Chapter 771: Take Her and Leave

Ye Mo reflectet about his golden page world and Master Tian Ze's identity. What if he knew that he had the golden page world, would that bring him any danger? Although Jie Xun knew about it too, she didn't know what it was. This Tian Ze on the other hand was very mysterious. He couldn't even find him with his spirit sense - this person was too dangerous to him.

He didn't know how long he had been sitting in contemplation, but when he woke up, he found it was midnight. Ye Mo shook his head. If it was a disaster, there was no avoiding it. What will come, will come.

Ye Mo sent his spirit sense out, and that Mo Youshen was gone as expected. It seemed that Mo Youshen had run off. Ye Mo didn't intentionally go hunt him down. Just when he wanted to leave, though, he noticed the stone stool he was sitting on. Master Tian Ze seemed to have forgotten to take it.

Ye Mo squatted and wanted to lift the stone stool up but found it to be very heavy. It was tens of times heavier than a metal block of the same size. This mere stone stool weighed more than a ton! What was it made out of?

Ye Mo scanned his spirit sense inside it and found that it couldn't penetrate the stool at all. This was no stone stool, it was just a layer of stone on the outside. This was actually made from something even he didn't know.

Ye Mo was shocked. This was definitely a treasure. Ye Mo immediately threw it inside his spacial ring before anyone could notice. Although this master Tian Ze didn't want to help him find Mu Xiaoyun, this was some gain at least.

Now Ye Mo didn't want to find that Master Tian Ze even more. He feared that Daoist would come for him and left the city like a thief.

He immediately got on his flying sword as soon as he got out of the city and disappeared in a flash of swordlight.

Less than an hour later, Daoist Tian Ze rushed back only to see the empty ground. He stomped his foot in anger, "This little punk really isn't honest, he took my property just because I can't predict where he is."

...

When Ye Mo went past Shi Feng Village, he looked at Shi Tie with his spirit sense. He was cultivating at home indeed. Ye Mo nodded, feeling that this Shi Tie would accomplish something in life.

If Shi Tie could reach the foundation establishment state in the small world, he would be able to pretty much crush anything in his path.

Ye Mo didn't bother to go to Chan City and just went back to the hidden sects side of the world again. He went back to looking for herbs while looking for Mu Xiaoyun.

...

Xin Jia Mountain - it was the place Ye Mo had always wanted to come.

Although it didn't have as many spirit herbs as Wu Wen Mountain, it was no smaller than the Wu Wen Mountain Ranges. Ye Mo spent a week finding herbs and ores but still didn't find the cultivation ruin.

If Ji Mei didn't mention that she had also been cultivating at Xin Jia Mountain, perhaps Ye Mo would give up looking. But now, Ye Mo dug out a temporary cultivation cave in the mountain.

On the same day, when Ye Mo just got back from collecting herbs, he saw a certain scene.

Two men and one woman were doing something shameless next to his cave. One man was at the earth level primary stage and one was at the black level tertiary stage. The woman was at the yellow level tertiary stage. Looking at their clothes, it appeared like the woman was getting raped at first, but when he inspected the woman further, she didn't seem to be getting raped.

When Ye Mo walked to the door of his cave, the two men saw Ye Mo and immediately attacked Ye Mo. They didn't seem to want to listen to anything and just wanted to kill Ye Mo.

Ye Mo was already unhappy that this was happening outside his cave and now these two wanted to kill him? This made him truly pissed. He sent out two wind blades and then two fireballs at once.

Moments later, the two men disappeared.

The woman happened to open her eyes right then and saw Ye Mo staring at her. She screamed and fainted.

Ye Mo shook his head. She dared to come this deep into the Xin Jia Mountain when she was only yellow level. She looked like she was in her 20s, and even though she was only decent looking, she had very big assets.

Ye Mo wanted to say a clear mind chant for her and tell her to put on clothes when he suddenly heard the call of a condor. His spirit sense immediately noticed a Blue Condor.

The next moment, Ji Mei and her Blue Condor landed next to Ye Mo's cultivation cave.

"Martial Sister Xin Lei!" She looked at the woman on the ground.

"It's you?" Ji Mei looked at Ye Mo.

Ye Mo ignored this Ji Mei now that he knew that she wasn't foundation establishment state peak at all.

"This is where I live, take her away, I'm going to rest," Ye Mo said plainly.

"You!" Ji Mei really wanted to kill Ye Mo immediately, but she didn't dare to. If Ye Mo was able to be standing there, that meant that the Taiyi master had been killed for sure.

If he could kill that Taiyi sect master and come to Xin Jia Mountain within a few days, she was no match for him at all.

She didn't want to believe that Ye Mo could beat the master at first but now, he was standing right in front of her.

You're a master above great heaven, yet you do something this shameless." Ji Mei was angry, but she didn't dare to attack Ye Mo.

Ye Mo said coldly, "Take her away. This has nothing to do with me, and I'm not interested in her, nor am I interested in you. This is simply my place, so piss off already."

"Nothing to do with you? Not interested in her? I've just been away for 15 minutes and-" Ji Mei saw Ye Mo's unhappy face now and subconsciously shivered. She didn't dare to speak anymore. If Ye Mo suddenly attacked her, or if he suddenly became interested in her, then things would only get worse. If she wanted revenge, she would have to wait until she broke through.

Thinking like this, Ji Mei quickly carried her unconscious martial sister onto the condor and left.

Ye Mo went back to his home and cultivated the whole night. After another week, Ye Mo still didn't find anything. He was losing his patience. That cultivator at the South Pole might have lied to him.

After leaving Xin Jia Mountain, Ye Mo started searching for spirit herbs all over the small world. He threw them all in his golden page world.

Half a year passed quickly, and Ye Mo gathered countless spirit herbs and ores but still had no news of Mu Xiaoyun. He didn't find the Bitter Ten Years either.

Ye Mo didn't want to keep looking. He had left Luo Yue for 5 years and longed to return. Ye Mo also felt that his formation skills had reached a certain level that was sufficient for him to have a go at the formation at Magical Continent Mountain.

But before that, he still needed to go to Chan City and see how much resources Yun Ziyi had managed to gather for him.

Chapter 772: Northern Big Dipper's Nine Stars

The legendary figure of the hidden sects was Du Dutian. He had reached great heaven before the age of 45 and created the All Heavens Sect. No one had been able to beat this record but now, it had been broken by a young girl countless times younger than him.

Yun Ziyi had reached great heaven in her 20s, becoming the youngest great heaven master in the magical continents. With Yun Dongxia missing, Yun Ziyi had picked up the Magical Merchant Association and had devoured the Sea Merchant Clan half a year ago.

When Ye Mo came to CHan city, he asked casually and knew that it was the most powerful power in the Chan city other than a few first grade sects.

The first grade sects seemed to know that Yun Ziyi's rise was related to Ye Mo and all took a step back. Hence in Chan City, the Magical Merchant Association reigned.

Ye Mo scanned his spirit sense out and found Yun Ziyi. She was at heaven level tertiary stage now. Ye Mo could tell that she hadn't sold the other great essence increasing pill he had given her. She had used it to cultivate herself.

Yun Ziyi was spinning a cup of tea in her hands. Three pills and she had gone from black level peak to great heaven tertiary stage. Moreover, she had become the youngest great heaven master of the Magical Continents.

Before, she wouldn't have even been able to believe it, but now it was reality. Only she knew that the actual youngest master wasn't her, but Ye Mo.

"Just how many secrets does he have?" Yun Ziyi sighed. She knew that Ye Mo wasn't interested in her.

In looks, she didn't lack anything compared to Mu Xiaoyun. However, why was Ye Mo's heart tied to Mu Xiaoyun and had no feelings for her at all?

Yun Ziyi sighed. She vaguely knew, but she just didn't want to admit it. She wanted to get closer to Ye Mo, and not because she had fallen in love with him. She had an ulterior motive. If Ye Mo hadn't been that powerful, would she have wanted to get close to him? There was no way.

"What secret?" a voice suddenly sounded at her doorstep. Yun Ziyi was shook. She looked up to see Ye Mo walking inside.

