Chapter 2251 Demon Race Saint

Seeing Ye Mo so generous, the dao actualisation divine emperors on the side all showed glances of envy. However, they knew that one cosmic dao pill was already significant enough. Ye Mo wasn't going to give a second one no matter how generous he was.

Tang Congyin just said casually and didn't expect Ye Mo to give something as precious as the cosmic dao pill. Now that Ye Mo gave one without hesitation, she felt a little bad as she knew there was no way the phoenix race could stand on Ye Mo's side. At most, they would be neutral.

"Pill divine Ye, if you still didn't come I wasn't going to wait for you but luckily you came in time. We'll go together." Tang Congyin seemed more hospitable after Ye Mo gave the dao pill. She walked side by side with Ye Mo.

Ye Mo quickly moved away a little and asked "Immortal friend Tang, where are we going?"

Tang Congyin patted her head and said "Look at my memory. The demon race isn't close to you. Of course, they wouldn't give you the invitation. It's this. The demon race divine has finished solitary cultivation and reached primordial essence. The other races are going there to seek marriage but they were all rejected by the demon race. The invitation is one to celebrate saint reaching primordial essence but second to choose a dao partner for her."

Ye Mo smiled "The saint is primordial essence, ordinary dao essence divine emperors of other races wouldn't be considered."

"Beast race Zhuge Tianhua forcefully vindicated primordial essence in order to marry her but even so, he was still rejected by the demon race. Zhuge Tianhua is ranked second on the divine rank. He's extremely talented. Even divine rank number five, dragon race dao essence divine emperor Ao Yue was also rejected. My phoenix race was rejected too." Tang Congyin explained.

Ye Mo sighed "I heard that each race only had one or two primordial essence divine emperor. How did the demon race get this saint? Zhuge Tianhua also reached primordial essence?"

Tang Congyin glanced at Ye Mo and said “In terms of primordial essence divine emperor quantity, which race could compare with the human race before? Even though the Divine Dao Realm is broken, there are still some human primordial essence divine emperors but they just don’t want to show up. This time, four primordial essence divine emperors disappeared finding you. These races have the power to quickly produce one primordial essence divine emperor.”

Ye Mo knew this. Every super race in the void couldn’t just have one primordial essence divine emperor. Even if their primordial essence divine emperor died they had the means to produce another one as quickly as possible.

Without a primordial essence divine emperor, a race can never become a super race.

“The demon race rejected them because they found an equally talented person. This person has no background so he’s free to join the demon race. Although the demon race lost Pu Yangsi, they still have Yi Yuanzhou. Now, they have two more primordial essence divine emperors.” Tang Congyin sighed.

Then she added “Pill divine Ye, your dao wave is very calm. You look no different to an ordinary immortal. I believe you’ve become stronger? You’re a dao essence pill divine. If you ask to marry the saint, it might really work. That way, the conflict between you and the demon race...”

Ye Mo smiled “I have no interest in some demon.”

Tang Congyin laughed “Demon race saint isn’t necessarily demon. I heard she comes from the human race.”

“Human race primordial essence divine emperor went to be demon race saint?” Ye Mo asked in confusion.

Tang Congyin said “This saint didn’t come from Divine Dao Realm. She seemed to have come from the immortal realm. Plus, she reached primordial essence divine emperor but it had nothing to do with the human race. Although her talent is absurd, she wouldn’t be able to reach primordial essence divine emperor without the full support of the demon race. They even opened the great time formation to support this saint.”

“Great Time Formation? Is it a formation to speed up time?” Ye Mo thought of his time formation disk immediately. He really couldn’t think of who made this formation disk. Even though he had mastery over time law, he still couldn’t make such time formation disk.

Tang Congyin nodded “Yes. The demon and beast race all have this but its consumption is shocking. It can increase the time inside by tens of times but the god spirit ranges used is immeasurable. Ordinary people wouldn’t be able to afford it at all. Even a race might not be able to afford it.”

Ye Mo was extremely shocked. He thought only he had time formation disk but the other two races had it too. However, their time formation disk seemed different to his.

His time formation disk used more spirit source as his cultivation level grew stronger but it didn’t use immeasurable god spirit ranges. From this, it was clear his time formation disk was higher level.

Seeing Ye Mo shocked, Tang Congyin explained “Zhuge Tianhua extremely loves the demon saint so he joined up with the other races and made a suggestion and that was to allow any race to propose to her but through battles. Whoever was stronger could become the dao partner of the saint.

The races joined up taking out cultivation resources that would entice even primordial essence divine emperor. The victor could not only marry the saint but also have these cultivation resources. This is why there are many guests heading to the demon race.

Then, she smiled sweetly at Ye Mo “If pill divine Ye joins, you might get a beautiful woman and countless cultivation resources. Now that the demon race invited the powerful beings of many races, they probably wouldn’t do anything out of the line even if they have conflict with pill divine Ye.”

Ye Mo thought he should probably go. This way, he could build momentum for the battle a century later while checking the power of the different races.

Fan Gao said he would challenge the Divine Dao Realm but he hadn’t gone. This time, he would spill this to everyone. In the future, if he happened to attack the beast race or annihilate the aquarius race, he would have an excuse.

“Okay, I’ll go with immortal friend Tang.” Ye Mo made up his mind.

Tang Congyin also expressed that the phoenix race would stand neutral a hundred years later.

Three days later, Ye Mo and Tang Congyin left the phoenix race heading to the demon race.

...

The demon race was very popular right now, more popular than at Ao Xi’s primordial essence ceremony.

While many of the guests came for the saint, more came for exchange and trades as well as networking.

As soon as Tang Congyin’s flying ship arrived outside the demon realm, a dao essence peak stage demon came to greet her.

Ye Mo’s dao wave was very subtle and this dao essence divine emperor completely ignored Ye Mo.

After entering the demon realm, Ye Mo’s spirit sense scanned that the demon realm was no smaller than the Divine Dao Realm. The realm was stable and had dense god spirit chi which contained dense demon wave chi.

When he repaired the world meridian of the Divine Dao Realm, Divine Dao Realm would be no lesser than this realm at all.

“Welcome to the demon race immortal friend Tang. It brings great honour to the demon race. Please, come to the guest palace....” A white robed dark haired man walked out. His eyes were very bright.

