

## Summoner 1311

### Chapter 1311 Great Harvest (2)

Yun Feng looked at the cabinet on the innermost level with her black eyes. The Golden Cauldron Fluid was put there. Perhaps the mastermind had also given the Golden Cauldron Tree to the Shentu family! It was impossible to give out so much Golden Cauldron Fluid at once. It was better to teach someone how to fish than to give them a fish. Rather than giving out the Golden Cauldron Fluid endlessly, it was easier to give a Golden Cauldron Tree. However, the way to produce the Golden Cauldron Fluid... There were no five-element members in the Shentu family. Was there another way?

Thinking of this, Yun Feng's heart couldn't help but race. The number of Golden Cauldron Trees she got wasn't small, but the way to produce the Golden Cauldron Fluid was too strange. At the moment, she could only use the power of her five elements to push the Golden Cauldron Tree to produce the Golden Cauldron Fluid. If she was the only one who could do it, it would be a troublesome job. If there were other ways to produce the Golden Cauldron Fluid, it would be a great help! This way, the Yun family and the Juxing School would be much easier! When she wasn't around, the Golden Cauldron Fluid would also be endless!

Yun Feng stood in front of the cabinet in the innermost area and pondered for a long time. Zhan Li walked over. "My daughter, do you want to open this cabinet?"

Yun Feng frowned. The Golden Cauldron Tree couldn't be put in the cabinet. If that was the case, wouldn't it be too casual? She could take out the Golden Cauldron Fluid casually, but not the Golden Cauldron Tree. Yun Feng glanced at the ground under the cabinet as a smile flashed through her black eyes.

!!

"It's not the cabinet that I want to open!" The Finger Spiritual Jade appeared again. Yun Feng pointed at the cabinet in front of her and the aura of the Shentu family's master shot out again. When the cabinet touched the aura, it suddenly made a "Kata" sound! Yun Feng put away the aura of the Shentu family's master again. The cabinet in front of her had already taken a huge step to the side, revealing a hole. A small platform slowly rose from the hole and a Golden Cauldron Tree slowly appeared from the hole!

"This is..." Zhan Li couldn't help but feel shocked when he saw the Golden Cauldron Tree. Yun Feng looked at the Golden Cauldron Tree with a smile in her eyes. She glanced at the thin book next to the Golden Cauldron Tree. Yun Feng waited for the square platform to stand still and took the thin book to take a look. The book happened to record how to produce the Golden Cauldron Fluid!

Zhan Li also came over and took a look. The book introduced Yun Feng's five-element production method first. Seeing that, Zhan Li couldn't help but click his tongue secretly. "Tut-tut, five elements... My daughter is probably the only one with such talent."

Yun Feng smiled gently and flipped the page. Her black eyes brightened! As expected! The second way of producing the Golden Cauldron Fluid was recorded here!

"The method of separation?" Zhan Li glanced over it briefly with a slightly solemn expression. Yun Feng also read it carefully and finally understood how the separation method was. The production method of

the five elements was focused on one person. This method was the most effective and obvious. The Golden Cauldron Tree also produced the most Golden Cauldron Fluid. However, such a method must be used by someone with five elements. How could there be so many people with five elements in this world?

The second method was derived from the first method. The five elements were not gathered on one person, so the five people of the five elements would bear them separately. This was also five elements in a way. However, it was difficult to make the Golden Cauldron Tree think that the five elements came from the same person. The Golden Cauldron Tree had to sense the five elements of the same root to produce the Golden Cauldron Fluid. If there was any mistake, the Golden Cauldron Tree wouldn't have any reaction.

"The requirements of these five people are truly harsh," said Zhan Li on the side. Yun Feng also nodded. The five people who shared the five elements must have the same strength, age, gender and bloodline! It was already a high requirement for the few of them to gather together. Even if they were from the same family, it would be very difficult to find all five of them. It seemed that the Shentu family didn't have this worry.

Yun Feng put away the booklet and then moved the Golden Cauldron Tree out with her own hands. The Golden Cauldron Tree looked extremely rough and ugly at this moment. It had very short roots and a rough skin. It was very difficult for people to think that it was the source of the Golden Cauldron Fluid. However, Yun Feng had seen how beautiful the Golden Cauldron Tree was. When it produced the Golden Cauldron Fluid, the trunk would become transparent and there would be a faint golden color around its body, making it look extremely beautiful.

Yun Feng put away the Golden Cauldron Tree carefully and wondered if the Yun family had five people who fulfilled the requirements. They could gather all five elements, but it would be difficult for them to meet the requirements in other aspects. However, the difficulty could be overcome. Rather than gathering five of them by force, it was better to start training them from start! This way, they would be able to get twice the result with half the effort!

Yun Feng made up her mind. It seemed that she was going home this time to let the three elders choose five people. Then, she would start nurturing these five people as the special producers of the Golden Cauldron Fluid. Seeing that the second level was also empty, Yun Feng's smile became deeper. Zhan Li chuckled. "My daughter, the good stuff is on the third level. I found the Magic Beast I gave Little Qingchen on the third level."

It was on the third level! Yun Feng's eyes brightened. The first level was weapons and the second level was potions. Could the third level be... Magic Beasts?

Thinking of this, Yun Feng's heart suddenly raced. If the third level was really Magic Beasts, she wanted to see what species was hidden in the Shentu family! Zhan Li immediately pulled Yun Feng into the Teleportation Array. Zhan Li couldn't help but rub the top of Yun Feng's head with his big hand. "My daughter, there are a lot of good stuff on the third level. There must be something you like!"

Seeing Zhan Li's rather mysterious look, Yun Feng also had a hint of anticipation in her mind. The Teleportation Array shone again and quickly swallowed the two of them!

As soon as she entered the third level, an obviously unfriendly aura pounced on her. Before Yun Feng opened her eyes and saw the full picture, she had already heard the rough panting of the wild beasts and the sound of countless chains sliding across the ground. Yun Feng had already had a thought in her mind. The moment she opened her eyes, Yun Feng saw everything on the third level.

There were all kinds of Magic Beasts on the third level. There weren't many species and there were only a dozen of them. Every Magic Beast was wrapped in all kinds of chains and tied to an iron pillar behind them. When the dozen Magic Beasts saw Yun Feng and Zhan Li, they immediately wanted to pounce on them, but the chains on their bodies restrained their bodies firmly. They could only open their bloodshot eyes and stare at Yun Feng and Zhan Li.

"Although these Magic Beasts have already been tortured to this point, they all have relatively fierce attacking power." Zhan Li looked at the Magic Beasts in front of him and said in a low voice. Yun Feng also agreed. Even though these dozen or so Magic Beasts were all like this, they were indeed quite lethal when they were free.

### Chapter 1312 Great Harvest (3)

The two of them passed through a dozen Magic Beasts. The bloody breath spat out of the mouths of the Magic Beasts carried scorching heat. A few of them extended their mouths and wanted to bite them, but they were suddenly restrained by the chains. They could only pant quickly at a very close distance from the two of them.

"Did you get Little Qingchen's Magic Beast from here?" Yun Feng looked at the dozen or so Magic Beasts suspiciously. Was that small one also tied to this pillar? It was obviously impossible. Zhan Li chuckled. "That small one was in the corner behind the pillar. I don't know where it came from. I didn't care at first, but it suddenly burped and spat out the lightning element, so I grabbed it."

Yun Feng frowned secretly. It seemed that Little Qingchen's contracted Magic Beast might have a powerful background. Perhaps the Shentu family's master had never discovered this small one, or he wouldn't have let it stay here so freely. The two of them walked past the iron pillars that tied up more than a dozen Magic Beasts and walked inside. The third level was like a small palace. The dozen pillars that tied up the Magic Beasts stood on both sides of the hall. Walking past these pillars, they saw the main entrance of the hall.

Zhan Li walked inside with a smile. Yun Feng followed behind. It seemed that the so-called good stuff her self-proclaimed father mentioned should be inside.

!!

