

Summoner 1321

Chapter 1321 God Yun Feng (1)

Lan Yi was shocked. What else could it be called? Apart from the four of them, it was the only one who could move freely right now! “Master is in the critical stage of a breakthrough. The four of us can’t leave. Only you...”

Meatball’s little ears moved slightly and it retracted its shiny sharp teeth. It glanced at Lan Yi lazily with its black eyes and its chubby body took a few steps forward, wagging its tail behind it. “Nana, nana.” Little Fire snorted in disdain. “It said that it doesn’t need you to tell it.”

Lan Yi was stunned for a moment and then burst into laughter. “If that’s the case, I’ll leave everything to you!”

“Meatball! Don’t show mercy, or I’ll roast you sooner or later!” Little Fire grinned. Meatball turned around and glared at Little Fire angrily in dissatisfaction. Then, it grunted and wiggled its butt as its body flashed, turning into a black shadow. Lan Yi couldn’t help but heave a sigh of relief, but Er Lei was full of doubts. “Can it really resist the intruders?”

!!

“Haha, don’t underestimate that meatball. How about letting it bite you?” What Little Fire said made Er Lei frown. Yaoyao was a bit unhappy. “Stop talking! The most important thing is to help Xiao Feng break through!”

“That’s right. We can only help Master cross this threshold faster right now!” Lan Yi calmed his mind. Little Fire and Er Lei also nodded. The four contracted Magic Beasts focused carefully and the elemental ribbons slowly connected to Yun Feng’s five-color wheel from four directions. This time, they were going to help Yun Feng break through to the God Level!

“Eldest Senior Brother, the level of this space blockade is very high. We can’t open it!” The few young people looked at the stable space blockade in front of them in frustration. They had already attacked together a few times, but there wasn’t a crack in the space blockade at all. The few of them were at the King Level. Even if this space blockade were at the Emperor Level, they should’ve been able to shake it!

The passion in the eyes of the oldest young man became deeper. “This space blockade might not be at the Emperor Level, but the God Level!”

“God!” The other few young people all turned pale after hearing that. “Senior Brother, we should go back quickly... If this is really the territory of a God-Level Magic Beast, if it comes back and finds us, wouldn’t we...” Three of them wanted to give up. After all, they were at the God Level. They wouldn’t be able to escape at all if they encountered them!

“You cowards! Useless! So what if it’s at the God Level? It’s not at home! If it’s really at the God Level, whatever the Magic Beast protects so meticulously must be some impressive treasure, right, Eldest Senior Brother?” The girl, who had been talking a lot, said loudly. The oldest young man nodded. The talkative girl glanced at the three people who said they were going back just then. “If you want to go back, go back as soon as possible! You cowards!”

The faces of the three young people all flushed. They were indeed afraid, but they couldn't go back first. This was the forbidden land of the Innocent Forest. Their safety was better guaranteed as a group. If they left first, they might encounter something that would kill them here!

"Alright, we can't split up. This place is full of dangers. We have to do things together, understand?" said the oldest young man. The others immediately replied respectfully, "Senior Brother, what can we do if we can't break this space blockade? Do we really have to go back?"

The oldest young man chuckled. "We can only say that we're quite lucky. The few elders specially gave me something before we left. It's useful now." The oldest young man flipped his wrist and a few talismans appeared. The other young people were all delighted when they saw them!

"That's great. I don't believe that this space blockade can't be opened with this!" The talkative girl looked at the oldest young man in admiration. Under everyone's gaze, the oldest young man smiled indifferently. He twisted his wrist and picked up one of the talismans, sticking it in his palm. He activated his fighting energy and a fierce fighting energy shot out of the talisman, hitting the space blockade in front of him!

"Buzz..." The space shook violently, but the spatial blockade didn't break at all!

The other young people couldn't help but feel a bit disappointed. The oldest young man looked at the space blockade in front of him in shock. This talisman contained the power of the Third Elder. An attack at the Emperor Level didn't have any effect on the space blockade at all! The oldest young man couldn't help but frown. It seemed that this was very likely the territory of a God-Level Magic Beast!

Looking at the cave close at hand, a burning passion rose in the heart of the oldest young man. He stuck the three talismans in his hand and the three fierce fighting energy hit the space blockade together!

"Crack!" The space blockade finally reacted under the joint attack. The oldest young man was delighted in his mind and the other young people couldn't help but feel a bit restless. The space blockade was finally broken! As long as there was a crack in the space blockade, even a tiny gap would cause the entire blockade to collapse. The space blockade completely shattered and the space shook slightly. The oldest young man took a step forward tentatively. It was indeed broken!

"Eldest Senior Brother, you're really capable!" The girl, who was very talkative, immediately walked over and said extremely happily. The other young people couldn't help but curl their lips secretly and mutter in their minds. What a flatterer!

The oldest young man chuckled. "It's not my ability. It's because the few elders are extraordinarily strong that we can break the space blockade." Even though the oldest young man said so, he was more or less a bit anxious in his mind. The space blockade could only be broken with the combined attack of the three elders, which showed the strength of the space blockade. Once this Magic Beast came back, they wouldn't be able to fight back.

"Go to the cave and investigate quickly. We have to leave before that Magic Beast comes back!" The oldest young man gave an order and this small group quickly walked towards the cave. The girl who talked too much just then suddenly shouted, "There's something there!"

Everyone immediately stopped and observed their surroundings closely. The oldest young man's fighting energy surged as he stared at a certain spot. While everyone was nervous, a round little body slowly walked out.

"What's that? It's so cute!" The talkative girl couldn't control herself at all when she saw Meatball's cute appearance. She immediately rushed over and reached out to grab Meatball. A trace of disgust flashed through its grape-like black eyes. Meatball's body flashed and dodged the girl's hand.

Chapter 1322 God Yun Feng (2)

"Nana, nana!" Meatball raised its little head and spoke to the people in front of it. However, its appearance and language didn't have any deterrent power at all. Everyone was curious about what this was. How could it be so round?

"Little thing, why are you hiding? And what are you talking about?" The talkative girl smiled with her eyes curved. She approached Meatball and put on what she thought was the sweetest smile. She was about to reach her hand out again. "Be a good boy, okay?"

Meatball suddenly swept its tail. Seeing that Meatball didn't dodge this time, the girl immediately looked extremely happy. She wanted to seize the opportunity to grab Meatball's chubby body, but she didn't expect that what greeted her was bone-piercing pain. "Ah..." The girl suddenly cried out in shock. She immediately covered her wrist with her hand and stepped back in fear. The other young people didn't understand what was going on at first, but when they saw the girl's arm that had a piece of flesh torn off fiercely, they were suddenly shocked!

"Eldest Senior Brother..." The girl cried like a mess and there was fear in her eyes. Meatball, who looked cute on the outside, slowly retracted its teeth and threw the torn flesh to the side very viciously. Its chubby little body stood there steadily. At this moment, there was a faint fear rising from the bottom of everyone's heart.

The oldest young man looked at his bloody arm and immediately looked nervous. "We didn't mean to offend you."

Meatball looked at him coldly. "Nana, nana."

The oldest young man looked at the cave a bit reluctantly. What exactly was this thing? It didn't seem to have any attacking power at all, but it was so cruel when it attacked. It directly tore off a piece of flesh! Were they going to retreat just like that? They finally broke the space blockade with difficulty. The cave was right in front of their eyes. If they retreated just like that, they would be wasting the opportunity they had to come here!

"Eldest Senior Brother, do you still have more talismans?" Someone asked softly. The oldest young man nodded, but there weren't many left. There were only two left.