"Huh! It's you, Brother Ye!" Yun Ziyi's face immediately looked joyful.

Ye Mo could see through Yun Ziyi's attitude to him,,but he didn't care. It was just a business relationship.

"I asked you to buy some herbs and ores for me last time. How is it going?" Ye Mo asked straight away. He didn't want to stay for long.

Yun Ziyi quickly said, "It's all ready. Come with me, Brother Ye."

Yun Ziyi took Ye Mo to the herb storage of the Magical Merchant Association. When Ye Mo got there, he was quite satisfied. The herbs were preserved well.

There really were a lot of good stuff.

Ye Mo asked her to go away for a moment so that he could put it all in his ring. Although she felt it was strange how Ye Mo could put it all away, she knew Ye Mo was no ordinary person, so she didn't ask.

...

Yun Ziyi didn't ask Ye Mo for money. Ye Mo left behind two more great essence increasing pills and told her to take care of Shi Tie. He rejected her invitation and left Chan City.

He had done all he could in that small world. He hadn't killed Jie Xun yet, but the Magical Continent was so big. It was very hard to find her.

He had to go back now. His longing for Luo Ying and Ning Qingxue made him not want to stay there for a moment longer.

...

Ye Mo returned to the Magical Continent Mountain again.

There were nine peaks, so Ye Mo dug a cave in the middle peak. Then, he set up an invisibility formation outside his cave.

He was prepared for a long battle there with the formation.

The Seven Peak Formation was actually connected to the cosmos and it kept changing positions based on time.

The reason the hidden sects could only leave every 50 years was because just at that moment the formation got open. Ye Mo knew that if he wanted to go out, he needed to find a moment when the formation loosened.

He studied the formation on his own and lost track of time. After another year, he had gotten to stage eight middle stage of chi gathering. Yet he still couldn't do anything about the seven-star Formation.

Until one day, when he found a formation door on the other two sects, Ye Mo realized that it wasn't a seven-star formation but a nine-star formation. This meant that what he had been studying before was all for nothing.

Helplessly, he could only go to Chan City again and get Yun Ziyi to help him buy large amounts of formation books. Then, he went back and kept studying the nine-star formation.

The nine stars were seven overt and two subvert. If he wanted to pass through this formation, he needed to understand the formation doors of the two subvert stars.

Time flew by and Ye Mo studied the formation every single day.

After countless calculations, Ye Mo found two ways. One was to use large sums of top grade spirit stones and forcibly connect with the nine-star formation's doors.

However, not only did it require large amounts of spirit stones, it also needed him to be very powerful. Otherwise, the repulsive force of the formation would kill him and destroy the formation.

The second way was to make another formation and connect it to the nine-star formation's doors. He would use his cultivation essence to search in the formation and find that sliver of time when the formation loosened.

It was a stupid method and he would need to be focused at all times, but he had no other way.

...

At this moment, in a valley in the Duan Heng Ranges in China, Luo Ying, Ning Qingxue and Tang Beiwei stood by a huge rock.

"Sister Luo Ying, did my brother leave from here?" Tang Beiwei asked strangely.

Chapter 773: Go Out or Come In?

Luo Ying nodded, "It should be. When I reached stage nine of chi gathering, I remembered a lot of things. This is a Seven Star Formation. Martial Brother told me about it. He probably went to the small world from here. And Luo Fei also said they came in from here last time."

"Then how do we go in?" Ning Qingxue looked desperately at Luo Ying. She wasn't able to keep the longing for Ye Mo in her heart like Luo Ying, she wanted to see Ye Mo all the time.

Luo Ying took out seven spirit stones and said, "This formation needs seven spirit stones, but the spirit stones we've found these years are too low in quality. I'll put them in the spots nonetheless, and then we can stand in this position and insert our chi. Then there might be a possibility for us to open it. But afterwards, this formation will be completely destroyed."

"Why is that?" Tang Beiwei looked strangely at Luo Ying.

Luo Ying pointed at the bones on the side and the blood on the platform, "Because someone used a blood sacrifice on this formation a few years ago, so if we now also forcibly open it, this formation will completely close down unless someone with great power lays the formation again."

Ning Qingxue suddenly thought of something. She bit her lips and said, "When I went out this time, I already told my parents it might happen, so it's fine even if I can't come back, but, but-"

Tang Beiwei held Ning Qingxue's hand, "Sister Qingxue, are you worried that brother isn't inside and that if we can't come out, we won't see brother again?"

Ning Qingxue nodded.

"Hm, why is Luo Fei here?" Only Luo Ying had the habit of keeping her spirit sense out, so she was the only one to notice. Although Tang Beiwei and Ning Qingxue were both at stage eight of chi gathering, they didn't keep their spirit sense out all the time.

Tang Beiwei and Ning Qingxue also noticed the person.

Tang Beiwei greeted, "Sister Luo Fei, why did you come too?"

Luo Fei's face showed surprise and joy and immediately rushed over, "You three are here indeed, I-"

The three guessed what was going on. Tang Beiwei asked, "Sister Fei, are Brother Xu and Sister Yuehua okay?"

Luo Fei nodded but didn't reply.

Luo Ying said, "After I put the spirit stones in place, we'll send chi into the Tian Kou position together. Don't rush it. We can try slowly first."

...

At this moment, Ye Mo had dark circles under his eyes. His eyes were bloodshot, and his hair was so messy it looked like grass.

He didn't know how long he had been there, and he just relied on the Pi Gu pill to fill up his stomach. This method was very tiring, but he didn't want to give up.

He needed to keep watch of the formation constantly, so it consumed his spirit sense and cultivation essence greatly. Every time he used up his spirit sense, he would use his cultivation essence to check and further refine his spirit sense.

After time, his spirit sense became very condensed. It went from 7 km to 20 km. His cultivation essence also became very condensed. Although he wasn't stage 9 yet, he wasn't far away from it. This was due to him not cultivating. If he simply cultivated his essence every time he used up his spirit sense and cultivation essence, perhaps he would be at the tertiary stage of stage nine by now.

This was a very powerful improvement. Although his Three Birth Chant digested spirit chi very fast, he also needed more spirit chi than normal to break through. If other people needed 10 top grade spirit stones to break through, he would need 100 or more.

This time too, Ye Mo kept watch with his spirit sense while eating a food pill.

But as soon as he did, he noticed the loosening of the formation as it was getting bigger and bigger.

This was impossible, how could it be loosening at this time? Yet the impossible was happening in front of him.

What was going on? Ye Mo didn't know what could have happened, but he grasped the opportunity and immediately inserted his chi. He wanted to make the formation loosen even more.

Soon, he realized that the only reason why this formation could be loosening was because people from the outside were trying to open the formation.

Who would it be? Only the hidden sects members knew about this formation.

Ye Mo was bewildered, but he knew that there would only be one chance like this, and he wasn't going to give it up.

...

At the same time, Luo Ying, Tang Beiwei, Ning Qingxue, and Luo Fei were sweating like crazy as they kept inserting their chi. They couldn't control their chi anymore as it all got drawn in relentlessly.

Luo Ying's face changed. She knew it was over. She didn't expect that their combined chi wouldn't be enough to open the formation.

If she were by herself, she would be able to take the backlash and leave, but there were four people present. If she did that, the other three would immediately be killed by the formation.

Tang Beiwei's face went pale as she struggled to speak, "Sister Luo Ying, are we going to die? If this keeps sucking our chi like this, we could lose all our power."

Luo Fei spewed out blood. She was trembling and was very close to completely exhausting her chi.

Ning Qingxue glanced at Luo Ying. Her eyes were dim. She wasn't afraid of death, but she really didn't want to die without seeing her husband.

"Hmm, Sister Luo Ying, I feel that I can control my own chi again!" Tang Beiwei rejoiced.

Luo Ying and the others also noticed this. Luo Ying breathed easy and said, "Although I don't know what's going on, this means that the formation is about to open. Luo Fei, are you okay?"

Luo Fei shook her pale face, "I'm fine, but if it kept being like before, I would be a goner."

Luo Ying thought for a moment before saying, "Perhaps someone is helping on the other side, but this is good for us. Don't lose focus, add more power."

