this lamp and get ready to forge my Zi Xu."

“Yi ya...” Little Blue made an excited sound.

Ye Mo was a restriction and formation master so the restrictions on Mu Xiaoyun couldn't trouble him. In a short time, Ye Mo completely removed her restrictions.

Mu Xiaoyun felt this steadiness. It was as though something missing from her came back. Her face was brighter than before and her consciousness clearer.

When she opened her eyes and saw Ye Mo appear before her. However, her reaction wasn't surprise and joy. Instead, her eyes went red.

“If I knew earlier than dying would let me see you, I would've long come...” Mu Xiaoyun reached out her hand and wanted to touch Ye Mo's face. Her heart was filled with agony. She could die but she didn't want Ye Mo to die.

She had a sliver of hope and that was Ye Mo didn't die in the life crippling river. But now that she saw Ye Mo, clearly it was because Ye Mo died. She killed herself.

Ye Mo immediately realised what she meant. She definitely tried to suicide but was sealed by Ji Xi. Luckily Ji Xi did that or Xiaoyun would've really died.

Ye Mo sat next to her and embraced her “Xiaoyun, don't worry we're not dead. I took you out of the Immortal Goddess Sacred Sect, you'll be fine from now on.”

“Huh...” Mu Xiaoyun's hands suddenly stopped. She used her spirit sense and immediately realised that she really didn't die. Not only that, her soul became whole again.

“Husband...” Mu Xiaoyun said shakily not daring to believe this was real.

“We're really not dead?” She realised this was reality. Neither of them were dead. This inexpressible joy in her heart made her unable to speak.

Whimper... Mu Xiaoyun could no longer control the joy and excitement in her heart. She just hugged Ye Mo and completely forgot about everything else.

After a long while, Mu Xiaoyun calmed down and kept asking if Ye Mo's was hurt or threatened by the Immortal Goddess Sacred Sect.

After Ye Mo said he and her master were fine, she finally calmed down and began to recount her story ever since she was forced by elder Feng of ice lake.

Mu Xiaoyun who rarely spoke finally spoke her many years of story.

Time flow slowly like this. Most of the time, it was Mu Xiaoyun speaking and Ye Mo listening. Hearing this, Ye Mo felt for the first time that life was full even when he wasn't cultivating.

Great Sun God Mountain.

Although they weren't very famous in the Divine Dao Realm these years, it didn't mean that their power wasn't strong. When their sect formation opened, instant second force was no weaker than the Immortal Goddess Sacred Sect. In some places, it even surpassed the Immortal Goddess Sacred Sect.

The Immortal Goddess Sacred Sect dares to kill our Great Sun God Mountain Dao Actualisation Divine Emperor..." In the main palace of the Great Sun God Mountain, an elder rose up.

At the same time, the atmosphere in the Immortal Goddess Sacred Sect was dense. When Ye Mo didn't have conflict with the Great Sun God Mountain, they tried everything for the two to fight but now that Ye Mo really killed the Dao Actualisation Divine Emperor of the Great Sun God Mountain, the Immortal Goddess Sacred Sect fell silent.

"Rurong, recount precisely how Ye Mo killed Great Sun God Mountain Dao Actualisation Divine Emperor Yang Po. Are you certain he used Golden Bow of Divine Extermination?" Ji Xinyi said slowly.

Chapter 2102 Xu Yue Dao Essence

A blue robed Dao Actualisation Divine Emperor said seriously "I'm certain I saw it right. It was definitely the Golden Bow of Divine Extermination. He killed Yang Po with two arrows. Not only that, he used Great Primordial God Rune to heavily injure Yang Po first. He even used time law god art. However, my spirit sense was blocked by his domain and couldn't see inside."

"Great Primordial God Rune." time law and Golden Bow of Divine Extermination as well as lightning sea god orbs, space god art..." Ji Xinyi took in a cold breath. She suddenly felt that she made a mistake making Mu Xiaoyun the saint. As soon as someone like Ye Mo became a Dao Essence Divine Emperor, who would be a match for him in the Divine Dao Realm. Offending such a person pretty much meant you needed to get ready to be annihilated.

If the Great Sun God Mountain needed to think about all sorts of factors when annihilating the Immortal Goddess Sacred Sect, then Ye Mo could do anything as he was just by himself.

"Is Ruo Xi back?" Ji Xinyi suddenly woke up. Ji Xi said before Ye Mo was scary but she didn't have any direct impression of this. Now, she finally felt it. Luckily the sect has been sealed."

"Master, I'm back." Ji Xi's voice sounded at the door of the palace. She was sighing. Ever since the sect leader was injured, she didn't seem to be able to focus or she would've known of her arrival.

Ji Xi said "Xiaoyun had been taken by Ye Mo..."

Taken away?" Ji Xinyi repeated but then nodded "That's alright, what shall come eventually will come."

"Xiaoyun, I'll help you wear this..." Ye Mo took out the Zhu Xinyu.

Mu Xiaoyun just wanted to say that she was already wearing a necklace and it was the one Ye Mo gave her but then she saw the Zhu Xinyu.

As the saint, she hadn't seen it but she knew it belonged to saint Qing. She immediately said in shock "Husband, this is the sacred sect's Zhu Xinyu. It belongs to saint Qing, how is it in your hands?"

Ye Mo laughed "The Immortal Goddess Sacred Sect dares to use you to sacrifice to the Great Sun God Mountain, this Zhu Xinyu can be compensation."

"But, but..." Mu Xiaoyun knew this thing wasn't ordinary but she didn't know what else to say. In her subconsciousness, she felt that nothing her husband did was wrong.

"Just wear it." Ye Mo stopped her hesitation.

"Mhm." Mu Xiaoyun said nothing. Listening to her husband wouldn't be wrong.

After Mu Xiaoyun wore the Zhu Xinyu, she immediately felt this extremely satisfied feeling as though all the impurities in her body dissipated. Her essence spirit was being refined and her understanding of the world was becoming clearer.

"This is good indeed." Ye Mo sighed. Mu Xiaoyun said nothing but he felt what Mu Xiaoyun felt through her hand.

"What is this place?" Mu Xiaoyun asked.

"This is my world, at the Bei Zi mountain..." Ye Mo said. When he fused the golden page world and went unconscious, he stayed with Mu Xiaoyun and it was at that time that Mu Xiaoyun truly became his wife.

Ye Mo grabbed the red faced Xiaoyun and suddenly thought if he should build a place in the golden page world.

Regardless, talking was unnecessary now.

A day later.

Mu Xiaoyun stood outside Chi Wanqing's palace and asked sadly "Husband, is this where sister Wanqing stays?"

Ye Mo's eyes went dim "yes, waning lives inside. I didn't take her seriously and let her roam the Shen Qiong continent alone... I owe her."

"Husband, although she's gone, she definitely won't blame you. I've never seen her but I feel I'm so much luckier than her. I can still see you and be together with you..." Mu Xiaoyun said.

"Xiaoyun, I have a time formation disk. I'm in dao vindication so I don't need it much. You can use it. Just stay inside and cultivate. With your talent you will soon be able to catch up to me." Ye Mo said.

Mu Xiaoyun fell silent and looked down.

"What's wrong?" Ye Mo grabbed her hand and asked. Mu Xiaoyun had always been very obedient and she would never argue against anything he said.

"Husband, I want to leave a child for you. I don't want to cultivate anymore." Mu Xiaoyun said. She was scared of separating with Ye Mo again.

Ye Mo touched her hair and sighed "Xiaoyun once we get back to the immortal realm, we'll have a child. Then, Qingxue and Susu would be here too. We would have many children."

"Mhm, where do we go now?"

"Chang Fei divine dao city." Ye Mo answered. He needed to deal with Xu Yue divine dao things there and then find the way towards the immortal realm and seal it again.

As for getting revenge from the Immortal Goddess Sacred Sect and Great Sun God Mountain, Ye Mo really wanted to do it but he didn't have the power now.

"My master and martial sister Biyue are still at the Immortal Goddess Sacred Sect. I want to message them and tell them I'm with you." Mu Xiaoyun thought of Luo Biyue. Whether it was in the immortal realm or other places, Luo Biyue helped her greatly.

“Don’t worry, when I left the Immortal Goddess Sacred Sect I saw your master take a disciple and leave the sect. If I’m not wrong, she’s probably your martial sister Luo Biyue.” Ye Mo said.