"Senior Brother... Kill that animal. How dare it bite me..." The talkative girl glared at Meatball furiously, but after seeing Meatball's cold gaze, her body shivered and she hid behind the young man.

Meatball didn't move, and these young people didn't dare to do anything either. Blood was still dripping on the ground. Everyone was a bit flustered in their minds. The oldest young man couldn't beat the heat

in his heart, and a talisman appeared in his hand! He didn't believe that the elder's attack wouldn't be able to take it down!

"Boom—" A stream of fighting energy suddenly shot out of his palm and went straight for Meatball! Disdain and ridicule flashed through Meatball's big black eyes. Seeing that Meatball didn't dodge, the oldest young man thought it was frightened. Joy couldn't help but surge on his face. He immediately raised his leg and walked towards the cave, but a black shadow suddenly came from the dust!

"Eldest Senior Brother, be careful!" The young people behind immediately shouted. The oldest young man instinctively retreated quickly, but a wave of pain still came from his cheek and a wound appeared! The oldest young man's pupils shrank. Meatball's round body was floating in the air and its big eyes were full of anger.

At this moment, a strong aura fluctuation suddenly surged out of the cave and pounced on them like a tide! Meatball's big eyes were full of joy. It turned its little head around and looked in the direction of the cave in surprise. The aura became more and more violent, raging like a surging wave! More and more pressure formed in the space, pressing these young people until they couldn't breathe at all!

Oh no! The oldest young man felt this pressure and already knew vaguely that there was something in the cave. That Magic Beast had never left at all and was still in the cave!

"Let's go!" The oldest young man shouted. The few young people behind him were slightly stunned. At this moment, the wild waves of aura reached another height. The raging waves suddenly spread out of the cave with an unstoppable pressure and momentum!

The young man's face suddenly turned pale. This aura was so powerful... So terrifying! It was much stronger than the three elders! They shouldn't have come here! It was already too late to run. The aura spread too quickly. The oldest young man took out the last talisman and grabbed the person closest to him. The fighting energy shot out of the talisman abruptly and finally blocked some of the aura. The other auras that came hit the oldest young man. The oldest young man's face turned pale and a few mouthfuls of blood suddenly appeared.

"Nana!" Meatball turned around and shouted happily. The pupils of the oldest young man shrank. This one wasn't hurt at all! That aura didn't cause any damage to it at all! How... How was that possible? The oldest young man looked back. Apart from the one he was protecting, the others had already fallen to the ground under the sweeping aura just then!

The heart of the oldest young man shrank slightly. They were dead. They died in an instant! It was just an aura, just a pressure! It was already so powerful!

"Eldest Senior Brother, let's... Let's go..." The person protected by the oldest young man was the talkative girl who was already so scared that she was shivering. Seeing that the others were instantly killed, her heart was already shaking fiercely. If she had known earlier, they shouldn't have come here. If she had known earlier, they should have bypassed this place far away. If she had known earlier, she shouldn't have stepped into the forbidden land of the Innocent Forest!

The oldest young man gritted his teeth fiercely, but his body was severely injured. It was extremely difficult for him to move even a bit, let alone escape. The oldest young man gritted his teeth. It was his

fault for neglecting his duty this time. If he hadn't decided to search for rare treasures in the cave, he wouldn't be like this right now! He could only die here today!

A figure slowly walked out of the cave. The oldest young man and the girl he was protecting both held their breath. It was here!

"Nana, Fengfeng, na!" Meatball ran over happily and its body had already jumped up. The oldest young man and the talkative girl were stunned when they saw that the person who walked out was Yun Feng, who was about the same age as them!

Yun Feng's face was a bit pale. The commotion these people caused just then more or less disturbed her. If they didn't disturb her, she could've restricted the aura of the God Level just then. It was because of this disturbance that this divine aura spread out. Luckily, Yun Feng retracted it in time

Chapter 1323 God Yun Feng (3)

"Nana." Meatball sat on Yun Feng's shoulder. Seeing that she didn't look good, it was a bit worried. Its chubby body rubbed against Yun Feng gently and its fluffy tail also brushed Yun Feng's cheek. Yun Feng curled up her lips and touched Meatball's body with her finger. She glanced forward with her black eyes and saw those two messy people and the few dead bodies behind them.

Yun Feng frowned slightly. "Are you Huafeng's disciples?"

The oldest young man looked at Yun Feng in shock. Seeing that it was Yun Feng, the talkative girl immediately shouted in shock, "You're Feng Yun of the Juxing School!" Back then, in the friendly contest between the three schools of Juxing, all the disciples of Huafeng remembered a name firmly. Feng Yun! It was also a name that all the disciples of Huafeng gritted their teeth about! If it weren't for her, Huafeng wouldn't have embarrassed himself and become the third!

"Why is Feng Yun of the Juxing School in the Innocent Forest of Huafeng?" The face of the oldest young man darkened and his voice carried a hint of questioning. Yun Feng raised her brows. "The Innocent Forest is your territory? Who said that?" Er Lei walked out from behind Yun Feng and glanced at the two people of Huafeng with a fierce gaze. The oldest young man pursed his lips. "The Innocent Forest belongs to Huafeng."

"Hahaha, what a joke! I want to ask that fatty when the Innocent Forest became the territory of humans!" Little Fire also came out from behind Yun Feng and looked at the two people in front of it furiously. Magic Beasts and humans each had their own territory and there were also places where they overlapped. For example, the Innocent Forest was indeed within the territory of the Huafeng Institute, but it was only a small part. The Innocent Forest was the territory of Magic Beasts. And now, someone shamelessly said that it was the territory of humans. Magic Beasts were already very territorial, so they certainly couldn't make any mistakes about the ownership of the territory.

Lan Yi and Yaoyao also walked out with disgust on their faces. They looked at the two of people of Huafeng. Were humans so greedy? The Innocent Forest belonged to Huafeng? What a joke!

"So, you were the one in the cave just then! Feng Yun, are you hiding here to kill Huafeng's disciple?" The talkative girl raised her voice and said. The oldest young man's face also darkened. Yun Feng chuckled. "Kill Huafeng's disciple? You're not worth my time."

"This is the evidence! The bloody evidence is right here. Do you still want to deny it?" The talkative girl raised her bloody arm and pointed at the few corpses on the ground behind her. She said with righteous indignation, "How are you going to explain for Juxing this time?"

Yun Feng raised her brows and looked at the wound on the woman's arm. She knew that Meatball must have caused it, and the few people who fell behind her must've been killed by the uncontrollable aura of the breakthrough just then. "Meatball doesn't like others to get close to it. You asked for it when you were injured. As for them..." Yun Feng's tone was slightly heavy. Lan Yi said on the side, "If you didn't cause trouble recklessly, Master would've been able to restrain that aura. After all, you only have yourselves to blame."

"What did you say? We only have ourselves to blame?!" The girl was so angry that her face turned red. Knowing that it was Yun Feng, she was inexplicably not afraid anymore. In her eyes, Yun Feng was still the student who represented Juxing in the competition back then. Since she was a student, she certainly had to be disciplined by the elders of Juxing and Juxing must be responsible for this! However, Yun Feng was no longer what she used to be. She had already broken through the level of a God. Even the three elders of Huafeng had to look up to her!

"You planted the seed yourself, so you certainly have to taste the fruit," said Yun Feng coldly. "I did this myself. It has nothing to do with Juxing. If the three elders of Huafeng have any objections, just come to me."

The talkative girl of Huafeng still wanted to say something, but the oldest young man gave her a look. "Even though you say so, it depends on what the three elders think. Do you think Juxing can get away with what you said?"

Yun Feng sneered. "If the three elders of Huafeng insist on making things difficult for Juxing, I certainly won't stand by and do nothing."

