Chapter 2111 Robbed

“What?” The middle aged woman didn’t react in time.

The masked woman quickly said “Master, the cultivation realm I went down to was Luo Yue continent. It was that martial brother who brought me back to the immortal realm and sent me back to the Ice God Palace. Otherwise, I would never be able to see master again.”

The middle aged woman realised and sighed “Qing Ru, that incident was unfortunate for you. But I haven’t seen the person who saved you. After we repair the tunnel from the immortal realm to here, I’ll go thank him.”

Qing Ru nodded “Master, that martial brother is definitely no ordinary person. I’m afraid his power is no weaker than master now. I really don’t get why Shuangshuang would harm such a person of high morals?”

“Shuangshuang is the reincarnation of the immortal goddess saint. Her means are clearly a bit over the line but she’s doing it for the immortal goddess. Sigh...” The middle aged woman clearly didn’t like what Shuangshuang did too.

If it wasn’t for that, how could she leave the Ice God Palace? She wouldn’t have left the Ice God Palace even if she had to vindicate dao. Now that she vindicated dao but didn’t go back to the Ice God Palace. Instead, she brought her disciple to the God Necropolis Domain because she didn’t want to have anything to do with the Ice God Palace.

Qing Ru knew what her master thought and said with guilt “That martial brother is someone who values people the most. He saved Shuangshuang many times but Shuangshuang instead harmed him. Even so, he just left the Ice God Palace sadly and didn’t want revenge. I know it’s because he’s not scared of the Ice God Palace nor due to Shuangshuang’s beauty but because Shuangshuang saved him once. That’s all.”

“Did you not want to stay in the Ice God Palace due to this?” The woman looked at Qing Ru and asked.

Qing Ru fell silent for a moment and said "When master handed over the position of big palace lord and left, I didn't want to stay. When I heard what Shuangshuang said to me, I didn't want to stay even more. If it wasn't that master wanted to come to the God Necropolis Domain to repair the formation, I would keep cultivating as I searched for that martial brother. I want to thank him for saving my life."

"You like him?" The middle aged woman asked.

Qing Ru looked down "No, I just feel that the Ice God Palace owes him."

As they spoke, they entered the shop.

"There are so many people here, the business is so good." Qing Ru sighed.

"Today happens to be the day of small ginseng god pill sale. Of course, there's a lot of people coming." An immortal emperor said on the said.

"There's small ginseng god pills for sale?" The middle aged woman asked in shock. She had been here with Qing Ru for a while and knew the value of small ginseng god pills. That was something only true pill divines could concoct.

The immortal emperor saw Qing Ru's magnificent body and said "Of course, Luo Yue pill and forgery divine tower's pills and magic artefact are the best. They would sell a few types of small ginseng god pills on the first day of each month. Today is that day."

Because Ye Mo couldn't constantly make pills. If he really sold all the pills he made, he wouldn't have time for cultivation. So, shadowless and Fu Fei decided that to attract customers, they would sell some of Ye Mo's pills at the first day of each month.

The middle aged woman looked at the god pills and her eyes dimmed. There were many pills she needed but she couldn't afford any of them.

"Martial brother, may I ask if the master of this tower is here?" Qing Ru asked.

“Who are you? If you want to buy magic artefact and pills come to me. I’ve the vice tower master here, why do you need to see boss?” Shadowless gloated.

Many people in the shop came up to suck up to shadowless clearly knowing what he liked.

“Big brother shadowless hello, I want to buy three Luo E pill.”

“Big boss shadowless, I want to buy an extreme grade immortal artefact, I’m still missing a few god crystals...” “Shadowless tower master, I want to buy two Tai Wei emperor return pills.”

Shadowless waved his hand in a satisfied manner Til give you ten percent off...”

“And you, give the missing god crystals next time.”

“Tai Wei Emperor Return Pill? I’ll give you 10% off too...”

Qing Ru and the middle aged woman were dazed. This shadowless was too easily sucked up. People just called him big brother and he gave 10% off. They were even more shocked that Tai Wei emperor return pill could be bought like candy here. If they bought a bunch of this and returned to the immortal realm, then...

The two people thought of the countless ice peaks of the Ice God Palace. If there were this many Tai Wei emperor return pill, would the Ice God Palace need to commit such atrocity? Would they need to leave the Ice God Palace?

Shadowless set up his posture before walking up to the two and said “Two goddesses, what do you need? Just come to me. Boss is in solitary cultivation and doesn’t have time to see you...”

“Wait...” Shadowless suddenly dashed to the door of the shop and stopped two men “Put away your magic artefact, those who come to the pill forgery divine tower are not allowed to have magic artefacts.”

“Pill forgery divine tower, such cocky words. What thing are you? You’re just an animal guarding the gates and you dare to let the divine put away his magic artefact? Pfft!” A green robed man sneered and kicked shadowless away.

Shadowless was strong but against a Dao Moulding Divine Emperor, there was nothing he could do. He was kicked away and smashed onto a rack. Everything on there fell.

“Everyone rob it, it’s some benefits that the divine gave you.” The green robed Dao Moulding Divine Emperor laughed.

But unexpectedly, despite a lot of people coming here to buy, no one used this opportunity to rob the pills on the ground. Most people didn’t leave and sneered as though ready to watch a good show.

“Hmm, this is a god pill for Dao Moulding Divine Emperor, haha... and it’s extremely high grade...” The divine emperor soon grabbed a few bottles into his storage ring.

The middle aged woman’s face changed and quickly said “You’re capturing us, it has nothing to do with this shop. Put the things here and we’ll go with you.”

“Hahaha, thanks for helping. Otherwise how could we know there’s such a good shop in the city. There’s even god pills.” The Dao Moulding Divine Emperor laughed.

“Boyi, did you say god pills?” Another figure appeared at the door. The middle aged woman’s face sunk. She couldn’t even beat that Dao Moulding Divine Emperor and this person who just came was clearly Dao Nourishment Divine Emperor or above.

Shadowless crawled up.

“Boss, there’s someone robbing our shop.” Shadowless immediately sent Ye Mo a message.

He knew that only boss could handle this.

Chapter 2112 What Thing is Du Ting God Sec

Ye Mo was just happily talking to Mu Xiaoyun. She had easily passed her immortal monarch divine damnation and was now an immortal monarch primary stage. At this moment, he received shadowless's message. When his spirit sense fell in the shop, he immediately sneered.

"What happened?" Mu Xiaoyun immediately felt Ye Mo's anger.

"Someone wants to rob my shop, come out too." Ye Mo took Mu Xiaoyun out of the shop.

"Ji Chuan go greet the city lord and tell them that the Du Ting god sect has some conflict with this shop. After we're done here, I'll come up personally to greet him." The Dao Nourishment Divine Emperor saw that all the god pills in this shop was real. The city didn't dare to offend Fu God corner but it didn't mean their sect didn't.

Only then did the people in the shop realise that this divine emperor thought this shop still belonged to the FU god corner. These two probably hadn't been in the city for a long time.

"Wait..." The immortal emperor behind the Dao Nourishment Divine Emperor said.

"What?" The Dao Nourishment Divine Emperor's face sunk.

The immortal emperor quickly said "Elder Mang, the Fu family's shop was long taken away. This shop no longer belongs to the Fu family."

"Hmph, the only immortal emperor here is called FU Fei. I've been to the city before and this person was here. Even if the shop is given to someone else, it's related to the Fu family. The mere Fu family..."

"What's wrong with a mere Fu family?" Ye Mo and Mu Xiaoyun walked down.

The Dao Nourishment Divine Emperor was a little shocked he didn't see there was someone at the second floor but when he saw Ye Mo was just an immortal emperor and Mu Xiaoyun was just an immortal monarch, he sneered "My Du Ting God sect can annihilate with one hand."

"Elder, it's said this shop is related to the Great Sun God Mountain. The Xi Cheng castle here belongs to Great Sun God Mountain..." The immortal emperor behind him sound transmissioned to the Dao Nourishment Divine Emperor.

Great Sun God Mountain was an ancient sect and only rose up in recent years. The Dao Nourishment Divine Emperor clearly knew about the Great Sun God Mountain and frowned. The Du Ting god sect wasn't afraid of the Great Sun God Mountain but clearly didn't want to have big problems with the Great Sun God Mountain.

"Boss, you're finally here. We were abused to death by these people. This bastard even kicked me..." Shadowless saw Ye Mo come and cried.

Qing Ru's eyes lit up. She didn't expect to be able to see Ye Mo in the God Necropolis Domain. She quickly walked up to Ye Mo and thanked "Martial brother, we meet again. I really didn't expect you opened this shop."