The two of them approached the main hall. There were five platforms in the main hall. Zhan Li walked to the five platforms happily. "My daughter, come here quickly! These things are very beneficial to you!" Yun Feng quickly approached and finally saw that there were five small ice crystal fragments on the five platforms. The five ice crystal fragments showed the glittering luster of five elements, like dazzling gems.

"What are these?" These five-color ice crystals were glittering and moving. Yun Feng felt an unusually dense elemental energy from these five ice crystals. There seemed to be countless elemental energy injected and compressed into these small ice crystals!

“Master, those are elemental crystals!” Lan Yi’s surprised and delighted voice sounded in Yun Feng’s mind, followed by Little Fire’s excited voice. “If it’s really an elemental crystal, I’ll be rich this time!”

“Yun Feng, if they’re really elemental crystals, you must take all five of them!” Er Lei’s smiling voice sounded in her mind. Yun Feng was a bit confused. After the few contracted Magic Beasts finished talking, she finally said telepathically, “What are elemental crystals? Are they very beneficial to you?”

“Yes! It’s very beneficial! The elemental energy in the world is filled in the air. Whether it’s humans or Magic Beasts, they have to communicate with the elements in the air when they cultivate, but this elemental crystal is the core of the elements! It contains the purest and most ferocious elemental power! If humans want to use it, they need to make a lot of preparations, or they might explode. However, Magic Beasts are different!”

Lan Yi’s words were full of joy and he was also a bit excited. “The body of a Magic Beast is stronger than that of a human being to begin with and its structure is also different from that of a human being. A Magic Beast can suppress the energy in the elemental crystal and activate it as its strength increases! Once a Magic Beast takes this elemental crystal, it will have an unexpected change and breakthrough!”

“So... I certainly have to accept these few crystals!” After hearing Lan Yi’s explanation, a smile appeared at the corners of Yun Feng’s mouth. Looking at the five small and transparent ice crystals in front of her eyes, it was hard to imagine that they had such a huge amount of elemental energy! These things should have been given to the Shentu family by the mastermind. Judging from the size of the ice crystals, they should only be a small part. However, the mastermind was indeed very generous, which showed how much they valued the Shentu family.

“My daughter, what are you waiting for? Take them!” Seeing that Yun Feng still hadn’t moved, Zhan Li quickly reminded her. Yun Feng said with a smile in her black eyes, “Of course I have to take them, but if humans touch them directly, they’ll be hurt to a certain extent, but it’s a different story for Magic Beasts!”

Zhan Li’s eyes brightened. “Then let your contracted Magic Beasts swallow all of them!”

Yun Feng chuckled. Her self-proclaimed father was truly blunt. Even though he had broken away from the Shentu family, he was once a member of the Shentu family after all. She had never seen anyone so enthusiastic about giving away their family’s treasures. Yun Feng nodded as four beams of light immediately flew out of the Rings of Contract. Zhan Li’s eyes couldn’t help but be full of admiration when he saw that. “You’re indeed my daughter.”

The four contracted Magic Beasts appeared and all glanced at Zhan Li. Zhan Li also sized them up one by one. “My daughter, the wind, fire and water elements are all good, but the lightning element...” Zhan Li frowned in dissatisfaction. Er Lei glanced at Zhan Li unhappily. “What about me?”

Yun Feng smiled wryly. “His original form is very similar to the one you gave Little Qingchen... However, Er Lei said that he’s the only one in the world. Little Qingchen’s lightning-element beast should be related to Er Lei.”

“Oh?” Zhan Li looked at Er Lei’s slightly messy appearance curiously and thought of the original body of the lightning-element Magic Beast he saw here back then. He couldn’t help but burst into laughter. “Hahaha! I understand!”

Er Lei was mocked again and was about to attack when Yun Feng suddenly scolded him. He then put away the silver snakes that were running around his body indignantly. This was the Shentu family's Treasure Mirror. With the expansion ability of Er Lei's lightning elements, it was inevitable that the Shentu family's master would notice anything big.

The four contracted Magic Beasts stood in front of their respective ice crystals with joy in their eyes. Lan Yi said, "Master, I'll be the first."

Yun Feng nodded. Lan Yi raised his hand and a wisp of green wind element appeared. It turned into green silk and lifted the small green ice crystal. "Swish..." It was suddenly pulled into his mouth! Yun Feng and the others were all waiting for Lan Yi. After swallowing the green ice crystal, a faint green color quickly enveloped Lan Yi's entire body. The patterns on one side of his handsome face seemed to be glittering. The three wings on Lan Yi's back instantly appeared and slowly unfolded!

"Master, look!" Little Fire shouted. The place where the fourth wing on Lan Yi's back was originally broken was covered by dense wind element. Slowly, the fourth wing that was once torn appeared again! However, this fourth wing was different from the other three and showed a faint green color.

"A four-winged griffin?" Zhan Li looked at the two pairs of wings on Lan Yi's back and couldn't help but praise secretly. Griffins had noble bloodlines, and even more so for the four-winged ones!

"That's great," said Yaoyao happily. Her little face was full of excitement. Er Lei only grunted in disdain. In his opinion, three wings were quite good. Lan Yi looked at the fourth wing on his back with a smile. If he lost a wing as a griffin, it should be impossible for him to grow it back. This time, he only gained a wing that was generated by the wind element. However, Master would feel a lot less burdened in her mind when she saw this.

#### Chapter 1313 Great Harvest (4)

Yun Feng looked at Lan Yi's four wings and heaved a sigh of relief in her mind. Lan Yi lost a wing to save her. She had always felt guilty in her mind and she was more or less comforted in her mind right now. "Next is me!" Little Fire opened its wolf mouth excitedly and swallowed the fire element crystal. Then, an excited wolf howl sounded!

"Roar..."

A red fire instantly burnt around the Fire Cloud Wolf's body. Little Fire's slender body was unusually beautiful under the light of the fire! Then, under many gazes, a pair of wings appeared faintly on both sides of the Fire Cloud Wolf's body! Little Fire roared excitedly in the fire. When the fire disappeared, a pair of slightly small but black wings appeared on both sides of the Fire Cloud Wolf's body!

"Dark elements!" Zhan Li was shocked. This Fire Cloud Wolf was a mutant of the fire element and the dark element!

Yun Feng also looked at Little Fire's small pure black wings in surprise and couldn't help but reach out to touch them. "It seems that this elemental crystal has not only changed your appearance, but also separated the dark elements and the fire elements so perfectly..."

"Brother Fire, congratulations," said Lan Yi on the side. Yaoyao also looked at the wings on both sides of Little Fire's body enviously. "I think I want one too..."

Little Fire, on the other hand, frowned and looked at the black wings. He even flapped them twice. "Why are these wings so similar to chicken wings? They're extremely ugly!"

Yun Feng couldn't help but smile when she heard this. She brushed the small black wings with her hand and knew that Little Fire might have an unexpected breakthrough in its future cultivation. Yaoyao couldn't wait to swallow her ice crystal when she saw Little Fire's change.

"Little girl, it's your turn next," said Zhan Li on the side. Yaoyao looked at the ice blue ice crystal piece with anticipation and slowly closed her big eyes. The water element had already enveloped the piece and pulled it into her mouth!

Ice blue elements suddenly emerged from Yaoyao's body and quickly formed a huge blue cocoon around her body, enveloping her entire body. Zhan Li and Yun Feng both watched with anticipation. What would Yaoyao look like when she appeared from this giant blue cocoon?

Yaoyao's entire body was in the huge blue cocoon. Her entire body couldn't be seen clearly. There was a thick layer of mist. Yun Feng could only vaguely see that Yaoyao's body had indeed changed in the blue cocoon. "Crack!" There was a sound on one end of the giant cocoon. The sound of cracking was extremely clear!

"She's coming out!" Zhan Li said excitedly on the side. Yun Feng was also full of anticipation. What would Yaoyao become? Little Fire glanced at the "chicken wings" it had gained in disdain and raised the corners of its mouth. "Did she grow a pair of 'chicken wings' too?"

