Chapter 311: News of Taiyi

Ye Mo seemed to ask casually: "Since you're an ancient martial artist, are you from the hidden sects?"

"Yea." Luo Xuan seemed not to notice Ye Mo's question.

"Then do you know about Tai Yi?" Ye Mo asked casually.

Luo Xuan nodded: "Of course. Tai Yi is one of the 3 big sects, how can I not know. Plus... mhm, wait, how do you know about Tai Yi? Who are you?"

Luo Xuan suddenly woke up and looked at Ye Mo full of vigilance.

Ye Mo was excited upon hearing that Luo Xuan knew about Tai Yi and he was able to get it out of her so easily. Although he could also find out from Zhang Zhihui. Now since Luo Xuan asked, he replied: "I'm from the hidden sects, of course I know about Tai Yi. Don't you know I'm cultivating ancient martial arts? I'm just asking if you're from the hidden sects."

"Where is your sect?" Luo Xuan wasn't relaxed because of Ye Mo's words at all and was more serious instead.

"Of course it's at Wuliang mountain. Why are you even asking this?" Ye Mo only knew about hidden sects in Wuliang mountain, nowhere else.

Luo Xuan suddenly pulled out the sword from her waist and looked vigilantly at Ye Mo and said: "You lied to me. You're not from the hidden sects and you don't know about the Tai Yi."

Ye Mo looked at her sword strangely and thought: they were talking nicely just then, and why did she suddenly become so aggressive? He didn't know where Luo Xuan saw through. He didn't say anything wrong. He even went to the hidden sect at Wuliang mountain. Why did this girl say he was lying?

Suddenly, Ye Mo was struck by a thought. He remembered what the Xiao Daoist said. The hidden sects were divided into inner and outer hidden sects and semi hidden sects. However, Xian Daoist said the inner hidden sects were just a legend and they never came into the world. Was this Luo Xuan from the inner hidden sects if that was the case, then Tai Yi was also an inner hidden sect. If his hypothesis was right, then he wouldn't be able to know about Tai Yi even from Zhang Zhijui.

"I don't know how you know about the hidden sects but I can tell you that no one in the hidden sects know about Tai Yi. We all have a rule in the hidden sects that if someone who isn't from the hidden sects knows about it, they must be killed. So, I will kill you." Then, Luo Xuan raised her sword and was even a little shaky.

Ye Mo reached out his hand. He knew about Luo Xuan's character. It was just a subconscious movement. He didn't feel any killing intent from her. He then said: "it's up to you if you want to kill me but since you want to repay debt with feud then I have nothing to say. But are you going to kill outer hidden sect people if they knew you are from the inner hidden sect?"

Luo Xuan's hands shook more, "You know about us inner hidden sect people indeed. How do you know? We never come into the world. Every 50 years, our people would come out once but we never cause any trouble. How did you know?"

"That elevator went up again." Ye Mo suddenly said something completely irrelevant.

Luo Xuan's hands shook again and her sword slunk. She didn't really want to kill Ye Mo. It was just a subconscious action.

"If you talk about any inner hidden sect things, you will be killed and you will also bring this upon your family. I don't know how you know about Tai Yi but you must not mention it again. Don't even mention inner hidden sects." Luo Xuan's tone was shaky.

Ye Mo looked at Luo Xuan with surprise, "If I mention it, then at most I die. What are you scared of?"

Luo Xuan shook her head helplessly, "If I know that you mentioned such things but I didn't kill you, then I will be killed by them. And this may even affect my sect."

"So domineering?" Ye Mo frowned. This was more dictator than Hitler.

"Can we not talk about this? And don't mention it in the future." Luo Xuan looked weakly at Ye Mo. She really couldn't do it, killing Ye Mo. And she must not let her martial sister know about this nor Yu Lin martial brother.

Ye Mo originally wanted to ask her how long she had been out and where the entrance to the hidden sect was, but he couldn't say it because he knew that Luo Xuan wouldn't tell.

It was probably better that he followed her when she went back. With his current power, it was easy for him even to follow an earth level master.

Thinking about this, Ye Mo could only say: "Okay, I won't ask you or say anything, you.... Never mind, I'll go to your side with you. On account of you not killing me."

.....

Going back to her house, Luo Xuan was in a low mood and went to sleep immediately. Ye Mo took out the only supplementary ingredients he had left and made a cauldron of lotus life seed and some more face preserving pill. After reaching stage four, his success rate increased greatly.

After the pills were ready, Ye Mo packed and saw it was still 3:00am in the morning. He was prepared to go upstairs and see what the thing that made the elevator move was. He went up the elevator and scanned again but still didn't find anything.

"Why don't you sleep." As soon as Ye Mo walked to the balcony, Luo Xuan came out and asked.

Ye Mo studied Luo Xuan. She wore her clothes neatly. He asked strangely: "Are you not going to sleep as well? Where are you going tonight?"

"I slept for a while and was worried so I got up." Luo Xuan hesitated and said.

"I already said I won't say anything, what else are you still worried about. But, I might leave tomorrow. I can't stay here anymore. When are you preparing to leave?"

Ye Mo was going to get revenge with Earth Fiend first. They dared to mess with him. He wouldn't let them go like this.

"It's not that, never mind... it's not related to you." Luo Xuan said despondently.

Ye Mo didn't want to care about this girl's business and took out a chi increasing pill and gave it to Luo Xuan and said: "Eat this pill. I can guarantee that your power will increase by one stage. My pills are very precious. This one is worth 8 of your qi recovery pills. I only used eight of your pills.

Luo Xuan took the pill and smiled, "Okay, since you say it's worth it then it is. It was my fault before. Anyway, I won't eat it now. I'll eat it when I get back."

Ye Mo shook his head and said: "No, you must eat it now. First it's too precious; Secondly I'm a pill maker, and if something is wrong after you eat it, I can help."

Luo Xuan frowned and looked at the faint red pill and hesitated, "You're not trying to do something to me are you?"

Ye Mo said speechlessly: "Okay, since you think I'm harming you and you don't want me to pay you back for your pills, then give the pill back to me. I'm going."

"Don't be so stingy. I'll eat it." Seeing Ye Mo reach his hand over, Luo Xuan dumped the pill into her mouth. She originally wanted to taste what it tasted like but it melted immediately.

A burning sensation went across her meridians making her feel shaky. She looked at Ye Mo uncertainly. Was he trying to harm me? Although she knew that Ye Mo had a lot of flaws but her perceptions of people were accurate. She never saw any ill will from Ye Mo's eyes. What was this?

"Hurry up and sit down and make this power yours. This is your only chance." Ye Mo's voice sounded just in time.

In the desperation of the moment, Luo Xuan did what Ye Mo told her and she suddenly felt that hot power turned into inner qi while opening up her meridians.

Was this pill really that precious? Luo Xuan didn't dare to keep thinking and focused all her attention on controlling this power.

Although 4 of chi increasing pills were needed to make Ye Mo reach level 4, one was enough for a yellow level girl like Luo Xuan.

Luo Xuan just felt her power surged up rapidly. Soon she reached from yellow level middle stage to yellow level tertiary stage but the power of the pill was still potent. If she didn't continue digesting this power, she felt that she was going to burn.

After reaching Yellow level tertiary stage, her power surged again reaching the peak of latter stage, black level primary stage, black level primary stage peak before finally calming down and finished being digested by Luo Xuan.

It was just one pill but it could make Luo Xuan reach black level primary stage peak. Luo Xuan didn't even dare to believe it but neither did Ye mo expect it to be so useful.

Although the potency of the pill was strong, it was also related to Luo Xuan's talent.

Luo Xuan resisted the excitement in her heart and started to focus her mind and stabilize her power. When the day was just bright, she finally opened her eyes and checked her power. It had fully stabilized at black level primary stage peak. She was just one step away from middle stage.

"You really are a pill master? How can you make such a precious pill? Such pills don't exist even at our place." Luo Xuan stood up in shock.

Chapter 312: You need to be responsible

Ye Mo smiled, "I think you should go take a shower first."

Luo Xuan exclaimed and just realized that her body was covered in dirt and grime. She quickly rushed into her room. An hour later, Luo Xuan walked out in white robes with more intense spiritual beauty. She looked fresher and out of this world. She even felt more mature than before. If an ordinary person stood next to Luo Xuan, she would feel embarrassed.

Ye Mo was no normal person of course. He looked at Luo Xuan with spiritual and ethereal temperament and said: "Your cultivation method is not bad. You actually have some immortal essence to you. It's much better than normal cultivation methods."

At this moment, Luo Xuan knew that Ye Mo was not an ordinary person at all. She walked in front of Ye Mo and bowed: 'Mo brother, thank you. I know that you're no ordinary person. Please forgive my insolence. My cultivation method is a top one indeed but due to sect laws, I can't tell you. Sorry, I misunderstood you before. Please forgive me."

If someone told Luo Xuan now that someone like Ye Mo would find hookers on the streets, she would be the first to not believe it.

Ye Mo smiled: "Don't worry about the misunderstandings. To you, it doesn't even matter what sort of person I am. Although your cultivation method is not bad, it's nothing in my eyes. At most, you have this temperament of immortality to you when you are at the later stages of cultivation but that's about it. One you can't get long life, second, you can't ascend into a higher realm. Such cultivation method, you think I would be interested?"

"Mo brother?" Luo Xuan looked at Mo Ying in surprise. Although she knew Mo Ying was a master, Luo Xuan was still shocked by his words. Her cultivation method was very precious even in the entire small dimension. So many people dreamed of getting it.

Ye Mo laughed with pride, "There's no point in talking about these to you. If you are willing to tell me where you guys are or tell me how to get in, I will also give you a face preserving pill and lotus life seed. Do you know what face preserving pill is? If you eat it, your face will never age. Lotus life pill can recover any injuries. How about it? This deal is quite a good trade."

Luo Xuan's face changed and immediately shook her head: "I don't want your pills. You must not try to get into the small world. Even if you have greater heaven state power, you will still be killed...."

Suddenly, Luo Xuan picked up her phone and said worriedly: "My martial sister is calling for me. I'm going. Remember, broken seven stars, heaven control position. Don't go there." Then, Luo Xuan ran out of the house with her bag like a thief.

Ye Mo laughed to himself. This Luo Xuan was really interesting, telling him in such way. She told him in the end. Broken seven stars, heaven control position. Was that the entrance to the small world? If that was the case, then he really wouldn't be able to find it if no one told him unless his spirit sense could cover an entire country or the planet.

But spirit sense covering planet, even in the cultivation realm, few people could do this much less him.

Ye Mo was planning to give these two pills to Luo Xuan but since she already left, then never mind. He had decided to annihilate the thing upstairs and then leave Chun An tomorrow.

