

## Strongest As 331

### Chapter 331: Encounter with old friend

Luo Xuan looked at this haunted building she had been living in for a week and actually felt a little wistful about leaving. Although it was a short week, she had experienced a lot. It seemed that in the two years living at Chun An, it wasn't as eventful as this week.

"What are you thinking? Let's go." Ye Mo broke her thoughts.

Luo Xuan came back to her senses and nodded: "Okay, let's go."

"Luo Xuan, do you know where Qi Yang mountain is located?" although Ye Mo didn't know where Qi Yang mountain was, he believed that too many people would know and he only needed to ask. It was just like how he didn't know where Shen Nong Jia was but he could find out by searching online.

Luo Xuan shook her head and looked at Ye Mo strangely: 'I don't know Ye brother, do you not even know where you are going? I've been in Chun AN for two years. Although I don't really go out, I heard most of the famous mountains in China. I've really never heard of Qi Yang mountain. I thought it was a place I haven't been.

Ye Mo thought: was he tricked by Hong Si? But Hong Si's tone and attitude couldn't be lying too at the time. Because he was talking with this sister at the time, he actually didn't ask where the Qi Yang mountain was.

"It doesn't matter. I'll ask someone later and we'll know. Since it can have a hidden sect there, it must be a famous mountain. People would know."

But then, Ye Mo and Luo Xuan asked many people and even searched on the web but no one knew Qi Yang mountain.

Luo Xuan also asked in confusion: "Ye brother, could that person have lied to you?"

Ye Mo also said uncertainly: "I don't think that person would trick me but from what we've asked there really doesn't seem to have a Qi Yang mountain. This is strange indeed."

If he was really desperate, he could go to Beijing and ask Tan Jiao and Luan Qingfeng but he didn't want to do that. First, the two might not be willing to tell, and, Ye Mo didn't want to see that arrogant Tan Jiao again. Even if he didn't ask those two, Zhang Zhihui would probably know about it, He can go ask Zhang Zhihui.

"Ye brother, where are you planning to go now?" Luo Xuan looked at Ye Mo's face and knew they wouldn't be able to go to Qi Yang mountain.

"I want to go Ning Hai first and ask someone I know about where it is." Ye Mo was unhappy that his plan was stopped. From his perspective, Hong Si even shattered his own dan tian, how could he lie to him on this?

If it was just by himself, Ye Mo would definitely step on the flying sword to Ning Hai but with Luo Xuan now, that would cause too much attention during the day. And, with his current chi reserve, it would be very exhaustful to bring Luo Xuan with him to Ning Hai.

Although she knew Ye Mo could fly, Luo Xuan didn't ask why Ye Mo was taking the plane to Ning Hai. Since Ye Mo chose that, he must have his reasons.

Although Chun An airport was very small, there was a lot of human traffic. When Ye Mo and Luo Xuan walked into the airport, it wasn't empty at all despite it being the morning.

"Ye brother, what are you looking at?" Luo Xuan followed Ye Mo closely and noticed that Ye Mo had his attention on this middle aged woman reading newspaper as soon as he came in.

Ye Mo smiled, "Luo Xuan, did you see that woman next to the window reading the newspaper?"

Luo Xuan nodded, "I see her. What's wrong Ye brother?"

"Do you feel that person is familiar?" Ye Mo continued to ask.

Luo Xuan shook her head in bewilderment, "I've never seen this person and I don't feel her to be familiar at all." But even so, Luo Xuan still studied that woman carefully and was sure she didn't seem familiar.

"I'm sure you know her. That person is either your big martial sister or your second martial sister because she is masqueraded." Ye Mo said with certainty. It was because he felt a similar chi from this woman as he did with Luo Xuan. This meant that their cultivation method was the same.

Luo Xuan also showed an expression of shock but before she could talk that middle aged woman turned around. It seemed she noticed that Luo Xuan was observing her.

The moment she saw Luo Xuan, she showed surprise and joy in her eyes but it soon turned to worry. Although those eye expressions were very subtle, it fell clearly into Ye Mo's eyes and he was more certain that this woman was related to Luo Xuan.

But as soon as this woman saw Luo Xuan, she actually turned to leave.

Luo Xuan quickly followed without talking to Ye Mo. She was sure that this person was her big martial sister Luo Yin.

Ye Mo didn't follow. He looked around and sure no one was stalking them before standing at the side waiting for Luo Xuan. He was sure that woman was Luo Xuan's big martial sister and Luo Xuan recognized her. If it was her second martial sister, Luo Xuan will hesitate first and even ask him before going over.

That woman came to a quiet corner and looked around waiting for Luo Xuan to come over. She pulled Luo Xuan over anxiously and asked: "Luo Xuan, how can you appear at the airport without any masquerade do you not want to live?"

"big martial sister, is that really you?" Luo Xuan exclaimed in joy and hugged this woman. Although she didn't say it, she had always been worried for her big martial sister. Now that she saw her, of course she was very elated.

Luo Yin also felt relieved. She had been constantly worried for Luo Xuan and now felt a lot more relieved seeing her. But immediately, she asked: "Luo Xuan, who is that man next to you? You must not be like Luo Fei, if master knew that two out the 3 of us who came out lost our virginity, she will be very sad."

Luo Xuan's face blushed and immediately said: "Big martial sister, what are you saying. Ye brother isn't like the sort of person you're thinking about. He's very nice. And, he saved me many times. Even that Lotus Life pill I gave you last time was from him."

"Who is he? How does he have such precious pills? And why would he save you? A man being nice to a woman is definitely no good. Luo Xuan, you must not trust a man." Luo Yin said vigilantly.

"Big martial sister, sigh, even that Ni Luo Sutra was found with the help of Ye brother. how can you say that about him. Although I don't know if men are good or bad but Ye brother is definitely a good person." Luo Xuan immediately rebuked.

Luo Yin looked at Luo Xuan in shock and said after a moment: "Luo Xuan, you have never rebutted my words before but now for that Ye brother of yours, you have done so twice. Is that Ye brother really that good?"

Luo Xuan rubbed the edges of her clothes awkwardly and said: " Big martial sister, I, I really don't know how to explain it to you but I believe him. He's not a bad person, and, it was Ye brother who recognized you just then."

"what? It wasn't you who recognized me?" he has such capabilities. Has he seen me before?" Luo Yin immediately became more vigilant.

Then, as though she suddenly thought of something, Luo Yin said worriedly: "Luo Xuan, you said that Ye brother helped you find the Ni Luo Sutra and he recognized me. Then could it be him that night outside the Ying Hua temple? Luo Xuan, you're too young. Don't believe stranger's words."

As she spoke, Luo Yin's face became more and more serious. The more she thought the more she believed that perhaps the Ye guy followed Luo Xuan to the Ying Hua temple and then impersonated as Luo Fei stealing the Ni Luo sutra and then found Luo Xuan later.

"Big martial sister, don't think like that. Ye brother isn't like that. Plus, even 1000 Ni Luo Sutra wouldn't be worth anything in Ye brother's eyes much less one. Big marital sister, please, I beg you stop saying bad things about Ye brother. He's a really good person. He's the best man I've ever met." In desperation, Luo Xuan actually used the word man but as soon as she said it, she noticed it and her face blushed.

Luo Xuan didn't want there to be any misunderstanding between her big martial sister and Ye Mo from the bottom of her heart. Big martial sister was the person she respected the most other than her master while Ye brother was the person he admired the most. He saved her many times and was that nice to her. Plus, that Ni Luo pill wasn't worth anything to Ye brother. He could give the chi increasing pill that was countless times more precious. Why would he care about a mere Ni Luo Sutra.

Plus, Ye brother said the Ni Luo sutra was useless to him, and the only valuable thing was the two golden paper and she gave them to him how could he still be interested in the Ni Luo Sutra. However, she could tell her big martial sister that. The made Luo Xuan feel guilty for the first time because she hid something for her big martial sister for Ye Mo.

"Sigh...." Luo Yin sighed but didn't see anything. She could tell that this little martial sister of hers is admiring Ye brother to the bones, it was useless no matter what she said. It was just that from the bottom of her heart she wanted the person who tried to kill them to be someone else, even that Ye brother rather than Luo Lin.

"How you always been with Ye brother these few days?" Luo Yin asked casually. She could tell that her martial sister was still a virgin. This meant that they didn't do something over the line.

## Chapter 332: Marks that disappeared very quickly

Luo Xuan thought that she did stay in the same room with Ye Mo last night and now that her martial sister asked, she felt embarrassed. Her face was even burning a little. Originally, she thought it was fine and Ye Mo didn't say anything but now that her martial sister asked, she felt perhaps it wasn't so appropriate.

Luo Yin could tell that if she didn't meet Luo Xuan in time, it would only be a few days before Luo Xuan also lost her virginity. Although she didn't like Ye Mo, she had to commend on Ye Mo's means. How long has it been and even Luo Xuan was so admiring of him. She was sure that Luo Xuan met Ye Mo after moving into the new place.

Looking at her martial sister's face, Luo Xuan knew she misunderstood her again so she could only say: "Big martial sister, we'll talk about this later. Ye brother is still waiting for me over there. Let's go over first."

"Luo Xuan, tell me, if you didn't meet me, where were you going?" Luo Yin asked seriously.

Luo Xuan peaked at her martial sister's face and said without much confidence: 'Originally, Ye brother was going to Ning Hai and I was going with him, then, then...."

She thought about it for a long time and eventually didn't say that she was going with Ye Mo to the He Liu sect to kill people. If she said this, perhaps her martial sister would rage immediately.

"Okay, now you don't need to go anywhere since we met up. Come back with me immediately." Luo Yin said decisively.

"But, but...." Luo Xuan hesitated before looking back at Ye Mo and then said: "but martial sister, I've already promised Ye brother I'll be going with him...."

Luo Yin immediately interrupted Luo Xuan's words, "No, Luo Xuan, you must come back with me. So many things happened this time, and Luo Lin is already with that Qi Yulin. If something happens to you again, what would master do?"

Luo Xuan said pitifully: "Big martial sister, Ye brother was tricked before and he lost his love. If I go back on what I promised him, he would be tricked again..... so, so...."