Ye Mo could tell this was a primordial essence divine emperor. He didn’t have any demon chi on him unlike Pu Yangsi who was covered in powerful demon wave. Ye Mo knew this person was more terrifying than Pu Yangsi.

“Haha, thank you for coming to greet me personally brother Yi. Congyin feel so honoured.”

She didn't introduce Ye Mo and instead smiled at Ye Mo “Pill divine Ye, this is demon race primordial essence divine emperor Yi Yuanzhou. He's demon dao god arts are shocking.”

Yi Yuanzhou heard the words Pill divine Ye come out of Tang Congyin's mouth and his eyes immediately lit up. He stared at Ye Mo while very shocked. A primordial essence divine emperor was standing before him and he didn't notice at all.

Chapter 2252 Demon Race Ceremony

“So it's pill divine Ye's great arrival. Please forgive Yi for not realising. This way please pill divine Ye...” Yi Yuanzhou immediately acted very hospitable.

Compared to Fan Gao, Yi Yuanzhou had much greater temperament.

“Pill divine Ye...”

“Ye qian bei...”

“Divine emperor Congyin...”

When Ye Mo and Tang Congyin first entered the guest palace, there were plenty of people sitting inside already. Many people greeted Ye Mo as soon as they came in.

Most of the people who greeted Ye Mo were those who went to Ao Xi's primordial essence ceremony. They had seen Ye Mo's power. Ye Mo left easy under the gang up of a few primordial essence divine emperors. Now that he still dared to come here, one could see he wasn't scared at all.

Plus, it's said that the beast, aquarius, dragon and demon race primordial essence divine emperors were looking for Ye Mo. Ye Mo appeared now but those four primordial essence divine emperors were gone.

“Haha, Ye Mo you come later than me every time.” Jiao Dan saw Ye Mo come in and laughed.

Compared to Len Shuoqi, Jiao Dan was much more fervent towards Ye Mo.

Tang Congyin sighed “Sigh, next time I won’t walk with pill divine Ye. I’m a beautiful woman but when walking with pill divine Ye, no one recognises me.”

One had to admit she really knew how to talk. Despite many people greeting Ye Mo when he came in, equally as many people looked at Ye Mo with enmity. Now that Tang Congyin said this, the atmosphere eased up.

“Ye Mo, where is my dad?” A crisp voice broke this friendly atmosphere. The voice was so agitated as though it was going to devour Ye Mo immediately.

Ye Mo looked at the person talking. It was dragon race Ao Man.

In fact, Ao Man had a good impression of Ye Mo but when her dad was lost in the process of chasing Ye Mo, her good impression went too.

Ye Mo hadn’t even spoken yet and Ao Luan reproached “Don’t be rude Ao Man and let everyone laugh at you.”

Ao Luan then saluted with his fists to Ye Mo “Pill divine Ye is young but astoundingly powerful. Ao Luan would like to learn from you when you’re free.”

Ye Mo said calmly “I’ll stick to the end for whoever wants to challenge me. But everyone who challenges me only has one chance.”

“Hmm, arrogant.” A sneer sounded. Ye Mo had long seen this person. This person harboured killing intent towards him right from the beginning. This was beast race primordial essence divine emperor Fan Gao. Zhuge Tianhua was sitting next to him, he was a primordial essence divine emperor too but his chi wasn’t stable.

Ye Mo ignored him and found a place to sit.

Fan Gao was furious but there was nothing he could do.

After Ye Mo sat down, he looked at a half primordial essence man. He sensed a chi similar to winged race primordial essence divine emperor Cang Luo.

Seeing Ye Mo look at him, this half primordial essence divine emperor quickly got up and saluted with his fists "Winged race Hong Hao greet pill divine Ye."

"Cang Luo probably didn't go back right? If he did you wouldn't be able to sit here." Ye Mo said.

It was because of Cang Luo's chaos green lotus that he was attacked by the four races. The disappearance of the four primordial essence divine emperor had direct relations to Cang Luo.

"Cang Luo divine emperor left the winged race and is no longer our primordial essence divine emperor. After this happened, the winged race is very scared and we've apologised to all the races. I would like to represent the winged race to apologise to pill divine Ye too."

Hong Hao seemed very scared.

Ye Mo sneered. Only an idiot would believe that Cang Luo left the winged race. No one would believe this. He probably came here just to apologise to the races and get everyone's attention.

The winged race had apologised and if they were still going to annihilate his race, there would be nothing he could do. Plus, he knew that other races wouldn't annihilate his race for such things. It was pointless unless Cang Luo was definitely at the winged race.

Cang Luo wasn't there and he was a primordial essence divine emperor. No race would annihilate the winged race and enjoy a primordial essence divine emperor ambushing in the dark.

“You don’t need to apologise to me. When I see Cang Luo, I will settle things with him.” Ye Mo said calmly.

Hong Hao didn’t mind Ye Mo’s words and saluted with his fists before sitting down. He seemed very calm.

“I didn’t expect to be able to see immortal friend Lian. Yuanzhou really don’t dare to believe. Immortal friend Lian please come in...” Yi Yuanzhou’s hospitable voice sounded. It was definitely a primordial essence divine emperor coming.

“Haha, I haven’t seen a few old friends for a long time. I’ve come to visit them and let me little disciple see the world.” A coarse voice sounded.

Ye Mo immediately knew who came just from this voice.

“Immortal friend Lian, I really didn’t expect to see you again. I’ve been to Yuan Yan palace a few times but it was locked by formation. It’s really a huge surprise to see immortal friend Lian today...” Ao Luan got up and said.

Even Len Shuoqi and Fan Gao got up. However, Jiao Dan sneered and looked aside. Tang Congyin didn’t move. Clearly, she didn’t know this person.

The blue robed man soon looked at Ye Mo.

“You’re here too?” The blue robed man asked in surprise.

Ye Mo said calmly “You can come but I can’t?”

This blue robed man was clearly human race primordial essence divine emperor. The human race was in chaos but this guy hides in some Yun Yan palace and is so close to the demon and beast race. Ye Mo immediately disliked him. His disciple was actually immortal realm Feng Kong grand emperor.

Seeing Feng Kong again, Ye Mo was definitely not going to let him go. However, he didn't plan to attack now as this was the demon race land. If he killed now, it would cause public outrage. Even if he was to kill, he would need to find an excuse later.

