Chapter 421: Pirates

Shawn was a pirate, sure, but he wasn't the kind of pirate that doesn't understand anything. He only needed one look at those people that were kicked down to notice that not even one of them was swimming in the ocean. That could only mean they were all killed by this person.

Compared to pirates, this man killed much faster. Them pirates would first show off a bit and try to scare those whom they were about to kill, yet for this man killing seemed as easy as taking a breath. His face didn't even change one bit, as though killing was completely normal to him.

Thinking about this, Shawn kneeled to the ground uncontrollably. He was a pirate and sure, he could kill people, but that didn't mean he didn't fear death.

Ye Mo didn't bother with Shawn and nodded at Eden who climbed up. Then, he looked back at Silver who appeared, "Qingxue why do you have a big bird following you?"

Ning Qingxue woke up from her joy of the reunion with Ye Mo and recounted what had happened at the sulfur island.

Ye Mo was shocked listening to this. If Ning Qingxue hadn't acted so fast, then she would've been dead because of the power of nature, and he wouldn't even be able to get revenge for her.

Seeing Ye Mo worry, Ning Qingxue quickly grabbed his hand and said, "Those things are over. My greatest fortune now is to be able to see you again. Sorry about last time, I-"

Ye Mo smiled and stopped Ning Qingxue from talking. He didn't blame her. He knew Ning Qingxue well, and he couldn't blame her for that seeing how she'd lost her memories. Ning Qingxue was actually more emotional than him. He could tell from how she went to the Flowing Snake desert and to Shen Nong Jia.

Once she was in love, she wouldn't even care about life. She was a very extreme person, at least when it came to love. When she had been willing to accept Luo Ying, Ye Mo had completely accepted her. Usually, those extreme girls wouldn't be able to tolerate other women being with their man, but after

hearing Ye Mo's words and knowing that she was the one who came later, she wondered instead whether Luo Ying would accept her and not whether she could accept Ye Mo.

To most people living in this era, her decision would seem unacceptable, yet she hadn't hesitated at all. Although this was due to her family's influence, it was still heavily related to her immense love for Ye Mo.

This was why Ye Mo loved her so much. She was very similar to him in this aspect. If it weren't for his master, Luo Ying, Ye Mo believed that Ning Qingxue would be the best partner for him. The longer he stayed with her, the more he was melted by her love. Other than Ye Mo, no one knew Ning Qingxue had this passionate side to her. Perhaps in other people's eyes, she was a prideful and cold person, but Ye Mo knew that that was because others didn't understand her.

Ye Mo saw that Eden went to find a rope to tie up Shawn. Shawn was helpless and could only cooperate.

"You call it Silver? That's a strange name," Ye Mo pointed at Silver who cowered behind Ning Qingxue's back and asked.

Silver seemed to know that Ye Mo also had that chi that he liked on Ning Qingxue, but Ye Mo was more powerful, so it didn't dare near Ye Mo.

"Uhu, because I saw a silver plum leaf pattern on her chest I called her Silver," Ning Qingxue leaned on Ye Mo's side and said.

"Silver plum leaf?" Ye Mo suddenly reached out his hand and grabbed this big bird, investigating its chest.

Silver immediately whimpered upon being grabbed by Ye Mo. Ning Qingxue saw that there was also anger in its eyes and quickly patted it, saying, "Don't worry, he won't harm you."

Ye Mo put down Silver and frowned.

"Can you see something? I feel like it looks like an eagle," Ning Qingxue said.

Ye Mo shook his head, "It's not an eagle. Eagles wouldn't be like this. It looks more like the mythical blue phoenix to me."

Seeing Ning Qingxue confusion, Ye Mo explained, "This is just my guess, I'm not basing it on anything much. But it's said that the blue phoenix is a bird born for love; they spend their entire lives searching for their fated counterpart. They are born from the world and have a silver plum leaf pattern on its chest, implying that its birth might be related to the silver plum leaf. I just grabbed it and it chirped in anger because it's a female bird. Blue phoenix's plumage are supposed to be blue like the sky though; this bird is different.

Hearing Ye Mo say that it was female, Silver chirped in anger again as though protesting. Ning Qingxue quickly took it in her arms, and it finally calmed it down.

"Qingxue, why are there so many minor ghosts on that ship?" Ye Mo immediately saw clearly what was on Ning Qingxue's ship.

"You can see them?" Ning Qingxue asked in shock. She also knew that ship wasn't clean but couldn't see anything.

Ye Mo nodded, "Your power is still low, but when you reach stage 3 of chi gathering, you will be able to see minor ghosts too. Right now, you're only at the peak of stage 1."

Ning Qingxue finally understood why she couldn't see anything but didn't ask why there was one black shadow she could see. She would tell Ye Mo about it later.

"Those minor ghosts didn't do anything to me, I think we can just let it go," Ning Qingxue said.

Eden found the spare time to walk up to Ye Mo and put up his thumb, "Your wife is so much prettier than my Daphne, you're really amazing. This is the first time I've seen such a beautiful woman."

Ye Mo didn't answer Eden's words and walked up to Shawn and slapped him on the head. Then, he told Eden, "Ask him what he's doing here and where his base is."

Shawn didn't have the guts to hide anything and spilled everything.

Eden was starting to get the picture soon, but before he could explain to Ye Mo, Ning Qingxue already said, "That Shawn guy said they came to find their leader. They belong to the Skull Pirate Organization and have been planning to hijack the biggest luxury cruiser Bema and bring large amounts of wealth and women to their base for half a year already. But halfway through, there was some mist, and the two ships were separated.

Eden didn't expect Ye Mo's wife's English to be this good. Her translation was spot on.

Ning Qingxue continued, "When Shawn brought the women and wealth back to their base on Peng Shi Island, they found out that their leader hadn't come back. They left the wealth and women at the island and came out searching for their leader. Then, they met me here because the ship I was on belongs to their leader."

"Qingxue, how come you were on that ship in the first place? Also, what happened that day? I know you went to find your mom, and she's fine now, so don't worry about it," Ye Mo said.

"My mom's fine," Ning Qingxue's heart felt relieved. Although she hadn't mentioned it out loud, her worry for her mother was always there. Even though her mother had told her to avoid contact with Ye Mo, she was still her mother. Not to mention, her mother wasn't trying to harm her.

Seeing Ye Mo nod, Ning Qingxue recounted everything that had happened after she boarded the plane.

Ye Mo nodded; this was pretty much conform to what he had investigated.

Eden was still shocked, he wouldn't have expected the Japanese to be bold enough to do something like this. Abducting this many scientists!

Everything was pretty much clear now, other than how the leader had disappeared. Ning Qingxue knew a little about how the leader disappeared, but she didn't say anything.

Ye Mo gave Eden a look and said, "You can give this information to the Pentagon, I believe they will be interested."

Although Ye Mo really wanted to go eradicate that Black Sun Empire, his joy of seeing Ning Qingxue made him just want to bring her back and not go around fighting anymore. Letting the Americans fight the Japanese was more ideal.

"I would still like to save Daphne, and since you're this powerful..." Eden looked hesitantly at Ye Mo. He knew Ye Mo was strong, but Ye Mo had found who he was looking for already. He didn't know if Ye Mo would be willing to help him find Daphne.

Ye Mo of course knew what Eden meant. Although he didn't want to go to that Peng Shi Island, Eden was a good person. Even after being hit by a cannon, he didn't run away with the boat. They were both here to find people, he couldn't just brush it off and leave after getting what he wanted.

Ning Qingxue looked at Ye Mo in confusion. Ye Mo told Eden's story to her. Looking at Eden's pleading eyes, Ning Qingxue thought that Eden must be feeling quite similar to how she had felt the Eden before.

Chapter 422: Don't Want to Leave You

Ye Mo only needed to look briefly at Ning Qingxue to know that she agreed to him saving Daphne.

He immediately turned around and told Eden, "In that case, come on the fishing ship. This ship isn't too convenient."

Shawn looked at Ye Mo with fear and said, "This ship has motors too..."

Eden quickly translated Shawn's words. Ye Mo waved his hand and said, "Then, Eden, tell Shawn to pilot the boat and not to try to play any tricks on us."

Although he didn't know the location of the Peng Shi Island, Shawn still piloted the boat for two days and said there was still some way to go. Ye Mo realized that the island was indeed in the middle of nowhere.

On the 3rd day, Eden suddenly ran to Ye Mo to tell him that he had found the US patrol ships with the radar aboard. Ye Mo could guess that these ships had probably come to find the missing Bema, but since the pirate ship had managed to scan them, this meant that they must have also discovered their own ship.

"Oh, Eden what do you think?" Ye Mo asked Eden. He knew that Eden would probably want to contact the US navy and use them to annihilate the pirates.

Eden immediately said excitedly, "Of course, contact them immediately. With their help, not only can we save Daphne, but also other people. What is more, the Japanese shenanigans will be exposed."

Although Eden knew that Ye Mo was very good at fighting alone, he felt the US navy was more reliable when it came to going to the pirate's cove.

Ye Mo nodded, agreeing with him. "Okay, Eden, control Shawn and then take the ship towards the US navy. In fact, we don't need to go to them, as long as we don't avoid them, they will come over."

"Okay, I was also thinking that too. Why control Shawn though? He doesn't dare to do anything with you here." Eden asked with curiosity.

Ye Mo shook his head, "No, I'm about to leave with my wife. I hate the US navy, goodbye."

"But if you drive the ship away, will I have to go on the lifeboat and row from there?" Eden cried. He was kicked off the boat many times, and so he thought Ye Mo was kicking him off the boat again.

Ye Mo smiled and patted Eden's shoulder, "Of course not, I'll take the lifeboat, you don't need to. Keep piloting the ship until you meet with the navy. Hurry up and control Shawn!"

At first, he thought Ye Mo was joking, but he didn't see any signs of humor in his expression. Eden gulped and said, "Are you serious?"

Ye Mo pushed Eden, "Yes, hurry up."

