Chapter 2211 – Compete in gifts

As soon as the jade box opened, there was this scorching feeling. There was actually a purple flame in the jade box. Ye Mo had seen this flame before in the cultivation realm. It was one purple flame. It was ranked second in the rare flame ranking in the cultivation realm.

Even in the entire 108 flame ranking, one purple flame was ranked 11th. This wasn't the most precious thing about this flame. It was that this flame had reached god flame.

Ye Mo thought, this Zhuge Zhichen was really generous. He was willing to give such a god flame.

Ye Mo was a flame expert. He soon saw what was different about this flame. It had reached god flame but seemed to have lost some its spirit.

Soon, he realised that something happened when this flame went through nirvana. Although it reached god flame, it would stop there. It couldn't continue to reach divine flame nor have a fire spirit.

But even so, this one purple flame was extremely precious. Many times more precious than extreme grade god artefact.

Ao Xi was extremely surprised and happy to get such a flame. Of course he could see what was wrong with this flame but even so, this present was extremely precious.

"Immortal friend Zhuge is too nice. Your present is so precious." Ao Xi got up and saluted with his fists.

Zhuge Zhichen returned the gesture "Pity that a small problem occurred when this purple flame went through nirvana. Of course immortal friend Ao Xi wouldn't care about this flame. I was planning to give it to princess Man."

A pale green robed young girl sitting next to Ao Xi heard this and immediately robbed the jade box from Ao Xi, "Thank you brother Zhuge, how do you know I like this purple flame? I was planning to ask for it from my dad."

Ao Xi's face sunk a little as he said "Man, immortal friend Zhuge is an equal of mine, you should call him divine emperor. Don't be so rude."

Zhug Zhichen quickly smiled and said "It's fine, I like princess Man calling me brother. It feels close."

Ye Mo applauded. This Ao Man was young and pretty, it was as though she came out from a painting. Zhug Zhichen looked at Ao Man with love. It was clear why he gave such present."

With Zhug Zhichen taking the lead, the rest of the people gave their presents too. Demon race primordial essence divine emperor Pu Yangsi gave out an extreme grade flying god artefact. Deshui divine emperor gave out a drop of 100 million year sea sponge. This was level 13 immortal material for setting up formation. It can help with god art learning and can also be used to make the best god artefact.

The young girl from the phoenix race called Tang Congyin gave out a nirvana nest. This was more precious than the sea sponge. There were too many uses for it. Other than body refinement nirvana, it could even be used for Ye Mo's spirit will nine transformations. Most importantly, it can help those below dao essence to build their body perfectly.

The next was abyssal race primordial essence divine emperor, Jiao Dan and them. They all gave precious things.

Ye Mo knew that this was all because of Zhug Zhichen. He gave out the god flame. If other people gave things significantly below that value, it would be losing face.

This person was sucking up to the dragon race everywhere. If it wasn't that he really loved Ao Man, then it was that he wanted to get something from the dragon race. However, he did this at the cost of making the other primordial essence divine emperors a little annoyed.

Soon, it was Ye Mo's turn. Ye Mo took out a jade bottle and said "I don't have anything good. I rely on pill concoction to feed myself so I'll give a bottle of pills."

Seeing this, everyone stared at the jade bottle in curiosity all wanting to know what pill this was.

However, Ye Mo didn't say what pill it was. People couldn't really use spirit sense to check it.

"Dad, other people's gifts were opened, you should have a look what this pill is. What if he just gave an ordinary pill..." Ao Man quickly said. She knew that if her dad put away the pills, she would have to wait till the end of the ceremony before knowing what pill it was.

Ao Xi immediately reproached Ao Man and saluted with his fists to Ye Mo in apology "Pill divine Ye, my daughter is too spoiled and is being rude..."

Ye Mo smiled "No matter, I'm at least a dao essence pill divine. I'm not going to give a bottle of immortal pills."

Ao Luan smiled "Pill divine Ye is the number one pill divine of multiple realms. Man Er is rude, please don't mind pill divine Ye."

Ao Man saw this and realised she was being rude. She quickly got up and bowed to Ye Mo "Brother Ye can I have a look at your pills?"

Ye Mo immediately said "Of course but no need to call me big brother. I'm a pill divine, just call me pill divine Ye."

Ao Xi wanted to know what pill Ye Mo gave too. After all, Ye Mo was extremely famous.

"Purple Heaven pill, extreme grade purple heaven pill?" Ao Xi said in shock.

12 extreme grade purple heaven pills was no small gift. This was a tactic cultivation resource. It could allow dao nourishment divine emperor reach dao actualisation. Rarely could people concoct extreme grade purple heaven pills. Even if they did, it would just be one or two.

Ye Mo pretty much gave 12 chances to reach dao actualisation to the dragon race. Even if all of them couldn't reach dao actualisation, there would be at least a third.

This wasn't the most important meaning of this bottle of pills. It was that if Ye Mo had dao fruits he could concoct extreme grade purple heaven pills none stop. If a race had all these pills, there was no way they wouldn't rise up.

Seeing this, Ao Luan and Ao Xi looked at Ye Mo with keen eyes. Even the primordial essence divine emperor of other races looked at Ye Mo with keen eyes. Of course, the two divine emperor who had conflict with Ye Mo looked at Ye Mo with annoyance and killing intent.

Ao Xi ignored his daughter who wanted a pill and got up saying to Ye Mo "Thank you for your gift pill divine Ye. Pill divine Ye is a dao essence pill divine. The dragon race has a lot of god spirit herbs, pill divine Ye can go choose some."

A few more primordial essence divine emperors gave presents and then it was the half primordial essence's turn.

After the gifts, it was the dance show by the dragon race and then immortal fruit and wine. After the ceremony, both the guests and host were happy.

Chapter 2212 Ye Mo's Dominance

When he felt it was about time, Ao Luan stood up and said "Ao Xi's primordial essence ceremony will conclude here. Thank you immortal friends for coming to this ceremony. There's also something related to a few races that we need to discuss with some primordial essence divine emperors. Please come with me to the business palace. Of course, those immortal friends who want to trade treasures, please wait for a while. This shouldn't take long."

Ye Mo heard it was related to a few races and immediately got up. Although he didn't get invited, he represents the human race here. Plus, he had never denied that he was primordial essence divine emperor. Of course he was going to this primordial essence divine emperor meeting.

Deshui knew Ye Mo wasn't invited. Seeing Ye Mo get up, he asked in confusion "Pill divine Ye, this is a meeting between races. What are you, a pill divine, going for?"

Then, Wen Deshui was waiting for Pu Yangsi to say something as well.

However, before Pu Yangsi could speak, Ye Mo said coldly "Are you blind, do you not see that I'm a human race representative?"

Hearing Ye Mo so rude, Ao Luan and Ao Xi were dazed. No matter how powerful Ye Mo was at pill concoction, he was only a dao essence divine emperor. How did he dare to talk to a primordial essence divine emperor like this.

Under this circumstance, even if Wen Deshui wanted to kill Ye Mo, Ao Luan had no reason to protect Ye Mo. However, thinking about how Ye Mo was a top dao essence pill divine, Ao Luan felt pity. If other primordial essence divine emperors didn't know about Ye Mo, then he would save Ye Mo at all costs but now that they did, even if he saved Ye Mo, Ye Mo wouldn't just be concocting pills for the dragon race.

Thinking about this, Ao Luan felt that he only needed to speak up for Ye Mo a little but try not to offend Wen Deshui.

However, Ao Luan and Ao Xi soon dazed. Wen Deshui didn't rage and instead pointed at Ye Mo's face yelling "Ye Mo, you're a dao essence pill divine and yet you speak so rudely. You embarrass the word pill divine."

Ao Luan and Ao Xi didn't see Ye Mo's subtle battle with Wen Deshui so they were so shocked at Wen Deshui's response.

Ye Mo sneered "Wen Deshui, I know you sent a message out before but I warn you. If the aquarius race dares to attack the Divine Dao Realm, I swear I will to the aquarius realm into a shield. If you don't believe me we'll see."

Wen Deshui was indeed a little concerned with Ye Mo. He was at most on par with Jiao Dan. Now that even Jiao Dan and Len Shuoqi treated Ye Mo with respect, he decided to be careful. But no matter how concerned he was, he was furious after being threatened like this. He was about to attack again.

Ao Luan realised that things weren't as he thought so he said "Deshui immortal friend and pill divine Ye, the dragon palace cannot afford such activity."