Feng Kong also saw Ye Mo. When he saw Ye Mo sitting with the primordial essence divine emperors, his heart was rocking with shock.

What was Ye Mo before? Even though he was able to fight with him and attract more than ten immortal emperors to go to his sect opening ceremony, he only felt Ye Mo was a threat. He knew that one day, he would completely surpass Ye Mo.

But now, Ye Mo could sit with primordial essence divine emperor and his master seemed to know Ye Mo.

He looked down. With his master here, he wasn't afraid of Ye Mo. He was thinking about what secrets Ye Mo had to be able to cultivate this fast. Even he couldn't see Ye Mo's cultivation level now.

When he went into the divine emperor from the Divine Dao Realm, he ventured in the void for a few hundred years and encountered his master. He had been with his master in the Yun Yan palace since. This was extremely great fortune. Ye Mo had no master but could cultivate this quickly. How could his secret be simple?

The green robed man just smiled hearing Ye Mo's tone wasn't so friendly. Perhaps he didn't want to talk much to Ye Mo. He looked to Jiao Dan and said nothing. When he looked at Tang Congyin he smiled "This must be phoenix race immortal friend, how is immortal friend Yaoqing?"

Tang Congyin got up and saluted with his fists "My master is very well, thanks for asking."

"Good, then bring me a message to her. Tell her that Lian Yaoduo thanks her for before. When I'm free, I'll definitely go visit her." The green robed man said.

Yi Yuanzhou saw the greetings were pretty much done and quickly said "Everyone please enjoy immortal fruit. It's a wonderful time to see so many immortal friends come."

Then he said to the two pretty maids behind him “Invite out our demon race saint to greet everyone.”

Chapter 2253 Intense Hate

It’s said the demon race saint came from the immortal realm. Ye Mo wanted to see too. Who from the immortal realm would become demon race saint.

At this moment, there was Zhen Bingyu’s joyful voice from the Golden Page World. Ye Mo scanned with spirit sense and noticed that she had reached dao essence. When she knew that Ye Mo was in the demon race, she immediately expressed she wanted to help.

Ye Mo didn’t hesitate and let her come out of the Golden Page World landing next to him.

Seeing an extremely beautiful woman suddenly appear next to Ye Mo, no one felt strange. Which divine emperor here didn’t have small world? Even truth spirit world was ordinary here.

There were many who knew about Zhen Bingyu here. People have long heard of Zhen Bingyu’s unparalleled beauty in the Void Marketplace.

The maid saw Zhen Bingyu appear and quickly put a seat next to Ye Mo.

“Not bad.” Ye Mo raised his thumb. He knew that Zhen Bingyu definitely had her own fortunes. The cultivation resources he gave her would at most let her reach dao moulding divine emperor but when he saw her, she was already dao actualisation divine emperor.

Tang Congyin smiled “No wonder pill divine Ye doesn’t consider ordinary women. You already have such a pretty goddess. Pill divine Ye really has keen eyes.”

Ye Mo said awkwardly “You’re too funny immortal friend Tang.”

The rest of the guests had their eyes on the door. At this moment, one man and woman came out. Everyone saw these two were primordial essence divine emperor.

The pretty goddess was the saint meanwhile, the man was the dao partner they found for the saint.

The instant he saw these two, Ye Mo's eyes narrowed. He heaven shocking killing intent erupted from his body. He didn't even have such killing intent when he saw Feng Kong.

Zhen Bingyu was sitting closest to Ye Mo and immediately felt this. She held Ye Mo's hands worriedly.

Everyone nearby felt Ye Mo's intense killing intent.

Ye Mo calmed down when he felt Zhen Bingyu's hands. He patted her hand and hid that killing intent.

However, he was still immensely shocked. He didn't expect he would see Dongfang Wang here. He knew that Dongfang Wang reached the immortal realm and was the number one prodigy of the Shen Qiong cultivation realm. Ye Mo didn't expect he was this powerful. He had reached primordial essence in just two thousand years. This wasn't explainable just with talent. The only possibility was that Dongfang Wang had a powerful treasure on par with his Golden Page World.

What shocked Ye Mo more was the demon race saint. It was actually Yi Yi. Zhantai Yi, Ding Jie and him had the same secret. He took the two out of the title status tower and the three stood at the top receiving their immortal king naming.

At that time, Ding Jie was North Time immortal king, Zhantai Yue was Heaven Moon immortal king while he was Eternity immortal king. The three even agreed they would work hard and fight together but many years after, Yi Yi became the demon race saint.

Ding Jie and Yi Yi have been his best friends. Ding Jie left his sect to help him and Yi Yi was locked up in the earth abyss fire pond. He went to Jiu Fan immortal pond to save Yi Yi.

There, he realised Yi Yi got a huge fortune. She used the fire lotus there to purify her immortal root and wisdom. She even got the number one lost sutra of the Jiu Fan immortal pond.

Zhantai Yi also learned a sliver of the secret of the Three Birth Chant. She combined it with the sutra to create her own dao.

Thinking of the three who came out of the title status tower. He and Zhantai Yi were primordial essence divine emperor, Ye Mo wondered if Ding Jie reached primordial essence divine emperor too. Ye Mo suddenly missed Ding Jie. He was a straight forward person. Ding Jie was more important to him than Zhantai Yi. However, Yi Yi became the demon race saint and stood with Dongfang Wang this bastard.

The two saw Ye Mo as well.

As soon as Dongfang Wang saw Ye Mo, his eyes showed intense killing intent. In his eyes, Ye Mo was a dead person. With his primordial essence, he was certain no primordial essence was a match for him.

The demon race was perfect for him. It was more suitable for him to cultivate Great Kun Demon God sutra. It was not the same sutra before. He fused it with buddhist cultivation method in the abstruse yellow orb. Dongfang Wang believed that no one's cultivation method in this universe could compare with him.

"City lord Ye, you really are everywhere. Where ever I go, you follow. Since you came to my demon race you won't need to keep following me. Just stay with me and be my servant. Hahahaha..." Dongfang Wang laughed.

He was laughing but his face was terrifyingly bleak as he saw Zhen Bingyu next to Ye Mo. The woman he loved always appeared next to Ye Mo whether it was An Zhiqi or Zhen Bingyu. Even though he was a primordial essence divine emperor now, he couldn't tolerate this.