After Eden finished controlling Shawn, he found Ye Mo with his wife and that bird standing on a small inflatable raft.

Eden didn't have time to think where Ye Mo had got that raft from. He simply said, "It's too dangerous for you to go like that in the middle of the sea. I'll take you with the ship, get on."

But as soon as he said that, the raft started to move very fast and was immediately gone.

"I don't even know your name yet." Eden called out.

But Ye Mo's raft was gone.

"It's like he is an angel God sent to save me..." Eden got immersed in his imaginations, and quickly stood at the head of the ship making a cross on his chest.

Ning Qingxue didn't know why Ye Mo had left the ship but she didn't ask anything. To her, being with Ye Mo was the most important thing.

Ye Mo held Ning Qingxue in his arms, "We don't need this raft anymore, let's go."

Ning Qingxue's body softened as Ye Mo held her. In that moment, she was sure that she was really with Ye Mo and that it wasn't a dream. Perhaps Ye Mo had taken her to the raft to be alone with her and have an intimate moment. But even if Ye Mo took her to float over the ocean, she wouldn't mind.

She was just really really happy she was with Ye Mo. She didn't feel the need to keep her mannerisms, she felt she could rely on Ye Mo. She put her arms around him. In that moment, she actually thought of the two primitive people she had seen on the island and her body started to warm up. However, Ye Mo grabbed Silver, summoned his flying sword and took off into the sky.

Silver saw that Ye Mo could fly and immediately laid on Ye Mo's shoulder chirping crisply.

Ning Qingxue was woken up by this loud and clear chirp. She looked up and saw she was still in Ye Mo's arms but standing on a huge sword. This sword was flying in the air at a very fast speed.

"Ahh!" Ning Qingxue exclaimed subconsciously. The fire in her body went away. Was she still dreaming? Otherwise, how could she be flying. If she was dreaming, she hoped that she would never wake up.

Ye Mo felt Ning Qingxue's changing positions and shaking, so he held her tightly. Then, he said slowly, "Qingxue, don't worry, I'm at the chi gathering middle stage and I was lucky enough to gather the materials for making a flying sword. That's why I can fly, so don't be scared."

Ning Qingxue stared at Ye Mo with surprise and joy, "Are you saying this isn't a dream? This is real?"

Ye Mo caressed Ning Qingxue's hair and then said, "Of course this isn't a dream, I won't let anyone harm you again. Those two daoists from Tai Yi, I won't allow them to get away just like that."

"En. Actually, ever since meeting you, nothing else matters. I feel like I'm dreaming, I'm actually flying." Ning Qingxue murmured, her hands held Ye Mo tighter. She couldn't even tell if this was real or fake.

"Qingxue, there's something I want to tell you, but, but..." Ye Mo was hesitant. He really wanted to tell Ning Qingxue about Susu. Although he had told her that there was Luo Ying from his past life, but he didn't expect her to be Ning Qingxue's aunt. Ye Mo didn't know what to say.

Although this aunt wasn't related to her by blood, it was still her aunt. In a country where customs are taken very seriously like China, Ye Mo knew it was an important matter. If it was on Luo Yue continent, this would be very normal.

Ning Qingxue saw Ye Mo hesitate and smiled. She kissed Ye Mo on the cheek and said, "You already say I'm your woman, why are you still hesitating?"

Seeing Ning Qingxue like this, Ye Mo made up his mind. "Last time I told you I have someone I love from my past life, she's called Luo Ying. I already found her..."

Ning Qingxue was dazed and immediately said, "Did you find Sister Luo Ying? Will... is she alright?"

Ye Mo knew Ning Qingxue wanted to ask if Luo Ying would accept her, but she just asked if she was okay.

Ye Mo nodded, "She's doing well, but due to some misunderstanding, she has left for a while. But, but..."

"But what?" Ning Qingxue saw Ye Mo acting like that and began to worry. She was afraid Luo Ying didn't like her.

Ye Mo bit his teeth and said, "Luo Ying is your aunty, Susu, so, I..."

Ning Qingxue froze. She didn't expect it to be her aunty. That day, when she had seen her aunty come out from the tent with Ye Mo, she had had this feeling. Now that Ye Mo said it himself, she knew her premonition had been accurate.

"Aunty?" Ning Qingxue repeated subconsciously. Her mind was a little chaotic. Although her aunty wasn't blood-related, she didn't know how to feel about having married the same man as her aunty.

Looking at Ning Qingxue, Ye Mo sighed, "Sorry, Qingxue, I really didn't expect things would be like this. There are many things that I can't tell you now, but those things really can't be controlled by humans."

Seeing Ye Mo say this with heavy expression, Ning Qingxue suddenly felt better. Why should she worry about this? Susu wasn't her biological aunty. When she had been about to die, she had made up her mind that no matter what, as long as she could see Ye Mo, she would give up everything. In that case, why should care about this small thing?

Thinking about this, Ning Qingxue suddenly put her arms around Ye Mo's neck while she reached her tongue stiffly into Ye Mo's mouth. Ye Mo got happy because Qingxue's reaction, he could see that she didn't even care about it. His reply was also a little stiff. Both were new to this.

Ning Qingxue's body became softer and softer, Ye Mo's heart also burned with fire. If they hadn't been in the air, perhaps both of them wouldn't have been able to control it. Silver chirped unhappily on the side, as though it felt unhappy for being ignored.

Ye Mo also got focused. He thought of Luo Ying. Although he had accepted Qingxue, he couldn't do things that would betray Luo Ying before he found her.

"Thank you, Qingxue." Ye Mo hugged Ning Qingxue tightly.

Ning Qingxue shook her head and said quietly, "When I got back my memories you, I made up my mind. No matter what, I can lose anything but you. Sister Susu has no blood relations with me, but even if she were my real aunty, I think I wouldn't want to leave you."

Ye Mo's heart beat quickly, it was wounded with many holes by Ning Qingxue's words. He knew Qingxue was extremely emotional, but he didn't expect her love for him to be this unrelenting. Perhaps when she said this, she hadn't thought about the consequences. But this love that didn't consider consequences made Ye Mo feel her persistence, and also have a heavy burden in Ye Mo's heart.

Chapter 423: Each Having Their Own Calculations

As Luo Yue grew bigger, almost all the pharmaceutical companies could buy the company's shares. Even if they weren't a subcontractor, they could get benefits out of it due to being related to their own subcontractor. Except Yuan Bei corporation.

Not only their young CEO had fail at being selected, he was also called names and kicked out. He had become a joke. Not only a joke in the pharmaceutical industry, but also a joke among civilians.

If Yuan Bei's problems could be helped, they still wouldn't be the number one pharmaceutical corporation in Asia. What is more, even if Yuan Bei could, their young CEO couldn't.

But, Yuan Bei no longer needed to resist it anymore, because Luo Yue had raged at them first. They seemed to have great enmity with Yuan Bei. Not only did they kick Yuan Qibing out of the conference in front of the whole world, they also said that those who collaborate with Yuan Bei corporation, will not be accepted in Luo Yue.

Bam- Yuan Qibing slammed the table. Before their corporation could do anything, this newcomer had dared to set them up. It was outrageous.

What made him angrier was that the men his father had sent to capture Ning Qingxue happened to be on the plane that had gone missing.

"Luo Yue, okay, okay.... Since I can't have Ning Qingxue, I will use Yu Miaodan instead. Although you're a bit old, but it makes you dirtier in bed..." Yuan Qibing's tone was cold, the veins in his head popped out.

A man in his 50's walked in saying calmly, "Bing, you're too impetuous." Behind him there was a middle aged man of medium build in his 40's.

Yuan Qibing quickly got up, "Dad, Uncle Ping, you're here."

The man in his 50's was the CEO of Yuan Bei corporation, Yuan Zhirong. Uncle Ping was Yuan Zhirong's right hand. Many years ago, Yuan Zhirong had saved Che Weiping from death. In order to pay back this debt, Che Weiping pretty much sold his life to Yuan Zhirong and changed his name to Yuan, becoming Yuan Weiping.

Yuan Zhirong sat down and said, "it's said people plan things and the heavens decide about them. This failure is just bad luck, not a misplay on our side. But I'm surprised that a mere company like Luo Yue dares to attack us. They are just newcomers, how dare they attack us!"

"Dad, do they have very strong support?" Yuan Qibing calmed down. His annoyance was truly due to the loss of Ning Qingxue.

Yuan Zhirong shook his head, "I told Weiping to investigate, he didn't find any strong governmental support. There are two CEO's in Luo Yue, one is Zang Jiayan, a retired soldier. However, Yu Miaodan's origin was a bit strange. Up until now, I still haven't found out where she comes from. The only concern is that recently Ye Ling of the Ye family appeared in Flowing Snake. This Ye Ling might be related to Luo Yue's higher ups. Perhaps the reason Fei Yu was chosen was because of Ye Ling.

Yuan Qibing was dazed, "Beijing's Ye family? They are supporting Luo Yue, doesn't that mean we can't get revenge on Luo Yue?"

He was thinking that if the Ye family protected Luo Yue, then it would be hard to get Yu Miaodan to bed. Although the Ye family wasn't as big as before, it was still significant.

Yuan Zhirong shook his head, "Ye Ling is nothing to worry about, she can't represent the Ye family. She's representing herself. What is more, the Ye family can't even cope with themselves, much less with Luo Yue. If the Ye family was involved in pharmaceuticals, then we would need to be careful, but they aren't."

Yuan Qibing nodded. He understood what his father meant. It's said that there was an internal conflict going on in the Ye family. Ye Weiqi and Ye Weijin, who both had high positions in Beijing, had been kicked out. Ye Wenqi died in less than half a year. Plus, the old man, Ye Beirong, had retired and the Ye family has no successful younger generation. They could only push Ye Zifeng, who was in his 20's, to be the new family leader. So, although the Ye family still had the name of the 5 big families of China, it was declining. But even so, they weren't something the Yuan family could compare with.

"Luo Yue is acting like a little kid, saying that those who cooperate with us will be excluded from cooperation with them. Hmm, do they think that they can win like this?" Yuan Zhirong sneered.

