Chapter 821: Huang Mei Leaves

At noon, the five stopped to rest at a valley. Only Feng Yanqi and that Ge Liangzhong-guy kept talking. Xiao Shui was speaking even less. Ye Mo noticed he kept frowning too.

"I'll go look for something to eat, you have a rest," Xiao Shui said he would be going to find food like usual.

However, Feng Yanqi stopped him and said, "Brother Xiao, it's always been you looking for food. This time I'll go get something, you guys wait here."

Ye Mo looked strangely at her. Thinking of everyone there as her prey, how could she let them go?

But then Ye Mo immediately understood that with her having reached her goal of earth level, these prey weren't as useful as before.

"Yanqi, I'll go with you, this is the wilderness," Ge Liangzhong said.

Hearing this, Ye Mo immediately knew that Feng Yanqi had calculated this. Ye Mo was sure that as soon as she was finished with Ge Liangzhong, she would come back and kill the three of them.

After she killed Ge Liangzhong, everyone else would be suspicious of her 100% anyway.

"Okay, then I'll set up a tent first!" Xiao Shui laughed, and Ye Mo could clearly see actual joy in his eyes.

Feng Yanqi didn't think much of it and immediately went into the mountains to look for prey with Ge Liangzhong.

As soon as Feng Yanqi left, Xiao Shui picked up his bag and said to Huang Mei and Ye Mo, "I don't want to go to Wan Qu Mountain anymore. I'm leaving. If you want to leave too, you can go with me."

Xiao Shui didn't expect Huang Mei to smile and say, "Brother Xiao, you're probably suspicious of Feng Yanqi too right? That's why you want to leave so suddenly?"

Xiao Shi was a little surprised but didn't deny it. He nodded and said, "Yes, I've suspected her for a long time, but I only confirmed it now. I suspect that she killed Chen last night. We didn't need to walk so long to get here either, but she kept taking detours."

Huang Mei nodded, "Brother Xiao, you're right. She's from the All Gu Sect and Chen Yinzhu died due to getting all his essence blood sucked out. So I was planning to remind you anyways."

"You know? So you're willing to leave with me?" Xiao Shui said in joy.

"Brother Xiao, since you suspect her, why aren't you inviting us to attack her together?" Huang Mei asked in surprise.

Xiao Shui shook his head and didn't speak. He didn't have any evidence, and it wasn't good to kill people like that.

Huang Mei saw this and knew what he was thinking. She sneered, "Brother Xiao you might not know that she's actually earth level."

"What?!" As Xiao Shui heard this, he immediately said, "I'll be going now then."

Ye Mo nodded to Huang Mei, "You should hurry up and leave too, she'll be back pretty quickly this time."

"Are you not going, Mo Ying?" Xiao Shui looked at Ye Mo in surprise.

Huang Mei was also surprised, but she knew that Ye Mo would definitely not lose to Feng Yanqi, so she didn't say anything.

Ye Mo smiled, "I still have some things to do."

Xiao Shui realized that Ye Mo was probably not afraid of Feng Yanqi, and Huang Mei probably also knew about Feng Yanqi through Ye Mo.

After seeing the two off, Ye Mo's spirit sense scanned Feng Yanqi again.

...

"Sister Huang Mei, who is that Mo Ying? He's not even scared of All Gu Sect members?" Xiao Shui asked.

Huang Mei said, "Brother Xiao, although I know who he is, before he agrees, I can't tell you. But he's definitely not afraid of her. By the way, where are you planning on going?"

Xiao Shui didn't mind too much and said, "I heard that my second brother is in Luo Yue, so I'm planning on joining him."

"You want to go to Luo Yue?" Huang Mei asked in shock.

Xiao Shui nodded, "Yes, I feel like going to Luo Yue would be for the best."

"I'm also planning on going to Luo Yue, but I still have some business in Jing Shui. Otherwise, I could go with you," Huang Mei said casually.

"I can go with you to Jing Shui then. I only heard that my second brother is in Luo Yue, but I'm not sure if he really is. If you know someone at Luo Yue, maybe you can help me find him," Xiao Shui immediately said.

Huang Mei smiled, "Of course, what's your second brother's name? There's a few million people in Luo Yue, it's not easy to find someone."

Xiao Shui said, "My second brother's called Xu Ping. He was a little stronger than me before, so he's probably at the black level by now. Also, my name is not Xiao Shui, it's Xiao Changdong."

Huang Mei didn't mind, "If your second brother is black level, then things should be much easier. There shouldn't be a lot of black levels even in Luo Yue."

...

Ye Mo's spirit sense scanned that Feng Yanqi as she devoured Ge Liangzhong whole and started turning back with dissatisfaction. She didn't even bother going hunting.

"Hmm, why is it only you? Where are the other two?" Feng Yanqi was surprised.

Ye Mo said casually, "Brother Xiao said that he was familiar with this place and told Huang Mei that he's been here before. They talked for a bit and decided they didn't want to go to Wan Qu Mountain anymore, so they left. They told me to tell you about it when you came back."

Hearing this, Feng Yanqi's face flickered, and she looked at the direction they left in. She thought that they must have suspected her and that this Mo Ying was sacrificed by them.

"Then why didn't you go with them?" Feng Yanqi's tone was very calm.

Ye Mo said casually, "People say that wealth can only be sought in danger. They don't care about the ruin, but I only just started cultivating ancient martial arts, so I do care about it. I want to go on this adventure with you and explore this ancient martial arts ruin."

Feng Yanqi had a sliver of scorn in her eyes, but she soon recovered and studied Ye Mo before shaking her head, "Okay, then follow me. There will be plenty of benefits for you."

Although Ye Mo was weak and his essence blood wasn't very helpful to her, she could keep a good-looking man to satisfy her on hand. She couldn't do anything to him for the next couple of days anyway as she needed time to consolidate her power as the Golden Magical Gu was about to come out.

Ye Mo didn't interrogate Feng Yanqi. He just wanted her to lead the way.

Ye Mo thought Feng Yanqi would try to sleep with him at night, and he was ready to interrogate her if he got annoyed, but what he didn't expect was that for the following day and night, she didn't even speak much to him.

Another day later, Feng Yanqi took Ye Mo into the Wan Qu Mountain Ranges. She had digested all the essence blood she'd obtained and was fully at the earth level primary stage. Now, she looked even more vibrant and seductive.

"Little brother, can you carry me on your back? My legs are sore from walking these days." Feng Yanqi returned to her seductive self and didn't mind rubbing her busty chest on Ye Mo's arms at all.

Chapter 822: All Gu Sect People

"Hahaha- Martial Sister Feng, how about Martial Brother carry you for a while? This little handsome boy won't be able to resist your suction," a deep male voice sounded. A man with a dark face in his 40s landed next to Ye Mo and Feng Yanqi.

Ye Mo long had know that this guy was already there.

Ye Mo guessed that among the few core disciples, Feng Yanqi was probably the weakest. Although she was at earth level primary stage, how was she going to get the Golden Magical Gu?

"Haha- Martial Brother Li, if you can carry Martial Sister, I would be even happier but I think my man will get jealous." Feng Yanqi didn't seem to mind the man's sudden arrival at all.

"Your man! Hehe-" Martial Brother Li laughed and looked at Ye Mo. Then he said, "I didn't think Martial Sister Feng would be able to resist for so long. You haven't touch him yet. Don't let Wen Gu take interest in him and steal it from you."

