Chapter 1131: Unexpected (3)

1131 Unexpected (3)

"I think it's fine to collect herbs. One herb is comparable to a few grade-5 King Level Magic Beasts. Do you think a grade-5 King Level Magic Beast is like a little rabbit, unable to resist at all?"

Tian Kui glanced at Yun Feng. "Feng Yun, what do you think?"

The others immediately fell silent and looked at Yun Feng with their eyes. Yun Feng pondered for a while and said, "Although the points of the herbs are a lot, there should be very few of them. It's not easy to find them. We can only rely on luck. And in terms of Magic Beasts, we can only challenge high-level Magic Beasts to get high points. If our opponent hunts a grade-8 Magic Beast, we'll have to hunt ten grade-5 King Level Magic Beasts to make up for the difference. The time and energy we spend will be too much. Besides, it's very difficult for us to maintain our optimal state for a long time in consecutive battles."

"Junior Sister, I get it! Rather than hunting those grade-5 and grade-6 beasts, it's better to challenge grade-8 and grade-9 beasts. Even though it's difficult for the five of us to deal with grade-8 and grade-9 beasts together, it won't be a problem. Once we can hunt a few of them, we'll be able to widen the gap between us and others!"

"I don't think it's that simple. Star Cloud and Huafeng certainly have the same plan, don't they?"

What Tian Kui said made others fall silent again. In the end, Yun Feng smiled. "That depends on whether we can find herbs while hunting Magic Beasts."

Rong Xin burst into laughter. "Juxing has always been lucky, or we wouldn't have accepted a disciple like Junior Sister."

The others also laughed. What Rong Xin said was right.

"It seems that we still have a chance of winning," said Tian Kui with a smile. The others immediately became more confident, but Yun Feng looked serious. She tapped the table gently with her finger. "Don't be happy too early. Once the team competition begins, we'll face another situation."

"What?" The others all asked. Yun Feng's black eyes darkened as she pointed at the table. "Robbery."

Tian Kui's face suddenly darkened. "Yes, why did I forget about that? Once the team competition begins, the gains will lead to danger and plundering. There are only so many resources. There will certainly be fights."

"Damn! Will someone rob us openly?"

"Rong Xin, the rules don't say that robbery is forbidden. It's obvious that this is allowed." What Tian Kui said immediately made Rong Xin's heart freeze and his body shrink. "What's going on? Such behavior is allowed!"

"There's nothing wrong with that. If you don't have the ability to keep it in this world, someone else will certainly replace you." Yun Feng's cold words were like a bucket of cold water splashed on Rong Xin. These disciples, who had never left the academy, had too little experience in this world. Perhaps they knew the cruelty of this world, but they had never experienced it at all.

"Junior Sister..." Rong Xin looked at Yun Feng's cold face and felt a bit of pain in his heart. Tian Kui nodded. "Feng Yun is right. There are many people who will do anything to achieve their goals. If we want to succeed in the friendly contest of the three academies this time, any means will work. Potions can work, but so can robbery."

"Senior Brother Kui, do we have to rob too?"

"No! Juxing never does such a thing. We don't rob others. We just need to protect ourselves!" What Tian Kui said made everyone's mood a bit higher. "Yes, that's right! We protect ourselves. Whoever dares to rob us can try!"

Yun Feng didn't relax at all in her mind. In such an environment, she had to put in a lot of effort to find herbs and hunt Magic Beasts. What if someone took advantage of her when she was exhausted? It seemed that preserving her strength was the key.

"Should the five of us move together or split up?" Someone asked. Tian Kui looked at Yun Feng. Yun Feng chuckled. The two of them seemed to have the same thought. "We will split up. Feng Yun and I will lead the two groups. Rong Xin, you'll go with Feng Yun. The two summoners will be able to get twice the result with half the effort, while the three of us will be in the other group."

Yun Feng nodded. "I'm afraid Star Cloud and Huafeng have the same plan. The team competition this time isn't just about time and strength. The most important thing is luck." Speaking of luck, who could say that they were luckier than Yun Feng?

After the discussion, everyone returned to their rooms. Even though there were only five days, they could consolidate as much as they could. Yun Feng took out the notes left by her master and started reading. The three herbs were all recorded in the book. Yun Feng couldn't help but smile mockingly after reading them. Huafeng had a good plan this time. All the participants were working hard to find these three herbs for them. These three herbs were all the herbs needed for the master-level formula. It seemed that Huafeng wanted to take this opportunity to get them, but Yun Feng didn't intend to give them up. What she found would certainly belong to her!

After putting her master's notes back, Yun Feng suddenly found that there was a book in the bracelet that she had forgotten for a long time. She flipped her wrist and the book appeared in Yun Feng's hand. Three big words were printed in the middle of the book, Beast Taming Technique. This was a gift from Mr. Zheng Ran of the Mercenary Union back then and she had never used it. If she didn't see it by chance, she would have forgotten about it.

Yun Feng looked at the Beast Taming Technique in her hand as a glint of light suddenly flashed through her mind. The Magic Beasts they hunted in the team competition this time didn't necessarily have to be dead bodies. If they were alive, they certainly would suffice too. If she could nurture these few members of the Juxing School into tamers, even if they were novices, it would certainly be easier for them to deal

with the Magic Beasts. After all, she was in the same team as Rong Xin. The other three members could only fight without any other way.

The appearance of the Beast Taming Technique made Yun Feng's mind spin quickly and the smile at the corners of her mouth became wider and wider. It seemed that Juxing was going to surprise everyone this time.

In the next five days, the gate of the yard of Juxing was closed. The few contestants didn't even show their heads. The Star Cloud representatives, who lived next door, peeped from time to time, but couldn't find any news. They couldn't help but snort. Hm! What else could they do? They must be trying to improve their strength in these five days. How much could they improve in five days?

However, this wasn't the scene in the yard of Juxing. Apart from Yun Feng, the few of them were all studying a book with relish. It was the Beast Taming Technique Yun Feng contributed. When Yun Feng took out the Beast Taming Technique, it truly frightened these few young people, especially Rong Xin. He really thought that Yun Feng was a moving treasure vault that had all the good stuff.

Chapter 1132: Unexpected (4)

1132 Unexpected (4)

As a summoner, there was no need for Rong Xin to learn the technique, but he was very curious and also stuck his head out to study it together. Even though tamers weren't as good as summoners, they were still a fascinating profession. Their ability that was infinitely close to that of summoners also made people yearn. Tian Kui and the others were certainly excited. Even though it had only been a short time and they couldn't learn much, their enthusiasm was very high.

Tian Kui and the others were indeed elites of Juxing. They had already figured out some tricks in just one day. They would be eager to try the next day. Yun Feng smiled and released the earth-element Magic Beast she auctioned back then. Yun Feng didn't lack Magic Beasts, but she certainly release the three that she had contracted, or Er Lei. Meatball was still asleep. Even if it woke up, it would probably be impossible. Only the earth-element one was suitable.

In the next few days, the sound of people falling on their backs came from the yard of the Juxing School from time to time. "There! It's there! Watch me!"

"Aiya, you ran away again. Come back!"

The earth-element Magic Beast ran around agilely. Tian Kui and Rong Xin were having a great time chasing it. Yun Feng watched on the side happily. The poor earth-element Magic Beast had become a practice item. Being chased by these people all day, it could be considered a toy. Those people were having a great time practicing, but the others were confused, especially the Star Cloud contestants next door. They really didn't understand what was going on in Juxing.

Just like that, five days passed. The team competition had already come. The door of the yard that hadn't been opened for five days was finally opened. When the five members of Juxing walked out, there was obviously a smile that other people couldn't understand at all, especially Rong Xin. He smiled very happily. Coincidentally, Star Cloud's contestants also pushed the door open and came out. When

they saw the members of Juxing, they immediately sneered. "You've been closing the door for a few days. I thought you did something. What trick can you play?"