Mu Xiaoyun said heavily “It’s probably because my master is disappointed in the Immortal Goddess Sacred Sect.”

She knew things wasn’t like that and her master left the sect probably due to the sect leader kicking her out.

Ye Mo knew what she meant and comforted her “There’s no point staying in a hypocritical sect like the Immortal Goddess Sacred Sect. We’ll go to the Mo Yue Immortal Sect, it’s much better than the Immortal Goddess Sacred Sect.”

In the Chang Fei divine dao city, Lei Yuehe and Zhu Wenmao’s status was very high and there was Shan Yingyao to help.

They didn’t dare to be careless though. Ye Mo left clearly to start trouble with the Immortal Goddess Sacred Sect, now that Ye Mo wasn’t back, who knew what the results were.

In an immortal rest tower, Zhu Wenmao and Lei Yuehe were waiting for Ye Mo.

“If something happens to brother Ye we wouldn’t be able to get away too.” Zhu Wenmao sighed.

At this moment, Lei Yuehe comforted Zhu Wenmao “Brother Wenmao, it’s because that brother Ye helped us that we’re married. If anything happens we can die together. There’s no regret.”

Zhu Wenmao nodded “I just want to rebuild the Xu Yue divine dao. If I can do that then I have no regret in death.”

Lei Yuehe sighed and just wanted to talk when she heard a coarse voice “Who wants to rebuild the Xu Yue divine dao? Who dares to?”

The entire tower heard this voice.

Zhu Wenmao and Lei Yuehe were shook. They subconsciously got up. They set up sound barrier restriction but people still heard them. They saw a square faced dark skinned man walk over.

“You two want to rebuild Xu Yue divine dao?” He sneered in contempt.

Zhu Wenmao stared at this man for a long time before asking with uncertainty “May I ask if qian bei’s surname is Lou. Are you a dao essence ancestor of my Xu Yue divine dao...”

“Hmm, I didn’t expect someone can recognize me, Lou Zhong? When I came back I found the sect had been annihilated for countless years. You say you’re a sect members of Xu Yue divine dao? Does my sect have sect members as weak as you?” The man asked in shock.

Zhu Wenmao bowed in surprise and joy and said “Wan bei Zhu Wenmao greet Lou Zhong sect master. When martial ancestor Lou left the sect wan bei was only an immortal monarch. Then my body was destroyed and with the help of my dao partner, I was able to find something to rebuild my body and cultivate back to immortal emperor. I’m really ashamed.”

Chapter 2103 Cocky Dao Essence

“This place is pitiful.” Mu Xiaoyun stood on the space time boat and sighed. The places she passed was filled with ravines and space fissures.

“Because they’re too selfish.” Ye Mo looked below the space time boat and shook his head at the shattered landscape. From how the Immortal Goddess Sacred Sect and Great Sun God Mountain did things, it was clear that these divine emperors were all extremely selfish.

If he was going to fight, he would definitely not fight at the Divine Dao Realm. He would go to the void. Otherwise, no matter how stable the Divine Dao Realm laws and space were, it would be broken by Primordial Essence Divine Emperor.

Nearing the Chang Fei divine dao city, Mu Xiaoyun's mood finally got better. The space and land here was more normal.

"Husband, our world would be more lively if we get some immortal spirit beasts in." Mu Xiaoyun thought of the golden page world. Compared to outside, the golden page world was heaven.

Ye Mo thought of shadowless and small ginseng and laughed "There are a few guys inside but they hid to somewhere else after knowing you came here. There are many immortal spirit beasts inside but I just haven't gotten them out yet."

Ye Mo was talking about the world he got from the purple robed man. That world was just below the five element world. There were all sorts of immortal spirit beasts and immortal spirit herbs inside. There was a portal from that world to his golden page world. Small ginseng often needed to go over to find some immortal spirit herb for wine making.

Because small ginseng was fast but he wasn't strong, he was often chased everywhere by the immortal spirit beasts inside. This pissed off shadowless and so shadowless went in and taught them a lesson. Now, they're the big boss of that world.

"Then let me go see." Mu Xiaoyun said. Mu Xiaoyun knew that she was too weak and would be frequently staying in the golden page world. It was necessary to get on good terms with those small guys.

Ye Mo pointed ahead and laughed "Chang Fei divine dao city is there. We'll go there first. You can go in the world whenever you want."

"Ye qian bei..."

"Brother Ye ...

As soon as the two landed from the space time boat, they saw people coming to greet at the city gates.

“Brother Ye, I’m Zhu Dragon god tower Xu Mao...” A yellow bearded man squeezed a smile and came to the front.

“Zhu Dragon God Tower? I seem to have heard of this. I heard that they were keeping a wild dragon in the city but I seemed to have taken that dragon away. By the way, the Zhu Dragon God Tower seemed to have sent someone after me but I slaughtered him.” Ye Mo said coldly. He hadn’t even gone to find them yet but they came first.

This yellow bearded man’s face went pale. He was a mere Dao Moulding Divine Emperor. Compared to the Immortal Goddess Sacred Sect Dao Nourishment Divine Emperor Yunhuai, he was countless times weaker. Ye Mo would kill people from the Immortal Goddess Sacred Sect without concern. Killing him was even easier.

“Qian bei, this, this is a misunderstanding... I came this time just to apologise to qian bei. These things are nothing but if qian bei have some orders, just tell me...” Xu Mao said.

Ye Mo just wanted to let Qiu Rang come out and get revenge when he felt a powerful spirit sense scan over his body and there was even a sneer.

Ye Mo was shook. He had only seen this powerful spirit sense in Immortal Goddess Sacred Sect and people like Sikong Shan and Gongyang An. Only Dao Essence Divine Emperor had such powerful spirit sense, this spirit sense was stronger than all the Dao Essence Divine Emperor he had seen. Was there a Dao Essence Divine Emperor at the city?

As though to prove Ye Mo’s guess, this spirit sense landed on Ye Mo again seemingly contemptuous.

Ye Mo put away Xu Mao’s storage ring and waved his hand “Move away.”

“Yes.” Xu Mao saw Ye Mo take the storage ring and his worried heart finally rested. He didn’t dare to ask anything and quickly moved to the side.

Taking Mu Xiaoyun into the city, Ye Mo’s spirit sense immediately saw Lei Yuehe and Zhu Wenmao. He saw a dark faced middle aged man sitting next to them. Ye Mo immediately knew this was the person who scanned him with spirit sense.

You want to rebuild Xu Yue divine dao?" This Dao Essence Divine Emperor sneered and his powerful force rushed at Ye Mo.

Ye Mo's face changed. He released his spirit sense domain and divine emperor domain out without hesitation.

Thud..." A powerful force exploded and this immortal rest tower turned to pieces. Ye Mo retreated 50 meters before stopping.

"What's the meaning of this?" Ye Mo's fury instantly shot up. If he was alone he wouldn't care but if he didn't use spirit sense domain to protect Xiaoyun, she would be immediately torn to pieces.

"Not bad, you can stop my emperor domain charge. You have some power. You said you're friends with martial ancestor Yuebo?" The Dao Essence Divine Emperor said with seriousness.

If he was alone, Ye Mo would've exploded already but Xiaoyun was here and so he couldn't attack. He knew that he was no match for this Dao Essence Divine Emperor. Even if he was to instant transmission out of his attack, it would be risky.

"I'm asking you a question, did you hear it?" This Dao Essence Divine Emperor's tone became serious and his force rose again.

Ye Mo sighed. He couldn't send Xiaoyun into the golden page world here unless he wanted to expose his golden page world.

Ye Mo suppressed his anger and said slowly "That's right, I got a jade slip from Duanmu yuebo. It said that if I can rebuild the Xu Yue divine dao I will get a great fortune once it's done."

The Dao Essence Divine Emperor's eyes shot out with golden beam and he asked desperately "Did you get a bead called dark lightning bead?"

“No.” Ye Mo answered. He got the bead. He was planning to give it back to the Xue Yue divine dao Zhu Wenmao after he rebuilt it but he had given up this thought.

“Hmm, you dare to lie to me. I will crush your soul.” The Dao Essence Divine Emperor’s voice grew serious.

Ye Mo laughed “You want to crush me soul, then try. You’re just a mere Dao Essence Divine Emperor.”

