Chapter 2221 Guang Yuan Palace Young Girl

“Boss, is this made with that markless glass light? So fast.” Shadowless felt the new flying god artefact Ye Mo made and gasped.

Not only shadowless but small ginseng and Qiu Rang also excitedly felt around the new flying god artefact. They wanted Ye Mo to say he would go into solitary cultivation again and leave them to play with this flying god artefact.

“That’s right, this will be called Mo Yue boat from now on.” Ye Mo was extremely happy with this. This was the best magic artefact he had made and it was an extreme grade flying god artefact.

There were many extreme grade flying god artefact but the difference was huge. His space time boat was upgraded from low grade flying god artefact. Although it used many of Ye Mo’s materials, its quality wasn’t very good. It was rather bad amongst extreme grade flying god artefact. Compared to Mo Yue boat, it was heavens apart.

Ye Mo made Mo Yue boat personally and he inscribed every formation on it. Whether it was material or formation, it was the best.

Markless glass light had this special property and that was passing through realm barriers. If you had enough power, you don’t even need tearing formation. You could just use markless glass light to pass realm. Those weaker people could markless glass light to cross realm too. Ye Mo only noticed this property when he was forging. Markless glass light could pass through the highest level void barrier.

This made Ye Mo overjoyed.

Ye Mo used Mo Yue boat for less than a month and the Guang Yuan palace on the location orb cleared up.

Ye Mo knew that he was at Guang Yuan palace. He let shadowless enter the Golden Page World.

Qiao He was murderous and cold but Ye Mo trusted this person would keep his word. So, Ye Mo never went back to the Divine Dao Realm and came straight to the Guang Yuan palace.

When Mo Yue passed through a region of space and clouds, Guang Yuan palace appeared before him.

Ye Mo thought Guang Yuan palace was a place so it wouldn't be too huge. When he saw the immense heaven domain before him, he immediately knew this place was far from what he imagined.

Guang Yuan palace was not only big but also had quite some people. Ye Mo scanned with his spirit sense and found there were millions of people. There were all sorts of races here.

A palace was floating in the middle of this heaven domain. Below the palace was clouds. Ye Mo immediately guessed that this was Guang Yuan palace. He had seen many palaces but Guang Yuan palace seemed like an immortal palace the most.

Ye Mo stood before the defense formation of the heaven domain. He didn't go in. If he forcefully entered, it would be considered provocation.

Ye Mo didn't wait for long and an immortal monarch flew out of the realm and stood before the realm protection formation asking Ye Mo "May I ask what business does immortal friend have at Guang Yuan palace?"

He could tell Ye Mo was much stronger than him but he still called Ye Mo immortal friend. One could see how confident Guang Yuan palace was.

"I'm Qiao He's friend. I was invited by him to come concoct pills for young mistress." Ye Mo saluted with his fists.

Hearing this, the immortal monarch asked in shock "You're a pill divine? You're going to concoct pills for the young mistress?"

Ye Mo said again “You heard right. I’m a pill divine. Specifically, immortal friend Qiao invited me over for pill concoction.”

This immortal monarch quickly apologised and asked “Why isn’t divine He back?”

Ye Mo took out the jade slip Qiao He left for him and said “This is left by immortal friend Qiao, have a look.”

Qiao He’s jade slip was to introduce Ye Mo and say that he wouldn’t be able to come back yet.

This immortal monarch looked at the jade slip and then quickly took out a jade card opening the formation “So you’re pill divine Ye, please come in.”

Ye Mo went in and asked “You know me?”

The immortal monarch quickly said “Divine He already said in the jade slip and the Guang Yuan palace have long heard of pill divine Ye’s name, the number one pill divine. Palace lord just finished solitary cultivation and went to the Void Marketplace to invite pill divine Ye. However, pill divine Ye came to our Guang Yuan palace instead. I’ll immediately report to the palace lord.”

Ye Mo nodded and said “When you send a message say I can’t stay for long, please come back quickly.”

Since the palace lord wasn’t here, he wouldn’t be able to concoct pills.

As soon as this immortal monarch brought Ye Mo to the entrance of the palace, he was stopped by a green robed young girl.

The immortal monarch quickly bowed “Liang Cai greet young mistress.”

The young girl said calmly “Liang Cai, this is pill divine Ye right? I’ll greet him personally. You go do your things first.”

Yes, young mistress.” The immortal monarch quickly retreated.

Ye Mo noticed this girl. She had no essence chi wave. Her face was a bit pale. The hand she showed was extremely white too. One can even see her veins. Her forehead was a little wider than ordinary girls but her eyes were extremely bright. Her long eyelash moved gently as though they could speak.

To be specific, she wasn’t an extremely pretty woman but she was very pleasant to look at. She had this calm and gentle chi about her.

Someone who had never cultivated but could make people feel this was definitely a kind heart person.

“From the news Liang Cai just sent, he said that pill divine Ye came just to concoct pills for Nianyan. Nianyan is very grateful. My dad isn’t in the palace, pill divine Ye please follow me.” The young girl bowed to Ye Mo and spoke very politely.

Ye Mo followed Nianyan into the depth of the Guang Yuan palace. He could tell on the way that there were extremely powerful formations everywhere. Even a dao essence peak stage would soon be trapped by formation without Nianyan leading the way.

Nianyan hadn’t cultivated before but she spoke like the spring wind. Even Ye Mo felt it was relaxing to talk to such a girl.

Ye Mo thought Nianyan would take him to the guest room but instead Nianyan took him to a girl’s bedroom. Without a doubt, it was her room.

When Ye Mo saw Nianyan’s room, he realised.

There was no intimate feminine feel about her room. All there were just books. These books were all made with the thinnest heaven worm silk. Each book was extremely thick.

Ye Mo scanned with his spirit sense. There were all sorts of books here, medicine, pill concoction, formation, forgery, cultivation method... there were even ordinary immortal novels.

Nianyan's soul was crippling so she couldn't cultivate nor have spirit sense. Ye Mo didn't feel strange that the books she read weren't made with jade slip. However, he didn't get why Nianyan read all these books when she couldn't cultivate.

"I can't cultivate. When dad and all my friends start cultivate, all that can keep me company are my books. This is my book room and also my friend. Every book here is my friend. They've kept me company until one day that I die."

Nianyan said calmly. She smiled as though not worrying for her sickness at all.

Ye Mo suddenly felt sympathetic towards Nianyan. It was very normal for someone who couldn't cultivate to live on Earth but here, it was too unbearable. Everyone around her was cultivating, only she couldn't. She didn't even have anything to talk with others.

If this only last a few days it was fine but it lasted years. This loneliness and boredom could kill people.

Nianyan could sit here and calmly talk to him and introduce him to her friends shocked Ye Mo. How lonely was a person who could only be friends with books?

"Actually, I really want to cultivate big god arts like others and then travel the cosmos and fly in the void..." Nianyan's eyes were full of hope.

Ye Mo felt touched and said "Don't worry, since I'm here, I will definitely help you concoct the shaking light soul pill and cure your condition."

Ye Mo was quite confident with this. Nianyan shook her head "Brother Ye, you're older than me so I'll call you big brother. In fact, no one can concoct the shaking light soul pill as the pill recipe is incomplete."

Ye Mo looked at Nianyan in shock. He knew there was a problem with the recipe because he was a top pill divine and had Three Birth Chant to help him derive.

However, how did Nianyan know the pill recipe was incomplete? Since she knew, the Guang Yuan palace lord definitely knew too. Why was he still looking for pill divines to concoct the pill?

Chapter 2222 Help or No

“Is it Guang Yuan palace lord Feng Guang immortal friend ahead?” A grey flying ship just came to the outskirts of the Void Marketplace and was stopped by a man on an immortal ship, at the same time, an extremely fast golden ship came across the void. Four men sat on the golden ship.

If it was some ordinary immortal ship, there was no way the grey ship would stop. But when the man above the grey ship noticed the four people on the golden ship, he immediately stopped and saluted with his fists “So it’s immortal friend Ao, Zhuge, Wen and Pu. This is really coincidental. Feng Guang just wanted to leave the Void Marketplace and I encountered you guys. Feng Guang was busy before and was unable to come to Ao Xi immortal friend’s primordial essence ceremony. Please forgive me immortal friend Ao Xi.”

These four were Ao Xi, Wen Deshui, Pu Yangsi and Zhuge Zhichen. The four had agreed to search for Ye Mo’s news at the Void Marketplace. If there was no news of him, they would go to the winged race. Even if Cang Luo didn’t come out, they would force Cang Luo to come out.

The chaos green lotus was no small matter. There was no way they would give up on it. They didn’t contact Len Shuoqi, Tang Congyin and Jiao Dan because they felt they were closer to Ye Mo.

Ao Xi quickly said “How do I dare to blame immortal friend Feng Guang. Immortal friend Feng Guang is alone in the Guang Yuan palace it’s natural that you have a lot of things to handle.”

“Long time no see palace lord. Since we happen to meet today, why don’t we go get a drink at the Void Marketplace together?” Zhuge Zhichen got up and smiled.

Feng Guang said with trouble “If it was before Feng Guang would definitely go but today I really do have an emergency.