Wen Deshui knew he couldn't fight here and thus he cursed "Ye Mo, don't think that the aquarius race is scared of you. The aquarius race is scared of no one. You don't have the power to do what you want at the aquarius race."

Tang Congyin seemed to be interested in Ye Mo and laughed "Since pill divine Ye says he's representing the human race, why not come over as well."

That handsome looking primordial essence divine emperor Zhuge Zhichen suddenly said "Immortal friend Tang this isn't appropriate. I don't object pill divine Ye representing the human race. Ao Luan divine emperor says this is related to a few races but in fact only we're involved. Now that there's suddenly someone extra, isn't it a bit unfair?"

Ao Luan looked at everyone with difficulty.

Should he agree or not? If he didn't agree, he would offend Ye Mo. If he agreed, he would offend the rest of the people. If Ye Mo was nothing, he wouldn't care but now Ye Mo was not only a dao essence pill divine but also someone Wen Deshui was concerned with. It was best not to offend Ye Mo. Plus, he recognised the mutated shadowless bug but couldn't ask about it yet.

Thinking about this, Ao Luan could only say "Other than Ao Xi and I here, there are six primordial essence friends. Everyone say what they think."

"I disagree." Wen Deshui said without hesitation.

Zhuge Zhichen smiled "I admired pill divine Ye but I don't think this matter has anything to do with pill divine Ye."

Pu Yangsi also said "This thing has nothing to do with pill divine Ye."

There were three out of six who disagreed to Ye Mo coming. There wasn't much Ye Mo could do.

Ao Luan knew Ye Mo probably couldn't go but in order to respect Ye Mo, he still looked at the remaining three divine emperors.

Tang Congyin said "It's very good for pill divine Ye to go. He's the number one pill divine. It would only benefit us."

Len Shuoqi said calmly "I agree to pill divine Ye going."

Ao Luan looked at Jiao dan and asked "Immortal friend Jiao, what's your opinion?"

Jiao dan sneered "For rude guys, I..."

Ye Mo quickly interrupted "Immortal friend Jiao is right, for rude guys, I... By the way, last time I accidentally broke your house, I promise that won't happen again. If you have time, I would invite you to come to my Divine Dao Sect to drink wine and compensate."

Jiao Dan wasn't scared of Ye Mo but he felt threatened by Ye Mo. Each time he saw Ye Mo again, he could feel Ye Mo was different.

The first time he saw Ye Mo, Ye Mo was a little worm. Something he could kill at anytime. The second time he saw Ye Mo, Ye Mo became dao essence tertiary stage and almost heavily injured him.

This was the third time he saw Ye Mo and Ye Mo was at dao essence peak stage now. If it wasn't that Ye Mo hid his power, pill divine Ye was too strange. If he could avoid offending Ye Mo, he would.

He offended Ye Mo before and was called fried egg in front of everyone. Now, Ye Mo was hinting that he wouldn't call him fried egg again. This made him interested. If he was called fried egg in front of more people, what face would he have left?

Jiao Dan knew that if he didn't let Ye Mo go, Ye Mo would definitely call him fried egg here.

Cough. Jiao Dan said "I think immortal friends Len and Tang are right. It's fine to let pill divine Ye go."

Wen Deshui was so annoyed. He didn't know what the relationship between Ye Mo and Jiao Dan was. Ye Mo called him fried egg and this guy still let Ye Mo go.

Zhuge Zhichen could tell that Jiao Dan was a little concerned with Ye Mo. He felt strange too.

He still said "It's three against three, we'Lu Li..."

Ye Mo interrupted Zhuge Zhichen "Immortal friend Zhuge, do you mean to say that my opinion doesn't count? Do you have to act against the human race?"

Seeing this Ao Luan quickly changed the subject "Okay, we'Lu Li just go together as eight. Ao Xi won't need to go."

"Since immortal friend Ao said this I have no objections of course but I want to know how long would this take? A lot of immortal friends came this time one is to congratulate the emergence of another primordial essence but another reason is to exchange some things. Should we exchange things first before discussing this?" Zhuge Zhichen said.

People could tell that Zhuge Zhichen didn't want Ye Mo to be involved in this and thus he kept trying to find ways to delay things. Perhaps he would find another excuse to delay things after the exchange. However, Zhuge Zhichen was a beast race primordial essence, Ao Luan couldn't ignore him. "Immortal friend Zhuge's proposal is great."

Then, Ao Luan turned to the guests again "Guests please move to the guest hall where we shall commence trading.

Chapter 2213 Second Clash

When Ye Mo took shadowless and Qiu Rang to sit down, the guest hall was already filled with people. Heaven Pan Dragon Fruits were brought up in many plates.

Whether or not Ye Mo was a primordial essence divine emperor, no one dared to underestimate Ye Mo anymore.

Ao Luan waited till the guests have sit down before saying "I will start this dao exchange social. I have a bone arrow here for sale. Everyone make a bid. I will trade whatever I'm happy with."

Then, Ao Luan took out a long jade box and opened it up.

"Golden Arrow of Divine Extermination..." Almost everyone recognised this arrow.

Ye Mo's heart went up in excitement. He had collected seven Golden Arrow of Divine Extermination and thought that was the max he could find. Yet today, he saw the 8th Golden Arrow of Divine Extermination. It wasn't much to other people but it was a necessity to him.

No one had the Golden Bow of Divine Extermination so it wouldn't be much useful to getting the arrow. However, the price wouldn't be cheap.

Seeing everyone recognise this, Ao Luan laughed "Before, I went to the Void Marketplace to an auction and bought this arrow but after all these years, I didn't find any bow nor arrow so I've given up. If there are immortal friends who have similar interests as me, you can get it."

Ye Mo wanted it so much but he resisted. The more desperate he was the more it meant that he had the bow. Wen Deshui and Zhuge Zhichen wouldn't let him get the Golden Arrow of Divine Extermination so easily.

Ye Mo didn't care if he exposed that he had the bow as he had the power.

"I'll pay 3 billion god crystals." A half primordial essence said.

This was a very high price for the arrow if one couldn't find the bow. This half primordial essence wanted to get Ao Luan's good impression so he paid some more.

Ye Mo decided to not bid yet. He didn't have god crystals and if he bid, it might rise the price higher. He had remembered this half primordial essence. He would find this person after the social.

Wen Deshui suddenly said "I'll pay 5 billion god crystals."

Everyone looked at Wen Deshui. Wen Deshui didn't need to suck up to Ao Luan. He paid such a high price probably because he had the golden bow.

Ye Mo was very confused. The bow was on him. In that case, why was Wen Deshui paying such a high price?

Since Wen Deshui bid, he would have to. If this arrow fell into the hands of that half primordial essence, he would be able to get it back but if it fell into the hands of Wen Deshui, it wouldn't be so easy.

Shadowless knew what boss meant and he looked at Qiu Rang saying "Qiu Rang, you know why that tree wants the Golden Arrow of Divine Extermination?"

Qiu Rang shook his head "I don't know."

"Because he has the Golden Bow of Divine Extermination so he wants the arrow. I really don't like this tree, should we disturb his business?" Shadowless smiled.

Qiu Rang knew what shadowless meant. The bow was in boss's hands. Qiu Rang immediately nodded "Great idea, make a bid, it's just a tree."

Hearing shadowless and Qiu Rang call him a tree, Wen Deshui's face was green. The blue colour disappeared from his face. His hair really did make him look like a palm tree.

Zhuge Zhichen said calmly "Pill divine Ye your immortal pet is too rude. How dare they talk to a divine emperor like this."

Ye Mo was long annoyed with this Zhuge Zhichen. Now that shadowless gave him an opportunity and this guy was still talking shit, Ye Mo immediately yelled "Shadowless, don't talk like this again okay? A palm tree is a palm tree, don't say a tree. That's blasphemy."

"Boss, I understand, next time I'll palm tree." Shadowless laughed.

Zhuge Zhichen was scorned like this but he only smiled and said nothing.

Wen Deshui couldn't resist it and suddenly got up and waved a water ripple at Ye Mo.

As a primordial essence divine emperor, he could turn everything here into dust but he can also control his attack to be in one line.

This water ripple sliced across space towards Ye Mo. This fierce to an extreme killing intent didn't affect anything around them.