“You’re asking to die...” The Dao Essence Divine Emperor was about to attack immediately.

Zhu Wenmao quickly stopped in front and bowed “Grand elder, brother Ye has saved our lives and has always been helping our sect, please appease your anger.”

The Dao Essence Divine Emperor sneered “Seeing that you’re helping build our sect, I’ll let you go this time for disrespecting me. After the sect is rebuilt, I’ll come deal with you.”

“Sorry, I no longer plan to rebuild this sect. Wenmao, Yuehe goodbye.” Ye Mo took Mu Xiaoyun and disappeared from this immortal rest tower.

The Dao Essence Divine Emperor’s face was green. Just when he wanted to hunt Ye Mo, Zhu Wenmao quickly said,

“Sect leader, I’ll be responsible for rebuilding the sect. I’ll definitely rebuild it completely so that grand elder would be happy.”

“Hmm... count yourself lucky.” The Dao Essence Divine Emperor sneered at the direction Ye Mo left.

As soon as Ye Mo left the city, he sent Mu Xiaoyun into the golden page world and was ready to fight with this cocky Dao Essence Divine Emperor. However, this Dao Essence Divine Emperor didn’t chase out. He thought about it and knew that it was Zhu Wenmao and Lei Yuehe begging for mercy.

He didn’t have the obligation to build the sect for them.

Today, a Dao Essence Divine Emperor was this cocky. This made Ye Mo want to reach Dao Nourishment Divine Emperor more desperately.

The Dao Essence Divine Emperor of Xu Yue divine dao was back. Great Sun God Mountain and Immortal Goddess Sacred Sect immediately got news of this. Great Sun God Mountain who was about to conquer Immortal Goddess Sacred Sect immediately stopped. Immortal Goddess Sacred Sect heard of this and breathed easy too. They knew that Great Sun God Mountain wouldn't fight Immortal Goddess Sacred Sect for now.

Chapter 2104 Setting Up Shop

The space time baot travelled in the Divine Dao Realm but Ye Mo didn't have an approximate direction too. He first came to this Chang Fei divine dao city because he was teleported to Xu Yue divine dao. Xu Yue divine dao was extremely far from Mu Hua God mountain. Even an ordinary divine emperor would need a few decades to travel. Ye Mo knew that it wasn't easy for even him to get back to that place.

Unless he had a safe and hidden teleportation formation like those big sects, otherwise, it was impossible for him to go back there in the short term.

Ye Mo gave the space time boat to Qiu Rang and shadowless to control while he and Mu Xiaoyun went inside the golden page world.

Mu Xiaoyun knew her cultivation level was too weak and that if she wanted to help Ye Mo, she would have to hurry up and get stronger. After going in the golden page world, Mu Xiaoyun immediately went inside the time formation disk. With Ye Mo's teaching and all sorts of pills and god spirit range, Mu Xiaoyun progressed extremely fast.

Ye Mo started to go into solitary cultivation too. Little Blue was melting the soul lamp but it melted the Murder Dao Spear very slowly. Ye Mo knew that although his flame was the number one flame of the immortal realm, it was still a bit low level to melt something like this.

Zi Xu couldn't be upgraded and this made Ye Mo unhappy with Ji Xi even more. This woman owed him a gourd but he still hasn't seen it yet. To Ye Mo, it seemed that this woman wanted to cheat. He went to save Xiaoyun at the time and didn't ask her about this.

Seeing Little Blue still need some time, Ye Mo took out the chain he got from the depth of the prison door mountain and the four white bones.

The chains were still very mysterious and Ye Mo couldn't scan his spirit sense in. When he took it, he only took the part that was exposed. He couldn't take away the part buried underground and didn't want to take it.

The main reason he took the chains were due to the white bones.

The bones gave him an extremely familiar feeling. It was inexpressible but real.

The chains had no restrictions but they were shockingly tough. Ye Mo had to use Golden Bow of Divine Extermination to shoot six arrows before barely opening them. Now that he had enough time, he used half a month to spirit control the chains and take out the bones.

After spirit controlling the chains, Ye Mo realised that they were made with heaven luo metal essence. They were the best materials that could be used to make the best god artefact.

Ye Mo set aside the heaven luo metal essence and checked the white bones with his spirit sense. Ye Mo caught messages inside the bones.

After a long while, Ye Mo's spirit sense moved away from the bone. The message from the bones were messy but Ye Mo organized it.

The person was called Yuan Ruixiu. She was the 73rd saint of the Immortal Goddess Sacred Sect and was locked in there due to losing her virginity and was pregnant.

She had a loyal maid called Yuan Huiyun. Because Yuan Ruixiu was the saint, Yuan Huiyun could still come look after her.

Yuan Ruixiu gave birth to a girl called Yuan Jun. Yuan Ruixiu forced Yuan Huiyun to take away Yuan Jun. It didn't say where but they just knew Yuan Ruixiu pointed Yuan Huiyun to go to a very far place and might never come back.

Ye Mo sighed. He subtly felt that Yuan Ruixiu was related to his past life, there was no evidence nor reason, just a feeling.

Ye Mo made a jade box and put the bones inside and set up a tombstone in the golden page world.

Time passed quickly.

Ye Mo cultivated in the golden page world for ten years. His essence chi was more condensed and god arts more proficient. His Great Primordial God Rune seemed to have an extra shadow. His formation skills were much stronger than before. The only thing that didn't increase was his cultivation level. He seemed to be stuck at Dao Moulding Divine Emperor.

Ye Mo wasn't very worried. He knew that at his level, if he wanted to progress, it couldn't come with cultivation resources and using the time formation disk. He needed to learn the world laws and learn life.

Meanwhile, Mu Xiaoyun was already an immortal king in the time formation disk. She was an immortal king tertiary stage. This was Ye Mo letting her slow down or she would've had her immortal monarch divine damnation already.

Ye Mo left the golden page world and chatted with shadowless, Qiu Rang and small ginseng. Shadowless was urging Qiu Rang to find the path to the dragon race but Qiu Rang didn't know the way himself.

"We'll wait about going to the dragon race. Let's go find a populace place to live for a while." Ye Mo said.

Shadowless immediately chose a direction and in just one day, there started to be less space fissures and ravines in the ground.

Another two days later, there were no more space fissures and they flew faster and faster.

After feeling the dense god spirit chi around him, Ye Mo's spirit sense scanned a huge divine dao city. It was even bigger than Chang Fei divine dao city and was more populated too. At the city gate, there was the huge golden banner Lun Lan divine dao city. Many immortals went in and out, Ye Mo even saw a few Dao Moulding Divine Emperors.

Ye Mo let small ginseng and shadowless enter the golden page world and landed at the city gates with Qiu Rang. Qiu Rang was a dragon but his chi had been stealthed by Ye Mo.

The city was filled with stalls and shops.

Ye Mo wanted to find a place to stay and then seek the opportunity to reach Dao Nourishment Divine Emperor. When Ye Mo saw on the main street that a shop was being sold, Ye Mo immediately changed his mind.

Instead of renting a cultivation home, why not go buy a shop. To him, the most important thing wasn't to spend time to cultivate but spend time to learn dao and collected god spirit items.

"It's this cheap? A shop like this in Chang Fei divine dao city would cost at least 2 million god crystals but here it only costs 500k." Qiu Rang said.

Ye Mo felt this shop was cheap too. it wasn't small and had a backyard. There were two levels too. how could it only be 500k god crystals?

"Immortal friend, do you want to buy this shop?" An immortal monarch man smiled and saluted with his fists to Ye Mo. Ye Mo nodded "Indeed but this price..."

Ye Mo stopped.

Seeing this, the immortal monarch quickly said "No wonder immortal friend is confused. This shop is worth 2 million but because the owner left the city and doesn't have time to wait here so he's selling it for a cheap price."

Ye Mo sneered, who was he tricking. 500k, if there was no problem with it this shop would've long been bought away. But Ye Mo wasn't scared.

"You might've misunderstood me." Ye Mo laughed "I'm saying this price is too high, not too low. You're really interesting, which buyer would say that the price is too low?"

The immortal monarch was shocked but he reacted quickly and said "Then 450k god crystals will do, no lower."

Ye Mo couldn't be bothered arguing about the price and threw out a storage bag "this is 450k god crystals, give me the ownership pact."

