

## Strongest As 2241

Chapter 2241 The three divine sects visits

“Sect leader, there are guests.” A dao moulding divine emperor woman walked up to Ye Mo and said.

Ye Mo looked at this woman and said happily “Goddess Yingyao, you joined the Divine Dao Sect too?”

Shan Yingyao said excitedly “Yea, sect leader. After I knew that the sect leader of Divine Dao Sect was brother Ye, I immediately discussed with my family and joined the Divine Dao Sect. Brother Ye you’re sect leader now. You only need to call me Yingyao.”

“Okay, thank you for coming to help Yingyao. The Divine Dao Realm has regained life force. I believe with your talent, it won’t take long for you to reach dao nourishment.”

“Thank you sect leader.” Shan Yingyao had known Ye Mo for a long time but she had never thought that Ye Mo would one day reach this level.

Qin Xuanji walked up to Ye Mo and said “Sect leader, greet the guests first. You can leave here to me.”

Her tone was still shaky. Her countless years of dreams really occurred.

Ye Mo’s spirit sense scanned the guests in the guest palace. Wang Nanshuang, Ji Xi and Ji Xinyi. A black skinned dao essence divine emperor sat nervously with Zhu Wenmao next to him. That dao essence was the cocky dao essence divine emperor of the Xu Yue divine dao. He called Zhu Wenmao over clearly because he was scared.

Other than this, there was a half primordial essence whom he didn’t know. However, Ye Mo knew Dong An who was next to him. Lan Qilan was accompanying them for now.

Ye Mo came to the guest palace.

“Immortal Goddess Sacred Sect Ji Xinyi greet sect leader.”

“Xue Yue divine dao Lou Zhong greet Ye qian bei.”

“Sect leader Ye, Great Sun God Mountain Qi Lin come to accept punishment.”

When Ye Mo came in, everyone got up greeting. Although Lou Zhong had conflict with Ye Mo, Ye Mo noticed that half primordial essence first. This guy was extremely selfish. Ye Mo knew this guy was not only going to take Mu Xiaoyun and sacrifice her to the Great Sun God Mountain and wanted to spirit control the entire Divine Dao Realm.

Despite know that this guy was dreaming just with his half primordial essence but one could see how selfish this guy was. Ji Lin’s hair was loose and his eyes looked very bleak.

Seeing Ye Mo stare at Ji Lin as soon as he came in, Dong An quickly got up and said “Sect leader, our Great Sun God Mountain Ji Lin divine emperor offended sect leader before. He is very worried. This time, it’s his idea to take out many resources from the Great Sun God Mountain to rebuild the Divine Dao Sect. He came to apologise this time please...”

Ye Mo waved his hand and stopped Dong An talking. He stared coldly at Ji Lin “I really didn’t understand before why a human race divine emperor like you would spirit control the entire Divine Dao Realm but today, I finally understand.”

Hearing this, Ji Lin subconsciously worried. He wasn’t too sure before if Ye Mo was primordial essence but now he realised Ye Mo was definitely primordial essence divine emperor.

Hearing that Ji Lin wanted to spirit control the entire Divine Dao Realm, almost everyone looked at Ji Lin.

Ji Lin quickly bowed “Sect leader, there’s definitely no such thing. Ji Lin is a Divine Dao Realm divine emperor, how would I dare to spirit control Divine Dao Realm. Ji Lin is already very regretful asking for the Immortal Goddess Sacred Sect saint to sacrifice to the mountain. I’ve already removed the Great Sun God Mountain...”

“Really? But why is a beast race divine emperor like you in our human race sect? If you think you can hide from me with your little power, you’re too cocky.”

Ye Mo’s words were very shocking. Almost everyone looked at Ji Lin. Ji Lin had always been human race divine emperor, how did he become beast race?

“Sect leader Ye, Ji Lin divine emperor has always been our Great Sun God Mountain divine emperor and...”

Ye Mo interrupted Dong An again “immortal friend Dong, this Ji Lin is possessed. Although this happened a long time ago, he’s not human race.”

Other people couldn’t see Ji Lin’s chi but Ye Mo was primordial essence and everything in the world was at his will. How could he not see this?

“Ji Lin... you’re really from the beast race?” Dong An looked at Ji Lin in disbelief. Then he realised, “No wonder when the aquarius race invaded, you happened to be in solitary cultivation...”

Ji Lin’s face changed. He knew he was caught. His figure began to dim as he wanted to run.

It would be too much of a joke if a half primordial essence could get away from Ye Mo. Ji Lin’s figure immediately became solid again.

“Don’t even think about getting away from me.” Ye Mo threw out a fireball on to Ji Lin.

Yet, this most ordinary fireball magic turned a half primordial essence to dust.

A fireball killing half primordial essence. Despite this half primordial essence being beast race, everyone in the palace felt cold. Ye Mo’s cultivation level was beyond their imagination. This was the difference between heaven and Earth.

“Thank you sect leader, otherwise we wouldn’t even know that the number one divine emperor of the Great Sun God Mountain is a beast race. I’m going back to the Great Sun God Mountain now, please understand sect leader.” Dong An got up and bowed.

Ye Mo understands Dong An. The number one divine emperor of the Great Sun God Mountain just got annihilated. The sect needs to be reorganised. He nodded “Do as you please immortal friend Dong.”

After Dong An left, Zhu Wenmao said “Qian bei, thank you qian bei for building our Xu Yue divine dao...”

Ye Mo knew that Lou Zhong was scared of him giving him a fireball too. Lou Zhong was cocky but Ye Mo didn’t plan to kill him. Now that Zhu Wenmao spoke, Ye Mo saluted with his fists “Congratulations on building Xu Yue divine dao again.”

Lou Zhong quickly bowed too “Lou Zhang was blind before and dared to offend sect leader. Please punish me.”

Ye Mo frowned and sneered “Lou Zhong you don’t need to beg for your life. On Wenmao’s account, I’ll let you go. Answer a question, how much do you know about Duanmu Yuebo?”

Lou Zhong bowed and said “The Divine Dao Realm samsara dao was destroyed. Countless immortals couldn’t go into samsara and their souls perished. Martial ancestor Yuebo was merciful. When he vindicated primordial essence, he had decided to open the samsara path and connect to the nether realm. Ever since then, there was no news of him...”

Duanmu Yuebo probably opened the tunnel to the abyssal realm not the nether realm. He didn’t know the difference between the two. He wasn’t a cunning old bastard like fried egg so he probably didn’t know his cultivation level would be suppressed there.

In there, he might not even be able to beat an ordinary dao essence divine emperor. Although he opened more than half the tunnel, he died in the void between abyssal realm and human realm.

As for how exactly Duanmu Yuebo died, Len Shuoqi might know. When he had the time, he could go ask Len Shuoqi. At the same time, Ye Mo decided to reopen the samsara tunnel.

“Does Duanmu Yuebo have a short spear magic artefact?” Ye Mo asked.

“Wan bei don’t know.” Lou Zhong answered carefully.

“Okay, you can go.” Ye Mo said calmly.

Seeing Ye Mo not intending to sort things out with him, Lou Zhong quickly got up and left. Zhu Wenmao sighed. Ye Mo saved his life and helped Xu Yue divine dao a lot but martial ancestor Lou Zhong really didn’t know how to act. He thought dao essence was powerful but now a half primordial essence easily perished before Ye Mo. If Ye qian bei really wanted to kill martial ancestor Lou, it would just be the wave of a hand.

He knew that nothing he said would change anything so he got up and left with Lou Zhong.

Seeing Ye Mo glance over, Ji Xi quickly took out a bottomless gourd “Sect leader Ye, this is the three treasure primordial essence gourd. I’ve only been able to give it back to you today, Ji Xi is...”

Ye Mo took the gourd and interrupted “No need to mention this again, leave first.”

Then, Ye Mo said to Lan Qilan “Martial uncle Lan, have a seat outside with goddess Nanshuang too. I want to talk to sect leader Ji alone.”

They got up and left.

Ji Xinyi was Immortal Goddess Sacred Sect sect leader but she was only a dao actualisation divine emperor. There was no way she wasn’t nervous standing before a primordial essence divine emperor.

“Sect leader Ji, sit first. Seeing how you fought against the aquarius race, I won’t kill you. I need to ask you a few things and you reply honestly. Otherwise, don’t blame me.” Ye Mo stared at Ji Xinyi and said. He had no good impression of her at all.

Chapter 2242 Mother

Ji Xinyi sighed. She knew that neither her nor her Immortal Goddess Sacred Sect was anything to Ye Mo. If it was before, Immortal Goddess Sacred Sect might be able to get a lot of support but now if Ye Mo said anything, perhaps the entire Divine Dao Realm would attack the Immortal Goddess Sacred Sect. This meant that if Ye Mo wanted to annihilate the Immortal Goddess Sacred Sect, he wouldn't even to do it himself.

Luckily, Ye Mo didn't hide the feat of Immortal Goddess Sacred Sect saint Qing.

"Sect leader Ye please ask me anything. Ji Xinyi will tell you everything I know." Jin Xinyi sat down and answered.