Ye Mo stood at the side of the elevator and pressed the button. The elevator came up from level one slowly but before it reached level 8, Luo Xuan ran back quickly.

"You're not thinking of going upstairs are you?" Luo Xuan looked at Ye Mo who stood at the door of the elevator and asked in surprise.

Ye Mo nodded, "I'm going upstairs. Didn't you martial sister call for you? Why did you come back?"

At this moment, the elevator stopped at level 8, Luo Xuan quickly grabbed Ye Mo's arms and said: "That thing is really strong. Even I can't see it. You shouldn't go up. My martial sister called me to meet up with her at night. Can you go with me to that qian bei's place in the day?"

"Okay, but I'm leaving tomorrow. Are you not scared to live here by yourself?" Ye Mo asked.

Luo Xuan shook her head, "I might leave tonight. My martial sister called me meaning something must've happened."

"In that case, I'll just give you these two pills. Although your qi recovery pill isn't worth much but without it, I can't make these pills so I'm really grateful to you." Ye Mo was telling the truth. He not only thanked for the pills but thanked more for Luo Xuan risking her life to tell him the entrance to the hidden sects. If she was caught out, she would be dead.

"These are too precious. I can't take them." Although Luo Xuan really wanted that face preserving pill, she didn't dare to carry something so precious on her.

Ye Mo still stuffed the two pills to her. He could see the aspiration in Luo Xuan's eyes. As for magic artefact, Ye Mo didn't give any to her. This was because Ye Mo believed that 3 pills were enough to pay Luo Xuan back.

"Luo Xuan, you're not going to make him go with you right?" Ye Mo and Luo Xuan just walked out of the door and was stopped by a girl. Ye Mo knew this girl. It was the girl who came to get Luo Xuan last time when he drank soy milk.

'Yea, thank you Zi Yun. This makes your mission a lot easier." Luo Xuan said.

Zi Yun looked strangely at Ye Mo and then whispered by Luo Xuan's ear: "Luo Xuan I feel like you changed a lot today and you're a lot prettier. There's also a sense I can't describe about you. Don't tell me you went in bed with him? Is he your boyfriend? But I don't feel he's very reliable."

Luo Xuan's face was fully red and slapped Zi Yun's hand and said: "Zi Yun what are you on about? we're just neighbours. It's not as dirty as you think."

"Are you sure he wasn't with you last night?" Zi Yun said suspiciously.

Luo Xuan opened her mouth but couldn't say anything. Ye Mo was indeed living at her apartment last night?

Seeing Luo Xuan's expression, Zi Yun had the expression of "I knew so". But she didn't continue talking to Luo Xuan and instead walked in front of Ye Mo and said: "I know you're not very reliable. I don't know

what luck you got to make Luo Xuan follow you but Luo Xuan is a really good girl. She's very innocent. Since you did it, you need to be responsible."

Luo Xuan quickly pulled Zi Yun to the side, "Stop saying that. We're going. Zi Yun, good bye."

In her two years at Chun An uni, Zi Yun was the closest friend she had. Tonight, she might be leaving with her martial sister and this made her feel guilty to Zi Yun.

"Wait for a bit." Zi Yun grabbed Luo Xuan and said: "Your big sister has good eyes. You can ask her. When I went close to him, he smelt really nice, very refreshing. He probably isn't someone who sleeps around. I wish you happiness, Luo Xuan."

Although Ye Mo didn't want to hear these things but his hearing was so strong that he couldn't avoid it. He just smiled faintly and didn't put it to heart.

"Mo brother, let's go. Zi Yun was talking rubbish. Don't worry about it." Luo Xuan quickly pulled Ye Mo onto a taxi and left.

....

An Chun Huo family, although it wasn't a big family in China, it was very famous in Chun An. This was because all the people in the Huo family had long life. Now, the Huo Quou of the Huo family was 100 years old and it's said that his body was still very healthy. Another point was that the Huo family had this Huo chemical industries company which was said to be in the top 500 in the world.

So, although the Huo family didn't have anyone special political wise, it was still the ruling family in Chun An.

When Ye Mo saw Huo Quou, he almost couldn't believe that Huo Quou was 100 years old. Because he only looked like he was in his 60's. According to this, this Huo Quou could live for at least 20 years.

And, he was a black level peak stage master. Ye Mo really didn't expect him to be an ancient martial arts cultivator. He didn't know how Luo Xuan knew about Huo Quou but he thought about the Zhang Zhihui of the Zhang family and sighed. The masters were all hidden among the civilians.

If he didn't see it with his own eyes, he definitely wouldn't believe in that a normal city like Chun An, there would be such a master.

"Grandpa Huo, I originally wanted to wait for your birthday to come with master Zhu, but I'm going to leave Chun An in these few days so I come here to greet you. This painting is for your grandpa Huo. I wish that you live a long life." Luo Xuan then took out an ancient painting and gave it to Huo Quou.

Ye Mo praised. He didn't expect Luo Xuan to have such an obedient and sweet side. He never saw it in her. But from her tone, Ye Mo could tell that she knew about Huo Quou through a teacher named Zhu.

Of course, Huo Quou laughed and took the painting: "Not bad, not bad, such an intelligent and pretty girl and you're still so kind. Old Zhu said you wanted to see my collection. That's fine. Come, I'll take you to the library. After you see the books, then we can have a chat.... Hmm, who is this?"

Huo Quou said and looked at Ye Mo. Luo Xuan quickly explained with a blushing face: "Oh, grandpa Huo, this is Mo Ying, my boyfriend. He came with me."

"Your boyfriend, sigh, Huo Que this boy doesn't have good fortune." Huo Quou casually scanned Ye Mo and a sliver of astuteness flashed across his eyes.

Originally, Ye Mo was planning to give a gift but upon seeing this glance, he immediately gave up the thought. This old thing actually had some killing intent in his eyes the first time he saw him.

Chapter 313: Identity Exposed

Ye Mo sneered. He finally understood why Luo Xuan wanted him to come and even said that he was her boyfriend. It was not just Huo Que that had intentions for her, even Huo Quou this old fart wanted her. Otherwise, why did he have such killing intent when Luo Xuan introduced him.

Seeing that Ye Mo just smiled plainly and didn't show any customs, Luo Xuan quickly pulled Ye Mo behind and said: "Grandpa Huo, Mo Ying doesn't really like to talk. Please don't mind him."

"Haha, it's fine. Young people, it's natural to be a bit shy. Come, I'll take you to the library." Huo Quou brought the two to the library and said: "look for a while first, then we can eat lunch later."

Ye Mo's spirit sense followed Huo Quou and found that after he left the library, his face sunk into bleakness and ordered: "Notify Que to come back immediately, and...."

Although Ye Mo didn't hear the words afterwards, he knew that this old guy wasn't as good to talk to as he seemed.

"What are you looking at? I hope you don't mind me saying that you are my boyfriend. You don't know how annoying that Huo Que is. And, his grandpa always likes to pull me together with him. If possible, I really don't want to come." Luo Xuan said apologetically. Her face was a bit blushed.

Ye Mo smiled, "Of course I wouldn't mind. You need to be faster at finding your book. That Huo Que would be coming soon. How long do you think you will need?"

"This quick? I heard Zi Yun say that Huo Que was going out today. He shouldn't be back so quick. I think it's going to take me a day. Do you see how many books are here?" Luo Xuan said helplessly. The books here were kept rather well. But because they had been there for so long, they had some ancient smells.

"You need that long?" Ye Mo frowned. After a while, he said: "what are you looking for? I'll help you look for it."

Luo Xuan didn't hide anything and immediately replied: "My master wants me to find a copy of NI Luo Sutra. I've been searching for it in the uni library for a year or so but I still hadn't found it."

"You don't need to look for it. I will help you." Then, Ye Mo scanned his spirit sense on these books.

Luo Xuan looked at Ye Mo in surprise and asked: "There are so many books here. How are you going to find it? How about we look for it together?"

Ye Mo waved his hand, "Don't move. I'm calculating where this book would be."

Luo Xuan looked at Ye Mo with even more uncertainty. Was he a prophet or something? Even a prophet wouldn't be able to predict where the Ni Luo Sutra would be in this place.

This Mo Ying was too magical. Not only a pill master and Mao Mountain disciple, was he also a prophet?

Although she was dubious about Ye Mo's words, Luo Xuan still didn't interrupt Ye Mo. She chose to believe Ye Mo. She felt the more she knew about Mo Ying, the more confused she was about him. The first time they met, she thought she saw through him but now, it was getting more and more unclear.

Ye Mo's spirit sense quickly scanned through the books here but didn't find anything. Was the Ni Luo Sutra not here? He scanned it carefully a second time but soon found something wasn't right.

In a Dao De Sutra, there were two pages in the middle that was blank and one page had the hidden words Ni Luo. The other page was empty and had nothing. This book was strange. If he didn't have spirit sense, he wouldn't even be able to see it.

Ye Mo walked over to that Dao De Sutra and took it.

Seeing Ye Mo do that, Luo Xuan asked strangely: "Mo brother, this is a Dao De Sutra. I'm trying to find Ni Luo Sutra.

Ye Mo smiled faintly and said: "Don't worry." Then, he flipped to the two blank pages. However, due to it was an ancient book, the pages were rather yellow.

"There's nothing here. Usually, these ancient books have some blank pages. These pages are for readers to write comments and notes." Luo Xuan said.

Ye Mo flipped it to that single page and said: "Look carefully."

"Ni Luo?" Luo Xuan almost yelled out but soon, she took the book from Ye Mo's hands excitedly. She said joyfully: "It really is Ni Luo. This must be the Ni Luo sutra. Hmm, this is the latter half. There should be a former half."

Luo Xuan quickly saw the two letters Luo Nie.

Ye Mo scanned his spirit sense again but said: "The former half isn't here, I didn't see it."

"See it? Aren't you calculating it? Mo brother, you really are capable. You can even calculate this." Luo Xuan's eyes were full of admiration. She didn't have much hope at the very beginning and her sect just gave her this mission to test her luck. But, she actually found it.

"Thank you, Ye brother....." Luo Xuan held on the book tightly.

But Ye Mo wasn't so optimistic like Luo Xuan. He said: "Luo Xuan, I suspect that Huo Quou wouldn't let you take the book out so easily. Even if you ask him for it, what if he disagrees? Plus, if he noticed what was wrong with this book, he wouldn't let you take it away no matter what."

Hearing Ye Mo's words, Luo Xuan frowned. Obviously, she also realized this problem.

"Don't worry, I have a way to take it out for you, hmm...." Ye Mo suddenly stopped talking and looked at the book contemplating again.

"What's wrong?" Luo Xuan asked immediately."