The members of Juxing were neither angry nor angry. They only smiled at each other and walked past Star Cloud as if they didn't hear anything. The smile on their faces didn't diminish at all. The faces of the members of Star Cloud undoubtedly darkened.

The participants of the three schools had all arrived at the designated place and gathered. The elders of the three schools had already been waiting there. The Fifth Elder hadn't come back in the past few days. He must be busy with something outside. When Yun Feng and the others walked over, the Fifth Elder chuckled with encouragement in his eyes.

Seeing that everyone was here, Feng Lin, who was leading the team of the Huafeng School, took out his Sound Badge and said something. Then, he said, "Calm down. We can't take action until someone comes."

The Fifth Elder walked over and looked at the few young people from Juxing. He suddenly noticed something and couldn't help but ask in a low voice, "Is there something good?"

Tian Kui chuckled and cupped his hand in the other in a low voice. "Indeed. Feng Yun provided an unexpected solution. Don't worry, Fifth Elder!"

The Fifth Elder couldn't help but look at Yun Feng in surprise. Yun Feng chuckled and didn't say anything. The Fifth Elder immediately narrowed his eyes with a smile. "Haha, not bad, not bad."

The few members of the Juxing School also had a smile on their faces and were certainly full of confidence in their minds. The people of Star Cloud and Huafeng couldn't help but mutter in private when they saw this. The elders leading the teams of the two schools couldn't help but look over with strong curiosity.

After a while, someone came from afar. The sound of the air vibrating and friction sounded in the sky. Then, a flying Magic Beast appeared above everyone's head. The young people couldn't help but look up. Rong Xin couldn't help but exclaim, "This flying Magic Beast can probably carry all of us! This body..."

"I wonder who's controlling this Magic Beast," said Tian Kui in a low voice. Feng Lin went forward and a person jumped down from the back of the giant beast. When this person approached, Yun Feng couldn't help but narrow her eyes.

"Brother Wei, you're here." Feng Lin greeted him with a smile. The person nodded indifferently and glanced behind Feng Lin. He immediately saw all the contestants. When he saw a slightly familiar figure, he narrowed his eyes like Yun Feng.

Their eyes met in the air. Yun Feng could only sigh at how strange fate was in this world. She met the member of the Wei family, who was called Third Uncle, she had seen in the arena in the Outland here.

The man stepped past Feng Lin gently. Feng Lin immediately frowned. The man kept stepping forward and walked straight to Juxing. Feng Lin's eyes immediately darkened when he saw this, and the people of the Star Cloud School also started discussing again.

Seeing the man walk over, the Fifth Elder couldn't help but step forward and stand in front of him. The man glanced at the Fifth Elder and chuckled. He looked past the Fifth Elder at Yun Feng in the eyes with his deep black eyes. "It's been a long time, Feng Yun."

The Fifth Elder was startled, and Feng Lin was stunned. Brother Wei knew Feng Yun? He even met her? When did this happen? How could the Wei family possibly have a relationship with someone from the Juxing School?

"Brother Wei, what's going on?" Feng Lin quickly rushed over. The man smiled meaningfully. "Do you remember what I said back then?"

Yun Feng's black eyes darkened. The Fifth Elder immediately felt that the man in front of him seemed to be implying something. He said, "Feng Lin, who is this? Aren't you going to introduce us?"

Feng Lin smiled a bit awkwardly. "He's truly the respected Wei Ting of the Wei family. He's the best tamer on Yuelun Island and the third oldest in the Wei family. People call him Third Uncle."

A tamer? Yun Feng understood in her mind why those giant beasts were at the mercy of the Wei family back then. They were tamers. No wonder Feng Lin invited him here. The Magic Beasts in the Innocent Forest had to be under control.

"I don't care what you said. If you want to touch the people of Juxing, you'll have to see if I agree!"

Wei Ting immediately sneered. "Feng Yun, is this your ability to be protected behind? I thought you were an impressive junior. It seems that I overestimated you."

Yun Feng chuckled and walked out. The Fifth Elder was a bit nervous, but Yun Feng shook her head. Facing this person who was a senior to her, Yun Feng didn't flinch at all. Her aura was exactly the same as before, which made Wei Ting look at her a few more times.

"I remember what you said."

1133 Unexpected (5)

"Very good. If you remember, it's time to return it. You caused the Wei family to suffer heavy losses back then. It's time to pay now."

"It's not a problem to compensate. However, it's just a personal grudge between us. I'll certainly give you an answer after the team competition this time."

Wei Ting raised his brows and glanced at Yun Feng. He had never thought that Feng Yun would be a student of Juxing. It was certainly impossible for him to catch her right now. The Fifth Elder of Juxing wasn't someone to be trifled with. "Hm! Alright, I'll believe you this time. However, if you can't do it, you'll automatically quit the competition and go back to the Wei family with me!"

"What did you say?" The Fifth Elder immediately shouted furiously. Feng Lin was also busy being the peacemaker. "Brother Wei, why do you have to do this with a junior..."

“There’s no need for anyone else to intervene!” He looked at the Fifth Elder. “If she can’t do it and anyone wants to stop me, the Wei family certainly won’t be easy to bully.”

The Fifth Elder’s face was full of anger. The man shamelessly said that he wanted to tie up his disciple in front of him! Yun Feng pulled the Fifth Elder’s sleeve and chuckled at him. She winked a bit mischievously and the Fifth Elder’s anger immediately disappeared. What was this girl thinking?

“Alright, deal.” Yun Feng said with a smile. Wei Ting only glanced at her coldly and left.

“Girl, what happened?” The Fifth Elder asked anxiously. Yun Feng pressed her lips and smiled. “It’s all in the past. I didn’t expect to meet him here. Master, don’t worry. I have my ways.”

The Fifth Elder was relieved to hear Yun Feng say that. If this kid said there was a way, there certainly was. However, if that person really dared to touch his disciple, he would definitely not let it go!

The grudge between Wei Ting and Yun Feng instantly became a question mark in everyone’s mind. Even the elders of the three schools were the same. The disciples and elders of the three schools all stood on the back of the flying Magic Beast. As Wei Ting controlled it, the flying Magic Beast immediately flapped its huge wings and soared in the sky. Feng Lin stood there and glanced at Yun Feng from time to time. He frowned and couldn’t figure out how the two of them met.

After a while, the giant beast under Wei Ting’s control brought everyone to an empty area. The forest in the distance was like a green ocean. As the wind blew, the waves rose and fell. There was no end in sight. The flying giant beast landed on the edge and everyone jumped off its back.

“This is the Innocent Forest. I’m sure you’re already aware of the rules of the team competition. Here are three maps with the necessary marks. You’re not allowed to enter the areas not marked on the maps. If you do, you’ll be responsible for the consequences.”

All the young people became nervous. Every school had one map. The shape and characteristics of three herbs were drawn in the upper left corner of the map, which made it easier to find them. Yun Feng glanced at the map. Only half of the Innocent Forest was drawn, and the other half was forbidden.

“The team competition this time will last for a month. If you still haven’t come out after the time limit, you’ll automatically forfeit.” Feng Lin clapped his hands after saying that. “Since you’ve all got the map, get ready to go. Time waits for no man. The elders in charge of the team will certainly wait here and look forward to your good news.”

The five people on Huafeng’s side immediately jumped into the forest. The few people of the Star Cloud School certainly didn’t want to be outdone and also entered quickly. The Fifth Elder looked at the few young people. “Go.”