Lan Yi chuckled gloomily on the side. Little Fire rolled its eyes at Lan Yi fiercely. Yun Feng and Zhan Li also smiled helplessly. Chicken wings? Only Little Fire would call those magical wings that. However, if Yaoyao also had a pair of wings, she would probably be even more beautiful! After the thought flashed through Yun Feng's mind, the huge blue cocoon had already exploded completely! The water element instantly cracked and turned into layers of mist, dissipating in the air. In the slightly cold mist, Yun Feng only saw a graceful woman standing in the air. She couldn't help but look at her perfect and enchanting body.

"Xiao Feng! I have legs!" That enchanting figure suddenly pounced through the mist. Yun Feng quickly opened her arms and hugged her. Yun Feng couldn't help but blush. What she caught was Yaoyao's complete form, a mature girl!

"Xiao Feng, look, look!" Yaoyao was so happy that she forgot herself. She didn't notice that the scene at this moment was a bit awkward at all. The girl, who was almost half-naked, was holding Yun Feng's hand and touching her thigh. Yun Feng blushed and glanced at her. Yaoyao's huge fishtail, which was in a mature form, had already disappeared and turned into a pair of long and straight legs. The tiny blue fins on her ears and arms also grew a few centimeters, making her look even more demonic and emitting a faint blue color.

Lan Yi came forward and pulled Yaoyao away slightly. "Yaoyao, Master saw it. Your fishtail won't appear again?" What Lan Yi said quickly diverted Yaoyao's attention. She let go of Yun Feng and jumped into the air. "Xiao Feng, Yaoyao's fishtail is still here!" As soon as he said that, an ice blue ball enveloped her slender legs. The next second, a beautiful blue fishtail appeared again!

“Interesting. I’ve never heard of the merfolk transforming their fishtails into legs. They seem to be very special.” Zhan Li touched his chin on the side and said in a low voice. Yun Feng also thought so in her mind. It was said that none of the merfolk transformed into a complete human being because they hated humans extremely, but was the real reason really so? It was a happy thing that Yaoyao could gain legs.

Er Lei, who was standing aside in silence, watched the changes of the other three contracted Magic Beasts and was more or less a bit envious in his mind. He glanced at the purple ice crystal with his eyes covered by the curtain of hair and his heart couldn’t help but race. “Er Lei, it’s your turn.” What Yun Feng said made the muscles all over Er Lei’s body tighten abruptly. The three contracted Magic Beasts all glanced over. Even Zhan Li looked extremely curious. Under everyone’s gaze, Er Lei couldn’t help but roar in frustration, “Got it. I’ll swallow it!”

“This time, we should be able to see his original body,” said Little Fire on the side. Lan Yi also nodded. Yaoyao rolled her big eyes curiously, while Yun Feng and Zhan Li looked extremely embarrassed on the side. Er Lei’s original body...

After pulling the purple ice crystal over forcefully, Er Lei looked at the purple ice crystal in his hand and couldn’t help but swallow. Damn it, if I swallow you and show my original form, I’ll spit you out even if I have to risk my life! After cursing in his mind, Er Lei swallowed the purple ice crystal in one breath. The power of lightning suddenly took effect. Countless silver snakes shot out of Er Lei’s body and purple lightning elements also oozed out uncontrollably!

“Master, be careful!” The three contracted Magic Beasts stood in front of Yun Feng. Zhan Li stood aside and looked at Er Lei in confusion. He had such a huge reaction after swallowing the ice crystal. It seemed that the lightning element was indeed very wild. “My daughter, will he show his original form?” Thunder had already sounded. Zhan Li’s words were a bit vague. Yun Feng frowned. Would he show his original form? Er Lei’s entire body was already wrapped in the lightning elements. Countless silver snakes danced crazily and the sound of thunder never stopped!

#### Chapter 1314 Escaped Safely (1)

“Argh!” A furious roar shook the sky and rushed out! Er Lei, who was covered in dense purple energy, suddenly opened his arms and roared into the sky!

A beam of dense purple light suddenly shot out of Er Lei’s body and circled quickly in front of everyone’s eyes. Yun Feng narrowed her eyes slightly and looked at the dense purple energy circling in the sky. The purple energy changed its shape casually like spraying ink and a long roar sounded from the depths of the purple energy!

Everyone’s heart trembled!

The purple energy suddenly transformed into a body that was very similar to that of a dragon, but much shorter than that of a dragon. A beast’s head was faintly exposed in the purple energy. Its appearance couldn’t be seen clearly, but one could feel the obvious violence! “Swish...” The purple energy suddenly flew up and completely dissipated in the air!

!!

“Hahahaha, I said I’m a dragon!” Er Lei burst into laughter, looking extremely happy. Little Fire finally said after a while, “Is it that guy’s original body?”

Lan Yi frowned and pondered on the side before he said, “If I’m right, that’s not a dragon...”

“Of course! How can that thing be a dragon?”

“His body is so short,” said Yaoyao in disdain on the side. The original body of the Dragons was huge and gorgeous. Er Lei, who firmly believed that he was a dragon, certainly ignored this difference. Lan Yi smiled gently. “His original body hasn’t been completely revealed yet, but there seems to be some ancient aura in Er Lei’s body.”

Little Fire nodded. “Although it’s very weak, it does exist. Perhaps this guy’s bloodline is a bit unique, but this guy is so determined to be a dragon that he probably doesn’t even know his own race.”

The three contracted Magic Beasts all sighed in their minds. Er Lei might be the first Magic Beast who didn’t know what species he was.

“His original body seems to have changed.” Yun Feng thought about the state formed by the lightning element in an instant just then. To be more precise, it should be the mature form of the original body of the Er Lei... Just like Yaoyao, there were stages of maturity and immaturity. However, Yaoyao only became like this after absorbing the ancient power. What was with the Er Lei? Would it evolve again?

“My daughter, even though I don’t know why he’s so certain that he’s a dragon, he’s not simple,” said Zhan Li in a low voice on the side. Yun Feng nodded. “Little Qingchen’s Magic Beast should be the same, but... the Er Lei is more special.”

“Haha, it seems that the things I casually looted are very valuable.” Zhan Li burst into laughter. Yun Feng looked at the middle-aged man who was laughing heartily in front of her and was grateful to Zhan Li in her mind. Ever since they met on the East Continent, he had thought that she was his daughter. No matter how many times she denied it, it was the same. Yun Feng couldn’t help but chuckle. Stubborn. This was truly like the Yun family.

“What’s wrong? Did you think of something happy to share with me?” Zhan Li was also very happy in his mind when he saw Yun Feng smile, but Yun Feng shook her head and looked at Zhan Li with her black eyes. “I only have one father, who is Yun Jing. Uncle Zhan, please understand.”

Zhan Li was stunned for a moment. Then, he burst into laughter. “I thought you were going to say something else. So, that’s what happened. Don’t worry. I don’t care.”

The smile at the corners of Yun Feng’s mouth became deeper. “I’ll remember what you’ve done for me in my mind, Uncle Zhan. Since you’re willing to acknowledge me as your daughter, I’ll certainly call you father.”

Zhan Li’s facial features completely froze. “W-What did you say?”

There was a smile in Yun Feng’s eyes. She suddenly knelt on the ground. “Father, please accept my bow!” After saying that, Yun Feng bent down. Zhan Li stood there in a daze. The word kept echoing in his mind. Father, father, father, father...

Yun Feng was grateful for everything Zhan Li did for her and the Yun family. This man was truly good to her. He protected the Yun family and even found such a good Magic Beast for Little Qingchen. If it weren't for Zhan Li, she wouldn't be in the Shentu family's Treasure Mirror right now! Logically speaking, Zhan Li deserved to be called a father! Yun Feng should kneel!

"Get up quickly!" Zhan Li, who came back to himself, quickly pulled Yun Feng up. Yun Feng looked at Zhan Li with a smile. Zhan Li's eyes were a bit sore. He didn't have any children, and he probably wouldn't have any in the future. Now that such a person could call him godfather, he felt very complicated in his mind.