The four inserted more chi and soon, a rainbow formed next to the rock with a humming sound.

"The formation is about to open! Grab each other's hands, so we don't land all over the place," Luo Ying advised.

A huge suction power appeared on the rock, and it was like a gate as it swooped the four inside.

...

At this moment, Ye Mo saw the formation open. He shot his chi inside as he dashed into the formation door.

A strong suction force swept him along, and Ye Mo breathed easy. He finally got out!

...

"Sister Luo Ying, what is this place? These nine peaks are so high." Tang Beiwei crawled up from the ground and looked at her surrounding.

Luo Ying shook her head but then said, "There's air restrictions here, is this the cultivation realm? Did Martial Brother not come here?"

Luo Fei was dazed for a moment as she looked around, "This is the small world, the Magical Continent. We're standing at Magical Continent Mountain. This is the same place we left from."

"I seem to be feeling Ye Mo's chi," Ning Qingxue murmured.

Chapter 774: Ye Mo's Whereabouts

Luo Ying's eyes went red, "I also felt his chi..."

Tang Beiwei wiped her eyes. She knew that although Sister Luo Ying didn't show it, she loved her brother just as much as Sister Qingxue.

Luo Fei suddenly said, "This place is only 50 kms away from Chan City. We can go there to find out about Brother Ye's whereabouts. Chan City is the centre of the hidden sects, if Brother Ye showed himself, we can find out about him there."

Luo Ying was the head of the four. Hearing this, Luo Ying nodded, "Okay, let's go to Chan City first then."

Soon, the four arrived outside Chan City.

All of them could fly except for Luo Fei, which made her feel quite down.

Luo Ying saw this and walked up to Luo Fei, "Luo Fei, you can cultivate with us from now on, Martial Brother won't say anything if I teach you."

"Huh?!" Luo Fei's face was full of surprise and joy, but she immediately reacted and said, "Thank you, Sister Luo Ying, should I-"

Luo Ying knew what she was going to say and waved her hand, "We'll still be sisters, it would feel strange if you called me master."

"Sister Qingxue, this city is so big! But if Luo Yue City built a wall too, wouldn't it be much bigger than this?" Tang Beiwei saw the tall city walls and exclaimed.

Luo Fei nodded and said, "Yeah, Chan City is the biggest city in the hidden sects, and in the mortal world on the other side of the sea, there's also a very big city called Hang Shui City. I can show you guys later, but I've only ever heard about it."

"Okay, but we need to find Brother first." Tang Beiwei also worried about Ye Mo a lot. Ye Mo was her only kin.

As soon as the four walked into Chan City, they caught the eyes of almost everyone. Four extremely beautiful women appeared together in this prosperous city.

But Luo Ying and Ning Qingxue had very strong temperaments and people didn't dare to go up to them. In this city, power was everything. If you offended someone significant, you wouldn't even know how you died.

The four walked into a hotel, and Tang Beiwei called the waiter, "I want to ask about someone-"

Luo Fei quickly said, "Beiwei, you won't find out about anything like this. There are countless people going in and out of Chan City everyday. Unless it's a very famous person, it's pointless to ask like this. We'll ask the City Lord to put up a notice, and then I think we should be able to find Brother Ye."

Tang Beiwei nodded, "You're right, but wherever Brother goes, he always becomes famous."

"Miss, I in fact happen to collect news, so perhaps if you tell me the name of the person you're looking for, I might know," the waiter commented.

Ning Qingxue simply asked, "His name is Ye Mo, do you know?"

The waiter heard this name, and his face changed drastically. He didn't even talk and just walked away. The very noisy restaurant area of the hotel became very quiet after hearing this name.

"What's going on?" Tang Beiwei was confused.

But before anyone said anything, she walked up to that waiter and stopped him.

"Why did you leave after hearing my brother's name? Tell me or don't blame me for what I might do," Tang Beiwei said.

"Mi- Miss, I never said anything bad about Ye-Qianbei, please let me go." The waiter regretted for being a loudmouth.

Tang Beiwei said coldly, "I will let you go if you tell me about Ye Mo, otherwise..."

"I'll speak, I'll speak! Ye-Qianbei hasn't appeared for a few years," the waiter said shakily.

Tang Beiwei was angry, "Since my brother hasn't appeared for a few years, why are you acting like this?"

The waiter didn't dare to reply at all.

At this moment, a youth sitting next to the window saluted with his fist as he walked over, "Miss, I am Lu Heshen from the All Heaven Sect. It is thanks to Ye-Qianbei that we are a special grade sect now. Ordinary people don't dare to talk about Ye-Qianbei, but I can tell you about him."

Tang Beiwei studied the young man and said, "Oh, in that case please tell me what happened to Ye Mo."

Lu Heshen's face was handsome, and he was very tall. He carried a longsword on his back.

Lu Heshen saluted to Luo Ying and co. with his fist and then said, "Four years ago, Ye Mo's wife, Mu Xiaoyun, was schemed for by the Taiyi Sect, and because of that..."

Hearing this, Luo Ying and Ning Qingxue's hands shook. Ye Mo got another wife here? Meanwhile, Tang Beiwei looked down as she felt ashamed to face Sister Luo Ying and Sister Qingxue. Although she didn't mind personally, this was quite unfair towards them.

But soon, Luo Ying and Ning Qingxue acted normal as though nothing happened.

Lu Heshen continued, "Taiyi Sect wanted Mu Xiaoyun no matter what, but Ye-Qianbei happened to get there on time. At the hidden sects grade tournament on Magical Continent Mountain, he exerted his dominance and killed tens of great heaven and earth level masters. Then, he annihilated the Taiyi Sect, Gemini Sword Sect, Forgery Hall, and tens of sects that acted against him."

Hearing this, Luo Fei shivered and spilled a cup on the table. She was extremely shocked. Ye Mo had killed so many great heaven masters all by himself and annihilated a special grade sect like Taiyi? This was unbelievable!

If Ye Mo was this strong, didn't that mean he could easily wipe out her sect? Also, the All Heaven Sect had been just a first grade hidden sect before, yet now they were special grade. Such big changes had occurred amidst the hidden sects in a few years' time.

But Lu Heshen continued, "With Ye-Qianbei's dominance, ordinary people don't dare to show disrespect for him. After Ye-Qianbei did these things, he went around looking for his wife and disappeared for a few years. A few years ago, those disciples who escaped from the Taiyi Sect all came back under the lead of someone called Mo Youshen and formed the Taiyi Sect again, though. Although it's no longer a special grade sect, they're still a first grade sect."

"You're saying that Ye Mo has been gone for a few years?" Ning Qingxue asked shakily.

Lu Heshen replied immediately seeing someone as pretty as Ning Qingxue ask him something, "Yes, if Ye-Qianbei hadn't disappeared for at least a few years, the Taiyi Sect members wouldn't have dared to rebuild their sect."

"If he has been gone for a few years, why did the waiter not dare to answer us?" Ning Qingxue asked coldly.

Lu Heshen replied, "Because a month ago, a certain youth came to Chan City. He also asked for Ye-Qianbei's whereabouts, but this was heard by a half step great heaven elder of the Taiyi Sect who immediately ridiculed Ye-Qianbei and told that youth to piss off. After that, he called Ye-Qianbei a coward and said that if he dared to come out, Taiyi would get it's revenge."

"He's asking to die, how dare he talk about my brother like that!" Tang Beiwei was furious.

Lu Heshen smiled, "That youth said the same, though he called Ye Mo his master. When that Taiyi fellow heard this, he stood up to kill him. However, that youth killed the Taiyi master with just two moves. That wasn't the end of it - he went to the campsite of Taiyi in Chan City and killed a few earth levels and kicked all the other disciples out of Chan City as well."

Chapter 775: Luo Yue Has Changed

"If you guys have just come to this city, I can show you guys around if you don't mind." Lu Heshen looked eagerly at the girls.

"No need, thank you." Tang Beiwei waved her hand and went back to her seat in disappointment.