Tian Kui nodded, and the few of them turned around and jumped in. Yun Feng glanced at Wei Ting, who was standing aside, and also turned around and flashed into the forest. The people of Huafeng and Star Cloud weren’t far away on both sides. She could vaguely hear the sound of clothes rustling in the bushes. They were all very fast, and so were the people of Juxing. After a while, the five of them had already entered the depths.

Tian Kui stopped and took out the map in his hand. "Just one map. You should take it with you." After saying that, he gave the map to Yun Feng, but Yun Feng shook her head. "No need. I've already memorized it in my mind."

Tian Kui looked at Yun Feng in surprise and exclaimed again. Yun Feng chuckled and patted Rong Xin's shoulder. "Let's go. We'll go this way. Senior Brother Kui, you should go that way! Remember to contact me with your Sound Badge!"

"Alright!"

Yun Feng and Rong Xin turned around and went to the side. Tian Kui really wanted to ask Yun Feng about what happened between her and the old man just then, but he didn't ask in the end. He glanced at the map in his hand and aimed in one direction. "Let's go too!"

Only "swish, swish" sounds came from the quiet forest. Yun Feng and Rong Xin ran in the forest as they glanced to the sides keenly. They didn't find any traces of herbs or Magic Beasts. It seemed that they had to go deeper to find them.

As the two of them walked forward, Rong Xin finally couldn't help but ask in a low voice, "Junior Sister, what was wrong with that old man just then? What deal did you have with him?"

Yun Feng glanced at Rong Xin. "It's just a few Magic Beasts."

Rong Xin widened his eyes. "A few Magic Beasts? How do you plan to pay them? Alive or dead?"

Yun Feng burst into laughter. "Why are you so nervous? Do you think I can't afford them?"

"Of course not. I'm just curious about what exactly happened back then. How did you know such a person? The best tamer on Yuelun Island. Have you been to Yuelun Island before?"

Yun Feng walked forward and let Rong Xin talk to himself nonstop on the side. Thinking of what Wei Ting said back then, Yun Feng put on a smile at the corners of her mouth. Didn't he just want Magic Beasts? She would give them to him! This time, not only would she give them to him generously, but she would also give him a whole batch of Magic Beasts! A few? No, if she had to give them to him, she would certainly give him a batch!

The Innocent Forest was quite vast. Even though they had already traveled more than a few thousand miles, Yun Feng felt that the position of her and Rong Xin had only moved a little on the map. Everything around became quieter and quieter. Apart from her and Rong Xin's breathing, there was nothing else.

"Junior Sister, how long have we been traveling? Why haven't we seen any Magic Beasts? We've seen a lot of flowers and plants along the way." Rong Xin couldn't help but complain. He had already run for a long time and was already panting. If he continued running like this, he wouldn't be able to stand it anymore. Rong Xin suddenly stopped and wiped the sweat on his forehead with his hand. "Junior Sister, how about taking a rest? I really can't run anymore."

Chapter 1134: Shocking Change (1)

1134 Shocking Change (1)

Yun Feng didn't feel tired at all. Her body was already as strong as a warrior's. Running for such a long time certainly wouldn't burden her at all, but it was different when it came to Rong Xin. Even though he was a grade-6 King Level expert, his physique as a summoner couldn't be too strong. He was just like a mage. His speed would certainly be much better if he had the support of the wind element, but there was nothing he could do. Even if he summoned that old turtle, it was useless. He would only walk slower.

Seeing that Rong Xin was drenched in sweat, Yun Feng could only nod. Rong Xin immediately sat down and took a few deep breaths. He took out the water he prepared and took a few big gulps. Only then did he feel a bit sore.

"Junior Sister, where are we? Why do I feel like there's no end to our journey?"

Yun Feng looked at the dense forest around her and checked the map in her mind. She took a stone on the ground and drew a rough picture. "Although we're already deep in our current location, it's still not enough. The Innocent Forest is too vast. One month seems a bit short."

Rong Xin glanced at the simple map Yun Feng drew. "Short? I think it's too short. We've been walking for almost a day and we haven't even seen a single Magic Beast. Did we go in the wrong direction? Are the other teams the same?"

Yun Feng wasn't sure about that, but the routes were the same no matter what. Yun Feng estimated the speed of the other two schools. "Senior Brother Kui will probably be faster than us. He should have found something."

"Warriors have a lot of advantages in terms of speed." Rong Xin stretched his body and stood up from the ground. He patted his butt. "If only I mastered the wind element... My contracted Magic Beast is useless too. Really..."

Yun Feng chuckled. She knew that it would be really difficult for them to get anything in a month with the speed of Rong Xin. She immediately took out the two Rings of Contract. It was fine if she was alone, but she couldn't just leave Rong Xin here. At this moment, she could only trouble her contracted Magic Beasts.

Red and green light appeared from the Rings of Contract. After Little Fire and Lan Yi came out, the lightbulbs in Rong Xin's mind suddenly brightened. "Junior Sister, do you want to fly? But it's useless. The forest is so dense that you won't be able to see anything when you fly into the sky."

"Of course we'll fly." Yun Feng chuckled. Little Fire rolled its eyes at Rong Xin in disdain. The little boy's face suddenly let out a wolf howl. With a flash of red light, the huge Fire Cloud Wolf had already appeared. Yun Feng jumped onto Little Fire's back. Little Fire swayed its head slightly. Yun Feng looked at Lan Yi. "Lan Yi, thank you."

Lan Yi nodded. Little Fire burst into laughter and its wolf body had already moved forward in the blink of an eye. Rong Xin looked at Lan Yi next to him and chuckled. He didn't know what his little sister was going to do, but he saw a pair of wings suddenly grow on Lan Yi's back. Rong Xin only had time to exclaim when he found that he was picked up by someone. The wings on Lan Yi's back flapped abruptly and Rong Xin had already been taken off the ground, flying at a low altitude.

“Junior Sister is indeed smart.” Rong Xin couldn’t help but compliment her when he was hung in the air like this. Lan Yi’s hands instantly turned into eagle claws, holding Rong Xin’s shoulders firmly and lifting him steadily in the air. After flapping his wings a few times, he caught up with Little Fire, which was running forward crazily.

Yun Feng couldn’t help but smile when she saw Lan Yi chase after her with Rong Xin. Rong Xin greeted her happily, “Junior Sister, you’re so smart!” It was great to have a wind-element contracted Magic Beast. It was convenient for her to do anything...

Little Fire couldn’t help but roll its eyes. Its wolf body suddenly sped up and moved forward even faster. The wings on Lan Yi’s back also flapped and he followed closely behind.

The physical fitness of Magic Beasts was already better than that of humans, and their endurance in speed was even more astonishing. Little Fire and Lan Yi’s speed had been maintained at an extreme level for a long time. The two Magic Beasts didn’t feel tired at all. When Rong Xin saw this, he could only exclaim at the power of Magic Beasts.

After walking for a day, the sky had already gradually darkened. The eyes of the two Magic Beasts lit up at the same time in the dark, glittering with faint light. Yun Feng considered for a moment. It wasn’t appropriate to rush in the dark. Even though Little Fire and Lan Yi didn’t say anything, they needed to rest. In the end, Yun Feng decided to stop and rest for the night.

A bonfire appeared in the forest. The warm fire gradually lengthened the few figures. Little Fire was still in the form of a Fire Cloud Wolf. It lay around the fire lazily and wrapped its body around Yun Feng to help her resist the coldness of the night. Lan Yi sat on the other side of Yun Feng and Rong Xin sat opposite her. At night, the temperature in the forest suddenly dropped a lot. The temperature difference between morning and night was extremely huge. At this moment, Rong Xin couldn’t help but shiver even if he was next to the fire.