"My daughter, you've finally acknowledged me as your father." Zhan Li said after a while, but Yun Feng was a bit embarrassed. Why did this sound so awkward... It made her feel like Zhan Li's illegitimate daughter... Zhan Li burst into laughter and rubbed Yun Feng's head again. "Alright, alright! I'll have no regrets in my life with you as my daughter!"

Yun Feng smiled helplessly. Fine, fine. Just let him be.

"Yun Feng, you're not taking this earth-element fragment away?" Er Lei looked at the earth-element fragment with glittering eyes. Yun Feng glanced at the earth-element fragment. She didn't have an earth-element Magic Beast right now. This thing couldn't be used right now, but it would definitely be very useful in the future.

"Of course I have to take it!" Zhan Li burst into laughter. Yun Feng nodded. She was already here. If she didn't take it away, she would be letting her foster father down! She flipped her hand and a wisp of earth element instantly floated towards the earth-element fragment, enveloping it firmly and pulling it down from the platform!

"Buzz..."

The moment the earth element was pulled down, the space on the third level of the Treasure Mirror suddenly shook. After the strong tremor, an extremely furious voice sounded in the air and spread throughout the entire space!

"Who dares to enter the Shentu Treasure Mirror without permission?"

"This voice is from the leader of the Shentu family!" Yun Feng's black eyes darkened. The other few contracted Magic Beasts immediately became vigilant. They thought they could finish the plundering silently, but they didn't expect that they would trigger a mechanism in the end and be discovered by the leader of the Shentu family!

"Don't be anxious! Come with me! There's a Teleportation Array inside!" What Zhan Li said immediately made everyone feel relieved in their minds. Zhan Li pulled Yun Feng and ran into the main hall. The four contracted Magic Beasts immediately entered the Rings of Contract. Zhan Li had just taken a few steps with Yun Feng when Yun Feng suddenly stopped.

"My daughter, let's go!" Zhan Li was a bit anxious, but Yun Feng smiled with her red lips. "We have to do something to stop the Shentu family's master." Yun Feng turned around and ran out. Seeing Yun Feng rush out of the hall, Zhan Li immediately understood what she meant!

Chapter 1315 Escaped Safely (2)

Yun Feng rushed out of the hall. The Magic Beasts tied up on both sides of the hall all became irritable and the sound of iron chains immediately sounded frequently!

“Swish!” Before Yun Feng could do anything, the Master of the Shentu family had already arrived!

Yun Feng’s black eyes darkened. He was so fast! Even if she had a Teleportation Array, she would be stopped by the Shentu family’s master before she reached it! The Shentu family’s master looked at Yun Feng in front of the hall with red eyes and gritted his teeth so hard that they made creaking sounds!

“Good for you, Yun Feng of the Yun family! You ransacked the Shentu Treasure Mirror!” Veins bulged on the forehead of the Shentu family’s master. Yun Feng burst into laughter on the other end. “Master Shentu, most of these things don’t belong to the Shentu family. What if I take them away?”

“That’s right! Shentu doesn’t have the ability to have these things at all. It doesn’t matter if we take them away!” Zhan Li appeared behind Yun Feng and said loudly. The eyes of the Shentu family’s master turned even redder after hearing that. “Unfilial son! You brought a wolf into the house!”

“Don’t you know who led the wolf into the house? Master Shentu!” Yun Feng shouted coldly. “Since the Shentu family attacked the Yun family, you should be aware! These things are just the beginning!”

The Shentu family’s master suddenly clenched his fists with a cold look. “It’s not your place to tell the Shentu family what to do! Shentu Yuanli, I didn’t want to touch you at first, because you’re my son after all. The blood of the Shentu family runs in your body! If you don’t give yourself a chance, I won’t be merciful! Today, I’ll finish you and Yun Feng of the Yun family with my own hands!”

The Shentu family’s master’s face was vicious and his eyes were fierce. His aura of the God Level suddenly burst out. Yun Feng and Zhan Li both became nervous! The Shentu family’s master’s body was already approaching quickly. Yun Feng suddenly clenched her fists and her mental strength surged out of her body, turning into a sharp blade that flew away!

“Clang!” The sound of chains hitting the ground! Yun Feng’s mental strength quickly cut off one of the chains. The chains fell and the Magic Beasts regained their freedom!

“Roar...” A roar sounded as the Magic Beast pounced at the Shentu family’s master with bloodshot eyes!

“Clang—” On the other side, Zhan Li also shattered a chain. The second Magic Beast pounced on the Shentu family’s master, but the Shentu family’s master raised his hand and slashed, killing the two Magic Beasts in an instant! “You want to stop me with these two animals? Yun Feng, don’t underestimate the Shentu family!”

Damn it! It was too late to cut them off one by one. Was there any way to cut off all these chains in an instant... There was!

“Meatball!” Yun Feng’s black eyes brightened. Under her call, a black shadow quickly jumped out of her bracelet. “Nana!” Accompanied by this loud shout, Meatball flew out quickly like the wind!

“What’s this?” The Shentu family’s master looked at the black shadow that shot out of Yun Feng and immediately slashed with his hand. A stream of fighting energy quickly slashed over, but it was easily dodged! What? The Shentu family’s master widened his eyes. His attack was dodged just like that! The

Shentu family's master immediately waved his hand quickly and shot streams of fighting energy at the black shadow that kept running in the air, but they missed!

Meatball glanced at the Shentu family's master angrily as a ferocious glint flashed through its big eyes. However, Yun Feng's order was the priority. Its body quickly jumped forward and it bit every chain it saw!

"Crack, crack, crack, crack!" All the chains instantly shattered!

"Roar, roar, roar..." The Magic Beasts that had obtained freedom completely went berserk at this moment. Raging roars resounded in this space! The Shentu family's master became the target of all the Magic Beasts! The Shentu family's master gritted his teeth fiercely. What exactly was that? Battle energy slashed out of the sky. Even though some Magic Beasts fell, it would take some time for the dozen or so Magic Beasts to be killed! Yun Feng and Zhan Li could take this time to retreat safely!

Thinking of this, viciousness appeared on the face of the Shentu family's master again. They wanted to escape? Impossible! A stream of fighting energy directly killed a Magic Beast and the fighting energy in his hand suddenly pushed forward, targeting Yun Feng and Zhan Li!

"Nana!" A loud shout stunned the Shentu family's master as a black shadow quickly slid in front of him. Meatball's cute appearance immediately stunned the Shentu family's master, but its cute appearance lasted for less than a second. Its ferocious expression and sharp teeth made the Shentu family's master break out in cold sweat!

What exactly is this... The Shentu family's master suddenly felt a bit scared. Meatball's little body suddenly spun in the air and its sharp teeth turned into a beam of light, rushing towards the Shentu family's master's wrist! "Argh!" The Shentu family's master only felt a sharp pain and his wrist couldn't help but deviate. The fighting energy also deviated and hit the main hall!

"Let's go!" Zhan Li immediately grabbed Yun Feng's wrist. Those Magic Beasts could only hold on for a while. They had to seize the opportunity! Otherwise, if they were trapped in the Treasure Mirror, even if they could avoid the attack of the Shentu family's master, the masters of the Shentu family would come in endlessly! By then, they really wouldn't be able to leave!

"Meatball!" Yun Feng shouted as a black shadow quickly reached from afar and grabbed its fluffy body. She immediately retracted her hand and held Meatball's body firmly in her arms as she ran into the hall with Zhan Li!

The leader of the Shentu family, who was surrounded by a dozen Magic Beasts, had already seen Yun Feng and Zhan Li enter the hall from the corner of his eye. He couldn't help but feel enraged in his mind and his fighting energy also burst out fiercely. "Pa! Pa! Pa!" He quickly attacked with another combat technique and the dozen Magic Beasts all fell!

The Shentu family's master stood where he was and looked in the direction of the hall with a sneer. "You want to leave? Impossible! I'll bury the two of you here today!" A wound appeared in the Shentu family's master's hand. The Shentu family's master suddenly hit the ground as dark red blood quickly entered the ground. Red light rose from the ground, illuminating the Shentu family's master's crazy and distorted facial features!