The immortal monarch took the bag without hesitation and gave Ye Mo a pact and left immediately.

Chapter 2105 Great Sun God Mountain again

"Boss, why do I feel that we're suffering a loss." Qiu Rang said. There were people on the side shaking their heads.

"I feel like we're suffering a loss too but we've already paid the god crystals so we can only move in." Ye Mo agreed.

Many people heard this and shook their heads but no one came up to say anything.

"There's a formation in front." Qiu Rang charged in the shop but was bounced back. Even Dao Moulding Divine Emperors who weren't experienced in formation wouldn't be able to see this defense formation.

Everyone saw Qiu Rang was blocked and didn't show any shock.

Ye Mo already saw there was this defense formation. He was also thinking about why there would be a stealthed defense formation but he didn't care. Since this shop was his, he could remove it at anytime.

Now that Qiu Rang was blocked, Ye Mo realised he was tricked.

“Immortal friend, you must not touch this formation, if you do, you must...” One immortal emperor primary stage who couldn’t take it anymore said.

“Hmph... who’s talking sh*t?” A sneer sounded and a man appeared before the immortal emperor. No one saw where he came from.

The immortal emperor’s face changed and was about to leave.

“You want to leave? You just rammed my formation and startled my immortal pet. You want to leave like that?” The man said again.

The immortal emperor’s face looked bad and he quickly said “I didn’t touch your formation...”

The man sneered and interrupted “Then who did it, point it out and I’ll go easy on you.”

“The king did, what are you going to do? My boss bought this shop. Did you set up the formation in front of our shop? If it’s you then good, I was looking for someone to compensate me.” Qiu Rang learned a loud mouth after being with shadowless. He heard that boss dared to call himself king in front of immortal emperors when he was only an immortal king. Now that he did this, he felt very satisfied.

“Hahahaha, a mere immortal king...” The man was so angry he laughed.

“Did you guys set up the stealthed defense formation in this shop?” Ye Mo finally realised why there was a three foot small bear in the formation.

Ye Mo raised Zi Xu and sliced, this stealth formation was immediately torn to pieces.

“Qiu Rang grab that bear.” The small bear was about to dash out but after just a few steps it was caught by Qiu Rang.

“You dare to break the young castle master’s formation, you...” The man pointed at Ye Mo in shock.

“Piss off.” Ye Mo slapped. Although this man was also immortal emperor cultivation level, he was slapped away a few hundred meters.

People saw there was fighting going on and immediately moved away.

Before the man got up, he found that all his meridians had been broken with this slap.

How could the man not know he met someone tough. He immediately crawled up and didn’t dare to say a word before running off.

The people on the streets didn’t dare to come near Ye Mo’s shop but more and more people gathered clearly knowing there was a show to watch soon.

Ye Mo knew this shop wouldn’t be simple. He let Qiu Rang go inside to organize the shop while he set up the formation again.

However, Ye Mo was bewildered that even when he fixed the formation, no one came.

Ye Mo wrote the words Luo Yue Pill Forgery Divine Tower and took out a pile of pills and magic artefact for Qiu Rang to lay.

The main purpose of this place was to forge top level immortal artefact and immortal pill for others. Of course, he would take god art orders too.

Ye Mo was an outsider and offended people he shouldn’t have. No one expected Ye Mo to stay well here. But Ye Mo’s shop’s name was too shocking. There were pill towers and forgery towers in the city and both of them combined. But their power was absurd. They had a bunch of immortal pill grand masters and even divine pill masters.

But even so, they only named themselves pill towers not divine towers.

There was no way there was high level pill divines. Even the worst pill divine couldn't come to a place like this city.

Ye Mo's name shocked everyone. When they saw that there really was low grade god art and even low grade god pills, everyone was shocked.

This shop that suddenly appeared sold better pills than the best pill towers in the city. From this, one could see that Luo Yue must have a pill divine.

Immediately, everyone took note of this place. When god pill and god arts appeared, they used their savings without hesitation to buy. They were scared someone would come to this place to look for trouble and this place would no longer exist.

Ye Mo called out shadowless too and on the first day of opening, they were happily busy.

In one day, Ye Mo collected many precious god spirit items and even a few dao wave god fruits. They weren't dao fruits but it was still pretty good.

"May I ask if the owner is here? Xi Cheng castle is here to visit..." A loud voice sounded as a Dao Moulding Divine Emperor appeared in the shop.

Hearing this voice, the immortals inside all disappeared in just a few seconds.

"I am and you interrupted my business." Ye Mo's tone went cold.

The middle aged man didn't seem to mind Ye Mo's tone and laughed "Then I'll apologise to you. I'm Xun Hongyi, I'm just a messenger for Xi Cheng castle. Our castle master has invited you to discuss things at the Xi Cheng castle."

"What thing is your castle master? Does he deserve to invite me?" Ye Mo said plainly.

To Ye Mo, they were going to fight sooner or later. There was no point in acting nice. If he could beat them then so be it, if not he would leave the city.

Xun Hongyi's face changed but his manners were good. He just smiled "Our castle master is a ambassador for Great Sun God Mountain. He's not some thing. Since you want our castle master to come over, I shall bring the message to him."

Ye Mo frowned, the Great Sun God Mountain was everywhere. He had gone away so far but he could still see their people. This definitely meant that Great Sun God Mountain had a hidden teleportation formation.

He spent a decade to come here but they could teleport here instantly.

Chapter 2106 Shadowless against young castle master

Other people were scared of the Great Sun God Mountain but Ye Mo wasn't. Seeing Xun Hongyi sneer there, Ye Mo lifted his leg "Since you've brought your words, then piss off."

Xun Hongyi thought that Ye Mo was scared by his words. These few years, the Great Sun God Mountain was very powerful but Ye Mo still dared to tell him to piss off. Who was he? Or was Ye Mo just an idiot.

Seeing Ye Mo kick over, Xun Hongyi couldn't contain his anger anymore. He was a Dao Moulding Divine Emperor and came to invite this immortal emperor but this immortal emperor dared to be like this to him.

His divine emperor domain was immediately about to expand and he was about to kick back but soon, his face changed. He found his domain was completely bound and his leg only kicked half way before Ye Mo kicked his bones.

There was a crack and Xun Hongyi knew his leg broke. He resisted his shock and instantly disappeared. This person's power was far stronger than he had expected. He was even stronger than their castle master. Such a terrifying person had to hide his cultivation level to immortal emperor.

He didn't come for that young castle master. He came because he heard there was god pills here and came on the order of the castle master.

Just when Xun Hongyi left, another person came to the shop, immortal emperor middle stage and didn't seem very old. "Fu Fei greet tower master." The immortal emperor bowed.

Ye Mo said slowly "You were watching on the side just then, what do you want?"

"Wan bei want to persuade qian bei to quickly leave the city. The Xi Cheng castle has a Dao Actualisation Divine Emperor peak stage and he's from the Great Sun God Mountain. The Great Sun God Mountain is very dominant and the young castle master's hands are stained with blood. Everyday, people die to him in the city."

Fu Fei said genuinely.

"I don't know you, why are you telling me this? Are you not scared the castle would get revenge on you?"

Fu Fei said hatefully "Because the shop qian bei is at is a property of the Fu God corner. It was passed to my master but that young castle master used a ridiculous excuse to annihilate my master and everyone around him. I was a hidden disciple and thus was able to stay alive. I'm staying here to find an opportunity to kill him and leave..."

Ye Mo suddenly bound Fu Fei's voice. His spirit sense saw a Dao Actualisation Divine Emperor coming over.

"Dong An came just to invite tower master to come to my Xi Cheng castle. My men was very rude, please forgive them." A long bearded man appeared at Ye Mo's shop. His tone was nice and calm like a wan bei talking to qian bei.

He was indeed a Dao Actualisation Divine Emperor peak stage. If he had the chance, he would be able to reach Dao Essence Divine Emperor at anytime.

Ye Mo was studying Dong An but Dong An was also studying Ye Mo. Ye Mo wasn't here for long but he had gotten too many news. Each news pointed that this tower master wasn't simple whether it was injuring Xun Hongyi with one kick or his pill divine capability.

What shocked him even more was that he was Dao Actualisation Divine Emperor peak stage but still couldn't see if Ye Mo hid his cultivation level. Their meant that either Ye Mo's stealth cultivation method was very powerful or Ye Mo was stronger than him. That's why he spoke carefully.