"Give me the book again." Ye Mo took it from Luo Xuan and pulled the second blank page. With a little force, it fell. It was only put inside but not a part of the book itself.

Ye Mo looked at the page for a while and ripped it again. This time, it wasn't ripped apart.

"Huh...." Luo Xuan also saw Ye Mo's actions. He didn't even rip apart a piece of paper. She was stunned as well.

Ye Mo held this paper in the middle of his palm and used hi chi fire. This paper was immediately burnt to ash. A golden paper with similar size to the pagew appeared in Ye Mo's hands.

"What is this?" Luo Xuan asked in amazement. Although she didn't know what this was, she knew that this extremely thing golden paper was very valuable.

Ye Mo was very shocked. This golden paper was too scary because as soon as he scanned his spirit sense in, it immediately disappeared as though sand into sea. This was definitely something significant.

Ye Mo knew how to make magic artefact and had seen some spirit artefact as well. He even saw his master's magic artefact but this gold paper gave him a feel that he couldn't see through. This thing must be more valuable than all spirit artefact. Ye Mo even thought this was a spirit relic. But this was too astonishing.

Spirit relic was in the legends even in cultivation realm. How could it appear on the earth? Plus, he never heard of cultivators on the earth.

"This thing is very precious, precious to a degree that I can't fathom." Ye Mo fell silent for a while before answering.

Luo Xuan also understood and looked hesitantly at Ye Mo saying: "Is this thing very important to you?"

Ye Mo nodded, "Yes, very." He really wanted this golden paper but he knew that since Luo Xuan wanted this book, it meant that this was the thing their sect was also looking for.

Luo Xuan bit her lips and after a while she said: "Since it's useful to you, then take it. I don't know anything. I'll take back this book. If I take back other things, my sect won't be able to know what they are anyways and would perhaps just leave them there."

Ye Mo looked at Luo Xuan in astonishment. She actually gave this golden paper to him.

Seeing Ye Mo's reaction, Luo Xuan suddenly breathed easy: "To be honest, without your help, I wouldn't be able to find this as well. Perhaps my sect just wants to see this book and your paper just happened to be put inside. You found it so of course it belongs to you. Don't worry. I won't tell anyone. And, this thing isn't really useful to me anyways."

Suddenly, Ye Mo's face changed and the golden leaf and paper disappeared. He looked strangely at Luo Xuan and said: "Luo Xuan let's go, Huo Que is back."

"Okay, we found the thing anyway." As soon as Luo Xuan and Ye Mo walked out of the library, Huo Que's voice sounded, "Xuan Xuan, you didn't even tell me that you were coming here. I'm back."

Luo Xuan frowned but didn't say anything.

Huo Quou with the company of a middle aged man came over. He saw Luo Xuan walk out of the library and was a little bemused. He said: "Luo Xuan, aren't you going to look at the books?"

Luo Xuan smiled and said: "Grandpa Huo, my sister just called me saying that she needs me. I want to go over and see first and come back in a few days."

"Huh..... Xuan Xuan, why are you leaving already? Don't be in such a hurry. I'll help you find your sister later. let's eat lunch first." Huo Que said desperately. Ye Mo was automatically ignored by him.

"No need, I'm going. Good bye grandpa Huo. Let's go, Mo Ying." Then, Luo Xuan grabbed Ye Mo's hand and before Huo Quou could reply, they just walked out.

Huo Quou looked carefully on Ye Mo and didn't find him carrying any books with him. Then, he looked bleakly at Luo Xuan. Just when he wanted to say something, he was pulled by the man next to him.

When he reacted, Luo Xuan and Ye Mo had been long gone. Huo Quou signaled Huo Que with his eyes and Huo Que immediately followed, rambling something behind Luo Xuan.

"Martial brother Liang, why did you pull me?" Huo Quou looked at the man and asked.

The middle aged man said with a bleak face: "Martial brother, do you know who that man was? He is Ye Mo, the one who took the blood coral."

"Then what are we waiting for? Hurry up and stop them." Huo Quou said desperately.

Chapter 314: Is Great Heaven Very Strong?

This martial brother Liang sneered: "Huo brother, you underestimate him too much. Do you know He Liu sect? it's said that the seven people they sent all died in his hands, including the Gong Zizai. Why do you think we can stop him?"

"He's this strong." Huo Quming gasped some cold air and felt scared. If he attacked Ye Mo just then, perhaps his Huo family would be gone now.

Martial brother Liang sneered bleakly and said: "Martial brother don't worry. We're not a match for him indeed but I've contacted the He Liu sect people and some other people. Do you think he can get away? He Liu sect was very shocked after their 7 masters died and they sent out large amounts of masters this time. To them, the blood coral is second priority. Getting revenge by killing Ye Mo is their top priority."

Huo Quou nodded: "Okay, Liang brother. you go contact the Dao friends from He Liu sect and I'll go investigate where he's living at. But we need to let that little girl live, Que is very attracted to her. By the way martial brother, do you know that girl's background? I asked old Zhu. He said a friend introduced her."

Martial brother Liang shook his head and said: "This girl cultivated ancient martial arts for sure but I can't tell which sect she came from. She probably is a small sect disciple, otherwise, she can't be with someone like Ye Mo."

....

"Xuan Xuan, wait for me. I finally came back." Huo Que kept rambling behind Ye Mo and Luo Xuan. He really did have a difficult journey coming back. He was prepared to make things happen tonight and prepared tranquilizer pills to tranquilize Luo Xuan when they ate. Then, he would do his business so Luo Xuan would be his woman.

What he didn't expect was that Luo Xuan actually left and didn't even drink tea. What he didn't expect more was that his grandpa didn't stop Luo Xuan and let him stop her. But Luo Xuan didn't even look at him and quickly disappeared with that man.

....

"Mo Ying, you looked not right. Did something happen?" After they walked out a long distance, Luo Xuan asked.

Ye Mo nodded, "That man who entered the house as well probably recognized me. If I'm not wrong, he'll be inviting people to kill me tonight."

Ye Mo observed very clearly. Just when he walked out from Huo Quou's house, he saw that man's face twitch and his body even shake a little. From this, Ye Mo was certain that he was recognized.

"An ordinary person dares to attack you? Don't worry. If he invites too many people I will help you. I'm a black level master now. I can take on tens of him." Luo Xuan immediately comforted. She felt her power sky rocket and so did her confidence.

Ye Mo looked strangely at Luo Xuan and intentionally hesitated for a moment before saying: "Are you sure you can take him on?"

Luo Xuan immediately said: "I think your brain isn't working well from concocting too much pills. Although concocting pills and foreseeing is good but your power is what matters the most. You're lucky you met me. If you met someone else, you wouldn't be free just because of that powerful pills you had. Perhaps you would be kept in custody to make pills. But to be honest, you're really good. You found the book such quickly amongst all those books. I really admire you.

Ye Mo smiled, "That old man Huo is black level peak stage and that man who came with him is earth level primary stage. If they ask for help, it would all be earth levels. You sure you can take on them?"

"Huh...." Luo Xuan looked at Ye Mo in disbelief and hesitated for a while before saying: "You can see what power level they are?"

"Of course. You're a black level primary stage girl. It's not that I don't believe you. What if you happen not to beat them, I will suffer due to you." Ye Mo said casually.

Luo Xuan's face was bulging red and looked at the calm Ye Mo and suddenly stomped Ye Mo's feet, "Were you playing with me intentionally just then. You already knew they are earth level masters, then why are you staying here? Hurry up and run."

Her face was red, half due to Ye Mo knowing that she was bluffing and half that she was really worried. If these people were really as strong as Ye mo said, then, even her martial sister would be no match for these people.

Seeing Luo Xuan stomp his feet, Ye Mo didn't mind and couldn't even be bothered to dodge. He said plainly: "Because I'm not afraid of them at all. If I was, I wouldn't be coming with you today."

Luo Xuan stared at Ye Mo for a moment before saying: "I feel like you changed a lot today. Last time, you said you needed a few days before you would come with me to the Huo family. Was it because you hadn't broken through yet? Then, you used my qi recovery pills to make those pills and you broke through. Then you would come with me today. The pill I ate in the morning was also the same batch?"

Ye Mo nodded: "Indeed, the reason I came with you was because I broke through. I gave you 3 pills and came with you to repay you for the 8 qi recovery pills." He secretly commended Luo Xuan for remembering exactly what he said a few days ago.

"So that's it." Luo Xuan breathed easy but suddenly, she froze and looked at Ye Mo in shock: "Don't tell me you were telling the truth when you said you were great heaven state? Are you really a great heaven state master?"

"Are great heaven masters very strong?" Ye Mo asked speechlessly.

"Of course, in the small..... no, in my place, the great heaven masters are very rare. Even our sect only has one great heaven master. You tell me if they are strong?" Luo Xuan said very seriously.

Ye Mo really wanted to ask what sect she was in but he didn't eventually. He could only say: "I'm not great heaven but I'm not too sure exactly what state I'm in, but...."

Ye Mo wanted to say that he could probably kill great heaven state but he didn't. after all, he hadn't seen one before. He knew the difference between black level and earth level. If the difference between great heaven and earth was greater, then he really wouldn't be sure.

"Can great heaven masters fly?" Ye Mo thought for a long time and couldn't find a way to compare so he could only ask this.

Luo Xuan looked strangely at Ye Mo. After a long time, she said speechlessly: "Are you really an ancient martial arts cultivator? I really suspect that. If you can fly, then wouldn't you be an immortal? I've never heard of someone who could cultivate to an extent that they can fly. Now, I don't even know what you're saying is true or false."

Luo Xuan really didn't know. If Ye Mo liked to lie to people, the pills he gave were real. And, he could find the Luo Ni sutra. This meant that Ye Mo was no ordinary person. But sometimes, his words didn't sound so reliable.

Ye Mo however, nodded: "If they can't fly then they should be no match for me. If I want to kill them, it shouldn't be too hard."

Luo Xuan rolled her eyes at Ye Mo, "You speak as if you can fly. I won't talk smack with you now. We should go to the school quickly and find the former half of the Ni Luo Sutra. Then I'll take you to my martial sister. Those people shouldn't be able to find us there."

Ye Mo was speechless. He thought to himself: I really could fly though, but he didn't need to tell Luo Xuan that. After all, she and him were not people of the same world. The small world she was in should have some spirit grass. After he was done with the things outside, he would go to the small world and get revenge from Tai Yi while getting some spirit things.

The two got off the taxi at Chun An uni. Luo Xuan suddenly stopped and thought of a key question. Ye Mo saw Luo Xuan's strange eyes and asked: "Why are you looking at me?"

"Not right, you said they recognized you. Is your name fake too? And, why were those people hunting after you?" Luo Xuan was very meticulous and because of Ye Mo's interruption, she forgot to ask some questions but now she remembered.