“Hahahahahaha!” The wild laughter of the Shentu family’s master soared to the sky. Zhan Li and Yun Feng, who were running crazily in the hall, both felt their hearts sink when they heard that. “My daughter, let’s speed up! It’s just ahead!” Zhan Li held Yun Feng’s wrist tightly. Yun Feng nodded as wind elements surged out and enveloped their bodies, making them even faster!

The passage and the terrain in the hall were complicated. If Zhan Li didn’t lead the way, Yun Feng would definitely be lost. Zhan Li ran forward with Yun Feng unimpeded until he saw a corner ahead. Zhan Li was delighted. “We’re here!”

After turning the corner, Yun Feng saw a relatively empty area. There were indeed Teleportation Arrays in this area, but there were three of them!

### Chapter 1316 Escaped Safely (3)

“How can there be three?” Zhan Li was dumbfounded. Looking at the three identical Teleportation Arrays in front of him, Zhan Li was a bit dizzy. “No, there was only one Teleportation Array last time I got out of here!”

“It must be the Shentu family’s master who did it,” said Yun Feng as she looked at the three identical Teleportation Arrays. It seemed that she could only choose one of them. There was no other way! Even if she didn’t choose the right one, this was the only way!

“We can’t choose recklessly!” said Zhan Li. The two of them stood in front of the Teleportation Array silently. Meatball snuggled in Yun Feng’s arms and was unusually quiet. It looked around the three Teleportation Arrays with its big eyes and was a bit confused.

“Don’t even think about escaping!” The voice of the Shentu family’s master sounded again, and the distance was closing! Zhan Li’s face darkened. The Shentu family’s master would be here in a while. It was already too late for them to make a choice!

!!

“Father, let’s split up,” said Yun Feng very calmly, but Zhan Li’s pupils shrank. “No!”

Yun Feng turned around. “One of us must survive. Even if something happens to me, you can tell the Yun family.”

“What nonsense are you talking about? Which father would let his child face danger alone?” Zhan Li suddenly shouted as he reached out and grabbed Yun Feng’s wrist. His warm hand pressed against Yun Feng’s slightly cold skin. There was warmth deep in Zhan Li’s black eyes. “My daughter, Yun Jing was protecting you on the East Continent, but I’m protecting you here! I can’t let you go alone no matter what. Let’s go!”

Yun Feng couldn’t refuse at all! A powerful force surged out of Zhan Li’s heart. This force made him instantly majestic. Even though this force was still very unfamiliar, it gave him endless courage and tenacity to face everything! This force was called a father’s love!

Yun Feng was dragged into a Teleportation Array by Zhan Li. The Teleportation Array suddenly shone and swallowed the two of them. Before the Shentu family’s master arrived, the two of them had already disappeared from the Teleportation Array!

After a while, the Shentu family's master appeared. He looked at the three Teleportation Arrays in front of him with his black eyes and his face was extremely vicious. He took out a Sound Badge from his wrist and ordered with a cold tone, "All the experts of the Shentu family, gather in my courtyard immediately. No exception!"

The Master of the Shentu family put away the Sound Badge and sneered. "Do you think you can escape? The Treasure Mirror doesn't just store treasures. This is heaven on one side and hell on the other! I want to see how the two of you escape from here! Even if you can escape, you're destined to stay here forever! Yun Feng of the Yun family... Hahahaha! Since you came to me, I don't have to work hard anymore! This time, I'm going to completely cut off all the hope of the Yun family! Without Yun Feng, I'll see how the Yun family can rise! Hahahaha!"

In a blink, more than three months had passed. Yun Feng hadn't come back to the Yun family since she left with Zhan Li. Even though Mu Canghai's face was still cold, he was already extremely anxious in his mind. He should have followed her back then! Now, he couldn't receive any information about Yun Feng at all, which made Mu Canghai uneasy.

The entire Yun family was also a bit nervous and uneasy. Yun Feng had already left for more than three months this time. What was she going to do? Would that member of the Shentu family do something to her? Would something happen? The members of the Yun family guessed secretly and were anxious in their minds. Yun Xiang was the same. She had already asked the Third Elder countless times, but she still didn't get any information about Yun Feng. Bai Qingfeng was also very worried, because his wife was thinking about Yun Feng in her mind, which made him a bit helpless.

No matter how many times he comforted her, it was useless. It could only be said that Yun Feng was too important to the entire Yun family. It was like a kind of support. If she was here, their minds would be at ease. If she wasn't here, they would be a bit flustered.

The three elders of the Yun family were also a bit worried in their minds, but it wasn't too serious. In their eyes, Yun Feng was too strong to put herself in danger at all. However, it was a bit worrying that there was no message back after such a long time.

"Great Elder, there's news!" A voice came from outside the door. The eyes of the three elders immediately brightened. "Come in!"

"Elders, there's nothing wrong with the Shentu family. Everything seems normal on the surface, but more than half of the experts in the dark are gone. I don't know what they're doing." This report made the three elders of the Yun family puzzled. There was nothing wrong with the Shentu family, but where were the experts who disappeared? Did they go after Yun Feng? Thinking of this, the hearts of the three elders couldn't help but tighten. "But with Shentu Yuanli here, the girl should be fine." What the Second Elder said made the other two feel relieved. Right, there was also Shentu Yuanli. Yun Feng should be fine.

"Just wait. That girl will come back sooner or later." The Great Elder chuckled. The Second Elder and the Third Elder also smiled slowly. "Yes, that girl came back after such a long journey. She'll come back again."

The three elders of the Yun family looked at each other and smiled. They all believed that Yun Feng would be able to come back. The Shentu family, on the other hand, was a bit amusing. More than half of the masters had entered the third level of the Shentu family's Treasure Mirror. They were all guarding the three Teleportation Arrays, ready for battle. However, they waited for a few months and didn't see anyone appear.

"How is it? Is there any movement?" The Shentu family's master entered the Treasure Mirror again. He had visited the Treasure Mirror frequently in the past few months, but the news every time made him depressed. "Master, there's no movement."

"All three Teleportation Arrays are like this?!" Veins bulged on the forehead of the Shentu family's master and his temples throbbed. "Master, all three Teleportation Arrays are like this!"

The Shentu family's master couldn't help but grind his teeth hard. He looked at the three Teleportation Arrays in confusion. If they wanted to come out, they must go through these three Teleportation Arrays, because the exit of the Treasure Mirror had already been sealed! They couldn't open it with their strength! However, a few months had already passed and there was no news at all. How was that possible? Even he couldn't last a month on the other side of the Treasure Mirror!

"Guard them! Don't miss anything!" After saying that, the Shentu family's master turned around and left. The two of them must still be in the Treasure Mirror. He would rather wait for them to come out!

#### Chapter 1317 Escaped Safely (4)

Yun Feng and Zhan Li indeed came out. The Shentu family's master had never thought that Yun Feng would have a treasure like the Dragon Palace. How could the Treasure Mirror compare to the Dragon Palace? Even if the Shentu family's master vomited blood, he wouldn't have thought that there was a Teleportation Array in the Dragon Palace! Yun Feng and Zhan Li had already left the Treasure Mirror safely and arrived somewhere else!

"Master Feng, what brings you here?" In a corner of the Innocent Forest, the round fatty was nodding and bowing constantly. The fat on his face was almost piled up. His smile looked very flattering and forced as he looked at the person in front of him with an extremely flattering gaze.

The person who made the fatty like this was Yun Feng. Back then, Yun Feng and Zhan Li accidentally reached the other side of the Treasure Mirror. It could be called purgatory. The most important thing in this purgatory was to devour mental strength and fighting energy crazily! If they stayed there for a long time, they would be drained into an empty shell sooner or later! Yun Feng made a prompt decision to bring Zhan Li into the Dragon Palace. The Shentu family's master thought that he could trap them with a Teleportation Array. She would certainly have a Teleportation Array to send them out!