Lu Heshen didn't want to give up just yet, so he saluted with his fist, "If you're looking for Ye-Qianbei, I can still help, because Goddess Zihua is from our All Heaven Sect-"

A crisp female voice interrupted him, "Martial Brother Lu, leave, there's no business for you here."

Lu Heshen saw the woman coming through the door and immediately said, "Yes, Martial Sister Yun."

Yun Ziyi walked to Luo Ying and co. and was shook. She got news that a few girls were looking for Ye Mo. She thought it was Mu Xiaoyun, but instead, it was these girls out of which none was less pretty than her.

...

When Ye Mo landed on the ground, he spread out his spirit sense. He immediately became excited as he had returned indeed.

But soon, Ye Mo noticed that this formation seemed to have been opened just then and it was now broken.

Ye Mo soon remembered that at Magical Continent Mountain, the formation had loosened for no reason. It seemed that he helped the people crossing over from here while they helped him too.

Ye Mo shook his head. The thing he wanted to do the most now was to get back to Luo Yue.

Ye Mo's spirit sense had gotten very strong, and when he got on his flying sword and sent his spirit sense out, he immediately noticed that there was a hiding formation outside the valley.

Ye Mo immediately dashed over to this formation. On the small platform inside the hiding formation, there was a tree with 10 bright red fruits.

When Ye Mo saw this tree, his excitement was indescribable. He had looked all over the small world for it, but now he got it so easily.

This was a Bitter Ten Years Tree!

800 year old Bitter Ten Years - if he moved this to his chaos world and then sold Bitter Ten Years in the cultivation realm, he would become filthy rich.

But Ye Mo soon calmed himself down. He didn't even know if he could move the tree. Most importantly, he didn't have a place to plant it.

Although he had a golden page world, the world was still gray. He couldn't even go in himself. The only thing about it was that things wouldn't deteriorate inside.

No matter what, Ye Mo was still very excited obtaining the Bitter Ten Years. He took out 10 jade boxes and inscribed formations on them before then carefully placing the fruits inside and putting the boxes in his golden page world.

Then, he set up a few more formations around the tree. He couldn't dig the tree away now, but that didn't mean he wouldn't in the future.

...

Luo Yue City was no longer the Luo Yue City of when Ye Mo left. It had a population of about 2 million now. Due to its proper urban planning and advanced technology, it had become a place everyone in the world wanted to visit.

It looked very calm, but there were in fact a lot of hidden undercurrents. This was all because the leader of Luo Yue, Ye Mo, had disappeared for almost ten years while his wives didn't care that much about power and also left two years ago to look for Ye Mo.

So, the real power was in Xu Yuehua's and Xu Ping's hands. However, they were both immersed into cultivation as well. After Luo Yue stabilized, they spent most of their time cultivating. They knew this city was Ye Mo's anyway, so when Ye Zifeng and Ye Ling rose up, no one felt it was inappropriate to leave it to them.

Xu Yuehua was a bit better and still cared about Luo Yue's development, but Xu Ping really put almost all of his time into cultivation.

But recently, things had begun to touch Xu Yuehua's and Xu Ping's bottom line. So all the higher ups of Luo Yue held one of their big meetings. Although Xu Yuehua had been the one to bring it up, she didn't feel good about it at all.

City Lord Xu Yuehua, Vice City Lord Dong Tanzhen, Vice City Lord Ye Zifeng, Vice City Lord Ye Ling, Army Marshal Xu Ping, Head of Commerce Xu Qianqian, Navy Commander Shen De, Ground Forces Commander Ye Zhihua, Head of Technology Dong Nana, Foreign Affairs Minister Dong Chong and so on.

Xu Yuehua looked at this room full of people and suddenly felt lonely. She found most of the faces weren't familiar. What happened to Yu Miaodan, Zang Jiayan and Huang Yinian? Guo Qi, Li Sandao, and the crazed tech genius Ye Xing?

At this moment, Xu Yuehua suddenly felt like she had betrayed Ye Mo's expectations. She had unknowingly let Luo Yue turn into this. She had only bothered herself with building Luo Yue's technology and helping it expand, spending all her remaining time cultivating. She didn't even notice the highest level of Luo Yue turning into this.

If she wasn't the appointed City Lord by Ye Mo, if Xu Ping wasn't Ye Mo's second brother, could they even still stay in their positions? If they didn't both have earth level peak power, could they still maintain their power?

In fact, she didn't even know who this Dong Tanzhen was, yet he had more power than her in actuality!

Xu Yuehua was still being dazed when the Vice City Lord Dong Tanzhen said, "Today's meeting will be held by me and City Lord Yuehua. Due to Ye Xing's departure, our new Head of Technology Dong Nana can't even look at a lot of the resources, let alone..."

Xu Yuehua was furious already. This Dong Tanzhen was stepping over the line!

....

Ye Mo stood in the prosperous city and exclaimed out of surprise. He had left for many years and in these years, Ye Xing and Xu Yuehua didn't betray his expectations. Luo Yue City was built rather well.

He desperately wanted to see Luo Ying and Qingxue, but he didn't know how to face them.

Suddenly, there was a ruckus on the streets. Ye Mo looked over and saw someone smashing a clothing shop.

Ye Mo frowned. How could this happen at Luo Yue. What was Fang Wei doing?

"Yuan Gong, it's you?" Ye Mo squeezed in and saw that he actually knew the shop owner. It was Yuan Gong who came with him to Flowing Snake to start up Luo Yue Pharmaceuticals. He had a sister called Yuan Meixiang. Ye Mo met them and Zang Jiayan on the train. How could someone smash a founding father's shop?

Yuan Gong's eyes were red as he held a metal stick, ready to resist the patrol squad. There was a woman behind him who was probably his wife.

When he heard Ye Mo's voice, he turned around and saw Ye Mo. At that moment, he was dumbfounded and dropped the stick.

"Yuan Gong, what's going on?" Ye Mo asked again.

Yuan Gong suddenly knelt on the ground and started crying, "Brother Ye, is it really you? You're back?"

Ye Mo pulled him up and asked coldly, "What is going on? Why is something like this happening? Where is Fang Wei, that bastard?"

Before Yuan Gong could answer, the patrol squad leader studied Ye Mo and said in a weird tone, "Who are you? How dare you intervene with Luo Yue's law enforcement? Do you not want to live? Men, capture him for now."

Ye Mo sneered and couldn't even be bothered asking why anymore. He casually swepted his leg and broke all their legs. No matter who was right, he wasn't going to allow any law enforcement officers like these.

These people didn't expect Ye Mo to be more strong and more unreasonable than them, breaking their legs without asking anything, and they started howling in pain.

Ye Mo was annoyed by this even more, and he kicked all their teeth out.

"What's going on? Yuan Gong tell me." Ye Mo's tone was ice cold. He would never allow abuse of civilians on his land. Whoever dared do that would be killed!

Chapter 776: What the hell are you?

"Two years ago, City Lord Ning left Luo Yue. The new Minister of Finance said my sister's records weren't clean and locked my sister up. I luckily bought this shop when Luo Yue was just built. Due to my sister's case, I'm not allowed to work at Luo Yue Pharmaceuticals anymore, so now keeping this shop open is all I can do," Yuan Gong said.

Ye Mo frowned - Qingxue had left? He scanned his spirit sense out, and he didn't see Ning Qingxue, Luo Ying, or Tang Beiwei.

He then looked at the meeting Xu Yuehua was holding, and he didn't know most of the people there. Where was Sister Yu? And his Navy Commander, Old Huang? Zang Jiayan and Guo Qi weren't there either. He didn't even see Ye Xing!

The more Ye Mo looked, the more unhappy he was. He scanned his spirit sense out 20 kms and didn't see these people anywhere.

Yuan Gong continued, "My shop was always very quiet, but for some reason Brother Fang Wei was also locked up and-"

"What?! Fang Wei is locked up?" Ye Mo's eyes went colder and colder. There was a possibility that Yuan Meixiang's records weren't clean, but Ye Mo knew Fang Wei. He was very loyal. He would definitely not do something illegal, why was he locked up?

Yuan Gong nodded, "Yes, because Brother Fang was locked up, these people started doing as they pleased. These people were sent by the Dong family. The Dong family is the most powerful family in Luo Yue right now. A servant of theirs wants my shop, and so now they want to rob it."