The oldest young man's face darkened. He pursed his lips and left with the talkative girl without saying anything. After the two of them left, Little Fire glanced at the few corpses on the ground extremely viciously. "You ran so far without strength. You deserved to die."

The corners of Yun Feng's mouth curled up slightly. She had no intention of apologizing to these dead Huafeng disciples at all. "Master, do you still feel uncomfortable?" asked Lan Yi. There was only worry in his blue eyes. Yun Feng shook her head. "It's fine. I was just disturbed a bit. I'll recover slowly."

"Haha, but you've finally reached the God Level!" Little Fire laughed happily. Yaoyao also nodded happily and held Yun Feng's hand with her little hand. The cold water element slowly flowed into Yun Feng's body. "Xiao Feng, get better quickly."

Yun Feng nodded with a smile. She didn't see her self-proclaimed father when she came out this time. Logically speaking, he shouldn't have left. Just as she thought of this, two auras had already returned in a hurry, "My daughter!" Zhan Li called out anxiously as he rushed over. Seeing that Yun Feng was safe and sound, but her face was slightly pale, he was suddenly relieved. The round fatty behind him was out of breath, but when he glanced at Er Lei, he immediately rolled over.

"My lord, you're out!"

Er Lei rolled his eyes in disgust and kicked the round fatty away. The round fatty crawled back perseveringly and kept chuckling. "How is it? Are you alright?" Even though Yun Feng had already successfully reached the God Level, Zhan Li was afraid that there would be any trouble. Especially when he saw the pile of corpses on the ground, he was enraged! "These brats ran in!"

"Father, I'm fine. I just didn't retract my last aura." Yun Feng smiled gently. Zhan Li stared at her carefully a few more times before he was relieved. "Humph! These brats reaped what they sowed!"

"Right, the fatty, whose territory exactly is this Innocent Forest?" Little Fire said lazily. The fatty, who was flattering Er Lei, suddenly looked fierce. "Of course, it's the territory of Magic Beasts."

"Are you sure? However, the two people who survived just then said that the Innocent Forest belongs to Huafeng."

The round fatty immediately narrowed his little eyes and beams of viciousness appeared. "It seems that I was too polite to Huafeng..." The round fatty immediately straightened his body. "The Magic Beasts under my command, listen up! If any disciple of Huafeng breaks in again, kill them all!" His sharp voice spread out and the wild roars of a few Magic Beasts immediately sounded. The viciousness on the round fatty's face became even more intense. "Humans are truly stupid to dare to fight with the Magic Beasts for their territory!"

Chapter 1324 God Yun Feng (4)

Zhan Li and Yun Feng both glanced at the round fatty, who immediately put on a smile. "Except for the two of you, except for you... The two of you won't do anything to steal territory. Hehehehe."

"You can get lost now," said Er Lei gloomily. The round fatty immediately nodded. "Yes, yes, yes. I'll get lost right now, right now!" The round fatty immediately rolled to the side quickly and disappeared. Zhan Li patted Yun Feng's shoulder with a smile. "You're indeed my daughter."

Yun Feng smiled. Breaking through to the God Level in two years was a bit slower than she thought. Besides, there was a small accident at the last moment. She needed some time to consolidate her strength right now. It wasn't suitable for her to continue cultivating. There were still three years... She must make another breakthrough in the God Level!

"Master, do we still have to stay in the Innocent Forest?" asked Lan Yi. Yun Feng thought for a moment. "I still have to stay here for a few days to consolidate my strength."

!!

The four contracted Magic Beasts also nodded. The most important thing was indeed to consolidate her strength. Zhan Li blamed himself. "If I hadn't left... Ah!"

"Father, don't blame yourself. I already said it's fine." Yun Feng smiled gently. "What's your plan next? If you have anything to do, you can go first."

Zhan Li burst into laughter. "Of course I have something to do, but we'll talk about it after you consolidate your strength. This time, I won't let anything happen!"

Yun Feng's heart felt warm. Zhan Li rubbed the top of Yun Feng's head behind him. "I'll go back during the advancement of forces. I want to see how my daughter shines and surprises those people. Haha!"

Yun Feng looked up. "If the Yun family becomes the first-rate family, they won't show mercy to the Shentu family."

Zhan Li was stunned for a moment. Then, he chuckled softly. "You forgot? My name is Zhan Li. I have nothing to do with the Shentu family."

Yun Feng's black eyes glittered and she nodded. "Yes, got it."

Zhan Li rubbed the top of Yun Feng's head again. "Alright, I'll walk around. With the four of them here, I'll be at ease." Zhan Li turned around and left after saying that. The four contracted Magic Beasts looked at Zhan Li. "Master, can he really let the Shentu family go?" Lan Yi was a bit confused. Little Fire narrowed its wolf eyes slightly. "Don't let him bite back at the last moment."

Yun Feng shook her head. "No, because he's Zhan Li. Once his heart dies, he will never go back."

The four contracted Magic Beasts all looked like they were deep in thought. Yun Feng stretched her arms. She would spend some time consolidating her strength as a God. After she entered the God Level, the Dragon Palace would also need further refining. There was something more important! A glint of darkness flashed through her black eyes. Yun Feng twisted her wrist gently and the jade pendant left by her master appeared. Yun Feng caressed the jade pendant gently with her finger. Master, can I see you again?

Yun Feng entered the cave again and looked at the jade pendant that was already a bit warm in her hand. She was slightly excited in her mind. The four contracted Magic Beasts were guarding her outside to prevent anyone ignorant from coming to her door. Meatball was also outside. It jumped on Little Fire's head as usual and even seemed to mock Little Fire's "chicken wings", which made Little Fire very irritable. It wanted to spout fire, but Meatball was sitting on its head. Little Fire could only stomp its feet in anger and couldn't do anything to Meatball.

The interaction between Little Fire and Meatball made the other few beasts very happy, while Yun Feng, who was in the cave, held her breath and focused. The last time she saw her master was when she broke through to the Lord Level, and it was also when she received her master's last gift. However, this last gift helped her a lot in the future, especially when she fought with a Grade-6 God. If it weren't for the power of her master's talisman, she might have already been taken away.

When she was at the King Level and the Emperor Level, Yun Feng had tested this jade pendant, but there was obviously a resistance in the jade pendant, which meant that she still hadn't satisfied her master's request. However, she was already at the God Level now. This jade pendant should be able to be opened again!

Yun Feng took a deep breath and infused her aura of a God into the jade pendant. Her black eyes brightened. The resistance she had when she tested it just then was already gone! After the jade pendant received Yun Feng's aura of a God, it suddenly emitted a glimmer. Yun Feng's entire mind was also pulled into the jade pendant in an instant!

"Successor, we meet again." An old and familiar voice sounded again. Yun Feng's heart trembled fiercely. She looked at the afterimage floating above this space with her black eyes and knelt on the ground with a dull sound. Even though this was just an afterimage, Yun Feng had incomparable respect in her mind!

“Master.” Yun Feng said as she looked at the afterimage. The afterimage slowly turned around expressionlessly. He was just an afterimage.

“The fact that you can open the jade pendant again proves that you’ve already reached the God Level. I don’t know how long it took you, but I have to congratulate you. You’ve finally taken a successful step.” The old man’s voice was serious and rigid. Yun Feng knelt on the ground and listened quietly.

“Since you’ve already reached the God Level, you didn’t let me down. You can know where I am now.”

“Bang, bang!” Yun Feng’s heart suddenly trembled and her breath couldn’t help but tighten. She stared at that afterimage with her black eyes. She could finally know where her master was!