Yun Feng led Zhan Li into the Teleportation Array in the Innocent Forest. Zhan Li was extremely surprised at the Dragon Palace, but he didn't ask anything, which made Yun Feng feel very happy. The sudden arrival of the two of them made the fatty a bit panicked. When Yun Feng left the Innocent Forest back then, he was greatly relieved. He didn't expect this little madam to come back one day! Didn't she enter the Inner Region? Why did she come back all of a sudden? Had she been kicked out?

Fatty Yuan had already made countless guesses in his mind and was deeply afraid of the person next to Yun Feng this time. This time, the person next to this madam was a big shot. The fatty spoke even more carefully. Seeing how obedient he was, Zhan Li couldn't help but smile.

"My daughter, this fatty is really funny." Zhan Li burst into laughter. The fatty also quickly put on a smile. Then, Zhan Li changed the topic. "If he's roasted, the meat should be quite delicious. At least, it'll be fresh and juicy."

Fatty Yuan shivered and subconsciously leaned towards Yun Feng. Yun Feng raised the corners of her mouth helplessly. She and her self-proclaimed father had come out of the Treasure Mirror, so it wouldn't be difficult for them to go back. However, not right now. The Shentu family's master definitely wouldn't think that she would have a chance to leave the Treasure Mirror safely. If she suddenly appeared in the Inner Region right now, the Shentu family's master would definitely counterattack with all his strength. It was better to let the Shentu family's master think that she had been in the Treasure Mirror, so that the Yun family would be fine for the time being, while she had the time to improve her strength.

"It was just a coincidence. We'll just stay for a few days." Yun Feng glanced at the round fatty. Seeing his stiff facial features, the round fatty immediately nodded. "Yes, yes. It's fine for Master Feng to stay for a few days..."

Zhan Li's eyes turned cold. The fatty suddenly shivered. "Take your time... I... I'll go first... If you need anything, just call me, Master Feng." The fatty immediately left. After the fatty left, Zhan Li said, "This fatty isn't reliable. I can tell that he's an old fox."

Yun Feng nodded. The reason why the fatty was so respectful to her was firstly because of her current strength and secondly, because of Er Lei. "It's obviously afraid of Er Lei. Lan Yi told me that it's very likely because of its bloodline. There's an ability in Er Lei's bloodline to suppress it."

Zhan Li nodded. "That's good. I'm just afraid that this fatty will play tricks."

"Father, don't worry. It doesn't have the courage." Yun Feng's face was slightly cold. Zhan Li looked around and suddenly waved his hand to set up a space blockade. "Try to contact the three elders of the Yun family. It'll be good to let them worry less."

Yun Feng immediately nodded. She was going to do that. She immediately took out the Sound Badge, but she wasn't sure in her mind. She was in the Innocent Forest of the Central Region right now. She didn't know if the Sound Badge could connect to the Inner Region... No matter what, she had to try!

Yun Feng immediately sent her aura into the Sound Badge. She held her breath and waited. The Sound Badge finally flashed a bit! Then, the flashing became more and more intense! It connected! Surprise flashed through Yun Feng's eyes. She only heard the voice of the Great Elder of the Yun family coming from the Sound Badge. "Kid, is it you?"

Zhan Li was also happy to hear that. Yun Feng immediately nodded. "Great Elder, it's Yun Feng!"

The voices of the Second Elder and the Third Elder also came from the Sound Badge. Yun Feng certainly knew that the three elders were very worried about her situation, but she had something more important to tell the three elders. Yun Feng immediately told the three elders everything about the

Shentu family, including most of the things in the Treasure Mirror. Yun Feng said everything and waited quietly for a while. The Great Elder's voice came. "Girl, thank you for your hard work."

Yun Feng smiled lightly. "It's no trouble at all."

"Kid, what's your plan?" The Second Elder's concerned voice came. Yun Feng thought for a moment and replied, "I plan to not go back to the Inner Region for now. I'll just let the Shentu family's master think that I'm in the Treasure Mirror. This way, if he can't find me, he certainly won't be able to attack the Yun family easily. I'll go back before my power advances. Then, the Shentu family's master won't be able to do anything to me."

"Alright, cultivate outside in peace during this period of time. It's best if you don't come back. We'll keep an eye on the Shentu family. Half of the experts the Shentu family deployed a while ago were gone. I didn't expect them to all be in the Treasure Mirror. Girl, you're really something!" The Third Elder's proud voice came. Yun Feng chuckled. The things in the Shentu family's Treasure Mirror could help the Yun family rise to a higher level!

"Be careful outside. Is Shentu Yuanli next to you?" asked the Great Elder. Zhan Li raised his brows. Shentu Yuanli? Yun Feng looked at Zhan Li. So this was her self-proclaimed father's real name? "Yes, Zhan Li is my foster father. He'll take care of me."

Hearing Yun Feng call him father, Zhan Li grinned happily. The Great Elder of the Yun family's voice came again. "That's good. With him by your side, we can more or less be at ease. You'll have to be alone these few years."

"It's fine! Also, please keep this a secret from the Yun family."

"Of course, but shouldn't your friend, Mu Canghai, know?"

Yun Feng thought for a while and raised her red

## Chapter 1318 Breaking Through to the God Level (1)

"Alright." The Sound Badge flashed a few times and the voice of the Great Elder of the Yun family came. "Kid, come back early."

Yun Feng's heart felt warm. "Yes, elders, don't worry!"

The Sound Badge flashed a few times and cut off the connection. Yun Feng took a long breath and put away the Sound Badge. Zhan Li looked around. "The environment of this forest is not bad. It's quite suitable for you to cultivate carefully."

Yun Feng nodded. The Innocent Forest was indeed a good choice. Nobody would break in easily. The environment was also quiet and nobody would disturb her at all. Her first goal was to break through to the God Level! Her bottom line in five years was to become a God!

"What about you?" If Zhan Li also wanted to cultivate carefully, he would enter the tenth level of the Dragon Palace with her. However, Zhan Li shook his head. "You need someone to protect you when you cultivate. It's always good to have an extra layer of protection. Besides, at my age, I'm not in a hurry. I'll take it slow."

Yun Feng nodded with a smile. Zhan Li got up and walked outside to protect Yun Feng. Looking at her self-proclaimed father's back, Yun Feng's heart was full of warmth. There were so many people protecting her along the way. She definitely wouldn't let these people down!

Yun Feng flashed into the tenth level of the Dragon Palace and took out the Golden Cauldron Tree, as well as the Weightless Fruit given to her by the Fifth Elder of the Juxing School. When she reached the Emperor Level and broke through to the God Level, this small fruit could reduce the danger by about thirty percent! Yun Feng looked at the dark brown fruit in her hand and couldn't help but smile when she thought of what the Fifth Elder said to her back then. If she could reach the God Level successfully this time, she would definitely go back to Juxing to take a look so that the Fifth Elder could see her results. The kindness of the Weightless Fruit wasn't in vain.

"Master, isn't it too early to break through to the God Level?" Lan Yi's voice sounded in her mind. Little Fire, Yaoyao and Er Lei also agreed with Lan Yi. Yun Feng had only been in Grade 9 of the Emperor Level for a short time and hadn't accumulated and consolidated herself very well. It was indeed a bit early to break through to the God Level, but for Yun Feng, she couldn't wait anymore.

"I also want to consolidate my strength, but time doesn't allow me to do so anymore. I must take the risk this time!"

"If Master is determined to do this, please let us out and help you!"

"That's right, Xiao Feng. We've all taken the elemental ice crystals. They'll help you a lot!"

Yun Feng chuckled. Her contracted Magic Beasts were so considerate of her. She would feel bad if she let them down. Four beams of light appeared from the Rings of Contract and the contracted Magic Beasts with slightly different appearances sat around Yun Feng.

"Master, we're here for you!" Little Fire grinned. Er Lei sat cross-legged on the ground and looked at Yun Feng deeply. "Yun Feng, don't let me down."