"Spaceless water slice." People immediately recognised Wen Deshui's signature god art. It was an extreme use of space law that could ignore space. All space that had water would be bound by this slice. Weaker people wouldn't even be able to move. Even strong people who didn't know space law well would be hurt.

Other than a few extreme dimensions, most dimensions had water in space much less a planet like this.

Ao Luan sighed. He didn't intervene this time. It was Ye Mo challenging Wen Deshui. If Wen Deshui still didn't attack under such situation, it was impossible.

Ye Mo didn't even get up and waved out a god rune as well as a spirit sense god art. He didn't attack with full power. If he did, he could release two god runes and another spirit sense god rune.

There was no point attacking with full power here. Wen Deshui couldn't kill him and he couldn't kill Wen Deshui.

"Great Primordial God Rune..." People were even more shocked. The Great Primordial God Rune also ignored space and came before Wen Deshui.

Great Primordial God Rune was a ferocious great god art and from the looks of it, Ye Mo's Great Primordial God Rune was no longer small mastery.

What shocked people even more was that Ye Mo only used realm domain and spirit sense domain to block Wen Deshui's slice. He didn't destroy it.

Just when people didn't understand why Ye Mo did this, shadowless suddenly reached out and devoured this spaceless water slice.

Everyone took in a cold breath. What god beast was this? Devour law god beast? How powerful was this? No wonder pill divine Ye didn't consider this primordial essence divine emperor a threat at all.

Ao Luan's eyes were spasming. He recognised shadowless was a mutated shadowless bug but didn't expect shadowless to be this powerful to have reached god tao. Even in the history of shadowless bugs, there was not a single god tao.

But soon, people's eyes were caught by Ye Mo's Great Primordial God Rune again.

Of course Wen Deshui recognised Great Primordial God Rune. He quickly palmed out as water ripple mirrors appeared before him. The Great Primordial God Rune crushed all these water ripple mirrors but more and more mirrors stacked before Wen Deshui.

Everyone saw the Great Primordial God Rune weaken and knew that Wen Deshui blocked this Great Primordial God Rune at least.

But everyone knew this was a small location. If they fought in the void, would Ye Mo just throw out a Great Primordial God Rune and not do anything else? Clearly, Wen Deshui had the lower hand.

Crack. When Ye Mo's Great Primordial God Rune dissipated, everyone thought this clash was over but they saw Wen Deshui's face change. His blue face went a little red. It was just for a brief moment but everyone saw this. Wen Deshui was injured a little.

Everyone looked at Ye Mo with different light. This was no dao essence divine emperor, this was clearly a primordial essence divine emperor.

Jiao Dan saw Wen Deshui's face go red and immediately knew that Wen Deshui was ambushed. He showed a happy smile.

But then, Jiao Dan felt more concerned with Ye Mo. Ye Mo was nearly twice as strong as when he fought him last time. This human divine emperor was insane and with his insane god beast, it was best not to mess with him.

Wen Deshui calmed himself and sat down. He was certain he was no match for Ye Mo. This Ye Mo was too terrifying.

He felt lucky Ye Mo didn't kill all the aquarius race at the god rank square. With how powerful Ye Mo was, even if Ye Mo did that, there was nothing he

Chapter 2214 As Wished

"I'll pay 6 billion god crystals for the Golden Arrow of Divine Extermination." Ye Mo said.

To others, Ye Mo clearly bid to annoy Wen Deshui and rob the Golden Arrow of Divine Extermination. He didn't have 6 billion god crystals but if the deal was made he would borrow from Jiao Dan. If Jiao Dan wouldn't do that, he would exchange with pills.

Ao Luan finally calmed his mood now. shadowless gave him a huge shock but Ye Mo gave him more shock. Ye Mo was no dao essence divine emperor, he was clearly an extremely terrifying primordial

essence divine emperor. How could a primordial essence divine emperor with Great Primordial God Rune be simple?

He definitely wouldn't believe that Ye Mo was a dao essence divine emperor who could take on a primordial essence divine emperor. No one would believe this.

Zhuge Zhichen knew Ye Mo was not bad but he didn't really take Ye Mo seriously. However, Ye Mo's clash with Wen Deshui shocked him quite a bit. He knew that if he fought Ye Mo and there was that god beast, he might not win. He might even lose. The Divine Dao Realm was broken everywhere and had no resources. How could a primordial essence divine emperor come out of that place? Was the human race going to rise?

Ao Luan smiled "Since pill divine Ye bid 6 billion, of course..."

"I'll bid 10 billion god crystals." Wen Deshui suddenly said.

Everyone knew that Wen Deshui was going to have a bid war with Ye Mo.

Ye Mo said "In that case..."

Everyone thought Ye Mo was going to give up.

Ye Mo suddenly smiled at Wen Deshui "I'll bid a cosmic dao pill, it's extreme grade by the way."

"What..."

When Ye Mo made this bid, everyone was dazed. Who would use cosmic dao pill to buy one Golden Arrow of Divine Extermination?

The cosmic dao pill was something extremely hard to concoct much less extreme grade. If this pill was given to a dao actualisation peak stage, he would spend his entire fortune to buy it. Even dao essence and primordial essence couldn't calmly face the cosmic dao pill. Who didn't want such pill?

The cosmic dao pill could not only help dao actualisation divine emperor learn dao wave law to reach dao essence but it can also help dao essence and primordial essence divine emperor learn cosmic god art.

Only the best dao essence pill divine could concoct such pill.

This wasn't just extravagance anymore but thinking about how Ye Mo was a dao essence pill divine, everyone understood.

Kong Han and Tian Rui knew Ye Mo had quite a few cosmic dao pills. The Void Marketplace merchant tower's cosmic dao pills must've come from Ye Mo. They earned a huge sum with that.

Wen Deshui was lost for words. Was this necessary? How could he even bid now.

Ao Luan said before Wen Deshui could bid "Okay, deal."

What else would he want?

Ye Mo was overjoyed when he got the 8th Golden Arrow of Divine Extermination. Everyone thought it wasn't worth for him but only he knew it was too worth.

This first deal caused quite some ruckus but it was finally done. However, everyone thought Ye Mo was an impulsive

guy-

Zhuge Zhichen stood out second. He took out a golden huge egg and said "This is a god beast egg of the flying flame ant. I'll trade with whatever I like."

Ye Mo sighed. At this level, there was nothing bad.

The flying flame ant was a very rare god beast. It could reach dao essence at its peak. At that level, it was no slower than extreme grade flying god artefact.

Not only so, once the ant reached god level, it would have a ring of golden flame around it that was extremely pretty.

If this was given to a girl, the girl would be overjoyed.

Seeing this, Ao Man's eyes showed desire. She clearly wanted this egg but she knew that even though she was the princess of the dragon race, she wouldn't be able to get this egg. This wasn't something that could be gotten with god crystals.

"I'll bid a golden light abstruse fruit." The first to bid was Tang Congyin the phoenix race primordial essence divine emperor.

What Ye Mo didn't understand was that she was a phoenix, she was already very fast. Why did she need this egg? The image of a phoenix flying on an ant occurred in Ye Mo's mind. That scene was too ridiculous.

Zhuge Zhichen shook his head "One golden light abstruse fruit isn't enough. If it's two primordial essence abstruse pill,

I would be willing."

The golden light abstruse fruit is a dao fruit that could allow primordial essence divine emperor to recover god essence but it wasn't very fast and could only be used once. If it was primordial essence abstruse pill made with the golden light abstruse fruit, it would be different. One pill could instantly let a primordial essence divine emperor recover 60% of his god essence.

Tang Congyin said in disappointment "I'll add another 2 billion god crystals."

"That's not enough either." Zhuge Zhichen said.

Ye Mo suddenly said “Immortal friend Tang. You’ve helped me quite a bit before. If you’re willing I can turn your golden light abstruse fruit into primordial essence abstruse pill immediately. It would take five minutes.”

“Pill divine Ye, you can help me concoct it?” Tang Congyin asked in surprise and joy.

“If you’re willing to believe me, of course.” Ye Mo said.

Tang Congyin desperately said “Of course I believe you...”

She already sent the jade box to Ye Mo. Other people needed the pill but so did she. With that pill, other primordial essence divine emperors would need to think twice before attacking her.

Hearing this, all the divine emperors stopped dealing and all looked at Ye Mo. After all, no one had seen a dao essence pill divine concoct pills.

Ye Mo knew what these people thought and he smiled “I prefer a quiet environment for pill concoction so I’m going to set up a restriction.”