Ye Mo's face was oozing frigidity now. He kicked the patrol fellows away and said, "Does Xu Yuehua not know about all this at all, or does she not bother to care?"

Yuan Gong shook his head, "I don't know. I wrote to her saying that my sister was innocent, but I got no reply. What happened to my sister and I isn't even that bad. Last year, there was an incident with a

family from Europe. Because they had a pretty daughter and Dong Zheng from the Dong family wanted her, when the family didn't agree to his advances, the next day, the entire family died, and the daughter was raped and killed. When the police investigated, they declared it a family suicide."

"Haha, suicide, very well!" Ye Mo didn't want to stay here any longer at all.

...

"I disagree with City Lord Dong's words, the secret files of the Tech Department aren't even visible to me. How long has Dong Nana been here for? Unless my third brother signs for it personally, no one is allowed to go see those records," Xu Ping rebuked Dong Tanzhen's words.

Dong Tanzhen sneered, "CEO Xu, if I bring this up, it means it has been approved of. Otherwise, I wouldn't bring it up. City Lord Ye, you can start a vote."

Xu Yuehua knew that if there wasn't a secret card needed to access the files, Dong Tanzhen wouldn't even bother holding a meeting for this. After Ye Xing left, the card to the room was left to her.

The Ground Forces Commander Ye Shihua suddenly got up and said, "I agree with City Lord Dong's proposal. Also, I believe the conservative position of City Lord isn't beneficial to the development of Luo Yue. I propose a four-year term for the City Lord position just like the US and their president. This way, we can vote for a new City Lord."

Xu Yuehua was furious. She was no politician, but Ye Mo had given her the position of City Lord. She didn't care about the position but about letting Ye Mo's hopes down.

Seeing Xu Yuehua's anger, Dong Tanzhen sneered. These few idiots all showed their emotions on their faces. No wonder he had only needed a few years to get 80% of the political power in Luo Yue.

Ye Zifeng coughed and got up, "My brother gave the position to Xu Yuehua, I don't think we should touch it. If my brother comes back, we-"

Fang Nana heard this and immediately sulked, "Zifeng, we're talking about serious matters here. You can't just speak out of personal feelings like that. We've been married for a few years, but did you see me troubling you out of personal matters?"

"Yeah, City Lord Zifeng, Ye Mo hasn't come back in all these years. If something happened to him, are we to stagnate like this? Moreover, the military of Luo Yue also agrees to changing the City Lord," Dong Tanzhen smiled.

Xu Ping was immediately furious, "When did I agree? The military disagrees with this proposal!"

"Do you represent the military? Then what do Ye Shihua and Shen De represent?" Dong Tanzhen sneered.

Ye Shihua and Shen De got up and said, "We represent the Luo Yue Navy and Ground Forces, and we support City Lord Dong's proposal. Those who disagree, can talk to our troops. Even if Ye Mo himself came back and disagreed, he would need to ask our troops-"

"Very well, I disagree! Now get your troops to ask me !" a cold voice sounded, and everyone looked at the door of the meeting room.

There was no alert to this new arriver, and everyone was shook upon seeing why.

"CEO!"

"Third Brother, you're back!"

"Brother!"

"Brother Ye!"

Ye Mo felt warm hearing these voices. There were still some people who remembered him.

"Ye Mo?" Dong Tanzhen was dazed but soon reacted and saluted with his fist, "This is Luo Yue's highest level meeting, how about I invite you to rest first and after the meeting-"

Ye Mo looked coldly at Dong Tanzhen and said, "And what the hell are you? Who let you sit there?"

"Big Brother, Brother Tan is the number one Vice City Lord right now. Everyone voted for him," Ye Zifeng got up and said.

Ye Mo glanced at Ye Zifeng but didn't answer. He looked coldly at Dong Tanzhen.

Dong Tanzhen's face went cold, and he signaled at Ye Shihua, but Ye Shihua was shaking at the sight of Ye Mo. He didn't see Dong Tanzhen's signal at all.

Seeing this, Dong Tanzhen sneered and said plainly, "I'm Dong Tanzhen. Perhaps due to my late arrival, I don't know Mr Ye. You're our valuable guest, but this is an important meeting so please, someone come!"

Three men came out immediately, two of whom were half step great heaven and one was a mutant master. He was at least level eight or higher.

"Lock him up!" Dong Tanzhen waved at the three men.

Ye Zifeng's face burst red, "City Lord Dong, he's my Big Brother. Luo Yue City is his, what are you saying?"

Dong Tanzhen waved at Ye Zifeng, "Zifeng, private matters belong to the private sphere, Nana also just told you. Luo Yue City isn't Ye Mo's. It's everyone's. Don't worry, I'm just preventing him from obstructing our meeting, I won't hurt him."

"So you're from that 'currently most powerful family in Luo Yue', the Dong family?" Ye Mo suddenly asked.

"We can talk after the meeting Mr Ye." Dong Tanzhen was very calm, as though everything and everyone was under his control.

Dong Tanzhen closed his eyes, and those three masters charged at Ye Mo. Xu Ping got up immediately, but Ye Mo waved his hand at him.

Ye Mo sneered. No wonder Dong Tanzhen was this cocky. He could get such masters, three of them at that. He definitely wasn't ordinary.

However, Ye Mo was unhappy with Ye Zifeng's attitude. He was his brother, yet he was helping Dong Tanzhen. Ye Ling didn't talk, but Ye Mo saw guilt in her eyes too. Perhaps Ye Ling had even helped this guy.

However, these people were insects to the current Ye Mo.

Ye Mo mobilized his cultivation essence and the three 'masters' immediately felt like they had sunk into a dense mudpit and couldn't move at all.

They immediately knew things weren't good, but before they could react, Ye Mo waved his hand and three wind blades brought down three heads.

Dong Tanzhen was dazed. He was the one who brought these three, and he knew best how powerful they were. It could be said that no one in the world could stop the three of them together, yet they didn't last a single move against Ye Mo.

Before Dong Tanzhen could react, Ye Mo walked to Dong Tanzhen and grabbed him. He threw him into the air and swiped out.

Blood splashed out, and when Dong Tanzhen fell on the ground, his ligaments were missing.

Ye Zifeng looked at this in shock. The number 2 figure in Luo Yue, his brother-in-law, had turned into that out of nowhere.

Chapter 777: Leave No One Alive

"Big Brother, you-" Ye Zifeng looked dazily at Ye Mo. He had heard a lot about how Ye Mo was decisive in killing, but this was the first time he saw his brother kill and so bloodily at that.

Ye Mo didn't seem to see Ye Zifeng and shot out four finger winds, stopping Dong Tanzhen's bleeding. No one could believe how easily he stopped that massive bleeding.

Everyone in the meeting room had woken up by then. Xu Yuehua and Xu Ping were fine, but Xu Qianqian was already puking. This was too bloody.

She knew why Ye Mo was killing these people. She had known the purpose of this meeting too, but she could only protect herself.

Ye Mo had given her this opportunity and recovered her looks. Hence, she didn't want to join the Dong family's side, so she had been planning on resigning, but now Ye Mo had come back.

Ye Mo looked coldly at Ye Shihua and Shen De who tried to leave, "If you sit there and don't move, I might leave you with a full body. If you dare to move, then you will be like this cocky guy."

"Big Brother, Shihua is my cousin, he's from the Ye family." Ye Zifeng finally understood how domineering and unreasonable Ye Mo could be.

Ye Mo looked coldly at Ye Zifeng finally and said, "Zifeng, the first thing I need to tell you is this: Luo Yue does not belong to the Ye family. Even if Ye Beirong dared to do the same thing, I would still kill him. Secondly, being from a big family, how can you be so foolish, I wouldn't care about you being the City Lord, but what about forgetting the original people who followed me? Did they do you any wrong? You don't need to explain to me, there will be other people to do that."

Then, Ye Mo walked to Dong Tanzhen and kicked him on the head. Dong Tanzhen's eyes went blank.

"Tell me, what is your name?" Ye Mo looked at the convulsing Dong Tanzhen and said coldly.