Yun Feng curled her lips and slowly closed her black eyes. The five-element wheel suddenly appeared around her body and the Golden Cauldron Tree also underwent a huge change, emitting a faint golden light. Under the interaction of the tenth level of the Dragon Palace, the Golden Cauldron Fluid quickly melted into the air and the concentration of elements suddenly rose to an astonishing level!

The four contracted Magic Beasts also closed their eyes at the same time. Four faint beams of light appeared and disappeared from their bodies, echoing with the five-color wheel around Yun Feng's body and reaching an extremely harmonious state. Yun Feng felt the unusually dense elemental density around her body and her heart sank slightly. She calmed her mind. The cultivation to the next level would begin at this moment!

A year had already passed in the blink of an eye. In this year, the Inner Region seemed to be peaceful on the outside, but there were actually surging undercurrents, especially the Shentu family. Gradually, half of the experts the Shentu family deployed outside that went missing attracted the attention of the other families. Everybody wanted to know what the Shentu family was doing in secret.

Everyone was guessing. The Shentu family's master looked calm on the surface, as if nothing had happened at all. In fact, he was about to explode with anger! He had been in and out of the Treasure

Mirror countless times in a year. Half of the Shentu family's God Level experts were guarding the Teleportation Arrays on the third level of the Treasure Mirror, waiting for Yun Feng to come out and walk into the trap. They would kill her on the spot immediately! However, a year had passed, but Yun Feng and Zhan Li still hadn't come out!

Every time the Shentu family's master entered the Treasure Mirror and saw that the first and second floors had been emptied, he was already so angry that he had internal injuries. The Shentu family's Treasure Mirror had been looted by someone just like that. There were also those few elemental crystal fragments on the third floor. Those were rare treasures! The Shentu family's master originally wanted to keep them as backup when a summoner appeared in the Shentu family in the future, but he didn't expect Yun Feng to get them so easily!

It was fine if the first level was emptied, it was fine if the potions on the second level were emptied, it was fine if the Golden Cauldron Tree was uprooted! However, those elemental crystal fragments couldn't! The Shentu family's master was so angry that his eyes were almost red. After catching Yun Feng this time, she would definitely vomit out those few elemental crystal fragments!

However, the Shentu family's master had never thought that he would wait for a year!

"Master, there's no news from the Yun family. Yun Feng didn't show up." The facial features of the Shentu family's master became even more distorted after hearing the news. He slammed his hand on the back of the chair fiercely and the back of the chair immediately turned into powder!

There was no news of Yun Feng from the Yun family, which proved that Yun Feng didn't come out of the Treasure Mirror at all! If she was still in the Treasure Mirror, could she really stay inside for a year? Thinking of this, the Master of the Shentu family sneered. He had plenty of time! If he couldn't find Yun Feng, he certainly couldn't attack the Yun family, but he wasn't in a hurry. As long as Yun Feng was still in the Treasure Mirror, he would be able to catch her sooner or later! He had plenty of time to wait! He didn't believe that the Treasure Mirror wouldn't drain her! She wouldn't be able to stand it one day. By then, she would be at his mercy! Thinking of this, the Master of the Shentu family burst into laughter. "Yun Feng, don't even think about escaping from my hands this time!"

In the blink of an eye, half a year had passed. The Shentu family's master was much less patient than he thought. He still hadn't found anything in a year and a half. The Shentu family's master thought that he couldn't wait any longer no matter how patient he was.

"Go inside and search!" With a command, half of the Shentu family's God Level experts entered the other side of the Treasure Mirror. However, everyone escaped in a sorry state in less than a week.

"Master! We feel extremely exhausted when we go in, let alone Yun Feng, who hasn't reached the God Level at all! She can't last three days at all! She must have died in the Treasure Mirror!"

## Chapter 1319 Breaking Through to the God Level (2)

The Shentu family's master narrowed his eyes fiercely. She was dead? It wasn't bad that she was dead! He wanted to see her, dead or alive!

The Shentu family's master decided to enter the other side of the Treasure Mirror to search for Yun Feng himself. The half of the Shentu family's experts were still useful, so they certainly couldn't be injured. The Shentu family's master was strong, so it wouldn't be a problem for him to stay there for a

week. After a week, the Shentu family's master came out of the Treasure Mirror with an exasperated look. No! Yun Feng's aura wasn't there at all! What did this mean? This meant that Yun Feng had escaped in front of his eyes! She had escaped from the Treasure Mirror!

The head of the Shentu family, who was full of anger, immediately rushed to the Yun family after leaving the Treasure Mirror and brought half of the Shentu family's God-Level powerhouses with him! With such an aura, the members of the Yun family certainly became uneasy in their minds. Yun Xiang's face couldn't help but darken. Why did the Shentu family bring so many God-Level powerhouses to the Yun family? Was he going to attack the Yun family?

The Shentu family's master certainly couldn't attack the Yun family. He just didn't have a place to vent his anger. The three elders of the Yun family came out accordingly. Seeing the lineup of the Shentu family's master this time, they all chuckled. "What are you doing, Shentu family's master?" The Third Elder of the Yun family glanced at these God-Level experts. The Shentu family's master sneered. "There are some things that the three of you should know even if I don't tell you!"

"What's the matter? Please enlighten me, Master Shentu." The Second Elder of the Yun family smiled lightly. The Master of the Shentu family's old face fell! How could he say it clearly? Should he say that the descendant of the Yun family completely emptied the Treasure Mirror of the Shentu family? If word got out, he would have nowhere to put his old face!

"Is the unfilial son of the Shentu family here?" The Shentu family's master gritted his teeth as he spoke. It really looked like it. The three elders of the Yun family certainly knew the Shentu family's master's intention. Yun Feng had already told him everything and knew that the Shentu family's master didn't want to lose face. The Yun family's elder chuckled. "Zhan Li isn't here. Didn't you see that Zhan Li already left that day?"

"What about Yun Feng?"

The Great Elder of the Yun family raised his brows. "Yun Feng left with Zhan Li that day, so she certainly isn't here."

The Shentu family's master glanced at the three people in front of him with viciousness in his eyes. He gritted his teeth in hatred in his mind. He really wanted to turn the Yun family upside down, but no! In the end, he could only smile coldly. "I hope so. The Shentu family will deal with that unfilial son sooner or later. The Yun family should not be implicated."

The Great Elder of the Yun family smiled lightly. "You don't have to worry about that, Master Shentu."

"Hm! It seems that the Yun family is going to do something for the advancement of forces. Then, good luck to the Yun family!" The Shentu family's master gritted his teeth and said. He flicked his sleeve and left angrily. The group of God-Level experts also left. The three elders of the Yun family looked at the back of the Shentu family's master coldly. The Third Elder of the Yun family raised the corners of his mouth. "That old guy must be exploding in his mind."

"Haha, that's right. That girl has already looted all of his treasures. How can he not blow up?"

The Great Elder of the Yun family said with a deep voice, "We're truly lucky in the advancement of forces because of him."

The three elders of the Yun family looked at each other and smiled. Right? With the things in the Shentu family's Treasure Mirror, the Yun family would have a lot less to worry about. They had truly benefited from the Shentu family!

After the news that the Shentu family's master went to the Yun family with God-Level experts spread, it caused quite a huge furor in the Inner Region. The conflict between the Shentu family and the Yun family was suddenly magnified. The matter that had been going on for so many years was brought up. Gradually, there was a saying that the Yun family and the Shentu family were already like fire and water. The advancement of forces this time was the time when the two families fought to the death. In fact, it was indeed the case. The Shentu family would sit firmly on the position of the first-rate family this time. Coupled with Yun Feng's matter and the instructions of the mastermind, the Shentu family would definitely not keep the Yun family in the Inner Region. They would definitely be even more ruthless this time. On the other hand, if the Yun family rose to power this time, the Shentu family would definitely not have a good ending. How would the three elders of the Yun family let them off easily?