He wasn’t going to show his pill concoction to everyone. His flame was divine flame Blue Like Morning Sky. This was more precious than Primordial Spirit Artefact. His pill cauldron wasn’t ordinary too. Shen Nong cauldron, even now, Ye Mo didn’t know what it was.

There was no way he was going to show all these things to all these primordial essence divine emperors.

Ye Mo set up a few restrictions and disappeared from the palace. The divine emperors just realised that the restrictions Ye Mo set up casually were top level restrictions.

Although no primordial essence divine emperor was weak at restrictions and formations, Ye Mo did this so easily meaning that he was a master amongst master for formation.

It was easy for primordial essence divine emperors to pierce Ye Mo's restriction with spirit sense but if one did this, this was a death conflict.

Chapter 2215 Abstruse Yellow Chi

Primordial essence abstruse pill was extremely useful to primordial essence divine emperors but it was no harder to concoct that cosmic dao pill. Ye Mo could even concoct 12 extreme grade cosmic dao pills. A cauldron of primordial essence abstruse pills were done in less than five minutes.

Ye Mo took three pills and placed nine into a jade bottle. It wasn't that Ye Mo wanted to steal it but Ye Mo had a purpose for helping Tang Congyin.

His cultivation level was too low before and he only stayed at the dao fruit tower square for business for half a day before he had to leave.

Now that his power was on par with primordial essence, it would attract huge numbers of divine emperors to come to him for pill concoction after he showed his skills.

The people here were either half primordial essence or primordial essence. The weakest was dao essence divine emperor. One could imagine how much fortunes these people had.

He said that his cauldron of concoction would have nine pills. If it became 12 pills here, people would think he was taking a huge advantage and he would have less pills to collect.

No one broke Ye Mo's restriction but everyone was staring at it. A few divine emperors who wanted the egg stopped bidding. One was that Tang Congyin was phoenix race primordial essence divine emperor, that had to pay her some respect. Secondly, they wanted to see if pill divine Ye was deserving of his title.

Those people who got pills from Ye Mo dashed away as quickly as possible. No one would tell people they had extreme grade dao fruit god pills. Ye Mo's name got out but the powerful beings weren't too sure.

If Ye Mo could really concoct primordial essence abstruse pills, then it was good for everyone here.

Ye Mo said five minutes but no one really believed Ye Mo would be done in five minutes. Even if Ye Mo needed 15 minutes or more, no one would mind.

But clearly, Ye Mo's pill concoction speed was far beyond their expectation. It was less than five minutes and Ye Mo put away the pill concoction barrier. He took out a bottle of pills from the restriction.

Tang Congyin looked anxiously at Ye Mo. She didn't know if Ye Mo succeeded or failed. Ye Mo smiled and gave the jade bottle to her "Immortal friend Tang, it's not bad, have a look."

Tang Congyin immediately opened the jade bottle and then called out in surprise and shock "Nine extreme grade primordial essence abstruse pill? Pill divine Ye, you're not a dao essence pill divine, you're a primordial essence pill divine?"

With this, everyone looked at Ye Mo in completely different light.

Primordial essence pill divine, this was a legendary existence. In history, it's only said that one primordial essence pill divine came from the human race. Then, there was no more.

Ye Mo knew Ye Mo wasn't primordial essence pill divine yet so he smiled "I'm not primordial essence pill divine yet but immortal friend Tang. You got your pills, you can do your deal."

"That's right." Tang Congyin woke up from her excitement and then she remembered Ye Mo's payment "Pill divine Ye, you helped me concoct a cauldron of primordial essence abstruse pills, I'll give half to you."

Ye Mo waved his hand "Immortal friend Tang, you've already helped me before. Don't give these few pills to me. I'm a dao essence pill divine, I can get pills whenever I want."

Tang Congyin looked at Ye Mo and smiled sweetly "Since pill divine Ye says this, I won't be too polite. The phoenix race welcomes pill divine Ye at anytime. Pill divine Ye, Tang Qi whom you saw last time is a natural seductive body. If you like her, I can help you out."

Ye Mo quickly waved his hand “Thank you for your good will immortal friend Tang, I already have a dao partner.”

Zhuge Zhichen suddenly laughed “Immortal friend Tang instead of helping others, you might as well help yourself and pill divine Ye. I think you two are quite a good match.”

Ye Mo looked at Zhuge Zhichen in some confusion. This guy’s attitude towards him seemed to have changed.

The young girl face of Tang Congyin showed a sliver of redness and embarrassment “I’m willing but pill divine Ye doesn’t want to. He said he already has a dao partner.”

Then, she looked deeply at Ye Mo.

Ye Mo suddenly felt goosebumps. Who knows how old this Tang Congyin was and she acted shy like a young girl.

Ye Mo didn’t want to offend Tang Congyin and quickly said “Immortal friend Tang, you should hurry and deal with immortal friend Zhuge.”

Tang Congyin rolled her eyes at Ye Mo and then said to Zhuge Zhichen “Little Zhuge, I’ve already gotten the primordial essence abstruse pill, give me the egg.”

Then, Tang Congyin threw out two pills to Zhuge Zhichen.

He didn’t hesitate and threw the egg to Tang Congyin.

Then, Zhuge Zhichen said to Ye Mo “Pill divine Ye, I didn’t expect your pill concoction skills were at this level. I take back what I said before. I believe immortal friends Tang and Len were right. As a top pill divine, it’s good for your to come. The beast race has a lot of spirit items, pill divine Ye must come to our race when you’re free.”

Zhuge Zhichen clearly wanted to suck up to Ye Mo. He was against Ye Mo going the most but now, he was the most eager one. However, people knew that there weren't much conflict between the two.

Ye Mo didn't act up towards Zhuge Zhichen's sign of good will. The human race was split apart, an ally now was better than an enemy. He saluted with his fists and said "Thank you immortal friend Zhuge, I will go to the beast race when I'm free."

Tang Congyin sneered in contempt. She felt Zhuge Zhichen was too materialistic. As soon as Ye Mo showed some power, Zhuge Zhichen came to suck up to Ye Mo. What was he doing before?

Jiao Dan coughed "Pill divine Ye, we're friends too. I've also agreed to Ye Mo going to that place. See, you helped immortal friend Tang concoct pills. I might not be as pretty as her but..."

Ye Mo knew what this monk was going to say and said "Brother Jiao is right. Plus, I feel that brother Jiao might not be less prettier than immortal friend Tang. After the deal is done and brother Jiao wants pill concoction, it's just a matter of a word."

Then, Ye Mo added "Of course if brother Len needs pill concoction, I'm happy to help."

The human race was alone, Ye Mo wasn't going to let go of the opportunity of getting some allies. There was no major conflict between him and the abyssal, phoenix and beast race.

Len Shuoqi showed a genuine smile this time "Then thank you pill divine Ye."

Seeing Ye Mo connect with everyone, demon race Pu Yangsi was immediately annoyed. Ye Mo was someone he must kill. Ye Mo killed his demon race divine emperor, how could he let Ye Mo go? According to his investigation, Ye Mo killed another demon dao essence Mo Fu.

Dao essence was precious to any race and yet Ye Mo killed two. So what if Ye Mo had great god art Great Primordial God Rune? He wasn't an idiot like Wen Deshui.

He could join up with Wen Deshui to attack Ye Mo.

Seeing Ye Mo still want to keep talking to Ao Luan, Pu Yangsi immediately said loudly "Since the two rounds of deals before were exciting, I won't disappoint everyone too."

Everyone's attention was caught by Pu Yangsi. Pu Yangsi raised a black gourd and said "What I want to trade is inside this gourd. What's inside is some abstruse yellow chi that was formed at the beginning of the universe. I also want whatever I like..."

Before Pu Yangsi finished, he was interrupted by all sorts of noises.

There were two types of abstruse yellow chi, one was the chi formed with the creation of the world. This chi filled the world but it was hard to find complete one. Another type was the chi formed by the abstruse yellow bead. Abstruse yellow bead was the best Primordial Spirit Artefact. It was on par with chaos divine treasure.

Both types of chi could cleanse immortal's wisdom and immortal root. It would help correct their cultivation method. The person who got the abstruse yellow bead can cultivate inside it. His speed would be many times that of other people and would be invincible amongst peers.

The natural abstruse yellow chi is more precious as it can be used to learn chaos dao and reach primordial essence.

