Chapter 384: Serena Really Gets Things Done!

She asked him, "Do you want to kiss again?"

Hayden Crawford's long and narrow eyes were already tinged with a hint of red. He stared at her intensely and broodingly, wanting to devour her whole.

Is this question even necessary?

Serena Sterling naturally received his answer. Her red lips slowly moved downwards, landing on his protruding Adam's apple...

Soon, Hayden Crawford pushed her away.

Serena looked at him, bewildered, "What's wrong with you?"

Hayden Crawford's thin lips were pressed into a white curve, his voice hoarse, "Who taught you that? Is that how you used to please your ex-husband?"

This...

He used to like it a lot...

He really liked her kissing his neck...

Seeing her expression, Hayden knew, this was something her ex-husband liked, and the laughable thing was, he liked it too. He liked it a lot.

In his mind, she was intelligent, calm, and brave. He never knew she had this side too, a soft and charming womanly side.

It was all taught by that damn ex-husband!

She used to be a blank slate, and it was that damn ex-husband who left his mark on her.

Hayden was really angry now, angry at her, angry at her ex-husband, and angrier at himself. He, Hayden Crawford, had no shortage of women, yet he fell for her.

He strode away, not wanting to deal with her.

"Hayden Crawford, what's wrong with you again? Why are you so unpredictable?" Seeing him about to leave, Serena ran forward and grabbed his muscular arm.

Hayden stopped, lifted his thin lips, "Let go!"

"I won't!" Serena refused to let go.

Hayden extended his well-defined fingers to pry her little hand away, trying to make her release him.

Serena looked at the proud little prince in front of her, bit her red lip with her pearly whites, and directly pulled out a silver needle, quickly jabbing it into his acupoint.

Hayden's hand froze as his entire body became paralyzed, like someone had pressed his acupoint. He looked at Serena, "Serena Sterling, what did you do to me?"

Serena retrieved the silver needle, "Nothing much."

Then she reached out her fingers and pinched his handsome chin, smiling mischievously like a female delinquent, "Hayden, you're much cuter this way. Stop struggling. Tonight, just give in to me. I'm determined to have you. I'll make you feel like you're in heaven."

Serena pushed, and the two of them fell into a patch of grass.

Hayden closed his eyes, rage spilling from his handsome eyes. He never thought there would be a day he'd be... overpowered by a girl!

"Serena Sterling, how dare you! If you touch me, I won't let you go!" Hayden gritted his teeth.

Serena boldly straddled him, her small hands moving to his sharply defined waistline, expertly undoing his black leather belt. She had undone his belt before, so with some experience, she quickly opened it with a "swish," "Hayden, didn't you say I ruined you? Then... how come you're fine now?"

Hayden's pupils were filled with a terrifying red. He was indeed ruined by her, as he felt no interest in other women.

But why, under her, did he...

Hayden bit his handsome jawline into a grimace, dammit, why did he feel like Serena had him completely under her control!

Then Serena bent down and kissed his chiseled face, "Hayden, stop calling out, your body is way more honest than your mouth."

"..."

What was she saying?

Wasn't that supposed to be his line?

Everything was in chaos.

Tonight, everything was in chaos. The two of them were tangled, their lines were mixed up, and it was Hayden who ended up being the one overpowered. It was truly surprising.

"Serena, get off of me! This is my last warning, don't touch me, or I'll make sure you and the entire Sterling family pay for your actions today...ugh!"

...

Late at night, Serena returned to the Sterling family home.

Because it was already late, Serena quietly sneaked in, tiptoeing up the stairs, not wanting to wake anyone.

But then the door to an upstairs room opened, and Mr. Sterling and Iris Blue came out, "Serena, why are you back so late? Did you find the treasure chest in the forbidden area this time?"

Serena thought Dad and Mom had gone to sleep, but they were worried about her and hadn't slept at all.

Serena halted in her steps, wearing Hayden Crawford's oversized black coat, which hid her slender body. Her black, pure hair was messy, with strands tangled around her snow-white neck. Her small, palm-sized face was flushed, like a rain-soaked red rose, barely blooming.

"Dad, Mom, why aren't you asleep yet?" Serena asked.

"Serena, whose coat are you wearing? Could it be... Hayden Crawford's again?" Mom asked.

Dad nodded, the silver button on Hayden Crawford's shirt sleeve was shining brightly, engraved with the word "Crawford," clearly his.

"Serena, you still haven't returned Hayden Crawford's coat from last time, why are you wearing his coat again?"

Iris Blue gasped, "Serena, did that Hayden Crawford bully you? We'll go find him and settle the score now!"

Serena quickly stopped Iris, "Dad, Mom, it's not what you think. Don't go looking for Hayden Crawford, he didn't bully me, but... I bullied him!"

"What?" Dad and Iris couldn't believe it as they looked at Serena, and after the shock, they were filled with admiration. Serena truly was a person who accomplished big things!

So impressive!

Serena quickly covered her blushing little face with her hand, "Dad, Mom, it's late, and I'll tell you about the forbidden area tomorrow. I'm going to rest first."

Serena swiftly entered her room.

...

Inside her room, Serena first entered the bathroom to take a shower. Standing under the spray, she let the hot water wash over her.

Earlier in the forbidden area, she had been confused by that herbal plant, and now that her mind was clear, she was shocked by what she had done.

She had been so reckless, actually overpowering... Hayden. Was she driven by lust? Remembering his angry yet helpless look, and his final act of covering his intense eyes, she felt both sexy and defeated. Serena's little face turned red hot.

Forget it, it's already done. What's there to be afraid of?

After all, it's not the first time she's done this.

A few months ago, she had used the same method to take his first time!

Even though she tried to comfort herself, it really wasn't convincing. Hayden Crawford was no ordinary man, and she had no idea how he would deal with her.

Insane!

Serena reached out and ruffled her long hair; she was truly insane!