Yuan Qibing opened his mouth. He was about to make a statement saying that those who collaborate with Luo Yue would also never be considered by Yuan Bie. Now that his father put it like that, it was indeed immature.

But then, Yuan Zhirong seemed not to see his son's expression and continued, "Bing, you can also make a statement saying that those who collaborate with Luo Yue will never be considered by Yuan Bei."

"Dad, this way, won't we be as immature as Luo Yue? You just said..." Although he wanted to say that, he felt his father's words were right. They can't deal with things immaturely like that.

"Immature? I will let them know that we're also as immature as them. I want to see who can be more immature." Yuan Zhirong sneered.

Then, he continued, "Weiping, spread immediately a few rumors denigrating the beauty pill, at the same time, also spread a few rumors saying that those who take the healthy pill will lose organ functions. We must have specialists prove this as well. I will contact the department of hygiene and medicine. If can't destroy them completely, I won't need to do business anymore. At the same time, I will let journalists go

promote for Luo Yue. Weiping, you need to remember, you must make the victim believe that it's due to the pills, we can't buy this favor. "

"Dad, are you saying that we should pretend we're immature and that we want to fight with Luo Yue, but then secretly attack from behind?" Yuan Qibing had a surprised look on his face. Although he also wanted to do this, he felt it was harsh. Father would use the government and the media together, and then use victims to step on Luo Yue. This was much easier.

Then, Yuan Qibing suddenly thought of the Ye family. Although they were on decline, it still was something the Yuan family shouldn't mess with. Thinking about this, Yuan Qibing immediately said, "Dad, if the Ye family...."

Yuan Zhirong waved his hand and said "Bing'er, just do as I tell you, Ye family won't help Luo Yue. Even if they do, they will be dealt with. Furthermore, the current Ye family leader, Ye Zifeng, is very conservative. It is highly unlikely they will intervene in this, but I really hope they do."

Yuan Zhirong sneered. In him Yuan Qibing saw the face of being a mastermind, this gave Yuan Qibing a huge confidence boost. He felt he still needed to learn a lot from his father.

"Dad, last time you sent people to Flowing Snake, then..." Yuan Qibing thought of the two things his father had said last time and couldn't help feel his dad was had planned this all along.

Yuan Zhirong waved his hand, "Your uncle Ping will take care of this, you don't need to worry about it."

....

Compared to Yuan Bei corporation's schemes, Yu Miaodan seemed calm. Even if Ye Mo didn't call back, she was planning to attack the Yuan Bei corporation, and with more reason if Ye Mo called for her to target them.

So the day Ye Mo called, Yu Miaodan immediately held a high-level meeting.

Yang Jiu had accomplished a lot recently, and was allowed in this meeting. But as soon as he came, he said something that shocked everyone. It was that he and Han Zai would go kill the Yuan family father and son.

To be honest, although Zang Jiayan and they didn't like Yang Jiu's suggestion, Yu Miaodan was touched. It would indeed be a clean cut if they did it. She came from the mafia, so she didn't mind that. But Zang Jiayan came from the military and he strongly rejected this.

"I feel that recently, there have been a lot of anonymous people appearing in Flowing Snake. They all seem to be investigating our corporate secrets. I think it's important to attack the Yuan Bei corporation, but it's also important to protect our corporate secrets." Xu Ping said carefully.

He wasn't earth level yet, only black level middle stage. Although he had a chi increasing pill, he needed to reach black level peak before he could use it. The reason he was this careful was that he had found a lot of ancient martial artists amongst the people who had come to Flowing Snake. He didn't mention this fearing to cause panic.

"Does Brother Xu also feel this way? In fact, I've long been feeling this too. I feel like we need to establish a system in Flowing Snake. Otherwise, this is too chaotic, random people can come in and out of Flowing Snake casually", said Yu Miaodan frowning.

Zang Jiayan sighed, "Establish a system? Flowing Snake is the borderland between 3 countries. 80% of our land belongs to Lu Se and 20% belongs to Vietnam. If we overtly rule there, then we're declaring independence. Neither Lu Se nor Vietnam would allow this. Can we fight against two countries?"

Mo Hai sighed, "In fact, I'm afraid we've already caught the attention of those two countries. Flowing Snake was a barren place before, but now it's getting more and more prosperous. I feel like Lu Se is about to do something. However, Ye Qianbei still hasn't come back yet. I wanted to mention it but I didn't know what to do."

Chapter 424: Join

After Mo Hai's words it was deadly silent. Neither Yu Miaodan nor Zang Jiayan spoke. It wasn't that they hadn't thought about it, but they hadn't expected Luo Yue to prosper that rapidly and have people preying on it.

If it was just a person, a corporation or even a gang, it really wouldn't matter. But if it was two countries, could a small corporation put a fight against two countries?

Furthermore, legally, it was their land.

Seeing the atmosphere get tense, Yu Miaodan waved her hands and said, "Let's not talk about this for now, let's talk about the Yuan Bei corporation."

"That's easy, they think they're an older pharmaceutical brand and don't consider us on their level. It's very easy for us to cripple them." Mo Hai spoke.

Seeing everyone look at him, Mo Hai continued, "Their core product is called the Heart Safety Serum. The main ingredient for this is ji wu. There are very few amounts of it anyway, so we can mass buy ji wu and make them short on supply.

Secondly, the other main product of theirs is called Dew Powder. It's a skin whitening product. Although our beauty pill is countless times better than that, we have no advantages in terms of price. If we push out a similar product to that using the beauty pill's name, the Dew Powder would be no match for us."

Hearing this, Yu Miaodan sighed. Mo Hai had grasped the core for defeating Yuan Bei corporation. Although Luo Yue had a lot of talent, they didn't have a single commercial expert like Mo Hai, who knew all about the industry's situation.

To be honest, even she had started out as a gangster. They couldn't keep going like that, she needed to hire new talents.

....

Hong Kong, Xu Yue Hotel. It was Xu Yuehua's hotel. It was very significant to have a 5 star hotel in Hong Kong, Xu Yuehua had been fighting in Hong Kong for about 20 years so she had seven of these in Hong Kong and mainland China. Three of them were 5 star hotels.

Ever since Lu Si had come to join her, she had indeed investigated the Fu family's four brothers and knew it was the best time to join Ye Mo. After this, perhaps even if she wanted to change her mind, Ye Mo wouldn't want her anymore. Although her capabilities were good, she could tell with her experience that Ye Mo didn't like people who kept changing minds.

She was 36 now and, if she wasted time, she would get old soon. She already had money that she couldn't even finish spending, but what's the point of earning that much money. She suspected that Ye Mo was already great heaven level. If Ye Mo really was great heaven, then it would be very easy for him to get revenge for her.

Xu Yuehua clenched her fists, she decided to contact Flowing Snake.

Xu Yuehua's secretary walked to the door and knocked, "Sister Hua, two guests arrived at the hotel. One claims to be Sister Hua's friend, he's called Ye Mo, there's also another girl with him..."

"Huh..." Xu Yuehua suddenly stood up, 'Ye Mo had arrived?' "Quick! Invite Mr Ye in, oh, wait I'll go over myself..."

As soon as Xu Yuehua spoke, she heard Ye Mo's voice outside the door, "CEO Xu, no need for that, I'm already here."

"Senior Ye, please take a seat. A Zi, quickly go make some tea." Xu Yuehua nervously invited Ye Mo and Ning Qingxue into the office. She didn't expect Ye Mo to come there himself.

Ye Mo smiled, "CEO Xu, you can just call me Ye Mo. Qingxue, this is Xu Yuehua, CEO Xu, I told you about her. CEO XU, this is my wife, Ning Qingxue."

The reason Ye Mo hadn't taken Ning Qingxue back to Ning Hai, and came to Hong Kong instead was that he still had some business there. That was why he had come to see Xu Yuehua, but it was also due to Xu Yuehua that he had managed to find her so quickly this time. He could see how valuable was Xu Yuehua. His company Luo Yue had just started and he needed people like Xu Yuehua.

"Huh, Ye... You found your wife..." Xu Yuehua didn't finish the sentence, she then saw Ning Qingxue. She had seen Ning Qingxue in pictures before, she was a very pretty girl but when she met Ning Qingxue in

real life, she was instantly shocked. She didn't know if Ye Mo had been looking for Ning Qingxue because of her beauty, but Ning Qingxue was the prettiest girl she had seen.

Xu Yuehua wouldn't say about herself that she is beautiful, yet she was rather confident on her looks. But looking at Ning Qingxue, she felt she was just average.

Ning Qingxue had changed into a blue dress, her silky black hair fell on her chiseled shoulders. With that jade-like skin and beautiful face, one couldn't help to feel enchanted by her upon sight. The milky white necklace on her chest still emitted a faint ray, making her seem serene yet out of this world.

If her eyes weren't always on Ye Mo and she hadn't that heartfelt joy on her face, Xu Yuehua would have thought she was a goddess.

There was actually such a woman. Even she,, as a woman got a great impression of her, she couldn't image what men thought. Xu Yuehua finally understood why Yuan Qibing thought that way, no wonder.

Ning Qingxue smiled and shook hands with Xu Yuehua. She knew that people who saw her for the first time were astonished. But after looking at her for a long time, one would get used to it. Yet still, the workers in her company were always shocked from her beauty. That's why she just gave all the duties to Li Mumei; to avoid awkwardness.

Xu Yuehua smiled awkwardly and laughed at herself, "Mrs Ning is too pretty, I can't even help myself. Haha." Knowing this, she felt less shocked about the fact that Ye Mo had found Ning Qingxue.

"Sister Yuehua, just call me Qingxue from now on." Ning Qingxue knew that since Ye Mo had come here just for Xu Yuehua, she was no ordinary deal.

Ye Mo sat down, drank some tea and Xu Yuehua asked, "CEO Ye, I would like to join Luo Yue corporation. I've thought about it, but after investigating some things, I'm also a little confused."