Chapter 2216 Huge Secre

Abstruse yellow chi was extremely precious but Ye Mo didn't have to have it. He had more chaos chi. Chaos chi was just like Abstruse yellow chi. They both came after the birth of the universe. Abstruse yellow chi was more valuable than chaos chi in that it could cleanse one's spirit and immortal root as well as make the body stronger.

Now, Ye Mo had reached divine body. His bitter bamboo and chaos tree had the same spirit cleansing and immortal root cleansing abilities.

Comparatively, the chaos chi was more valuable in learning chaos dao as well as condensing god art law. Therefore, the chaos chi was more useful to him.

The reason he used that many chaos chi to reach dao actualisation peak stage was because his cultivation method was too powerful and he had the chaos tree. If it was some other person who had a gourd full of chaos chi like this one, he could even use it to vindicate primordial essence divine emperor.

Even if Ye Mo wanted this gourd of Abstruse yellow chi, he didn't have the power to contend.

Ye Mo didn't contend for it but other people did. Soon, all sorts of dao fruit, extreme grade god artefact top god spirit item and even truth spirit world came out.

Ye Mo saw a half primordial essence bid a markless glass light. Pu Yangsi didn't agree but Ye Mo was interested.

This was a top void immortal material. It was level 13. This material was extremely rare and hard to capture. It was a bit like void flying snow but countless times rarer and more valuable.

This material was the best material for making flying magic artefact.

This half primordial essence had a lot of this material. It would be more than enough for one flying god artefact.

Ye Mo was interested but he didn't intervene at this time. After Pu Yangsi's turn it was his turn.

After a round of bidding, this Abstruse yellow chi was eventually taken by Ao Luan using three extreme grade god spirit range, two heaven li fruit and one bottle of dragon chi. The most precious thing Ao Luan took out was the dragon chi and it was due to that the Pu Yangsi agreed.

Seeing the Abstruse yellow chi getting taken away, many people felt pity. They knew that since Pu Yangsi could take out one bottle, he definitely had a second one but no one dared to make him take out a second one.

After the deal, Ye Mo also interrupted the happy Pu Yangsi and took out a small jade bottle "I also have a bottle, but it's not Abstruse yellow chi, it's chaos chi..."

Before Ye Mo finished, there was a huge rustling. This social exchange gathering was too worth it to come. Not only was there Abstruse yellow chi but also chaos chi. These were all things needed for vindicating primordial essence.

Seeing people start bidding before he finished speaking, Ye Mo was a little helpless. He underestimated how much the chaos chi was desired.

Tang Congyin laughed “No wonder immortal friend Ye wasn’t interested in the Abstruse yellow chi. You have something equal to it.”

Ye Mo guessed that half primordial essence would definitely take out the markless glass light. If this person took it out, he would trade immediately. If this guy didn’t take it out, he would ask for it.

As soon as Ye Mo thought of this, the half primordial essence took it out again “I’ll use markless glass light and 5 billion god crystals.”

He was more desperate than Ye Mo to use chaos chi to vindicate primordial essence. He added 5 billion god crystals this time just so he wouldn’t fail again.

“Okay, I’ll trade with you.” Ye Mo sent the bottle to the half primordial essence.

Seeing this, the half primordial essence took it joyfully and gave the markless glass light out without hesitation.

“Wait...”

A voice suddenly said and was going to grab the markless glass light and storage ring.

Ye Mo had been staring at this for half a day, how could he let someone intervene. Plus, he paid for this. He sensed this the moment the person attack and swept his hand too.

Two god essences exploded in the air. Ye Mo opened his spirit sense domain and protected the material and the storage ring bringing it to him.

Before the explosion could fully spread, it was annihilated by a few other primordial essence divine emperors.

Ye Mo then stared coldly at the half primordial essence and said “Do you want to break the rules of trade at the dragon palace?”

At the same time, Ye Mo was thinking why a half primordial essence had the guts to rob his things half way. Ye Mo’s spirit sense scanned this half primordial essence without hesitation. Ye Mo’s spirit will nine transformations had reached 7th transformation, void. The half primordial essence’s stealthed realm domain was immediately smashed open.

At the same time, Ye Mo realised. This guy was actually a primordial essence divine emperor.

When Ao Luan who was going to rage discovered that this person was a primordial essence divine emperor too, there was confusion and shock in his eyes. His tone changed “This is probably winged race Cang Luo divine emperor right?

Congratulations on reaching primordial essence. You didn’t invite us old people to your primordial essence ceremony.

That’s not nice.”

Cang Luo clearly didn’t expect someone could use the best spirit sense god art to break open his realm domain exposing his cultivation level to everyone. Ye Mo’s spirit sense god art was too shocking. It was as though he had been washed in the endless void.

He quickly saluted with his fists “Cang Luo was impulsive just then please forgive me Ao Luan. I’ve just reached primordial essence and hadn’t had time to stabilise my power so I didn’t dare to startle immortal friends. I was planning to invite everyone after some time but I exposed it today.”

“Haha, congratulations on reaching primordial essence. When immortal friend Cang Luo holds the ceremony, I Pu Yangsi will definitely come disturb you.”

Pu Yangsi immediately showed good will to Cang Luo seeing that he had conflict with Ye Mo.

Cang Luo thanked and then saluted with his fists to Ye Mo “Pill divine Ye, that markless glass light is extremely important to the winged race. I was planning to deal with this immortal friend privately but pill divine Ye dealt with him first. I acted in a rush, please forgive pill divine Ye.”

Ye Mo didn’t really care as long as he had the item so he said magnanimously “It’s fine, I won’t mind.”

Cang Luo still said “Pill divine Ye, this material is extremely important to the winged race. Please name a price, if it’s something I can take out, I won’t be stingy.”

Ye Mo needed this material for the for his flying magic artefact. He wasn’t going to give it out just because Cang Luo said he needed it.

Thus, Ye Mo said “Sorry, I really need this too.”

“Selfish people are like this. He needs it for his entire race but some people just wants to take it for his own selfish purpose. I’m ashamed to be with such people.” Pu Yangsi scorned.

Ye Mo stared coldly at Pu Yangsi “Pu Yangsi, since you’re so generous then give me your Abstruse yellow chi. I’ll give the markless glass light to immortal friend Cang Luo. Don’t tell me you don’t have any. If you’re not willing to do that then don’t talk shit.”

Cang Luo suddenly sound transmissioned to Ye Mo “Pill divine Ye, if you’re willing to give it to me. I’m willing to tell you a huge secret. I promise everyone would want to know this secret.”

Chapter 2217 Gang Up Due To Green Lotus

Ye Mo cursed Cang Luo for being an idiot. In order to ensure fairness, the dragon race has set up sound transmission restriction. This meant that everyone couldn't bid secretly.

Cang Luo was a primordial essence divine emperor but he had no status here. He was just a new primordial essence divine emperor. He was an idiot for daring to sound transmission under such circumstance. Even he would have to be careful.

As soon as Cang Luo said this, his face changed. Clearly, he realised he had done a stupid thing.

Zhuge Zhichen said "I seemed to have sensed some sound ripple. Immortal friend Cang Luo what good thing is it? Why don't you share it with everyone?"

Cang Luo wanted to slap himself a few times. He knew that this was because he cared about the markless glass light too much.

He was straight forward and got up "The winged race really needs the markless glass light. Immortal friends, if you can give it to me, I'm willing to share the secret with everyone. The glass light is only a level 13 material, it's not very rare. Pill divine Ye, my winged race is far from its prime but we have quite some level 13 immortal materials. If you're willing to give the glass light to me, you can choose any level 13 material from the winged race."

Len Shuoqi had some good impression towards Ye Mo. Seeing how Cang Luo wanted to use this method of giving pressure to Ye Mo and get the material, he felt contemptuous. He said calmly "Immortal friend Cang Luo, you mean to say that if immortal friend Ye doesn't take out the markless glass light, you wouldn't tell us?"

Cang Luo bit his teeth and said "Yes."

Ye Mo sneered. Even if he didn't take it out, Cang Luo thought too simply wanting to give him pressure through other primordial essence divine emperors. If the markless glass light wasn't rare what was?

Wen Deshui said slowly "Immortal friend Cang Luo you need to tell us what the secret is about. See if it's worth pill divine Ye giving the material to you."

Ye Mo knew that Wen Deshui meant to say that he wanted to see if the secret was worth other people helping.