"You're still denying that you're not in a relationship with him. What's his losing love got to do with you? You need to comfort him? As time goes on, you can replace that woman who tricked him right? No more so's, we must go back. This isn't just about you and him, it's also about the Ni Luo Sutra. Do you know how important the Ni Luo sutra is to our sect? now that we found the book, we must get news back immediately to prevent more people outside from knowing." Luo Yin said seriously.

"Big martial sister, are you preparing to go back now?" Luo Xuan didn't dare to say much after her big martial sister mentioned the sect.

seeing Luo Yin nodded, Luo Xuan fell into silence. After a while, she said while looking at the ground: "Then big martial sister, I'll give Ye brother a notice."

"Mhm, go quickly. I'll go buy the plane ticket." Then, Luo Yin also headed towards the ticket window.

Ye Mo saw the two discuss for nearly half an hour before Luo Xuan came back. He could guess some of the things that was about to happen.

"Ye brother....." Luo Xuan came over and said with difficulty. She didn't know how to break it to Ye Mo. She said that she would follow where Ye Mo went but now, she was going to go back on her words.

Ye Mo immediately understood what was going on and smiled: "Is your big martial sister telling you to go back?"

"Mhm, but I already promised Ye brother to go with you to the He Liu sect." Luo Xuan said guiltily.

Ye Mo waved his hand and said: "Then go back quickly. You know about my power so if fate brings us together again, we'll meet in the future."

"But, but...." Luo Xuan said a few buts. She really wanted to stay with Ye Mo and go around. If she goes back, she wouldn't be able to come out again. And, she felt very comfortable staying with Ye Mo and everything she wanted to was successful. She had been looking for the Ni Luo sutra for two years and as soon as Ye Mo came, he helped her solve the problem.

Ye Mo felt the dependence Luo Xuan had for him. He thought about Ye Ling and Tang Beiwei and subconsciously rubbed Luo Xuan's head. Luo Xuan's face blushed. She didn't expect Ye Mo to do this but she didn't move. She actually quite liked it.

"No buts, go back with your big martial sister. She's right. The Ni Luo sutra is very important to your sect, go back and cultivate." Ye Mo also quite liked this smart yet very innocent Luo Xuan.

He thought of when she nervously went to the 9th floor to catch the ghost and when her face when she gave him the qi recovery pill with worry. She even promised him and closed her eyes and jumped off the building. Thinking about all that, Ye Mo actually felt a little disappointed she was leaving.

"Ye brother, will I be able to see you again?" Luo Xuan saw Ye Mo's expression and suddenly remembered Ye Mo's lonely face last night and felt guilty. She was almost about to say, I can stay back with you. Although she knew that after this departure, she would never be able to see him again. She still couldn't resist asking the question.

Ye Mo came to his sense and his face returned to normal. He took out the last chi increasing pill and tens of fire ball charms and gave it to Luo Xuan: "these things don't have much use to me, you can keep that to reach earth level. And these charms, I made them. You can throw them at your opponents, you only need to say the word Lin."

Luo Xuan took the things Ye Mo gave him and said helplessly: "Ye brother, I can't take this pill. It's too precious."

"Take it. If I need it I can make it any time. As for whether or not we can see each other again, that's not important, after I'm done with my things, perhaps I will go there. Your big martial sister is here. I'm going." Ye Mo turned to leave. He knew that Luo Xuan's big martial sister doubted him so he didn't want to see her.

Luo Xuan suddenly said: 'Ye brother, wait."

Luo Xuan took out a small jade bottle from her pocket carefully and gave it to Ye Mo: "Ye brother, there's only 3 qi recovery pills here Keep them."

Ye Mo took the jade bottle. It was because of these pills that he truly understood Luo Xuan.

Seeing Ye Mo disappear from her sight, for the first time, Luo Xuan disconsolate. She had this unexplainable feeling of lost and sadness in her heart. She knew that Ye Mo wouldn't be able to get into the small world at all.

"Luo Xuan, do you like him?" Luo Yin suddenly appeared beside Luo Xuan and looked at Ye Mo and asked.

Luo Xuan was shocked awake. She quickly put the things in her hands into her pocket and said with a bursting red face: "Martial sister, what are you talking about. Ye brother has someone he likes, and, I'm a dao cultivator...."

After a while, as though asking her martial sister or as though asking herself, "Can we meet again?"

Luo Yin smiled, "Luo Xuan, you gave your most qi recovery pills to him, and you're still going to say you don't like him? Perhaps the most precious wasn't the qi recovery pill but that jade bottle."

"Martial sister, you, you saw it?" Luo Xuan's face was blushed but it was more due to longing and sadness.

Luo Yin sighed: "Let's go Luo Xuan. We're not of the same world as him. You're right. You won't be able to meet again even if he's from the outer hidden sects. Some things are best left aside, if you think about it too much you will hurt your spirit. And, the things he gave you, don't let master see when we go back or she will be disappointed."

"Mhm, I know, martial sister....." Luo Xuan looked down.

She knew that Ye Mo would not be able to enter the small world even if he knew the entrance no matter how strong he was. And after she went in, she wouldn't be able to come back out. Even if she could, it would be 50 years later. 50 years, how many 50 years can a person live?

A rumble sounded, a white passenger jet shot into the blue sky disappearing amongst the clouds. Luo Xuan could no longer control her emotions as her tears splashed on the stony ground but the mark disappeared quickly.

Luo Yin sighed and held Luo Xuan's hand: "just like the your tears on the ground, he will disappear quickly. Let us go, Luo Xuan."

....

Ye Mo saw Luo Xuan and her martial sister get on the plane and ensured there were no masters following, before turning to leave Chun An airport.

Half an hour later, Ye Mo appeared at Ning Hai. He packed away the flying sword and called a taxi returning to that house he lived at with Ning Qingxue.

Standing at the door, Ye Mo actually felt empty. His spirit sense immediately scanned that Xu Wei wasn't there. Did she move away? Her room was empty. There was nothing. It seemed she really moved away.

Ye Mo opened the door lost in thought as he walked in. there were many leaves on the ground in the yard, obviously, there hadn't been anyone to manage the garden for a long time. Only that silver heart grass on the flower pot barely survived but its dry leaves showed that no one had been caring for it for a long time.

Ye Mo silently walked to the flower pot and touched the silver heart grass with his hand gently. As though feeling something, the grass seemed a little more alive.

Ye Mo took out a bottle of water and tipped it around the silver heart grass. The water soon seeped in.

At this moment, a voice sounded from outside, "who's back, can I come in?"

Ye Mo scanned his spirit sense out and thought strangely, why would she be back?

### Chapter 333: Spirit Sense Mark

Ye Mo was sitting on the flower pot but he stood up now. He looked at the woman who came in and asked: "Jingwen, why did you come? I just came back as well."

Su Jingwen seemed more fatigued and stressed than a year ago. She was pleasantly surprised when she found that the person in the yard was actually Ye Mo, "Ye Mo, it's actually you? I thought it was Xu Wei coming back."

Ye Mo smiled: "Jingwen, long time no see. You seem not quite well recently. By the way, did Xu Wei move away?"

Su Jingwen heard the first part of the sentence and her face immediately became dull, but after hearing Ye Mo ask about Xu Wei, she immediately turned around and replied: "Yea, Xu Wei has been gone for a long time. Every time I come pass here, I would always think you or Qingxue would come back. Today, I saw the door seemed to be open so I came to ask. I didn't think you really came back. I thought I was dreaming."

Hearing about Qingxue, Ye Mo's face also went dull and after a moment, he asked: "Jingwen, you.... have you ever seen Qingxue? Did she come back to live here?"

Although he knew that Ning Qingxue probably wouldn't come back, Ye Mo still couldn't resist to ask. The reason he didn't go to Xuan Jiang first and instead came back to Ning Hai was because deep in his heart, he hoped that Qingxue had come back but the reality was she didn't. Even the silver heart grass she was taking care of died.

There was a sliver of disappointment in Su Jingwen's eyes. Just then when Ye Mo said she didn't seem to be doing too well, she actually felt happy because he cared about her. But quickly, he asked about Xu Wei and Ning Qingxue. It was as though she just came here to pass on a message.

But soon, Su Jingwen set right her mentality. She was only normal friends with Ye Mo and Ye Mo saved her mother's and her life.

Now that Ye Mo asked about Ning Qingxue, Su Jingwen still replied despite feeling a little disappointed and hurt: "Qingxue went back to Yu state after getting hurt on the streets in Ning Hai last time. She never came back again. I called Li Mumei saying that I wanted to visit her. Li Mumei told me that Qingxue seemed to have lost some of her memories but Qingxue's mother doesn't want her to remember anything, so , so...."

Although Su Jingwen didn't say why, Ye Mo could guess it. It was that Ning Qingxue's mother was scared she would remember things after seeing Su Jingwen so her mother stopped everyone Ning Qingxue knew in Ning Hai to go see her.

Su Jingwen did know something about Ning Qingxue. Li Mumei told her. It was probably that after the incident, Ning Qingxue forgot the time she stayed with Ye Mo. Seeing Ye Mo's disappointed eyes, Su Jingwen sighed. That student in her eyes before became a mature man, a man troubled by love.

At the moment when Su Jingwen saw Ye Mo's disappointed eyes, she actually had this feeling in her heart: perhaps it was because Ning Qingxue didn't love Ye Mo that deep. If she did, she would have some impressions of him, no matter how little it was.

Ye Mo suddenly thought that he still hadn't asked what was wrong with Su Jingwen since she came here. This was not very polite.

Ye Mo quickly asked: "Jingwen, I just got back and the house is a bit messy. Is there anything I can do for you?"

"Oh, Ye Mo, are you free now?" Su Jingwen came to her sense and quickly asked.

Ye Mo nodded, "Mhm, I do."

Su Jingwen immediately said: "I want to invite you to food, is that fine?"

Ye Mo smiled, "Of course. If I don't have much money on me, it should be me inviting you. You've already treated me to food once."