Those people greeting the two immediately realised that there was a huge enmity between Ye Mo and Dongfang Wang. Those who didn't know how powerful Dongfang Wang was already stopped greeting him.

Ye Mo ignored Dongfang Wang. Dongfang Wang considered him dead but he considered Dongfang Wang dead too. He looked at Zhantai Yi. She looked calmly back at Ye Mo.

Only Zhuge Tianhua noticed Zhantai Yi's eyes. When she first saw Ye Mo, her eyes weren't calm. There was a sliver of excitement. But when she saw Zhen Bingyu next to Ye Mo, her eyes went calm and plain.

"Yi Yi, when we got our immortal king names, do you remember what Ding Jie said. I don't know what happened to you but you're a human from the immortal realm and yet you became the saint of the demon race. Do you remember that your cultivation method and fortune came from the Jiu Fan immortal pond?" Ye Mo tried to sound calm.

Zhantai Yi said calmly "Thank you for the help you gave me immortal friend Ye. If immortal friend Ye goes to the sect, then please bring my apology and gratitude. I'm the demon race saint now, I have nothing to do with the human race. Please don't take Ding Jie's joke so seriously."

Ye Mo didn't expect Zhantai Yi to talk to him like this. He didn't bother persuading her anymore and said "Whether or not I take Ding Jie's words seriously has nothing to do with you. Ding Jie is Ding Jie, you are you. Don't put yourself together."

Dongfang Wang just realised that there was a special relationship between Ye Mo and Zhantai Yi. His heart burned with even more fury.

"Haha, after some people come, it seems everyone has enmity with him. Such connections. I admire it..." Zhuge Tianhua sneered.

Jiao Dan heard this and was furious "Kid, watch your mouth. Since when did your grandpa Jiao Dan have enmity with Ye Mo. Little bastard."

Zhuce Tianhua's white face was angered red. He immediately sneered "Jiao Dan, you're a primordial essence divine emperor but so am I. Don't act old in front of me."

"Pfft, you're primordial essence divine emperor? So cool. When your grandpa was primordial essence divine emperor, you were still waiting to go into samsara." Jiao dan said.

Yi Yuanzhou quickly said "Immortal friend Jiao Dan, immortal friend Tianhua, today's the ceremony of the demon race, please show us some face."

Jiao Dan sneered and didn't keep scorning Zhuge Tianhua.

"Immortal friend Ye, today's the great day for the demon race. Please don't say anything that will hurt the relationship between the human and demon race." Yi Yuanzhou said. What Ye Mo said to Yi Yi made him feel very uncomfortable.

Ye Mo said plainly "The human and demon race have no relationship. Don't say anymore cringe words immortal friend Yi."

Yi Yuanzhou's face changed and just when he wanted to speak, Zhantai Yi said "Yuanzhou divine emperor, immortal friend Ye is a guest. The demon race has this magnanimity."

Chapter 2254 Fight over sain

Zhen Bingyu finally understood the conflict between Ye Mo and Dongfang Wang. She grabbed Ye Mo's hand apologetically "Ye Mo sorry, I didn't know that person had conflict with you. I once gave him some immortal crystals. If I knew earlier, I would've annihilated him with a fireball."

Zhen Bingyu's words cut apart Dongfang Wang's tiny hopes into pieces like a knife. His heart was bleeding. When Zhen Bingyu gave him cultivation resources as an immortal king, she became Dongfang Wang's goddess. No matter how calculated he was, the deepest part of his heart was etched with Zhen Bingyu's name.

Even though he was primordial essence divine emperor, Zhen Bingyu was irreplaceable in his heart.

Zhantai Yi didn't mind Zhen Bingyu's words and smiled to the guests "Welcome immortal friends of different races coming to my primordial essence ceremony. Please forgive me for any inconveniences."

Yi Yuanzhou for some reason didn't keep talking to Ye Mo and saluted with his fists too "Guests please have a seat. Other than our saint's primordial essence ceremony, there's one more thing today. I believe everyone knows that the demon race is willing to join up with all the races and wants to use this opportunity to find a dao partner for Yi Yi saint."

With this, there was immediately a round of applause. The only one who didn't clap was Ye Mo and Zhen Bingyu.

“Immortal friend Ye don’t seem to happy. Do you have something against the demon race? Everyone was clapping but immortal friend Ye did nothing.” Fan Gao didn’t let go of any chance to draw hatred towards Ye Mo.

Ye Mo glanced at Fan Gao “What’s my happiness got to do with you? You just want to provoke a fight between me and Yi Yuanzhou. If you can provoke Yi Yuanzhou to attack me, then you win.”

Yi Yuanzhou was calm but his heart was burning with fury. He wanted to kill Ye Mo immediately. At the same time, he hated Fan Gao.

Fan Gao thought very well but Zhuge Tianhua didn’t understand him. He glared coldly at Dongfang Wang. Everyone knew he was a pair with the saint but now, the demon race saint was sitting with this nobody. This was a slap to his face.

How could Zhuge Tianhua take this.

At this moment, Dongfang Wang got up. He first saluted to Yi Yuanzhou and then said “I’ve long loved saint Yi Yi, however, her beauty is unparalleled...”

“Beauty unparalleled? How come I see someone prettier than her here?” Tang Congyin sneered.

Zhantai Yi’s face was very calm but her heart wasn’t. When Ye Mo was titled eternity immortal king, she knew Ye Mo wasn’t ordinary. She had made up her mind to not fall behind Ye Mo too much and at least be able to help him.

Later on, she got the Jiu Fan Nine Lotus sutra. As her cultivation level grew, Ye Mo’s status in her heart grew ordinary. When she became demon saint and learned some of the dao waves of three birth chant, she realised that Ye Mo’s accomplishments came from three birth chant.

At this moment, Ye Mo was no different to an ordinary person in her heart. Anyone who got Ye Mo’s cultivation method would have such accomplishments. Ye Mo and Ding Jie were the same, just an ordinary friend.

The Divine Dao Realm was broken and she had been cultivating in the demon race. The human race didn't matter much to her.

Zhantai Yi didn't know that the Jiu Fan Nine Lotus Sutra was originally a demon race divine sutra. It was called Jiu Fan Nine Demon sutra. It was obtained by a talented immortal emperor of the Jiu Fan immortal pond. When he saw it, he immediately knew this sutra wasn't suitable for immortal realm cultivation.