Then, another person came and he was even faster than Martial Brother Li.

Hmph- Someone sneered. "Li, you're saying bad things about your big sister again. Are you asking for a beating or do you just want to fuck?"

Ye Mo almost vomited at such words. This person was in her 60s and the skin on her face was like old tree's bark. Her chest was dry and the teeth black.

Ye Mo frowned. What was up with All Gu Sect? The people they trained were all zombies and strange people, except for the good looking Feng Yanqi. Meanwhile, 9 Moon Sect was also evil but most of the people were good looking.

"Hehehe-" Martial Brother Li clearly fear the old woman, so he didn't say anything.

"Hmmm- This one is not bad," Wen Gu saw Ye Mo and said in surprise. Then, she looked coldly at Feng Yanqi.

Feng Yanqi quickly said, "He's Mo Ying. I found him on the way here. If Sister Wen likes him, then take him."

"Okay, thank you, Sister Yanqi." The old woman then looked at Ye Mo. "Follow me, there'll be plenty of joy for you."

The woman was already at earth level tertiary stage. Ye Mo and the others all followed her into the mountain.

An hour later, they arrived to a cliff. It was joined to the other side by metal chains.

Clouds surrounded the chains. Just with a tiny slip, one wouldn't even have a whole body.

Wen Gu got on the chain without hesitation and moved forward rapidly. Ye Mo jumped on the chain as well and followed Wen Gu.

"Hmm?"

The three of them were surprised. However, when they saw Ye Mo take very heavy steps on the chain, they realized that Ye Mo could do this due to experience and skillfulness. Meanwhile, they were using mobility techniques.

The chain was very long, so Ye Mo walked for more than ten minutes before reaching the other side.

The other three found impressive that Ye Mo could walk to the other side with his skills. Wen Gu looked at Ye Mo and laughed sharply. "Quite talented! I really don't want to ruin you, perhaps you should be my disciple."

Ye Mo's spirit sense had scanned the cave that Hong Guangping had talked about. it was indeed an ancient cave and there were already two men waiting there. There was a man with a black mask and as soon as Ye Mo saw him, he was furious. It was that demon Song Yangzhu talked about, his face was like a crater.

The other person was a good temperamental middle-aged man. Ye Mo felt that the middle aged-man was familiar. He felt like he had seen the man somewhere before.

But Ye Mo didn't find the Golden Magical Gu with his spirit sense, so he didn't do anything. He wanted to see what it was.

Feng Yanqi laughed. "Big Martial Brother must be there already. Let's hurry up. As for this Mo Ying, you can take him as your disciple and also let him warm your bed. Why be conflicted Martial Sister Wen?"

"That's true." Wen Gu smiled at Feng Yanqi. Yet, her strange glance made Feng Yanqi subconsciously shiver.

Ye Mo sighed. Even someone as heartless as Feng Yanqi was scared of that old hag.

There was mist all around the cliff. Ye Mo saw a big stone tablet with the words 'All Gu Mountain'.

The group soon arrived at a big cave. Ye Mo searched inside with his spirit sense and found out that the cave had just been dug out no longer than 20 years ago.

"Martial Brother Ji," everyone was very respectful to that black-masked man and greeted him first.

Ye Mo was shook. That Martial Brother Ji was probably Ji Lie, the one Hong Guangping had talked about. Did he have such authority? Then, why did he still organize this tournament? Couldn't he just take the Golden Magical Gu?

Ji Lie nodded and looked at Ye Mo, "Since it's a tournament between our sect members, why did you bring someone irrelevant?"

Feng Yanqi quickly said, "This is Mo Ying, Martial Sister Wen's new disciple, so he counts as a member of the All Gu Sect."

Ye Mo heard this and immediately realized that the others weren't really afraid of Ji Lie, or Feng Yanqi wouldn't be telling such obvious lies.

As expected, Ji Lie just reproached her and did nothing. He didn't understand why Ji Lie, who was half step great heaven, still was threatened by them.

"Why is Hong Guangping not here yet?" Ji Lie's old voice sounded.

"Martial Brother Ji, he's probably dead or he wouldn't be late," the middle-aged man spoke.

Ji Lie nodded. "These years, our sect members either go missing or die. We're indeed far weaker than other sects. Your big brother also went missing after being hunted at Hong Kong. Yan Wuliang is also said to have been killed more than ten years ago.

The middle-aged man had a cruel look and cursed. "After this, I will get revenge for my big brother. No matter who killed him, I, Ren Xi, will make his entire family pay."

Ye Mo then realized that Ren Xi was Ren Sha's brother. No wonder he looked familiar!

Although everyone from the sect was there and Ye Mo could kill them, he was still waiting for the Golden Magical Gu.

"Since he's not here, we won't wait for him. There is still half a day before the Golden Magical Gu shows up. Let's wait here," Ji Lie said and sat down.

"Martial Brother Ji, do you think our powers are enough?" Li man asked.

Ji Lie scanned Feng Yanqi and said, "Martial Sister Feng has reached earth level. Five earth levels is enough to break the barrier of the Golden Magical Gu.

Chapter 823: Disaster

All five sect members found a place to sit, and Ye Mo did as well, as though he really was an All Gu Sect member.

Feng Yanqi thought she knew Ye Mo well, so seeing Ye Mo calmly sit down after seeing all this, she started to frown and suspect Ye Mo.

He didn't ask her about anything, not even the martial brothers that suddenly appeared.

But she didn't care too much. Even if Ye Mo was fishy, she didn't have to fear him. Ye Mo being so young, no matter how much of a genius he was, he couldn't be much higher than black level. Not to mention, so what if Ye Mo was at the earth level?

Ye Mo kept his spirit sense out after sitting down. He wanted to know how this Golden Magical Gu would appear.

But instead, he saw the small movements of the five sect members. A Gu bug appeared below Ren Xi and burrowed into the earth quietly before it slid towards a smooth part of the stone wall.

Wen Gu, Martial Brother Li, and Feng Yanqi all had Gu bugs appear below them, and the bugs were all crawling towards the same direction. Wen Gu let out two.

What made Ye Mo curious was that the strongest Ji Lie didn't do anything.

Ye Mo's spirit sense scanned that smooth stone wall, and he was shocked to find that his spirit sense seemed to sink into nothing. When he forced his spirit sense in, his spirit sea experienced a piercing pain as though the spirit sense was devoured by the wall.

This stone wall was too strange! Ye Mo quickly took back his spirit sense.

Three or four hours later, Ye Mo felt the earth below him shake. Was it an earthquake? Ye Mo stood up immediately in shock.

The other five also got up.

"The passage is open!" Martial Brother Li said in excitement.

As soon as he said this, that smooth wall disappeared, and a cold gust of wind blew by. Then, a black stairway appeared in front of them.

There was still rumbling audible inside the tunnel, as though someone was smashing the wall with a hammer.

"You go in first," Wen Gu ordered Ye Mo coldly.

"Martial Sister Wen, you're too careful. This passage opens once every 50 years, countless All Gu Sect Qianbei have been in there before," Ji Lie said, but he still let Ye Mo go in first.

Ye Mo kept a calm face and didn't reject. He carefully went into the tunnel. He wasn't planning on doing anything before seeing the Golden Magical Gu.