I believe you all know about my daughter. There’s a pill divine headed towards the Guang Yuan palace today. I have to go back.”

“Pill divine for pill concoction? Is it number one pill divine Ye Mo from the Void Marketplace?” Zhuge Zhichen’s eyes lit up and asked.

Feng Guang nodded “That’s right, it’s pill divine Ye. Does immortal friend Zhuge know pill divine Ye too?”

Zhug Zhichen glanced at the other three. Their faces were full of joy. Zhuge Zhichen saluted with his fists “Palace lord, we want to go have a look at Guang Yuan palace. Of course, if palace lord joins us, we would have more confidence?”

Nianyan looked at Ye Mo’s shocked glance and said softly “Brother Ye doesn’t believe what I said? I have brother Ye is the number one pill divine of the Void Marketplace. Your understanding of pill dao must be extremely high but what I’m saying is the truth. I won’t lie to brother Ye.”

Ye Mo nodded “Sister Nianyan tell me about it.”

He was already a bit suspicious of Feng Guang.

Nianyan sighed “The recipe seems complete but it’s actually lacking a very important thing and that is life force. No matter how precious the shaking light herb is, it can’t be forged into the shaking light soul pill without life force.”

Ye Mo was shocked at how smart Nianyan was. Although she didn’t understand what life force was missing but just knowing this was already shocking enough. She couldn’t cultivate so she learned all this from the books and derived it herself.

He had vindicated dao and focused on pill concoction and also used Three Birth Chant to derive this. Compared to her, he was far off.

Nianyan only knew that life force was lacking she didn’t know it was chaos life force that was lacking.

Nianyan saw Ye Mo stay silent and said “My dad cultivated three shaking light herbs. He invited two of the most renowned pill divines to concoct the shaking light soul pill but they all failed...”

Nianyan seemed sad and then she said “My dad is a pill concoction divine emperor. I already told him when I realised that life force was lacking. However, my dad loves me too much and still invited the two pill divines over. When they were about done, my dad pulled out their life force and threw it into the cauldron...”

Ye Mo realised. Guang Yuan palace lord wanted to use the pill divine’s life force. However, he didn’t know that only chaos life force could be fused into the pill.

Thinking about this, Ye Mo suddenly felt wrong. If Guang Yuan palace lord didn’t know it was chaos life force that was missing, he wouldn’t use the pill divine’s life force. He would grab a few random people and pull out their life force.

When pill divines were concocting the pill, their mind was fused with the pill so using this life force would be better than ordinary life force.

From this, it was quite possible that the Guang Yuan palace lord knew chaos life force was missing. He couldn’t get it and thus had no choice but to replace it with pill divine life force. However, the two before failed.

“Brother Ye, you should leave quickly. My dad will be back soon. He’s worried about me and set up a one use long distance teleportation formation.” Nianyan saw Ye Mo fall silent and seem to understand what she said.

Ye Mo was in extreme conflict. Should he help her concoct pill? She was such a kind woman. If he didn’t do it for her, he would feel really annoyed. However, that Guang Yuan palace was no nice person.

Then, Nianyan seemed to have thought of something. She grabbed a thick book from the shelf and placed it in Ye Mo’s hands “Brother Ye, you’re the first to help me concoct pills. This is what I’ve written after years of studying pill concoction and herbs. It might help you. If one day I disappear but the things I wrote still exist, I would be very happy.”

When he got this book, Ye Mo had made up his mind to concoct the shaking light soul pill for Nianyan.

He was a dao essence divine emperor, so what if the palace lord was a primordial essence divine emperor? Who could stop him if he wanted to go.

When he met master Tian Ze on Earth, Tian Ze said to stay true to his heart. He had never done anything that was against his heart.

If he wanted to concoct pills for Nianya but didn't because he was scared of the Guang Yuan palace lord, he would lose his true heart. How could he vindicate primordial essence?

Thinking about this, Ye Mo took her book and saluted with his fists "Sister Nianyan, since I came of course I will concoct a cauldron of shaking light soul pill. Just trust me."

Before Nianyan spoke, there was a laughter. Then a skinny but extremely tall man pushed open the door and came in. he saluted with his fists to Ye Mo "Thank you for coming to Guang Yuan palace pill divine Ye. Feng Guang wasted some time outside, please forgive me."

Seeing her dad come in, Nianyan's face went even more pale. She knew that even if Ye Mo wanted to leave, he wouldn't be able to.

Nianyan sighed and came up pulling Ye Mo's clothes "Thank you pill divine Ye for helping Nianyan concoct pill. Even if it fails, Nianyan will forever remember pill divine Ye."

Then, she bowed to Ye Mo.

Ye Mo knew that she meant to say if he was killed by her dad, she would remember his help.

Chapter 2223 Chaos Life Force

“Greet palace lord, I’m friends with Qiao He. I was asked by him to concoct pills for young mistress Nianyan. It’s not tiring.” Ye Mo’s views towards this palace lord changed and his tone grew much plainer.

Feng Guagn said very hospitably “Pill concoction is of no rush. Pill divine Ye is a guest. Please come to the guest palace and enjoy some immortal fruit.”

Then he said to his daughter “Nianyan, don’t worry, pill divine Ye is the number one pill divine of the Void Marketplace. He can definitely concoct the shaking light soul pill for you.”

“Yes, dad.” Nianyan bowed.

Ye Mo suddenly thought of Ao Man. She could ask for things in front of her father but Nianyan was completely different.

The palace lord seemed to love his daughter a lot. He got her so many books and searched around for pill divines to concoct pills for her. He spent such great wealth and effort to cultivate three shaking light herbs.

When Ye Mo followed the palace lord into the guest palace, there were four people sitting in a room stealthed by all sorts of restrictions.

If Ye Mo came here, he would clearly know who these people were. They were Pu Yangsi, Wen Deshui, Zhuge Zhichen and Ao Xi.

“Feng Guang is indeed very nice to his daughter. The shaking light herb isn’t so easily prepared. However, I wonder if that Ye Mo could concoct the shaking light pill for him.” Ao Xi drank some immortal wine and said.

“I hope he can do it quickly and then do as he promised.” Wen Deshui said coldly.

Pu Yangsi sneered but said nothing. This sneer was subtle but Zhuge Zhichen saw it. He knew that Pu Yangsi’s sneer wasn’t targeted at Ye Mo but Wen Deshui.

Thinking about this, Zhuge Zhichen knew that Pu Yangsi and Ao Xi probably knew that Ye Mo had much better things than markless glass light.

However, Wen Deshui was an idiot. He was shrouded by hatred.

Thinking about this, Zhuge Zhichen said “Are you guys really willing to give Ye Mo over to Feng Guang as long as he hands over the markless glass light?”

Pu Yangsi and Ao Xi just glanced at Zhuge Zhichen but said nothing. Wen Deshui was a primordial essence divine emperor too. Now that Zhuge Zhichen made it so obvious, he immediately realised “If we still want Ye Mo’s other belongings, then Guang Yuan palace lord...”

Wen Deshui suddenly realised. Guang Yuan palace lord said before that if Ye Mo failed pill concoction he would ask Ye Mo for compensation and give the markless glass light to him. He only asked to get a leaf of the green lotus. If Ye Mo succeeded in pill concoction, he would still persuade Ye Mo to hand the markless glass light over. But since Ye Mo helped with pill concoction, he would protect Ye Mo’s life.

How could he not have heard of Guang Yuan palace lord’s character. There was no way he would protect Ye Mo’s life just to thank him.

That meant that regardless if Ye Mo succeeded in pill concoction or not, the palace lord would give them the markless glass light but not Ye Mo.

Why did the palace lord want Ye Mo? Clearly it was because of what Ye Mo had. Ye Mo was this insanely powerful, he definitely had good things on him. However, the palace lord seemed to have underestimated Ye Mo. It wasn’t quite possible for the Guang Yuan palace lord to take out Ye Mo for certain.

Seeing Wen Deshui realise this, Zhuge Zhichen smiled “Feng Guang underestimated Ye Mo. He thought that Ye Mo was just a dao essence divine emperor and could capture him for sure. He thought that we didn’t catch Ye Mo because we didn’t know where he was. I believe he will soon get a surprise.”

Pu Yangsi nodded “Ye Mo definitely has more than one secret. He probably has something else other than chaos item.”

“Chaos item?” Wen Deshui asked in shock. He only guessed that Ye Mo had good things. He didn’t really expect Ye Mo had chaos items.

Seeing Wen Deshui still not realise this, Pu Yangshi shook his head “Ye Mo sold a bottle of chaos chi at the auction.

Only chaos treasures can hold chaos chi. Since Ye Mo could take out chaos chi at anytime, it meant that he had chaos treasure.”

Ao Xi nodded “I only realised this afterwards. If the jade bottle that Ye Mo gave that half primordial essence was a chaos item, then that jade bottle itself would be worth more than the chaos chi. I checked, he just used a very strong restriction to send the chaos chi into the jade bottle. Even without the jade bottle, the chaos chi wouldn’t disperse. The jade bottle is just for show.”

“That can’t guarantee that he has chaos item.” Wen Deshui asked. But then he realised.