The afterimage stood in the air silently for a while. There was finally a trace of change on his originally stiff face. Then, there was a gentle sigh. Yun Feng could imagine how her master felt at that time. The helplessness and anger of the supreme powerhouse being trapped all turned into this sigh.

“Successor, let me ask you one last time. You’ve come this far. Do you really want to save me? You must know that the place I’m trapped in is full of danger. Even if you’re a God Level expert right now, you may still become a lonely soul here. If you don’t want to take this step, I won’t blame you.”

“Master, even if I become a lonely soul, I’ll definitely save you!” Yun Feng knew that her master couldn’t hear what she said, but she still had to say it. Even though she had never really met her master and her master didn’t even know that she was his disciple, her master had helped her a lot along the way. How many times had he saved Yun Feng from danger? Just because of this favor, Yun Feng would definitely go back even if they weren’t master and disciple!

Chapter 1325 Fifth Level of the Dragon Palace (1)

The afterimage was silent in the air for a while. Suddenly, an aura was thrown out of the afterimage and instantly stuck to Yun Feng’s body. A huge pressure came from this aura. Yun Feng only felt that it was extremely difficult to breathe. Her master’s old voice sounded in her ears. “Since you chose to take this step, I’ll use my last power to let us meet, so that I can see what you look like.”

“Swish...” Yun Feng only felt that her body was instantly dragged away by a powerful force and she quickly disappeared somewhere in this space. Her eyes were black and her body was dragged forward quickly by an invisible force. Even though it had only been a dozen seconds, Yun Feng felt that she had crossed thousands of miles!

Yun Feng didn’t know where she was going, but her consciousness was unusually relaxed. Her master wouldn’t hurt her. She completely believed in this old man she had never seen before! When the dragging force disappeared, Yun Feng looked around. The scenery around her was extremely blurry, so she couldn’t see where she was at all. She could only vaguely recognize that this seemed to be a prison cell.

“Heir, you’re here.” A familiar voice sounded. Yun Feng suddenly raised her head. There were still some glimmers in the blurry scene. The voice was coming from that direction! Yun Feng’s consciousness suddenly moved forward towards the light. The moment she stepped into the light, an old man restrained by an iron ring appeared in front of her eyes. His silver hair was glittering and he had a thin face. Even though his facial features were full of the vicissitudes of life, his eyes were extremely sharp.

The two of them were both shocked when they met. Yun Feng didn't expect her master to be tied up like this. The old man in front of her was shocked that Yun Feng was so young and looked like this.

"Master!" Yun Feng called out and was about to step forward, wanting to undo the restraints on the old man's body, but the old man smiled lightly. "Kid, you're just a consciousness that came here. You don't have the ability to save me at all." The old man looked at Yun Feng with interest. "I can't believe someone really came after so long. I can't believe you're such a young girl." The old man chuckled. "Kid, your name."

Yun Feng suddenly knelt on both knees. The old man was stunned. Yun Feng looked at the old man in front of her with her black eyes. She bent her back and lowered her head, hitting the ground heavily! "Master, I'm late."

The old man's black eyes glittered. He didn't say anything, but watched Yun Feng kowtow three times respectfully. After Yun Feng kowtowed, the old man chuckled softly. "Yun Feng... Yun... You're a descendant of the Yun family. I wonder how the Yun family is doing."

"Master, you sound like you know someone from the Yun family?"

The old man smiled again. "Of course I do. It seems that I deserve to have you as my disciple now."

Deserve? How should this be explained? Master must have had a lot of dealings with the ancestors of the Yun family, or he wouldn't have sounded so familiar. However, the most important thing right now was to find out where Master was! "Master, I can't see the surrounding scenery at all. Where are you? I'll save you right away!"

The old man looked at Yun Feng deeply with his black eyes. "It's good that you have this intention, but I'm afraid it won't work if you think you can save me after becoming a God-Level powerhouse."

Yun Feng's heart tightened. Even a God-Level expert couldn't do it. Where exactly was Master trapped? The old man became serious and his voice also became a bit serious. "Yun Feng, do you know the Beast Region?"

Yun Feng was stunned. The Beast Region? "I don't know."

"There are very few people who know about the Beast Region. Back then, I only found out about this place after searching everywhere. However, I overestimated my ability at that time and took this wrong step in the end." The old man's expression darkened. "The Beast Region is the territory of Magic Beasts. There are only Magic Beasts here and there's no trace of humans at all."

There was no trace of humans at all in the territory of Magic Beasts, which meant that it was a pure world of Magic Beasts. Back then, Master seemed to be trapped there by accident to search for the traces of the Fantastical Beast. Master spent so much effort to find out where the Fantastical Beast was. Was it here... in the Beast Region?

"You should have guessed it. That's right. There are indeed Fantastical Beasts in the Beast Region, but my reckless intrusion ended up like this." The old man curled his lips in self-mockery. "Kid, don't be like me. Don't think you're omnipotent just because you've reached a certain height. There's no way to find out everything in this world."

Yun Feng had a deep understanding of this. There were too many secrets hidden on this continent. The Endless Ocean alone stretched for thousands of miles, and the Ten Thousand Beast Mountain Range... The Innocent Forest and the Foggy Forest she had been to were only a small part of the Magic Beast Mountain Range! And the Beast Region. How would humans know such a place?

“Master, how can I reach the Beast Region?”

The old man glanced at Yun Feng solemnly. “The entrance to the Beast Region is in the Ten Thousand Beast Mountain Range, but you’ll only get yourself killed if you come here with your strength of the God Level.”

The Ten Thousand Beast Mountain Range... The Ten Thousand Beast Mountain Range was inhabited by Magic Beasts and the Beast Region was the domain of Magic Beasts. It was natural for the entrance to be there. But would she really die if she went there... Yun Feng was silent. Even if she could enter the Beast Region right now, she wouldn’t have the ability to save her master. If she died in the Beast Region, she would let down her master’s hope and waste the hardships she had along the way!

“I won’t go there recklessly. I won’t go there until I’m fully prepared. Once I go there, I’ll definitely save Master!”

“Yes, not bad. If you’re someone who’s reckless and doesn’t see your strength clearly, my efforts will be in vain. I’m not afraid of waiting. I’ve been waiting here for a long time.” The old man chuckled and looked at Yun Feng with admiration. “Are all the descendants of the Yun family like you?”

Yun Feng smiled lightly. “The descendants of the Yun family are all outstanding people!”

The old man chuckled. “Which level of the Dragon Palace have you refined?”

“Fourth level.”

The old man nodded. “You can refine another level at the God Level. Yao Guang. You should’ve seen him a long time ago.”

“Senior Yao Guang has already shown up when I first entered the Dragon Palace, but he has a weird personality.” After Yun Feng said that, the old man smiled. “He’s indeed a bit weird. Where’s that guy? Did it show up?”

Chapter 1326 Fifth Level of the Dragon Palace (2)

That guy? Yun Feng was suspicious. Was he talking about the voice that appeared with Yao Guang? “No, I’ve only seen Senior Yao Guang.”

The old man raised the corners of his mouth. “It still has the same temper, but fine. It was like that when I had the Dragon Palace. You’re already at the God Level now. You must have explored a lot of places. Have you been to the Endless Ocean?”

“Yes. The water-element Magic Beast I contracted is the merfolk of the Endless Ocean.”

“The merfolk? They’re too weak,” said the old man. Yun Feng couldn’t help but smile wryly. There weren’t many Magic Beasts that her master liked. “If you have the chance, go to the Endless Ocean. You’ll get a lot.”

Yun Feng nodded. She had the same thought in her mind. The map fragment of the Yun family was also related to the Endless Ocean. There were many things left by powerhouses in the Endless Ocean. If she had the chance, she would definitely explore them. Now that she had already reached the level of a God, she could certainly go deeper into the Endless Ocean.