To Ye Mo, it was really good news that Xu Yuehua joined Luo Yue. Her abilities had no match. She was much more capable than Western Sand, an entire organization, but no one had the power to use her.

Ye Mo nodded, "Tell me your concerns."

Xu Yuehua organized her thoughts and said, "I've sent people to investigate at Flowing Snake but I found that I wasn't the only one, there were also a lot of people investigating Luo Yue. Luo Yue is too lucrative, it has caught the others' attention. Of course, the reason Luo Yue could sustain itself until now means that there are people that can deal with this kind of people."

Ye Mo nodded, Xu Yuehua hadn't disappointed him indeed. She hadn't even been to Flowing Snake, but she already knew people were investigating there. Indeed, Luo Yue was too unprotected at Flowing Snake. But he could see from Xu Yuehua's tone that it wasn't just that.

As expected, Xu Yuehua began speaking again, "The main thing is that I found that Flowing Snake is situated between China, Vietnam and Lu Se. Hence, 80% of the land belongs to Lu Se. Lu Se has only been established there for 30 years or so. I think that once Flowing Snake flourishes, Lu Se won't let Luo Yue stay in Flowing Snake. Or, they will try to get benefits from Luo Yue. If this is the case, I would rather the latter. But Flowing Snake is also a part of Vietnam's land."

Ye Mo heard this and took her even more seriously. It's not that he hadn't thought about this, but as a cultivator, he never really considered this a big issue. Now that Xu Yuehua mentioned it, he had to think about it. If the military came to take Luo Yue, should he give up or not? There was no way he was going to give it away, in which case, they would have to start a war.

He could disregard a small country like Lu Se but if Xu Yuehua wanted to join Ye Mo, how could she not care. She also knew that no matter how strong Ye Mo was, could he face a whole country?

Ye Mo smiled and looked at Xu Yuehua, "Then, what is your opinion?"

Xu Yuehua said adamantly, "I have two ideas. One, the company moves away immediately, Second, we negotiate with them to buy the land. If it were before Luo Yue had been set up there, it would be easier, but now it's harder."

Chapter 425: You Overestimate Yourself Too Much

Ye Mo nodded, "You take this as a way of knowing that I was right about you. But don't worry about it. Since it was me who dared to open factories at Flowing Snake, I also have the ability to settle things. Is there anything else?"

Hearing Ye Mo's words, although Xu Yuehua was still doubtful, she could only suppress it and continue, "There's an organization in Hong Kong called the Hong Kong Four Strange Looks. The leaders of this organization are four brothers, but these brothers are cruel and heartless. Even Jiao Bianyi doesn't dare to easily offend them.

I suspect these four brothers might try to harm CEO Ye, the reason is due to your chi increasing pills. Since the last time you left Western Sand, they have spent a fortune to get a South East Asian organization to make laser bombs, and they've been collecting information about you."

"Laser bombs?" Ye Mo frowned. Thinking about it, he remembered when he killed Ren Sha.

If laser bombs were the ones Ren Sha had thrown last time, then he might get hurt if he wasn't careful. If many of those bombs went off at the same time, the consequences would be serious.

But Ye Mo thought there wouldn't be too many of those bombs.

Seeing Ye Mo frown, Xu Yuehua continued, "The Fu brothers might have a real ancient martial arts cultivation method. And, I suspect their big brother, Fu Youjin, is yellow level."

Ye Mo nodded and said, "Thank you, Sister Yuehua, I will go visit these four brothers later."

Xu Yuehua heard this and she rejoiced that Ye Mo considered her on his team now.

Ye Mo had definitely approved Xu Yuehua's intelligence capabilities. Although he didn't even consider the Four Strange Looks a threat, if they really had the laser bomb and ambushed him, he could be fine, but what about Qingxue? If Qingxue got hurt again, would killing them solve the problem?

Ye Mo turned around and said to Ning Qingxue, "Qingxue, stay with Sister Yuehua for now. I'll be back soon, you can call home to say you're safe."

....

In a mansion in Hong Kong, the four brothers gathered to discuss attacking Ye Mo.

"Fourth Brother, you're right, as soon as Ye Mo returned to Hong Kong, the first place he went to was the Xu Yue Hotel", Fu Youyin said with excitement.

Fu Youhai nodded and said with confidence, "That day Ye Mo met with Xu Yuehua, it must have been because he wanted to hire her. Although Black Widow is a bit greedy, she has good abilities. Ye Mo must have given her some time to think about it. If he couldn't find that Ning Qingxue at sea, the first thing he would do is to come see that Xu Yuehua."

Fu Youjin frowned and said, "Fourth Brother, I have a bad feeling about this. I heard that he didn't come back alone this time, he brought a girl to Xu Yue hotel. That girl is very pretty, I think he might've found Ning Qingxue already."

"Big Brother, that's impossible. The plane was gone and so many people didn't come back, how come did he find Ning Qingxue? Is he a god? Is he stronger than the US government?", Fu Youyin immediately said.

Fu Yousan said, "Big Brother, I also didn't agree to attacking Ye Mo before, but since we made a decision, we can't keep changing minds. It's too early and we haven't prepared yet."

Fu Youhai nodded, "It's a bit early indeed, and we only got one of those laser bombs. If we wait another week, we can get two more. That's like a mini nuclear bomb. I think that even if Ye Mo is earth level, he wouldn't be able to escape."

"Do you think Black Widow knows about us buying the laser bombs? She knows everything in Hong Kong. If she hears about this and tells Ye Mo, then it would get dangerous." Fu Youjin said with worry.

"Big Brother, you're worrying too much. Let's not discuss whether she knows about it. Even if she did, would she think we're trying to attack Ye Mo?" Fu Youyin argued.

"En, let's do this. But from the pictures we got, the woman next to him is just too pretty, I will have this woman." Fu Youjin said, making up his mind.

"Big Brother, are we lacking women? The first thing we should do is think about how to get the bomb to Ye Mo's hands. As long as we do that, we will be successful." Fu Yousan said.

Fu Youhai smiled, "It is very simple, we'll package the bomb and give it to Xiao Lan. Let Xiao Lan give it to Ye Mo and say it's from Xu Yuehua. Xiao Lan is Xu Yuehua's trusted person, I don't think Ye Mo would question it."

"Yeah, the moment Ye Mo has the bomb in his hands, we will detonate it immediately. This is a good method..." Fu Youyin agreed.

"No..." Fu Youhai shook his head. The rest of them looked at him and he smiled bleakly, "Those who cultivate to Ye Mo's stage all have a natural instinct for danger. I think we should let Xiao Lan walk in front of Ye Mo and then detonate it. With its power, anything within 10 meters won't be able to escape."

Fu Yousan said hesitantly, "But this way, won't the chi increasing pills be gone?"

Fu Youhai sneered, "Detonate it a little further away and the pills might not be blown away. Even if they do, it's fine."

"How does that work, Fourth Brother?" Fu Youjin asked.

Fu Youhai said plainly, "I've investigated Ye Mo. Luo Yue is probably his, and his chi increasing pills are made there. Even if we annihilate Ye Mo, why would the workers at the factory stop, Big Brother? Perhaps we could get the recipe for the pills, and that would be a fortune."

"Great." Fu Youjin clapped and immediately said, "But this way, poor Xiao Lan, I quite like that woman. She's also always kept an eye on Xu Yuehua, it's quite a pity for her to die."

"Big Brother, didn't you already say that the woman next to Ye Mo is yours? Why would you care about a mere woman like Xiao Lan? Once we all have chi increasing pills, even Xu Yuehua will be ours. What can she do to us? By then, we'll go on her together." Fu Youyin said.

"Hahaha," the four brothers laughed in agreement. Obviously, they were very happy with Fu Youhai's plan.

But before the four had finished laughing, there was a monotone clapping, "Not bad, the plan is very good but you overestimate yourselves. Even if you got the bomb in my hands, you would injure me at most."

"Ye M- Ye-Qianbei...", the four brothers stood up at the same time and looked at Ye Mo in horror. They really couldn't understand how Ye Mo had come in this meeting room. This was their most secretive place. There were many guards, and anyone who approached it within 20 meters would be found.

The fact was Ye Mo had appeared in front of them, but no alarm was set off.

"Xiao Lan, is it you? You traitor, how dare you bring him in..." Fu Youyin looked at the girl next to Ye Mo and hissed in anger.

The girl spat and said, "I belong to Sister Yuehua, I stayed here just to help her investigate things, how am I a traitor? Furthermore, even if I didn't work for her, you animals want me to die with the bomb! Why should I listen to you? And, Brother Ye brought me in today, not the other way around."

"Huh..." The four brothers looked at Ye Mo all at the same time. They really didn't understand how he had come inside; could he turn invisible or something?

Ye Mo thanked Xu Yuehua more and more. If it wasn't for her reminder, he might not have avoided their plan, what if they had injured Ning Qingxue? What is more, Ye Mo had seen the power of the laser bomb, it could indeed harm him.

What made Ye Mo the angriest was that they had schemed to take Luo Ye. Although Ye Mo knew that with Xu Ping, they all would be fine, these four still pissed him off.

As though they knew this was their only hope, Fu Youhai took out a black ball and raised it, "Ye-Qianbei, I know it's our fault for trying to attack you. We're willing to take back our words. If Ye-Qianbei disagrees, we will all die together."

Then, his other hand grabbed the controller.

Ye Mo sneered, "What right do you think you have to negotiate with me?"

Fu Youhai wanted to say something, but he suddenly felt his two wrists aching. He looked down subconsciously and immediately realized that both of his hands had been cleanly cut off.

Chapter 426: Snow Mountain Ancient Tomb

Fu Youhai only dazed around for a moment before the blood from his broken wrists shot out like a jet stream. Immediately, he fell on the ground unconscious.

The moment Fu Youhai fell on the ground, the other three came back to reality and all looked at Ye Mo in shock. When they saw the bomb and controller in Ye Mo's hands, their minds went blank. They'd tried to rate Ye Mo as highly as possible, yet they eventually still underestimated him. They didn't even know when Ye Mo made a move nor how he had taken the bomb and controller. Xiao Lan even almost fainted.