Ye Mo nodded and sat down "When I was at the Immortal Goddess Sacred Sect prison door mountain I saw some white bones and a chain made with heaven lu essence metal. I really want to know what that is."

Jin Xinyi was shook. She didn't expect Ye Mo to ask about the Immortal Goddess Sacred Sect. She fell silent for a long time and said "This is an internal matter of the Immortal Goddess Sacred Sect but since the Immortal Goddess Sacred Sect has offended sect leader Ye manytimes, I'm willing to answer this question."

Ye Mo was hopeful. He really wanted to know what relation those white bones had with him. Why did he feel sad when he saw it.

Jin Xinyi collected her thoughts and said slowly "The Immortal Goddess Sacred Sect has also valued virginity to be sacred. It is the most important thing in the sect. The sacredness of an ordinary immortal goddess was so important much less the saint of our sect.

However, not everything goes as planned. The 73rd saint of the Immortal Goddess Sacred Sect Yuan Ruixiu was very talented and had the foundation to reach primordial essence. However, in a trial she had, she lost her virginity and she wasn't willing to say who she lost her virginity to. In the end, she was locked by the martial ancestor in the prison door mountain burned by the yin fire."

"A bunch of inhuman fake nuns. Do you not have parents yourselves? Fuck!" Ye Mo cursed.

It was fine to keep virginity but because one lost it, they would be burned by yin fire for countless years. Ye Mo looked down on this. At most they should be punished and kicked out of the sect. Even a dao essence divine emperor wouldn't be able to last long under such inhumane torture.

Hearing this, Jin Xinyi's face changed but she sighed. Ye Mo could say whatever he wanted, could she rebel?

Ye Mo sneered at Jin Xinyi "Do you think you can't resist me? When Immortal Goddess Sacred Sect threw Ruan Ruixiu into the prison door mountain to be burned, could she resist? Remember, don't do to others what you don't want to happen to yourself."

Jin Xinyi knew there was no point arguing with Ye Mo about this. She just said "Ruixiu still gave birth to a girl in there. In order to protect her daughter, she used all her life force and burned her essence blood to tear open the void and get her maid Ruan Huiyun to take her daughter and leave the sect. This is all I know. As for where Ruan Huiyun went, no one in the Immortal Goddess Sacred Sect knows."

"Do you have an image of saint Ruixiu?" Ye Mo asked again.

Jin Xinyi nodded and took out a blank jade slip and then imprinted an image for Ye Mo.

Ye Mo looked in the jade slip. It was an extremely beautiful woman. Ye Mo felt she was familiar. He seemed to have seen this image somewhere before.

Seeing Ye Mo frown and not talk, Jin Xinyi didn't say anything.

After a long while, she remembered who this image was. He took away a woman called Gong Linxiu from Feng Kong grand emperor estate. She left two images. One was his mother of his past life and one was goddess Ningsi who served his mother.

His mother looked really similar to Ruixiu saint. Was Ruixiu saint his kin? Ye Mo thought of what Linxiu said "Ningsi raised you up and had feelings for you. She was scared you would suffer in the cultivation realm so she wanted to go down and take care of you. That night, Ningsi left the estate and I've never heard of her ever since."

When he was thrown into the cultivation realm by Feng Kong Grand emperor, Ningsi went down to find him.

Thinking about how he was thrown into East Black state, Ye Mo's spirit sense immediately pierced many realms and landed on Luo Yue continent.

Mo Yue city was still the same. Ye Mo saw many familiar people there. Ning Sishuang, Mu An, Li Sandao...

Soon, Ye Mo got up. He saw Ning Si. She was a bit old but her looks were still there.

Ye Mo didn't know how Ningsi went to the cultivation realm but he knew it was very hard for a great immortal to go to the cultivation realm alone. But since he saw Ningsi, it meant that she did it. However, her chi was messy and her life force was dispersed. It seemed she might die at anytime.

She lived alone at a spirit chi arid mountain. She was quite distant from mortal villages. She just looked at the distant sky. Ye Mo knew that she probably knew she didn't have long to live.

Ye Mo didn't dare to stay here. He sound transmissioned to Qin Xuanji "I'm leaving the sect for a while. I'll leave the Divine Dao Sect and Divine Dao Realm to you guys."

Then, Ye Mo disappeared from the guest palace.

Qin Xuanji knew Ye Mo went to find World Mountain. She quickly bowed "yes, sect leader."

Jin Xinyi got up and looked at the direction Ye Mo disappeared. She wasn't strong but her knowledge was there. How could she not tell that Ye Mo crossed the void without even needing to tear it. Just how much power was needed for this?

...

Jiang Lian peak was a short mountain range. There was an extremely tall peak called Jiang Lian peak in the ranges. There were plenty of spirit herbs there. So, the nearby residents called this entire place Jiang Lian ranges.

There were spirit herbs on the peak but only limited to one place. These spirit herbs were only good relative to mortals. To cultivators, they were worthless.

There was an extremely huge river before the peak. This river was connected to the peak forming an arid land. However, this was only arid relative to mortals.

In an extremely distant place, there was a few straw houses. The nearby residents didn't even know about this place. They were stealthed by restrictions. Ordinary people wouldn't be able to see at all.

A middle aged woman sat here looking into the sky as though reminiscing the distant past.

"Qian bei..." Ye Mo stood behind this woman for a long time but she didn't notice at all. Ye Mo felt she had no power. Ye Mo called out shakily.

This middle aged woman suddenly turned around. When she saw Ye Mo, her eyes froze. After a long while, her face was covered with tears, "My baby... my life is at its end..."

Ye Mo immediately understood what she meant. She had no cultivation level left. She thought she was about to die and thus saw an illusion.

At this moment, waves of sadness surged in Ye Mo. He had no relations to Ning Si but she brought him up and took care of his mother. When he was kicked into the cultivation realm by Feng Kong, she tried all means to come to the cultivation realm. With her great immortal power, she would be easily able to live tens of thousands of years but she had only been to the cultivation realm for a thousand years or so and her life was at its end.

"Zhou mother, this isn't a dream. I came to find you. I'm late, I really am Ye Mo..." Ye Mo was crushed by this deep kin relationship. Even his primordial essence dao wave couldn't prevent him from feeling sad.

His mind flashed across Ningsi's desperate plea "Emperor Feng master, please leave my baby here..."

Then Ningsi rolled of the stairs while still protecting him in his arms. When he came to the cultivation realm, Zhou mother still used all her cultivation level to chase over. Who would do this selflessly other than mothers?

Ye Mo didn't even know his face was covered in tears. At this moment, he couldn't stand up. He knelt to the ground "Zhou mother, I came to see you."

"Are you really my baby? You're still alive?" There was this unhealthy redness on her face. She rushed to Ye Mo and hugged Ye Mo while saying shakily "Baby, you're really my baby."

Chapter 2243 Sad Choice

"I'm baby." Ye Mo suddenly realised. Ning Si didn't know he was called Ye Mo in this life at all. She recognised him purely based on instinct.

"Great that you're still alive..." Ningsi didn't even hear clearly what Ye Mo said his name was. She was just immersed in the excitement.

As an immortal, she had been cultivating her entire life. When she reached great eternity immortal, she knew she reached her limit. Then, she saw Ye Mo's mother who escaped to Feng Kong grand emperor estate. Ye Mo was taken care of by her.

The maternal instinct was completely activated by Ye Mo. Ye Mo had been under her constant care almost every moment. Comparatively, Ye Mo's real mother wasn't that close to Ye Mo.

When Ye Mo grew up and her mother found Ye Mo's spirit root was messy and couldn't cultivate, she gave Ye Mo to her and left. Ye Mo became her entire world. From the beginning to the end, she thought of Ye Mo's as her own child.

Because of this, when Ye Mo was ordered to be sent into the cultivation realm, she tried all means to follow into the cultivation realm despite losing life span.

Feeling the withered chi on Ningsi, Ye Mo pulled out some life force from the chaos tree and fused them onto Ningsi.

At this moment, Ningsi woke up from her initial excitement and joy. She immediately felt the change on her body. Her looks became young in an instant. Not only so, her cultivation level started to recover. It went all the way to great eternity immortal peak before stopping.

With this, her life span went back to her.

Wen Ningsi immediately knew what happened.

“You gave me chaos life force?” Wen Ningsi looked at Ye Mo in shock. She felt a deep fear now instead. How could her baby have chaos life force? It’s said that the purest chaos life force came from the chaos tree. Regardless if baby had this, he would die if news spilled out?

Ye Mo felt this deep worry from Wen Ningsi. He was touched at how much Zhou mother loved her.

“Zhou mother don’t worry about me. I have chaos life force but no one can take it...” Ye Mo comforted.

Ningsi quickly stopped Ye Mo from talking and pulled Ye Mo inside the house. Then she set up a few restrictions before saying “Baby, do you know how many people want chaos life force. All immortals want it. Do you know how many powerful beings there are in the immortal realm? Even immortal emperors aren’t at the peak. There are still dao vindication divine emperors... hmm?”