“Junior Sister, it’s great to have a Fire Cloud Wolf.” Rong Xin glanced at Yun Feng very enviously. The thick and soft fur of the Fire Cloud Wolf made him feel warm just by looking at it, not to mention being wrapped in such fur. Little Fire raised its wolf eyes and glanced at Rong Xin, not saying anything. Yun Feng, on the other hand, chuckled helplessly. She didn’t need Little Fire to do this, as she wasn’t cold at all. However, since it insisted, she simply let it. The soft fur of the Fire Cloud Wolf also felt unusually comfortable around her.

“Junior Sister, since you said that it’s not easy to acquire the herbs, will there be any accompanying Guardian Beasts? I’ve never heard of those herbs. They must be some high-level herbs.”

Yun Feng only smiled gently. She had already thought it through. “If we can find them, we certainly can’t give them all to Huafeng. The points are much less valuable than these herbs.”

Rong Xin’s eyes brightened. “I knew Huafeng would make us coolies and dig good stuff for them! What wishful thinking! After we find them, they’ll all belong to us. As for the points, we’ll just take the Magic Beasts out!”

When Rong Xin found that the Sound Badge suddenly lit up, he immediately took out the Sound Badge. “It’s Tian Kui!” said Rong Xin happily. He was about to ask if they got anything today, when he heard Tian Kui’s anxious voice. “Rong Xin, Feng Yun! Be careful of the Magic Beasts that get close at night!”

After saying that, the roar of the Magic Beasts seemed to come from the other side. The Sound Badge immediately broke. Rong Xin was stunned, but Yun Feng quickly looked to the side. Little Fire suddenly let out a wolf roar and stood up slowly. Lan Yi's blue eyes emitted light as he looked around. The atmosphere instantly swelled to the point of anxiety.

Chapter 1135: Shocking Change (2)

1135 Shocking Change (2)

In just a few seconds, pairs of eyes that were emitting light slowly appeared around the dark forest. More and more pairs of eyes appeared. Rong Xin was a bit shocked when he saw them. When exactly did they get close? Why didn't he feel anything at all?

Yun Feng stood up and glanced at the creatures around with her black eyes. "It seems that we're surrounded by a group of grade-6 King Level Magic Beasts."

Rong Xin immediately became serious. A group of grade-6 King Level Magic Beasts! It seemed that there should be no less than ten of them... If ten grade-6 King Level Magic Beasts attacked at the same time... Rong Xin couldn't help but frown. He only heard Yun Feng chuckle. "Very good. It seems that we're going to have a great harvest this time."

Rong Xin couldn't help but smile wryly. His little sister thought it was a great harvest. Why did he think it would be trouble?

"Let me out! They're just some grade-6 King Level beasts. They should be scared to death by my roar!" Er Lei roared in the Dragon Palace. Qu Lanyi, who had his eyes closed, couldn't help but raise his eyebrows. Little Fire and Lan Yi both burst into laughter. "Master, if he wants to come out so badly, just let him come out."

Er Lei was an Emperor Level Magic Beast. If it could suppress these Magic Beasts without doing anything, it would certainly save her trouble. It was good to let Er Lei out. Yun Feng released Er Lei from the Dragon Palace and a pressure of the Emperor Level immediately spread. However, to Yun Feng's shock, she only heard sounds of running next to her. Instantly, the dozen or so Magic Beasts that surrounded her just then were all gone!

Yun Feng immediately stuffed Er Lei, who had just appeared, back into the Dragon Palace again. Er Lei roared in dissatisfaction, "What are you doing? I only need one moment..."

"Stay right there!" Yun Feng whispered fiercely. Looking around at the silence, she found no sign of Magic Beasts and couldn't help but feel a headache. The points, dozens of points, had all been scared away! Little Fire and Lan Yi couldn't help but feel stunned. What was going on? They were all scared away!

"Junior Sister, why did they all run away?" Rong Xin couldn't help but feel stunned when he saw the dozen pairs of glittering eyes disappear in an instant. Yun Feng raised the corners of her mouth and didn't know what to say. Er Lei was confused in the Dragon Palace. "What's going on? They've all run away before I show my strength..."

Qu Lanyi suddenly opened his eyes, and blood red color flashed through them. "Shut up!"

Er Lei suddenly raised his head. When he saw those blood-red eyes, he immediately fell silent. His body retreated far away with a whoosh. He turned around angrily and cursed in his mind. "Damn it, how did I meet such a guy? Damn it, why should I be afraid of him? Damn it..."

They were supposed to get dozens of points in one night, but the Magic Beasts were all frightened by Er Lei and ran away. The night passed just like that. Yun Feng and Rong Xin, who didn't get anything, were ready to set off again. Little Fire and Lan Yi moved deeper quickly. Yun Feng glanced around keenly with her black eyes. Where exactly did these Magic Beasts hide during the day?

It wasn't that there weren't any Magic Beasts in the Innocent Forest, but that it wasn't time for the Magic Beasts to move during the day. Yun Feng quickly thought of a countermeasure. This was good. She could use the day to find herbs and the night to hunt Magic Beasts. After the experience on the first night, she believed that all the young people from the three schools should know something. Naturally, the formation of each team had been adjusted. Everyone's goal during the day was to find herbs, while at night, it was time to hunt the Magic Beasts.

"Junior Sister, there's sound ahead." Rong Xin was hanging in midair and seemed to have heard movement ahead. Yun Feng immediately asked Little Fire and Lan Yi to stop and put the two contracted Magic Beasts into her ring. Yun Feng and Rong Xin started moving on their feet, approaching forward carefully and quickly.

"Star Cloud, do you have any shame? We discovered this Shadowless Flower first! Do you know the principle of first come, first served?" Two disciples of Huafeng stood there, while three disciples of Star Cloud stood opposite them. They were unfamiliar to Yun Feng.

"I don't care who discovered it first. Whoever sees it gets a share!"

"There's only one Shadowless Flower. How dare you say that everyone who sees it gets a share?"

"Then we can't reach an agreement. Let's see who's capable enough to get it!"

The three of them immediately attacked. Huafeng certainly didn't want to be outdone either. The few of them immediately started fighting. Even though Huafeng didn't have an advantage in a two-on-three battle, they certainly weren't easy to bully. Yun Feng and Rong Xin hid in the bushes nearby. After watching for a while, Rong Xin said in a low voice, "Junior Sister, aren't you going to help?"

"Which side should we help?"

"Of course, Huafeng. I certainly don't like Star Cloud. Even though Huafeng is also despicable, it's better than Star Cloud. If Star Cloud gets the Shadowless Flower, wouldn't it be a huge profit for them?"

Yun Feng chuckled. "Rong Xin, if we were fighting with Star Cloud and the people hiding here were from Huafeng, do you think they would help us?"

"Well..." Rong Xin couldn't help but scratch his hair. "Of course not..."

"That's right. Once you have a conflicting interest with someone else and you're pursuing the same thing, there will certainly be contradictions. It's very normal for them to fight for it. Since it's a battle between them, why should we get involved? Besides, we're in a contest."

“Then what should we do?” asked Rong Xin dumbfoundedly. Yun Feng’s red lips curled up slightly. “Naturally, the third party will benefit from the conflict. What we need to do is to be the fisherman.”

The battle didn’t last long. Both parties planned to finish off the other party in a short time. Star Cloud was certainly confident because they had one more person on their side. However, Huafeng’s side certainly wasn’t easy to bully. After fighting for a long time, Star Cloud couldn’t help but feel anxious. The three of them attacked quickly. The two people on Huafeng’s side didn’t want to continue fighting. Both parties planned to end it with one strike.