Su Jingwen's face immediately brightened up, "Let's go. My car is just outside."

Hearing Su Jingwen's words, he immediately knew that Su Jingwen probably didn't happen to drop by here but came here intentionally. This definitely wasn't her first time. She might have been doing this every day.

Su Jingwen's car had this faint aroma, similar to her body smell. It could be seen that she really liked this smell.

Just when Ye Mo closed the car door, Su Jingwen turned around and said: "Ye Mo, how about we go to West Lake restaurant again, how?"

Ye Mo immediately remembered that elegant and voluptuous Fang sister and the dishes with the same price for everything as well as the moment when he first ate with Su Jingwen.

"Mhm, I really like the tea Fang sister makes. Let's go there." Ye Mo nodded in agreement.

Su Jingwen started her car and didn't go far before her phone rung. Su Jingwen picked up the phone and looked at the number. She frowned and hung up.

However, her actions seemed to be of no use as her phone rung again. Ye Mo said: "Jingwen, let's swap. You sit here and I'll drive."

"Mhm." Su Jingwen stopped the car and swapped seats with Ye Mo. When her soft and plump butt passed by Ye Mo, Ye Mo reacted to it down there. Luckily it was very short.

Ye Mo felt a little awkward. He realized that he didn't have the self control he thought he did in these things. He even thought of that deep ravine on Ning Qingxue's chest at the bottom of the Shen Nong Jia cliff.

Ye Mo shook his head and cleared his thought focusing on driving.

Although she pretended nothing happened, Su Jingwen's face blushed a little.

Putting these things aside, Su Jingwen answered the phone: "Cousin, what do you want? Oh.... I'm outside with a friend now. I don't have time to go. You can go by yourself..... at night? Sorry, I don't have time at night, either. I'm hanging up...."

Ye Mo didn't ask about it. If Su Jingwen had something, she will tell him. Since she didn't, he didn't need to ask.

It suddenly became silent in the vehicle, as though feeling this awkward silence, Su Jingwen suddenly said: "Ye Mo, you are that master who sold me the charms right? Thank you. You saved my mother and you saved me."

Ye Mo also guessed that Su Jingwen probably recognized him so he didn't deny.

Although she knew that Ye Mo was the person who sold her the charms, Su Jingwen was still very excited when Ye Mo admitted it to her, "It really is you. Thank you, Ye Mo, and thank you for the bracelet you made for me last time."

Ye Mo just realized that Su Jingwen was wearing the coarse bracelet with two beads. Last time, he saw Ning Qingxue have three beads. It was probably given to her by Su Jingwen. He immediately thought about the bracelet he told Ning Qingxue to bring over, so he asked: "Jingwen, last time I asked Qingxue to bring you a bracelet. How come you didn't wear it?"

Ye Mo was curious as that latter bracelet was much better than the current one. Why did Su Jingwen wear the bad one and put away the good one? Su Jingwen hesitated before saying: "Ah, I like this one. Did you give the other for me? I'll go back and wear it on the other hand then."

Ye Mo nodded and didn't say anything. It was her business that which one she liked.

"Are you coming back to live in Ning Hai?" Su Jingwen saw that Ye Mo seemed to have something in his mind constantly so she asked.

"No, I'm finding a friend to ask where the Qi Yang mountain is. I'm just passing by Ning Hai." Ye Mo said.

"Qi Yang mountain?" Su Jingwen repeated strangely.

Seeing that Su Jingwen's tone seemed to be a little strange, Ye asked immediately: "Jingwen, you've heard of the Qi Yang mountain?"

Su Jingwen quickly shook her head and said: 'No, I don't know about it but I saw some pictures online last week . Someone went to tour at Mount Kun Lun and found a black plate. The plate had the words Qi Yang in traditional Chinese characters.

Ye Mo thought and quickly asked: "Is it just these two words?"

Su Jingwen shook her head and replied: "No, one of them is Qi Yang shadow cliff, the other is He Liu thousand river."

So it was in the Mount Kun Lun region. It seemed he still needed to ask Zhang Zhihui. They were about to arrive at West Lake restaurant and Ye Mo suddenly turned the car and followed a black Audi. He saw on his audi a youth and felt his spirit sense marker again. This marker was the one he made on the Gu bug. The Gu was on Chen Qing and he didn't expect to feel it this quick again.

Su Jingwen quickly said: "Ye Mo, the West Lake restaurant isn't this way."

Ye Mo just realized Su Jingwen was still on the car and said apologetically: "sorry, Jingwen, I just saw a very important person. I forgot this was your car. How about I get off the car first and after I'm done with this, I'll treat you to food."

Although Su Jingwen wasn't too happy, she still said: "Why are you getting off? Can't I go with you?"

"Okay, but this is purely personal. I'm afraid it will cause trouble for you." As Ye Mo spoke, he noticed that car stopped by a bar called Wei Xian.

Everyone knew what people did at bars. One rarely went there purely for drink, so Ye Mo had some concerns bringing Su Jingwen in.

Chapter 334: The Vicious Earth Fiend

"Wait, Ye Mo, I see that everyone who goes in here needs a membership card. We don't have one. How do we go in." Su Jingwen was very meticulous. She followed Ye Mo into the door and noticed that everyone in this Wei Xian had this membership card.

Ye Mo turned back and smiled: "It's fine. I have one." Then, he pulled out a card exactly the same as the person before him's.

Su Jingwen's face changed and seemed to have thought of something but eventually didn't say it and just nodded.

Indeed, when Ye Mo used the card at the door, the person didn't stop them, instead, he bowed and led them in.

"I'll have room 207." Ye Mo's spirit sense found the target in room 205 and two woman seemed to have been brought in. 207 and 205 were right next to each other.

The two went in the room, Ye Mo sent off the waitress and hung the do not disturb sign on the door.

Seeing Ye Mo close the door, Su Jingwen's heart started beating faster. Of course she knew what people usually did here, she even heard whining from one door. Didn't Ye Mo say he was following someone? Why did he bring her here?

And, this room seemed to have an intimate atmosphere, even being with Ye Mo, Su Jingwen felt a little uneasy.

Ye Mo's spirit sense immediately scanned the situation but couldn't hear any sound. He was prepared to direct the sound into the room when he turned around and saw Su Jingwen who seemed a little anxious. He immediately understood why she was so nervous.

If it was just him entering this room and closing the door, people would suspect him. If he found someone he didn't know, he couldn't let them know what he was doing. Thinking about this, he said apologetically to Su Jingwen: "Sorry, Jingwen for inconveniencing you like this, but the person I'm following today is very important so I need to know what they are doing at Ning Hai."

Su Jingwen's face eased up and fixed her hair and smiled: "It's fine. I don't have anything on anyways....." After hesitating for a long time, she finally seemed to have made up her mind and asked: "Ye Mo, did you always come here frequently before?"

Ye Mo dazed and replied: "No, this is my first time here today. What's wrong?"

Su Jingwen's eyes brightened up and asked immediately: "But how do you have this VIP card? I never saw you apply for it?"

Ye Mo suddenly understood Su Jingwen's meaning. She must not like such facilities and thought he came here frequently. Ye Mo immediately smiled and said: "When we came in, weren't there two people who happened to leave? I borrowed it from the person who passed me."

So that was it. Su Jingwen suddenly breathed easy but immediately felt shocked. When Ye Mo came with her, he didn't stop at all but he could still take someone's VIP card. This was too unbelievable. They just brushed past each other. How short was that time interval.

But thinking about Ye Mo's master identity, she understood. And that little sliver of discomfort deep in her heart disappeared. However, she immediately thought, why would she be unhappy if Ye Mo came here a lot?

Su Jingwen looked at Ye Mo again and Ye Mo was already standing at the corner. He had a small dagger in his hand and it cut into the wall like tofu. After a brief moment, the conversation next door passed in.

However, the conversation wasn't normal. It seemed to be the dirty talk between two men and women. Heavy breathing and whining sounded. Su Jingwen's face was red as an apple, even her neck turned pink. She looked at Ye Mo. Ye Mo's concentration didn't seem to be distracted at all. Her heart shook. Did Ye Mo like to hear this whining sound?

But seeing Ye Mo's serious face, she knew that that wasn't the case. It must be due to something else.

Ye Mo was indeed noticing these two men who just walked in. One of them had the spirit sense marked Gu on him but Ye Mo couldn't understand why they wanted women as soon as they came in. They

didn't even talk but were so focused into their business. If his spirit sense mark wasn't there, he really would've thought he followed the wrong person.

After a few minutes, the brawl ended and then the two girls were sent away. They put on their clothes and started drinking beer.

Ye Mo suddenly smelled this faint aroma and remembered that Su Jingwen was here. Thinking about the noise just then, he felt apologetic. He should've opened the sound later.

"Sorry, Jingwen, I didn't expect that to happen just then." Ye Mo said awkwardly.

Su Jingwen with a bursting red face glared at Ye Mo. She didn't even say "it's fine". It meant that she was really angry.

Seeing Ye Mo's troubled state, Su Jingwen took back her glare and then said: "Only this time. Next time I won't forgive you."

Ye Mo finally felt relieved a little. He wouldn't be with her next time for sure. This time was just a coincidence.

"I know you're not trying to listen to that. What are you trying to listen to?" Su Jingwen suddenly came up beside Ye Mo making Ye Mo remember her soft ass on the car. Coupled with the scene he just saw, his heart couldn't help to sway.

As though feeling Ye Mo's unusual eyes and the heat from his body, Su Jingwen immediately rolled her eyes on Ye Mo, "You're not allowed to think dirty. Even if you do, think about your Qingxue, don't think about me."

Hearing about Qingxue, Ye Mo's heart went cold. That hot feeling went away immediately. Even his eyes went sad.

Su Jingwen immediately regretted after saying it. Why did she have to mention Ning Qingxue? Ye Mo's change in expression couldn't escape Su Jingwen's meticulous eyes. She found that Ye Mo had become cold and indifferent. Those romancing eyes disappeared without a trace.

"Sorry, I didn't mean it." Su Jingwen felt more regret for her words and moved closer to Ye Mo.

