

## A Dragon's Treasure

After telling Des about the stupid documents, he has returned to his human job for a while. I guess he just forgot about it. I warned him that someone might be mentioning Mrs. Sire, though.

When I wake up a few days later, I know that today is going to be the day. I have no idea how, I just know. And this feeling just intensifies when I cannot find a single soul in our little world. Where have they all gone?!

After wandering around for a bit, I feel lost. I know exactly where I am, but I still can't help the feeling. And just as I'm about to lose my last nerve, I hear a familiar voice in my head.

*Kneel.*

My whole body is instantly reacting. While I'm doing as I'm told, I am covered in goosebumps and can't wait for what's to come.

*Close your eyes.*

Once again, I do it. And when the air around me shifts, I know that Lima is here now. Right in front of me, in reach. And as much as my hands want to, I keep myself from touching him.

"Tell me how much you want me to punish you," Lima says in a low voice and I get shivers all over.

"Punish me for what?" I whisper in return, knowing that this will only intensify the situation.

Lima chuckles a bit and I hear his clothes rustle, causing my breath to accelerate.

"You've been a naughty little girl, do you know that?" Lima gently takes my face into his hand and as much as I want to, I don't open my eyes just yet. "With your dirty wet dreams you've been having about me."

"How did you..." Now I open my eyes in reflex, just to see him towering above me, his cock in his hand, slowly rubbing.

"Did I tell you to open your eyes?" he asks calmly, so I shake my head. "Then why did you? I'll tell you why"—he gently scratches my cheek with his nail—"Because you want to be punished."

I don't answer, so Lima takes his already stone-hard cock into his hand and gently smacks it against my face. This feeling is already making me so wet, I could have him do me right now. Although I don't need to be wet anymore to feel pleasure, this still has me dripping.

"Don't hold back, little one." Lima chuckles again. "I can feel your arousal. I know what you want me to do to you."

"Then why don't you?" I whisper and Lima's eyes light up for a second.

"Oh, but I will."

He slaps me with his cock again, this time harder and I quietly whimper. I part my lips and Lima doesn't even wait for a second, he instantly rams his delicious meat into my hot, wet mouth, all the way until my eyes roll to the back of my head. I know that I would normally gag by now, so I'm grateful that I don't feel that. He grabs my head with both hands and starts thrusting into me, while simultaneously pulling my head toward him and although this is not possible, it feels like he reaches further and further each time.

When I raise my hands to grab his balls, he just smacks his lips, gently tapping my knee with his foot.

"Don't," he just says, so I lower them again.

By the time I think he's about to climax, I am so fucking wet, I am sure there's a puddle beneath my pussy, even through my panties.

When Lima unloads his semen into my mouth, I am instantly full and need to swallow just mere seconds after he started, but it keeps coming. After I've swallowed another four times, he finally pulls out but the juice just keeps flowing, spilling all over my face and chest.

"Lie down," he says completely unbothered, although his throbbing cock just keeps splashing around.

I do as I'm told and when he kneels over me, grabbing my panties, his cock is still rock hard and twitching.

"You are such a dirty little slut, aren't you?" Lima chuckles. "You're so wet, I could rehydrate." He pulls down my underwear and tilts his head. "On second thought...why don't I?"

Before I can even react, he lowers his head to my pussy and when he starts licking me, I can't hold back anymore. I moan and wiggle, spreading my legs as far as possible, grabbing his head and trying to make his tongue fuck me harder.

But he keeps his pace, switching between gently biting, licking and sucking me dry. I'm moaning and squealing all the time, unable to have one clear thought.

His hot tongue has me orgasming thrice before he even satiates his thirst. When I feel I can't even move anymore, let alone take more of this, he eventually stops. It's such a relief that I'm just lying there without moving a muscle.

"Do you think I'm going to release you already?" Lima laughs and bows down, touching my pussy with his cock just a little, making me wail quietly, while his mouth moves to my ear. "Not even close, little one."

Lima grabs my shoulders and when I think that I'm finally going to feel his juicy cock inside of me, ramming it all the way in, he does the opposite. Gently, painfully slow, he lets his manhood slip just over my pussy onto my belly, rubbing against me, jolting my arousal back up to the top level just like that. I whimper and push my pelvis up, but it's as if he knows, because he evades me each time I try to make him slip into me. This goes on for so long, I feel like my pussy is on fire and I'm about to burn out completely.

"Lima, please..." I wail weakly and he chuckles in response, turning my head to face him, so I open my eyes.

"Was this punishment enough?" he asks and his mischievous grin makes me wonder what he wants to hear in response. My first reaction would be to scream yes. But...he loves to punish me.

"Not nearly. But I need to finally feel you inside of me. I need you to punish me with all your strength," I whisper and his eyes turn black for a second, his gaze turns greedy and lustful. And fuck it's turning me on even more.

"You're learning." He gently bends down and kisses me. Other than expected, it's a warm, loving kiss. And without me even noticing that he moved, he rams inside of my pussy so hard that I can't help but scream into his mouth.

But fuck I've been waiting for this! It feels like a wave of relief and pleasure is washing over me, my whole body is shaking and I don't even care when he pulls out again.

Lima thrusts all the way inside again and I bend my back, opening my mouth wide, without making a sound. How is this possible, to feel every inch of him, although I have had so many inside of me? How can he top it all, best them? By the next thrust, I feel a new thing. It's almost as if his cock is—changing? Inside of me. And fuck it feels amazing.

Lima grabs my arms and it's as if he's pulling himself inside of me, or rather pulling me onto him, my pussy is adjusting to him and it seems like she's just getting tighter and tighter, intensifying the feeling for both of us. And with each thrust, I feel him deeper and deeper inside of me.

Finally, I know what's changing.

His cock is turning into his dragon form. I open my eyes, but I still see human Lima, intently looking at me, lust and greed in his eyes, as if I'm his treasure to hold onto.

He keeps going and going, growing bigger inside of me each time until I'm sure I'm going to explode. My screams are so loud by now, if I was in the human world I'm sure they would send the police because they think somebody is being murdered. But I have never felt better.

I am not sure how much time has passed, but it feels like it has been hours, when Lima finally grunts and unloads into me. I can feel him spill into parts of my body where it shouldn't be and although it's mildly concerning, it's also so fucking hot. It's like he is *becoming* me, or rather me becoming him, with our essence combining.

When he pulls out, his cock is back to his normal size, still spilling his semen all around, especially onto my body.

I cannot move the slightest bit. I just lay there and look at him.

Turning back to his gentle self now, Lima smiles and kneels next to me, caressing my cheek with his fingers.

"Rest now. By tomorrow, you will know what to do," he says. I don't even understand what he's saying when a wave of tiredness washes over me. I close my eyes and nod, feeling the warm welcome of sleep hugging me, forcing me to rest.