Cang Luo had decided to use all means necessary. Now that Wen Deshui and Pu Yangsi were backing him up and the two dragon primordial essences didn't talk, clearly they were waiting to see if this news was worth the value.

"Okay, I'll say it. I know where the chaos green lotus is. I can take everyone there. I can't open it alone but with a few primordial essence friends, we can definitely get it."

Cang Luo's words were like a nuclear bomb.

In the endless void universe, there were the ten great spirit items.

Chaos green lotus was the first. This was the only chaos spirit item. It could be said that in this world, there was nothing more precious than the chaos green lotus other than the chaos tree. Just what use did the markless glass light have for the winged race? They were even willing to spill such a secret.

Cang Luo said "If I can get the markless glass light I will immediately say where the chaos green lotus is. I believe everyone knows the talent of the winged race. If I want to leave here, no one can stop me. If I hide, no one will be able to find me again."

Cang Luo said this so people wouldn't coerce him to tell where the lotus was.

Wen Deshui heard this and got up while looking at other people. Pu Yangsi got up without hesitation and looked at Ye Mo.

Even Zhuge Zhichen smiled and saluted with his fists "Pill divine Ye, the chaos green lotus is too attractive. I have no choice but to get up."

Ye Mo knew that this guy was purely benefit motivated. It was normal for him to change sides so quickly.

Cang Luo looked at the dragon race. Ao Luan didn't move but Ao Xi got up and saluted with his fists "Pill divine Ye, the chaos green lotus is no small matter. I promise that even if pill divine Ye gives out the markless glass light, you won't lose out. We few primordial essence divine emperor are willing to pay for it together. Even if others don't the dragon race is willing."

Ao Luan didn't get up but Ao Xi clearly represented the dragon race.

Ye Mo sneered. Indeed, in front of interests, all the good words were bullshit.

Other than Ao Luan who didn't talk, there were already six primordial essence divine emperor who signalled for Ye Mo to take out the markless glass light. No matter how powerful Ye Mo was, he wouldn't be able to escape from six primordial essence divine emperor.

Even so, Zhuge Zhichen smiled at Tang Congyin, Len Shuoqi and Jiao Dan. What do you three think? He didn't even care about the half primordial essences.

Len Shuoqi hesitated for a while and said "Everyone wants the chaos green lotus. No one can take it for themselves.

But the markless glass light belongs to pill divine Ye. We'll listen to pill divine Ye."

Len Shuoqi said this but didn't get up.

Ye Mo had only seen Len Shuoqi once and yet Len Shuoqi did this. This meant that this person was worth becoming friends with. If it was Zhuge Zhichen, he would've long gotten up.

Jiao Dan was very happy that Ye Mo did as he promised and didn't call him fried egg. Just when he was about to say he wasn't going to give up chaos green lotus but there was no way he was going to help Cang Luo rob things, Ye Mo got up.

"Everyone, the markless glass light is in my hands but I don't plan to give it out. no one can take it from me, if you want to fight then go ahead."

Then, Ye Mo took shadowless and Qiu Rang into the Golden Page World. He was not weaker than any primordial essence divine emperor right now. Even though he used Golden Page World in front of these primordial essence divine emperor, no one knew about it. But Ye Mo planned to leave. He knew that he was no match for these primordial essence divine emperors joined up. If he was a true primordial essence divine emperor, he would never run.

Cang Luo's face changed when he saw Ye Mo not planning to take out the material under the pressure of six primordial essence divine emperor. When he saw Wen Deshui and Pu Yangsi's sly smile, he knew that he was used.

But nevertheless, he was going to get the material. It was too important for his race.

Seeing Ye Mo retreat a few steps, Ao Luan suddenly got up and said "Pill divine Ye, this guest palace is an important ground to the dragon race, don't bother thinking about tearing space and leaving. I believe a markless glass light is nothing too important. Why not take it out, you can get a share of the chaos green lotus? Compared to that, the markless glass light is really nothing."

"Really? Then I must really try." Ye Mo said calmly and walked two steps in the void and threw out a few formation flags while releasing Zi Xu.

He had some guilt towards the dragon race before. Shadowless took too many of their fruits but now, he felt shadowless took too little. It was best that he took the entire garden.

They changed face way too quick. His bottle of purple heaven pills had gone to waste.

If it was some other primordial essence divine emperor, he wouldn't be able to tear open space but Ye Mo was a formation master and he checked this formation when he came in.

He had never thought he would flee here but checking the formation for a way out was a habit.

Ye Mo reacted quickly but so did the other divine emperors. Almost at the same time Ye Mo released Zi Xu, a few magic artefact lights struck towards Ye Mo's back.

Chapter 2218 Great Kun Demon God Sutra

Rumble rumble. Ye Mo's realm domain cracked apart. One dark ray that far surpassed other magic artefact rays tore open Ye Mo's realm domain and smashed on Ye Mo's body first. Even though Ye Mo was divine body, blood mist flew.

But due to this, Zi Xu tore open space and Ye Mo disappeared.

The people in the guest palace were all shocked. Ye Mo only spent one second to leave but the power he showed in such a short time was unbelievable.

Ye Mo's pill concoction restriction showed his powerful formation skills. Now that he left this guest palace, it meant that he could find the formation door of the guest palace. To be able to do that in such a short time, clearly Ye Mo's formation skills were far beyond anyone here.

With how he used his body to block Pu Yangsi's strike and only spraying some blood, it meant that his body refinement was at divine body level.

Ye Mo was a pill divine too. Even those powerful beings born at the beginning of chaos were at most like this.

Pu Yangsi wasn't happy at all that he got Ye Mo. His face was already grey and now it was even bleaker. He knew that his strike didn't do damage to Ye Mo at all. Now, there was greater conflict between them.

He knew that if Ye Mo left here, no one would go hunt Ye Mo. The reason the dragon race and Zhuge Zhichen attacked was to get the markless flowing light from Ye Mo. Now that it was gone, they had no conflict with Ye Mo. Of course, this would depend if Ye Mo would get revenge.

Ao Xi released his magic artefact but his attack was a little slow and didn't touch Ye Mo. Those who really attacked Ye Mo was Pu Yangsi, Wen Deshui, Cang Luo and Zhuge Zhichen.

These few primordial essence divine emperors sat down, Cang Luo was gone.

The winged race primordial essence divine emperor had strong control over space and had immense speed too. Unless there really was a powerful being that could completely turn the surrounding space to be his, otherwise he wouldn't be caught. Even Ye Mo could only use one region god art in a set location and time.

Of course, if Ye Mo reached primordial essence, then his one region god art would upgrade and could completely keep Cang Luo.

Ye Mo stood in the void and was very annoyed.

The markless glass light was level 13 material but it was extremely rare. This piece was this huge too. It was no less precious than primordial material. Other people didn't take it not because they didn't know how precious it was but because they couldn't find a top level forgery divine.

Ye Mo was a top level forgery divine. How could he let such a big piece go?

If this thing fell into Cang Luo's hands, Ye Mo was certain even he wouldn't be able to get it back from Cang Luo.

More importantly, who didn't want the chaos green lotus. He wanted it too but he knew that with this many primordial essence divine emperors searching for it, even if he found it he would have no advantage.

As long as he took the markless glass light, Cang Luo would definitely run. That way, the chaos green lotus wouldn't be exposed. Ye Mo didn't need to worry about Cang Luo taking the lotus. If he could, he wouldn't spill this secret.

He had the material. As long as Cang Luo couldn't find another one, he wouldn't need to worry about Cang Luo not searching for him. Ye Mo knew this thing was very useful to Cang Luo. Even if he was to give it to Cang Luo, he wouldn't let other divine emperors take advantage of it. He was the one giving the markless glass light to Cang Luo, why should other people get a share.

But Ye Mo didn't plan to share the chaos green lotus with Cang Luo. The main reason he got the markless glass light was to forge flying god artefact.

He received some injuries but these injuries were nothing to the chaos tree. He recovered and then immediately went out to find a way to leave.

Ye Mo had been through so many voids and now, his spirit sense could feel the void realm. He easily tore open the void before him and returned to a familiar place.

Ye Mo's spirit sense was on par if not stronger than primordial essence divine emperor right now. however, no matter how strong the spirit sense of a dao essence divine emperor was, there was still a qualitative difference compared to primordial essence divine emperor.

Ye Mo's spirit sense cultivation method was extremely powerful but before learning primordial essence dao, it was impossible to break open these high level void realms.