He could only send his spirit sense a little more than 10 meters into the ground.

Ye Mo felt that there was a formation there. This was the second place he found which was related to truth cultivators, which made him believe even more that there used to be truth cultivators on Earth.

Ye Mo didn't go very fast, and he found that the second to follow was actually Feng Yanqi. After her came Martial Brother Li, then Wen Gu, and the last was Ji Lie.

But what shook Ye Mo was that all five Gu bugs had entered Ji Lie's body, and Ji Lie seemed like he hadn't noticed at all.

Ye Mo was dazed. This wasn't right, but Ye Mo didn't think much about it as the tunnel was getting colder and colder.

When Ye Mo walked about 300 meters further, his eyebrows started getting frosty. The others all had ice all over them.

In order not to make them suspicious, Ye Mo started to shiver and walk slower too.

Just when Ye Mo was considering how long he should keep up the act, he saw a big, black, stone hall. There was something in it - two football-sized eggs on the middle of a stone table.

There was a dark barrier around it protecting the stone table. This was probably the Golden Magical Gu egg.

This dark barrier was a defensive formation which was powered by spirit stones, but the spirit stones didn't have enough spirit power, so the barrier was dark coloured.

Probably every 50 years, people from the sect would attack this barrier for the two big eggs.

Ye Mo knew that there didn't even need to be five people. Any one of them could easily break it. The barrier wouldn't last long anymore even if they left it alone.

Since he was here, he decided to keep up the act. Ye Mo jumped into the stone room immediately. The other five all had their attention caught by the Golden Magical Gu and entered as well. They ignored Ye Mo and surrounded the barrier.

"This is the egg of the Magical Gu? It's so big!" Feng Yanqi said in shock and then stood obediently on the side as she looked at Ji Lie.

Ji Lie saw everyone look at him, and he nodded, "I'll have a look." He took out a double-sided axe and smashed at the barrier.

The people watched in shock as the barrier immediately cracked.

They were all dumbfounded. They didn't even work together - how did this barrier break?

After the barrier broke, more frost wind started blowing from the crack, and the stone room got even colder.

At this moment, Ji Lie suddenly sneered and took out four Gus which he squished into a pulp.

Martial Brother Li screamed and rolled around on the ground, clearly due to his Life Gu dying. Meanwhile, that Ren Xi and Wen Gu just spat some blood. On the other hand, Feng Yanqi was fine, as though it wasn't her Gu at all.

Ye Mo thought, 'So Ji Lie did know that they had released their Gu at him! However, Ren Xi and Wen Gu didn't spit essence blood, so they had planned for this. Meanwhile, that Martial Brother Li seemed to be truly injured.

Then, Ji Lie sneered at the four, "We haven't even gotten the Golden Magical Gu yet, and you've already teamed up against me. No wonder there are less and less sect members nowadays. It's because of people like you."

That Martial Brother Li knew he had lost all his cultivation, and he struggled to point at Feng Yanqi, "Feng Yanqi, you b*tch, you betrayed us!"

Feng Yanqi looked calm, "Martial Brother Li, why do you only call me out?"

Martial Brother Li said hatefully, "All three of us are injured, while only you are fine! You, you-"

Feng Yanqi looked at Martial Brother Li in contempt, "If I say that Martial Sister Wen and Martial Brother Ren didn't even spit their own blood, will you get more angry?"

Martial Brother Li suddenly stopped and looked at Wen Gu and Ren Xi who didn't say anything. He opened his mouth wide open, "..."

Then, he spat more blood and fainted.

Ji Lie suddenly pulled off his mask, showing his crater-like face and clapped his hands, "How fun, you guys joined up against me. But in the end, the three of you didn't use your Life Gu and let Li Buqing suffer greatly."

Feng Yanqi smiled sweetly, "Li Buqing didn't understand his own position. I've never thought of harming Elder Martial Brother. I know Elder Martial Brother is all too powerful. I might as well commit suicide instead of trying to harm Martial Brother."

Chapter 824: The Final Winner

"I would never attack Big Martial Brother. If something happened to our Big Martial Brother, then All Gu Sect would be over. I feel it's better to let Big Martial Brother have the Golden Magical Gu," Ren Xi said.

Then, he glanced at Li Buqing and sneered, "You're just a clown."

"Hmpf!" Wen Gu sneered unhappily. She looked at Ji Lie and said, "I just want one egg, I'll leave immediately."

Ji Lie heard this and took out a bright red gu. He said to her coldly, "Wen, you old hag, I've dealt with you for a long time. Don't you see that I can easily squeeze your life away?"

As soon as Wen Gu saw the gu bug in Ji Lie's hands, her face changed drastically and she started shivering.

Ye Mo knew that Wen Gu had let out two gu bugs, while Ji Lie had just killed four, which meant that there was one more.

"You forced out the same heart gu? What were your words that day? We all swore that if anyone used the same heart gu to hurt the other, we would be burned to death. You went against your oath!" Wen Gu was shaking with anger.

Ye Mo had heard of this gu before. It needed a man and woman who loved each other to plant it. It was said to be very hard to pull out.

Ji Lie sneered, "That's right, I made an oath. But I said that whoever revokes the oath will be burned to death by fire without root. However, I've only heard of water without root, not fire without root. So, do you think my words are meaningful?"

"You're so hideous," Wen Gu said.

Ji Lie looked at her in contempt. "What oath did you make? You clearly heard my oath, but you said that if you went against the oath, you would be like me. You scorpion-hearted woman! In order for me to give my virginity to you, you used a gu to eat everything on my face, making me what I am now. Do you think I don't know? Shameless b*tch! Even without the Golden Magical Gu, I will still kill you."

Ji Lie kept talking, "Name a man in the All Gu Sect who you've slept with that didn't get their face ruined! Xue Cihu, Yan Wuliang, Kong Xiaolai - can you count them all?"

"I'm going to kill you!" Wen Gu suddenly jumped up and charged at Ji Lie. However, Ye Mo could feel that although she seemed very angry, she was very calm.

Ji Lie didn't seem to see her attack and he just gently squeezed the gu in his hand.

"Argh," a cry sounded. Yet what shook everyone including Ye Mo was that the one howling was Ji Lie, not Wen Gu.

What was going on?

While Ji Lie was rolling on the ground, Wen Gu took out a whip and sliced Ji Lie's arm off.

Ji Lie went next to Ren Xi in order to dodge Wen Wu. Ren Xi, who had just said he would never attack his Big Martial Brother, took out a curved sword immediately and stabbed Ji Lie in the back.

Ji Lie knew that he wouldn't be able to dodge it completely - he could only make sure it wouldn't damage his vitals. However, the hack still landed on Ji Lie.

Ren Xi was going to attack again, seeing that it hadn't caused a fatal wound. However, before he could, Ji Lie kicked him from a weird angle.

Ji Lie's kick landed right on Ren Xi's chest sending him flying onto the wall. He landed crashing down and spitting mouthfuls of blood.

Feng Yanqi, who was about to move, suddenly stopped, which gave some room for Ji Lie to breath. He leaned against the corner of the wall and stabilized himself.

Seeing that Feng Yanqi hadn't taken her best chance, Wen Gu looked coldly at her, "Why didn't you attack? We had an agreement."

"I- I-" Feng Yanqi couldn't say a complete sentence, as though she was truly scared.