Ye Mo said plainly: "It's fine if you know. My original name is Ye Mo. Because I got a blood coral, these people want to catch me and rob the blood coral away."

"You really have blood coral on you?" Luo Xuan heard from her martial sister a few days ago about the blood coral. She was really shocked when Ye Mo mentioned it.

But she immediately understood what pill Ye Mo gave to her. It was a pill made from the blood coral. Ye Mo could actually make the blood coral into pills. This meant that he really didn't lie when he said he was a pill master.

Ye Mo saw Luo Xuan's expression and knew she guessed it out. He nodded: "You guess right. The pill I gave to you was made from the blood coral."

"It was such a precious pill, no wonder I could keep ascending." Luo Xuan exclaimed and said again: "Ye brother, thank you. You actually gave me such precious pills."

Ye Mo smiled, "Theoretically, without your qi recovery pill, I wouldn't be able to make the chi increasing pill so you don't need to be thankful. Originally, I lost out a little but now, I earn big. I should be thanking you."

Luo Xuan knew Ye Mo was talking about that golden paper. She smiled and didn't feel at all that Ye Mo earned big.

Chapter 315: Encounter with old friend

Although Chun An Uni wasn't the most famous uni in china, it had a long history. There were all sorts of genius and handsome guys and girls there.

Luo Xuan was undoubtedly an angel beauty in the uni however, because of this, she always stayed at the library and rarely went to class much less school activities. So although she was the dream lover of many guys, she would never talk to anyone.

It was hard even for girls to talk to Luo Xuan much less guys. Zi Yun was an exception but it was just her. Although many people wanted to know Luo Xuan through Zi Yun, the results were disappointing.

Although there were many people who continued to search for Luo Xuan everyday and wanted to meet her with their persistence, no one had really seen her go out with anyone. What made everyone disappointed was that not only did she ignore these people who went for her but she even moved out of the school. No one even knew where she lived now.

But today, Luo Xuan actually walked into the uni while laughing with a man. This made all the guys drop their jaws on the ground. Although the guy looked not bad, he wasn't handsome to a heavenly shocking degree. How did he take down the angel of Chun An?

Ye Mo felt strange that so many people looked at him when he walked into the uni. The eyes didn't seem very friendly.

Luo Xuan smiled. She knew what was going on but she didn't need to explain such things to Ye Mo. Although Ye Mo seemed the same age as these students, in her view, his inner character and knowledge were far superior.

She felt she couldn't see through Ye Mo at all. She believed she was quite beautiful, at least she didn't see anyone prettier than her but being with Ye Mo, she didn't feel like she was pretty at all. This was because Ye Mo never looked at her with those admiring eyes nor did he say any flirty words. His eyes were always clean and without any other thoughts.

Just when Ye Mo wanted to ask where the library was, there was a fit a rambling at the school entrance.

"There are people fighting." A few students yelled and everyone rushed over. To these extremely bored students, such events were rather interesting.

Ye Mo didn't want to go but Luo Xuan said: "The one fighting is a martial arts cultivator."

A martial arts cultivator would be fighting at school entrance? Ye Mo also looked over. He knew both the fighters. He didn't expect to meet Xu Ping here. Ye Mo didn't even think and walked towards the school entrance. Luo Xuan also followed Ye Mo.

Wu Zhenjun was smacked to the ground unable to get up. His two followers were also on the ground. The man hitting didn't stop and kept kicking with his leg. Young master Wu cursed. What bad luck he had been having, always getting beaten up.

Ye Mo walked over and stopped the big man, "Xu brother, I thought I would only be able to see you a year later. I didn't expect to see you here. Life is really full of wonders."

Ye Mo really didn't expect to see Xu Ping here. This made him very happy. If it wasn't Xu Ping's star jade, his flying sword wouldn't reach its current quality. And, Xu Ping was a very good person, due to his strength last time, Ye Mo didn't tell him the truth and felt guilty. Now that he met Xu Ping, he immediately wanted to catch up with him.

The man stopped kicking and saw it was Ye Mo. He immediately exclaimed in joy: "Mo brother, it really is you. I was searching for your news last time and I heard you were forced down the cliff by those sons of bitches. I really didn't expect to meet you here. This is great!"

"Brother it really is you. Save me. Your friend is so unreasonable..... I was the one who invited you to go chat up girls last time, Wu Zhenjun." Young master Wu saw it was Ye Mo and immediately begged for help in excitement.

Xu Ping looked strangely at Ye Mo and asked: "Mo brother, you know this guy?" In his mind, Ye Mo would never know a young master like Xu Ping.

Ye Mo nodded helplessly: "Yea, Xu brother please let him go on account of me."

Xu Ping didn't ask Ye Mo why and just yelled at Wu Zhenjun: "Piss off. Next time I see you acting cocky again, I'll beat you each time." Xu Ping could also tell that Ye Mo wasn't that close to this Wu Zhenjun.

Xu Ping didn't hit very hard. After all, Wu Zhenjun was an ordinary person. Hearing Xu Ping's words, Wu Zhenjun immediately crawled up and rubbed his shoulders while walking in front of Ye Mo: "Friend, thanks, you are really amazing. You actually...." Speaking to this, Wu Zhenjun looked fearfully at Luo Xuan next to Ye Mo. In his view, Ye Mo was really capable to get in with this girl.

Ye Mo thought, this young master Wu was really a meme. The first person he noticed was actually Luo Xuan. However, he didn't have the intentions of talking too much with this young master. Just when he was about to invite Xu Ping to sit for a while, a police car drove over and stopped by them.

3 people came down. Other than the two Ye Mo saw last time, there was also a middle aged policeman.

"What's wrong?" that middle aged policeman looked amicably at Wu Zhenjun and then looked seriously at Xu Ping and Ye Mo.

That policewoman Zhang Feng looked more seriously at Ye Mo. Ye Mo gave her too much bad impression. But soon, she saw Luo Xuan and was shocked. Although she didn't ask about the situation, she could tell from the scene that this young master Wu must be harassing pretty girls again and Ye Mo helped this young master Wu. Then, this bulky man acted heroically. They couldn't beat this bulky man so they called the police.

Seeing this middle aged police ask Xu Ping in a criticizing manner, Wu Zhenjun quickly walked up and said: "Captain Wang, let this go. It was a misunderstanding."

Wu Zhenjun's words not only shocked that captain but also Ye Mo. This Wu Zhenjun was willing to let Xu Ping go. This was unexpected. In his eyes, these young masters were usually extremely cocky. They wouldn't let people go like that so easily even though Xu Ping didn't beat him that hard.

The captain looked curiously at Ye Mo and them. But since the victim said never mind, he wouldn't do anything extra.

Ye Mo looked at Wu Zhenjun and smiled: "Not bad, you didn't betray me helping you twice." Although this Wu Zhenjun was a bit of a young master, he wasn't bad. At least he still had some loyalty. The reason he said never mind wasn't because he knew that Ye Mo wasn't afraid of the police but because Ye Mo helped him twice and this Xu Ping was Ye Mo's friend.

Ye Mo then looked at Xu Ping, "Xu brother, let's find a place to talk."

"Okay." Xu Ping and Ye Mo and Luo Xuan left but Wu Zhenjun still yelled at the back: "Brother, I'll invite you to food next time. I'm called Wu Zhenjun."

This was the third time he told Ye Mo his name and Ye Mo wanted to laugh. This guy was really intriguing.

"This kid isn't that annoying. I saw this guy in front of a restaurant pulling a girl he didn't know to drink. This triggered me and I beat him up. Mo brother how did you know him." Xu Ping asked.

Ye Mo shook his head, "I don't know him but not long ago, he saved my life unintentionally."

Xu Ping dazed and wanted to ask who could hurt Ye Mo in the city but that Zhang Feng policewoman caught up.

"What else do you want?" Ye Mo frowned and asked.

Zhang Feng didn't even look at Ye Mo and just said to Luo Xuan: "That person has done bad things. It's best you don't stay with him. He must've sweet talked you a lot. Don't believe a word of him. Just think of everything he says as the opposite."

Luo Xuan frowned and wanted to say something but this Zhang Feng came from good will so she eventually smiled: "Thank you for your care. I understand."

Zhang Feng saw Luo Xuan walk off with Ye Mo eventually and couldn't help but to shake her head. She murmured: "Why doesn't such a pretty girl know self love? Why did she have to be with someone who calls hookers."

Xu Ping didn't know the situation but didn't intervene until a long way away: "Mo brother, what's with that female police?"

Ye Mo felt his chin and said: "She caught me calling a hooker and blocked me in my house."

Xu Ping immediately continued: "Such a tiny thing? So what if you call a hooker? Both sides are willing. This woman is really nosy. Uh..."

Xu Ping suddenly realized Luo Xuan who didn't seem happy and immediately knew his words were problematic. He quickly added: "How could Mo brother go call hookers! Sister in law, don't worry too much."

Ye Mo quickly intercepted: "Xu brother, we're just neighbours. There's nothing between us. Don't misunderstand."

Luo Xuan was expressionless and didn't say anything.

The three found a teahouse and then Ye Mo asked: "Xu brother how did you come to Chun An?"

Xu Ping sighed, "I was planning to go back and cultivate but I was afraid the Broken Fist Hall mad dogs would find where I live. So, I've been living in the city and because I heard about your things, I planned to get revenge for you. But, my power is too low. Recently, I heard there was a blood coral in Liang Pu so

I rushed here. I was thinking that if I got the blood coral, perhaps I would be able to reach earth stage. That way, my chances of success would be greater."

"Then how did you come to Chun An?" Ye Mo asked strangely.

Chapter 316: Sworn as Brothers

Xu Ping continued: "When I came to Liang Pu, I immediately knew that the blood coral wasn't something I could touch. There were too many martial artists going Liang Pu and I had to accidentally stumble upon something. In the end I was hunted so I came to hide at Chun An. Luckily, those people didn't follow. I was prepared to stay one more day at Chun An and then go to the 100 thousand great mountains but I met you here. I'm so happy. You didn't die."

Ye Mo laughed, "Xu brother, the person that got the blood coral is me. These people are going to Liang Pu to rob my blood coral. Sorry Xu brother, I had too many enemies before and I didn't say my real name. I'm actually not called Mo Ying. I'm Ye Mo."

Xu Ping dazed at Ye Mo for a long time before exclaiming in shock: "Ye Mo brother, you really are good. I didn't think that the blood coral was actually on you. This is such a surprise. Great, great, this is too great."

Xu Ping actually started laughing. His eyes were actually happy. Although he hadn't seen the blood coral, he had heard too many stories of it. To him, such a good thing was better in Ye Mo's hands than other people's hands.