Dong Tanzhen answered in a monotone voice, "I'm Dongfang Tanzhen."

"Who sent you here and what for?" Ye Mo asked.

Dong Tanzhen replied, "The Young Master sent me here. He believes Luo Yue is more suitable for Xi Tang's development. We will take over everything in Luo Yue."

Ye Mo then looked at Dong Chong and Dong Nana and said, "You don't need to think about anything else, since you dared to come to Luo Yue-"

Then, Ye Mo caught a bullet and immediately flicked it back out.

Blood exploded as Dong Chong's hand that was holding a gun was completely shattered with blood splashing onto Dong Nana and Ye Shihua.

Ye Mo walked over and kicked out a few times. Dong Nana, Ye Shihua, Dong Chong, and Shen De were all kicked together into the same spot.

"Is your Young Master Dongfang Wang? I don't think Dongfang Tang has the balls to do this, so it must be. The Dongfang family is quite cocky. You think you can rob Luo Yue's land just like that? I really want you to bring a message to Dongfang Wang this time. Even if he takes the positions of all of Luo Yue's higher ups, Luo Yue City will never belong to the Dongfang," Ye Mo said coldly.

Ye Zifeng murmured, "How can this be? Nana, you're also Dongfang, aren't you?"

"Zifeng, I'm sorry, I owe you." Dongfang Nana suddenly got up and turned to ram her head into the pillar.

Ye Zifeng saw this and immediately charged over to grab her, "Nana, don't do this, Big Brother won't kill you!"

Ye Mo sneered. He saw with his spirit sense that Dongfang Nana had a mini-pistol in her pocket. She didn't need to ram her head into the wall to kill herself. But Ye Mo couldn't be bothered exposing that. He could tell that Ye Zifeng really loved Dongfang Nana, but she was just using him.

Ye Mo walked up to a seat and sat down before saying slowly, "Second Brother, Sister Yuehua, why are so many familiar people missing? Why is Fang Wei locked up?"

Xu Ping looked down guiltily, "Sorry, Third Brother, I didn't help you manage this family well."

Xu Yuehua got up and said, "CEO, the main responsibility is mine. I just realized that the documents telling Commander Huang, Yu Miaodan and the rest to resign were all signed by me. Zifeng brought me those documents to sign, so I didn't mind that much--"

Ye Ling suddenly said at this moment, "I know that Sister Yu and Commander Huang never wanted to resign. Those orders were fake. After Sister Yuehua signed other things, Dongfang Tanzhen changed the content and used Sister Yuehua's supposed orders to capture Sister Yu and co.

Brother, Second Brother is infatuated with Dongfang Nana and has fought with Sister Yuehua many times. Sister Yuehua always felt she was an outsider due to Zifeng's identity which allowed them to take over Luo Yue step by step. I could see it happen, but I didn't dare say anything. Sister Luo Ying and Qingxue all left. I wanted to tell them after they came back, but they haven't been back ever since leaving. Luckily you came back today."

Ye Ling wiped her eyes. She knew that if she exposed these things, Sister Yuehua and Xu Ping and co. might be killed by these people. The only reason why they didn't was because they feared a riot happening.

She knew things would all be corrected when her brother came back, but dead people couldn't be returned back to life. She had seen with her own eyes Brother Zang being unable to even last three moves even when he was at the earth level tertiary stage when he was caught against that master Brother Ye had killed.

Luckily, Brother had returned, and now things would be back to how they were before.

Ye Mo sighed and walked up to Ye Ling, "Ye Ling, I thought wrong of you. Were things already past the point of no return when you found out?"

Ye Zifeng was the person who had willingly betrayed them. Ye Ling just couldn't do anything about it.

"Brother!" Ye Ling nodded and cried into Ye Mo's arms.

Ye Ling cried for a while and suddenly remembered something, "Brother, you should quickly go save Sister Yu, Commander Huang and the others. They were locked up by Dongfang Tanzhen at He Zi Strait Military Prison."

"What? They left Luo Yue already?" Xu Yuehua got up in shock and asked shakily.

Ye Zifeng was also dazed. He had always been grateful for Dongfang Nana's understanding and caring attitude towards him. When so many old people of Luo Yue left, she introduced that many capable people to Luo Yue. Only now did he realize how much of a fool he was.

Yet, he still wasn't able to hate her.

"I will go save them!" Xu Ping slammed the table. His face showed extreme guilt and anger.

Ye Mo waved his hand, "No need, I will go save them. This is my fault."

Then, Ye Mo killed Ye Shihua and Shen De with two wind blades and then destroyed Dongfang Chong's and Dongfang Nana's dantians before saying to Xu Yuehua, "Sister Yuehua, now is not the time to punish yourself. Lock these two up and interrogate them."

Then, Ye Mo said to Xu Ping, "Second Brother, go take control of the army immediately and annihilate the Dongfang family no matter if they're here or outside. Kill everyone except for the women they robbed from Luo Yue City. Leave no one alive."

"What?!" Everyone was shaken at these words.

Chapter 778: Dongfang Wang's Trump Card

"What?" everyone was shocked by Ye Mo's words

Leave no one alive? Was this still modern day society? If news of this reached the Union, perhaps they would start a third war with Luo Yue in the name of human rights.

Dongfang Nana and Dongfang Chong shivered. Only now did they realize what sort of enemy their young master had offended.

These last few years, Ye Mo hadn't been at Luo Yue, and they hadn't seen him, so they thought Ye Mo was just so-so.

What Ye Mo had said now was still understandable to Xu Ping and Xu Yuehua, but to Ye Zifeng and Shen Qianqian it was shocking. Shen Qianqian subconsciously said, "Brother Ye, shouldn't we lock them up first, then take them to court, and then-"

Ye Mo sneered. He wasn't a political idiot. He had come back to establish his dominance. If he couldn't even do that, then what would happen if he left Luo Yue for a long time again?

Luo Yue was different from other countries. This was a new city, and they didn't need to copy other countries' laws. He needed to use bloody warnings to all those who might want to plot against Luo Yue City. He needed to tell them, 'There is no court battling here. If I want to kill you, I will.'

He turned around to Xu Yuehua and added, "After Second Brother kills them all, list their crimes publically."

Ye Mo paused for a moment, "And add another law to Luo Yue City. Those who betray the country can be killed unconditionally as long as I confirm it."

This was a dictator law, but Ye Mo didn't think he would ever wrong the innocent. He didn't give this authority to anyone else either.

The Dongfang family could kill another family as they wished, go to their home and rape and kill while telling everyone it was suicide. This had touched his bottom line. Even if he wronged some innocents of the Dongfang family now, he would be giving justice to those who lived in Luo Yue.

He had created Luo Yue City to give peace and harmony-loving people a place to live happily, not for someone to abuse Luo Yue's citizens, not even Ye Zifeng.

Ye Ling looked at Ye Shihua who was lying dead on the ground. Her eyes were disappointed. She didn't like these things, but the Ye family members just had to come start trouble in this peaceful Luo Yue. She knew long ago that if her brother came back, none of these people would be able to get away.

The reason why all these things had happened in Luo Yue was because Ye Mo hadn't specified Xu Yuehua's authority. Ye Zifeng thought Ye Mo had left him there to balance Xu Yuehua's power.

Moreover, Xu Yuehua was more suitable for being Head of Intelligence but not really for being City Lord.

"What is it, Third Brother?" Xu Ping said.

Xu Yuehua and co. all looked at Ye Mo who was suddenly stopping Xu Ping not knowing why he was doing that.

Ye Mo had calmed down and given things a bit more thought. Dongfang Wang had started this. With his wits, there was no way he didn't account for the possibility of failure. He must have some trump card to dare do this. And that trump card would be used to negotiate with him when the plan failed.

Those of the Dongfang family were all cunning like foxes. If he underestimated them, he would be the one suffering.

What was Dongfang Wang's trump card?

"Second Brother, don't startle anyone yet, let me think. Everyone sit down." Ye Mo also sat down and rubbed his head.