“What are your contracted Magic Beasts? Tell me.”

Yun Feng suddenly became a bit nervous in her mind. Her master was also a summoner. The Magic Beasts she contracted might be the best in the eyes of others, but they might not be anything in the eyes of her master. “The fire-element Magic Beast is a Mutated Fire Cloud Wolf with dark elements. The wind-element is the griffin in the Dragon Palace. The water-element is a mermaid. As for the lightning-element... I don’t know its species.”

“You don’t know?” The old man raised his brows. Yun Feng nodded. “He’s been in human form since I met him, but he said he’s a dragon. I’ve seen his original form. He’s far from the original form of a dragon.”

The old man raised his brows with interest. “All in all, the few beasts you contracted are not bad, but the lightning-element one insists on saying that it’s a dragon, even though it’s far from a dragon... If there’s a chance, let me meet it. I’m very interested.”

“I’ll certainly show you, Master. There’s another one... I’ve already contracted it, but I don’t have a Ring of Contract.”

“No Ring of Contract? Kid, the Ring of Contract will appear when you contract with it. Has the rule of contract changed over time?”

Yun Feng shook her head. “No, this is just an exception. Master, have you heard of the name Na Xie?”

The old man was puzzled. “Na Xie... That’s a good name, but I’ve never heard of it. This name seems to have appeared among Fantastical Beasts.”

Master didn’t know what Na Xie was, but the Fantastical Beasts knew the name. It seemed that Meatball should be a rather powerful existence in the world of Magic Beasts. Yun Feng still had a lot to say, but the image of the old man in front of her gradually became blurry. The old man chuckled. “The power I left in that jade pendant has reached the end. The next time we meet will be in the Beast Region.”

Her consciousness was being pulled back by a force. Yun Feng knew that her consciousness was about to be extracted. The old man in front of her put on a gratified smile. “I’m very happy to have you as my disciple. Yun Feng, I haven’t told you my name yet. I don’t want my disciple to not know my name. My name is Feng Qingxuan.”

“Swish...”

Her consciousness was pulled back forcefully and directly ejected from the jade pendant. Yun Feng opened her black eyes and the jade pendant in her hand also shattered! The last bit of her master’s strength surged in and the jade pendant shattered. Yun Feng looked at the pieces in her hand with her black eyes. Feng Qingxuan, Feng Qingxuan. That was her master’s name. Yun Feng couldn’t help but

smile. Feng Yun, her fake name, had the same surname as her master. Was it a coincidence? However, it was great to know her master's name!

The jade pendant left by her master had already shattered. She wouldn't be able to see her master no matter how she improved in the future. The next time they met, as her master said, they would be in the Beast Region. Those at the God Level would only die there. It seemed that she still had a way to go. She promised her master that she wouldn't let him down once she went there!

Now that she knew where her master was and how to go to the Beast Region, Yun Feng was more or less relieved in her mind. What she had to do next was to continue refining the Dragon Palace. Her master said just then that she could refine the fifth level at the God Level!

The dragon-shaped jade pendant appeared in her hand. Yun Feng took a deep breath and loosened her hand. The dragon-shaped jade pendant floated in front of her and she slowly closed her black eyes. The aura of a God slowly enveloped the dragon-shaped jade pendant. The fifth level of refinement began!

Yun Feng's aura of a God slowly seeped into the dragon-shaped jade pendant. A long sigh came from a corner of the Dragon Palace. "I can't believe this girl has already reached the level of a God."

Yao Guang, who had been resting with his eyes closed, opened his eyes and replied lazily, "Why are you in such a hurry? She'll refine your level sooner or later."

The ancient voice chuckled and the sound of a huge body moving slightly came. "The bloodline of the Yun family is indeed different..."

Yao Guang's gray eyes glittered. "I can't be bothered with you. If you wake me up again, I won't hold back."

The voice that was filled with the vicissitudes of life chuckled and didn't say anything else. The Dragon Palace fell into silence again.

The Huafeng School had been shrouded in dark clouds these days. The Huafeng disciples who went out for training this time suffered heavy casualties. The three elders of Huafeng all looked gloomy and didn't understand the situation. In the past, there were also cases where disciples accidentally entered the forbidden forest during the training, but most of them were safe and sound. After all, there was an agreement between the Innocent Forest and Huafeng. However, it was different this time. All the disciples who entered the Innocent Forest had been eliminated. Not even half of them came back from the training this time!

So many Huafeng disciples died in the Innocent Forest. Everyone in the Huafeng School was anxious. When the three elders of Huafeng wanted to enter the Innocent Forest for discussion, two disciples brought back shocking news. Feng Yun of the Juxing School had appeared in the Innocent Forest! And she even killed some Huafeng disciples!

The news was extremely shocking and immediately spread crazily in the Huafeng School. The three elders of Huafeng, especially Feng Lin, looked much gloomier. He was the only person who had directly interacted with Yun Feng. Last time, Yun Feng's threat was still in his ears. And now, she appeared in such a sensitive place! What were the students of Juxing doing here, especially in the Innocent Forest?

She even killed someone from Huafeng! What was the meaning of Yun Feng? Was it the idea of those people from Juxing?

Chapter 1327 Fifth Level of the Dragon Palace (3)

The situation became inexplicably complicated. The two people who came back with the news were the oldest young man and the talkative girl from that day. Huafeng's group had only themselves to blame. However, they claimed that Yun Feng killed someone on purpose and they were very innocent. Besides, the talkative girl even showed people the wound on her arm and exaggerated the scene at that time. In short, Yun Feng wouldn't be able to clear her name even if she jumped into the Yellow River.

What was even more ridiculous was that someone spoke first and the Juxing School was also dragged in. In the end, everyone in Huafeng thought that Juxing instructed Yun Feng to do all this. As for the purpose, they certainly had to ask Juxing clearly. And those Huafeng disciples who died miserably in the Innocent Forest must be related to Yun Feng! She had killed some people, so she would certainly kill more people!

The three elders of Huafeng were in an awkward situation at the moment, especially Feng Lin. He certainly knew that Yun Feng wasn't easy to deal with. There must be something wrong with this matter, but so many people had died right now. Everyone's emotions were in a state where they had to vent. They all shouted that they wanted Juxing to step up and let Juxing and Yun Feng be responsible for everything! If the three elders of Huafeng didn't do anything, everybody in Huafeng would definitely feel cold. However, the three elders of Huafeng couldn't do anything easily, so they were stuck there in embarrassment.

The three elders of Huafeng certainly didn't do anything, not because they were afraid of Juxing. There was only one person they were worried about, and that was Yun Feng! Since Yun Feng appeared in the Innocent Forest, if Huafeng attacked at this moment, Yun Feng would definitely fight back. If Yun Feng's anger was provoked, Huafeng probably wouldn't be able to bear it either. After all, she was a summoner, and a summoner of so many elements. If she became completely angry, Huafeng might very well be razed to the ground by her!

!!

The three elders of Huafeng tried their best to comfort Huafeng and the others, but they were also waiting to verify something. After waiting for three months, the three elders of Huafeng found that Yun Feng hadn't returned to the Juxing School. After three months, Yun Feng definitely wouldn't stay in the Innocent Forest anymore. Such a guess made the three elders heave a sigh of relief. Since Yun Feng wasn't here, everything would be easy. Even though they didn't know the inside story very well, it was absolutely true that Yun Feng killed Huafeng disciples and the place where she appeared was indeed suspicious. Just these few points were enough to cause trouble for Juxing!