Wen Ningsi suddenly stopped. She found her cultivation level had recovered but she didn’t feel the pressure of the world law. What was going on?

“Why do I feel no suppression?” She suddenly realised.

Ye Mo quickly let Wen Ningsi sit down and told her his story.

The entire day, Wen Ningsi sometimes stood up nervously sometimes breathed easy.

After hearing all this, she still asked in disbelief “Baby, you were thrown down by the Feng emperor to rebirth for a second time? You went to the immortal realm and fought with emperor Feng? There’s a realm above the immortal realm? You’re saying dao vindication is just the start of dao?”

As she spoke, she couldn’t resist standing up again “Baby, you’re not a cultivator? By the way, why can’t I see your cultivation level?”

Ye Mo quickly explained “dao vindication is just the beginning of learning world laws. Dao vindication first step is split into dao moulding, dao nourishment and dao actualisation. After dao actualisation peak stage, if you have enough talent and fortune you can reach second step dao essence. Dao essence is divided into primary stage, middle stage, tertiary stage. After dao essence peak stage, you have the chance of entering third step dao vindication primordial essence. In the endless void, there are very few primordial essence divine emperors. There might not even be more than ten.”

Ye Mo guessed that if he didn’t kill five primordial essence divine emperors in one go, there would be ten primordial essence divine emperors. But now, it was uncertain.

Wen Ningsi was a great eternity immortal but she had never come in contact with dao vindication level. She always thought that immortal emperor dao vindication was the extreme but Ye Mo opened a new door for her.

“How would you know all this?” After a long while, Wen Ningsi asked in a daze.

“Zhou mother, it’s because I’m already a primordial essence divine emperor. So even if I expose chaos life force, there won’t be any danger.” Ye Mo answered.

Wen Ningsi realised that Ye Mo had stood at the peak now.

“I can stand here because...”

“Yes I changed the world laws here. You will be unaffected.”

Wen Ningsi had been in the cultivation realm for too long. She was finally certain that what Ye Mo said was true. She was so excited she couldn't speak a word. In her eyes, emperor Feng was the strongest in the immortal realm but her baby could fight with him and now even reached primordial essence. Just how amazing was this?

Ye Mo sat quietly with Wen Ningsi like this. After a long while, Wen Ningsi still said worriedly "Baby, even though you're primordial essence, you must remember to not reveal you have chaos life force so easily. There are countless powerful beings in the universe, who knows if you will see them?"

Then she breathed easy "You mum definitely will be very happy if she knew you can cultivate and vindicated dao."

Ye Mo guessed some things but still asked "Zhou mother, do you know what my mother is called?"

Hearing this, Wen Ningsi seemed to begin reminiscing the past. After a long while, she said, your mother is called Ruan Jun..."

Wasn't Ruan Ju the Immortal Goddess Sacred Sect saint Ruan Ruixiu's daughter? Ruan Ruixiu was her grandmother. No wonder he felt sad seeing those bones. At this moment, Ye Mo wanted to charge into Immortal Goddess Sacred Sect and turn them to dust.

But he held his fury. The people in Immortal Goddess Sacred Sect now had nothing to do with his grandmother. Plus, even his grandmother probably didn't want him to destroy the Immortal Goddess Sacred Sect.

Wen Ningsi sighed "I believe your bother probably went to find immortal spirit items to change your spirit root. She's had the hardest life. She definitely went to the most dangerous place so she couldn't take you. After she knew you couldn't cultivate, she purposely didn't care about you so that emperor Feng wouldn't get angry at you."

Hearing this, Ye Mo was struck. He had always thought his mother abandoned him because his talent was bad. To a mother, abandoning him was the saddest decision.

After knowing he was abandoned a few times, Ye Mo was never sad nor did he care about who abandoned him. Only this time, the sadness in his heart was uncontrollable. At this moment, he cared about his mother so much.

Ye Mo thought about how his grandmother used all her life force to protect her mother and how her mother went out alone to find things so he could cultivate. At this moment, his eyes went wet again. His mother went out for this long and never came back. How could it be good?

At this moment, space near Ye Mo started to crumble. His dao law was too powerful and the world law of the cultivation realm was too low. It couldn't handle his sadness.

"Baby, don't worry. Your mother will definitely come back." Wen Ningsi felt Ye Mo's powerful sorrow and quickly wiped his tears and clutched his hand tightly. At the same time, she realised what Ye Mo said was all true. Just from how Ye Mo's dao waves moved, it was enough to collapse space here. Just what power was this?

Ye Mo regained his senses and forced down his sorrow. He waved his hand and repaired the broken space law.

Chapter 2244 Vast Majority

At the next moment, his spirit sense pierced countless realms and searched the entire cosmos. Other than some realms that his spirit sense couldn't penetrate and those realms protected by formations, his spirit sense didn't find his mother.

Even Ye Mo couldn't handle doing this for an extended period of time. His sea of consciousness ached and his face went pale.

"Baby what happened to you?" Wen Ningsi quickly used her immortal essence to help Ye Mo.

Ye Mo took back his spirit sense tiredly. He shook his head and said coarsely "I'm fine, mother Zhou, why are you here? The spirit chi here is so arid."

"Your mother left me a top realm breaking rune. After emperor Feng sent you to rebirth in the cultivation realm, I burned my life to activate it. Although I knew you were on Luo Yue continent east

black state but I didn't know exactly where you were. I didn't have cultivation level but I knew I could find you. I've been searching for you ever since. I believed that if I found you, I would be able to recognise you even though you reincarnated."

Ye Mo clutched Wen Ningsi's hands even tighter. He hated himself for not knowing this earlier. If he did, mother Zhou wouldn't have to suffer this much. Luckily he reached primordial essence divine emperor, otherwise, even if mother Zhou died like that, he wouldn't know there were people searching for him in east black state.

Feeling Ye Mo's guilt, Wen Ningsi grabbed Ye Mo's hand and said "I've lost my cultivation level and I wasn't able to find you after all these years. That year, I saw two women who were also finding people but weren't able to. We lived together at Jiang Lian peak."

Wen Ningsi sighed "Compared to them, I'm much more fortunate. At least I found you..."

Wen Ningsi seemed to have suddenly thought of something and looked at Ye Mo "Baby, what did you say your name was?"

"Mother Zhou, I'm Ye Mo." Ye Mo quickly answered.

"Ye Mo?" Mother Zhou frowned and said "Those two women living with me seemed to be looking for Ye Mo..."

Hearing this, Ye Mo dazed and desperately asked "Mother Zhou, what were they called?"

Feeling Ye Mo's desperation, Wen Ningsi quickly said "One was called Yun Bing and another was called Yin Qinyan..."

Ye Mo was completely dazed. It was Yun Bing and sister Yan. How could they be in East Black state? When he came to find Chi Wanqing in East Black state, he didn't see them.

Ye Mo dazed for a moment and grabbed Wen Ningsi's hands asking excitedly "Mother Zhou, where is sister Yan and Yun Bing?"

...

“Yin Qinyan’s grave”

“Yun Bing’s grave”

Ye Mo stood numbly before the two graves and was silent. Yun Bing’s look flashed before him. Sister Yan’s face flashed before him.

When he went back to Earth he thought sister Yan no longer existed. He didn’t expect that she actually was and came to the cultivation realm.

Ye Mo took out sister Yan’s diary. When he saw sister Yan for the second time he didn’t intend to open it. Now, he touched the diary softly.

He slowly sat down and took out two wine cups. He poured a cup each for the two graves before pouring a cup for himself. He raised the cup and really wanted to say something but in the end, he couldn’t even say a single word. He could only drink the entire cup.

Ye Mo took out a blue note and a photo frame. On the frame was Yun Bing and Tingting. This was what Ye Mo found in Ning Hai Yun Bing’s house when he returned to Earth after truth realisation state.

“If you came and still remember Tingting and I you can see this letter. Yun Bing!”

“When I was born, you weren’t born. When you were born, I’m already old. I hate how we couldn’t be born at the same time and stay together happily...”

Ye Mo clutched the letter and murmured “Sister Yan I hope we can meet in the next life. Yun Bing, I will find Tingting and take her to Mo Yue Immortal Sect...”

Seeing Ye Mo so sad, Wen Ningsi immediately knew that the two women who had lived with her for a long time were close to her baby.

“Baby, Yun Bing and Qinyan weren’t able to find you but I believe that even if they went into samsara they could feel you searching for them. Don’t get too sad. When cultivators get sad, it hurts their dao. You’ve been too sad today.” Wen Ningsi said worriedly.

Ye Mo breathed slowly. His eyes were still misty as he touched the two cold epitaphs “Sister Yan, Yun Bing, I will take you to where I live. I will visit you often...”

“Mother Zhou, how did sister Yan and Yun Bing come here? How long have they been gone?” Ye Mo asked.

Wen Ningsi felt Ye Mo’s emotions and grabbed his hand trying to calm him down.

“I’m fine, tell me mother Zhou.” Ye Mo said.