Ye Mo took out a porcelain vase and tipped out two chi increasing pills to Xu Ping and said: "Xu Ping, these are the pills made from the blood coral. I'll give you two. You're yellow level tertiary stage now. When you go back, find a quiet place and eat a pill. Half a year later, eat another. These two can guarantee you to reach earth level."

Xu Ping held the vase and was dumbfounded. After a long time, he reacted and quickly pushed the bottle back to Ye Mo, "No brother, this is too precious. I can't take it."

Although he pushed it back to Ye Mo, Xu Ping's heart was roaring with waves of shock. It could let yellow level reach earth level. This was absurd. If people outside knew, they would slaughter anyone who stood in the way to it. But Xu Ping had this principle: although he desired for this pill, he knew that with his relationship to Ye Mo, this was too precious.

Ye Mo pushed the bottle back and said seriously: "Xu brother, if you look down on me, then don't take it. You were willing to avenge me after hearing about my death. Giving you these two pills is nothing. Even the essence increasing pill to reach great heaven states I can help you get, much less these two chi increasing pills. Plus, if it wasn't for your material, my flying sword wouldn't be able to be completed. If we're talking about owing, then it's me who owes you."

Luo Xuan looked at the two in shock. A pill to reach earth level and he gave two. She knew the value of this pill because she had one. And these two, one was giving it away and the other didn't want it. What was flying sword? Ye Mo also said that he could make the pill to reach great heaven state. If this got out, the small world would be flipping over.

"Okay, Ye brother, if I'm still going to push it away, it would be acting up. If Ye brother you don't mind, we'll do what they did in the ancient times and swear as brothers." Xu Ping no longer rejected and took the pills. Whether it was real or fake, Ye Mo was someone who could become brothers with in his eyes.

Ye Mo stood up, "Of course, let us be sworn brothers here today."

"I have a big brother called Xiao Changdong. Although Xiao brother isn't here today, let us swear in brotherhood together." Xu Ping also stood up and said.

"Sure, a man whom you can call big brother definitely is a true man." The two used tea as wine and became sworn brothers.

Luo Xuan looked at the side in admiration but she wasn't a man. If she was a man, perhaps she would also rise up the intent to swear in brotherhood with someone like Ye Mo.

"3rd brother."

"2nd brother."

They finished the oath and stood up. They looked at each other and laughed out loud.

"If there's peach tree garden here, then you guys can relive the history of swearing brotherhood in the peach gardens." Luo Xuan smiled.

TL note: 桃园结义, swearing brotherhood in the peach gardens, was a historical event of the three kingdoms era where 3 people swore brotherhood in the peach gardens.

Luo Xuan approved of Ye Mo from the bottom of her heart. Regardless if he could make the essence increasing pill, from how he could casually give Xu Ping the chi increasing pill, it meant that he was no ordinary person. Plus with her knowledge of him, Ye Mo was indeed a mystery but he seemed very generous.

Ye Mo took out a curved sword he made before and gave it to Xu Ping and then gave him 3 lotus life seeds and said: "Second brother, I made this sword for you. Try it out and these pills. No matter how serious your wounds are, as long as you haven't died, you can recover from it. Take these."

Xu Ping took the curved sword and tapped it on the corner of the table. The table corner fell off immediately. He looked at the sword in surprise: "Good sword, good sword, I didn't think 3rd brother you can craft weapons as well."

Luo Xuan saw that the sword in Xu Ping's hands was this sharp and was also taken back. This sword could be called gods weapons. Yet, Ye Mo gave it away again so easily.

Ye Mo saw Xu Ping take these things and then asked: "2nd brother, what did you hear about? Why were you forced to Chun An."

Xu Ping said hatefully: "It's the He Liu sect people. These bastards are too atrocious. A few days ago, I heard that they were going to Beijing to exterminate the entire Ye family to get revenge. I just walked past. Of course I won't care about such thing...."

"What?" Ye Mo stood up abruptly and his eyes were full of killing intent.

Although there wasn't much connection between the Ye family and him, his sister Ye Ling and brother Ye Zifeng were still there. These He Liu sect people wanted to bring his family into this. They didn't want to live.

"3rd brother you? Are you from the Beijing Ye family?" Xu Ping suddenly woke up.

Ye Mo's face was bleak like water as he nodded: "Although I'm not the Ye family member now, I still have a brother and sister there. If something happens to them, I will pull the He Liu sect from its roots."

"3rd brother, let's stop talking. We should hurry to Beijing. Even if it costs my life, I won't let the He Liu sect bastards succeed." Xu Ping's face changed drastically and was full of regret. He actually didn't find out that the Beijing Ye family was his 3rd brother's family.

Ye Mo shook his head, "2nd brother, if they have already done so, it's no use going now. If they haven't, then I am enough to deal with them. They had a few earth levels masters killed by me so this time, it should be all earth levels going. 2nd brother you won't be able to help me now if you go."

Xu Ping nodded. He wasn't unhappy at all at Ye Mo's words. He had seen Ye Mo's power. Ye Mo was really strong and killed two black level peak stage masters easily. Now, Ye Mo said that he killed a few earth level masters. This meant that his power surged up drastically. Was he really a great heaven level master?

"2nd brother do you have any place to go? If you don't, you can go to Flowing Snake first. I've made a company at Flowing Snake called Luo Yue. You should be able to cultivate in peace there." Ye Mo said.

Xu Ping immediately said: "Okay, I will wait for you at Flowing Snake."

Ye Mo nodded, "I made the company to collect all the spirit things in the world and make pills with them. 2nd brother don't worry, I will make you reach great heaven for sure."

Then, Ye Mo turned and said to Luo Xuan: "Sorry, Luo Xuan, I'm going back to Beijing immediately. If possible, I will come back to help you find the book tonight. If not, then you can only go look for it by yourself. I'll give you your book back first." Ye Mo took out that Ni Luo Sutra and gave it to Luo Xuan.

Luo Xuan took the book. She didn't know where Ye Mo put the book but still nodded and said: "Mhm, I know. It's fine even if you don't help me. I know what book I'm looking for now. perhaps I would be able to find it in half a day. If I find it, I will save that thing for you. If I'm not at home today, then go to Ying Hua temple 30 miles east of here, I will wait for you there."

Ye Mo and Xu Ping didn't hide anything from her during their conversation. And perhaps influenced by them, she didn't think much and told them where she would be.

After the 3 split, Xu Ping went towards Flowing Snake, and Luo Xuan went towards the library. Ye Mo found an empty place and stood on his flying sword and sped like lightning towards Beijing.

....

Beijing Ye family. Although due to Ye Mo's rampage, it no longer had that temperament before. People didn't even see the young masters of the Ye family being cocky on the streets but the people who knew the inside information wouldn't think so.

Only people who had power in Beijing would know that despite the Ye family losing their previous temperament, it actually became a lot stronger than before instead.

No family would have the courage to give the family leader position to a youth in his 20's but the Ye family did. The current leader of the Ye family, Ye Zifeng was only 23 and this was the only case.

People who knew didn't laugh at Ye family at all because Ye Beirong's move was magnificent. Ever since Ye Zifeng took over the family leader, the Li family and Qiao family rushed to show their good intentions. And this new election, the support for the Ye family increased drastically. This wasn't it. Even Han Zaixin went to the Ye family to visit Ye Beirong many times.

This was all because people knew that Ye Zifeng had a brother called Ye Mo and he was incredibly strong.

But today, the Ye family mansion seemed serious and silent. Not only was it surrounded by Anti Violence police but there was the smell of blood coming from inside.

At this moment, the Ye family mansion had been locked down and people weren't allowed near.

Chapter 317: No one can be saved

At this moment in the Ye family mansion, there were ten coffins all containing direct lineage of the Ye family. But, Ye Beirong sat in the meeting hall with a bleak face not saying anything.

The words of those people who came still rung by his ears: "Ye Beirong, the first day is 10 people, the second day will be 50. If we don't see Ye Mo by the third day, the Ye family will disappear from Beijing."

This was the second day, although there were a lot of anti riot policemen here, no one dared to open fire. No one knew when they would appear and where. It could be said that they were ordered to protect the Ye family but didn't not receive orders to kill the perpetrators.

Ye Beirong knew what was going on of course. This was because the country's negotiation with the hidden sects was that both sides must not start a conflict. If the government started trouble with the hidden sects or even killed the people in the hidden sects, the hidden sects could kill the offender and the government must not intervene.

If someone or a sect damaged the government's interests, the government could destroy this person or sect at all cost and the rest of the sects must not intervene.

But, the reasons the government could tolerate the existence of the hidden sects might be due to that there were indeed powerful people in the hidden sects and could destroy a place easily but a more important reason was that the hidden sects were an important part of the country. Even in the hidden international battles, the main source of power of the country was from the hidden sects.

Now, Ye Mo started feud with the He Liu sect of the hidden sects and killed seven of them. Thus, the He Liu sect came for revenge. If Han Zaixin didn't intervene, perhaps the first day, the He Liu sect would've annihilated the entire Ye family. Even though Han Zaixin intervened, he only delayed it for two days and at the cost of many lives of the Ye family.

The normal citizens wouldn't know at all that there were hidden sects in this world much less the crisis the Ye family was facing now.

.....

"The He Liu sect people are too cocky this time. Do they really think we're afraid of them?" Zhang Jue was very angry. He was the first to go over when the incident at the Ye family occurred. But yesterday, he was injured. If it wasn't for his identity, perhaps he would've been killed like the others.

Han Zaixin shook his head, "Of course we're not afraid but we can't annihilate them all. If they really want to annihilate the Ye family, no matter how many anti riot policemen we send, it would be useless. You can kill one or two but can you kill everyone in the hidden sects? The country can't just kill off the hidden sects."

"Elder Tan should be great heaven now right? Wouldn't it be very easy for him to deal with a He Liu sect that doesn't have great heaven state." Zhang Jue hesitated for a moment and said. He was quite close to Ye Mo and now that the He Liu sect people were going to kill all of the Ye family, of course he wasn't going to watch. But, he was no match and couldn't see the He Liu sect people going into the Ye family mansion. He had nowhere to use his power and he knew that the elder Han's words were right. If they really wanted to kill off the Ye family, there was no use even if they guarded the mansion everyday.

Han Zaixin didn't answer Zhang Jue's question directly and said: "Elder Tan also came from the hidden sects, so did elder Feng. Plus, there are many masters in the hidden sects. Who knows if they have great heaven level masters or not? Plus, the hidden sects have always had contributions to the country. If we completely side with the Ye family on this, it's not suitable.

But, the Ye family was different from the Ou family. Elder Tan wouldn't ignore it. He would probably persuade the He Liu sect to let the Ye family go. However, Ye Mo haven't appeared now so he can't really say it yet."