Due to the mindblowing Chi Increasing Pill, they tried to gamble, but before the gamble even started, they had already lost.

Fu Youyin shivered.

The first to stand up and talk was Fu Youhai. He knew that in front of Ye Mo, they were mere insects. Regret was the only thing they felt now. If it wasn't for the encouragement of second and fourth brother, he wouldn't have thought about ambushing Ye Mo. With Ye Mo's power, even if they had succeed, they might have not been able to kill Ye Mo. He was just too powerful!

When they made their plan, they only had eye for the might of the Chi Gathering Pill but failed to calculate the might of Ye Mo properly, nor would they have expected Black Widow to plant Xiao Lan next to them.

"Ye-Qianbei, we had eyes but didn't see Mount Tai. We're willing to give all we have and merely beg Qianbei to have mercy on us," Fu Youhai said; he knew he could only beg now.

Ye Mo sneered, "You're the Hong Kong Four Strange Looks aren't you? I really don't understand how your dog balls got so big! You saw me kill that Bao Ya, yet you still dared scheme for my Chi Increasing Pill?"

Ye Mo really couldn't understand. As long as they had at least a bit of brains, they shouldn't have risked it no matter how greedy they were, unless there was really something worth throwing away their life for. With their status, something that could attract them wouldn't be some ordinary thing.

Hearing Ye Mo's words, a sliver of hope appeared in Fu Youhai's eyes. He immediately vowed, "I'll gladly tell the reason why we wanted the Chi Increasing Pill as long as Qianbei has mercy on us."

Ye Mo sneered, "You don't have the right to negotiate with me; you have 3 seconds to start talking, or else you can go ahead and keep it a secret forever."

"Ye-Qianbei, please don't attack, we'll talk," Fu Youyin spoke before Fu Youhai.

Hearing this, Fu Youhai sighed. He knew that whether or not they said it, they'd be goners this time.

Ye Mo's face remained unchanged, and he didn't speak, but he really did want to know why the four of them had been willing to plot against him.

Seeing Ye Mo not speak, Fu Youyin quickly explained, "15 years ago, us brothers started making a living out of tomb raiding."

"This career wasn't too bad, but because the country got too strict about it, and because there was too much competition, the job had got harder and harder. After doing it for a few years, just as were

planning to quit, a friend of big brother's told us that they found an ancient great tomb. Hence, we arranged to raid that tomb together with big brother's friend and his wife. It's unknown what era the tomb owner was from, but we found two skeletons at the entrance of the tomb that had been dead for an inestimable amount of time. On these two skeletons, we found an ancient martial arts cultivation method. The book was made of unknown material, managing to survive the times. We speculated that the two must have been fighting over something and ended up killing each other. We could tell from the tools on the ground that they were both tomb raiders."

Ye Mo questioned in contempt, "Since you didn't go in, how do you know that the tomb is so significant?"

Fu Youjin continued, "Because the entrance had a huge door, the door was truly grand, but what shocked us the most was that at the top of the door there were 9 luminous pearls embedded into it. We thought that luminous pearls were of a mere thing of legends, yet that time we really saw luminous pearls. The light was very soft and felt very comfortable. It didn't feel like we were underground at all. We thought if these invaluable pearls could be embedded into the door, then what's inside must be more significant."

Ye Mo nodded, "Continue."

He hadn't suspected this. Other people might not have seen the luminous pearls, but he had seen all too many. But a luminous pearl on Earth was worth a fortune, much less 9 of them!

Fu Youjin didn't see any greed in Ye Mo's eyes at all and felt even more horror. If Ye Mo had shown greed, he would've been able to use the location of the tomb to threaten Ye Mo, but now that didn't seem to be possible.

Fu Youjin quickly said, "My friend saw that pearl and immediately charged over but before he even got there, he was shot dead by arrows. This tomb was boobytrapped! We thought of many ways afterwards but couldn't get the luminous pearl. But perhaps we tried out too many things; the raiding tunnel we dug was about to collapse, so we quickly got out and as soon as we did, the tunnel caved in.

"You never went back in again?" Ye Mo stared at Fu Youjin and asked.

Fu Youjin shook his head, "We didn't dare go back in because when we came out, it appeared that everyone's backs had been scratched by a ghost. We were thinking of trying other ways to enter again, but after cultivating that ancient martial arts cultivation method, we realized how powerful it was, so we decided to go in again after all having reached yellow level. On top of that, for those in the tomb raiding profession, if they have their backs scratched by ghosts, they can't go into a tomb within ten years. If you do: certain death.

Therefore I started thinking, 'If we all reach yellow level, we won't be afraid no matter how powerful the boobytraps in the tomb are.' But it's been 12 years later and other than me, the other 3 haven't reached yellow level. Then we saw Qianbei with the Chi Increasing Pill, so we..."

Ye Mo's spirit sense scanned their backs, and indeed; they all had red scars. It seemed that was from when the ghost scratched their backs.

"You said you guys went in with a couple. You four are here, and the man of the couple died, but where's the last person?" Ye Mo's asked plainly. The reason he asked this was because he wanted to know if news of this tomb had spread out.

"The other woman had been there too, but after her husband died, we ended up separating. We don't know where she went," Fu Youjin quickly said.

"Hmpf!" Ye Mo sneered, "You're lying."

Hearing this, Fu Youjin immediately began to sweat and just when he wanted to continue talking, he felt some wind hit at his head. Before he could even notice that it was a due to a broken hand kicked over by Ye M, he turned muddle-headed.

"Where did the woman go?" Ye Mo asked coldly. He also wanted to see this tomb but if news of it had gotten out, he wouldn't need to go, because it would've already been searched.

Hearing this, Fu Youjin replied expressionlessly, "We brought her back with us and all had a go on her before killing her."

"You really are animals!" Xiao Lan couldn't hold it and cursed.

"That woman's husband was your friend! Her husband died yet not only did you not help her, you actually raped and killed her. Scum! Trash!" Xiao Lan was infuriated.

Ye Mo also felt saddened. People as cruel as this weren't common even in the cultivation realm. If they were afraid of this woman leaking the news, then they could've brought her with them and imprisoned her. Even that would've been better than what they did. Taking a step back, even if they had to kill her, they didn't need to rape her.

After all, this woman's husband had been their pal! One really couldn't make the wrong friends; if anyone became friends with these four brothers, they had to be blind.

"Xiao Lan, wait for me outside. I will be back soon." Ye Mo didn't need Xiao Lan for recognizing the four brothers anymore, and there were some things he didn't want her to hear.

"En." Xiao Lan knew what Ye Mo meant and walked out.

Ye Mo burned Fu Youhai with a fireball and then continued to ask Fu Youjin, "Tell me the location of that tomb."

"It's in Yun Zhong Province, Snow Mountain..." Fu Youjin replied without hesitation.

Fu Youyin looked at his big brother in shock. He thought his big brother would use this as a protective measure, yet he confessed it without hesitation.

Fu Youyin had desperation in his eyes as he took out a small goat skin booklet and passed it to Ye Mo, saying, "Ye-Qianbei, this is the map of that tomb and our cultivation method."

Chapter 427: Caused Big Trouble

Xiao Lan didn't have to wait long for Ye Mo to come out. He didn't let them live, Ye Mo was no merciful person. Letting the four brothers live would mean bringing himself endless trouble. Even though Ye Mo

had transmigrated onto earth and his usual means of dealing with things had become less aggressive, he still would kill those who needed to be killed without hesitation.

...

That night, Ye Mo had things to discuss with Xu Yuehua, so Ning Qingxue went to sleep first. Due to the reencounter with Ye Mo, Ning Qingxue had been in some sort of state of excitement, but due to her constant worry and fatigue, when she finally relaxed, she fell into extreme fatigue.

Perhaps because of having Ye Mo by her side, Ning Qingxue fell asleep on the bed immediately. Ye Mo and Ning Qingxue agreed with Xu Yuehua to have them together on the same room arranged. The two were already married and no longer had the conflicts from before. Furthermore, Ning Qingxue had already lived with Ye Mo before, so in her heart Ye Mo was already her husband. Of course, she wouldn't object to this.

When Ning Qingxue fell asleep, Ye Mo closed the door and started discussing about Flowing Snake issues with Xu Yuehua. They started a video conference, allowing Yu Miaodan and Zang Jiayan to participate.

Yu Miaodan was already too busy with the company's managing, although she knew there were all sorts of people coming into Flowing Snake, she didn't have the time nor man power to investigate. Even if Ye Mo hadn't found someone to be responsible for this, she was planning to find someone. Now that Ye Mo had found Xu Yuehua, it was of great help to Yu Miaodan and the others. The people from Luo Yue could also tell from Ye Mo's attitude towards Xu Yuehua that she was valuable.

When they finished planning the company's issues, it was already 12am. Ye Mo made Xu Yuehua end the video conference and then asked, "Sister Yuehua, have you ever heard of the Northern Sand?"

Xu Yuehua nodded, "I have, it is a very mysterious organization, they have their branches all over the world. I heard their ambition is also very great, they want to establish a country more democratic than America. I don't know anything else."

Ye Mo nodded. It was quite meaningful that Xu Yuehua could even know that. After all, this organization was very mysterious and took every means necessary to achieve their purposes. Ye Mo didn't believe at all that they wanted to establish a country more democratic than US.

"Sister Yuehua, when you arrive at Flowing Snake, while you investigate those infiltrators, you must also investigate the Northern Sand, you can get the funding you need from Sister Yu", Ye Mo said seriously.

Ye Mo was very uncomfortable with the existence of Northern Sand, of course, this was related to Dongfang Xi. Although he had killed Dongfang Xi, he still had some unsolved matters with the Northern Sand due to the Space Sunflower blueprint. He had even promised Han Zaixin that he would get the other part of the blueprint.

Xu Yuehua fell silent. She knew that with her power, it would be a joke to try to investigate the Northern Sands.