Ye Mo released blue moon and gave the Guang Yuan palace location orb to shadowless. He let the three fly blue moon towards the Guang Yuan palace while he went inside the Golden Page World. He was prepared to forge extreme grade flying god artefact. He never planned to give the markless glass light to the winged race.

In the immortal realm grand heaven domain chaos star realm, Yan Jiutian stood at the entrance to the 5th level for a long time before saying "I can go out."

He had returned to immortal emperor peak stage. But this time, he was in no rush to vindicate dao. After experiencing all this and how the Divine Dao Realm tunnel was exposed by a divine emperor called Li Xiu, he realised that relying on the 33 heavens to vindicate dao was a joke.

33 heavens was the broken immortal realm, it would be strange if that could vindicate dao.

The reason he chose the 33 heavens to vindicate dao and not some other means was because he didn't want to vindicate an ordinary dao. He wanted to surpass everyone.

He went into the chaos star realm to prepare himself for going to the Divine Dao Realm. He was going to vindicate dao there.

You're Yan Jiutian?" A cold voice sounded and then a grey robed man came before Yan Jiutian.

"Who are you?" Hearing this person dare to talk to him in such tone, Yan Jiutian's face sunk.

This person was extremely skinny and only immortal emperor primary stage.

"You don't need to know who I am but did you take the three death dao fruit at chaos star realm level 7?" This skinny immortal emperor primary stage asked coldly.

Yan Jiutian was so furious that he laughed. How dare an immortal emperor primary stage talk to him in such arrogant tone.

"You want death dao fruit? Let the emperor see if you have the capability." A black line on Yan Jiutian's wrist suddenly turned to countless dark rays that formed a huge net. It locked the nearby space and loomed towards this skinny immortal emperor primary stage.

This skinny immortal emperor waved out a golden light. Yan Jiutian realised that this was a golden staff. It easily tore open Yan Jiutian's black net and his immortal emperor domain.

Yan Jiutian was extremely shocked. He had never lost to someone of the same cultivation level. This was someone weaker than him.

The golden staff was extremely terrifying. It expanded and shot down tens of thousands of buddhist rays.

Yan Jiutian felt this was extremely eerie. On the outside, it looked like tens of thousands of golden buddhist light but when it fell, it was bleak like demonic hell.

Yan Jiutian immediately realised this was Great Kun Demon God sutra. The most terrifying demon dao cultivation method. It's said to have been left behind by a demon race powerful being. How could someone in the immortal realm have this? More importantly, this person fused the demon sutra with buddhist light.

“Wait, your magic artefact belongs to Nan Ming heaven Zen temple’s number one master Gongzhi Cangming. Why is his magic artefact in your hands?” Yan Jiutian asked seriously.

As he spoke , the dark mist turned into countless dark rays that blocked the buddhist light.

Chapter 2219 Dongfang Wang’s fury

Buddhist light clashed with the dark rays and exploded out countless dark beams. There was clearly buddhist light but after the explosion there was no golden light at all. The terrifying immortal essence force cracked the nearby void.

The realm space of the chaos star realm was extremely tough. Ordinary immortal emperor wouldn’t even be able to break it at all. Yet, Yan Jiutian’s battle with this little immortal emperor primary stage cracked the space. One could see that their god art was far beyond ordinary immortal emperors.

Yan Jiutian was smashed flying by this terrifying power. That immortal emperor primary stage retreated a little but Yan Jiutian’s heart sunk. He was actually out matched by an immortal emperor primary stage.

He had never thought he would lose again to someone of the same cultivation level. He lost to Ye Mo who was weaker than him before and that was already his shame. Now, he lost to an immortal emperor primary stage. Yan Jiutian was thinking, was he really getting old?

Yan Jiutian’s confidence was crushed.

When he lost to Ye Mo twice, he wasn’t this defeated as he knew his cultivation level hadn’t recovered. But now, there was another maniac. In just one clash, he was at the disadvantaged.

“Who are you?” Yan Jiutian asked.

“You have the right to know who I am. The emperor is Dongfang Wang.” The skinny immortal emperor said and then the golden staff emitted tens of thousands of golden light. He was a little shocked himself. He had been used to being invincible amongst peers. So what if this guy was immortal emperor tertiary

stage? This was the first time he saw someone clash head on with him and not be at a great disadvantage.

Dongfang Wang? Yan Jiutian thought for a long time and couldn't think of who this was.

"I've never encountered a match amongst peers. Seeing how you can escape under my buddhist light, I'll give you an opportunity. Hand over the three death dao fruit and go. I won't kill you." More light gathered on the staff but Dongfang Wang didn't attack.

"Invincible amongst peers?" Yan Jiutian sneered, "Say that when you encounter that guy. I'm weaker than you now but keep dreaming if you want my death dao fruit.

Yan Jiutian shook and disappeared.

Dongfang Wang reached out his spirit sense and didn't find any trace of Yan Jiutian. He immediately frowned. He felt his experience was lacking compared to these old guys of the immortal realm. Yan Jiutian probably used space breaking to run away. If his immortal friends domain could see the space up here Yan Jiutian wouldn't get away so easily.

"I can leave here too." Dongfang Wang's eyes showed fervour. A woman appeared in his mind. When he was only a golden immortal, she gave some pills and immortal crystals to him.

At that time, he knew the difference between them was heavens apart. If he wanted to know her, he would have to bring his cultivation level to the peak.

He cultivated like crazy. Other people would need hundreds or thousands of years to break through but he only need a few decades.

For the same god art, other people could only release 70% of the power but he could release 120% of the power. The things other people didn't understand, he only needed to devour abstruse yellow chi to understand.

He had a secret no one knew and that was he killed Gongzhi Cangming's essence spirit. He got a bead from this skeleton. This bead was called abstruse yellow orb.

In order to speed up his cultivation, he had always been in the chaos star realm. There was many dangers here but also many fortunes.

Because he had the abstruse yellow orb, his life was saved countless times.

He also fused Gongzhi Cangming and his Great Kun Demon God sutra in the orb. Those who didn't fight him would never know his terror. If that Yan Jiutian dared to keep fighting, he knew he could kill Yan Jiutian.

He wasn't worried of exposing his staff. His power gave him the confidence. He would say he found the staff. Would the Zen Temple dare to say anything?

Before the Mo Yue Immortal sect, a grey robed skinny man appeared. His eyes were spewing with anger. He swore he would turn Mo Yue immortal sect to dust and kill everyone there.

This person was Dongfang Wang.

The first thing he investigated when he came out of the chaos star realm was Zhen Bingyu. Her extreme beauty and figure was deeply imprinted in his mind.

Dongfang Wang was a firm willed person. He loved Zhen Bingyu but he knew that only when he reached immortal emperor would he have the right to say he loved her.

Now that he reached immortal emperor in the grand heaven domain, he immediately came down to Gong Hua heaven to learn about Zhen Bingyu.

He didn't spend long to find out that Zhen Bingyu went to Mo Yue immortal sect frequently. He also found out that she seemed close with the sect leader Ye Mo.

When he first heard of Ye Mo, he didn't realise that Ye Mo was the person who annihilate Xi Tang on Earth. When he saw Ye Mo's image and heard of what he did, his fury was completely ignited. The sect leader of Mo Yue immortal sect was the person he hated the most.

He thought Ye Mo was a small cultivator but instead, this person was an immortal emperor and built the Mo Yue immortal sect.

Ye Mo hunted him everywhere on Earth and even in the immortal realm, he was still above him. The goddess he loved the most was Zhen Bingyu and yet Ye Mo was shameless enough to be with some otherworldly beauty like her.

If he didn't kill Ye Mo, how could he release his anger. He was no longer the weak Dongfang Wang on Earth. He was an invincible immortal emperor. He believed he could kill Ye Mo with his demonic buddhist light.

He was going to annihilate Mo Yue Immortal Sect, kill Ye Mo and everyone related to Ye Mo.

If it was some other thing, Dongfang Wang could contain his anger but thinking about how the woman he loved was with Ye Mo, how could he resist? Plus, with his power, he didn't need to forebear. That perfect figure in the depth of his mind was ruined by Ye Mo.

Rumble. His golden staff struck on the defense formation of Mo Yue Immortal Sect.

Immediately, almost the entire sect knew the formation was being attacked. The formation instantly activated countless formation light.

Facing such beams, Dongfang Wang could only retreat. But no matter how powerful this defense formation was, he was going to break it.