Only Ye Mo could tell that she was lying - her qi was calm.

Ye Mo knew that she was smart. If she had attacked just then, she could have indeed thrown a heavy blow to Ji Lie. However, Ji Lie's counterattack would have rendered her no better than Ren Xi's.

If that had happened, she'd be dead.

"Wen Gu, you're waiting for me to injure Yanqi and then take all the benefit for yourself." Ji Lie took a few pills and stared coldly at her, "I know I fell for it today, but I want to know, since when can you force out the same heart gu?"

"Don't you want to ask me when I planted the gu in your body?" Wen Gu scorned.

Ji Lie sneered, "No need, I was too careless. You planted two gu when I came, including your own same heart gu inside my body. Your master skills exceed mine by far."

Wen Gu's expression sunk down. She stared at Ji Lie for a long time before saying, "Martial Brother Ji, I never did anything wrong to you in the past, yet you betrayed me again and again. I killed one after the other, but then I realized that my hands were getting sore from killing your women - you had too many. You made a fake oath and you even forced out your same heart gu."

Wen Gu seemed to be reminiscing and said, "I realized the day you forced out the same heart gu. I hid outside your room, watching you f*ck another woman, hearing your sinister curses against me. I wanted to kill you immediately, but I knew that if I appeared, you wouldn't even need to attack me. You would just have to kill my same heart gu to kill me. From that day, I swore that I would make you die from your same heart gu. Ji, now you may die!"

Ji Lie looked like he had given up hope. He was heavily injured and facing Wen Gu's full powered strike. He would die for sure. However, he still fought for a chance. He spat out more blood while a dark gray gu charged at Wen Gu.

No one except for Ye Mo knew that Wen Gu had suddenly turned around, so the whip hit Feng Yanqi.

Feng Yanqi was holding her weapon already, ready to ambush Wen Gu. Wen Gu would get heavily injured too if she tried to kill Ji Lie, so she only needed to predict Wen Gu's exit to be able to kill her.

After that ambush, she would be the only one there with the power to take the Golden Magical Gu.

Feng Yanqi didn't think Wen Gu would let a big enemy go attack a noob like her.

The whip hit Feng Yanqi's chest and the clothes in front of her chest were immediately torn open. A deep cut reached from her shoulder all the way to her leg.

Feng Yanqi was thrown onto the wall without resistance and fell on the ground. Her face was white.

Soon, blood seeped out of the wound, which turned into a dark red colour.

Feng Yanqi covered her wound, but she knew that wasn't enough to stop the bleeding. There seemed to be relief in her eyes.

Wen Gu had just pulled her whip from Feng Yanqi when Ji Lie's gu snuck inside her body. She took a few steps back and spat out some blood immediately. Then, she tore open her chest and took out a gu. She put it in her mouth and munched it immediately.

The gu was pulverized and Ji Lie spat more blood, falling on the ground.

"Hahaha! I'm going to let you all see who the final winner is. It's me! It's me!" Wen Gu laughed.

But she suddenly stopped - she was kicked in the air and thrown into Ji Lie's arms. She spat more blood and some pieces of organs, and looked back in disbelief at Li Buqing.

Li Buqing got up slowly and said quietly, "The final winner should be me."

Chapter 825: Ye Mo's Legend

"Li Changqing, you bastard! You used another gu to fake your life gu!" Wen Gu pointed at Li Changqing shaking in anger. She wasn't even able to get up and get separated from Ji Lie. Those two worst enemies hugged each other even before their death.

Li Changqing bowed and showed a warm smile. "Martial Sister Wen, you've wronged me by saying that. I really did use my life gu, but I long found out how to plant two life gu inside my body."

The satisfaction on Li Changqing's face was obvious.

"Great, great! I always thought that I was the number one gu master in All Gu Sect since I was able to force out the same heart gu, but the real master is you!" Ji Lie was shaking.

Li Changqing saluted with his fists and said, "Thank you for your recognition, Martial Brother. After martial brothers and sisters go to the immortal world, I will bring All Gu Sect to its peak with the Golden Magical Gu, " it was as though he was actually thanking Martial Brother Ji for his compliment.

Then, Li Changqing picked up the curved sword on the ground. He walked to Ren Xi and cut his head off.

'Li Changqing was very astute', Ye Mo thought. He knew that although Re Xi was unconscious, if he had woken up, perhaps he would have been the strongest there.

Then, Li Changqing didn't go kill Ji Lie or Wen Gu. He walked up to Ye Mo.

Theoretically, Ye Mo supposed the smallest threat. Li Changqing was too careful.

"Mo Ying, sorry I harmed you. I shouldn't have taken you here," unexpectedly Feng Yanqin said.

It was clear that she didn't have long to live.

Then she said to Li Changqing, "Martial Brother Li, kill me first. I have wanted to stop living for long."

Li Changqing smiled. "Don't worry, Martial Sister Feng, I still need to do something with you before you can die. You have great essence blood on you, can't I give it to someone else?"

At this moment, everyone realized that if Li Changqing wanted to do things with Feng Yanqi, he had to kill Ye Mo first.

Then, Li Changqing turned to Wen Gu and said, "Martial Sister Wen, don't worry. If I can breakthrough, I will also have some fun with you. I really want to know if your body is like your face after I strip you. But even if it is, I wouldn't mind."

Ye Mo felt disgusted. Li Changqing was already odd-looking and he had such a weird taste. He even liked a tree-skinned woman like Wen Gu. The All Gu Sect members were all queers.

But Ye Mo was curious about Feng Yanqi's words. He got up, as though he could no longer feel the cold.

He didn't even look at Li Changqing and he said to Feng Yanqi, "I don't think you're such a kind-hearted person. That night, you sucked Chen Yin Zhu dry to reach earth level and then you dumped him off the cliff. I don't see you being soft-hearted at all. The second day, you sucked Ge Liangzhong dry in a cave, and you were very decisive too. Why did you say sorry today? That's not your character."

Then, Ye Mo shook his head as though he really didn't understand.

When he said this, everyone froze and stared at Ye Mo, who had spoken so casually and fearlessly.

After a long while, Feng Yanqi said in shock, "You're no ordinary person indeed. That night I didn't even know you were watching. Just who are you?"

Feng Yanqi was a little fearful, even though she knew she was about to die. She had been enjoying a man when she hadn't even noticed someone else was watching on the side.

He had even seen the specific details of what she had done. Was he a ghost? How could someone like that be scared of her? No wonder he was so calm.

"Just who are you?" Li Changqing stopped and looked at Ye Mo vigilantly.

Ye Mo said plainly, "More than ten years ago, I killed someone called Ren Sha in Hong Kong, and then some Yan Wuliang on the sea. A few days ago by the Yan River, I killed Hong Guangping. I heard they're all from the All Gu Sect, so in order to avoid seeing trash like them again I came here to kill them all. Pity, I didn't even need to do anything and you guys solved the problem."

"You're Ye Mo?!!" the four of them called out at the same time.

Li Changqing started to shiver. He knew he was less than an insect in Ye Mo's eyes.

"That's right, I'm Ye Mo." Ye Mo's reply made them sink into an ice hole. Feng Yanqi knew she was going to die so she didn't care that much. However, Wen Gu, Ji Lie and Li Changqing, whom all had other cards, froze their thoughts.

In China- no, in the entire world, there were so many legends about Ye Mo!