But she knew this demon sutra was too powerful and it was a waste to abandon it. She relied on her extreme talent to change the sutra into Jiu Fan Nine Lotus sutra. After she started cultivating it, she realised she underestimated this demon sutra. She still couldn't completely control it.

In order to not let this sutra go to waste nor let her self destruct, this immortal emperor left and went to find the Jiu Fan Fire Lotus. She wanted to use it to cultivate the sutra.

When this immortal emperor found the lotus, she already couldn't suppress the demonic attributes of the sutra.

Eventually, she used great will to seal herself in the Earth Abyss fire pond and disappeared. Zhantai Yi found her remains at the bottom of the pond as well as the lotus and cultivation method.

Zhantai Yi had the best talent and with the lotus and Ye Mo's Three Birth Chant, she progressed rapidly while cultivating the edited sutra. When she reached the demon race, she progressed even faster and the demon race helped her at all costs.

Despite having the lotus and Three Birth Chant learnings, Zhantai Yi changed greatly after cultivating the sutra.

Demon race cultivation method was about self. In any situation, oneself was the main character. When Zhantai Yi was with Ye Mo and Ding Jie, the two were helped by Ye Mo so Ye Mo was the main character.

She never thought of going higher than Ye Mo but as she grew stronger, her character changed even greater.

Now that she reached primordial essence, she didn't look down on Ye Mo but she didn't consider Ye Mo as someone stronger than her.

When she first saw Ye Mo, she was happy but when she saw Zhen Bingyu next to Ye Mo she immediately went cold. In her subconsciousness, Ye Mo should come next to her like Dongfang Wang.

Tang Congyin meant that Zhen Bingyu was prettier than her. How could she stay calm.

Zhuge Tianhua's attention had been fixated on Zhantai Yi. He saw all her emotions and was about to stand up to talk.

However, before he could, the primordial essence divine emperor next to Zhantai Yi said "No matter what other people say, saint Yi Yi is the best in my heart. Because I'm not the only one who can see her excellence, so many prodigies from different races came this time. Dongfang Wang is willing to go through all of you."

Immediately, everyone knew there was a good show to watch. People wondered who Dongfang Wang would challenge first.

Dongfang Wang suddenly turned to Ye Mo "Pill divine Ye, I've long heard of your big name. Dongfang Wang will go through you first."

Dongfang Wang wanted to kill Ye Mo and Ye Mo wanted to kill him too. However, Ye Mo didn't want to fight with him here. He was certain that Dongfang Wang had good things on him. He would need to find a place with no one.

Zhuge Tianhua long wanted to talk. He couldn't resist getting up "Immortal friend Dongfang, I love saint Yi Yi greatly too. How about I fight with you first."

With this, people immediately felt bewildered.

They didn't understand why Zhuget Tianhua stood up for Ye Mo. Even if he was to challenge Dongfang Wang, it should be after Dongfang Wang fought Ye Mo.

Fan Gao's face was extremely bleak. He didn't expect this.

Ye Mo sat and didn't move. He knew why Zhuge Tianhua asked to fight first. Zhuge Tianhua was ranked second on the divine rank when he was dao essence. He was pretty much peerless in dao essence. Now that he reached primordial essence, he thought he was peerless too.

Dongfang Wang had no fame. What if he relied on pills to reach primordial essence? Zhuge Tianhua was scared of Ye Mo killing Dongfang Wang and he wouldn't have a chance to fight.

He was going to shower his power in front of Zhantai Yi.

"In that case, please do." Zhantai Yi acted as though their fights had nothing to do with her.

Chapter 2255 Dongfang Wang's power

In the middle of the guest palace was a spacious short stage. Zhuge Tianhua stood on it. Ye Mo knew that this was a space restriction. It seemed only 40 meters wide but it might be 4km wide.

After Zhuge Tianhua reached primordial essence, his dao waves flowed freely. He was already handsome so as soon as he stood on the stage, he immediately caught everyone's eyes.

Dongfang Wang stood up and saluted with his fists to everyone and then to Zhantai Yi before walking to the stage.

Dongfang Wang looked calmer than Zhuge Tianhua but his temperament was far weaker than Zhuge Tianhua.

Zhuce Tianhua waved his hand and a white jade flute appeared in his hand.

“Treasure dropping white jade flute.” Many guests exclaimed.

Ye Mo had heard of this magic artefact. It was a fake Primordial Spirit Artefact. This magic artefact’s power was no weaker than ordinary Primordial Spirit Artefact. This flute could create a sound that can smash open a realm domain. Used with spirit sense god art, it was much more powerful than ordinary great god arts. The most powerful part of this flute was that it could disconnect the connection between spirit sense and magic artefact.

If spirit sense lost connection to magic artefact, the magic artefact was pretty much for show.

Everyone here knew that Dongfang Wang had trouble. The two were both primordial essence divine emperor and just broke through. Under such situation, whoever had the better magic artefact had the advantage.

Dongfang Wang looked at the flute in contempt “Immortal friend Tianhua, please attack first. Otherwise, if you lose, people will say I ambushed you.”

Zhuge Tianhua didn’t mind these words and attacked.

Even though the stage was barricaded by restrictions, the guests still heard the ear piercing sound. It seemed to seep into sea of consciousness and crush the soul. Despite having many layers of restrictions, this sound was still this terrifying. One could imagine what Dongfang Wang was going through.

The flute turned into large pieces of sound beams that materialised and completely enveloped the space Dongfang Wang was in.

At the same time, Dongfang Wang smashed out a huge black figure. It instantly turned into an extremely huge mountain. Even the restrictions of the stage were cracking under this mountain. It was as though this mountain was too heavy and would crush the restrictions here.

Ye Mo’s eyes narrowed. This was definitely the World Mountain of the Truth Fall forbidden grounds. He didn’t expect Dongfang Wang to have it.

“It’s World Mountain...” Jiao Dan’s eyes lit up but then he said “This is the piece that disappeared.”

Clearly, Jiao Dan knew the World Mountain was in the nether realm.

“It seems this person might have a spirit item too.” Tong Congyin’s tone became serious.

Ye Mo calmed down. He knew that the World Mountain attracted spirit items. After leaving the nether realm, it would attract a spirit item to grow on it. Due to this attribute, the World Mountain could be made into the Divine Dao Realm world meridian. That way, the Divine Dao Realm would be more stable and god spirit items would grow better.