Ye Mo saw Qing Ru too. He didn't expect her to appear in the Divine Dao Realm too and said happily "Goddess Qing Ru, I didn't expect you to have come here."

"Qing Ru, he's..." The middle aged woman asked in confusion.

"Master, this is the martial brother I told you about who saved me." Qing Ru quickly said "This is the big palace lord, my master. After I left the sect, I've been with my master."

"So it's the big palace lord, I'm Ye Mo. Congratulations on vindicating dao." Ye Mo didn't like the Ice God Palace but he heard Qing Ru say this big palace lord was a nice person.

The big palace lord quickly said "I'm no longer the big palace lord, just call me Li Xiu..."

The Dao Nourishment Divine Emperor grabbed at the big palace lord and sneered "Take these two away immediately and I'll explain the rest at the Xi Cheng castle."

Li Xiu quickly released a magic artefact "No need to fight here, I'll go with you. It has nothing to do with here."

She had regretted coming to Ye Mo's shop. Not only did she not find help but she also brought trouble to Ye Mo. Ye Mo was only an immortal emperor. There was nothing he could do against two divine emperors.

"You robbed my shop and you want to leave?" Ye Mo walked forward and punched. He didn't need to use any hand signs or chants. With this punch, the entire shop suddenly became cold.

A coldness that could freeze space ravaged. Those weaker immortal monarchs even had to use their cultivation method to resist this. The Dao Nourishment Divine Emperor's face changed. As soon as Ye Mo reached his hand, he knew Ye Mo was no immortal emperor. Even a Dao Moulding Divine Emperor wouldn't be able to use such god art.

The nearby space seemed to have been completely frozen. The Dao Nourishment Divine Emperor immediately knew that he was far weaker than this Ye Mo.

His blood boiled and the instant the icy space bound him, his boiling blood smashed open this space.

There was a crisp crack. Everyone looked at the empty space as it suddenly seemed to have cracked open. Blood splashed and this Dao Nourishment Divine Emperor dashed out of the shop like a blood arrow.

The audience was silent. Everyone knew that the tower master was strong but no one expect him to be able to force away a Dao Nourishment Divine Emperor like this with one move.

Ye Mo sneered and just threw out a few formation flags and punched.

"Immortal friend wait, this is a misunderstanding, I'm from the Du Ting God sect..."

Du Ting God sect was an extremely famous big sect in the Divine Dao Realm but no matter what, it was only so so. He would even fight the Great Sun God Mountain and Immortal Goddess Sacred Sect much less Du Ting God sect.

Fist god art shatter space. Ye Mo's shatter space didn't have the force that swept all of the space lethal force. Now, it contained this entire space into that one punch. Only this Dao Moulding Divine Emperor knew what situation he was in.

Such fierce condensed lethal force was wrapped in a fist and punched over. This Dao Moulding Divine Emperor didn't even have time to beg for mercy. He had to stop this fist first.

He wanted to release his shield but at the same time, a purple ray appeared in his sea of consciousness that sliced his sea of consciousness in half.

The shield fell from his hands and Ye Mo's shatter space punch completely tore him apart.

In an explosion, the Dao Moulding Divine Emperor was completely obliterated.

"Thud..." The Dao Nourishment Divine Emperor didn't charge very far and was stopped by an invisible restriction.

He immediately realised that this shop was completely surrounded by restrictions. No one could leave without Ye Mo's permission.

Realizing this, the Dao Nourishment Divine Emperor turned around to Ye Mo and saluted with his fists "I'm the elder of Du Ting God sect Mang Qiugu. I was in solitary cultivation before and just came out. I didn't know this shop belonged to you. Please forgive me for any offence. The Du Ting God sect will pay for all damages caused."

The two Du Ting God sect immortal emperors stood on the side with a pale face.

“What thing is Du Ting God sect? I’ve never heard of it. No matter who it is that dares to rob my shop, you have to be prepared to die.” Ye Mo said.

Mang Qiugu’s face was bad. He knew he was no match for Ye Mo and thus tried to use his sect’s name to scare Ye Mo. However, Ye Mo didn’t even care about the Du Ting God sect.

Before he could continue to talk, Ye Mo hacked out with Zi Xu. He was scared to damage his shop before but now they were outside.

Space sunk into oblivion. Even the flow of air became slow. Twisted sword runes arced down from the sky. A vibrant purple color completely covered Mang Qiugu.

Sword dao god art, Falling mark sword rune.

Chapter 2113 Formation Loosening

In this twisted space, Mang Qiugu didn’t know where this twisted sword rune was going to land. He couldn’t dodge at all, he could only release his Sen Luo ring.

Ring shadows smashed out wanting to block the fall of the sword rune.

Crack crack. Countless ring shadows were activated that smashed with the sword rune.

Blood flashed. Mang Qiugu breathed easy. Although he was injured by the sword rune, it was nothing serious. This twisted sword rune was too scary.

“Immortal friend, wait, I...” Mang Qiugu immediately called for stop. He knew the difference between them was too great and that he would die if he continued fighting.

Before he finished, Five Lightning Spears sealed off all his exits.

Mang Qiugu's face showed a snarl. He didn't expect Ye Mo was this cruel and didn't leave him any chance to live. A violent god essence chi exploded from him. it was as though entire space would be destroyed in the next moment.

Ye Mo's face changed, this guy was going to self destruct even before being seriously injured. If it was outside, he would instant transmission away but here, if he didn't suppress it. Everything here including his shop would turn to dust.

"Instant second..."

Ye Mo used instant second god art and space time completely paused.

It was just one second but to Ye Mo, it was enough. Zi Xu sliced as Mang Qiugu watched Zi Xu take his life force away and destroy his essence spirit.

"Time pause law..." This was the last thought Mang Qiugu had.

Thud. Even though Ye Mo stopped Mang Qiugu's self destruction, his god essence still exploded when Zi Xu sliced across his body. However, the explosion was countless times smaller than before.

The immortal emperor behind him was also caught by the ripple and turned to bloody mist.

This entire battle happened in just a few seconds.

Ye Mo put away Zi Xu and saluted with his fists "Everyone, trouble happened at our shop so we'll be closed for now." Everyone reacted and saluted with his fists before leaving.

Ye Mo sealed up Ji Chuan who didn't dare to leave nor beg for mercy before saying to Li Xiu and Qing Ru "Big palace lord and goddess Qing Ru, come up for a chat."

Tower master Ye, I didn't expect your power to be at this level. I thought you were just immortal emperor power..., Li Xiu sighed.

Ye Mo easily killed a Dao Nourishment Divine Emperor. This meant that Ye Mo was no weaker than a Dao Actualisation Divine Emperor or was even a strong Dao Actualisation Divine Emperor.

Qing Ru was also shocked. She was scared by Ye Mo's cultivation level too. She knew Ye Mo would be boundless in the future but this future came too quickly? How long has it been?

"Martial brother Ye, Qing Ru knew you weren't an ordinary immortal. Now, it seems I still underestimated you too much." Qing Ru took off her mask as she spoke to show respect for Ye Mo. She sighed about how short sighted Nie Shuangshuang was. Nie Shuangshuang killed Ye Mo just to show her persistence to dao. But how would Nie Shuangshuang feel once she vindicated dao and realised she was nothing compared to Ye Mo?

Mu Xiaoyun was very shocked when she saw Qing Ru's beauty. She was extremely beautiful herself and had always stayed at immortal goddess peak and cultivated the Immortal Goddess Sacred Sect beauty cultivation method. Despite this, she found she was lesser than Qing RU.

In her impression, only Ji Xi seemed to be on par with Qing Ru. Even Ji Xi lacked this inexpressible thing.

Mu Xiaoyun was different to other women. All her heart was on Ye Mo but as a woman, there was no way she didn't care about her looks.

Ye Mo smiled and grabbed Mu Xiaoyun's hand before saying to the two "This is my wife Mu Xiaoyun."

Then he introduced to Mu Xiaoyun "Xiaoyun, this is goddess Qing Ru and her master Li Xiu. Li Xiu is the big palace lord of the Ice God Palace. When I was trapped in the Ice God Palace, Qing Ru helped me out."

"Sister Xiaoyun, you're stronger than me and you're brother Ye's wife, I should call you big sister. Brother Ye actually saved me." Qing Ru quickly said.

Ye Mo laughed "Just be casual. Xiaoyun is younger so she should call Qing Ru big sister."