Ye Mo said calmly "Since castle master Dong came personally, it would be too rude of me to not go. Shadowless and Qiu Rang come with me, the shop will be closed for now."

"Fu Fei, do you want to come visit the castle with me?" Ye Mo asked.

Fu Fei immediately knew what Ye Mo meant. Ye Mo was letting him be familiar with the castle to find a weakness.

"Wan bei is willing to go with qian bei." Fu Fei said without hesitation.

When Ye Mo entered the city, his spirit sense scanned across the entire city. There were spirit sense barriers everywhere but Ye Mo didn't force it open with his spirit sense blades. He was certain that even the city lord estate wasn't as luxurious and pretty as Xi Cheng castle.

The 20km of road in front of the castle was made with god crystals. This was an extreme display of wealth.

Many immortals had to search outside just for a few god crystals to cultivate but here, it was the ground.

In an extremely huge golden palace in the castle, the four sat on the guest side while Dong An and Xun Hongyi sat at the top. Ye Mo looked, there was also another Dao Nourishment Divine Emperor. Such power was quite good even amongst Divine Dao Realm sects.

Dong An was very polite and kept sending up immortal spirit fruits and god spirit teas.

“Castle lord Dong’s palace is quite amazing. There’s probably a few god spirit ranges under here right? It seems castle lord Dong is quite good at collecting wealth. You can even build such pretty castle in the divine dao realm.

Dong An acted as though he didn’t realise Ye Mo’s scorn. He smiled “Compared to tower master, my accomplishment is nothing. Tower master is a pill divine, you only need a few years to surpass me, I haven’t asked for your name yet?”

“I’m Ye Mo...”

Just when Ye Mo said this, an extremely cocky and furious voice sounded “Who dares to break my formation and take away the power of my immortal emperor?”

An immortal emperor middle stage man wearing red robes appeared. There was a Dao Moulding Divine Emperor behind him. From his cocky tone, it was clear that he was the young castle master.

“Xuan Ming, don’t be rude. This is tower master Ye. I’ve invited him over to be a guest.” Dong An yelled.

Ye Mo had a strange feeling. The young castle master was Dong An’s son. Why did he feel that Dong An had some concerns when speaking to the young castle master?

“Castle master, you don’t need to care about this. No matter which tower master it is, since he dares to mess with me Wei Xuanming, then don’t blame me.” The young castle master said and then glanced at Ye Mo.

Shadowless couldn’t hold it anymore and laughed “This is really strange. We want to enter our own shop. If we don’t break the restriction outside are we going to use a teleportation formation to go in each time?”

"I have no objections with you entering your shop but you broke my restriction so you must compensate. The restriction isn't inside your shop." Wei Xuanming sneered and signaled to the Dao Moulding Divine Emperor next to him.

"So that's it, how much god crystals do we need to compensate you?" shadowless said.

Wei Xuanming didn't expect shadowless to surrender this quickly. Although he knew shadowless wouldn't surrender this easily, he still said "My formation is set up by the top formation grand master, it's worth five million top grade god crystals."

"It's that expensive? Even the best formation can't be worth that much? There's also a three foot bear inside that was injured by Qiu Rang. Wouldn't the compensation be even higher?" Shadowless said.

Qiu Rang looked at shadowless innocently thinking since when did I injure the three foot bear?

"It's my thing so I name the price. You're right, it's 3 million god crystals for that three foot bear. In total it's 8 million god crystals." Then, the Dao Moulding Divine Emperor expanded his force over.

Shadowless gritted his teeth "Okay, we'll pay up..."

Wei Xuanming dazed, it was this simple? But then he heard shadowless say "Qiu Rang, how many immortal spirit herbs did the three foot bear break in our shop?"

Qiu Rang immediately understood and quickly said "He just ate a golden bell buddha fruit. He didn't get time to eat other things and I caught it..."

Shadowless laughed "it seems that guys quite lucky. That buddha fruit is priceless but I don't care. I'll take 18 million god crystals for it. Oi, Wei dude. Just give us 10 million god crystals. Don't say other sh*t, we name the price of our own things."

You're asking to die..." Wei Xuanming was furious immediately. It was always he who did this to others. Since when did people dare to do this to him.

Chapter 2107 Martial Cultivator

“Hold up young castle master...” Xun Hongyi knew Ye Mo was strong and immediately stopped Wei Xuanming from attacking him.

Dong An sneered “Xuanming, tower master Ye is a guest I invited, don’t be rude.”

To him, if Ye Mo was a pill divine, then he was worth more than anything. Even Wei Xuanming must not offend him.

“Castle master, this person is clearly being unreasonable with his pet. I suspect he took over that shop by force. Otherwise, how can that shop only be sold for 450k god crystals?” Wei Xuanming didn’t dare to be too rude to Dong An.

Fu Fei suddenly got up and pointed at Wei Xuanming “Wei Xuanming, you took over my Fu God corner shop by force and now you’re saying that Ye qian bei took it by force? Do you have any face? You killed more than ten people in the shop, I’m going to tear you apart...”

Ye Mo sneered “So that’s it. I’ve seen the young castle master’s power. I didn’t buy the shop from young castle master but you knew the exact price.”

Ye Mo then smiled to Dong An “Castle master Dong. I’m not sure who is right or wrong based on Fu fei and young castle master’s words. I have an idea. Let them fight together. They’re both immortal emperor middle stage anyways. Whoever wins is right. What do you think?”

He dared to say this because Ye Mo saw that despite having a better cultivation method, Wei Xuanming’s was actually weaker than Fu Fei. Wei Xuanming barely went through life or death situation while Fu Fei was always living life on the edge.

Everyone in here looked dazily at Ye Mo, what reason was this? Whoever was stronger was right.

Fu Fei got up and said "I'm willing to fight young castle master. If Fu Fei loses, then I am wrong." He had long wanted to kill Wei Xuanming and knew this was an opportunity Ye Mo got for him. How could he let it go.

Wei Xuanming sneered and stood up "Then let's fight. I'm not going to be scared of a mere immortal emperor middle stage."

Wei Xuanming said as though forgetting he was an immortal emperor middle stage too.

Then he looked at the Dao Moulding Divine Emperor next to him. Clearly, he knew that even if he lost, there would be someone to intervene.

Shadowless saw this and laughed "What if someone's about to lose and his cloney is going to intervene?"

"If someone dares to interrupt the fight then the people watching can kill whoever intervenes." Ye Mo said coldly.

Wei Xuanming shivered and said in contempt "You're a mere immortal emperor and you dare to say kill people."

Ye Mo said calmly "It's fine if I can't kill but with castle master Dong here, I believe he will uphold justice."

Dong An saw this and laughed "In that case you two can fight. We'll fight peacefully. Otherwise, my palace can't withstand two immortal emperors fighting."

Ye Mo waved out tens of formation flags and drew out a big circle in this palace "Don't worry castle master Dong. I know a little bit of formation. They can fight however they like in my formation, I promise your palace will be fine."

There was a sliver of shock in Dong An's eyes but it soon receded. He was thinking just who was Ye Mo. How could he set up a formation in such a short time that couldn't be broken by immortal emperors? Just what formation skills was this? If he really was a pill divine, it was too shocking.

But he wasn't worried about Wei Xuanming and Fu Fei's battle. He trusted that Wei Xuanming definitely wouldn't be scared of Fu Fei. Wei Xuanming was the disciple of a Dao Essence Divine Emperor in the Great Sun God Mountain.

Fu Fei landed in the circle without saying anything.

Wei Xuanming never took Ye Mo's formation seriously. He went up without hesitation too and released his magic artefact. It was a black half bell. Half of the bell was gone.

Compared to this, Fu Fei had a half god artefact, a true martial spear.

Fu Fei pierced out with his true martial spear and a virulent killing intent spread out through the entire palace.

Ye Mo waved out a few formation flags and the killing intent that filled this palace immediately receded back into the formation.

Seeing Ye Mo set up this formation so easily, Wei Xuanming's Dao Moulding Divine Emperor's face changed. He could feel that Ye Mo didn't seem to be an immortal emperor. He thought that even if Wei Xuanming was outmatched, he would be able to save Wei Xuanming but now, he wasn't so sure. Thinking about this, he subconsciously walked forward wanting to get closer to the battle.