Even the best formation grandmaster could only use very powerful restrictions and formation to gather chaos chi if they didn’t have chaos treasure. They couldn’t collect too much too.

Ye Mo was willing to take out a bottle of chaos chi. This meant that he definitely had more.

Although this didn’t mean 100% that Ye Mo had chaos item but it was possible.

Zhuge Zhichen said “Although we can’t prove that Ye Mo has chaos item, there’s still such possibility. Feng Guang is someone who never does anything without benefits. Since he’s willing to help get the markless glass light but not hand over Ye Mo, he clearly guessed that Ye Mo has some good things.”

“Did that Feng Guang guess that Ye Mo has chaos treasure?” Wen Deshui asked.

Pu Yangsi shook his head “Not necessarily but possible. Perhaps he wants something else from Ye Mo but regardless of what it is, it wouldn’t be simple if Feng Guang is after it.”

“Why don’t we just call Feng Guang over and tell him that Ye Mo isn’t someone he can keep alone. We’ll say what Ye Mo has and then we’ll split it. If Ye Mo gets away, it wouldn’t be good.” Wen Deshui said. He was scared of Ye Mo leaving the most.

“Pill divine Ye, how confident are you in concocting that shaking light soul pill? I only have one left. If the pill concoction fails...” Feng Guang poured a cup of immortal tea and asked Ye Mo.

Ye Mo fell silent for a while and suddenly said “I’m 80% confident...”

“What?” Feng Guang’s hands moved. His eyes were full of fire.

He suddenly regretted agreeing to Ao Xi’s request. He knew that chaos life force was needed for the pill. Ye Mo was this confident meaning that he probably had chaos life force. Such treasure would definitely not be less valuable than the chaos green lotus.

He didn’t feel surprised that Ye Mo had it. All the things in the universe had spirit. Chaos items had more spirit. They would usually find a pill divine who knew them the most. Ye Mo was the number one pill divine of the void.

Ye Mo sneered inside but he said slowly “Palace lord don’t know that the recipe is lacking some life force. This life force is chaos life force. I’ve only seen this in an ancient pill recipe. Ordinary people can’t get chaos life force. The reason I’m saying I can successfully concoct the pills is that I have a life force that can substitute chaos life force.”

Hearing this, Guang Yuan palace lord just went on an emotional roller coaster. His emotions sunk to the bottom.

After a long while he subconsciously asked “What life force?”

Ye Mo sighed “When I was in the cultivation realm, I entered the void and got a ball of seven coloured void life force marrow. In that ancient recipe, the life force can be replaced with void life force marrow. That’s why I said don’t worry palace lord.”

Guang Yuan palace lord dazed. That works too? Void life force marrow was precious but it was something from low void realm. It was no wonder Ye Mo was willing to use it for pill concoction.

Chapter 2224 Scheme Against Ye Mo

“Can you show me the void life force marrow?” Feng Guang said.

Ye Mo shook his head “If palace lord studied pill dao you would know that it can be taken out in the void but if I take it out here, it would reduce its potency. Using the void life force marrow to concoct the shaking light soul pill has a limit. Only one pill will come out. I only have one of this. If it’s wasted, it would be a huge loss to young mistress Nianyan.”

“That’s right, pill divine Ye decide everything.” Feng Guang knew that Ye Mo didn’t lie.

Ye Mo got up and said “Palace lord, I might be friends with Qiao He but as a pill divine, I will still take what needs to be taken.”

“Of course, how can I let pill divine Ye come for free.” Feng Guang quickly said.

Ye Mo nodded “I need 50 extreme grade god spirit range, 200 drops of 100 million year god marrow, 100 billion god crystals. I don’t need anything else.”

Feng Guang dazed. He had never seen someone ask for this much. No matter how precious the shaking light soul pill was, it wasn’t worth this much. Ye Mo asked more than he advertised for.

Seeing Ye Mo stare at him, Feng Guang smiled bitterly “Even if you sell the Guang Yuan palace I wouldn’t have that much you. I do have 30 extreme grade god spirit range, I do have 200 drops of 100 million year god marrow. As for 100 billion god crystals, I can only get 50 billion.”

Ye Mo said without hesitation “Sure, that will do.”

Seeing this, Feng Guang immediately said “I’ll go get the shaking light herb, please help with pill concoction pill divine Ye;

“No rush, give me the payment first and I have to concoct pill in miss Nianyan’s room.” Ye Mo said.

“Why?” Feng Guang looked at Ye Mo with extreme confusion.

Ye Mo said “Because the pill made with void life force marrow needs to be consumed immediately. Of course, one thing is that miss Nianyan’s room has never been used for cultivation. The essence chi is very calm there. It’s more suitable for pill concoction.”

The last sentence was bullshit. He knew that even if Feng Guang understood what he thought he couldn’t reject this. As a top formation grandmaster, he already saw that everywhere in the Guang Yuan palace was covered with surveillance formation except Nianyan’s room. He planned to help Nianyan concoct pills and immediately go. Guang Yuan palace wasn’t a place he liked to stay.

Feng Guang fell silent for a while and said “Okay, go to Nianyan’s room for pill concoction.”

Nianyan saw Ye Mo come back into her room. Before she could ask, she saw her dad come in.

“Pill divine Ye, there’s two storage ring here. One is your remuneration and one is the pill concoction materials including the shaking light herb I just dug.”

Then Feng Guang looked lovingly at Nianyan and said “Nianyan, pill divine Ye is very confident. This pill needs to be concocted in your room. The pill needs to be consumed immediately so don’t worry. When pill divine Ye is done, you must listen to him and consume the pill immediately.”

Then, Feng Guang looked gratefully at Ye Mo “Pill divine Ye, I’ll leave my daughter to you.”

Then he paused and asked “How long would pill divine Ye need to concoct a cauldron of shaking light soul pill?”

Ye Mo thought for a moment and said "Probably 3 to four hours."

"Okay, I'll be waiting for pill divine Ye's success at the guest palace." Feng Guang said and left Nianyan's room.

Seeing her dad leave, Nianyan looked at Ye Mo in shock "Brother Ye, how could my dad let you concoct pills in here?"

To her, her dad would never leave Ye Mo's pill concoction. Even if he did, he wouldn't let Ye Mo stay in her room as her dad would be coming in at anytime. Her dad cared about her a lot and wouldn't take Ye Mo's life force in front of her. Now that Ye Mo was in her room, her dad would need to do it in front of her if he wanted Ye Mo's life force.

Ye Mo smiled "Your dad probably thinks I can't get away after pill concoction."

Then Ye Mo set up a few restrictions on her room before continuing "Nianyan, I'm going to concoct pills, you can sit first."

"Wait, brother Ye, I feel the most important thing for you now isn't pill concoction. Since you can come here, I feel the most important thing is for you to leave..." Nianyan stopped Ye Mo and said desperately.

"Don't worry, I will definitely concoct the pills for you." Ye Mo went to a corner and then set up a few restriction and began pill concoction.

Nianyan saw that Ye Mo really begun and didn't dare to talk anymore. She only hoped that when Ye Mo concocted the pills, her dad would be grateful and let him leave despite knowing this was a very rare chance.

"What do you guys want me for. Ye Mo is still in pill concoction. When the results come out I will definitely take the thing over." Feng Guang hurried to where the four primordial essence divine emperors were.

Pu Yangsi and them didn't talk. They all looked at Wen Deshui. Wen Deshui knew that he had to speak. It was his fault for realising that Ye Mo had good things last.

"Immortal friend Feng Guang I'll be straight forward." Wen Deshui said "We're all not dumb, I believe immortal friend Feng Guang is after something on Ye Mo right?"

Hearing this, Feng Guang asked in confusion "What good thing? I invited pill divine Ye completely to concoct pills for my daughter."

Feng Guang didn't bullshit. His number one goal was still to save his daughter. Of course, he would use her to get good chaos life force treasure.

But even if it was some other pill divine, he would still be thinking the same.

Zhuge Zhichen smiled and got up "We suspect Ye Mo has a chaos treasure. Of course, this is just a guess..."

"What?" Feng Guang said in shock. If Zhuge Zhichen suspected that Ye Mo had chaos treasure then it was pretty much certain that Ye Mo had it. Perhaps the voice life force marrow Ye Mo said was bullshit. He was using chaos life force to concoct pills.

Ye Mo definitely have good intentions doing this. He wanted things from him.

Since Ye Mo had chaos treasure, he must not hand over Ye Mo. As soon as Feng Guang thought of this, Zhuge Zhichen asked "Immortal friend Feng Guang regardless of whether your shock is real or fake I want to ask you one thing. How well do you think you will fare against immortal friend Deshui in a battle?"

Feng Guang regained his composure and smiled "Immortal friend Deshui is the number one primordial essence divine emperor of the aquarius race but I've only been in solitary cultivation. How can I match immortal friend Deshui's great god art?"

Wen Deshui interrupted “Immortal friend Feng Guang, I’m not scared of being embarrassed. Out of the people here, I’m probably the weakest. It’s fine if immortal friend Feng Guang speaks the truth. I’m no match for immortal friend Feng Guang and everyone knows this.”

Feng Guang smiled but said nothing.