Ye Mo smiled, "It's fine. I lost track of my thoughts. Thanks for reminding me."

Although Ye Mo had regained his composure, when Su Jingwen moved close to Ye Mo, she felt that Yang and refreshing chi from Ye Mo's body and actually felt a little lost like Ye Mo just then. She forgot she was getting closer and closer to Ye Mo.

Ye Mo looked at Su Jingwen and knew that she probably felt regret for her words just then but he didn't mind it that much now.

The two people next door, one only had one eye. Although both of his eyes looked normal, under the scan of spirit sense, one eye seemed dull.

Other than the one eye, the other was a robust youth. This youth was more than 1.9m and the Gu was on this youth.

"Han Zai, are you feeling better now." The one eye looked at the robust youth and said plainly.

The robust youth nodded, "Yes, 9th uncle. I feel a lot more easy now, and that feeling of worry and fear disappeared."

The one eyed smiled, "The first time I killed, I was worse than you. At that time, it was an earth red qian bei taking me to find a woman to relax. Then, each time I kill, I need to find a woman to relax. This is your first time killing. You will get used to it. You just joined the organization and you were assigned to human yellow. This means the uppers look highly of you."

Han Zai agreed and continued to ask: "9th uncle, is the qian bei who led you heaven level killer?"

One eye shook his head, "After he reached earth purple, there was no news of him again. I heard his last mission was in Africa and after that, no one has heard of him again."

"Is that qianbei living in hiding? After we reach heaven level killer we can choose our own life?" Han Zai said with longing.

One eye waved his hand and said: "We'll talk about this after we go back. We should talk about our next target now. Only us two came to Ning Hai this time. If we do things well, we may rank up. You might even rank up two levels."

Han Zai nodded and listened to one eye's instructions.

One eye took out a map, "We've been to the house Ye Mo lives at. There's no one living there. But there are really quite some people who are familiar with Ye Mo in Ning Hai. One of them is a teacher called Yun Bing in Ning Hai uni. I heard she's pretty close to Ye Mo and she has a kid too. This kid is our target tonight. There's also another woman called Su Jingwen. She's also close with Ye Mo and is also the other target of tonight."

Han Zai nodded and said: "Now I understand the terror of offending us Earth Fiend. I don't know who this Ye Mo is but he dares to act against the Earth Fiend." Then, Han Zai shook his head.

One eyed said seriously however: "Han Zai, don't worry about that. Our mission is to kill. Whoever our uppers tells us to kill, we kill. Don't even mention other things, okay?"

## Chapter 335: Conflict

Su Jingwen froze. She even forgot she was almost on Ye Mo.

Ye Mo looked apologetically at Su Jingwen and said: "Sorry, Jingwen, I brought this on you this time. These people have big feud with me. They are like mad dogs. Whoever offends them, they will annihilate. I just didn't expect that they won't even let go of the friends I know."

Hearing Ye Mo's words, Su Jingwen suddenly realized that she was just normal friends with Ye Mo and they were going after her. What tragedy would happen to Ye Mo's close friends and relatives?

"Ye Mo, your family in Beijing and Qingxue....." Ye Mo knew what she meant.

Ye Mo smiled, "They won't have a chance, at the latest, tonight. I will pull this organization from the roots."

Seeing Ye Mo smiling with killing intent, Su Jingwen's heart shook. She had never seen this side of Ye Mo. He actually had such intense killing intent. Perhaps she never really understood who Ye Mo was and only saw one facet of him this whole time.

"I'm fine. Don't worry. What should we do now?" Su Jingwen looked worriedly at Ye Mo. Although she didn't know who one eye and Han Zai were, she could tell that they belonged to an extremely strong organization.

Ye Mo stood up, "Let's go and have a chat with next door."

Su Jingwen looked in surprise, "We're going to them now?"

"Yes, we go now. I'll collaborate with them." Ye Mo nodded and said.

"But, they are all killers. How can they collaborate with us?" Su Jingwen looked at Ye Mo in confusion.

"They will." Then, Ye Mo stood up and brought Su Jingwen out of the room.

"Jingwen, how are you here? You...." At the same time Ye Mo opened his room, the door opposite to them, 206, also opened. A handsome youth with his arms around a girl who's face was still red came out and the instant he saw Su Jingwen, his face was full of shock.

Su Jingwen also dazed and after a moment called: "Wei Zheng cousin? How come you are here?"

That handsome youth almost couldn't believe his eyes. After a long time, he reacted and his face went green. He pointed at Su Jingwen with his finger and said: "Jingwen, you actually opened a room here with a man. How shameless are you? You, you....."

Su Jingwen never thought the cousin who had always been nice and amicable to her became so hideous. He actually pointed at her face and called her shameless. She said angrily: "Xie Weizhen, what's my being here got to do with you? Who are you to me? Aren't you here with another woman yourself? What right do you have to talk about me?"

"You...." Xie Weizhen felt so fury. Thinking about the woman who he had thought about for many years was being slept by another man, he could no longer control himself.

"I'm a man. I have some entertainments so what? It's just for fun on occasion. But you are so shameless coming here with another man." Xie Weizhen was irated. In his mind, Su Jingwen belonged to him, no one else could touch her. But now, he even didn't get a chance to touch her but someone else got in bed with her first.

Su Jingwen looked at Xie Weizhen who had lost his mind. After a moment, she calmed down. She suddenly reached out her hand and grabbed Ye Mo's arm and stuck closely to him and said plainly to Xie Weizhen: "Xie Weizhen, I didn't say anything about your entertainments. You are you, I am me. Am I related to you? What right do you have to tell me what to do? I like booking hotels with other people. What's that got to do with you. I love Ye Mo, so what?"

Su Jingwen was soft on the outside but tough on the inside. Once she was angered, she wouldn't care about anyone or anything. Plus, to Su Jingwen, Xie Weizhen overreacted way too much.

"Okay, okay, I thought you were very busy. You said you had things with your friend, so this was the thing? You shameless woman! Even if you want it, can't you tell me? Can I not satisfy you..." Xie Weizhen was almost going crazy with jealousy. He walked up a few steps towards Su Jingwen and slapped with his hand.

Su Jingwen who had calmed down already was triggered again by Xie Weizhen. She really didn't think that her cousin would be this crazy when he got angry. He had no sense of reason at all.

Ye Mo heard they were cousins so he didn't intervene but now that Xie Weizhen was going to hit her, he wasn't going to keep watching.

Before Xie Weizhen's hand reached Su Jingwen, Ye Mo already grabbed his wrist and slapped a few palms back. Then, he kicked.

Xie Weizhen was slapped so hard that his mouth was full of blood and a few teeth fell out. Then, he was kicked back into the room. The sound of him crashing into the ground could even be heard outside.

That woman with Xie Weizhen screamed and quickly rushed inside to check up on Xie Weizhen.

Su Jingwen was shaking with anger. Her face was pale and couldn't say anything in a long time. Ye Mo sent some chi into Su Jingwen's body to help her calm down.

"Sorry, Ye Mo, I don't feel too comfortable. I'm going back." Su Jingwen calmed down and looked apologetically at Ye Mo.

Ye Mo quickly said: "It's fine. Go back, I'll be fine by myself. I caused this to you today. Don't say sorry."

Su Jingwen suddenly looked up at Ye Mo and seemingly wanted to say something but eventually didn't say anything. She turned and left.

Ye Mo followed Su Jingwen with his spirit sense until she got on the car and left. Then, he shook his head helplessly. Su Jingwen's cousin was too much of a douchebag.

But then, Ye Mo cast these thoughts aside and knocked the door on 205.

"Who is it? We don't need any service here." One eye's coarse voice sounded.

Ye Mo suddenly pushed open the door and looked at the two who were in shock and said plainly: "You don't need service but I do."

"Who are you? How did you open this door?" one eye looked at Ye Mo in shock. He clearly locked the door, but how was Ye Mo able to open it. The sensitivity to danger of being a long term killer immediately surged up. In the twinkling of an eye, he had a black pistol in his hand.

Han Zai also looked at Ye Mo with vigilance while a triangular small spear appeared in his hand.

Ye Mo didn't seem to see their actions at all nor look at the pistol in one eye's hand. He just walked in and sat down.

After sitting down, Ye Mo looked calmly at one eye, "You're called 9th uncle right? I'm coming to save your life today but if you don't listen I don't mind sending you to hell."

"You're asking to die." Ferocity flashed across one eye's eye as he raised his pistol instantly and fired.

Ye Mo suddenly raised his hand as well and at almost the same moment one eye fired, he caught a bullet with his two fingers and his face went cold, "If you dare to fire a second shot, I don't mind embedding this clip into your forehead."

"You, you caught a bullet with your hand?" One eye's tone became shaky, even his hand was shaking.

He heard that some ancient martial arts masters could catch bullets with bare hands. But this youth who was this close to him, only a few meters, not only caught the bullet but with two fingers. Even ancient martial arts masters can't do that? Is he still human.

Ye Mo flicked his fingers and the bullet flew by almost along one eye's ear shooting into the wall behind him.

Just when one eye was more shocked, Ye Mo's cold voice sounded, "If I want to kill you, it's only a matter of one finger. If you still want to live, I suggest you not to move. My patience isn't that good. I won't forgive you the second time."

Crank. One eye's pistol fell on the ground. He actually lost his will to fight. He was a killer. What sort of people hadn't he seen before? What could make him lost his will to fight? But this youth in front of him rendered him shaking, feeling that the youth was undefeatable.

He had a feeling that no matter what tricks he had, they were all useless in front of this person. He would die as soon as he tried anything. Who was this person? When did he offend such a person?

Han Zai also looked at Ye Mo in shock. His weapon also slunk. Ye Mo catching the bullet electrocuted him too much. Was this something humans did?

"Qian bei..... you, you..." One eye felt that this person seemed familiar. He looked like that Ye Mo on the picture he was shown but this was too shocking that he didn't dare to believe.

If Ye Mo was such a terrifying person, wouldn't it be suicide trying to kill people related to him?

"I'm Ye Mo, the person you want to kill." Ye Mo smiled plainly. His tone was extremely plain.