Almost all powers who went against him were annihilated, no matter how powerful or strong they were. Ye Mo not only dominated the entire ancient martial arts world, he also had built his own country beating the strongest country in the world too.

Among the big families and powers in the world, as well as the hidden sects, the number one rule was to not mess with Ye Mo.

Li Changqing and the others hadn't lived in seclusion, hence they knew what Ye Mo had done recently.

He had gone missing for more than ten years and the first thing he had done when he came back was to pull out the Dongfang family from the roots of Luo Yue. Then, he had taken the strongest ancient martial arts cultivation method away in front of all the hidden sects. Yet, no one in the world dared to have any thoughts about it. Only Ye Mo could make people stop in front of such treasure.

A few days ago, Northern Sand had also been pulled out from its roots - all the hierarchy system got slaughtered and cleaned. It was said that the original government took control of the country again.

The first thing the government had done was to establish good relations with Luo Yue.

The Northern Sand that had dominated the world for decades got annihilated in one night. Not only that, even the Northern Sand King was said to have been killed by Ye Mo. One could see Ye Mo's power and yet he had gone there. Li Changqing and the others knew that no matter what, they wouldn't be able to escape from Ye Mo.

Clank' Li Changqing dropped the curved sword and kneeled to Ye Mo. He didn't even have the courage to resist.

"Ye-Qianbei, have mercy. I'm willing to be your dog. If you tell me to go east, I will never go west." Li Changqing had all sorts of plans but none of them were useful there. He finally realized that in the wake of absolute power, schemes were useless. His only hope was that Ye Mo would let him work for him.

Ye Mo sneered. Without explaining, a wind blade sliced Li Changqing's head off. Hot blood spewed out and it soon turned into ice.

So he was Ye Mo! Feng Yanqi laughed to herself. No wonder she couldn't see his power.

Chapter 826: Change of the Big Egg

Ye Mo's decisive kill made the icy room even colder.

Ji Lie took a few pills and recovered a little. He then said coarsely to Ye Mo, "Ye-Qianbei, I've never had any conflict with Ye-Qianbei. If you need these two eggs, take them. If I hear Qianbei's name, I will immediately leave as far as possible. If Qianbei has anything for me to do, just order me and I will do it immediately."

"Do you want me to spare your life?" Ye Mo said coldly.

"Yes, yes, please have mercy, Qianbei!" Ji Lie was about to reach great heaven. Of course he didn't want to die.

However, he saw Ye Mo take out a bottle and let out a small bug. He stopped talking at once.

He knew all too well what Ye Mo had poured out. It was a pill gu and one that he had released.

"Do you know this?" Ye Mo placed it on the ground and asked coldly.

Ji Lie saw Ye Mo's cold eyes and knew that he might die due to it.

Before Ji Lie could reply, Ye Mo said coldly, "13 years ago, you killed everyone at Emei Mosque and you injured a woman with a child. Then, you planted this pill gu on that child. That woman is my wife and the child is my daughter. Ji Lie, you tell me if I should let you go."

"Huh!" Ji Lie's heart turned cold. If he had known that was the case, he would've rather gone somewhere else than take essence blood at Emei Mosque.

Ji Lie thought about the situation. He was going to die, so he might as well try before he died.

But before he could use his qi, a ball of fire had surrounded him and Wen Gu. He saw clearly that the fire came from Ye Mo's hands and the burning sensation sank him into desperation.

"Hahahaha!" Wen Gu laughed as though she didn't feel she was going to die at all. She pointed at Ji Lie and screeched, "Fire with no root! There really is fire with no root! This is karma! Karma! Hahahaha!"

Ji Lie was shook. He was indeed surrounded by fire with no root. The fire Ye Mo had sent out had no fuel and appeared straight in the air. It was fire with no root.

Oath, oath. Ji Lie wanted to laugh.

Seeing the two burn in the fire, Feng Yanqi murmured, "Karma. Is there really karma? Then why did the heavens abandon me? Why? When I was raped and treated like a dog, where was karma? I don't believe it. I don't believe karma. This world is a cannibalistic world. If I don't devour others, others will devour me. Brother, I'm going to join you."

Feng Yanqi's voice quieted and stopped. Ye Mo could tell she had died.

She seemed to have had a tragic past that made her what she was today. Ye Mo sighed. He sent a few more fireballs, turning all the bodies into ashes before looking at the broken barrier.

Golden Magical Gu Egg? Ye Mo looked at the ball-sized eggs and was doubtful. Gu eggs were usually grain-sized.

Ye Mo used a few windblades and the barrier disappeared completely. The stone room grew even colder. Ye Mo was sure that the frigidness came from the gu eggs. How could two gu eggs make the room that cold? Ye Mo really wanted to know what they were.

Ye Mo walked up to the table and picked one up. That bone-piercing cold invaded Ye Mo's body. It was so cold that Ye Mo almost dropped the egg. He quickly ran his cultivation essence to relieve the piercing coldness.

An ordinary person would've been turned into a block of ice. Ye Mo couldn't tell what this thing was, but he knew that the person who had set this formation was definitely a mighty being.

Ye Mo studied the egg for a long time, but he couldn't discern what it was. He carefully pierced his spirit sense into the egg, but it was immediately blocked.

Ye Mo scanned the other egg too and had the same outcome.

"Just what is this?" Ye Mo murmured to himself and then shook his head. He decided to put the two eggs into his ring and research it later.

However, what shook Ye Mo was that he couldn't put them in. He couldn't even put them into the golden page world.

Ye Mo grabbed the two eggs. He wanted to force them inside but when he put cultivation essence on his hand, it was sucked in by the egg without resistance.

Later, even though he wasn't running his cultivation essence through it, the egg kept sucking his cultivation essence.

Not good.

Ye Mo immediately sent out his flying sword, he wanted to slice it off his hands. It didn't matter if he broke the egg, his life was more valuable.

However, Ye Mo realized that his spirit sense couldn't control the flying sword. He couldn't mobilise his spirit sense either.

No matter what he did, he couldn't move and his cultivation essence and spirit sense were being drained into the egg incessantly.

Half a day later, Ye Mo felt like he was getting frozen and still couldn't move.

Ye Mo cursed, but there was nothing he could do.

Suddenly, he noticed an explosive feeling coming from the table.

Ye Mo knew that it was a self-destruction formation. If the formation was broken before it's time had gone up, the formation would detonate the energy stored beforehand.

However, Ye Mo couldn't leave. He could only hope that the formation's energy was depleted so much that even the self-destruction wouldn't affect him much.

Then, he heard a rumble and a huge explosion. Everything around the stone room started to collapse.

Ye Mo breathed at ease. The stone room didn't collapse and he could still live.

...

10 km from the All Gu Mountain, a woman in her twenties carried a huge herb basket on her back and collected herbs there.

A huge explosion made her stop and look into the distance.

Chapter 827: You're My Only Friend

Even if Ye Mo could see her at that moment, he might not realize that the girl was Nie Shuangshuang. She no longer had the seductive and feeble look she had in Beijing. Instead, she had her hair tied in a braid and looked like a village girl. She no longer had that bleak and killing temperament - instead, she had a spiritual-like temperament similar to truth cultivators'.

A few years ago, she had gone to Nan Jiang, but she hadn't been able to find Ye Mo. However, she found a spirit well and she settled near there. If Ye Mo had been there, he would have seen that Nie Shuangshuang was at chi gathering peak.