Ever since the three academies' meeting last time, the three elders of Huafeng had been holding back their anger, especially Feng Lin. Huafeng was most furious with Juxing. This time, Huafeng certainly wouldn't let go of the opportunity to cause trouble for Juxing. This time, the three elders of Huafeng planned to go there in person and demand an explanation from Juxing, or else... Hm! The oldest young man and the talkative girl would also go. These two people were ironclad witnesses. Even if the five elders of Juxing said anything, they wouldn't be able to refute the truth!

The three elders of Huafeng set off valiantly and spiritedly all the way. The anger of everyone in Huafeng found an outlet. They all shouted slogans like asking Juxing to pay with their blood! These things naturally spread to the Innocent Forest. The fatty's behavior hurt Juxing. He didn't care about this. What he cared about was Huafeng's greed and shamelessness. They dared to shamelessly say that the territory of the Magic Beasts was theirs!

The four contracted Magic Beasts also heard the same news. "Should we tell Xiao Feng?" asked Yaoyao. Er Lei said on the side, "Why should we tell Yun Feng? Do you have nothing else to do?"

Lan Yi shook his head. "Let's wait for Master to come out first. Huafeng wouldn't dare to attack Juxing easily. How can Juxing be so easily bullied?"

Little Fire yawned lazily on the side. Meatball also yawned on its head. Their movements were the same. "Humans are truly endless. Those two people shouldn't have been let go back then. It was right to burn them all to ashes! Otherwise, they wouldn't have defamed Master like this!"

Meatball nodded. "Nana, nana!"

"That's right! We shouldn't have let any of them go!" Little Fire said rather fiercely. Lan Yi raised the corners of his mouth helplessly. "Who knows that they would distort the truth? Those two are indeed shameless."

"That's right. It's their own fault, but they said Xiao Feng killed them. How despicable!" Yaoyao puffed up her little face angrily and was indignant. Lan Yi touched Yaoyao's little head. "I hope Master can come out as soon as possible. This way, Juxing will be safe. After all, the people Master cares about are still there."

In the cave, Yun Feng was focusing on refining the fifth level of the Dragon Palace. The process of refining the fifth level was much more difficult than she thought and the time it took was also beyond her imagination. However, there was no reason to stop once it started. A few months had already passed and Yun Feng was still refining persistently. At this moment, the fifth level of the Dragon Palace finally showed obvious loosening. Yun Feng was delighted in her mind. It seemed that the completion of the refinement of the fifth level would be today!

The aura of the God-Level expert continued to envelop her. As the God-Level aura kept trespassing, Yun Feng clearly heard the sound of the giant door opening. The fifth level had successfully opened! She suddenly opened her black eyes and the dragon-shaped jade pendant landed steadily in Yun Feng's hand from the sky. Yun Feng closed her eyes and immediately entered the fifth level. There were three Teleportation Arrays on the fourth level. What would there be on the fifth level?

After entering the fifth level, Yun Feng saw a mid-sized space. Nothing existed in this space, except for the huge and complicated totem pattern in the center of the ground. Yun Feng looked at the huge totem pattern in the center of the ground with her black eyes and couldn't help but narrow her black eyes slightly. In the center of the totem pattern was a giant dragon circling and soaring!

The totem pattern of the dragons? Yun Feng stood next to the pattern. This giant dragon was engraved vividly. At first glance, it was very likely that people would think it was real. Even though it was a totem, the power and domineeringness of the Dragons didn't reduce at all. Just looking at it made people imagine how powerful the Dragons were!

Was it a dragon contracted by her master? This thought flashed through Yun Feng's mind. It wasn't strange for the totem pattern of the Dragons to appear in the Dragon Palace, but what exactly did these totem patterns represent? Was it a seal or something... Yun Feng took out her black jade pendant and flipped it to the back. The skeleton dragon looked very ferocious. Yun Feng secretly compared the two of them and was certain that they were completely different. There were blood and flesh on the ground and the dragon looked too righteous and majestic, but the one on the black jade pendant was very evil.

Chapter 1328 Fifth Level of the Dragon Palace (4)

Ever since Qu Lanyi told her last time, Yun Feng had never worn the jade pendant close to her body again. She touched it carefully with her finger and a slightly cold temperature came from the jade pendant. Some light elements flowed through the dark jade pendant, warming Yun Feng's finger.

Lanyi... Yun Feng whispered in her mind. This warm light element was left by Qu Lanyi. Yun Feng gently closed her black eyes and felt it, as if he was still next to her. His warm hand gently caressed her cheek...

Yun Feng's red lips curled up slightly as she put away the black jade pendant. She calmed herself down and suppressed the name she missed at the bottom of her heart. She didn't know what use the totem pattern on the fifth level had for the time being. The fifth level had already opened and the refinement of the Dragon Palace had come to an end. It was time for her to go out.

Yun Feng had already come out of the Dragon Palace when she opened her black eyes. Looking at the dragon-shaped jade pendant in her hand, Yun Feng was still puzzled about the huge totem pattern on the fifth level in her mind. After thinking carefully for a while, Yun Feng smiled in self-mockery. No matter how she thought right now, it was useless. The totem pattern definitely represented something. She would know when it was time. Yun Feng put away the dragon-shaped jade pendant, got up and walked out of the cave. The four contracted Magic Beasts guarding outside the cave were all delighted to see her come out.

"Master looks good. It seems that her strength has been stabilized," said Lan Yi. Yaoyao ran over and held Yun Feng's hand. After examining her with the water element carefully, a happy smile appeared on her little face. "Xiao Feng has indeed recovered!"

Little Fire was originally lying on the ground. Seeing Yun Feng come out, it suddenly stood up from the ground. Meatball, who was sitting on its head, almost lost its balance and fell. "Master!" Little Fire was certainly delighted in its mind to see Yun Feng safe and sound. Meatball hit Little Fire with its tail angrily and its round body jumped directly onto Yun Feng's shoulder.

"Meatball, how dare you slap me with your tail!" Little Fire's wolf eyes were enraged. Two tiny flames spread out of its pupils and the small wings on both sides of its body also unfolded. Wisps of dark elements slowly flashed through the wings. "Roar..." An extremely unhappy wolf howl came out of Little Fire's mouth. Meatball sat on Yun Feng's shoulder and glanced at Little Fire casually with its big eyes. It instantly turned its little butt around and wiggled at Little Fire provocatively. Little Fire was immediately enraged!

"Meatball, I'll roast you today!"

"Nana, nana!" Meatball turned around with a smile in its big black eyes. Little Fire stared at it firmly. "Don't think I can't do anything to you just because you're with Master!"

“Nana!” Meatball raised its head and shouted. Little Fire roared, “It’s not that I don’t dare!”

“Alright, you two!” Yun Feng shook her head helplessly and picked up Meatball, which was complacent on her shoulder. “You’re bullying Little Fire too much.” Yun Feng was helpless, but Meatball looked at Yun Feng very innocently. Its pitiful and cute look made Yun Feng laugh.

“Why can only this Fire Cloud Wolf understand what it’s saying?” Er Lei on the side finally said after observing for a long time. “It didn’t say anything else except that syllable and your name, Yun Feng.”

“I’m already very happy that Meatball can speak words other than that. Even though I still can’t understand its language, you’re right. Little Fire can understand it.” Yun Feng shook Meatball in her hand. She felt that its round body seemed to be a bit fatter and much heavier.

“You think I want to understand?” Little Fire rolled its eyes. Er Lei frowned. “Why are you the only one who understands?”

“F*ck! How would I know?” Little Fire was extremely angry. “I only understand a little. I won’t understand if it speaks fast!”