Hearing this, Qing Ru didn't object anymore.

The four sat down at the second floor. Mu Xiaoyun took out the best immortal spirit tea to treat them.

"Dao friend Li Xiu, how did you guys come to the Divine Dao Realm? How were you chased by The Du Ting God sect?" Ye Mo asked.

"Divine Dao Realm? Isn't it called the God Necropolis Domain?" Qing Ru asked in confusion.

Ye Mo laughed "I used to think this was the God Necropolis Domain but later, I realised it was the Divine Dao Broken Realm. God Necropolis Domain is just a simple way of calling it as there really is a place in the Divine Dao Broken Realm called God Necropolis Domain. One can vindicate dao at the God Necropolis Domain so many people called the Divine Dao Broken realm the God Necropolis Domain."

Li Xiu didn't care about this and sighed "Immortal friend Ye, now I realised that the low heaven domain sect leader who suggested to seal the formation from immortal realm to the Divine Dao Realm was you."

Ye Mo nodded "That's right, it's indeed me."

Li Xiu got up and bowed to Ye Mo "Immortal friend Ye has made insurmountable contributions to the immortal realm, please accept my bow."

Ye Mo quickly held her and said "Regardless of which way, big palace lord exceeds Ye Mo far greater. Big palace lord came from the seal. Is there a problem with the seal?"

"I came for this." Li Xiu said seriously "When I vindicated dao, I was planning to take Qing Ru to the 33 heaven domains for trial but then I heard about the tunnel from immortal realm to the Divine Dao Realm. Many immortal emperors used the tunnel to come to the Divine Dao Realm for dao vindication. When I came to the tunnel, I found the formation seal was loosening. The immortal realm chi was spilling and even at the Divine Dao Realm, I can sense the immortal realm chi."

Ye Mo nodded he knew that seal was only temporary.

“I’m worried. No one can seal this formation again in the immortal realm. I’m an immortal formation grand master and I vindicated dao so I have to intervene in this situation.”

Ye Mo immediately asked “Did big palace lord come to the Divine Dao Realm to learn formation to seal that tunnel again?”

Li Xiu nodded “I thought so indeed so I brought Qing Ru to the Divine Dao Realm, but when I came here I found I was too naive. In the immortal realm, I was a formation grand master but in the Divine Dao Realm, I’m nothing. I can’t completely seal the formation.”

Ye Mo knew what she meant. She wouldn’t be able to learn Divine Dao Realm formation means in a short while. She couldn’t even afford the god crystals and the god spirit range needed to seal the formation.

“I took Qing Ru around for a few years and found this place was covered in ravines and broken laws. It was extremely hard to learn formation. But at this moment, we saw the clone of Du Ting God sect leader. He was Dao Actualisation Divine Emperor peak stage and his clone was very terrifying. When he saw Qing Ru he wanted Qing Ru to be his cultivation slave and help him reach Dao Essence Divine Emperor.”

Chapter 2114 Li Xiu’s Reques

“Thank you big palace lord...” Ye Mo got up and saluted with his fists to the big palace lord. He respected someone as selfless as Li Xiu.

Li Xiu asked “Immortal friend Ye, did you think the same as me?”

Ye Mo nodded “Yes but now we not only have to seal the chi but truly seal that tunnel too.”

Ye Mo had been in the Divine Dao Realm longer than these two. He knew that many powerful beings of the Divine Dao Realm already knew of immortal realm’s tunnel but they didn’t want to enter the immortal realm from the tunnel. However, not all people thought like this.

Li Xiu sighed "Pity, one not only needed the best formation skills but also large amounts of god crystals and formation materials to seal the tunnel."

Ye Mo laughed "Big palace lord don't worry. I've made plenty of preparations for sealing the tunnel. I have all the materials ready. As for the formation means, I can't completely seal the tunnel yet but I can seal it for a few thousand years. Plus, such formation probably needs god spirit range."

Li Xiu got up and grabbed Ye Mo's hand in excitement "Immortal friend Ye, you can really do it?"

"Master..." Qing Ru called seeing her master being too excited and grabbed Ye Mo's hand.

Li Xiu reacted and didn't mind. "Although my cultivation level is far weaker than immortal friend Ye, I'm much older than immortal friend Ye."

Ye Mo said "No matter in which regard, big palace lord is my qian bei. As for formation materials and god spirit range, don't worry. I've prepared it already and I can do it."

"Great, this is great." Li Xiu was very excited. She was in despair when she knew that she couldn't seal the tunnel. Now that Ye Mo said he could do it, one could imagine how excited she was. Finally, there was someone in the immortal realm who could control the situation and didn't need to rely on a woman.

Ye Mo let her sit down and continued "I was planning to leave the city. If you didn't come, I was going to leave in a few days."

Qing Ru said in fear "Good thing we came to the city two days early. Master felt there was a chance of survival here." "Does immortal friend Ye want to go to the sealing grounds?" Li Xiu asked.

Ye Mo thought and said "I'm indeed going there to seal the formation again. But this is just one thing. After I'm done with that, I'm going to the Void Marketplace. I was troubled with how I was going to set the formation seal to how I planned it but now that big palace lord is here, you can help me a little."

“Brother Ye, what formation do you want to set it as?” Qing Ru asked in confusion.

Ye Mo answered “I want to completely seal the tunnel to the immortal realm but not completely seal the tunnel to the Divine Dao Realm. At least, it should let immortals who reach immortal emperor to be able to enter the Divine Dao Realm but can’t come back to the immortal realm. The immortal realm is just like the cultivation realm. Once the cultivator of the cultivation realm reaches a level, they can immortal ascend but they can’t go back to the cultivation realm so easily from the immortal realm.”

“This can be done?” Qing Ru asked in shock.

Li Xiu looked at Ye Mo in disbelief. To be able to do this, it meant that Ye Mo’s formation skills were at a new level. This wasn’t a simple formation, it was a realm formation.

Ye Mo smiled “If I were to set it up alone, I can’t do it but there’s a formation base there. I’m just adding to the base.

This would be hundreds of times easier.”

“Even so, it’s still amazing. How do you need me to help immortal friend Ye?” Li Xiu sighed.

Ye Mo hesitated and said “I was weak before so I couldn’t see the essence of that formation. Now that my cultivation level and formation skills are much higher, I can barely understand the secret of that formation. When I set it up, I might need big palace lord to go back to the immortal realm entrance and assist me. I would have to go there and see first.”

Li Xiu said “Sure.”

Ye Mo gave a jade slip to Li Xiu “Big palace lord, these are some of my formation experiences, you can have a look.” Thank you immortal friend Ye.”

Li Xiu didn’t check the jade slip immediately but put it away instead. Then she looked at Ye Mo and asked “Where is the Void Marketplace you talked about?”

Ye Mo didn't hide anything and told her everything he knew.

Hearing this, Li Xiu sighed "If you don't leave the immortal realm, how can you know that dao vindication is just the beginning. The Void Marketplace has all the talents gathered, I believe even Dao Essence Divine Emperor are just ordinary there."

Ye Mo agreed. Ever since he got the golden page world, he had always been invincible amongst his peers. Before dao vindication, he thought that his talent was far weaker than those pure spirit roots. But after dao vindication, he realised that talents wasn't the greatest barrier to cultivation.

If you got the most suitable cultivation method for yourself, then even if you're a mixed spirit root, your cultivation speed might not be slower than those pure spirit roots.

"Immortal friend Ye, I have a favour to ask." Li Xiu got up and said.

"Big palace lord please speak." Ye Mo said.

Li Xiu pulled Qing Ru's hand and said "If it's convenient for you, can you bring Qing Ru when you go to the Void Marketplace? When I go back to the immortal realm and help immortal friend Ye set up the formation, I've decided to guard the immortal realm entrance and not enter the Divine Dao Realm again. In that case, the one I'm worried about the most is Qing Ru. Qing Ru can't guard the entrance with me and her power is weak, she can't roam the immortal realm alone."

Ye Mo was troubled and said "I can take her to the Void Marketplace but there are strong people everywhere in the Void Marketplace. Even I might die."

Li Xiu said calmly "If cultivators always worried about dying, then their mind state isn't right. There's no point to cultivation. Qing RU will understand this, if immortal friend Ye is willing to take her there then even if she dies, you're not to blame."

Ye Mo looked at the red eyed Qing Ru who didn't speak. He was still a bit troubled. It was because Qing Ru's power was too weak. She was only great extreme immortal but he couldn't really reject such thing. Li Xiu was this selfless, he couldn't reject her. Thinking about Nie Shuangshuang, Ye Mo wondered why people from the same sect were so different.