Wen Ningsi nodded “Yun Bing and Qinyan came from a place called Earth onto an island of East Black state. They knew each other on the island and they went through a lot of hardship to reach golden core state. Then, they came to East Black State to find... probably you.”

After a few hundred years, they reached nascent soul and still weren’t able to find you. Their talent wasn’t bad but without cultivation resources, they stopped at nascent soul. Three hundred years ago when their life span was near its end, they found Jiang Lian peak. We were all finding people and we knew each other.

They’ve been staying here until passing away a hundred years ago. I’m the only one remaining and heaven pitied me to let me see you. However, ever since those two came here, they were never happy. My cultivation level was gone and I couldn’t help them.”

Ye Mo suddenly felt regret. He should’ve gone back to check Luo Yue continent first. But then, if he did, he would find these two but what about Chi Wanqing. When he found Chi Wanqing, her soul was nearly completely crippled.

The majority of life was a displeasure.

After sitting for a long while, Ye Mo got up and said "Mother Zhou come with me, I'm going to take you back to the immortal realm."

Ye Mo said again before Wen Ningsi asked "Mother Zhou, don't worry, I have chaos world, I can tear open any realm. No world law can bind me."

"Chaos world?" Wen Ningsi was shocked again. This was something more insane than the chaos life force.

Ye Mo moved Yun Bing and sister Yan's grave into the Golden Page World and then took Wen Ningsi to his Golden Page World.

Ye Mo started to set up Yun Bing and sister Yan's home. Even if it was a grave, he would make it the prettiest garden. Perhaps one day, he would be able to see the reincarnated them.

An endless world appeared before Wen Ningsi. Endless life force, endless lush green, endless land...

Seeing this grand world, Wen Ningsi immediately knew this was a real chaos world, not some small world or truth spirit world.

"Baby, if your mother knew how much you have achieved, how happy would she be..." Wen Ningsi suddenly felt that her hardship all these years were nothing seeing how much her baby accomplished.

When she saw Ye Mo standing before the two graves, Wen Ningsi suddenly thought of something and went to Ye Mo giving him a jade slip "baby, your mother left you this before she left."

Ye Mo scanned his spirit sense in and a clear print came into his mind "baby, mother didn't abandon you. Mother went to find clear spirit heart lotus for you. When mother finds it for you you can begin cultivation. When you master a great god art, mother will take you to find grandmother. Your grandmother is too kind hearted and won't let mother annihilate Immortal Goddess Sacred Sect.

When mother isn't with you, Ningsi is your mother too. You must wait till mother comes back, don't run around..."

## Chapter 2245 Abyssal Suppression

Ye Mo took the jade slip. He knew his mother was just saying. Even if grandmother allowed her to annihilate Immortal Goddess Sacred Sect, she wouldn't be able to do that. If she really could, she wouldn't leave him at the Feng emperor estate.

After a long sighed, Ye Mo felt very sad. He had lived three lifetimes. He didn't know who his mother on Luo Yue was. His mother on Earth died early. He knew only she was called Yin Qinchen. He only knew the name of his father Ye Cai. The only person whom he had a direct impression of was Ruan Jun.

Ye Mo took out two bracelets and placed it before sister Yan's grave. Then, he took out top materials and made two epitaphs.

"Sister Yan, Yan Qinyan's grave."

"Yun Bing's grave." Ye Mo had this indescribable feeling towards Yun Bing.

Wen Ningsi watched as Ye Mo did this. She could feel the sadness in Ye Mo's heart.

"Mother Zhou, I want to go to the nether realm and see if Yun Bing and sister Yan's souls are still there. So, I want to ask you to help me." After standing for a long time, Ye Mo suddenly asked.

Wen Ningsi brushed Ye Mo's messy hair and said lovingly "Baby, just tell mother Zhou."

Ye Mo took out a blue bead and gave it to Wen Ningsi "Mother Zhou, this is a truth spirit world. You can have it. Spirit control the world. There's some cultivation resources in side. I believe it's not impossible for mother Zhou to vindicate dao."

Wen Ningsi had never wanted to get anything from Ye Mo. Seeing this, she quickly pushed it back to Ye Mo “Baby, you have a lot of things, just give some cultivation resources to mother Zhou. Keep this truth spirit world. You have chaos world, leave this to your dao partner.”

Ye Mo pushed the truth spirit world into Wen Ningsi’s hands and said “Mother Zhou, I have more than one of these. Keep it. And this, Ye Mo put a storage ring on for Wen Ningsi.”

Ye Mo said “This isn’t a storage ring. It’s a world law storage ring I made. If you stay in the cultivation realm without this storage ring, you won’t be allowed by the world law.”

“Baby, I already found you. If you’re going to the immortal realm, I will be going with you. Why would I stay in the cultivation realm?” Wen Ningsi asked in confusion.

Ye Mo quickly said “Mother Zhou, you know that I build a Mo Yue city in South Peace state. There are still some friends and kin of mine there. I want to ask mother Zhou to take them. After you spirit control the truth spirit world, take them inside and then activate the storage ring. It will take you back to the immortal realm.”

Hearing this, Wen Ningsi sighed “baby, don’t worry. I will definitely take your friends and family to Mo Yue Immortal Sect.”

“Don’t be sad, go do what you need to do. I will do well what you asked me.” Wen Ningsi knew that Ye Mo’s character in this life time was very different to her baby before. This current one valued emotions more. Wen Ningsi was only happy about this.

Ye Mo cast these thoughts aside and said “In Mo Yue city, there are Ning Sishuang, Mu An, Guo Qi, Li Sandao and them and people who followed me before. If they want to go to the immortal realm, take them to Mo Yue Immortal Sect.”

“I can do all this. When are you going back yourself?” Wen Ningsi asked.

Ye Mo said “After I’m done with things at the nether realm, I will return to Mo Yue Immortal Sect. Tell my wives for them to not worry about me. I will be back soon.”

Ye Mo was going to the nether realm one to find Yun Bing and sister Yan and two to see if he could take away World Mountain. He knew it was very hard to spirit control World Mountain but with his current power, he could try taking it away by force.

After doing these things, he would stay with Luo Ying and them forever. He really didn't want to go around everywhere anymore.

So what if his power was high. A thousand years, a million years would pass in an instant. He was primordial essence divine emperor but what about his wives, what about the other people around him?

Time was heartless, washing everything away. Even though he was primordial essence divine emperor, he couldn't see through this. Plus, even though he reached primordial essence, he couldn't tell if he was eternal.

...

Seeing Ye Mo easily cross void realms, Wen Ningsi was full of joy. She didn't ask Ye Mo to find his mother Ruan Jun but she knew Ye Mo definitely would.

...

This was Ye Mo's second time coming to the nether realm.

Ye Mo was primordial essence and powerful. He would annihilate a realm in the wave of a hand. At this moment, he scanned his spirit sense out and the entire nether realm fell under his spirit sense.

Even so, Ye Mo could still feel the nether realm was boundless.

His spirit sense could cross tens of realms without resistance but when his spirit sense scanned to the border of the nether realm, it was only shrouded in grey mist and chaos.

Ye Mo didn't care about it.

He landed before the samsara bridge again. At this moment, the samsara chi on it cleared up. However, even now, Ye Mo couldn't see clearly the source of the samsara.

Dao was endless indeed. Although Ye Mo stood at the peak of this cosmic void, it didn't mean he understood the entire universe.

Ye Mo didn't have any dao waves on him. He had become one with the samsara bridge or the entire realm.

He expanded his spirit sense out and brushed past countless souls. This time, he scanned across almost the entire nether realm.

"Old man Kong Ye?"

"Yun Ziyi?"

Ye Mo saw two familiar souls. He immediately wanted to take those two away.

Just when this thought arose, a grand and terrifying pressure pressed down from the nether realm. The next moment, Ye Mo felt his spirit sense being severed off. That powerful pressure smashed into his sea of consciousness. Even Ye Mo's powerful sea of consciousness couldn't take it. He spat a mouthful of blood and his divine body was making cracking sounds.

A world law dao wave smashed above Ye Mo's head. Ye Mo forcefully released Zi Xu. Even though Zi Xu could break open the void here, it was smashed away by this powerful dao wave.

Ye Mo was extremely shocked. He was primordial essence power but he was suppressed here.

In his fury, Ye Mo was about to release samsara god art and change the laws of samsara bridge.

Waves of world law chi struck down making Ye Mo clearly feel that he was messing with things he shouldn't have. Life, death and samsara was the world law of the nether realm. No one could intervene. The first time, he only scanned his spirit sense in a region. The nether realm let him take Chi Wanqing on the account that he had a chaos world.

This time, he scanned the entire nether realm and was going intervene in the samsara of souls. This was over stepping the boundary and he was suppressed by the nether realm.

Feeling this message, Ye Mo was furious. He smashed out nine Great Primordial God Runes and released Heaven Flame Nine Suns.

As though feeling Ye Mo's dominance, the realm pressure of the nether realm grew more terrifying. There were even lightning sounds mixed inside. The realm became extremely tough, even Ye Mo couldn't touch it.