Er Lei looked at Meatball in Yun Feng’s hand with a deep gaze. Meatball noticed Er Lei’s probing gaze and turned its little head, meeting Er Lei’s gaze with its big eyes. Er Lei’s body tightened and he suddenly felt a kind of fear in his heart. Er Lei immediately looked away and Meatball finally turned its little head slowly. “Fengfeng.” It called Yun Feng extremely fawningly, looking extremely cute. Yun Feng loosened her hand and Meatball returned to Yun Feng’s shoulder.

Yun Feng touched Meatball’s body gently. “How’s it going in Huafeng?”

The faces of the four contracted Magic Beasts all darkened after hearing that. Yaoyao tightened her grip on Yun Feng’s hand. Yun Feng immediately knew that something had happened. After a while of silence, Lan Yi said, “Something did happen, but Master, you were still in seclusion. We couldn’t disturb you.”

Lan Yi told Yun Feng everything that happened during this period of time in detail. Yun Feng’s face became darker and darker as she listened. When she learned that the three elders of Huafeng were going to Juxing in person, she became completely gloomy.

“Previously, you blamed Wei Yan’s death on me, and now, you’re blaming me for your own disciples’ death. Huafeng, you should have learned your lesson the first time. And now, you dare to do it again!” Yun Feng said as she looked at Er Lei. Er Lei immediately understood and shouted loudly, “Fatty Yuan, get over here!”

After a while, a figure scrambled over. “My lord, my lord! I’m here, I’m here!” The fatty panted and came over with a flattering smile. When he saw Yun Feng come out of seclusion, he couldn’t help but feel startled. “Lord Feng, you... You came out of seclusion...”

Yun Feng smiled coldly. “It’s all thanks to you.”

Fatty Yuan immediately held his breath. “M-Master Feng, w-What’s the meaning of this...”

“You don’t need to know what I mean.” Yun Feng glanced at the fatty. It was not wrong for him to forbid humans from coming here. Besides, he was a Magic Beast. He didn’t care about humans at all. However, he was the one who did it. It had nothing to do with Juxing. The fatty must make this clear!

“You four take him to Juxing first,” said Yun Feng casually. The round fatty’s little eyes immediately widened. “Lord Feng! This won’t do! I can’t leave this place...”

“Are you leaving or not?” Er Lei glanced over and the round fatty shivered. “M-Master, it’s not that I don’t want to. I really can’t leave...”

“You can’t leave? Then if there are no Magic Beasts in the Innocent Forest, can you leave?” Yun Feng’s eyes were cold. The round fatty immediately broke out in cold sweat. She... She... “You can leave now?” Yun Feng raised her brows. The round fatty immediately nodded like he was pounding garlic. “I can, I can!” The round fatty was extremely scared in his mind. He didn’t want to go to the Juxing School at all. He didn’t want to deal with humans at all. Juxing had nothing to do with him. He didn’t want to get involved in the business of humans at all, but he dared not to refuse now.

Chapter 1329 I Like You (1)

“Where’s my foster father?” Yun Feng didn’t see Zhan Li. The fatty immediately said, “I... I’ll find him!”

Yun Feng glanced at the round fatty. “Don’t even think about running. I can find you.”

“Ahem, Master Feng, what are you talking about? How would I dare to run...” The fatty was drenched in cold sweat and his heart was pounding. Er Lei added, “If you dare to run, I’ll be the first to kill you.”

Fatty Yuan was drenched in cold sweat. He smiled awkwardly and immediately disappeared. Yun Feng wasn’t afraid of him running at all. He couldn’t escape. Wouldn’t it be easy for Yun Feng, who was at the God Level, to catch him?

“Take the fatty and my foster father back to Huafeng first later. Just stop them. As for attacking, wait until I get there.”

“Xiao Feng, where are you going?” asked Yaoyao. Yun Feng smiled coldly. “Where am I going? Of course, I’m going to Huafeng to find those two people who splashed dirty water and take them there!”

Zhan Li, the fatty and the four contracted Magic Beasts rushed back to Juxing first. The fatty was held by Er Lei with a reluctant look, but there was nothing he could do. Yun Feng had to go to Huafeng first to find the man and woman back then. Zhan Li burst into laughter. “My daughter, don’t worry. Juxing won’t be damaged at all!”

Yun Feng nodded. With the four contracted Magic Beasts and her foster father here, those three old things of Huafeng weren’t a piece of cake at all. It was just that they might be late. She didn’t know what was going on in Juxing right now. Thinking of this, Yun Feng was still a bit worried. How were her brother and Tianqing?

“My daughter, let’s go!” Zhan Li knew that Yun Feng was worried in her mind, so he didn’t waste any more time. The fatty was lifted into the sky by Er Lei with an extremely resentful look. Er Lei raised his brows. “You don’t want to?”

Fatty Yuan immediately changed his expression and smiled extremely excitedly. “Yes! Yes! My lord, I’m willing to!”

Er Lei grunted coldly. Holding this fatty who didn’t mean what he said, he turned into a shadow and disappeared in the sky. Yun Feng also jumped into the sky and looked at the place where Huafeng was

quite far away with her black eyes. There was coldness in her eyes as her body flashed and she sped away!

After the incident in the Innocent Forest, the students of Huafeng Academy were excited for a long time. After the three elders set off for Juxing in person, the emotions of everyone in Huafeng finally calmed down. They all said at the same time that they wanted the people of Juxing to die. Only then would they be able to avenge the disciples of Huafeng who died miserably in the Innocent Forest. The three elders had already set off for a while. Huafeng was waiting for the good news from the three elders. Every student gnashed their teeth when they talked about Juxing.

“I really wish that Juxing could be destroyed!”

“That’s right! It’ll be great if they’re all dead! Yun Feng murdered the disciples from Huafeng on purpose. I didn’t expect Juxing to be so sinister!”

“The three elders definitely won’t let go of those scumbags from Juxing!”

As soon as Yun Feng entered the Huafeng School, she heard the angry voices everywhere. Even though Yun Feng was angry, she didn’t attack. If Huafeng and the other two elders didn’t hurt anyone from Juxing, it wouldn’t be good for her to attack right now. The aura of a God spread out quietly. Yun Feng knew in her mind that some core disciples of Huafeng seemed to be going to Juxing with the three elders.

“If it weren’t for Senior Sister Lan Yan and Senior Brother Jian Ping, we wouldn’t have known how vicious Juxing is at all. Otherwise, more disciples of Huafeng would die this time!”

“That’s right. Senior Sister Lan Yan and Senior Brother Jian Ping survived a disaster and will definitely be lucky. They’ll definitely be put in an important position by the three elders this time.”

“If it weren’t for them, Huafeng would still be in the dark!”

Yun Feng hid in a corner and heard everything. Lan Yan and Jian Ping? These two people had risen to the top. Now, they were the great heroes of Huafeng. Yun Feng curled her lips coldly. Heroes? They were just two ants!

A gentle breeze drifted away. The few people who spoke didn’t feel that there was someone standing next to them at all just then. Yun Feng’s body flashed through the campus of Huafeng. Huafeng and Juxing should be similar. Since those two people were valued, they should be where the core disciples were. Those two people were injured. Huafeng’s three elders would definitely let them recuperate in peace.

Yun Feng ran all the way to the innermost area of Huafeng. As she guessed, Huafeng was similar to Juxing. The strength of the disciples was also clearly divided. The deeper she went, the stronger they were. Nobody in Huafeng knew that Yun Feng had sneaked in quietly. After all, she was at the God Level. It would be strange if they could detect her.

“Senior Sister Qing Fu, why is Lan Yan so smug? It’s just a piece of news. So many people of Huafeng died. She’s not strong at all and wasn’t liked by the three elders. Now, great, she dares to shout at you!”