Zhuge Zhichen smiled “Immortal friend Feng Guang no need to be so humble. In a real battle, immortal friend Deshui is indeed no match for immortal friend Feng Guang. But if immortal friend Feng Guang thinks pill divine Ye is a dao essence divine emperor then you’re wrong, pill divine Ye is a primordial essence divine emperor and he’s one who’s stronger than us.”

Hearing this, Feng Guang was completely blown away. Ye Mo was a primordial essence divine emperor? Since when did the human race have a primordial essence divine emperor? If Ye Mo was a primordial essence divine emperor, could he easily capture Ye Mo?

Wen Deshui said calmly “Immortal friend Zhuge is speaking the truth. I’ve fought Ye Mo twice. I was no match for him both times. If I wasn’t at the dragon palace, I might’ve been killed by this person already.”

Seeing Feng Guang look at him, Ao Xi saluted with his fists “Immortal friends Deshui and Zhuge are speaking the truth. Ye Mo is indeed a primordial essence divine emperor and not an ordinary one. He was at the dragon palace for my primordial essence ceremony but he escaped from the gang up of five primordial essence divine emperor. So, it’s impossible for immortal friend Feng Guang to subjugate Ye Mo alone. You might even be killed instead.”

Feng Guang’s face sunk. The reason he was so generous in giving Ye Mo almost his entire fortune was because he wasn’t afraid of Ye Mo escaping. However, he was certain that Zhuge and them weren’t lying. Otherwise, Ye Mo wouldn’t appear in the Guang Yuan palace so calmly.

Feng Guang said “I almost gave all my fortune to Ye Mo for pill concoction. I can collaborate with you guys but I will also get back my fortune other than getting a share of what Ye Mo has.”

Chapter 2225 Heavy Battle With Primordial Essence

It wasn't hard to concoct the shaking light soul pill, it was only hard without chaos life force. Ye Mo had chaos tree so it didn't waste any effort concocting the pills. He was done in just five minutes.

Ye Mo took 11 of the 12 pills. Nianyan only needed one.

"Brother Ye, did you fail?" Nianyan saw Ye Mo remove the restriction and got up worriedly. If Ye Mo didn't fail how could he come out in just five minutes.

Ye Mo took out a pill and smiled "I've finished. You just need to eat this pill and you will be completely cured. At the same time, you can start cultivation."

"huh..."

Nianyan called out in shock. Before she finished, Ye Mo's pill already landed in her mouth.

It turned into endless life force. Nianyan instantly felt her life force gather. Her soul became strong and this steady feeling rose up. This was the first time she had such feeling.

This was the feeling of life. This feeling was wonderful. It didn't feel ethereal like before. Nianyan's eyes went red the instant she felt she touched her life. She knew that the pill Ye Mo gave her definitely wasn't fake.

"How is it?" Ye Mo asked. He could clearly feel Nianyan's change. That return of life force.

Nianyan woke up from her joy. Although she had seen through life and death, she didn't want to die if she could.

"Thank you brother Ye." Nianyan bowed to Ye Mo.

Then she said excitedly "If my dad knew that you really made the pill, he would be very happy. He would definitely treat you as an important guest..."

Ye Mo said calmly “Your dad might truly love you but he definitely won’t treat me as an important guest. Even though I made this pill, it would just be giving my life to him.”

Seeing Nianyan look at him in confusion, Ye Mo laughed in self mockery “Your dad probably suspects I have good things on me. He’s waiting for me to finish pill concoction and so he can kill and rob me.”

Nianyan was shocked for a moment but then she sighed and didn’t argue. She knew her father. He loved her a lot but he wasn’t a grateful person.

After a while, she looked up and looked firmly at Ye Mo “Brother Ye, you saved me. Even if I used my life, I won’t let anything happen to you.”

Ye Mo waved his hand “Sister Nianyan, the reason I was willing to concoct pills wasn’t because of your dad but because of you. You’re very kind but you can’t change your dad’s decisions. You know why your dad agreed to give me so much remuneration for pill concoction? It’s because he thinks he can take it back.”

Ye Mo stopped her from talking and continued “The reason I chose to concoct pills in your room is so that I can leave from here. If I leave Guang Yuan palace, your dad wouldn’t be able to do anything to me. If I leave from here and your dad is still going to ambush me I won’t show mercy.”

“You’re going to tear the void from here?” Nianyan instantly realised.

Ye Mo nodded “That’s right. However, your dad’s cultivation method doesn’t suit you. In thanks for the book you gave me, I have a cultivation method to give you. With your talent and cleverness, you can easily vindicate dao with my cultivation method.”

Then, Ye Mo placed a jade slip in Nianyan’s hand “We’ll part our ways now. Whether or not we can meet again, I hope you can vindicate dao soon.”

Then, Ye Mo released Zi Xu. A purple light flashed and the next moment, Ye Mo disappeared into the void crevice.

Nianyan looked dazily at where Ye Mo disappeared for a long while before bowing again "Brother Ye, thank you. If Nianyan achieves anything in the future, I will repay you."

When Ye Mo tore open the space from Nianyan's room, he immediately knew things were bad. The place he was at was modified. It was either a spirit controlled region of the void or was a small world. All around him was restrictions and formations.

Ye Mo knew he was set up by Feng Guang. Feng Guang knew his purpose for concocting pills in Nianyan's room. So, this guy set up this trap.

Realising his situation, Ye Mo was in no rush to tear open the space here. He knew that since Feng Guang drew him to this region, he wouldn't be able to break free in a short while. Since Feng Guang thought he had him for sure, then they would fight.

"Pill divine Ye, thank you for concocting the shaking light soul pill for my daughter. If you hand over your chaos item, I promise in the name of Guang Yuan palace that I won't hurt you at all." Feng Guang's voice sounded.

Ye Mo said plainly "Your Guang Yuan palace name is full of shit. To me, Guang Yuan palace is just a trash ground. If I want to leave, Feng Guang you wouldn't be able to stop me."

"If immortal friend Feng Guang can't then what about us as well?" A voice sounded. Zhuge Zhichen and then appeared.

Ye Mo's eyes narrowed. He knew he was set up by Feng Guang. However, he wasn't worried. When he ran from the dragon palace, it wasn't purely because he couldn't beat them but that if they fought he would use all his means. He had too many means. If he couldn't kill them all, it would be exposed.

The situation at the dragon palace determined that he couldn't kill everyone there.

Since he was sealed in this space, then he would talk with power. So what if he wasn't primordial essence yet?

Ye Mo, you killed countless of my aquarius divine emperor. The aquarius race has sent warships. The Divine Dao Realm is probably in ruins now...”

Wen Deshui sneered.

He knew Ye Mo would never be able to get away.

Hearing this, Ye Mo’s eyes were bulging out. He couldn’t resist anymore and hacked out with Zi Xu. Instantly, a twisted purple sword rune appeared in this void.

This was his full powered falling mark sword rune. This falling mark sword rune struck towards Wen Deshui. At the same time, Ye Mo released the lightning orbs.

Seeing Ye Mo attack so ferociously, the other four released their magic artefacts at the same time. However, no one other Wen Deshui attacked with full power. They knew Ye Mo wouldn’t be able to get away. Attacking with full power now was stupid. If they fought one on one they would attack with full power. However, although everyone was collaborating here, they couldn’t just show people their lethal blows.

Wen Deshui had to attack with full power, he felt a powerful threat. Ye Mo’s devouring twisted sword rune already locked onto his soul before it even arrived.

This wasn’t the dragon race guest palace. Ye Mo’s sword rune exploded with full power. Zi Xu was stronger than even Primordial Spirit Artefact. With this strike, no matter how strong Wen Deshui’s spaceless water slice god art was, it couldn’t stop the falling mark sword rune.

The spaceless water slice was crushed by the falling mark sword rune. The god art’s space law was smashed to pieces like bubbles. Wen Deshui was on alert for Ye Mo’s spirit sense god art but he couldn’t care now. An extremely powerful water shield formed.

At the same time, he felt a void appear in his sea of consciousness. He couldn’t control this void.

Not good, it was that spirit sense god art again. Wen Deshui cursed that the rest of the people didn't attack with full power. Water ripples stacked up in his sea of consciousness wanting to block this Great Primordial God Rune spirit sense attack.

Then, he realised he was tricked. Ye Mo didn't just have one Great Primordial God Rune, it was three.

The three Great Primordial God Rune spirit sense attacks broke open the water ripples. Wen Deshui felt his sea of consciousness ache and the next moment, the falling mark sword rune broke open his defense magic artefact and landed on his body.

Thud.

Wen Deshui was a primordial essence divine emperor but under Ye Mo's terrifying strike, he didn't even take out a decent defense and was turned to nothing. Even his storage ring exploded. Countless god crystals turned to nothing. Only a truth spirit world bead was left on the side.

Rumble.

At the same time, four magic artefact struck Ye Mo's 36 lightning orbs. This tore open the realm domain of the lightning orbs and Ye Mo's own realm domain.

Ye Mo was smashed flying after spitting a mouthful of essence blood.

Chapter 2226 Little blue

When Ye Mo was smashed out, the other four were a bit dazed. Even Zhuge Zhichen who highly estimated Ye Mo completely didn't expect that Ye Mo could kill Wen Deshui in such a short time.