They both felt hopeless. If this terrifying person in front of them was Ye Mo, then they had no chance of living at all today.

## Chapter 336: Subdue

The one eyed suddenly gritted his teeth. This person in front of him was indeed Ye Mo. He didn't expect Ye Mo to be such a potent being. If Ye Mo wanted to kill him and Han Zai, they wouldn't be able to escape no matter what tricks they played but he still had a sliver of hope. It was that Ye Mo wasn't going to kill them but negotiate with them. Otherwise, with his skills, he would've long killed him and Han Zai.

"Ye qian bei, I know the gap between us is big. In your eyes, perhaps I'm not even an ant. If you have any requests, please tell us but if you want us to betray the Earth Fiend then just kill me." One eyed gritted his teeth. Either way, it was going to be death so he might as well be straight forward.

Ye Mo said calmly: "You don't dare to betray Earth Fiend only because of your family or the Gu bug that makes your fear."

One eyed look at Ye Mo in shock. After a long time, he breathed out slowly: "How do you know we have Gu bugs in our bodies?"

Gu Bug was a mean for the Earth Fiend to control their subordinates. One eyed had seen with his own eye that an earth fiend killer was caught back after betraying the organization. Then, the Gu bug ate his flesh for 3 days and 3 nights. At that time, the flesh of that killer was almost eaten up but he was still howling and wasn't dead.

Ever since then, he had the belief that no matter what, he must not betray the organization.

Ye Mo smiled, " Let's not talk about the Gu bug in your body first. What I want to say to you is: do you know your final ending?"

Han Zai glanced once at one eyed and suddenly intervened: "As long as we reach heaven rank killer, we are free so my goal is heaven rank."

Ye Mo laughed and immediately said coldly: "Let's not say whether you can live to reach heaven rank but even if you do, that would be the end of your life. You should know of the Gu king, right? He controls you people with the Gu bugs. This kind of Gu bug will devour the life force and essence blood of the person you kill and digest it in your body."

"So what?" One eyed shivered at Ye Mo's words but said without willing to back down.

Ye Mo shook his head: "No biggie. It's just that after you reach heaven rank killer, the Gu bug in your body will have matured and his final feast would be the life force and essence blood in your body. Of course, after consuming you, it has finished it's task and they can be taken by your head, that Gu King to cultivate evil ways."

"You're bullshitting.." One eyed shook in terror. He even knew that Ye Mo wasn't bullshitting but couldn't help denying it verbally.

Ye Mo sneered: "I'm not bullshitting. You know it yourself. Tell me, have you really ever seen any heaven rank killer? You definitely won't be able to see one because they have been used as cultivate resource. It's that simple."

"Are you saying that the more laurels and honour we get, the closer to death we are? Han Zai asked shakily. He subconsciously felt that Ye Mo was right, very right.

"What do you think?" Ye Mo didn't explain anymore and asked rhetorically.

After long, one eyed sighed, "I've been suspecting it for a long time. Why was there not a single heaven rank killer? If they really were going to be free, they should let all the killers know. After all, we would have a goal to work for but I've never heard of a single freed heaven rank killer. Now hearing qian bei's words, I believe qian bei's words are true."

"9th uncle, this, this...." Han Zai also looked at one eyed in shock. He was speechless.

After a moment of silence, one eyed looked at Ye Mo and said: "Ye qian bei, I know it's very easy to kill us for you. I don't know why you don't kill us and still tell us the truth. We're very grateful for you but we can't betray the organization. So if you're going to kill us, please do it fast. I Yang Jiu will be very grateful."

Ye Mo said calmly: "If I was going to kill you guys, you guys would've been dead bodies long ago. Would I need to waste time talking with you?"

"But I said we can't betray the organization." One eyed struggled.

"It's because you have the Gu bugs in your bodies? Ye Mo looked at one eyed.

One eyed decided to brawl and stood up: "Yes, it's because of the Gu bugs in our bodies. Qian bei, you haven't seen these Gu bugs before and you don't know how terrifying they can be. I would rather die immediately than betray the organization."

"What if I can get the Gu bugs out of your bodies?" Ye Mo said plainly.

"What? Qian Bei, you, you really can get them out?" one eyed looked at Ye Mo in astonishment. Then, he immediately followed: "Ye Qianbei, if you can really take the Gu bugs out of our bodies, my life will be yours."

Then, one eyed knelt down on one knee. His expression was not only genuine but determined. Han Zai looked once at one eyed. Although he was bulky, it didn't mean he was dumb. He knew that if he didn't show his stance right now, he would be dead for sure. And, he never felt a sense of belonging with Earth Fiend. Thinking about this, Han Zai also knelt beside one eyed without hesitation.

"Who was the person you killed before?" Ye Mo asked one eyed.

"He's an merchant from Macau in Ning Hai...." One eyed didn't even finish and was stopped by Ye Mo, he was no longer interested.

Then, Ye Mo grabbed Han Zai's arm. He swiped with his hand and a yellow Gu bug appeared in his hand. He was already middle stage chi gathering now, and it was too easy for him to pick out a Gu bug.

One eyed and Han Zai looked at the Gu bug in Ye Mo's hands in shock. They didn't think that such a terrifying thing was taken out by Ye Mo in such a brief moment. The organization dared to kill someone like him! But immediately, one eyed rejoiced. The stronger Ye Mo was, the happier he was.

Ye Mo squeezed the bug and said: "I took out this bug from Chen Qing and let it out. It's still marked by me. Where do you think you guys can go?"

Hearing Ye Mo's words, one eyed sweated cold sweat on his back. Ye Mo was already waiting for the earth Fiend people to fall into his trap, and how funny it is that they dared to come kill Ye Mo!

Although the Gu bug in one eyed was a little more troublesome, Ye Mo only spent less than 30 seconds and took it out from one eyed.

Seeing Ye Mo take out the two bugs and put them into two jade boxes and packed them away to some unknown place, one eyed felt his skin having goosebumps. The only feeling in his heart was, this Ye Mo was so terrifying.

"How many of you came to Ning Hai?" Ye mo took out the Gu bug and then asked.

One eyed replied respectfully: "Ye qianbei, there are 3 of us in total. Other than me and Han Zai, there's one more. But, he's waiting for our news. After we finish our mission, we will go to Beijing together."

Ye Mo nodded and said: "You two, make an oath that you must not betray me." Although one eyed and Han Zai had said that they would be loyal to him, that was due to the Ye Mo's threat. Ye Mo couldn't trust the two completely so the oath was necessary.

Other people can think of oath as a joke but Ye Mo could make it become true.

After the two made the oaths, Ye Mo quickly took out a drop of essence blood between the eyebrows of each of them and made them into two restrictions before sending them back. If they were cultivators, they would be able to get rid of the restrictions by cultivation quickly. But one eyed and Han Zai were ordinary people, so no way for them to dispel the restrictions.

Although they saw Ye Mo's action, the two didn't dare to move at all.

After the two made their oaths and he finished making the restrictions, Ye Mo then said: "Now, go find that companion of yours immediately."

"Qian bei, are we going to take him here for qian bei to remove the Gu bug?" Han Zai asked immediately.

Ye Mo sneered, "Remove the Gu, do you think I'm a philanthropist? I only need you two to lead the way. As for the other person, kill him immediately, the faster the better. I don't want to wait a long time but you must use this charm. When you see him, throw it over and say lin."

The reason Ye Mo gave the two a fire ball charm was because he knew that if they didn't use the charm to kill, that Gu bug would escape. Once it did, that Gu king would be able to know very quickly. Of course, another reason was to intimidate the two.

Han Zai still wanted to say something but one eyed replied immediately: "Yes, qian bei, we'll go immediately."

One eyed felt shock and fear. If Ye Mo chose the other person, then they would be finished now. It was now he realized Ye Mo's decisiveness in killing and he also knew why Ye Mo told him and Han Zai to kill. It was a symbol of loyalty.

Ye Mo closed his eyes and didn't talk. After one eyed and Han Zai left, his spirit sense immediately scanned Xie Weizhen. He was kicked and slapped by Ye Mo but was still in his room. But from how he kept calling, he was probably calling for backup. Ye Mo sneered. If Xie Weizheng went away, then he would let it go, but if he was still going to piss him off, then he really can't be blamed.

Xie Weizheng was infuriated at this moment. Ever since he was young, he was the genius of his age. When had he got insulted like this in his life?

Although Su Jingwen had never agreed to his pursue, in his eyes, no one else could touch Su Jingwen. But now, not only was the woman of his dream slept by another man and he was slapped in front of her and even lost a few teeth.

If he could swallow the insult, then he wouldn't be Xie Weizheng. So he would have Ye Mo's guts for garters. As for Su Jingwen, she was no more than a slut but he wouldn't let her go for daring to betray him.

## Chapter 337: Seek Vengeance

Ye Mo took back his spirit sense. He really didn't consider this Xie Weizheng a threat. He was waiting for one eyed and Han Zai. If they couldn't finish the job he gave them, then not necessary to keep them alive.

One eyed didn't stay out for very long. An hour later, he had come back to Ye Mo's room with Han Zai. However, he held in awe and veneration when he looked Ye Mo. Ye Mo knew that it was his fireball charm that shocked him.

"Ye qian bei, the mission is done."

Ye Mo nodded: "Not bad. Draw a map of your HQ for me."

"Yes." One eyed sat down and took out pen and paper. Soon, he drew a rough map.

Ye Mo took the image and looked. It was indeed different to the one Chen Qing gave him last time. It seemed that the Earth Fiend HQ wasn't at where the two drew but these two places were two gathering spots.

Seeing Ye Mo frown at the map, one eyed immediately said: "Ye qian bei, when our killers are out on a mission, they will report back the situation every day. If at night someone still didn't report back, then it meant that something had happened to that killer. If we depart for Hong Kong at this moment, that person would've been long gone by the time qian bei get there."

Ye Mo smiled plainly: "I'm sure that when I arrive he won't be gone yet. You don't need to worry about it. Now I have another mission for you two. If you can do it well, then you don't need to call me qian bei, and you can go work for my company. If you can't, then I don't need to say anything else."