As the advancement of forces got closer and closer, this theory also made the situation more and more tense. The Yun family seemed unusually indifferent in such a tense situation. No matter what the outside world said, the Yun family would do whatever they should. Life didn't change at all. It was just that their worries for Yun Feng had never faded. Two years had already passed, but there was still no news from Yun Feng. Even though the Yun family didn't ask verbally, there was a hint of anxiety in their minds. Yun Feng, where exactly are you?

In a place in the Innocent Forest, Zhan Li had already sat on the ground and cultivated for two years. Once he entered the cultivation state, he would ignore the passage of time and all the changes around him. His body and mind were both calm, so two years wasn't long for Zhan Li.

Zhan Li slowly opened his eyes and looked at the cave behind him. Yun Feng had already cultivated in peace for two years. The obvious changes in the aura during this period of time made Zhan Li a bit on tenterhooks, but he calmed down in the end. It was quite dangerous to break through to the God Level from the Emperor Level, not to mention that Yun Feng hadn't taken a steady step yet. It was easier for mistakes to happen. Zhan Li didn't dare to enter a complete cultivation state in the past two years, fearing that he wouldn't be able to help if anything happened to Yun Feng.

It could be said that it was quite a short time to reach the level of the God Level in two years. To reach the level of the God required a long time of accumulation and there were all kinds of dangers during the breakthrough. Even though Yun Feng had the help of the Weightless Fruit, there was still 70% of the danger waiting for her.

The aura in the cave suddenly changed. Zhan Li's face darkened and his body also stood up from the ground abruptly. He was no stranger to this aura. This was the most critical moment for breaking through to the God Level. If she crossed it, she would be at the God Level. If she couldn't, her body and soul would be destroyed!

Zhan Li told himself to calm down. If there was any movement outside at this moment, it would definitely interfere with Yun Feng's cultivation. In that case, Yun Feng might lose her life because of this negligence! Zhan Li calmed his breathing and his heartbeat. He stared at the entrance of the cave with

his black eyes. The muscles all over his body tightened and he was prepared to rush in immediately if anything happened!

The cave was also filled with tension. The four contracted Magic Beasts sitting around Yun Feng all had a layer of hot sweat. She had already reached the most important step of breaking through to the God Level. After two years, Yun Feng had already touched the threshold of the God Level. She was only one step away!

“Master, you must cross this step!” Lan Yi said in his mind. The wind element in his body also became much stronger in an instant. The elements of the four contracted Magic Beasts were all much stronger, providing Yun Feng with more elemental guarantees!

### Chapter 1320 Breaking Through to the God Level (3)

They were together every time she crossed a hurdle. Every time Yun Feng faced a critical moment of advancement, she would get through it safely. It would definitely be the same this time!

The aura in the cave changed again. Zhan Li was already sweating all over as he stood outside. His daughter would definitely be fine!

“Swish, swish, swish...” There was a sudden sound in the bushes on the side. Zhan Li’s face darkened and he quickly approached silently. He reached his hand into the bushes fiercely and a stream of fighting energy was about to jump out of his palm. He heard the fatty shout with a trembling voice, “It’s me, it’s me!”

Zhan Li glared at the round fatty. “Don’t make a sound!”

!!

The round fatty immediately covered his mouth tightly and his little eyes flashed to the side hard. Zhan Li picked up the round fatty’s body with a gloomy face and looked back with his black eyes. After confirming that his surroundings were fine, he flashed and left the area of the cave where Yun Feng was with the round fatty.

“Tell me, what’s the matter?” Zhan Li said in a rough voice. He glanced at Yun Feng with his round eyes. “Master... Master Feng, is she... going to break through?”

Zhan Li’s black eyes glittered fiercely. “Fatty, if that’s all you’re going to say, I’ll skin you alive!” How dare this guy disturb his daughter’s breakthrough? He would roast him first! The fatty shivered and immediately shook his head. “No, no, no! Something really happened! A student of the Huafeng Institute crossed the boundary and came in!”

“Where are they?” Zhan Li was shocked. He didn’t care about the students of the academy. He had to find them first!

“I... I don’t know either. There are teachers who lead teams for field training from the Huafeng School every time, but there are obvious rules. However, someone broke in this time. I don’t know the exact location...”

"If you don't know, send someone to find them!" Zhan Li grabbed the round fatty and lifted his round body up in the air. The round fatty kicked his legs in the air and immediately nodded. "Y-Yes... I'll go find them right away..."

Zhan Li loosened his hands and looked around with his black eyes. Those reckless kids must not disturb Yun Feng's cultivation! Zhan Li's body flashed quickly and he returned to Yun Feng's cave. The first thing he needed to do right now was to protect Yun Feng!

"M-Master, there seems to be more than one wave of students coming in..." After a while, the fatty rolled out carefully. Zhan Li's expression was already extremely gloomy. The fatty immediately said, "A few waves have already been expelled by us. There are still a few waves... If you don't mind, can you help us..."

"I'm not going anywhere!" Zhan Li roared angrily. The round fatty's body trembled. "Rather than letting these people find this place, it's better to find and expel them before they come! Otherwise, even the slightest noise will affect Lord Feng... What do you think?"

Zhan Li pondered for a while. If those kids really came here by accident, they couldn't fight. Rather than that, it was better to let them stay away from here. If there was really a conflict, it would be easier to resolve it outside. Zhan Li nodded. The fatty couldn't help but let go. "Then come with me quickly!" Zhan Li looked back at the cave where Yun Feng was and left with the fatty.

Not long after the two of them left, there was movement in the bushes on the side. A few young people, who looked like they were in their twenties, appeared. They were all covered in dust. "Luckily, Senior Brother is smart enough to create a diversion. Hehe." A girl chuckled softly. The oldest guy among them said, "There's a cave ahead. Let's go in and take a rest. Do you know how dangerous this place is after we enter the forbidden area?"

The other young people all smiled in embarrassment. The oldest guy got up. "After taking a rest in the cave, we'll return to the academy as quickly as possible without any delay!"

"Alright, alright. I'll listen to you, but I'm exhausted." The girl who spoke just then stuck out her tongue and walked towards the cave. However, after walking a few steps, she turned around and shouted, "Senior Brother, there's a space blockade here!"

"What?" The oldest guy frowned. The others also looked a bit nervous. Had they entered the territory of a Magic Beast? The few of them came to the vicinity of the space blockade. The oldest guy looked inside. "This should be the territory of a Magic Beast."

"It should be an Emperor Level Magic Beast..." Someone mumbled. The little girl who spoke just then was immediately excited. "If that's the case, there should be some treasure here! There must be a treasure in the cave of such a high-level Magic Beast. Is that right, Senior Brother?"

The eyes of the oldest young man couldn't help but burn. "That's right..."

"Then what are we waiting for? Break the space blockade!" The other young people were all enthusiastic. If they could get the treasures hidden in this Magic Beast this time, they would certainly become famous in Huafeng School!

“Buzz, buzz...” Even though the subtle sound of the space shaking was far away, the four Magic Beasts in the cave all heard it clearly. The faces of the four Magic Beasts immediately darkened. “Someone broke in here!” Lan Yi frowned completely and looked at Yun Feng, who was at the critical moment of breaking through, a bit anxiously.

“Someone’s disturbing us at this moment! When Master breaks through, I’ll definitely tear him apart!” Little Fire gritted its teeth and roared. Yaoyao looked at Yun Feng worriedly. “We can’t be disturbed, or Xiao Feng will be in danger!”

“Damn it, I’ll go out and take a look!” After saying that, Lan Yi objected. “No! The elemental bond between the four of us can’t be broken! Master is in a critical stage. It depends on this!”

“Then what should we do? Do we have to let those people break in?” Er Lei roared furiously as a round figure moved next to Yun Feng. Meatball raised its little head and glanced at the four contracted Magic Beasts. Surprise flashed through Lan Yi’s black eyes! Right, how could he forget that there was such a powerful existence?

“Meat... Meatball...” Lan Yi called softly, but Meatball suddenly gnashed its teeth and growled at Lan Yi unhappily. Little Fire frowned on the side. “Only Master can call it that. You should change the way you call it as soon as possible.”