Qing Ru got up and said “If brother Ye is willing to take Qing Ru to the Void Marketplace, Qing Ru is will to go venture there with brother Ye. Master take care.”

Three days later, the Luo Yue pill forgery shop closed and Ye Mo and them left the city in md god artefact space time boat.

With Li Xiu leading the way and Ye Mo’s middle grade flying god artefact, the two estimated that it would only take them less than a year to reach the entrance of the immortal realm.

As soon as Ye Mo left the city, a trailing light chased over. Ye Mo knew that if he activated the space time boat with full power, that light wouldn’t be able to catch up to him but his spirit sense saw that the light belonged to the Du Ting god sect so he stopped the space time boat.

“The Du Ting god sect people are chasing over?” Li Xiu asked.

Ye Mo nodded “That’s right, he’s the Du Ting god sect Dao Actualisation Divine Emperor peak stage.”

Chapter 2115 Terrifying Golden Bone Arrow

Moments later, that light landed before Ye Mo’s space time boat, it was a flying cart. It was near md god artefact.

There was a long bearded man standing on top, Dao Actualisation Divine Emperor peak stage power. Ye Mo knew this was the Du Ting God sect leader.

“You kill two of my Du Ting God Sect divine emperors.” The man said coldly.

Ye Mo laughed “You’re wrong, other than those two, I killed two more immortal emperors. I was planning to let this Ji Chuan immortal emperor leave and wanted him to take me to the Du Ting God Sect but I didn’t want to waste time so I killed him.”

Ye Mo indeed wanted to go annihilate Du Ting God Sect and use their resources to set up the formation.

After he discussed with Li Xiu, he felt that he had enough resources so he gave up on the idea. After all, he wasn't alone now. He still took a big crowd of people with him. Even Fu Fei didn't stay in the city.

"Hmph..." The Dao Actualisation Divine Emperor sneered and released an eye piercing magic artefact.

Ye Mo saw this was a flag, an extreme Yang flag.

"I will see how insane you are. How dare you kill my Du Ting God Sect divine emperor. If you can survive under my Geji Extreme Yang flag for five minutes, I'll let you live and be my slave..." The flag pressed down at Ye Mo like countless suns.

Ye Mo pushed space time boat away with one leg and smashed out 36 lightning sea god orbs.

Even Ye Mo didn't dare to stop this flag with his body. If he was divine body he might try but he wasn't there yet. They were both Dao Actualisation Divine Emperors but this person was much stronger than the Great Sun God Mountain Dao Actualisation Divine Emperor he killed.

The 36 Lightning Sea God Orbs swept up lightning with Ye Mo being the center and formed a lightning barrier.

The lightning barrier also shot out countless lightning arcs and strikes. The thick lightning arcs smashed with the flag exploding out huge space ripples.

Ye Mo seemed to be the center of lightning while this Dao Actualisation Divine Emperor seemed to be an extreme Yang whirlpool.

Rumble rumble. The explosion turned the surrounding into oblivion.

"36 Lightning Sea God Orbs..." The Dao Actualisation Divine Emperor retreated a few km and stared at the 36 Lightning Sea God Orbs in shock.

Ye Mo praised this Dao Actualisation Divine Emperor. He was much stronger than both the Great Sun God Mountain Dao Actualisation Divine Emperor and Ji Xinyi of the Immortal Goddess Sacred Sect. He used the 36 Lightning Sea God Orbs and only barely had the upper hand. If it was Ji Xinyi, he would be able to smash out Zi Xu again.

Just in that clash, Ye Mo realised why he wanted Qing Ru to be his cultivation slave. His cultivation method and magic artefact were extreme yang. However, it wasn't pure. He needed and extreme yin virgin to be a cultivation sex slave, otherwise, he would burn himself to death.

Ye Mo's Three Birth Chant created many cultivation method and he immediately realised this.

At the same time, shadowless forced the space time boat to retreat. Li Xiu stared at this in shock. She didn't feel much when Ye Mo fought with that Dao Nourishment Divine Emperor. She knew Ye Mo was stronger than her but didn't have any direct impression.

Now that Ye Mo battled this Dao Actualisation Divine Emperor, the powerful lightning arcs and the extreme yang light made her unable to even get close. This Dao Actualisation Divine Emperor peak stage was more than tens of times stronger than his clone.

At this moment, Li Xiu felt even more that it was beneficial to Qing Ru to send her out for adventure.

"Master I understand." Qing Ru thought that her master told her to go with Ye Mo to increase her knowledge and get benefits from Ye Mo. Now, she realised what her master meant. If you didn't go with someone strong and experience countless battles, you would forever live at the bottom of a well. Just looking at how strong Ye Mo was, she knew that he had gone through countless battles.

Only if you kept fighting strong people could you stand at the peak.

"No bad, have a look at my falling mark sword rune." Ye Mo released Zi Xu.

Falling mark sword rune was very powerful but its weakness was that Zi Xu's level was too low. If Zi Xu was a higher level, his falling mark sword rune would be even stronger.

The Dao Actualisation Divine Emperor's face changed. The extreme yang flag shot out tens of thousands of extreme Yang rays. At the same time, a black bow appeared on his hand and a golden arrow appeared too.

"Golden Arrow of Divine Extermination!" Ye Mo's eyes narrowed and all his muscles tensed up.

He knew that black bow wasn't the Golden Bow of Divine Extermination but it was no ordinary bow. Even the most ordinary bow shooting the Golden Arrow of Divine Extermination was extremely powerful.

Space fissures appeared as the arrow shot out.

This invisible space binding came towards Ye Mo. It seemed to about to bind Ye Mo completely. Ye Mo's heart squeezed. It had always been him who locked others with this arrow. Now, he was on the receiving end.

The arrow arrived instantly. At this moment, Ye Mo didn't have the time to release the Golden Bow of Divine Extermination to stop this arrow.

Screech. The 36 Lightning Sea God Orbs was powerful but Ye Mo didn't completely control it. The arrow tore open the 36 Lightning Sea God Orbs barrier and came before him.

"instant second..."

Ye Mo stared at the arrow.

He was certain this Dao Actualisation Divine Emperor had controlled more than 100 levels of restriction of the Golden Arrow of Divine Extermination, maybe even 102. If this Dao Actualisation Divine Emperor used the Golden Bow of Divine Extermination to shoot this arrow, Ye Mo doubted if he could even dodge it in a rush.

Invisible ripples spread in the space.

In one blink, spring, summer, autumn and winter. In one blink, instant and eternity.

This was instant second god art. The golden arrow paused in space as though it was frozen.

It was only one instant but all Ye Mo needed was this one instant. It was enough for him to release his punch, shatter sky.

Chapter 2116 I have bone arrow too

Shatter space brought the fist force space and smashed with the golden bone arrow exploding out golden light.

The fist force instantly dissipated and the gone arrow lost its terrifying lethal force. Even so, it still tore open Ye Mo's fist and brought out bloody mist. Ye Mo immediately grabbed this golden bone arrow and sent it into his golden page world.

Only now did Ye Mo realise how terrifying truth divine emperor was. That guy had no magic artefact and dodged four of his arrows. If truth divine emperor was in the Void Marketplace he would definitely be on the god rank.

The Dao Actualisation Divine Emperor saw Ye Mo use time law god art to take his golden bone arrow and his face changed, people have dodged his golden bone arrow before but never have someone dodged it and taken it. He couldn't even find with his spirit sense where the arrow was.

When he shot this arrow, he knew that he wouldn't be able to kill Ye Mo with it. He wanted to use this arrow to regain control of the battle but instead there was such a huge turn of events.

The price Ye Mo paid was just a broken fist.

A broken fist wasn't even an injury to a divine emperor.

The Dao Actualisation Divine Emperor immediately realised that he was no match for Ye Mo but now, Ye Mo's falling mark sword rune had landed.

A purple sword rune twisted this space and together with Ye Mo's divine emperor domain, it bound everything in this space.

The Dao Actualisation Divine Emperor who was planning to fight with Ye Mo longer saw this sword rune and completely gave up that thought.

His flag swept up the extreme yang rays and he was ready to leave. He wasn't worried. He believed that if he wanted to go, Ye Mo couldn't stop him.

Before Ye Mo could keep attacking with Zi Xu, the Dao Actualisation Divine Emperor said "Wait, I admit I'm no match for you. If you give me back that bone arrow our conflicts are over and I will compensate you some god crystals."