The past few years of using the spirit well to cultivate had made her face stay the same, or perhaps look even younger.

In a short period of five years, she had gone from stage four to peak, showing how powerful her talent was. Perhaps she would have gotten to foundation establishment state peak if she had had someone to teach her the foundation establishment state cultivation method.

Nie Shuangshuang saw the explosion and immediately made her way over there. She had been living in the mountains for many years and knew it was the Wan Qu Mountain. Even the Miao Jiang people rarely went in so deep into the mountain - why were there explosions?

She arrived at where Ye Mo was in a very short time and saw the collapsed cave.

Nie Shuangshuang scanned her spirit sense in. Although her spirit sense wasn't as powerful as Ye Mo's, it was still nearly 5 kilometers long.

She didn't see anything until she reached her spirit sense underground and saw an unconscious Ye Mo.

Her face changed drastically. Although she hadn't seen him for more than ten years, she recognized Ye Mo immediately.

Although Nie Shuangshuang knew that Ye Mo didn't really like her and looked down on her, she had never forgotten Ye Mo. Moreover, for Ye Mo, she had left 9 Moon Sect at all costs.

At the start, she was attracted to Ye Mo's fresh and clean chi. Then, Ye Mo saved her life twice and she could never forget him again. She knew that he had saved her at the Yan River. Other than Ye Mo, she had no friends at all.

Despite Ye Mo just having fed her a pill and leaving her by herself, she wasn't unhappy at all. She was very grateful that Ye Mo had used a precious pill to save her.

When the Nine Moon Sect was laid to waste, she didn't see who saved her either, but she knew it had been Ye Mo. Nie Pi wouldn't have been good enough to leave her the Nine Moon Evergreen Chant and her life.

Other than Ye Mo, who would do that?

When she got the chant, she immediately found a place to cultivate. It was very hard to start. However, due to her talent, she felt chi on the first day and went into chi gathering middle stage after a few years, without anyone teaching her anything on this spirit chi deprived Earth.

After she found out Ye Mo was missing, she went around looking for him. She had been to Luo Yue countless times. Then, she went to Nan Jiang, found a spirit well there and cultivated to chi gathering peak.

When she saw Ye Mo, without hesitation she put down her herb basket and started digging through the collapsed rocks with a curved sword.

It was very easy for her and soon, she got to where Ye Mo was.

Immediately, she felt a bone-piercing coldness and couldn't help to shiver.

Ye Mo was covered in ice - even his hair was white. His lips were purple. Nie Shuangshuang immediately could tell that Ye Mo was about to die. The threat seemed to be the two huge eggs in the center of his hand.

She held Ye Mo's wrist and started sending cultivation essence into Ye Mo's body. Ye Mo immediately felt his hand get warmer, but he realized things weren't good.

"Get out quickly!" Ye Mo yelled at Nie Shuangshuang.

Nie Shuangshuang was dazed. She thought Ye Mo was cultivating something and instead she had disturbed him.

But the next moment, Nie Shuangshuang's face changed. She found out that not only had she not pushed the egg away, but she was also stuck in peril. Her cultivation essence also flowed into the egg.

Ye Mo looked at Nie Shuangshuang and sighed, "It's over."

"Brother Ye, what is this thing? Why is it sucking my inner qi?" Nie Shuangshuang asked in shock.

"Sorry, Nie Shuangshuang, I got you into this." Ye Mo realized that if even he couldn't get away from this, much less Nie Shuangshuang. He could tell that Nie Shuangshuang was at chi gathering peak, but her cultivation essence was far from as powerful as his.

To be honest, it couldn't even be called cultivation essence. It was at most cultivation chi. She would have to reach foundation establishment state before she could turn it into cultivation essence. After all, not every cultivation method was the Three Birth Chant.

"Brother Ye, why are you here?" Nie Shuangshuang calmed down. She knew she was in the same peril as Ye Mo.

Ye Mo spat out the ice near his mouth and said, "I went to bar in Beijing to find you and the people said you weren't there, so I came to Nan Jiang. I happened to have some business to do here and I was planning to look for you afterwards. But now, you found me instead and you're also at chi gathering peak. Sigh-"

"Brother Ye, you really went looking for me?" Nie Shuangshuang had sparkles in her eyes after hearing this. It was as though it was the happiest thing for her that Ye Mo had gone looking for her.

"En. But Nie Shuangshuang, how did you reach chi gathering peak?"

Nie Shuangshuang's lips were turning purple in such a short time but she didn't seem to realize the danger she was in. She said happily, "Brother Ye, just call me Shuangshuang. I went to look for you to Nan Jiang and I found a well that can allow me to cultivate very fast. So I've been cultivating there."

"A spirit well?" Ye Mo said in shock. There really was spirit well on that planet? But when he remembered their predicament, Ye Mo got dejected. There was nothing he could do.

Seeing this, Nie Shuangshuang quickly said, "Brother Ye, don't feel guilty! You've saved me a few times, yet this time I wasn't able to save you. I'm very happy that I can even help you a little bit."

If Nie Shuangshuang hadn't been there, he wouldn't have even been able to talk. But then he immediately realized that he had never told her he had saved her twice. How did she know?

"How do you know I saved you?" Ye Mo asked at once.

Nie Shuangshuang smiled, "Because I've been very lonely in the past and I had no friends. You were my only friend. Other than you, no one would save me," Nie Shuangshuang said shivering.

Friend? Ye Mo felt bad. In Nie Shuangshuang's heart, he was her only friend, yet he had never thought of her as a friend.

Chapter 828: The Incident at Xin Jiang Mountain

Before, Nie Shuangshuang was at most someone he knew. But after finding out that she had opened a bar at Beijing just for him, his impression of her changed.

"Brother Ye, I'm very happy that you saved m- me. Hahaha- After that, I realized you didn't like me killing people, so I haven't killed anyone since. Hahaha." Nie Shuangshuang felt the frost chi invading her dan tian. She knew that if things continued like that, she wouldn't last for long.

Yet she realized she didn't regret being able to die by Ye Mo's side.

"Sorry," Ye Mo apologized again.

Nie Shuangshuang smiled sweetly. That innocent smile made her look very holy. She looked at Ye Mo and said shakily, "Brother Y- Ye, I already told you. It was my own de- decision. You don't need t- to apologise."

Ye Mo looked at her and said in guilt, "The reason I'm saying sorry is because although I saved you twice, I did it casually. I didn't intentionally go save you. I didn't think of you as a friend at the time."

Although he knew that Nie Shuangshuang would be very disappointed, he still chose to tell the truth. He would let her understand that from now on, she was his friend.

Unexpectedly, Nie Shuangshuang said calmly, "Bro- brother Ye, I kn- know that at that time you already thought of me as a friend. I will never feel lonely with you."

Nie Shuangshuang's voice was getting lower and lower until it eventually disappeared. Her eyelids closed and even at the last moment, she still firmly believed that the reason Ye Mo had saved her twice was because he thought of her as a friend.

It felt like he could still hear her voice by his ear, but Ye Mo knew that her chi had disappeared.

Seeing Nie Shuangshuang lean on him and not move, Ye Mo was shaking. He had not been ready for that woman to die for him. He could no longer control the tidal wave in his heart.