It was obvious that both parties suffered a lot of damage. After enduring the attack from the other party, the three members of Star Cloud and the two members of Huafeng all knelt on the ground in a sorry state and looked at the other party while panting. They had consumed a lot of strength, but they were still on par. They were indeed a bit angry.

“Alright, Rong Xin, it’s your turn.” Seeing that it was almost time to end the battle, Yun Feng immediately said. She stood up and didn’t hide anymore. Rong Xin immediately nodded and flipped his wrist quickly. “Earth Wall!” The furious shout immediately shocked the people on both sides of Star Cloud and Huafeng. “What? There’s someone else!”

1136 Shocking Change (3)

Both parties were shocked. The next second, they were firmly surrounded by the earth element that rose from the ground. Yun Feng and Rong Xin walked out leisurely. The people of Star Cloud and Huafeng almost vomited blood when they saw this. “Feng Yun!” Both parties gritted their teeth and looked at Yun Feng’s smiling face. They watched her bend down and pick the Shadowless Flower gently. Then, she turned her wrist gently and the flower disappeared.

Yun Feng put away the Shadowless Flower. Looking at the messy figures on both sides of Star Cloud and Huafeng, Rong Xin couldn’t help but smile. The mantis stalks the cicada, unaware of the oriole behind. Her junior sister’s move was indeed exquisite. She used other people’s strength to complete her business. Wonderful!

“Feng Yun! How can you be so despicable?” Huafeng’s two companions gritted their teeth and roared. Being trapped by the earth element and having already been injured, they could only stare.

“Feng Yun, I didn’t expect you to be so cunning.” The three people from Star Cloud looked at Yun Feng with the same expression. Their eyes were almost flaming when they looked at Yun Feng. Yun Feng chuckled and smiled casually at both sides. “Guys, continue fighting. I’ll go first.”

“You...” The few people on both sides were so angry that they almost vomited blood. They were the ones who found the Shadowless Flower. It would be great if one of them got it, but now, it fell into Feng Yun’s hands! Should they be called stupid? They should have checked if there was anyone else around before they fought. Now, someone else had taken advantage of them. How could they not be angry?

Rong Xin chuckled and left briskly with Yun Feng. Huafeng and the members of Star Cloud could only watch Yun Feng leave. Both parties immediately took out their Sound Badges. Since Feng Yun ruined their business, they certainly wouldn't let her go just like that!

After Yun Feng left, she immediately took out her Sound Badge and contacted Tian Kui, asking Tian Kui and the others to be careful of the sudden attack of Huafeng and Star Cloud. Tian Kui immediately told Yun Feng that he would be more careful. Yun Feng took out the Finger Spiritual Jade. She had secretly recorded the aura of the people of Juxing earlier. The few flashing dots on the jade pendant let Yun Feng know clearly where Tian Kui and the others were.

"Junior Sister, why did you tell Senior Brother that? And what's this?" Rong Xin asked as he looked at the jade pendant in Yun Feng's hand curiously and at the glittering dots on it. "Those can't be... us, right?"

Yun Feng chuckled and put away the jade pendant. It wasn't easy for this thing to still be useful on the Central Continent. It was just that it couldn't detect targets that were too far away. That was a flaw. "The few people from Star Cloud and Huafeng will definitely tell the others after what happened just then. It seems that the team of Juxing will encounter some small trouble in the future."

"But there's nothing to worry about. It's hard to say if they'll meet. This place is so big. It'll be strange if they meet."

Yun Feng nodded. "Let's hurry up and continue walking inside. The appearance of the Shadowless Flower was purely by luck, but it should be close to the important area we're exploring."

In the next ten days, Yun Feng and Rong Xin kept going deeper. However, no matter how carefully they explored, there was still no trace of any herbs or Magic Beasts, as if all the herbs and Magic Beasts here had disappeared. What was even stranger was that the Magic Beasts never appeared again at night, as if there was nothing else in the Innocent Forest except for the dozen explorers.

Tian Kui called Yun Feng every day and came to the same conclusion. The search was still fruitless.

What exactly was going on? Yun Feng couldn't help but wonder in her mind. It was impossible that there wasn't even a Magic Beast or a herb in the Innocent Forest. If they were asked to explore even though there was nothing here, it was obviously messing around with them. Huafeng wouldn't do this. The only possibility was that someone had already emptied the area they explored!

Fifteen days had already passed. Yun Feng deeply understood that it was useless even if they explored separately. They should gather and discuss the plan for the future. There were obviously a lot of strange things in this exploration area. It was very strange that there wasn't a single Magic Beast.

Yun Feng, Rong Xin and Tian Kui soon met up. The few of them told the others about the situations over the past few days. They were surprisingly similar. They didn't even see a strand of wild beast fur. Apart from the few beasts they saw on the first night, they didn't find anything else.

"I wonder if the other two schools are in the same situation." Tian Kui looked at the map in his hand. "We're about to reach the edge of the exploration area. When we reach the edge, we can only return the way we came. It seems that we can only get so much."

Yun Feng nodded. They could only move forward. They might find something after reaching the edge.

Twenty days had passed. Yun Feng and the others had already arrived at the edge of the exploration area. Outside the edge was an area they couldn't enter casually. They certainly didn't find anything along the way. However, Juxing didn't return empty-handed. Apart from the three grade-6 King Level Magic Beasts they hunted, Yun Feng also got the Shadowless Flower.

"What exactly is going on? There's nothing here. There's not even a Magic Beast!" A voice came faintly from nearby. Yun Feng and the others looked up. After a while, a few people walked out of the bushes. They were the five members of Star Cloud.

"Feng Yun!" The three contestants of Star Cloud, who were so infuriated by Yun Feng last time, immediately shouted loudly. The grade-9 King Level expert leading the Star Cloud team also narrowed his eyes. He had already heard about the Shadowless Flower. He really didn't expect Yun Feng to come out.

"It's indeed a bit strange this time." A few more voices came and the bushes moved again. Huafeng's group walked out next.

"Feng Yun, it's you!" The two people last time also shouted loudly when they saw Yun Feng. Yun Feng put on a smile. What a coincidence. Everyone from the three schools met here. Judging from the expressions of the others, she didn't even need to ask. They must have found nothing.

The atmosphere immediately became a bit tense. The people of Huafeng and Star Cloud all looked at Yun Feng with a bit of hatred. Tian Kui certainly knew that the two schools hated Yun Feng because of the Shadowless Flower. He immediately moved his feet and walked in front of Yun Feng. The few people of Juxing also stood next to Yun Feng in tacit agreement. Yun Feng couldn't help but smile when she saw this.

"I think it's the same for all of us. We didn't find anything." Yun Feng pushed the people of Juxing away with a smile, showing that it was fine. The people of Star Cloud and Huafeng were all stunned. "It seems that our situation is indeed the same." The grade-9 warrior of Star Cloud said with a gloomy look. Huafeng's team didn't look good either.

Chapter 1137: Shocking Change (4)

1137 Shocking Change (4)

"Did Huafeng do something this time?" Someone from the Star Cloud School raised a question. Huafeng's team immediately couldn't take it anymore. "This is also the first time we've entered the Innocent Forest. If we cheated, we wouldn't have fought with you for a Shadowless Flower."

Speaking of this, the people of the two schools looked at Yun Feng again. The leader of Huafeng was a grade-8 King Level mage. He said in a rather weird tone, "I'm afraid everyone should have got something on the first night they entered the Innocent Forest. It's just a few Magic Beasts. However, it's different for Juxing. You got a Shadowless Flower."

Shadowless Flower, twenty points.

The gap between Juxing and the other two schools was obviously widened. "Even if we didn't go out empty-handed, the first place seems to have already been decided." The grade-9 warrior of the Star Cloud School said coldly, while Yun Feng chuckled.