Ye Mo saw this and sneered but did nothing. He didn't believe a Dao Moulding Divine Emperor could save someone from his hands. If Fu Fei was no match for Wei Xuanming then there was nothing he could do.

Everyone in the palace looked at the battle. Fu Fei fought with his life immediately. He knew this opportunity didn't come easy.

Wei Xuanming saw Ye Mo seal the formation. He frowned and then the bell completely smashed out.

Black bell shadows struck out with a hum. These sounds came out of Ye Mo's formation making Qiu Rang almost unable to bear it.

Ye Mo waved his hand again and a few more formation flags flew out. Those bell sounds were immediately much much weaker.

Fu Fei's spear carried out ten thousand spear shadows that clashed with the bell shadows creating huge explosion whirlpools. It seemed powerful but none of them could get past Ye Mo's formation.

Ye Mo was a little shocked. He saw that Fu Fei didn't use god art or magic arts, he used a complete set of spear art. The countless spear shadows broke open Wei Xuanming's immortal emperor domain.

Wei Xuanming didn't take Fu Fei seriously but as they fought, it was clearly becoming a life or death battle. Eventually, Ye Mo's battle circle was completely filled with bell and spear shadow. One could barely see Fu Fei and Wei Xuanming.

Ye Mo saw this and knew that Fu Fei wasn't just an immortal cultivator. He thought about the other type of cultivator Zhen Bingyu mentioned to them. They weren't really cultivators, they were martial artists.

Ye Mo hadn't seen a pure martial artists. Zhen Bingyu said that cultivating martial arts to the extreme could allow you to break open the void. Fu Fei might be an immortal and martial dual cultivator.

Just when Ye Mo was thinking if martial artists could cultivate to Primordial Essence Divine Emperor level, the victory had been decided.

The bell and spear smashed head on creating a heaven shocking sound. Even Ye Mo's formation couldn't completely block this sound.

The half bell swept Fu Fei's spear away. If it wasn't for Ye Mo's formation, the two magic artefacts might've flown out of the palace.

Ye Mo guessed Fu Fei was a martial cultivator and now that his spear was swept away, Ye Mo frowned. It wasn't good for a martial cultivator for his weapon to leave his hand but he set the rules. Even if Fu Fei was killed he couldn't intervene.

Just when the spear was taken away, Wei Xuanming showed a smirk. He was very annoyed with Fu Fei's fighting style. It wasn't magic arts nor god art. Now that Fu Fei's greatest reliance, his spear, was gone, Fu Fei was like dead to him.

In a heavy thud, the bell smashed towards Fu Fei.

Now, the Dao Moulding Divine Emperor who followed Wei Xuanming breathed easy. He could tell Fu Fei was a martial cultivator so his body would definitely be strong. But no matter how strong it was, it couldn't be stronger than that slumbering bell spirit. The young castle master clearly activated the bell spirit.

Chapter 2108 Void Marketplace

Ye Mo frowned but when he saw Fu Fei's cold expression that was calm, he immediately knew that Fu Fei knew about Wei Xuanming's move. It seemed he did a lot of work just to kill Wei Xuanming.

Blood spewed out as the half bell flew past Fu Fei's waist almost cutting him in half. However, Wei Xuanming's face changed. That clearly could've cut Fu Fei in half but it only sliced open his waist a little.

Ye Mo nodded. Fu Fei was also a body refinement cultivator. He had a piece of armor on his waist that could save him. Fu Fei was heavily injured but not dead.

Since Fu Fei knew of this move, it meant he had a counter attack now.

Fu Fei immediately released a rune and punched out. This was a high level immobilization rune. Ye Mo saw it immediately. It was for one time use but it could freeze an opponent in a second.

In this second, too many things can happen.

Wei Xuanming clearly wasn't dumb. When he saw that his bell spirit couldn't kill Fu Fei he immediately knew things weren't good. Before he could do anything, Fu Fei's immobilization rune was used as he punched out.

Wei Xuanming's face changed. He could only watch as Fu fei attack him. He was just frozen for an instant but he couldn't do anything in this instant. If he didn't activate the bell spirit, he was certain that even with the rune, Fu fei wouldn't be able to freeze him. clearly, Fu Fei calculated that he would be weak after activating the bell spirit.

The Dao Moulding Divine Emperor saw this and was very shocked. He dashed without hesitation.

Ye Mo sneered. He had long wanted to kill this Dao Moulding Divine Emperor. Just when the Dao Moulding Divine Emperor grabbed the outer rim of the defense formation, Ye Mo suddenly got up and waved out a crevice spirit sense god art.

The crevice god art was used by spirit sense. It was perfect for ambush. Just when the Dao Moulding Divine Emperor wanted to tear open the formation, he felt a 30km purple ray fall in his sea of consciousness.

He was ambushed. His sea of consciousness immediately turned over with the huge pain as he spat blood. Before he could stop this god art, a sword rune hacked over.

Falling mark.

Ye Mo wanted to end it quickly to prevent Dong An from intervening.

Splurge. Blood spew and this Dao Moulding Divine Emperor was hacked to pieces.

At the same time, Wei Xuanming was hacked to pieces by Fu Fei.

When Wei Xuanming died, he saw his Dao Moulding Divine Emperor die earlier than him.

Dong An just got up now and didn't even have the time to attack. He thought Wei Xuanming's Dao Moulding Divine Emperor could instantly break Ye Mo's formation and save Wei Xuanming. He just hesitated for a second and Ye Mo killed a Dao Moulding Divine Emperor in this second. Even he didn't have this power. Just who was this tower master Ye Mo? He was too scary.

"Hmm, I found a storage ring on the ground, I'm really lucky." Shadowless acted like an idiot and quickly grabbed the Dao Moulding Divine Emperor's ring.

Seeing Fu Fei take Wei Xuanming's storage ring and bell, Ye Mo then put away the defense formation.

The palace was filled with silence. No one cared about what shadowless did. Ye Mo was an outsider and yet he dared to kill the young castle master.

That Dao Nourishment Divine Emperor next to Xun Hongyi immediately got up and said "Ye Mo, you're an outsider and you dare to kill in our Xi Cheng castle? You even dare to bring someone to kill our young castle master."

As he spoke, his violent killing intent spewed out filling the entire palace.

"Are you blind or are you deaf? There was an agreement before the fight that no one is allowed to intervene in the battle, those who do are to be killed. Kill the young castle master? Are you a pig? You knew that someone would die from the battle." Ye Mo sneered. He hoped Dong An would attack, that way, he would slaughter the entire Xi Cheng castle.

He could tell that Dong An didn't seem to be on the same line as Wei Xuanming. If Dong An didn't attack, he couldn't really attack.

"Okay, okay, in that case, I, Ou Leyi, will come test you." The Dao Nourishment Divine Emperor got up.

Ye Mo sneered.

Dong An knew that Ou Leyi was definitely no match for Ye Mo. Before Ye Mo spoke, he yelled "Retreat martial brother Leyi, there was an agreement before the battle. Outsiders who intervene are to be killed. Tower master Ye is a VIP of our Xi Cheng castle. Don't be rude."

"Yes." Ou Leyi didn't dare to argue against Dong An. He collected his force and retreated but his killing intent towards Ye Mo didn't recede at all.

Ye Mo was confused why a Dao Nourishment Divine Emperor had a reason to challenge him. From how he killed that Dao Moulding Divine Emperor, that Dao Nourishment Divine Emperor should know that he was definitely no match for him.

When he saw the Dao Nourishment Divine Emperor still have killing intent in his eyes, he immediately understood.

This person was either close to Wei Xuanming or acted that he was furious. Ye Mo gave a few pills to Fu Fei and ignored this Dao Nourishment Divine Emperor.

Tower master Ye is indeed powerful. Dong An had an eye opener today. Tens of thousands of years ago, I happened to get a dragon race wine. We'll use the opportunity today for everyone to celebrate..." Dong An didn't seem to care about Wei Xuanming being killed.

Dragon Race wine? Ye Mo was interested but he didn't ask.

Moments later, a seductive female immortal sent a few cups of white jade wine to everyone. There was seductive aroma from the cups. One's mind was clear just by smelling it. One could imagine how good it would be to drink it.