"Arghhh!" Ye Mo howled and burnt his essence blood. He knew that when he finished burning it, he would be close to death. However, even if he was to die, he would build a beautiful place for her. He would let her know that she was his friend. He wasn't going to let her be lonely anymore.

The egg spun rapidly after Ye Mo started burning his essence blood. Just when Ye Mo spat more blood, he felt the golden dot above his dan tian starting to spin.

The golden page world was spinning?

The two eggs were getting colder and colder, but the cold stream started to flow into Ye Mo's golden page world.

Ye Mo couldn't control both items.

Rumble- Ye Mo felt his brain shake and when he opened his eyes again, he saw he had appeared in the golden page world. That egg was still that cold.

Nie Shuangshuang was still by his side. She had gone to the golden page world too but her hands had left the huge egg behind.

It was the second time he was there, but he wasn't foundation establishment state yet. Ye Mo realized that it might be due to him being about to die. The golden page seemed to save his life every time he was about to die.

Ye Mo detested the egg that had caused Nie Shuangshuang to be like that.

'I will spirit control you!' When the frosty flow flowed into the golden page world through him, Ye Mo took a small strand and started to seep his spirit chi into it to control it.

...

Luo Ying, Ning Qingxue and the other had been in the small world for more than a month. They had completely understood what Ye Mo had done there. Compared to his blood-boiling battles, they cared more about what sort of woman Mu Xiaoyun was.

They had looked for more than a month and used the Magical Merchant Association to put out countless notices, but they hadn't gotten any news from Ye Mo. From Yun Ziyi, they had found out that Ye Mo had asked for large amounts of formation texts and then disappeared for a few years.

When Yun Ziyi knew that these women were Ye Mo's family, she tried even more to get on their good side. She had finally understood why Ye Mo wasn't interested in her - any of Ye Mo's wives was far better than her.

The only comfort she had was she seemed to be a little prettier than Luo Fei.

"Sister Luo Ying and Qingxue, do you think that we might've come in when brother went out?" Tang Beiwei asked.

Yun Ziyi shook her head and said, "Probably not, Brother Ye had already disappeared for a few years. If he had gone out, he would have gone to find you first. Yet he didn't, which means that he didn't go out."

Just when they were agreeing with Yun Ziyi, the manager arrived and gave a small wax pill to Yun Ziyi.

Yun Ziyi opened it and immediately got up.

"What's going on?" Tang Beiwei asked.

"Someone found an ancient ruin on the Xin Jia Mountain. After going in, they saw a teleportation formation. The formation had started running," Yun Ziyi said quickly.

Luo Ying looked at Yun Ziyi in shock. "Do you know about teleportation formations?"

Yun Ziyi nodded. "Yes, our family had one to the outside world, but it exploded. My father left through there and still hasn't come back."

Ning Qingxue heard this and immediately looked joyful. She quickly said, "Ziyi, that teleportation formation goes to the outside?"

Yun Ziyi nodded. "Yes."

Tang Beiwei immediately said desperately, "Then let's quickly go see! Perhaps Brother left through that formation!"

Seeing the four women leave hurriedly, Yun Ziyi quickly called, "Wait for me!"

When Yun Ziyi got taken on the flying sword, she realized that they all could fly. Although she was very excited and wanted to learn it, she knew she couldn't ask directly.

An hour later, they arrived at Xin Jia Mountain and found there were already a lot of people.

"Ji Mei, you're here! Why isn't Brother Ye here too?" a blue-shirted man came to the teleportation formation and asked a beautiful woman.

Ji Mei raised an eyebrow. She realized that it was Fu Wu, the person who had saved her with Ye Mo. She saluted. "It's brother Fu. Brother Ye had a lot of things to do so he left alone."

"So that's the case!" The blue-shirted man frowned, he was suspicious. Ji Mei was Ye Mo's maid, how could she be at Xin Jia Mountain?

"Brother, may I ask the full name of the Brother Ye you just spoke about?" Tang Beiwei had sharp ears and immediately asked.

Seeing that these were all very beautiful women, Fu Wu saluted. "A friend I met, his name is Ye Mo."

"What? where is Ye Mo?" The women surrounded him.

Fu Wu looked at Ji Mei. She had been the last one to see Ye Mo, not him.

Jie Mei could only say, "After Brother Ye took me to Xin Jia Mountain, he disappeared. So I've been cultivating here since."

"You're saying Ye Mo has been here before?" Luo Ying immediately asked.

Ji Mei looked at Luo Ying. She felt like that woman, who was prettier than her, would definitely not be weaker than her.

Chapter 829: Teleport Activated

The moment that the Xin Jia Mountain teleportation formation got activated, the Duan Heng Ranges' Seven Star Formation emitted faint rays of light.

The rays seemed to be weak and only one star was shining properly. But soon, all the seven peaks started to emit a faint light and not long after it formed a big spoon.

As the light got sucked in by the huge rock, the light on the Tian Kou position became brighter and brighter and eventually formed a big round image.

If Ye Mo has been there, he would have known that the Seven Star Formation had repaired itself and that had been fully activated.

The fact that it had been activated was quickly spread among the hidden sects' people. Jiu Ming Academy and the Chinese government joined together to control this place. Although the outer hidden sects people didn't know what it was, since a few scientists had disappeared in its inside, they realized that it could be a formation to the inner hidden sects.

Zeng Zhengxia and Caiji, who knew about the small world thanks to Ye Mo, immediately went into the small world. With this, more and more peoples started going in.

After seeing Ye Mo's power, the hidden sects' people has realized that their power could only dominate the mortal world. If they wanted to reach higher states, they would have to go other places.

The Chinese government controlled the site, but no one knew if it was a teleportation formation for sure because all the people who had gone in had disappeared. No one reported back.

But even with the government's control, people kept going in - as they were hidden sects' people. Not even the Heaven Squad supported the government.

...

These news soon spread all over the hidden sects and Luo Yue got news of it too.

"Sister Ling, my dad hasn't been back for two months. Do you think he went to the small world too? I think my dad went to look for the other two aunties." Yimo was already at stage 2 now.

Song Yangzhu quickly said, "Yimo-"

Yimo poked her tongue out.

Looking at the happy Song Yangzhu and Yimo, Su Jingwen was a little sad. She had realized that the only person in the world she would ever be interested in was Ye Mo. She would rather live alone forever than find someone to cope with.

For the first time, Su Jingwen wanted to not see Ye Mo again.

Ye Ling stared uneasily at Su Jingwen and Chi Wanqing and sighed. She took out two jade bottles and gave these to them. "Sister Jingwen, Wanqing, when my brother left, he told me to leave these pills for you. He said he was looking for you two. However, you came here on your own, which means that he wasn't able to find you."

"The face preserving pill?" Su Jingwen got up excitedly. "Ye Ling, did your brother really leave this behind? Did he actually say he was looking for us?" It was something truly special since Ye Mo had left it for them.

Ye Ling nodded firmly. Her brother had left these for her, but she didn't need them. Hence, she might as well give them to those two.

After Chi Wanqing heard these words, her face was immediately filled with joy. She hadn't thought Ye Mo would still remember her. She didn't know if Ye Mo still kept what she had given him, but her fatigue was swept away.

Song Yangzhu also sighed. Compared to these two, she was extremely lucky. She knew that if that accident hadn't happened and she hadn't had Yimo, she would never be with him.