"You can try to rob us if you want." Yun Feng's black eyes glittered as her aura of the grade-8 King Level burst out. The two people led by Star Cloud and Huafeng immediately looked gloomy. It was just a team competition. They didn't have to fight with everything here. The individual competition was the chance to turn the tables.

"There are still ten days. There's nothing in this exploration area. It's time to change our direction." The grade-9 warrior of the Star Cloud School said as he looked at the other side of the edge and suddenly smiled. "There will definitely be Magic Beasts on that side."

"Wait!" said the captain of Huafeng. "Across the border is a forbidden area. It's not within the scope of exploration."

"I don't care if that's in the area of exploration! Let's go!" The grade-9 warrior of the Star Cloud School waved his hand. The other four warriors of the Star Cloud School followed him and suddenly stepped out of the edge, rushing to the other side. Seeing how willful and reckless the Star Cloud School was, Huafeng couldn't help but curse in a low voice, "Let's follow them!" The five warriors of Huafeng were unwilling in their minds. If the Star Cloud School could get something there this time, wouldn't Huafeng be at the bottom? Of course not! Huafeng's five contestants followed closely. The few people of Juxing stood there and looked at Yun Feng. "Are we following them or not?"

Yun Feng looked at the vast area on the other side of the edge with a smile in her black eyes. If this place had been tampered with, it wouldn't be the same on the other side. Tian Kui chuckled and waved his hand. "Follow them!" The five members of the Juxing School crossed the edge and entered the other side. The three elders, who had been waiting outside, had never thought that their disciple would be so bold as to break the rules and enter the forbidden area.

After crossing to the other side, Yun Feng clearly felt a different kind of aura. Compared to this aura, the area they explored just then was like an area that had been swept up. She also knew in her mind that this side would definitely not be the same as that side.

"Roar..." After walking a few steps, Yun Feng heard the roars of beasts that rose and fell. Tian Kui and the others immediately became tense and quickly entered a state of preparation for battle. The roars were mixed with anger, ridicule, anxiety and all kinds of complicated negative emotions. The sounds rose and fell nonstop. Suddenly, an even louder roar sounded, like a horn. The roars of the beasts immediately disappeared, leaving only the sound of panting.

"What exactly happened up ahead?" asked someone from Juxing. His face was also a bit pale. Judging from the roars just then, there were obviously dozens of beasts gathering!

"Let's go and take a look." Tian Kui said in a low voice and walked forward gently. Yun Feng and Rong Xin followed him. The remaining two people swallowed hard and followed carefully. After walking for a while, Yun Feng saw the people of Star Cloud and Huafeng, who rushed in earlier. At this moment, the people of the two schools were standing together. They were surrounded by circles of Magic Beasts. Looking around, there were at least dozens of them.

“So many Magic Beasts!” Tian Kui couldn’t help but whisper, but he soon held his breath and focused. The lowest level of these Magic Beasts was Grade 7 of the King Level. Most of them were Grade 7, Grade 8 and Grade 9! With dozens of such Magic Beasts gathered here, the people of Huafeng and Star Cloud certainly wouldn’t be able to survive.

So, the faces of the disciples of the two schools all turned pale. They stood with their backs against each other and stared at the situation around them nervously, searching for any possibility of escape with their eyes. Right now, they were definitely not thinking about hunting Magic Beasts in their minds, but running for their lives!

Yun Feng hid in the bushes and looked at the dozens of Magic Beasts in front of her with her black eyes. She only felt that they were a bit tricky. If she attacked recklessly, even she wouldn’t be able to resist these dozens of Magic Beasts. Besides... Yun Feng’s eyes moved and landed on the person standing in the middle of this group of Magic Beasts. That guy’s body was as round as a ball. That was probably the same level as Er Lei, the Emperor Level!

Yun Feng knew that retreating was the best choice right now. She reached out and pulled Tian Kui’s clothes, making a retreating gesture. Tian Kui’s eyes glittered. He glanced at the people of Huafeng and Star Cloud and knew that he didn’t have the ability to save them even if he wanted to. Right now, he had to return to the search area quickly and call the elders of the three schools in with the Sound Badge, before these people died.

Tian Kui nodded. The five members of the Juxing School were about to retreat, but the eyesight of the members of the Star Cloud School was quite good. In their panic, they suddenly saw movement in the bushes and immediately shouted, “It’s those people from the Juxing School!”

Yun Feng’s black eyes darkened. What a horrible guy! She should have made everybody from Star Cloud mute back then!

This shout immediately caused a huge furor. The Magic Beasts immediately roared in a low voice. The eyes of that person, who was as fat as a ball, suddenly drifted and directly landed on the members of Juxing. He laughed shrilly. “Tut-tut, I missed something.

There was no way out anymore. Yun Feng suddenly stood up and walked out quite openly. Seeing that she was in such an attitude and didn’t seem afraid at all, that ball couldn’t help but narrow its eyes into a crack. This human was different from others.

“Don’t even think about running away alone!” The people of the Star Cloud School immediately smiled viciously. Yun Feng glanced at them indifferently and Tian Kui and the others also walked out. The people of Huafeng glanced at the people of Juxing with a complicated expression. They only sighed about what Star Cloud did in their minds and wanted to kill these few people with a slap.

“Do you think we’re as cowardly as you?” said Rong Xin in disdain as he rolled his eyes at Star Cloud’s team.

Chapter 1138: Shocking Change (5)

1138 Shocking Change (5)

"If I must die, I'll certainly drag you down with me!"

"Tut-tut, I believe that if we want to escape, the only people who can escape here is Juxing's team." Rong Xin said with a gloomy face. The people of Star Cloud and Huafeng were immediately speechless.

"Human, you're standing here and you're still in the mood to talk about something else. How bold of you!" The ball said softly as its expression turned vicious. It glanced at these people with its little eyes and moved its finger gently. The Magic Beasts around seemed to be a bit irritable. It turned out that this ball was the leader of these beasts.

The roars immediately made the faces of the young people turn pale. Even though they had experience fighting with Magic Beasts, they didn't have the experience of fighting dozens of Magic Beasts. They couldn't muster any courage at all! Apart from the captains, the others of the Star Cloud School and Huafeng were all a bit weak in the knees. On Juxing's side, Yun Feng's indifferent temperament affected the other people. Under the influence of Yun Feng's aura, even their fear became much weaker.

"Sir, we just trespassed here by accident. Can't we just go back?" Yun Feng said with a faint smile. The round ball immediately glanced over and laughed weirdly. "Human, you're quite bold. You can still talk to me in such a situation?"

Yun Feng chuckled and glanced at the dozens of Magic Beasts around her. "They're just Magic Beasts. What do I have to be afraid of?"

The round ball narrowed its eyes. "Now that you've entered this place, you can't get out just because you want to!"

"What do you want?" Yun Feng looked over with her black eyes and met the gaze of the round ball. The pupils of the round ball suddenly shrank fiercely and its round body moved slightly. It suddenly laughed weirdly. "Hehehe, you're quite interesting, human. Rather than killing you all, I should try something new."

"Human! If you can defeat all of them, I'll let you live. If you can't, all of you will die here!"

After hearing this, the expressions of all the young people immediately changed drastically. Defeat all the Magic Beasts here! There were at least dozens of them here. The lowest level was Grade 7 of the King Level. No matter how powerful Yun Feng was, even if she was a multi-element summoner, even if all her contracted Magic Beasts were added up, it was impossible for her to defeat all the Magic Beasts here! This was impossible!