The Great Primordial God Rune and nether realm laws smashed together. The entire realm was cracking. It was as though the nether realm was about to collapse.

Chapter 2246 Dao Has No Extreme

The nether realm space was making cracking sounds but it was still sturdy. The nine Great Primordial God Runes created nine distinctively distorted waves that were instantly fixed.

Ye Mo's feeling was that the pressure of this world instantly increased again. Even though he was primordial essence divine emperor, he couldn't stand up from this powerful suppression.

"Rumble..." Ye Mo punched at the void realm suppressing him. The void realm before him instantly started to crumble.

Large black holes started appearing and countless souls were swept in.

Ye Mo was shocked. Although he was annoyed at the world law suppression, he didn't plan to throw these souls into the black hole.

When Ye Mo opened the black hole, Ye Mo felt the anger of the entire nether realm. Even more powerful suppression came.

Ye Mo sighed and put away Heaven Flame Nine Suns. If he really released Heaven Flame Nine Suns here, probably less than 10% of the souls would survive.

“Thud.” An extremely powerful samsara law power struck on Ye Mo. Combined with the world pressure of the nether realm, Ye Mo was smashed out of the nether realm.

Ye Mo landed next to a long river. His face was bad. He knew he was no longer in the nether realm but the abyssal realm.

The nether realm law seemed to know it was impossible to kill Ye Mo so it kicked Ye Mo away.

Ye Mo grabbed at the void. He found the realm that he could easily tear before wasn't torn open.

Just when Ye Mo wanted to release Zi Xu, he felt the nearby space wave and quickly put away Zi Xu. Then, he saluted with his fists “So it's immortal friend Len.”

Then, a figure landed next to Ye Mo “How is immortal friend Ye here?”

This person was primordial essence divine emperor Len Shuoqi. He sensed the world laws of the abyssal realm change so he came to check.

He didn't have much friendship with Ye Mo but neither much conflict. He rejoiced he had no conflict with Ye Mo. He knew about Zhuge Zhichen, Pu Yangsi and four primordial essence divine emperors searching for Ye Mo. Tang Congyin knew about this too.

Now, Ye Mo appeared but the primordial essence divine emperors searching for him were completely gone. From this, one could see how terrifying Ye Mo was.

Because of this, when Ye Mo appeared with murderous chi in the abyssal realm, Len Shuoqi spoke extremely politely.

“I went to find the souls of a few friends in the abyssal realm but I was suppressed by world law and sent here. I’ll borrow immortal friend Len’s land to rest for a while and I’ll continue back my way into the nether realm.” Seeing Len Shuoqi being so polite, Ye Mo answered politely too.

Hearing this, Len Shuoqi looked at Ye Mo in shock for a long time before asking in disbelief “Immortal friend Ye, you’re saying you were just suppressed for taking away souls at the nether realm, not...”

Before Len Shuoqi finished, Ye Mo knew what he meant and asked with slight discomfort “Immortal friend Len, you meant to say why I didn’t die?”

Ye Mo was already annoyed being suppressed. The nether realm world law was powerful but not enough for him to die.

Len Shuoqi quickly said “immortal friend Ye you misunderstand me. You might not know very clearly the terror of the nether realm. It seems like a low level realm but once the world law of the nether realm is activated, even primordial essence peak stage divine emperor can’t leave the nether realm. He would be suppressed until he dies. To be able to break open the realm under suppression has never happened before.”

“Oh? Immortal friend Len, what is this?” Ye Mo asked with a frown. He also felt that the nether realm wasn’t as simple as he had thought. He thought of what Zhongli Huoyin said. He said that it was heaven dao controlling samsara bridge. They were nothing to the nether realm. It really did seem so now.

Ye Mo sighed. When he reached primordial essence, he thought that even world law wouldn’t be able to suppress him. Now, it seemed like a fantasy. The heaven dao knew he had chaos world and could kick him out of the nether realm.

“The nether realm is different to other realms. It’s a stand alone realm. You can take away souls from the nether realm but you can’t scan the entire nether realm with spirit sense and then take away whomever you liked. If that was so, all powerful beings could take away whatever soul they needed in the nether realm.” Len Shuoqi said seriously.

Ye Mo asked in confusion “Immortal friend Len, last time I saw you and Immortal friend Jiao Dan, I wasn’t primordial essence yet but I took away someone I knew. I also saw cultivators collecting souls in the nether realm.”

Len Shuoqi only realised now that last time, Ye Mo didn’t truly reach primordial essence and was really a dao essence divine emperor. Thinking about how terrifying Ye Mo was when he was only dao essence divine emperor, he realised why Ye Mo wasn’t suppressed by the nether realm after he reached primordial essence.

Len Shuoqi didn’t want to offend Ye Mo even more now so he answered “It’s ghost cultivators who go to the nether realm to capture souls and they can’t be too strong nor get close to the samsara bridge. I don’t know how you took away a soul and was fine but at that time, you couldn’t scan your spirit sense over the entire nether realm right? Perhaps that was the reason. Of course, it might be that the soul you took was far from the samsara bridge.”

Ye Mo frowned, he took away Chi Wanqing from the border of the samsara bridge.

Ye Mo suddenly thought of the message he got when he fought against nether realm heaven dao. Last time, the nether realm heaven dao let him take Chi Wanqing because he had chaos world. This heaven dao even knew he had chaos world. It was indeed not something simple.

Regardless, he was going to go back again and find Yun Bing, sister Yan and Kong Ye.

“Immortal friend Len, I’m going to use your abyssal realm to tear open to nether realm...” Ye Mo released Zi Xu and said.

Len Shuoqi’s face changed and he immediately said “Immortal friend Ye, I don’t mind you using my abyssal realm but it’s best you don’t break open the nether realm again. At least not in this century.”

“Why?” Ye Mo asked.

“Once the nether realm heaven dao is activated, it will seal the realm for a samsara. During this samsara, you wouldn’t be able to tear open the nether realm heaven dao domain no matter how strong you are.

If you force the realm open, it will cause back lash. The stronger you are, the stronger the backlash. There's only a sliver of chance if you turn into a soul."

A samsara? Ye Mo dazed. That was a hundred years. Even if he came back here a hundred years later and the two were fine, how was he going to take the World Mountain?

"One samsara is too long. I'll try first." Ye Mo then smashed out Zi Xu.

Sword god art, shatter space.

This was the first time Ye Mo used a god art to break open void realm after reaching primordial essence.

Seeing Ye Mo ignore his persuasion, Len Shuoqi sighed and moved to the side. He was certain that Ye Mo wouldn't be able to open the realm. If the nether realm could be opened after sealing, the nether realm wouldn't be able to exist for this long.

A heaven shattering purple mark appeared in the void. There was nothing before the mark but it was stopped.

Extremely powerful dao waves clashed with the purple mark Zi Xu smashed out. laws were broken, the void was covered in broken law dao marks. Waves of god art law was pushed away by the great dao wave in the void and back lashed completely.

Ye Mo was struck by the powerful backlash. His sea of consciousness rumbled in an explosion and at the same time, Ye Mo was smashed away a few thousand km. He crushed entire mountains in abyssal realm.

Ye Mo wiped the blood from his mouth, the chaos tree was repairing his cracked foundation.

Such terrifying realm barrier. He realised, if the nether realm was going to be like this for a hundred years, he definitely wouldn't be able to break open it, not at least for a hundred years.

He thought that no one could stop in his this vast universe after reaching primordial essence. But now, the nether realm was like this impassable ravine before him. There was no limit to dao indeed.

“Immortal friend Len, is there any other ways of entering the abyssal realm?” Ye Mo asked.

Len Shuoqi shook his head “Immortal friend Ye, you wouldn’t be able to go in. even if you do, it’s useless as before the nether realm seals, all the souls would be taken into samsara.”

“You’re saying the people I’m looking for went into samsara early due to me?” Ye Mo suddenly felt powerless.

Len Shuoqi looked at Ye Mo sympathetically “Not only the people you’re looking for but all the souls in the nether realms that can enter samsara would go into samsara.

#### Chapter 2247 Battle Jue Ya

Ye Mo didn’t keep trying to tear open the nether realm barrier. Samsara was heaven dao. Life and death was a part of natural order, he shouldn’t intervene in this.

If there was no samsara, this world would be in chaos.

Duanmu Yuebo wanted to open a samsara path from Divine Dao Realm to nether realm just so immortals from the Divine Dao Realm can enter samsara after death.

Realising this, Ye Mo suddenly felt easy. He believed that one day he would be able to see sister Yan and Yun Bing again. He would be able to see the friends that were gone. Perhaps they might not remember him nor recognise him but so what?

Realising this, Ye Mo’s mind opened up and the world became clearer to him. Those injuries instantly disappeared and his dao waves became more perfect.

Len Shuoqi could clearly see this and he smiled and saluted with his fists "Congratulations on getting stronger immortal friend Ye."