Song Yangzhu suddenly felt grateful for that accident. If it hadn't been for that, she would have never met someone like Ye Mo and never known about cultivation, nor know the feeling of being protected by a husband.

Song Yangzhu finally understood why Luo Ying and Ning Qingxue had gone into the small world to find Ye Mo, because they couldn't bear to be without him. Ye Mo was unique.

Su Jingwen and Chi Wanqing each had had a unique experience with Ye Mo and understood that he was irreplaceable. No other guy in the world would touch their hearts like Ye Mo had.

No matter if he was willing or not, she would ask Ye Mo personally.

While they were still chatting, Xu Yuehua rushed to the Luo Yue Mansion. She had just reached great heaven and heard about the formation to the small world, so she immediately went there.

"Sister Yuehua." Song Yangzhu got up quickly.

Xu Yuehua said desperately, "A teleportation formation to the small world appeared in the Duan Heng Ranges. Are you guys going?"

Xu Yuehua had given her job away and focused on cultivation. Hence, she was immediately interested as soon as she heard about the small world.

"I still want to wait for Ye Mo to come back and ask him," Song Yangzhu hesitated and said.

Although she suspected that Ye Mo had gone in too, she still wanted to wait. What if he hadn't?

Ye Ling said, "Sister-in-law Yangzhu, I suspect that my brother went inside. He has been out for two months but he isn't back yet. He should've been very fast. Perhaps my brother opened the portal? But I think we should still wait for a while. He always leaves for long periods of time.

Xu Yuehua calmed down after the initial excitement. She realized that Song Yangzhu and Ye Ling didn't want to leave Luo Yue for now, but she didn't have anything there. Pursuing the highest state of cultivation was her only goal.

Thinking about this, Xu Yuehua said firmly, "Even if you're all not going, I'm still going. I don't have anything to do now anyways. I'll go around and have a look in the small world. If things don't work out, I'll come back."

"Sister Yuehua, I'll go with you." Unexpectedly, Su Jingwen got up.

"Me too," Chi Wanqing also said firmly. She had decided to follow Ye Mo's footsteps.

Chapter 830: Frost Turns into Bed

Su Jingwen was no longer the same person after starting truth cultivation. She understood a lot about Ye Mo, how he could save people using runic paper and why he was able to make magic artefacts. Since he could do it, so could she.

She wanted to be able to stand at Ye Mo's height one day and tell him what she had always wanted to say. Although she began liking him due to his power, it was nothing related to that now.

...

When Ye Mo took the first stream of frost, he immediately felt his organs getting frozen too. It was as though if he breathed once, his lungs would shatter.

He had to try to spirit control the frost streams before his essence blood got used up.

While enduring the coldness, Ye Mo rejoiced that he had only taken one stream, since he would have frozen to death immediately if he had taken too many.

Under the control of his spirit sense and cultivation essence, the frost stream was being gradually marked by him.

Ye Mo found in joy that his cultivation essence was starting to grow slowly after he spirit controlled the frost streams. Every bit he spirit controlled, his organs would feel a little warmer and his essence blood would return a little.

Did this mean that if he kept spirit controlling the frost stream, the essence blood he had burnt would return?

Thinking about this, Ye Mo resisted the pain and started trying his best to spirit control the frost stream. An hour later, Ye Mo found that he had completely spirit controlled the frost stream.

It turned into a small white spot, like one thenth the size of a sesame seed. He felt as though he could control the small white spot at his will.

Ye Mo rejoiced. If he turned the spot to the size of a fist, how powerful would it be as a weapon?

Ye Mo continued to spirit control more streams of frost.

As he spirit controlled more, the white dot grew bigger and bigger, turning from white, to grey and then a dark grey. Ye Mo also noticed that as his essence blood rejuvenated, a sliver of origin power was injected into his essence blood.

After some time, Ye Mo woke up and found that all the ice on him had disappeared. He was no longer cold. He seemed to have controlled the frost flow between the golden page world and the ice egg.

Ye Mo looked at the lychee-sized dark grey ball in his golden page world and reached out to it. The ball immediately came to his hand and emitted a bone-chilling frigidness. But he could still control it completely.

Ye Mo wanted to test the ball's power, but he saw Nie Shuangshuang, who laid peacefully on the side, and no longer had the mood to do so.

The frost on her had also disappeared, but she wqs no longer breathing. Although he knew he couldn't save her, Ye Mo still placed a lotus life pill in her mouth.

It melted immediately yet after a long while, Nie Shuangshuang still wasn't moving.

Ye Mo sighed. He took out many jade stones and made a jade bed for her. Ye Mo laid Nie Shuangshuang on it and kept the bed in the golden page world.

Despite not sensing her soul in his spirit sense, Ye Mo still put his only yin sha bead next to her, hoping that he would be able to one day find enough top grade spirit stones to make a house for her in the golden page world.

The two big eggs were still in a corner of the golden page world. Ye Mo didn't have time to completely spirit sense the frost chi inside. He had to go back to Luo Yue as soon as possible.

He made a jade box and placed the two eggs inside before leaving the golden page world. He knew that the next time he was back, he would be at foundation establishment state.

Ye Mo arrived at the stone room again after leaving the golden page world. His cultivation essence was abundant, so he returned to the entrance of the cave.

There was an old herb basket laying next to the entrance. All the herbs had dried up after all this time.

Ye Mo picked it up and found a pink bag. Inside there were some of her clothes, a jade and the Nine Moon Evergreen Chant. The two things that he had left for her had come back to him again.

Ye Mo put the herb basket away and dashed towards Luo Yue on his flying sword with a sunken mood.

...

Song Yangzhu hadn't been able to calm down to cultivate the past few days. A week ago, Su Jingwen, Chi Wanqing, Xu Yuehua and Yimo had all gone into the small world.

What made her worry was that the formation's radiance was getting weaker and weaker, which meant that in some time, it would be impossible to go there anymore.

"Yangzhu." Ye Mo found Song Yangzhu immediately when he got back to Luo Yue Lake and landed next to her. However, he only saw Ye Ling cultivating and not Yimo.

Song Yangzhu was dazed when she heard his voice and she immediately realized that Ye Mo had come back. She ran up to him at once and embraced him.

"What's wrong? Where's Yimo?" Ye Mo asked.

Song Yangzhu soon told him what had happened.

What Ye Mo didn't get was how could the small world open up itself.

"What do we do?" Song Yangzhu asked.

"Brother!" Ye Ling also ran over when she heard the voices.

Ye Mo was worried about Yimo. Luo Ying and the others were at chi gathering tertiary stage and he wasn't too worried. However, Yimo had only cultivated for three month and she was so innocent. Luckily, Xu Yuehua was a heaven level master.

"Don't worry." Ye Mo patted her shoulders and said, "I'll make some pills tonight and we'll go to the small world tomorrow."

"Brother, can I go with you guys?" Ye Ling asked worriedly. Everyone had left. If her brother left too, she would be by herself in Luo Ying.

Ye Mo hesitated for a moment before nodding. "Okay, you can come with me. I'll help you make the five essence pill tonight and try to get you a spirit root so you can cultivate too."

Ye Mo was planning on letting the two women stay there and cultivate, but after seeing their faces, he knew that wasn't plausible.

Song Yangzhu breathed at ease. She had feared that Ye Mo would leave her behind and go off on his own.