"Everyone attack with full power, Wen Deshui is the example." Zhuge Zhichen no longer had a smile on his face. At the same time, a blue light appeared in his hand.

A painting scroll was subtly showed in the blue light. Ye Mo was injured but he could tell this scroll wasn't simple.

Pu Yangsi waved his hand and a dark barrier appeared around him. At the same time, there was a pair of demon light frost crows above his head.

Ao Xi released a shocking blood rain flag. Ye Mo's spirit sense scanned and knew this was close to Primordial Spirit Artefact. What shocked Ye Mo was that Guang Yuan palace lord, whom he felt threatened the most, only released an extreme grade god artefact blue sword.

The four clearly treated Ye Mo was a powerful enemy. They sealed off all of Ye Mo's exit. Ye Mo didn't even have a place to run. Ye Mo's Zi Xu and 36 lightning orbs already bursted their eye balls out.

These two magic artefacts were definitely no lower than Primordial Spirit Artefact. Ye Mo easily took out two Primordial Spirit Artefact. One could see that Ye Mo definitely had more magic artefacts.

Pu Yangsi attacked first. The pair of demon light frost crows made mind devouring shrieks and shot out two demon lights that sealed off Ye Mo's retreat.

Their powerful realm domains stacked together. Ye Mo felt it was difficult to even breath in here much less break free and attack one.

Ao Xi's eyes flashed with cruelty. The lightning blood rain flag loomed over Ye Mo's head. Powerful lightning rain smashed down. These lightning light rain spat out from the flag and twisted the entire void in this rain veil.

This wasn't just lightning rain, it was world destroying death beams.

Ye Mo didn't wait till Feng Guang to release his magic artefact. A flame suddenly burned around him. The space binding him was instantly burned away. The slowed 36 lightning orbs started to spin again.

"Divine flame..."

“Blue Like Morning Sky...”

As soon as Ye Mo's flame came out, the four instantly recognised it. At the same time Ye Mo's seven blue suns floated in this void, Feng Guang's long sword was released. The blue sword beam and the two demon light smashed Ye Mo's 36 lightning orbs away instantly attacking Ye Mo's body.

At this time, Ye Mo's Heaven Flame Nine Suns was completely released. The seven blue suns almost completely melted this region of void. Their stacked realm domain also cracked under the Heaven Flame Nine Suns. Ye Mo's realm domain finally took some space.

However, the four primordial essence divine emperors' clothes didn't even crack under the Heaven Flame Nine Suns. The Heaven Flame Nine Suns only broke their realm domain but it didn't affect them that much.

However, Ye Mo just wanted to break their stacked realm domain for the moment or he wouldn't be able to counter attack. At this time, Ye Mo couldn't even care if he had enough god essence and spirit sense. His five lightning spear destruction, Great Primordial God Rune and Zi Xu attacked at Zhuge Zhichen.

To Ye Mo, Zhuge Zhichen's magic artefact was the scariest. That mountain water painting seemed familiar.

Rumble. Ye Mo felt a blue light instantly break open his realm domain and 36 lightning orbs. An extremely beautiful landscape appeared before him. There was an exquisite hut next to the green lake.

Luo Ying, Qingxue were smiling at him and waiting for him to go in and reunite with them.

When Ye Mo dazed, the bitter bamboo in the Golden Page World suddenly wobbled and this clear chi spread across Ye Mo's sea of consciousness. Ye Mo shook but at the same time, the lightning rain death beams broke open Ye Mo's 36 lightning orbs.

Ye Mo's eyes showed resolution. He knew he was at a disadvantage and it was impossible to kill Zhuge Zhichen without getting hurt.

He had to gamble. He gambled that Zhuge Zhichen didn't know he had woken up. He gambled that his 36 lightning orbs and divine body was about to take this hit.

Ye Mo made up his mind and smashed all his god art only at Zhuge Zhichen. He ignored all the other attacks.

Rumble rumble rumble.

Crack crack crack.

In that instant, all sorts of magic artefact exploded and flew. Blood mist flew, lightning rain, demon light, sword ray, sword chi...

They entwined together turning this region of void into a space of destruction.

Feng Guang's blue sword veil and Pu Yangsi's demon light struck Ye Mo. Even though it was blocked by Ye Mo's realm domain and 36 lightning orbs, it almost tore Ye Mo to pieces. The lightning rain tore open a shocking wound on Ye Mo's already broken body.

Before Zhuge Zhichen could rejoice, his eyes instantly widened as he looked at the Zi Xu sword ray falling in disbelief.

He didn't understand how Ye Mo could still counter attack when he lost himself in the Immortal Palace Landscape painting. This was a Primordial Spirit Artefact.

He still didn't understand why Ye Mo chose to attack him who was at the very back when the other three attacked him. But this wasn't the most important. Ye Mo clearly was trying to take him out with his life.

Zhuce Zhichen was certain that if he fought Ye Mo alone, he would fall into such situation. Just how powerful was Ye Mo's spirit sense to be able to stay conscious in the landscape painting while being attacked by three primordial essence divine emperors.

Zhuge Zhichen didn't have time to think properly. The painting scroll completely expanded and smashed with Zi Xu. These scenes instantly disappeared. Three Great Primordial God Runes seeped out from the painting and attacked Zhuge Zhichen.

When the three Great Primordial God Rune arrived, Zhuge Zhichen was cut into several pieces.

Ye Mo flew away heavily injured. Ye Mo sighed, he only heavily injured Zhuge Zhichen. With Zhuge Zhichen's power, even if he was torn to pieces, he would soon recover if his sea of consciousness and essence spirit was fine.

However, he couldn't keep attacking Zhuge Zhichen. His god essence was dried up now.

Seeing his body being split into a few pieces, Zhuge Zhichen breathed easy instead. He knew that Ye Mo wouldn't be able to attack again. It wasn't hard to recover his body. He also knew that Ye Mo wasn't scared of his landscape painting scroll.

At this moment, the seven blue suns dimmed and disappeared.

No one cared. Ye Mo was heavily injured, his god essence was withered. It was normal that he couldn't control his god art.

Even Zhuge Zhichen didn't care. When he was recovering his body, he suddenly felt a blue light appear before him. At the same time, a blue sun smashed over.

Zhuge Zhichen looked at this dazily completely not comprehending how Ye Mo could attack him?

In that instant, Zhuge Zhichen was burnt to nothing. A small yellow bracelet was taken away by the blue flame and then instantly brought back to Ye Mo.

"Little blue." Ye Mo looked at little blue in surprise and joy. He really wanted to finish Zhuge Zhichen off with a flame god art but he didn't have the capability. However, little blue understood him and did it for him and even took back Zhuge Zhichen's belongings.

Ye Mo took little blue with his hands. He knew now wasn't the time to talk. He ate a primordial essence abstruse pill.

He was grateful to Tang Congyin. Without her, he wouldn't be able to replenish his god essence. He kept three primordial essence abstruse pills which would instantly recover 60% of a primordial essence divine emperor's god essence. This meant that he could attack with full power three more times.

Ye Mo looked very terrifying right now. Bones could be seen on his chest. More than ten blood holes passed through his chest. The most savaged was Pu Yangsi's demon light.

It passed through Ye Mo's chest and went out through his back. What flowed out wasn't blood but grey chi. It was lost life force.

Chapter 2227 You're Too Greedy

Feng Guagn wasn't shocked that Ye Mo killed Zhuge Zhichen. He saw Ye Mo being attacked by three primordial essence divine emperor and didn't turn to bloody mist. He called out in shock "Chaos life force, divine body..."

If he still didn't realise now he would be an idiot.

Not only Feng Guang but Pu Yangsi and Ao Xi realised too. They knew Ye Mo was divine body already but now, Ye Mo also had chaos life force.

If Ye Mo didn't have any of those, he would've been caught already.

Ye Mo received such terrifying injuries and still could recover so rapidly. The chaos life force Ye Mo had wasn't simple. Chaos tree...

Almost at the same time, the three thought of this word.

Chaos tree also had another name, the tree of life. Only the chaos tree could constantly supply Ye Mo with life force. Otherwise, how could Ye Mo stay this lively after being struck by Pu Yangsi's demon light frost crows.

More than one Primordial Spirit Artefact, divine flame, chaos life force...

Their eyes went red. Even primordial essence divine emperor couldn't reject such fortune. If they got these things, who would be a match for them in the universe?

"He has a lot of things, we can share it out. His essence chi and spirit sense is used greatly. Let's use this opportunity to attack..." before Pu Yangsi finished, Ye Mo attacked first.

Ye Mo charged at Pu Yangsi this time. He didn't even release Zi Xu. He just waved out a void mark with his hand.

Pu Yangsi instantly felt that he was in a space that didn't belong to him nor the world. This space belonged to Ye Mo.

Ye Mo's god art, one region.

Pu Yangsi sneered and spun his overlord demon barrier. At the same time he broke free from Ye Mo's one region god art, an extremely ancient time chi came.

Pu Yangsi instantly froze. He felt he became younger. He saw his first love. He went back to the past where he buried the woman he loved the most personally. He swore that he would surpass samsara and not his life get controlled by the world.