Ye Mo smiled " Immortal friend Len, thank you for giving me the reminder. Otherwise, I would still be attacking the nether realm barrier. It's such a simple reasoning but I couldn't see through it. I'm ashamed."

Len Shuoqi said some polite things before suddenly saying "Immortal friend Ye, since you're already at my abyssal race, why not come have a seat at my cultivation home and we can discuss some cultivation experience?"

Ye Mo was desperate to see Luo Ying and them. He had no mood to sit in the abyssal race but he wanted to have good relations with Len Shuoqi.

"I was planning to visit immortal friend Len and it's perfect that I encountered you here. Before, I encountered beast race Fan Gao. He said he would come visit me at the Divine Dao Realm a hundred years later. I believe the demon race, dragon race and aquarius race would go too. Would immortal friend Len have the time to be a guest at my Divine Dao Realm a hundred years later?" Ye Mo said.

He didn't expect Len Shuoqi to help Divine Dao Realm but he couldn't let Len Shuoqi be on the opposing side.

Hearing this, Len Shuoqi saluted with his fists seriously "Immortal friend Ye, although we don't have deep connections we don't have any enmity. I approve of immortal friend Ye's character and pill concoction skills. The abyssal race wants to friends with immortal friend Ye.

However, the power of the beast race, demon race and dragon race are too powerful. The aquarius don't overtly have a primordial essence divine emperor but their subtle powers aren't weak. The abyssal race only has me and many abyssal race people. Fan Gao came to be before wanting me to join the attack on Divine Dao Realm but I rejected.

I will definitely go to the Divine Dao Realm a hundred years later but I can't help immortal friend Ye. I won't be standing on their side too. I will only go as a neutral party, please forgive me immortal friend Ye."

Ye Mo laughed and said pridefully "I'm very grateful that immortal friend Ye can stay neutral. As for the four races joining up, it's no threat to me."

"Okay, I need to tell immortal friend Ye. Fan Gao might visit phoenix race and Guang Yuan palace and even Jiao Dan monk. Immortal friend Ye is unparalleled in power but you still need to be careful. If things are too hard, why not leave. There will always be an opportunity in the future." Len Shuoqi knew Ye Mo was strong but didn't look favourably of him. There were this many primordial essence divine emperors heading towards the Divine Dao Realm. No matter how strong Divine Dao Realm was, there was only Ye Mo as primordial essence divine emperor.

"Thank you for your good will immortal friend Len. Ye Mo will leave now, see you in a hundred years." Ye Mo saluted with his fists.

Seeing Ye Mo leave, Len Shuoqi sighed. He felt with time, Ye Mo would dominate the entire universe.

...

Ye Mo didn't go to the immortal realm. His spirit sense saw mother Zhou taking the Mo Yue city people but didn't head to the immortal realm. Instead, they were stopped by two people at heartless sea. Ye Mo knew one of them.

"You're a mere great eternity immortal but you can come to the cultivation realm and not be suppressed by the world law. Who are you? Did you enter the heartless sea corner?" A skinny but extremely handsome man stared at Wen Ningsi and asked seriously.

Wen Ningsi was extremely shocked. She was a great eternity immortal but she felt it was extremely difficult to move in his domain.

"Who mother Zhou is is none of your business. I've been inside the sea corner and I took some corner soul weed. If you're that powerful come at me." A sneer sounded. A figure landed next to Wen Ningsi. That powerful realm pressure disappeared instantly.

Wen Ningsi looked over and immediately breathed easy.

“It’s you? Pill divine Ye?” That ordinary looking man asked.

Ye Mo said calmly “Jue Wuheng, this is probably your dad Jue Ya right? Your dad really isn’t something? If I knew this earlier, I wouldn’t have given you the spot to the dao fruit tower.”

Ye Mo was very unhappy with Jue Ya. He gave a spot to Jue Wuheng to enter the dao fruit tower. Jue Wuheng reached dao essence and saved Jue Ya. That Jue Ya didn’t do anything in the Divine Dao Realm and threatened mother Zhou.

“Hmph, how dare you. Do you think you’re very strong becoming primordial essence? How dare you talk to me like this?” Jue Ya’s face sunk. He was extremely shocked that Ye Mo was primordial essence but he wasn’t going to tolerate Ye Mo talking to him like this.

Ye Mo ignored Jue Ya and said to Wen Ningsi “Mother Zhou, go back to Mo Yue Immortal Sect and tell Luo Ying and them to not worry about me. I’ll come soon.”

“okay be careful.” Wen Ningsi said worriedly. She knew she couldn’t do anything here and would affect Ye Mo instead.

Seeing Wen Ningsi activate the ring and enter the immortal realm, Jue Ya frowned. Even he might not be able to make such ring. A great mastery of all sorts of laws was needed.

After Wen Ningsi left, Ye Mo grabbed at the heartless sea. The hidden sea corner was grabbed out immediately. The countless corner soul weed shot out like asteroids disappearing into the endless heartless sea.

Jue Ya just reacted and his fury shot up. He hacked at Ye Mo with this blue light. A weak realm like Luo Yue immediately wobbled under this.

Only primordial essence divine emperor could find cultivation realms easily and tear open the space but never would a primordial essence divine emperor damage a cultivation realm or fight there. Jue Ya as a primordial essence divine emperor fought at Luo Yue continent. This was breaking the code between primordial essence divine emperor.

One could imagine that once he hacked out this blue light, the entire Luo Yue continent would disappear.

At this moment, the countless cultivators of Luo Yue cultivation realm felt the entire continent wobble. They felt the world law was about to be broken and the entire continent would be crushed. All cultivators rushed out worriedly.

Seeing Jue Ya attack like this, Ye Mo was furious. At the same time Jue Ya attacked, Ye Mo released countless formation flags and stabilised the space here.

Otherwise, just by their force would this continent turn to dust.

Ye Mo didn't even dare to counter attack.

He could only take this hit by force and seal this place as quickly as possible.

Rumble. That blue light struck on Ye Mo's chest. Ye Mo's clothes was torn open and blood flew out. Even Ye Mo's chest bones were hurt.

But Ye Mo sealed this place quickly. Luo Yue continent finally stabilised.

Those cultivators who didn't know what happened could only regard it as heaven's power.

"Father, this is cultivation realm..." Jue Wuheng called.

"hmm?" Jue Ya noticed that his immortal slayer beam didn't cut Ye Mo in half.

"You're a divine body. No wonder you have such courage. I'm going to see if your god art is as powerful as your courage." Jue Ya sneered and this time, more than ten blue lights appeared.

Ye Mo released Zi Xu and sliced across a twisted sword rune in the void. He sneered “You have no chance anymore.”

## Chapter 2248 I’m Back

When the powerful realm domain crushed over, Jue Ya could only feel his realm domain break everywhere. The laws of his immortal slayer beam was chaotic under Ye Mo’s realm domain. It no longer had that terrifying lethal force.

More than ten blue beams clashed with the twisted sword rune. There was only a short desperate explosion and the slayer beams were torn apart by the falling mark sword rune. Jue Ya was extremely shocked. Only now did he realise the difference between him and Ye Mo.

He even suspected that Ye Mo wasn’t even primordial essence divine emperor but a being beyond primordial essence divine emperor. No primordial essence divine emperor would be able to suppress him this easily. However, he didn’t know what the level beyond primordial essence divine emperor was.

“Crack...” falling mark sword rune tore open Jue Ya’s realm domain and barrier and hacked open half his body. Blood splashed out. Jue Ya’s essence spirit charged out in shock. He looked shakily at Ye Mo. He was shocked that there was a divine emperor as terrifying as Ye Mo in the void. Just what cultivation level was this?

He had seen countless powerful beings and even the most powerful being in the void but no one was enough to stand up to Ye Mo.

At this moment, Jue Wuya finally woke up. He immediately knelt down “Ye qian bei, wan bei plead you let my father go once...”

He knew it was impossible that he could stop Ye Mo from killing his father.

Ye Mo wanted to annihilate Jue Ya’s soul but looking at Jue Wuheng, he sighed. He approved of Jue Wuheng. If he killed Jue Ya, he would have to kill Jue Wuheng. He didn’t really want to do that.

Plus, he smashed Jue Ya's power back to dao essence. Even if Jue Ya recovered his body, he wouldn't be able to go back to primordial essence again.

Seeing Ye Mo stop, how could Jue Wuheng not know that Ye Mo let his father go. He quickly said "Father, quickly recover your body. Ye qian bei agreed to let me go."

He took blame for his father's wrongs.

Jue Ya woke up and quickly returned to his body. In just a few seconds he recovered his body. His face looked paler. He knew that his primordial essence foundation had been destroyed by Ye Mo.

Despite knowing this, Jue Ya wasn't angry. He was a prideful person. He never thought he was weaker than anyone but when he met Ye Mo, he realised his pride was worthless.

From what Ye Mo showed, Ye Mo would have no problem killing ten of him. For the first time, the thought of him never being able to catch up to Ye Mo grew.

In that moment, countless scenes and past events flashed across his mind. Scenes of him being dominant, him being locked in the void by his love for countless years and scenes of him being unreasonable.