Ye Mo knew that he wouldn't be able to think of anything in his current mood. He took out a few transmission runes and gave them to Xu Ping and Xu Yuehua. Then he said, "Second Brother, go take over the military immediately and lock down Luo Yue for now. Don't allow so much as a bird to fly out. After that, go annihilate the Dongfang family. If anything comes up, tell me through this transmission rune. And once everything is under control, you can go rescue Sister Yu and co. for me."

In this situation, he could only move very fast. He should be the one rescuing people himself, but he had to figure out what Dongfang Wang's next move was.

"Yes." Xu Ping walked out and disappeared from the doorway quickly.

Ye Mo then said to Xu Yuehua, "Sister Yuehua, use the highest order of the city and immediately shut down all means of transportation. Secondly, immediately shut down all telecommunications within Luo Yue. Without the next order, it is not to be started again. Also start up Luo Yue's interference machine and stop any signals from going out. We'll communicate using these transmission runes only."

"Yes, President." Xu Yuehua knew that Ye Mo must've thought of something important.

"By the way, Sister Yuehua, I told you to investigate a place called Xi Tang before, do you have any news?" Ye Mo asked.

Xu Yuehua shook her head, "I wasn't able to find it, but I did find out that after the Sui Tang dynasty, there was a power faction in Jing Ping called the Great Xi Tang. Pretty quickly though, that power faction died down. There were barely any records left of it."

Ye Mo knew that if this matter were so easily gotten to the bottom of, Xi Tang wouldn't be able to exist 'till today.

With Ye Mo's order, Luo Yue City became restless once again. Some people were arrested, but most importantly, almost everyone knew that big things were about to happen after telecommunications were shut down.

...

Ye Mo interrogated Dongfang Nana and Dongfang Chong, but the result was that they were just pawns sent by Dongfang Wang. They didn't know what Dongfang Wang's next move was either.

The only useful thing he got out of their mouths was one of Dongfang Wang's HQ locations - Xin Li Ni Island. This was a private island which Dongfang Wang had gotten 5 years earlier to develop his power.

Ye Mo sighed. He didn't know if Dongfang Wang had savings before or not, but earning enough money to buy an island within five years - this guy was really capable. If Dongfang Wang just wanted to recover his Xi Tang, that was fine, but he shouldn't have tried to mess with Luo Yue.

Xin Li Ni Island was about 6 square kilometers big. No matter if Dongfang Wang was on this island or not, Ye Mo was going to annihilate it.

Ye Mo sent his spirit sense out, and Xu Ping had acted quickly and managed to gain control over the army. Ye Mo nodded. After all, Xu Ping was the original commander, so now that Ye Shihua, this outsider, had died, it was effortless to regain control over the army that belonged to him in the past.

A few gunshots and explosions sounded when Xu Ping encountered some people who didn't fear death, however.

The explosion shook Ye Mo. Explosion? Right, why didn't he think of it! If he was Dongfang Wang, the only way to bring the enemy down with you was to physically destroy Luo Yue. Luo Yue's air defense was too strong, so the only way to do that was to plant the bombs in Luo Yue and detonate them.

Thinking about this, Ye Mo sweated.

Chapter 779: More Important Thing

Realizing the danger of the situation, Ye Mo knew that it was pointless to call Xu Ping back immediately.

The only thing to do was to check if Dongfang Wang had really planted bombs in Luo Yue. If he had, he had no way but to take them out before Dongfang Wang detonated them.

Thinking about this, he scanned his spirit sense out at once, not even leaving out underground.

Luckily his spirit sense was more than 20 km long, so it could go through the earth easily.

Soon, Ye Mo's expression looked really bad. He had indeed found bombs - timed bombs with radioactive effects. These bombs could kill thousands of people at once. Not only that, the radioactive substances would completely destroy Luo Yue. Dongfang Wang was really sinister.

Ye Mo calmed down. His safety measures were of some use. Dongfang Wang would have to be notified for him to decide to detonate the bombs no matter what, and he had cut off the city's telecommunications.

The moment after, Ye Mo had left the meeting room. He needed to dig away the bombs as quickly as he could.

Ye Mo's spirit sense was very powerful and, as it swooped the heavens and earth, he found out that there was more or less a bomb every kilometer. The most densely populated places had more bombs.

Ye Mo was furious.

Luo Yue had to bleed - these people were hidden very deeply. Hence, since Ye Mo had decided to act up, he wasn't going to be soft.

The bombs had been placed very strangely. Some were inside trees, some were inside water or earth. Some were in the middle of the road, or inside walls.

Other than Ye Mo, no one would be able to find them all without knowing the exact place. Without the support of a city manager, these bombs wouldn't have been able to be placed at all. And based on their locations, Ye Mo knew this hadn't been done in a day or two.

These bombs were like mini nuclear bombs. Each one of them was very expensive. That Dongfang Wang was really wealthy.

In order to create nuclear fission bombs, Ye Mo believed that Dongfang Wang had to have collaborators. Ye Xing could have been involved, but Ye Mo didn't believe Ye Xing would do that, despite not knowing where Ye Xing had gone.

His collaborator would at least have Northern Sand's level of technology power.

Even with Ye Mo's spirit sense and speed, he took half a day to take out all the bombs in Luo Yue City. There were 59 in total. Ye Mo quickly placed these in his golden page world and then checked many times to see if there were any more bombs.

After this, the first thing he was going to do was set up automatic bomb checking devices and alert the city if bombs were found. Ye Mo only breathed at ease when he received Xu Ping's news.

"Third Brother, we found Yang Jiu, who used to follow Yu Miaodan before he betrayed us and killed a few soldiers."

Yang Jiu? Ye Mo immediately remembered Yang Jiu and Han Zai, who he had taken in from Earth Fiend. He had even helped them to take out the Gu bug. Yet now, as soon as he left, Yang Jiu betrayed them. What about Han Zai?

"I'll come over," Ye Mo said.

Everything outside had been controlled and Yang Jiu had been subjugated. He was tied to a pole.

Even when Yang Jiu was tied up, he still had a face full of contempt. However, when he saw Ye Mo come, horror flashed across his eyes. He hadn't expected Ye Mo to have come back. The pressure Ye Mo gave him stuck to his heart.

Even the soldiers on the square stopped breathing and stood up still when they saw Ye Mo come. Almost 90% of them hadn't seen Ye Mo, but he was a legend. Stories of how he had created Luo Yue had long been spread throughout the city.

Ye Mo looked coldly at Yang Jiu and asked plainly, "I really want to ask you, when did I ever mistreat you or when did Luo Yue ever mistreat you?"

"I-" Yang Jiu wasn't afraid of Xu Ping, but he was afraid of Ye Mo.

Xu Ping sneered, "Yang Jiu, didn't you just say that I wouldn't dare kill you and Luo Yue was controlled by your master?"

Yang Jiu suddenly looked up, yet there wasn't much fear in his eyes. He bit his teeth and said, "Yes, I said that. Ye Mo, I know you're strong but you can't kill me. Because if you kill me, Luo Yue will be over immediately."

"Oh, then tell me why that is." Xu Ping looked scornfully at Yang Jiu without taking his words seriously at all.

Yang Jiu suddenly had fear in his eyes. He thought that almighty person, that young master, was like a demon. It seemed he could do anything.

He had said he was going to take down Yu Miaodan and he had succeeded. He had said he would take down the Commander of Ground Forces Guo Qi and he succeeded too. He had said he was going to make Dong Tanzhen the number one Vice Citylord and the second day after he said it, Dong Tanzhen had become the number one Vice Citylord.

Ye Mo looked at Yang Jiu and could tell that he was thinking about something else instead. Suddenly, Ye Mo lost interest in chatting anymore. "Where did Han Zai go? Did you capture Sister Yu?"

Yang Jiu was shook and subconsciously answered, "I killed Han Zai and I captured Yu Miaodan."

Ye Mo waved his hand. "Kill him."

"No, Ye Mo you can't kill me. The young master said that if you kill me, Luo Yue is over," Yang Jiu said. He had reacted, but Ye Mo didn't even turn back to look at him as he walked out of the square.

...