"Hmph, the Ye family is too cocky. That Ye Mo dare kill multiple people from the He Liu sect. I heard that the Broken Fist Hall was also annihilated due to him. If this Ye Mo doesn't give us an explanation, I won't intervene with the Ye family business." A cold voice sounded and Han Zaixin and Zhang Jue were shocked.

Zhang Jue immediately went into the mansion and checked and then came out: "That was elder Tan, he probably came and left."

Han Zaixin frowned and after a while, he sighed: "Ye Mo killed too many this time and angered elder Tan. Zhang Jue, don't contact him anymore. Even if Ye Mo came back, it wouldn't help at all but only get himself killed. Ye family, Ye family, sigh...."

"But hearing what elder Tan just said, as long as instructor Ye comes, he will help mediate the situation." Zhang Jue immediately said.

Han Zaixin shook his head but didn't say anything. Zhang Jue didn't understand Tan Jiao but he did. Tan Jiao was very loyal to the country but so was he to the hidden sect. it was impossible to let someone like him let go Ye Mo who killed many people of the He Liu sect, which was one of the six big sects. And according to him, the Broken Fist Hall also fell in Ye Mo's hands. It could be seen that Tan Jiao already had prejudice against Ye Mo. This time, he was going to use the He Liu sect to kill Ye Mo.

....

At this moment, in the Mi Yang lake in Beijing, inside a bamboo building, there were two elderly men in their 50's sitting opposite to each other. Beside them stood a woman about 25-26 years old. This woman seemed very elegant and peaceful.

"Elder Tan, after a year of solitary training, your temper seemed to have grown. Are you really going to let the He Liu sect people kill off the Ye family?" the man wearing grey robes asked worriedly.

Another lean build man with white top sneered: "This Ye Mo is too arrogant and very cruel. Yuanyi was quite possibly murdered by him. I even suspect that he annihilated the Qiao family but Han Zaixin is helping him saying that the Qiao family incident isn't related to him. This time, not only did he annihilate the Broken Fist Hall but also killed multiple people of the He Liu Sect. if I'm still going to keep him alive, how will I face the Dao colleagues in the hidden sect?"

The grey clothed man sighed: "The president has spoken, the Ye family's situation is different from the Ou family and Song family. The two are suspected of selling the country but Ye family isn't. If we annihilate them, the president wouldn't allow this to happen. Our great China just suddenly have one of its big families being exterminated..... even the Song family is living well in another province. Plus, the president has a good impression of that Ye Mo."

Tan Jiao's face sunk: "I owe Song Yuanyi. This will be repayment to him. I didn't expect in our time of solitary training, such a monster appeared. I will talk with the president. The Ye family doesn't need to be killed all, but murder must be paid with life. We'll let the He Liu sect kill some to ease their anger but Ye Ling and Ye Zifeng must die. Why can he Ye Mo kill people but others can't kill him?"

The grey robed man sunk in silence for a moment before saying: "I know that you're being like this because Song Yuanyi and Gong Zizai died in Ye Mo's hands. But, the country has laws. If we do things according to the hidden sects' fashion for everything, the government won't allow it. The hidden sects are strong, but if they fight with the army of the country, the ambitious forces around will use this opportunity to attack our country. Then, what would be the point of us martial arts cultivators? What face do we have to go see our ancestors?"

Seeing the bleak faced Tan Jiao, the grey robed man said again: "Plus, this time we went into solitary training together and you reached to greater heaven first. It could be said you're at the pinnacle of this world. The more powerful you are, the more careful you need to be or one mistake is the endless pit."

"Wait another day, if Ye Mo still doesn't come back today, Ye Ling and Ye Zifeng must die. As for the others, we'll have to see what the He Liu sect people say. Even if the He Liu sect people planned to come, it wouldn't be now. They would wait til night." Tan Jiao said.

The grey robed man said disappointedly: "I heard old Han say that Ye Mo is quite a valuable person but he's just too aggressive. Sigh, he needs to learn a lesson. Young people, too much arrogance."

....

"Second uncle, how about we let Ye Ling and Ye Zifeng leave first." The Ye family meeting room was suffocating and Ye Long started.

Ye Beirong shook his head, "No use. Ye Zifeng already had his leg broken by them and I'm sure that if one person leaves alone, he would be killed by them immediately. Although we don't see them anywhere, as soon as one of us goes out, they would come out."

"I won't go. My brother will definitely come back after he hears news of this." Ye Ling rubbed her red eyes and said. There was a clear palm print on her face. Yesterday was a disaster to the Ye family. If elder Han didn't come, who knew how many more they were going to be killed.

Second brother just said one sentence and had his legs broken. The reason they didn't kill him was to wait for Ye Mo to come back. The same was for her as well. They said they would kill her and her second brother in front of their big brother to let big brother know the consequence of messing with the hidden sects.

As soon as she said this, some people already started looking at her with animosity. This thing was completely due to Ye Mo. If it wasn't for Ye Mo, the Ye family wouldn't suffer such a huge disaster. Yet, the one causing the trouble didn't even come back. If they didn't fear Ye Mo's revenge, they would've started swearing already.

Ye Beirong looked around and knew how these people thought. He just said plainly: "This is a life and death situation for our family, not a time to complain. If it wasn't for Ye Mo, perhaps our Ye family would've been long devoured by the Song family."

"Grandpa, why is no one here?" a young member of the family said.

Ye Long scanned him and said: "The flying snow and anti riot police are out there to protect us but is there any use? When they left, did anyone catch a culprit? And, I'm sure when they come today, no one would notice as well."

"You're right. We have come but no one noticed us indeed. If our He Liu sect wants to annihilate your family, there's no use even if the heavenly emperor comes." A bleak voice continued Ye Long's words. Before the sound finished, 4 men suddenly appeared in the meeting room. No one even saw how they walked in.

Chapter 318: Someone you shouldn't mess with

"Oh, your He Liu sect people are this cocky? But you really took the words right out of my mouth: even if the heavenly emperor comes, I, Ye Mo, will still annihilate the He Liu Sect." an even colder voice sounded.

"Brother...." Ye Ling was the first to react and rushed over into Ye Mo's arms.

"Who hit you?" Ye Mo saw the red and swollen face of Ye Ling and immediately surged with fury. At the same time, he put his hand on Ye Ling's face and with the use of chi, the internal blood was removed and soon, her face recovered to be smooth.

The four looked at Ye Mo and a sliver of surprise went across their eyes. They also don't know when Ye Mo came in but they reacted quickly. They immediately split into four cornering Ye Mo. They were thinking that Ye Mo should be in Chun An now. How did he appear in Beijing? But since he came, he wouldn't be able to leave.

"I hit her, and I also smacked out her two teeth, so what? Oh, I forgot to tell you. I also broke that Ye Zifeng's leg. This wasn't it. You saw the ten coffins outside? They were all killed by me. Originally, I wanted to go to Chun An to kill you but you came here yourself. Haha, perfect." The short man amongst the four jeered.

Ye Mo's eyes were ice cold. Although he knew that Ye Ling wasn't his biological sister but she was still his sister in his heart and was no different to Tang Beiwei. Now, someone dared to insult Ye Ling like this, he could no longer control the fury in his heart.

"It is perfect." As soon as Ye Mo spoke, he came in front of the short man and grabbed his chest. He raised his hand and there were countless slaps. The short man couldn't even struggle in Ye Mo's hands. He could only open his eyes and look as Ye Mo kept slapping his face.

The sound of beating echoed across the hall. When the other three reacted, Ye Mo came back to Ye Ling's side. That short man he beat up was casually dumped on the ground. He was shriveled like a shrimp and the other 3 could tell that all the meridians in his body were destroyed.

The short man no longer had any flesh on his face much less teeth. There were only bones at his face. Yet, there were no signs of blood on Ye Mo's hand. It was clean as though he had done nothing.

"You're asking to die..." another man also reacted and pierced towards Ye Mo with his long sword. It was fast like lightning.

Clank, the long sword pierced towards Ye Mo was sliced apart by Ye Mo and fell on the ground.

Then, Ye Mo's hand flashed and this man was decapitated. Blood splurged out but the body was a few meters away from Ye Mo. No one saw how Ye Mo broke the sword, nor did they see how Ye Mo decapitated the man. All they could see was a purple light. After a clank, this man lost his head.

Seeing the body on the ground and the shorty who had no flesh on his face, the remaining two men immediately went pale. Ye Mo was this petrifying? Did he surpass great heaven? Even the great heaven state wouldn't be able to kill people as cleanly and swiftly as him. This was instant kill.

At this moment, the two men actually stood dumbfounded.

Ye Mo sneered, "Mere four earth level fighters dare to start trouble here. You He Liu sect think too highly of yourself."

Ye Beirong looked at Ye Mo in shock. He didn't even dare to believe Ye Mo came from the Ye family. Mere 4 earth level fighters? God, even one was enough to easily decimate the 5 great families but he said a mere four earth levels. Who was this grandson of his?

Ye Beirong shivered and looked at the Ye family people in the room, some of them were vomiting, and immediately ordered: "All members of the Ye family leave. There's no business for you here, Beiguang, you go out and take care of the burial of the dead of Ye's family. Ye Long, you stay."

Then, Ye Beirong looked at the pale faced He Liu sect warriors and surged with excitement. He seemed to have returned to that warring era as hot blood coursed through his veins. Earth level martial artist, actually stood shakily in the hall of the Ye family. Looking at the two, Ye Beirong just wanted to laugh out loud. He wanted to let out the satisfaction in his heart. But when he thought of the deceased who had been ridiculed and insulted yesterday, he felt despondent again.

"What do you want?" the older man said shakily.

At this moment, the two were standing still, shivered in terror. They now knew the terror of Ye Mo. No wonder he could easily kill many people of the He Liu sect. With his power, it was very easy for him to kill the entire sect. Funny that they were laughing about bodies everywhere in the Ye family and how the Ye family was begging on their knees when they just came into Ye's mansion just now.

There was begging but it wasn't from Ye Mo. It was from them.

The He Liu sect was over. It messed with someone they shouldn't have. They were over too. They had never encountered such a master. It was their bad luck.

Before they came, if someone said that Ye Mo killed earth levels like scarecrow dummies, they would've thought that person was dumb or crazy. But now, the reality was in front of their eyes. Now, they understood that there were really such masters in the world.

The era of the hidden sect standing at the top of the world had passed all because a monster like Ye Mo appeared. Unless the hidden sect had a great heaven level master, otherwise, no one would be a match for Ye Mo in the entire outer hidden sect. It was way too easy for him to kill a sect. If he said he was going to exterminate the He Liu sect, he wasn't scaring them. It was the truth.