"Yes, qian bei, Yang Jiu and Han Zai will be able to finish the mission." One eyed heard Ye Mo's words and rejoiced. He was very smart. He knew that Ye Mo had some concerns for them two. Now that Ye Mo said this, it meant that if they did the mission well, they could be treated as Ye Mo's own men.

Just by Ye Mo's power, he felt that it wouldn't be too bad working for Ye Mo and he didn't need to worry about Gu bug.

"Okay." Ye Mo clapped: "In the room 206, there's a guy called Xie Weizheng. He was attacking my friend so I beat him up. I'm busy tonight so I don't have time to play with him. You two can treat him. I guess this guy is calling people for help. If they do things over the top, you can kill them. I will take the responsibility."

Yang Jiu immediately said out loud: "Qian bei don't worry. Such a clown I can kill in the flip of the hand." He was worried that Ye Mo looked down on his power because ever since Ye Mo walked in, they didn't

even have the ability to resist. If Ye Mo looked down on their abilities, then he wouldn't give them too important tasks so he needed to show himself and his true capabilities now. He needed to tell Ye Mo that other than him Ye Mo, everyone was a piece of cake for an earth rank killer like him.

"Okay, perhaps I will come back tomorrow. I will see what you do. That friend of mine is called Su Jingwen. She was originally the person you two were going to kill. Okay, I'm going." Then, Ye Mo left the room and disappeared without a trace.

Seeing Ye Mo suddenly disappear, Yang Jiu wiped the sweat from his forehead and gasped. Ye Mo gave him such a huge pressure. Especially that last sentence, he almost knelt down.

"9th uncle, this Ye qian bei is too strong. I've never seen someone as strong as him and that fire ball charm, it's just, it's just..." Han Zai stuttered.

Yang Jiu sunk into silence for a while before saying seriously: "Han Zai, I've gone to many places and experienced countless dangers. I've seen some tough people even some ancient martial artists. I've even killed a yellow level martial artist myself but I've never seen someone as strong as Ye Mo."

"9th uncle...." Han Zai looked hesitantly at Yang Jiu.

Yang Jiu stopped him and continued: "Han Zai, we can also take this as an opportunity. Ye qian bei is definitely the strongest person I have seen. If he can really finish the Gu king, then we can sell our lives to him and don't plot anything. We will only get stronger if we follow the strongest.

He thought of the fire ball charm Ye Mo gave him and still felt fearful. There were many strange things in this world but he had never seen a piece of paper that could turn a living person into flying dust in an instant. This was too out of this world.

Yang Jiu waved his hand and said: "As for whether this is our fortune or hell, it all depends on this mission. Su Jingwen is the target we have to protect. You can see that Su Jingwen definitely isn't only an ordinary friend of Ye qianbei. Perhaps she's Ye Qian bei's woman so we must not fail this mission."

"Yes, 9th uncle, I will listen to you." Han Zai wasn't dumb. Dumb people wouldn't be able to enter Earth Fiend. He obviously knew how important this mission was.

Yang Jiu nodded and said: "If we succeed this time, we can follow Ye Mo qian bei but if we fail, then death is the only thing that awaits us. So, even if we die, we can't let this mission fail."

"9th uncle, I think we might as well go in and do this to that Xie guy." Then, Han Zai made a cutting pose with his hand.

Yang Jiu sneered, "Can we go kill people in the open now? As soon as we kill that Xie guy, we will be hunted by the police. And if we are hunted by the police, how can we take care of Su Jingwen once that Xie guys people attack her? Our main goal is to protect Su Jingwen, not kill this Xie Weizheng. Plus, even if we are going to kill him, we must not let anyone know."

...

Ye Mo found Su Jingwen sitting in a coffee shop dazing. He didn't know about Su Jingwen's feelings towards Xie Weizheng so he didn't go interrupt her.

In Ye Mo's heart, Su Jingwen had always been his friend, a knowing friend. He didn't think too much. As to what Su Jingwen said at the door way, he treated it as anger words.

But, he felt that Su Jingwen had no feelings for that Xie guy at all. Su Jingwen wasn't as easy to talk to as she seemed. She had this stubbornness in her heart. If she had determined something, then no matter how you persuaded her, she would follow her own opinion. She was very strong-minded while that Xie guy was too subjective. It was very hard for Su Jingwen to like such a guy.

Ye Mo walked by Su Jingwen's car and opened her car door. He put a few fire ball charms on her seat before leaving quietly. Although he believed Yang Jiu's words, he couldn't believe anything completely. He still left Su Jingwen with some self protection measures.

If Su Jingwen was hurt due to him, he wouldn't be able to forgive himself.

Su Jingwen sighed and walked out of the coffee shop. She didn't know why she said such words. It wasn't because of his cousin but he was afraid Ye Mo would look down on her for saying such stuff. And,

would Ye Mo misunderstand due to her cousin's words. But, she couldn't go up to Ye Mo and explain such things. This made her very troubled.

Although her cousin's attitude and vicious words hurt her a lot, that wasn't the main thing now. She didn't even care about it at all now because she had completely seen what sort of person her cousin was. Before she felt apologetic for rejecting her cousin, but now she didn't feel that at all. She still couldn't believe that the person she met today was the cousin who was usually very gentlemen-like.

Su Jingwen opened the car door and felt lost. At this moment, she suddenly really wanted to go look for Ye Mo but didn't have the courage.

Hmm, Su Jingwen looked at the 5 fireball charms on her seat in shock and suddenly felt warm. Ye Mo came but saw that she was absent minded in the coffee shop and didn't go in, but he still cared about her and left 5 charms fearing that her cousin would do bad things to her.

Although she knew that her cousin wouldn't do something over the top, Su Jingwen still grabbed the fireball charms tightly. She was very grateful for Ye Mo.

...

Ye Mo stood on the flying sword and flew to Hong Kong like a speeding comet.

Earth Fiend was too nefarious of an organization, killed so easily. A minute that this organization existed, Ye Mo felt uncomfortable for a minute.

Ye Mo felt a little tired flying to Hong Kong because this distance was a little far. His cultivation level was still a little low. Ye Mo found a place where no one was and landed. He was prepared to rest a little bit before releasing the Gu bug and following it to the Gu king.

Chapter 338: Can't stand a blow

Just when the sky got dark, Ye Mo's cultivation essence recovered. He took out that yellow Gu bug and threw it out. That Gu turned into a yellow ray and disappeared. Ye Mo followed it with the speed as fast as the Gu. However, a few minutes later, the yellow bug flew into an mansion in a vast expanse of land.

Ye Mo scanned his spirit sense in and immediately followed.

The Gu fell into a blue clothed man's hands. The man looked like he was in his 40's but his face was very bleak and had no emotions. However, his power seemed to be not much lower than Tan Jiao. It surpassed earth level tertiary stage and was earth stage peak.

There was such a master hidden in the cities and cultivated for such a short time. Ye Mo was sure that the man had cultivated no more than 30 years. He could reach this state in 30 years. It could be seen that this person was not only talented but his cultivation method must be extraordinary too.

Ye Mo knew how hard it was to cultivate ancient martial arts, he had seen many cultivation methods for ancient martial arts and their ways of opening meridians were very trash. It was complete trash compared to spirit chi cultivation methods. Even if Ye Mo cultivated ancient martial arts himself, he would need 5-6 decades to reach earth level and during these years, he would need medicinal herbs to support it.

The blue clothed man was in his 40's but was already half way to great heaven state. It could be seen that his cultivation method was over powered. Who knew how many essence blood bugs this guy had devoured to reach this stage.

The man held the yellow Gu bug Ye Mo released as his face turned blue. He really didn't expect that the host of this bug was killed twice in such a short time.

"Who is it? You dare to kill the host of my bug. If I don't turn you to dust, then I would've wasted this 30 years of cultivation. Sha 3, come over." The blue clothed man said in anger and couldn't control his fury as he slapped the table in front of him to pieces.

A black clothed man dashed from the side and walked in front of the man. He knelt down with one knee and said: "Gu king, Sha 3 awaits your command."

The man's hideous face relaxed a little and said with a cold tone: "I planted this Gu bug a few days ago on someone called Han Zai. Since the Gu bug is here, it means that Han Zai is dead. I ordered Han Zai to kill Ye Mo's family. Since Han Zai is dead, this means that his death is related to Ye Mo. Immediately notify Sha 1 to ask Yang Jiu about the situation. Then, tell him to assemble all the killers he can. Do not leave a single person behind in the Beijing Ye family. Kill everyone Ye Mo knows."

"Yes." Sha 3 replied.

The blue clothed man sneered and looked at the Gu bug in his hand, "I, Ren Sha, will show you the consequence of offending me and killing the host of my gu."

"Wait." The blue clothed man called out and said: "After finishing the Ye family, bring those few women Ye Mo knows to Chun An. I will go there personally to humiliate them."

Then, the man's veins bulged on his head. Ever since he made his 'debut', no one dared to mess with him. Only he could go kill people, who dared to kill his men? But today, several of his men were killed by a young man in his 20's. He wouldn't tolerate such a thing.

Sha 3 just reached the door and was kicked back by a huge foot retreating tens of meters as he smashed into the blue clothed man. He spat out more than ten mouthfuls of blood and just died like that. A Gu flew out and landed on the blue clothed man's hand.

The blue clothed man's iris quickly retracted. One kick and his personal guard Sha 3 was dead. This man was definitely a dreadful being.

He looked up and saw Ye Mo who walked in through the door slowly. His face was calm as though he didn't kick that foot and Sha 3 fell over himself.

"Who are you?" Although everyone who went to kill Ye Mo knew what Ye Mo looked like, this blue clothed man had never seen Ye Mo's picture. He didn't know Ye Mo and from the bottom of his heart, he didn't want to lower himself to know Ye Mo.

Although he didn't know Ye Mo, from how Ye Mo kicked Sha 3 to death in one kick, he knew that this youth would definitely be able to threaten him. Although the youth wasn't as strong as him, he shouldn't be far from him.