"Give it back, sure, I'll give it back to you multiple times..." Then, Ye Mo released the Golden Bow of Divine Extermination and placed an arrow on the bow.

"Golden Bow of Divine Extermination..." The Dao Actualisation Divine Emperor could no longer stay calm as he called out in shock and terror. Just like Ye Mo, he knew the Golden Bow and arrow of Divine Extermination very well. He '■1 " ect the world was this small. He just used the arrow to shoot Ye Mo and Ye Mo immediately used the same thing to retaliate but more ferociously.

He didn't dare to stay here one bit. He knew that if he was locked on by the Golden Bow of Divine Extermination, he would have to die.

But just when he used his mobility technique, Ye Mo shot the arrow that locked onto him instantly.

Thud. The first arrow smashed the flag and golden light dispersed. Clearly, in order to dodge this arrow, the Dao Actualisation Divine Emperor gave up his most treasured magic artefact.

Before he could breathe easy, the second and third arrow came at the same time.

“You have more than one...” the Dao Actualisation Divine Emperor realised this as the arrows came before him. He could only burn his life force to barely escape the binding.

In another thud, the Dao Actualisation Divine Emperor moved aside a bit but the arrow destroyed half his body. Then, the third arrow came to him.

“Just a bit...” The Dao Actualisation Divine Emperor said in despair. It was just that one bit and he would be able to leave using his mobility technique.

In an explosion, this extremely cocky Dao Actualisation Divine Emperor turned to bloody mist killed by Ye Mo’s third arrow.

Blood light flashed into the sky, even the nearby space was immersed in heat waves. One could see just how terrifying this Dao Actualisation Divine Emperor’s cultivation method was.

Ye Mo grabbed his storage ring and scanned his spirit sense in. he really wanted to know how many good things the sect leader of a god sect had.

When Ye Mo opened this storage ring and scanned his spirit sense in, he was astounded.

This wasn’t a storage ring, this was a small world, there were 3 top grade god spirit range, 7 middle grade god spirit range and more than ten low grade god spirit range.

As for forgery materials and god spirit herbs, they were stacked up in mountains. There were more than tens of millions of god crystals.

“So amazing.” Ye Mo took in a cold breath. He thought he had a lot of things but compared to this Dao Actualisation Divine Emperor, he was a peasant.

The Du Ting God sect wasn’t even one of the three big divine sects. This storage ring definitely wasn’t all of the asset of the Du Ting god sect. One could imagine just how wealthy the Immortal Goddess Sacred Sect and Great Sun God Mountain were.

But Ye Mo shook his head. The Du Ting god sect leader was only a Dao Actualisation Divine Emperor while the Immortal Goddess Sacred Sect and Great Sun God Mountain had Dao Essence Divine Emperors. He couldn't think about those things now.

"Congratulations immortal friend Ye, Li Xiu didn't expect your power to be this strong. I can finally rest assured for Qing Ru to adventure with you." Li Xiu sighed.

Ye Mo's power was indeed shocking. She had guessed that Ye Mo was only Dao Moulding Divine Emperor or Dao Nourishment Divine Emperor but with this cultivation level, Ye Mo could kill a Dao Actualisation Divine Emperor. This was insane. It was reasonable for an immortal emperor primary stage to kill an immortal emperor middle stage but a Dao Moulding Divine Emperor killing Dao Nourishment Divine Emperor was extremely terrifying. The difference between Dao Moulding Divine Emperor and Dao Nourishment Divine Emperor was greater than immortal emperor and immortal monarch.

Ye Mo saluted with his fists "Big palace lord don't know that the Void Marketplace has many powerful people. It's different to the immortal realm. I heard there was a Dao Actualisation Divine Emperor who killed a Dao Essence Divine Emperor in the Void Marketplace. Such terrifying gap is something I didn't dare to imagine before. If I faced a Dao Essence Divine Emperor now, I can only run away."

"Big palace lord, you can have this flying god artefact. I have too many of such things." Ye Mo pointed at the Dao Actualisation Divine Emperor's flying god artefact.

She knew that Ye Mo's magic artefact were powerful and so she didn't reject it.

Seeing this, Ye Mo was very happy. He had things he needed her to do for him.

Eight months later, they came to that barren wasteland again.

When Ye Mo came here he was only immortal emperor and his formation skills were just introductory to the Divine Dao Realm formation level, he only saw barren wilderness before and no tunnel.

Ye Mo had studied formation for a few hundreds years in the time formation disk just to seal this formation. When he came here, he immediately found the seal. In time, this seal would only get more obvious. Even ordinary Dao Nourishment Divine Emperor would be able to see it.

“I just know it’s here but I have no way of going in much less sealing it up again.” Li Xiu sighed.

Ye Mo knew her feeling. He felt the same before.

“Master and brother Ye need to set up formation, why don’t everyone come to my blue bead world to prevent affecting them.” Qing Ru said.

Ye Mo wanted to let everyone go to his golden page world but now that Qing Ru said this he didn’t reject it.

When everyone went in and Ye Mo took the blue bead, he took Li Xiu to another place. Two hours later, they came into a mist.

Now, Ye Mo just threw out a few formation flags and cut open to a bright dimension.

Chapter 2117 Seal Again

Three months later, Ye Mo has set the new sealing formation method. He made piles of formation flags. Mountains of materials were turned into formation flags.

A year later, Ye Mo looked at the pile of formation flags and rejoiced that he encountered the Du Ting god sect leader. Otherwise, with the materials he prepared it wouldn’t even be enough to forge even half of the formation flags.

Li Xiu was helping Ye Mo on the side too, organizing the formation flag types. The two didn’t say much but they were getting more and more worried. They thought that the formation would last decades but they could visibly see the formation flags deteriorating.

With this speed, the formation could completely break in three to five years and the the tunnel between immortal realm to the Divine Dao Realm would completely open.

Seeing Ye Mo only make formation flags, Li Xiu couldn't resist asking "Immortal friend Ye, why don't you set up a few formation flags to stabilize the formation first?"

Ye Mo shook his head "No, if I set up formation flags now, it would be pointless. It would cause trouble for when we set up the formation."

Ye Mo's formation skills were much higher than Li Xiu's. he knew that this formation base was complete. If he repaired the formation on there now, it would damage the formation base. Once he made all the formation flags and set up the formation again, he would damage the base again. Ye Mo didn't want to do this.

Although the formation was about to collapse, Ye Mo believed that as long as he was here, ordinary people wouldn't be able to go to the immortal realm. Unless a Dao Essence Divine Emperor came but to Ye Mo, real Dao Essence Divine Emperors or even Dao Actualisation Divine Emperors wouldn't even want to go to a lower realm.

Two years later, Ye Mo finished the last formation flag and found that he had pretty much no materials left.

Ye Mo breathed easy. He finally finished all the formation falgs before the formation collapsed. He gave some formation flags to Li Xiu and a formation jade slip "Big palace lord, when you go to the immortal realm, just do according to this jade slip."

Li Xiu took it and nodded.

Ye Mo waved out a few more formation flags and a clear tunnel appeared in the mist. Seeing Ye Mo open up a portal to the immortal realm so easily, she was very shocked.

"Immortal friend Ye, is there anything else you need me to do?" Li Xiu didn't go in immediately and aksed.

Ye Mo thanked that Li Xiu was smart. He took out a storage ring and gave it to her “big palace lord, there are some god crystals and two low grade god spirit ranges inside and some of my cultivation experience. It’s for you.”

Li Xiu thanked and took the storage ring. She knew that some of the god crystals were for the formation, the rest were for her.

Ye Mo took out another blue bead and gave it to Li Xiu “This is a small world I spirit controlled. If you have time to go to Gong Hua heaven Mo Yue Immortal Sect, please give this to my wife Luo Ying.”

This bead was no small world, it was the truth spirit world he got from the purple robed immortal emperor. Ye Mo placed many things inside including the storage ring for Ye Ling, Beiwei and Qingxue.

He gave it to Luo Ying as Luo Ying was like a big sister to them all. No one would think more because Luo Ying had extra things in her hand.

Li Xiu took the bead and bowed to Ye Mo “Thank you Immortal friend Ye, Li Xiu will definitely get this done.”

Only Li Xiu knew why she was doing something for Ye Mo and still thanked him. Ye Mo could’ve gone back to the immortal realm himself but he chose not to as that would take time and the formation was about to collapse.

Ye Mo knew what she thought but he didn’t completely think like that. He left an opening for the new formation but it was very costly to leave this opening. He used a Wu Xiang Secret gold. It was the highest level formation material and Ye Mo only had this one piece. He used this just so he had the chance to go back to the immortal realm from here.