Ye Mo sneered, "What do I want? You came to Beijing to kill my brother and my sister yet you ask me what do I want? You just said that the Ye family was going to disappear from Beijing. Why are you asking me now?"

"How can you let us go? Whatever you want we can do for you." The one begging was the older man.

Ye Mo reached out his hand and two fireballs flew out. The body and that still struggling earth level immediately turned to dust.

"Inner qi condensing into fire?" the older man's face went even paler. He had already tried to overestimate Ye Mo but he just realized that he was far from understanding Ye Mo's true power. Inner qi condensing into fire. It was said that even great heavens couldn't do that but this young man did it.

Their He Liu sect deserved to be annihilated. He wasn't even thinking about the He Liu sect now. He was thinking about his own safety.

"Ye qian bei, as long as qian bei will have mercy on me, and spare Si Hong's life, I'm willing to tell qian bei where the He Liu sect is."

That older man saw Ye Mo fire out the fireball and could no longer control the fright in his heart and knelt down. When death comes, he found that he wasn't willing to die at all. He still had wishes unfulfilled. How could he die like this?

The hidden sect ancient martial arts cultivators were prideful but no matter how prideful they were, they still feared in the wake of death. Because other than old age, there was no one who could take their lives. But now, Ye Mo just reached his hand and he could kill them. If he had another chance, he would rather hide in a place for the rest of his life than see Ye Mo. Now, he understood that it was very easy for hidden sect earth level masters to die.

"Let you go? You killed so many people and you want me to let you go?" Ye Mo sneered.

"I didn't kill the Ye family people, qian bei. It really wasn't me."

Hong Si suddenly thought that he hadn't killed a single Ye's person. Perhaps he could really survive and his desire to live strengthened.

"I killed the people. Give me your life." The man who didn't talk at all suddenly jumped up. His sword turned into a beam and rushed for Ye Mo's head.

If Ye Mo was still stage 3 chi gathering, he could only barely dodge this and use his flying sword to kill the opponent. But Ye Mo knew that this sword was far from the full combo. Even if he dodged it, there would be more moves after it. Perhaps before he used his flying sword he would be at a disadvantage.

But now, Ye Mo wouldn't give him a chance. His flying sword was far superior than the speed the man could attack. Before his beam reached Ye Mo, Ye Mo's flying sword had cut his wrist. At the same time, he kicked on this man's dan tian. This whole process only took one breath. One breath, and it was already over.

This man was kicked flying out and fell onto the ground spitting blood. His soulless eyes glanced at Ye Mo and suddenly yelled, "Gong Qiunian you animal....."

Before he finished, he died.

Hong Si who still knelt on the ground looked sadly at the man who had his dan tian shattered by Ye Mo's kick. He felt more fear. This was the second time. The second time yet he still couldn't see what Ye Mo used to cut his companion's wrist. He only saw a pale purple ray fade away. But what gave him a deeper impression was that kick. That kick shattered his companion's dan tian.

Ye Mo just looked plainly at Hong Si who knelt on the ground and didn't talk.

Hong Si couldn't tolerate the choking silence of death and said shakily: "This time, it was the elder Gong Zizai's idea to come out and rob the blood coral. Elder Gong is earth level tertiary stage. He wanted to use the blood coral to ascend but he died in qian bei's hands. Gong Qiunian is the brother of Gong Zizai. He wanted revenge for elder Gong, so, so....."

Chapter 319: No need to leave

Seeing that Ye Mo had a bleak face and remained silent, Hong Si felt more uneasy. He hesitated before saying again: "Today, we received news from Liang Qisheng of Ping River. He said... he said qian bei was at Chun An. So, we were prepared to exterminate the Ye family in midday to prevent elder Tan and Feng from stopping us. After that, we were planning to go with the people Liang Qisheng invited to ambush qian bei at Chun An. We didn't expect...."

"Liang Qisheng? Is he related to Huo Quming?" Ye Mo remembered that middle aged man he saw at the Huo family.

Hong Si quickly nodded and said: "Yes, he's Huo Quming's martial brother. They are from the Ping River sect. The Ping River sect is fading and only Huo Quming and Liang Qisheng remain."

"Who are elder Tan and Feng?" Ye Mo thought that since the He Liu sect was going to kill the Ye family people, who else would be able to stop them? Since they were going to stop them, why didn't they do so when they killed ten people of the Ye family yesterday?

"Tan and Feng means Tan Jiao and Luan Qingfeng. They came from the hidden sect but now, they don't belong to the hidden sect. they are in the Heaven Squad." Hong Si said and then looked at Ye Mo and could tell he didn't know what Heaven Squad was. He quickly explained again: "Heaven Squad means martial artists who have surpassed earth level peak stage but can't reach great heaven state. They chose to go into the mortal world to seek opportunity to break through great heaven.

But, all the Heaven Squad martial artists must make contributions to the country. They mediate between the hidden sects and the government. They also deal with things normal people can't deal with in the government. But since such things never occurred before, so they usually just need to worry about cultivation. This is because the people in the heaven squad need large amount of cultivation resources and these resources are provided by the government.

Ye Mo understood immediately. They are people who sit on the country's resources but don't do anything and beautify themselves in the name of Heaven Squad. They are really shameless. Thinking that he was running around everywhere in search of spirit things and was almost hunted down for a blood coral at Liang Pu. Compared to him, these Heaven Squad people were taking it too easy.

Hong Si saw Ye Mo's face wasn't happy and quickly said: "he Heaven Squad does do missions as well. They need to go out and search for talented younger generations to prepare human resources for the country. They also need to stay there to prevent the hidden sect from damaging the government. "

"Are there a lot of these people?" surpassed earth level peak stage, this means they are half way great heaven state.

Hong Si shook his head, "Not many. You can count half great heaven state people with one hand. It's said the strongest is Wu Dao qian bei and Tan and Feng are catching up to Wu Dao qian bei. So, they are the pinnacle masters of this world."

Ye Mo said coldly: "Since there are Tan and Feng here, you still dare to come annihilate the Ye family at Beijing."

Hong Si quickly said: "It's said that the He Liu sect power exceeds Tan and Feng. And, it's said that the elder of He Liu sect Gong Zizai is Tan Jiao's friend. So, so....."

Ye Mo immediately knew what was going on but his previous guess was right. Han Zaixin hid things from him indeed. The country's power was far from what the Flying squads showed. There was a Heaven Squad behind them but they just didn't do much. He also understood why Han Zaixin didn't stop the He Liu sect from ravaging the Ye family. It was because he couldn't mobilize the Heaven Squad. And, Tan Jiao and Gong Zizai were friends. He killed Gong Zizai, of course Tan Jiao wasn't happy.

"Where is He Liu sect?" Ye Mo knew the full story and immediately had killing intent for Tan Jiao. Hong Si felt Ye Mo's killing intent and shook immediately. He quickly replied: "It's located in Qi Yang mountain, Shadow Cliff Valley."

"Give me the key." Ye Mo already knew that if you wanted to enter the hidden sect, you needed something like a key.

"It's on elder Qu. Elder Qu already went to Chun An to ambush you." Hong Si didn't dare to hide anything at all.

Ye Mo looked coldly at Hong Si and said indifferently: "Are you going to do it yourself or make me do it?"

Hong Si didn't expect that Ye Mo was still going to kill him after saying so much. He felt all was lost. He really regretted coming to this but he thought again, even if he didn't come here, Ye Mo would still find He Liu sect eventually, so it would be the same.

He Liu Sect was over but he really didn't want to die like this. He got an ancient martial arts cultivation method before and after he reached yellow level, he dumped his wife and son searching desperately for Dao. He finally found the He Liu sect and was able to enter it due to his good potential. After decades of arduous cultivation, he reached earth level but he was still going to die here today even though he knelt down and begged for mercy; even though he told the qian bei everything.

"Qian bei, Wan bei offended qian bei. It's understandable that qian bei is going to kill me. Qian bei please allow me to go back and see the wife and son I haven't seen in a few decades. This is my last

hope. As long as I've finished this, I will come back to accept death. Before this, wan bei is willing to destroy my dan tian." Then, Hong Si palmed his dan tian and spat out blood.

With Ye Mo's eyes, he could tell that Hong Si's dan tian was really destroyed.

"Brother, this person is quite pitiful. Let him go. And, yesterday, he didn't kill anyone."

Although Ye Mo's killing intent for Hong Si didn't change, Ye Ling softened her heart and wanted Ye Mo to let him go.

For an ancient martial artist who's dan tian was destroyed, it didn't even matter if he was dead or not. But because he had such power before, ordinary people still were no match for him.

"In that case, go." It really didn't matter if he killed Hong Si who had lost all his power. Hong Si's eyes shot out with surprise and joy. He quickly stood up and thanked: "I'm very grateful to qian bei for having mercy on me. Wan bei will go back to see my wife and son, then I will come back to accept death."

Ye Mo waved his hand, "Since I let you go, there's no need to come back to accept death."

Ye Beirong saw the opportunity and immediately said to Ye Long: "Ye Long, send Hong Si out."

Ye Ling quickly agreed and took Hong Si and left the meeting room. After he walked past Ye Mo, the way he looked at Ye Mo was fearful.

"Ye Mo....." Ye Beirong felt his tone was dry. He didn't know how to face this theoretical grandson of his.

Ye Mo said plainly: "I am me. Although my name is also Ye, it has nothing to do with the Beijing Ye family. You don't need to mind me."

Ye Beirong opened his mouth and wanted to say something but he couldn't say a single word for a long time. He knew that the Ye family wronged Ye Mo not the other way around. If Ye Mo didn't rely on himself, he would've died at Ning Hai already. So, he had no right to say anything to Ye Mo.

Plus, putting Ye Zifeng as the leader of the family was an obvious attempt to use Ye Mo. It was already great of him not to be angry over this.

Although Ye Zifeng was not bad, he was obviously not eligible to be leader in his 20's but why was he still family leader, it was all because of Ye Mo.

"Brother, grandpa he..." Ye Ling wanted to say something but was stopped by Ye Mo.

"Take me to see Ye Zifeng. After this, I'm going to leave here for some business."

Ye Ling was part of the Ye family and he didn't want to say anything nor change anything but Ye Mo had his own principles. Just because he cared about Ye Zifeng and Ye Ling, it didn't mean he needed to care about the Ye family.

Just when Ye Ling wanted to go, Ye Mo suddenly pulled her and said: "Wait." Then, he burnt the remaining body to ashes.

Ye Mo just finished clean up and Han Zaixin and Zhang Jue rushed in worriedly.

"Ye Mo, you actually came back? How can you come back at this time? Quickly leave. Take your brother and sister. Go now. Leave Beijing as far as possible." Seeing Ye Mo, Han Zaixin dazed for a moment and quickly urged him to leave.