"Who are you? How dare you attack the Mo Yue Immortal Sect." A woman appeared at the formation door and yelled. Tens of dashing lights came out behind him.

"A mere immortal king dares to mind the emperor's business. The emperor shall turn Mo Yue Immortal Sect to dust. Where is Ye Mo. Let him see who I am." Dongfang Wang felt very satisfied.

"Immortal emperor?" The woman called out in shock.

Mo Yue Immortal Sect had quite a lot of immortal emperors but they weren't in the sect.

Due to Mo Yue Immortal Sect's fame, the immortal emperors didn't even need to stay in the sect, two of them went to the Divine Dao Realm and the rest didn't stay in the sect.

The woman was vice sect leader Lu Feng. Just when she was worried and about to send flying messenger sword to call back the few immortal emperors, she heard a soft voice "Who is going to turn immortal friend Ye's Mo Yue Immortal Sect to dust?"

"Qian bei..." Lu Feng saw the person and opened the formation in surprise and joy before bowing.

Dongfang Wang just wanted to reproach but he found the nearby space to be completely bound. He couldn't even move at all.

A beautiful middle aged woman smiled to Lu Feng "I was just at Extreme Wind heaven and I sensed my mark on the formation being attacked so I came over."

Hearing this, Dongfang Wang was scared soulless. How far was the extreme wind heaven from Gong Hua heaven? How long had he even been attacking the formation and this person was here. What power was this? Divine emperor?

Chapter 2220 Flee Like A Dog

This was definitely a divine emperor. Dongfang Wang immediately realised. No matter how strong an immortal emperor was, he wouldn't be bound by one. No immortal emperor would be able to cross this many heavens in such a short time.

Dongfang Wang knew this woman was close to Ye Mo.

Dongfang Wang knew that whether he could live or not today depended on if this woman was murderous. For the first time today, he felt he was impulsive. He knew about dao vindication divine emperor but he had never heard of one in the immortal realm.

It was because he knew there was no divine emperor and no one could stop him that he was this cocky. Yet, a divine emperor appeared in the immortal realm. This divine emperor also happened to be close to the Mo Yue Immortal Sect he was going to attack. One's luck couldn't be this bad right?

You want to annihilate Mo Yue Immortal Sect? Mo Yue Immortal Sect is the leader by example of the immortal realm. They never abuse the weak. What right do you have to annihilate Mo Yue Immortal Sect?" The woman greeted Lu Feng and then asked Dongfang Wang coldly.

This woman was Li Xiu. After Ye Mo helped her out a great deal, she stayed at the immortal realm guarding the tunnel to Divine Dao Realm. She didn't like to kill and thus didn't attack Dongfang Wang. If it was some bad tempered dao moulding divine emperor, he would've turned Dongfang Wang to dust with one palm.

Dongfang Wang said with fury "I've always been cultivating in the chaos star realm. I have two prides in my life. One is that I have an extremely beautiful and loving wife. The second is that I have the best immortal spirit root."

Li Xiu used spirit sense to check Dongfang Wang and saw that he wasn't lying. His immortal spirit root was definitely the best and he wasn't old.

Dongfang Wang said hatefully "My wife's father didn't like us being together. I've ignored death cultivating in the chaos star realm just so I can reach divine emperor earlier and take my wife to see her father and let him accept me. However, when I came back I saw that my wife was taken away and abused. I, I..."

Dongfang Wang knew that if he lied to a divine emperor, it would be seen through. His hatred towards Ye Mo was real. Ye Mo robbed the person he loved so much on Earth, An Zhiqi and now took away the goddess he loved in the immortal realm.

With how Ye Mo annihilated Xi Tang and chased him like a dog, how could he forget this hatred.

Li Xiu nodded. She could tell that Dongfang Wang's hatred was real.

"When I asked, I found out that it was Mo Yue Immortal Sect Ye Mo who took my wife by force. Even if my soul is annihilated, I will get revenge. Qian bei, I know I may not be a match for you. You can kill me if you want but there's no way I would give up my hatred towards Ye Mo..."

Li Xiu said calmly "Let's not talk about whether the news is real or false. Even if Ye Mo took your wife, you can only get angry at him. What has this got to do with Mo Yue Immortal Sect?"

Dongfang Wang dazed. He seemed to realise that he shouldn't be angry at Mo Yue Immortal Sect. His emotions calmed down a little "yes, qian bei, I shouldn't bring this on others. I was just so furious. Please punish me. I know with qian bei here I can't kill Ye Mo this evil bastard. But before you kill wan bei, wan bei wants to see my wife."

Lu Feng yelled "Keep your mouth clean. Sect leader Ye is a person of great honour, would he rob the wife of someone like you? Pfft."

Li Xiu asked plainly "How long have you been cultivating in the chaos star realm?"

Dongfang Wang dazed and subconsciously answered "Nearly 200 years. I miss my wife so every 200 years I would go see her."

Li Xiu said calmly "Immortal friend Ye has left the immortal realm to the Divine Dao Realm more than 200 years ago. If you go there, you would have no chance to come back to the immortal realm. How can immortal friend Ye rob and rape your wife? You're probably used?"

If Dongfang Wang was acting before then now he was truly dazed "Divine Dao Realm, what is that place?"

"A realm higher than the immortal realm. Immortal realm immortals who reach immortal emperor would usually go to the Divine Dao Realm to vindicate divine emperor." Li Xiu answered calmly.

“Wrong, I was wrong. I was tricked. I hate you...” Dongfang Wang murmured and suddenly knelt down before the two,

“I, Dongfang Wang, was actually used. Qian bei please punish me. Even if you turn me to dust, I wouldn’t hate you at all.”

Then, Dongfang Wang sliced off his two arms and threw it before Lu Feng “I, Dongfang Wang, didn’t discern the facts and just attacked Mo Yue Immortal Sect. These two arms don’t deserve to stay on my body.”

Dongfang Wang didn’t stop the bleeding and kept kneeling “I do things on my heart. If qian bei didn’t come today, I almost made a huge mistake. Please punish me qian bei.”

Li Xiu sighed. Dongfang Wang was too impulsive. Seeing Dongfang Wang still ask for punishment after slicing his arms off, Li Xiu no longer wanted to do anything to Dongfang Wang. She looked at Lu Feng and said “What do you think?”

Lu Feng knew that although Li Xiu was strong, she was very docile. She quickly said “Qian bei can decide.”

Dongfang Wang looked determined. He could tell that Li Xiu wasn’t a murderous person and she already believed him.

He had made up his mind, if he didn’t die this time he would definitely go to that Divine Dao Realm and vindicate dao. People were insects before dao vindication. With his terrifying power, he was weaker than an insect in front of a divine emperor. When he vindicated dao, he would come back and let her know whom she offended.

Seeing Dongfang Wang like this, Li Xiu felt pity and said “Get up, find your wife. Sect leader Ye is very honourable. He’s not the person you think he is. Don’t do things on one side of the story.”

Dongfang Wang bowed with a pale face “Yes, wan bei will remember this. Wan bei’s wife always said that I was too impulsive. Wan bei has been trying to change but this time something happened to her, I really couldn’t calm down.”

Li Xiu nodded “Go, I hope you can find your wife.”

Yes thank you qian bei for not killing me. Wan bei will pay you back.” Dongfang Wang walked and didn’t even look at the two arms on the ground.

Li Xiu waved and the two arms fell back on his shoulder and connected, “Take your arms.”

Dongfang Wang knelt down again “Thank you qian bei. If wan bei can’t find my wife, I will go to the Divine Dao Realm and vindicate dao and then come back to protect the immortal realm like qian bei.”

Li Xiu didn’t think much and nodded throwing him a jade slip “This is the void formation door to the Divine Dao Realm. With your cultivation level, you can go.”

Dongfang Wang took it and bowed again before leaving Mo Yue Immortal Sect.

Seeing Dongfang Wang leave, Lu Feng bowed again “Qian bei, please come in to the Mo Yue Immortal Sect.”

Li Xiu nodded “Alright, how is Yimo?”

“Due to qian bei’s god crystals, she has passed immortal king divine damnation. She’s in solitary cultivation now.” Lu Feng said with gratitude. If it wasn’t for Li Xiu bringing back many things, Mo Yue Immortal Sect wouldn’t have such cultivation speed. Even she wouldn’t be able to reach immortal king peak stage from primary stage in a few hundred years.