When Ye Mo went back to the meeting room again, Xu Yuehua was back. Xu Ping was still commanding outside. At the same time, Yu Miaodan, Zang Jiayan, Huang Yinian, Guo Qi, Lu Lin, Fang Nan, Fang Wei and all the others were also back. Shi Xiu and his wife were also there too. Even the air force Commander Sherman, who hadn't come to the meeting before, also came.

They were political prisoners. Although they had been locked up, Dongfang Wang clearly didn't intend to kill them, so they were rather healthy.

Although everyone knew Ye Mo had come back, when they really saw Ye Mo, they finally dared to believe it was real. They all got up. To them, if anything happened in Luo Yue, as long as Ye Mo was back, it would be fine.

Ye Zifeng had also come to the meeting. When he saw that so many qianbei had been locked up due to him, he realized how dumb he had been

If Yemo hadn't come back and Luo Yue would have been completely controlled by the Dongfang family, all of those people would have been killed.

"Brother Zang, Sister Yu and Commander Huang, I owe you. I let such things happen in Luo Yue. I feel really embarrassed. This is our home, yet I let other people come in and cause harm to you. This is my fault," Ye Mo apologized. No matter what, these people had helped him build Luo Yue, but they had gotten locked up.

Xu Yuehua sighed, "When Miaodan left, I went to send her off. However, I didn't expect she would get locked up. Miaodan, I'm sorry to you all."

Yu Miaodan was very disappointed. Yet now that they apologized, she knew that she couldn't blame Ye Mo. They idealized politics too much.

Zang Jiayan said casually, "Let the past stay in the past. We need Luo Yue to stabilize as quickly as possible."

Ye Mo nodded, "Okay, everyone go back to your posts first. Once Luo Yue stabilizes, we will discuss about the future. And Yuehua, recover the city's telecommunications."

Ye Zifeng walked up to everyone and apologized. He had been the main cause of this.

"Shi Xiu, help Yuehua. We'll talk later." Ye Mo was quite happy that Shi Xiu had come. He was his best friend after all.

After all this, there was a more important thing he needed to do.

Chapter 780: Psycho Dongfang Wang

Xin Li Ni island was in between the Philippines and Indonesia. Ye Mo had never been someone who wouldn't strike back after being attacked. The first thing he did after handing Luo Yue over to the others was to go find Dongfang Wang to this island.

The island wasn't small - it was rather big. It belonged to an European tycoon before and somehow it had become Dongfang Wang's.

Ye Mo had indeed seen some soldiers training there and their equipment was rather good. Their defenses were very thorough, but to Ye Mo they were non-existent.

Ye Mo got to the centre of the island. There was an impressive estate and there were many barracks outside of it.

There were about 1000 thousand barracks on that small island. Ye Mo looked at their flag, which had two ancient characters, yet he could tell it was Xi Tang.

This was Dongfang Wang's base indeed, and a place where he trained his troops. It seemed that Dongfang Wang was much more decisive than his brothers. Both of them had wanted to rely on other people to build their own empire.

After seeing that many of the Dongfang family's people had come to Luo Yue, Ye Mo realized that Dongfang Wang was the real young master of the Dongfang family. Dongfang Xi and Dongfang Tang had probably wanted to be the young master too, but they couldn't get the support of the Dongfang family. Hence, they had no way but to rely on themselves.

Ye Mo scanned his spirit sense out and saw two new battleships. However, it was a pity that he couldn't find Dongfang Wang. It seemed he wouldn't be able to kill that guy that day.

Ye Mo didn't care that much. He believed that with his current spirit sense, it wouldn't be very hard to find Dongfang Wang.

Ye Mo planted the bombs he had taken out of Luo Yue City on the island and even on the two battleships. Although it was easy for him to kill the people in it, to Ye Mo it was much more satisfying to let Dongfang Wang have a taste of his own medicine.

As soon as Ye Mo was done, he received Xu Yuehua's call.

...

Luo Yue's biggest meeting center was full of people by the time Ye Mo got there. They all got up when Ye Mo entered the room.

He looked at the screen in the meeting room and saw it was Dongfang Wang's face.

"What's going on?" Ye Mo asked Yu Miaodan.

"Dongfang Wang spoke on Zero Degree International TV attacking Luo Yue, saying that we went against international laws and ignore human rights," Yu Miaodan said in contempt.

Ye Mo nodded and sat down. He had never heard of Zero Degree TV.

Xu Yuehua explained, "Zero Degree TV belongs to the Northern Sand Country. Although it has a short history, it's one of the top ten biggest tv channels on earth."

Ye Mo looked at Xu Yuehua in shock. "Northern Sand formed a country?!"

Xu Yuehua nodded. "Yes, six years ago. There were some internal conflicts in a small country in Africa. A party took over the other party and reestablished national constitution. Two years later, the country was renamed as Northern Sand."

Ye Mo thought about this - now things made sense. He didn't keep asking and instead focused his attention on Dongfang Wang.

Dongfang Wang seemed much more mature than ten years ago. His face was also bleaker.

"Our Dongfang family had been contributing to Luo Yue, our entire family had even moved there. Yet what did the dictator of Luo Yue do? He did something as inhumane as annihilating our entire family. Are we a primitive society? Is he a dark fascist ruler? The only option is carnage in the eyes of Luo Yue's dictator. I feel deeply worried for the citizens living in Luo Yue. I am representing the entire Dongfang family to call out to the world, we can't allow these butchers to continue! We need to resist! We need to destroy the dictator of Luo Yue!"

Dongfang Wang's expression was crazed and he waved his hand every time he spoke a word.

"Yes, I know the union won't do anything to Luo Yue. However, no matter how cruel and bloody Luo Yue's dictator is, he can't stop our resistance-"

Suddenly, the screen changed to another channel.

Ye Mo sneered. No matter how much Dongfang Wang tried to stir things up, the reality was more powerful than his arguments.

Ye Mo didn't think the Northern Sand Country issue was so simple. Northern Sand, unlike Dongfang Wang, was a powerful organization that had the same technology level as America. Meanwhile, Dongfang Wang was just a mad man.

Most importantly, their goal wasn't just to build a country - it was world domination. They hadn't had an open land to stay in before, but now that they had built their own country, they could do things openly.

Northern Sand was not like the US. The US dominated, but they still had some sense. They wouldn't try to annihilate every country on the planet, but Northern Sand was different. Those who followed them would prevail and those who didn't would get annihilated. That was their ideal world. If they had the power to destroy the world, they would just shoot nukes casually. Life was worthless in their eyes.

Just when Ye Mo was about to talk, Dongfang Wang tried to videocall with him.

Ye Mo was dazed but he immediately sneered. He knew what Dongfang Wang was going to do.

"Accept the call and send what he says to the world through Luo Yue TV," Ye Mo sneered.

Xu Yuehua dazed. "President, are we really going to broadcast our conversation with Dongfang Wang to the world?"

Ye Mo nodded, "Yes, let the whole world know what he's talking about. If he wants this satisfaction, I'll let him have it. I'm sure he won't expect this."

When the videocall was accepted, it was immediately broadcasted live.

The news reporter of Luo Yue said, "After Dongfang Wang undermined Luo Yue on Zero Degree TV, he immediately requested to videocall with Luo Yue. This is a live broadcast of his video call. Let us see what this hypocrite has to say!"

The screen changed to Dongfang Wang's face.

Dongfang Wang was holding a controller and laughing hysterically, "Ye Mo, I know you're watching this, I came to tell you exciting news. If you hadn't killed the Dongfang family's people, perhaps we could have negotiated. But you psycho killed my family without even negotiating first! I will let you know who I am! I will make you remember forever!

You're a psycho, okay. But I'm more psycho than you. This controller can detonate timed bombs all across the world. You will be very happy with the explosion of 60 bombs under you. Enjoy the fireworks at Luo Yue! Hahaha!"

Then, Dongfang Wang pressed the controller.

Everyone in the meeting room was dazed. Dongfang Wang had planted so many bombs in Luo Yue, yet none of the people there knew.

The people's heart sunk. They had just gotten out of jail, but now they were going to get bombed?!

Ye Mo's heart also skipped a beat. He had only found 59 - where was the last one?