However he had too little and could only make three formation flags with it. Two of them connected to the formation and one opened the formation. The formation can only be used once so he only had one chance to return to the immortal realm.

When he came back from the Void Marketplace, he could use this formation flag to return to the immortal realm. This formation was about to collapse so he didn't have time to go back to the Mo Yue Immortal Sect.

Compared to the immortal realm, he wanted to go visit the Void Marketplace even more.

Seeking an opportunity to reach Dao Nourishment Divine Emperor was one primary reason but another purpose was that he heard there were people from the abyssal realm at the Void Marketplace. He wanted to ask if he could get Wanqing's soul from the abyssal realm.

Ye Mo knew that his power was too weak for the abyssal realm. Even Primordial Essence Divine Emperor Duanmu Yuebo died from the abyssal realm.

"Then Li Xiu will leave first." Li Xiu bowed to Ye Mo and said.

Before Ye Mo could speak, a figure charged into the dark mist.

"Hmm, someone is here already?" The person saw Ye Mo and Li Xiu and was a little shocked but then he saw that both Ye Mo and Li Xiu were far weaker than him.

Ye Mo immediately realised that it was right of him to not go back to Mo Yue Immortal Sect. This was a Dao Nourishment Divine Emperor. If he went back, Li Xiu was definitely no match for this person. This person would charge into the immortal realm again.

"Piss off." This man hacked a red beam at Ye Mo.

Ye Mo was going to kill this man regardless. Ye Mo sneered and punched.

Shatter space god art swept the space lethal force which instant swept away the red beam and locked onto the Dao Nourishment Divine Emperor.

“Dao Actualisation Divine Emperor...” The Dao Nourishment Divine Emperor immediately felt his surroundings were locked as he called out in shock.

Despite the Dao Nourishment Divine Emperor underestimating Ye Mo, he still broke free from the fist force lock and released a huge blue bowl.

Clank. The bowl was smashed by Ye Mo’s fist force shaking ripples out of the nearby space.

The Dao Nourishment Divine Emperor released the bowl by force but couldn’t completely activate it and it was punched away, he was smashed by the powerful fist force and spat a few mouthfuls of blood as he flew back.

Before he could speak, Ye Mo waved his hand and Five Lightning Spear Destruction struck down. The Dao Nourishment Divine Emperor was torn to pieces.

Li Xiu was scared. If this Dao Nourishment Divine Emperor used the tunnel to get to the immortal realm, then with how he slaughtered without saying anything, the entire immortal realm would turn into his truth spirit world.

“Big palace lord, the sealing formation is broken and more and more people will come. Go back to the immortal realm now and we’ll set up formation.” Ye Mo took the storage ring and said.

“Okay, Li Xiu will wait for Immortal friend Ye’s good news in the immortal realm.” Li Xiu said and entered the formation.

Ning Hai was now a famous city in China purely because a legend, Ye Mo, once lived here. In an ancient street, there was an old Daoist fortune teller saying “Your fortune luck hasn’t arrived yet. Go back and eat some more sweet potatoes, three years later, you might...”

“Hmm...” The old man suddenly got up in surprise and joy and looked at the distant sky.

“Great, great, the formation seal is repaired. If it’s you then I chose right.”

Then he ignored the middle aged man and packed up the stall to leave.

“Hey, you haven’t finished yet...” But no matter how the middle aged man called, the Daoist ignored him and disappeared amongst the crowd in a few minutes.

Chapter 2118 The Dao Fruit Returner Is Here

Ye Mo’s space time boat had left the immortal realm tunnel now. Mu Xiaoyun, Qing Ru and them were on the space time boat, even small ginseng came out. Including Ye Mo, there were seven people on this.

Ye Mo felt very good. He wanted to seal this formation before he even came to the Divine Dao Realm. Now that he finally did it, he would be at Gong Hua heaven already if he wasn’t going to the Void Marketplace.

Going to the Void Marketplace wasn’t a matter of a day or two. Ye Mo couldn’t use the teleportation formation here. He was prepared to fly long term. Now that everyone was chatting here, Ye Mo was happy to share his cultivation experience with everyone.

“Brother Ye, if it wasn’t for you, I might never be able to wake up from the ice god forbidden grounds.” Qing Ru sighed again.

Ye Mo had an approximate guess why there would be those frozen girls in the Ice God forbidden grounds. Qing Ru didn’t explain and Ye Mo didn’t ask. He felt that Qing Ru despised that thing too.

Ye Mo was a bit sad thinking that he saved Qing Ru with the Heaven Heart Return Soul pill because Qing Ru had a sliver of soul left. However, Wanqing’s soul had dissipated. Even that pill wouldn’t work.

Seeing Ye Mo was a bit sad, Qing Ru thought he was thinking about the Ice God Palace trapping him with the Ice God Formation. Just when she wanted to comfort Ye Mo, she heard Ye Mo suddenly say “Shadowless, stop the space time boat, we’ll go down and have a look.”

“Martial sister Runan, long time no see.” Ye Mo walked out of the space time boat.

One of the three was the dark skinned Niu Runan. Before, she said that she was going to leave the Heng God corner so seeing her still here, Ye Mo felt a bit strange.

You're martial brother Ye Mo." Niu Runan immediately recognized Ye Mo.

"Why are you still here?" Niu Runan saw the extremely beautiful Qing Ru and Mu Xiaoyun and asked. She knew that Ye Mo offended too many people here. Ye Mo should be going as far away as possible.

"Don't worry about why I'm here. I'm asking why you haven't left yet?" Ye Mo had a good impression of her. She helped him a lot when he first came to the Divine Dao Realm.

"You have no business here, move aside." The two men with Niu Runan yelled to Ye Mo. If it wasn't that Ye Mo was no weaker than them, they would've attacked.

Ye Mo could tell these two stopped Niu Runan. He knew that Niu Runan wouldn't start trouble for no reason so he raised his palm and slapped over. The man who just spoke was slapped a kilometer away onto a small hill blasting it to pieces.

Niu Runan knew Ye Mo was powerful but she didn't expect Ye Mo became this powerful. She looked dazily at Ye Mo and forgot to speak.

The other immortal emperor reacted and immediately said "We're from the Heng god corner. Qian bei attacked without reason, we..."

Before the immortal emperor finished, he was slapped away by Ye Mo again into the other immortal emperor. Both of them couldn't get up.

Two immortal emperors were the peak of the immortal realm but under Ye Mo's hands, they were worse than insects.

Niu Runan reacted and looked gratefully at Ye Mo "When I left the Muu Hua God mountain, I left the Heng God corner. Then, I saw my mother at Shui Yun God domain..."

“Didn’t your mother leave you when you were young?” Ye Mo asked.

Niu Runan nodded “Yes, later I realised that my mother had no choice. When I saw my mother again, I lived happily with her. But at this moment something happened. When we went out, we found a heaven life dao fruit.”

Ye Mo asked “Isn’t this a good thing? It can help you learn life and vindicate dao.”

Niu Runan sighed “This was a good thing but both of us had no experience in taking dao fruit. We didn’t immediately bind the dao fruit causing its dao waves to seep outside. This caught others’ attention and drew over a Dao Nourishment Divine Emperor. That Dao Nourishment Divine Emperor robbed our dao fruit but left the chi of the dao fruit. This brought over the people of the Heng god corner. They took away my mother and told me to bring over the dao fruit I hid. But where can I go find it? I have no dao fruit.”

Qing Ru sighed “The Heng God corner didn’t search by force?”

Niu Runan said nothing but Ye Mo sneered “No that young mistress wants to preserve her reputation.”

If Niu Runan didn’t get back the dao fruit, there would be forced search waiting for her.

Qing Ru smiled and didn’t argue.

“Let’s go, I’ll go with you to the Heng god corner.” Ye Mo said. The Heng God corner was nothing to him now.

Niu Runan looked at Ye Mo in shock “Martial brother Ye, the Heng God corner might have Dao Actualisation Divine Emperor. Even if they don’t, they definitely have Dao Nourishment Divine Emperor...”

To Niu Runan, Ye Mo was strong but he wasn’t a divine emperor yet. How could he mess with the Heng god corner. “Don’t worry, the young mistress owes me. I believe she would show me some face.” Ye Mo comforted.

Niu Runan nodded.

The Heng God corner was the same as when Ye Mo came back last time. IT was still like a small village. Shadowless, small ginseng and Qiu Rang were sent into the golden page world. Mu Xiaoyun, Qing Ru and Fu Fei flew before the god corner with Ye Mo.