But now, why did he have the feeling of samsara. A samsara bridge appeared before him as though calling to him. Step on, if he stepped on, he would gain new life...

Ye Mo's god art, samsara.

Not right, Pu Yangsi suddenly woke up. He wasn't in samsara, he was fighting Ye Mo. His realm domain smashed out and he broke free from Ye Mo's samsara.

That only lasted one instant. How long was one instant? It wasn't enough to do anything.

But for primordial essence divine emperor or Ye Mo, one instant was enough to do many things. Three Great Primordial God Rune and a punch.

Ye Mo used his simplest fist god art, void. This was the first god art Ye Mo mastered, a god art he rarely used.

However, void was the best god art for Ye Mo now.

The Great Primordial God Rune didn't break open the barrier but it cracked a crevice. Pu Yangsi woke up and Ye Mo's punch entered this crack.

"I won't go into samsara..."

Pu Yangsi said these words and felt his surroundings pause again. This was Ye Mo's time law god art instant second. Pu Yangsi could no longer bear being bound by a god art. He spat a mouthful of essence blood and suddenly black mist burned around his body. This black mist instantly turned Ye Mo's instant second god art into nothing.

"God art space demon kill..."

Pu Yangsi ignored Ye Mo's void punch and released his own law god art.

Ye Mo's void punch suddenly paused. He felt he had sunk into a demon chi dimension. In here, he was locked by the dimension and couldn't move. At least in that instant, he couldn't move. Waves of demonic lethal chi brought destructive killing intent and arrived. These demonic lethal chi were going to completely tear him apart.

There was a burning desperation in Ye Mo's eyes. If only shadowless was here. Shadowless could devour space but he knew that shadowless would only devour a few space and would turn to dust.

Rumble. For the first time, Ao Xi's flag flew out of his hand, passing through Pu Yangsi's demon kill space and struck on Ye Mo's chest. It almost took away half of Ye Mo's chest. If Ye Mo wasn't divine body, his body wouldn't exploded already.

Ye Mo sighed. He knew he failed. If Ao Xi attacked half a second later, he would have a sliver of hope.

But even if he was going to die, he would bring someone with him. Ye Mo broke free from the demon kill space. He ate the remaining two primordial essence abstruse pills. The paused void punch smashed out like a flood and onto Pu Yangsi.

Thud.

Blood mist exploded. Pu Yangsi's essence spirit just escaped but was devoured by little blue who hid in Ye Mo's void punch.

Splurge.

A grey spear passed through Ye Mo's chest smashing him away and nailing him to the void.

A grey chi emitted from the long spear and Ye Mo was nailed in the void. He couldn't move at all. Even without this spear, Ye Mo wouldn't be able to run from Ao Xi's lightning rain flag but with this spear, Ye Mo didn't even have any chance to live.

"God Slaughter Grey Spear..." Ye Mo knew this was a Primordial Spirit Artefact. An extremely ferocious Primordial Spirit Artefact.

So this was Feng Guang's magic artefact. Ye Mo sighed. This Feng Guang really knew how to hide. If Feng Guang took out this first, he wouldn't have targeted Zhuge Zhichen first but Feng Guang.

“God Slaughter Grey Spear...” Ao Xi immediately recognised it.

“That’s right it is...” Feng Guang said and then suddenly there was this mist beam behind Ao Xi that completely enveloped him.

“Feng Guang you bastard...” Ao Xi didn’t expect Feng Guang would ambush him at this time.

However, it was too late. Blood mist flew and an essence spirit flew out. As soon as the essence spirit came out, it was crushed to nothing by Feng Guang’s powerful god essence hand.

Ye Mo and the five primordial essence divine emperors battle only lasted a short time. It was only a few seconds and the battle ended. Four primordial essence divine emperors died. Ye Mo was nailed by the god slaughter grey spear.

Even though he had the chaos tree, if he couldn’t break free from the spear, he would have to die.

The only winner was Guang Yuan palace lord Feng Guang.

Seeing Ye Mo’s blood being devoured by the god slaughter grey spear, Feng Guang said plainly “Luckily these four idiots came or I really wouldn’t be able to subjugate you. You’re the scariest dao essence divine emperor I’ve ever seen. I’m certain that you haven’t reached the third step. If you vindicated the third step of dao, even the five of us combined will be crushed by your finger...”

Feng Guang shook his head “But, this person will be me in the future. You didn’t need to die here. What a pity, you were too greedy.”

Feng Guang didn’t attack Ye Mo immediately. He waved his hand and all the floating storage ring, truth spirit worlds and magic artefacts flew into his hands.

Ye Mo tried to struggle and immediately knew that he wouldn’t be able to break free. He felt his life force dripping away. His essence blood and essence chi was devoured by the spear constantly.

Ye Mo gave up struggling and said “I really suspect if you’re Nianyan’s real father. You are using your daughter. I even suspect that your purposely caused her condition.”

Unexpectedly, Feng Guang smiled “No matter what you doubt you will die for certain. You won’t get to know if Nianyan is my daughter. I know you’re very strong, so strong that I’m scared. So, I won’t get close to you. I’m a very careful person. Although in time, the spear would kill you but I’ve still decided to kill you personally. I can’t wait to see if you have the chaos tree.”

Suddenly, a scorching flame appeared in Feng Guang’s hand. He stared at the flame and said “One god flame should be enough to turn your divine body into nothing right.”

Ye Mo suddenly laughed “Feng Guang, I have the same thing to tell you.”

“What is it?” Feng Guang subconsciously asked. He had this innate fear towards Ye Mo. As soon as he asked this, he felt his entire body was covered by this destructive killing intent. It was as though if he moved, he would turn to dust.

“You’re too greedy. You shouldn’t have killed Ao Xi first.” A golden bow appeared in Ye Mo’s face. On it was a golden bone arrow.

Chapter 2228 Sealed Void

[Previous](#) [Index](#) [Next](#) [Add Bookmarks](#)

Before Ye Mo shot out his arrow, Feng Guang already felt that terrifying killing intent grinding away his life force. At this moment, he couldn’t move. If he moved just a little, he would die to the arrow immediately.

“Golden Arrow of Divine Extermination...” Feng Guang murmured. Sweat was dripping down his forehead. He didn’t even remember when this last happened.

When Ye Mo drew open the bow now, he knew it wasn't the same as before. The power of this bow and arrow had increased countless times. Ye Mo felt a little sad. This was the first time he used Golden Arrow of Divine Extermination after completely spirit controlling it. This might be the last time too.

He felt the terrifying lethal chi. Ye Mo knew that if he shot out this arrow, he would be destroyed too. Perhaps, he was already destroyed.

"Pill divine Ye, don't attack. You're nailed by the slaughter god grey spear. If you use your god essence and spirit sense, your foundation will be ruined. You will never be able to repair it..." Feng Guang stared at the arrow and said shakily. He didn't know if he could dodge this arrow but he knew the killing intent of this arrow was too terrifying. It already went inside his bone marrow.

If he had the chance again, he would never join the hunt for Ye Mo. Even if he did, he would never kill Ao Xi first. A sliver of mockery flashed across Ye Mo's eyes. He knew that he couldn't move at all being pinned by the spear.

Releasing the Golden Bow and Arrow of Divine Extermination now was destroying his foundation and life force.

He knew that even if he didn't move, Feng Guang wasn't going to remove the spear for him. Ye Mo was going to die but he didn't want to die to a sly person like Feng Guang.

Before Feng Guang finished, Ye Mo shot out the first Golden Arrow of Divine Extermination...

A faint golden mark tore open this void. Endless destruction enveloped everything. There was no more life force nor mark in the space.

The bone arrow broke away everything and swept away the world.

The space that was extremely tough due to all the restrictions started to crack up like a spider web.

Feng Guang's eyes spasmed. His back was drenched in sweat. The instant Ye Mo shot this arrow, he breathed easy instead. He wouldn't be scared once the arrow was shot out. As long as he blocked this arrow with full power then even if he was heavily injured, Ye Mo would be his.

A faint red cauldron was instantly released by Feng Guang. It's grade was higher than Pu Yangsi's overlord demon barrier. Rarely could people even release defense magic artefact under the fully spirit controlled Golden Arrow of Divine Extermination.

Rarely but that didn't mean no one. Feng Guang was amongst that rarely. He instantly released the huge cauldron in front of him.

Rumble...

The Golden Arrow of Divine Extermination shot on the cauldron. The cauldron made whimpers and this terrifying crack appeared all over the huge cauldron.

The huge cauldron was very precious but to Feng Guang, his life was more precious than countless of these huge cauldrons. Powerful killing intent seeped from the cauldron and smashed onto Feng Guang's dan tian. Feng Guang spat mouthfuls of essence blood. His meridians all shattered but he saved his life.

Before he could breathe easy, he once again felt the soul invading lethal force. Feng Guang immediately realised, Ye Mo had more than one Golden Arrow of Divine Extermination.

Another two golden lights sliced across the space. Feng Guang suddenly regretted nailing Ye Mo with the spear. If he had the grey spear in his hands, he would be able to block a few arrows.

He really didn't understand how Ye Mo could keep shooting the arrows. Even if Ye Mo didn't want his foundation and kept burning god essence and foundation, he wouldn't be able to keep shooting.