Bitter bamboo was growing on it before.

Crack. An explosion seeped out from the restriction.

Zhuge Tianhua’s white flute beams and sounds were instantly smashed by Dongfang Wang’s World Mountain. The World Mountain was too heavy despite being just one corner.

Zhuge Tianhua was extremely shocked. He had been peerless and never once was he in the lower hand at the start of the battle. This Dongfang Wang was too terrifying. He was certain that if Dongfang Wang competed for divine rank first, he would be third regardless.

Despite this, Zhuge Tianhua wasn’t scared. He waved out a spinning space in his hand and smashed out. Space god art. He wanted to use this spinning space law to suppress the World Mountain.

At this moment, a faint buddhist light came out from below the World Mountain.

Seeing this buddhist light, Zhuge Tianhua dazed. He felt this demonic killing intent but also this holy buddhist light. A thought rose in his mind. He needed to stop and get hit by this demonic killing intent to become a real buddha.

This feeling was too strange. Zhuge Tianhua immediately knew this was wrong. He was going to forcefully space the space before him but the World Mountain was too heavy. Even his spinning space was crushed.

Spurge. Blood mist flashed and Zhuge Tianhua's soul was annihilated.

Dongfang Wang waved his hand and took the World Mountain and Zhuge Tianhua's belongings.

Many guests suddenly sprung up. Zhuge Tianhua was this powerful and he was killed in such a short time but someone unheard of.

Fan Gao stood up with fuming eyes. He wanted to go up immediately and kill Dongfang Wang but he knew he was no match for Dongfang Wang.

Even the rest of the primordial essence divine emperors looked Dongfang Wang in shock, not understanding how there was such a powerful primordial essence divine emperor.

Even Jiao Dan showed some concern. Tang Congyin was silent. She knew she was no match for Dongfang Wang.

Dongfang Wang stood in the center of the stage and said to Ye Mo "City lord Ye, today, I'm fighting for Zhantai Yi. I want to see city lord Ye's god art."

Ye Mo got up calmly "As you wish."

Everyone looked at Ye Mo in shock. Dongfang Wang showed such power and Ye Mo dared to agree to fight. How bold was he? Was the news true? Did Ye Mo really kill those four primordial essence divine emperors?

Dongfang Wang said calmly "We both know Zhantai Yi. If we fight here, it would hurt her regardless of who won. Plus, we can't use our full power with the restrictions here. Why don't we go to the void?"

“Very well, as you wish again.” Ye Mo knew what Dongfang Wang was thinking. He guessed that he had good things too.

“Saint Yi Yi, wait here for me. I will be back soon.” Dongfang Wang walked out and smiled at Zhantai Yi.

Zhantai Yi smiled and said nothing.

Ye Mo just wanted to talk but he saw Zhen Bingyu smile “Ye Mo you go first. I will wait for you here. Just come back quickly.”

Ye Mo knew what Zhen Bingyu meant. She was slapping Dongfang Wang’s face. Dongfang Wang spoke to Zhantai Yi but she ignored him. Meanwhile, Zhen Bingyu spoke to Ye Mo first saying she would wait for him.

Dongfang Wang’s smile immediately dropped bleak. She didn’t know why Zhen Bingyu was confident that Ye Mo wouldn’t be killed by him.

Ye Mo wanted to take Zhen Bingyu away as he didn’t feel safe leaving her alone here.

Seeing this, Tang Congyin smiled “Pill divine Ye just go, sister Bingyu is so nice, she will be fine.”

She was telling Ye Mo that no one will touch Zhen Bingyu with her here.

Jiao Dan monk nodded to Ye Mo. He said nothing but his intentions were clear.

Chapter 2256 Show Off

Dongfang Wang studied Zhen Bingyu. He really wanted to know how she would look at him after he killed Ye Mo and came back.

Thinking about this, Dongfang Wang walked out of the guest palace and tore open the space before him.

Ye Mo wanted to kill Dongfang Wang more desperately. He saluted with his fists to Jiao Dan and Tang Congyin before leaving.

No one followed them. Everyone knew what the two were thinking. The two wanted what each other possessed. Everyone knew that regardless of who won, those who went to see would have no good fate.

Yi Yuanzhou saw Ye Mo and Dongfang Wang tear open space on the demon race land. His face was calm but his heart was furious.

He only saw Dongfang Wang's power today. He just realised that he was no match for Dongfang Wang at all. Since Dongfang Wang dared to tear open space here, clearly, he didn't take the demon race nor him seriously.

As for Ye Mo, he didn't feel that angry. Ye Mo was always cocky and tore open space in the dragon race. How could he give face to the demon race?

"Who are you to Ye Mo?" Zhantai Yi asked Zhen Bingyu.

Zhen Bingyu smiled "I'm his dao partner."

"You're lying..." Zhantai Yi knew Zhen Bingyu was still a virgin but she couldn't really say this as she was a virgin too.

Zhen Bingyu put away that calm smile "Whether or not I'm lying has nothing to do with you. I didn't ask you to believe me."

Fan Gao suddenly asked "Goddess Bingyu, that Dongfang Wang has World Mountain and powerful god arts. Aren't you worried about Ye Mo at all?"

"Why would I worry about him?" Zhen Bingyu asked.

Everyone knew Fan Gao wanted to scout for some information but Zhen Bingyu's counter question made him at a loss for words.

...

"Ye Mo, on Earth, just because you were a cultivator, you abused the Dongfang family like a dog. Today, I will let you understand what it feels like to be a dog." Dongfang Wang said hideously at Ye Mo. His seeping killing intent was going to tear open the surrounding void.

"You will soon find that even though you're primordial essence, you're still a dog." Ye Mo said calmly.

"Haha..." Dongfang Wang laughed, "I will let you know what peerless is. I, Dongfang Wang, am peerless. When I kill you, I will take your essence spirit to take away Zhen Bingyu..."

Then, Dongfang Wang smashed out the World Mountain. Demon and buddhist lights swept out millions of ripples forming a material realm domain.

If someone saw this, they would know that Dongfang Wang didn't even use his full power fighting Zhuge Tianhua.

"Demon buddhist..." Dongfang Wang yelled. This was his strongest god art, demon buddhist realm domain. Under such god art, even the most powerful primordial essence would soon fall under the demon buddhist light.