Qiu Rang was drooling. His only passion was drinking wine. How could he resist it now when he saw the sacred wine from the dragon race. He already tried a little.

"Amazing wine..." Qiu Rang sighed.

Dong An raised a cup and smiled "Come, welcome to Xi Cheng castle tower master Ye."

Then he drank the entire cup and closed his eyes. Clearly, he was very happy about this wine.

Ye Mo drank the entire cup. As the aromatic wine dripped down his throat, he felt amazing.

“This is indeed amazing wine...” Ye Mo exclaimed.

Dong An sighed too “Pity I only have this kettle. Otherwise, I would definitely give some to tower master Ye.”

“I don’t dare.” Ye Mo said “Castle master Dong call it dragon race sacred wine, is it from the dragon race?”

“This wine is indeed from the dragon race. I happened to get it from a deal in the Void Marketplace. However, such wine has great demand in the Void Marketplace and I could only get a kettle.” Dong An said with pity.

Void Marketplace deal? What is that?” Ye Mo asked.

Dong An looked at Ye Mo with confusion “With tower master Ye’s power, you should be able to deal at the Void Marketplace. The Divine Dao Realm is broken but you can still go to the Void Marketplace.”

Ye Mo got up and saluted with his fists “I’ve always been in solitary cultivation and I really don’t know about the Void Marketplace. Please introduce me to it castle master Dong.”

Seeing that Ye Mo really didn’t know, Dong AN nodded “Void Marketplace is a market place in the endless void. It’s a city. Those who can go there have to be at least Dao Nourishment Divine Emperor peak. Most people are Dao Actualisation Divine Emperor.”

“A city in the void?” Ye Mo was truly shocked.

Dong An nodded "That's right, a city in the void but ordinary people can't go at all. The things in there are all the best.

The Divine Dao Realm is broken and the human race's power is drastically depleted but many powerful beings from the demon race, dragon race, monster race, abyssal race and so force all go. The things they bring are also top quality."

Ye Mo was very shocked. He had come in contact with such race but he didn't know they had their own realm and powerful beings. Comparatively, after the Divine Dao Realm was broken, the human race declined greatly.

"Please tell me how to go to the Void Marketplace castle master Dong." Ye Mo asked genuinely.

Chapter 2109 Asking About Void Marketplace

Although Ye Mo killed a Dao Moulding Divine Emperor of his sect and killed a Dao Essence Divine Emperor disciple, Dong An still wanted to connect to Ye Mo as Ye Mo was possibly a pill divine.

A pill divine was too significant. Even when the Divine Dao Realm wasn't broken, pill divines was extremely rare. Now that the Divine Dao Realm was broken, there were even less pill divine.

He saw the pills from Luo Yue Pill Forgery divine tower. They were real god pills. There was not only recovery god pills but also Dao Moulding Divine Emperor cultivation god pills.

If it wasn't to connect with Ye Mo then he was confident he could take Ye Mo down in the Xi Cheng castle.

"If you want to go to the Void Marketplace, you must leave the Divine Dao Realm and enter the Divine Dao Realm void. When the Divine Dao Realm wasn't broken, there was a teleportation formation to the Divine Dao Realm void but now, one can only go there himself." Dong An said.

"May I ask castle master Dong how I can find the Void Marketplace after entering the void?" Ye Mo asked.

The Void Marketplace was connected to the different realms. He could ask about the dragon race there and get many good things inside.

The Divine Dao Realm was broken. Even if there was enough god spirit chi, it wouldn't be able to produce the dao fruit he needed for dao nourishment.

Plus, Ye Mo intended to return to the immortal realm and seal up the passage between the two realms. If he went back to the immortal realm, it would mean he wouldn't be able to enter the Void Marketplace. He had to go to the Void Marketplace before he went back to the immortal realm.

"I have a location disk of the Void Marketplace here. I bought it from the Void Marketplace. Since I'm so close with tower master Ye, you can have it." Dong An said.

Ye Mo took it and scanned his spirit sense in. He also saluted with his fists "Thank you castle master Dong."

From Dong An's actions and expressions, Ye Mo could tell he had more than one of such disk but regardless, Ye Mo was grateful.

"You're too polite, I also have a map to the void entrance. You can have it to tower master Ye." Dong An said.

Ye Mo took the jade slip and the location disk and felt great. He raised the cup "I've benefited quite a lot coming to your place castle master Dong. Cheers. If you need anything of me, just say it."

Dong An laughed and drank the entire cup before saying "Tower master Ye probably made the things at your shop right?"

It was this indeed. Ye Mo laughed "That's right, most of the pills there and god art are made by me."

"Sorry for my disrespect, tower master Ye is actually a dao moulding pill divine." It was just a guess before now but Dong An got confirmation now.

The rest of the people in the Xi Cheng castle were all very shocked. A pill divine didn't come so easily. The value of a dao moulding pill divine was on par with a Dao Essence Divine Emperor.

Ye Mo nodded "I can indeed only concoct dao moulding god pills. As for dao nourishment god pills, I can't concoct them yet."

Ye Mo got many god spirit herbs in the Mu Hua god mountain and so he brought up his pill concoction skills to dao moulding pill divine level. It wasn't that his pill concoction skills couldn't improve but it was too hard to get dao nourishment god spirit herbs.

Dong An sighed "Tower master Ye hasn't been to the Void Marketplace. If one you go, you will see that originally, the human race was the majority there but now, human race have depleted rapidly. It's not because other races have more prodigies and pill divines but because the Divine Dao Realm is broken and all sorts of god spirit herb and dao fruits are lacking. Other races have much more abundance of god spirit herb and dao fruits. So, their power is far beyond that of the human race."

Ye Mo listened quietly. He didn't believe Dong An would think for the human race.

Indeed, Dong An's tone changed "Tower master Ye. Our Great Sun God Mountain was one of the three big sects of the Divine Dao Realm. Now that Xu Yue divine dao is diminished and the Immortal Goddess Sacred Sect sealed mountain, our Great Sun God Mountain is the strongest sect of the Divine Dao Realm. Our greatest wish is to repair the Divine Dao Realm and allow Divine Dao Realm to return to instant second prime. However, our Great Sun God Mountain don't have a real pill divine yet. If tower master Ye is willing to join the Great Sun God Mountain, you will be able to rebuild the Divine Dao Realm with Great Sun God Mountain."

Ye Mo sneered, join the Great Sun God Mountain? When he was strong, he would annihilate Great Sun God Mountain. How could he join the Great Sun God Mountain? Plus, he had even killed Dao Actualisation Divine Emperor of the Great Sun God Mountain. He didn't believe Dong An's words too. repair the Divine Dao Realm and allow it to recover? Who would believe this? If it was spirit controlling the Divine Dao Realm and turning it into the Great Sun God Mountain, he would believe it.

But he heard the Great Sun God Mountain only has Dao Essence Divine Emperor. It was day dreaming for a Dao Essence Divine Emperor to spirit control the Divine Dao Realm.

“It’s no rush joining the Great Sun God Mountain. I plan to go to the Void Marketplace first. However, does castle master Dong need me to help with anything?” Ye Mo didn’t reject immediately. He knew that Dong An connected to him for him to join the Great Sun God Mountain.

There was a sliver of disappointment in Dong An’s eyes but then he laughed “In that case, then we’ll talk about it after tower master Ye comes back from the Void Marketplace. I don’t have any personal needs. When tower master Ye wants to go to the Void Marketplace, I will go with brother Ye if I’m free.”

“Oh, what does castle master Dong want at the Void Marketplace?” Ye Mo asked casually.

Dong An said with pity “I need a dao fruit. It doesn’t matter what dao fruit it is. It’s too hard to get a dao fruit in the Divine Dao Realm. Many years ago, I heard there were a few ages fruit from the Mu Hua god mountain but when I got there it was already too late.”

Ye Mo smiled and took out a jade box “Thank you for helping me castle master Dong. There’s not much I can give back, you can have this dao fruit.”

“What?” Dong An thought he heard wrong. Who casually gave out dao fruits? Plus, the things he gave even if multiplied by a few million times wasn’t worth a dao fruit.

“This is a dao fruit I got many years ago. I don’t have much use for it. You can have it.” He still had 51 Great Primordial God Rune dao fruits. Even if he gave one, he still had 50.