All those who were nailed by the god slaughter grey spear couldn't move. Their life force and essence blood would be instantly devoured clean. Then, their essence spirit would be annihilated. However, Ye Mo shot out three Golden Arrow of Divine Extermination.

Was the chaos tree really that terrifying? A person nailed by the god slaughter grey spear could still gather god essence?

But these weren't what he could imagine. The second arrow smashed apart his cauldron and the third arrow carried endless destruction to his chest.

Feng Guang's realm domain became weak like a chicken egg under this bone arrow. He waved out a few space law god arts but they could only block the arrow for an instant. The next moment, the Golden Arrow of Divine Extermination nailed him on the chest.

Feng Guang spat a few more mouthfuls of essence blood. He used his hands to grab the Golden Arrow of Divine Extermination and then he breathed slowly. He finally stopped the third arrow. It made him heavily injured, all his bones and meridians were broken but he finally stopped it. At least his essence spirit wasn't injured.

Ye Mo gradually felt his power leave him. Every time he gathered god essence to shoot that arrow, the terrifying power of the god slaughter grey spear would tear his meridians and foundation even more.

Ye Mo knew he had to kill Feng Guang even if he traded his life for it.

He drew his Golden Arrow of Divine Extermination again and shot out four arrows at the same time.

Bloody mist seeped out from Ye Mo's body. Ye Mo couldn't shoot out the eight arrow. His hand couldn't even grab the bow and arrow anymore. The last arrow and the bow floated around like the rest of the magic artefacts in this region of space.

The four arrows didn't shoot out at the same time but the difference between each one was very short. The four arrows once again tore the void here turning it dark grey. All life force was crushed under the four arrows.

Feng Guang grabbed the third arrow but his eyes stared deadly at the four golden colours. He didn't expect Ye Mo could shoot out four arrows again. He also didn't understand how Ye Mo had this many Golden Arrows of Divine Extermination.

His surrounding was completely sealed by the Golden Arrow of Divine Extermination. He couldn't nor dare to move.

Rumble. The fourth arrow took Feng Guang flying and nailed him in the void too. The fifth arrow arrived instantly and blew his body apart.

The sixth arrow annihilated Feng Guang's essence spirit and the seventh arrow nailed Feng Guang's skull to the void.

Then, this region of void became dead silent. Other than magic artefact that would make everyone's eyes go red floating around, there was only the nailed skull of Feng Guang and nailed Ye Mo.

There was nothing else other than destruction chi.

Ye Mo's head swayed to the side. He had no sound nor chi. In this void perhaps only little blue could move.

Little blue's wobbly blue flames turned into two hands. The two hands wanted to pull down the god slaughter grey spear from Ye Mo. However, even Ye Mo couldn't pull the god slaughter grey spear when he was heavily injured.

Little blue tried again and again and failed. The god slaughter grey spear was still stuck on Ye Mo's chest. It didn't even move.

After countless failures, little blue gave up. It suddenly adhered to the spear and released a terrifying temperature. Clearly, little blue wanted to melt the spear.

Everyone went quiet again. There was only the sound of little blue trying to melt the god slaughter grey spear. If anyone came into this space, he would be shocked by the countless treasures here. He would even wonder if he was dreaming.

There were Primordial Spirit Artefacts everywhere. Truth spirit worlds were floating. There was god flame and even divine flame.

Year by year passed. The god slaughter grey spear was gradually melted by little blue. Although it would only get one layer thinner each year, little blue never stopped.

This region of void space was gradually sealed by dust.

Chapter 2229 Chats at the immortal rest tower

Void Marketplace merchant tower has always been the number one immortal rest tower of the Void Marketplace. All races and divine emperors liked staying here as they could get the latest news and the best residence here.

However, the rooms were too tight. Most people could only stay in the hall except for some early comers.

A blue robed woman sat quietly at one corner. She had been here for a long time and never asked for anything other than a kettle of immortal tea.

Perhaps because she came early, she had a table all to herself. The immortal rest tower was big but because there were so many people, almost every table was full.

However, no one went up to her table to sit with her.

No one dared to take this table by force purely because this woman came from the human race and was a dao actualisation divine emperor.

A dao actualisation divine emperor was nothing in the Void Marketplace. There were dao actualisation divine emperors everywhere but she was from the human race. The human race had high status in the Void Marketplace. No people would offend human race for no reason.

She didn't come here for long and felt confused that no one came to her side. She knew she was nothing in the Void Marketplace. Even if someone came to her table she wouldn't say anything.

At this moment, another woman came into the hall. She saw the seats were all full and frowned.

She wore light green immortal robes. She emitted this immortal aura that was beyond realms. Her long hair casually on her shoulders showing her unparalleled figure.

Every realm had countless extremely beautiful women and there were even more in the Void Marketplace. However, everyone was certain that they were nothing compared to this green robed woman.

The blue robed woman was extremely beautiful but when she saw this green robed woman she knew she was like an ugly duckling compared to the green robed woman.

She got up and said "Immortal friend, I have some space here. If you don't mind please sit over."

The green robed woman saw a good looking goddess invite her and immediately went over and thanked.

"We're all from the human race and we're all dao actualisation divine emperor. We have some fate to be encounter each other. Why thank me. I'm called Nie Shuangshuang, may I asked martial sister?" The blue robed woman smiled.

The blue robed woman was Nie Shuangshuang who vindicated dao at the Ice God Palace and went to the Divine Dao Realm and then came to the Void Marketplace from the Divine Dao Realm.

After Nie Shuangshuang ambushed Ye Mo, she became solitary and didn't like talking. She had always been in solitary cultivation or adventuring alone in the chaos star realm. When she reached dao moulding divine emperor, she became better. Then she left the Ice God Palace and came to the Divine Dao Realm.

The green robed woman thanked "I'm called Zhen Bingyu."

Nie Shuangshuang had never heard of this name and asked "Martial sister Bingyu, are you here to find opportunity to break through?"

Zhen Bingyu shook her head "No, I came here to look for someone."

Then she stopped talking.

This was Nie Shuangshuang's first time seeing someone who talked less than her. She didn't know anything about the Void Marketplace so she asked quietly "Martial sister Bingyu, I see there's a lot of people here and I'm sitting alone.

Why does no one come sit next to me?"

Zhen Bingyu smiled "Because you're a human race divine emperor. Before you agree, no one would come over."

"Why? When I just arrived at the Divine Dao Realm, I heard that the Divine Dao Realm was broken and the human race had very low status. Why is there such a change?" Nie Shuangshuang asked.

Zhen Bingyu thought for a long while before saying "Because a pill divine of the human race appeared. He was not only a pill divine but also created a huge name for the human race especially in this immortal rest tower. Xing Hong divine emperor of this tower is really close to him and takes care of the human race."

Zhen Bingyu thought of the days she was with Ye Mo.

"There are countless powerful beings in the Void Marketplace. The human race has such divine emperor? How could he create such a huge name in the Void Marketplace?" Nie Shuangshuang asked in disbelief.

This time, another human divine emperor said "Of course. Pill divine Ye killed more than a hundred aquarius race divine emperor at the god rank square. He also took back the spots belonging to the

human race for the dao fruit tower. Then the aquarius race attacked the Divine Dao Realm but what happened? They ran back. They ran because they were scared of pill divine Ye.”

Nie Shuangshuang had been focused on cultivation and didn't care about that much. However, she did hear about the aquarius race attacking the Divine Dao Realm. She didn't expect this involved a human pill divine slaying more than 100 of their divine emperors.

“That's nothing. When pill divine Ye went to the dragon race for Ao Xi divine emperor's primordial essence ceremony, six or seven primordial essence divine emperors attacked pill divine Ye but they weren't able to keep him. Now, who would dare to talk shit to pill divine Ye one on one?” another human divine emperor said.

Nie Shuangshuang was very shocked. She knew the human race had no primordial essence divine emperor. Didn't this mean that this pill divine Ye was human race primordial essence divine emperor?

Just when she wanted to ask, another sneer sounded “Pill divine Ye is indeed powerful but he's still dead. Otherwise, why has there been no news of him for a thousand years ever since he left the dragon race? Plus your human race only has a pill divine Ye. Who else in the human race is powerful? On the top ten of god rank do you see a single human divine emperor?”

“Good point, the Divine Dao Realm is broken. If it wasn't for our aquarius race Deshui divine emperor showing mercy, there would be no Divine Dao Realm. Ye Mo is not bad but that's only with dao essence divine emperors. If he encounters primordial essence divine emperors, he can only run. If Ye Mo comes here, even our aquarius race Ri Guang divine emperor can take him down easily much less divine rank number two beast race Tian Hua divine emperor.” A watery dao actualisation divine emperor immediately said.

The human divine emperor heard this and got up “Run from a few primordial essence divine emperor? If you're good then why don't you show me and run. If pill divine Ye was here, that Rui Guang wouldn't even last one move.

“In that case, I will challenge you. If you're strong come fight me on the stage at the god rank square.” The aquarius divine emperor said with annoyance.

“Okay, I will fight with you.”

Unexpectedly, it was this green robed goddess who agreed.