Ye Mo felt touched. Although elder Han was a bit calculative, he was quite loyal in times of need. He was also calculative for the country.

Zhang Jue also saw Ye Mo and was very excited. He also came up and said: "At night, the He Liu sect people are going to come. You really need to leave. They are all earth level masters. A casual palm smashed me far away and....."

"You are injured." Ye Mo grabbed Zhang Jue's hand and knew that he was internally injured.

Han Zaixin sighed: "Yes, Zhang Jue came to help yesterday but the He Liu sect people were too strong. Zhang Jue wasn't a match at all. If it wasn't for his status, perhaps he would've died. Elder Tan already said, Zi feng and Ye Ling need to be given to the He Liu sect to appease their anger, so, you should leave quickly....."

Ye Mo was immediately triggered. He did the things, why must Zifeng and Ye Ling be sent to the He Liu sect? This Tan bastard doesn't want to live.

"Hmph...." A deep sneer sounded. Other than Ye Mo, everyone felt their mind rupture. Ye Mo casually patted his sister and Ye Ling recovered.

A white robed man whose age could not be told suddenly appeared in the Ye family meeting room, "Since you came back, there's no need for you to go. I'll take you three to the He Liu sect. Old Han, this time I decide."

Hearing the white robed man's words, Han Zaixin's heart sunk. He knew he came late, Ye Mo could no longer leave now.

Zhang Jue felt all hope was lost. He knew that even he wanted to do something to help Ye Mo, but in front of elder Tan, it was all pointless.

Chapter 320: I am Ye Mo

Although other people didn't see how Tan Jiao came, Ye Mo saw very clearly. He glided in from outside. This martial art was a bit like the wind control Ye Mo used but it was inferior to wind control.

Ye Mo sneered. He wanted to ask where this old fart lived before but now he sent himself here instead.

Before Ye Mo could talk, another man suddenly entered. He wore grey robes and seemed in his 50's.

The grey robed man stopped Tan Jiao: "Old Tan, the incident is between the He Liu sect and Ye Mo. Don't harm his family. I know Gong Zizai is your friend but even if you want revenge, it should be at Ye Mo. It has nothing to do with other people."

"Qingfeng brother, are you going to stop me as well?" Tan Jiao frowned.

The grey robed man sighed: "I'm not stopping you. It's for your good. Ye Mo is only in his 20's and he can kill 7 of the He Liu sect people including Gong Zizai. People say don't insult a young person's poverty. How do you know if he can't reach great heaven later. He's also the head instructor of the Flying Snow. Strictly saying, we're on the same line. Why are you doing things so cruelly? The Ye family is in trouble now. It's very easy for us to help the Ye family. I think if Ye Mo knew, he would also appreciate it. Even if we don't help, we can't go help others kill his brother and sister."

Tan Jiao sneered: "Too bad, he doesn't have any chance now because I'm going to kill him immediately."

The grey robed man just realized that Tan Jiao looked at Ye Mo full of killing intent. He immediately understood the person in front of him was Ye Mo and Ye Mo had come back.

"You are Ye Mo?" the grey robed man asked Ye Mo with some surprise. Ye Mo was quite famous and it was his first time seeing this young man.

Ye Mo smiled, "Indeed, I'm Ye Mo."

The grey robed man had some pity in his eyes. He realized he couldn't even see how strong Ye Mo was and Ye Mo was calm and confident. If Tan Jiao didn't reach great heaven state, he could still stop him, but now, he wasn't even a match for Tan Jiao. How could he stop him?

"You killed the He Liu sect people. I can't help you but I'll try to persuade old Tan to let go of your brother and sister. Sigh...." Luo Qingfeng thought why did you come back? If you didn't, I could still say something and blame everything on you but since you came back, I really can't say anything.

Ye Mo smiled to Luo Qingfeng, "No matter what, I still need to thank qian bei for your good will. But this old thing...."

Ye Mo pointed at Tan Jiao and swore: "Old thing, I didn't do anything to you. What right do you have to touch my brother and my sister? Is it just because you are stronger than other people? Shameless thing."

"It's over." Han Zaixin sighed. Young people really didn't know when to back down. Since elder Feng came to speak for you, if you spoke some soft words, perhaps elder Tan would really let you go. But old thing and shameless, when this came out, Han Zaixin immediately knew it was over.

Luan Qingfeng opened his mouth and wanted to say something but couldn't. he finally witnessed the arrogance of Ye Mo that Tan Jiao was talking about. He actually pointed at a great heaven master and called him old thing. Even if you want to die, you don't have to do it this way. Even if the president came, Tan Jiao would still kill Ye Mo.

"Little bastard, you're asking to die...." Tan Jiao's face was green. He didn't even think and slapped towards Ye Mo.

He was clearly a few meters away from Ye Mo but when he raised his hand, that hand already reached in front of Ye Mo. Even if Luan Qingfeng wanted to stop him, he couldn't. And, Ye Mo cursed

Tan Jiao so he couldn't. Young people had too much temper. It was reasonable to teach him a lesson.

Thud. Ye Mo didn't even move and raised his hand at almost the same time as Tan Jiao. He even took a step forward. Fist and palm clashed and there was the sound akin to a tire explosion.

Stud stud stud.

Tan Jiao retreated many meters out and finally stopped at the door. He then looked at his burning palm that felt like it was going to break and gazed at Ye Mo in astonishment. With his great heaven level power, that palm was blocked by Ye Mo and he even was on the lower hand. Was Ye Mo also great heaven? If Ye Mo was great heaven and he offended such a young great heaven, Tan Jiao's heart shook. He even felt an absurd terror.

But he soon calmed down. He wasn't fully prepared in that attack and didn't even go all out. It was acceptable to be a little on the down hand. But this was still very shocking. It could be seen that Ye Mo's power wouldn't be lower than Qingfeng, perhaps even stronger than him. He really couldn't believe that Ye Mo was great heaven already.

Not only was Tan Jiao shocked but Luan Qingfeng also opened his mouth wide in disbelief. Tan Jiao was great heaven but Ye Mo beat him to retreat. How was this possible? He definitely wouldn't believe that Ye Mo was great heaven at this gae.

Although Han Zaixin was weak, he could still tell who had the upper hand in that clash. He immediately rejoiced. This Ye Mo was far out of his expectations.

Ye Mo was also shocked. He didn't think his chi was that much stronger than Tan Jiao. Although it was a little stronger, there wasn't the difference showed in the clash just then. Just then, Tan Jiao rushed his attack while he used his geological advantage. Although he wasn't too clear on Tan Jiao's power level but with this clash, he knew that Tan Jiao was great heaven level power. He didn't expect this old thing had broken through to great heaven.

But Ye Mo didn't care. Although Tan Jiao was great heaven, his inner qi was inferior to his cultivation essence. When he consolidated his state, Tan Jiao's inner qi was nothing to him. Plus, even in his current situation, it was very simple to kill Tan Jiao.

This was the difference between truth/ spirit cultivators and martial artists. The later it got, the greater the difference.

"I didn't think you've already reached half step great heaven. I underestimated you. But even so, you can't do anything in front of me." Tan Jiao said and wiped his waist. A meter long whip appeared in his hands.

Ye Mo had seen many whip masters but it was the first time seeing such a short whip.

Ye Mo sneered and looked at Tan Jiao: "In my eyes, killing you is as easy as killing a chicken. Why do you look so highly of yourself."

Ye Mo also shook his head. On earth, people think they are good just because they reached great heaven state. If this was in the cultivation world, a great heaven master, a simple magic would kill tons of them.

Looking at the sky in the well, this was the perfect definition of the earth great heaven masters.

"Ye Mo, you are actually a half step great heaven master?" Han Zaixin asked shakily. In his heart, Ye Mo was so much important that Tan Jiao. If Ye Mo could cultivate to an extent that he could match against the entire hidden sect, then he wouldn't need to be so respectful to the hidden sect people. He didn't believe Ye Mo was a part of the hidden sect nor the disciple of a hidden sect master.

Although Tan Jiao and Luan Qingfeng were still relatively polite to him, he knew that in their heart, the hidden sect was equally important. If the government was going to annihilate the hidden sects, perhaps they would betray. Luan Qingfeng was better. He would look at the bigger picture and even value the country's benefits more than the hidden sects. But Tan Jiao was different. In his eyes, they were equally important. Sometimes when he dealt with things, he used a society method rather than a legal method.

Luan Qingfeng also looked at Ye Mo with excitement. If Ye Mo was really half way great heaven, then he would be really happy. He was different to Tan Jiao. In his heart, the country was so much more important than the hidden sects.

"Hmph, so what even if you're great heaven. As long I hold you here, the He Liu sect people can still annihilate your family." Tan Jiao sneered. Obviously, he was very unhappy that he was knocked back by that clash.

Luan Qingfeng suddenly intervened: "Old Tan, Ye Mo is at the same height with us now. We can't let the He Liu sect people touch his family."

Tan Jiao felt very uncomfortable but he was interrupted by Ye Mo, "He Liu sect? I just killed four earth levels. After the Beijing incident is over, the He Liu sect will disappear from the history. There will no longer be the He Liu sect these three words."

"You killed He Liu sect people again?" Tan Jiao's eyes went fierce and took a few steps forward and was about to fight again.

"Old Tan, hold up. Even if you fight you can't fight here. It would do cause too much notice and it revokes the meaning of our hidden sect." Luan Qingfeng quickly stopped the angry Tan Jiao. His heart erupted in waves. If what Ye Mo said was real, he just easily killed four earth level fighters, this meant that he was no match for Ye Mo. If Ye Mo was only half way great heaven, it would be very hard for him to do this. The only possibility was that Ye Mo was also great heaven.

Two great heaven grandmasters fighting in the busy city, how terrifying would that be?

"Okay, you have balls. Come to Tuo Mountain. I will wait for you there." Tan Jiao said and left. He quickly disappeared from the Ye family mansion. He knew that it would cause too much attention if they fought in the Ye family place.

Ye Mo sneered. He knew Tuo Mountain. It was 30 kms from Beijing and was a rocky place. There were graves everywhere, and rarely anyone went. He took out a lotus life pill and gave it to Ye Ling: "Ye Ling, give this to Zifeng to eat. I will be back soon."

Then, Ye Mo just walked a few steps and he was already out of the Ye family mansion. Then, Ye Ling reacted and quickly called out: "Brother, be careful."

Luan Qingfeng saw Tan Jiao and Ye Mo leave. He didn't even think and followed out. Ye Mo was so young and had such power. He couldn't let anything happen to Ye Mo.

Han Zaixin eyes flashed across surprise and joy and immediately said: "Zhang Jue, drive the car. We'll also go over."

When Ye Beirong caught up to reality, there was only him and Ye Ling left in the Ye family meeting room.