He realised that if Wuheng didn't beg, his soul would've been annihilated.

"Thank you for showing mercy pill divine Ye. Jue Ya will remember this." Jue Ya became humble.

Ye Mo sneered "I did show mercy but not on your account. I destroyed your primordial essence foundation. You are not allowed to go to any cultivation realm again. As for whether you remember, I don't care. You can come at me anytime."

Jue Ya opened his mouth but eventually said nothing. He knew he was truly grateful to Ye Mo for showing mercy.

He realised that there were many things he didn't do when his essence spirit seeped out. When he was cut by the falling mark sword rune, he wanted to do those things. He wanted to find the person who locked him in the void and tell her that he was no longer primordial essence divine emperor. He understood what she said before and realised why she locked him there.

Jue Wuheng quickly went up "Ye qian bei, my dad means it. It's not a provocation."

Ye Mo nodded "Jue Wuheng, I destroyed Jue Ya's primordial essence foundation. I believe you understand why I did this."

"Wan bei understands." Jue Wuheng was Jue Ya's only son. How could he not know his father's temper. He was someone who did whatever he wanted without any regard for the consequences.

What Ye Mo did might be a good thing.

"I'll send you to the void." Ye Mo tore open the void realm before him.

Jue Wuheng quickly said "Thank you Ye qian bei. Wan bei will leave now."

He knew that Ye Mo meant divine dao level void not cultivation realm level void. Other primordial essence divine emperors might not be able to tear open a direct portal to divine dao level void but Ye Mo definitely could.

Ye Mo's face eased up. He quite approved of Jue Wuheng.

Seeing Ye Mo easily tear open the void with the lift of his hand, Jue Ya sighed. His pride was nothing in front of Ye Mo.

Jue Wuheng dragged Jue Ya to bid Ye Mo farewell. When Jue Ya stood into the void, he turned back and said "Pill divine Ye, I imprisoned a green robed man in the sea corner before. He's a primordial essence divine emperor too. When you see him, please say sorry for me..."

Ye Mo shook his head. He thought of the green robed guy who fought over the chaos tree heart with him in the Void Marketplace. That guy was primordial essence divine emperor too. Ye Mo wondered if Jue Ya was talking about him.

...

Gong Hua heaven Mo Yue Immortal Sect. The sect doors were wide open. Countless sect members were waiting at the door for their sect leader Ye Mo to come back.

Luo Ying, Ning Qingxue, Su Jingwen, Song Yangzhu and them were standing next to Wen Ningsi. They seemed very nervous.

Even Yimo could only followed behind Ning Sishuang.

Before Ye Mo even came to Mo Yue Immortal Sect, he same many familiar faces. Xu Yueha, Xu Changji, Lin Yiban, Shi Tie, Ye Ling, Tang Beiwei...

At this moment, he suddenly felt he had a lot. He felt it was so right of him to pursue the strongest power. Without it, he wouldn't even be able to return to Mo Yue Immortal Sect. he would have to watch the Divine Dao Realm being crushed again.

"Ye Mo..."

"Sect leader..."

"Dad..."

"Brother..."

"Master..."

...

Ye Mo stood before Mo Yue Immortal Sect but at this moment, he realised that he didn't know what to say. He really wanted to say he was back but his heart was so warmed that he couldn't speak.

"Ye Mo..." A soft and aromatic body ran into his arms. When he felt this body, Ye Mo shook.

Luo Ying had always been able to control her emotions but now, she couldn't Ye Mo suddenly felt guilty. He should've come to see Luo Ying immediately. The Mo Yue Immortal Sect was organised so well clearly due to her.

When he wasn't there, only Luo Ying could calm everyone down and make everyone listen. Now, even Ye Ling was great eternity immortal. Meanwhile, Luo Ying with her talent was only great unity immortal. One could see how much she sacrificed.

"Sorry, Susu, I should've come back earlier..." Ye Mo felt Luo Ying's hair and felt more guilty.

Luo Ying calmed down now. Her face was a bit red. She was indeed hardworking. If it wasn't her, Ye Mo wouldn't be able to see all these people.

"You definitely had important things. It's good that you're finally back, in the future..." Luo Ying tidied Ye Mo's clothes and said softly.

"We won't be separated again. We will be together forever." Ye Mo grabbed Luo Ying's hand and said.

At this moment, Ning Qingxue, Su Jingwen and Song Yangzhu were here. Even Yimo didn't go find Ye Mo now. Everyone knew this time should be left to them.

Chapter 2249 News of Ye Zifeng

Ye Mo returned and Mo Yue Immortal Sect became the most popular place. Mo Yue Immortal Sect was the most famous sect in the immortal realm despite being at the low heaven domain.

These few days, the sects of the big immortal heavens all came to visit. The entire Gong Hua heaven was popular.

The happiest was Ye Mo. She got the real 36 lightning sea orbs and immediately went into solitary cultivation to spirit control them.

Luo Ying, Ning Qingxue, Su Jingwen, Song Yangzhu and them finally reunited with Ye Mo and stuck together non stop.

Mu Xiaoyun and Chi Wanqing returned to the Golden Page World. They knew that Ye Mo had arrived at Mo Yue Immortal Sect and was overjoyed. They came to greet Luo Ying and them.

...

This day, Ye Mo was chatting with people his experiences over the years. He saw Ye Ling seem quite dejected and asked "Ye Ling, are you okay?"

Ye Ling rubbed her red eyes "I wonder if second brother is okay now. he was stupid before. I think he was just abused too hard and thus didn't think of consequences when he did things. Big brother, can you use spirit sense to find second brother..."

Ye Mo sighed. He had a different perspective to Ye Ling. Ye Ling and Ye Zifeng were blood siblings but Ye Zifeng wasn't related to him at all. After Ye Zifeng changed, he went more crazy.

He saw with his own Ye Zifeng killing Nangong Fei with extreme cruel measures. Of course, Ye Zifeng wasn't to blame for this as Nangong Fei was cruel too.

"Okay, I'll look for you." Ye Mo didn't want Ye Ling to be too disappointed. If there weren't special circumstances, Ye Mo didn't want to use his spirit sense to scan across the entire immortal realm as he would see many things he disliked. This immortal realm was far from as beautiful as it seemed. Darkness filled everywhere.

“Dad, you need to help me find that nine headed bug. I was almost eaten by that disgusting bug. I can’t find it now but if I did, I would’ve annihilated it already...” Yimo said.

This was the first time Ye Mo heard that Yimo was almost eaten by nine headed bug and he immediately asked “Yimo, just what happened?”

Yimo told him what happened when she just came to the immortal realm.

“The nine headed void devouring bug is in the immortal realm? How many heads did it have?” Ye Mo’s face immediately became serious. He knew the terror of the nine headed void devouring bug too well. Although he could annihilate it with the wave of a hand, it was a huge disaster for the immortal realm.

“It had nine heads but the colour on its head was faint purple. It might be golden now.” Yimo said.

Ye Mo immediately said to Yimo “Yimo, although you’re immortal emperor now, if you see that nine headed void devouring bug have golden crest you must not fight. Golden crested nine headed void devouring bugs has becoming the king of its race. You can’t beat it.”

Yimo poked her tongue out “I know, that’s why I’m asking dad for help?”

“Did you see who saved you?” Although he knew that the grey robed person didn’t intentionally save his daughter, Ye Mo was still very grateful.

Yimo waved out a grey figure “I only saw his back. He was very fast.”

Ye Mo stared at this figure for a long while and said “I know who it is. I actually benefited from him too despite him not doing it intentionally.”

Ye Mo’s spirit sense scanned out. The person who helped Yimo was that middle aged man in Ethereal immortal pond. He gave Ye Mo a star core flame and allowed Ye Mo to upgrade his flame. He wanted to use Ye Mo but Ye Mo saw through his tricks and removed his spirit sense mark.

Clearly, that person has recovered his cultivation level to be able to send the nine headed void devouring bug off.

Ye Mo scanned his spirit sense out from low heaven domain to grand heaven domain. He didn't find the man nor Ye Zifeng but he saw Li Kun living with a man in an ordinary immortal city in Yu Yue heaven.

Ye Mo immediately knew that man was Feng Xi. Li Kun's cultivation level didn't increase much but she found the immortal material to rebuild Feng Xi's body. Ye Mo was happy for her.

Ye Mo didn't go disturb her. He wished them well. He knew that if Li Kun wanted to find him, she would just need to come to Mo Yue Immortal Sect.

Ye Mo didn't find the nine headed void devouring bug nor Lu Wuhu.

Lu Wuhu had long ascended to the immortal realm but there was no way he went to the Divine Dao Realm. Ye Mo was planning to find Lu Wuhu as he had a small piece of world mountain.

"Dad, did you not find the nine headed void devouring bug? It's fine. Perhaps it got killed by that grey robed man." Seeing Ye Mo frown, Yimo quickly said.

"The nine headed void devouring bug wouldn't be killed so easily but I saw two people I know. Ye Ling let's go see them." Ye Mo got up and said.