Ye Mo seemed to not see the World Mountain coming. He took a step in the void casually and waved his hand "Samsara..."

Dongfang Wang was shocked seeing Ye Mo ignore his demon buddhist god art. Before he could release a new god art, the endless flow of time and samsara wrapped around his space filling his heart and body.

At this moment, he saw how proud he was after reaching primordial essence and then he saw how joyful he was getting the World Mountain and Fusang tree.

Time flowed like water but water was heartless. Before he could wake up from his joy, he was swept by the joy of all the dao fruits he got in the chaos star realm. He saw his excitement of his dao vindication. He saw that goddess who gave him immortal crystals.

These instants flowed away like sand. They were unstoppable and left no traces behind. Luckily he had greater surprises waiting for him. He saw he got the abstruse yellow orb, he got the number one divine sutra of the demon race. He saw him fusing the demon and buddhist dao...

He suddenly saw other people's looks aging with time while time left less and less marks on him. Wait, other people's time was going forward but his was going backwards.

Fusang tree swept a green ray that removed the time marks. Dongfang Wang suddenly woke up. He found his World Mountain was pressed by a long purple sword. He was in Ye Mo's realm domain and he couldn't move at all.

"What god art was that?" Dongfang Wang asked numbly in his shock. He was completely subjugated by Ye Mo. He could only feel the flow of time.

"Ages..." Ye Mo said calmly. No matter how peerless Dongfang Wang was, it was meaningless to him. His dao had surpassed ordinary universe great daos. He vindicated his own chaos dao. Ever since he returned from the nether realm, his dao was becoming perfected.

"Ye Mo, I, Dongfang Wang, am peerless and yet I underestimated you, I hate this..." Dongfang Wang's eyes spewed with flames. He didn't feel he was weaker than Ye Mo. He was subjugated before he even attacked. If he didn't underestimate Ye Mo, this would never happen.

Who had powerful fortune like him? He got abstruse yellow orb, Fusang tree, the number one demon sutra, dao fruits...

With such powerful fortunes, he was actually captured by Ye Mo? How could he not go crazy?

Ye Mo suddenly waved out nine golden bone arrows and a golden bow. The arrows circled around Ye Mo but didn't shoot. That powerful lethal force already drained all the surrounding life force.

Looking at Dongfang Wang's dazed eyes, Ye Mo suddenly said "This is Golden Arrow of Divine Extermination. I have all nine arrows. If I want to kill you with these arrows, you won't survive more than 3 arrows."

Then, Ye Mo released a huge gourd and said "This is three treasure primordial essence gourd, Primordial Spirit Artefact. If I were to kill you with this, you won't last three seconds."

Then, Ye Mo waved out a blue flame, "This is divine flame Blue Like Morning Sky. The number one flame in the universe. If I were to burn you, you would already be dust."

Little blue looked at Dongfang Wang and said in contempt "This trash doesn't even deserve me to burn him."

Then Ye Mo waved out more, "this is Primordial Spirit Artefact melt space, Primordial Spirit Artefact chaos gourd, Primordial Spirit Artefact immortal palace landscape painting..."

Looking at the dumbfounded Dongfang Wang, Ye Mo waved out nine Great Primordial God Runes. These nine runes completely bound the World Mountain and freed Zi Xu.

When Zi Xu landed on Ye Mo's hand, Ye Mo waved "This is the number one magic artefact I use, Zi Xu. I only need one strike to kill you. By the way, I just used Great Primordial God Rune. That only takes a second to kill you."

Looking at all these things, Dongfang Wang was so shocked he couldn't speak. Ye Mo didn't use a single of his magic artefact and god arts to subjugate him. Just how big was the difference between them?

He thought he was peerless but now, he realised what true peerless was. Sweat trickled down his forehead. He was shocked there was someone as powerful as Ye Mo in the universe.

He finally realised why Ye Mo didn't even take him seriously. He hated this. Why was he still weaker than Ye Mo after getting all these treasures?

Ye Mo said coldly "I have all these things but I don't show off. You have a mere World Mountain and you dare to show off in front of me."

Dongfang Wang spat a big mouthful of blood. He really didn't expect Ye Mo meant it. Even though he was primordial essence, he was still abused like a dog by Ye Mo.

"Small ginseng, look, this is indeed a trash. He couldn't even take it after a few words and he spat blood? Primordial essence? More like primordial trash." Shadowless commented.

"When I just came out, I seemed to have heard him saying he was peerless. Is he talking about peerless in spitting blood?" Small ginseng nodded.

Dongfang Wang spat another mouthful of blood and sneered at Ye Mo "Ye Mo, you're this powerful but you still agreed to come fight with me. You call me a show off but taking all these things out, you're no better than me."

Ye Mo waved his hand and took back everything before saying "If I annihilated you at the demon race with the wave of a hand, do you think anyone would dare to act cocky at the Divine Dao Realm a hundred years later?"

Dongfang Wang immediately realised what Ye Mo meant. He opened his mouth for a long time before laughing "Ye Mo, I thought I was vicious enough. Today, I realise that I'm nothing compared to you."

Chapter 2257 Where Are You Finale

After repairing the Divine Dao Realm, Ye Mo planned to take his wives to travel the cosmos. So, he planned to weaken every race before he left. The attack on Divine Dao Realm a hundred years later would be this opportunity. If he exposed his power before the demon race, no one would dare to go to Divine Dao Realm.

Dongfang Wang laughed like crazy and his force suddenly rose. Almost in an instant, an explosion tore open the void. The realm domain binding Dongfang Wang was broken.

Ye Mo's god essence giant hand instantly grabbed at the void. While Dongfang Wang's essence spirit and storage ring was grabbed by Ye Mo, a yellow beam exploded and disappeared from the void.

Even Ye Mo couldn't stop this yellow beam in time.

"Haha, Ye Mo. Even if I don't run, you won't be able to get my abstruse yellow orb." Dongfang Wang's essence spirit laughed in Ye Mo's hand.

Ye Mo just realised that the light that dashed away was abstruse yellow orb. Ye Mo felt quite regretful. The abstruse yellow orb was a world creation treasure but Dongfang Wang gave it up. Dongfang Wang was quite powerful to be able to keep his essence spirit after self destruction. If he wasn't fast, Dongfang Wang wouldn't escaped.

