

Substitute B 70

Chapter 70: Hayden Crawford Arrives

Serena Sterling returned to Drunken Gem, Leah Thorne leaned over, "Serena, Erica Hawthorne just posted on Weibo, do you want to see?"

See!

Serena Sterling opened Weibo, Erica Hawthorne wrote a caption saying a joke, heard Serena Sterling wants to join The Concordiat Research Institute...

Although Erica Hawthorne isn't like Leah Thorne with a top-tier following, as a new-generation home goddess, her Weibo quickly topped the trending list.

The hottest comments are like this,

Good news, my goddess Yasmine has been admitted to The Concordiat Research Institute.

No wonder, some bumpkin wants to imitate and now is a laughing stock.

Let's discuss rationally, Serena Sterling is only 19, right? High school graduate?

Wants to join The Concordiat with a high school degree?

So funny, hahahahaha.

How about we all bet if Serena Sterling can get into The Concordiat!

Serena Sterling opened her Weibo homepage and was shocked, her 800,000 followers had skyrocketed to 8 million.

Leah Thorne extended her finger and poked her head, "Don't be happy too soon, most of these followers are passerby and haters, take another look at the hot topics, there's a nationwide bet whether Serena Sterling can get into The Concoriat, just who is this Serena Sterling... Aside from netizens digging into you, Bayside's socialite circle is in a frenzy, those heiresses are betting you'll lose."

Leah Thorne raised her eyebrows, "Serena, you're a celebrity now, the entertainment circle and Bayside's socialite circle haven't been this lively in a while."

Serena Sterling went through Weibo again and realized Leah Thorne also posted, listen what's this sound, smack, emmm, just wait to be slapped.

Leah Thorne openly sided with Serena Sterling, forming a tug-of-war polar camp against Yasmine, Erica Hawthorne, and Bayside's socialites; online Leah Thorne's fans and Erica Hawthorne's fans are tearing each other apart, no wonder Serena Sterling's followers surged like this, everyone wants to dig into her, she's really famous now.

But Serena Sterling went to the countryside at nine, unnoticed, really hard to dig...

Serena Sterling hugged Leah Thorne's slender arm, cuddled playfully, "Leah, you're the best to me, you always unconditionally stand by my side, now we're enemies of the whole Bayside socialite circle."

Leah Thorne sighed, "There's no way, excellent and beautiful people are always envied, so we're destined to have no friends."

Serena Sterling was quickly amused and giggled.

Leah Thorne nudged her, whispered, "Serena, The Concordiat seems really hard to get in, um... is it difficult for you to get in? If so, quietly tell me, I'll help you think of a way."

"You go find Young Master Xavier, or should I go find Mr. Crawford?" Serena Sterling asked.

Leah Thorne nodded, "Both are okay, either one should be no problem."

Serena Sterling smiled seriously, "Leah, don't worry, just wait to slap them."

After speaking, Serena Sterling went into the bathroom to shower.

Leah Thorne really put her mind at ease, Serena said not to worry, what's there to worry about?

...

Serena Sterling came out after showering, Leah Thorne was calling her, "Serena, come quickly, is this grandma 'only eighteen' your old lady? The grandma is quite fierce in arguments, I'm envious."

Serena Sterling took the phone to look, now the whole web is digging into her, naturally there are many hate her.

Netizen A: Serena Sterling only graduated from high school.

Grandma Only Eighteen: Look at what you said, didn't you graduate from high school?

Netizen B: Serena Sterling always wears a veil, must be a hideous monster.

Grandma Only Eighteen: Being a keyboard warrior behind the screen, ugly people do ugly things.

Netizen C: Between Serena Sterling and Yasmine, if I had to choose, I'd definitely choose Yasmine.

Grandma Only Eighteen: Shout together with me, get hyped up, my Serena is the coolest kid on this street!

Serena Sterling remembered the old lady registered a Weibo account not long ago and followed each other, this grandma Only Eighteen is grandma indeed.

The old lady has squabbled on Weibo, fiercely, already upgraded to Serena Sterling's number one fan.

"Serena, your grandma is really awesome, who wouldn't want a fan like this?" Leah Thorne was truly envious.

Serena Sterling was amused, she really didn't expect grandma to go on Weibo to argue for her, grandma is really adorable.

"Serena, I'm going to shower, take your time looking." Leah Thorne went into the bathroom.

Soon, "ding-dong" the apartment doorbell rang, someone knocked on the door.

Who is it?

Serena Sterling picked up a black tassel scarf and draped it over her, then walked over to open the apartment door.

Outside the door stood a tall and handsome figure, Hayden Crawford had arrived.

Hayden Crawford just came from the company, wearing a black thin overcoat, with a white shirt and tie underneath, compared to his usual suit look, appearing younger and more handsome, elegantly noble.

"Why did you come?" Serena Sterling didn't expect him to come.

Hayden Crawford looked at her, her stunning little face was veiled, clear eyes, feet in pink slippers, a very homely young girl look, charming.

"Mrs. Crawford, I'm here to see you."

"Since you've seen me, you can leave now." Serena Sterling directly closed the door.

But Hayden Crawford was faster, he bent his strong knee to hold the door board, "Wait a minute Mrs. Crawford, I brought you something."

Hayden Crawford handed over the bag, inside was her favorite cake from a famous old brand.

He brought her cake.

Serena Sterling hesitated for a moment, then reached out her small hand to take it, "Mr. Crawford, thank you... oh!"

Hayden Crawford gently pulled, directly pulling her delicate body into his arms, his strong arm clasping her slender waist, he actually lifted her up.

He still held the bag with one hand, so with one hand he lifted her high, this posture is very much like a dad holding his little girl...

Although his boyfriend strength was at max, but so embarrassing.

Serena Sterling's face turned red, quickly clenched her fist and struck him, "Mr. Crawford, put me down!"

Hayden Crawford placed the bag on the ground, then put her down in the corner of the hallway wall, trapping her in his sturdy embrace, "Still messing around?"

Serena Sterling saw his exquisite handsome face turned cold, very fierce and stern look, a man like him in a high position naturally has a strong presence, when not angry with an imposing aura making people dare not to touch.

Serena Sterling couldn't escape, his hands against the wall, tall body slightly bent, clean and fresh masculine aura with dangerous aggression coming overwhelming.

He's really scheming, pulled her out to reprimand like a child.

Serena Sterling stuck her neck out, boldly said, "If I mess around again what can you do to me?"

Hayden Crawford's eyes darkly stared at her, thin lips curved into a mischievous line, "You don't want to come home, if you mess around again I'll spank you."

Spank...her?

"Then spank me, I'll sue you for domestic violence..."

Hayden Crawford's large hand slid down, landed on her behind with a slap.