The two guards clearly knew Niu Runan. Seeing Niu Runan bring Ye Mo and them, they said nothing and let them in. The strongest of them was only an immortal emperor.

“Runan, who are they?” A pretty green robed woman appeared.

Ye Mo knew this woman of course. She was the young mistress of the Heng god corner. She only knew Ye Mo but didn’t know the three behind him. When her eyes fell on Qing Ru, she was very shocked of Qing Ru’s looks.

She had always been confident in her looks but in front of Qing Ru, she felt embarrassed about herself. Qing Ru’s perfect body and face was like the embodiment of beauty. Even Mu Xiaoyun was better than her.

“Young mistress, you know Ye Mo. The other three are Ye Mo_s friends.” Niu Runan said.

Heng Wanman said calmly “In that case, let’s go in first. Runan, don’t worry I will definitely help you.”

Ye Mo sneered “Definitely help? Then you wouldn’t lock up her mother.”

“Since when was her mother locked up? She’s a guest at the Heng God corner.” Heng Wanman’s face looked bad.

Ye Mo didn’t sell the god heart stone to her and even took her lightning sound ages fruit. Now that he came to the Heng God corner, don’t blame her then.

She suspected Ye Mo had powerful means but what happened before made her feel even more that Ye Mo was with those guys. That's why she could escape. Even if Ye Mo was truly strong and the strongest half divine, he would have to be obedient in front of the Heng God corner divine emperors.

There were two Dao Nourishment Divine Emperors and two Dao Moulding Divine Emperor in the palace. There were also a few immortal emperors and a white robed woman whose brows were locked in a frown.

The atmosphere here was strange. At this moment, the Dao Nourishment Divine Emperor sitting at the top took out a communication bead and looked at it before laughing "Runan is back and brought that Ye Mo half divine. One of her lightning sound ages fruit was taken by this person, it seems he has come to return the fruit."

He was laughing as he spoke but the killing intent in his eyes were obvious.

Chapter 2119 Which Tower Master Ye

"Runan." That white robed woman saw Niu Runan come and her eyes dimmed. She knew that both of them wouldn't be able to get away, when she saw Qing Ru and Mu Xiaoyun she sighed. How could women like them get away when they came to the Heng God corner.

Ye Mo saw Niu Runan's mother. She wore white robes and was very pretty. He was speechless. This woman looked younger and prettier than Niu Runan. Her skin was much whiter too. Not only that, she was a Dao Moulding Divine Emperor too.

You're Ye Mo, the one who took the lightning sound ages fruit from Wanman?" The Dao Nourishment Divine Emperor who spoke before said.

Ye Mo sat down and told Qing Ru and them to sit before saying "That's right, I'm Ye Mo but I didn't take the ages fruit. I made a deal with the young mistress."

The other Dao Nourishment Divine Emperor sneered. He was very unhappy that a mere immortal emperor dared to be this cocky.

“Made a deal? What could an immortal emperor have to deal with my lightning sound ages fruit?” Heng Wanman said in contempt.

Ye Mo suddenly looked at Heng Wanman and said “I’ve seen many shameless women but someone as shameless as you is a first.”

How could Ye Mo not know what she meant. She wanted to regret. She completely cast aside him helping her suppress that half divine.

You’re asking to die...” A Dao Moulding Divine Emperor suddenly got up and was about to attack Ye Mo.

Ye Mo sneered. He wanted to talk nicely and help Niu Runan find the heaven fate dao fruit but since the Heng God corner couldn’t even wait, then he would fight.

“Stop.” A sneer sounded from the palace and two men came out of the door. “They were both Dao Actualisation Divine Emperor. Ye Mo immediately recognized the latter man. He was the city lord of Lun Lan divine dao city Dong An.

Ye Mo gave him a dao fruit and he got large amounts of useful information from him. He thought Dong An was in solitary cultivation or at the God Necropolis Domain to break through to Dao Essence Divine Emperor.

“This is Great Sun God Mountain elder Dong...” The Dao Actualisation Divine Emperor who came in with Dong An said. The people of the Heng god corner immediately got up to bow.

The Great Sun God Mountain was the most dominant sect right now. Who didn’t know this.

The Heng god corner Dao Actualisation Divine Emperor saw that Ye Mo and them didn’t get up and was about to rage. He stopped the Dao Moulding Divine Emperor because he didn’t want to be rude in front of the Great Sun God Mountain Dao Actualisation Divine Emperor. However, this little immortal emperor really needs a beating. The Great Sun God Mountain Dao Actualisation Divine Emperor was here and he dares to keep sitting.

Dong An saw Ye Mo and immediately smiled as he walked up to Ye Mo and saluted with his fists "So tower master Ye is here too. It's really my honor to see tower master Ye here."

"So it's castle master Dong, it's indeed a fortunate encounter." Ye Mo got up and saluted with his fists.

The palace immediately fell silent. What place was the Great Sun God Mountain? Many people didn't know originally but when they reopened their sect, the entire Divine Dao Realm knows now. They were one of the three divine sects and was stronger than the Immortal Goddess Sacred Sect before. Now, they even suppressed Immortal Goddess Sacred Sect into submission.

Such a sect's Dao Actualisation Divine Emperor was like the highest emperor of a god corner. Yet this person went up to Ye Mo to greet him. Was Ye Mo this mere immortal emperor that powerful?

That Heng god corner Dao Actualisation Divine Emperor primary stage immediately reacted. The immortal emperor definitely wasn't ordinary or Dong An wouldn't be this polite.

Realizing this, his anger dissipated immediately and walked over to Ye Mo and saluted with his fists "Heng Ran is very honored that tower master Ye can come to my Heng god corner." He didn't know what tower master Ye Mo was but since Dong An called him this, he could only follow.

But Ye Mo didn't show him any face and said coldly "Really? If it wasn't for Castle Master Dong, perhaps people of the Heng God corner would've attacked me already."

Heng Rail's face dazed. He didn't expect Ye Mo to lash out like this. He was a Dao Actualisation Divine Emperor and no matter how high Ye Mo's status was, he was only an immortal emperor.

Ye Mo continued "After a while, you probably wouldn't feel honored because I came to the Heng god corner to look for trouble today. If I'm unhappy, I will kill people today."

Before Heng Rail's face just dazed but now, Ye Mo's words made him furious.

Even if the Great Sun God Mountain Dao Actualisation Divine Emperor elder was angry, he would teach him a lesson.

His face went green and then he saluted with his fists to Dong An “Castle Master Dong, where does this tower master Ye come from? If the Heng God corner mistreated him, we can make up for it.”

Heng Ran was really furious. His words meant that he could not touch Ye Mo on Castle Master Dong’s account but if Ye Mo didn’t have any special relations with the Great Sun God Mountain, then he would go up to get revenge.

Dong An didn’t seem to understand this and smiled “Tower master Ye opened a pill and forgery divine tower at Lun Lan divine dao city. He’s probably roaming around now. If Immortal friend Heng wants to compensate, you would probably not find an opportunity.”

Dong An sneered inside. Heng Ran was just a Dao Actualisation Divine Emperor of the Heng God corner and he was only Dao Actualisation Divine Emperor primary stage. Ye Mo wasn’t even scared of him and killed the sect leader of the Du Ting god sect. Heng Ran was really a piece of cake to Ye Mo.

Heng Ran heard this and his face changed, how could he not understand Dong An’s words. This definitely wasn’t sarcasm. He really needed to make compensations. Just who was this tower master Ye? Wait, Lun Lan divine dao city, Pill and Forgery Divine tower master?

Immediately, Heng Ran understood who Ye Mo was. his face went pale as he saluted with his fists to Ye Mo “tower master Ye are you the tower master of the Lun Lan divine dao city, Luo Yue pill and forgery divine tower?”

With this, everyone in the palace realised what was going on. Those two Dao Nourishment Divine Emperor and Dao Moulding Divine Emperor’s face went pale. Clearly, they knew who Ye Mo was.

A few years ago, Ye Mo killed the sect leader of Du Ting God sect, Wei Xuan outside the Lun Lan divine dao city. His ferocious name had spread. Who was Wei Xuan? He was a Dao Actualisation Divine Emperor peak stage and was about to reach Dao Essence Divine Emperor. He was very powerful. Ordinary Dao Actualisation Divine Emperor tertiary stages were nothing to him and yet such a person wanted revenge against tower master Ye and was killed outside the city.