Ye Mo couldn't be bothered talking. His hand crushed and Dongfang Wang's essence spirit turned to dust.

After killing Dongfang Wang, Ye Mo felt a lot more comfortable. The three brothers had been a thorn and today, he completely removed it.

Ye Mo didn't really care about losing the abstruse yellow orb. He already had enough good things. He was very happy he could kill Dongfang Wang.

Ye Mo took the World Mountain bound by Great Primordial God Rune. Ye Mo was very happy. At least the World Mountain didn't escape.

Ye Mo cut with his spirit sense blades and he opened the restriction of the storage ring. Ye Mo dazed when he scanned inside.

He was dazed not because Dongfang Wang's storage ring was a small world but there was a person constantly making formation flags and studying formation inside.

Ye Mo immediately took this old man out and asked in disbelief "Old Lu, how were you captured by Dongfang Wang and making formation flags for him?"

Lu Wuhu just realised that the person before him was Ye Mo. He couldn't react for a long time. After confirming it was Ye Mo, he said in surprise and joy "Brother Ye, it really is you. Where is Dongfang Wang that kid?"

"I killed him." Ye Mo was guessing why Lu Wuhu fell into Dongfang Wang's hands.

"You can kill Dongfang Wang?" Lu Wuhu looked at Ye Mo in extreme shock. Ye Mo seemed very ordinary. He had seen Dongfang Wang's power with his own eyes.

Then he thought of something "brother Ye, where is this?"

"The void outside the Divine Dao Realm. How were you captured by Dongfang Wang? What formation flags are you making?" Ye Mo asked. Lu Wuhu was only abstruse immortal. Why did Dongfang Wang keep him.

"You've vindicated dao already?" Lu Wuhu clearly was no ordinary abstruse immortal. He knew a lot from Dongfang Wang.

Then he sighed "It's all because of that world rock. Dongfang Wang found me through that. After Dongfang Wang knew that I was a forgery master, he gave me many forgery and formation jade slips for me to study. He then took me to a place saying there was chaos green lotus there but he couldn't go in too.

He had a formation that could get the chaos green lotus but that formation needed hundreds of millions of formation flags. I had to make formation flags for him. If it wasn't for you I don't know how many millennia I would need to do this for."

Ye Mo just realised. No wonder he couldn't find Lu Wuhu.

"How about I send you back to the immortal realm? I built a Mo Yue Immortal Sect there. I'm going to do some things, after I'm done I'll come to the Mo Yue Immortal Sect for you." Ye Mo said.

“You can send me to the immortal realm?” Lu Wuhu asked in surprise and joy. His cultivation level was too low, he felt extremely uncomfortable in the void.

Ye Mo tore open the void and sent Lu Wuhu in “You’ll know when you see it.”

...

After sending Lu Wuhu off, Ye Mo returned to the demon race. When he went in the guest palace, almost everyone got up in shock. Everyone saw Dongfang Wang’s power but Ye Mo came back safely.

Zhen Bingyu got up immediately. She looked confident but when Ye Mo truly returned, she relaxed.

“Pill divine Ye, where is Dongfang Wang?” Fan Gao asked immediately.

Ye Mo ignored the two and saluted with his fists to Jiao Dan and Tang Congyin “Two immortal friends, you’re welcome to be guests at the Divine Dao Realm. I’ll be going today.”

Hearing this, some people who knew Ye Mo all got up. Even Tang Congyin couldn’t resist asking “Pill divine Ye...”

Ye Mo knew what she wanted to ask and smiled “I didn’t see. Perhaps left due to some reason.”

Ye Mo spoke ambiguously.

Everyone looked at Ye Mo in disbelief. There was no way Dongfang Wang would leave.

Ye Mo didn’t care what they thought. He walked up to the green robed man and said “Your disciple has some conflict with me. I need to ask him a few questions.”

Zhantai Yi’s face changed seeing Ye Mo come back. She also got up saying “Ye Mo I have a few questions I want to ask you alone.”

Ye Mo grabbed Feng Kong without the green robed man's permission.

Then, Ye Mo tore open the space in the guest palace and left with Zhen Bingyu. Ye Mo didn't even look at Zhantai Yi once much less answer her question.

The green robed man's face was green. He got up and saluted with his fists to Yi Yuanzhou before leaving. He didn't tear open space here. As for whether he left to save his disciple or had no face to stay here, no one knew.

Zhantai Yi's face went green seeing Ye Mo couldn't be bothered talking to her. She looked at where Ye Mo tore open space for a long while before sitting down dejectedly.

...

In the void, Ye Mo threw Feng Kong on the side and asked coldly "Feng Kong, many years ago, a woman called Ruan Jun went to your grand emperor estate. Where is she now? tell me everything about her."

Seeing Ye Mo come back alone, Feng Kong long suspected that Dongfang Wang was killed by Ye Mo.

"I don't know where she went. I only knew she was an immortal emperor and was heavily injured and..."

Feng Kong didn't finish and was interrupted by Ye Mo "And you took advantage of her right?"

"I..." Feng Kong couldn't do anything in the wake of absolute power. That was the last word he said before being annihilated.

...

Mo Yue Immortal Sect main peak, Mo Yue peak.

Luo Ying, Mu Xiaoyun, Song Yangzhu, Ning Qingxue, Zhen Bingyu and Su Jingwen stood by Ye Mo's side. They knew that a hundred years later, Ye Mo would repair the Divine Dao Realm. The Divine Dao Realm might even have a big battle with many other races.

"Husband, don't worry, the Divine Dao Realm has many divine emperors too. We're not necessarily weaker than them." Ning Qingxue held Ye Mo's arm and said.

They had been with Ye Mo here for a long time but Ye Mo said nothing. Ning Qingxue thought he was worrying about a hundred years later.

Luo Ying said softly "He's not worried about that, he's just thinking of some people."

Ye Mo looked at them and smiled "I'm scared they won't come a hundred years later."

Ye Mo then sighed "I just suddenly thought of Ye Xing. I wonder if he's okay and Ting Ting..."

Ye Mo then looked into the distant void. There was someone he was most worried and most eager to see. It was the girl who was willing to jump off the building with him. The girl who gave him the chaos world. It was a girl who was scared of ghosts but wanted to go hunt ghosts.

But after reaching primordial essence, he still couldn't find any traces of Luo Xuan.

Luo Xuan, where are you?