Seeing this, Ye Mo knew what she was thinking and smiled, "You don't need to intentionally send people to investigate, just keep it in mind in case you hear something. I believe that since you have an ancient martial arts cultivation method, you have quite an important origin. I don't know what happened to you, but as long as you stay in Flowing Snake, I believe you can reach Earth level in 3 years."

"What?" Xu Yuehua was completely shocked. She had spent more than twenty years in order to reach yellow level middle stage, and now Ye Mo said she could reach earth level in 3 years. If this had been a week ago, she would think Ye Mo was lying to her but now she was sure that Ye Mo wasn't.

Xu Yuehua stood up. Her abandoned thoughts of revenge had risen up once again. If she could reach Earth level, then she wouldn't even need Ye Mo's help to annihilate that small sect.

"Brother Mo, if this Yuehua can really reach earth level and fulfill my dream of getting revenge, Yuehua is willing to sell myself to you for life." Xu Yuehua changed her title. Even though Ye Mo was younger than her, if Ye Mo could really help her get revenge for her family, then she would be satisfied even if she died. She had given up revenge before because she knew that with her current power, it would mean suicide.

"Sister Yuehua, you don't need to. you just need to do intelligence work for me, and I will be very happy", Ye Mo said.

....

Ye Mo went back to his room. His conversation with Xu Yuehua that night made very happy. He was sure that Xu Yuehua was enticed by his conditions, he knew she had had her doubts before, but it was simply because she hadn't known how powerful he was power.

Ning Qingxue slept very sweetly. The smile on her face meant that she must have been having a good dream. Ye Mo couldn't resist to peck her on her face and sat down by her side, cultivating.

On that spirit chi depleted earth, if he didn't work hard cultivating, his journey would be over.

But Ye Mo was not only hard working, also very lucky. He had kept encountering good things, otherwise, he might still be at chi gathering stage 1.

Ning Qingxue had said that Tang Beiwei was back and stayed in Ning Hai. He had decided to bring along Qingxue to see Beiwei tomorrow. If Beiwei was willing, he was prepared to take Beiwei to Flowing Snake.

....

The morning afer, Ning Qingxue woke up and found that Ye Mo was still cultivating,she felt warm inside.

Ye Mo saw that Ning Qingxue had woken up and immediately stood up saying, "Get up. After we eat something, we'll go back to Ning Hai, and you also can go to Yu state to visit."

Ning Qingxue agreed. When she got off bed, she walked naturally to Ye Mo and hugged him. She liked that warm feeling. Ye Mo had just finished cultivating, and because of being embraced by Ning Qingxue, who was still in her sleeping clothes, he felt fire at heart.

Ning Qingxue's body was soft and aromatic, making him have an irresistible desire.

As though she could feel Ye Mo's reaction, Ning Qingxue blushed and buried her head in Ye Mo's chest. She knew she hadn't been thinking about that, but by acting this way, had she been seducing Ye Mo? It didn't seem to fit her character.

Just when Ye Mo wanted to say something to Ning Qingxue, someone knocked the door.

Ye Mo frowned. It was early in the morning and Xu Yuehua's was experienced in social conventions in this world, how come she disturb him and Ning Qingxue? Unless there was something important.

With these thoughts, Ye Mo smiled. In his eyes, as long as everyone around him was fine, then everything was good. Unless the planet was about to explode, nothing can be too important. Xu Yuehua had just met him and so she didn't understand his personality.

Ning Qingxue separated from Ye Mo and stood up, brushing her hair aside, and smiled. "Yuehua sister must have some business to talk about with you. You can go out first, I'll come out after I finish getting dressed."

Ye Mo opened the door and saw Xu Yuehua standing nervously at the door. When she saw Ye Mo come out, she immediately said, "Just now, CEO Yu has called saying she has something to report."

Was it Yu Miaodan who had called? She had called quite early in the morning, was there really something?

Ye Mo immediately rung Yu Miaodan. As soon as the call connected, Yu Miaodan's sounded worried as she said, "CEO Ye, this morning two men came to Flowing Snake, they are both heavily wounded. They said they were looking for you. One is called Guo Qi, the other was called Fang Wei. I've taken care of them. I was planning to wait for you to come back first, but I just saw online a first-grade wanted post to capture those two. They are both from the special forces, they killed two military officers and ran away. I don't know what their relationship with you is yet, so I didn't do anything to them."

Guo Qi and Fang Wei? Ye Mo immediately remembered when he had been at the borderland forest, both of these men were from the Eagle Squad. Their captain was a woman called Lu Lin, and Chi Wanqing was a part of this team. Ye Mo had found them and saved them.

It was due to this that Ye Mo was friends with them. He had even told them that he was at Flowing Snake.

But Ye Mo was sure that those two hadn't come knowing that Luo Yue belonged to him.

What he didn't understand was that those two were in the military and were skilled men from the special forces, why would they kill military officers?

Ye Mo had a good impression of Guo Qi, he had even taught them some simple fighting techniques. Thinking about this, Ye Mo said, "Tell them to stay in Flowing Snake, they're my friends. I'll come back in a while."

In this moment, Ning Qingxue came out. She walked to Ye Mo and asked caringly, "Is it about Luo Yue?"

Ye Mo felt comforted and said, "It's not much, let's go back to Flowing Snake first."

Chapter 428: Overlord Business

After notifying Xu Yuehua, Ye Mo brought Ning Qingxue to Flowing Snake. After Xu Yuehua would finish dealing with some business in Hong Kong, she would be joining them there.

Returning to Flowing Snake again and seeing their environment, not only Ning Qingxue, but also Ye Mo couldn't believe what they saw. It had changed so much in such a short time. It had become a busy business district, the main streets were very wide and there were all sorts of shops and travel agencies everywhere.

The only thing Ye Mo wasn't happy about was that, although the streets were wide, it obviously wasn't meant to be like that, and they had been built casually.

The biggest Luo Yue outlet was in Flowing Snake. This had brought the attention of a lot of merchants; and these merchants had brought relative industries, starting a chain that moved forward different industries.

Ye Mo saw this and sighed. No wonder Xu Yuehua was worried about the countries next to it. With the way Flowing Snake was looking now, it was almost a second grade city.

Ye Mo frowned. 'No, if it went down to that, it would be a easy target'. What made Ye Mo troubled was that if he was by himself, he could just leave; but the truth was that he wasn't by himself. If a country was really going to attack Flowing Snake, then with even with his stage 4 power, it would be like throwing an egg at a rock.

No matter how strong his fireballs and wind blades were, he wouldn't be able to go against an army. Xu Yuehua's worry was reasoned. He had to quickly resolve this issue; otherwise, the longer he took, the more trouble it would be.

Although Flowing Snake was under Fang Nan and his men's control, the place was originally chaotic and, as Flowing Snake expanded, there were security issues.

Ye Mo and Ning Qingxue were just standing there and caught a lot of attention. Ning Qingxue was too attractive, no matter where she stood, she would be the most attractive person.

"Big Brother, do you need a hotel? We provide all sorts of service, we'll guarantee you'll be satisfied. Don't worry... I can bring you there now, just follow me." Before Ye Mo and Ning Qingxue could gaze at the scene, a middle aged woman had stopped them.

Although she was trying to do business, from her tone it seemed that Ye Mo had already agreed to it. And after she came, other people trying to sell stuff stopped around them.

Ning Qingxue frowned and got closer to Ye Mo.

Ye Mo said plainly, 'No need, we don't need to stay in a hotel, move aside.'

"Friend, how can you not live in a hotel at Flowing Snake? There aren't beauty pills everyday, but as long as you live at out hotel, I promise you can at the very least buy the beauty pill, hehe...". Two other bulky men got in Ye Mo's way. Although the man was talking to Ye Mo, his eyes were on Ning Qingxue with pure lust.

After he finished speaking, he started to play with a small knife.

Ye Mo's expression sunk. He was angry. How had Flowing Snake turned into that kind place? Funny how he thought this was the safest place before. If Ye Ling wasn't his sister, would she be also harassed like this? This wasn't attracting business, this was threatening them to go stay at their hotel.

"Do you always coerce your customers like this? Are there no rules in Flowing Snake?" Ye Mo's tone was sharp. This was no different from Flowing Snake two years ago. Or maybe even worse.

He was completely shocked. Flowing Snake had these hoodlums, but it was still so populated. If it weren't for these people, then wouldn't there be even more inhabitants? It seemed he needed to quickly solve some issues in that land.

Ye Mo's anger grew. How were Zang Jiayan, Fang Nan and Yang Jiu managing Flowing Snake? This was too ridiculous.

But then, Ye Mo calmed his anger. These people had started from the bottom, they had no experience in managing cities and didn't have a system. It was not bad that they could still stabilize the situation with this many people.

"Huan Gui, how many times have I told you? Don't be so direct to customers. You're doing this again and it is making it hard for me." A young voice was heard.

The bulky man called Huan Gui turned around and saw two young men. He immediately smiled, "Brother Huo Zi, please don't mind on account of Metal Brother. Come have a ciggie, our boss and Metal Brother are brothers, hehe..."

Although he looked polite, he didn't seem to take the Brother Huo Zi seriously.

Ye Mo stared at the young man walking over and his eyes sparkled with anger. He knew him, it had been him who had gone to Beijing to find him. This young man was called Xiao Huo, a loyal man of Fang Nan.

No wonder these people were so arrogant, they had support from someone. These gangsters couldn't really have authority; once they did, they would think of ways to make profit out of it. He wondered who that Metal brother's backup was.

"Okay, don't over do it. Although Metal brother is my brother, Flowing Snake isn't mine and it isn't Metal brothers'. You've always been like this and it makes it very hard for me." Xiao Huo said with a sunken expression. He felt that what many brothers were doing wasn't what Brother Ye had intended. However, Brother Nan had been focused on cultivation and rarely managed these matters. He had given his men to Rock and Xiao Metal. And now, this was the situation.

"Sorry, Brother Huo Zi, I must do this business this time." Then, Huan Gui stared at Ning Qingxue.