The aquarius divine emperor looked at Zhen Bingyu in shock “Goddess, you’re from the human race but I didn’t challenge you.”

Zhen Bingyu said coldly “I’m uncomfortable with anyone who dares to say bad things about Ye Mo. If you don’t challenge me very well I will challenge you.”

Nie Shuangshuang was thinking how there could be such a coincidental name, she had already severed Ye Mo with everything in the past. Was everyone who was called this name this eye catching?

She got up and asked Zhen Bingyu “Martial sister Bingyu, that Ye Mo...”

“What relationship are you with Ye Mo? Why are you fighting for him?” The aquarius divine emperor disrespected Ye Mo verbally but he was very scared of Ye Mo. News of Ye Mo suppressing aquarius primordial essence divine emperor Wen Deshui had long spread everywhere.

“I’m his lover, what? You don’t dare to go?” Zhen Bingyu said calmly.

Chapter 2230 No Return

“Hmph, I’m an aquarius dao actualisation divine emperor. I’m not going to care about a woman like you.” The aquarius divine emperor sneered and left angrily.

Zhen Bingyu sat down calmly and said nothing. The entire hall calmed down too.

Everyone knew that the aquarius divine emperor didn’t really leave because Zhen Bingyu was a woman. There was no difference between men and women in battle at the Void Marketplace. The reason the divine emperor left quickly was because she said that she was someone Ye Mo loved.

Who was Ye Mo? No matter how much the aquarius and beast race degraded Ye Mo, Ye Mo's name in the Void Marketplace had never shivered. He killed more than a hundred divine emperors and swore at Wen Deshui in the dragon race but Wen Deshui didn't dare to say anything.

A few primordial essence divine emperors wanted to stop Ye Mo but Ye Mo left casually. There were hundreds of witnesses there and all these witnesses were powerful people.

Then, there was news that the dragon race, beast race, aquarius race and demon race primordial essence divine emperors joined up to find Ye Mo but they disappeared along with Ye Mo.

These news caused many guesses. Some people guessed that the four primordial essence divine emperor fought with Ye Mo in a huge battle and they all died. Some people guessed that these four primordial essence divine emperors killed Ye Mo and didn't want people to say things so they went into solitary cultivation. Other people guessed that these four primordial essence divine emperors and Ye Mo were all heavily injured. So, they hid and treated their injuries.

Regardless, it was Ye Mo fighting four primordial essence divine emperors.

Ye Mo could fight four primordial essence divine emperors. This little dao actualisation divine emperor was truly lesser than an insect to Ye Mo. If he really offended Ye Mo's woman then he would have nowhere to run when Ye Mo came back.

When he heard Zhen Bingyu was Ye Mo's woman, he just used an excuse to leave.

"Martial sister Bingyu, the Ye Mo you spoke about came from the immortal realm?" Nie Shuangshuang finally had the chance to ask.

Zhen Bingyu nodded "Yes, you're human race divine emperor, do you really not know him?"

Nie Shuangshuang waved out an image and asked shakily "Martial sister Bingyu, is pill divine Ye this person?"

Zhen Bingyu wiped the image away and said with some annoyance "Yes."

She didn't like it how Nie Shuangshuang clearly knew Ye Mo but still spoke like this. If Ye Mo wasn't famous at all then she wouldn't be angry. However, Ye Mo was famous in both the immortal realm, Divine Dao Realm and the Void Marketplace. Yet Nie Shuangshuang said she didn't know him.

You are someone Ye Mo likes?" Nie Shuangshuang asked forcefully controlling her shakiness.

Why couldn't Ye Mo like her? This question made Zhen Bingyu very uncomfortable. She frowned "He's is who I like. I came here to find him."

Then Zhen Bingyu turned to leave. She didn't like talking to Nie Shuangshuang there was no point. Nie Shuangshuang gave her the feeling of someone she didn't want to be friends with.

Nie Shuangshuang got up and looked at Zhen Bingyu's disappearing figure. Suddenly, she felt her entire body shake.

She was a dao actualisation divine emperor but she couldn't control her body from shaking.

In order to vindicate her greatest dao, she severed her past times and ambushed Ye Mo. However, Ye Mo wasn't kill and many years later, she couldn't even look up to him.

This was the stepping stone to her great dao? A bitter scorn came up to her mouth. Compared to Ye Mo who was above primordial essence, Nie Shuangshuang felt her great dao was a joke.

Even that Zhen Bingyu was many times stronger than her.

When Ye Mo's name was mentioned like that, Zhen Bingyu would get up to fight for Ye Mo. Meanwhile, she had liked Ye Mo too and just sealed those things. But what did she do? Ye Mo took her to the immortal realm and sent her to an immortal king who could save her. He was still worried about her and found his way all the way to Ice God Palace.

Just how hard was it for an ordinary immortal to find it there. However, she didn't even think about this. How she repaid Ye Mo was by tricking Ye Mo into her room and pulling down the Ice God formation.

Ye Mo was fine under there meaning his cultivation level was definitely beyond immortal king. That meant that Ye Mo could've gone to the Ice God Palace for revenge but Ye Mo never went.

Nie Shuangshuang suddenly felt sad. She would rather Ye Mo come to her for revenge. Ye Mo didn't do that meaning he didn't even have hate for her. Perhaps in Ye Mo's mind, there was no longer Nie Shuangshuang.

Zhen Bingyu was many times better than her. She was very powerful but she didn't need to sever love to vindicate her dao.

At this moment, she would rather she was Nie Shuangshuang who never recovered her memories. She would still rather be that innocent Nie Shuangshuang.

She knew that the moment she pulled down the formation, she had lost everything. Some lost things could be found but some lost things would never come back.

Nie Shuangshuang suddenly thought of the song she heard at the Qing Wei Abyssal river "Yesterday is gone forever. Happiness is more precious than anything. The spilt water can't be taken back..."

When she first heard this song, she thought it was another Earthling who came to the immortal realm. But now, she realised that Ye Mo sang that song.

She remembered this song because at the bar in Beijing, she sat with Ye Mo and the song played in the bar.

Nie Shuangshuang was lost in her thought. After a long while, she got up but then she realised that even if she went back to the Divine Dao Realm she wouldn't be able to get back to the Qing Wei abyssal river.

She sighed and looked at the busy immortal rest tower. Her heart was empty.

In the Golden Page World, Chi Wanqing who was immortal king primary stage and Mu Xiaoyun who was dao nourishment sat facing each other but had no mood for cultivation.

Ever since Mu Xiaoyun vindicated dao, she made no progress. She was worried about Ye Mo. Ye Mo hadn't come to the Golden Page World for this long.

Small ginseng, shadowless and Qiu Rang knew the masters weren't happy and moved to the side. They were very worried about Ye Mo but without Ye Mo's permission they couldn't even scan their spirit sense out much less go outside.

"Martial sister Xiaoyun, martial sister Wanqing. I'm certain that brother Ye is fine. Otherwise, the Golden Page World wouldn't be fine. If there was someone who could do anything to brother Ye, how could he not spirit control the Golden Page World after all these years. We've been fine in the Golden Page World meaning that brother Ye is fine." Qing Ru comforted. She had reached dao moulding divine emperor.

She had been comforting Chi Wanqing and Mu Xiaoyun these years. She was a bit worried too.

"We'll wait for another while. If there's still no news of husband, I'm going to think of a way to leave here." Mu Xiaoyun said firmly.

The other two didn't talk clearly agreeing to her.

Mo Yue Immortal Sect. It was sect in the low heaven domain but it was the biggest sect of the 33 heavens.

The Mo Yue Immortal Sect was filled with people. Luo Ying was sitting at the top. Next to her was Song Yangzhu, Ning Qingxue and Su Jingwen.

Xu Yuehua, Xu Ping, Li Yuqian, Ye Ling, Tang Beiwei, Lin Yiban, Xu Tong, Shi Tie, Xu Changjie, Ge Zhida were all here.

Even Lu Feng, Hong Ling, Yinhui and them were here.

Yimo's head looked low. She sat in one corner as though she was just told off.

Luo Ying said slowly “Ye Mo set up Mo Yue city on Luo Yue continent and then Mo Yue Immortal Sect in Gong Hua heaven. What’s the purpose of this? It’s not to show off. He did this so we can gather together. Now, other than people who haven’t ascended from Mo Yue city, the rest are all gathered here.”

Luo Ying then looked at Yimo and said “It’s easy to go to the Divine Dao Realm from Mo Yue Immortal Sect but what happens if you go there? Do you want Ye Mo to look for you guys again? Yimo, you can reach immortal emperor. Other than your talent, you should think about how many cultivation resources you got. Jingwen, you’re the same. These cultivation resources are all brought back by Ye Mo. This is why the Mo Yue Immortal Sect is more powerful than other sects.”

Yimo groaned “Aunty Susu, why could sister Bingyu go to Divine Dao Realm?”

Luo Ying sighed but still explained “She’s different to us. She’s not a part of the Mo Yue Immortal Sect so she can go. From now on, I’m not allowing Mo Yue Immortal Sect to go to the Divine Dao Realm until Ye Mo comes back. Even if you go to the Divine Dao Realm, you might not get more cultivation resources. The Divine Dao Realm is broken and cultivation resources are lacking.”