He didn't want to start a conflict with such a person. There was no benefit for him. Thinking about this, the blue clothed man said: "I have no feud with you. Why did you start trouble at my place and kill my disciple? Am I supposed to be scared of you?"

Ye Mo sneered, "Who am I? No feud? I'm the Ye Mo whom you were about to kill everyone related to. Tell me if we have feud?"

"You are Ye Mo?" the blue clothed man's face changed. It went from bleak to astonishment. He knew that Ye Mo's power wasn't bad and had a few killing blows but was at most black level power so he didn't care at all.

As for Ye Mo killing many people of the He Liu sect, the news hadn't reached him yet. But when he saw Ye Mo today, he realized that he couldn't even tell how strong Ye Mo was.

Only his trusted loyalists knew this place, no one knew that he lived here. How did Ye Mo find him?

Thinking about this, Ren Sha's heart sunk. He killed through any means necessary and was very vengeful and often killed many innocent people. However, he had his own standards and that was the people who he killed had to have no threat to him. If they did, then he would resist it and try to avoid conflict until he had the power to take them out from the roots.

But there were too little people in this world who could threaten him and just listening to Ye Mo's age, he would know that Ye Mo definitely had no threat to him. But when he saw Ye Mo, he realized that he had made a big mistake.

Ye Mo was not only a threat to him but a being no lesser than him. He didn't want to mess with such a person. If he knew that Ye Mo was this strong earlier, he wouldn't intervene with Ye Mo's matter much less kill everyone near him.

Ren Sha's sixth sense was very strong. Although he didn't think Ye Mo was a match for him, he didn't want to take risks. If he had another 3 years, he could reach great heaven stage. By then, Ye Mo would be an insect in his eyes.

Then, another two men rushed in, their appearances were similar to the Sha 3 Ye Mo just killed. The two men walked up to Ren Sha and knelt down saying: "Gu king, we just received news that Lu Min died in Ning Hai, and Yang Jiu and Han Zai are nowhere to be seen."

"You killed everyone I had in Ning Hai? You were just in Chun An in the morning. How can you go to Ning Hai to kill people? And then how can you appear here?" Ren Sha's eyes turned fierce. He had seen Ye Mo's means and he didn't want to continue this with Ye Mo, but Ye Mo was the person who kept killing the hosts of his Gu bugs. This made him infuriated. He had already forgotten what his killers went to do at Ning Hai.

Ye Mo sneered and raised his hands. Two wind blades and the two men who knelt down on the ground were also killed by Ye Mo. Two Gu bugs flew out quickly landing in Ren Sha's hands.

"You...." Ren Sha could no longer hold in the anger and raised his hands. More than ten different coloured rays charged at Ye Mo.

Ren Sha wanted to use Gu bugs to attack him. Ye Mo sneered and shot out a chi swirl. All the Gu bugs were trapped by the chi swirl. Before they could come out, they were burnt to crisp by Ye Mo's fireball.

A putrid smell came and they turned to flying dust falling everywhere.

Ren Sha looked at the ground filled by dust in shock. He was dumbfounded. There were indeed people who could counter his Gu but not this easily. It had been less than 3 minutes and they were all gone. In that instant, Ren Sha knew that the distance between him and Ye Mo was way too great. To the extent that he couldn't even stand a blow. Ye Mo was a great heaven master. No matter how much he didn't want to admit it, he was sure Ye Mo was a great heaven master. If he wasn't, he wouldn't be able to kill his Gu so simply and easily.

"I'm not a match for you." All the Gu bugs were killed by Ye Mo. Blood seeped out of the corner of Ren Sha's mouth. Although these Gu bugs lived off other people's life essence, they were still cultivated by him. His spirit was affected when so many of them were killed.

Ye Mo walked up a few steps slowly and said: "Of course you're not a match for me. I don't need you to remind me."

"Before I die, can you tell me how you found me?" Ren Sha's eyes showed desperation.

Ye Mo knew that Ren Sha couldn't just give up like this but Ye Mo wasn't afraid of anything Ren Sha had planned. In his eyes, this Ren Sha was at most the same as Tan Jiao. If this man didn't have the Gu bugs, even Tan Jiao could instant kill this man.

"Your yellow Gu. I captured it and I let it go. Of course it can bring me here." Ye Mo said plainly. Then, he raised his hand and let out a wind blade.

Ren Sha looked dumbly as Ye Mo chopped off one of his arm without a sound. He didn't even feel any pain. He couldn't understand how someone could follow the Gu bug. What speed would that be?

But the moment his arm was chopped off, he reacted. He raised his hand and shot out a black ray. Then, he retreated a few meters back and rammed into the wall. This wall actually fell apart.

Chapter 339: If you don't die, I can't rest easy

After Ren Sha rammed into the wall, he disappeared in that extremely short time. Ye Mo didn't have time to check where Ren Sha went because in that instant, he felt danger.

That black ray exploded with the chi of destruction in front of Ye Mo. Ye Mo stood on the flying sword and rose to the sky without any hesitation.

Rumble, almost at the same time, there was a loud explosion. That grandiloquent mansion turned into rubble.

Ye Mo stood in mid air looking at the rubble. He was shocked by this explosion. He didn't expect the Gu king to still have such a card. If he was just a bit slower, even if he wasn't blown to pieces, he would be heavily injured.

Such a lethal mean. Ye Mo looked at the smoking mansion. No one inside could survive.

This wasn't ancient martial arts mean nor cultivation mean. That black ray was definitely technological. Ye Mo was sure that even chi gathering tertiary stage cultivator wouldn't be able to take that explosion easy. This thing was much stronger than a grenade.

There was the sound of the firefighters. Ye Mo's face sunk. He knew that since this Gu king used such means, it meant that he didn't die at all. If he had to die, he didn't need to ram into the wall.

If his sword didn't slice off one hand of his, perhaps Ren Sha would've escaped without any damage.

The reason that Ye Mo didn't kill him immediately was that he wanted to pull the entire organization from its roots. He didn't want to just kill the Gu King. Since he came, he needed to kill them all. He just didn't expect the Gu king to still have such traps.

Nevertheless, Ye Mo wouldn't be scared. He scanned out his spirit sense. Moments later, Ye Mo found a deep trench behind that wall.

This trench was very deep and was well designed. Ye Mo estimated that it was about 100 meters deep. The mechanism was designed like this: once the wall was rammed, the trench would appear. Once someone dropped down, a net would catch the person and release him to the bottom. Then, there would be a transport tool at the bottom.

Although Ye Mo hadn't seen this tool, he was sure it must've been taken by the Gu King.

Knowing Gu King's escape route, Ye Mo didn't go down there however. He was thinking of a way in mid air. He couldn't just go into the tunnel like that. This place was excavated by the Gu king. If he planted a few more of those bombs like that, he would be heavily injured even if he managed to survive.

Thinking about this, just when Ye Mo wanted to leave, the fire brigade was here.

Rumble. There was another loud bang and not far from here. There was a huge explosion rupturing from the bottom of the ground shaking over a nearby building.

So vicious. Ye Mo looked at the explosion not far coldly. He wanted to kill this Gu king more desperately. If he followed up just then, he wouldn't be able to escape that explosion no matter what. It could be seen that this Gu king was really calculated. He could dig such a long tunnel underground. From this, it could be seen that not only was his wealth astonishing but he was also deeply connected.

Normally, who dared to dig such an underground tunnel in this busy city other than the government.

But since this was exposed, perhaps another bunch of corrupt people would be pulled out.

Ye Mo didn't care about this. He went invisible and took out another Gu bug. He marked with spirit sense and let it out. Then, he followed up.

.....

Dozens of kilometers from the exploded mansion, in a private manor, Ren Sha appeared from an underground elevator with a pale face.

At this moment, he had lost an arm but felt lucky to be alive. The setup he had made many years ago finally came to use. If he didn't have an underground escape route, he would've been killed by Ye Mo now.

"Ye Mo, if I don't kill you, I swear I'm not a human!" Ren Sha said with full of killing intent.

He didn't expect Ye Mo to be this scary. He couldn't resist at all under his hands. Although he had many means that he hadn't used, he didn't think he could beat Ye Mo.

He didn't even think that last blast could kill Ye Mo. If Ye Mo died that easily, then he wouldn't be so hard to deal with. But it was best if he was killed by that blast. Even if it didn't, Ren Sha estimated that Ye Mo would be injured at least.

No matter how Ye Mo was, he wasn't going to let him go. After his hand recovered. He would teach Ye Mo a lesson that he would never forget. However, in the depth of his heart, he still hoped that Ye Mo followed him into the underground tunnel and was killed in the explosion.

"Gu King...." Another man walked over and knelt down on one knee. His facial expression was very reverent. As for his broken arm, it was as though he didn't see it.

"Immediately prepare a helicopter, I need to leave here." Ren Sha said coldly,

"Yes." This man replied and quickly left. In a short while, there was the sound of a helicopter in the field.

Ye Mo followed the Gu bug, running around for a while before eventually coming to a private manor. Just when he came in, he saw a helicopter rise up. Ye Mo packed away the Gu and followed the helicopter with his flying sword.

The helicopter landed on an island in the southern sea. This island belonged to Ren Sha. It was his place for cultivation and holiday. Now, it was for refuge.

Ren Sha walked off the helicopter. His broken arm had stopped bleeding, the medicine he used were all top grade. It's just that he was injured the most this time, this made him very angry. No matter if Ye Mo was killed, he wasn't going to give up his plan of massacre.

"Ye Mo, I swear here today, that if I don't kill everyone around you, I...." Ren Sha didn't finish and was interrupted by a voice.

"What do you plan to do?" Ye Mo's cold voice sounded by Ren Sha's ear.

Ren Sha turned around and looked at Ye Mo who suddenly appeared as though he was a ghost. He was completely frozen. Regardless of whether Ye Mo knew about this private island of his, even if he did, how could he come here this rapidly? He took a helicopter, could he fly or something?

"you..... are you human or ghost...." Ye Mo's sudden appearance exceeded Ren Sha's understanding. He couldn't imagine a live person teleporting from Hong Kong to this island.