Yun Feng's face darkened. This fatty was obviously taking advantage of her. Wasn't it an obviously unfair challenge to defeat all the Magic Beasts here? Yun Feng also knew her strength clearly. Even if she used the few talismans her master left for her, it wouldn't be enough to deal with these dozens of Magic Beasts. Besides, she didn't want her master's power to be used on these Magic Beasts!

"Wait! Feng Yun doesn't represent all of us! She only represents Juxing. Why should her victory or failure determine the life and death of all of us?" Someone from the Star Cloud School shouted very unhappily. It was fine if Feng Yun won, but what if she lost? Wouldn't his life be lost here because of her?

Huafeng's team didn't say anything. The grade-9 warrior of Star Cloud said, "He's right. She can't represent all of us!"

"Hehehe, you want to bargain with me?"

"Juxing! We don't have the same opinion as the Star Cloud School." The people of Huafeng immediately expressed their attitude, which stunned the people of the Star Cloud School. Yun Feng chuckled. "I only represent the Juxing School. My victory or loss only affects the Juxing School. It has nothing to do with anyone else."

"Hehehe!" The fatty laughed again and looked at Yun Feng with glittering eyes. She accepted this condition. This human was either too arrogant or didn't recognize the situation.

"F*ck, I thought it was someone else. Yun Feng! Let me out! Do you really want to deal with these Magic Beasts alone?" Er Lei roared in the Dragon Palace again. Qu Lanyi opened his eyes and glanced at him. He stood up. "Fengfeng, let him out."

Hearing the voices of Er Lei and Qu Lanyi, Yun Feng couldn't help but snicker in her mind. It wasn't the right time to expose Er Lei as her trump card... However, it seemed that this was the only way in the current situation. "Sure." Yun Feng mumbled to herself and immediately dragged Er Lei out of the Dragon Palace. A pressure of the Emperor Level spread from Yun Feng's body. The round fatty noticed it and his little eyes suddenly widened. He looked at Yun Feng in disbelief. "You, you, you..."

Yun Feng put on a smile with her red lips. The others didn't know what happened. They looked at the round fatty strangely, but the dozens of Magic Beasts on the side let out suppressed roars. Feeling the pressure of this emperor, a faint fear rose in their hearts. A few Magic Beasts started to retreat!

"What exactly happened?" Tian Kui looked at the movements of the Magic Beasts around and clearly felt that they were retreating. Rong Xin couldn't help but mutter, "It must be because of my little junior sister..."

Yun Feng looked at Er Lei, who came out of the Dragon Palace. Luckily, he was smart enough and used the space blockade to hide his body. Right now, other than Yun Feng and this round fatty in front of her, no one else could see Er Lei. They only felt an obvious pressure. Those who didn't know better would think that it came from Yun Feng.

When Er Lei came out, even though he was much cleaner, he still looked like a mess, especially his unkempt hair that almost covered the part above his nose. The round fatty looked at Er Lei dumbfoundedly. After being surprised for a while, he finally managed to calm down. "Who are you, sir? What's your... relationship with this human?"

Sir? Yun Feng raised her brows. This round fatty called Er Lei sir. Er Lei's strength should be above that of the round fatty.

"Why do you care who I am? I simply don't like you! Come here and fight with me first!" Er Lei stepped forward and was about to attack. His messy hair suddenly rose, revealing his narrow eyes and the golden mole at the corner of his eye. The round fatty was about to fight too, but his expression changed drastically after seeing something!

"You're..." The round fatty's little eyes glittered a few times as he stared at Er Lei firmly. Er Lei suddenly grunted and immediately attacked. The lightning element with electric currents hit the round fatty's chest heavily. The round fatty's chubby body suddenly collapsed and his body flew up, being completely blown away. He landed heavily on the ground after reaching a height!

Chapter 1139: Shocking Change (6)

1139 Shocking Change (6)

"Boom!"

The other young people of the three schools were dumbfounded. What exactly happened? Why was this guy sent flying so high? Who exactly attacked? Was it Feng Yun? The dozens of Magic Beasts on the side were also dumbfounded. They didn't understand what exactly was going on at all.

"I didn't know it was you, sir. Please forgive me for offending you just then." The fatty got up from the ground and smiled at Er Lei obsequiously, ignoring his swollen face, as if it was his honor to be beaten up by Er Lei. Er Lei frowned tightly. "Damn it, how boring!"

"Yes, yes, yes. If you think it's boring, you can hit me a few more times!" What the fatty said almost made Yun Feng laugh. After hearing that, Er Lei suddenly felt nauseous in his mind. "F*ck, Feng Yun! Let me go back quickly!"

Yun Feng nodded. The fatty immediately shouted reluctantly, "Really? Why are you going back already? Your Excellency..."

"Swish..." Yun Feng put Er Lei into the Dragon Palace. The fatty was stunned for a moment. He finally realized something and smiled at Yun Feng obsequiously. "This... Hm, Feng Yun, right? Sorry for offending you just then."

What? Everyone's jaw dropped. What exactly happened?

The fatty's rapid change of attitude to Yun Feng was indeed a bit hard for beasts and humans to accept. The dozens of grade-9 Magic Beasts were all dumbfounded and didn't quite understand what the fatty meant. The young people of the three schools were the most shocked. Tian Kui looked at the fatty a bit uncertainly, fearing that he might be up to something. Rong Xin, on the other hand, opened his mouth wide. "W-What's going on?"

"What exactly did Feng Yun do?" Someone on Huafeng and Star Cloud's side were whispering. The young people all looked at Yun Feng. "I'd like to see what she's up to. That guy looks very powerful. He can't have changed his attitude so much easily." The grade-9 warrior of Star Cloud said in a low voice. He glanced at her and planned to wait and see.

"Ahem, Feng Yun, my young friend, if you have time, why don't we talk in private?" The fatty smiled at Yun Feng with an extremely flattering look, looking very humble and respectful. Yun Feng raised her brows. The fatty immediately smiled again. "We're just chatting. Just chatting."

"Feng Yun! No!" Tian Kui suddenly said. The fatty suddenly glared at him. "Human, you have no right to speak here!"

“Junior Sister! You can’t go with this fatty!” Rong Xin shouted anxiously. What a joke. Did this fatty want to take her to an empty place and deal with her himself? That wouldn’t do!

The round fatty’s already chubby face was even squeezed at this moment. His facial features were almost drowned by his fat. The unintentional address of Rong Xin made him extremely angry. At this moment, Yun Feng whispered softly, “Sure. If you want to attack one of them, don’t blame me for being rude.”

The fatty was stunned. Then, he nodded with a stiff face and even put on a fake smile. He cursed in his mind. If it weren’t for that lord, he would have torn these humans into pieces! How dare they call him Fatty! How dare they!

The fatty suppressed his anger and laughed dryly at Yun Feng. “Sure. We’ll do whatever you say, Feng Yun.”

Yun Feng nodded. The round fatty immediately swung his arm and the Magic Beasts behind him immediately made way, leading inside. “Feng Yun, my young friend, this way please.”

Yun Feng kept walking forward under the fatty’s lead, giving Rong Xin and Tian Kui a look that they didn’t have to worry about anything. She walked straight in. Seeing that, Rong Xin was about to rush over anxiously, but Tian Kui suddenly grabbed him. “Rong Xin, don’t do anything reckless!”

After being shouted at by Tian Kui, Rong Xin finally understood how tense the situation was at this moment. None of the dozens of Magic Beasts around left. They were all staring at them covetously. If they did anything, the Magic Beasts would probably pounce on them immediately.

“But Junior Sister...” Rong Xin looked inside anxiously and couldn’t see Yun Feng and that round fatty anymore.

“Nothing will happen to Feng Yun. Didn’t you see that person’s attitude towards Yun Feng just then? Even though I don’t know why, Feng Yun knew what she’s doing when she went there. Don’t be anxious. We’ll wait for her to come back.”