News spread slowly in the Divine Dao Realm but this news was already known by all the nearby people. His Heng God corner was nothing compared to the Du Ting god sect. Ye Mo killed their sect leader and they didn't do anything to Ye Mo. Now, his Heng God corner wanted to keep Ye Mo. This was suicide.

The Dao Moulding Divine Emperor who wanted to attack Ye Mo sweated cold. He knew that if Ye Mo wanted to kill him, even the grand sect leader couldn't protect him.

"Please sit, please sit..." Heng Ran's heart shook while he ordered "Bring the best wine of our Heng God corner, I need to treat elder Dong and tower master Ye."

Dong An smiled and said nothing. He sat not far from Ye Mo.

Heng Wanman's face was purple. She didn't expect this Ye Mo was that powerful. He even killed Dao Actualisation Divine Emperor. In the Divine Dao Realm, who could kill Dao Actualisation Divine Emperor? Ye Mo killed the Du Ting God sect leader?

Niu Runan's mother was more cunning and immediately realised this, she quickly dragged Niu Runan to sit next to Ye Mo and poured a cup of wine to Ye Mo. She glanced seductively at Ye Mo and said "tower master Ye is Runan's friend. Qianye thank tower master Ye's help towards Runan."

Then, she drank the wine and looked seductively at Ye Mo.

Ye Mo was speechless. Niu Runan was such a good person, why did she have such a mother.

Niu Runan was so embarrassed that her head was almost at her leg.

"Haha, I heard a friend has come to the Heng God corner. I've come to celebrate. I hope the friend won't disappoint me." A figure appeared at the palace door.

Chapter 2120 Look at my strike

Zhu Guangqi immediately saw Ye Mo at the door. He came here as he got news of Ye Mo. When he saw Ye Mo, killing intent flashed across his eyes but then he looked shocked as Dong An was here too.

“Greetings castle master Dong. I didn’t expect to see your honorable presence here.” Zhu Guangqi said. Then, he looked at Heng Ran and greeted. He was just a Dao Nourishment Divine Emperor but he wasn’t scared of Heng Ran.

Ye Mo saw this person and sneered. He hadn’t looked for this guy’s trouble but this guy dared to come to him.

“So it’s Shui Yun God city, city lord Zhu.” Dong An saluted with his fists.

Shui Yun God city lord was a Dao Actualisation Divine Emperor peak stage master who was no weaker than Dong An. Zhu Guangqi was the second city lord of the city.

Niu Runan’s mother quickly bowed to this Dao Nourishment Divine Emperor and said “Qianye greet city lord Zhu.”

Zhu Guangqi clearly knew Niu Runan’s mother and laughed “sister Qianye is really getting prettier.”

Niu Runan’s face looked back. She could tell Zhu Guangqi came here for Ye Mo and perhaps there was great conflict between them. She didn’t want her mother to talk to Zhu Guangqi much but clearly, their relationship wasn’t ordinary.

Niu Qianye seemed to realise Ye Mo and Zhu Guangqi weren’t on good terms and stopped talking.

“Haha, city lord Zhu came to my humble residence, please be high seated.” Heng Ran saluted with his fists. Regardless if Ye Mo was really strong, he could tell that Zhu Guangqi was here for Ye Mo.

It was best that Zhu Guangqi fought with Ye Mo and Ye Mo killed Zhu Guangqi and then offend the big city lord Lao Jin. Then, Lao Jin would fight with Ye Mo.

After Zhu Guangqi sat down, Heng Ran said intentionally “city lord Zhu really caught me by surprise coming to my Heng God corner.”

He was indeed scared by Ye Mo’s origin before. Ye Mo actually killed Du Ting god sect leader. This news was too shocking but now that he calmed down, he felt things weren’t right.

First, Ye Mo was only immortal emperor cultivation level. Even if Ye Mo hid his power level, he didn’t seem old. No matter how talented he was, there was no way he was Dao Actualisation Divine Emperor peak stage.

Second, Ye Mo knew Dong An. Dong An was Dao Actualisation Divine Emperor peak stage. Who knew if Dong An was involved in Wei Xuan’s death. If they joined up to kill Wei Xuan and then announced that Ye Mo did it, no one would be able to tell.

After all, Dong An represented the Great Sun God Mountain and if a Dao Actualisation Divine Emperor elder of the Great Sun God Mountain suddenly killed the sect leader of a god sect, this was no small matter. It would affect the Great Sun God Mountain’s reputation.

Now that he thought this through, he was no longer scared of Ye Mo. Even if he used a proper excuse to kill Ye Mo, Dong An couldn’t say anything.

“Zhu came suddenly this time indeed, I’ll apologise first.” Zhu Guangqi saw that Dong An was here and immediately changed his plans. He would calm Dong An first. As for Heng Ran, he believed this guy wouldn’t stop him.

“City lord Zhu you’re too polite. I’m happy that city lord Zhu is here at my Heng God corner. How can I blame you.” Heng Ran said with a face of smile.

Zhu Guangqi could see Heng Ran’s attitude and he immediately said “I came here to get revenge today. I was set up by this person but castle master Dong and immortal friend Heng are both here, this is quite troubling.”

Zhu Guangqi could tell Heng Ran didn’t have any intentions of protecting Ye Mo. He cared about Dong An.

Dong An laughed “I came here and happened to encounter immortal friend Heng. If city lord Zhu wants to get revenge from someone then please do. I won’t say anything nor intervene.”

Heng Ran said “Even if an elder of the Heng God corner offended city lord Zhu, I won’t dare to say anything if city lord Zhu wants to kill.”

Zhu Guangqi quickly got up and saluted with his fists “Thank you castle master Dong, thank you immortal friend Heng.”

He was waiting for this, if it wasn’t for the Mu Hua god mountain, he could slap Ye Mo to pieces.

Ye Mo, it took me a long time to find you. I’ve stationed people out everywhere and now I’ve finally found you today. I hope you don’t disappoint me.” Zhu Guangqi said.

Heng Ran’s face suddenly changed “City lord Zhu, immortal friend Ye is a VIP of our Heng God corner. Is the person you’re looking for immortal friend Ye, this, this...”

Ye Mo saw Heng Ran’s face and felt disgusted. His act was so revolting.

Zhu Guangqi frowned “Immortal friend Heng, you agreed before, are you going to regret now?”

Heng Ran clenched his fists and sighed after a while “Sigh, never mind. Immortal friend Ye is a VIP of our Heng God corner, please...”

How could Zhu Guangqi not know that Heng Ran was putting on a show. Perhaps this guy wanted Ye Mo dead more than himself. He said calmly “Of course, I will take immortal friend Heng into account, don’t worry.”

“Ye Mo, this is someone else’s guest hall. It would affect people talking here. Why don’t we go out to resolve things.” Zhu Guangqi said.

“What thing are you, how dare you let tower master go out?”

Fu Fei couldn't take it and pointed at Zhu Guangqi's nose and asked.

“A mere immortal emperor middle stage dares to talk.” Zhu Guangqi sneered and grabbed at Fu Fei.

Ye Mo suddenly got up and grabbed too.

Clap. Zhu Guangqi's punch was slapped by Ye Mo's palm. Zhu Guangqi retreated a few steps before standing still. He looked at Ye Mo with uncertainty not knowing what was going on.

“Zhu, I hate trouble and although I really wanted to kill you I didn't want to go find you. I didn't expect you to be so understanding to come to me. In that case, look at my strike.”

Then, Ye Mo hacked shatter space down. In that instant, everywhere was filled with this extremely intense lethal force except where Qing Ru and them stood.

A twisted sword rune appeared like a poisonous dragon that attacked at Zhu Guangqi.

When Zhu Guangqi found that Ye Mo's twisted sword rune was a top level god art, the rune already completely locked on to him.

Zhu Guangqi knew now that Ye Mo definitely wasn't immortal emperor but a divine emperor who might even be stronger than him. he released a water light that barely sealed his surroundings.

“Rumble...” divine emperor domains clashed and Zhu Guangqi's domain crumbled like an egg.

Thud, the twisted sword rune fell and sliced across Zhu Guangqi's broken domain and onto his water light. The light was like a bowl that was filled with water and then broken. It exploded everywhere.

This was far from the end. Powerful god essence exploded and the palace was turned to pieces by this explosion. A few weaker people of the Heng god corner was sent flying by the concussion. Heng Wanman was an immortal emperor but even she spat blood in mid air.

Ye Mo didn't have any environmental protection awareness fighting here. It seemed like he didn't know this palace was destroyed. At the same time, he used shatter space fist force.