Lin Yiban heard this and asked "Sect leader, did you find Ye Zifeng?"

"Not Ye Zifeng but related to him. Yiban, you can use your real name. If I'm not wrong, Chu Jiuyu is probably in the immortal realm. You will meet him one day." Ye Mo said.

Lin Yiban got up and said "I've decided to find ancestor Jiuyu first. If I can, then I will go back to Chu surname."

Ye Mo nodded "You know there's also a Chu Dan from your Chu family right? When I came back, I seem to have seen her."

Hearing this, Lin Yiban quickly said "Thank you sect leader, her talent is much better than mine. Chu Dan is in Mo Yue Immortal Sect now."

...

Yuan Le heaven was the number one middle heaven domain. Nuo Yi immortal city was the number one immortal city there as the dao seeking tower was there.

In the number one immortal rest tower there, two women sat in a room. They seemed very calm but they weren't.

"Nangong Xiaodai, we have no relations. Just tell me why you came to me?" The blue robed woman said.

Hearing this, Nangong Xiaodai sighed "Chen Nana, I regret not listening to you. A person who can abandon his wife who supported him from the beginning can abandon others too."

These two were Cheng nana and Nangong Xiaodai. They had the same fat.

"I thought you would scorn at me. Why don't you talk?" Nangong Xiaodai looked at Cheng Nana in confusion.

Cheng Nana said calmly "I have no relations to Ye Zifeng. But since Ye Zifeng didn't kill you, it means you still have some position in his heart."

Nangong Xiaodai sneered "Position?"

Before Nangong Xiaodai finished, she heard someone say at the door "May I come in for a sit?"

“It’s you?” Nangong Xiaodai stared at Ye Mo and Ye Ling in shock.

“Brother Ye, Ye Ling, how are you guys here?” Cheng Nana stood up worriedly. She came to the middle heaven domain just to avoid the Ye family people but she still encountered Ye Mo and Ye Ling.

Chapter 2250 Visit Phoenix Race

“Nana, tell me where Zifeng went?” Ye Ling asked desperately.

Cheng Nana looked down “I have no relations to him, I don’t know where he went.”

Nangong Xiaodai said “My Nangong family completely fell in his hands. He came to the immortal realm earlier than me. When I found him, he was about abstruse immortal power. At that time, he was with Wen Caiyi. He seemed to have a master. His master seemed very strong.”

Then, Nangong Xiaodai seemed to have realised something. Her depressed look suddenly disappeared. She bowed to Ye Mo and said “I wanted to ask Cheng Nana some things before but now I don’t need to. Sect leader Ye, I’m going.”

Seeing her leave, Ye Mo said nothing.

Then, Cheng Nana bowed to Ye Mo “Brother Ye, Ye Ling, I’m going too.”

“Brother, let’s go back.” Ye Ling felt extremely bad when she said this. She really didn’t want her second brother to become like this. Both Nangong Xiaodai and Cheng Nana were very nice women. Why did second brother have to be like this? Even though he had some hard times on Luo Yue continent, all these years have passed. He had become an immortal now.

“Let’s go.” Ye Mo tore open space and instantly returned to Mo Yue Immortal Sect.

Ye Mo had always treated Ye Zifeng as his brother.

However, ever since Ye Zifeng said to Nangong Fei that Ye Zifeng wanted to kill him not because of misunderstanding Cheng Nana but that he had some secrets, Ye Mo already considered Ye Zifeng a strange.

Wanting his secrets, simply put, was wanting his life. Ye Mo didn't do anything wrong to Ye Zifeng but he was so cruel.

When Ye Mo came back, he saw Li Xiu come over. Luo Ying and them were talking to Li Xiu.

Seeing Ye Mo come in, Li Xiu immediately got up "Immortal friend Ye..."

Ye Mo already knew what she wanted to ask. He said "Big palace lord, Qing Ru has vindicated dao. She's in the Void Marketplace wanting to find her own dao through trial so she didn't come back with me."

Seeing Ye Mo's wives, Li Xiu sighed. She kept Qing Ru with Ye Mo wanting to let Qing Ru become Ye Mo's dao partner. But it seemed to be wishful thinking.

But she soon cast this aside and said "Immortal friend Ye, I heard Jingwen say that you wanted to repair the 33 heavens?"

Ye Mo nodded "Yes, I originally had this idea but now I've changed my mind. I feel the 33 heavens is very suitable. It's no lesser than a complete immortal realm."

When Ye Mo came back from the nether realm he felt that the immortal realm might not necessarily need to be repaired. Unlike the Divine Dao Realm, the Divine Dao Realm would be destroyed if not repaired. Meanwhile, the 33 heavens of the immortal realm was very reasonable from low to high.

The 33 heavens was more normal as it wasn't suitable for dao vindication. Now that more than half the Divine Dao Realm has been repaired, immortal emperor peak stage can go to the Divine Dao Realm to vindicate dao. If they stayed in the immortal realm and vindicated dao, there would be too many divine emperors in the immortal realm. That way, the immortal realm might be broken to pieces again.

Ye Mo didn't want the immortal realm to have too many dao moulding divine emperors.

Li Xiu agreed "I'm thinking the same. The 33 heavens is coherent with heaven dao, it doesn't need repair."

Li Xiu seemed nervous after a while. Ye Mo knew she was worried about Qing Ru so he took out a formation flag "Big palace lord, you can use this to come back from the Divine Dao Realm tunnel but it can only be used once. I don't need this anymore, you can have it."

"Thank you immortal friend Ye." Li Xiu didn't reject and thanked gratefully.

She seemed much calmer after getting the formation flag. After a while longer, she got up and left.

After sending her off, Ye Mo called Luo Ying and them together and gave them a jade card which he made to each of them.

"Dad, what is this?" Yimo asked.

Mu Xiaoyun smiled "This is a teleportation jade card to the Golden Page World. Wanqing and I were at the Divine Dao Realm, we used this to get back to the Golden Page World and come to the Mo Yue Immortal Sect."

"There's only shadowless and small ginseng who are fun inside. There's too little people. One might as well stay outside." Yimo said but she hung the jade card on her neck.

Luo Ying knew Ye Mo the most and she immediately asked "You're going to leave?"

Ye Mo nodded "I need to go to the phoenix race. You guys can come with me or find me in the Golden Page World threw the jade card at anytime."

"Just be careful. The cultivation resources here are abundant, we'll wait for you here." Luo Ying and them knew what Ye Mo was doing at the phoenix race. Ye Mo went to get allies for the battle a hundred years alter.

But this time, they weren't very worried as they could return to Ye Mo at anytime.

...

Ye Mo travelled alone in the void with Mo Yue boat. Even though his sea of consciousness could penetrate realms, every race's realm had powerful realm protection formation. Spirit sense couldn't penetrate it. He couldn't tear open space to get to the phoenix race as that would be provocation instead of finding allies.

Luckily, Mo Yue boat was extremely fast under his control. In just a few short days, he was near the outskirts of the phoenix race.

When Ye Mo just put away his boat outside the realm protection formation, people noticed him. An extremely ordinary looking man with a red mark on his face saw Ye Mo. He was only immortal emperor power. However, this person opened the formation without even asking Ye Mo anything.

"May I ask if it's pill divine Ye qian bei?" The immortal emperor asked respectfully.

"You know me?" Ye Mo was certain he had never seen this immortal emperor before.

This immortal emperor quickly said "Congyin divine emperor ordered me to wait for Ye qian bei here. She said Ye qian bei will be visiting our race soon."

Ye Mo wondered what decision she would take.

To be honest, Ye Mo hoped Tang Congyin would take a neutral side. He didn't expect them to help him but he didn't want them to help the beast race. The phoenix race was actually a branch of the beast race.

The phoenix race realm was no weaker than the dragon race. When Ye Mo crossed the atmosphere with this immortal emperor. He immediately felt the powerful world law and dense god spirit chi.

Ye Mo sighed. Compared to the phoenix and dragon race, the Divine Dao Realm was much weaker. Even though he used chaos tree and abstruse yellow chi to repair the life force of the Divine Dao Realm, the Divine Dao Realm still lacked a world meridian and couldn't gather god spirit chi. It would have to be a hundred years later for him to get the World Mountain as the nether realm sealed itself.

"Pill divine Ye is quite late, I've been waiting for a long time." A crisp voice sounded and Tang Congyin appeared before Ye Mo.

She wore red immortal robes. Ye Mo also saw Tang Xiaoyu and Tang Qi next to her. Tang Qi seemed very seductive.

Ye Mo smiled and saluted with his fists "I came to disturb immortal friend Tang, I hope immortal friend tang won't mind this guest."

Tang Congyin laughed "Look at you. I can welcome you, Xiaoyu is your friend too and she's dao actualisation now. she's just one line from dao essence. I've brought her over today, you should do something right?"

Ye Mo took out a jade bottle and gave it to Tang Xiaoyu saying "This cosmic dao pill can be the gift for her to reach dao essence."

Hearing this, Tang Xiaoyu immediately looked happy. She quickly thanked Ye Mo.