Ye Mo sneered, "weren't you just making an oath to kill me? What, you're scared now that I'm here? I'm here for you to exact revenge."

Ren Sha's heart sunk into the bottom. He knew that Ye Mo was really here. His power exceeded his comprehension. Although he didn't know how Ye Mo came here, he knew that he had no chance now.

"How can you let me live? whatever you say, I can do it. I'm willing to be your animal." Ren Sha understood the situation and knelt down without hesitation.

Usually, it was always other people kneeling down to him but now, this was the first time that he knelt down to someone else to live. he was willing to do anything to live. he looked down and was desperate. He saw that behind Ye Mo's back, his henchman had taken out an assault rifle from the helicopter and was about to shoot at Ye Mo's back.

At this moment, Ren Sha's heart was beating rapidly but he didn't dare to expose his thoughts. He just wanted his men to open fire quickly.

Ye Mo didn't even look and just threw out a fireball.

Rumble, the helicopter and the man aiming at him all erupted into flames rushing into the air.

Ren Sha saw the explosion a few meters away, the searing heat had burnt his hair but his heart became cold again.

Ye Mo didn't seem to see the helicopter burning not far away. He wasn't affected at all and just looked at Ren Sha plainly and said: "I would never let out a mad dog to bite again. If you don't die, I can't rest easy. To me, you're just an ant."

Looking at Ren Sha who still knelt on the ground, Ye Mo smiled, "If you tell me how to pull your organization from its roots, perhaps I will give you a quick death."

"I'll fight to the death with you." Ren Sha suddenly rushed up pulling a soft axe from his waist and hacked towards Ye Mo's lower dan tian.

Ye Mo had seen soft whips and swords but this was the first time seeing a soft axe. But Ren Sha had lost an arm, no matter how quick he was, he wouldn't be able to reach Ye Mo.

Ye Mo waved his hand and the other arm of Ren Sha fell to the ground. The axe was kicked back by Ye Mo and it happened to ram into Ren Sha's leg and slicing it off like tofu.

Ye Mo took a step forward and slapped on Ren Sha's head yelling coldly: "tell me, I want to kill all of Earth Fiend, what method do you have?"

Chapter 340: Sha 1

Ren Sha showed struggle in his eyes but it was just a moment before he was lost and murmured: "I have a Gu king. if something happens to my Gu king, all the Gu bugs under me will attack their hosts and fly back."

It was actually that simple? Ye Mo once again saw the struggle in Ren Sha's eyes and was amazed at his power. He quickly asked: "Are you the leader of the Earth Fiend organization?"

"No, Earth Fiend was created by Sha 1. After I came, I planted a Gu in him making him serve me." Ren Sha replied very quickly this time.

Ye Mo didn't expect that this internationally renowned Earth Fiend was actually a puppet organization. In that case, he didn't have any reasons to hesitate. Ye Mo took out a dark green ball from Ren Sha. There was a Gu bug lying there. The essence blood and life force on this Gu bug was much stronger than those other ones Ye Mo destroyed.

Ren Sha had also completely woken up. He saw Ye Mo hold the Gu king and his face rapidly changed. He knew that he had no way out now and his heart was full of resent.

It had never occurred to him that someone he thought he could kill easily eventually killed him without even leaving him a chance to escape. The unwillingness in his eyes was deep.

Ye Mo suddenly thought of the He Liu sect incident and asked: "Did you notify the hidden sects that I got the blood coral? How did you notify them?"

As if knowing that he would still die anyways, Ren Sha stopped saying anything but was secretly trying to shatter his aorta.

Ye Mo scanned his spirit sense and immediately knew what Ren Sha was trying to do. He tried to save his soul by committing suicide. Ye Mo didn't give it second thought before throwing out a fireball that surrounded Ren Sha.

Ren Sha was stunned. He had already considered Ye Mo to be the most dangerous person but didn't expect that he could tell that he tried to protect his soul. Was Ye Mo even human?

"I won't let you go even if I'm a ghost..." this was the last howl from the fire.

Ye Mo said coldly: "You won't have the chance to be a ghost, but now, you won't die yet. You can stay in that fire for a while."

Finally, Ren Sha's eyes showed that all hope was lost. If he had another chance, he would rather offend the entire hidden sects than Ye Mo. His eyes gradually became dead.

Ye Mo looked at the Gu king in his hand. If he was just going to kill it like that, he felt it was a waste. He knew that although this Gu king was very low caliber in the cultivation realm, it was quite strong on Earth.

Although he felt it was a waste, Ye Mo still enveloped the Gu king in a fireball. He knew that even if he kept it, he couldn't keep it alive. He had no clue as to how to keep gu.

The Gu king struggled in the dark green ball, but in the fire, its struggle was a waste. Half a minute later, it finally stopped struggling and was turned to ash with that dark green ball.

At the same time, in dozens of places on earth, those Earth Fiend killers were all attacked by the Gu bugs. In a very short time, they turned into bloodless bodies and the Gu bugs disappeared into the skies.

Ye Mo sat on the small island. Gu bugs kept flying back, Ye Mo knew this was because Ren Sha hadn't died yet.

When it was day break, Ye Mo had burnt all the Gu bugs. Looking at Ren Sha who was on his last breath, he threw over another fireball and this Ren Sha completely disappeared from the world.

But when the Gu bugs attacked the hosts, in an underground chamber in a temple in Hong Kong, a pale faced man sat on the ground using his power to resist the devour of the gu.

He was the original head of the Earth Fiend, Sha 1. Different to other people, he knew from the beginning that he was turned into a tool for cultivation for the Gu king. When the time was right, he would be consumed.

But knowing was one thing and avoiding it was another. He knew that if the Gu king didn't need him to serve, he would've been long gone.

The moment that the Gu king's mansion was destroyed, he knew his chance had come. The Gu king always killed people and now, he finally met his end. Sha 1 was waiting for this opportunity. The moment the mansion was destroyed, he brought his two men to the underground basement.

Although Sha 1 was controlled by the Gu bug, he used his connections and had much better information than Ren Sha.

Ren Sha was very vengeful, ever since he came to the Earth Fiend. This organization was completely different from before, it had turned into a retribution machine.

So, Sha 1 thought of all the ways he could to help the Earth Fiend find strong enemies, and this time, they messed with Ye Mo. Ye Mo was too young and he didn't look well on Ye Mo but after investigating Ye Mo, he became hopeful of Ye Mo. He hid Ye Mo's true capabilities from Ren Sha, just so Ren Sha could annoy Ye Mo.

As expected, things developed as planned. Even Sha 1 didn't expect Ye Mo to act so fast. Ye Mo was in Chun An in the morning and at night, he had come to Hong Kong.

Sha 1 brought two men into the underground basement. He knew that Ren Sha had an underground escape route. Even he didn't know how to get in. Just when he thought Ye Mo couldn't kill Ren Sha, the two men and him starting experiencing attacks by the Gu bugs. This made Sha 1 very surprised and joyful. He knew that only when the Gu king was killed would such thing occur.

So when the Gu started the attack, Sha 1 also started his resistance. For the past decade, he had been constantly thinking of ways to resist the Gu devouring. Finally, he thought of a way. Mutilation.

He forced the Gu into one arm and cut off that arm. Then, he quickly went into the metal room and closed the door. After eating the blood essence of that arm, the Gu couldn't find Sha 1 and flew off with the other Gu bugs.

Although Sha 1 lost an arm, he forced out the gu bug and was very happy. He didn't dare to stay in the underground basement and quickly fled.

....

The instant Su Jingwen packed away the charms, she remembered what happened when she came. She was too angered by her cousin, that's why she left. She thought about what happened with Ye Mo and her cousin and just remembered Ye Mo saying something about someone trying to assassinate her.

Since those people were going to assassinate her, it meant that they wouldn't let Ye Mo go either. Then, what would happen to Ye Mo? But in the turn of an eye, Su Jingwen realized that she was too hysterical. If something was going to happen to Ye Mo, how could he come here and give her the fire ball charms. Knowing Ye Mo's power, since he knew that there was someone trying to assassinate him, he would have a way to deal with it.

Although she thought of this, Su Jingwen still felt a little guilty. She left before due to anger and didn't even care about Ye Mo's situation. She wondered if Ye Mo would come back.

Su Jingwen sat in the car and waited for a long time but still didn't see Ye Mo. She started up the car disappointedly. At this moment, her mood was a little bad. It was because the cousin who had grown up with her become so rude, turning into someone she didn't even recognize. Was that still the cousin who helped her no matter what? She just couldn't put aside the words her cousin said today.

Su Jingwen shook her head and tried to cast these things aside. She knew that no matter how Ye Mo handled the assassins, it wasn't suitable for her to stay outside. Thinking about this, Su Jingwen didn't hesitate to drive home.

When Su Jingwen got home, she saw her cousin talk with her mother in the living room. Her face immediately changed.

Seeing Su Jingwen come back, her mother Mu An smiled and said: "Xiao Wen, your cousin has been waiting for you a long time, he says he has business with you."

Su Jingwen rubbed her forehead and said plainly: "Mum, I don't feel right today, I'm going to rest." Then, she didn't even look at Xie Weizhen and just turned to leave.

Mu An looked strangely at her daughter. Although her daughter had always not really liked Xie Weizhen, she had never behaved like this today. Although Mu An wanted Su Jingwen and Xie Weizhen to be together, she still respect her daughter's thoughts.

"Jingwen, it's my fault today. I came to apologize. Please forgive me. I'm sorry." Xie Weizhen saw this and stood up apologizing. His tone was very genuine and serious.

"Xiao Wen..." Mu An subconsciously thought it was her daughter being a little too grumpy. Even if Xie Weizhen did something wrong, he came up here to apologize. What else can't they sort out?

Su Jingwen looked coldly at Xie Weizheng, " You pointed at me calling me a shameless woman. Why are you apologizing to me? Leave. I don't have you as a kin anymore. You don't need to say anything else, Xie Weizheng. Go."

Mu An heard Su Jingwen's words and her face also sunk. No matter what happened between the two, what right did Xie Weizhen have to call her daughter shameless.