Xiao Huo shook his head helplessly. He looked up and then rubbed his eyes in disbelief. He was actually seeing Ye Mo and Ning Qingxue. Xiao Huo's face changed immediately. He quickly ran in front of Ye Mo and bowed, "B- Big Brother, you're back..."

Ye Mo sneered and scanned those passers-by businesses. Just when he wanted to speak, he saw more of those people stop another foreign merchant; they had almost pushed and dragged him away.

"Why is this trash in Flowing Snake? What is Fang Nan doing?" Ye Mo's temper grew bigger. His company was based in Flowing Snake and with these sort of things happening in there, then no matter how effective his products were, it would affect his company's interests.

"Who do you think you are? How can you dare point your fingers like that? Are you Xiao Huo's big brother? Then let me tell you, if you want to act important, go do that at home, this isn't the place for you." Huan Gui thought Ye Mo was a relative of Xiao Huo's. He hadn't heard Ye Mo's words and walked over with a contemptuous tone. He didn't even take Xiao Huo seriously. He only gave him some respect due to him being the brother of Metal Brother.

Slap- Xiao Huo slapped Huan Gui on the face unexpectedly, "Piss off, even if you're one of Xiao Metal's men, I won't let this go. I would hit Xiao Metal here, I'm don't even care about what you can do."

"Oh, Cheng Jihuo, you're so powerful. You're not even the big boss in Flowing Snake, how dare you hit my men? I want to see what you're gonna do about it." Then, another young man brought two men with him and walked over. One of them seemed to be wearing clothes from the military.

Ye Mo knew this person. He was Xiao Metal, one of the two loyal men of Fang Nan. The other one was called Rock, but he didn't expect him to be like this in only two years. Oh- Perhaps he never changed, he had always been this person, yet Ye Mo just couldn't understand him.

"These people are really unreasonable..." Ning Qingxue saw this and frowned.

"Reason... I am reason-" Xiao Metal only said half a sentence before he saw Ning Qingxue. Such a beautiful woman, but this woman didn't make him happy. He seemed to have recognized her. This woman had come to Flowing Snake before, and Big Brother Fang Nan had treated her like an important guest. She seemed to be Ye brother's woman. It was her, Xiao Metal felt not good.

He finally saw Ye Mo, who had a cold face, next to Ning Qingxue. If he had another chance, he would not have looked at the woman first, but the person next to the her.

The instant Xiao Metal saw Ye Mo, his heart and body shook. It was Big Brother, Brother Nan's Big Brother. He hadn't even had a chance to call Ye Mo Big Brother. Brother Ye had actually returned to Flowing Snake and his man Huan Gui had tried to coerce Brother Ye, but had been stopped by Xiao Huo.

Xiao Metal didn't even dare to think about what had happened. He had understood. It's over, Xiao Metal's heart was full of worry. He did had done overlord business on the big boss. He wondered if the bastard Huan Gui had offended Big boss' woman.

"Metal brother, Xiao Huo is getting worse and worse. He's always been preventing us from doing business lately. If he wasn't a brother of Big Brother, I would've..." Huan Gui's voice suddenly stopped.

He couldn't speak anymore because Xiao Metal had also slapped him in the face. Before Huan Gui could react, Xiao Metal had knelt down in front of Ye Mo.

Huan Gui was dazed, but before he could react he saw his Metal Brother had knelt down in front of that young man.

"Brother Ye, I- I really didn't know it was you." Xiao Metal was really scared now. Other people didn't know Ye Mo's power, but he had seen it with Fang Nan.

Ye Mo said coldly, "So, do you mean that if it had been someone else, you would be allowed to do this?"

Xiao Metal opened his mouth but couldn't say anything. He believed so indeed. Since Flowing Snake was their land, and their Big Brother had forbid robbery; then so what if they did some coerced business?

Chapter 429: Problem with Flowing Snake

Upon receiving Xiao Fire's phone call, Fang Nan ran out as soon as he could. Flowing Snake wasn't big, he arrived at the scene by car in only a few minutes.

When he saw Xiao Metal kneeling on the ground and Ye Mo who looking unhappy, Fang Nan knew things weren't going well. It was great news that Brother Ye was back, but he hadn't been managing his men recently; had they done something that offended Big Boss?

Before the car even stopped properly, Fang Nan jumped off and walked to Ye Mo respectfully, "Brother Ye, you've come back."

As he cultivated ancient martial arts, Fang Nan knew how weak he was and how unpredictably strong Ye Mo was. Before, he felt fear and admiration for Ye Mo, but now it was respect and worship. This was the reason why he had left aside his things and focused all his time on ancient martial arts.

Huan Gui was completely frightened, he didn't even dare to move. Even Metal Brother's Big Brother Fang Nan was that respectful to the young man, and he had been thinking about taking his woman. He really wanted to slap himself.

It had only been a short while, and there were already there Zang Jiayan, Yu Miaodan, Yang Jiu; basically almost all the higher ups of Luo Yue. It was only then that Huan Gui completely lost all hope. Even if he was an idiot, he could guess that that man was the legendary big boss of Flowing Snake.

Yu Miaodan looked at Ye Mo in shock. She couldn't understand but she had to keep her feelings for herself. She didn't dare to say it. She had called Ye Mo in the morning and it had been less than an hour until Ye Mo arrived at Flowing Snake.

If she really hadn't known that Ye Mo had been in Hong Kong in the morning, she would've thought Ye Mo had been nearby. He had got from Hong Kong to Flowing Snake in an hour, no wonder Ye Mo said he would be back immediately. She was completely dumbfounded. If the beauty pill and health pill were

still reasonable, then getting there in an hour was out of her comprehension. Even if he had a private jet, he couldn't have been that quick.

Yu Miaodan just realized that she was far from knowing Ye Mo.

"CEO Ye..."

"CEO Dong..."

...

Everyone came up to Ye Mo and greeted him. Ye Mo nodded and said, "Okay, we're at this point today due to everyone's hard work. I believe no one wants to ruin what we've built. But today when I came back I saw a scam-like business. If a woman came here, she'd be forced into prostitution. Flowing Snake is the base of Luo Yue, where we will be living, not a bandit cove. If you want to be a bandit, then piss off."

"CEO Ye, this is my fault...", Zang Jiayan walked over and said. Although he had heard of this news, he hadn't taken it seriously. He didn't expect it to end up with the big boss being coerced too.

"Big Brother, this is my fault in management. After CEO Zang put me in charge of the security management of Flowing Snake, I gave the authority to my men, in order to cultivate ancient martial arts. I didn't expect it to turn into this rancid situation. I will immediately deal with this", Fang Nan said.

Ye Mo waved his hand, "This is your responsibility indeed but you don't need to deal with it. Yang Jiu will be responsible for this now, and you will be working for him for the moment."

Ye Mo had taken his position and given it to Yang Jiu with one word. Although Fang Nan was worried, he didn't dare to say anything. Ye Mo let him work under Yang Jiu, which meant that he expected him to do better in the future to make up for it.

They had known Ye Mo since the beginning, but this had been ruined because of his men. Thinking about this, Fang Nan glared at Xiao Metal, who was still kneeling on the ground. If Xiao Metal hadn't been one of his most loyal men, he would have planned on killing him.

"Yang Jiu promises to fulfill Big Boss' mission", Yang Jiu quickly promised, after hearing what he said.

Ye Mo said plainly, "You're will just be in charge of cleaning up Flowing Snake for now, we still need to discuss how Flowing Snake will be managed in the future. Your mission for these few days is to investigate all the hotels, shops and bars in Flowing Snake. Take back all the hotels and entertainment centers, kill those who disagree."

Ye Mo's cold and dominant words made everyone on the spot shake. Kill if they disagree? If that was said somewhere else, the government would pursue you; but that was Flowing Snake, Ye Mo's land.

"Ye Mo..." Even Ning Qingxue thought that Ye Mo's words weren't suitable. Although she had been to Flowing Snake once, she hadn't seen some of the stuff yet. She just called his name once, but didn't say anything else. Since Ye Mo was doing that, he must have a good reason.

Of course, Ye Mo had his reasons. Out of those who could dominate there, he was the most suitable. He didn't want Flowing Snake to be a place where power ruled over all. Since he was planning to make that place his home, he must control its power. There was no point in trying to reason with these people. When he could completely control Flowing Snake, then he would make the laws.

Before that, he could only use slaughter to solve problems.

Ye Mo's words sometimes made everyone feel that it was easy to talk to him, but then they realized that in certain moments it wasn't easy to talk him at all. And during those moments, he was very scary.

Ye Mo looked at Yang Jiu, who had got excited, and said, "Don't let yourself get influenced by those scam businesses. As for those who tried to rule over Flowing Snake, kill them all if they have killed here or raped women, no need to report. But if you do what the person before you did and use authority to your own personal gains, the next one to lose his head is you."

"Yes." Yang Jiu shivered.

He understood that it was okay to be lenient with friends, but these relationships couldn't be brought into the city management. That would just make the city worse and worse.

Huan Gui started to sweat. He had killed many people and raped more than ten women. If they did follow Ye Mo's orders, he would die for sure.

Xiao Fire suddenly pointed at Huan Gui and the two people behind him and said, "These three people have all killed, and I also know they've raped women who came to Flowing Snake."

"Hehe. I also knew about this, but Big Boss didn't call before", Yang Jiu had a creepy laughter. Before they could react, the three had already fallen to the ground. Other than Ye Mo, not even Zang Jiayan got to see what Yang Jiu did. He was an earth rank Earth Fiend assassin after all.

Ye Mo looked coldly at Xiao Metal, who was on the ground. If it hadn't been for Fang Nan, he would have already thrown a fireball at him.

"Yang Jiu and Fang Nan, take your men and start working. The rest of you, follow me for a meeting."

Ye Mo knew that the dangers at Flowing Snake weren't just those that he had seen, the real danger was from the neighboring countries. Not even he could deal with these dangers easily.

...