“But what if...” Rong Xin was still worried. What if his little junior sister couldn’t come back?

“If anything happens to Feng Yun, I’ll go in and find her even if I have to sacrifice my life!” Tian Kui looked at Rong Xin frankly and looked into his heart. The uneasiness in Rong Xin’s heart immediately disappeared. In the end, he nodded fiercely. “You’re right! If anything happens to my little junior sister, I’ll take her back even if I have to risk my life!”

“Although we don’t know why Feng Yun followed him, we’re sure that we’re safe for now.” The leader of Huafeng heaved a sigh of relief and said in a low voice, but he stared at the place where Yun Feng left with a lot of question marks in his mind. Why was that person’s attitude towards Feng Yun so different? Why was there such a huge difference? What exactly did Feng Yun do just then?

The people of Star Cloud were also relieved. Everyone’s tense nerves finally relaxed. “It’s good that Feng Yun went in to get herself killed. Juxing can be considered to have collapsed without her. It’ll be great if we can get rid of them through the hands of these Magic Beasts.” Someone from the Star Cloud School chuckled viciously. The grade-9 warrior sneered. “That’s a good thought, but things have never developed as you think.”

“Captain, what do you mean?”

“What do I mean?” The grade-9 warrior of the Star Cloud School looked at the place where Yun Feng disappeared coldly. “It’s great that Feng Yun dies. However, it’s impossible to predict how things will develop if she remains alive.”

The young people of the three schools temporarily survived this crisis. The dozens of Magic Beasts didn’t attack at all. They just surrounded the humans. The young people sat on the ground and waited patiently for Yun Feng to come out. Her return also meant that everyone could escape safely.

Yun Feng followed the fatty all the way inside. The fatty led the way with a smile along the way. Yun Feng wasn’t worried that he would play any tricks. If he did, he could just let Er Lei out again. Considering how respectful he was to Er Lei, he wouldn’t dare to play tricks on her.

1140 Beasts (1)

“Little friend, don’t be anxious. Let’s talk in my residence. It’s quiet there and nobody will disturb us.”

Yun Feng shook her head. “No need. We can talk here.”

The round fatty suddenly stopped and turned around with a smile. “Yes, yes. We’ll talk here as you say, Feng Yun.”

Yun Feng stood there and raised her brows slightly, waiting for the round fatty to speak. The round fatty’s chubby body trembled and he licked his dry lips with his thick red tongue. He rubbed his hands and asked obsequiously, “Feng Yun, what’s your relationship with that lord?”

That lord? Yun Feng was silent for a few seconds. “The lord you’re talking about...”

“It’s the one you got from somewhere, Feng Yun... Um, that person must have a good relationship with you, Feng Yun.”

Yun Feng glanced at the fatty. “Indeed. We’re very close.”

The round fatty’s breath tightened and he rubbed his hands again. “Ahem, well, well, forgive me for asking, but are you contracted with that person?”

Yun Feng’s eyes turned cold. The fatty immediately shook his head nervously. “I didn’t mean anything else! I was just asking.”

“No.” Yun Feng’s straightforward reply made the fatty even more cautious. “Haha, in that case, I understand. Why are you here this time, Feng Yun? If you need help, I’ll definitely help you!”

A glint of darkness flashed through her clear black eyes. “Help me? Are you sure?”

The fatty immediately nodded like he was pounding garlic. “Of course. Feng Yun, you’re traveling with that gentleman, so I certainly have to help!”

Yun Feng felt that Er Lei's identity was more and more strange and suspicious. It seemed that she had to ask him what his identity was when she had time. Why was this man so respectful? Now that he offered help, she certainly wouldn't hold back.

"I passed by an area earlier and there were no Magic Beasts or herbs..."

"Oh, oh, oh. The Magic Beasts are all gathered in the back area. As for the herbs... Hehe, I sent my beasts to collect them."

Good lord, so they were all in the hands of this round fatty. Yun Feng had the intuition that someone had plundered the area. This intuition was really accurate.

"Long Yue Grass, Star Fate Stone, Shadowless Flower."

The fatty was stunned for a moment. Then, he immediately came to a realization. "Yes, yes, I have everything you need. Hehe, I wonder how many you need. You should know that it's not easy to find these things."

Yun Feng curled up her lips and smiled. "That depends on how many you can offer."

The fatty laughed dryly and he gritted his teeth fiercely. This human really dared to ask. How many did he have? How would she not know that these herbs were difficult to find? She was biting off a piece of his flesh!

The fatty cursed fiercely in his mind, but he had to put on a smile on his face. "Sure, sure. That's not a problem. What else do you need, little friend?" Damn, how many things did he have to sacrifice this time? If this human was insatiable, he would fight with his life even if that lord was here!

Magic Beasts had always had a sense of selfishness, especially a strong desire to keep any treasure they got. The Dragons were most famous for that. Even though the other Magic Beasts were a bit weaker than the Dragons, they didn't change their selfish nature. After all, Magic Beasts shared this quality with humans.

"Magic Beasts." Yun Feng said two words. The round fatty's little eyes suddenly widened like grapes. "Little friend, what did you say? You want Magic Beasts?"

"Yes, I want grade-5 King Level Magic Beasts."

The fatty heaved a huge sigh of relief in his mind. Grade-5 King Level Magic Beasts... Luckily, she could have those garbage Magic Beasts. They weren't a big deal to him. He thought she wanted a grade-9 King Level Magic Beast right away. If that was the case, he was already prepared to fall out with her.

"Sure, sure. This isn't a problem. How many do you want? When do you want them?"

Yun Feng glanced at the round fatty, who immediately understood. "You want as many as I can offer. I understand, I understand!" The round fatty suddenly clapped his hands. Then, there was a commotion next to him. A black shadow vaguely appeared in the forest. Yun Feng couldn't see it clearly.

"My lord." A deep voice came. Someone was indeed there.

"Give me my storage ring."

“...Yes.” Soon, there was another sound and the person had already disappeared. The fatty smiled at Yun Feng. “Don’t worry, little friend. These aren’t problems. Hehe.”

The young people of the three schools, who had been waiting outside, were all a bit anxious. Yun Feng had already been inside for a long time, but she still hadn’t come out. Rong Xin was originally very quiet when he waited, but he became more and more uneasy. He couldn’t sit still even if he wanted to. If he continued waiting... would something happen to Feng Yun?

“I think she’s most likely dead inside!” Someone from the Star Cloud School suddenly shouted. Rong Xin was immediately enraged and stood up abruptly. “Damn it, don’t you dare say that again!”

“She’s been there for so long. How can she not be dead? Why? Are you hoping that she can come out to save you?” The people of the Star Cloud School all stood up. They couldn’t suppress the anxiety and anger in their minds anymore. The people of the Juxing School also stood up. Tian Kui said gloomily, “If anything happens to Feng Yun, none of you will survive.”

“Humph! Our lives can’t be tied to her. Who does she think she is?”

The people of Huafeng all sat on the ground and watched the drama. Nobody interrupted. They were staying out of all this Tian Kui sneered. “There’s no need to argue with them, and there’s even no need to attack.” Tian Kui glanced at the dozens of Magic Beasts that were still ready to attack. Once the blood of battle burst out here, how would these Magic Beasts be able to suppress themselves? By then, even if Feng Yun came out safely, they would probably be dead.

The people from the Star Cloud School seemed to be certain that the people from Juxing wouldn’t attack. They provoked them boldly and kept saying mocking words. Rong Xin was so angry that he gritted his teeth so hard that they made creaking sounds. If it weren’t that he didn’t want to cause more trouble for his junior sister, he would definitely teach these bastards a lesson!