The Void Marketplace was worthless to Dong An but very important to Ye Mo. He would have greater chances of reaching Dao Nourishment Divine Emperor in the Void Marketplace. Even Little Blue needed to go there for evolution.

Little Blue still hadn’t melted that spear clearly because his level was too low.

“It’s Great Primordial God Rune dao fruit... it really is dao fruit.” Dong An said shakily. He didn’t expect Ye Mo to be this generous. He just gave a location disk and told him about the Void Marketplace but he got such return.

He was even more certain of Ye Mo's character now.

"Thank you tower master Ye. Dong is guilty to take this dao fruit but it's too important to Dong. If tower master Ye needs anything and Dong can do it, Dong will definitely help." Dong An was truly grateful to Ye Mo.

Ye Mo smiled "It's good that it can benefit castle master Dong. I'm going to the Void Marketplace, please give me a few pointers."

Dong An got up and said "Please have a chat inside."

Ye Mo knew Dong An was grateful and wanted to tell him some secrets about the Void Marketplace. He got up and said "Shadowless, you guys stay here."

Chapter 2110 Divine Dao Rank

Half a day later, Ye Mo happily took shadowless, Qiu Rang and Fei Fei and left the Xi Cheng castle.

He learned a lot about the Void Marketplace from Dong An. The Void Marketplace wasn't simple a big city that connected the different races. It was also a place where the prodigies from the different races gathered. Those who went to Void Marketplace were either extremely powerful beings or some prodigy cultivator. They could all easily kill peers.

In the Void Marketplace, power was everything. There was no sympathy nor tears here, only power.

The most famous thing in the Void Marketplace was two ranks, one was the god dao rank and one was the divine dao rank. They were also called god rank and divine rank.

God rank was something all divine emperors could chase for. This only referred to divine emperors before Dao Essence Divine Emperor. One you reached Dao Essence Divine Emperor, you could only chase for divine rank. As for Primordial Essence Divine Emperor, they were extremely rare even in the Void Marketplace. Only one or two came occasionally. They wouldn't go on any rank. Those who

reached Primordial Essence Divine Emperor were usually cultivating and managing their own world. They wouldn't stay in the Void Marketplace.

Each rank had 500 people. The human race had very few people on the rank due to the fall of the Divine Dao Realm. The rest of the races had many prodigies.

If it wasn't that there was no point in taking over the Divine Dao Realm, it would've long become a subsidiary world of other races.

Ye Mo didn't take the people on the rank seriously but when he heard Dong An say that someone from the god rank defeated a Dao Essence Divine Emperor, he was shocked. He was confident that he was invincible amongst peers but he didn't expect he was powerful enough to cross a big step, defeating a dao vindication second step Dao Essence Divine Emperor as a dao vindication first step cultivator.

From this, one could see that in the vast universe, there were countless powerful beings. The strongest not necessarily came from the human race.

Due to this news, Ye Mo looked down on the Great Sun God Mountain even more. Such a sect didn't think about how to repair the Divine Dao Realm but instead thought about how to dominate the Divine Dao Realm. They even wanted to turn the Divine Dao Broken Realm into their Great Sun God Realm.

From Dong An, he also knew that although there were Dao Moulding Divine Emperors in the Void Marketplace, they were either very insane or went with the Dao Essence Divine Emperor from their sect.

As for why many divine emperors of the Divine Dao Realm went the God Necropolis Domain to vindicate Primordial Essence Divine Emperor, Ye Mo understood a bit about it too. If one didn't become Primordial Essence Divine Emperor, he would definitely not be able to repair the Divine Dao Realm. Plus, even if you repaired the Divine Dao Realm, you would just be doing work for others. A beautiful world without a Primordial Essence Divine Emperor is like a naked beautiful woman sleeping on the bed waiting to be raped.

Ye Mo thought of the immortal realm tunnel and sighed. The immortal realm was like this. Even though the immortal realm was broken, each heaven domain was something ordinary divine emperors of the Divine Dao Realm would want.

One needed at least a low grade flying god artefact to go to the Void Marketplace. Luckily Ye Mo had space time boat. Dong An gave a cloud boat claw to Ye Mo to thank him for the dao fruit. This was a material for making flying god artefact.

Plus, Ye Mo got other top level materials so he decided to upgrade his space time boat to a middle grade god artefact.

Lun Lan divine dao city was just like usual.

Everyone thought that this pill forgery tower would just be a spark that disappeared quickly, however it stabilized in the city instead. Even that young castle master disappeared from the city.

Ye Mo knew that Wei Xuanming's status wasn't low. Dong An said he would help him get this sorted but Ye Mo didn't have much hopes. If the Great Sun God Mountain came to him, he would run if he couldn't beat them. But he didn't expect that Dong An really didn't bluff. There was no news of Wei Xuanming anymore nor did anyone from Great Sun God Mountain come out to talk about this.

As time went on, Ye Mo relaxed and focused on forging his flying god artefact. He left everything in the shop to shadowless, small ginseng, Qiu Rang and Fu Fei. Small ginseng was focused on pill concoction, the rest of them were focused on selling. Small ginseng was good at pill concoction and Ye Mo gave the mist lotus heart fire to him and taught small ginseng pill concoction skills. Now, small ginseng could barely make some god pills.

As for martial artists, Ye Mo asked Fu Fei. Fu Fei cultivated it due to an accident. Someone came to the Fu family shop to sell the true martial spear. Fu Fei liked this spear on first sight and used his advantage in the shop to buy it with all his savings.

He got the martial arts cultivation method from the spear.

Ye Mo didn't get the answer he wanted but he didn't care. His body refinement was at immortal god body peak stage and couldn't reach into divine body.

The Luo Yue pill forgery divine tower's fame grew bigger but Ye Mo had finished solitary cultivation.

Little Blue had burned for many years but that short spear still hadn't melted. Ye Mo had decided for Little Blue to stop.

He sealed the short spear and started to upgrade the space time boat.

Because Luo Yue pill forgery divine tower had great things, almost all immortals liked to go there. The business of other pill and forgery towers worsened but no one dared to seek trouble with Luo Yue.

Luo Yue was famous but they were powerful. Even the Xi Cheng tower didn't dare to go speak there. Plus, Luo Yue only took a small portion of the entire market.

Three years suddenly passed again. Ye Mo fused all these materials into the space time boat and truly upgraded it to a middle grade flying god artefact.

Not only so, the inner cabin was much larger. Ye Mo added many defense formations outside too.

Ye Mo breathed easy. He was ready to go to the Void Marketplace now. Ye Mo had decided to give the Luo Yue Pill Forgery Tower to Fu Fei. With Dong An to take care of him, Fu Fei would have no problem running the shop.

As soon as Ye Mo put away the space time boat, there was a ripple. Ye Mo rejoiced. He knew that Mu Xiaoyun finished solitary cultivation.

Mu Xiaoyun put away the time formation disk and came out as immortal king peak stage. She was ready to have her immortal monarch divine damnation.

"Husband." Mu Xiaoyun saw that Ye Mo was right next to him and rejoiced and quickly came over.

"You're ready to have immortal monarch divine damnation?" Ye Mo grabbed her hand and felt her god essence.

“Mhm, the time formation disk is really a good thing. I feel cultivation is so fast inside.” Mu Xiaoyun sighed.

Ye Mo laughed “I’ll protect you. Have your immortal monarch divine damnation.” Ye Mo said.

There were all sorts of divine damnation places in the golden page world and even the spirit gathering formation was set up. Ye Mo wasn’t going to intervene with Mu Xiaoyun’s divine damnation.

In the golden page world, Ye Mo could completely control the power of her divine damnation but Ye Mo didn’t want to do this unless it was a life or death situation.

Mu Xiaoyun’s talent was absurd and she had this many magic artefact and pills. Even if the divine damnation was stronger, Ye Mo believed she could do it.

At this moment, two slightly messy haired women ran into the city.

The woman ahead was slightly older but looked like an extremely beautiful middle aged woman. The woman next to her had her face hidden but her extremely beautiful temperament couldn’t be hidden.

“Master, we’ve pretty much ended our exit by coming here.” The woman said.

The middle aged woman sighed “Even if we don’t come in here, there’s no other way. I have a subtle feeling that this is our only chance of survival here.”

The masked woman said nothing but then she said in surprise “Master, look, this is Luo Yue pill forgery divine tower.”