When Ye Mo finished, Yu Miaodan and the others went back to Luo Yue headquarters, where Ye Ling rushed over. She had just got news of her brother's return, so she immediately stopped working on the medicine she was making and ran out.

She grabbed Ye Mo's arm, and then saw Ning Qingxue. She immediately ran to Ning Qingxue and grabbed her arm joyfully, "Sister-in-law Qingxue, you're back! That's great, my brother was really worried."

Although Ye Mo had never said it, Ye Ling knew that Ning Qingxue was very important to him. Although she used to not like Ning Qingxue, since her brother liked her, how could she disrespect with her?

"En. Thank you, Ye Ling. I didn't expect you to be in Flowing Snake as well." Ning Qingxue immediately thought of Ye Mo's other sister, Tang Beiwei. There were some things that Ye Mo hadn't had time to tell her so she still didn't know what was going on. She believed that Tang Beiwei was someone Ye Mo liked, just like her. Although Ning Qingxue could guess that, she didn't ask. She knew that if that was really the case, Ye Mo would find some time to tell her, so she wasn't worried.

"Sister Qingxue, why don't you just stay in Flowing Snake from now on, this place is great." Ye Ling had been living in Flowing Snake for a while and had developed an attachment to it. But she knew that Ning Qingxue had her own company, and probably would go back to Yu State.

She didn't expect Ning Qingxue to smile sweetly and say, "Okay, I'll bring some things back from Ning Hai and then I'll start living here."

"Really? This is great!", said Ye Mo. Ye Ling had already forgotten her brother was next to them.

Ning Qingxue thought that, although her family also had a company, she was married to Ye Mo now; so she should start helping Ye Mo out in Flowing Snake.

Er Hu and Lu Xiaozhen also came to greet Ye Mo. Seeing all these familiar people come greet him, Ye Mo felt more determined to turn Flowing Snake into a place that these people would be safe in.

"CEO Zang, gather the people into the meeting room first. Ye Ling and Qingxue may also go in the meeting room first. Sister Yu, take me to see Guo Qi and Fang Wei." Ye Mo hadn't forgotten about them. Although he didn't know why they had killed military officials, but if they had been set a trap, he would help them. Guo Qi had his approval, he was a very loyal man.

Chapter 430: So It Was About Lu Lin

When Ye Mo saw Guo Qi and Fang Wei, they were clearly lost and looked sort of dumb. They both sat in the room, not moving. They had gun wounds on them, but it seemed that Yu Miaodan had got people to take care of that for them.

"Brother Ye, we're sorry. We are causing you trouble, we really don't have anywhere we can go." Guo Qi saw that Ye Mo was expressionless.

"Master..." although Ye Mo hadn't take Fang Wei in as his disciple, he was still used to calling Ye Mo 'Master'. Ye Mo smiled and let those two sit down before asking, "What happened?"

Guo Qi sighed and didn't say what it was, "Brother Ye, I'm really grateful to your friend, Sister Yu. If it wasn't for her taking us in, we'd probably be dead now. I really didn't expect you to know the CEO of Luo Yue..."

After hesitating for a while, Guo Qi continued, "To be honest, if it wasn't for Lin Lin, I really wouldn't have come here to trouble you, but I know that no one else other than you can save her. Although this request is overbearing, I really want to save her."

Guo Qi didn't finish explaining.

Seeing this, Fang Wei quickly said, "Sister Lu and Brother Guo are in love with each other, and last time when we were back, Sister Lu had gotten promoted. This was a good thing, but just when they were about to get married, something big happened."

"A week ago, the grand master who once instructed us, Xu Shi, brought in a young man called Qiu Zhifei to train in our squad. His origin is very powerful, and he could choose which squad to stay in. Eventually, he chose to stay in the Eagle Squad led by Sister Lu. This was fine, but the second day after he joined, he got drunk and he got into Sister Lu's room wanting to assault her. However, he couldn't beat Sister Lu and was knocked out.

"Qiu Zhifei?" Ye Mo suddenly remembered the Beijing Qiu Family, was it them again? If it was, then they were really too cocky. He had just taught Qiu Zhizhe and Qiu Dongchen a lesson in Beijing, but now they were causing trouble again.

Fang Wei continued, "As soon as Qiu Zhifei had been knocked out, Sister Lu's door was kicked open. Lieutenant Han and a sergeant came in together. What Sister Lu didn't expect was that they not only didn't stop Qiu Zhifei, but instead apprehended Sister Lu. Then, they tried persuading Sister Lu into doing as Qiu Zhifei pleased, saying that if she did, she could immediately rise to colonel."

Guo Qi clenched his fists.

Fang Wei looked at Guo Qi and continued, "Of course, Lu sister didn't agree. At that moment, Qiu Zhifei stood up and told Lieutenant Han and the instructor to strip off Sister Lu's clothes. Those two really wanted to do it and were about to rip her clothes. Right that moment, Brother Guo and I saw this disgusting scene. Brother Guo pulled out his dagger and stabbed Lieutenant Han without hesitation. I helped him stop the sergeant. But because Brother Guo saw Sister Lu's clothes were seriously torn, after he killed the Lieutenant, he killed the sergeant too."

Guo Qi continued, "Those animals had tried to rape Lin Lin, I couldn't control my hands, and I just had to killed them. After I thought about it, I felt that Qiu Zhifei had done it on purpose. That day, when he got drunk and entered Lin Lin's room, he still had two men following him. No matter what, it seemed planned. If I hadn't happened to be looking for Lu Lin that day, I don't dare to imagine what would have happened."

Fang Wei nodded, "When Sister Lu told us this, Brother Guo got very angry and crushed Qiu Zhifei's scrotum. Just when Brother Guo was about to kill Qiu Zhifei, people came. Brother Guo didn't have a gun and didn't manage to kill him on time. He pushed us and fled, but we didn't go very far since Sister Lu's leg had been shot. Sister Lu stopped and told us two to leave her behind. She said that if we all got caught then we wouldn't have a chance in the future. Although we had been also shot, we still ran away.

However, we didn't have a place to go, so we could only come to Master's place. Brother Guo wanted to ask Master to save Sister Lu. Sister Lu is being held captive in the barracks; other than Master, no one can save her."

After hearing this, Ye Mo felt a little sad. He knew that Guo Qi had guessed right, that Qiu Zhifei had planned this. He wanted to use getting drunk as an excuse to rape Lu Lin, but was afraid he would be no match for her, so he had called two men to help him. If that happened to him, he would have killed everyone without hesitation, like Guo Qi.

Although Lu Lin was very curvaceous, her looks were only average. Why would the Qiu Family choose Lu Lin? But Ye Mo didn't ask why. Regardless of the reason, they needed to be held responsible.

Seeing Ye Mo sunk into silence, Guo Qi knelt down, "Brother Ye, I know my request is overbearing but I know that if there's someone in this world who can save her from there, it's you. With Xu Shi's power,

even if our entire little squad attacked him, we wouldn't last a minute. Lin Lin is very pitiful, she chose to join the military because she had been heartlessly abandoned. I would rather suffer myself than have Lin Lin get raped by that animal."

Ye Mo immediately pulled Guo Qi up and said, "We're friends, don't be like that. I know Captain Lu, I will help you for sure. How about this? I'll go to a meeting first because Luo Yue is my company, and I haven't been back for a long time. I'll finish arranging some things; after that, I'll go with you to the barracks."

"Master, is Luo Yue your company?" Fang Wei's mouth was wide open, he had disbelief in his face.

Ye Mo smiled and nodded, "Yeah, if you don't want to stay in the military, you can always choose to help me here."

"Of course, how can I still stay in the military after this? We'll be dead as soon as we get seen. Guo Qi, what about you?", Fang Wei asked with joy. He no longer looked pale and numb; compared to Guo Qi, he cared less about being wanted.

Guo Qi said in a deep voice, "No matter what happens with Lin Lin, my life will be yours Brother Ye."

...

When Ye Mo came into the meeting room, Yu Miaodan and the other had been waiting for a long while. Ye Mo smiled apologetically and said, "I was delayed due to some things, let's get straight to the point. We'll be having our first big meeting after opening. Sister Yu, tell us about the corporation."

Hearing this, Yu Miaodan immediately said, "To be honest, if it wasn't that our product was absurdly magical, we would have shut down before we even began. We don't have a proper management procedure. We don't even have proper pharmacist staff."

Ye Mo nodded. She had gone straight to the point, he didn't need to look into the specifics to know.

Seeing this, everyone knew that it wasn't easy to manage a company. Although they were the earliest group of people Ye Mo had brought with him to the company, none of them could manage a company properly. If it wasn't for Yu Miaodan, the situation could have been worse.

"It seems like I need to find a suitable person to manage the company." Ye Mo frowned. He didn't know who would be suitable for the job either.

"How about I give it a try?", Ning Qingxue whispered by Ye Mo's ear. Although she wasn't old, she had had many years of experience managing a company.

Ye Ling said excitedly, "Yeah, Brother, you should let Sister-in-law handle the company, I can help too."

Ye Mo was touched by the idea. Since Ning Qingxue had said this, it meant that she was willing to stay in Flowing Snake long term, helping him.

"Okay, we'll do that. From now on, Qingxue will be the president of Luo Yue; Sister Yu, the CEO, responsible for sales, management and expansion. CEO Zang will still be responsible for production and buying supplies, as well as some other things."

Then, Ye Mo looked at Xu Ping and said, "Second Brother, I'll leave the safety of the company and Flowing Snake to you. As for a managing person, I will find someone."

"I'm fine with it", Xu Ping said excitedly. He had only been with his third brother for a short while and was already black level middle stage. He couldn't have imagined in the past how quickly he was progressing.

"There are still some miscellaneous matters that I will give to Xu Yuehua to deal with."

Zang Jiayan said hesitantly, "A while ago, there were a lot of people with doubtful identities coming to Flowing Snake. However, during this period, we didn't have enough men yet to investigate. After I told Xu Ping about this, we were about to start investigating but these people disappeared completely. It's very eerie, as though they came and left together under some arrangement."
