Chapter 393: Don't Touch Me With Your Dirty Hands!

What's she mean?

Is she protecting Zane Crawford like this?

She's biased!

Who knows where her heart's biased towards, in hindsight that night I shouldn't have let her have him, shouldn't have let her succeed!

Hayden Crawford was in a bad mood, his cold and narrow eyes scanning her like an X-ray, "Get out! Don't touch me with your dirty hands!"

"..."

Serena Sterling was about to explode, this lunatic!

...

The doctor finished treating Zane Crawford's wounds, Zane Crawford stood up, "Serena, I'll take you home."

Just then Jude Crawford walked over, "Zane, you're so injured, you should rest, otherwise the wound will reopen. I'll have a driver take Ms. Sterling home, ensure she gets back safely."

Zane Crawford frowned, "No way..."

"Zane," Serena Sterling quickly interjected, "Let the driver take me, it's not safe for you to drive in this condition. I'll message you when I get home, letting you know I'm safe, okay, I'm leaving, bye."

Serena Sterling quickly walked out.

Outside, Serena Sterling prepared to get in the car, but just then a large hand reached out from the darkness and grabbed her slender wrist, pulling her into the shadows.

Serena Sterling looked up, Hayden Crawford's handsome face magnified endlessly in her view.

"Hayden Crawford, what are you doing, this is the Crawford family's place, let go of me!" Serena Sterling quickly struggled.

Hayden Crawford held her delicate waist, pressing her into his embrace, refusing her escape, "Serena Sterling, what exactly do you mean, tell me clearly now!"

Serena Sterling fluttered her long lashes, "What do you mean by that, what should I say?"

Hayden slammed his hand into her soft waist, deliberately inflicting pain as punishment, "Serena Sterling, what are we now, we've already slept together... Oh no, we've had a spontaneous romp, you've slept with me, shouldn't you give me some explanation?"

Serena Sterling let out a pained gasp, a layer of crystalline mist rising in her bright doe eyes. Her slender body squirmed uneasily, trying to free herself from his iron grip, "Hayden Crawford, stop trying to act magnanimous after taking advantage, isn't this the kind of thing you men enjoy?"

Hayden Crawford pushed her against the wall with a shove, his large hand slamming beside her head, pinning her between the wall and his chest, "Damn it, Serena Sterling, are you asking for trouble? How many women

want to sleep with me, want to please me but never get the chance, so who exactly took advantage? You think about it!"

"..."

Serena Sterling stared at the man in front of her dumbfounded, how could he say such things so shamelessly, now he scrutinized her with an aloof elegance, like an arrogant royal.

Suddenly Serena Sterling thought of a question, "Hayden Crawford, do you still think you're... pure?"

"What do you mean by think?" Hayden Crawford retorted, he actually was.

Though he pursed his thin lips, unwilling to discuss this topic further.

Hahaha~

Serena Sterling couldn't hold back and covered her mouth laughing, this pure-hearted boy~

"Serena Sterling, what are you laughing at?" Hayden Crawford felt despised by this girl, as if she was mocking him for something.

Serena Sterling quickly stifled her laughter, she couldn't explain past events to him, "Turns out I took Mr. Crawford's purity, I'm happy."

"..."

Hayden Crawford lowered his tall frame before her, his handsome face slowly moving closer to hers, "Is there nothing else besides being happy?"

Suddenly their faces were very close, the fresh, clean scent of his masculinity enveloping her tender skin, breaths mingling, spawning a sudden intimacy.

Serena Sterling leaned back, trying to distance them, "Mr. Crawford, what do you want with me, you won't... want me to take responsibility for you, will you?"

Hayden Crawford stiffened.

Serena Sterling continued, "But Mr. Crawford, don't forget, I've been married, you warned me not to covet you, that you wouldn't take another man's woman."

Hayden Crawford released her, stood tall, his handsome face cloaked in a darkness that could drip cold water.

Serena Sterling didn't engage him further, quickly leaving.

...

Serena Sterling declined the Crawford family's driver and headed home on her own.

Walking down the street, she suddenly thought of an important issue; since returning from the forbidden area she forgot to take contraceptive pills!

She calculated, she was in her danger period, without contraceptives she could easily get pregnant.

Thinking of this Serena Sterling broke out in a cold sweat, oh no, how could she forget such an important thing.

Serena Sterling quickly entered a pharmacy, grabbed emergency contraceptive pills from the shelf, then went to the register.

At this moment, a Rolls-Royce Phantom slowly stopped by the roadside, the driver's window slid down, revealing Hayden Crawford's perfect handsome face.

Hayden Crawford's gaze fell on Serena Sterling's slender figure in the pharmacy, then dropped to the pills she held.

His vision was too sharp, he instantly saw the English label, translated it meant emergency contraceptive pills.

She actually ran here to buy contraceptive pills!

Hayden Crawford didn't even know what he was thinking, was he hoping to turn that night into a real relationship, with Serena Sterling... dating, marriage?

She's been married, now practically second-hand, at rock-bottom price!

Hayden Crawford kept reminding himself of this, that the girl deeply loved her ex-husband, gave her most beautiful first time to him, he cared about this.

How crazy was he to want her?

But...

Images from that night popped into Hayden Crawford's mind, her stunning face tinged with enchanting blush, her innocent hair wet and tangled around her snowy neck...

Hayden Crawford felt parched suddenly.

He thought he just had a sexual fantasy about her, after all, she appeared in his dreams countless times. He once thought if he could sleep with her, taste her, he'd get over it.

But, after actually getting her, he found himself... addicted.

Hayden Crawford took out his phone, dialed a number...

Over there, Serena Sterling had finished paying, she walked out of the pharmacy, immediately opened the pills, to quickly take them.

Bringing the pill to her lips, Serena Sterling just opened her mouth when suddenly a passerby bumped into her.

The pill missed her mouth, falling to the ground.

Her pill!

Serena Sterling quickly bent down to retrieve it, but before she could, suddenly a dog ran over, directly eating the pill.

Serena Sterling paused, now the dog's even eating... contraceptives?

The passerby and dog ran away, Serena Sterling felt miserably unlucky, turned back into the pharmacy, wanting to buy another contraceptive pill.

But, just recently the shelf was full of contraceptives, now it was completely empty.