Yun Feng was about to move forward when she heard this extremely dissatisfied sentence. She immediately stopped and saw that one of the two young girls was indignant, while the other had a sullen look on her face. The two of them complained as they walked away. Yun Feng looked in the direction they came from. It was a courtyard that wasn't small. She sneered with her red lips. It was truly effortless. Her body flashed forward and she had already flashed into the courtyard. Once she entered, Yun Feng saw Lan Yan sitting in the main hall proudly.

Seeing how proud she was, Yun Feng smiled in disdain. She didn't hide anymore and strode in. Lan Yan sat in the main hall and thought that she had humiliated Qing Fu, who had always been arrogant. She was extremely proud in her mind. She wasn't strong, and she had never thought that she would be able to reach her current status by making things up this time. She was now the benefactor and hero in the eyes of everyone in Huafeng! Thinking of this, Lan Yan couldn't help but chuckle softly.

"Are you happy?" A cold voice came. Lan Yan was stunned. She looked up and almost fell off the chair. "How... How... How did you get in?" Lan Yan immediately got off the chair and looked around in panic, but there was no one.

Seeing how panicked she was, Yun Feng curled her lips coldly. "It seems that I was wrong to let you live last time."

Chapter 1330 I Like You (2)

Lan Yan immediately widened her eyes after hearing that. "Y-You... Eldest Senior Brother! Eldest Senior Brother! Yun Feng is here!" Lan Yan shouted with a pale face. Yun Feng sneered. "You'll see that Eldest Senior Brother soon." She flipped her fair hand and her mental strength turned into a whip that wrapped around Lan Yan's body firmly. Lan Yan was so shocked that she immediately shouted in shock, "Someone! Yun Feng has invaded Huafeng! Someone! Help!"

"How noisy." The mental strength whip immediately lashed fiercely. Lan Yan screamed and her body also trembled fiercely. A bruise appeared on her fair arm. Lan Yan was in so much pain that her teeth were chattering. Looking at the terrifying mark on her arm, her teeth began to tremble.

"Yun Feng, w-what do you want to do..."

Yun Feng didn't say anything. She turned around and walked out. She pulled the mental strength whip gently and Lan Yan's body was immediately dragged to the ground. Yun Feng dragged her outside directly! Lan Yan was dragged forward by invisible mental strength. She wanted to open her mouth and shout for help, but thinking of the pain just then, she didn't dare to make a sound. She could only grit her teeth and look at Yun Feng hatefully. Her entire body was dragged just like that. Her skin had already been cut and she was in a sorry state. Lan Yan shouted for help in her mind, but nobody answered her at all.

!!

"Yun Feng!"

Yun Feng turned her head slightly and her black eyes glittered. Very good. He delivered himself to her door and saved her a lot of effort.

Jian Ping was a disciple who was valued to begin with, and Lan Yan was the one who took this opportunity to climb up. She was arranged to stay in the house next to Jian Ping. Lan Yan's shout just then alarmed Jian Ping, who was not cultivating. As soon as he rushed over, he saw Yun Feng in shock. Jian Ping suddenly gasped. The pain in his body that hadn't recovered made him grit his teeth and take a deep breath.

"Eldest Senior Brother, save me..." Lan Yan immediately said shakily when she saw Jian Ping. Seeing Yun Feng's cold expression and Lan Yan's messy look, Jian Ping more or less understood what Yun Feng meant. "Yun Feng, you're much stronger than us. Don't you think it's embarrassing to treat someone who's inferior to you like this?"

Yun Feng smiled. This Eldest Senior Brother was indeed a bit smarter. He knew how to use his brain. Even though this reason was good, it didn't work on her. "Even a powerhouse has a bottom line that can't be crossed."

Jian Ping's face turned pale and his body swayed a few times. "What do you want? It's absolutely true that you killed Huafeng's people! You can't deny that at all!"

"Humph! As I said, you only have yourselves to blame!"

"However, the other disciples of Huafeng all died in the Innocent Forest. You must be involved in that!" Lan Yan said hatefully on the ground. Yun Feng sneered and swung the mental strength whip again. Lan Yan immediately screamed again. Seeing that, Jian Ping immediately said, "You're insulting yourself by attacking the weak!"

"Everything is relative. You're not worth it." As soon as she said that, Yun Feng twisted her wrist and launched another mental strength whip. Jian Ping immediately wanted to block it with his fighting energy, but could he resist Yun Feng, who was at the God Level? What a joke!

"Pa!" The whip hit Jian Ping this time. Jian Ping, who was already seriously injured, was pulled off the ground by the whip. His body fell heavily from the sky and he directly spat out a mouthful of blood!

"Eldest Senior Brother..." Seeing Jian Ping, who was vomiting blood, Lan Yan couldn't help but shrink her voice and look at Yun Feng with a bit more fear in her eyes. Yun Feng sneered when she saw Jian Ping's body lying on the ground. She swung her whip and wrapped it around his body, jumping into the sky. The two of them were immediately picked up upside down in a sorry state.

"Where are you taking us?" Jian Ping, who was breathing weakly, couldn't help but tremble when he saw that the two of them had already been taken away from the Huafeng School. Lan Yan also shouted loudly on the side, "Yun Feng! What exactly are you doing? If you want to kill us, just kill us!"

Yun Feng didn't look back at all in front of her. She tightened her grip on the mental strength whip in her hand and turned her head slightly with a cruel smile. "To Hell."

The minds of the two people who were tied up immediately trembled violently. Jian Ping immediately stopped struggling and his body seemed to be paralyzed, with a pale face. Lan Yan, on the other hand, began to cry loudly and crazily. Yun Feng listened to her cry with coldness in her eyes. Her body turned into a gust of wind and rushed forward. Huafeng's three elders, if you dare to touch even one person from Juxing, I'll definitely let you never have peace again!

After the Wei family's sudden attack last time, the Juxing School had been peaceful for a while. The damaged parts were rebuilt. When everyone on Juxing thought that there wouldn't be any more trouble, the visit of the three elders of Huafeng made the five elders of Juxing puzzled.

After the three elders of Huafeng, especially Feng Lin, told them why they were here, the five elders of Juxing were all shocked. They didn't expect Yun Feng to appear in a place like the Innocent Forest, nor did they know why she took the initiative to kill some disciples of Huafeng! Juxing didn't admit it immediately, nor did they deny it, because the five elders of Juxing were all worried about Yun Feng. Did that girl encounter some trouble and need their help?

Ever since the championship of the three schools last time, the three elders of Huafeng had been hostile to Juxing, especially Feng Lin. Last time Yun Feng threatened him so directly, he felt humiliated. And now, he finally got such an opportunity. Whether Juxing admitted it or not, the anger in their minds would be vented here.

The three elders of Huafeng weren't here to negotiate this time. They were extremely angry and aggressive. The five elders of Juxing wanted to resolve this matter calmly, but they didn't expect that the three elders of Huafeng would attack Juxing without caring about anything!

The five elders of Juxing were certainly enraged. The situation immediately became tense. The five elders of Juxing understood that Huafeng was here to cause trouble on purpose this time. Feng Lin and Xing Yao were never on good terms, and the two elders started fighting in an instant. The scene immediately became more and more chaotic. The enthusiasm of the core disciples of Huafeng surged and they also rushed into Juxing. Many outer campus disciples of Juxing were sacrificed again. The people of Juxing thought they could resolve the current situation peacefully, but they didn't expect things to turn out like this. The fire of war quickly spread, and the anger in the hearts of the people of Juxing was completely aroused. They had their own bottom line. They couldn't let others come and be presumptuous again and again!
